

Special Soldier 191

Chapter 191: Cosmos Hawkeye

General Wallin was silent. Qin Yuan was right. If the vaccine for the Ramanra virus really exists, I am afraid that their Red Scarf Army will soon be disbanded, and as a general of the Red Scarf Army, he will definitely be jaded. Wanted by Canadian troops!

"Thanks a lot..."

General Warin said to Qin Yuan hoarsely, feeling extremely uncomfortable.

If there is no such news, and if he continues his original policy, then the failure is simply a certainty.

But now, it's a little different.

"Let them go."

General Warin said directly to his men, although he has not read the book of Yan Kingdom, but the idea of giving it a peach and repaying it is common in the whole world.

After all, there is no point in continuing to chase Qin Yuan and others!

The people who watched General Wallin retreated like this, everyone was relieved!

Now they are truly safe!

At this time, Qin Yuan also had a voice in his mind:

"Ding Dong, congratulations to the host for completing the task, leading Liu Mei to destroy the genetic device, and bringing Liu Mei back safely, rewarding two grids!"

Hearing this sound at this time, Qin Yuan was also happy, and then he collapsed directly on the tank!

The action this time was really thrilling, even Qin Yuan was a little tired.

"Captain, we, go home!"

At this time, He Chenguang said to Qin Yuan, and everyone's faces were filled with joy.

That's right, now that the genetic weapons have been destroyed, and all their expatriates are almost rescued, it's time to go home!

Qin Yuan smiled slightly and ordered:

"Come back home!"

"Oh!"

Everyone cheered suddenly!

Everyone was very happy, and drove this tank directly in the direction of the factory.

Now they only need to send the expatriates from the factory to the port, then they can go home together!

But when Qin Yuan and others arrived at the factory in a tank, they looked at the factory from a distance and smoked!

"Fuck, what's going on!"

Everyone was shocked, but Qin Yuan was not in a hurry. Long Xiaoyun and others had already gone to the factory first. If there was anything, they would definitely greet themselves.

Sure enough, after a while, when Qin Yuan arrived at the factory, he saw Long Xiaoyun directly greeted him:

"Qin Yuan, there was an accident. The Red Turbans should have heard your news, so they directly ignored the casualties and aggressively attacked. Our warship has been forced to leave the port and transferred to the south bank. We must go south! "

"Well, let's go south!"

Qin Yuan said directly, but when he heard what Qin Yuan said, Zhuo Yifan yelled:

"Just take a fart, do you know that the south is in the war zone? Look at the helicopters that they came to rescue us. How could we pass through the war zone?"

Hearing Zhuo Yifan's words, Qin Yuan took a closer look into the courtyard and found that it was a broken helicopter that was smoking.

As Qin Yuan thought, in the current environment, no matter it is the Red Turban Army or the Gallia Army, it is impossible for this helicopter to crash and appear in their airspace.

"Who says you can't go without a helicopter, besides, your helicopter can't do many people, Leng Feng, are you ready?"

"Master, we have prepared a truck for everyone."

Leng Feng was very happy to see everyone returning safely. Li Erniu was talking vividly about how thrilling their battle this time was. The Leng Feng was a little bit enthusiastic.

"Well, let's go directly!"

"set off?"

Zhuo Yifan heard this, but his eyes widened suddenly, and he said to Qin Yuan:

"Are you crazy? Didn't you hear what I just said? It's a war zone over there!"

"What can we do in the war zone, we are from Yan country!"

Qin Yuan smiled directly, and when he heard Qin Yuan's words, the personnel of the special team laughed, and then began to prepare things.

And Qin Yuan took advantage of this opportunity to quietly leave the scene and whistled directly into the sky!

Soon a few shadows flew in the sky, it was the goshawk of the Red Turban Army before!

Qin Yuan has just obtained the world-class goshawk command, and now it happens to be using this ability to call these goshawks over!

After all, he is very greedy for the other two skills on Goshawk!

Soon, Qin Yuan received all these goshawks into the grid, and three familiar options appeared before him.

"1, get a world-class eagle eye!"

"2, get the perfect goshawk command!"

"3, get world-class eagle claw skill!"

Seeing these three options at this time, Qin Yuan directly chose the first item with a smile!

"The system, I choose item 1!"

"Ding Dong, congratulations to the host for choosing successfully and obtaining a world-class eagle eye!"

"World-class eagle eye: Let the host gain the eyesight of the eagle, and gain the ability of visual magnification within 1000 meters of sight!"

With this voice, Qin Yuan felt some changes in his eyes, and then Qin Yuan suddenly looked around, but found that he did not seem to have changed.

But moving along, Qin Yuan was surprised to find that the things in front of him were constantly zooming in. Just like the trunk on one side, Qin Yuan could even see clearly that he was hiding in the gap. Little ants crawling up!

Then Qin Yuan suddenly turned to the distance. He found that as long as it was within 1 kilometer, everything could be enlarged by Qin Yuan at will!

Qin Yuan's heart was immediately overjoyed. With this eagle eye ability combined with radar ability and thermal imaging skills, what else could escape his eyes!

And Qin Yuan knew that this was only a world-class eagle eye. If this ability were upgraded to the cosmic level, what would it be like!

Just do it if he thinks of it, Qin Yuan still has a lot of goshawks, he made a direct choice and raised his eagle-eye ability to the cosmic level!

"Universal Eagle Eye: Allow the host to obtain the eyesight of the eagle, and gain the ability of visual magnification within 5000 meters of sight distance!"

Hearing this description, Qin Yuan's mouth grew big and he zoomed in at will within five kilometers. Isn't that better than any zoom camera?

If what happened here, wouldn't it be clear?

Then Qin Yuan did some practice, and he found that within a range of 5 kilometers, he could magnify objects 25 times at will! !

You need to know that the magnification rate of a normal sniper rifle can only reach 10 times. Now Qin Yuan's eyes are almost like a super sniper mirror!

This time Qin Yuan was extremely happy, but for a while, Qin Yuan looked at the two goshawks left in his backpack, glanced at the third option, and found that he still had a lot of grids left. With a big wave, this third option was directly selected!

Chapter 192: set off

"Ding Dong, congratulations to the host for obtaining the world-class Eagle Claw Skill!"

With the sound of the system, Qin Yuan has a lot of martial arts moves in his mind. Although Qin Yuan has obtained a python strangling technique from the python before, this eagle claw skill and python strangling technique, It's a different move!

The two complement each other and become more powerful!

Qin Yuan felt a joy again. This time, his strength might have strengthened a lot!

And just when Qin Yuan was happy for his strength improvement, on the other side, a group of people were about to blow their lungs.

"Is this guy again?"

At this time, a person sitting at the top looked at the photo in his hand and gritted his teeth and said:

"Asshole, I asked you to kill this guy before, why is this guy still messing up for us now? Even our vice president died in his hands, the entire Philippine plan was completely defeated, and all our early investment Drifting!"

Hearing such words, the people below were silent, afraid to gasp loudly.

And in the darkness behind this person, a figure suddenly appeared, and said to this person:

"Chairman Musashi, we have already carried out an assassination of this guy in Yan Nation before, but the force we sent was annihilated. Even our organization in Yan Nation was uprooted and suffered heavy losses, so even if we were If you want to shoot this guy, you can't be in Yan Country."

No matter how powerful the black dragon is, it is just an organization. It is impossible to directly confront a country.

Musashi Junji turned pale with anger, and said in a deep voice:

"Can we just watch this guy who killed us and continue to live?"

"Of course not, Musashi-sama, but we can't take action in Yan Country. If we want to kill him, we can only lead the snake out of the hole. I have a plan..."

At this time, the black shadow whispered to Musashi Junji for a while, and after listening to this plan, Musashi Junji's face looked a lot better, but he still frowned and said to the black shadow:

"In this way, we can only complete Ouzhou's plan before we can do this."

"There is no way, but we can also give him a little trouble first. We can't move, and we can let others do it for us, maybe there will be some unexpected gains."

Hearing this, Musashi Junji nodded and said directly to the shadow:

"Good! Good! Go ahead and let this guy live a little longer."

After saying this, Musashi Junji said directly to the secretary on one side:

"Send a message, I want this guy's head, 30 million bounty!"

"Ha Yi!"

The secretary-like person directly agreed, left quickly, and then distributed the news.

Soon, Qin Yuan's avatar appeared on the mission website of the Underground World. 30 million is no longer a small amount, and what he killed was just a young man, so countless people were ready to get it. This money.

But when they saw the above information, they were disappointed, because this task was actually limited in level, and only masters above the prefecture level could receive it. Know that masters at prefecture level, there are only a thousand people in the world.

And the location of the mission is still Yan Country. In this way, even if they really kill this guy, they will probably still have a life and a life.

But the people who are qualified to solve this task smile in secret, just killing a soldier, for them, it is like picking up money.

Qin Yuan still doesn't know, he has been targeted, and now he needs to solve another problem.

At this time, Qin Yuan was walking towards the port with a group of motorcades, but it was a pity that, as Zhuo Yifan said, the place they had to pass was the war zone.

Hearing the rumble of cannons in front, Leng Feng's brows frowned slightly.

The firepower here is much stronger, can they really get past?

Long Xiaoyun asked Leng Feng, "Can we make a detour?"

"I'm afraid it won't work. Although there are other roads, it takes a lot of time to go around. I am afraid that I will not be able to catch up with the warship by then!"

Hearing this, all the members of the special forces team frowned. If they were alone, they might be able to touch it directly, but it would be very difficult for a convoy with more than a dozen vehicles. .

Zhuo Yifan and the others also turned pale with fright. Hearing the rumble of cannons in the distance, they numbed their hearts. After all, this is not a game. If a cannonball hits them, they It's dead.

If the warship did not wait for them to leave directly, then they would be dead!

But Qin Yuan had a calm face, and said directly to the person behind him:

"Do you have no flag?"

"Have!"

At this time, the veteran squad leader replied, and directly took out a red flag from his backpack.

And Qin Yuan directly brought this red flag to his arm, and then said to the workers behind him and his special forces:

"We removed all the weapons directly through the war zone!"

"Shooting a flare to the commanders of the two parties means that we have arrived!"

But seeing Qin Yuan's movements, Zhuo Yifan shouted in horror:

"Are you crazy? It's too late for us to hide from them, and you said with great fanfare that we are going to pass? You know that shells don't have eyes!"

Qin Yuan looked back at Zhuo Yifan, but sneered:

"Cannonballs do not have eyes, but people do have eyes. There is a powerful country behind us. This is more useful than any weapon!"

After hearing such words, Long Xiaoyun and others all showed a sincere smile.

Qin Yuan is right, isn't what they did to make this flag more vivid and to make all those who leave their homeland feel more at ease?

The cold wind directly shot out a signal flare, and then threw all the guns to the side of the road.

At this time, watching Lengfeng and some operations of the special forces team, the workers in the factory were also infected and quickly threw the gun away.

This convoy of them is like going to hell, with a strange despair.

"It's over, it's over!"

Zhuo Yifan murmured at this time, but Qin Yuan grabbed this guy by the neck:

"Stand up, take a good look, we can't finish it, we only have a try to know!".

After saying this, Qin Yuan also let out a sigh and said to the driver:

"set off!"

Chapter 193: Must get it

At this time, the convoy of Qin Yuan and others began to drive towards the war zone, Zhuo Yifan covered his head, his body was trembling with fright.

But when the two sides in the war zone saw Qin Yuan's convoy and the banner in Qin Yuan's hand, whether it was the Red Turban Army or the Gallia Army, the soldiers on both sides hung down. Got the gun in hand!

"The people of Yan country let them go!"

"It seems to be from Yan country, please cease fire first!"

At this time, the soldiers on both sides received such orders, and even in order to prove their goodwill, they even fired some colored flare specifically for the convoy!

At this time, the flares on both sides can't help but stimulate, it's like an invisible giant is constantly advancing!

At this time, Zhuo Yifan, who was holding his head, looked at the flare on both sides incredulously, his eyes full of shock.

At this time, Lao Zhuo looked at the flare on the two sides, also showing a slight smile, and said to his son:

"Son, this is a truly great country. You said before that you want to join the lighthouse country. Do you still go now?"

Zhuo Yifan only reacted at this time, took a breath, looked at the back of Qin Yuan holding the red flag in front of him, and muttered:

"I won't go, I won't go at all. In such an awesome country, why should I go? I'm already in the most powerful country, let alone I won't go in this life, I won't go in the next life."

At this time, Zhuo Yifan completely let go of the prejudice in his heart, cheered loudly, and the workers behind also cheered loudly.

Listening to the cheers from behind, a smile appeared on the corner of Qin Yuan's mouth, and he felt that the red flag in his hand became more vivid.

It didn't take long for them to arrive at the port, and Ambassador Fan and Captain Ding had also received the news, waiting for Qin Yuan's arrival at the door.

After Qin Yuan got out of the car, he directly saluted the two men and said with a smile on his face:

"Do not shame the mission, the mission is complete!"

At this time, Ambassador Fan was also surprised. He kept slapping Qin Yuan on the shoulder and said to Qin Yuan:

"You really surprised me, do you know how meaningful this action will be?"

"Yes, I really didn't think you could accomplish this task so well. I will definitely call your boss and let them celebrate your work!"

At this time, both Ambassador Fan and Captain Ding were extremely grateful that this time there would be top special forces like Qin Yuan to help them, otherwise with their current strength, it would be difficult to accomplish the task so well.

Not to mention that Qin Yuan not only saved all the overseas Chinese, but also crushed the enemy's conspiracy!

Qin Yuan also showed a slight smile when he heard this. In fact, he was not very interested in such an honor, but since Ambassador Fan and Captain Ding were so polite, he couldn't refuse.

But at this time, the system sounded a series of sounds:

"Ding Dong~, congratulations to the host for completing the task, safely bringing all the members of the team back, and rewarding a grid!"

"Ding Dong~ Congratulations to the host for completing the task, breaking the K98 conspiracy, and rewarding two squares!"

Hearing this voice, Qin Yuan's eyes immediately released light. This time he was left with 12 squares. He was already rich in unprecedented wealth. In addition to what he had spent before, that was even more. On one trip, Qin Yuan earned back all the grids he had missed while staying in the army training!

These grids must be spent as soon as possible. If you are rich, you should naturally be more generous!

The current Qin Yuan just looks pleasing to the eye, just like an ordinary person who has made 1 million!

Seeing Qin Yuan's appearance, both Ambassador Fan and Captain Ding showed a smile, then patted Qin Yuan on the shoulder and said to Qin Yuan:

"Well, the next thing is up to us. You have been fighting for a long time, so take a good rest."

Qin Yuan also nodded. Although he did take a break while he was halfway, he was very tired now.

But now Qin Yuan's spirit is more exciting, he must plan how to use his grid.

Qin Yuan's mood is better than ever before, but after returning to the room, Qin Yuan found that there was still a red flag on his arm.

While looking at this red flag, Qin Yuan suddenly had a strange thought in his heart.

He was thinking, if he received this red flag in the grid, what kind of skills would he give himself?

Anyway, there are more grids now, and one wasted, there is no problem, just do it if you want, and Qin Yuan directly received the red flag into his grid!

Following Qin Yuan's actions, the system suddenly sounded a prompt:

"Ding Dong, important spiritual items detected, analysis is in progress!"

Hearing this voice, Qin Yuan was stunned. No matter what it was before, the system was completed in an instant. Why did it still need to be analyzed this time?

Did you recycle something extraordinary into the grid?

"Ding Dong~ Please start choosing the host!"

With the prompt tone of the system, three options suddenly appeared in front of Qin Yuan!

"1. Acquired skills: the power of a great power! Let the host's troops have a 10% increase in morale, special skills, cannot be upgraded!"

"2. Acquire skills: Lord of Glory! Increase the offensive ability of the host's troops by 10%, special skills, cannot be upgraded!"

"3. Acquire skills: Shield of Perseverance! Let the host's troops, unite their spirits by 10%, special skills, cannot be upgraded!"

"Note: All skills can be selected this time to affect the entire army."

Fuck! Damn it! Damn it!

At this time, Qin Yuan looked at the prompts in front of him, his jaw was about to drop in surprise. He just wanted to give it a try. Who would have thought that he would be so surprised!

This is the first time he has encountered such skills that cannot be upgraded, and these skills are so powerful!

10% increase!

This kind of ability, Qin Yuan had only seen it in the wolf's body before .

Qin Yuan glanced at the ability he had obtained before.

Battle Banner Will-Unity: Passive skills, wherever the host is in the team, unity bonus, in the cooperative battle, increase the group tacit degree by 10%!

Although this ability seems inconspicuous, Qin Yuan was able to show it during training.

And this time the skills are not for Qin Yuan's personal team!

is the whole camp, the whole army!

How many soldiers are in the entire Yan State, and all of them increase by 10%. What is that?

Add up, how much is it?

Qin Yuan has made up his mind, he must get this skill, even if it is bankrupt!

Chapter 194: Divided into 3 points

Qin Yuan's eyes shined at this time, and he said to the system:

"I choose these three abilities in the system!"

"Ding Dong, the skill is a special skill at this time, and it costs two squares! Are you sure?"

consumes six grids, which is acceptable!

"OK!"

Qin Yuan said very firmly, and as soon as Qin Yuan's voice fell, a series of strange prompts sounded directly from the system, but then Qin Yuan lightened his body and felt like he was floating!

Furthermore, Qin Yuan could clearly see that his body is almost shining, extremely dazzling!

Then Qin Yuan felt that his brain was hit by something, and suddenly closed his eyes, countless pictures rushed directly into Qin Yuan's mind!

This is the ancestors who made countless sacrifices when Yan Country was founded!

This is the time when Yan Country was underdeveloped, those scientific researchers who forgot to sleep and eat!

This is the soldiers who used flesh and blood to cast the Great Wall when Yan Country was in disaster!

These are all those who sacrificed for the development of the country and are always remembered! ! !

Slowly, Qin Yuan felt that his feet were stepping firmly on the ground again, and his body had returned to normal, just like the previous halo, which was his illusion.

However, Qin Yuan clearly saw that there was a red flag flying in his grid.

Looking at this red flag, Qin Yuan had a completely different feeling in his heart.

"Everyone, please believe me, I will definitely continue along your path and let Yan Country truly stand on the top of the world!"

Following Qin Yuan's words, a wave of surrounding air suddenly rushed towards Qin Yuan, as if something had condensed directly!

Then, Qin Yuan heard a voice:

"Ding Dong, congratulations to the host for successfully choosing and gaining the power of a great country with special skills!"

"Ding Dong, congratulations to the host for his successful selection and the Lord of Glory for obtaining special skills!"

"Ding Dong, congratulations to the host for the successful choice and obtain the special skill Shield of Perseverance!"

Seeing these prompts at this time, Qin Yuan showed a smile before lying directly on the bed, and soon fell asleep.

.....

Three days later, Qin Yuan stood on the deck comfortably, blowing the sea breeze.

At this time, Dr. Chen was a little anxious dangling by Qin Yuan's side, and said to Qin Yuan who hated iron and steel:

"Qin Yuan, don't you think about it anymore? As long as you agree, this time you won the Nobel Prize and it is almost a certainty!"

And Qin Yuan turned his head back with a dumbfounded expression, and said to Dr. Chen:

"Dr. Chen, I have told you this question many times. I am a soldier, not a scientist. It is very inappropriate for me to receive this award."

If Qin Yuan joined the academy at the beginning, then he might be ecstatic, but now Qin Yuan is a member of the army, he has fallen in love with everything in the army, and then let Qin Yuan do experiments, Qin Yuan is really It feels a little weird.

Although with the help of the system, Qin Yuan will definitely make achievements, but now Qin Yuan does not want to do such a thing.

Seeing that Qin Yuan refused again, Dr. Chen felt extremely sad for Qin Yuan:

"Qin Yuan, Qin Yuan, this is nothing else, this is the Nobel Prize, the highest honor for scholars, this is for the whole Chinese as a whole!"

Hearing this, Qin Yuan gently shook his head and said to Dr. Chen:

"Dr. Chen, this is not an important thing. Let me ask you one sentence. You came to the Philippines. You risked the risk of being infected to study this Ramanra virus. Is it because Nobel was awarded?"

"Of course not. I just can't bear to watch this virus ravaging the entire Philippine continent, and I am also afraid that this virus will spread directly to our human population, not only in the Philippines, because our country will be in danger. "

Dr. Chen helped his glasses and said solemnly, but when he heard this, Qin Yuan patted Dr. Chen on the shoulder:

"This is not enough, that thing is just a name, it sounds big, but what is the specific role in fact? We only need to do what we really want to do!"

"And you have been studying this virus for so long, this award falls in your hands, I am convinced."

What Qin Yuan said is not a lie. After all, in the original work, Dr. Chen has researched antibodies against Ramanra virus. Qin Yuan only cut his head in advance and cheated on the ability of the system to get the virus. Antibody.

If you count it, Dr. Chen is the real researcher!

"But I always feel..."

Dr. Chen's face is still tangled.

"Okay, don't worry, if you really feel sorry for me, just help me count how many people my vaccine has saved, and it makes me happy. It's really not good. If this vaccine is sold, just give me some Dividends, let me earn something practical, okay?"

But after hearing such words, Dr. Chen's face was even more ugly, and he said to Qin Yuan a little embarrassed:

"I have directly reported my research results. The above stated that this time this vaccine will be mass-produced regardless of cost and will greatly support the Philippines. If you want to make money from this thing, I am afraid it will be a long time later."

Hearing such words, Qin Yuan also understood. seems that Yan Nation intends to use vaccines to pave the way and completely open up the situation in the Philippines. This is a grand strategic direction and cannot be measured by a small amount of money selling vaccines.

"That's okay, I support it, okay, okay, I am not a poor person, and I don't have much money to spend. I know if you think this thing is researched and you want to get a little honor. If you don't have any interest, don't force me!"

Qin Yuan was arrogant, he persuaded Dr. Chen away, but at this time, Long Xiaoyun Anran and Anfisa came directly.

"What's wrong, three beautiful ladies, is there anything I can do for you?"

Qin Yuan grinned directly, but looking at Qin Yuan, the three women looked directly at Qin Yuan.

Who could have thought of the success of this hippy smiling man in front of him?

"I'm thinking now, is it better to return you back, or just abduct you back to our Wolf Squadron?"

"I think, our Phoenix might be more suitable for him, after all, there are more girls."

"Hey, in fact, I think it seems too late for us to add red blood cells."

Hearing what these three people said, Qin Yuan waved his hand quickly:

"Several people, what are you doing?"

"What do you do? Of course it is to find a way to split you into three parts!".

After saying this, the three women, Long Xiaoyun, rushed towards Qin Yuan with a grin!

Hearing Qin Yuan's screams and comfortable screams, all the people on the boat showed sincere smiles.

Chapter 195: Far from it

After Qin Yuan stepped onto the solid ground again, he finally took a breath.

This trip to the Philippines has ended successfully!

"I, Hu Hansan, is back again!"

At this time, Qin Yuan called out strangely, and soon a military area car came to pick them up.

The task has been completed, so now they are going to each house and looking for each mother, and Qin Yuan, as the person in charge, is going to report the situation to his superiors!

was originally going to be with Long Xiaoyun, but Long Xiaoyun had temporary affairs and did not come, so Qin Yuan could only come alone.

After Qin Yuan arrived at the General Military Region, he discovered that there were lights and festoons, as if to celebrate something.

But Qin Yuan didn't ask, maybe it was to prepare for the festival.

After Qin Yuan arrived in the command room, there was no one, only one person who looked like a staff officer said to Qin Yuan:

"General Gao Shiwei is in a meeting now, you can wait here for a while."

"it is good!"

Qin Yuan just smiled slightly, and then sat down.

But Qin Yuan waited for a long time, but still did not wait for anyone.

But at this moment, Qin Yuan frowned and was wary when he heard some strange movements outside.

But when Qin Yuan came out directly, he completely shocked the sight in front of him!

I saw that the big playground in front of me was actually full of people. When I saw Qin Yuan's appearance at this time, he yelled straight out:

"Learn like Comrade Qin Yuan!"

"Learn like Comrade Qin Yuan!"

"Learn like Comrade Qin Yuan!"

This deafening sound penetrates the sky and stuns!

And Leng Feng, Long Xiaoyun, An Ran and others are all here!

Gao Shiwei, Fan Tianlei, He Zhijun and other high-ranking officers all stood in front, all looking at Qin Yuan with a smile!

At this time, Qin Yuan looked cramped:

"No, Commander, you guys..."

"Hahaha, look at this kid! I have never seen him like this!"

At this time, Fan Tianlei laughed directly, but Gao Shiwei said to Qin Yuan with a smile on his face:

"Why, so excited?"

"Report! Very...excited!"

Qin Yuan directly saluted a military salute!

"This is what you deserve!"

Gao Shiwei smiled kindly, and then directly pulled Qin Yuan to the front stage together, and started his speech!

"Who is it, travel thousands of miles, save the overseas Chinese, and wipe out the enemy thousands of miles away!"

"Qin Yuan!"

"Who is it, guarding the country, eliminating drug dealers, and saving people from fire and water!"

"Qin Yuan!"

"Yes, it's Qin Yuan. This is our hero. Now, I am just announcing it. Comrade Qin Yuan will be awarded the rank of major! One time for group special merit, one time for individual merit, the honorary title of the strongest soldier, inform the whole army !"

"Papa Papa!"

There was a burst of thunderous applause directly from the audience!

and after the applause stopped, he said directly:

"Now the award ceremony begins!"

After all, Gao Shiwei directly had a military rank, which was replaced by Qin Yuan, two military medals, which he brought to Qin Yuan, and another special medal, representing the title of the strongest soldier, was given to Qin Yuanbie On the chest!

"Do you think about where to go in the future? Go somewhere else or stay in Spike?"

At this time, Gao Shiwei asked Qin Yuan with a smile on his face. With Qin Yuan's current status, it is estimated that wherever he goes, he will be treated with respect, and, with Qin Yuan's contribution, he can already have real power!

Qin Yuan smiled when he heard this. He knew that General Gao Shiwei still wanted to let Qin Yuan stay in the wolfya team.

"Report, I still want to stay in Spike, I want to bring out a world-class special force, and even improve the quality of all the soldiers in my country!"

Hearing such words, Gao Shiwei also showed a happy smile and said to Qin Yuan:

"Hahahahaha, well, ambitious, then I will see how you can accomplish your goal step by step. I hope you can hone a sharper sword and flatten the monsters outside!"

"It's incumbent on the responsibility!"

Qin Yuan paid another military salute to Gao Demonstration.

Gao Shiwei also showed a smile, and said to Qin Yuan: "Now is your glorious moment and cheer with everyone."

After , Gao Shiwei again brought badges to Leng Fenglong Xiaoyun and others, and then a huge celebration feast began.

That night, Qin Yuan sat in the car and followed him back to the base of the red blood cell.

On the way, Li Erniu and other members of the red blood cell team were all talking about it.

"My dear mother, don't you know that when I fought with those people in Philippine, my calves were not soft, but when I was awarded the honor before, I almost fell down!"

"Hey, Brother Niu, this time, you are also a person with a military medal!"

"The most awesome is Brother Yuan, the strongest soldier king, tell the whole army what kind of card is this! I rely on it, it's worth it in this life!"

"That's right, but this is also a matter of course. For those things that Brother Yuan did, we couldn't keep up with the horses!"

"I'm about to let the envy die, my God, if this honor is let my family know, I might be put in the temple to hang up!"

At this time, I heard the words of the five people from Li Erniu The rest of those who did not go to the Philippine Red Blood Cell Team were so greedy:

"Captain, you can tell us how you fought those people in the Philippines and what it was like to fight!"

Qin Yuan shook his head and smiled when he heard such words, and said to Zhao Haipeng and others:

"Hey, if you want to experience what it's like to fight, I can take you straight there if I have the opportunity."

Hearing these words, the rest of the people cheered.

After arriving at the base, Fan Tianlei looked at Qin Yuan with surprise:

"Good boy, I really can't think of it, how long has it been, your rank is almost like me!"

"Still a long way to go!"

Qin Yuan smiled and said to Fan Tianlei.

"It seems that I am really old. For a flood dragon like you, I shouldn't keep you in a shallow pond. I should let you swim in the sea wholeheartedly. From now on, all the instructions you give, I don't doubt it anymore, I hope you can train a team that will surprise the world."

Fan Tianlei patted Qin Yuan on the shoulder, and then said to Qin Yuan:

"Okay, let's not talk about this kind of thing now. The above has approved a week of vacation for you. Clean up and go on vacation."

Hearing such words, Qin Yuan also saluted a military salute with excitement. Although he has already arrived here, it seems that there is still one person who has not seen him!

But it is too late today, so let's see her again tomorrow. With this feeling, Qin Yuan went straight back to his dormitory and slowly entered his dream.

Chapter 196: meet

Early the next morning, Qin Yuan got up vigorously, then put on his official military uniform and walked directly outside.

At this time, Li Erniu and others have already been waiting for him. After all, this time it was a one-week holiday. This is not common. Everyone wants to go home and take a good look.

Fan Tianlei also grinned when he saw the neatly dressed and spirited appearance of everyone, and said directly to them:

"It's all ready, let's do it, I won't say more about it. You should take this opportunity to meet your relatives and relatives, and if you should see the object, you should see the object. It's just a little bit. Don't be late! Yet?"

"Understand!"

At this time, all six Qin Yuan said neatly, and seeing this, Fan Tianlei smiled again:

"Okay, disband! Get in the car!"

"Oh!"

Everyone immediately dispersed!

Soon, the car had arrived, and several people got into the car directly.

Qin Yuan asked several people:

"What are you planning, do you go straight home?"

Li Erniu's unstoppable barrage:

"Of course, I've been on vacation this time, I haven't seen my object Cuifen for a long time!"

"I haven't seen my grandparents for a long time!"

He Chenguang also smiled at this time.

Qin Yuan nodded, since these few of his team members are planning to go home, he is also going to see Grandma Sun.

But before seeing Grandma Sun, Qin Yuan wanted to meet someone first.

Soon, Qin Yuan drove the car and arrived at the wolf base.

After saying hello to the people at the door, Qin Yuan went directly to the medical room of the wolf base!

At this time, Mu Qingmei was applying medicine to a war wolf soldier, and the little nurses on one side saw Qin Yuan, who was wearing a military uniform, appeared, and was stunned!

"I'm going, it's so handsome too!"

"Isn't this the ***** knight from before? So handsome in formal clothes!"

"Ah, I'm dead!"

But Mu Qingmei didn't notice what these little nurses were doing.

"Xiao Fei, what are you doing, gauze!"

Mu Qing frowned and said to the little nurse, but she saw Xiao Fei's sluggish face, and followed Xiao Fei's gaze. There was a figure standing at the door, not Qin Yuan. !

"Qin Yuan! Why are you here!"

Mu gave a cry of surprise with light eyebrows, and rushed out, leaving only the helpless look of the wounded soldier. Doctor, you haven't finished bandaging me yet!

Qin Yuan looked at Mu Qingmei with a smile, and asked Mu Qingmei:

"You'd better finish your work first, I have a week off, so I came to you!"

At this time, Mu Qingmei heard what Qin Yuan said. This was when she looked back and found that the warrior's face was narrow, his face flushed immediately, and he wanted to come and continue bandaging him.

And this person Qin Yuan knew him. It was the dead Sanba who was in the Wolf Warriors squad before. After Sanba saw the appearance of Mu Qingmei, he smiled directly:

"Okay, the two of you are going to have a good date. They have been stitched together, and I can do the rest by myself!"

Qin Yuan blinked his eyes with satisfaction at the death, then directly pulled Mu Qingmei to Long Xiaoyun's office, and wanted to ask for leave for Mu Qingmei.

Long Xiaoyun naturally wouldn't have any objections. He looked at Qin Yuan and Mu Qingmei with a smile, and waved his hand to approve Mu Qingmei for a week of vacation.

"Qin Yuan, this time I give you face, do you mean it?"

Hearing this, Qin Yuan also smiled:

"Well, when I come back, I will give you a copy of our red blood cell training materials. This is the head office!"

"Hey, this is what you said, I'll wait!"

Long Xiaoyun smiled with satisfaction. You know, she has long been greedy for Qin Yuan's red blood cell team. After all, how long has the red blood cell team been established, and

how long has their wolf battle team been established, as a result, the people of the red blood cell team, The fighting power was actually similar to their war wolf, which naturally made Long Xiaoyun curious.

"Okay, wait for me to come back!"

Qin Yuan waved his hand to Long Xiaoyun, and then left the Wolf Warrior base with Mu Qingmei directly.

Long Xiaoyun looked at the two people walking away and shook his head with a smile. However, there was a hint of envy in the eyes of Mu Qingmei.

After , Qin Yuan took Mu Qingmei to the orphanage and met with grandma.

This is the first time that Mu Qingmei saw Grandma Sun. There was something like that last time, and the two of them had not seen it. This time, Grandma Sun saw Mu Qingmei, but she grabbed Mu Qingmei. The more you look, the more satisfied you are.

even whispered to Mu Qingmei for a while, causing Mu Qingmei to blush.

Qin Yuan squinted at Mu Qingmei and Grandma Sun, but he was a little proud. Isn't this the difference between seeing the parents of both parties, is it already stable?

After , Qin Yuan took Mu Qingmei to the city again, and took her to go shopping and watch movies, like a real couple.

But Mu Qingmei looked at Qin Yuan, but she seemed to have something in her heart as if she was expecting what Qin Yuan would do.

But Qin Yuan was at a loss, and had never figured out what Mu Qingmei wanted to do.

After playing various projects, two days have passed, and there are five full days left, but Qin Yuan has a headache as to what he is going to do.

This is really a very strange phenomenon. I always look forward to the holiday before the holiday, but if it is after the holiday, I start to get bored within a few days, but look forward to the days of the troops.

But Qin Yuan suddenly thought of something and said to Mu Qingmei:

"By the way, you haven't met my comrade-in-arms yet, or how about I take you to meet my comrade-in-arms?"

Hearing what Qin Yuan said, a smile appeared in Mu Qingmei's eyes, but the expectation in his eyes was even more exuberant.

Qin Yuan was even more confused, but since Mu Qingmei had no objection, he immediately started to arrange the matter. Qin Yuan first called Song Kaifei and suggested that they gather together, and Song Kaifei immediately called After a joke, he said to Qin Yuan:

"Oh my god, you don't know how difficult it is for me to stay at home these few days, so I became a steamed bun for one day, and the next two days were utterly uncomfortable. I will go and go!"

Qin Yuan can also think of Song Kaifei's depression, after all, in the eyes of his mother, only the first day is a good son, the second day is a son, and the third day is a stinky boy! !

After the two agreed on a meeting place, Qin Yuan took Mu Qingmei directly to the station.

And soon, they met at the station!

Chapter 197: Is it too difficult?

I haven't seen each other for a few days at this time. After everyone met, there was another burst of joy.

When a few people saw Qin Yuan, they carried Mu Qingmei, and there was a burst of laughter.

What surprised everyone is that this time, Xu Tianlong also brought a girl!

This girl is tall and long in legs, with two dimples on her face. She is very married to Xu Tianlong!

"I'll go, it's the captain, why don't you have an object, is I the only single dog in our team?"

Song Kaifei let out a tragic cry. When he was at home, his parents arranged for him to go on a blind date. How could he go on a blind date when he was a great young man and pursued free love? This is why he can't wait to run out of the house.

After , a group of people walked directly towards Wang Yanbing's home. They wanted to follow Wang Yanbing and then go to Li Erniu's home together.

Wang Yanbing's home is not easy to find. It is in a hutong. After all, his father left home when he was very young, so Wang Yanbing grew up with his grandmother.

Later, after his grandmother died at an older age, Wang Yanbing was left with only one house here, which was considered homeless, so this time when he went home to visit relatives, everyone else was happy and joyful. Only Wang Yanbing was a little sad.

When Qin Yuan and others arrived, Wang Yanbing was very surprised. He was worried about nothing to do. The arrival of Qin Yuan and others happened to be able to fill the desolation in his heart!

"Damn, you don't have to tell me in advance when you come, oh, there is nothing at home, how can I entertain you?"

"Are we here to let you entertain? But just to see you and see how your bachelor is doing. By the way, I will take you to Erniu's house and walk around."

Qin Yuan said with a smile, and then introduced to Wang Yanbing:

"This is Mu Qingmei, you know me!"

Wang Yanbing could naturally see the relationship between Mu Qingmei and Qin Yuan, a wretched smile appeared on her face, and then she shook hands with Mu Qingmei.

"Okay, since you are all here, let's rest at my house first, get you something to eat, and we will leave when we finish eating!"

At this time, the neighbors outside, seeing so many guests coming from Wang Yanbing's home, said warmly to Qin Yuan and others:

"Oh, you are Yanbing's comrades-in-arms, come here, sit down, sit down quickly, wait, aunty will cook you food!"

Wang Yanbing grew up eating a hundred schools of food. Although he became a ***** when he was young, the neighbors around him hated him a little, but now that he has been converted, so many people still care and love him very much. .

And Song Kaifei patrolled Wang Yanbing's home. I happened to see the black-and-white photo hanging on the wall, my heart sank slightly, and said to Wang Yanbing:

"Yanbing, is there anyone in your family?"

When Qin Yuan heard this, he immediately glared at Song Kaifei, but Wang Yanbing shook his head indifferently:

"My dad left when he was very young. My mom passed away early, and now my grandma is gone. I am alone in my family."

Although Wang Yanbing didn't seem to care when he said this, Qin Yuan still saw it, the trace of desolation in Wang Yanbing's eyes.

At this time, He Chenguang was not very comfortable either. After all, he was considered an orphan. He was raised by his grandparents since he was a child. He patted Wang Yanbing on the shoulder directly and said to Wang Yanbing:

"It's okay, aren't we your family?"

"Yes, we are brothers, we are your family!"

Wang Yanbing heard this, and his eyes were moved, but at this moment, Qin Yuan touched Wang Yanbing lightly, indicating that he had something to say to him.

The two people hid in a small corner. There was also a hint of curiosity in Wang Yanbing's eyes, not understanding what Qin Yuan wanted to tell him when he called him out.

Qin Yuan saw Wang Yanbing's appearance, but directly asked:

"Yanbing, I don't know what your impression of your father is."

Hearing this, Wang Yanbing's face suddenly changed, and he whispered:

"Captain, although it sounds a bit unfilial, I really hate this person. He didn't come to express condolences when my grandma passed away. If I can meet him, I will definitely teach him a lesson!"

Saying this, Wang Yanbing gritted his teeth a bit, but seeing Wang Yanbing's appearance, Qin Yuan gently patted Wang Yanbing on the shoulder, and said lightly:

"What if things are not what you think they are?"

"Yep?"

Hearing what Qin Yuan said, Wang Yanbing looked puzzled.

"What if he has to be forced?"

Qin Yuan smiled slightly, then said to Wang Yanbing:

"Yan Bing, I can only advise you. Great people are not just us special soldiers. There are many unsung heroes behind us. They have paid even greater sacrifices, and no one else can even understand. , Although I can't tell you directly, I can only say one thing to youYour father is definitely not a bad person. I hope you can let it go."

Hearing Qin Yuan's words, Wang Yanbing's brows suddenly wrinkled tightly, and then he suddenly thought of something, his eyes were startled, and he looked at Qin Yuan in surprise.

"I didn't tell you anything. You shouldn't know about this, so it's best to hide it."

Qin Yuan can't directly say to Wang Yanbing that Wang Qingshan is an undercover agent, but at least it is necessary for Wang Yanbing to have a bottom in his heart. Otherwise, such a thing would be too tormenting for Wang Yanbing.

At this moment, Wang Yanbing's spirit was shocked, and there was a flash of light in his eyes, and the spirit of the whole person instantly became different!

But Qin Yuan suddenly heard at this moment:

"Ding Dong, congratulations to the host for completing the task, and training 5 qualified fighters in the red blood cell team to get a grid!"

Hearing this voice, Qin Yuan's heart was overjoyed. He didn't expect that after such a long time, he finally completed this task! Get the grid!

After the Philippine trip, the strength and mood of Li Erniu, He Chenguang and others have been greatly improved, and Li Erniu and others are already qualified. Only Wang Yanbing is left. Naturally, strength is not small. .

And now Qin Yuan has thoroughly talked about this matter, and temporarily released a shackle in Wang Yanbing's heart, naturally allowing Wang Yanbing to move forward in great strides!

But Qin Yuan thought about it for a while, but his face was a little embarrassed. After so much effort, he was considered a grid. Is this task a bit too difficult?

Chapter 198: What is this person from?

Before, Qin Yuan still wondered if he could get 5 squares directly, but now it seems a bit difficult.

But it doesn't matter, after all, as long as the blood is seen and the baptism is passed, then this task can still be completed, but it will take time.

Qin Yuan still has confidence in the players he has trained.

Afterwards, Qin Yuan and his party ate a meal at Wang Yanbing's house, and then proceeded towards Li Erniu's house.

Li Erniu's home is in the country, so the group of them rented two cars directly.

And when they found Li Erniu, they found that Li Erniu and Cuifen were plowing the ground, just like a real young farmer couple!

"Brother Yuan, Chenguang, why are you here!"

At this time, Li Erniu was extremely surprised, and then quickly returned to his home with Qin Yuan and others, and began to entertain Qin Yuan and others.

Then Qin Yuan began to play near Li Erniu's home.

I have to say that although it is a country, the air and environment here are very good, so Qin Yuan and Mu Qingmei both had a great time.

It's just that although Mu Qingmei's smile is brilliant, her brows have an unresolvable melancholy. Seeing Qin Yuan a little anxious, he doesn't understand why Mu Qingmei is unhappy because of something.

But Qin Yuan didn't know, but Cuifen and Xu Tianlong's girlfriend Zhou Yi could see clearly. Seeing Qin Yuan's anxious appearance, he couldn't stop laughing.

Li Erniu can see a little too, so he said to Qin Yuan cheerfully:

"Brother Yuan, do you want to take Dr. Mu to our attraction? We have a wish stone here. Many people will go to see it. Why don't we take you to see it?"

"Okay!"

Qin Yuan wanted to make Mu Qingmei happy, so naturally he agreed.

So the group directly wanted to drive to see the wish stone, but just walked to the door, Qin Yuan saw his car surrounded by a few people.

The man headed by had fat ears and a face full of flesh. Looking at the car at this time, he could not help but rubbing, seeing Mu Qingmei, Zhou Yi and Cuifen, his eyes brightened.

At this time, Li Erniu frowned when he saw this person, and said to this person:

"Zhang Dan'er, what are you doing?"

"Er Niu, I'll discuss something with you. Look, I will get married tomorrow. Can you lend me this car? This car is a good car. If I drive to pick up the bride, I will definitely have face!"

Although Qin Yuan rented a car this time, he is not short on money now, so naturally he rents a good car. In Zhang Dan'er's view, it is indeed very high-end and has a face.

But Li Erniu said:

"Zhang Dan'er, it's not that I didn't lend you, but these cars belong to my comrades-in-arms, not mine. They may go back tomorrow, so they can't lend you."

"You can just let them pay more attention, I just use it, don't you be so stingy?"

But Li Erniu said that he didn't agree with anything. After all, he knew who Zhang Daner was. He relied on being the son of the village chief, so he did a lot of bullying men and women.

Someone lent him the car, but when he returned it, the car was messed up. These cars belonged to Qin Yuan. Of course, Li Erniu would not let Zhang Dan'er be so bad.

Looking at it, Li Erniu was still unwilling, Zhang Dan'er was immediately anxious, and pushed him to Li Erniu's body, and said to Li Erniu:

"Damn, I gave you a face, isn't it? Isn't it the stinky cook on the army? Do you still think you're amazing?

cooking?

Hearing this, the onlookers around suddenly laughed.

But Qin Yuan and others understood what was going on.

There are regulations in the army. Once you actually join a certain secret task force, you will unanimously claim to be a member of the cooking squad or the logistics pig.

Although they can say what kind of training they have undergone, they can't say anything about the tasks they have performed, the numbers of their individual troops, and so on.

"The Erniu is not a cook! He is..."

Seeing that her boyfriend had been insulted like this at this time, Cuifen wanted to argue with Zhang Daner angrily, but Li Erniu directly grabbed his girlfriend and looked at Zhang Daner and said:

"I'm just a cook, cook, and don't delay my contribution to the people. This is the car of my comrade-in-arms. I can't lend you anything!"

"Oh, you are quite stubborn, let me tell you, you have to borrow this car today, or if you don't, brothers, go and get him!"

After finished speaking, Zhang Dan'er led a few gangsters directly and surrounded Li Erniu.

At this time, He Chenguang and others standing behind, just wanted to go up to help Li Erniu, but Qin Yuan stopped them.

If it was Li Erniu who came out of the Iron Fist in the first place, he might not necessarily be an opponent against these more than a dozen people, but since returning from Philippine, Li Erniu's skills have been completely transformed, and these are the broken coppers in front of him. Bad iron is definitely not his opponent,

Sure enough, just when those people wanted to attack, Li Erniu moved directly, watching his movements not fast, but his power is extremely huge, is like a real bull same.

Those people led by Zhang Dan'er hit Li Erniu with their fists, as if they were hitting an iron pillar, and Li Erniu casually punched and kicked them, and they all couldn't hold it.

They couldn't think of it. How come these dozen people can't even beat a pig farmer in the army. Are the army members so powerful?

In the end, everyone who Zhang Daner brought was all knocked down by Li Erniu. Zhang Daner was also punched by Erniu. Several teeth flew out, struggling to get up from the ground. Zhang Daner was right. Li Erniu said:

"You wait! You wait! You dare to hit someone, you wait, I want you to look good!"

"I'm waiting for you here, get out of here, don't be an eyesore here!"

Li Erniu said, and Zhang Dan'er was the little brother who supported him and left with a limp.

"Er Niu, you are really amazing."

"Yes! Those few moments just now were pretty and neat!"

At this time, He Chenguang and Xu Tianlong both spoke to Li Erniu, and when Li Erniu heard these two fighters boasting about themselves, he immediately touched the back of his head in embarrassment.

"What are these people?"

Qin Yuan asked Li Erniu, but Li Erniu said:.

"His father is the village head, so he is usually more domineering, but you can rest assured that he dare not do anything."

Seeing this situation, Qin Yuan nodded, but his eyes narrowed, took out his phone, edited a text message, and sent it directly.

Chapter 199: hidden weapon

This is just a small episode. After all, the corpse mountain and blood in Philippine have come over, so Qin Yuan and others did not take Zhang Dan'er seriously, so they went straight to the wish stone mentioned by Li Erniu. .

This is a very strange stone. The shape of the whole stone is like two overlapping hearts, but this strange stone was corroded by the waves and made a big hole, just like being directly pierced by a sharp arrow. The same!

"Wow, isn't this the same as Cupid's pattern? This is too romantic!"

At this time, Tang Yi yelled loudly, and Xu Tianlong also laughed, and then hid with Tang Yi.

But playing around, Qin Yuan and Mu Qingmei discovered that everyone around them seemed to have disappeared.

Both of them sat on the top of the stone, just like the representatives of the stone.

At this time, Mu Qingmei looked at Qin Yuan, but his eyes grew more resentful.

At this moment, Qin Yuan's cell phone vibrated for a while, glanced at the message above, and immediately understood everything, then looked at Mu Qingmei with a smile.

"Are you still angry?"

Qin Yuan said directly to Mu Qingmei, but Mu Qingmei was taken aback for a moment, and then she couldn't help denying it to Qin Yuan:

"Me, why am I angry? Where am I angry?"

"Don't admit it yet?"

Qin Yuan also smiled when he saw Mu Qingmei's appearance. After that, Qin Yuan stood up directly, looked at the vast ocean in the distance and said to Mu Qingmei:

"Actually, I thought that we didn't need such a thing, but I took it for granted. I think you don't need it, but it doesn't mean you don't really need it."

Speaking of this, Qin Yuan directly pulled Mu Qingmei up from the stone, and then suddenly pulled Mu Qingmei into his arms, facing each other, and said straight to Mu Qingmei:

"Mu Qingmei, I like you, can you be my girlfriend?"

Hearing Qin Yuan's words, Mu Qingmei's face suddenly resembled a ripe tomato, and instantly turned red. She wanted to escape from Qin Yuan's hands, but how strong is Qin Yuan's strength as a woman can Those who break free can only stay in Qin Yuan's arms in the end.

Qin Yuan looked at Mu Qingmei's extremely happy look, and shook his head and smiled:

"Actually, if you want something like this, just tell me not. I, this guy, thinks too little, and I always feel that we will have a long life in the future, and I won't be able to use this basic language to prove it. ."

"Then you don't know that women rely on their ears to feel emotions?"

Mu Qingmei finally calmed down at this time, and said to Qin Yuan, then she lay on Qin Yuan's chest and said to Qin Yuan:

"Actually, I always feel unreliable. After all, I am just an ordinary doctor, and you have such a great ability. Especially after hearing about the medals you have won, I feel that the gap between the two of us is too great. Great, you were born to death outside, but I can't do anything for you, and we don't even have the most basic guarantee. Of course I'm worried."

Qin Yuan couldn't help laughing when he heard this, and then said to Mu Qingmei:

"Then you don't have to worry about it now, don't worry. After a while, we will be old enough, and we will apply for the certificate directly. When we have this thing, I think you can rest assured."

Hearing Qin Yuan's words, there was an unstoppable sense of happiness in No.1's heart.

And Qin Yuan suddenly saw something sparkling in the water at this time, and said to Mu Qingmei:

"Wait for me here first, I will prepare a gift for you!"

Qin Yuan directly dropped the stone, and then planned to find a suitable shell from the ground, then cut off the back half of the shell, and made the remaining part into a ring.

Unfortunately, there are not many shells that meet the requirements, so after searching for it, Qin Yuan finally found a shell in the cave corroded by this stone, but when Qin Yuan just planned to go up, he found that the cave seemed to be There is something.

Qin Yuan suddenly turned on the echolocation ability, and through the detection, Qin Yuan was surprised to find that the stone should not be formed naturally, but was directly penetrated by a sharp object. This would form such a situation.

Seeing the thickness of the stone at this time, Qin Yuan felt a bit stunned in his heart. With such a thickness, I am afraid that the 12mm sniper rifle may not be able to be shot. How did this happen?

But Qin Yuan directly shook his head in the end, temporarily put the matter aside, jumped directly onto the stone, and then took the shell ring made into Mu Qingmei's hand, and said to Mu Qingmei:

"Use this thing to deal with it first, and buy you one with diamonds later,"

But Mu Qingmei was extremely surprised, and said to Qin Yuan:

"I don't want to bring diamonds! This is the best!"

The two of them are you and me again. After a long time, Li Erniu and the others who were hiding nearby made their teeth sore.

"Comrade Erniu, take a look. You have to learn from the captain. I think you are so close to this rock, and you have never been like this before Single dogs don't have any human rights, so I want to be a dignified one. Pilot, as a result, even a serious wife can't be found, and don't just talk about Erniu, isn't there a four-eyed dragon?"

"Bah, Tang Yi and I are childhood sweethearts and we are married, so we don't engage in these flowers!"

At this time, several people complained for a while, but when they looked around, they found that Qin Yuan and Mu Qingmei had already walked down the rock.

Then Qin Yuan was actually digging against this stone!

Seeing Qin Yuan's movements, Xu Tianlong and the others looked at each other. They really didn't understand what Qin Yuan was doing, but Qin Yuan directly raised his head and shouted:

"Okay, you guys don't hide there and watch, come and help me!"

Hearing this, several people stood directly from behind the bushes, and then they found Qin Yuan digging and found a very clear hole in the stone.

Qin Yuan's ant's power broke out in an instant, hit the stone with a punch, and the stone split instantly, and then Qin Yuan found something very strange in the small hole.

This thing is ten centimeters long and looks like the tip of a spear.

"what is this?"

Everyone was puzzled at this time, but soon, Tang Yi screamed:

"Here, this thing is called Dragon Peck!"

"Pecking Dragon Cone?"

Hearing this strange name, Qin Yuan also looked puzzled, and asked Tang Yi:.

"Then what is this thing for!"

"This is a hidden weapon!"

Chapter 200: Shame on you

Hidden weapon?

Hearing Tang Yi's description, everyone was a little surprised. This thing is so big that it doesn't look like a hidden weapon. Then Tang Yi directly explained:

"This thing shouldn't have appeared for a short time. I heard from my grandfather before that in the Eight-Nation Alliance, some martial arts families developed a weapon specifically designed to fight the enemy's machine gun. It is said to be quite powerful, but later Because the range was not enough and the operation was very troublesome, it was eliminated by firearms later.

Qin Yuan nodded unceasingly when he heard this.

Current weapons do not require too much power. A 5mm caliber bullet is no different from a 12mm bullet in terms of hitting people. The same is dead. Naturally, it is necessary to control costs.

"This thing is useless, but it's relatively rare. You can keep a memorial or something."

Xu Tianlong knew this too. Qin Yuan thought about it for a while and thought that this thing might still be useful, so he put this thing in his pocket.

"Okay, it's almost time to play, let's go, it's time to go home for dinner, I will let Cuifen get you some delicious food!"

Li Erniu said to everyone, and at this time, several people also responded loudly.

"Hey, Brother Yuan, do you show it too? I remember that the barbecue you made last time was delicious!"

"It's easy to say, let you see my craft!"

Qin Yuan agreed, but when everyone was walking out together and wanted to go back by car, he saw a group of people walking towards this side!

And the leader of this group is Zhang Dan, who was taught by Li Erniu before!

Seeing Zhang Dan'er took dozens of people this time, Qin Yuan and others were completely stunned.

"My mother, I found you, don't go! Li Erniu, now I will ask you again, can you borrow this car?"

Li Erniu also has a dumbfounded look. To be honest, he has not seen such a posture, at least he did not expect to see such a posture in his own home.

"I told you that this car doesn't belong to me, it belongs to my comrade-in-arms, I can't borrow it!"

Of course Li Erniu wouldn't watch Qin Yuan's car be taken away by this guy, but when he heard that Li Erniu did not bow his head, Zhang Daner was even more wicked:

"Hmph, if you bow your head, I still don't want to, brothers, call me!"

After saying this, the brawny men behind Zhang Dan'er rushed towards Qin Yuan and the others!

"Captain, we..."

Everyone looked at Qin Yuan, and it was fine before, only Li Erniu did it alone, but now they can't watch Li Erniu deal with dozens of opponents alone, and in case they really do. , That is to gather people to fight, which violates discipline.

"It's okay, remember, we first let the other party do it. The law clearly stipulates that as long as these people are attacking, we can counterattack, but we cannot pursue them."

This means that Qin Yuan and others can't do it first, but they can knock the opponent down directly at the moment they do it, but they cannot make up the knife.

"Understand!"

Hearing Qin Yuan's instructions, there was a light of excitement in everyone's eyes!

These few people stood still, just watching these people rush up.

And these brawny men are holding wooden sticks in their hands. Seeing that these people can't run without moving, they immediately felt happy. The headed brawny directly hit Xu Tianlong's head with a stick on the forehead. go with!

But seeing the stick about to fall on top of Xu Tianlong's head, these brawny guys have a dizzy eye, and they feel that their body is completely turned upside down. With a pop of head, they are stuck in the sand!

Wang Yanbing smiled even more, without dodge or dodge, he took the blow abruptly, but the wooden stick was beaten in two on the spot, and Wang Yanbing had nothing to do!

This brawny man was almost stunned, looking at the broken stick in his hand, stupidly speechless.

Later, Wang Yanbing gave a strange cry, scared this person subconsciously smashing the stick at Wang Yanbing's body, and this time Wang Yanbing directly moved his hand, just like Xu Tianlong, forcibly planting this person's head into it. In the sand!

A few people shot as fast as lightning, and soon they planted all the brawny men into the sand!

Qin Yuan walked to Zhang Dan'er at this time, and said to Zhang Dan'er with a smile on his face:

"Oh, are you still going to have our car?"

Zhang Daner watched that he had brought so many people. In front of the extreme and others, he didn't even have the ability to resist. He couldn't help but retreat, and said to Qin Yuan, "Don't come, don't come."

Qin Yuan was speechless for a while, even if he was so courageous, he dared to be a village tyrant and grab someone else's car.

And at this moment, Zhang Dan'er suddenly received a call, and his face suddenly showed a touch of joy, and said to Qin Yuan, hum, you are miserable, all of you are soldiers in the army, right? , Dare to directly hurt people and watch, I will let you die.

Hearing these words Li Erniu's brows suddenly frowned, walked to Qin Yuan's side, and said to Qin Yuan:

"Brother Yuan, this guy's relatives are in the police station, or else you go first, I will give him a good break?"

There was a fierce light flashing in Li Erniu's eyes, and he was obviously planning to attack directly!

Qin Yuan heard this, but he smiled and said to Li Erniu:

"You and him, what are you and him? It's been a long time since you are a soldier, just follow my instructions and go."

Li Erniu looked embarrassed when he heard this, he didn't want his comrades to be punished because of him!

"Okay, Erniu, get out of the way quickly. You don't see that the captain has made plans in his heart, so don't disturb him."

He Chenguang saw Qin Yuan's calm face, and naturally guessed that Qin Yuan had made other preparations, so he pulled Li Erniu aside.

Sure enough, it didn't take long for a series of police cars to arrive here, and Zhang Dan'er looked at the long police car with excitement in his eyes. He didn't expect his cousin to have such a great ability. Calling so many police cars is really shameful.

At this time, Zhang Dan'er said to Qin Yuan arrogantly:

"Can you not fight? Keep doing it, you have the ability to kill me in front of these people!".

Upon hearing this, Qin Yuan showed a smile and said to Zhang Dan'er:

"You who have a mother but not a mother, don't do this kind of begging for nothing in the future, I will feel ashamed for your father!"
