

Special Soldier 17

Chapter 17: The contest begins

a moment.

He Chenguang and Wang Yanbing, two of the best recruits, came from the queue.

"Instructor Gong, these are two recruits I randomly pulled out of the team who have been in the army for less than half a year. The recruits are just right for the recruits!" The old black-bellied smiled, "Why, let them both make a gesture with this recruit. Gestures?"

The old black candidate was in the middle of Gong Jian's arms. Gong Jian smiled when he saw it and looked at Qin Yuan, "Qin Yuan, the old black squad leader, you also heard it! I wonder what you think?

Qin Yuan raised his eyebrows!

I didn't expect that Lao Hei would directly pull Wang Yanbing He Chenguang, the great **** among the recruits?

is really black!

But...

Qin Yuan didn't take it seriously, "Report instructor, of course I don't have any comments. You can decide on the specific gestures!"

Qin Yuan finished.

just squatted down.

picked up a handful of black ants leisurely.

My heart moved.

"Close!"

Qin Yuan directly put 5 ants back into the system grid with one click!

Since it is really going to start the competition!

How can you do without physical fitness?

Qin Yuan's physical fitness is good though!

But compared with Wang Yanbing and He Chenguang, a guy with a physical fitness close to that of a special soldier... there is still a big gap!

But that's okay!

The power is not enough, the ants come together!

"I hope... the little ant can empower me!"

Qin Yuan said silently in his heart.

Qin Yuan just caught dozens of ants!

only 5 missing...

Everyone present, nothing found!

"Ding Dong~ Please choose!"

The crisp system prompt sounded suddenly!

Three options appeared in front of Qin Yuan!

"1, get the power of world-class ants!"

"2, get a world-class ant power pill!"

"3, get world-class formic acid!"

"Fuck... really has the power of ants??"

Three options looking at the virtual screen!

Qin Yuan's eyes suddenly brightened!

"And... not only that! There is also Ant Daliwan? This is really posted!"

The more Qin Yuan watched, the happier he was!

without hesitation!

Qin Yuan made the choice directly!

"I choose 1!"

received 5 ants!

Qin Yuan has 5 chances to choose!

Qin Yuan is not in a hurry at all!

"Ding Dong~ Congratulations to the host for choosing successfully! Get the power of world-class ants!"

"World-class ant power: It can be said that the host provides 80 times its own body weight power! The host weighs 70KG and gains 5600KG power!"

The crisp system reminder sounds!

an instant!

Qin Yuan only felt his limbs and a hundred skeletons... filled with countless warm currents!

Numerous warm currents crazily emerged, nourishing and strengthening his body cells, skeletal muscles!

every second!

Qin Yuan's body!

is undergoing earth-shaking transformation!

A short moment!

The renovation is over!

Qin Yuan only feels that his body is full of endless power!

"Wori...this is the power of 5600KG! Is it the feeling of more than ten thousand catties of power?"

Qin Yuan blinked his eyes, his pupils... were full of surprises!

this moment!

Qin Yuan looked at He Chenguang, Gong Jian and their eyes...

is a little different!

in front of Qin Yuan!

He Chenguang, Wang Yanbing and the others, seem to have become tiny ants!

Normal adult weightlifting level, which is about 100KG!

But now Qin Yuan!

is a heavy object that can lift 5600KG!

56 times the gap!

this moment.

Qin Yuan even feels like a ***** who pioneered the world!

Unbeatable!

cannot be shaken!

"Also, this is just the power of world-class ants!"

I thought that this is just the power of world-class ants!

Qin Yuan couldn't help but feel surging!

A tremendous strength!

brings strong physical energy!

this moment!

Don't even talk about 30 kilometers!

is 300 kilometers!

Qin Yuan is also confident that he can finish off-road!

Wang Yanbing glanced at Qin Yuan. Qin Yuan was 1.8 meters tall and weighed 70kg, which made him look quite thin. Wang Yanbing couldn't help but sneered: "Instructor, squad leader, use a sledgehammer! Let us both compete with a recruit. Is it too overkill?"

As soon as Gong Jian heard it, his eyebrows raised, "Wang Yanbing, it's not that I despise you, this Comrade Qin Yuan, but the famous Chief of Staff Fan, the wolf-fang, personally sent him for special training! Don't underestimate the enemy! Underestimate the enemy, it requires effort. At a price!"

"Oh? The chief of staff personally sent it for special training?" When Wang Yanbing heard this, he was suddenly excited!

began to re-examine the view of Qin Yuan!

It seems that the kid in front of me is either a rich second-generation or really capable!

Otherwise...

Fan Tianlei won't send him directly to Four Sharpshooter!

after all.

At first, Wang Yanbing was also recruited by Fan Tianlei himself!

Unfortunately.....

He still has to start as a recruit!

But Qin Yuan has different treatment!

"Report instructor! I see! I will definitely go all out during the competition!" Wang Yanbing quickly changed her words.

He Chenguang, who has been quiet...

At this moment, his eyes became bright and energetic in an instant!

no way!

Listen to Gong Jian's introduction!

This Qin Yuan...

seems to be a very strong opponent!

But they both thought wrong!

Gong Jian is clearly trying to hate Qin Yuan on purpose!

Today I said it was the bottom line!

But in fact.

Gong Jian also wants to touch the bottom of Wang Yanbing and He Chenguang!

Look at them, how far are they from the real special soldiers!

ponder for a moment!

Gong Jian smiled faintly and said, "Let's do it! Normally, the competitions are 400-meter obstacles like spears! Test spears, you are all spear gods! Too pediatric! So... today we are more novel than us! Just a 30km armed cross-country! How?"

"Damn! 30 kilometers armed cross-country? Guidance Gong, do you want us to die?"

When Wang Yanbing heard this, he suddenly became calm!

He just feels his scalp numb!

no way!

Usually 10 kilometers of armed off-road!

is a huge challenge to the human body!

20 kilometers, has reached the physical limit of 99 percent of outstanding soldiers!

As for up, 30 kilometers?

has exceeded the limits of physical fitness, reaching the category of testing will!

He Chenguang also curled his lips and frowned, "Instructor, are you training us as special forces?"

He Chenguang realized instantly!

This is the so-called bottoming?

This is probably the only way to touch them!

"Why, don't you think you can't do it? If you can't, then just give in! As long as you admit that you are not as good as recruit Qin Yuan, I will let you choose another competition item." Gong Jian smiled triumphantly.

"Accept defeat? Huh, how is it possible!" Wang Yanbing heard this and shook his head immediately, "Instructor, it is absolutely impossible to admit defeat! I also want to see, where is my limit!"

Gong Jian immediately smiled and nodded when he heard the words. Then he looked at Qin Yuan and asked, "Qin Yuan, what about you? Do you have any questions?"

"I have no problem, instructor, let's start now! I'm already... can't wait!" Qin Yuan smiled lightly, looking forward to this competition!

Strong to terrifying physical fitness!

at this moment!

finally has a chance to perform!

"Can't wait?"

When Wang Yanbing heard this, he suddenly smiled speechlessly, "Chenguang, the current recruits are so crazy! I seem to... see the shadow of when we were soldiers!"

dress up!

stand on the same starting line!

"30km armed cross-country! Start now!"

Follow Gong Jian's order!

Qin Yuan, Wang Yanbing, He Chenguang...

The three-person contest has begun!
