

Special Soldier 19

Chapter 19: Go to the cooking class?

What a joke!

There are more than 10,000 catties in his body, if he can't win it!

Qin Yuan could just find a piece of tofu and hit him to death!

"Ding Dong~ Congratulations to the host for completing the system task and winning the game! Unlock a new grid!"

At the same time, the crisp system prompt rang in time!

Looking at the system screen and unlocking a new grid, Qin Yuan couldn't help smiling brightly, "Another grid is here!"

Pull the handbrake.

Gong Jian and Lao Hei get out of the car quickly!

The two are still shocked!

After a long time, they looked at Qin Yuan's appearance, still as if they had seen a ghost!

Gong Jian's face was shocked, and he couldn't figure it out: "Qin Yuan...you, are you really a recruit? Why is your physical fitness so terrifying?"

"Isn't it an alien? Your physical fitness is too tough!" Old Hei couldn't help but sigh, his eyes widened, his face was incredible.

no way!

Although I saw Qin Yuan's terrifying performance with my own eyes!

But they still can't believe the facts before them!

Qin Yuan couldn't laugh or cry, "Instructor Gong, the old black squad leader, I'm an ordinary recruit, how can I get involved with aliens? It's just that my physical fitness is slightly stronger. My physical strength and endurance are inherently better than normal. People must be strong!"

Qin Yuan gave an explanation at will!

after all.

This statement is still in the past!

But the secret of power!

Qin Yuan decided...

If it is not a last resort, it will never be exposed to outsiders!

after all.

Once exposed, I have more than 10,000 catties of strength!

even raised a small car with one hand!

Such a terrifying and powerful super existence!

If someone knows!

I'm afraid, I'll be caught for slicing research, right?

"An ordinary recruit? Just a little stronger?" Old Hei suddenly curled his lips when he heard it, "Qin Yuan, don't you really know... how terrifying your physical fitness is??"

At this time, Gong Jian smiled and said to Qin Yuan, "Qin Yuan, congratulations, now I am officially a member of the Fourth Company of My Sharpshooter! We admit that before this, we underestimated you! We are stupid, to You apologize!"

Gong Jian smiled and apologized to Qin Yuan very sincerely.

The old black on the side of also smiled, and quickly said with a smile, "I'm sorry, Qin Yuan, we were wrong before! I hope you won't remember the villain! Don't worry about it."

Qin Yuan raised his eyebrows when he heard this?

Xindao Gong Jian and Lao Hei, these two old guys, are pretty good at it!

Qin Yuan never expected...

They would take the initiative to apologize for themselves!

"Instructor, squad leader, the two are serious! As a superior, it is right to conduct an assessment and test for recruits!" Qin Yuan smiled, and did not take the previous matter to heart.

Qin Yuan certainly knows that Gong Jian's 30-kilometer cross-country is embarrassing himself.

But there is nothing wrong with him doing this.

Qin Yuan would naturally not care about him.

There is no hatred among the so-called soldiers!

Everyone will be brothers and sisters fighting together!

Qin Yuan is very indifferent to these trivial matters!

"Haha, okay!" Gong Jian smiled when he heard the words, "Old black, congratulations to our Silian, we have gained another strongman!" After that, Gong Jian looked at Qin Yuan, "Yes, Qin Yuan, like you With terrifying physical quality, I must go to the top class of our four consecutive companies! But now, I can give you a chance to choose, how many classes do you want to go to?" Gong Jian said with a smile.

"How many classes do you want to go to? Don't you go to the class where Lao Hei is?" Qin Yuan raised his eyebrows, slightly puzzled.

But at this moment.

"dingdong~"

The crisp system prompt suddenly sounded!

"Ding Dong~ Now release the system mission, enter the sharpshooter's four-link cooking class! Unlock a new grid!"

"Fuck...let me enter the cooking class? This system...isn't it a convulsion?"

Facing the temptation of Xiangnong Grid... Qin Yuan couldn't help but complain!

Ok.

But, it's time to complain!

Qin Yuan still made a decision instantly!

Hair can be messy, money can be lost, but grid can't be lost!

Then.

Qin Yuan smiled and looked at Gong Jian and Lao Hei, "Instructor, as the so-called hidden in the city, I came to Iron Fist to familiarize yourself with simple issues such as common sense in the army, and usual training, including physical fitness, marksmanship, fighting, etc. ...It's almost meaningless to me and it's a waste of time. So, after careful consideration, I decided to spend this month in the cooking class of Silian."

"What? Are you going to the cooking class?"

Gong Jian and Lao Hei couldn't help but their eyes widened!

But I remembered Qin Yuan's horrible performance just now!

plus what it said...

Physical stamina, marksmanship, and fighting training are meaningless to him?

Could it be that this kid already possessed the level of a super soldier king? ? ?

already has the strength to crush everything?

subconsciously!

Gong Jian Lao Hei believed what Qin Yuan said!

The words facing Qin Yuan.

Gong Jian groaned slightly!

Taking a deep breath, Gong Jian made a decision: "Qin Yuan, this time I will make an exception and agree to your request! Anyway, daily training doesn't make much sense to you. Instead, it's a

cooking class. This is a brand new one. Field! Perhaps it will be of special help to your future growth!"

"In that case, go to the cooking class!"

"Good!" Qin Yuan nodded with a smile suddenly!

Silian, cooking class!

Brake!

A sudden stop!

Gong Jian and Lao Hei jumped out of the car with a smile.

Qin Yuan followed closely behind with his suitcase.

Just do it!

after speaking!

They ignored He Chenguang and Wang Yanbing!

directly brought Qin Yuan to the cooking class to report!

"Squad leader Li, come on, there is a big happy event today!"

Great!

Gong Jian shouted loudly.

Talking.

The three enter the kitchen.

It's morning!

The squad leader is preparing lunch with the members of the cooking class!

Seeing Gong Jian's arrival, Squad Leader Li's eyes lit up, he quickly wiped the hands of the dough, and leaned forward, "Yeah, instructor? What brought the instructor, the great god, to our cooking class? I'm busy, come and salute the instructor!"

Li Han deliberately joked.

suddenly.

Shuai Hu, Lao Ma and others all looked over.

"Well! Old Li, don't hurt me! Comrades don't care, you are busy with you, Lao Li, come out, I'm sending you a baby!"

Gong Jian said mysteriously.

"Send baby?"

Old Li raised his eyebrows suddenly, and he was energetic.

Outside the kitchen.

Old Li looked curious, "Instructor, what baby?"

"It's him." Gong Jian smiled and deliberately said mysteriously: "Old Li, we will send you a soldier! A good soldier! A good soldier who can be called the king of soldiers!"

"Huh? King Soldier? Instructor, why did you send King Soldier here?" Old Li couldn't help but wonder.

Soldier King, that's the treasure that the companies are fighting for!

How could it be sent to the cooking class?

Isn't this a waste of talent?
