Chapter 2001: Meet a guy who doesn't take things too hard

After the patrolmen from Pakistan heard what Chen Weiting said, they were not surprised or had any other thoughts. They just glared at Chen Weiting fiercely.

When He Chenguang saw such an expression, he was completely confused. What on earth was going on?

Could it be that these guys can't tell the difference between true and false, good and bad?

I clearly know that all these things I encounter are fake, and so are the people.

Why are you so persistent in pretending not to see it? Is it okay if nothing happened?

It seems that these guys are really easy to fool, can they be believed by just a casual sentence?

One of the people on patrol from Pakistan walked up to Chen Weiting and said.

"Don't think that because you know so much, you can point fingers at us. Look up carefully and see, where is this place? This is not your country, the United States.

I know you, you have come to us many times, and you have tried to bribe us more than once.

We all know this, and you don't need to quibble here.

We also disagree with what you have done. The reason why we have never agreed to your request is because we are not the same kind of people!

Now, we are here to do our own work and don't need your guidance.

Just keep your mouth shut!

If you really make us anxious, I'm afraid you won't be able to stay here any longer, and you will have no choice but to take your men back to the sea to feed the fish. "

Although Qin Yuan didn't know the leader of the patrol in front of him, he felt that he was also a very upright person. He seemed to hate Chen Weiting, a guy who seemed to be a fool.

Qin Yuan turned around and asked Jason.

"This man seems to be very upright. Do you know him?"

Jason shook his head.

"I also think he seems to be a very upright person, but to be honest, I really don't know him, and I don't know whether this person is a friend or an enemy.

However, from his attitude towards William Chan, we seem to be able to tell that William Chan may have tried to bribe him before, but he just failed.

Looking at this guy's upright face, he doesn't look like the kind of person who would accept benefits and betray his country. "

William Chen nodded silently, because he looked at the guy in front of him with an indifferent expression.

"To be honest, if this guy is serious and doesn't laugh, he really looks like the Pakistani version of Fan Tianlei!

However, I don't know if he is as humorous and considerate of his subordinates as Fan Tianlei. "

At this moment, Qin Yuan looked at the leader of the Pakistani patrol team in front of him and forgot about his request.

He never took out his ID.

Soon, this upright-looking guy became a little angry, and he said angrily to Qin Yuan.

"You guys, don't think that just because I didn't like the person next to me, I have a good impression of you.

I know you are not good people.

I came here either for smuggling or for smuggling.

I am very clear about your behavior. I hope you will honestly tell me all your own purposes. Don't hide anything, let alone think that all of us are fools and cannot see through your operations.

Although our place is not considered a good place, there are still times when we are always remembered.

If you are aware of current affairs, please quickly take out what I want and let me check your identity.

Don't make everyone unhappy because of this matter.

By then, I'm afraid no one will be able to end it. Did you hear what I said clearly?

If you heard me clearly, please follow my instructions quickly and don't waste time here. My patience has its limit! "

William Chen looked at this guy and shouted righteously. She also said disdainfully next to him.

"You look like a guy with strong limbs and a simple mind. You keep telling them to bring out things that can prove their identity.

Now, I want to ask you, if all they show are fake documents, what difference does it make to you?

How to prove their identity?

They are just superficial things. What is the use of these forms?

Who doesn't know that you guys are full of food and drink, and you just want to make money!

Don't act like a big-tailed wolf here. I don't know what you are thinking, but in a place like this, are there really any fair-minded people?

They are all just for their own benefit, what is there to say?

All the bustle in the world is for benefit, and all the hustle and bustle in the world is for benefit.

This sentence is common in country H, and it is also common in your country of Pakistan!

You guys should stop pretending here. Although you may not understand what I say, the truth is the same. Everyone is here for profit, so why bother to pretend?

Will you say that his identity is fake and then use his identity as evidence to make some money?

But I can tell you, this guy is a poor man.

He has nothing and no way to provide you with any benefits.

At that time, if you find anything problematic, take him away quickly. Don't blame me for not reminding you that this guy's identity is problematic. If you want to make great achievements, arrest him.

I believe that when your superiors find out, they will praise you greatly.

This is the path I have pointed out to you. If you really don't want to believe it, it only means that you are a complete fool! "

Before William Chan could finish complaining here, this seemingly righteous guy calmly pointed a gun at William Chan's head and said,

William Chen was really shocked by his move.

Because, in Chen Weiting's eyes, he has been coming and going to Pakistan for many years.

Regarding this place, it can be said that he knows the people in this place very well, and everyone lives for their own interests.

It would be impossible for them to do any noble things or feats.

They are all here to make money, which is why this country has never been able to develop.

William Chan said angrily to this guy.

"Bah! I didn't expect you guys to be able to stand up in front of me one day?"

Even if I lend you a hundred courages, you still wouldn't dare to pull the trigger! "

"Really?"

Qin Yuan saw that this guy was indeed not someone to be trifled with. He didn't expect that there was such a tough guy in Ba.

Although he didn't know whether the other party was a friend or an enemy, Qin Yuan still felt that this guy was very good and extraordinary.

I even have a feeling of great admiration for him!

At this moment, He Chenguang said to Qin Yuan with a worried look on his side.

"Seeing that this guy is not an easy character to deal with, it seems that we have encountered a tough situation today!"

"You don't have to worry so much now. We are not sure yet whether he is an enemy or a friend?"

"Yes, it's useful. What can I do? This guy is just as stubborn as Fan Tianlei.

Moreover, it seems that he has a lot of experience. He has been here for so many years, so it is impossible that he does not know what is going on with the documents in our hands.

If he really gets caught, what should we do if he wants money or not? "

Qin Yuan didn't think so in his heart. He felt that the guy in front of him was indeed full of justice. Perhaps he is also one of the few strong bones in Pakistan.

"The two of them are in a stalemate here. Not to mention whether this person dares to actually pull the trigger and blow up Chen Weiting's head. This person can really do some earth-shattering things. You look at his face with a serious smile. You can tell by his expression that this guy is definitely not simple.

No matter what the real situation is, no matter what he is thinking in his heart, whether he is afraid of William Chen or not, the fact that he can do such a thing is enough to show that he is a man. "

William Chan said angrily again.

"Do you really dare to shoot me with this shot? Do you know who is above me? Do you know who the boss of the United States is?"

This guy didn't say anything. Instead, he pressed the muzzle of the gun \*\*\*\*\* William Chen's head.

This kind of force has already tilted Chen Weiting's head.

Jason looked at the current situation. He was also a little worried, but he was not worried about whether William Chen's son would be here because of such a trivial matter today. Instead, he was worried about whether this guy was really hot-headed and shot. Chen Weiting's head, then the next situation will become more complicated.

Although Jason was not sure why the bomb on his ship never exploded, this was something he had always wondered about.

However, there are indeed some shady things on his ship. In addition to the arms that William Chen has transported away, there are other things.

He has been smuggling for so many years, how could the ship be clean?

If a gunfight occurred here and a life occurred, he would have no way to explain it. When someone comes on board to investigate, wouldn't everything on Jason's ship be exposed?

Moreover, looking at the guy in front of him in this situation now, he will definitely not be an easy one to deal with.

What if, if he gets hot-headed and Qin Yuan and the others are arrested, what should he do?

Now that I think about it, it's better to be calm and don't be impulsive.

So, Jason quickly turned to Qin Yuan and said.

"You'd better take out the ID and show it to him first. At least it can distract him. We shouldn't have any conflicts with him here so far. It's not good for us. Do you understand?"

Qin Yuan looked at Jason and nodded.

"Jason, don't worry, leave this matter to me. I will definitely distract him. I know you don't feel sorry for William Chen. He has caused us a lot of trouble. It's just that today he Can't die here.

It would be a very bad thing for us if he was actually on our territory, not to mention dirtying your place.

The most important thing is that Old K from the United States will not let us go for the time being. Maybe Old K doesn't care whether he is dead or alive...

Old K, what I care more about is whether there are people transporting these goods on the ship. I believe you should know this better than anyone else. If this is really the case, then we must think about the next solution. "

"Qin Yuan, it's good if you understand. I'm afraid you will misunderstand my decision?"

"How is this possible? I won't misunderstand you. There is nothing to say about the relationship between the two of us. Besides, there is no room for relaxation between you and William Chan.

I know very well in my heart what state and situation you two are in, and you will not betray me because of him.

Even if you hide a lot of things from me, it has nothing to do with William Chan. It is your own inner thoughts, not to save him. "

He Chenguang looked at Qin Yuan taking the fake documents that Fan Tianlei had prepared for them.

"Do you really want to take this thing out? Now he and William Chan are in a stalemate together. If we want to run away, we can still have time."

"We can't just run away irresponsibly, don't forget Chen Jixiang, this kid is still missing.

If we escape like this today, it will become more complicated. After they caught Chen Jixiang, this kid didn't know the situation. If he still tried to run away, they would probably kill him on the spot.

For the sake of everyone's situation, we can only take it one step at a time. Even if they find out there is a problem with the thing we prepared, they will not turn against us for the time being and the investigation will take a certain amount of time.

We cannot just take the lead and sentence ourselves to death before they decide. "

He Chenguang nodded silently.

"Well, Qin Yuan, it's you who decided this matter. I don't have anything to say. Don't worry. I will do whatever you decide. Anyway, I have always followed your actions. What do you say to me? Just listen."

Qin Yuan looked at He Chenguang and smiled.

"I didn't expect you to be so obedient this time, but that's okay!"

After Qin Yuan finished speaking, he carefully took out this certificate from his pocket.

"Hello! Don't be in a stalemate with him now. It won't do any good if you continue like this. Let me show you the documents I prepared. This is something that can prove my identity.

Please take a look! "

This guy saw that Qin Yuan had already taken out what he wanted, and he had no time to continue the stalemate with William Chen here.

Then, he took off the gun from Chen Weiting's head and said seriously to Chen Weiting.

"Aren't you still not convinced? I'm going to check their documents first.

Just wait here. I know who you are. If you dare to compete with me, don't leave here. I'll have a good fight with you after I'm done. "

William Chen said nothing and spat on the ground.

Then he stood up and straightened his hair, grabbed his belt with a nonchalant expression, and then lifted his pants up.

These actions of his were all aimed at easing the current embarrassing situation.

Chapter 2002: Fake identity, successfully passed the test

The guy who took the lead slowly walked to Qin Yuan's side.

Watching him respectfully take out the items related to his identity certificate and take it from Qin Yuan's hand.

"Please look!"

The guy in the lead opened the fake document that Qin Yuan provided to him to prove his identity.

He stared at the photo above carefully and compared it with Qin Yuan himself.

Looking at the photo and Qin Yuan, it seems that I can really find some important clues from it.

Qin Yuan, at this moment, still felt a little panicked.

Of course he knows that this thing is fake and has no way to prove his identity. If he really cross-examines it seriously, it is very likely that he will be exposed.

I have just discovered that this guy who takes the lead is not someone to be fooled. He even treats Effit hard and soft, let alone treat himself?

Qin Yuan, at this moment, felt very confused and his heart was beating very fast.

After a while, the guy who took the lead slowly asked Qin Yuan.

"Is it you who is on this certificate?"

"Of course it's me, doesn't it look like it?"

"You look a little thinner than in the photo, can you see for yourself?"

To be honest, since Fan Tianlei handed this fake identity document to Qin Yuan.

Until now, he had not even opened it and looked at it carefully. He was suddenly confused.

I don't know what occupation it says about me, what age I am, and what I do here. I'd be stupid if I spilled the beans.

Jason said next to him.

"They have been with me on the boat for several days. If we compare the photos now, it is indeed normal for them to lose weight. It is difficult to eat and sleep well on the boat."

"Is it really?"

"Of course sir, how dare we lie to you!"

Effit said slyly from the side.

"Isn't it just a piece of tattered paper?"

Why do you think this scrap of paper can prove their identity?

These are all treacherous and cunning guys. That was not the way you treated me just now.

If you are lax or disrespectful towards them, I will definitely report you to your superior.

Maybe, your job will be lost. You should be careful and don't make mistakes at this critical moment.  
"

Originally, the guy who took the lead wanted to take a closer look at the information on the certificate.

Unexpectedly, after Efit said this, he immediately closed the certificate.

Then, he returned the thing to Qin Yuan.

"Here you go, I've checked the information above, and I'm basically sure. I know who you guys are. It's not easy for you to come here all the way, right?"

"Wait a minute, what's going on with you?"

Didn't I tell you everything just now? Be sure to check their identity carefully.

This group of people are very cunning and cunning, if they seize the opportunity and take advantage of the loopholes.

Let me tell you, you will regret it later. Do you know what they came to Pakistan to do?

They come to engage in very dangerous activities. Aren't you very upright? Do we have to protect our country?

Why did you turn a blind eye to such dangerous activities? Did you accept bribes from them? "

He didn't know why it was obvious to Qin Yuan that the guy in front of him who was taking the lead hated Efit.

If Efit had not interrupted just now, it is very likely that Qin Yuan and they would not have passed the test so easily.

This guy was only focused on taking care of Efit, and had forgotten whether the thing in their hands that proved his identity was true or false.

At this critical moment, He Chenguang put his head towards Qin Yuan and asked cautiously.

"What's going on with this guy?

Did he deliberately let us off the hook, or did he have some other purpose?

Why am I a little panicked?

We came here unfamiliar with the place and had no arrangements.

If he really wants to take some lax action against us, I don't think it's very good.

What if he wants to take this opportunity to blackmail us?

We have more money in our pockets than our faces, and we really can't get out any money. It would be terrible if they threaten us with this matter. "

Qin Yuan looked at He Chenguang's nervous look and felt helpless.

"Can you stop being so nervous?

It's better now, he has nothing and finds that we have to pay it back first.

Are you just called one of the legends? Do you have a guilty conscience? "

He Chenguang was rendered speechless by Qin Yuan.

At this time, Jason also said.

"Yes, He Chenguang, don't be so nervous for now. He didn't say anything, and it doesn't mean that he has no plans for this matter now. You can see that he is about 40 years old.

He must have been working here for many years and knows the situation here very well.

Whether what we showed him was true or false, he could tell in his eyes. Maybe he had other plans, which is unknown.

The economic situation in Pakistan has not been very good in the past two years. Everyone is focused on supporting their families, so maybe it is normal for him to want to use this opportunity to make some money. Let's stop thinking so much and take a step forward. Let's take a look.

Before we take her and she doesn't react, let's not scare ourselves.

Don't forget that you are here to complete the mission. As long as you can complete the mission, nothing else matters. Moreover, you have nothing to do with this batch of arms, as long as you are not engaged in any dangerous activities in Pakistan.

I believe he would turn a blind eye and not embarrass us too much. We are all here to fool around, so who will embarrass whom? "

At this moment, the subordinate of the leading guy came to him and said to him.

"Hassan, something unusual seems to have happened to us!"

Hassan glared at his men and made a "shh" gesture.

He signaled his men not to speak for the time being, let alone speak loudly about the situation they encountered.

Qin Yuan looked at the guy in front of him, feeling a little strange.

"Oh, it turns out this middle-aged man is called Hassan.

It seems that he is indeed someone we can use. "

"He Chenguang, are you thinking of another bad idea? I'm telling you, this guy looks upright, so let's not provoke him for the time being.

Although we have nothing to do with arms this time, it is better to be cautious.

Don't let him know the true purpose of our coming here.

Professor Fang's two apprentices are very powerful talents.

If they knew that Professor Fang's two apprentices had the ability to make weapons, do you think the people of Pakistan would let them go easily? "

Jason nodded, agreeing very much with Qin Yuan's words.

"He Chenguang, what Qin Yuan said makes sense. Now Professor Fang's two apprentices are simply walking treasure troves of arms.

The most important thing about them is their brains.

We are different from them. They can solve all problems with their own minds, but we cannot.

Moreover, the reason why Professor Fang brought his two apprentices here is because they don't want to do anything for anyone, and we don't want to embarrass Professor Fang.

It's good that you came here secretly this time and were able to take away Professor Fang's apprentice, but if something unexpected happens, I'm afraid you won't be able to take him away.

Just like Qin Yuan's original analysis, do you really think that Professor Fang, an old man and two young students, will not attract the attention of some local forces? "

Qin Yuan couldn't help but nod after hearing Jason's words. This was indeed very important to him.

"What you said makes sense, Jason, and I understand the importance of this matter.

However, we have to try. Although we now know the specific location of Professor Feng's apprentice, I think both of them are no longer there. "

"Didn't Norman Karim already tell you? He has already captured Feng Xiaorou's two apprentices as hostages.

I advise you not to go to the place Professor Fang gave you. Even if you go, the building will basically be empty.

We have been docked for a long time, and Efit has transferred all the arms it entrusted to us to transport. Why has Norman Karim still not appeared so far? "

Speaking of this, Qin Yuan also felt that this matter was still very strange.

Norman Karim had clearly told Qin Yuan on the phone that his target was the batch of arms on the ship.

It may be numbered or unnumbered.

Anyway, he wanted them all this time. He didn't care how much these arms were worth, he just wanted to gain a little advantage in Old K's hands.

"Jason, you are right. We have not seen any trace of Norman Karim so far. Is it possible that Hassan is one of his people?"

Qin Yuan's bold guess made everyone nervous.

Especially He Chenguang.

"Qin Yuan, are you mistaken? Your idea is simply too bold. How could Hassan be Norman Karim's man?"

Look at this guy, didn't you just make some judgments about him? He seems to be the kind of upright person, how could he have anything to do with someone like Norman Karim?

I just took a look and found that the shoes he was wearing were from years ago, and they were very shabby, so I knew his life was not very rich.

Just now I looked through the cigarettes he was holding in his pants pocket and discovered that they were relatively cheap varieties from Pakistan.

If he was really rich, why would he smoke this kind of cigarette?

The smell of alcohol on him was also very unpleasant and pungent.

It smells like bad beer. I believe his life must not be rich. Logically speaking, he works in this position and a large number of people bribe him every day.

If he was really willing to collude with these people, such as people like Efit, I believe that he would have already lived a very wealthy life, and he would not still be middle-aged and depressed.

At first glance, this guy seems to be the kind of person who is not easy to fool, and he is very stubborn.

If he is said to be Noman Karim's man, I don't quite believe it. "

After He Chenguang analyzed it, Qin Yuan also nodded silently.

"He Chenguang, you can do it now. I didn't expect that your ability to read people is so accurate?"

"Qin Yuan, please stop making fun of me. I learned all this from you. If you hadn't taught me these skills, how could I have spoken so clearly?"

What I just said is just my own perception. I don't know what you think. "

Qin Yuan was deep in thought at this moment, looking far away.

Hassan was still whispering with his men, while Efit had an indifferent expression.

At this moment, Jason suddenly thought of something bad.

"Qin Yuan, through He Chenguang's analysis just now, I also think what he said makes sense.

I came here before and traveled to Pakistan many times. I once heard about a man named Hassan. He is indeed a hard-headed guy.

It's just that I have never been in contact with him. Logically speaking, in his position, he should not patrol the pier personally.

I believe that it was because he refused to accept bribes from others that he was too upright, which led to everyone's rejection of him, which led to him being where he is today. "

He Chenguang shook his head helplessly.

"Are there really such stupid people in this world? Who don't follow the same trend as others?

Oops~ You see, if you don't join in with others sometimes, you will end up like this: middle-aged poverty. "

Qin Yuan looked at He Chenguang in surprise after hearing what he said.

Qin Yuan thought that the synthetic light seemed to have changed. How could he say such a thing? Even if he is down and out, he will never do anything frivolous with people like Effit.

The most basic thing to do as a human being is to raise your head to be worthy of heaven, lower your head to be worthy of the earth, and in the middle, be worthy of your parents, relatives and friends.

If it is like what Synthetic Light said, because you want to live a good life, you will join in the misfortune of others.

What's the difference between that and people like Efit?

At this moment, He Chenguang still didn't realize what he said wrong?

As soon as he finished sighing, he turned his head and looked at Qin Yuan, who was staring at him closely.

"Why are you looking at me like this? Do you think there is something wrong with what I said?"

Qin Yuan pretended to smile.

"No, I don't think there's anything wrong with what you said.

You are right, he is already a middle-aged man now, and he no longer thinks about it. What is the use of pretending to be rebellious for the sake of his family? He cannot let himself live a good life.

You see, he is already middle-aged, still smoking cheap cigarettes, drinking cheap wine, and even achieving nothing in his career. Normally, a person of his level would not patrol the pier in person.

What you just said is right, he must have come here because he was ostracized. Today, he should take this opportunity to express his dissatisfaction with Efit and his attitude.

It is precisely because of Efit that bribing people like this will lead to the results he has today. "

Chapter 2003: The feud between Hassan and Noman Kalim

Efit didn't know why he saw that he couldn't bribe Hassan at all. He was also very confused. Is there really someone in this world who doesn't love money?

This is impossible for Efit, although he sent it out, he soon gave it up.

At this time, Qin Yuan looked at Hassan and said.

"Hassan, to be more precise, we should call you Chief Hassan! Now that you have found out that there is no problem with our identities, can we leave here?"

For a while, Hassan ignored Efit and Qin Yuan.

He slowly took out a small, flat wine bottle from his right trouser pocket.

When I opened the lid of the wine bottle, there was a pungent smell of white wine.

He slowly used his slightly rough hands to unscrew the lid of the wine bottle and took a shallow sip.

Efit asked after looking at the situation.

"What's going on with this guy? Why don't you tell us quickly whether you want to let him go or not?"

Hey, I really can't stand this kind of person who moans for no reason. No wonder he is a loser. He is destined to be a loser like this. "

After Hassan took a sip of wine, he looked at Efit and spat.

"It's because you guys always take shortcuts that I want to be a loser. Lower your head carefully and see where you are. This is Pakistan!"

Did you see the uniform I'm wearing? You should know that there is nothing to be afraid of, right?

Because our country is not strong enough, we are not as beautiful as you and not as beautiful as country H.

I am indeed a loser, and it is actually me. Our country is an international loser.

That's why you can sell arms and smuggle people unscrupulously on our land. "

Qin Yuan looked at Hassan's anxious look and felt very clear in his heart.

He should be the kind of depressed person.

He and Fan Tianlei seem to have similar personalities, except that Fan Tianlei is successful.

This also includes a lot of luck.

And Hassan failed. Both of them are very persistent people.

No matter what situation they encounter, they refuse to give up. Perhaps this is the dual nature of the two of them.

If you are lucky, you will become Fan Tianlei, if you are unlucky, you can only become Hassan.

At this time, Efit said to Hassan impatiently.

"How do you plan to let us leave?

Now that you know who I am doing things for, you should take it into consideration!

If you anger the boss behind us, not only will you not be able to keep your current job, but you will also not be able to keep your life!

If you don't think about it for yourself, you should also think about it for your wife and children, right?

As a husband and a father, you are already unqualified and cannot let them live a good life. It would be even more inappropriate to let them die because of you. "

After listening to Efit's words, Hassan glanced at Qin Yuan, and then smiled.

"I know you are working for Old K now, you are just his dog.

What qualifications do you have to make noise here?

Anyway, I have seen it clearly and thought about it clearly. Let love be what it is.

However, what disappoints you is that I am full and the whole family is not hungry!

How dare I get married to someone like me? Who dares to have children?

I can suffer and be bullied by others at will, but I can't let my family get the same result as me.

Therefore, for the sake of taking responsibility for others, for the sake of myself being more relaxed, and for the sake of being able to stick to my true self, nothing else matters. "

"It's useless for you to tell me these nonsense, I want you to let me go now!

Didn't you check our identities just now? Since you didn't find anything wrong, why don't you let us go quickly? "

"Why are you in such a hurry? Since we have all boarded the ship, I think we should continue to wait for a while.

Maybe my men can find other harvests in your ship's warehouses and cargo holds?

These are all very possible things.

I don't think any of you are in a hurry to leave here. We will just wait here quietly and see when we can find the results. "

After hearing this, He Chenguang said to Qin Yuan very anxiously.

“Although this Hassan seems very righteous, he is just on a different path from us.

I think it would be better for us to find an opportunity and run away quickly. He went to the cabin and cargo hold to find the real purpose of our coming here.

Don't think that the fake ID just now can deceive him, this guy is a veteran. "

Qin Yuan knew very well that people like Hassan were very powerful, and it was impossible for him to be deceived just because of such a little thing.

"I also understand that he came to our ship for other purposes. Looking at his attitude towards Efit, you can feel that this guy still doesn't believe in us."

Jason was very nervous now. He didn't know how to deal with the problem at hand.

"Qin Yuan, it would be okay if we solve this matter now, but if we can't solve it, it will be dangerous.

This Hassan doesn't look like a kind person to me! "

"Jason, you actually go to Pakistan every month. Haven't you heard of this man named Hassan?"

After hearing Qin Yuan's question, Jason recalled it carefully.

"I have never heard of this person. As I explained to you just now, it is very likely that he came here later.

Didn't He Chenguang analyze it with everyone just now? He looked like a devolved man.

That's why we have no solution.

However, I seem to have heard a saying before, that is, in Pakistan, it seems difficult to deal with a chief at the dock.

Many of them tried to bribe him.

But this person has always refused to agree, which is also a very difficult thing for us, so when we think of this, we can only slowly penetrate it.

I remember that my subordinate Akun once had contact with these people, but he is now controlled by Efit and has no way to come over and communicate with us. "

Efit watched Hassan delaying time here, and he also felt that something was wrong.

"If you are wasting time here, I don't have time to wait for you. My time is very precious. Get me out of here quickly, otherwise I will call my boss now. You guys may lose your job anytime, anywhere! "

"Am I afraid of losing my job? Do you think I have been wearing this system for how many years?

Let me tell you, it's because of my bad temper, being incompatible with everyone, and unwilling to be bribed by others, that's why I'm like this. You don't need to teach me how to do things here! "

At this moment, Hassan's men came out of the cargo bay.

"Sir!"

This Hassan's man winked at Hassan as he spoke.

"Did you find anything?"

"Yeah! Shall I report now?"

Hassan stretched out his hand in a pause gesture.

"No reporting for now, I think we can let the bullets fly for a while, just wait a while!"

"We did find out just now that there were traces of smuggling in their underground cabin!"

After Hassan Tianwan reported to his men, he turned to look at Qin Yuan and Jason, and then sneered.

"Otherwise, do you think they don't do this business and come here often? I have already thought about it clearly, and I have turned a blind eye to this matter. There is nothing to take seriously."

He Chenguang said to Qin Yuan with a smile.

"I didn't expect this guy to be quite reasonable. He doesn't care about our illegal immigration?"

"Don't think so much. I believe he won't inspect our smuggling when he comes up."

Efit looked at Qin Yuan and said angrily.

"It's all your fault. This self-assertive guy has the nerve to say so much here. Do you think it's possible? It's all you who lured the wolf into the house and transferred it to the top. Otherwise, we can handle our own affairs!"

"If you weren't here to make things difficult for us, how could I have recruited him?"

Efit, this matter has something to do with you.

Besides, you are the one who should be afraid now, not us. We are not afraid of anything. "

After hearing Qin Yuan's words, Efite sneered and asked.

"Really? You guy, are you really not afraid of anything? Don't forget that your ship once transported something. Now, although the things have been moved away, there is no way to prove that it is my cargo.

But there will be traces left on your ship. This is all expected. After this guy finds out, he will take you all away.

Oh, by the way, didn't you keep saying that you have Noman Karim's support?

Why not find him quickly? There might be a glimmer of hope in asking him to come and help you.

It's okay to scare me with this little trick of yours. Do you want to scare him?

I think this guy is not a vegetarian, so just wait and you will be rewarded. "

Although the two of them spoke in country H, Hassan couldn't understand them.

It's just that he understood one person's name, Noman Karim!

After hearing the name, Hassan looked at Efitt very angrily, walked to Efitt's side, and pulled Efitt's neck hard with his hand.

"You madman, why are you holding me back?"

Efit was struggling, caring about his own image, and cursing Hassan.

"You said you knew Noman Karim?"

"How do you know that we know him? Can you understand the H language we just spoke? You are really an unusual guy. Don't try to pretend to us here."

"I asked you if you know Noman Karim?"

"So what if I know you, now you know you are afraid, right? Isn't Noman Karim the most powerful person in your country of Pakistan?"

I know you will definitely get scared after the other question. You are trying to do something to me.

Be careful, I will ask him to come over and deal with you now. "

Although Qin Yuan didn't know why Hassan was so excited when he mentioned Norman Karim.

However, he said that some anger could be seen in Hassan's expression, and it seemed that there must be some trouble between him and Noman Karim.

Qin Yuan knew very well that he could never mention Norman Karim.

At the very least, you cannot mention this person in front of Hassan, otherwise the relationship between the two of them will become very tense. Hassan is likely to catch him, and then Norman Karim will not care about it in order to protect himself. Their.

Efit struggled wildly with Hassan and let go after seeing that he seemed to be in too much pain.

"Let me ask you again, did you say you knew Noman Karim?"

No wonder you can transport these arms in our country openly. It seems that there is someone behind you. I have been investigating the arms buying and selling in Pakistan for a long time, and now I have finally caught some clues. .

Come here and be my witness! "

Efit glared at Hassan and asked disdainfully.

"Why should I be your witness? You are a lunatic!

Not to mention what the relationship between me and Norman Karim is, even if I can serve as a witness for you, do you really think you can do anything about it on your own?

You are nothing more than a mantis trying to block a car, or a cricket trying to shake a tree!

Do you, a little Border Patrol officer, really think you can compare to Norman Karim?

Let me tell you, for a loser like you, if he catches you, you won't even be able to save your life. Why do you have to hit an egg with a stone? "

Hassan couldn't bear to hear such words. After hearing what Efit said, he walked up to Efit very angrily and slapped him hard!

"How dare you \*\*\*\* hit me?"

After Efit finished speaking, he took out a gun from his pocket and pointed it at Hassan.

"I'm telling you, I've endured it for a long time. I don't share your knowledge because of the clothes you're wearing, and I don't want to cause too much trouble here.

I think you are so shameless that you dare to attack me today. Even if I beat you to death here, no one would notice. "

Jason and Qin Yuan, , were watching the excitement and knew that Efit was indeed a lunatic. Even if he beat Hassan to death, no one would care.

But Qin Yuan, he couldn't watch an upright person being hurt by Efit like this.

He couldn't let Hassan know about the relationship between him and Noman Karim. Through the conversation just now, Qin Yuan could already feel that Hassan and Noman Karim must be at odds with each other.

At this moment, the moment Efit raised his gun, the people around Hassan all raised their guns at Efit, as if they had been triggered.

Efit didn't expect that such a loser would have so many people around him, helping him to follow him wholeheartedly?

For the sake of this guy Hassan, would he offend himself?

"all right!"

Chapter 2004: Hassan discovers gunpowder powder

Hassan looked at this guy Efit, surrounded by his men holding guns.

He knew that this guy had lost now, and he had lost completely, and he couldn't make any trouble.

"Efit, I know who you are, and I also know who the person behind you is.

You have been on this road for many years, so it is impossible that you don't know my name, Hassan. "

"I know you, aren't you just a shady guy? If you had agreed to join us, would you have ended up like this?"

"Let me tell you, I, Hassan, am a person with a very sense of justice and will not collude with you guys, collude and collude!

I know what you are doing in Pakistan.

It is because you people are engaged in the underground secret arms system business that has made our country of Pakistan a mess. The order here is already in chaos, and you are going to add fuel to the fire. "

"What does this have to do with me? You don't even look at this Qin Yuan in front of you. Is he a good person?"

"Can you please not involve other people in the conversation between the two of us?

I will judge whether the person in front of me is real or fake.

I don't care what his identity is, I can see sincerity and integrity from Qin Yuan's eyes.

I think he is the same type of person as me, and I have recognized this from the first moment I saw him.

Hassan and Efit, they spoke Pakistani language, which He Chenguang could not understand.

He was confused by what he heard next to him. He Chenguang knew that they were going to Pakistan to carry out a mission and only learned a few sporadic words of the local language.

If we talk about normal communication, he definitely can't do it.

However, he could hear Qin Yuan's name from Hassan's mouth.

He Chenguang pushed Qin Yuan with his arm.

"What are these two guys talking about here? I heard something like reminding you. Isn't this the next step to attack you?"

"Why are you panicking? With me and Jason here, you won't be in any danger.

Even if he wants to arrest us, he will arrest us two Jason first. As the captain and owner of this ship, he cannot shirk responsibility for anything that happens on this ship. "

"If you didn't mention Jason, fortunately, when you mention him now, why do I think this guy is so unreliable?"

"He Chenguang, although we have no grudges, we have been having trouble since we got on the ship and you married me. Tell me, why am I so unreliable?"

"Didn't you say there was a bomb on your ship? There isn't even a bomb now!"

"What's wrong? He Chenguang, do you still hope that the bomb on my ship will really blow you up?"

In fact, this question has always puzzled Qin Yuan. He didn't know what was going on. Jason kept telling them that there was a bomb on the ship, and he said it in a very decisive tone.

It didn't look like he was lying to Effit. Looking at Jason, he felt like he was ready to die. There was no way he was lying. Jason wasn't such a person either.

"Jason, please tell me the truth quickly. Are there any bombs on this ship?"

"Yes, there must be! Once this bomb reaches the height of the water level, it will definitely explode, and it is irreversible. Now that it has not exploded, there are only two possibilities."

"What's possible?"

"Yes, please tell me and Qin Yuan what's possible, so we can be mentally prepared, okay? If your ship doesn't have any problems now, then did this guy Chen Jixiang run away in vain?"

"Why does this talk about Chen Jixiang again? Since this young man has left here, don't let him come back again.

Now even though the bomb didn't explode, I'm not sure why.

He has put on my diving suit and left here smoothly. Please don't embarrass him and come back. "

"Jason, don't worry, we won't let Chen Jixiang come back easily. This kid doesn't know what's going on?

By the way, what are the two possibilities that the bomb didn't explode like you just said? "

"The first possibility is that the water level has not reached the height of the bomb explosion yet."

"That's unlikely. Didn't you say that the boat was already leaking? And it was maliciously damaged by this guy Efit.

He hates our group of people so much that he maliciously destroyed our ship.

It will definitely not be a small loophole, it must be a very big loophole. "

"He Chenguang, could you please be more thoughtful?

Use your brain and think about it. Have you left your brain at home? "

"What's wrong with me? Qin Yuan? Why are you talking about me again?"

"Now we can clearly feel that the ship is not tilting as badly as it was just now. What does this mean?"

"This shows that the loophole has probably become smaller or blocked. I think it is probably man-made. Is this the reason why the explosion did not happen?"

"Then what's the second possibility you're talking about?"

"The second possibility is that someone discovered the bombs from my underground cabin in advance and successfully decrypted them, and this was done without my knowledge."

After Qin Yuan heard Jason's words, he fell into deep thought. There were both possibilities.

The most likely possibility is that Jason's bomb was decrypted in advance.

If the ship is already leaking, it is impossible to make the leak I passed down smaller or completely stop the leak.

If ordinary people could do this, there would be no cases of ship sinking in the world.

"Jason, I'm afraid someone already knew about your bomb in advance and dismantled it without your knowledge. Don't tell Effit yet."

"But even if we don't tell him, we won't be busy for long. I'm not a fool. Although he has been frightened by Hassan now, it doesn't mean that he has forgotten about the bomb.

One of the main reasons why he was so afraid of us just now was that he was afraid of the bombs on the ship, and he was unwilling to follow us down here.

He knows very well that I am a person who never turns back. I will never go back on my words. "

He Chenguang asked in disbelief.

"Do you really want to die with everyone else? Are you afraid that Effit will laugh at you after knowing that the bomb no longer exists? Do you think you are a person with no talent?"

"He Chenguang, that's enough. What time has it been? What's the point of you still teasing Jason here? The three of us should stop making things difficult for each other here."

The three of them were having a heated discussion here, but Efit and Hassan were still confronting each other.

These two people are at odds with each other.

Qin Yuan originally thought that he was the most stubborn person in the world, but when he met Hassan today, he realized that there are mountains beyond the mountains, and there is a sky beyond the sky.

There are people who are more powerful than me and more stubborn than me.

Thinking of this, Qin Yuan shook his head helplessly.

Then, he shouted to Effit.

"Effit, I advise you to hurry up and capture him. You are no match for Hassan. You should be able to tell what kind of person he is?"

Qin Yuan deliberately used the H language to talk to Efite. He didn't want him to hear it, and he didn't want him to understand it.

"Qin Yuan, this guy Hassan, I have been coming and going to Pakistan for so many years, and I know him very well. He is a stubborn donkey, and a brainless stubborn donkey.

If you look at middle-aged people, if they were smooth people, would they be as successful as they are today?

He is a loser, so why should I be afraid of him? When he hears Old K's name, he will definitely be scared to death. "

Qin Yuan shook his head helplessly. Effit is such a tough-talking guy. Why can't he just give in after he has already endured this? He was right, Hassan really didn't dare to do anything to it?

But if you don't dare to do anything to it, you don't dare to kill him.

It does not mean that we dare not let him break his arms and legs, or even make him permanently disabled and unable to take care of himself.

"Efit, you are so smart and confused for a moment. I believe you should be able to tell that Hassan has other purposes when he comes to the ship this time. If he knows about your transportation of arms, he will be punished when the time comes.

Do you think you will still have good fruit to eat? If you do things for Old K so muddle-headedly, he won't forgive you for how strict the Blockade family rules are. You should know better than any of us. "

After hearing Old K, Efit really felt a little scared now.

At this critical moment, Hassan's men came up from the underground cabin, holding something in their hands, like a packet of paper.

"Hassan! We have successfully found the evidence!"

After listening to the report from his subordinates, he also wanted to turn his head and look at Qin Yuan.

"Is this your evidence?"

"Sir, don't worry. We have followed you for so many years and know that you are very strict in your affairs and will not cause you any loss of face. This packet of paper in my hand is the evidence I found.

It is very rigorous and there will be absolutely no loopholes. You can use it to confront anyone. "

"Yeah, I understand."

After saying that, Hassan took the packet of paper handed to him by his subordinate and slowly walked to Qin Yuan and Jason.

Efit, on the other hand, was surrounded by Hassan's men in a corner with pistols, and was controlled not to move.

"I said you crazy dog, when are you going to let me go?"

"Since you have already said that I am a mad dog, you should also know that no one can control a mad dog. What he does depends entirely on his own mood."

"You! Yes! Hassan, you have the guts!"

"Huh, thanks for the compliment!"

Hassan took the packet of paper and handed it to Qin Yuan.

"Please explain to me, what is this?"

In fact, before Qin Yuan opened the packet of paper that Hassan handed him, he already understood what Hassan meant.

Based on Qin Yuan's sense of smell in the army for many years, he could clearly feel that the packet of paper contained gunpowder leaked from the paper bag.

It's impossible for him to admit it, let alone in front of Efite. If he admits it now, it will be like dying.

Qin Yuan could only pretend to be stupid and said with a blank smile.

"Hassan, what do you mean? Why are you giving us a packet of paper? I don't know what this paper is."

"You don't have to lie anymore. From the look in your eyes, I can already see that you know very well what this thing is. In this case, everyone, please tell me where these arms have gone without making secrets."

"Arms? What arms? Didn't we just show you the things we use to prove our identity? You didn't make any sense.

We came to your country this time for business and nothing else. "

"Business? On a business trip?"

"Yeah, what's wrong?"

"Qin Yuan, please stop lying to me here, okay? Do you think I, Hassan, am blind?"

Is the thing you gave me to prove your identity true or false? You know what's going on.

You did give it to me. Believe it or not, it's all up to me? "

"I understand, He said you just think you have connected to my life, don't I dare to resist? I am obviously here for business, unless you find some evidence, but The arms in your hands have nothing to do with me."

After Qin Yuan said this, he knew that if this matter could not be solved perfectly, he would be equivalent to betraying Jason.

This ship belongs to Jason, so what skills can he have as a stowaway?

Jason didn't blame Qin Yuan's words for hurting him at all. He didn't care now. Jason knew very well that even if he escaped from Hassan today, Old K would not let him go.

Since Old K has let Effit target him, it means that since he escaped from the organization, Old K has always been resentful of him. He originally thought that after so many years of stable life, he could be completely freed from it.

Who could have imagined that these guys are really haunted. If you join their organization in this life, you will never be able to think about it. You will never want to live a normal life. You can only live like a human being or a ghost. days.

Jason simply said.

"Hassan, you seem to have found the wrong person. You should not only give this to Qin Yuan. He is just a tourist on this ship.

An ordinary tourist, you understand?

I am the captain of this ship. If you have anything to do, you should come to me.

Come here, show me what you have in your hand, and see what it is that deserves all the fuss. "

"I know what your ship is for? You have been coming and going for so many years, how could I not recognize you?

But just doing it once is something different. I believe Jason you should be very clear about what is on your boat that is shady. "

Chapter 2005: Willing to go to jail in exchange for Qin Yuan's freedom

There was no other way, Qin Yuan, seeing what Hassan provided him, he could only choose to act stupid.

Even if he is pretending to be stupid, Hassan will see it.

Hassan is not a fool, he knows everything.

"Qin Yuan, from your performance, I can already see that you are aware of this matter now, even though you are not the captain of this ship.

However, I have seen that the relationship between you and Jason is unusual. You should also know what he has done.

I just want to ask now, what is going on with this arms?

Why are you secretly transporting arms on the ship?

Does this have anything to do with the underground arms trading system that I have been investigating? Whose command are you following? "

He Chenguang watched Hassan's series of questions without giving them any time to breathe. This is called an interrogation technique.

Now they are already lambs to be slaughtered by Hassan. Even if Hassan cannot harm their lives, if he knows so many things behind them.

It won't do them any good. At the very least, they must not tell Hassan about Professor Fang.

Qin Yuan knew this deeply because Professor Fang was an expert in weapons research.

A patriotic person like Hassan knew that there was no way he would let them go with such a powerful expert.

Countries all over the world are competing for talents like Professor Fang. If Professor Fang's whereabouts are leaked, it will cause an uproar in the entire world. "

"Jason, look at me, I know you have been in the smuggling business for so many years.

You have never touched arms, otherwise you would have fallen into my hands.

Why did Qin Yuan suddenly come here today and there were traces of arms transportation on your ship?

How do you plan to explain it?

Don't wait for me to take these gunpowders back for testing. If I know which country's arms they are from, you will be finished. "

Effit listened quietly beside him, thinking that Qin Yuan must be the one to take the blame today.

"Qin Yuan, Chief Hassan is asking you something? Why are you silent?

It is clear that you have arms on board today. I think you should tell Chief Hassan your true identity. He just provided you with the fake documents.

I think it's impossible for someone as smart as Hassan to fail to see this. If that's the case, why did you let him go?

I see that you are all so curious, so why don't I reveal the identities of some of them. "

Qin Yuan looked at Efitte angrily and said.

"What do you want? You bite us like a mad dog and don't show any aggression. Everything you want has been taken away, and the underground cabins are all empty. What will happen even if gunpowder is found?"

Do we have to transport arms? We may also be delivering fireworks.

Fireworks and firecrackers have almost the same ingredients as gunpowder. You probably don't have this knowledge at all. "

Efitte never expected that Qin Yuan would come up with such an excuse.

"Qin Yuan, you are really powerful. You can express such thoughts. I really admire you."

"What a joke!"

Hassan looked at Qin Yuan and Jason. They didn't feel panic at all now.

Even if Hassan knew that their ship had transported arms, he could still find Efit's relationship from the traces of the arms that had just been transported.

Efitte doesn't want to get away. He wants to leave the most among everyone now.

There must be a time limit for transporting arms. Jason and they were delayed for a long time at sea. I believe Old K can't wait any longer.

After arriving here, Effit not only did not struggle too much with Qin Yuan, but he quickly moved all the arms and cargo away.

This is enough to show that Effit doesn't want to waste time more than anyone else now.

"Hasa, how did you decide? I want to see how I can cooperate with your investigation. As a good citizen, I must cooperate with your investigation. I am from the United States. When I come to Pakistan, I must be polite. Treat each other well."

"Treat me politely. What gifts can you give me?"

Effit slowly took out a gold bar from his pocket.

On the sea, this bright gold really blinded everyone.

He Chenguang's eyes widened and he couldn't believe what he saw.

"Effit is so rich, he dares to put a gold bar in his pocket and walk around on the street.

Everyone knows what kind of place Pakistan is, and it is such a mixed bag.

If others knew that he had gold, he would be eaten alive on the street. "

Hassan was a little unhappy when he heard He Chenguang's words.

"I know you are coming to country H, and the security in country H is much better than here, but in your words, you always have a lot of contempt for us in Pakistan, which makes me feel very unhappy. Comfortable."

Qin Yuan had to apologize on behalf of Synthetic Light Phase Hassan.

"I'm sorry, Chief Hassan. He is just outspoken for a moment. I hope you don't have the same experience as him."

Hassan watched Efite take out the gold bars and then slowly walked to Efite's side.

Efit thought Hassan was attracted by the gold bars.

He spoke without shame.

"It seems that you, Hassan, are just like that. Do you really think that you are a cool-hearted person? If you see a gold bar, it will still be the same. Just come and smell it like a dog seeing a bun.

As long as you are willing to let me go today, this gold bar will be yours. If you get this gold bar, I believe you will make more money than you have in half your life.

No one will give up after seeing this. Stop pretending to be a gentleman here. We have tried to buy you many times before and you have never agreed.

I think it may be that you don't like money and like gold bars.

Yes, people say that jewelry in prosperous times is gold in troubled times.

Only gold is the hard currency in the world. No amount of money I can give you can compare to this little goldfish! "

Hassan smiled and looked at Efit, his eyes full of disdain and sarcasm.

"I have to admit that it is because there are so many people in our country who are easily bribed by you that we have become what we are today and have become a laughing stock internationally.

It has become a mixed place.

All of you are going to trade arms here and make the order here in chaos.

But I am not someone you say can be bribed at will, whether you take out one gold bar or ten gold bars.

I won't eat it at all, you're the one doing this.

You'd better put this thing away honestly.

Although I won't ask for it, it's uncertain if my brothers kill you and take away the gold bars.

The whole world knows that Pakistan is a relatively chaotic place. When someone robs you, kills you, and takes away your gold bars, I believe that no one will doubt this reason.

You can take out this gold bar openly and try to bribe me, but I am in full view of the public.

It means that my understanding is correct, you are indeed a stupid guy to the core. "

Through this incident, Qin Yuan had to admire Hassan.

What a tough guy, he is simply the Pakistani version of Fan Tianlei.

"Okay, I also know that you are a person who is not moved by money. I just tested you. How could I walk around here with real gold bars?

When the time comes, I will really give you a chance to hurt me and frame me for robbery and murder.

Let alone others believe this reason, even I can believe it. "

Qin Yuan and Jason looked at each other and knew that they would not be able to walk out of here easily today.

"I never expected that my first mission to Pakistan would go so poorly. I thought that all the situations I encountered on the ship would be enough to give me insight.

Unexpectedly, after docking, we would meet someone like Hassan. He was too difficult to deal with.

do you know? What I'm most afraid of is a person like him who refuses to take soft things. I don't know what I should do, and it feels like being punched in cotton. "

He Chenguang whispered in Qin Yuan's ear.

"Now we can only place all our hopes on Chen Jixiang. I don't know if this kid has any ideas or plans to do now.

He couldn't stay underwater for too long even if he wore a diving suit.

Moreover, I also discovered that there were many passing ships on the shore, and the propellers underneath them were very deep under the seabed. If this kid accidentally touched the propeller, he would probably die. "

Jason said with some confusion.

"Chen Jixiang, he is just not good at diving. With your methods, how can you describe him as a fool?

He clearly knew that there must be a propeller at the deepest point of diving. How could he, knowing that there are tigers in the mountains, choose to go to the tiger mountains? "

Qin Yuan also sighed.

"Don't say anything. I'm also very worried about this guy Chen Jixiang now. We don't know where he is now and we have no way to contact him. He left in such a hurry and lost contact."

Efit and Hassan are in a stalemate here.

Hassan tried to convince Efit.

"I know, you are from the United States, Old K."

"If you know, why don't you let me go? Do you really want to wait until my boss comes to find you personally?"

You should also know what the gunpowder powder on the ship is, but there is nothing you can do about it. "

Hassan smiled helplessly.

"Yes, this world lacks people like me who seek to know the truth, and people with integrity like me."

Jason's men were watching the situation and did not dare to act rashly.

Jason said to Hassan carefully.

"Hassan, since you already know that our ship secretly transported arms this time, and you also know who this batch of arms belongs to, then there is no point in keeping us here any longer. Why not let us go first.

I am the captain of this ship. You just need to leave me alone.

The remaining Qin Yuan and He Chenguang do have other things to do when they come to your country of Pakistan, but this has nothing to do with you and will not threaten your interests.

I can guarantee you with my own character and life that I can go back to your army in Pakistan with you, and I can listen to you whether you want to fight or punish.

I will never leave until you tell him the truth.

But first, you have to let my brother go. "

Qin Yuan saw that Jason was going to use himself as a hostage in exchange for his and He Chenguang's freedom. Now he had mixed feelings in his heart, and he had an indescribable feeling.

"Jason, how could you do this? Hassan is a very upright man. He will not let you go after you admit it to him. You will most likely be imprisoned in Pakistan."

Jason took Qin Yuan's hand and patted it.

"I know, from the moment I helped Efite transport the arms, I never thought about any other possibilities.

Either he was killed by their gangsters, or he was discovered by people from Pakistan or H, and he would be put in jail when the time comes. I have already looked away, why are you still worried about me?

The only thing I was worried about was my daughter with congenital heart disease. Now I have handed it over to you. He has been taken away by Fan Tianlei, which proves that he is safe and you will do your best. Save her.

Really, that's enough for me.

I have lived my whole life, and I am considered a good man. I believe that transporting arms is not a capital crime in Pakistan. Even if I come out after working here for several years, I will still be a good man.

Then I will be on the right track.

I can be friends with you openly, without taking into account other things or yourself. "

"But I know that you know even better that once you go to a Pakistani prison, you will not come out alive."

He Chenguang asked from the side.

"Why is this? Didn't Jason just say that? It's not a capital crime for him to transport arms in Pakistan!"

"Because Old K won't let him go. Everything Efit did today was under the instruction of Old K. This guy, Old K, really doesn't do anything to people until they are worth the last bit. , he will not let this person go.

He first used Jason to transport arms. He could not only take revenge on Jason, but also use his last bit of value.

This is really killing two birds with one stone, so vicious. "

"I have already expected the result today. Ever since I left the organization, I have expected that they will try all kinds of cruel methods to treat me.

My wife is no longer here, and now I only have one daughter who is also in your hands. She is well protected by you, so I have nothing to worry about. "

"What about your brothers? What will they do after you die?

Can they escape Efit's control and revenge on them? "

Chapter 2006: This kid hiding in the dark

Qin Yuan saw that Jason was giving up now, and he would never allow it.

"Jason, I just told you so much, why can't you understand the difficulties in my heart?

I traveled all the way from country H and came here thanks to your help. It is impossible for me to turn a blind eye while you have any thoughts of giving up.

Well, Hassan doesn't have any intentions towards us yet. If you have a chance, just run away.

Don't you want to trade your freedom for us? Hassan is a man who knows right from wrong.

I don't think he will stand on Efit's side and come to deal with us regardless of right or wrong.

At least I think he is a very sensible person.

Although he looks like a middle-aged failed man, this is just our stereotype of him. We should still give each other more opportunities.

Including this time Hassan has done so much, we don't know how to choose.

At the very least, he is not with Efit, which is very important to us.

As long as Hassan doesn't stand on the same side as Efit, come and deal with us.

This is already the icing on the cake for us. "

He Chenguang didn't quite agree with Qin Yuan's idea.

"How do you know that this guy Hassan won't be with Efit?

Maybe the two of them will act here?

Don't trust anyone so easily. This guy Chen Jixiang doesn't even know where he is now. "

When Chen Jixiang was mentioned, Qin Yuan felt very sad.

"Can you all please stop mentioning him? I know he is very likely to be in danger now.

However, we should not scare ourselves until everything is verified.

When did you all become so pessimistic? This is simply not the kind of partner I know. "

Jason watched Hassan confront Efit here, and couldn't get any advantage for so long. He knew that Efit was still confident.

Hassan, no matter how powerful his words were, would not dare to take his life.

So Jason said to Hassan.

"Hassan, you can think about what I just said to you. Don't you just want to find someone to come over for business?

Moreover, I know that for so many years, I have been in your country of Pakistan, doing some business related to disclosure, and it is not just a day or two that you are dissatisfied with me.

In this case, you should arrest me quickly.

I am willing to trade my own freedom for the freedom of my good brother. "

After listening to Jason's words, Hassan moved slowly and walked to Jason's side.

With his right hand, he pinched Jason's cheek hard.

Qin Yuan saw that Hassan was about to take action, and he was also a little unhappy.

"Hassan, what do you want to do? We still respect you very much, so please don't do anything that makes us disrespect you, okay?"

"Qin Yuan, I should be the one to say this. I was very optimistic about you originally, but I didn't expect you guys to be so indifferent to right from wrong.

Don't you think that I am a profit-seeking villain like this guy Efit?

Did I tell you? I can't be bribed by anything.

The principle I have always pursued is to protect our country.

I cannot let you look down upon me. I know that only when our country is strong will you respect us in the future. "

"What's the use of saying these righteous words now? You are already considered a loser by Efit, don't you want to prove yourself?

The building is about to collapse, and the chaos in your country of Pakistan did not happen in a day or two, nor did it start from this time. What is the use of being a sober person?

Can you tell me what you've been investigating lately, maybe I can help you? "

"Inside the packet of paper I just gave you is what I have been investigating recently, and it is also what has been bothering me.

Because of him, I have nothing now. I went from being a superior officer to what I am now.

It's all to investigate the underground secret arms trading system, which has been entrenched in our country of Pakistan for many years. "

What Hassan said made Qin Yuan feel good now.

Because he has also been investigating the underground arms system, which is the task assigned to Qin Yuan by Fan Tianlei.

It was impossible for him to openly and openly stand on the same front as Hassan to investigate this matter now.

However, he can investigate together with Hassan in a cooperative way.

Because, in addition to threatening Pakistan, this underground arms system has also been threatening Country H and the surrounding countries.

The harm was considerable, and Fan Tianlei also made up his mind to eradicate this underground arms trading system, otherwise he would not send himself here.

Efit is one of the operators of this underground arms buying and selling system.

He kept looking at Hassan and Qin Yuan from the side. The two were discussing this matter here. How could he not change at all? He was very proud in his heart.

He looked at Hassan helplessly and described his past. He had transformed from a high-ranking officer into a middle-aged failed man in order to investigate the underground arms system.

Efit is now more certain that there is nothing wrong with his behavior.

At this time, Efit said to Hassan.

"I just don't have a mirror in my hand right now, otherwise I would have to get a mirror and let you take a good look at yourself."

"What do you mean by that?"

"Haven't you heard that when a pig looks in the mirror, he doesn't look like a human?"

"I don't quite understand what you mean."

After Qin Yuan heard this, he was shocked at first. He thought that if Hassan understood what Efit was scolding him, there would definitely be another \*\*\*\* storm.

But what Qin Yuan didn't expect was that these were words from country H, and Hassan couldn't understand them.

Immediately afterwards, Efit explained from the side.

"I want to give you a mirror to take a good look at your own moral character, just because you want to investigate the secret arms system.

I can already tell you that the secret arms system is a super sophisticated system that has been entrenched in the surrounding countries for so many years.

I provide help to various forces, and I am also the operator of this system.

What can you do to me if you go to school? How can you possibly shake the arms system that we have built for so many years? I think you are an honest guy, and I sympathize with you. Why don't you give up quickly?

It might be of great benefit to you if you give up earlier. It won't do you any good if you are always entangled here. You see that your family is about to be ruined now.

Why can't you be more clear-headed? There are many confused people like you in this world. They don't know how much they weigh, and they always try to do things they are not good at. "

Hassan said righteously.

"Efit, you guys are wrong. It's because of people like me in this world that you can't move forward.

If it were all guys like you who could be bribed at will, then the world would be in chaos.

I know that I don't have much ability, but I must not stick to my true intentions, and I will never be bribed by you. Even if you bribe me, it is impossible for all of us in Pakistan to be swayed by you.

I know that my own abilities are insignificant or even nothing compared to yours, and you won't take me to heart. If I really hit your road one day, you can kill me anytime, anywhere.

Even so, I'm not afraid. I can't control others, and I can't control our country, Pakistan.

But I can take care of myself, I know what I should do and what I shouldn't do, and that's enough.

I can do a good job, as long as I don't get bribed by you to help you do some unconscionable things. I can't do anything else. We in Pakistan really can't hold on for much longer.

It's because of you people who are persecuting us in all kinds of ways behind our backs.

This is the reason why a \*\*\*\*\* of thousands of miles collapses in an ant nest. "

Qin Yuan watched Hassan say some heartfelt words here, and always felt that he was sober but still a little helpless.

Perhaps as he said himself, he can't control others and can only control himself so as not to be bribed by others.

At this critical moment, Qin Yuan vaguely saw a familiar figure from the woods.

This man was also in the woods, secretly observing Qin Yuan.

Qin Yuan took a closer look and saw that it was Chen Jixiang!

He felt relieved now. He had been worried about where this kid had gone before, and was even afraid that he would drown in the sea, knowing that he couldn't swim.

Even with a diving suit, for a person who doesn't know how to swim, I would probably drown. Seeing that Chen Jixiang was safe and sound, Qin Yuan was relieved.

"Great, this guy really worries me."

Jason followed Qin Yuan's gaze and looked forward. He also saw Chen Jixiang's figure, and he knew why Qin Yuan was so happy?

So, Jason whispered in Qin Yuan's ear.

"You should feel relieved after seeing this kid."

Qin Yuan nodded.

"Yes, I have always been worried about him because I was worried about him. He made me think a little unclearly now. After seeing that he was safe and sound, I didn't care about anything anymore.

It seems like it's time for us to have a good fight with this guy Efit. "

Qin Yuan and Chen Jixiang, separated by a long distance, both made eye contact with each other.

Chen Jixiang has been looking for opportunities to come up to Qin Yuan and the others. Qin Yuan naturally understands what this kid is thinking. What he can do now is to ensure Chen Jixiang's safety first.

Qin Yuan now knows very well that if Chen Jixiang's traces are discovered by Efit or Hassan.

They will now be in a very passive state, and this group of people may be taken away by Hassan in a while.

It is also a very good choice to have one person who can respond outside. They cannot put everyone into dangerous situations.

Fortunately, Qin Yuan looked at Chen Jixiang in the distance, but he was afraid that others would discover this boy's traces.

Qin Yuan shook his head slightly from side to side.

Chen Jixiang, this kid also saw it. He first frowned and looked at them all anxiously.

Qin Yuan knew that this little guy definitely wanted to get them out, but they couldn't do that now, let alone let anyone among Efit and Hassan discover the existence of this kid.

He stretched out his hand and waved it slightly, then shook his head.

Then, Qin Yuan pointed to his pocket again.

At this time, Chen Jixiang discovered that Qin Yuan had placed the mobile phone on Chen Jixiang's body that had just been able to establish contact with the outside world.

Chen Jixiang took out his mobile phone and saw the message Qin Yuan left for him as soon as he opened it.

"If we accidentally get separated, this thing can be used for you to contact Fan Tianlei. Even if you don't want to complete the task, just contact Fan Tianlei and he will pick you up immediately.

Leave us alone, the most important thing is to protect yourself when in danger.

You are now Brother Qin Yuan, the final weight and hidden line.

As long as you are here, we have a chance to turn defeat into victory. Don't expose yourself! "

After Chen Jixiang saw Qin Yuan's message to him, he was now filled with tears. He did not expect that this good brother of his would protect himself regardless of his own life.

This mobile phone that can communicate with the outside world uses a satellite signal to establish contact and is also charged by solar energy.

It can be said that as long as he has this mobile phone, he can always contact the outside world. Moreover, the advantage of this mobile phone is that it is small, easy to hide, and will not be easily discovered by others.

After Chen Jixiang felt Qin Yuan's concern, he also understood what his current expression meant. He could only be obedient.

Chen Jixiang secretly stretched out his right hand, pinched his thumb and index finger together, and raised the remaining three fingers to make an "ok" gesture.

He wanted to tell Qin Yuan in this way that he fully understood the other party's hard work and would not let the other party's hard work go in vain.

Qin Yuan nodded with tears in his eyes. This boy has finally grown up. UU看书www.uuk n shu.com

He Chenguang also saw something wrong with Qin Yuan and quickly turned around and asked.

"What's wrong? You feel like you're crying?"

"Nothing, just crying in the wind."

Qin Yuan no longer trusts He Chenguang, and he doesn't want to tell him that Chen Jixiang has been found, so he chooses to hide it.

Chen Jixiang was also afraid that his traces would be discovered by others. After seeing this situation, he chose a deeper bush to hide himself.

Secretly observing the current situation on their ship, even though the boy was far away, he could feel that the atmosphere was tense, and it was impossible for this commander named Hassan to let everyone present easily.

If he wanted to let everyone go, he wouldn't have persisted with them until now.

Chapter 2007: If you don't tell me, then everyone will follow me.

Qin Yuan, he was able to relax a little now. Seeing Chen Jixiang, this boy had successfully left here, and he had nothing to worry about.

Qin Yuan knew that he could no longer look into the distance, even if he was worried about this boy.

I was afraid that he would do something outrageous next, and I didn't dare to stare closely at where he was just now.

It would be terrible if someone discovered it.

Jason looked at Qin Yuan and said.

"It seems that Hassan will not let us off easily today. Do you have any other ideas?"

"I know that Hassan will not let go easily today, we all expected this.

He has always been so selfless, I'm used to it, and I don't have any hope.

But, if he really wants to arrest us.

The first person he arrested should be Efit. This guy has done many evil things and always causes all kinds of things in their country of Pakistan.

Hassan was already dissatisfied with him, especially when he bribed his colleagues. Hassan couldn't accept it.

He is a rebellious person and an upright person.

He couldn't bear to see such dirty things. Now he may have already changed his mind. If Efit falls into his hands, he may be doomed. "

Efit and Hassan have been facing each other in place.

Everyone looked a little uncomfortable with Efit's look of needing a beating.

"I know who you are and who is behind you."

"Bah, don't talk nonsense to me here. Do you even know that you are here to let me go?

You still want me to give you a ransom? I have nothing to say. You can think about it yourself.

If you don't let me go today, you should know the consequences. "

"What consequences will happen to me? I have already told you that I am barefoot and not afraid of wearing shoes.

You can love me however you want, and I will accompany you to the end no matter how much you want. "

Efit stretched out the index finger of his right hand and pointed at Hassan's nose.

"Who do you really think you are? Do you really think you are selfless? I can tell you clearly that there are indeed munitions on this ship. The bag of gunpowder in your hand is also munitions. It was accidentally left behind.

The underground arms system you have been investigating has something to do with me. So what if I admit it? Do you have any evidence?

Even if you record what I said, there will be no way to use it as evidence in court one day.

You are not aware that recordings made in Pakistan cannot be used as any evidence. "

Hassan is a stubborn person. He saw Efit being so arrogant, and now he has no idea whatsoever and wants to deal with this guy.

Efit was not polite to him at all. Originally, he thought that neither Hassan nor Qin Yuan could do anything to him. With Old K behind him, what else could he be afraid of?

After finishing speaking, Efit put down his hand and smiled at Hassan with a crooked mouth.

Immediately afterwards, he walked in front of Qin Yuan and Jason.

"Do you know why I haven't left and am staying here with you stupid guys?

Originally, I wanted to take this opportunity to deal with you properly. Qin Yuan, you are really too arrogant. There is nothing to talk about the personal grudges between the two of us. The rest will be settled later.

I don't have time to play here with you today. If you want to waste time, just stay here by yourself.

I have more important things to do.

I have successfully taken away the things. As for the money, Jason, don't worry, now that I have promised you.

No matter how much money I give you for transporting this batch of arms, I will not regret it. I am not the kind of person who breaks his word, at least, not to you. "

After Efit finished speaking, he was ready to leave.

He turned to his men and said.

"Let go of all the stupid guys around Jason. We have more important things to do. Brothers, follow me."

Efit and his men had just taken a step when Hassan's group pointed machine guns at their heads.

"I haven't spoken yet, no one can leave here!"

Hassan was absolutely determined today and would never let Efit go. Why did he think that Efit didn't dare to hit him?

"Have you eaten the heart of a bear or the courage of a leopard? Do you know who I am?"

"So what if I know? If I tell you not to leave, you can't leave!"

"I just have to leave! What can you do?"

"Hmph, it seems that you really don't know how powerful I am. Efit, I can tell you clearly, if you dare to take a step here, I will kill you alone.

After I kill all your men, I will kill you again. I know you are afraid of death, so I will threaten you with death. What can you do to me?

If you don't believe in evil, you can take a step and try it to see if I dare to do it. "

After Hassan finished speaking, he took out a small pistol from the belt around his waist and pointed it at one of Efit's men.

"You have so many people under your command? Do you still need to kill people yourself?"

"Efit, are you scared?"

"I'm just curious why you want to do it yourself? If you let your men do it, once you encounter something, you can blame all the trouble on them."

"Bah, do you think I am a shameless person like you? They are not only my subordinates but also my good brothers. Even if I die myself, I will not implicate them."

Efit didn't believe in evil, so he moved forward slightly, and Hassan shot him.

However, this shot did not directly hit the head of Efit's man, but only hit his knee, making him unable to move.

The man who was hit by Hassan's gun lay on the ground struggling in pain and kept mumbling.

"Boss, please help me. This guy is a lunatic. He really dares to attack us. You can't just watch us die?"

"Don't say these useless words here. Are you afraid of death and still follow me? Don't worry, even if he really kills you, I will just avenge you!"

Qin Yuan thinks this is a very good opportunity. He can use this opportunity to sow discord and make Efit and his subordinates no one listen to him. Only this is the most important thing.

"You all have seen, right? This is the boss you are proud of. After following him for such a long time, does he take you seriously again?"

He didn't tell you anything. Instead, he didn't care about your life or death at the moment of life and death.

What's the point of taking revenge when everyone is dead?

I think you should fly away when the disaster comes. Leave Effit alone. You can go on your own and leave him here alone. I believe he won't say anything. "

"Qin Yuan, don't think that you can sway them with just a few words. These guys are very servile, and their loyalty is not to me, but to Old K.

Whoever dares to walk out of here today and leave me alone will die a hundred times uglier than today if he goes back. "

Jason also shook his head beside him and said helplessly to Qin Yuan.

"This method won't work for them at all. They are already immune to the danger."

He Chenguang was also surprised nearby.

"You say one person is not afraid of death, who can win against another person who is not afraid of death?"

"It doesn't matter who wins? Who loses? The question is how do we get out of here?"

When can we complete the task assigned to us by Fan Tianlei? We can no longer delay it. After Norman Karim finds out, he will definitely get involved in this matter. "

"Are you crazy? Why did you mention Norman Karim again? When you mention this person, the two of them don't know what kind of grudge they had when they were young. When the city gate catches fire, it will affect the fish in the pond. Don't implicate us."

Jason also knew that Qin Yuan's words must have been heard by Hassan again this time.

Efit also saw Hassan's determination. Since he was unwilling to let him go, he should think of other ways.

"Do you have any other options now?"

"Now we are counting on this boy Chen Jixiang. This boy is wearing a diving suit and has gone somewhere. We don't know if he is in danger. Even if he has successfully escaped, he should find a way to save us.

Wouldn't he be so heartless and leave us alone?

Qin Yuan, I have to say that you were really unreliable when you first found this guy. People said that he has no hair on his lips and is not reliable at work.

Now if this little guy has escaped and ascended to heaven, will he not care about us at all and run back to country H? "

After He Chenguang said these words, he could clearly feel that he had not seen any trace of Chen Jixiang just now.

Qin Yuan was relieved, so he followed He Chenguang's words.

"He Chenguang, you are from the army after all. We have been in the army for so many years, no matter the mission is difficult or difficult, have you ever seen any deserters?

Chen Jixiang, this kid, although he is sometimes cunning, lazy and greedy, he is never ambiguous when it comes to big matters. He will not be a deserter, so don't worry.

If he had a chance to escape from here, he would definitely find a way to save us as soon as possible. "

"Will he contact Fan Tianlei? If Fan Tianlei knew the miserable situation that we are here now, he would definitely laugh his head off."

"The most important thing for us now is to leave here quickly, without attracting Hassan's attention, and go find Professor Fang's two apprentices first.

Don't forget what the main mission is for us to come here. What's the use of you talking about it here?

Professor Fang's two apprentices are likely to be in the hands of Norman Karim. "

"Oh, aren't you allowed to mention Norman Karim? Doesn't he have our name? Call him He Fei, and we will call him that from now on. This guy Hassan can't understand."

At this critical moment, Effit couldn't just leave his men alone.

He had an idea and was ready to transfer all the conflicts to Qin Yuan.

As long as Hassan puts all his energy into dealing with Qin Yuan, Effit seems to be able to relax.

"Hassan, haven't you always been dissatisfied with their smuggling of people in Pakistan? Why didn't you arrest a few of them first? Why did you put everything on me!"

"Do you still need to ask? Because compared to smuggling, secretly transporting arms is a more terrifying thing."

"Qin Yuan, you can't say that. If you hadn't smuggled in and this group of people who committed crimes in your country came here, how could they buy and sell our arms?"

If there are no people, who will we sell our arms to? "

Hassan took out his own wine and took another sip.

"You two, stop arguing here. No one is a good person. No one can run away. If you don't want to say anything, just come with me."

"Follow you, where are you going?"

Qin Yuan and Effit both know one thing deeply. They are currently at the dock of Pakistan.

Under the public gaze, with so many eyes staring at them, Hassan did not dare to do anything to them.

The country of Ba is full of rugged mountain roads, especially for Qin Yuan, who came here for the first time. Although he had acquired some language skills to communicate normally with the system.

But he forgot one important thing, which was to exchange the entire map of Pakistan with the system.

If he has time, he must look for the system again.

Now that so many people are staring at him, it is impossible for him to summon the one-click recovery system.

If they left the dock and ran into the rugged mountain road, no one would know if Hassan wanted to execute them privately.

Although Hassan admires Qin Yuan very much, he will not do anything excessive to him.

However, Efit cannot die now. He is the only person Qin Yuan has come into contact with who has anything to do with Lao K and the underground arms system.

Jason looked at Qin Yuan nervously and said.

"It wouldn't be safe if we left here.

Not to mention, UU Reading [www.uukanshu.com](http://www.uukanshu.com) We do not have the ability to resist now. Even if we have the ability to resist, we have no way to resist Pakistan. Their people are everywhere.

Don't look at Hassan, he seems to be very righteous now. He knows people well but doesn't know the heart. What if he finds a place and robs all of us and kills us? "

"He shouldn't be like this kind of person, killing people and stealing goods. Could he do such a thing?

He was unmoved when Efit held the gold bar just now. I don't think he would be like this.

The most terrifying thing was that he secretly took us to a small dark room, locked us up, and tortured us to extract confessions. This was the most terrifying thing. "

As soon as He Chenguang heard the words words and deeds to force a confession, he was already trembling with fear.

"I'm afraid of pain the most. What if he really tortures us to extract a confession?"

Chapter 2008: Enter the dark room

After He Chenguang finished talking about torture to extract confessions, Qin Yuan was actually murmuring in his heart.

Although this Hassan seems to be relatively righteous, who knows what he really thinks in his heart?

After so many years of depression, this person may have become mentally distorted.

If he had really seized the opportunity and knew that he had been investigating the secret arms system behind him, he didn't know what kind of trouble he would cause.

According to this situation, they have no choice.

The only choice is to run away quickly. Leaving here is the best choice.

No matter what, the guy in front of me is one of our own, so he shouldn't be too embarrassed, but this is all just speculation.

Now, what can give Qin Yuan some psychological comfort is that this boy Chen Jixiang has successfully escaped, which is very important to him.

As long as this kid Chen Jixiang can leave.

Qin Yuan and the others will have a very strong initiative in this matter.

At the very least, it is important not to be led by others casually.

However, thinking of this, Qin Yuan hesitated a little. Can Chen Jixiang, a young boy who has only just started his career, really trust him so much?

You shouldn't doubt Chen Jixiang if you employ people, and don't use doubters. However, you have to question his ability. What if this person is really unreliable?

Another thing that worries Qin Yuan is that there is a traitor around Fan Tianlei who has not been caught. This spy may have been following them for a long time and will definitely attack them as soon as he finds a suitable opportunity.

All of these are very distressing.

It's just one or two things, who can make the decision? Who has the final say?

We must quickly think of a good way to get everyone out of this immediate predicament first. As for the rest, we have to wait for Fan Tianlei to return to China and settle the accounts with Fan Tianlei in the future.

How did he arrange for everyone to be in such a difficult situation? I don't know if Chen Jixiang, this kid, has a mobile phone that can communicate with the outside world, but he has not contacted Fan Tianlei.

If they could contact Fan Tianlei, they might not be so passive, and it might be easier to handle. If Fan Tianlei couldn't be contacted, they might be locked up in a small dark room by Hassan today.

If Hassan really takes them to the Pakistani seaside patrol force, I'm afraid this matter will attract more people's attention.

By that time, Effit can do whatever he wants. What he fears most is that Jason and his group are shady. If you find any crime for them, they can be put to death.

When the time comes, use this excuse to dig out what they have done before, and what follows...

It won't work, it won't work, Qin Yuan didn't dare to think about it.

"Jason, I just thought about it. You must not go to the army with Hassan and the others."

"Why? Qin Yuan Only if I go with them will they let you go and not focus on you. I know you have a special mission here this time.

We are good brothers, there is no way we would leave you alone, and I am not that kind of person. "

"Of course I know, the relationship between us does not need to be exchanged for your freedom.

No need, use your own freedom to prove it.

Don't forget, besides you, you have so many brothers.

Hassan is not joking with us now. I think that once he has the idea of taking us all away, none of us will be able to escape, and we will all be taken away by him. "

He Chenguang, what he fears most now is to lock them together with Efit, there will definitely be no good ending.

"Qin Yuan has a question, have you thought about it?

Assuming that we are locked up with Efit, the people behind Efit will definitely not see that he is locked up here, and they will not have the ability to keep him detained. "

"I've thought about this problem. By the time you think about it, I'm afraid it will be too late."

"Now that you have thought of this problem, why don't you think of a solution quickly?

When the time comes, Efit's people come and rescue him, will they take us with them as well?

You have been an old rival with Efit for so many years. If he had a chance to deal with you, do you think he would let you go?

Don't listen to his sweet words. His superior admires you very much. Who is his superior? Is there no evidence? Never seen this person before.

If you say that his superior is Lao K and appreciates you, I think it is possible.

But it has to be only if you know this old K, so he will keep it.

You just listened to Effit's smear campaign against you. What good impression do you think this person can have on you? Don't be so naive. Think of ways to save yourself.

The more this happens, the more we have to think clearly about the problem at hand.

It can be seen now that this Hassan is determined not to let us go. We are really unlucky. How could we meet this guy?

If I had known earlier, I wouldn't have come here. I am a delicate and frail person, but I can't stand being forced to confess by words or deeds.

What if we are tortured to extract a confession?

If it doesn't work, just contact your guy He Fei. Isn't he called Fan Tianlei's good brother? He claims that as long as we come here, we can walk sideways.

Why is there no trace now? Is he also afraid of the forces behind Hassan and the others, or is he afraid of Old K and dare not help us.

I didn't see what they were saying about Pakistan being the biggest force.

All I can see now is that he is the biggest coward.

He can't help with anything, he just talks nonsense from the side.

How could someone as powerful as him keep an eye on Efit's goods? This is impossible, Efit's goods have already been transported away safely.

That's why he dares to be so arrogant and unscrupulous in front of us. He knows that we can't do anything to him. The goods have been safely delivered to Old K. We don't have any chips in our hands now.

We can only watch helplessly as Efit spits in our faces, unable to fight back..."

He Chenguang's complaint gave Qin Yuan a wake-up call.

He now believes that this batch of goods from Efit is suspicious.

Why can it be transported so smoothly?

Could it be that Norman Karim would really lie to himself?

It's impossible. Based on his understanding of this person, he must say one thing and must do it.

Otherwise, it will be difficult to convince the public.

He will never tell lies, let alone make false claims.

Efit's batch of goods has indeed left Jason's cabin. Efit did not go to see where it went after that.

If nothing else happens, this batch of arms is likely to be in the hands of Norman Karim now.

But now that he has successfully taken away the arms, does that mean that he and Jason are of no use anymore?

Could it be that He Fei is going to burn bridges across rivers?

If he wanted to burn down the bridge, he could kill them anytime, anywhere.

After all, this is on someone else's territory, and people have to bow their heads under low eaves.

"Qin Yuan, did you listen to me? Don't think that others can be trusted so easily.

Now take out your phone quickly and contact Norman Karim first.

Let's get us out first. Hassan is too difficult to deal with.

It seems that he has already decided that we are related to the underground arms trading system and will not let us off easily. "

He Chenguang didn't know that Qin Yuan had already given Chen Jixiang a mobile phone that could communicate with the outside world, but was taken away by Chen Jixiang.

And at this critical moment, it was even more impossible for him to let Hassan know about their relationship with Norman Karim.

A very righteous person like Hassan dislikes Norman Karim the most. I'm afraid they had a lot of exchanges when they were young. If they knew there was a relationship between them now, it would not be a suicide.

"He Chenguang, are you confused?

Did you forget? Did Hassan grab your neck just now? Asking what your relationship is with Norman Karim, don't hit the gun now. The two of them must be inseparable.

Now we can only pretend not to know, and hope that Norman Karim will not reveal that we knew this before.

At that time, in Hassan's hands, we can be a hostage, the kind that can be ripped apart anytime and anywhere. "

He Chenguang was dumbfounded.

"That shouldn't be the case, right?"

"Why not? According to my understanding, Hassan has been committed to dealing with Norman Karim and his group. This is also the reason why he is depressed.

He should have been a very passionate person when he was young, but later he was hit by reality and was worthless. Now he is investigating the underground secret arms system.

Each one of them hit Norman Karim's Achilles' heel, and now he can't protect himself. "

"Norman Karim is so powerful, why not just kill him?"

"I don't know that. I'm not the roundworm in Norman Karim's belly."

The three of them were discussing in Chinese language. Even if Hassan heard it, he couldn't understand it.

Efit is confronting Hassan.

Hassan's men have been on Jason's ship, looking for some relevant clues.

Not long after, the last of Hassan's men returned.

"Boss, we have found it. There is indeed a bomb on this ship."

"really!"

Hassan turned his head as he spoke, squinting at Jason.

"This guy, it seems, still has a bit of backbone. He will not be manipulated by others willingly, even if it means that he will be shattered to pieces, he will die together."

"What's going on with the bomb now?"

"Sir, this bomb is now completely ineffective. Fortunately, it has been destroyed. Otherwise, half of the people at our dock would have died here today."

"Is this bomb so powerful?"

"The person who planted the bomb was determined to die. When he planted the bomb, he did not think about the possibility of survival, so he should have used up all the materials he had."

After listening to the conversation between Hassan and his men, Efit shouted to Jason.

"You are really crazy, it seems this bomb is real!"

"Do you think I'm kidding you? Ever since I decided to put this bomb on the ship and die together..., I have been driven crazy by you, but I don't know which \*\*\*\*\* person destroyed my bomb.

Otherwise, we would have basically reached Huangquan Road now. "

"Hmph, that can only be said to be because I, Effit, am lucky enough to have shouldered so many things on my own.

Hassan, I don't want to be entangled with you anymore. I'm leaving you now, and there's no need to scare me. "

"Let me tell you again, I'm not scaring you! What I have to tell you is that if you dare to move a step, I will kill you alone. You should think about it first. The men who fell on the ground were shot. What should we do?"

After finishing speaking, Hassan immediately called his men over and gave him orders.

"Bring these people on board back to me."

"Boss, what about this ship with bombs? There is water leaking under the bed. If we don't deal with it in time, I'm afraid this ship will sink."

"Since we all know that if we don't deal with it in time, the ship will be destroyed, why don't we deal with it quickly? Find someone to fix the holes underneath first. This ship is important evidence.

We must not let him destroy it, otherwise our work today will be in vain. "

After hearing what Hassan said, Qin Yuan said to Jason anxiously.

"What should I do now, Jason? I don't know who defused your bomb. If the ship is really taken away by Hassan as evidence, I'm afraid you won't be able to escape jail by then."

"Just now Efit said he was blessed with great fortune, but now I can only say that I am unlucky.

The few of us now have no way to resist Hassan. We don't know where he will take us. If he really wants to extract confessions from our words and deeds, I'm afraid we will have to suffer some physical pain Jason, do you have a map of Pakistan? "

"Yes, I have a map that is always hidden in my pocket. It is a small paper map and it is waterproof because we transport goods in Pakistan and H all year round.

Every time I walk on water, I was afraid that the map would get wet and that it would attract other people's attention, so I made a super compact waterproof version.

Just put it in my pants pocket, do you need it?

Do you think we can still run now? "

Qin Yuan thought to himself that this was great. Fortunately, Hassan had a map in his hand that he could use to exchange with the one-click recovery system.

When the time comes, he will be able to exchange for the ability to not get lost in Pakistan, plus the language that he can communicate with normally, Qin Yuan, he will not be afraid of anything.

Chapter 2009: black hood

After Qin Yuan received the perfect map, he could finally breathe a sigh of relief.

At least for himself, being able to gain this ability is really more important than anything else.

"Jason, you are really too prescient. If you hadn't discovered so many things today and installed this map for me quickly.

It's possible that it won't go so smoothly.

If we don't get this map, no matter where Hassan puts us, we won't be able to get out.

I'm not familiar with the place here.

Although, Jason, you have been coming and going here for many years, but for these places deep in the mountains and old forests.

None of us know that with this map, we can perfectly solve this problem. "

"Qin Yuan, don't be too happy. Even if you get this map, we won't be as smooth as you imagined. We can only take one step at a time. This map is not a panacea. It can help us in any situation. matter."

"Jason, I just hope you won't be so pessimistic. At least now we are no longer as confused as before, right?"

"Well, now that you've said that, I have nothing to argue with."

After Hassan and Efitte discussed there for a long time, Efitte didn't have any good ideas.

"Hassan, I have told you that I am tired now. Do you want to let me go?"

"No! You listened clearly enough to understand better. I'm quite tired too. I don't want to explain to you anymore. Since you have been caught by me, it means that you are of no use value.

No matter where you transported the goods on the ship, you can't escape today. "

After Hassan finished speaking, he waved his hand, and all his men came up to surround Efit.

At this moment, Efit was a little panicked. Originally, he was still confident of winning. Did he think that Hassan didn't dare to do anything to him?

Seeing this situation now, he was completely confused.

Efit scolded his men heartily.

"What are you guys doing here? Are you all trash?

Do you have to wait for me to help you solve the problem? Can't you just let me out?

Are you waiting for me to rescue you? "

After saying that, Efit's men were ready to jump into the sea first. At least they couldn't be caught by Hassan, leaving Qingshan without fear of running out of firewood.

Efit's men threw him down one after another and jumped into the sea to escape.

Hassan's men were ready to jump first. None of Hassan's men who were chasing Efit could let them run away. They were all evil-doers.

As a result, Hassan unexpectedly stopped his men.

"You should stop chasing them. There is no point in chasing them. These guys are just people who are not afraid of boiling water. They are just little minions and are of no use to us.

As long as they keep an eye on this guy Efit, I believe they can't do anything even if they run away.  
"

Effit gritted his teeth, and you could clearly hear the sound of him gritting his teeth. At this moment, he already hated these people.

"Damn it! A bunch of shameless villains who are obsessed with profit.

Throw myself here, wait until I have the chance to leave here, and see how I deal with you bunch of bastards. "

Qin Yuan was thinking about this, but it was the best time for him to mock Efite.

If you don't take this opportunity to mock him, it will be a waste of such a good opportunity.

"He Chenguang, have you seen that no one keeps saying how sincere his subordinates are? Now it seems that they are still being thrown here.

I remember that when we went to complete the mission, he had already been betrayed once by his own men.

This is already the second time today.

People say that one learns from one's mistakes, but why doesn't he have a good memory? "

"Qin Yuan, don't talk sarcastically to me here, I was betrayed, weren't you the same?

The boy you have always regarded as your biological brother is called Jixiang and Ruyi.

Didn't I just leave you here alone?

What do you have to say? Don't say anything sarcastic to me here.

I won't accept your advice either. I don't care. They want to betray me, but they just don't know what you will think in the future. "

"I don't care. Chen Jixiang left as soon as he left. He is also a young boy who can't help and only creates trouble."

"Hassan, you see how unscrupulous it is without him.

There is one person among them who is not here. I am afraid he has already escaped.

Don't you want to know where to go? Are you not interested in them? "

"I'm not interested in them, I'm only interested in you. Since your men have abandoned you, I advise you to tell me all the secrets you know.

After I learn about it, if I gain something, I can let you have a share of it.

Otherwise, because of the weird things you did, in our country of Pakistan, I'm afraid you would be in jail. "

After Qin Yuan heard this, he quickly turned to Jason.

"Can this guy really tell the truth?"

Jason shook his head helplessly.

"That's impossible. No one who joins the organization can betray old K. Even if he has been locked up in prison by Hassan, he is still being monitored all the time.

This guy is useless, he can't run away.

If he stayed in prison honestly and refused to say anything, even if he was tortured, I believe Hassan might still let him live.

If he betrayed Old K and revealed all his secrets, I'm afraid he would be worse off than dead. "

"I have already guessed that this will be the result. He should not be afraid of anything now.

This may be called, dead pigs are not afraid of boiling water. "

He Chenguang was sweating profusely now.

"Qin Yuan, please stop worrying about others, okay? You should think about what we should do ourselves.

Why don't you tell Hassan quickly and let us go when it's convenient? Don't make things difficult for us here. "

"He Chenguang, you should be very smart, and you can see that Hassan will not let us go now, he is determined to go against us.

But it doesn't matter to us, at least we still have Norman Karim behind us. As long as he is here, we are not afraid of not being able to get ahead. "

Efit turned his head and watched Qin Yuan and the others gloating over his misfortune, but he refused to give up.

"Hassan, now that you have captured me and all my men have jumped into the sea and escaped, I have nothing to say.

I am willing to admit defeat, this is what I should bear.

So what are you going to do with the others, like Qin Yuan, are you going to let them go so easily?

In my opinion, this seems inappropriate. "

Hassan, now that he has already made plans in his mind, how could he listen to Efit's side of the story?

Hassan turned his head and moved slowly. Efit had been completely controlled by his men and had no ability to resist at all.

Hassan walked to Qin Yuan.

Qin Yuan asked, pretending to be stupid and looking at Hassan with a smile.

"Now that you have caught the culprit, when will you let us go?"

"Let you go? Do you really think I will let you go?"

Even if Efit is the culprit, it is the result of my long-term investigation into him.

I won't let him go, and I won't let you go either. Don't take pleasure in his misfortune. "

He Chenguang let out a long sigh after hearing what Hassan said.

"Oh, this is great. Originally, I thought that I would be unfamiliar with the place in Pakistan.

I don't know where I should go to eat or rest.

It's great now, we don't have to worry about anything.

Someone immediately arranged a way out for me. We just had to follow him obediently and stay in the dark room. There was no need to go anywhere else. "

What He Chenguang said was helpless and also a compromise.

Hassan smiled and nodded, also seeing the other person's attitude.

"You have to thank me for saying that. I provide you with food, clothing, housing and transportation. Don't hesitate, just leave as soon as possible."

Qin Yuan, now thinking in his mind, is going to use the trick. As long as they leave with Hassan, Jason's ship will never sink and Hassan will definitely find people from Pakistan to help him repair it.

"Sir Hassan, my boat has begun to leak. If I follow you, I'm afraid there won't be a single piece of wood left here when I come back."

"Jason, your ship is suspected of smuggling and transporting arms. There is a lot of evidence on it, and the bag of gunpowder in my hand is all evidence.

I still need your ship, I won't let it sink.

Don't worry, leave this matter to me, I will find someone to repair it and put it in a specific location.

It would be a shame for such important evidence to sink into the sea. "

Qin Yuan whispered in Jason's ear.

"You should be relieved now. I say that as long as Hassan is with you, your ship will not sink."

Hassan also waved his hand, and some of the remaining men came over, two people suppressing one person.

In this way, Qin Yuan, He Chenguang and Jason were all escorted away by Hassan.

"Take these people and follow me."

"Sir Hassan, what about Jason's men?"

Hassan hesitated for a moment, his mind racing.

"We are an important patrol force, and what we take away must be the most important people here.

Just keep the rest of these little shrimps where they are. You, as a team, can \*\*\*\*\* these Jason's men to the local detention center.

The remaining four people will be escorted to an important location by me personally. They must not be allowed to escape.

I know they are not ordinary people and they are likely to escape from prison.

However, if they fall into the hands of me, Hassan, they can't even think about escaping from prison. "

Qin Yuan could tell that these cruel words were just for them.

"Hassan, don't worry. We are all law-abiding people. We will listen to whatever you say and stupid things like jailbreak will not happen."

"Humph, really? I hope so."

After finishing speaking, each of Hassan's men took out a black hood.

They were put on the heads of these four people.

Efit was still struggling.

"If you want to take me away, I won't say anything. Why do you put this black hood on me? I hate black the most. I hate the feeling of not being able to see the light."

"You live in a corner where you cannot see the light every day. People like you cannot see the light. I am here to protect you.

If you are seen by others in a while, ordinary people will definitely greet you with rotten eggs and rotten vegetable leaves, as you have done all the bad things in Pakistan. "

"Don't talk like you're going to the execution ground. Don't scare me here. I won't accept your tricks."

"You asked us to put on our hoods because we were afraid and we saw the road.

It seems that Hassan, you don't intend to take us to an upright place, you want to lock us all in a small dark room. "

Qin Yuan saw the black hood, and now he understood. It seemed that Hassan was indeed very courageous.

Moreover, he hates these people who transport arms extremely.

Now they are determined to lock them in a place where they cannot see the light of day. Only when they are kidnapped, they will wear such hoods that cannot see the road.

If they were to be sent to the maritime patrol force, there would be no need for them.

Another reason for doing this is that they don't want others to see their face.

Because he had just accidentally revealed something about Norman Karim, Hassan now also suspected that someone among them had something to do with Norman Karim.

It would be more troublesome if people over there saw him and came to rescue them.

Basically, he has been investigating the underground arms trading system for half his life. Today he finally got some clues, and he will not give up easily no matter what.

Today, they all fell into the hands of the selfless Hassan.

However, since they are selfless, Hassan will not kill them as long as they are aboveboard.

"He Chenguang, don't be nervous or resist. Just put on this hood honestly. As long as we are serious and obedient, I believe Chief Hassan will not kill us."

Hassan looked at Qin Yuan, UU reading [www. uukanshu. com](http://www.uukanshu.com) This guy's eyes are rolling, although he seems quite obedient on the surface.

It's just that no one knows what he is thinking in his heart. He always thinks this guy is very cunning.

"I heard that not everyone is like Qin Yuan, no matter how obedient he is, I won't be in trouble.

I put the hood on you for your own good. "

"Sir is doing it for our own good, so we should accept it readily and not resist at all."

Efit said slyly from the side.

"Qin Yuan, you keep saying that I am a dog, but now I see that you also have the potential to be a dog. Didn't you punch me hard before? Now you are being submissive to Chief Hassan.

This is very different from the Qin Yuan from the special forces in Country H that I know. Can being in a foreign country really change your personality? "

Chapter 2010: Imprisoned in a mysterious location

Efit has been provoking here just to attract Hassan's attention. He wants Hassan to quickly pay attention to Qin Yuan's identity, thereby revealing that he is a person sent by H country.

I want to transfer all conflicts to Qin Yuan.

Qin Yuan is not a fool, he knows very well what the intention of Efit is.

Qin Yuan also advised He Chenguang that no matter what Efit said, the two of them should ignore him. They were just provoking him now.

"Jason, I think Hassan is not a stupid person. He seems to be able to feel what we are thinking. He should have seen through my identity."

"He saw through your identity, why didn't he say it?"

"I don't know about this either. He probably found some gunpowder left behind by the munitions from our ship. Now he can further confirm that we do have a problem."

"What should we do now that we are powerless and have no ability to resist?"

The most important thing is that he has now separated all my subordinates from me. I don't know how to deal with him in the future. This guy is very cunning now.

He also put on black hoods specially for us, fearing that we would find a way or escape on our own. He knew that these people had no way to control us, so he adopted this method.

Hassan is already a veteran. I never thought that I would offend him all of a sudden. "

"Jason, after so many years of smuggling, have you never thought of buying him off?"

"He is a very selfless person. There is no way to bribe him. Once he is angered, he will attack us instead, which is not good for anyone.

I knew this guy was like a smelly and hard stone in a latrine. I never dared to offend him, and I usually stayed away from him. This time, he took the initiative to come to me.

We didn't think of a way to deal with it, and we were caught off guard by him. "

"Don't say that. If you really want to take the most responsibility, I should be the one who called Hassan here indiscriminately. Otherwise, I'm afraid we would have run away by now."

He Chenguang said helplessly from the side.

"We have all been put on black hoods, and you are still here discussing who is right and who is wrong? Things have already come out, so stop holding each other accountable.

Where is he going to help take it? We are unfamiliar with this place, what if he really wants to kill us?

Oh my god, I can't imagine that there is no one in the wilderness to collect our bodies.

When the time comes, wild dogs can eat us all, and that would be too miserable.

I have never thought about the plot of dying in a foreign land. "

"Can you stop being so pessimistic? Have you never heard of the law of attraction? The more you think about pessimism, the more you will develop in that direction. You should be more optimistic, He Chenguang.

I used to think you were an optimist. When did you become so pessimistic? "

"My character changes with the changes in circumstances. What situation we are in now, we still have the mood to say this."

Although Hassan put on black hoods and escorted them away, he did not do anything excessive to them or beat or scold them frequently.

They were just forced to get off the boat and were taken to a car. Moreover, they all had their heads covered and had no idea of the direction. They only knew that it seemed to be very bumpy, as if they were walking on a mountain road.

"Where are we going? It feels like he didn't take us to any good place."

"Jason, I think the reason why Hassan separated you from your men is because he didn't want you to be together.

He was afraid that you might run away if you had the chance, so he deliberately kept us under control.

If he wanted to make money and kill himself, that would not be the case.

Hassan, he's not like that. I feel like he's a very selfless guy.

Our imprisonment should be just to obtain information about the underground arms system, so you don't need to be too afraid. "

"Does he want us to cooperate with him in investigating the underground arms system?"

Qin Yuan nodded.

"I think this is probably the case. He should have exposed our identities. He knows that Efit and I have always been enemies. Enemies are friends. This is an eternal truth.

I presumed that he wanted to form an alliance with me. "

Qin Yuan had already had this idea. He thought Hassan had already figured it out since he got his fake ID.

The reason why he didn't expose it and brought them here was because he wanted to use this as a handle to force Qin Yuan to cooperate with him.

He Chenguang whispered in Qin Yuan's ear.

"That's not possible. If we cooperate with him, what will happen to Noman Karim?"

I can see that Hassan is a very selfless guy. He probably doesn't want to cooperate with people like Noman Karim. The two of them are nothing more than natural enemies.

No matter who we offend, there will be no good outcome.

When we were in Country H, no matter how powerful you were, I could recognize you, and Fan Tianlei was always protecting us.

Now we are in a place we are not familiar with, and our relationship with Norman Karim is just some verbal transactions. He is gone now, and it is not certain that he will help us.

Therefore, don't put all your trust in Norman Karim, an old fox. Sometimes even Fan Tianlei can be easily deceived by him. We are so young, so we have to be even more careful.

As for Hassan, although he is passionate, you can also see that he has always been depressed in Pakistan. Even if he wants to investigate the underground arms system, I am afraid it is just his wishful thinking and his own personal grudges. That's all.

Because he is too stubborn and he doesn't trust anyone. He is investigating these things now just to prove his ability and prove that he was not wrong when he was young.

If we join in the same trap with him, I'm afraid we will offend some of the upper echelons of Pakistan.

You have to think carefully, now it involves the relationship between the two countries.

It's not something we can decide casually. You must not agree to him easily.

This is no longer a simple matter of offending old K. The problem we are encountering now is that Fan Tianlei may not be able to protect you. "

Although He Chenguang felt a little cautious about protecting himself, what he said was always the truth.

Qin Yuan couldn't say anything. He had his own plans and intentions now.

"You two, stop talking so much. It's impossible for us to leave here now."

"Can we jump out of the car and leave?"

Jason immediately stopped He Chenguang's behavior.

"Don't be so naive. You didn't feel the bumpiness of the vehicle. You were basically driving on a mountain road.

The mountains in Pakistan are very rugged, and there may be some poisonous insects such as venomous snakes in the forest.

We are in the car, and Hassan will not hurt us for the time being, and he can still save his own life. If you jump directly to an unknown place, you may not be able to walk out of the mountain for several days.

Then there will be only a dead end, there is not even a signal here.

Even if you want to contact the outside world, there is no way. This is not a wise decision.

I think he took us on a mountain road because he thought we would jump out of the car. It was rugged and had many twists and turns.

And now, with the hoods on, we can't even figure out the direction.

Even if we look at it with our eyes open, we may not be able to find our way back again. You'd better not be so stupid.

Just take it one step at a time, you may still have a chance.

None of my men are vegetarians. If they have a chance to escape, they will definitely come to me. There are also some secret codes between us.

What's more, isn't this boy Chen Jixiang not here now?

As long as none of us are caught, there is still hope for our survival. "

Qin Yuan knew that Jason would not expose Chen Jixiang's whereabouts in front of He Chenguang.

The three of them had been discussing here without speaking Pakistani language. It was obvious that Hassan could not understand and could only watch silently.

And at this moment, Effit became restless again.

"Qin Yuan, our relationship is already like this. Either you die or I live. Now, do you want me to tell Hassan everything I heard?"

"What do you want to say? Say it quickly and fart quickly!"

I don't have time to waste here with you, do you understand me? "

"Why don't we cooperate? The enemy of our enemy is our friend. Now our common enemy is this stupid guy Hassan. He is a reckless man. Don't think that he really doesn't dare to kill us. He can do anything.

I have known him for many years and have never bribed him once. Even if I try to bribe him, I have never succeeded. You can imagine how persistent this guy is.

When he arrests us now, he must be trying to investigate something that he himself is doubtful about. I think we should work together and run away quickly. This way there may be some hope. "

"Bah, cooperating with a guy like you is just dirtying myself. Stop thinking of useless things here, we won't cooperate with you.

Haven't all your arms been successfully transported? What else do you have? But don't worry, you won't be afraid that the arms will get into the hands of Old K, and he won't care about you, right?

I leave you here all alone, like a smelly rag! "

Unexpectedly, Efite said very excitedly.

"Qin Yuan, don't look for opportunities to sow discord between me and Old K. I am his most loyal dog, and I know many secrets.

Old K is certainly very powerful, and his connections are spread throughout the surrounding countries.

If I really betrayed Hassan, I might still be alive. But he will definitely die the next day, and I have no way to testify then, even if a person dies like a lamp going out.

I will not betray him. No matter what words or deeds he does to me, it will be useless to force a confession.

The reason why Hassan took us away was because he had already made up his mind to torture us to extract confessions. Are you willing to suffer these physical tortures? "

"Qin Yuan, actually Effit is right. You see, we have been walking in the car for so long, and we haven't reached the point where he took us to some deep mountains and old forests."

"Don't panic, everyone!"

Although Qin Yuan said this, how could he not panic in his heart?

He is also very worried about Chen Jixiang now. This boy will completely lose contact with them, and it will be terrible then.

Now, this kid's life is finally out of danger. What if he follows him inexplicably and is unarmed?

The key is Chen Jixiang. This kid doesn't understand the language. In a strange place, he has no choice but to ask Fan Tianlei for help.

If Fan Tianlei is asked for help, Fan Tianlei will lose face and go to Norman Karim, and then their affairs will become very complicated.

Thinking of this, Qin Yuan also had a headache. None of these guys made him worry.

What should we do?

Anyway, Hassan should be a good person and would not do anything cruel to them. What if he was really tortured to extract a confession?

Not really. It can be seen from his attitude towards himself that he still appreciates himself.

He probably wanted to persuade him to cooperate with him to investigate the arms system.

They want to uproot this arms system, but this has been a system that has been operating among various countries for many years. Which country doesn't hate it and doesn't want to uproot it?

But no country has done it. Old K is too powerful, and even Qin Yuan is somewhat powerless so far.

He also hated this organization, and how many innocent lives had been harmed by buying and selling arms.

Even so, he could only stay calm now and force himself to calm down.

As soon as Qin Yuan panics, others will panic too.

While they were discussing, the vehicle suddenly stopped.

"We're at the place. Take them all down quickly. Lock everyone in a room alone. Don't let them have any contact with each other."

"Isn't it too much to put each of us in a room?"

"It seems that his intention is very obvious. UU Reading [www.uukans.cn](http://www.uukans.cn) He is afraid that we will collude in confession after discussing it together."

Efitt stopped struggling now. He knew that it was useless to struggle. If Hassan insisted on killing them, they would indeed die today.

"Qin Yuan, we have such a good relationship, I wish I could be locked in the same room with you.

Hassan, why don't you do a good job and let us be locked up together. We are serious enemies, and we dislike each other. We will not collude in confession, so don't worry. "

"Stop talking nonsense here, this is my territory, I can do whatever you want."

Qin Yuan is secretly happy now.

By leaving him alone in a room, he finally had a chance to contact the one-click recovery system.
