

Special Soldier 1971

Chapter 1971: I did plan it myself

After Qin Yuan saw everyone's reaction, he seemed to know that they were close to each other.

He was going to question Jason about what was going on.

Because, now he has vaguely felt that this matter was done by Jason himself. After seeing his reaction, Qin Yuan thought he was very calm at first.

Even had some admiration for him.

Now, I didn't expect Jason to keep saying that he regarded himself as his best friend, and he would even hide such a big thing as his daughter's disappearance from himself.

He clearly knew that Qin Yuan would never reveal his secret, and would help him find his daughter.

He still doesn't believe in Qin Yuan.

It really made everyone feel very chilling, and it was even more unacceptable.

The matter has come to this point, and everyone is very clear.

Then, it's time to ask Jason about it.

Chen Jixiang stopped Jiesen while looking back at Qin Yuan.

Qin Yuan also waved his hand at Chen Jixiang, signaling that he doesn't need to stop him anymore, he can let Jason come over.

Naturally, Chen Jixiang immediately understood what Qin Yuan meant. He nodded and put his hand down silently. Seeing Qin Yuan's reaction, Jason basically guessed what he had done.

Jason knew that as long as he told Qin Yuan the truth, he would be very angry and sad. He didn't want his subordinates to see him like this, so he asked his subordinates to leave for the time being.

Chen Jixiang looked at the two of them, there should be some conflicts, and he was too embarrassed to approach them.

So, nothing was said.

He didn't follow Jason to Qin Yuan's side, leaving a private space for the two of them.

Jason walked to Qin Yuan's side, looked at his clenched fists with his teeth clenched, and lowered his head without saying anything.

Jason walked up to Qin Yuan silently and patted him on the shoulder.

"It's really hard for you to help me find my daughter in such a hurry."

Qin Yuan sneered.

"Hmph ~ Jason, you really don't think of me as a good brother when you say that. Your daughter is missing such a big thing. I will definitely help you find it. I can use all my resources and clues. .

I just never thought of it, but when I regard a person as a good brother, he will treat me as an outsider.

Even, treat me like a fool, see me sweating profusely, do you think I'm ridiculous by the side? "

"I know, you should have guessed pretty well by now."

Qin Yuan asked angrily: "I'm pretty sure what you said, I don't know what you're talking about.

What, don't you think there's something you're hiding from me?

And, don't tell me, I need to explore by myself.

As a result, I happened to meet when I went to Pakistan to complete the task, and you became friends with you, and we were very happy together.

Unexpectedly, all my heart is for the dog. I regard you as a good brother, and you regard me as a big fool.

Since this is the case, then we don't need to continue discussing any issues, and I don't think it makes any sense. You won't tell me the truth about what I tell you.

Since you have never believed me, you still keep saying that I am a friend.

What's more stupid and naive is that I actually believe you, which is really ridiculous.

Forget it, I have nothing to say to you, I will go back to the underground cabin now, and we will part ways after arriving at the destination in a while.

You don't have to try hard to hide it from me anymore, I won't ask you what you want to do. "

After finishing speaking, Qin Yuan shook off Jason's hand.

"I have nothing more to tell you, so you know it yourself!"

Qin Yuan was about to leave here. After he knew that Jason was lying to himself, he didn't want to say anything more.

He felt that this matter had no meaning anymore, and the only thing he could think about now was to be angry.

Because what Qin Yuan hated the most in his life was seeing others cheating on him, and it was still this kind of person who he regarded as a good brother.

"I have my own difficulties, would you like to hear my explanation?"

"I think that even if you have difficulties, you should not deceive others, especially those who have always regarded you as a good brother."

"If I don't do this, it is very likely that my daughter will become a false disappearance and become a real disappearance!"

After hearing this sentence, Qin Yuan stopped in his tracks. He turned his head and looked at Jason with a strange look.

Seeing Qin Yuan, Jason seemed willing to listen to his explanation, and he also walked to Qin Yuan's side.

"Qin Yuan, I know it's my fault that I lied to you, and I didn't mean to hide it from you on purpose, I just haven't found the right opportunity to tell you the truth.

You also know how dangerous it is for me to help Effie deliver arms. How could I be so stupid as to believe that he said that he would not threaten me with my daughter and that the disaster would not hurt my family?

Therefore, I can only be preemptive and preemptive.

Kidnap my daughter first so that he can't find it. Only in this way can he truly feel relieved. "

"But, you shouldn't hide it from me, I really thought your daughter was missing, and I was madly looking for it for you.

Do you understand that so much energy and time have been wasted looking for your daughter.

Have you never considered how many useful things we can do? "

After hearing Qin Yuan's words, Jason nodded helplessly.

"I know!"

Qin Yuan, he couldn't believe it, looked at Jason, shaking his head and laughing.

"So, you deliberately want me to worry, intentionally, and use me to make me crazy to help you find your daughter.

Only in this way can everyone believe that your daughter is really missing, not a fake disappearance, right?

It seems that I am just a ***** you use, you still speak so nicely, what is it, you don't have time to tell me.

You obviously are, never thought of telling me that you just treat me like a clown.

Let me make a fool of myself in front of everyone, and help you find your daughter crazily.

In this way, the spies on the ship will know that even me, who you think is your best friend, believes in the disappearance of your daughter.

It seems that others are more able to believe it, right?

I never thought that you, Jason, are such a scheming person.

It seems that I underestimated you.

No! To be precise, it should be that I overestimated myself.

Obviously I'm the one being tricked, but I still think that I can save you and help you do things, I'm so naive. "

In fact, Jason didn't explain. Fortunately, Qin Yuan became even more angry because of him. Qin Yuan is now completely sure that he was played by Jason. Jason deliberately used it to prove that his daughter was missing.

Although Chen Jixiang didn't get close to him, he vaguely heard the conversation between the two of them.

I also think that Jason is too much, and Qin Yuan treats him as his best friend in vain, and really thinks a lot about him.

Chen Jixiang wanted to go to Jason's side now, and blamed him frantically.

Thinking about it later, let's forget it, Qin Yuan is already very angry now, if he blames Jason again, the two of them will quarrel with each other, and the scene will become a little chaotic.

Now is not the time to quarrel, it's time to calm down, no matter whether you want to get along with Jason in the future, you must not tear yourself apart with him now.

Because, there is another He Chenguang waiting in this underground cabin, although they are about to reach their destination, but now they need to work together to deal with one person.

That is Effiete, all this should be blamed on Effiete, everyone is forced to do nothing.

Jason was so sad when he saw Qin Yuan, he couldn't help but didn't think that he knelt down on the ground with a "plop".

Qin Yuan was really taken aback when he saw his behavior, and the two colors immediately changed. He was still accusing him just now, but he was really surprised by Jason at this moment.

At that moment, he suddenly became a little sympathetic, but after he realized that he was being played around by Jason like this, he stretched his face again.

"Jason, what are you doing? A man has gold under his knees. He can kneel to the sky, the ground, and his parents, but he can't kneel to me.

You better get up, the relationship between us has not reached this point.

Even if you lied to me, I know it, and I realize it. From now on, I will just be careful about you, and let it be that we don't have that kind of good relationship anymore.

There's no need for you to kneel down and apologize to me, as you said, you can't help yourself, and you don't want to do it for your own daughter.

But, in the final analysis, you still cheated. For me, one time of infidelity is not enough for a hundred times. Even if you are a friend, if you cheated me, it is impossible for me to have any intersection with you in the future.

All of us, forget it like this. After arriving in Pakistan, I believe that there is no need for us to continue to contact you. In the future, you will follow your sunny path, and I will cross my single-plank bridge. We all just go our separate ways. .

As for strangers, I can't say.

After all, we have experienced so much together, but we can no longer return to the relationship of good friends as before.

I help you, and that's what I should do. We are all in the same boat.

I will still help with the arms matter to the end.

Once this matter is over, there will be no need for any further contact between us.

But, do you want to be friends with An Ran?

It is your choice, anyway, it is impossible for us to have the same relationship as before. "

Jason also never expected Qin Yuan to be so stubborn. After he lied to him once, he would never trust anyone again.

At the beginning, he only wanted to use Qin Yuan to help save his daughter, because Jason knew very well in his heart that he could not believe Effiete's nonsense that the so-called disaster was not as good as his family.

You must keep a hand, if you really believe in Effiete, then you are the biggest fool in the world.

Therefore, he had already started planning the kidnapping of his daughter, but he hadn't implemented it before, because he didn't find a suitable opportunity.

After getting acquainted with Qin Yuan, he realized that as long as Qin Yuan believed that his daughter had been kidnapped, then the people on the ship sent by Effiete to spy on him would not doubt it.

Therefore, Jason was also very entangled at the time. He knew that Qin Yuan was such a loving and righteous person, and he regarded the friendship between friends as the most important thing.

If you cheat others this time, you may lose this friend.

However, Jason had no choice, he had to use Qin Yuan, he only had this one daughter, and he had no choice but his daughter.

He is only doing this now as a last resort, but, but he did not expect that Qin Yuan would be so angry and unacceptable because of this matter, and even ruin the friendship between their friends.

Thinking of this, Jason also felt very sorry, but he didn't regret it.

"Qin Yuan, I know you are a very affectionate person, you know, even after I cheated on you, it is impossible to forgive me.

I also thought of this at the beginning, but I didn't expect you to have such a big reaction.

But when I say this, I don't mean to blame you. You should hate me if you hate me. I shouldn't lie to you like this, but do you know?

I also have my own difficulties. If you don't believe it, how can these spies believe it?

Only if I convince you, can they all know that my daughter was really kidnapped.

They were able to breathe a sigh of relief.

I cannot tell you in advance.

If I tell you in advance, then if you are really discovered by them, you will really fall short of your success. Only when you find out the truth by yourself, you will be able to understand.

Besides, we can't make the relationship too rigid now, do you understand?

If you make it too rigid, it may also arouse their suspicion.

They will know that maybe my daughter's matter is not as simple as imagined. In fact, I have done so much for my daughter.

I know that the friendship between our friends is rare, and I understand why I shouldn't lie to you like this.

However, In the face of family affection, no one can make a choice.

My daughter is my lifeblood.

He is also my only relative. If there is something wrong with him, then it will be meaningless for me to do anything.

It doesn't even make sense for me to live anymore. The reason why I can persist until now is because I live for your daughter.

If there is something wrong with me, who will take care of her?

So, even if you don't forgive me, I hope you can understand what I have done. I am sincerely apologizing to you. I really shouldn't lie to you like this.

You regard me as your best friend, if you change it, anyone will feel uncomfortable.

So, I can understand why you are so angry, and I can understand it even more. I hope you can forgive me for this impulsiveness. "

Chapter 1972: take care of the overall situation

After listening to Jason explaining so much to himself, Qin Yuan is still aggrieved as a gentleman now.

There was no way he could make such a big deal into a small one that he had deceived himself.

However, he also considered that so far, they have no other choice.

He can only work with Jason, maybe Jason is just doing this.

Even if he knew that he had deceived them, what could he do?

They can't part ways with themselves, and now, everyone is a grasshopper.

Thinking of this, Qin Yuan became even angrier. He felt that Jason was using his friendship to kidnap him.

It seems that I have no other choice now.

Qin Yuan turned his head and looked at Jason who was kneeling on the ground. He had nothing to say.

"You better get up first!"

"Qin Yuan, if you don't forgive me today, I'm sure I'm going to kneel down for a long time. I know I'm sorry, and you shouldn't make fun of our friendship.

I also know what you think in your heart now, you have no way to forgive and understand your friends who betrayed you. "

"Jason, you didn't betray me, you just ignored our friendship.

Thinking about it this way, I just feel very sad and chilled, and I don't have any other thoughts. You don't need to kneel in front of me and admit your mistakes.

Now this is your territory, you were the one who helped us first.

We have the opportunity to be good friends together.

Today, since you have chosen to sell this relationship at the expense of our friendship, that is also your own choice, and I have nothing to say.

It doesn't matter, your daughter is the most important thing to you, and we can all understand that.

However, in my heart, our friendship is also very important.

What you do makes me very sad. So far, I can't say anything to you and can't produce any conflicts.

You also let me calm down, if I say I forgive you now as if nothing happened, I believe you will not think that I am a person who let me go so easily.

It may not be appropriate to say that I have been holding on to this matter and refusing to let it go.

Because, the current situation is also very clear to everyone, we should share the same hatred.

Instead, because of this little thing blah blah blah blah blah.

Speaking of it, it seems that I am a little too unstructured. Regarding this matter, I have my own thoughts and calculations in my heart.

I hope you can understand, don't kidnap me morally, okay? "

Hearing what Qin Yuan said, Jason knew that he still cared a lot, and he could also understand that it was impossible for a stubborn person like him to give up easily.

Chen Jixiang watched the conflict between the two of them, and felt it in his heart.

If He Chenguang saw all this, he would be secretly happy.

I have already told Qin Yuan that this kind of friend who met halfway, don't take it too seriously, he just didn't listen to this time, he suffered a loss, and he finally realized that He Chenguang was right.

Chen Jixiang walked slowly to Qin Yuan and Jason.

"Jason, don't be like this. You should get up first. After all, this is your territory. If your subordinates see such a scene, what will they think? I know you cherish the friendship with Brother Qin Yuan.

But, after all, you lied. He changed, and it might be difficult for anyone to accept. Give him some time. He is still angry. I will tell him well after I pass, and I will help you persuade him.

Now you should get up first, and others will speculate more when they see such a scene.

In case, it is really seen by Effiete and their spies on the ship, I believe it will not be of any benefit to our plans. "

After finishing speaking, Chen Jixiang immediately walked over to them without giving Jason time to react, and took the fitness off the ground. At this time, Qin Yuan seemed to be able to calm down a little.

Qin Yuan turned his head and said to Jason: "It's nothing, you can go back first.

You should also give me more time to calm down now, I have nothing to say, I know you still have a lot of things to deal with.

I also need to explain to An Ran and Fan Tianlei, so that they don't continue to search.

As for the specific location of your daughter, I have to persuade them well, Effie and the others are not fools, you have to find a safe place.

Otherwise, when the time comes, your daughter's false disappearance will become a real disappearance.

You must have heard the story of the wolf coming.

If there is really something wrong with your daughter, I am afraid that no one will believe it, and no one will help you.

You have to calm down for a while, I will go to you after I finish the processing here.

I think I should also give an explanation to Norman Karim. I also called him for help just now. "

After hearing what Qin Yuan said, Jason still refused to give up.

Looking at Qin Yuan with a very sorry look.

Looking at Jason's expression, Chen Jixiang also felt that Qin Yuan should have enough.

Jason also realized that he shouldn't deceive his good friend like this, but so what?

Everyone is involuntary, and he is not willing to deceive Qin Yuan for his daughter, and there is nothing he can do.

Qin Yuan can't do this either, he can't forgive others.

Everyone took a step back, and the sea and the sky were wide open. It was still a good relationship.

Just because of such a little thing, is it possible to give up the friendship between each other?

Have you been out of touch since then?

This is also impossible.

After thinking about it, Chen Jixiang turned his head and met Jason's eyes.

He signaled that he should go back first, and he couldn't listen to what Qin Yuan was angrily telling him at this moment.

Jason also knew Qin Yuan's temper in his heart, and now he couldn't listen to anything he said when he was angry, so let's go back first.

"Well, Qin Yuan has nothing to do, so I'll go back first. We brothers still have a lot of misunderstandings. When we have a chance, we will meet again and I will explain to you properly."

After eating, Qin Yuan didn't respond at all, and Jason had no choice but to leave here temporarily in disgrace.

Seeing the back of Jason going away, Chen Jixiang couldn't help persuading him.

"Brother Qin Yuan, why are you so stubborn?"

"Do you kid also want to come over and teach me a lesson? I think you really don't know the heights of the heavens and the earth."

"I know you are very angry now, if you change it, everyone might be very angry."

You thought you were being played around by Jason, but couldn't you understand him?

If he wants to tell you the truth, you may be exposed by then.

His daughter is his only hope to survive.

Don't you understand?

The friendship between you is important, but no matter how important it is, you can't let him put you above his daughter's importance, right?

Besides, he has been looking for opportunities to tell you the truth. You know, he has been frantically looking for resources to help her find her daughter. I know this is a sign that you value the friendship between the two of you.

However, you can't blame Jason for everything, they all knelt down and confessed to you.

What else do you want?

Be forgiving and forgiving, this is your good friend not your enemy.

You know Jason's performance, if his subordinates saw him just now, how embarrassing he would be?

Why don't you consider other people's feelings?

You have always been like this, and you never consider anyone's feelings. Among the few of us, you and He Chenguang are like this, and so are I.

We all don't like to have the same knowledge as you, and everyone will let you.

However, now we are in a foreign country, and now we are asking Jason, he has helped us so much, we should be grateful, is it because of a small thing that you erased all his work? "

Qin Yuan, he was so angry at this moment that he couldn't listen to anything. Facing Chen Jixiang, this kid taught him a lesson. Now he can only feel angry, and he can't think of anything else.

"You kid is starting to teach me now, right? Do you think I've always been very selfish, regardless of your thoughts?"

"Is it not?"

"I didn't expect that I would have such a view in your hearts!"

Qin Yuan, he is now trembling with anger from Chen Jinxiang.

However, what Chen Jixiang said was also true. Qin Yuan has always been a self-centered person.

Because, he has a recycling system around him that can help him do anything, and because of this system, he doesn't take anyone or anything to heart.

He believes that everything can be solved through his own system.

He also slowly became a little arrogant.

Including today's attitude towards Jason, Qin Yuan is actually a little too much, Jason is also very pitiful, he is dependent on his daughter.

Chen Jixiang is an orphan, he can understand Jason's mood very well.

If he had a father who could do nothing for him, he didn't know how happy he would be.

At this moment, Chen Jixiang is just standing in the perspective of a child, to empathize with the role of Sen, the father.

He really felt that Qin Yuan was a little too much, and Qin Yuan's unreasonable character became more and more obvious.

Normally, when he was in the army, even Fan Tianlei gave way to him, which made him go too far.

Qin Yuan, once he has this temper, he can't take care of anything. The only thing he can take care of is that he is sulking.

Chen Jixiang was an orphan since he was a child, and he couldn't understand this kind of behavior and practice.

After thinking about it for a long time, he felt that Qin Yuan's character is so unforgiving at this time, so as a member of this team, he has the responsibility and obligation to share it for everyone.

Thinking of this, Chen Jixiang immediately softened his tone, turned his head and said to Qin Yuan:
"Brother Qin Yuan.

Sorry, my tone just now was really inappropriate, I shouldn't say that about you.

I was also a little excited, because I was an orphan since I was a child, and I have never met such a good father as Jason. I unconsciously empathized with him from his perspective.

I can feel that being a father is not easy.

It's not that he does so many things, because he doesn't regard you as a good friend, and he doesn't mean to deceive you on purpose. He just wants to find a safer place for his daughter, so that he won't be discovered by bad guys.

Could it be that in your mouth, this has become a friend who betrays himself and is desperate?

In fact, in everyone's heart, especially someone with a family like Jason, he can't put everything on his friendship with you.

If he takes your friendship so seriously, it can be seen that he attaches great importance to you.

But, you can't stop him from saving your daughter just because of this?

Moreover, he did not intend to hide it from you, he has been looking for opportunities to tell you, but you have not given him the opportunity.

You are so self righteous.

You think that you can solve the kidnapping of his daughter with your own ability, but you have never considered that this matter is fake.

After many hints from everyone, you realize that this is not a kidnapping at all, but a father's last resort to protect his daughter. "

Qin Yuan was done. After Chen Jixiang said these words to himself earnestly, he also realized afterwards that it was indeed that he had been too arrogant recently.

I thought you could solve all problems by relying on this one-click recycling system.

In fact, I am the problem that needs to be solved urgently.

It seems that his mentality has indeed changed a lot.

Thinking of this, Qin Yuan also felt that what Chen Jixiang said made sense.

What the child said was not wrong, it was indeed that his attitude and mentality had changed, and he looked down on these ordinary people a little bit.

Qin Yuan, then heaved a long sigh.

Looking at his performance, Chen Jixiang knew that he should also realize that he had a problem.

Chen Jixiang has nothing to say now, He just waited for Qin Yuan's action.

At this moment, Qin Yuan picked up the phone.

"An Ran, I know the clues, all of this was planned by Jason himself, not because his daughter disappeared, but he planned it himself, and his daughter disappeared.

You don't need to help her find clues anymore, we were all deceived by him. "

"Qin Yuan, it seems that I was right. All of this is his own directing and acting."

"An Ran, did you also guess that all of this was directed and performed by him, and it's not that his daughter is really missing?"

"I just guessed it just now, you don't want to be angry because I didn't tell you the correct answer, I didn't think about it before, because of Effiete, they are indeed very cruel.

I also reasoned, and it took me a long time to realize that Jason did it himself. "

Chapter 1973: there are times when there is nothing to do

After Qin Yuan heard what An Ran said, he seems to understand something now.

It turned out that An Ran already knew about it.

An Ran had already deduced that this matter was done by Jason himself.

Since this is the case, it seems that Qin Yuan can feel a little bit better in his heart. Before, he had been muttering in his heart, feeling that he seemed to have cheated An Ran.

She was also involved in this deception, and she was really embarrassed. Now that An Ran could say that he had also reasoned about this matter, Qin Yuan felt better, after all, she couldn't be like before.

Everything should be done according to one's own psychological thoughts, and it is always necessary to give everyone some suitable opportunities, but although Qin Yuan has a little psychological comfort.

He was still very angry, and he didn't think Jason should treat him like this.

Jason still shouldn't have tricked himself into thinking this way.

He let out a long sigh and was caught by An Ran on the phone.

"Qin Yuan, do you feel very uncomfortable now, do you think Jason lied to you about this matter.

I knew that when you contacted me, there was something wrong with your tone of voice.

It can be felt that you are very angry about this matter.

From what I know about you, you are a person who can go through any difficulties without fear, even if a knife is on your neck, you will not be afraid.

But the thing you hate most is being betrayed by other people, especially by someone who thinks you're a good friend.

But, have you ever thought about it?

Everyone has helplessness. Why did Jason do this? He will never use you for no reason. I also believe that anyone who knows that he has been used will be unhappy and have some bad emotions. It's all normal.

Especially for a person with your temper, so I know that you have a lot of things to hide from me when you contact me this time.

Or, want to talk to me.

But that's okay, I'm not going to be upset that you got me involved in this scam.

Because, I know that there are times when everyone has no choice.

Why did Jason cheat on you, have you ever thought about it?

Isn't it just for his daughter?

If he told you about this in advance, although you won't say it because of your character.

But Jason's mission is likely to fail. This is the only way he can keep his daughter. Are you just letting him see his plan to protect his daughter fail and tell you the truth?

Since, you said that it can't be like this, then you can't guarantee that Jason will be so selfish. He also has to think about his daughter. There is a causal relationship between things.

It's not up to us to decide.

If you want to blame you, you can only blame Effiete, they are really bad people.

They are desperate for their own goals, even a little girl like Liansen's daughter is unwilling to let go.

Who can control them?

Only after we have completed the task and dealt with these hateful people, can we truly breathe a sigh of relief for ourselves.

You shouldn't put this painful decision, or the matter, on Jason.

He is also a poor man, and he has no choice.

I knew that the two of you must have a lot of conflicts now.

What I can tell you is that Jason will definitely not be a man with a city in his heart.

He is a very good person, and he can do anything for his brother. I have known him for so many years, and I have never faced him with my real identity.

After he found out, he never blamed me!

Moreover, he clearly knew that we boarded his ship for a purpose, and he did not refuse.

This is enough to show that he is very meaningful to us, so don't blame him too much.

He also has a lot of helpless times, let's all understand each other.

We are all in a foreign country, we should help each other, and we shouldn't have such a big rift between each other. You called me this time, I believe, you just want me to enlighten you.

Maybe after I tell you these words, you can feel better in your heart.

This can be regarded as giving us some psychological comfort.

I believe that if Fan Tianlei knew, he wouldn't let you blame Jason too much for this matter. "

After listening to An Ran, Qin Yuan really felt a little better in his heart when he said these heartfelt words to himself. Originally, he felt that this matter was very distressing to him.

He can also understand Jason's helplessness, and he is definitely not the kind of person who is unforgiving, but he just can't pass the test in his heart.

"An Ran, I understand all the principles you told me, how could I not understand?

But in my heart, I just can't pass it, and this test is very uncomfortable now. "

After Chen Jixiang heard what Qin Yuan said next to him, he couldn't help sighing.

I feel that Qin Yuan has many advantages and disadvantages.

However, his biggest shortcoming is that he values love and righteousness too much. He knows that these things are helpless, and others didn't intend to deceive him.

But after he found out, he was still secretly competing with himself.

I felt so sorry in my heart that I even began to wonder if I really recognized the wrong friend.

Chen Jixiang knew about Qin Yuan, and now he felt very uncomfortable, so he walked up to him and quickly persuaded him.

"Brother Qin Yuan, you have talked to Sister An Ran so much, do you feel better in your heart, Sister An Ran has been persuading you for so long.

Sister An Ran, if you still can't persuade you, then I really don't know who can persuade you.

Don't forget, we still have a lot of things to do now. We don't know who these people who came inexplicably on the ship don't you want to know if you are not interested? "

After hearing Chen Jixiang's words, Qin Yuan suddenly realized.

No, I almost forgot the serious business because of Jason's deception.

The most important thing he should do now is to quickly find the few people sent by Norman Karim.

Let's take an inventory with them first, these existing arms.

These munitions are really hard to come by, and you must tell Norman their specific quantity and model number before going ashore, Karim.

Let him have a psychological preparation in advance, and I believe that Norman Karim sent his own people up to find them in advance, which should be the purpose.

"Okay, An Ran, I won't tell you now, I still have important things to deal with."

"I knew you still had a lot of important things to deal with, if it wasn't for the boy Chen Jixiang talking.

I'm afraid, have you already forgotten that you still have a lot of important things to deal with.

If that's the case, then you should hurry up and don't need to explain so much to me.

Remember, you must think carefully, and think twice before doing anything.

Do things according to your own likes and dislikes.

Jason is a good man, and you should understand how helpless he is.

After this matter is over, you will have time to settle accounts with him again. Now you must ensure the safety of his daughter, so don't get too angry in front of outsiders.

It seems that there are many unhappy things about the two of you being known by others. It will not be good for you if everyone knows it, nor will it be good for the progress of our entire mission. "

After Qin Yuan listened to An Ran's words, he also nodded silently.

"Yeah, I see, An Ran still wants to thank you.

Thank you for being able to enlighten me in time. I let me think about this matter so that I don't get too caught up in my own thinking. I know what to do now that it has happened.

It is impossible for me to let Jason's plan fall short. I will definitely plan well this time. Don't worry, I won't let everyone down.

By the way, for Du Bingbing's side, I think I may need to explain to him.

Now, the last thing I want to know is Du Bingbing, laughing at me because of this matter.

He must think I'm so stupid that I can't even see this little trick.

I'm so sorry, why don't you come out and go to Pakistan to perform a mission?

Now I seem to be able to think of Du Bingbing's high-spirited look. He will definitely ridicule me very much. Since he wants to ridicule, let him do it once.

I don't care, he's already used to it anyway.

I've already gotten used to his meanness, but this time he wasted so much time for nothing, I also feel a little embarrassed. "

After An Ran heard Qin Yuan's words, he felt an indescribable feeling in his heart.

"Qin Yuan, is the main reason why you are so angry this time because you think that Du Bingbing will be angry because of this matter laughing at you? It seems that you really care about what he thinks."

"No, I didn't think so, and I didn't mean it that way, An Ran, please don't get me wrong, there is no secret between Du Bingbing and me."

"Okay, don't talk so much, don't need to explain, hurry up and go to your own business, and come back after the task is completed, we will hold a celebration banquet for you. In the celebration banquet, you will explain it to Dr. Du personally. Bar."

After finishing speaking, An Ran hung up, and now the phone was standing there blankly, only Qin Yuan was left, and he was alone.

Chen Jixiang saw Qin Yuan's nervous appearance, and quickly persuaded him: "Don't worry, Sister An Ran won't be angry because of such a trivial matter, don't you know him well?"

How could he be angry because of your affairs? Don't think about it so much. "

Now that Qin Yuan calmed down, he also felt that his attitude towards Jason just now might have been a little too much.

"Chen Jixiang, do you think I was too much to Jason just now?"

"How can you say it's too much? You're going too far. I can't stand it. Jason regards you as a good friend, but you don't understand him like this.

It is true that he lied to you, but there is nothing he can do about it. The way you were angry just now really shocked me. I dare not say a word of persuasion, for fear that you will be angry with me too.

Jason, he knelt down to you because of his own mistakes, and you still have to be reasonable. It seems that you really can't make mistakes in front of you in the future, and you don't allow anyone to make mistakes in front of you . "

Hearing Chen Jixiang's words, Qin Yuan seemed to realize that he was indeed being too unreasonable. After thinking about it, I think there may be room for redemption in this matter.

"Well, Chen Jixiang, don't talk so much now, you go in and call Jason out immediately, I have something important to discuss with him."

"What? You let me go. You lost your temper with someone just now. Now that you've let your temper out, you feel better. Then, you let me go and tell Jason."

Do you still want to talk to someone about things? I can't open it, you have to do it yourself, you didn't know how embarrassing this scene was just now, I wish I could find a place to get in. "

Qin Yuan, he can naturally feel that he is a little too embarrassed and that's why he is embarrassed to go to Jason in person. Now even this kid who thinks about his grades rejects him, so he is even more at a loss.

So, Qin Yuan, he eased his tone and said to Chen Jixiang with a smile: "Okay, I know I was a little too excited just now, can't I also admit my mistake to you?"

You kid is really unreasonable and you still have the nerve to talk about me, you go in and find him, there is a serious matter, and you will benefit after you go back. "

Chen Jixiang heard that Qin Yuan had already said this, and he was even more embarrassed to refuse him.

"Okay, I really convinced you, then you should quickly adjust your mentality, I will find you a partner now, and I will do everything."

In the end, why don't you take me to help you with this matter? Remember to control your temper in the future, and don't make a bad face for a while. "

After finishing speaking, Chen Jixiang prepared to go to Jason's room without looking back, and asked Jason to come out again.

Now Qin Yuan was left on the deck, standing here alone waiting.

Next, how to implement their plan, he is also very entangled now.

What should we do?

Soon, is about to reach its destination, and it is estimated that there are still a few hours left. It seems that this task requires a lot of people to do it together.

At the beginning, Jason didn't listen carefully when he told himself. Now that he is facing such a big dilemma, he needs to find an opportunity to solve Qin Yuan quickly.

He has mixed feelings in his heart now, and he is also very tangled.

Because, Qin Yuan knew that Effiete and the others were not fools.

Jason's kidnapping of his daughter in this way is likely to anger Effiete and the others. Are they really capable of anything?

Thinking about it, Chen Jixiang had already walked into the room and called Jason out.

Jason walked to Qin Yuan's side, and the two looked at each other awkwardly.

Chapter 1974: Understanding does not mean approval and forgiveness

Qin Yuan and Jason are standing here, neither of them talking.

Because, we all know that the situation between the two of them is very embarrassing.

If you say something, you will anger the other party if you are not careful, especially Jason. Now he feels that he is at fault, and he dare not say anything. He can only stand there obediently. He even forgot, this is Own territory.

Perhaps it was because he valued Qin Yuan too much as a friend, and he was unwilling to use various identities, including the captain's, to put pressure on him, and let him forgive himself for the wrong things he had done.

This is one of the reasons why the relationship between the two of them can be so good, but even so.

Qin Yuan also went too far, he shouldn't use his own thoughts to change Jason.

Everyone has their own unavoidable times, and Jason is the same. If he could choose, how could he lie to Qin Yuan.

He just didn't figure it out, and this made everyone fall into a difficult situation.

If, if he can correct it in time, maybe he can reconsider this matter, but everyone knows that this matter cannot be done just by reconsidering.

Now, the relationship between the two of them has cracked.

That also means that it is definitely not something that can be solved in a few words. They all know it too.

But now the two of them need a common opportunity and courage to face the enemy, and what they are facing is the cunning Effiete.

If Effiete can make the relationship between the two of them better in time, this is one of the few good things he can do.

In the current situation, they are all in a difficult situation, and they don't know what to do.

Chen Jixiang watched Qin Yuan and Jason standing in place, neither of them willing to speak first.

He really couldn't take it anymore, how could he waste time like this?

If it's such a waste of time, it's better for everyone to lie in bed and do nothing.

Isn't it just to take this face into consideration? What can't be broken? They are just too persistent, too stubborn.

"Are you two planning to blow the sea breeze here all the time? No one is willing to talk, so what are you still doing here? Why don't you go back to your room and wait."

Chen Jixiang was really speechless by these two people. They were obviously more mature than him, yet he chose to do such a naive thing.

After hearing what Chen Jixiang said, Qin Yuan and Jason also showed an unprecedented embarrassment.

Jason still took care of the overall situation, and he spoke first.

"Qin Yuan, I heard from Chen Jixiang that you are looking for me for something?"

"Yes! It is true that I asked Chen Jixiang to find you."

"Then you are looking for me..."

"I know that my attitude towards you just now was a little too much. I shouldn't have treated you like this. I also realized that I am too persistent on this issue. I shouldn't blame you for everything.

And now we are at a very critical time, if I take it to heart because of such a small matter, maybe I have no structure as a person. "

After hearing Qin Yuan's words, Jason could understand that this was already the greatest manifestation of a proud person admitting his mistakes to him.

A smile appeared on Jason's face immediately, and he wasn't as nervous as before.

"It's good that you can understand me!"

"Yes, I can indeed understand what you have done for your daughter, but I have to tell you that understanding does not mean agreeing and forgiving your behavior of deceiving your friends. I still have no way to agree, in my opinion You still don't trust me enough...

Forget it, since the past, let's not mention it again, and let Chen Jixiang worry about the two of us.

I'm asking you to come here now, just to discuss with you the few people on board. "

After Jason heard what Qin Yuan said, although Qin Yuan did not agree to forgive his deceitful behavior, he was finally willing to continue talking to him, and he was able to forgive his thoughts.

It's much better than the one just now, even though he admitted his mistake, he still had a serious expression on his face.

Jason also knew that now was the time to study some serious things and not put all his energy on self-depletion.

"These people on the ship have been insisting on taking inventory. I don't know what to do with all our arms?"

"These people are not from Effiete, so don't be nervous.

I've already asked Norman Karim, these people were sent by him.

He was worried, we went directly to the shore, and when we met Effiete, he had to plan to come to us in advance to see what was on the boat so that he could have an idea.

He can also make sufficient preparations so that things don't come to an end, and I can understand his approach when he is in a hurry. He has always been a very planned person. "

Hearing what Qin Yuan said, Jason eased his mood.

"So that's the case. No wonder they don't look so vicious. I have been wondering if they are Norman Karim's people. It seems that my guess is not wrong."

"Since you've guessed it, why don't you let them take stock of the goods?"

"You're still sulking with me here, how dare I take them to act privately without discussing it with you?"

At that time, I'm afraid you will be even more angry with me, and the relationship between the two of us will become more tense. I don't want to see such a result. "

After listening to Jason's sincere words, Chen Jixiang feels that the two of them are a bit like a couple. Why does this relationship and atmosphere always feel weird?

However, no matter how expensive the relationship between the two of them seems, it is better than the two of them sulking at each other now. Thinking of this, Chen Jixiang can be regarded as slightly relieved.

"If this is the case, shall we go to take stock of the goods first? This matter is too tense now. It is very important to us, and it is also very important to some people. We must not let them disturb us like this Chance."

"I'm sure I can trust them, so I'll take them with me."

"All of us have to follow. The problem is very serious now. Except for a few of them, we must protect the people around us. It is very likely that Effiete's spies are around us, and we don't know it."

Jason nodded after listening to Qin Yuan's words. Now the weather on the sea seems to have a sea breeze again.

The waves of the sea and the wind made the hair of these people messy, and even messed up their thoughts.

Fortunately, the sea breeze can make the air flow, making everyone feel some long-lost tranquility and pleasant coolness.

Qin Yuan stood on the edge of Chuan, looking at the dark blue sea water on the rough sea, as if he wanted to swallow the whole space first.

Now Qin Yuan seems to be able to understand why some people have deep-sea phobia? Faced with such a situation, it is indeed very depressing and the mood becomes very tense.

"Qin Yuan, what are you thinking about?"

"It's nothing, I just think this sea is really scary, it can swallow everything.

I can finally understand why some people have deep-sea phobia, it really looks scary. "

Chen Jixiang said next to him: "That's because both of us are landlubbers. If we don't understand the nature of the sea, we can't understand how depressing the sea is. Jason, who has been in the sea for many years, must know that this is not the case. simple.

Why are you suddenly emotional now? Become so emotional, don't rush to see the goods with us first. "

Qin Yuan turned around and nodded.

"Yeah, what you said is right. Now we are getting closer and closer to our destination, and we can't delay any longer."

As soon as Qin Yuan's voice fell, the mysterious people who uploaded to them came up to them, and they were a little fierce.

"I said, what are you dawdling around here for?

I've said it all, we were sent by Effiete, so we have to check the goods first.

Could it be, do you disagree with the ideas of the few of us?

Or you can talk to Effiete directly, I believe if you talk to him directly, it will definitely not be as simple as you think.

At that time, you may face what kind of problems. Those who know the current affairs are heroes. I think you should stop struggling. "

Qin Yuan listened to a few of them scolding him, and now he knows that he has no choice. Whether these people are genuinely vicious or they are pretending to be acting.

Qin Yuan doesn't care anymore.

As they gradually approached their destination, each of them seemed to be able to communicate with the outside world, and their mobile phones gradually gained some signal.

"oops!"

Chen Jixiang suddenly said such a big student, and this sentence shocked everyone present.

"You boy, what are you doing here in a sudden surprise? What's the matter?"

"Look, you can already receive the signal on your mobile phone, which means that we are going to arrive at the destination soon. I can find a place to play a few games first after the inventory is finished."

"It's this time, and you still want to play games, I think you really need to clean up, kid."

After hearing Qin Yuan's scolding, Chen Jixiang stuck out his tongue in embarrassment.

"Okay, okay, if you still know that He is me, it means that you are in a good mood now, otherwise you will be ashamed, and you won't bother to care about me."

"If my heart is ashamed, no one will care about you. I know the responsibility on my shoulders, how could it be like this!"

Jason looked at Qin Yuan, as if his mood had eased, and he was relieved. Everyone in the sea was very depressed. Qin Yuan expressed his incomprehension of his behavior, and he could understand it. Now that he is ready to take the next step Yes, Jason understood.

"Then let's go now, first go to the warehouse to have a look. If there is any problem with the cargo on board, it's fine, just report to the superior first."

After finishing speaking, Jason took Qin Yuan and these menacing looking people who came to the ship to go to the warehouse to take inventory of the existing goods.

Soon, they came under the traditional Jason's hand. Seeing Jason bring so many people approaching this batch of munitions, they immediately became alert.

"Boss, what's going on?"

"Didn't you also know just now? These are all sent by Effiete to take stock of the goods for a while, for fear that we will make a move."

Unexpectedly, Jason's subordinates sneered.

"We tampered with? Hmph! This is the funniest joke I've heard in a month. What choice do we have, dare to tamper with them? These goods have become our lifeblood, If there is a problem with these cargoes, I am afraid that everyone in our boat will have to be buried with them."

"Okay, don't talk so much, let's open the warehouse first!"

Afterwards, Jason's subordinates saw that Jason was really serious about talking to them about opening the warehouse, so he stopped hesitating.

Looking at Qin Yuan, they could feel this resolute expression, and this time it should be more reliable.

As soon as they arrived in the warehouse, all kinds of ammunition equipment were neatly placed.

It is very good to pack them in wooden boxes and use Yuzhifeng, because the most popular and most fearful thing for this kind of people is when they are on the sea. Even if it does not rain, their air and indoor environment are very humid.

Seeing the goods wrapped in oiled paper, these people nodded in satisfaction.

"Yeah, it can be seen that you are still very hardworking, Jason, to protect what our boss entrusted to you."

Jason was all smiles.

"Of course, Effiete entrusted me with such an important task, how dare I not be sad, these are all priceless things.

If something goes wrong by accident, I can't afford it! "

"How many goods are there now? The specific quantity, model, brand and variety must be clearly told to me."

"Do you need to know such details?"

Qin Yuan was beside him, and he was very puzzled. If these people were really sent by Norman Karim, it can only be said that they are serious and responsible.

"Of course, this is what our boss of explained to us. We can't accept these goods casually before we know more about them!"

After Chen Jixiang heard this, he asked suspiciously: "Accept? Didn't you come here first to take stock? Why did you discuss the issue of accepting now? Are you now..."

"You kid, don't question our choice, this is what our boss told us.

We also act according to the regulations, don't make things difficult for us! Qin Yuan, are you right?
"

After hearing what they said, Qin Yuan was also thinking, maybe these people have other intentions?

Forget it, even if he has no other intentions, he has no ability to resist now.

How can one oppose them? These are the people sent by Norman Karim, even if he really has an idea about this batch of goods, he can't do anything about it.

Chapter 1975: Goods acceptance completed

Although Qin Yuan, in his heart, still broods over the things that Jason kept from him.

But in the final analysis, he must also be responsible for this matter.

Since I have agreed to the question at the beginning, I can't go back on my word because of my emotional changes.

This is not Qin Yuan's style of doing things, and it is not something he can bear.

Thinking of this, he also eased his emotions and tone a little.

"Jason, get out all your munitions lists!

Since these brothers want to take stock, we must also cooperate.

Regardless of whether they are Effiete or someone else, we must do our part well.

Even if it is, you can't say it if you have doubts in your heart. First, take out all the lists and let them take stock.

Perhaps after reading these, they can really feel at ease.

Otherwise, there is no way to prove even if we say a lot of goods without proof.

I know that for you, the biggest requirement for escorting goods is to be honest.

If you cannot sincerely change the things that are entrusted to you, but instead leave room for them, I believe that no one will dare to cooperate with you by then. "

Jason looked at Qin Yuan, and now that his emotions had calmed down, he was able to breathe a sigh of relief.

So without saying a word, he ordered his subordinates to go to the hidden place in the warehouse first.

Take out Qin Yuan and the list of goods that these people want to deliver.

"Akun, you go, go to my room and take out the list of goods, and give them a few checks."

"Boss! This list of goods was handed over to us by Effiete himself. This is a top-level secret for us.

How can you show it to others casually? "

"I know that the list of goods is a first-level confidential thing, but now this group of brothers is sent by Effiete to respond in advance.

Wouldn't it arouse their suspicion if we didn't show them the manifest?

It's as if we don't have three hundred taels of silver here. "

After Jason's subordinates heard Jason's categorical words, he couldn't say anything more.

"Well, boss, we're all listening to you anyway. If you think there's nothing wrong with this group of people, then we have nothing to say. I'll go get the cargo list now."

The few people next to him heard Jason's subordinates doubting them today, and they naturally felt very uncomfortable in their hearts.

"Jason, Qin Yuan, it seems that you two still hold a rather skeptical attitude towards our identities.

If this is the case, we will not force it, because twisted melons are not sweet.

If you just come up with something to fool us, it doesn't seem appropriate, and we will have no way to deal with Effiete. "

Jason could only smile all over his face after hearing their sarcastic remarks.

"What did you guys say?

My subordinates are ignorant, do you have the same knowledge as him?

They are all for my consideration, besides.

It is precisely because of their rigorous attitude that I think you should feel more at ease.

If it weren't for them, wouldn't anyone, casually, be able to come here to see our deliveries? This is not the case. "

Chen Jixiang, this kid is very clever.

After he saw that the relationship between the two parties became a little tense, he immediately stood up and said: "Yes, I think what Jason said is very correct. These subordinates of his are all performing their duties, and it is because of this that you can You can trust him, can't you?"

"You kid has a sweet mouth, and what you say makes sense, and we don't bother to have the same knowledge as these people.

Since this is the case, then with your attitude just now, I can only think that you are showing due diligence and responsibility?

It's hard for us to say anything, this is really, cover our mouths, and thank you for not letting us speak. "

Qin Yuan was beside him, thinking to himself, wondering what happened to these people? Was it really Norman Karim who sent it?

Although Qin Yuan was very angry with Jason in his heart, he still couldn't say too much.

"The brothers are really serious and responsible. Compared with you, we are nothing."

"That can't be helped, our boss has always been very strict.

If you don't follow his way and I don't satisfy him, you know what the consequences will be for us.

Therefore, we are here to do things with our own lives, and we dare not be serious and responsible!
"

"Having said so much, Jason, your subordinates are not very efficient."

"What?"

Qin Yuan could hear that these people were in a hurry, and felt that Jason's subordinates were too slow to get the list of goods, as if they were deliberately delaying time.

"Jason, you need to improve the efficiency of your subordinates, if this card is handled under the hands of our boss, I'm afraid it would have died already.

Our boss has always been very strict with his subordinates! "

"The brothers are really joking. I didn't regard them as my own brothers."

"Then just wait..."

After a while, Akun, Jason's subordinate, finally brought over the list of goods to transport the ammunition, and he held it tightly in his hand reluctantly, because now he felt that these people in front of him were not trustworthy. .

This Akun knew very well in his heart that if there was any problem with Jason's munitions trip, then all of them would have to be buried with him.

"Akun, give me the list of goods!"

"Boss..."

Jason took the list of goods from Akun's hand while talking.

It was handed over to the few people who came to receive it.

These people were not polite, after taking the list of goods from Jason, they opened it.

After seeing the contents inside, they finally showed satisfied smiles.

"It seems that you, Jason, are really a real person. The list of goods is indeed real, not fake.

I thought you were going to fool us with a fake one? "

Jason sneered. He said that he felt very helpless with this attitude, but he didn't dare to lose his temper.

"The brothers are really joking, I, Jason, have always been a real person.

Since you keep saying that you are Effiete's people, then I am naturally not good, and I can only do what you say and think.

If there is anything wrong, you guys will naturally explain it to Effiete after we get to the shore, and I don't have to bear this responsibility. "

Qin Yuan could tell from Jason's words how dissatisfied he was with this matter.

So, Qin Yuan said to several of them: "Since you have successfully obtained the list of goods, let's make up quickly, right? Now that everyone is here, if there is something missing, it can be regarded as being able to find out in time. ."

"Of course, we didn't come here this time to do anything. We sincerely want to come and receive it."

Qin Yuan, although he knew in his heart that these people were sent by Norman Karim, he probably wouldn't have any other thoughts.

However, for some reason, there was always an indescribably uncomfortable feeling about the attitude of the few of them.

If it is said that some of them acted as spies to confuse Effiete who lived on the ship, the scene became vicious.

Then they are really born actors, even Qin Yuan himself feels uncomfortable with their attitude.

I always feel that they have been a little bossy since they got on the boat.

"Now that everyone has received the list of goods, let's take inventory as soon as possible!

I think it's pure, and it's about to reach its destination! "

After speaking, after these people took it without saying a word, I was just starting to check one by one in Jason's warehouse.

Qin Yuan looked at the seriousness of their checking, and sneaked up to Jason's side and asked softly in his ear.

"There should be no problem with the cargo on the ship now, right?"

"No problem, after the numbered batch was sent away, everything we have here has been checked more than once, and Akun has been here to check that there is nothing wrong."

"Fortunately, this group of people was not sent by the real Effiete, otherwise we will have only a dead end now.

After those numbered arms are taken away, your goods are far from enough. "

Chen Jixiang was also worried that he was also beating drums in his heart. It was the first time he had come out to perform a mission, and he had traveled so far away from Ba.

Seeing their ferocious looks, Chen Jixiang has already begun to imagine what it will be like when they meet Effiete after they arrive in Baguo.

"Brother Qin Yuan, are they really sent by Norman Karim?"

"Well, Norman Karim has already greeted me in advance, saying that these are his people, and he wants to come over to see how much the goods are, so he knows well."

"Boy, don't worry, they are on our territory now, even if they were not sent by Norman Karim.

We also have plenty of ways to deal with them! Do you really think all of us are vegetarians? "

After Jason finished speaking, Qin Yuan also felt that he was very confident in him.

Jason is a person with a very strong heart. Qin Yuantong has already discovered the unusual place in this warehouse since he came in. If there is any mistake.

Believe in this warehouse, when the time comes, it will become the burial place for everyone.

"Everyone, don't be nervous, anyway, the batch of ammunition with my serial number is missing from our cargo now.

In order to pretend to be enough, Jason had already put other things in these boxes.

Even if they run into Effiete directly after arriving at the destination, they are not afraid. It will take a while for them to take inventory, which is far enough time for us to find someone to help us. "

After Chen Jixiang listened to Qin Yuan and Jason's words, he nodded hard.

"I see what you two mean.

What it means now is that after the inventory is over, even if it is found that these numbered munitions have been lost after the inventory, he has not exposed us yet.

That means that this group of people is really our own, and we all don't have to worry.

However, if this group of people is really plotting against us, or is our enemy, then they can't get out of this warehouse today? "

Qin Yuan smiled comfortably after hearing Chen Jixiang's words.

"It seems that you still have a little intelligence in it."

"You two can rest assured, without enough confidence, I will never let them come in the warehouse.

You, Brother Qin Yuan, are even more sensible. First of all, he knows that this group of people will never harm us. Secondly, he should also understand the mechanism inside this warehouse.

That's why he is so cold and calm to me now. "

After Qin Yuan heard Jason's words, he was able to have some psychological comfort. Indeed, everything was under his control.

Qin Yuan had enough confidence in his heart that if these people were not his own, they would never be able to get out of this boat with Qin Yuan's marksmanship and ability alone.

While they were thinking about it, these people walked up to Jason with the list of goods.

"Brothers, have you finished taking inventory?"

Jason was also beating drums in his heart. He asked these people in a tone that was his own to see what their attitude was like?

"The inventory is over!"

"Is there any result?"

"It should be, no more and no less! It can match the list of goods that Effiete gave you back then."

Qin Yuan smiled.

"Brothers, are you sure? If you are really sure, we can hand over now, and you can sign the handover form.

Make sure your words are correct, and don't make any mistakes after you press it. We can't take responsibility for this. "

"Although we feel that there is no problem with these goods, we are Qin Yuan who has no right to sign. You should be very clear about our identities in your heart.

We came here today because we want to know the specific quantity and situation of these things. "

"Hmm That's exactly what we think. If there are no problems, we've finished the stocktaking, and it's time to go back and deal with business."

After these people finished speaking, they took the list of goods and prepared to leave.

Qin Yuan seemed to realize that something was wrong, he immediately walked in front of these people to block their way.

"what do you mean?"

"Brothers, do you want to leave after taking inventory?"

"Otherwise? Do you want to stay on the boat for the New Year?"

"I think you should not leave for the time being. Anyway, our ship is about to reach its destination. It doesn't make sense for me to leave early. Why don't you come with us.

When the time comes, we will go down together, and we will have an explanation for each other..."

Chapter 1976: take the cargo list away

Seeing these people who were blocked by Qin Yuan, their expressions suddenly became serious.

Obviously, they didn't expect Qin Yuan to do such a behavior. They probably wanted to come here to take inventory and then leave here with the list of goods.

However, it is absolutely impossible for Qin Yuan to let them leave this ship and this place so easily.

After seeing Qin Yuan's behavior, Jason also felt very puzzled.

"Qin Yuan, what are you doing?"

"It's nothing, I just feel that since they were sent by Effiete, we have already finished counting the goods in advance, and we will arrive at the destination soon.

Why did they have to do this?

To leave here, wouldn't it be more appropriate to arrive at the destination with us?

They just took the list of goods away. What will we hand over to Effiete when we arrive at the destination? "

After listening to Qin Yuan's words, one of the people who counted the goods said.

"Qin Yuan, who brought us here, my brothers, you should know better than anyone else, I believe you should have told Jason, if this is the case, you have to do it with us Is it that serious?"

Chen Jixiang, in fact, has always had a feeling of instability in his heart. He also thinks that these people seem to be sneaky. Although it is hard to say what is wrong with them, it is always right to keep an eye on it.

When you are away from home, you can't believe everything that stupid people say.

As the person involved, Jason is not easy to speak, because Qin Yuan arranged all this.

It was Qin Yuan who contacted Norman Karim to come over ahead of time to take stock of this batch of goods before making further plans.

In fact, even though Norman Karim told him so much, he didn't fully believe this person, and he always left room for it.

It turned out that it really came according to his idea. After taking inventory of the goods, it was absolutely impossible for these people to leave here openly and bring the list of goods on board.

This is completely contrary to what Norman Karim and himself promised.

At the beginning, Norman Karim said that he wanted to send his men to come over and take stock of the exact number of goods, and he knew exactly how much the goods were.

However, it is absolutely impossible for this group of people to leave here with a list of goods!

If Effie really came to hand over after arriving at the destination, and they had nothing to give Effie, wouldn't they turn their faces on the spot?

Now Qin Yuan has reason to suspect that Norman Karim and Effie are the same breed, or they want black to eat black.

Anyway, Qin Yuan has been very sure of one thing, that is, Norman Karim and Effie must know each other.

In the final analysis, after all, they all made their way in the country of Ba. Even if they were worshiping the mountain tops, they still had to know which mountain tops lived with which gods.

Now that they were at a stalemate, Qin Yuan still stretched out his hand to prevent them from leaving the warehouse.

Obviously, these people have begun to get angry.

"Qin Yuan, what is the relationship between you and our boss? You should be very clear in your heart, do you just doubt his motive like this?"

Qin Yuan sneered.

"What you said is simply the funniest joke I've ever heard in the world. If others doubt you, you should first think about what you did wrong and arouse others' suspicion, instead of questioning me here. "

"We all want to listen to the arrangements from above, and we also listen to the arrangements of our boss. We don't know exactly what he wants to do.

It was the two of you who communicated. If there is any information deviation in the process of communication between the two of you, what does your misunderstanding have to do with us?

Should we get out of here or have to get out, please put your hands down and let us go. "

Qin Yuan, he is not afraid of anything, let alone someone with a tough attitude.

"Then if you have such an attitude, then I simply think it's more appropriate for everyone not to leave."

"What do you mean by that? Are you playing tricks here?"

"I don't mean anything else. What have you done wrong in your heart? You should know better than anyone else why you have to leave with the list of goods? What are your intentions?"

"I'm really speechless, I've already told you, this is what our boss asked us to do, why did he let us bring the list of goods, you should ask him, you haven't been in touch with him all the time ?"

After hearing what these people said, Qin Yuan felt that they had no intention of fear at all.

Of course, with Norman Karim's character, it is very likely that they will not tell them what their real mission is during the process of coming.

It's just that if they come to take stock and take the list of goods away, their task will be considered complete.

I believe Norman Karim will not tell them about the rest of the details.

"I know that everyone is in a dilemma, but you are also following the orders of the boss.

If you want to leave, you can also leave the list of goods in your hand. If you want to leave, you can leave now! "

After listening to Qin Yuan's words, the three people looked at each other in blank dismay. They never thought that Qin Yuan would put forward such thoughts and opinions.

After a stalemate for a while, these people shook their heads decisively.

"Since the cargo list has been handed over to us, it is impossible for us to return it to you.

What's more, now you are asking our boss to do something, and our boss has also said it.

You must get the manifest of goods in your hand before you know what you are really shipping.

Otherwise, if he doesn't understand, he can't and dare not help you casually.

Although Effiete is just a little guy and not a big man behind the scenes at all, there is no need to have some unpleasant things happen to the people behind Effiete without knowing it. "

Qin Yuan, he now has a very ominous premonition in his heart.

He felt that Norman Karim might have already been eyeing the cargo on Jason's ship, that's why he made such a big move.

Otherwise, with Norman Karim's power in the area, he didn't need to go to such a big trouble to just send a few people here. Believe Effiete, he would never dare to act rashly.

It seems that he really has the idea of black and white.

Jason and his subordinate A Kun looked at the scene in front of them, but they didn't know what was wrong.

Because Jason knew that these people were sent by Norman Karim, so he was not too nervous, but Jason's subordinate Akun didn't know, he didn't know anything, so he now belongs to a masked state.

Chen Jixiang watched the two of them stalemate here.

Everyone is a grumpy person, if the gun is accidentally fired, the consequences will be unimaginable.

"Brother Qin Yuan, why don't you sit down for a while and calm down?"

"Why calm down? Now is not the time to calm down. It seems that the few of us are really sold by others this time. Why do we need to count the money?"

After Chen Jixiang heard Qin Yuan's words, his eyeballs rolled in their sockets. He is so smart, of course he understands what Qin Yuan said, so he can only choose to play dumb.

"Brother Qin Yuan, I'm rather stupid. I don't quite understand what you're saying. I just think that since we've asked their boss for help and they've agreed to help us, shouldn't we also consider our opinion? ?

If you guys just take away the list of goods like this, I'm afraid it will be difficult for us to meet at the destination.

Although there is a saying that employing people is not suspicious, but we always feel that there are better choices.

You go back now and report to your boss what types and quantities of munitions you have seen on our ships.

Why must the manifest be taken away? "

Chen Jixiang, of course, knew that if they were willing to listen to their opinions, they wouldn't be deadlocked here.

The reason why he said this was because he wanted to test the determination of these people.

If they disagree, it seems that they came to this ship this time for the cargo list.

Sure enough, these people were very angry after hearing Chen Jixiang's words.

"I said, don't you guys really know what's good or bad? I've already told you that we must take the list of goods away. If you are really so persistent, then don't blame the buddies. It's not affectionate enough."

"What do you think? Do you want to do something here? I told you what was in the warehouse just now, and you are very clear. You want to wipe your guns here. It seems that you really don't want to live. out."

All the guns in this warehouse are live ammunition. If there is any conflict here, I am afraid that none of them will get out alive.

After hearing this, I didn't expect these people to have no fear at all.

"Qin Yuan, you don't need to scare me, since the few of us have come today, we came here with determination.

Maybe, you don't know much about our boss's style of doing things, but any task he asks us to complete, if we can't complete it and go back, we will die.

Sometimes even life is worse than death.

So, your words can't threaten us at all.

We also know what to do, if you are really sensible, don't play these tricks with us here,

It doesn't make any sense. If life is threatened, the brothers are even less afraid. Everyone is a desperado. "

In fact, Qin Yuan knew very well in his heart that the reason why these people were able to say this so decisively was that they were really desperadoes, and it was really impossible to let them go to the district government.

However, since the words have been said here.

Qin Yuan also seemed to know what Norman Karim's real purpose was? It is impossible for him to let these people leave with the list of goods.

If something went wrong, how could he be worthy of Jason, who trusted him so much?

Jason watched them stand still and did not speak.

Jason stood up slowly when he saw the two of them, and it seemed that they were about to make a move.

Walking in front of Qin Yuan, he gently let go of Qin Yuan's arm blocking their way.

"Jason, you?"

Jason didn't say anything, he turned his back to the few people who were going to bring the list of goods, and then looked at Qin Yuan face to face and smiled.

There was a sense of confidence in his eyes.

"Qin Yuan, I know that you are doing this for my own good, but these brothers should come here this time under the orders of the boss.

Everyone is obedient and there is no need to embarrass them too much. Since they must bring a list of goods, let's take them away. "

Chen Jixiang's jaw dropped after hearing Jason's words. Could it be that Jason is such a timid person?

"Jason, how can you say that? Do you know that Brother Qin Yuan has paid so much for you, what do you mean by being here now?"

After seeing Jason's expression, Qin Yuan seemed to understand the meaning of Jason's actions. Although he didn't know what Jason's plan was, but if he could understand Jason, he must have a plan, and he would never be in vain Do it for no reason.

So, Qin Yuan put his arms down thoughtfully, and didn't speak.

"Chen Jixiang, this is Jason's territory, we can't just do it here because Jason thinks it's unnecessary for us to do so.

Then we shouldn't offend people like this. Norman Karim took photos of the brothers on the left and right. I also communicated with the anime Karim at the beginning, so I really shouldn't doubt him. "

After listening to Qin Yuan's words, the faces of these people softened a little.

"Then you don't refuse now, let us leave, right?"

Jason smiled.

"Of course, you are here to help us with the list of goods. You can take it away if you want. Why don't we let you leave? Anyway, we will arrive at the destination soon, and we all need to meet.

You should have your own considerations and ideas for taking the list of goods away in advance, even if you want to stop us, can't you stop it? "

After these people listened to Jason's words, looked at Qin Yuan again.

"Look at what I'm doing. I'm not the captain of this ship. Since the owner of this site has already said that you can leave as you like, why should I stop you?

Anyway, in the final analysis, all of this has nothing to do with me, and it seems unnecessary for me to stop you just now. "

"Hmph~ I knew it would be fine to let us leave earlier, why waste time here for nothing? We'll take the list of goods away!"

Jason smiled, stretched out his right hand, bent down, and said a word.

"Please~"

After finishing speaking, these people turned their heads mercilessly and left here.

Now inside the cabin, under the dim light, there are only a few figures standing blankly.

Chapter 1977: The list of goods, I still have 1 copy in hand

In this dimly lit cargo warehouse, no one spoke, and it was extremely quiet here.

Quiet like no one has ever existed.

Seeing everyone's stalemate here, Chen Jixiang knew that he might have to face some embarrassing things again.

Now that this group of people has taken away the list of goods, even Chen Jixiang can see that they have ulterior motives and ulterior motives.

Not to mention Jason and Qin Yuan.

Chen Jixiang really didn't understand Jason. As for being so weak, was he afraid of them?

It's understandable to think about it, he has a family and a business, and another weakness is his daughter.

Presumably, Norman Karim already knew that her daughter was not really missing.

It seems that Norman Karim is indeed interested in the batch of munitions on Jason's ship.

At this time, Jason looked at everyone standing there blankly, and there were no servants, and everyone had already left.

"Qin Yuan, why don't we go back first? It's useless here. We have already taken stock of everything that should be counted just now. We all know better than anyone else how many things are left here."

After Jason finished speaking, Qin Yuan immediately gave an incomprehensible look.

He stared blankly at Jason, staring at him intently.

Jason naturally knew what was the meaning of Qin Yuan's eyes looking at him at this moment? How many meanings does it contain?

"I know you don't understand my current behavior, and I will explain it to you clearly."

"Hmph, I hope so!"

After finishing speaking, Jason took Qin Yuan and Chen Jixiang, and the two of them reluctantly left the cabin.

Next to him was Ah Kun, who was in charge of storing and taking care of the cargo in the cabin.

Seeing that there was no Jason around, he brought Qin Yuan and Chen Jixiang back to his room.

"Sit down and calm down, I think everyone is a little emotional now."

"How do you calm down? We are really driving tigers and wolfs away!"

"What do you mean? Qin Yuan? My level of education is limited, can you explain it to me?"

"The praying mantis catches the cicada, and the oriole follows. You should always understand this sentence, right?"

Jason was silent for a while and thought for a while. He knew that Qin Yuan was blaming himself very much now, and felt that he had led the wolf into the house. If Norman Karim really took a fancy to this batch of arms this time, I'm afraid they would have no room to refuse. up.

So, Qin Yuan stopped him, and turned his head to look at Jason in one breath.

"This time, it looks like I'm the one to forget it, it's true, Norman Karim seems to have moved his mind on our batch of munitions.

Isn't this leading the wolf into the house?

Originally thought that he could help us deal with Effiete, but unexpectedly, he actually moved the idea of this batch of munitions.

He really is a moody villain. "

Jason was not surprised by Qin Yuan's words and results, because he felt that Qin Yuan was too naive in this respect, or that he believed in Norman Karim too much.

Even though he used to belong to the same country as himself and all these people, but now he has already changed.

If he really didn't have a lot of talent, how could he achieve his current status in a foreign place like Pakistan.

Chen Jixiang could also see that Jason was not surprised by this incident.

"Jason, normally, you should be very anxious at this time, why are you reacting so calmly?"

"You can also see that I am calm, so let me tell you the truth. There are two main reasons why I am calm."

"what reason?"

"The first reason is that I have already been mentally prepared. Ever since Qin Yuan you went to ask Norman Karim for help, I have been prepared for this. They will focus on these things on our ship. Arms, I'm not surprised.

Because these munitions on our ship are a big piece of fat, especially after removing the numbered munitions.

It's simply a piece of high-grade fish belly, who wouldn't want it?

There is another reason, I am not in a hurry because I still have a copy of the list of goods they took away. "

Qin Yuan's eyes widened when he heard Jason's words.

"Jason, what did you say you still have a list of goods in your hand?"

Jason smiled and said nothing, and Ah Kun who was next to him said to Qin Yuan.

"Of course, do you think that our boss has not been mentally prepared for so many years of sailing on the sea?

Don't you think he is a fool who can trust others casually, then you are too naive.

Our boss has already planned it long ago, and he never cared about this aspect.

Because, every time we go to sea, we have to prepare three copies of the cargo list.

One is kept, another is placed in a public place, and there is another, I can't tell you for the time being.

Anyway, besides the ones he took, we still have two copies.

If you take it away, it is impossible for us to leave no evidence. Imagine how much the ammunition on board is worth, not to mention how much we will pay if we lose it. It is such a thing, such a cargo, we must be more cautious .

Every time, we have to be justified during the transportation process, including those stowaways in the underground cabin, and there is no way to escape our monitoring.

If we can't do this at all, I'm afraid we have already been swallowed alive by people while sailing on the sea.

Many of them specialize in black-and-white business, and the things and quantities they give you are the same, and they will change when you hand over them after arriving at the destination.

They rely on this blackmail and blackmail to make a fortune.

In fact, we have already learned a lot from a pit, and our boss has already prepared for this aspect.

Even if they took away the list of goods, we still have bargaining chips in our hands to negotiate with them.

Therefore, after Norman Karim took it away, he should negotiate with us in the next step, instead of robbing us openly and aboveboard.

I think they know that we have other evidence in our hands. Based on the analysis of this matter, I think Norman Karim came here this time to grab our things.

He should also understand that we still have a backup of the cargo list in our hands, and he is not too bad. He probably wants to give us a chance to discuss cooperation with him openly.

In this way, he has chips in his hand, and we also have chips in our hands, so that everyone can trade fairly.

This is the hole card in our boss's heart. I've told you everything now, so don't think he has anything to hide from you anymore.

For example, in the case of his daughter being kidnapped, he was helpless. I hope you can understand.

Don't hold on to one thing, it's not going to do any good for everyone or our relationship as a whole.

I can also see that our boss trusts you very much, so I just told you all this. "

Chen Jixiang was dumbfounded when he heard Akun's self-report here. It turns out that there are so many theories and ways to transport goods on the sea.

"Akun, I think you are not very old, and we are about the same age, how can you know so many things and sophistication of the world, I thought I was already a smart person, but I didn't expect you to be better than me. "

Chen Jixiang looked at A Kun, and for some reason, there was a trace of appreciation in his eyes.

Qin Yuan, he knew everything in his heart, so after this group of people took away the list of hardships smoothly, Jason didn't have any reaction, Qin Yuan understood in his heart.

Jason must have his own little calculations, everyone is not a fool, especially Jason, who has been through ups and downs for so many years, how could he let others slaughter him? What's more, all the motivation he has now is his daughter, which is more important than any money.

Jason looked at Qin Yuan not surprised, he also smiled.

"Qin Yuan, do you know that I also have some plans of my own?"

"Although I don't know exactly what your thoughts are, I can indeed feel that you have your own plans and calculations in your heart, and I didn't say that much.

I only know that you will never let others bully you like this, even if the opponent is a tiger, you still have to fight him! "

"Thank you for appreciating me so much, for being so optimistic about me, and for understanding that I am indeed like this. I have never been afraid of anyone.

Especially now that I'm doing everything for my daughter's sake and I don't care what they do to me.

If one day my daughter really can't be saved, then I don't know what crazy things I will do?

Now I still have a trace of my heart, and I can control myself and let me do some rational things, all because of my daughter. "

Qin Yuan shuddered in his heart after hearing Jason's words.

Because in Qin Yuan's heart, Jason is a person who can bend and stretch, and such a person is the most terrifying.

Now he still has a trace of humanity, and he didn't commit crimes because he cared about her daughter.

If one day her daughter is really gone from this world, Qin Yuan will not be surprised by what kind of crazy things he can do.

"Now that we've all said this, what's your next plan?"

"I don't have any plans, it's up to you next!"

"I?"

What Jason meant was that he wanted Qin Yuan to contact Norman Karim to discuss cooperation with him.

Now that he has successfully taken away the cargo list, it means that Norman Karim is indeed very interested in their project now.

In this way, if the other party is interested, then it is necessary to have a good talk with them.

"I really disdain to say hello to this impermanent villain now."

"Qin Yuan, I know you have your own arrogance and arrogance, but now we are in a very passive situation. Even if we have thoughts and ideas, we are just little people, how can we talk to Norman Karim?" to fight?"

After listening to Jason's words, Qin Yuan didn't say anything, just stood there and stared straight into Jason's eyes, staring at him intently.

Jason was taken aback by this look.

"What's wrong with you, Qin Yuan? Why do you look at me like this?"

"Jason, I feel like I don't know you less and less. When I first met you, I thought we all hit it off and got along very well. After I found out the truth about your daughter's kidnapping, I seemed to feel that It seemed like we didn't really know each other."

"People are multi-faceted, I regard you as a good friend and am willing to share everything with you, but I must also have the ability to protect myself.

I don't want to be a fish on the mountain and let others slaughter me. "

Chen Jixiang looked at the relationship between the two of them, and it became very delicate now.

"Brother Qin Yuan, what shall we do now?"

"What else can we do? Since Jason has already said so, we can only contact Norman Karim desperately.

Let's see what kind of ideas he has and what plans he has.

Now it is clear that he wants the batch of arms in our hands. If that's the case, maybe it can satisfy him too. "

Chen Jixiang, it can be seen that Qin Yuan is very helpless now, he has no choice, he was forced to walk on this path.

Jason, in fact, he really regards Qin Yuan as his best friend, and he doesn't want to have any conflicts with him.

Even Jason himself could feel that he and Qin Yuan were drifting away.

Maybe this is life. You meet a good friend, but after he walks with you for a while, you will find that the three views of the two people are not so compatible.

Gradually, when they reach the intersection, they will part ways.

If they walk slowly and the three views become more and more compatible, or they can realize that there is one person who is willing to correct, they may be able to continue walking, but such cases are still too rare.

"Chen Jixiang, I feel very tired now, let's go back first."

"Ah? Then Norman Karim, when will we contact him? If it's a waste of time, I'm afraid..."

"Don't talk so much, I'm going back to rest now, are you coming with me or not?"

"Of course, I'll go with you and wait for me."

After finishing speaking, Qin Yuan decisively left Jason's room. He didn't say anything and didn't care about so many people, so he left decisively without looking back.

After watching Qin Yuan leave without giving an answer, Akun said to Jason.

"Boss, do you think he will help us?"

"Yes, he will definitely help us, he is a hard-spoken and soft-hearted person, I know, maybe I use him like this, it can be said that I really regard him as a good friend.

What's more, we have no choice now. We all know that Norman Karim's power is in Pakistan, and there is no way to confront him head-on.

Only by contacting Qin Yuan through this level of relationship can we get the result we want. "

Qin Yuan, as he was walking ahead, he was thinking about how to contact Norman Karim and how to negotiate with him.

After all, this is a challenging thing for him.

Chapter 1978: let's do 1 deal

Looking at Qin Yuan thoughtfully, Chen Jixiang knew that he had been thinking about how to negotiate with Norman Karim.

Norman Karim is definitely not an ordinary character. If they want to talk about this matter with him, they must have a full preparation.

Because they are ready, and now he must be waiting for Qin Yuan's final coordination with them.

However, this matter is definitely not easy, and they all know it very well.

If you really want to take advantage of Norman Karim, then this matter is really too difficult, it should be said that it is more difficult than any other many things.

In fact, none of them had decided whether to contact him or not.

This is the biggest doubt in Qin Yuan's heart. Could it be that he is waiting for Norman Karim to contact him?

No! It shouldn't be like this!

The reason why he did this was to wait for Qin Yuan to tear off this layer of window paper first, so that they should have a little chance to relax.

It seems that they do have a big challenge to face Qin Yuan, and he is not ready yet.

He didn't know what to say to Norman Karim.

Maybe he should wait for him to contact himself first.

Qin Yuan thought for a long time, and now he is also struggling and thinking.

If it is a pre-emptive strike, it is very likely that the opponent will hold it, so it is better for him to wait for a while.

After waiting to see what Norman Karim thinks, maybe he can develop according to the direction Qin Yuan planned for himself.

"Brother Qin Yuan, what are you thinking? What are you going to do about this matter? It seems that Jason has used you again. He knows the relationship between you and Norman Karim.

As long as you go to negotiate, they probably won't say anything, just look at what you think in your heart now, if you are really unhappy, or feel that this matter is inappropriate, then don't help them. "

After Chen Jixiang finished speaking, Qin Yuan still didn't give him any response.

Qin Yuan is thinking about this matter in his heart now, and he has no other thoughts at all.

These people are really too much, Jason is too hateful, he can easily grasp Qin Yuan's heart clearly.

It is indeed impossible for him to escape now.

Now that Jason has actually used him once, he can only accept his fate if he picks it up.

"Brother Qin Yuan, what's wrong with you? You won't be scared stupid by this incident, will you?"

"What's wrong?"

"Hey~ You finally replied to me, I just kept talking in your ear, and you didn't respond at all, it really scared me to death.

I thought you were freaked out by this incident.

Then tell me what you plan to do. I looked at this and Jason. He is not a good person. He is clearly using the relationship between you and Norman Karim on purpose this time.

It's fine if you really help him, but if you don't help him, then I'm afraid we will be involved too.

Now think about it, he is really not a simple character, so what are you going to do? "

Qin Yuan, listening to Chen Jixiang's words now, he doesn't know how to deal with it. It's true that Jason took advantage of him and the friendship and rules between them.

"I can't blame him for this matter. I have figured it out now. The reason why he uses our relationship is nothing more than knowing that I can help him and make reasonable use of friends. There is nothing wrong with that.

What's more, we have only known him for a few days, so we can't be regarded as any real friends. "

"Well, if you can think clearly, I thought you were like that just now, because you were very sad after Jason lied to you, and felt that the friendship between the two of you fell apart?"

Qin Yuan, he didn't say anything now.

"Let's go!"

"Where are you going?"

"Go back to the underground cabin where we should go. That's where the two of us are. The rest of the places don't belong to the two of us at all. Let's go back to the underground cabin and wait."

"Ah? Then you don't care about Jason?"

"What should I do with him? Tell me how I should take care of him. He has already done his job. What else can I do? Didn't you just say that? He's just using me."

Since he uses my words, there is no need for me to maintain any friendship with him, anyway, I don't care. "

Chen Jixiang, listening to what Qin Yuan said to him now, he is completely confused.

"What about Effiete? Could it be that he wants to deal with us, and you can turn a blind eye?"

He has never been a fuel-efficient lamp. What if he attacks us at that time, what are you going to do?

You probably really gave up struggling with them, I don't think you are such a person who admits defeat. "

Qin Yuan was actually teasing Chen Jixiang on purpose.

How could Qin Yuan be afraid of Effiete?

He is not afraid of anything, especially since he and Effiete are already sworn enemies of each other.

As long as there is an opportunity, it will be seized immediately.

Especially this time, no matter what Jason was thinking, what Qin Yuan was thinking was that he had already intervened in this matter anyway, and it was too late to get away.

There is only one way to go to Hei, to fight against them.

What's more, for a person like Effiete, Qin Yuan never cared about it, let alone worried about it.

As for the other people, Qin Yuan also had an indifferent attitude. Right now, all he cared about was his own safety, and the safety of the kid next to him, Chen Jixiang.

Moreover, it is still between Effiete and Qin Yuan, now it should be either you die or I live.

However, Qin Yuan had other ideas.

He always felt that there should be some ulterior secret between Jason and Effiete.

Maybe they knew each other before, but Jason refused to tell the truth to himself.

This is the last thing Qin Yuan can accept so far.

"Brother Qin Yuan, are you sure now?"

Are we really going back to the underground cabin?

There, but there is He Chenguang. After we go back, he will definitely ask us back and forth again. Are you going to tell him everything?

Still, do you have any other plans.

Just tell me, as your follower.

I don't know anything, I can only watch you struggling and wandering here alone.

I can't help you with anything, do you think I can't be in a hurry?

When the time comes, how can I explain to Fan Tianlei when I go back. "

"You don't care what He Chenguang thinks, anyway, he already understands in his heart that the trust we all have in each other is tacit.

After returning, he should not ask anything.

From what I know of him, he just wants to reach Baguo as soon as possible to find Professor Fang's two apprentices. "

"Okay then, you can do whatever you want!"

Then Qin Yuan took Chen Jixiang back to the underground Chencang. Sure enough, when they returned to the underground cabin, He Chenguang had already fallen asleep. He didn't care about anything now, he just wanted to recharge his energy.

"Let me just say, he should be very tired now, he has tossed and tossed for so long to not be tired, he should have fallen asleep, and leave the rest alone.

We should also take a good rest, sleep! "

"Ah? Brother Qin Yuan, I heard you right, you let me sleep now?"

"Yes, there are still a few hours before we reach our destination. We will definitely see Effiete by then. What if he really does something to us?"

"Okay then, whatever you say is what you say, I can only listen to you."

Chen Jixiang didn't have anything, and said he just lay down and was going to sleep.

At this time, Qin Yuan was tossing and turning. He must not be able to sleep. After thinking about it, he still felt that this matter might not be as simple as he imagined. If there were other problems, he could find a way to solve them...

Qin Yuan repeatedly took out the mobile phone that he could communicate with the outside world, but he did not receive any letters about Norman Karim.

"It seems that Norman Karim should be waiting for me to contact him."

Qin Yuan just doesn't want to take the initiative to contact him now, because whoever takes the initiative will be at a disadvantage.

Seeing the sky outside, it was slowly getting brighter.

It will take a few hours to reach the destination, and now time is more important than anything else to Qin Yuan.

Let's contact Norman Karim first to find out what kind of medicine he sells in the gourd.

Therefore, Qin Yuan quietly tiptoed out while Chen Jixiang and He Chenguang were asleep.

Unexpectedly, as soon as they stepped out of the underground cabin, they saw Jason standing by their door.

"Why are you here?"

"I'll wait for you here!"

"What are you waiting for me to do?"

"I knew you wouldn't let me go, and you would definitely come out and contact Norman Karim.

So, I am here waiting to negotiate with Roman Karim, he has already planned for us, what should be done next is natural, we have to follow his plan. "

"It seems that everything is within your plan, the real big fool, I'm the only one, right?"

"Qin Yuan, I hope you won't be angry about this matter anymore. Everyone has secrets and ulterior motives in their hearts. Do friends have to be 100% honest with each other? I don't want to talk about many things.

But this doesn't mean that I want to lie to you, or hide it from you. It's just a past that I don't want to look back on. Do you have to let me uncover the scars and show you the scars before you can let it go? "

Hearing what Jason said, Qin Yuan is now basically sure that he and Effiete were originally connected.

It seems that it's hard to say who the two of them are this time, and who gets involved.

"Well, Jason, since you've already said that, I have nothing to say. I basically understand what you mean."

"It's good that you understand, I'm here waiting for you."

"Then you wait by the side first, I will contact Norman Karim first. I believe he should also be waiting for me."

After Qin Yuan finished speaking, he walked to a corner above the splint.

"Hello?"

"You kid finally called me?"

"He Fei, you have worked so hard to arrange so many things, aren't you just waiting for me to contact you first?"

"I just knew that you must be able to understand my good intentions. A smart person like you will never let me wait too long.

The reason why you contact me so late is because I am also struggling in my heart. Once the one who asks for help first, the other person is already at a disadvantage. "

"It seems that you are the real smart person. You can think clearly about my mind and know what I want to do. Then let's get straight to the point. Why do you have to keep an eye on these munitions on Jason's ship?"

"Okay! I like to talk quickly. Now that you can understand my thoughts, I won't hide it. You and I are indeed cheating on others."

"Hmph! You have no intention of hiding your ambition at all?"

"Why should I hide that with my status today, I can attack whoever I want, and I appreciate you if you are willing to be angry with Fan Tianlei and come over to do it with me.

What I can offer you is beyond your imagination. "

After hearing what Norman Karim said, Qin Yuan was really speechless.

Is he just a commodity up for sale in their hearts? Of course, Qin Yuan is very clear that money is a good thing, and power is also a good thing. As long as you follow Norman Karim, you will have endless benefits.

However, Qin Yuan is definitely a person who sticks to his heart, he doesn't care about these at all.

What's more, with the one-click recovery system in his hand, he can get anything, so why bother to be a follower for others, and be a small fudao?

"He Fei, I know you appreciate me very much, but Fan Tianlei is the same. Even if I follow Fan Tianlei without so much money, the most important thing for me is to realize my self-worth and pursuit."

"It's okay, can you understand young people? There will always be some passionate youth, and maybe one day you will regret your own decision.

There is a saying that once you pass this village, there will be no such shop.

However, this is not so absolute when it comes to me. I really appreciate you if you really can't get along with Fan Tianlei one day, or Fan Tianlei himself can't get along.

You can come to me anytime, anywhere, and I am willing to accept you! "

Qin Yuan sneered after hearing Norman Karim's words.

"Huh~ If you say so, I have to thank you, thank you for appreciating me so much?"

"Okay, I've finished my private conversation with you. For the rest, we can discuss the cooperation with Jason first."

"If you really want to cooperate with Jason and have taken a fancy to the goods on Jason's ship, why don't you just say so? Why do you make such a gesture? Don't you think it's a rascal?"

"Don't you think you're naive when you talk about hooligans to people like me? I promise to help you.

However, while helping you, I can also gain some benefits, isn't that good? "

Chapter 1979: Back to the past

Qin Yuan is definitely determined that he doesn't want to cooperate with this group of people, but it's useless to say anything.

It seems that Norman Karim should plan to cooperate with Jason this time.

"How sure are you that they will agree to what you say?

Especially Jason, how do you know he will agree?

You should give up on this idea, I don't think he will, the cargo on this ship is very important to him.

If it is lost, his daughter's life may not be saved. He will not just watch his daughter have problems like this, and you should not force him. It is not easy for everyone. "

Norman Karim said calmly.

"Sometimes Qin Yuan, you are really smart and confused for a while, is Jason really so important in your eyes?

Do you really think of it as a best friend?

Didn't he just lie to you about his daughter's kidnapping, you healed up so quickly and the scars forgot to hurt?

I still believe him without reservation, I really don't understand him.

For people like me, there is only one word, that is, one time of infidelity, not a hundred times.

But if any of my subordinates is found by me to betray or deceive me, then I will never trust him again.

This is why no one has hurt me for so many years.

Because I don't trust anyone, I only trust myself.

But now I think you, a silly boy, are quite dangerous. I advise you to think about it carefully. Don't be deceived by others. I also want to help you, and I also want to help Jason.

I'm not saying that I'm determined to be black and black, I, Norman Karim, can go today because I'm trustworthy enough.

As long as I have said things, I will never go back on my word, let alone others.

So, now I think Jason beside you should really want to cooperate with me. He wants to protect his daughter and take revenge. "

"Revenge? What kind of revenge? Do you mean how much hatred there is between Jason and Effiete?"

Qin Yuan, he is a very smart person, and she immediately extracted the word "revenge" from Norman Karim's mouth, which is very useful information.

"Qin Yuan, I didn't say anything, this is between you and Jason.

The reward I'm talking about is not the hatred you mentioned, I'm talking about the reward.

It doesn't mean the same as what you understand, so don't get me wrong. "

"I misunderstood? It's impossible that what you just said clearly is the hatred of hatred, I can feel it."

"Qin Yuan is new here, I have to remind you, sometimes what you feel may not be true, you have to show evidence, otherwise you have no reason to convince anyone."

"He Fei, what do you mean to say that although my guess just now is groundless, I guess it's right? Could it be Jason and Effiete? They used to know each other.

It's no coincidence that the two of them have known each other for a long time! "

While talking to Norman Karim, Qin Yuan stared at Jason next to him.

Jason seemed to have heard Qin Yuan's shouts here.

There was a guilty expression on his face, and he didn't count anything, just stood there blankly.

"He Fei, I think it's better for you to explain things clearly, so don't misunderstand.

We all already know about the same thing, and I'm sure it's not that simple!

It's the acquaintance between Jason and Effiete, that's why so many things happened today, right?

I want you to be honest with me, there's no need to beat around the bush here. "

After hesitating on the phone for a while, Norman Karim did not comment. Now he hopes that Jason and Qin Yuan can explain the matter straight to the point, instead of blindly letting him, an outsider, come here. explain.

"Qin Yuan, I can't tell you anything now. It's not easy for me to remind you of these things. You need to discuss the rest by yourself, or find the truth through your own thoughts. I There's only so much you can do to help you."

"Help me? Hello!"

Then Norman Karim hung up, and Qin Yuan stood there thinking for a long time on the phone. He felt that what Norman Karim said to him now should be to remind him on purpose.

It's just that Qin Yuan, he has something he doesn't understand now.

That is, what is the relationship between Jason and Effiete?

No, I must clarify this matter today, otherwise, the consequences will be disastrous.

After thinking like this, Jason immediately went out and walked to Qin Yuan.

"What did Norman Karim say?"

"He said that you will definitely choose to cooperate with him."

"Do you believe what he said?"

"Do you want me to believe it, or do you want me not to believe it?"

"What's the meaning?"

"It means you want me to believe you, or you want me to believe what I see.

OK, I believe the truth! "

"Then what do you think the truth is?"

"I think the truth is the grievances and grievances between you and Effiete. I think you should tell me about it. Of course, it's your freedom not to. If you still regard me as a friend."

"That's up to me to choose!"

After listening to Jason's words, Qin Yuan was silent for a long time. He lowered his head, thinking that although he must find out the truth, he didn't want to use the name of a friend to kidnap him morally. If he wants to say it, say he doesn't want to say it.

At this time, a breeze blows on the faces of these two people. The breeze on the sea always carries some moisture and coolness, which makes people more awake and calm, and the mind does not need to be like this fever.

"Calm down now, Qin Yuan!"

"The sea breeze can only blow on the surface, not the heart.

My body temperature has cooled down, but the temperature of my head still can't cool down.

I can't believe that my good friend who I thought was a long-lost friend actually has so many ulterior secrets behind her.

Most importantly, these dark secrets are directed at me. "

Jason knew that he would definitely not be able to run away today, no matter what, Qin Yuan would know the truth from his mouth.

"That was a past that I don't want to look back on..."

"Stop! Don't think I'm forcing you. Now I still have the same attitude as before. Say what you want."

"The reason why I haven't told you all this time is not that I deliberately concealed it, because I really don't want to recall that time, that time in the United States."

"America?"

"Yes, I was born in country H since I was a child, but I had no chance to go to the country of America because I was helpless and unintentionally.

When I first got there, I thought I could really make money, but I didn't expect to be sold to a group.
"

Qin Yuan listened quietly to Jason's pause, and then he continued talking after a while.

"It was in that gang that I met Effiete."

"Sure enough, you two have known each other for a long time."

Qin Yuan sighed helplessly while talking, shaking his head.

"Yes, to be precise, we have known each other for more than twenty years."

As he spoke, Jason fell into an unbearable memory of the past.

"I was about sixteen or seventeen years old at that time, and you know that I was an orphan since I was a child, and I don't know my exact age.

I knew when I first got there, what they do, they are just liars, they specialize in doing some immoral things, but there is nothing I can do, if I don't do it, they will continue to sell me to others .
"

"Then what? You just drifted with the flow?"

"Yes, if I don't do what they say, I will be beaten to death by them, I want to live, I must live!

Later, I started to do it little by little, according to what they asked me to do. I don't know if I am born with the talent to be a bad person, or if the balance of fate is always in favor, I will be wrong anyway. It's done, it can be regarded as a small boss position.

At that time, Effiete was not what he is now. If he hadn't helped me, I would have been beaten to death in it.

Because Effiete is also from country H, so the two of us can be regarded as hugging each other to keep warm.

He has been helping me, and whoever bullies me will make things difficult for him.

Because he has been here longer than me, so he can be regarded as having a small right to speak in the whole team. Under his protection, no one dares to bully me anymore.

He convinced me that in this environment, you must surrender to these people. Even if you are unwilling to do it, you have to do it to save your own life. There is no choice! I naturally know it too.

Later, under his precepts and deeds, the two of us can be regarded as partners who cooperate with each other. He helped me and I helped him. Soon we won the trust of the senior leaders.

The senior leader is the boss of the American group, and we don't know her name, we only know that he is called Old K!

He covered a wide range, you know the ammunition, and a few others.

You can think of it, no! To be precise, it is far beyond your imagination, his influence is very large.

Later, as Effiete and I got higher and higher positions, the things he entrusted us to do became more and more complicated. We had no right to refuse, and I didn't have the courage to refuse.

Later, I met my ex-wife. With his help, I realized that many things should not be done, and I also realized that I should have the right to choose. He encouraged the two of us to escape when we found the opportunity. This organization in the United States.

When I say this, I may be a bit self-important, but it is true. After I escaped from there, they did lose a general, and they were unable to do many things.

Effiete also came to Country H to look for me. He hoped that I could go back and stand with him again. We would fight side by side again, but I couldn't do it. I felt that since I had left that place, I didn't want to Go back again.

Moreover, I have done so many bad things in my life, and I must atone if I have the chance.

Maybe karma is real, because I did too many bad things, my wife died later, maybe it was all for my atonement, he left me a daughter, and this daughter will also have congenital heart disease.

Sure enough, I experienced the feeling of betrayal.

Maybe this is life, and this is what you have to face. Later, because I refused to go back, Mi Guo and Effiete were together, and she felt resentful towards me. As long as I did something, he would Be sure to stand up against it.

I can't help it either, you'll know what happened later.

The two of us have parted ways. He felt that he had paid a lot for me, but I betrayed him desperately.

I am the most damned person, so he hates me very much, he hates me for taking away the friendship between the two of us, so this time since I left, he has become the only person that Old K trusts the most, what is it It was all handed over to him soon, and he got a chance to be promoted.

To be able to achieve this position today, he is not a simple person. He came back this time specifically to find me and to take revenge on me, so he found me again. He said that old K already knew where I was, and Got it, I have a daughter thing.

For so many years, they didn't haggle with me because I did help them a lot when I was young, so they were willing to let me live a few years of carefree life.

If I want to completely get rid of their control, I will help them deliver this batch of arms.

As long as these arms are delivered to their destination, the grievances between us will be wiped out.

They will never come to disturb my life again, and they will never threaten my daughter again. I can live that kind of free life, so I agreed without hesitation.

Even though I know they will never let me go so easily, I still want to give it a try, what do you think? "

After hearing what Jason said, Qin Yuan felt mixed feelings in his heart, and he didn't know whether to sympathize with him or pity that he was being calculated by others.

"Then from the time we got on the boat, to be precise, from the moment An Ran found you, have you been ordered by Effiete?"

Jason closed his eyes and nodded helplessly, all of this was already planned.

"Then why are you telling me the truth now? Don't you want your freedom?"

"Since the two of us have known each other, I have never thought of harming you. Although, Effie told me to take certain actions, I am still secretly protecting you, helping you and not letting them come and bully you. "

"I know you can't bear it later!"

"Now that I've told you all the truth, I have no choice. The two of us can only work together to deal with Effiete."

"Effite is just a small character, what about old K? Are we his opponents?"

Chapter 1980: Effiete is just old K's dog

Qin Yuan seriously thought about what Jason said before he really knew.

It turned out that Jason had experienced so many hardships and pains in the past, and he actually knew Effiete before, which really shocked Qin Yuan.

"Qin Yuan, I have fully explained to you everything I should have told you. What do you think now, and are you willing to trust me again?"

Qin Yuan, he doesn't know how to answer Jason now.

"Jason, to tell you the truth, I used to suspect that you and Effiete knew each other.

However, I still don't think that people like Effiete will have anything to do with you.

The most important thing is An Ran, who has never mentioned to me the things and problems between the two of you, but now you tell me that Effiete and you knew each other before, and that you are still good brothers.

But I'm not like you, Effiete and I have always been sworn enemies, and I see him as my own.

He also regards me as the kind of person who will never die. I am afraid that you have escaped from the United States now.

In the future, I believe that maybe you will still remember that period of the past, and of course the brotherhood between you and Effiete. "

Ding Qin Yuan was surprised that Jason sneered after hearing what he said...

"The matter of Qin Yuan has come to this, do you think there is any brotherhood between me and Effiete?

He can only use me now.

People's desires become more and more inflated with time or their own rights. He has now gained the trust of the US power group and is the most loyal subordinate of Old K.

I believe that, except for old K, no one can persuade him.

Now that he is with old K, it is not just for money or power. He has gained a sense of recognition and self-realization from old K.

This kind of feeling, maybe you haven't experienced that period of time, you don't understand, I understand!

The reason why I lost myself at the beginning and became frantic and did those hurtful things for Old K with Effiete was because we would get a sense of satisfaction and recognition after each task was completed.

I don't think that what I do is harmful to nature, and it will become more crazy and my desire will become stronger.

So, since I got to know my wife, she took me away from that place and gradually took my own heart back. Only now do I know that old K is a real master of emotion control.

He is, controlling us from the bottom of our hearts and making us identify with him, so now Effiete is no longer the person I knew when I was young. "

Qin Yuan couldn't quite understand what Jason said.

So, he had no choice but to look at Jason with doubts.

"I don't quite understand what kind of magical power you said about old K? Have you never doubted what he said?"

"You don't know that old K trained many young people at that time."

"What does it mean to train young people?"

"He will catch some orphans from various countries, or he will raise those who he thinks are excellent in his own group."

At the beginning, when they are bullied and insulted by everyone at the bottom, their hearts have been greatly hurt. Once someone stands up to help him, the bullied person will feel that the person who helped him is Angel, willing to do anything for him.

Just like me back then.

I was bullied by all of them when I was at the bottom. It was not until I met Effiete that he regarded me as his good brother and took me to see Old K.

But in fact, all of this was ordered by old K. Of course, I only realized it later.

Old K is just a badass person, he can pretend to be a good person in front of everyone, making everyone think that he really treats these young people as his own children, and will really train these young people to become his heir.

In the future, after he dies, he will inherit his group and family business.

The sad thing is that he is an extremely selfish person. The reason why he has cultivated so many young people without children is that he is willing to let these young people do things for him.

After I escaped from his group, I realized all this. It turned out that we were all used, and we were all just his puppets. We were under his control, we had no thoughts of our own, and we couldn't have ourselves. thought of.

We can only listen to him, he will let us do it, and he will never let us do anything that should not be done.

Once we make a mistake, he will feel very sad for us from the bottom of his heart, but in fact he wants us to feel guilty.

So as to deepen her control over us further and deeper. "

Qin Yuan was dumbfounded when he heard what Jason said.

"Is there such a place in the world?"

"Of course, Old K said internally and externally that we are his godsons and treat us very well.

But from the bottom of her heart, she regards us as a tool that it can sacrifice at any time, without any feelings.

After getting to know him, I realized that it is such a terrible thing for a person to have no feelings. He has no weakness, and he has nothing to be controlled. "

After listening to Jason say so much about Effiete, now I feel that Norman Karim wants to cooperate with Jason, and the real meaning is to let Jason cooperate with him to deal with Old K.

"It seems that Norman Karim is not far away. He only focuses on Pakistan. He wants to start business in the United States."

Jason also nodded silently.

"I think Norman Karim should go to the United States, because that is a really developed place.

What the **** is this place in Pakistan? Birds don't shit? How much water and benefits can there be?

The United States is different, where the economy is developed, the technology is advanced, and the current strength of Old K cannot be underestimated.

Even though we know that Norman Karim has such a great influence in Pakistan, when he arrives, the United States should be unable to do what it wants. As the saying goes, a strong dragon does not suppress a local snake.

This should be the truth. "

After listening to Jason's explanation so much, Qin Yuan seemed to have thought of it. It turned out that he had known for a long time that Norman Karim would be following him. Perhaps Norman Karim had mentioned to him earlier that he wanted to cooperate.

Jason was so scared, he kidnapped his own daughter first.

"Then what I don't understand now is, if Norman Karim wants to fight head-on with Old K, why must he take away his batch of arms? Isn't this pouring cold water on Old K's head? Pulling out teeth, He's really capable of that."

"I don't know that.

The King of Hades fights little ghosts and suffers. What qualifications do people like us have to fight against them? "

At this moment, the results came to mind, and he was surprised to see the two of them chatting.

"Why are you two here? What are you discussing?"

"What does this have to do with you? Why don't you sleep well and gossip here?"

"I really can't sleep. He Chenguang was lying on the ground tossing and turning. He tossed and turned so hard that I couldn't sleep either. I thought I'd be there soon, why don't I come out and enjoy the beautiful scenery on the sea."

"Is there any shame in this? Are we going to go this way when we come back anyway?"

Chen Jixiang shook his head.

"Brother Qin Yuan, don't blame me for not reminding you, we are slowly approaching there now, and we have already proposed cooperation with Norman Karim, do you think we will be like this when we come back ?"

"What do you mean by that, boy?"

"We have now become a cooperative partner with him. When we come back, he will naturally give us a lot of benefits. I am afraid that helicopters will also be able to do it. We don't have to continue drifting at sea for many days before we arrive."

Thinking of this, Qin Yuan suddenly felt something was wrong.

"No, I'm afraid we have all been tricked!"

"What's wrong?"

"Once Norman Karim knows why we arrived in Pakistan? Maybe he will first rescue the people we want and hold them in his own hands in order to please us. At that time, he can threaten us or treat us as a gift." Send it to us, he already thinks so, it's horrible."

"You mean he will find Professor Fang's two apprentices first, and then send them to us?"

"With Norman Karim's character, I'm afraid that's the case."

"Then what should we do now? I don't know what kind of medicine he sells in the gourd?"

"Now it is obvious that the only place where he can have a common enemy with us is Effiete. Only after killing Effiete first, it may become much easier for him to deal with old K."

"You mean that they are helping us with the arms now because he has anticipated all this."

It's all about Effiete and the forces behind him. He is willing to participate in this meaningless dispute in order to pave the way for his future trip to the United States. "

"Yeah, that's how I feel. As the saying goes, it's too early to be profitable, let alone someone like Norman Karim?"

Chen Jixiang thought again.

"That's right, didn't he ask you to tell Jason about your cooperation on the phone?"

"Did he say he wanted me to discuss cooperation with you?"

"That's what he said. He sent someone over to take away our list of goods. He already knows exactly what we have on board.

So he wants to use these lists of goods as a bargaining chip for you to discuss cooperation with him. There is one more thing I didn't tell you, he also mentioned your daughter. "

After Jason heard Qin Yuan's words, he expected it and didn't feel too surprised, but at the same time he was very angry, feeling that Norman Karim was grabbing his fate by the throat and forcing him to commit a crime.

"Hmph~ I knew it was a very wrong choice for my daughter to follow me. I should have sent him to grandma in the first place."

"Jason, don't be sad, don't be sad, since you have a daughter, he has already become your weakness, wherever you send him, those bad guys can find them.

If you really want to save your daughter, then join us to wipe out these bad guys, and no one will threaten your safety anymore. "

Why is Jason unwilling to listen to Qin Yuan? But he knows that they are just small characters, and if they want to cooperate with someone like Norman Karim, they have to be betrayed.

"What choice do people like us have? We can only choose to protect ourselves day by day, and leave the rest to destiny. Who doesn't want to eradicate all the bad guys in this world.

But most people don't have this ability. "

Qin Yuan looked at Jason as if he had fallen into endless contemplation and regret. He didn't know what to do with the problem in front of him now. They had no choice but to obediently cooperate with Norman Karim first.

"Well, Jason, he should now wait for us to give him a definite news and answer.

I need you to tell me a definite answer now, are you willing to fight against them with me! "

"Can I do it? Qin Yuan? Do you think we ordinary people can do it?"

"Believe me, besides me, we have Fan Tianlei and Country H behind us! We won't necessarily do worse than them, and we won't necessarily lose.

At least I believe in Fan Tianlei, he will stand by our side! "

"Then what are we doing now?"

"So far, we are about to reach Pakistan, which is Norman Karim's territory. We can only cooperate with him, and we have no other choice."

Jason was still unwilling to take this step.

"If it really doesn't work, let's find Fan Tianlei. Can Fan Tianlei help us?"

"He's out of reach!"

After listening to Qin Yuan's analysis, Jason let out a long sigh, knowing that he had no choice at all.

"Well then, Qin Yuan, I believe in your ability. You can do what you told us. I have never doubted it, but I only have one request. "

"I know! Keep your daughter safe!"

"Yes, this is my only request! Of course, I don't want to hurt my brothers because of this matter. They have followed me for so many years and have been born to death. I would rather die by myself than absolutely Don't put their lives in danger.

Each of them has their own family, they are the children of their parents, and they are also the father of the children. Many of them are already married.

I know what a painful thing it is to lose the person I love the most. I can't let them go through it. I don't care about myself. It doesn't matter if I die or put me in any danger, as long as I don't hurt the people around me, I can accept it. "

Chen Jixiang persuaded Jason at this time.

"Jason, don't worry, according to what I know about Norman Karim, as long as you agree to cooperate with him, he will definitely be able to keep us all safe."
