

Special Soldier 16

Chapter 16: ant!

"one two three four!"

"one two three four!"

.....

The soldiers are running exercises!

The loud slogan is endless!

Qin Yuan stood alone on the side of the road, carrying the package Fan Tianlei had prepared for him.

a moment.

A tall and thin captain, and a fat black man with a dark face, walked over quickly.

Captain is Gong Jian, the instructor of the Iron Fist!

Black fat man, naturally the squad leader is black!

Lao Hei was depressed, and he complained as he walked, "Gong Jian, what did you say is the head of the game? It is said that we are about to conduct a large-scale examination soon! But he has to place a recruit for us. Isn't this deliberately dragging us all four?"

Gong Jian frowned slightly, after half a year of running in!

The running-in of recruits and veterans has begun to bear fruit!

Soon, it's time to check!

I didn't expect this time...

Captain Kang Lei actually placed a recruit for them in the Fourth Company!

is also beautifully named, it was sent here by the superior!

The overall quality is excellent!

But as a veteran!

Gong Jian is very Qing Qin...

No matter how good a recruit is!

Where can be so strong?

A veteran who has been trained for a while, can easily give him a good service!

The so-called excellent, but only a little outstanding in individual aspects, nothing more!

"Old black, as for the superior's decision! Let's not guess!" Gong Jian thought for a moment and shook his head: "As soldiers, what we need is to obey orders!"

As the instructor of the finger company!

Gong Jian's ideological awareness is still very high!

"But Gong Jian...Even if he is a superior, he doesn't bring such a scam! A mouse **** will ruin a pot of porridge! At this time, a recruit is placed here, indeed... it is for the fourth company of us, especially our class. A very heavy blow!"

Old Hei was very heartbroken.

"A mouse shit, a pot of porridge?" Gong Jian raised his eyebrows and reprimanded, "Old Hei, if you say this, it is serious! As a soldier, once you put on this uniform, we are a family People! No matter what is good or bad!"

Old Hei was surprised when he heard the words, and instantly realized that he had said the wrong thing.

"The most powerful soldier came from a recruit!" Gong Jian continued to reprimand, mercilessly: "Old Hei, the superior sent us new recruits. That's because of our four companies! I think we can do it now. In this special period, take on the important task of teaching recruits!"

"A long way to go!"

"Old Hei, you can't say this again! I don't want to hear it again! You know?"

"What we need to do now is to check the various qualities of this recruit, and then teach him in accordance with his aptitude! Try to get him into the big family of Silian in the shortest time!"

"I know, I know, hey, I just complain, don't worry, don't worry." The old black smiled at the words, and quickly admitted his mistake!

Gong Jian smiled: "That's right! Actually...your starting point is right! If a recruit is interspersed so rashly, your class's performance will definitely be affected! But we can have other solutions. ! It's easy to not affect the assessment results!"

"Oh? Guidance Gong, it seems that you already have a countermeasure?" When Lao He heard it, his eyes lit up, and his frowning face suddenly disappeared!

Talking.

The two have come to Qin Yuan.

Gong Jian saw Qin Yuan, his eyes lit up!

The handsome face is slightly immature, with a very special temperament, and there is a noble atmosphere all over the body!

tall and tall!

Is this the recruit?

Just look at the appearance conditions!

can almost go to the guard of honor, okay?

no way!

Qin Yuan's temperament is really outstanding!

and the appearance conditions are also very good!

Seeing at a glance, he is not a common man!

so much so that Gong Jian wants to change his plan!

"Are you Qin Yuan?"

Gong Jian's eyes lit up.

See the essence through appearance!

He can feel it!

Qin Yuan has such a temperament!

I'm afraid it does have some advantages!

"Reporting chief! Recruit Qin Yuan, come and report!"

When Qin Yuan saw that the person was Gong Jian, his eyes brightened, and he saluted the two of them with a standard military salute, and said loudly!

He didn't expect it.

came to pick him up, it turned out to be Gong Jian and Lao Hei!

For these two!

Qin Yuan still has a good impression!

"Well, not bad, not bad!"

Gong Jian was very satisfied with Qin Yuan's performance. Then he looked at Lao Hei and introduced to Qin Yuan: "Hello recruit! I'll introduce you to the place where you came. It's the Fourth Company of Sharpshooter! This one, in the future. It's your squad leader, you can call him the old black squad leader! Why don't you say hello to the squad leader?"

"Hello squad leader!" Qin Yuan smiled lightly, nodded, and saluted Lao Hei.

Lao Hei has just been "ideological work" done by Gong Jian!

He didn't dare to slack off the only recruit on the bright side!

"Hello recruit! I will be your squad leader in the future! If you don't understand, you can ask me questions!" Old Hei smiled, and no longer worried about Qin Yuan's arrival!

"Come on, Qin Yuan, now I'll take you to our company!" Gong Jian smiled and led Qin Yuan forward, "Our sharpshooter has four companies, but the strongest company in the Iron Fist! This is the cradle of countless snipers! The whole thing! Almost all the strongest soldiers in the Iron Fist Group are here! Every soldier in the Fourth Company of the Sharpshooter is proud to be a soldier of the Fourth Company! It is a great honor to enter the Fourth Company alone..."

all the way.

Gong Jian is not ashamed of boasting.

Qin Yuan couldn't laugh or cry.

I didn't expect this Gong Jian...

is pretty stinky!

A group of three stopped at the training ground of Silian.

"Qin Yuan, Because you are a recruit, we are not familiar with all aspects of your physical fitness, so... you need to do a preliminary assessment of your physical fitness and skills!"

Gong Jian looked at Qin Yuan and spoke earnestly.

"According to Commander Kang, you are a very, very good recruit! And it was recommended by the head of the Wolffighter Brigade himself! So... we decided to do a bottoming operation against you, I hope you don't mind! "Gong Jian said, giving Lao Hei a wink.

Lao Hei immediately understood that Gong Jian was waiting for Qin Yuan here, and the two were also an old team!

Since we are going to get to the bottom!

Of course, you have to choose the best soldier from the fourth company to compete with Qin Yuan!

Otherwise...

In case you get beaten by a recruit!

Silian's face, isn't it all lost?

Lao Hei immediately stepped forward and went to the queue to find the two recruits, He Chenguang and Wang Yanbing, who were running exercises!

"I hope I don't mind?" Qin Yuan raised his eyebrows!

Gong Jian, this old boy is hiding a knife in his smile!

forced myself to refuse!

But...

Qin Yuan did not intend to refuse!

Because he has a hunch, perhaps this so-called bottoming is the 30-kilometer off-road mission released by the system!

He still wants to get rewards for completing tasks!

Just Qin Yuan was thinking, how can he quickly improve his physical fitness?

at this time--

In the green grass on the ground, a small group of ants are slowly crawling past!

Qin Yuan's eyes lit up when he saw this, "It is said that an ant can lift 400 times the weight of itself! If my grid accepts an ant, what will happen??"
