

Special Soldier 161

Chapter 161: World class wall climbing

At this time, among the dancing crowd, Lao Zhuo who had met Qin Yuan was also here, and beside him, there was a young man who looked a little like him.

"Son, you hurt my father and me miserably this time. You said that if something like this happened, we just abandon this place and we can't run away in the direction of the embassy. You have to try your own. It's amazing. As a result, even the other person didn't dare to kill, so they were all blocked here. Now that this situation has been set up, we are probably going to be over!"

At this time, Lao Zhuo said to his son with a complaining expression, but the young man was full of dissatisfaction:

"Isn't I concerned that once I start, there is no room for bargaining? No one in our factory is dead, isn't it because we didn't directly do it?"

"Okay, son! Don't brag, be afraid not to be ashamed, you are not a serious soldier, we'd better just stick to it and see if anyone comes to save us."

Hearing that his son was still bragging, Lao Zhuo sighed. He had known that he would let his son do the project honestly, so that he would not be allowed to mess with the mess.

Hearing what his father said, this young man looked desperate. It is now this time. Who can care about others, they must be dead!

"I knew I would have joined the nationality of the lighthouse country, damn! Can't their immigration bureau review it quickly? If I am the nationality of the lighthouse country now, maybe there will be special forces to rescue us now."

Zhuo Yifan yelled, and when he heard this, Lao Zhuo also sighed, this is fortune, and there is no way.

Lao He, the security officer who was next to them, shook his head when he heard the words of the two of them. In this situation, even if he really joined the lighthouse country, the

lighthouse country would not send people to rescue them, on the contrary. It is possible that the people of Yan Kingdom will not give up on them.

And seeing these two people talking all the time, a Red Scarf Army among the crowd just glared at them. Seeing this, the father and the son had to grumble and move the footsteps that had become sour. Keep running.

And the old man and Ichiro Sakata, who were hiding in a corner, were also talking in low voices at this time.

"Sakata, can these traps you set up really attract people? If they abandon these people, wouldn't we be in vain?"

At this time, Ichiro Sakata had no bottom in his heart, but he said to the old man:

"I would rather waste our efforts than let these guys come in assault. You have also seen how powerful the Yan Nation soldier is. If he comes, we will not be able to resist it without preparing."

After hearing that, the old man also nodded. They aimed all their weapons at the exits this time, and they could also turn around at any time. Even if the Yan Nation soldier was strong, he couldn't stop a few shots. Right!

Both of them were thinking about the subordinates and companions who were killed, and there was a trace of resentment in their eyes, and they were looking forward to it, come on, come on, come and die.

Outside at this time, Qin Yuan directly used the lurking technique to touch the exterior wall of this factory building.

Using thermal imaging capabilities, Qin Yuan certainly saw the arrangement of these people and found that they were well prepared for all entrances and exits. If it is a strong attack, let alone Qin Yuan 5 people, even if it is a strengthened company, it will definitely not attack. Go in.

So now Qin Yuan must set an opportunity!

He intends to leave the blasting wall directly and penetrate into the place where there are most people, and then use smoke bombs and other things to confuse the sight of these people.

As long as Qin Yuan is allowed to enter, the environment here is so complicated, they will be finished!

But at this moment, Qin Yuan's eyes moved and suddenly he saw a drone flying over!

Oops!

Qin Yuan knew that if he was discovered by this drone, his battle plan would have been leaked. Even if the safety of the five of them could be guaranteed, the hostages inside could not be rescued safely!

And at this moment, Qin Yuan grabbed a gap in the wall, and then, like a gecko, using his powerful strength, he crawled toward the top of the wall!

But what Qin Yuan didn't expect was that the drone stopped here!

This completely caused Qin Yuan to catch his blindness. Although his strength was great, the gap in this outer wall was small. He had to expend a lot of strength to keep himself from falling! And Qin Yuan couldn't make any sound yet, otherwise he would definitely be spotted by this drone!

And when Qin Yuan was sweating on his forehead, wondering if he was going to kill the drone directly, he suddenly saw a gecko running past his eyes!

At this moment, Qin Yuan was happy in his heart. He directly touched the gecko with a finger, and then received the gecko into the grid!

"Dingdong, please start choosing!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get world-class wall climbing get world-class severed limb rebirth!"

"3, get world-class warm skin!"

Seeing these three options at this time, Qin Yuan's heart was immediately happy. Without any hesitation, he chose the first item directly!

"The system I choose item 1!"

"Ding Dong, the host chooses to succeed and obtains world-class wall climbing ability!"

"World-class wall climbing: It can make part of the host's limbs get powerful suckers!"

With the sound of the system, Qin Yuan suddenly felt that some changes had taken place in his hands, just like the feet of a gecko, they were able to stick to the wall forcibly!

Qin Yuan breathed a sigh of relief. Although he still needed to consume a lot of strength, Qin Yuan didn't have to worry that he would fall directly because of insufficient finger endurance!

Sure enough, after a while, this drone continued to patrol elsewhere.

Looking at this drone, Qin Yuan sighed fiercely, and then continued to do fraudulent bombing!

After doing this, Qin Yuan sneered, and sent a signal to Long Xiaoyun and others in the distance, and then climbed to the position of the outer wall. The power of the ant in his hand burst out instantly, and he punched this. Outside wall!

The powerful force directly pierced the outer wall, and all kinds of bricks were like anti-aircraft guns, spraying directly toward the inside! !

Inside the wall, there happened to be a Red Scarf Army armed with several shots. He didn't even hum, and was instantly beaten into flesh by those bricks!

And Qin Yuan took advantage of the hesitation of these people at this moment, rushed directly into the crowd, and started the massacre!

Chapter 162: World class smoke resistance

"Damn, what's going on? Don't they have heavy weapons? Didn't the people of Yan country not interfere in the internal affairs of other countries? Why can they come in with heavy weapons? And how does he know the traps I set?"

At this time, Sakata Ichiro's eyes widened, his mouth was like a daddy, and he kept asking his father. Where would he know the answers to these questions, he rushed out with a gun!

At this time, the Red Turban army in various positions quickly turned the muzzle of the machine gun and shot at Qin Yuan, wanting to kill Qin Yuan!

But Qin Yuan's movements were so swift, they just couldn't see Qin Yuan's shadow!

Qin Yuan rushed directly into the crowd, and watched Qin Yuan and his teammates mix together with several shots. He didn't dare to shoot at will!

At this time, Leng Feng, Long Xiaoyun and others outside saw Qin Yuan's signal, but their eyes widened!

They never expected that the offense Qin Yuan said was so direct, but since Qin Yuan had already rushed in, they also shot quickly and began to cover Qin Yuan!

"Shoot directly!"

Seeing this situation at this time, Ichiro Sakata gave a direct order, but the members of the Red Scarf Army hesitated a little. That was their compatriots, but the people from Fuso Society did not have any doubts, and directly moved the trigger!

The bullet was like an invisible long knife, and instantly slashed towards the group of people. Some members of the Red Scarf Army were directly beaten into two pieces by the machine gun!

But Qin Yuan didn't expect these people to even care about their companions, they also rushed into a corner, yelled "Everyone get down" in Yan Guo dialect, and then threw the smoke bomb in his hand directly. !

The hostages in the field were already scared to death when Qin Yuan rushed in. Now that they heard this Yan Guohua, they quickly squatted on the ground!

At this time, the smoke was filled, and the entire plant was scattered in white smoke!

Although Qin Yuan is also invisible in the smoke bomb, he has the ability to perceive danger. If anyone attacks him, he will kill him wherever he goes, always better than their opponents!

And seeing the smoke in the field, Long Xiaoyun also gave an order directly and rushed over here!

Seeing the smoke from the smoke bomb, Ichiro Sakata was also extremely angry, but he still sank his heart and said directly to the headset:

"Everyone shoots with saturation, don't care about teammates, or all of us will die here!"

Hearing this order, everyone fought towards Qin Yuan's position just now, but what they didn't know was that Qin Yuan was no longer here!

"Grandma's, these people's firepower is quite fierce."

Qin Yuan hid aside, and saw those people firing all guns and bullets, and they almost interrupted the supporting pillar. He noted the position of the gunshot, and with the thermal imaging ability, the playing cards in his hand flew out continuously, killing these. People cry father and mother!

But Qin Yuan was afraid of accidentally hurting the hostages, so he didn't dare to be too arbitrary:

"Damn, if only I could see it!"

Qin Yuan threw a dozen smoke bombs directly this time, and he couldn't see his fingers in the field. At this moment, Qin Yuan thought in his heart:

I wonder if I can get the smoke into my grid?

Just do it, Qin Yuan directly put his hand into a cloud of smoke, thinking about recycling, and then Qin Yuan actually saw an extra cloud of smoke in his grid!

It really works!

Qin Yuan was immediately happy, thinking about it carefully, even the flames can be received in his grid, so the smoke is naturally not a problem!

"System recycling!"

"Ding Dong~ Please start to choose the host!"

Following Qin Yuan's command, the system prompt sounded directly!

"1, get world-class smoke manufacturing!"

"2. Get world-class smoke particle query!"

"3. Get world-class smoke resistance!"

Seeing these three options, Qin Yuan didn't have any doubts and chose the third option directly!

"Ding Dong, the host has chosen to succeed, and has gained world-class smoke resistance!"

"World-class smoke resistance: able to make the host resist the damage caused by primary smoke!"

With this beep of the system, Qin Yuan immediately felt that his breathing became much smoother and his eyes became clearly visible!

At this moment, everyone became a target in Qin Yuan's eyes!

A sneer appeared on Qin Yuan's face, and he rushed out!

The pokers and guns in their hands were all fired, and the people from the Red Turban Army and Fusang Club were suddenly cut down like the wheat in front of the harvester!

But after a while, Qin Yuan felt that he was too slow with his pistols and playing cards. He directly pressed a button. There was a loud noise from the top of the factory, and the glass above suddenly seemed to be down. It fell like rain!

Then Qin Yuan directly activated his high-frequency vibration ability, with an afterimage on his feet, and instantly kicked out the falling glass slag!

At this time, Qin Yuan's feet seemed to be loaded with several heavy guns, and countless glass frames were like bullets, constantly flying towards the people of the Red Scarf Army and Fusang Club!

And while Qin Yuan kicked the glass **** away, he also used the skills of playing cards. Some people hiding behind the pillars could hardly escape the attack of the glass slag!

In the white mist, countless blood spewed out, as if it had scattered this thick smoke with blood!

"what happened?"

Hearing the screams made by his subordinates, Dad and Ichiro Sakata looked at each other, and their eyes were full of endless surprise. Although the subordinates would scream just now, they were not so dense.

But now it has become like this. Could the other party be able to see them in the smoke?

"Run, this place can't be kept!"

The old man yelled to Ichiro Sakata and Ichiro Sakata nodded, and took a few of his men, rushing out in one direction!

But as soon as they rushed out of the room, a bullet flew over in an instant. Another subordinate beside Ichiro Sakata was shot directly in the head and fell directly to the ground!

"There are snipers outside!"

At this time, the people from Fuso Club screamed, but seeing this bullet mark, Dad and Ichiro Sakata were delighted!

"These are just ordinary Yan Nation soldiers. We rushed over. As long as we captured the hostages, we would be safe!"

The old man said to Ichiro Sakata, and Ichiro Ichiro Sakata kept nodding his heads. How do they say they are top masters. They can't deal with the abnormality inside. Couldn't they deal with some ordinary Yan Nation soldiers?

Chapter 163: Times have not changed

But before the two had time to go out, they saw a series of glass **** and playing cards and flew directly towards them!

The eyes of the two people were full of endless shock, and they directly used all the answers, trying to avoid, but the fragments, like tarsal maggots, followed closely!

"What is this!"

At this time, the old man yelled and pulled out the dagger in his hand and couldn't stop it. This was the only way to barely escape the attack of these fragments, and Ichiro Sakata was the same.

But other people were not so lucky, and the other guardian was lying on the ground convulsing all over!

Ichiro Sakata looked at that companion, but had to gritted his teeth and rushed out!

They must now take the hostages, or else they will not survive alone!

But at this time, they felt that something was wrong.

The gunshots stopped behind.

At this moment, both the old man and Ichiro Sakata understood what was going on, and they looked at each other, cold sweat ran down.

The smoke has not cleared, but the gunfire has disappeared. This naturally means that the person who can shoot is finished!

When the two looked back, they saw a figure looming in the smoke.

And a footstep is constantly approaching!

The footsteps are extremely crisp!

It felt like stepping on the hearts of the two of them!

The old man couldn't help it anymore, he just wanted to shoot, but unfortunately the person inside shot faster than him!

Boom!

The old man's body lay directly on the ground!

And seeing that the old man died like this, Ichiro Sakata was also extremely panicked, but he also understood that now that no one can be seen, even if he shoots, there will be no other party fast, and he will only follow in his father's footsteps!

Thinking of this, Ichiro Sakata threw away the gun in his hand, picked up the rib (short knife) stuck in his waist, and yelled at the figure:

"Aren't you Yan Country also known as the country of etiquette, come, and finally have a real samurai showdown with me!"

At this moment, Qin Yuan, who came out of the smoke, was slightly taken aback when he heard what this guy said, but with a sneer on his face, he agreed:

"it is good!"

Qin Yuan directly pulled out the dagger stuck in his waist and assumed an attacking posture.

Seeing that Qin Yuan was ready, Sakata Ichiro on the opposite side shouted and rushed towards Qin Yuan!

Qin Yuan originally wanted to give this guy a nicer way to die, but at this moment, Qin Yuan suddenly heard a muffled noise, and a bullet was shot out of Ichiro Sakata's knife!

"go to hell!"

Sakata Ichiro's eyes were full of enthusiasm. He knew that he would definitely not be able to leave, and if he could take away a master like Qin Yuan before he died, it would be worth it!

With a ding sound, the bullet clearly hit something, and Ichiro Sakata laughed and said:

"Who still believes in Bushido in this era? My lord! Times have changed!"

Ichiro Sakata's heart is extremely proud, but his bullets are specially made and powerful! As long as it hits someone, even wearing a body armor can't stop it.

In the distance, Long Xiaoyun and others saw that Qin Yuan was accidentally shot, and his eyes widened. Just about to kill Ichiro Sakata, he suddenly saw a flash of sword light

flashing on his body. With a sound, a blood stain appeared, and the short knife in his hand also broke!

Ichiro Sakata looked at the wound on his chest in disbelief, vomited a mouthful of blood:

"How can it be?"

"Brother, the times have not changed!"

Qin Yuan looked at the slightly deformed dagger in his hand, but shook his head. Should he get a better weapon?

Knife technique also needs to be learned. Although Qin Yuan is proficient in daggers, he always feels that he does not have matching weapon skills and is a little stretched.

Qin Yuan looked at Ichiro Sakata's body and snorted coldly. He wanted to give this guy a little decency, but unfortunately this guy didn't want to be decent at all!

Although it is the era of hot weapons, a firearm can be worth many years of hard training, but a master who has truly reached a certain level is still invincible in a short distance!

And as the body of Ichiro Sakata fell, Qin Yuan also heard a series of reminders in his mind!

"Ding Dong, kill 68 Red Turbans and mercenaries and get a grid!"

"Ding Dong, kill the old man and get a grid!"

"Ding Dong, kill the four guardians of Fusang Society and get two grids!"

"Ding Dong, rescue the diaspora mission, complete 95%"

Hearing these prompts at this time, Qin Yuan's heart was immediately filled with joy. This time Qin Yuan had 8 grids, which was unprecedented wealth!

At this time, Long Xiaoyun and others also rushed over, looking at the corpses on the ground, and at the tragic situation of the mercenaries and the Red Turban Army in the factory. The eyes of Qin Yuan looked like a monster. !

From Qin Yuan directly rushed in, and then after Qin Yuan killed Sakata Ichiro, how long had passed since they didn't shoot out a single clip of bullets, at most they helped Qin Yuan deal with a few that ran out. Little soldier!

All the people in these factories were killed by Qin Yuan alone!

"Is this guy still a person?"

"No, I haven't seen anyone can do this anyway!"

"Did you know that he is a pervert on the first day?"

Qin Yuan saw the whispers of these people, and looked back at them:

"Hey, what are you doing in a daze, see if there are any injured in it, organize and command rescue, we're finished!"

Hearing Qin Yuan's words, a smile flashed across the eyes of Long Xiaoyun and others, although this guy was already strong enough to pervert. But if he is his teammate, makes people feel an unprecedented sense of security in their hearts!

After that, Long Xiaoyun and others began to alert and observe whether the enemy had survivors, and Qin Yuan said to those hiding in the factory building:

"Where is your person in charge? Stand up quickly!"

"I'm coming!"

At this time, a young voice rang directly. At this time, Zhuo Yifan ran directly in front of Qin Yuan, looking at Qin Yuan's fully armed appearance, his eyes were glowing, and his face was smiling. Qin Yuan said:

"Are you the mercenaries sent by the Embassy of the Lighthouse Country to rescue us? They are so handsome, they were so awesome just now, and one person has put so many people on the ground. I really admire you! "

Chapter 164: Master

Hearing this, Qin Yuan's brows suddenly frowned, realizing that this was a bear kid, and said directly to him:

"You guessed it wrong, I'm just an ordinary Yan country businessman, not a mercenary, and we Yan country people rarely become mercenaries! What's more, in this situation, even if someone is willing to earn With this money, do you think they have the ability to break through the siege and rescue you?"

"Impossible, how could you be ordinary businessmen, even among the soldiers of Yan Country, none of them are as powerful as you!"

Zhuo Yifan said with a face full of disbelief, but at this time, a slap suddenly hit the back of Zhuo Yifan's head, and said with a hatred of iron and steel:

"You prodigal son, get out of me quickly!"

But Qin Yuan looked up, his eyes also brightened, and found that he was still an acquaintance:

"Old Zhuo?"

Seeing Qin Yuan at this time, Lao Zhuo had a wry smile. They knew that Qin Yuan and others were not ordinary people, but they did not expect to be so powerful, and they would single-handedly attack the Red Scarf Army. All the people from Fuso Club were killed.

Others don't know, but he knows that these mercenaries in front of him are well-trained and cruel. If they didn't want to keep them as bait, I'm afraid the people in this factory would have been killed. net!

Although Qin Yuan kept saying that they were businessmen, Lao Zhuo could tell at a glance that they were serious soldiers of the Yan Kingdom, and he also said to Qin Yuan:

"Brother, if you had said that you were in this status, I could still raise the price of your goods by one level."

Qin Yuan couldn't laugh or cry. He didn't expect that at this time, Lao Zhuo was still thinking about selling goods, and it turned out that people died for food.

"Okay, you clean up the wounded here and see if they are too serious. We have a doctor on the team who can treat you."

None of these hostages died, and not a few were injured. After all, Qin Yuan had cheated a lot of glass shards from the roof before, but some people suffered minor skin injuries.

"Okay, OK, then I will organize people to rescue!"

As soon as Old Zhuo finished speaking, Zhuo Yifan who was on the side suddenly yelled, and said with surprise on his face:

"It's saved, it's saved. Just now I contacted my classmate at the embassy. He said he could send a helicopter to call us out. We can just sit in the helicopter and leave!"

Hearing such words at this time, the people around became excited. After all, although they have been saved now, they are still on the enemy's territory, and they are always in danger at any time. If they can leave in a helicopter, it will be more natural. All right.

Zhuo Yifan also glanced at Qin Yuan with a smug look. Although he didn't speak directly to Qin Yuan, his eyes didn't mean this all the time:

Didn't you say that no one will come to rescue me? It's not here anymore!

Seeing that this kid was full of ass, Leng Feng frowned and said mockingly:

"Captain, it seems that we came here in vain this time, so someone came to rescue them."

And Long Xiaoyun glanced at each other:

"Helicopters can only take away a few people. There are so many people here. If they take everyone away, the helicopters simply can't do it."

Zhuo Yifan saw Long Xiaoyun's face, his eyes lit up, and he said quickly:

"What does it matter? The big deal is to let the helicopter come a few more times. I will definitely bring everyone back. This young lady, my name is Zhuo Yifan, come here, let's meet."

At this time, Long Xiaoyun glanced at Zhuo Yifan with a disgusted face, and without giving any face, he walked directly to the side, but Anfisa was interested in leaning forward and said to Zhuo Yifan:

"Oh, brother, I also want to take a helicopter ride. I wonder if you can arrange it for me?"

Zhuo Yifan saw that Anfisa looked good, and quickly nodded like a chicken pecking at rice.

Qin Yuan also shook his head and smiled when he saw Anfisa. Since Anfisa was willing to play, let's go play it. But when he turned around, he saw An Ran squatting in front of the corpse of Ichiro Sakata of the Fuso Association. His face was a bit ugly. .

Qin Yuan quickly asked An Ran:

"What's wrong? What's wrong?"

"I didn't pay much attention just now, but when I look closely now, I seem to have seen this guy!"

Hearing this, Qin Yuan was not surprised:

"This guy seems to be a protector of the Fusang Club. You were with Fatty Liu before. They cooperated. It is not surprising that you have seen it."

An Ran nodded, but said to Qin Yuan:

"Actually, I was quite impressed with this guy, because I remembered clearly at the time that this guy was with a guy named Ryugasaki Yuji, and that guy named Ryugasaki Yuji was a master!"

"Master? How high can it be?"

Qin Yuan smiled slightly, he now has a certain understanding of some so-called masters, and currently no one can threaten him.

"But this man named Ryugasaki Yuji is said to be Minden's cousin!"

"what?"

Qin Yuan couldn't stop screaming, a trace of evil spirit appeared in his eyes.

The people from the Thor team were planted in Minden's hands before, and if there was news of Minden now, Qin Yuan would naturally not let it go.

Seeing that Qin Yuan didn't seem to know this information, An Ran explained in detail:

"Although Minden is only an international broker, he has a huge network of contacts in all aspects. People from all countries can get involved. And this Ryugasaki Yuji is the one who has a better relationship with him, plus Uesakata Ichiro is here, and I doubt if Ryuji Yuji will be in the Philippines, and even Minden will be here!"

Qin Yuan just wanted to say something, but at this moment, there was a sound in his mind:

"Ding Dong, the system will issue a task, kill Ryuqi Yuji and get two grids!"

Hearing this voice, Qin Yuan's eyes suddenly widened. After killing this guy, he was able to obtain two grids, indicating that this person's strength is indeed not to be underestimated, and he has gained systematic recognition.

However, Qin Yuan didn't know exactly where this guy was, so he could only put it aside for the time being like the previous mission.

"Forget it, now the top priority is to arrange these diasporas first. Our task this time has not been completed yet."

Hearing Qin Yuan's words, An Ran also nodded.

At this time, Anfisa walked over from one side and said to Qin Yuan:

"I have already asked, there will be a helicopter coming tomorrow morning, we can rescue these people in advance, and then wait until tomorrow when the helicopter comes, just drive the helicopter away!"

Chapter 166: World-class makeup

Qin Yuan knew his abilities, and An Ran and the others were right. Although Qin Yuan was extremely powerful now, he was not invulnerable and would die if he was shot.

So we must think of some tricks.

Qin Yuan had already discovered that some of the factory's goods contained some wigs, cosmetics and other items, so Qin Yuan moved some thoughts to see if these cosmetics could be recycled, and to see if he could acquire some useful skills.

After all, Qin Yuan now has a full 8 grids. If he doesn't have to go out, Qin Yuan always feels itchy in his heart.

Qin Yuan found a lipstick and recovered it directly into the grid!

"Ding Dong~ Please start to choose the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get world-class lipstick appreciation technology!"

"2, get world-class makeup!"

"3, get world-class lipstick manufacturing technology!"

Seeing these three options at this time, Qin Yuan was also a little excited, as he thought, these cosmetics can provide a certain amount of makeup ability.

In fact, when cosmetics first appeared, they were not used by women, just like stockings and high heels, they were used by men.

The most basic cosmetic is that when hunting in ancient times, in order to conceal the color of one's body, the hunter will paint on his body and surrounding environment with paint.

It is the most basic disguise technique and the most basic makeup technique.

After looking at the first and third options, if Qin Yuan is not a soldier, perhaps these two skills are more useful. After all, if you understand this knowledge, then you will have a very important bonus in a woman's heart. But now Qin Yuan doesn't need it anymore.

"System, I choose item 2!"

"Ding dong, the host chooses successfully and gets a world-class makeup technique!"

At this time, with the sound of the system, Qin Yuan suddenly had a lot of makeup skills in his mind.

Seeing the effect in his mind, Qin Yuan couldn't stop marveling. Sure enough, the online saying that make-up is equivalent to head-changing, this make-up technique has reached a certain level, it is indeed not to be underestimated.

However, this world-class makeup technique still has certain flaws. It did not reach the realm that Qin Yuan wanted, so Qin Yuan'er kept putting several lipsticks in the grid, directly upgrading this world-class makeup technique to the universe. level!

"Ding Dong, congratulations to the host for obtaining the cosmic makeup technique!"

At this time, Qin Yuan had a lot of knowledge in his mind, and finally he showed a satisfied smile.

Universe makeup is not only able to change one's appearance, but even one's height and bone posture can be changed in a short time!

"Hey, this is nb!"

There was light in Qin Yuan's eyes. He didn't expect that this cosmic makeup technique could give him such a surprise, and Qin Yuan became even more excited this time.

Then Qin Yuan calmed down, and his mind became clear for a while, carefully recalling the appearance of the mercenary father, and began to vacate himself.

But at this moment, Qin Yuan heard a weird sound, a buzzing in his head, his eyes rolled. I found a bat flying over.

"This is ultrasound?"

Qin Yuan frowned slightly. Now his body has been transformed, and his five senses have been strengthened, which is slightly stronger than ordinary people.

But compared with some truly gifted animals, it is naturally incomparable, such as the bat in front of me.

Recalling the bat's echolocation ability, Qin Yuan's eyes suddenly lit up, he jumped up, and he caught the bat in his hand.

"System, recycling!"

The squeaking bat in front of him disappeared directly into Qin Yuan's hands.

And the system also sounded for a while:

"Ding Dong~ Please start to choose the host!"

"1. Get the world-class echolocation function!"

"2, get world-class listening!"

"3, get world-class blood-sucking ability!"

Seeing these three options, Qin Yuan's heart was filled with excitement. Sure enough, this bat gave him a lot of abilities, especially when he saw the third option, Qin Yuan was really dumbfounded. If he chose the third option This option, will it really become a vampire?

Qin Yuan shuddered at the thought of becoming a vampire with blue faces and fangs. Although he could probably guess that if he chooses this option, he should be able to get a certain amount of energy from his blood, but this is also true for Qin Yuan. Indifferent ability.

What makes Qin Yuan a pity is that he only has one bat, and he wants both echolocation and hearing functions.

After thinking about it, Qin Yuan still chose the hearing function. Although it is the echolocation radar system, Qin Yuan is very greedy, but after all, he still has night vision or thermal imaging capabilities, so I can add this regret.

It seems that you can only choose this option when you encounter other bats later.

"System, I choose item 2!"

"Ding Dong~ The host is selected successfully and has world-class listening!"

"World-class hearing allows the host to gain super powers, hear high-frequency or low-frequency sounds, and eavesdrop at a long distance.

At this time, following the prompt of the system, Qin Yuan suddenly felt that countless voices around him were rushing towards Qin Yuan. These voices were male, female, animals and plants, and he could even hear the sound of small insects burrowing outside!

Especially when he heard that outside, An Ran and others were discussing:

"What do you think this guy wants to do?"

"How do we know? But I was looking forward to it. This person will definitely give us a lot of surprises."

"Hey, my master is very powerful. Anyway, I have confidence in my master."

Hearing such words Qin Yuan also shook his head and smiled, and then started his own makeup.

After a while, the door of the small room suddenly opened, and Long Xiaoyun and others walked out with a hint of expectation Qin Yuan.

But at this time, they discovered that what came out of it was an unfamiliar face. Upon closer inspection, wasn't it the old man who had been killed?

Long Xiaoyun's heart was shocked, and he lifted the gun instantly. When he was about to shoot, he heard a sentence from the old man in front of him:

"Hey, what are you doing? Don't you recognize me?"

At this time, Leng Feng and Long Xiaoyun were surprised to find that the crooked nut with high nose and blue eyes was wearing Qin Yuan's clothes!

Chapter 167: Identify card

"Are you... the master?"

Leng Feng asked suspiciously, but Qin Yuan cursed in an angry voice after hearing this:

"Why don't you even recognize your master?"

At this time, everyone was extremely surprised to find that the voice of the person in front of them was exactly the same as Qin Yuan!

All the talents were relieved and put the gun away.

At this time, everyone looked at Qin Yuan'er in amazement. They really didn't think that there was such a technique. It looked like the old man was resurrected directly!

"My god, if it wasn't for the old man's body that was still lying there, I really thought this old man would come alive."

At this time, An Ran was already full of exclamation and said, but Qin Yuan had forgotten his shoulders, and said to An Ran:

"If you want to try, I can also put on your makeup."

But after hearing Qin Yuan's words, Long Xiaoyun and the other three women froze directly, and said to Qin Yuan with widened eyes:

"What did you say? Is this makeup?"

They looked at Qin Yuan's face carefully just now, and even rubbed their hands, and found that Qin Yuan's face was really incomparably real, even the stubble on it was clearly visible, and there was no trace of makeup. I didn't see that this was a trace of makeup!

What's more frightening is that this time Qin Yuan not only changed his appearance, but even his posture and footsteps became more like that old man, and even his height changed a bit. He said it was just a simple makeup. Did it?

Even if the three of Long Xiaoyun are soldiers, they don't usually make up much, and they can't be fooled by such words?

"This is makeup, what did I lie to you for?"

Qin Yuan saw the shocked faces of the three women of Long Xiaoyun, but they smiled, and then, in front of all of them, began to remove his makeup!

Looking at Qin Yuan's operation, Long Xiaoyun and others' jaws were about to fall to the ground. Is this guy really a human? It was really made of makeup!

Looking at Qin Yuan as a man, his makeup skills are even stronger than the three of them combined, which makes the hearts of the three of them a little strange.

At this time, Leng Feng, who was standing on the side, looked at Qin Yuan with bright eyes, because he felt that Qin Yuan's other abilities were already powerful enough, and he did not expect to have such a powerful makeup technique.

With this powerful makeup ability, even if Qin Yuan pretends to be any of them, they will not find out, and if Qin Yuan is in trouble instantly, with Qin Yuan's shooting ability, there will probably not be anyone present. The ability to resist will be killed directly.

Thinking of this extremely terrifying fact, Leng Feng couldn't help but shiver. He felt that he had to be vigilant in the future, but he could not be caught by such means.

After Qin Yuan showed them his abilities, he said to Long Xiaoyun with a smile on his face:

"Okay, sir Captain, now that I see that I have this ability, is it a lot of peace of mind, let me go?"

When he said this, Qin Yuan suddenly seemed to have changed a person, and said to Long Xiaoyun in English very frivolously:

"Hey! Pretty girl, I don't know if I have the honor to invite you to dinner with me?"

Long Xiaoyun was taken aback for a moment, but it was only later that Qin Yuan was imitating that mercenary frivolous temperament.

Hearing Qin Yuan's words, a strange thought emerged in Long Xiaoyun's heart. If this was really inviting her to dinner, it would be great.

However, Long Xiaoyun is a calm warrior after all. He quickly put this idea aside and looked at Qin Yuan carefully. There is really no way to see any flaws in Qin Yuan's face, and then glanced at the wounds. The person gritted his teeth and said to Qin Yuan:

"Well, this time I approve your action. All of us will follow you. If there is any accident, I will send a signal directly, and we will rescue you even if we fight people out."

Hearing this, Qin Yuan shook his head and smiled, and said to Long Xiaoyun:

"Captain, you are a little bit arrogant. Although this place was captured by us, it is not safe. So it must be defended. And this kind of task is not to take as many people as possible. I only plan to take a cold front. , It just so happens that he is also a sniper, can cooperate effectively with me, it is enough for him to inform me."

Hearing this, Long Xiaoyun also had to admit that what Qin Yuan said was true, so he had to agree to Qin Yuan's suggestion.

Seeing that Long Xiaoyun had agreed, Qin Yuan also showed a smile on his face, and then took off a set of clothes from the corpse of the old man. After putting it on, everyone was surprised to find that this person was really like He is a dead father, no matter his mentality, his temperament is very similar!

This is the advanced effect brought by the cosmic makeup technique. If Qin Yuan imitates others, he can directly obtain the morphological characteristics of this person. If he is not particularly familiar with it, he will basically not notice it.

After everything was ready, Qin Yuan waved his hand at Long Xiaoyun, and then got into the car with Leng Feng and started to move towards the research institute.

At this time, Leng Feng was driving ahead, and Qin Yuan habitually put his hands in his pockets, but was surprised to find that there was a small notebook in the clothes.

Qin Yuan opened the notebook and found that there were a lot of things written on it, which was exactly the old diary.

Qin Yuan carefully checked but found that there is a lot of information!

For example, the father's name is Frank, and there is a rival, Jameson, codenamed eagle mouth.

What makes Qin Yuan even more interesting is that the two of them belong to the same company and are under the same boss.

"Dane Military Resources Co., Ltd..."

Seeing the name at this time, Qin Yuan's eyes narrowed. He remembered that Dad was just a commander of this company, and there must be a bigger boss behind him.

Moreover, the boss's ability is not small. The failure of Long Xiaoyun in the original book and the war in the entire Philippines may have something to do with this guy.

Qin Yuan thought for a moment. It is not about understanding these things now, so Qin Yuan directly received this notebook into the grid.

After going back, study it carefully, maybe this thing will provide Qin Yuan with more hidden clues.

"Ding Dong, found recyclable items."

Qin Yuan was stunned when he heard this voice. Is this diary really weird?

However, since the system has prompted, then Qin Yuan will not be stingy with a grid, directly recycling this notebook.

"Ding Dong, get the father's identity card."

Chapter 168: World Class English

Qin Yuan was a little surprised at this moment. He originally thought that there was some secret hidden in the diary, so he wanted to retrieve it and see if the system could be directly cracked, but he did not expect to obtain an identity card.

"System, what's the use of this ID card?"

"Ding Dong, you can get the skills from the ID card, and the host can choose directly!"

Hearing this, Qin Yuan's eyes suddenly brightened. Doesn't this mean that skills can be obtained from others?

"System extraction skills."

"Ding Dong, please start choosing the host!"

"1, get world-class English!"

"2, get world-class gun skills!"

"3, get world-class fighting!"

"4, get skilled tank driving!"

Seeing these four options at this time, Qin Yuan was speechless for a while, there was even a skilled tank driving, and the guns and fighting were only world-class.

Qin Yuan thought for a while, and chose the first item. He already has all these abilities. As for that tank driving is only proficient, not even world-class, Qin Yuan really doesn't want it, or he will find a way later. Go get the tank driving ability again.

As for this first option, Qin Yuan still needs it.

Although Qin Yuan's English in university is not bad, he hasn't used it for such a long time. At most, he can barely communicate with others. Compared with real crooked nuts, there will naturally be a certain gap.

Qin Yuan was still worried about his accent and whether it would affect the latency. He planned to speak less this time, but he didn't expect that at this time, he directly learned his English ability.

"Ding Dong, congratulations to the host for gaining world-class English."

With a burst of prompts from the system, Qin Yuan's mind suddenly gained some knowledge about English.

Then Qin Yuan opened his mouth and said that an extremely fluent and authentic English came out of Qin Yuan's mouth, and Qin Yuan was also surprised to find that his accent was exactly the same as the old man in his impression, even the tone of his voice. They are all very similar!

This time Qin Yuan's eyes lit up. Sure enough, the system product must be exquisite. This time he got his English ability from the old man. Obviously, he copied it directly from the old man. This time his lurking will finally not There is a flaw!

At this time, Leng Feng said to Qin Yuan:

"Master, there is a bright light in front, it seems that the research institute has arrived."

Qin Yuan heard this, his eyes narrowed slightly, and said to Leng Feng:

"You go down first, find a place to hide, if I don't send a signal, don't act rashly."

Hearing Qin Yuan's words, Leng Feng also directly picked up his own equipment, got out of the car, then looked at Qin Yuan with a trace of worry, patted Qin Yuan's car cover and left directly.

Qin Yuan turned on his night vision ability, watched Leng Feng hide on a high point, nodded, and then drove the car towards the institute.

This research institute is a health care center in name, but secretly, it does not know what it does.

For these people in the Philippines, what kind of health care center sounds very tall, but in their minds they think it is an ordinary hospital, and naturally they will not have any precautions against this place.

The settings here are all top-notch, and some people with brains often wonder why such a high-end healthcare center is opened in places like the Philippines, but now someone finally wants to understand.

This is a fierce beast. When others are not paying attention, it will open its fangs and swallow it in one bite.

Looking at the gate of the institute, Qin Yuan also showed a sneer, and drove directly towards the institute.

At this moment, Qin Yuan heard it, and there was a sound in his mind:

"Ding Dong, the system will release the task to save all the hostages and get two grids."

"The Dingdong system releases a mission to wipe out all enemies and get three grids!"

I am **** the system, are you too perverted?

At this time, seeing this mission, Qin Yuan's head was bigger. He just took a look. There are one hundred and forty or fifty Red Turbans and mercenaries in this research institute, and the space here is very large. Big, different from the factory just now, the same method in the factory can no longer be used.

Even if Qin Yuan's abilities are strong, he wants Qin Yuan to kill all these more than 100 people without being discovered by the other party and rescue all the hostages. This is simply an impossible task.

Otherwise, once these mercenaries discovered Qin Yuan's purpose and they killed and wounded two hostages, Qin Yuan's mission to rescue the hostages would have failed.

But now is not the time to worry, there must be a way to the front of the mountain, and you can only take one step to see.

What's more, this time the task is difficult, but the rewards are also a lot. If you can complete these two tasks, you will be given 5 squares. This makes Qin Yuan's eyes a trace of excitement. He wants to see if you can complete this task.

At this time, Qin Yuan discovered that although most of the people here were the Red Turban Army, there were a lot of mercenaries standing in some dangerous positions.

Obviously, these mercenaries did not trust the Red Scarf Army, thinking that these people were nothing more than cannon fodder.

However, this facilitated Qin Yuan's infiltration. If there were only the Red Turban Army here, then Qin Yuan might have to change his identity.

Qin Yuan swaggered forward directly toward the other's gate. and the two mercenaries standing guard at the gate saw the old man coming and said directly to him:

"Hey, Captain Frank, why are you back alone, where are those black monkeys?"

Hearing this, Qin Yuan's eyes narrowed slightly. Obviously, these mercenaries did not regard the members of the Red Turban Army as human beings. It is estimated that in the eyes of these people, the members of the Red Turban Army can also do it. Materials for the experiment.

These people are extremely arrogant, not only look down on the nationals of various countries, but also look down on the Jacobite rebels.

However, Qin Yuan showed a slight smile and said to these two people:

"Fortunately, I placed them in a factory. I want to get something when I come back. By the way, how many people have been caught, and have they met the above requirements?"

"I don't know about this. You should ask yourself, but Captain Jameson was very angry with your failure before. You should be careful."

Qin Yuan nodded when he heard this, and said to the two mercenaries:

"I see, thank you, you guys continue to stand guard here, remember not to let those black-skinned monkeys come in easily."

The two mercenaries also smiled slightly, and guarded them more seriously, but like they drove directly into this place.

Chapter 169: Smiling face

At this time, Qin Yuan walked directly into the camp, and then instantly turned on the thermal imaging and night vision capabilities.

glanced around, and now I found that many people gathered in a small house and walked directly towards that place.

Taking a closer look, Qin Yuan saw a lot of people in it, including men and women, and even people of all skin colors, but most of them were black-skinned Filipinos, and only a dozen were yellow-skinned. Yan country people.

Since I plan to use these people for experiments, I will definitely not give them any preferential treatment. These dozens of people live in a small room, where they eat and drink, and they can smell it from a distance. A stinking odor!

Qin Yuan frowned slightly when he smelled this smell, but at this moment, he suddenly heard a voice:

"We must hold on to it, and we must not give up. The country will definitely not leave us behind, and will definitely send someone to save us!"

Hearing this, Qin Yuan looked directly inward and found that a woman was comforting those around him, and this person's words were in Yan Guo dialect, and it was obvious that this woman was a Yan Guo native!

Only after hearing the woman's voice, a middle-aged man cursed fiercely:

"We are dead, how long it has been. Even if the embassy people will arrange to evacuate, they must have been evacuated during this time period. We are probably already on the list of missing persons. Abandoned, besides, this is the center of the war, who can come to save us, wait for death!"

Hearing this person's words at this time, the people around him also fell into desperation. The situation is indeed very serious now, I am afraid that no one will come to rescue them.

But this woman has a face of determination and said to these people:

"I know what you are thinking, but we have to persevere now, and we must firmly believe that the country will come to save us. If we really give up hope, in such an environment, we will not live for a few days at all, even if we come. If people save us, they can only save our bodies!"

Qin Yuan heard this, but looked at the woman in a little surprise, with a hint of appreciation in his eyes.

This woman is right, no matter how desperate the situation, self-defeating, and full of hope are two kinds of psychology.

People who are full of hope, no matter whether this hope can be realized or not, will always live longer than those who renounce themselves.

Qin Yuan also had a trace of happiness in his heart. Without this woman, it is estimated that someone would have already committed suicide. At that time, no matter how good Qin Yuan was, it would be impossible to save the dead.

In this way, they lost their lives, and Qin Yuan's mission was completely unfinished.

And Qin Yuan's current priority is to bring these dozen people back to the embassy safely!

What makes Qin Yuan more entangled is that he still wants to wipe out all the enemies in the entire base.

Although these two tasks are not in conflict, it is not easy to do so while destroying these enemies while also protecting the safety of the hostages.

However, Qin Yuan quickly gave up the entanglement. In the big deal, he directly signaled Leng Feng and asked Leng Feng to bring Long Xiaoyun and the others over. Then 10 of them attacked together. Anyway, Qin Yuan has already mixed in here and blooms directly from the inside. , Should also be able to defeat these people.

So what Qin Yuan has to do now is to let these people strengthen their confidence, at least until the support of Long Xiaoyun and others arrive.

Thinking of this, Qin Yuan directly said to the guard on one side:

"Open the door, let me see if there is a beautiful female monkey inside, and take it back to play."

But after hearing what Qin Yuan said, the guard said to Qin Yuan with a look of embarrassment:

"Sir, it's been instructed by the above that people here can't move around, if you really have physical needs, you can go to those outside..."

But before this person's words were finished, Qin Yuan slapped the person's face directly, and said to him:

"I gave you a face, didn't you? Do you think I'm discussing it for you? The black women outside look disgusting, that is, these yellow-skinned people are barely able to see. If I can move around, I will If you want to talk to you like this, hurry up and drag me out of the woman inside. I'm just playing, and I'll send it back to you when I'm done!"

Hearing such words, a trace of fear and humiliation flashed across the guard's face.

But he is just a small soldier after all, he cannot offend such a white man.

can only sigh, comforting herself in her heart, if she just takes this woman out to play, there should be no problem.

At this time, the guard did not want to fall out with Qin Yuan directly, so he sighed and said to Qin Yuan:

"Then you have to remember to return it, the number is not right, I can't explain to the above."

Having said this, the man opened the door directly, and then dragged the woman out just now and the woman saw this situation, but there was endless panic in her eyes, no Struggling to live, but how can she as a woman break free from the hands of a man?

And Qin Yuan also grabbed the woman, looked at the guard with a trace of approval, and said to the guard:

"Okay, you give me face, I will naturally give you face, I will definitely pay back, work hard, maybe I can let you join my team in the future, rest assured, I will not let others know about these things."

After saying this, Qin Yuan directly carried the woman on his shoulders and left the small room.

But this woman was struggling **** Qin Yuan's back, swearing at Qin Yuan in an imageless manner, biting and tearing, and even spitting on Qin Yuan's body.

Seeing this situation, Qin Yuan was a little speechless. He quickly found a place where there was no one, threw the woman on the ground, and said to the woman:

"Can you be honest? I'm saving you!"

Suddenly Liu Mei heard a fluent Yan Guo dialect from the mouth of the white mercenary in front of her, and she was stunned, but she took a closer look at the skin and hair on Qin Yuan's face, and she suddenly cursed. stand up:

"Are you fooling a ghost, think you can lie to me if you learn Yan Guohua?"

Hearing this, Qin Yuan was also a little entangled. He couldn't take off the makeup in front of this woman. After thinking about it, Qin Yuan suddenly said to this woman:

"No matter what difficulties you encounter, face him with a smile, persistence, is victory!"

Chapter 170: I am optimistic about you

Hearing Qin Yuan's words, this woman was blank. She obviously didn't know what Qin Yuan was talking about. Qin Yuan thought about it carefully and felt that this kind of woman would obviously not listen to such popular phrases, so she slightly Thinking, he said to this woman again:

"Chicken, you are too beautiful?"

At this moment, Liu Mei immediately reacted, staring at Qin Yuan with wide eyes.

If Qin Yuan was really a crooked nut, he wouldn't even know this sentence.

"Oli give it?"

This woman said to Qin Yuan with a little doubt, and Qin Yuan couldn't laugh or cry when she heard this:

"Don't you know this line? Why didn't you answer me just now? I thought you had never heard of this line."

Liu Mei looked at Qin Yuan with a strange expression, and said to Qin Yuan:

"I have a cousin who loves to use this kind of internet words very much, so she will mention two sentences from time to time when she chats with me, so I will know that just now, it was just a momentary thought!"

At this moment, Liu Mei finally decided that Qin Yuan was a native of Yan Country, so he let go of her heart and asked Qin Yuan in surprise:

"How did you become like this? And, are you someone from the embassy? Are you here to save us?"

Qin Yuan also smiled slightly and explained to the woman:

"You also understand what the form of our Yan Nation is in the international arena. For this kind of thing, we cannot send a large-scale army. So they sent us to rescue you this time, but they are now in the enemy's circle. There is no way I can save you out.

So this time I just want to remind you that you must live well, don't think about it, if you hear gunshots outside, never take the opportunity to run around, stay honestly, wait for me to save you! "

When Qin Yuan said this, a thought suddenly popped up in his mind, and he suddenly asked the woman:

"By the way, let me ask you, you have been here for a long time. What do you think of the relationship between these mercenaries and these rebels?"

Hearing this, Liu Mei's eyes also contained a little strangeness, but she answered Qin Yuan's question honestly:

"I have been arrested for three or four days, and found that most of these mercenaries are white people. They are born to look down on these Filipino people, and these rebels are not fools. Of course they can feel that these mercenaries are there. If there is no ridicule, so they are also a bit annoying to these mercenaries."

Hearing this, Qin Yuan's eyes suddenly flashed a bright light. Since the two parties have this kind of contradiction, then the idea in his mind may be realized!

It is now at war, but these mercenaries did not regard these rebels as human beings. It is estimated that these rebels are also braving a fire in their hearts, and the anger in their hearts is probably like an explosive barrel filled with explosives. Now as long as the fuze that suppresses the explosive barrel is dismantled, I am afraid it will be able to completely detonate their hearts!

What Qin Yuan has to do now is to act as the fan of the flames and let the fire burn even more!

"Okay, I see, I will send you back, after you go back, you must guide those people well!"

Qin Yuan said to Liu Mei, and Liu Mei looked at Qin Yuan, and found that the other party seemed to be a little excited and puzzled, but he still said to Qin Yuan:

"I'm just a woman, what if those people don't listen to me?"

"Easy to handle, I will give you a pistol. As long as the person is disobedient, you can shoot him directly. As long as it is not killed by a single shot, I think you will not lack the courage to shoot."

Qin Yuan directly took out a pistol and handed it to Liu Mei. Liu Mei's eyes also lit up, and he took the gun directly, opened the insurance, reinstalled it, and then took a look at how many of the guns were inside. Fired a bullet, smiled satisfied, this is the hidden gun.

"Hey, isn't the action very skilled, I am optimistic about you, woman!"

Qin Yuan saw Liu Mei's familiar movements and understood that the other party was definitely not an ordinary person, but at this time, the more unusual the better.

"I trained in the shooting camp here before, and my name is Liu Mei, what do you call it?"

With a gun at the bottom, Liu Mei seemed to be calmer, and a ray of light appeared in her eyes.

"Qin Yuan, remember not to tell anyone my name. From now on, we are comrades!"

Qin Yuan smiled and shook hands with the woman, then said:

"Okay, Liu Mei, I will take you back now, remember what I said, and stop those people!"

Liu Mei glanced at her hair, and looked at Qin Yuan with a smile in her eyes:

"After the matter is over, if you are willing to invite me to dinner, I think I will agree."

Qin Yuan smiled at this time, did not answer this question, but directly carried Liu Mei up, and walked toward the small room again.

The guard just now looked at Qin Yuan with a strange look. He didn't expect this ghost to be a tall man, but it ended in such a short time?

Qin Yuan didn't say much to this guard, anyway, he despised the old man, what did he have to do with Qin Yuan.

What's more, this guard will soon become a dead person, and he can't care about the dead.

What Qin Yuan has to do now is to find a way to light the fire!

Thinking of this, Qin Yuan went directly to the highest floor here.

At this time in the office on the top of this floor three people are sitting at a table with a few cards in front of them.

"Haha, you lose, I win!"

At this time, a bald white man with a hook nose laughed loudly, and sitting across from him was a man with a scar on his mouth.

While looking at the hole cards in the white man's hand, the man with the scar on the corner of his mouth suddenly cursed angrily, then took out the pistol from his waist and slapped it on the table:

"I lost! This thing is yours!"

This pistol is actually made of gold, which is obviously very valuable.

Seeing the pistol, the black man sitting on the side had a glimmer of envy in his eyes.

But the white man glanced at the pistol with a bald head, but gently pushed the pistol back, and said to the person opposite:

"Zay, this is your beloved thing, of course I will not take your love."

Hearing this, Zai was still quite surprised, he also smiled, took the pistol back, lit a cigarette, and looked at the man opposite:

"Jameson, you are really a beast who is greedy for money. You must have other ideas. Is this okay? Are you not dealing with the man named daddy? I will find a way to help you get rid of it. Watt General Li, what do you think?"
