

Special Soldier 1961

Chapter 1961: unusual disappearance

After Qin Yuan said so much, he wanted He Fei to stop focusing on Jason.

It was not easy for Jason, he was doing it for his daughter, and he didn't care about the rest.

Qin Yuan didn't want Norman Karim of Pakistan to have a chance to hurt his good brother.

When He Fei heard what Qin Yuan said, he naturally couldn't continue to refute anything.

Now that he has agreed, Qin Yuan will not believe other people's words, let alone hurt Jason, and he will never go back on his word, because he himself knows Jason, and it is not easy.

It is also worthy of sympathy and understanding to pay so much for a daughter with congenital heart disease.

However, Norman Karim, the reason why he has been able to come to this day will definitely not depend on the sympathy and pity of others.

He relies on his own ability, and he is also a very cruel person.

If Qin Yuan couldn't do what Qin Yuan promised him, then sooner or later he would attack Jason.

Qin Yuan himself was also very puzzled in his heart, and also muttered how to ensure that Jason would not be harmed?

So, he said to He Fei:

"Mr. He, I know that you have great hands and eyes in Pakistan. If you want to deal with a small smuggler, you don't have to do it at all. If you do it yourself, just say a word and someone will help you.

I believe it should be Effiete and they already knew that you were dissatisfied with Jason, so they just took this opportunity to kill two birds with one stone.

If you deal with both of us, you can also use this matter to exchange your approval for him. "

After hearing what Qin Yuan said, He Fei was somewhat puzzled.

"You boy, I have never thought of what you said, do you mean that the reason why Effiete and the others make things difficult for you is because they want to please me, I think you really know how to find a reason.

I never thought of not helping you guys. Are you still labeling me like this to make me feel bad on purpose?

If you think so, then I really underestimate you, you kid is quite scheming. "

Did Qin Yuan realize it? Thinking of this, He Fei is quite smart, he actually heard his own thoughts, he just wanted to blame this matter on He Fei, so that he had to help himself put such a hat on him, he Can't run either.

"Since Mr. He is so smart and understands what I mean, I believe you will help us and not make us difficult, right?"

"When did I not help you and when did I make you feel sad? You kid must speak evidence and conscience.

I called you today to contact you, isn't it just to help you? What else is there to say? "

"Then can you promise us? Don't hurt me in the future, Jason!"

"Is your friend so important to you? You don't listen to Fan Tianlei's words. I know that Fan Tianlei has always cared about the relationship between the two of you. He can't say he regards you as a good apprentice." .

I think he even thinks of you as his own child.

Haven't you ever felt that he doesn't feel the same way about you as he does about other people? "

Qin Yuan thought of Fan Tianlei in his heart. He is young, married, and has no family of his own.

Not to mention that he doesn't know what it's like to be a father at all, so how can he treat himself like his own son?

"I know Fan Tianlei is very kind to me, and the relationship between me and Lei Shen is also a teacher and a friend, but if you say that he regards me as his own son, it is a bit too exaggerated, he has never been a father himself. How do you know what it's like to be a father?

Since you don't know what it's like to be a father, how can you treat me like his own son? You must not kidnap me morally here. The relationship between me and Thor doesn't need to be judged by moral kidnapping. "

After hearing so much from Qin Yuan, He Fei didn't feel anything else.

"Okay, if you don't have anything else to do, boy, then I don't want it, I still have a lot of personal affairs to deal with.

I made this call with you today to let you put your heart in your stomach and don't worry, just wait for the ship to dock honestly and aboveboard. If someone really comes out to make things difficult for you, I won't either. You ignore it.

I have already filmed it, and people are watching, as long as there is any movement.

Someone will come to help you, I believe as long as my people come forward, Effiete, they will not embarrass you, let alone dare to embarrass you! "

Hearing He Fei's confident look and expression, Qin Yuan felt a little unreliable in his heart.

Could it be that this He Fei is really in Ba, and has reached the point of turning his hands over clouds and raining his hands?

"Mr. He, I say this, not because I don't believe what you mean, I just want to confirm with you that what was lost on our ship was munitions.

Are you sure that Effiete and the others really won't embarrass us like this? "

Unexpectedly, He Fei sneered and said:

"Hmph~ Don't say it's munitions, you just pulled a boatload of gold. Even if it was lost, he wouldn't dare to do anything to you!

If there is something, I will ask him to come to me, and I will see what he can do to you! "

After finishing speaking, He Fei hung up the phone. Such domineering and leaky language really made Deng Shaoji a little admired and a little uneasy.

It seems that he should be able to make up his mind to help himself, but he still feels a little unreliable, and has never met him.

Even if he is Fan Tianlei's friend, it was so many years ago. Even if he still remembers the comradeship between the two of them, will he tear his face with Effiete for him?

"Forget it, since it's here, you can use it without suspicion. Since you have already asked for it, you can do whatever you want!"

Qin Yuan talked to himself, and after saying a few words, he was afraid of Chen Jixiang and Jason waiting in the house.

He quickly turned around, ready to go back to the saving room and tell them what happened on the phone just now.

At this moment, looking at Jason's men, he hurried over.

From the look of trotting, it seems that he is very anxious.

Qin Yuan immediately stopped and turned around and asked:

"Brother, what's the matter? What happened? Why do you feel so anxious? Is there anything you need to report to your boss?"

"Of course, if there is nothing important, how could I be in such a hurry?"

Don't stop me yet, I have to report to our boss immediately! "

Qin Yuan looked at him profusely with sweat, so it was definitely not groundless.

"What's the matter? Are you so panicked?"

"Don't ask, just go in with me to find the boss, and I'll tell you when we get there, and you'll know what's going on after listening together?"

"Yeah, well, let's go there together, and I just want to go back to find Jason."

Afterwards, Qin Yuan followed Jason's men back to Jason's room.

"Qin Yuan, have you finished contacting Norman Karim? Has she promised to help us?"

How did you come here? What's the matter with sweating profusely? Looking for me in a hurry? "

Therefore, Qin Yuan said:

"I've already contacted He Fei, and he promised to help us, and his appearance and attitude should be relatively shallow. I feel that no matter what happens, he will help us. You told me about him just now. .

Just in time, I saw it when I was about to come back. Your subordinate seemed to be in a hurry. He said he had something important to ask for you. I asked him what to do, but he didn't say anything. Anyway, he was very anxious and said that I'll follow Come with him.

Just know what's going on! "

"Then what do you want from me, tell me quickly!"

Unexpectedly, he was sweating profusely just now, but now he hesitated to speak.

Qin Yuan, he is the one who hates this kind of very anxious and suddenly hesitant to speak.

"I said if you have anything to say, you should hurry up and talk about it. Is it necessary to play tricks here? I was very anxious just now, but now I don't talk about it. Didn't you intentionally make your boss worry about you?"

Hurry up and stop talking about it here. What the **** is going on? "

After listening to Qin Yuan's words, Jason's subordinate was still hesitating.

Jason also seemed to feel that his subordinate should have something important to say now.

"Tell me, so far, what else can I not stand?"

"Boss, let me tell you, you must calm down!"

"Say it, I'll calm down!"

"Yaya disappeared from the hospital!"

"What?"

After Jason finished listening, he immediately became so nervous that the cup in his hand fell to the ground.

How could his daughter have disappeared?

"You said my daughter Yaya disappeared from the hospital? What's going on? Why didn't anyone come to tell me?"

"There is no signal on the sea, and everyone can't contact you. Just now, it was Amin. He drove a small speedboat. You came to our boat as quickly as possible to report this matter to you. He dare not face it now. to you.

He is waiting outside alone, so I can only convey it to you first.

After Qin Yuan heard this, he also felt that this task was definitely not easy. Why did Jason's daughter disappear?

"What exactly is going on?"

Jason's hands couldn't help shaking, and he was very worried about what happened to his daughter.

He doesn't have any relatives now, and only one daughter lives with him.

Originally, my daughter had a congenital heart disease, and now she is still missing. Didn't this kill Jason?

Jason pretended to be calm, trying to calm himself down as soon as possible. Don't panic yourself. Once things get too chaotic, there is really no room for resolution.

So, Jason swallowed his saliva and said calmly:

"Speak slowly, what is going on? Isn't Yaya in the hospital or Amin watching him?

How did he disappear? Why didn't you let Amin come over and tell me about such an important matter, can you convey it clearly? "

"Amin, he has lost Yaya now, how dare he face you?"

"You have been with me for so long, you don't know that my temper is busy with other things, since it has happened, you should quickly find a solution, and punishing him now is not a good way.

Can I get Yaya back if I punish Amin now? "

Qin Yuan admired Jason very much when he heard this.

No wonder there are so many people around him who are willing to go through life and death with him. Even facing such a big problem as his daughter's disappearance, he can still calm down and deal with it without panic.

But Qin Yuan already felt that Jason's heart was beating.

If his daughter Yaya's life was really in danger this time, I'm afraid Jason would not continue to live.

"Why don't you let your brother Amin come in first, let him and Jason explain clearly, what's going on?

We must reach our destination now, and Jason will go back soon. How could her daughter disappear in such a short time?

Jason, I think it's better to calm down. It seems that your daughter's disappearance is not that simple, and you can't blame Amin for all the problems.

I believe that this subordinate of yours will not want your daughter to disappear. Someone must be behind the scenes on purpose! "

Jason gritted his teeth and said viciously:

"It seems that this matter must have something to do with Effiete.

No harm to the family! He also promised me when the two of us signed the agreement again, no matter whether I succeed in this matter or not.

He will never hurt my daughter, it seems that he broke his promise! "

Chen Jixiang said in surprise beside him:

"Efett, do you think this kind of people still have credibility when they speak? It is impossible to believe what they say. People like them are the most shameless, and they can do anything.

Jason, you are so naive to believe that they won't hurt your daughter! "

"Chen Jixiang! Just say a few words less!"

After Jason heard this, he was not angry with Chen Jixiang either.

He just stood there blankly, and said coldly:

"Yeah, it is indeed me, so naive, I can actually believe what people like them say.

However, I hope that they had better not do anything to my daughter!

If they are really mad enough to attack my daughter, ', then I will fight them to the death! "

Seeing Jason, Qin Yuan clenched his fist tightly while talking.

It seems that Jason, an honest man in a certain sense, has been driven to a certain desperation by them.

"Let Amin come in first! I'd better ask him the ins and outs of the matter and what's going on. Even if I know that Yaya is lost, I still have to know where he lost it!"

Jason's subordinates said timidly:

"Okay then, boss, I'll let Amin come in now, please calm down first!"

Afterwards, Jason's subordinate was ready to go out to find A Ming who came to report and looked like his daughter Yaya.

The atmosphere of these people in the house has also fallen into an extreme freezing point...

Chapter 1962: missing without a trace

Qin Yuan heard about the disappearance of Jason's daughter from Jason's subordinates. He now feels very helpless and sympathetic.

It is now obvious that although everyone has no evidence, they can also feel from his mouth that Effie and the others must have an inseparable relationship in this matter.

At this moment, Qin Yuan said to Jason:

"Jason, it seems that all of this must have something to do with them. I don't know if I have troubled you. I am so sorry. If I knew that I would cause you such a big trouble, I would never have slept with you at the beginning. ship."

Jason smiled and said to Qin Yuan:

"I've heard a saying that a fire at the city gate will bring disaster to the fish in the pond, and now I don't know if I got you down or you got me down.

However, no matter what, we are all on board now.

Everyone knows that this matter has nothing to do with them. This group of people is really despicable and shameless. They even threatened me with my daughter. What can't they do? "

At this moment, Jason's subordinates walked in with his Amin who had been watching over Jason's daughter.

Amin knelt on the ground as soon as he saw Jason plop.

He didn't dare to look up at Jason.

Jason calmed down for a while, softened his tone and said to Amin:

"Amin, let's talk when we have something to say!"

"No, boss, I have no face, see you again.

The tasks you gave me have not been completed. I am my own lion. I did not take good care of Yaya. If I hadn't waited until I found Yaya, I would be able to fulfill this wish. I would immediately apologize by dying.

I really don't see you anymore, if Yaya really has something wrong, don't worry boss, I will definitely go down to accompany him. "

After hearing this, Jason walked to Amin's side and gently helped him up.

"Don't say that first, didn't I just say that? Let's talk when you have something to say.

I know that you are also very sad about this matter. Now I am looking for you to come and hear the ins and outs of this matter clearly, so that we can find a way to solve it. ?

At the beginning, I entrusted Yaya to you because I believed in your ability. I believe that if some of them did it on purpose, there is nothing you can do.

I was so naive myself that I never thought they would threaten me with my daughter's life.

If you had hired a few more people to watch over it, Yaya would not have fallen into the situation she is in now. All this is not only your fault, but me as a father is also at fault. If there is a punishment, the most should be punished I am the father. "

After listening to Jason's words, Qin Yuan could feel that he was very sad, but also that he was unusually calm.

Qin Yuan now knows Jason a little better.

No, it should be said that I admire Jason a little more now. I never thought that a man could face the disappearance of his daughter with such calmness and not blame his subordinates for the incident.

It cannot be said that this is such a rare quality, it can only be said that many people cannot be so calm.

At this time, Chen Jixiang said:

"Amin, right? I know I shouldn't talk nonsense here with you, and there is no room for talking here.

However, I think everyone should calm down now and think about how to save Yaya.

I know that under the circumstances that Yaya Shijie is your only daughter, you can still be so calm, and I really admire you.

It's useless to blame anyone now, all we can do is to fix it, think quickly, a perfect plan to rescue Yaya, I don't think his life is in danger now, if it's really Effiete, they kidnapped Yaya , On the contrary, I think they want to use Yaya to make a fuss. "

Qin Yuan nodded after listening to Chen Jixiang's words. He felt that this kid was sometimes mature and stable. He didn't expect him to be so calm instead of so excited.

Maybe it's because he hasn't become a father yet, so he doesn't understand Jason's current mood.

Therefore, Qin Yuan said to Chen Jixiang:

"Do you think Jason is not calm enough? Have you thought of any good ways to help him now? Neither of us has ever been a father.

I don't know, the feeling and responsibility of being a father, but we all know what a terrible thing it would be if our daughter disappeared, and it fell into the hands of Effiete and the others. "

At this time, Jason said to Amin:

"Then let's think of a way quickly. Please describe to me, how did Yaya disappear? What's going on with all these corrections?"

Before Amin could speak, another of Jason's subordinates punched Amin.

Jason said very angrily:

"what are you doing?

I wasn't angry at all, I was so calm, I kept a tight string, why did you attack so hard all of a sudden? Amin is one of us, he did something wrong, and things can't punish him like this.

I can see just now that he has already blamed himself very much. If we put such a lot of pressure on him, wouldn't it kill him?

If A Ming, there is really something wrong now, and no one can help us find Yaya.

Now An Ming is the only one who can know Yaya's whereabouts. Do you still treat him like this? He just made a mistake. "

Jason's man explained:

"Boss, you have a big heart. You can forgive Amin, but I can't forgive this kid who we all watched grow up, and he still has such a serious heart disease. If he disappears, it is very likely will stimulate his heart.

I think Yaya is more than a disaster now, Amin is really a **** kid.

A Ming, let me tell you, if you find Yaya safely, you will be counted as doing good deeds. If there is something wrong with Yaya, you see, we will definitely skin you and cramp you. "

Qin Yuan is very angry now, and feels that Jason's summer vacation is too impulsive. It was hard for Amin to stabilize, and he was stimulated all of a sudden. If Amin is always so excited, everyone can't find Ya Ya trace.

So, Qin Yuan said to Jason, an impulsive subordinate:

"I don't know what you're thinking, but I have to tell you that what everyone should do now is to calm down, and we're about to reach our destination, I believe there must be something wrong with Yaya's disappearance at this time.

Jason, I know I shouldn't believe what Effiete said.

However, you have never doubted why Yaya suddenly has something to do with some of our actions this time? It seems that there are Effiete and their spies on our ship, there should be no doubt about this.

It's possible that some of our behaviors stimulated them, which made those people who have been guarding Yao Yao take action.

When I say this, it's not considered comforting you, it's not considered sarcastic, and it's not considered standing up and talking without back pain.

I still have to tell you something, the one thing you need to calm down is Yaya, his life should not be in danger now.

Because the people who caught Yaya wanted to threaten you with your daughter's life, so they will try their best to save your daughter's life now.

Effiete and the others are not stupid, they know what it means?

I believe they don't dare to hurt your daughter. Although sometimes you are just small roles in his heart and can be used, they should still have some fear of you.

If they were really not afraid of you, they wouldn't be so stupid as to kidnap your daughter.

Don't worry, Jason, no matter what the price is, I will help you get your daughter back.

It seems that this matter must have something to do with them.

A Ming, if you really want to make up for it, wipe off the tears on your face now, like a man, face your own mistakes bravely, you are jumping into the sea now.

Or committing suicide in fear of guilt is useless. The only thing you can do now is to help your boss find some clues to find out how Yaya disappeared.

After all, now among all of us, you are the only one who has had direct contact with Yaya and knows the ins and outs of all this. "

After hearing what Qin Yuan said, A Ming also felt himself, and now he really shouldn't fall into endless self-blame, everything can be found after Yaya.

So, Amin stood up, softened his tone, wiped away the tears on his face, and said to Jason:

"Boss, when I say this now, I don't want to shirk my own responsibility, just like what this kid said just now.

What I should do most now is not to cry bitterly here, nor to blame myself.

This is all done by a woman. As a man, I am an upright man.

What I should do now is to find a way to make up for my mistakes. Don't worry, no matter what happens in the future, even if Yaya finds her, I will definitely give you an explanation.

If Yaya really has any troubles, I will go down with him and continue to protect him!

Let me tell you about Yaya's disappearance now.

Let's see if you can find some clues about Yaya's disappearance from these disappearances.

I was really too anxious at the time, so I didn't have time to analyze so many single-minded people. I just wanted to come and report this matter to you, the boss. "

Jason nodded calmly.

"Well, Amin, tell me, we are all stopping here, you don't need to blame yourself too much, and you don't need to be too nervous.

I know very well how you feel right now.

Don't worry, no matter what the situation is, I will definitely let you have an idea of your own. "

At this time, Amin fell into memory.

"The thing happened like this, I was entrusted by you, the boss, to watch Yaya inseparable in the hospital all the time, and I didn't dare to make a mistake to leave him.

However, when I was changing shifts with others, I discovered an important thing. There seemed to be someone watching the two of us outside the window, and we didn't say anything.

I know that I shouldn't leave Yaya even if I take a step away from him, so no matter what happens, I will stay here all the time, not daring to walk, and not daring to go out in the wind.

However, at this moment, I came back sweating profusely and was very thirsty Yaya handed me a glass of water on the table.

After I drank it unprepared, I found that I felt dizzy and fell asleep without knowing anything. When I woke up, there was no trace of Yaya.

I went out to look for it for a long time and asked various doctors and nurses, but they all said that they did not see your daughter.

I believe they must have been bought off by the group who kidnapped your daughter.

Otherwise it is impossible that no one saw them take the child out.

Yaya is already a little girl of six or seven years old, if I want to take her out of the ward and out of the hospital without any movement, I don't think it is possible.

unless..."

"Unless they gave Yaya to Zhuang in a hidden box, there were no traces or clues in it except the hospital.

However, except for those inside the hospital, I believe it is absolutely impossible for anyone else to be able to do this.

Moreover, Yaya has a serious heart disease, and it is impossible to put it in a confined space. The one who can do this must be the personnel inside the hospital.

It seems that Effiete and the others should have made a lot of preparations since the moment they found you, Jason.

Since they found you, they should have deployed a lot of personnel in the hospital. It seems that all this is a trap.

In order to restrain you, they really tried everything they could.

However, Jiesheng, you don't have to blame yourself so much now, I can tell you clearly now that all this is a trap by Effiete and the others.

No matter whether you agree or not to help them transport this batch of munitions, they will never let you take charge of the two.

Now Yaya is inexplicably missing, If you didn't agree to help them deliver the arms, I believe that Yaya's life is in danger now. "

After analyzing it, Qin Yuan expressed his truest thoughts to Jason.

After hearing so much, Chen Jixiang also agreed with Qin Yuan's statement.

"Brother Qin Yuan, I think what you said makes sense. It seems that Ai Feite and the others have made up their minds this time, and must persecute Jason and his father and daughter.

Jason, I'm really curious now, is there anything wrong between you and Effiete? Why did he rack his brains to treat you like this? If it's just for this batch of arms, I don't think it should be so serious, right?

Have you two met a lot before?

Do you have anything important to do? You are hiding it from me and brother Qin Yuan? "

After Chen Jixiang said this, Jason did not refute...

Chapter 1963: There must be something hidden

Although, both Qin Yuan and Chen Jixiang felt that the disappearance of Jason's daughter was somewhat inexplicable.

It seems that he has something to hide from himself, but now everyone can't care about questioning other people's privacy.

After all, his daughter Yaya has just disappeared, and this matter is more ominous, and everyone can't care about so much, they just want to help her take good care of her daughter wholeheartedly.

At this time, Qin Yuan said to A Ming, the subordinate who had been taking care of Jason's daughter:

"Amin, are you telling the truth? You won't be lying to us, are you?

Why does it always feel strange to listen to these things in your words.

It's just a very strange feeling that can't be expressed. I always feel that Yaya's disappearance is not as simple as you said?

If you want, really help your boss find her daughter.

Then hurry up and tell all the truth as quickly as possible.

It's already at this time, don't miss any clues, otherwise it won't do any good to find Yaya.

Amin, you have already done wrong. No one blames you for so many things. You must not be fooled by lard and deceive your boss Jason again.

Your boss is very tolerant towards you, but it doesn't mean that you have something to hide from him, but he doesn't know about it.

Amin, I hope you know the two meanings of tolerance and stupidity. "

Jason listened to Qin Yuan, and he didn't have any special reaction when he said these words to his own subordinate A Ming.

Because, besides thinking about his daughter wholeheartedly, Jason also believes that Qin Yuan will not frame him.

Even if what he said was inappropriate, now is not the time to think about it.

After hearing Qin Yuan's words, A Ming said painfully:

"Brother, what do you mean by that? Do you think I'm deliberately concealing Yaya's disappearance?

How could I do this, you can tell by the expression on my face just now, maybe you just met our boss, you don't know what kind of brotherly relationship we have.

It's understandable for you to doubt me like this, and I don't mind, as long as my boss doesn't think the same about me. "

Jason was thinking about the process of his daughter's disappearance.

At this time, Chen Jixiang walked up to Qin Yuan's side and whispered in his ear:

"Brother Qin Yuan, do you think it's strange that Jason's daughter Yaya is missing?"

"What's the matter? Do you have any clues, kid?"

"I don't have any clues or evidence. If I had these things, I wouldn't come to you and tell you quietly.

I just thought, if Jason really valued his daughter so much and was so concerned, why would he leave his daughter alone with someone?

Only take such a picture of Amin, and then take care of her daughter, and no longer send other people to do it?

Moreover, even if he doesn't have enough manpower, he should be more cautious. I look at this Amin, he doesn't look like a master, and I don't think it's appropriate for him to protect a little girl by himself.

It can be seen that this Amin is indeed smarter than the others first, but it is impossible for a powerful bodyguard to protect such an important person alone, right?

Don't you think there was something odd about his disappearance? "

From what Chen Jixiang said, Qin Yuan could also feel that his thoughts were not suspicious.

"I have the same thoughts as you, and I also maintain a skeptical attitude towards this matter.

However, as this Amin said, we have known Settlement for a relatively short time, and we may not know what kind of story is behind them.

It's impossible for Jason to frame his own daughter! "

"That's not necessarily true!"

While the two were talking, Jason walked up to Qin Yuan.

"Qin Yuan, I'm afraid this matter will still trouble you!"

"Me? Jason, you don't have to say that, as long as I can help you, I will definitely do it.

But now I need you to tell me, what can I do for you?

Your daughter's disappearance, although we all suspect that it has something to do with Effiete and the others, after all, there is no evidence, and we can't casually suspect that he should..."

"I'm not doubting now, but I'm very sure that my daughter's disappearance must have something to do with Effiete and the others.

I have never offended anyone, and we have no reason for anyone to mess with me.

I've only offended one person, Effiete.

Except for him, I don't believe that other people will use such a despicable method to deal with my daughter like him. "

"Well, Jason, what you said is also reasonable, since you are so sure, then let's quickly find a way to save your daughter!

I still have the original idea that your daughter's life should not be in danger now, because he still needs to be a hostage now. If his life is in danger, then you will completely lose the ability to control you.

I'm sure, Effiete, they would never be so stupid to watch, you have no one to stop you from doing anything crazy. "

"Qin Yuan, I trust you when you say this, and I know that my daughter may not be in danger now.

However, he has congenital heart disease and has never left my side since he was a child.

Children who have not been exposed to congenital heart disease are very fragile and cannot withstand a little shock and fatigue.

In case they mistook my daughter and caused him to..."

Before Jason could finish speaking, Qin Yuan interrupted him.

"Jason, have you forgotten what I told you? No matter what difficulties we face, we must remain optimistic.

I know you are not optimistic now. When I say this, I may also have a feeling of standing up and talking without back pain.

I know that when many people refute me, they will say that I have no daughter and have never been a father, and they don't understand this feeling.

However, I am also a person, and I know how sad this feeling is.

You want me to help you find Norman Karim and ask him to investigate for you, right? "

"Hmm, this is the only way I can think of now, and we will soon reach our destination. After arriving in Pakistan, it will all be Norman Karim's territory. No one can help except him. us."

At this time, what did Qin Yuan suddenly think of?

"Jason, didn't your daughter go missing in country H?"

"yes!"

"Since he disappeared in China, we still need to find a clue.

I believe that all these things can be found. It seems that this matter will still trouble Fan Tianlei.

Didn't Fan Tianlei say that he would provide you with clues about numbered arms, and that he would give you some rewards for this matter?

Since you don't want a reward, you can do it now, let Fan Tianlei fulfill his promise as soon as possible.

You don't need to reward, but the premise is to let him help you find clues about your daughter's disappearance.

In fact, in the final analysis, this is what we should do and there is no need to exchange it with your rewards! "

Chen Jixiang anxiously said beside him:

"Brother Qin Yuan, do you want to leave this matter to Fan Tianlei?"

"Yeah, besides him, do you think there is a more suitable candidate?"

"Besides him, there is indeed no more suitable candidate. However, Fan Tianlei may not necessarily help us.

What are you going to tell him later? He doesn't think we're meddling, does he? "

Of course, Qin Yuan also considered this issue, and suddenly the corner of his mouth moved slightly as if he had thought of something.

smiled and said:

"I believe Fan Tianlei, he has been very anxious all this time, wanting to find an informant.

If Jason, you are willing to be his informant, then if there is a problem with his informant's daughter, I believe that no matter how much support he uses, it is understandable and reasonable to help find it! "

Hearing what Qin Yuan said, Jason frowned slightly.

"Qin Yuan, you...

Are you really willing to help me tell Fan Tianlei like this? "

"Jason, there is no better way than to say this now, and you know that, after all, Norman Karim is an outsider to us.

We all still can't fully trust him, let alone something as big as your daughter, I'm not sure.

For things that are not sure, we can't take such casual risks.

Let's think about it, I'll go to Fan Tianlei first, if Fan Tianlei, he promised to help, or he suggested that we ask Norman Karim to help.

Let's think about the next step, otherwise, don't easily alarm someone you don't trust.

Especially when it comes to life safety, such an important event! "

After listening to Qin Yuan's words, Jason nodded very moved.

"Thank you so much, if Qin Yuan didn't have you, I don't know what I should do?

My daughter's sudden death is always well known to everyone, who did it, and we have no evidence to make it even worse.

If it weren't for you, I'm afraid I really don't know what to do. "

Qin Yuan patted Jason on the shoulder, comforted him and said:

"Jason, not to mention that we are such a good brother now, even if we met by chance.

Seeing that the little girl is in danger, we will not die.

What's more, this is your daughter!

Don't worry, you are talking to A Ming here first, remember it well, and see if there are any important clues, I will contact Fan Tianlei right away.

Tell him to let him look for it in our H country. Maybe the clues about your daughter's disappearance can be found.

Once we are sure that your daughter must be in Effiete and they have substantial evidence in their hands, it will be much easier for us. "

After finishing speaking, Qin Yuan looked at Chen Jixiang:

"Your boy is also here to help them go back and see if there are any important clues.

To help record, one more person is also one more mind, and the things that can be thought of will be more comprehensive, so that no important clues will be missed. "

Chen Jixiang nodded:

"Yeah, Brother Qin Yuan, don't worry, I won't let you down if you entrust this matter to me."

Afterwards, Qin Yuan was ready to go out and contact Fan Tianlei first.

While walking, he was thinking about this matter, and told An Ran first.

An Ran and Jason have known each other for so many years, and they also know something about his daughter and his family, which may be helpful for him to find clues.

If it's too late, you can tell Fan Tianlei again.

While thinking, Qin Yuan was going to contact An Ran first.

Unexpectedly, at this moment, he suddenly looked up and saw He Chenguang.

"Why are you here?"

When He Chenguang saw Qin Yuan's surprised look, he was a little embarrassed.

"I'm guessing, this is about to reach the destination. You and Chen Jixiang haven't returned to the underground ship warehouse yet, so I want to come out and tell you."

"Tell us what?"

"I tell you, if you are about to reach your destination, you should pack up and get ready to go back, and don't leave your things on the boat."

After arriving at the destination, I'm afraid we have to find a place to stay and take a good rest before completing the task.

Although we are also very anxious to save the disciples who have let go of the harvest, it seems that we have to rest well. These days on the boat, everyone is exhausted physically and mentally, and the mood is also very bad. We need to relax. "

Qin Yuan was obviously both surprised and surprised by the sudden appearance of He Chenguang.

"Is that why you came here?"

"Of course, otherwise, what else can I do? You don't seem to trust me by saying this?"

"I don't distrust you, it's just that I have more important things to deal with, and I don't have time to promise you now!"

"What's the matter? What's the matter? I see you seem to be flustered, can I help?"

Qin Yuan thought that there would be nothing wrong with telling He Chenguang about this matter, so he could see his reaction by the way.

"Except for one big event, ' wonders if you are willing to help us."

"What's the matter, hurry up and tell me!"

"Jason's daughter is missing, but Jianyu may have told you about some unpleasant things that happened between you and Jason, and you may not be able to help!"

He Chenguang said seriously:

"Qin Yuan, the two of us have been together for so long, don't you think I'm a stingy person? No matter what the relationship between me and fitness is?

His daughter is innocent, and disappeared inexplicably as a little girl. What is going on?

Children are innocent, they don't understand anything, even if their lives are in danger, they will suffer for adults.

I really can't bear to see such a thing happen. Who can attack a child?

How old is his daughter? "

Qin Yuan looked nervous and worried when he saw He Chenguang arrive.

Qin Yuan's current attitude towards He Chenguang is 50 percent, believing 50 percent not believing.

Chapter 1964: Don't give up until you see the evidence

He Chenguang can also see that he has not gained Qin Yuan's trust now, but has half-trusted him.

He felt this way himself, because he knew what he had been doing all this time.

It is natural to not gain the trust of the other party.

Therefore, he was not very surprised, disappointed or unhappy about this matter.

So, He Chenguang said to Qin Yuan:

"I know you still have a lot of concerns about my thoughts in your heart, and I have nothing to tell myself. It's normal for you not to believe me. I don't feel unhappy, or what Everything is done by myself.

In the end, I should also bear it all by myself. I can accept whether you have doubts about me or disagree with me now.

But Jason's child is innocent, his daughter is so young, do you really think that his disappearance is justified, and you have never doubted it? I believe his disappearance is definitely not such a simple matter.

If you are related to those people, do you still want to go your own way?

Going my own way and not trusting anyone, including me, if I could do my part, I would definitely not help you during this period of time. My own behavior is indeed a bit abnormal.

It's all because of being in the underground boathouse, his dark place where the sun doesn't see the sun, which suppressed me.

I believe that I will put you there every day and not let you go out, and then face those people every day. You may be a little bit more than my behavior. Is it just that you lost your trust in me?

I think this is a bit too unfair. "

After listening to He Chenguang's heartfelt words, Qin Yuan also felt that there was some truth to them.

Whoever it is, lives in that kind of place where the sun doesn't see the sun, and still has to be with those dirty people, the mood will definitely change.

And now He Chenguang doesn't have any evidence, although Fan Tianlei also doubts his own, so what can that explain?

Qin Yuan is very conflicted in his heart now, he doesn't know whether he should believe He Chenguang's words.

In short, the destination is about to arrive soon, if he still doesn't believe He Chenguang's words until now, then there must be one more person on guard after arriving at the destination.

This is such a waste of their time and energy.

How could He Chenguang betray him after following him through life and death for so many years?

Qin Yuan was absolutely unwilling to believe that such a thing had happened, so he was also moved by He Chenguang's heartfelt words.

I thought in my heart that I should give him another chance now, and there may be the latest one, all of this is just a coincidence.

What He Chenguang did and did was when he was thinking about it.

The two stood on the deck without speaking, and Chen Jixiang saw the two of them coming out of the house.

Beside the two of them, they looked at Qin Yuan with very puzzled eyes.

Then, Qin Yuan could think of what Chen Jixiang meant.

He ignored Chen Jixiang, pulled Qin Yuan to the deck in a hurry, and said to him:

"What's the matter with you? Why are you with He Chenguang again?"

Why is He Chenguang here? "

Seeing Chen Jixiang's excited look, Qin Yuan knew in his heart that he didn't trust He Chenguang.

Therefore, Qin Yuan hurriedly comforted Chen Jixiang and said:

"Don't worry, He Chenguang appeared here, I don't know why, maybe we couldn't find the two of us, he said that he felt that the ship would arrive at its destination soon.

Inform the two of us to go back and clean up to see if there is anything left behind. If it falls on the boat, we may have to come back to pick it up. "

Chen Jixiang was also speechless, he said to Qin Yuan:

"Don't you believe what he said so easily?

Neither of us has anything in the underground cabin, how much can there be for the two of us?

And we didn't bring any special documents when we came out this time, they were all fake, so what else is there to worry about?

He's just looking for a reason to come out of the underground cabin and see what we're doing here.

It is convenient to inform those people. "

Although everyone used to have doubts in their hearts, but this is the first time that this matter has been said so openly.

After Qin Yuan heard Chen Jixiang's words, he was also at a loss.

The two stood there blankly. He Chenguang saw the two of them arguing. At this time, the two of them asked:

"What's the matter with you two? What are you talking about here? Has something happened?"

Chen Jixiang didn't show any affection at all, so he asked:

"Haven't you been sleeping in the underground cabin?

He also said that he would never come out to be with us, why did he suddenly come out now?

Is there any purpose for you to come here? "

After hearing Chen Jixiang's question, He Chenguang said with a confused face:

"Why do you treat me like this? How did I offend you?

You talk to me like that, and you talk like I'm a traitor.

If you say that, I really don't know what to do.

How can you think about me like this?

Is this the kind of person I am in your heart? "

Chen Jixiang sneered and said:

"Hmph, what you have done, you know best in your heart.

We don't need to question, and we don't need to question. "

Qin Yuan watched the two of them pointing needles at the wheat awns, full of gunpowder, and had to pull the two of them apart quickly.

Said to Chen Jixiang:

"In that case, you should go to Jason's room and wait. We'll go back to the underground cabin to see if there's anything left. Anyway, we're almost at our destination.

The three of us will always be together. If you two continue to argue here, then we will not be able to complete the task Fan Tianlei entrusted to us. Don't ask me.

What is the real purpose of our trip to Pakistan this time?

We didn't come here to quarrel. Those two apprentices of Professor Fang are still in danger and waiting for us to rescue them.

In case, Effiete and the others seize the opportunity, we will return empty-handed.

You see, Fan Tianlei is still not skinning us.

"Chen Jixiang said to Qin Yuan very helplessly:

"You know how to scare me with Thor one day, I'm not afraid of him.

He made me do all of this. "

Seeing that Chen Jixiang was about to slip up when he was angry, Qin Yuan immediately covered his mouth and said:

"What nonsense are you talking about here, kid? What do I ask you to do? Just go pick it up and stay there for what you want. I'll call you later when something happens."

After finishing speaking, Qin Yuan pushed and kicked Chen Jixiang back into Jason's room.

When He Chenguang saw such a situation, he knew that there must be some secret between the two of them, and he felt very uncomfortable.

However, since he has already come out of the underground cabin this time, he can't let his human society collapse again and let everyone misunderstand him.

So, He Chenguang smiled and said:

"Qin Yuan, Chen Jixiang is still a child. You don't need to be so cruel to him. I can understand his attitude towards me just now. Too many things have happened to everyone recently.

It's okay to be in a bad mood, and she's so much younger than us, I just treat her like a little brother, and I won't be as knowledgeable as him. "

"It would be great if you could think like that, I thought you'd be unhappy?"

"Then why? I came out of the underground cabin this time to help you."

"Help us, what's wrong with us? Is there anything I need to help? Arrived at the destination soon, nothing special happened."

It was obvious to Qin Yuan that he didn't want He Chenguang to be involved in this incident.

He Chenguang knew better that they must have something to hide from him, and he would not let it go.

"Is there anything else you want to hide from me? I already know."

"You know, what do you know?"

"I see you are in a hurry as if discussing something. Did something happen to Jason? Didn't I just say that? His daughter is innocent. Since his daughter disappeared inexplicably, we have to hurry Think of ways to."

Just now Qin Yuan didn't have time to think so much. This time, he heard He Chengguang tell about the disappearance of Jason's daughter, and he felt very puzzled.

"Where did you hear that Jason's daughter was missing? We never told anyone."

"Do I still need to hear about it? There was a lot of noise outside, and there was a man crying and howling, so I knew he must be in trouble.

It seems that Jason's daughter was lost by that man named A Ming. You don't want to see me staying in the underground cabin, but I know a lot of things from my eyes and ears. "

Hearing this, Qin Yuanqi felt very nervous, and also felt very incredible.

"Really? Then you are really good at knowing so many things in the underground cabin without going out."

He Chenguang immediately changed the subject and said:

"Since this is the case, let's quickly find a way to help them make this girl so pitiful that she will be kidnapped under such circumstances."

Hearing this, Qin Yuan immediately asked back:

"Kidnapped? How can you be sure that Jason's daughter was kidnapped instead of just disappearing?"

"Of course he was kidnapped. A child with congenital heart disease has no way to run very far, and he knows that his father is so worried about him. How could he disappear?

I believe this girl must be very sensible, and she couldn't bear to let her father worry about her, which is why she thought about being kidnapped for so many inexplicable reasons. "

Speaking of this, Qin Yuan became more and more suspicious of He Chenguang's motives.

So, thinking of himself, he was very anxious now, so he called Fan Tianlei and asked Fan Tianlei to help him find clues about Yaya's disappearance.

However, now that He Chenguang is here, He Chenguang can't let him know about this matter.

"He Chenguang, it's not that we don't believe you, but that Jason said he didn't want others to know about this matter.

The disappearance of her daughter is a big event, and we must have our own movement here. If you want to get involved, you must gain Jason's trust. "

After hearing this, He Chenguang immediately felt a little unhappy.

"Get Jason's trust?

If you say that, you sincerely don't want me to be involved in this matter.

I see, it seems that it's not just saving money that doesn't trust me, even you don't trust me, right? "

"What you have done yourself, you should know better than anyone else in your heart. It's not that I don't trust you, but your various behaviors. You have no way to gain everyone's trust.

We will arrive at our destination soon. Since you said that we have a lot of things in the underground cabin, then you should go back and pack up. We will call you when we are about to reach our destination.

Moreover, you must not forget that our current identity is smuggling people. "

"So what? How could I forget that you are reminding me all the time?"

"So, after the stowaway waits for the ship to arrive at its destination, it needs to wait until all the people and cargo have been unloaded.

We were able to crawl out slowly from the underground cabin, so that no one would doubt that you understand what I mean? "

When He Chenguang heard this, he was a little unhappy:

"I understand what you mean, you just want me to go back to the underground cabin and not come out to make trouble for you, right? I can come out of the underground cabin until you give you enough opportunities and you notify me. .

Qin Yuan, do you mean this? "

"It's good that you understand, since you understand everything, then you go back first, Jason doesn't want too many people to know about her daughter's disappearance.

In case he really points the finger at you and suspects that this matter has something to do with you, I believe you won't be able to clear it up even if you jump into the Yellow River. "

After He Chenguang heard what Qin Yuan said, he also understood what Qin Yuan meant?

"Okay then, ' Qin Yuan, since you wholeheartedly want to stand on the same front with Jason and come to slander me, then I have nothing to say. If I continue to stay here, I will definitely It will arouse your doubts, but I don't think it is necessary.

That's it, you guys hurry to find the whereabouts of this child, I wish you success..."

After finishing speaking, He Chenguang immediately turned around and left.

After seeing her leave the deck, Chen Jixiang walked out of the house slowly.

"He Chenguang left?"

"You've already seen it, why are you asking me?"

"Brother Qin Yuan, don't you believe him so easily? Why didn't he show up again and again, but waited until Jason's daughter disappeared."

"Chen Jixiang, I know you don't believe in He Chenguang, but you suspect that a person should have limits. Shen Guang and I are with us now, how could he threaten Jason's daughter?

Don't you want to say that he has the technique of splitting himself. On the surface, he sleeps in the underground cabin, but behind his back, he splits out and kidnaps Jason's daughter. "

Chapter 1965: Request, help to find clues to the missing child

After Chen Jixiang heard what Qin Yuan said, he also felt the same.

Although, I have always doubted He Chenguang, but if it is said that He Chenguang is in the underground cabin.

It's a bit too far-fetched to be able to kidnap Jason's daughter by clone.

It seems that this matter may really have nothing to do with him, it's just that his usual behavior is too deliberate, which has to arouse everyone's suspicion of him.

Chen Jixiang, when he thought of this, he couldn't help but sigh.

Seeing him like this, Qin Yuan asked curiously: "Chen Jixiang, what's wrong with you kid? Jason's daughter is missing, why are you so sad?

Why are you so angry? This is not like the optimistic kid I usually know. "

"I can't tell. What's going on may be because I've been too suspicious of He Chenguang recently. As soon as I saw him, I felt that this matter had something to do with him."

After Qin Yuan heard what Chen Jixiang said, he really felt a little helpless.

"I know what you are thinking, you have never trusted He Chenguang, and your relationship with him has not been very good recently.

But, haven't the two of us already analyzed it just now? It's impossible for him to abduct Jason's daughter by himself, right?

Want to know what the truth of the matter is?

What we can do now is to investigate quickly instead of guessing here.

In the absence of evidence, no matter how we speculate, it is just our own ideas without substantive evidence.

Even if you want to doubt, He Chenguang has to produce substantial evidence to convince him. "

Chen Jixiang nodded vigorously.

"Yeah, brother Qin Yuan, I think what you said is right, it seems that I still have to learn from you.

Otherwise, people say that it will be old and spicy. It is the first time for me, a brat, to go out so far to carry out missions with you, and I am still inexperienced. "

"Okay, you kid, how can you use ***** or old spicy on me? How old are you and I? Don't think of yourself too young, and don't think of me too old.

If you apply this to Fan Tianlei, I think it's quite appropriate.

Fan Tianlei is the real treacherous and cunning guy. "

Chen Jixiang, when he heard this, he said with a smile: "Well, what you said is really right. Fan Tianlei, he is a cunning and cunning man. He is an old fox who deceived us all."

"If Fan Tianlei hears this, let's see how he will deal with you?"

"I don't care!"

"Well, since you don't care, then I will contact Fan Tianlei now and see how he will deal with you after hearing this!"

"Okay, brother Qin Yuan, don't scare me anymore, I know that you came out this time to ask Fan Tianlei for help, just because He Chenguang, please don't interrupt me.

You see, just as you wanted to ask for help, He Chenguang interrupted you and said he couldn't do it. I didn't believe it. "

"Why are you bringing this up again? Don't mention He Chenguang again!"

After finishing speaking, they all prepared to leave here again.

Unexpectedly, at this moment, Jason came out of his room.

He said to Qin Yuan very anxiously: "How is it? Have you contacted Fan Tianlei?"

"Jason, don't worry. When I came out to contact Fan Tianlei, I met He Chenguang unexpectedly. We don't want to tell He Chenguang about our daughter's disappearance yet.

So, before you have time to contact Fan Tianlei, don't worry.

I'm going to contact Fan Tianlei now to see if he can think of any solution.

How about it, did your subordinate Amin provide any important clues? Are we sure that the disappearance of our daughter this time has something to do with Effiete? "

Jason shook his head helplessly when he heard Qin Yuan say this.

"Amin, I haven't provided any more useful clues, and I don't want to believe that this is all done by Effiete.

However, apart from him, I don't have anyone who can contact me who hates me.

As far as I can think of, he is the only one who has such a motive for committing the crime. "

Qin Yuan, he has a very big question in his mind now, that is, Jason and Effiete, are they just transporting arms?

Did the two of them have any intersection before? I always feel that Jason is hiding a lot of things from himself.

Maybe it's my own paranoia again.

However, it is better to be cautious.

Jason just lost it now. If his daughter questioned him, it seemed like she didn't trust him, and it would only make Jason even more emotionally broken.

Therefore, at this moment, without further ado, the best thing Qin Yuan can do is to choose to trust his friend.

"Well, I see that this Amin is terrified of Yaya's disappearance. If you ask him now, he can't think of any useful clues. Let's stop forcing him.

The most important thing we should do now is to make arrangements, A Ming, find him a relatively stable place, let him have a quiet time, don't make him too sad or anxious.

Maybe after he calmed down, he could really think of some useful clues.

In many cases, the really useful clues are often hidden in the deepest and most inadvertent places. "

After listening to Qin Yuan's words, Jason nodded thoughtfully, agreeing with this idea.

"Qin Yuan, I think what you said is very reasonable, and I can tell that Amin is very nervous now, even if I told him, he cannot be blamed for my daughter's disappearance.

However, he is a very responsible person, otherwise I would not choose to let him stay by my daughter's side to protect her, and Yaya is too important to me.

He has lost my most important daughter now, and he has stress, fear, and guilt, which may have caused some damage to him.

If he calmed down, he might be able to think of some useful clues.

However, we can't pin all our hopes on Amin alone. If you can help me contact Fan Tianlei to find some news about my daughter's disappearance through his channel.

I think the effect may be better, after all, Fan Tianlei's position is there. "

Qin Yuan could tell that Jason was pretending to be calm now, and he might have already been fooled by his daughter's President Shi.

How can a father calm down when faced with a daughter who has a heart attack and her life is in danger now?

Qin Yuan is now really afraid that Jason will be so tense that it will break when he can't tell.

So, Qin Yuan hurried to Jason's side, patted his shoulder to comfort him.

"Jason, I can feel that you are trying to stay calm.

You should properly relax your nerves. I know that Yaya is very important to you. He is your sister's daughter, and he also has congenital heart disease. His physical fitness is already very poor.

If you are kidnapped again by that kind of violence, it is very likely that his life will be in danger, but you are really a little too nervous now, I am afraid that your string is too tight.

just in case..."

Speaking of this, Qin Yuan felt a little embarrassed to say it, he paused and swallowed, and then said: "Jason, do you understand what I mean?

It's too tense right now, and it's not good for all of us.

Don't worry, I believe that kidnapping your daughter will not endanger his life. If he really came to seek revenge, I'm afraid he would not use kidnapping. "

Chen Jixiang said beside him: "Jason, I think Brother Qin Yuan's words are very reasonable. He is also very experienced in dealing with related matters. You should just listen to him and don't let your nerves get too nervous here. OK?"

How about this, let Brother Qin Yuan contact Fan Tianlei first.

Let me accompany you back to your room first, take a good rest, shall we? "

"Yeah, Jason, I think what Chen Jixiang said makes sense, this kid can still say a few decent words when it's critical.

You go to the room to rest first, after a while I contact Fan Tianlei to see if he has any clues that can help us, then think about it.

How about it? "

"That's fine, Qin Yuan, you're right, I shouldn't be too nervous, if I mess up myself, using it can save my daughter.

Then please contact Fan Tianlei now to see if he is willing to help me.

I'm not related to him, but actually the numbered ammunition has already troubled him, if it wasn't for your sake, Fan Tianlei wouldn't have helped me. "

After finishing speaking, Chen Jixiang took Jason back to his own room to take a good rest.

Qin Yuan, no matter how much doubt he has in his heart now, it is impossible to ask him directly.

He knew that this ship was no longer a safe place, and there would definitely be Effiete's spies watching their every move here.

If Jason's daughter was really kidnapped by Effiete and the others, these people on the ship might be watching his every move all the time?

Now if he wanted to contact Fan Tianlei, he had to use a secret method.

At this time, he seemed to think of the box he had hidden on the deck earlier.

It could be regarded as sufficiently secluded there, even more secluded than the room Jason arranged for himself to contact Fan Tianlei.

So, Qin Yuan walked up to the wooden box again.

Seeing that there was no one in front of him, he turned to the wooden box to contact Fan Tianlei.

At this time, he remembered that he wanted to contact An Ran just now, but was interrupted by He Chenguang.

Contact An Ran first and see what An Ran has to say.

"Hello? Qin Yuan?"

"It's me, An Ran!"

"Why are you contacting me at this time? What happened? Logically speaking, you should arrive at your destination soon, won't there be any extra problems?"

"An Ran, you are really smart. You have given me all of this. You have indeed encountered some problems, and they are very difficult problems. That's why I want to contact you."

"What's the problem? Why didn't you ask Fan Tianlei?"

"I know that Fan Tianlei has been very busy recently, and this batch of ammunition has just been sent back to our team.

If he continues to troubleshoot, it is very likely that he will have some negative emotions.

I'd better tell you first,..."

"Yeah, what you said is right, and it makes sense Fan Tianlei, he has indeed been quite nervous recently.

Then tell me, what is it? "

"Jason's daughter is missing!"

"What? How could this be?"

"An Ran, don't question or ask what's going on, I can't tell, anyway, she just disappeared for no reason, everyone is very nervous now.

I think this is what Effiete did! "

"Efett? Well, indeed! It's very likely that he did it. Besides him, who else would attack Jason's daughter? He is really cruel and can do anything. It's a bit too Too much.

What's the situation now? Has Jason already collapsed? "

"This sentence, you are wrong. Jason has not collapsed now, his nerves are very tense, and it can be seen that he is pretending to be calm."

"Yeah, he is the kind of person who is in danger, and the first thing he considers is the people around him, and now his daughter is his lifeblood.

Kidnapping his daughter was considered killing him, and even if he was to die, he would not hesitate at all. "

"Perhaps, these people just saw through his weakness, so they kidnapped his daughter."

"It must be so! Qin Yuan, do you want me to help you?"

"Yes, all of us are not in country H now, so we don't know what the clues about her daughter's disappearance are. According to his subordinate, his daughter disappeared inexplicably. If we want to find some clues, I'm afraid.

This Amin, that is, the person whose caregiver gave birth to a daughter, must have taken some kind of medicine, and because of his nervousness, he couldn't recall anything, so we dared not ask him anything.

He just said that he didn't know, and it was as difficult as reaching heaven for ' to get clues from him. "

After thinking about it for a while, An Ran said: "That must be it. If his subordinates hadn't been stunned, how could he take her daughter away? It seems that it is really difficult to get some useful clues under the current situation. It is too difficult.

If you want to find some clues, you can only go to the place where her daughter disappeared. "

"I think so too, so I still have to trouble you about this matter, if it's convenient for you, go to the hospital where his daughter disappeared to see what's wrong.

We always feel that the disappearance of Jason's daughter is not that simple. If one person did it, then this person is too capable? "

"Could it be, do you now suspect that the disappearance of Jason's daughter was committed by a gang?"

"Yes, it must be so, I'm sure!"

Chapter 1966: The people who greet you don't know whether they are friends or foes

The latest website: An Ran heard Qin Yuan categorically say on the phone that the crime must be committed by a gang, and he himself agrees with this point of view.

If it wasn't for the gang, they wouldn't have such a great ability.

He didn't dare to have the courage to kidnap a little girl blatantly, and it was still in the hospital.

Although a place like a hospital is a public place, it is also crowded with people.

It is very easy to kidnap a girl, and no one will care about it.

As long as you pretend to be a medical staff or a family member of a patient, it is very easy to take someone away from the hospital casually.

This is actually quite scary when you think about it.

Now, An Ran still felt that this Jason was a little too careless.

My own daughter couldn't maintain it well, and put it in a crowded place like a hospital.

In fact, he has heart disease, so he should find a private hospital, or a private doctor to take care of her.

For Jason, he should have such financial strength, but he had to put it in the hospital, which really made An Ran a little confused.

Therefore, An Ran couldn't help but questioned: "Jason, although your daughter has been lost and you are in a bad mood now, but this question is a question in my heart, I still hope you can explain it to me. "

"What question? An Ran, tell me!"

"I just thought about the hospital. This kind of place is a public place full of people and everyone. Why do you put your daughter in the hospital?"

Why don't you hire a private doctor, or a private hospital.

You know that some private hospitals have very strict access control systems.

Far better than this kind of big hospital.

Don't you tell me that this is the most dangerous place, the safest place? "

"As soon as I guess you will ask this question, even if you don't ask, I think Qin Yuan will come to this doubt.

You are right, I did have such an idea at the beginning, I wanted to find a private doctor to help me take care of my daughter.

However, one of the most important problems is that my daughter's congenital heart disease is really serious. He needs the medical equipment of a high-end large hospital to be able to protect him at any time. Once he gets sick, he can be rescued in time with advanced medical equipment His private hospital cannot do this.

Their advanced medical equipment is still limited, and the medical level is not enough. My daughter has been in this hospital all the time.

I am relieved that there is a doctor who can take good care of her.

Who would have thought that this time, I would have a problem just after a long trip.

Now that I think about it, I was really too careless. I really naively thought that Effiete would not hurt my daughter, but I didn't expect them to be so crazy and do everything. "

Qin Yuan heard that Jason was very sad, and she didn't want An Ran to continue asking.

"An Ran, everything has already happened, and you can see that Jason is very sad, so don't think about why he didn't find a doctor to see her daughter alone.

All we can do now is to ask you to help us figure out how to find some clues. "

"Qin Yuan, don't worry, I know why you are looking for me this time, and I have been thinking about this issue.

Is the missing hospital the biggest hospital in our city? "

"Yeah, yes, only their home has the most advanced treatment equipment in the United States, so I chose to be there."

An Ran pondered for a while, and didn't speak for a while, he was always thinking about whether there were any resources he could use.

At this moment, he suddenly had an idea.

"Qin Yuan, there is someone who can help with this matter!"

"Who is it? Fan Tianlei?"

"no!"

"Besides Fan Tianlei, who else can help? Instructor Gong Jian?"

"No! It's Du Bingbing!"

After hearing An Ran's words, Qin Yuan was surprised.

"What? How could it be him? How could he be of any help? He was just an ordinary voice.

Moreover, he has no experience of working in any hospital, how could you suddenly think of him? If there is no suitable candidate, then we will ask for help, and Fan Tianlei can't go to him. "

"Why can't I find Dr. Xiao Du? I think she should be very positive about your affairs. Once I hear that if I help you, I believe he will definitely not refuse."

Chen Jixiang, after hearing this, felt a little sour.

He quietly walked to Qin Yuan's side and said, "Brother Qin Yuan, don't you think this sounds a bit sour? Maybe it was between their little girl, because you are not happy."

"Get out! What time is it? You still have the heart to make fun of me here."

"Chen Jixiang, don't talk nonsense, the reason why I say it is because of my own reasons."

You may not know that the reason why he was able to come to our army and work as a military doctor must have a background.

I've heard it from others before, but of course it's not that I took the initiative to investigate him.

I heard that his uncle seems to be the director of that good hospital, maybe he can really help!

When you told me about finding some medical resources for Jason's daughter, she was the first thing that came to my mind.

It just so happened that he could use this opportunity to help him find some clues, and finally let him help find medical resources. "

When Qin Yuan heard what An Ran said, he hesitated a little.

"An Ran, I don't think it's appropriate to ask him for help. Our relationship with him is not that good, and I don't fully trust him now."

"Qin Yuan, don't listen to Chen Jixiang, that kid talks nonsense, I don't think there is anything abnormal about the relationship between the two of you, now we should use all available resources instead of thinking about those messy things."

Is it the child's life that is more important, or these messy things? Don't you, a big man, have no structure at this time. I don't think about some messy things like you said. "

Hearing what An Ran said, Qin Yuan felt a little embarrassed.

It seems that An Ran never had any other thoughts, but thought too much.

"Well, since you all think he is more suitable, then ask him for help.

However, it is impossible for me to contact him outside now, and he should also know that I have gone out to perform a mission. "

"I know you just want to escape, you don't want to take the initiative to contact him, he is not a tigress, what are you afraid of?

Besides, her attitude towards you is indeed different from others, and you should also understand what he thinks. "

"What? Let's talk about it, and it's here again? I don't have any ideas with him, so let's talk about business and don't discuss these nonsense. "

An Ran listened to Qin Yuan, and repeatedly rejected Du Bingbing several times, for some reason, she was secretly happy.

"Well, since you don't want to contact Qin Yuan, then I can only do this matter.

However, I think it's better to tell Fan Tianlei as well. Fan Tianlei has to know about such a big matter. "

"That's natural!"

Jason listened, and the two of them were minding their own business here.

He felt very embarrassed, but also very moved.

At the same time, she was also blaming herself for being too stupid for being able to believe the rhetoric that Effiete told herself so easily.

lead to the disappearance of her daughter.

At this time, An Ran seemed to realize that there seemed to be some problems in Jason's heart.

If he didn't quickly dissuade him, I'm afraid he would have great doubts in his heart.

"Jason, don't worry, I know this matter is very difficult for you, but no matter what kind of difficulty you encounter, you should face it bravely.

We all know very well that your daughter is your life.

Now, almost at the destination, it's time to meet them face to face. "

Jason naturally understood what An Ran meant by these words to him? He hoped that he could adjust his mentality so that my son would not be thrown into a mess because of his daughter's disappearance.

Perhaps, this is the real purpose of the people who kidnapped his daughter to make them mess themselves up.

"An Ran, don't worry, I will never let you down!

No matter whether my daughter can be found or not, at least I can't let my state affect Qin Yuan! "

"That's fine! Hearing you say that, I feel relieved, knowing that you are a calm and calm person and will not do stupid things.

Then I won't say anything, I will help you find clues now!

When I have a clue, I will definitely notify you as soon as possible. Put your heart into your stomach and prepare well for what will happen after you reach your destination in a while. "

At this moment, Jason's subordinates ran over and said, "Boss, there is a ship ahead blocking us."

"who?"

"It's Effiete, sent over to pick us up."

Qin Yuan was surprised, and turned around and said, "What? Effiete, are they so impatient now? They will rush here as soon as possible, and I will pick you up later.

Go see what's going on first! "

Jason was also very nervous after hearing this.

The two of them walked to the front of the ship, and saw a small ship coming down, as if it came to pick them up.

Jason immediately walked forward and shouted calmly: "Who are you?"

"We are, Mr. Effitter, let us come over to say hello to you in advance, and we will arrive at our destination soon. I wonder if you are ready here?"

Jason sneered and said: "Hmph~ I think Mr. Effiete is too anxious, you don't doubt the employment, and the doubts don't.

Now that I have promised him to get this matter done, it is really inappropriate for him to ask you guys to come and watch me all the way, isn't it?

It was making me feel a little uncomfortable. "

"Jason, I think you have misunderstood, Effiete, because you know that it is not easy for you now.

There is a lot of pressure in my heart, so she asked me to come here, so don't misunderstand what they mean.

Don't misunderstand, our boss' kindness. "

"Good intentions? All right.!

Now that you've all said that, what more can I say?

What do you want to prepare in advance? "

"Don't you invite us to go to the ship to have a look first?"

"What's so interesting about a small broken ship like ours, as for if you want to see the goods, it's not convenient now.

We have already prepared the goods, and we will hand them over to your people in a unified manner after arriving at the destination.

I haven't reached the destination yet, so I can't hand over Hu to anyone, even if you keep saying that you are sent by Effiete.

I can't be so relaxed, believe you, this is my professional ethics, and I hope you can understand. "

Qin Yuan looked at Jason and nodded.

He agreed with Jason's statement that it was impossible to hand over the cargo on the ship to anyone now.

"I didn't expect Jason, you are quite trustworthy and cautious.

We have already said that it is Mr. Effiete who sent here to respond specially. Is there anything wrong with checking our things in advance now? "

"There are too many things that are not allowed. Everyone has their own rules. Now here is my site. I can't hand over these goods before they reach their destination.

You say you are Effiete's people, do I believe you so easily, then this is absolutely impossible.

It's the same for everyone!

Before arriving at the destination, it means that my mission has not been completed in the agreement we signed at the beginning, but I signed the agreement to reach the destination, the coast of Baguo, and dock!

If you don't believe me, I can take out the agreement and show you to follow the agreement! "

At this time, Qin Yuan also said: "Jason, these people came out of nowhere, I don't know if they are enemies or friends, I think it is very suspicious.

Not to mention whether they were sent by Effiete.

Even if they are really us, we should be cautious, and we must not let them approach casually or our goods are priceless, and it is related to the lives of many people.

Absolutely can't hear their one-sided words! "

"Yeah, Qin Yuan, don't worry, I'm not that stupid, although now my daughter is not by my side, I'm flustered. '

It is also impossible for me to do something that is too contrary to common sense in a panic. "

At this moment, the few people under the boat were still very rude.

They look so hateful!

Chen Jixiang asked: "Brother Qin Yuan, are they really the same? Why do the people sent by Effie look so arrogant!"

"Hmph~ The arrogant attitude is very similar to Effiete's style of doing things.

However, as Jason said, it is impossible for anyone who comes to hand over the goods to them before we reach the destination.

Maybe they may already know, we found some solutions, is to find these people ahead of time to disrupt our position.

Just don't trust them easily! "

Chapter 1967: Hospital Surveillance Removed

The people below saw nothing, but they still shouted afterward: "Mr. Effiete took pictures of us coming, wouldn't you let us board the boat?"

Qin Yuan naturally couldn't let them come up so easily.

"Brothers, it's not that we don't let you come up, but that you really can't come up now."

"Why is this? Could it be that you can't gain your trust?"

"Hmph~ how did the brothers get here? You all know very well what is on our ship. I think you know better in your hearts. Now that you know this, then we don't believe you.

It is justifiable not to let you come up casually, and it may not be appropriate for you to leave like this. "

"Qin Yuan, are you playing sloppy with us? What are you saying, everyone knows it well, there is no need to argue here."

He was a little surprised to hear that the other party called out his name, Qin Yuan.

"How do you know who I am?"

"I told you a long time ago that we were sent by Mr. Effiete to pick up women. Is there anything doubtful about you?"

Chen Jixiang mocked at the side.

"That's not okay, because if you tell us our name, let you come up, it's really too simple, just now we also said the name when Qianqian whispered, what if you hear it? It's normal."

"It seems that you guys are unwilling to let us come up, so we have to go back and inform Mr. Effiete.

We don't know if your daughter, Jason, will be able to return home safely..."

Hearing this, Jason Tower's face was ferocious, his teeth were clenched, his eyes were bloodshot, his hands clenched into fists, and the veins on his neck were tense.

Suppressing the anger in his heart, he asked: "What did you guys just say? Sorry, I didn't catch it clearly, can you say it again."

"If we don't let us come up, can your daughter go home safely?"

Mr. Effitter, told us that he has no way to guarantee it! "

When Qin Yuan heard this, he also gritted his teeth.

"Effiete, it's really despicable and shameless. There is a saying that disasters are not as good as family members. Everyone is out on the road and should know the rules of the road. Isn't it too much for him to threaten the life of his daughter? up?

Doesn't he care about his family? "

"If you come out to hang out, don't say that your family is worse than your family. It's just an excuse for someone who has no ability to make up for themselves."

Hearing this, Jason was no longer calm. He could no longer refuse these people to board the boat.

But what was surprising was that Jason sneered and suddenly became calm.

"Hmph~ Now that you all said that, let's go up, anyway, we are almost reaching our destination, this cargo.

Whether it was handed over to you in advance or arrived at the destination, there is no difference if you struggle afterward.

Anyway, even if you are not Effiete, the people who harmed me, my goods will be lost by then.

I am also dead, and the same is true for my daughter who was with me at that time. "

Qin Yuan looked at Jason's performance and felt that he had given up on himself.

"Jason! You must never..."

Before Qin Yuan could wait, Jason stretched out his hand and waved it after speaking.

He signaled that he should stop talking and just listen to his own arrangements.

Qin Yuan also naturally retracted what he said just now.

Chen Jixiang approached Qin Yuan's ear, and said softly: "Brother Qin Yuan, what should we do now? Could it be so easy to let them up? Our things are kept secret, in case they really see Here, the consequences are unimaginable."

"I know, but there is no better way to solve it now.

These people can do anything. Now, in order to ensure the safety of Jason's daughter, we have to do this. There may be some risks, but there is always a good way. "

"Well then, I trust you!

As long as it is what you say, I believe it all. "

After hearing Chen Jixiang's words, Qin Yuan smiled and patted him on the shoulder.

"Well, brothers, Jason has already agreed to let you come up, so you go up, anyway, there are only these things on the boat, sooner or later, everyone has to meet, it's the same in advance and in delay of."

"It's okay to say that earlier, let us mention Jason's daughter, this child is quite good, but she has a congenital heart disease.

Jason, don't worry, since our boss has taken your daughter away, he won't let your daughter's life be in danger, and won't give you any chance to rebel.

The boss already knows everything about your daughter, for your daughter's sake, you should be obedient and listen to our boss, he will never treat you badly! "

Jason gritted his teeth with a smile and said, "That's natural!"

Afterwards, these people walked onto the boat one after another.

The first thing they did after they came up was to walk up to Qin Yuan and shake hands with him.

"Hello, Qin Yuan! I have really admired your name for a long time!"

"I didn't expect that I would be so famous among you that you already know my name?"

"Of course, Mr. Effite once told us that you are his greatest enemy in this life, and you have to fight against him every time you go on a mission. If there is a chance, he will have a good meeting with you alone , have a cup of tea, and feel that there may be a lot of misunderstandings between you two."

"Hmph~ There should be no misunderstanding between us, but we are just natural enemies."

"Qin Yuan, our boss is also very curious about how you got entangled with Jason and the others.

Maybe it is reasonable to say that you cats and mice should bite each other, but they can be so harmonious together. Our boss is also very curious about this matter and wants to know. "

Chen Jixiang said disdainfully, "We have no balance between good and evil, that's for sure, and there is no need to question it at all."

"Okay, our boss also explained to us before he came, don't tell you those useless things here, just honestly take the goods from you first, and then talk about it later.

We don't have that much time either, and we are about to reach our destination now.

Before arriving at the destination, I think we still need to tap the cargo on the ship.

At that time, it would be better to pay with one hand and deliver the song at the same time.

In case, if there is more or less, there will be no problem, and we will shirk each other.

Our boss is known to be a rigorous person, but he doesn't see any laziness in our brothers at all. "

Hearing these people say this, they were actually rather flustered in their hearts. Everyone knew that the cargo on the ship was shameful, and how to deal with it was still a difficult problem.

"I don't think the brothers should be so anxious, right? These goods can be counted at any time.

Brothers, why don't you go to our room to have some food and drink first! "

Jason is actually very nervous now, because everyone knows that the goods on the ship are completely different from when they brought them in. If it is true, if they find out, they may have revealed their secrets before they reach the destination. .

At that time, it would be too late to inform Norman Karim, to help himself, I am afraid that these people will control him as soon as he reaches the shore, and Budai will lose the initiative at that time.

I'm afraid they will also lose control over many things. This is too dangerous, and it is impossible for them to count things now.

Chen Jixiang said with a smile: "I think you guys are really tired, why don't you take a rest in the room first, you see.

Seeing the sun on the sea rise up, the sun on the sea is not joking with you, the sun is poisonous!

This is going to show you guys, aren't all of you tanned?

Let's take a rest in the room first, we haven't eaten just now, and it seems that it's time to eat.

After eating, we counted and counted, and I estimated that we will soon arrive at the destination, so it is just the right time.

Otherwise, it will take some time after you have finished viewing the goods and waited until the destination.

If something goes wrong at this time, no one can afford it, right? "

After listening to Chen Jixiang's words, these people felt that what he said had some truth. It seems that this kid was quite clever at the time.

If you go to check the goods now and reach the destination, there is a high possibility that you will lose something.

It would be more appropriate to go to the room to rest for a while, and wait until the rest is over before thinking about it.

It's time to clear all the goods.

Just looking directly in front of the goods, I believe that no one will take this opportunity to make a move.

As a result, these Effiete's subordinates seemed to be a little shaken.

Jason took this opportunity to send them to his room with half push.

Afterwards, Jason said to his subordinates: "Go and prepare some good wine and food first, didn't we bring a lot of self-heating rice?

There is also a self-heating hot pot, bring these things.

We have been drifting on the sea for so many days on our ship, and there is really nothing for everyone to use, but eating, this thing mainly depends on your mood.

As long as everyone is in a good mood, whatever you eat tastes good. "

Effiete's subordinates said: "It makes sense, so that's it."

Jason's men went down to prepare food, planning to satisfy these people?

At this moment, Qin Yuan seemed to have some doubts.

He felt that Effiete, even if he didn't trust Jason, probably wouldn't choose to come and count the goods at this time.

Qin Yuan felt that he needed to calm down and think about who these mysterious people were.

Anyway, Qin Yuan's own sixth sense, he felt that these people were not sent by Effiete.

Therefore, Qin Yuan said to Chen Jixiang: "Since Jason is entertaining guests here, it's not convenient for us to be here. Let's go back to the underground cabin and wait."

"Wait a minute, Qin Yuan, why is it inconvenient for you to stay here? Don't worry, go back first.

Since Effiete, that is, our boss, has reminded us that you are not an outsider, and everyone is so familiar, you should stay here.

Didn't you tell us back and forth just now? Why do you feel like an outsider now? It's not good to stay here anymore, isn't this a little guilty? "

"How can this be a guilty conscience? You also know that we sneaked here.

All our things are in the underground cabin, so it looks like we are about to reach our destination, we have to go to the underground cabin to pack our luggage, don't we want all these things? "

These people looked at Qin Yuan wanting to leave now, but it was natural, they didn't want them to leave so easily.

However, they didn't have any suitable reason to reject Qin Yuan after thinking for a while.

Said: "Alright then, Qin Yuan, you go back to your underground cabin to pack your things, and come up when you're done packing.

We are all here waiting for you! "

"Yeah, okay, I'll be up soon!"

After finishing speaking, Qin Yuan took Chen Jixiang and left.

After leaving Jason's room, Chen Jixiang couldn't wait to say to Qin Yuan: "Have you ever doubted the identities of these people?"

"Why do you guys start to doubt them?"

"I think the identities of these few people are not simple at all, if they are really sent by Effiete.

I always feel that they seem to be very polite.

It seems that they are pretending to be fierce. I don't know why they are always being led by us.

If it was really people sent by Effiete, I believe they would not listen to us so easily. "

"Then you kid is my own idea now, who do you think they are?"

"I think... now it's hard to tell whether they are friends or foes."

"Aren't you talking nonsense? If we can tell the difference, we don't need to come back now, we can analyze it ourselves."

Unexpectedly, at this time An Ran came to the news.

"What's the matter, An Ran? Do you think there is a clue about the disappearance of your daughter!"

"Yes, I asked Du Bingbing to find a relationship to go to that hospital to adjust the surveillance and found that the surveillance had been tampered with.

There is a video that has been deleted by others. It should be the video of Jason's daughter missing. It seems that they are really thoughtful.

It's just that they didn't expect them to be so powerful, even the hospital's video can be deleted casually. "

"It is true that the hospital is a public place where there are many medical staff and patients.

In order to prevent the loss of many important medicines and the medical troubles of the patient's family members, they use this monitoring equipment.

Usually, the control is very strict, and it is impossible for ordinary people to get close.

So sadly, you now suspect that the kidnapping festival belongs to your daughter. Is this person inside the hospital doing it right? "

"Yeah, that's right, Qin Yuan, it seems that the two of us really want to go together!"

Chapter 1968: Fortunately, Dr. Du has connections

The latest website: Qin Yuan and An Ran both wanted to go together, they both felt that this matter was done by insiders of the hospital.

If it wasn't for the insiders of the hospital, they couldn't have deleted the monitoring so cleanly.

It seems that Effiete and the others are really insane, and they were able to find someone inside the hospital to kidnap Jason's daughter.

Are they just pushing each other so hard and refusing to let go?

Why does it have to be like this?

In fact, Qin Yuan became more and more suspicious that the relationship between Jason and Effiete was absolutely impossible to be such a simple relationship.

Maybe the two of them had known Effiete a long time ago, and this time they didn't really want to frame themselves, but really wanted to use this matter against Jason.

Did the two of them really have any grievances?

Otherwise, Effiete wouldn't have used such indecent means to deal with Jason in this way, it was really unnecessary.

An Ran heard that Qin Yuan seemed to be silent, and asked, "Qin Yuan, why are you silent? Did you remember something?"

Qin Yuan, he doesn't know whether to tell An Ran now, he suspects that Jason and Effiete knew each other before.

Because, he didn't plan to question Jason yet, and he was about to reach his destination.

At that time, he and Jason were able to part ways. In case, if something really offended Jason now, he was also a person who turned his back when he said it.

I haven't known him for a long time, if I really offend him, it will really be worth the candle.

It's still time to stabilize Jason's doubts first, at least wait until he lands.

Now people actually throw a few of them into the sea to feed the sharks in the sea, so don't talk about it.

Wait until it is open before questioning the relationship between Jason and Effiete. If it is true that the two of them can't work together like this, then I also saw the wrong person in the past.

Then they simply parted ways and will no longer contact each other in the future.

However, I promised Jason to help his daughter find medical resources, and this matter will still be done.

I will never go back on what I promised, this is Qin Yuan's bottom line in life.

Qin Yuan hesitated, and said to An Ran after a while: "It's nothing, I just suddenly thought of some problems, and after careful consideration, it's not very reliable, where did we just talk.

It's someone inside the hospital, right? Since it's someone inside the hospital, shouldn't we have a place to use it to check it?

No way, let us keep thinking about these unreliable things here, and there will be no results by then.

It might be better to think of a way first and investigate the things we can investigate, which may be more appropriate. "

"I just called you for a long time, but you didn't respond and I was startled, I thought you were wandering?

Now that you have heard what I just said, I can tell you next time that I don't need you to arrange it. I have already arranged it. I have already gone to Dr. Du. "

"What? You really went to him. I told you that it's best not to tell outsiders about this. He has always been very cold. It's hard for you to imagine what he's thinking.

It's best not to bother him, and all of us are really not very familiar with him. It's better not to tell him about such an important matter. After all, we still have spies inside who haven't been caught yet.

What if Du Bingbing is really a spy? "

After hearing Qin Yuan's words, Chen Jixiang couldn't stand it any longer.

"Brother Qin Yuan, you really have no conscience when you say these words!

I know that you don't want Sister An Ran to worry about you, and you don't want Sister An Ran to suspect the relationship between you and Du Bingbing.

However, the last time we carried out a mission with Du Bingbing, but we have experienced life and death, we can be regarded as a fateful friendship.

How can you not believe him?

I know you are right to be cautious, but Du Bingbing has not done anything, sorry about our affairs.

He is helping with all his heart, and we help us take care of Professor Fang.

Whatever you tell him, he is very willing to understand you and help you. Even if you don't mean anything to him, you shouldn't say that, because what he wants to hear will be very sad. "

I don't know why Chen Jixiang was so excited all of a sudden, and Qin Yuan didn't say anything bad about Du Bingbing.

Chen Jixiang's performance made Qin Yuan dumbfounded and didn't know what was going on? How did it happen? So suddenly and inexplicably brought up the relationship between him and An Ran.

Qin Yuan himself does have some different feelings for An Ran, which is different from his comrades in arms.

But she never told anyone, and now Chen Jixiang suddenly expressed his thoughts, which made both of them feel very embarrassed. After Chen Jixiang finished speaking, An Ran didn't move anymore. , Qin Yuan was also silent.

There was silence, and the atmosphere was indeed too awkward for a long time, so Chen Jixiang said slowly: "Sorry, I was a little too excited just now, but I don't have any other thoughts.

You should think about it carefully. From this matter alone, everyone is not perfect, and there is no need to go too far.

We've already said it, so be it! "

After finishing speaking, Chen Jixiang didn't stay any longer, and he immediately left their side.

At this moment, they seemed to have thought of something.

An Ran eased the embarrassment in her heart, and said to Qin Yuan: "Chen Jixiang, why did this kid suddenly say so many strange things, it made us all a little embarrassed."

"You don't need to worry about it, this kid doesn't know what kind of wind, he is usually quite normal, why did he suddenly become like this today?"

"It's okay...he is just a child, and we can't hope for any changes in him, so that's it. Where did we just talk about, the kidnapping of Jason's daughter in the hospital, right?"

I just told Du Bingbing that he went to visit his relatives and friends and planned to visit.

See if the deleted monitoring inside the hospital can be restored. If it can be restored, it may be very helpful for us to find clues. "

After Qin Yuan heard An Ran's words, he asked very excitedly: "You mean, can this be restored?"

"There should be a high probability that it can be recovered, because didn't I tell you about the monitoring of the hospital? It is different from other monitoring hospitals in other places. The monitoring and control are very strict, and it is absolutely impossible to casually delete it by others and cannot be restored.

As far as I know, monitoring in hospitals is strictly controlled, and their grasp of monitoring equipment is definitely different from what we know.

When we learned about the monitoring equipment, everyone was also very surprised, surprised that he could do such a thing.

Now you can understand that the surveillance in the hospital is caused by special technology.

If you want to completely delete the monitoring, you need to operate from the entire data background of the hospital, otherwise it should be recoverable within half a month.

If it really can't be recovered, it means that someone has obtained the control key of the hospital's background monitoring system.

Completely delete the monitoring, which can also narrow our scope. Except for the dean and a few high-level officials, no one can grasp the top secret level of monitoring. "

After hearing An Ran's words, Qin Yuan was able to calm down. It seemed that what he knew was not wrong at all. Indeed, all of this had something to do with An Ran. Fortunately, An Ran was able to find Du Bingbing for help.

"An Ran, thank you just now that I was indeed my family, I was so excited, it shouldn't be said that you shouldn't have told Du Bingbing all this, if it wasn't for Du Bingbing's special relationship with him.

Maybe we don't even know that the monitoring can recover this matter. It seems that if ordinary people kidnap Jason's daughter, they should not know about the monitoring equipment. "

"Well, it's okay, I know you also want to keep the whole thing a secret, that's why you said that.

We won't change much.

I believe even more that you have your own arrangements for this matter, and it is impossible for me to discuss so much with you. "

An Ran, some words do not convey the meaning now, Qin Yuan also knows that he also feels very embarrassed, the relationship between the two of them is a feeling of seeing through but not telling.

There is nothing special, and there is nothing that cannot be said if you want to know mine.

At this moment, Jason walked up to Qin Yuan.

"Qin Yuan, just claimed that the people sent by Effiete can't wait in the room now, they are going to take inventory immediately, what should we do with the goods on our ship? Let them go now?"

Qin Yuan thought for a long time but couldn't think of any good solution.

"No, they must not be allowed to approach these goods now, and we will not be able to tell if there are more or less."

"Then what should we do? They are very excited now, and they will not let this matter go away. I believe they will definitely find fault with us.

Otherwise, let's give up on this matter first, and don't talk too much to them. "

An Ran heard Qin Yuan, and seemed to have encountered some difficulties here.

"What's wrong? Is Qin Yuan unable to stabilize now? What happened?"

"It's nothing serious, you don't need to worry too much, we just met at sea, and after a while they claimed to be someone sent by Effiete to come to our hands to pick up the goods in advance.

You know, they're all sinister and cunning, too.

It is impossible for us to believe that they were sent by Effiete without seeing definite evidence.

Naturally, it is impossible for them to inspect the goods so easily.

In case, something goes wrong, we will have no way to explain it, even if we jump into the Yellow River, we will not be able to clean up. "

"Qin Yuan, you did the right thing to this group of people. Now that their origins are unknown, they must not be allowed to approach the goods casually. Is it possible that they are He Fei's people?"

"What did you say?"

"I didn't say anything, you should go ahead and solve their problems first, and then I will go to ask Du Bingbing first, how is his investigation going? Let's exchange news after we have the results."

"Yeah, that's fine, but An Ran, you must pay attention to safety, I believe that kidnapping the daughter is very cunning, and it will definitely not be so easy to deal with, in case they find out that you have found some clues.

It is very likely that your life safety will be written, and I am also more worried. At that time, Fan Tianlei must protect you. "

"I see, Qin Yuan, you don't have to worry that I, Fan Tianlei, won't put Du Bingbing and me in any danger, you two go get busy first."

After finishing speaking, Du Bingbing hung up the phone, Qin Yuan turned around and asked Jason.

"What's their situation now? Why must they blatantly fight against us?"

I feel more and more that they are not people sent by Effiete, they are probably people from unknown background who want to test us. "

After Jason heard Qin Yuan's question, he also felt very puzzled.

"Qin Yuan, why do you say that?"

Have you got any substantive evidence? If you have evidence, you must tell me, don't let me run around like a headless chicken. "

"I feel that if it was really Effiete's people, they would not be so polite to us."

"You are right. Aifeite and the others have always been very insane, and their attitude towards others is particularly fierce, and they also look down on others. After this group of people came, they always seemed to be led by us. The nose goes the same way."

"By the way, did you see Chen Jixiang? We were discussing here just now, and then he left as soon as he got angry."

"I saw this kid Chen Jixiang just now, and he ran into the room angrily. I was afraid that he would have conflicts with those people in the room. It would be bad if there were conflicts with them."

"Hmm, I think what you said is very reasonable. You should not have any conflicts with them. These people are very dangerous, and they can be regarded as dangerous people in a certain sense."

However, ' I am quite at ease with this kid Chen Jixiang, and the one we are not at ease with is He Chenguang.

Fortunately, He Chenguang, he never came near us, otherwise, if he got involved in this matter, the consequences would be unimaginable. "

"Qin Yuan, don't you really believe in He Chenguang now? He is your good brother who was born and died."

Qin Yuan is also in a dilemma now, he doesn't know whether he should trust He Chenguang, he is willing to believe it from the bottom of his heart, but all the evidence shows that He Chenguang is no longer worthy of his trust.

Thinking of this, Qin Yuan is also very embarrassed.

Forget it, don't talk so much for now, let's go and see what's going on with them.

Qin Yuan has a lot of doubts in his heart now, he always feels that this matter is not as simple as it seems on the surface.

Chapter 1969: Sure enough, I was right

After Qin Yuan thought about it for so long, and with these clues An Ran gave him, he is very suspicious now.

Qin Yuan always felt that the mastermind behind the scenes was definitely not that simple. He was very courageous to kidnap a little girl in the hospital. Secondly, he should have many connections and resources he knew.

Thinking of this, Qin Yuan seemed to have a sudden inspiration. He felt that this problem was not as simple as he imagined.

After thinking for a long time, he seemed to have thought of something, but no one had a definite answer.

Chen Jixiang naturally also noticed that Qin Yuan seemed to be thinking.

"Brother Qin Yuan, what's wrong with you? You seem to be thinking, did you think of something?"

I know your brain is very bright, better than all of us, if you think of something, please tell us immediately. "

"Chen Jixiang, I think your brain is the real aura. Why are you a roundworm in my stomach? You can take the lead in everything and know some secrets.

Let me tell you the truth, I did think of something, but so far it is not convenient for me to say it. "

After hearing what Qin Yuan said, Jason was a little surprised.

"Qin Yuan, what did you think of? It's not convenient to say it now, so you can tell me? Don't you even believe me?"

"Jason, it's not that I don't believe you, I just think this matter is not as simple as we imagined.

To put it bluntly, there is still some discrepancy between what I imagined. "

"Then what did you think of?"

"I don't think it's an ordinary person who can go to the hospital for kidnapping. He should have great network resources. Otherwise, he wouldn't mind entering our hospital. This is normal."

"so what?"

"So I think maybe this matter may not really be done by Effiete.

Effiete is from the United States, no matter how many resources he has, it will not work in front of us.

Most of the time it is something inside us, he has no way to stop it and has no way to stop it.

This is a rare opportunity for us now. These people are really capable of doing anything, so I think it is better to be careful. "

"Qin Yuan, do you mean that we all wronged Effiete?

Not him, kidnapping my daughter?

But apart from him, I can't think of anyone with such a motive.

He is the only one who is so ruthless that he will fight against us time and time again.

Except for Effiete, I really can't think of anyone who can hate us like him and do everything possible to kill us, my daughter, but he has never offended him. "

"Jason, I know that your daughter has been kidnapped. You are very sad and worried. This is something you have to face as a father.

However, I hope you can look at it calmly and consider it from the perspective of an outsider.

Effiete, it is really impossible for him to have such a great ability. He is just an unknown soldier sent by the big boss of the United States. With so many resources in his classroom, he has already confronted us head-on.

The reason why he can have such an idea is because there are people behind him supporting him.

However, I think the kidnapping of your daughter is more likely to be his own consideration.

Perhaps it was because of our personal grievances that she was able to make such a choice. "

After Chen Jixiang heard Qin Yuan's words, he became even more confused.

"Then if it wasn't Effiete, who would be able to do such a thing?

I really can't figure it out, no one else has such deep hatred with us! "

"I think we have overlooked one person, He Fei!"

"What? Could it be that he did this? He has never had any grievances with Jason, why would he treat us like this?

Besides, he has already promised to help us, so why should he do it?

What good was it to him if he had really kidnapped Jason's daughter? He is such a powerful person.

The most important thing is that after you have contacted him several times, I think he is a very nice person, and he will definitely not be the kind of despicable and shameless villain who likes to kidnap other people's daughters. "

Qin Yuan shook his head after hearing Chen Jixiang's words.

"There is a saying called "knowing people, knowing the face, not knowing the heart, let's not think too much about it.

If he is really a purely good person, do you think he can sit in the position he is today? There is a saying that if you are not ruthless, you will not stand firm!

I think he should know some of our secrets, and then she wants to use this as a threat.

Why don't I ask him first, if he really did what he did, we don't have to worry about it anymore.

We have to ask An Ran and Fan Tianlei to help us find all kinds of clues. The procedures are really too troublesome. If he didn't do it, then we will think about it, and others will have time. "

"Brother Qin Yuan, are you a little too naive, as you said just now, if he is really a pure and good person, how could he kidnap people?

If he really kidnapped Jason's daughter, how could he possibly tell us the truth? Even if you learn from him, will he admit that he did it himself? There will be such a stupid person.

I am already a suspect in kidnapping others, and I will tell the truth to others? "

"We have to find Jason's daughter before we reach the destination, otherwise it will only cause problems.

There are no useful clues for us to complete the whole plan. "

After listening to Qin Yuan's words, Jason felt very moved. She never thought that Qin Yuan would take his own affairs so seriously. They were almost arriving at their destination.

His own problems have not been resolved clearly, and he is not yet ready. He only wants to help him find his daughter. With such a friend, who would be afraid to move?

So, Jason looked at Qin Yuan with a strange look.

He seemed to want to say something, but he hesitated to speak.

Qin Yuan could also tell that something was wrong with Jason now.

"Jason, what's the matter with you? Is there anything you want to tell me? I always feel that you are a little hesitant to say something. If you have something to say, you can say it, no problem...

However, if you feel that I am running around for your affairs, you don't have to open your mouth if you are really embarrassed. We are all getting along together, we have been good brothers for so long, and I treat you as my own brother on my birthday.

Don't tell me these kind words, I don't like to hear them. "

After hearing what Qin Yuan said, Jason smiled, and patted Qin Yuan's shoulder without saying anything.

At this time, Amin, Jason's subordinate, also ran over.

Chen Jixiang looked at A Ming, and couldn't help but blame him in his heart.

Chen Jixiang, what is on his mind right now is.

It was really interesting for Jason to treat his subordinates. He lost his daughter and yet he was able to face his subordinates so calmly.

I believe that if it is changed, no one should be able to do it. He has done a lot of wrong things, but he can still be forgiven by his boss.

Chen Jixiang felt that maybe this was Jason's way of buying people's hearts, so he didn't think too much about it.

"Amin, you've come here, have you thought of any useful clues?"

"No really sorry, I didn't think of any useful clues.

I came here just to tell you that the group of people who were going to light the cargo on our ship just now must go and count the cargo first.

I can't stop them anymore, so I want to come here and ask you if there is any suitable way to think of a way, don't let them go to Ganyu first, our business.

The most important thing now is to quickly find Yaya.

If I can't find him for a day, my heart is full of guilt, and I can't face everyone. "

Jason walked to Amin's side and patted his shoulder lightly twice.

"Amin, I have already told you that this matter has nothing to do with you. It is all about blaming those who kidnapped my daughter. If I put all the problems on your head, then I will Not your boss anymore.

As your boss, I should be tolerant, and I should be mentally prepared to accept the failure of your mission at any time.

From the moment I hand over my daughter to you, I have unlimited trust in you.

How could I have any bad thoughts about you? You don't have to blame yourself too much. What you can do now is to quickly go back to the time before and after my daughter's disappearance to see if there are any details. don't want.

Just leave the rest to us. You don't need to be involved too much. You don't understand many things when you just came on board. "

After hearing what Jason said, Qin Yuan had to speak his mind.

"Jason, how about this, although the person who kidnapped your daughter is in country H, but I think since we are about to arrive in country Ba.

Let's contact Norman Karim, Nali's local force. "

"Qin Yuan, are you really planning to contact Norman Karim? I don't think he should care about our matter.

He promised to help you and Fan Tianlei, but he didn't say he promised to help me, and there may be some unpleasant things between the two of us. "

"Jason, it's because you two still have a lot of unpleasant things happening, so I have to contact him."

"Qin Yuan, what do you mean by this is my daughter? Is his disappearance related to Norman Karim?"

"At this point, I'm not sure that even if he has nothing to do with him, he can help us. I believe he will not die."

After finishing speaking, Qin Yuan was going to go to the deck to contact the anime Karim to see if he had anything to do with the disappearance of Jason's daughter. They are now very cautious about this matter.

And the most important thing is that Qin Yuan felt that the disappearance of Jason's daughter was not as simple as it seemed on the surface. He always felt that it was a conspiracy.

He couldn't tell why, but he just felt suspicious.

It may also be the sixth sense of a man, which is understandable. It seems that they all really underestimated this matter.

When he got to the deck, Qin Yuan called Norman Karim without hesitation.

"Sorry, Mr. He, I have troubled you again."

"Since I promised to help you, I haven't felt that there is any trouble or no trouble. I am entrusted by others, so I must be loyal.

What's the matter with me? Has there been a series of changes recently? "

"It seems that you really know everything with your hands and eyes. Even if I don't tell you, I believe you know it very well in your heart. The most important thing I want to find you today is to learn about the disappearance of Jason's daughter. "

"Jason's daughter is missing? You don't think I did this, do you? I can tell you that I definitely did not do it. His daughter's disappearance has nothing to do with me.

And if you want me to help him find his daughter, I don't think I will help her either. "

"I knew you would answer like this."

"Qin Yuan, since you know that I did not do this, and you know that I will not help him find his daughter, why do you still contact me? I believe you should have a lot of things to do.

I've already told you what I should say. I still have my own business to do, so I won't talk about it. "

Before Qin Yuan finished talking to him, Norman Karim became anxious and wanted to hang up the phone.

"Wait a minute! Don't worry, Mr. He. I have something very important and I want to know about it with you."

"Tell me something important. I'll give you another minute. If you don't understand clearly, then you can't blame me."

"We came face to face with a few people at sea who claimed to be from Eiffelt.

Come to us just to come to us to receive the goods in advance.

I believe they are not from Effiete, right? "

"It seems that you must have grasped some clues, ' You must have thought of something before you came to call me to ask me. It seems that you not only want to ask about Jason's daughter, You want one phone to do two things.

Since you already guessed it, why did you come to ask me? "

Sure enough, Qin Yuan guessed that he was not wrong. The few people they met who came to harvest in advance and who had to go to their ship to lighten the goods were not sent by Effiete at all, but Norman Karim. people.

"It seems that it is just as I imagined, they were sent by you personally.

But why do they claim to be from Mr. Effett? "

"Are you stupid for a while? If they don't claim to be Effiete's people, then the spies on the ship will definitely not relax, and you will get nothing by then.

I can't get any useful clues. What's the point of letting them go? "

Chapter 1970: I'm also thinking about you

Qin Yuan, he is really too smart.

He quickly guessed that these people were not sent by Effie, but by Norman Karim.

Actually, Norman Karim didn't intend to hide it from Qin Yuan.

He knew that this kid was so smart, he must be able to guess it.

What he wanted to hide was the Effiete spies on board.

Norman Karim is really thinking about them all the time, hoping they don't fall into the trap.

Such a person can think so thoroughly for himself, Qin Yuan is really touched.

"Mr. He, I'm really grateful to you for being so thoughtful. There are some things I haven't thought about myself."

"You don't need to say so many polite words to me, I did my homework for you in the first place according to my own ideas.

If I wait until you land, it may be too late for me to try to help you.

Why don't you let my people go up to check now, what's your situation now?

That's right, I will protect you all the time.

If no one makes things difficult for you after you land, then they don't have to do anything.

If you landed, Effiete and the others would come over to make things difficult for you.

I will definitely not stand idly by, you just believe me, leave this matter to me, and you will never be disappointed. The trust of the orcs is what we should do, although I have left country H for so many years .

However, I still keep in mind some traditional virtues in our country and regard them as standard. "

Qin Yuan, now in his heart, he has some impression that he has a different view on this Norman Karim.

"Since you said that, I have no choice but to believe you. I know that they came to help us under your leadership. If it weren't for you to ***** us, it would be really dangerous.

By the way, I just contacted you to ask about the disappearance of Jason's daughter. Is it related to you? "

"Qin Yuan, I have already told you that this matter has nothing to do with me. There is a saying that it is not as good as your family.

Although, I don't quite agree with this sentence, but I don't want to attack a little girl of a few years old.

And yes, with congenital heart disease.

My dissatisfaction with Jason is limited to what I have told you. I am also aboveboard and have expressed all my dissatisfaction with Jason.

You don't need to be too anxious, or have other ideas too much.

More things, I hope to solve them openly, instead of kidnapping people's daughters in such a sneaky way. This is very disdainful to me.

It is impossible for me to do this, and the only thing that can be considered for me is his daughter. Now her life is indeed in danger. If you have a way, try to think of a way.

His daughter is so dangerous and so embarrassing, and no one wants to see it. I believe you should also try your best to find clues. "

Qin Yuan knew that Norman Karim had already said that, so it seemed that the disappearance of Jason's daughter had nothing to do with him.

"It's okay, Mr. He, no matter what you say, I believe it, and I also believe that the disappearance of Jason's daughter has nothing to do with you, but we have to face the difficulties now.

That is, I don't know how to think of a way to save his daughter. We really feel too powerless about such things. "

"Qin Yuan, I have to tell you about my own thoughts and experience. You should relax about some things, or you may see different problems from a different angle. Some things are inherent in what you think thinking.

The truth of the matter may not necessarily go according to your ideas, and it is very likely that the problem will appear where you cannot see it. "

After Qin Yuan listened to the words Norman Karim said to himself, it seemed that there were always some hidden meanings in the words.

However, he refused to say exactly where the problem was, as if he was trying to teach himself.

"Mr. He, do you know any clues when you say this? If you want to know something, just tell me directly. We are so familiar with each other. Do you still let me solve the mystery by myself? I will soon Once we reach our destination, we don't have so much energy and time."

"That's all I can tell you. You have to think about the rest with your brain. I don't like young people without brains."

Unexpectedly, after he finished speaking, he would be heartless and hung up the phone.

It seems that this time he contacted Qin Yuan mainly to tell Qin Yuan that these strangers on board belonged to him, so he should not worry about it, and he can do what he wants to do openly.

Although he did not say, there are clues about the disappearance of Jason's daughter.

However, he also felt that Norman Karim seemed to be implying himself intentionally or unintentionally.

Qin Yuan said to himself here: "What does it mean that the problem appears in an invisible place? What is an invisible place?

Well, why are Karim and me pretending to be serious?

Just tell me everything you know, and it's too boring for Cai Minyou to decipher it here. "

Just as he was talking to himself, Jason came over with Amin.

Seeing that the two of them had a calm expression, Qin Yuan also felt that there seemed to be something wrong.

Logically speaking, Jason lost, and his daughter should be very anxious. He was so calm that everyone was a little shocked by his daughter, but his only lifeblood was his daughter.

He doesn't have anyone else he cares about, and now the only person he cares about has disappeared inexplicably.

Is he really so easy to pretend nothing happened? This is really unbelievable and unbelievable.

Chen Jixiang, taking advantage of Jason not coming nearby, said to Qin Yuan secretly: "Brother Qin Yuan, do you think there is anything wrong with Jason?"

"What do you mean by that? Do you know it too? Any clues?"

"I don't have substantive evidence. If I have substantive evidence, it's not doubt, it's affirmation!"

But I just think that there are many things wrong with Jason. If his daughter is really lost, he will treat his subordinates so calmly. Now you can say that he is affectionate and righteous.

I don't want to blame this matter on my subordinates.

I don't want them to take on such a big responsibility, but I always feel that this is not what a father should be able to do. "

Chen Jixiang's words made Qin Yuan a little puzzled now, did he really see the wrong person? Could it be that Jason did it himself? Or did he know the inside story of his daughter's disappearance?

It shouldn't be, if Jason really knows, look at Qin Yuan, he is so anxious now, how could he hide it from him?

At this time, Fan Tianlei also started to contact Qin Yuan.

Qin Yuan gave Chen Jixiang a "shh", and then signaled with his eyes that he would help himself to watch and not let others approach.

"Is it Fan Tianlei?"

"Yeah, it's him, I believe he may have found some clues, and he just contacted us now, please help me watch and don't let Jason and the others come over.

Hurry up and hold them in the distance! "

"Well, okay, don't worry, I know how to do it?"

After finishing speaking, Chen Jixiang immediately left the vicinity of Qin Yuan and walked towards Jason's direction to stop him, preventing him from approaching Qin Yuan so as to give Qin Yuan a chance to contact Fan Tianlei alone.

"Thor, what's the matter?"

"You asked An Ran to find the relevant clues of the hospital. We have already found it. Now Du Bingbing is beside me. If he has something to tell you, you can just ask him to talk to you."

"Huh? Dr. Du is here too!"

"Qin Yuan, it's me!"

"Doctor Du, I've already troubled you a lot, and I'm a little embarrassed to ask you to report the clues to me personally.

How can I let you listen to my command! "

"Things are already so troublesome, so don't say these useless polite words, I will tell you now, I did go to find some people near the hospital we knew, and they helped me find the information in their total monitoring system. .

Without completely removing the device, video recording.

I found out that there was a doctor who left the hospital holding Jason's daughter Yaya. "

"Sure enough, it's exactly as we expected. It must be done by their own people. Otherwise, although the hospital is a place full of people and people, they shouldn't be able to keep it secret. Has this doctor been found?"

"We found it, we have already taken him away, and Fan Tianlei also asked about his situation, this doctor is quite strict, he refused to say anything, and dared not admit it.

He was even more unwilling to admit that he took Jason's daughter away. "

"What about the monitoring? Is there any device on the monitoring that shows which direction the unlocked daughter is going?"

"The monitoring can only monitor the situation inside the hospital, and it's useless to go further, and it can't be seen. The current situation is that relevant clues can be found, but he is definitely unwilling to provide everything about Jason's daughter's disappearance."

Qin Yuan was a little disappointed when he heard Du Bingbing say this.

"That is, there are no useful clues at all. After working for a long time, I still haven't gotten any useful information."

After hearing what Qin Yuan said, Du Bingbing felt very helpless. Why would he be discouraged when he heard that there was no clue?

"Qin Yuan, can you pick up your self-confidence? Is this how you behave without clues? We have found relevant clues."

"Didn't you say that the doctor refused to say anything? He refused to admit that he had something to do with Jason's daughter's disappearance."

"If we don't have the ability to grasp the evidence and just rely on their confessions, then we won't get any useful information.

Rather than relying on others, we should rely on our own abilities, and check carefully to see if there are any loopholes that we have missed. "

"Du Bingbing listened to your words, which means that you have indeed grasped some clues. I really admire you, so please explain to us?"

"We searched, and the previous monitoring has been searching since Jason's daughter was hospitalized and found some useful clues.

The doctor had whispered to Jason's subordinates more than once.

The two of them should be very familiar with each other. I believe they should know each other. Since they are acquaintances, I believe that the disappearance of Jason's daughter may have something to do with his subordinates. "

After listening to Du Bingbing's analysis, Qin Yuan also felt that he was almost in line with his expected direction.

"Do you mean that the disappearance of Jason's daughter was done by his subordinates?"

"I pay attention to evidence in everything I do. I don't have any evidence to show that this is the disappearance of my daughter and has something to do with his subordinates.

However, the clues I can tell you are.

The disappearance of Jason's daughter must have something to do with him!

Because they are so familiar with each other, I don't believe it shows that the doctor has been hiding here for so many years just to kidnap Jason's daughter? This life has been working in this hospital.

It has been more than ten years, he must be very familiar with Jason's subordinates, and they know the specific issues, you should ask the subordinates who took the screenshot, instead of wasting time discussing so much with me here. "

After listening to these clues, Qin Yuan seemed to be similar to what he expected. Could it be that Jason really knew the truth about his daughter but didn't tell himself?

Qin Yuan heard it, and Chen Jixiang was dealing with Jason behind him, trying to delay Jason's approach.

Qin Yuan looked back at Jason with a kind of disappointment, some doubts, and looked at Jason with some unbelievable expressions. Jason also saw Qin Yuan's expression.

He seems to be drawing something Qin Yuan with his hand? In fact, I really want to know.

"Dr. Du, I think you are right. If you want to know the truth, you should explore it yourself, instead of pinning all your hopes on others here.

It seems that I should have something very important and I need to discuss it with Jason. Can you guarantee that there is no problem at all with the clue you gave me? "

"Don't you still believe me?"

"Okay, ' I see, thank you, Dr. Du!"

After finishing speaking, Qin Yuan hung up the phone, and then he stared at Jason with the eyes just now. Jason seemed to know what kind of mood Qin Yuan was in now, he felt guilty.

And he shouted in the distance: "Qin Yuan, I know you may know something now, but I hope you can listen to me explain to you."

"What do I know? Jason, what do you want to explain to me?"

Chen Jixiang also saw that Qin Yuan's current mood was not quite right.

Because he had indeed thought about Jason himself, the disappearance of his daughter was not that simple. All of Qin Yuan's reactions were within Chen Jixiang's expectation, and he was not surprised.
