

## Special Soldier 1451

Chapter 1451: You can't afford this woman

"Can I buy you a drink? There's something I want to talk to you about."

"roll!"

Qin Yuan wanted to get close to Zhao Min, so he shot him on the ground. The sound of the gun attracted the guards nearby, but the guards relaxed their vigilance when they saw Zhao Min.

It seems that there is nothing to say now, and we can only look for opportunities later, as long as we know that Zhao Min is here.

Qin Yuan quietly pointed to the pen on her chest as a signal, but Zhao Min didn't pay attention at all. Now Zhao Min is in a state of complete alert to him.

Seeing more and more people watching the excitement around him, he worried that Zhao Min might be exposed at that time, so he could only leave first.

As soon as he walked into the bar just now, the boss brought the wine over and looked at him with a smile.

"Brother, you dare to provoke this woman, it seems that you are really brave."

"What's the matter with the boss? I was so angry, I didn't say anything, and just shot at me."

"You have to remember that this woman in our district must never be provoked."

Qin Yuan only found out after inquiring with the boss that Zhao Min blocked the bullet for the boss of their district back then, when she was only a few millimeters away from the heart, and she almost died directly.

Later, she was brought back by the boss and became their boss's assistant. Basically, all businesses, large and small, were assigned by her.

But basically all of them are men in this place, it is too difficult for Zhao Min to live here, and he will inevitably be harassed by some people with malicious intentions.

Although they know that he was brought back by the boss, but their boss is also very mysterious, and basically seldom does activities in the district.

"The First Cause of the Worlds"

Besides, since the boss brought her back, she has never appeared again, and basically never came here to contact her.

Gradually, some people became more and more courageous and began to test her. The boss lowered his voice when he said this, worried that others would overhear.

"You don't know how fierce this woman is. With a small knife, she directly killed three men with guns."

Qin Yuan deliberately showed a surprised expression when he heard this, but he knew in his heart that this was Zhao Min's strength, and of course it was hard to imagine what she had gone through.

Looking at Zhao Min's back, he felt sorry for the boss. He was still chattering about Zhao Min's deeds, anyway, no one dared to approach her since then, and even if she killed him here. It's nothing if you lose someone, the boss doesn't have any opinions at all.

"Brother, I think you should go to the red zone to have fun, you can't afford to mess with this woman."

Qin Yuan smiled, didn't speak, and then asked the boss to help him carry the wine over there. Just as he was trying to figure out how to stay here, Brother Guan came over.

With a lewd smile on his face, he put his arms around Qin Yuan, "Brother, you've been here for so long, and I haven't taken you to have a good time. You should know how many beauties there are here in the district, that's amazing." Yes, the skill is very good."

The younger brothers who followed Brother Guan all laughed at the same time, and the expressions on their faces were extremely wretched.

The place Guan Ge said is similar to their internal massage shop, there will be some people doing skin business here, but the girls here are basically forced.

What they were doing was these transactions, Guan Ge meant to bring Qin Yuan to play here.

"Brother Guan, why don't we go back here for now?"

Chapter 1452: unique skills

"Don't worry when you go back, I've already calculated the time, I can go back before tonight, anyway, the boss is not here, just let the brothers relax."

Qin Yuan didn't want to go at first, he just wanted to find Zhao Min as soon as possible, but if he didn't go, there would definitely be doubts about his identity.

Just like that, he followed a few people to the massage shop, and just as he entered, a proprietress in a red miniskirt came out.

The proprietress twisted her waist and walked towards them, her hand rested on Brother Guan's shoulder very naturally.

"Hey, isn't this Brother Guan? I haven't been here for a long time."

"Hahaha, do you miss your brother?"

"Brother Guan, are you kidding me? I'm not worthy of you. Don't worry! I've already prepared them for you. A few new products have arrived during this time, and they're all reserved for you."

Brother Guan was very satisfied when he heard this, he pulled Qin Yuan over, "By the way, this is my brother, you have to find someone to take care of him, it's his first time here, if he has any dissatisfaction The place, you know."

"Hey, Brother Guan, don't you feel relieved when I do things?"

The proprietress came over as she spoke, she took Qin Yuan's hand and led him in, and several people followed. Just as she entered, several hot women came over.

Brother Guan led the two beauties first, and walked into the room directly, "Brothers, I will choose first, and you can play with the rest as you like."

Several people laughed loudly, and began to step forward to choose the beauties they liked. At this time, the proprietress mysteriously led Qin Yuan into another room.

"Brother, don't worry, since Brother Guan told you, I will never treat you badly. This girl is new here."

Qin Yuan knew that good relations must be established in this place, so he took out two pieces of money from his pocket and put them in the hands of the proprietress, saying that they were tips.

"Boss, I just like to be quiet, and I don't like to be disturbed by others."

Of course the proprietress knew what to do with the money in her hand, she immediately smiled and said that she would never let anyone bother her.

After a while, the door of the room opened, and a girl in a yellow dress was pushed in. The girl was terrified, with tears on her face, and the man behind her looked at her viciously.

"Stinky bitch, you \*\*\*\*\* hurry up, I will break your leg tonight if it will affect the guests."

The girl was trembling with fright, she didn't know what to say anymore, the man pushed the woman in, and then looked at Qin Yuan with a smile.

"Brother, I've already brought you the man. You can play slowly. Our sister told me that I will never disturb you. Don't worry."

After the man finished speaking, he didn't intend to leave. Of course, Qin Yuan knew it, and he took out some money and threw it to the man.

"Remember! I don't want to be disturbed."

"Okay, okay. Brother, have fun."

The man took the money and left with a smile. After closing the door, the whole room was very quiet. The girl didn't know what to do, but if she didn't take good care of the guests in front of her, she would definitely be beaten when she went back tonight.

Although the girl was very frightened, she knew the tricks of these people here, so she suppressed her fear and walked forward slowly.

His voice trembled a little, and he wanted to stretch out his hand to undress Qin Yuan,  
"Brother...I..."

Chapter 1453: seems to be arguing

Qin Yuan suddenly grabbed her hand and told her not to move. The girl was frightened. The main reason was that Da Biao's appearance was also that kind of thick and thick. With such a gentle pull, the girl was frightened and cried. Qin Yuan was very helpless.

"Brother, you, don't hit me, I will take good care of you, I..."

"What is this smell on you? Go to the bathroom and wash it off for me."

Qin Yuan deliberately showed a very fierce look, mainly to protect the girl, because he was not sure what the girl would say when he was frightened, so he didn't want to hurt her, so he could only use this method.

The girl nodded her head humbly, then walked into the bathroom slowly, just as she reached the door, Qin Yuan said loudly again:

"You'd better wash me up, if I find something dirty later, you know!"

After Qin Yuan finished speaking, he threw a knife directly on the table. The girl was obviously frightened, and hurriedly ran into the bathroom nodding her head.

Taking advantage of this opportunity, Qin Yuan walked to the window, opened it, and jumped down. The girl was so frightened by him, and it would take a long time for her to wash, so he wanted to take advantage of this gap to find Zhao Min quickly.

After jumping down here, there is a small alley. Qin Yuan followed the pipe to the street outside. He lowered his hat, trying not to let other people pay attention to him.

According to what the bar owner said just now, Zhao Min's residence is next to the warehouse, because she is responsible for the delivery and receipt of the entire area here.

Qin Yuan quietly came to a separate small building next to the warehouse, but there were guards underneath.

He planned to wait for a few minutes. If Zhao Min hadn't been seen yet, he would go up directly. It must be risky to go up. He looked at the outer wall, and he could go in from there.

Because the time is relatively tight now, he waited for five minutes, but there was no sign of anyone coming out of the door. He had no choice but to quietly go around behind the wall, jumped directly onto the 2-meter-high wall, and then climbed into the inside. Small yard, there are no guards in the yard.

Along the corridor, he stepped forward quietly. There are not many rooms on this side, and there are five rooms in a row.

There are three floors in total, so it would be easier to find. He searched along the first floor. The first few rooms were locked, but there was movement in the last room.

He took advantage of his perspective ability to find the lower two floors where Zhao Min did not live. When he came to the third floor, he heard some small voices, as if they were arguing.

He looked in the direction of the quarrel, and found that Zhao Min was indeed in the last room through his perspective ability, but besides Zhao Min, there was another woman.

It's just that this girl's dress is completely different from Zhao Min's. This girl is exactly the same as the one he saw in the massage shop before, with very revealing clothes and heavy makeup.

The girl crossed her legs, and with a cigarette in her hand, she took a slow puff, "It's really unlucky to live with you. It's useless like a man's wife. I really don't know what the boss thinks."

Zhao Min sat on the bed and wiped the knife in his hand silently, and ignored her. The woman spoke more and more vigorously, "It's because of you, a man, that I want to live with you, otherwise I would have been with Brother Pao a long time ago." Together."

Listen to this meaning, they are also a kind of mutual restraint here.

Chapter 1454: stop acting rashly

Even Zhao Min, although she saved the boss, the boss was still wary of her and sent other people to live with her, which was another kind of supervision.

In addition, the supervision here is very strict, Zhao Min has never had the opportunity to go out alone, so he has no opportunity to pass information to the outside.

Qin Yuan looked at the passing of time and was a little worried. Just when he was about to break into the door and deal with the woman first, the woman suddenly stood up.

There was a sound of high-heeled shoes, "I can't say anything to you, you stinky bastard. I'll be like a dead person after talking for a long time, and I won't reply!"

The woman stepped on her high-heeled shoes and came out. Qin Yuan quickly jumped into the pipe above and hid. After the woman walked away, Qin Yuan slowly approached the room.

After observing the surroundings, Qin Yuan directly opened the door of the room. He could say that it was easy for him to lock this kind of lock. Zhao Min thought it was a woman who had returned.

But from the corner of the eye, it turned out to be a man, and the dagger in her hand flew towards him, and Qin Yuan dodged easily.

"Zhao Min! Don't do anything, I'm on my own."

Hearing this familiar name, Zhao Min was stunned, because here she used a pseudonym, and it was absolutely impossible for anyone to know her name.

But for the sake of safety, Zhao Min remained vigilant. She looked at Qin Yuan in front of her, and asked coldly: "I don't know what you are talking about, get out of here, get out of here."

"Zhao Min, let me ask you, can you listen to me first? I'm running out of time. Do you know who I am?"

In order to make her believe in him, Qin Yuan had no choice but to take off his disguise first. Zhao Min looked at the person in front of him in surprise, and gradually turned into Qin Yuan.

She couldn't believe it, pinched herself to make sure she wasn't dreaming, tears welled up in her eyes, and ran up to hug Qin Yuan.

"Captain, why are you here?"

"Now time is tight, there is no time to say this, don't worry, since I am here, I will definitely take you out."

With tears in her eyes, Zhao Min nodded silently. She was a little excited, you must know that she has suffered a lot in this place, and now she finally sees her own person, and she is someone she can definitely trust.

Zhao Min also quickly exchanged the information she knew. This Blackwater organization has a total of four divisions, which are divided into four major districts.

It's all random. It is possible that they are in the district now, and they will be in the district tomorrow. Zhao Min has been here for more than four months. This is the clue she has, because the other party is too cunning. There was no way to transmit any information at all, and she couldn't get out.

In this case, she was really anxious, worried that she would be stuck here forever, and she would take newspapers and pens around every Wednesday as said on Zhizhi, although she knew that the hope is slim because there are so many areas.

But the moment she saw Qin Yuan, she instantly felt that everything was worth it, and she was no longer alone.

After a brief exchange, Zhao Min said that in two days he would go to the area where Qin Yuan and the others were located to deliver goods, and there was still a chance to meet again at that time.

Qin Yuan told him not to act rashly.

Chapter 1455: You should know it!

Once this place is exposed, it will be very troublesome. Qin Yuan said that he would find a way to find her.

After the information exchange was over and his identity was confirmed, Qin Yuan quickly resumed his previous identity as Da Biao. Zhao Min was still very surprised to see Qin Yuan gradually become another person.

"Sword Comes"

"Captain, how did you do it? Isn't this too similar? Even the voice has changed."

"This is my unique skill. Having this identity is also a great guarantee for us. Now you don't have to worry too much. I will handle the matter in the future."

Zhao Min nodded reassuringly, and Qin Yuan left just like that. He walked around the street and came to the alley where he jumped out of the window just now. Just as he was about to go in, he saw a few yellow hairs coming to the entrance of the alley to smoke.

These people blocked the only way out. He wanted to back away, but saw the proprietress walking out of the gate. If he retreated now, it would be a direct face-to-face meeting, and he couldn't explain clearly.

Fortunately, someone inside called the proprietress, and she retreated. Seeing that there was no way to go back into the alley, Qin Yuan could only venture in through the gate, and he walked sideways into the gate.

Several thugs were playing poker behind the counter, they didn't notice Qin Yuan at all, he sped up and jumped up the stairs directly.

One of the thugs felt a gust of wind and raised his head but found nothing. He shook his head, thinking that maybe he was thinking too much.

At this moment, Qin Yuan had already arrived at the door. He had already tipped him before, so there was no one at the door.

After he opened the door and went in, he heard the sound of rattling in the bathroom, and there was no sign of coming out of the bedroom. It seemed that the girl was really taking a bath seriously.

A few minutes later, the girl came out after taking a shower. Her body was only wrapped in a thin towel, and her bumpy figure made her blush and her heart beat faster.

Qin Yuan coughed slightly and adjusted his emotions. Now is not the time to think about these things.

"Come here and sit next to me."

The girl walked over tremblingly, Qin Yuan took out two bills from his arms, "Come here and give me a massage."

The girl was stunned, thinking that Qin Yuan was going to do something to her, but she didn't expect to let her massage. She walked over and slowly pressed Qin Yuan's shoulders.

After a while, Qin Yuan stood up and stretched. I have to say that this girl's handicraft is really good.

"What should be said? What should not be said? You should know!"

The girl nodded, she knew that maybe the person in front of her thought that her body was too dirty, so she didn't want to touch her at all, but it was good, and she escaped a catastrophe.

When Qin Yuan went downstairs, he saw Brother Guan was already sitting on the sofa below waiting for him, with a wretched smile on his face.

"Brother, your fighting power is really good, it's been so long."

"Hahaha, the main reason is that I haven't played for a long time, so I just came out to play."

Qin Yuan walked to the side and paid for the consumption of several people, which made Guan Ge very satisfied.

"Brother, next time I have a treat, the girls on this side are better than ours. Basically, all the new products are based on this side. It's really \*\*\*\* unfair to say it, but I don't care about it." , as long as you have fun, brothers."

The proprietress looked at Qin Yuan with a smile. This is really a God of Wealth. He gave money directly at every turn, which was too generous.

Chapter 1456: Qin Yuan's plan

After the delivery here was over, Qin Yuan followed them back. On the way, he looked at Brother Guan next to him and asked, "Brother Guan, since this side is worse than ours in every way, why don't you come here every day?" Play."

"This is not allowed. Although the aspects here are really good, the rules are the rules. We can't mess around between several districts, unless there is a delivery mission."

Unexpectedly, the management was so strict. Qin Yuan also noticed that when they went out, the guards at the door also conducted a detailed inspection.

The main thing is to register personnel, how many people come out, how many people go in, they all need to be checked.

In addition, Qin Yuan and the others have to sign in every night in the area where they are located. The sign-in method is fingerprint sign-in, so the chance of impersonation is too low. Sound the alarm.

These areas are relatively formally managed, but Qin Yuan always feels a little familiar with this management method, as if he has seen it somewhere, or known it.

After another two days like this, Qin Yuan was also sent out to perform a mission this time. Although he was not with Brother Guan, he was accompanied by others.

They need to go to another place for delivery, and the place they choose to deliver is also relatively remote, most of them are in the markets of some small villages.

The Blackwater organization is the largest trading center. They will process the collected raw materials, and then sell them to some small organizations below, and these organizations will sell them to other bottom-level personnel.

The bazaars in these small villages are well-developed in all directions, and there are small roads that can be interspersed everywhere. It is also very safe for them to choose to trade here.

Just as Qin Yuan got out of the car, he received a prompt from the system. He didn't expect that there was someone with a system on the opposite side. Fortunately, he is now Da Biao, so the other party probably didn't know him. Generally, people with a system are masked men. organization's personnel.

Seeing Qin Yuan in a daze, the people next to him twitched and told him to hurry to get off the goods.

It seems that this is not the first time they have cooperated. I didn't expect that the Blackwater organization and the masked man would be inseparable, and their cooperation did not involve any transactions.

What they transported this time was a batch of high-grade raw materials. These raw materials had not been processed. Qin Yuan thought they were sent to other factories, but he did not expect that they were given to these guys.

The masked man's influence outside is too wideBasically, they all have their income.

So this time, you can't act rashly. As long as the masked man is involved, basically nothing good will happen.

After going back, Qin Yuan tried to find a way to tell Zhao Min the news, and soon this opportunity came, they needed to deliver the goods to the district, but this time it was not Qin Yuan who sent someone else, he deliberately I found Brother Guan.

"Brother Guan is transporting this time, or let me go."

"Why are you going? You know that you have other transportation tasks. This is the rule. You can't change anyone temporarily."

"Of course I know this. It's not that my brother is quite interested in the chick there before. I haven't seen you for a few days, hehe."

.

"It seems that the chick is very attractive. I want to see what it is, and I can play with it when I go next time."

Coupled with this period of getting along with Qin Yuan

Chapter 1457: only two of us

He felt that there must be nothing wrong with this person. Sometimes the rules can indeed be changed a little bit, and they are all active in the area, basically there is no problem.

The main reason is that every time Qin Yuan spends money, he basically treats guests and gives them some benefits.

Brother Guan readily agreed, and Qin Yuan also successfully arrived in the area to deliver the goods. Since Zhao Min knew that Qin Yuan was also there, she basically came to the playground every day.

Anyway, everyone knew that she was not easy to mess with, and she was brought back by the boss, so basically no one dared to touch her, and the woman who lived with her basically went to find someone else.

As long as she doesn't go out, there is basically no problem if she doesn't leave this range. Zhao Min sat on the playground and saw no other abnormalities. Recently, someone delivered goods from them, but it was not Qin Yuan.

She looked at the time, and she couldn't stay here all the time to avoid arousing other suspicions. Just when she got up and was about to leave, she heard movement from behind, and someone came down from the conveyor belt.

The moment she saw Qin Yuan, she froze for a second, and then realized that Qin Yuan came in disguised as Da Biao.

She suppressed the excitement in her heart, and then walked into the nearby bar as if nothing had happened, Qin Yuan obviously saw it too.

Qin Yuan came here this time to discuss countermeasures. This time, the information exchanged by both of them is similar, and now the locations of these four areas can basically be determined.

And Zhao Min also got another important news here. The main person in charge of the Blackwater organization will come back to the district in three days to inspect and deliver goods.

Ever since he knew that members of the masked man's organization were involved, Qin Yuan wanted to resolve this matter as soon as possible to avoid getting out of the water.

After the two exchanged mutual information, Qin Yuan even made a decision. He planned to do it directly in three days. With the district as the center, first eliminate the people in the district, and then expand to several other districts. He can also use Close this.

At present, information between areas is blocked from each other, even if it needs to be transmitted, because there is no electronic equipment here, it is mainly transmitted by personnel. Originally, this is for safety reasons, and no one is allowed to transmit information. leak out.

But this can be regarded as convenient for him to do other things. These districts are completely closed. With Qin Yuan's style, it is impossible to let anyone go out to report the news, so this time period can definitely be satisfied of.

While observing the people outside, Zhao Min lowered his voice, "Okay, I will follow your command for all actions, then when will we get in touch with the people outside, and then we will attack together. Now we have determined the basic position gone."

"Just the two of us."

"what!"

Zhao Min yelled at once, Qin Yuan quickly covered her mouth and made a booing motion, because the two are hiding in the toilet now.

Fortunately, there was music outside the bar, so no one noticed the movement inside.

"What's the situation? It's just the two of us, so how can we fight! Let alone four districts, one district is very difficult. Look at the armed men outside, and if we fight, they will definitely tip off the news."

"It's impossible to put this matter on others, but it is absolutely not here with me. It is impossible to do what I said. I will inform you later."

Chapter 1458: No news at all!

Zhao Min was very conflicted. She had heard of Qin Yuan's ability before, but there are so many people in this area relying on just the two of them. This is simply a fantasy, an impossible task.

"Captain, I think otherwise we should contact people outside to see if we can seek support, otherwise we will rely on the two of us. If we really fail, then all our efforts during this period will be in vain."

"I also want to go out and report the news, but conditions do not allow it. I am cautious even when I come to this area. There is nothing I can do."

But it is too risky to do so, how could the power of two people beat so many people? The most important thing is to scare the snake away. She has been lurking here for such a long time, and everything will be in vain.

"Now I'm the captain, and I'll be responsible for everything that happens under my command. You just need to act according to my orders. That's it. I'll come to the district in three days."

Zhao Min was helpless, she knew she couldn't persuade Qin Yuan, so she could only nod her head, "Captain, what are you going to do these days?"

"Take care of some small things and settle the people in the district. I will come here in three days."

Zhao Min gasped when he heard this, saying that it is too easy to say that all the militants in an area should be eliminated. There are at least 300 militants in their area, and they are strictly guarded everywhere.

But looking at Qin Yuan didn't seem like a joke at all, and Zhao Min could only take one step at a time.

At the moment in an office in Yan Country, several palms are having a meeting, the atmosphere is very solemn, basically no one speaks, everyone is silently listening to the secretary next to him to report the situation.

After the briefing was over, there were all irrelevant news. The main content of this meeting was about the situation of the Blackwater organization.

The undercover personnel sent out before had completely lost contact after entering, and now the same situation has happened after Qin Yuan entered.

Qin Yuan has not contacted the headquarters since he set off, which made everyone very worried. Gao Shiwei felt that with Qin Yuan's ability, no accidents would happen.

"Has the intelligence personnel sent back any news now? Did it just disappear like this?"

"Whether it's our former intelligence personnel, or Captain Qin who came in later, there is no news at all."

"Old Gao, can you see if you want to send two more people in?"

"I believe that Qin Yuan will definitely send me a message. It may be inside now, but due to some special reasons, it cannot be delivered."

"But think about it, more than two weeks have passed since then, and there is no news at all!"

"Wait and see, you guys trust me."

Gao Shiwei withstood the pressure, he didn't take any more photos of people, because he was very worried that the people he sent would destroy their plan.

Maybe Qin Yuan has successfully sneaked in and is gathering information now. If they send other people at this time, it will only disrupt his plan. He is quite confident in Qin Yuan.

As soon as he came out of the conference room, the secretary who had previously reported chased him out.

"Captain Gao, how about our leader asking for your opinion? If possible, we will send our comrades immediately, after all, your side has already been dispatched."

Chapter 1459: Boss appears in person

"No need for this! You go back and tell your chief to give me another week."

After the secretary left, Xiao Liu next to him looked at Gao Shiwei's tight brows and felt the pressure on him. Now he can withstand everyone for a week, if there is no news yet.

Then he can only send other people, but it also delays time, so he has to bear this responsibility.

Now he trusts Qin Yuan 100% and can't ruin his plan. In addition, sending people out now will only increase the risk of exposure, because they don't even know where the headquarters of the regional base is.

Gao Shiwei hoped that Qin Yuan would not let him down, and if he successfully delivered the news, he immediately sent a team to cooperate with them.

What he didn't know was that Qin Yuan was already planning everything, and there was no need for their cooperation outside.

In this way, three days later, Qin Yuan deliberately got up early in the morning. Brother Guan and the others were still sleeping, so he saw someone get up and opened his eyes in a daze, and saw that it was Qin Yuan.

At this moment, Qin Yuan was fully armed with equipment, and even specially wore a black mask.

"Where are you going, boy? It's early in the morning."

"Go take care of something."

"Then why are you wearing a mask?"

As soon as Brother Guan's voice fell, a dagger directly slit his throat, his eyes widened, and he couldn't believe it. At this moment, everyone else was sleeping.

He didn't expect the person in front of him to be so skilled, because he tried it out before, Qin Yuan was playing Da Biao, so he showed his most decadent side. Da Biao is a big and three rough man, and his real ability is not good enough. How many.

But the man in front of him raised and lowered the knife very neatly, he didn't make a sound, just stared wide-eyed, and died on the bed.

Qin Yuan picked up the clothes next to him and wiped the blood on the knife, "Of course I wear a mask to block the smell of blood, and then it will be \*\*\*\*\* time."

Five minutes later, Qin Yuan came out of the dormitory, because this side is not too far from the other side of the area, and there is still not much movement. He mainly uses cold weapons so his throwing knife skill And poker skills are fully applied at this time.

He has been fully familiar with this area recently. There are three guards downstairs, but it is just past 6 o'clock, and this is also the time when people are most likely to relax their vigilance.

Because he was on night shift for one night, he was already very tired by this time, and he didn't notice the movement above. In addition, Qin Yuan's hand raised and lowered the knife, and soon the people here solved it. He slowly Walking downstairs, two guards were dozing off next to each other, and only one guard squatted beside him smoking a cigarette.

The smoking guard just turned his head when he heard the movement, when he saw a playing card flying towards him, and the playing card directly pierced his heart.

The other two guards were dealt with by Qin Yuan directly in his sleep, his speed and strength were higher than these ordinary people.

Zhao Min on the other side was very disturbed, because she knew that the boss of the Blackwater Organization would come to the district to inspect today, and only a few people knew this news, including her.

The boss of the Blackwater organization wants to bring a batch of goods here for trading in the southern country. The purity of this batch of goods must be very high, and the people he is doing the transaction are not small, so their boss needs to appear in person.

Chapter 1460: Explosion at the mouth of the tunnel

It was not easy for Zhao Min to successfully sneak into this place. The shot at that time was actually purely accidental. Originally, she came in together with other personnel.

The undercover comrade who had just started to work with her hadn't come in yet, but was discovered outside and was shot on the spot. At that time, the leaders above felt that it was too dangerous, because someone had already been exposed, so they hurriedly organized an evacuation.

Zhao Min watched her comrades die before her own eyes, and the personnel who sent them here hurriedly organized her to evacuate.

But she thought about the channel her comrades exchanged their lives for, and she managed to get in with great difficulty, although there was a risk of being discovered.

When she was notified to evacuate from above, she was hesitating. She originally wanted to take advantage of the chaos and sneak in. Unexpectedly, she ran into the boss of the Blackwater Organization during the retreat and escape. They were conducting a transaction at that time, and both sides happened. There was a shootout.

In that chaotic situation at that time, Zhao Min didn't have time to think about it, she just wanted to dodge the bullet quickly, but she didn't expect a bullet to hit her directly.

Just behind her was the boss of the leader of the organization, and the boss's subordinates also came in time to lift her into the car, so she got off the boss by accident.

Although she saved the boss' life, the boss still had some precautions against her, and it has been so long now.

The boss had half the trust in her, so he told her to prepare the goods, because she was in charge of the goods.

Now she is not worried about whether there is a risk of exposure. Anyway, it is now at this time. What she is most worried about is the failure of the operation. She has been lurking for such a long time. If Qin Yuan's plan is discovered, it will be over.

Zhao Min looked at the time, it was already past 9 o'clock, so the area was fully operational, everyone was making preparations, and the guards in area C were fully strengthened.

Seeing that there were twice as many people as usual, Zhao Min was even more anxious. She didn't want Qin Yuan to appear at this time, and she was very worried whether Qin Yuan had already started to act. She didn't know what to do.

Now even if she wanted to stop it, it was too late, and it was completely beyond their previous expectations. I didn't expect the boss to be so cautious and bring so many people this time.

As the person in charge of the goods, Zhao Min also stood by to greet the boss. The boss of the Blackwater organization is the fat man in front of him. This guy is wearing a suit of black that is the same color as the bodyguard next to him, to cover his escape. of.

This fat man's nickname is Dulong, but no one knows his real name. This guy started from nothing, and slowly grew from a street gangster to such a large organization.

From these details, it can be seen that this guy is very cautious, and he has many years of experience in dealing with those mercenaries before, so he came up with a complete set of militarized management, and everything is under his control.

Dulong walked into the office building in front and asked someone to bring some samples of the goods, he wanted to test it first.

Zhao Min opened the goods next to him, "Sir, check it out, this is the purest one, and it is also the latest one extracted from our factory."

Dulong wore gloves, and then dipped his finger slightly, put it under his nose and smelled it, this guy has been dealing with these things for a long time
