

Special Soldier 2011

Chapter 2011: System startup identification function

Hassan's men looked at Qin Yuan and Efit, they had no ability to resist now.

"Boss, do they have to be locked up in separate rooms?"

"They must be separated! We have no way to determine whether they have any dangerous weapons on them now. This is more important to us than anything else.

There is no one in this group who is worry-free. If they do something outrageous then, I'm afraid we will regret it too late. "

"They shouldn't dare. They don't have such courage."

"This is a critical moment now. It's better to be careful and don't underestimate human nature!"

"Okay, boss, we understand, just keep them together."

"No, don't keep us apart, okay? I have to be with Qin Yuan and leave him. I'm very scared!"

"He Chenguang, please stop nagging and behave like a little girl, okay?"

There is nothing to be afraid of. You have to be brave. No matter what they do, you will not be in danger. I will not let you be in any danger. You have to believe in me, okay? "

"Qin Yuan, I believe you, can you get me out? It's too dangerous for me to be here. If we continue to waste time with them here, we won't gain anything."

"He Chenguang, we can only do this now. Don't think about other things. It's better to wait until later."

"What are you waiting for? What do you want? It's so annoying!"

Effit couldn't stand it anymore and said beside him.

"Qin Yuan, I usually think you're okay, but today you can't even control your subordinates. How come you're such a coward like He Chenguang? It really makes me realize something."

"Hmph, Effit, you don't have to be here. I'm afraid you won't be able to do anything with sarcasm and sarcasm until you end up in this situation."

"Then let's just ride on the donkey and read the songbook and see!"

Afterwards, Hassan's men locked each of them in a small dark room.

"Let's lock them up first and then talk about it later. I guess the boss has his own plans."

Qin Yuan was brought there personally by Hassan.

"Hassan, I know you brought us here is not an aboveboard place, what do you want?"

"Qin Yuan, I think you are also a smart person. Since you already know that I brought you here is not an aboveboard place, then you should know what my thoughts are."

"We two Mingren don't want to talk secretly. It's better not to talk so much here and just explain quickly. Who asked you to lock us here? Who is instigating you behind the scenes?"

"Qin Yuan, don't think too much, no one is instructing me.

I hope that you can understand that for me, many things are not as simple as you think, and what I know is much more complicated than you. "

Hassan's words should have a deeper meaning.

"You should know my identity?"

"I don't know anything and you haven't told me anything, where are you from and what are you doing in our country of Pakistan.

Qin Yuan, you are the only one who knows, no one else understands anything. "

"Hassan, what's the use of us two playing riddles here?"

"We have a common enemy, so of course it's useful. Don't you want to deal with Efit?"

"This guy Efit is indeed very hateful, but I have no plans to do anything with him now. I have my own plans. I hope you won't disturb me."

"If that's the case, then just calm down in this room, and I'll give you some opportunities to think about how we should cooperate in the future.

The underground secret arms system, this ***** arms smuggling system, has been tormenting neighboring countries like us for many years. If only it could be put to death.

I believe that we can all make great achievements and all the experiences we have experienced in the past can be wiped out. "

"I know you are still very concerned about this matter, but have you ever thought that this underground arms trading system has been established for so many years.

I believe you are also fighting with them. You have not done anything successfully in half your life, so how do you think others can achieve success? "

"Qin Yuan, just because I have been fighting with the people behind the underground arms system for half my life, I am not so willing to admit defeat. I think I have the capital to fight them."

"I have nothing to say Hassan, you should just let me calm down here first."

"Well, just calm down here first. I won't attack you. You don't have to worry so much."

"To be honest, I never thought you would attack us, and I couldn't believe it. You locked us here just to scare us psychologically and make us cooperate with you.

You don't even dare to kill Efit, let alone the rest of us. "

Hassan smiled after listening to Qin Yuan's words.

"You are indeed a smart man, so I have nothing more to say. You can rest here peacefully!"

After saying that, Hassan locked Qin Yuan in the room and walked out alone.

Qin Yuan came to the room and took out the black hood on his head, and found that it was just an ordinary abandoned building, probably the type of unfinished building.

There is such an abandoned building in the wilderness. This should be the safest place.

There is no signal that can connect to the outside, nor any communication equipment.

If there was a mobile phone inside, I'm afraid there would be no way to establish contact with the outside. It seemed that Hassan was indeed determined to fight them to the end.

Qin Yuan thought in his mind that he must calm down quickly, otherwise, if he panics, any measures will be useless.

He carefully observed the surrounding rooms.

"Jason? He Chenguang? Can you two hear me?"

There was only the echo of Qin Yuan's voice in the empty room, and he never got any answer.

"That's right, there are not many people in such an empty building.

The emptier the place, the louder the echoing sound, which means that there is no human habitation around at all.

So what should they rely on for food? "

Qin Yuan, now thinking in his mind that he had been shouting for so long, not only did not receive an answer from Jason and He Chenguang, but no one from Hassan or his men came to stop him.

This means that there is no one around at all. Even if he screams, he will not receive any message in response.

In this case, now is the best time to contact the one-click recycling system.

"System, system!

Come out quickly, I urgently need your help now! "

In an instant, Qin Yuan's screen lit up, and when he got up, the familiar voice came back.

Chapter 2012: Successfully obtained map function

Qin Yuan is also very nervous at this moment. He hopes that he can quickly gain the skills he wants from the one-click recovery system. This is very important to him, even more important than anything else.

He knew that only after acquiring such skills could he successfully infiltrate Hassan and the others.

Know where you are, otherwise, Hassan doesn't care where he takes them.

Even if this group of people is not locked up, they have no maps or electronic communication equipment, so it is impossible to know where they are.

Qin Yuan, he is a very powerful person and does not want to be deceived often.

He hopes that he can take the initiative wherever he goes.

Therefore, he only needs to obtain the ability to map now.

I just don't know if the map Jason gave me is useful.

If it works, they're probably fine, but if it doesn't, they're in trouble.

This map is more important to them than anything else, and some good things must be difficult to obtain.

"System, system, can you test it faster? I can't wait any longer."

"Ding Dong, please host, please wait until the test is expected to be completed. There are about fifteen minutes left."

"How could I not be anxious?"

I can't wait to see him anymore. Now that Hassan has locked me up in this place, he shouldn't come to find me for the time being.

However, they can't trap us here forever.

I guess it will take a while before they come to find us.

These guys are still very cunning, so you have to keep an eye on them.

I don't know what kind of mess this guy Efit will cause in a while.

He is not easy to deal with, and we are currently in a very passive state.

This is the feeling I hate the most. I have no chance to take the initiative.

Everything is in the hands of others, how can this be possible?

I don't know what happened to this boy Chen Jixiang.

Do you know that we are locked up here and have given this guy a mobile phone that can communicate with the outside world? If he can no longer use it, it will be a waste of resources. "

Thinking of this, Qin Yuan also knew that he should not continue thinking about it.

They come, the security.

Things have already developed like this, and it is useless for him to worry again.

On the contrary, it will disturb your thoughts. It is better to seize the time and get what you want from the system, and wait until you get the map function to talk about the rest.

At least Qin Yuan, if he wants to go out, he has to know where he is now.

Everyone else is confused. I'm afraid Jason, this guy, doesn't even know where they are.

Once out of the ship, it was no longer Jason's territory, and he was unable to do so.

You can't blame anyone. Hassan's purpose is obvious. He just wants to cooperate with him, but he doesn't say it directly. He probably wants to wait for Qin Yuan to take the initiative.

In exchange for his identity, Qin Yuan knew better than anyone else.

He couldn't take the initiative to reveal his identity, otherwise Fan Tianlei would be exposed.

With Fan Tianlei's identity and his own identity, members of the H country's troops were implicated in arms when they arrived in Pakistan, and were even implicated in underground smuggling and buying and selling of arms.

If you say this, you won't be able to wash it away even if you jump into the Yellow River.

We must get out of this predicament quickly.

With such an upright identity, it would be difficult for him to do things. If he were like Efite, he could really do whatever he wanted.

Especially, in Pakistan, there is a mixed bag of fish and dragons, and there is no formality at all here.

As long as you have the ability, you can get ahead here, even if you are brave, you will starve to death, and you will starve to death, so He Fei was able to take advantage of the opportunity here to become Noman Kalim.

It's just the times that create heroes.

Hassan is also an unlucky guy. He should have always adhered to his principles and refused to join in the misfortune to get to where he is today.

A capable and loyal person like him should have many people appreciating him. If he hadn't always adhered to his principles, he would have become famous by now.

It's not that Qin Yuan has never thought about cooperating with Hassan, but Hassan is too upright.

Qin Yuan sometimes had to do things that crossed the line.

In order to achieve your own goals, it is normal to do some unreasonable things appropriately. This is called drawing inferences from one example.

Instead of sticking to the rules like Hassan, he will only harm others and himself in the end.

People like him can never accomplish anything in their lives.

Thinking of this, Qin Yuan will look at the surrounding environment and see if he can escape from here after gaining the ability of the map.

Another biggest problem he has now is that he has no transportation.

Without transportation, even with the ability to map, he would not be able to get out of this deep mountain forest.

Especially, in this relatively late environment, it is already dark outside.

If he gets the map ability, he won't get lost.

But even if this is the case, he still needs a place where he can leave here in a short time.

By the way, he also needs a communication phone that can communicate with the outside world. Qin Yuan knows that he has a lot to do.

"System, system, hurry up, I can't wait now, I know there are a lot of things waiting for me to do.

If you can't help me solve this problem as soon as possible, I won't have anyone to rely on. "

"Dingdong, please rest assured, host. As long as the host believes in our ability, we will be able to successfully help you obtain this skill."

"Then you should check quickly. Is there really no problem with this map?

Is it worth it? I'll exchange it for 100,000 merit points. "

After Qin Yuan finished speaking, he immediately felt the screen in front of him light up. He could clearly see that the data system had been completely restored.

"Ding dong, a host has completed the identification. This map is indeed a complete map of Pakistan. Do you want to exchange the host?"

"Exchange, of course we have to exchange!

Do you know how long I have been waiting for the ability to use this map?

After your hard work, the identification is completed and there is no problem. I will definitely replace it. This is very important to me. "

"Ding Dong, a warm reminder to the host, although there is really nothing wrong with this map, it is just not that detailed. He specifically pointed to a certain area."

Chapter 2013: dark night operations

Qin Yuan looked at Hassan's subordinate, and his attitude towards him was not very good. It seemed that it was all under Hassan's instigation.

Even though he was full of anger now, he couldn't offend anyone directly. He could only pretend to be arrogant and submissive.

"This little brother is really sorry. The reason why I haven't slept is because I am worried about the surrounding environment here.

Although we came here wearing black hoods, I can still feel that this is a wilderness.

If we encounter any wild beast, wouldn't we all be in trouble? "

Hassan's subordinate yawned and said to Qin Yuan.

"I said you are still a coward. What are you afraid of? We are all here.

Even if there is any wild beast, you will not be allowed to deal with it alone.

Moreover, with all of us here, is there any danger in watching you?

Stop worrying here.

Go to bed quickly, it's getting late, there are important things tomorrow. "

At this point, Hassan's men suddenly stopped talking.

"Important things. What important things are there tomorrow?"

The guy realized that he seemed to have let something slip, and he immediately stopped talking.

Then he yawned several times in succession, pretending to be sleepy.

"Ah~ I can't do it anymore, I'm really sleepy.

I can't tell you so much here.

There must be something important to call you here, otherwise I would be feeding you for free?

There are so many people who have to accompany you in the wilderness. As for the important things, you will know tomorrow.

Don't ask so many questions. I advise you to recharge your batteries. Don't be so sleepy that you can't even open your eyes. "

After saying that, the guy left directly.

"Hey! Wait a minute and don't leave,"

He no longer cared about Qin Yuan's call to him and left Qin Yuan's room directly.

Seeing that he had gone far, Qin Yuan was very sleepy now, but he also knew it.

Tonight is destined to be a sleepless night.

"This guy left halfway, what on earth did Hassan bring us for?

I don't know what happened to this boy Chen Jixiang.

There are so many things waiting for me now.

If possible, I still really want to have a good sleep and recharge my batteries.

Also, there's this guy Noman Karim..."

Although Qin Yuan resisted his sleepiness and refused to fall asleep, he still slowly closed his eyes when thinking about these things.

Jason on the other side was also very anxious in the room. He was afraid that his men would be hurt by Hassan.

He frantically looked around for an exit, wanting to get out of here.

Jason is not a simple person. After all, he has been directly traveling between Country H and Country Pakistan for so many years and has never seen any storms, but what he is good at is traveling by water.

Now in the deep mountains and old forests, no one is sure what they will face next.

Jason tried calling Qin Yuan.

"Qin Yuan, can Qin Yuan hear me?"

What surprised Jason was that the person locked in the room next to him was Efit.

"Jason, can't you live without Qin Yuan?"

He's not here. Next to you is me, the Efit you hate and love to hate. "

After hearing Efit's words, Jason was immediately discouraged.

"This Hassan is really cunning. He specially placed you next to me. We don't share the same interests.

If there is any movement between the two of us, there is no need for Hassan's people to come and stop us, the two of us can exchange hair with each other. "

"Maybe, Hassan is still very cunning, even though he is a depressed person.

It seems that this time he has made up his mind to go against Old K. "

Although Jason hated Efitt very much in his heart, there was no way out in the middle of the night. He could only try to soften his tone and have a good chat with Efitt.

"Efitt, can we put aside the grievances about the future and analyze the current situation carefully? Don't you want to go out?"

"To be honest, I really don't want to go out. It's not bad to eat and drink here. If I go back, I have to face Old K and a lot of things.

I know that if I kill one of your brothers, you will not let me go.

You don't have to pretend to be calm with me here. If I gave you a knife, you would come to my room and kill me right now.

It seems to me that your mood has become much more stable over the years.

In the past, between the two of us, I was the calmer one. "

Jason said calmly to Effit.

"Don't talk about the past anymore. The grudge between the two of us will never be resolved in this life. If there is a chance, we will definitely let each other die.

I must remind you now, do you really think that your goods have successfully reached the hands of old K?

You are not in a hurry now, just think that these goods have been successfully delivered to their destination. "

"You don't have to scare me here.

I personally delivered these goods to the ship. I know where they are going. No one knows better than me.

I had observed Hassan while he was on shore.

Even if Qin Yuan didn't call him, he would definitely get on the boat and come over to check.

Originally, I was thinking about Qin Yuan. It would be best to trick him into coming up. Then you can blow up the ship and kill this guy directly.

He has been blocking my side of the business for so many years.

If he hadn't been in the way, how could he have waited until now.

This guy is like a stone in a latrine, smelly and hard. There is no way to bribe it, and there is no way to get rid of it and stop eating it. "

"For so many years, if Hassan hadn't controlled the transportation at the dock, I'm afraid Old K would have sold arms to everyone in Pakistan."

"Jason, please stop talking. We all come from the same organization. You also know what kind of person Old K is."

"Hmph, I really don't want to understand, and I don't want to remember either.

Chapter 2014: 1 sleepless night passed

Qin Yuan can understand even without guessing.

After today's night is over and tomorrow's day comes, everything will be easy to talk about.

At least he can see the situation outside clearly. He can't expect that he has any night vision or clairvoyance.

Thinking of this, Qin Yuan had another terrible idea.

"Yes, it would be great if I could have some night vision.

I can see things clearly at night, and then I will no longer be afraid of going out to perform tasks at night.

The flashlight is of no use to me at all. It seems that I still need to have a good discussion with the one-click recycling system when I find an opportunity. "

Qin Yuan is very impatient. He hopes that he can have such ability now. If he can see the situation outside clearly now, he will have nothing to fear.

In fact, he has the ability to escape now, but he cannot leave Jason here and ignore him.

Although, he had just heard the conversation between Efit and Jason, and thought that Jason's mood was quite stable and he did not offer any resistance.

However, Efit is also confident. He thinks that Old K will not leave him alone. If Old K really comes to save him, wouldn't Jason be in danger?

This old K wants to skin Jason and cramp him. He should be the person who hates betraying him the most.

Qin Yuan couldn't leave. He had to stabilize his emotions and see what Hassan wanted to do first.

Even though it was almost early in the morning, Qin Yuan still couldn't sleep.

In his heart, he has been thinking about this boy Chen Jixiang.

I wonder if he can contact Fan Tianlei or anyone else.

The biggest fear is that it is abducted and trafficked in a foreign country where it is unfamiliar. What should I do?

He had just heard Effit say that there were many fraud parks around here, and if it got there, there would be no way to save him.

Having said that, if you can have a good relationship with Norman Karim, all this can be solved easily. I believe that the boss behind the fraud park should also be Norman Karim.

It seems that this guy has been away from Country H for too long and has long forgotten that he was still a special forces soldier.

It is unconscionable to do these things in this place now. No wonder Fan Tianlei doesn't want to see him again even if he dies.

At this time, Qin Yuan suddenly felt that something was wrong.

Since they were caught in this mysterious dark room, Hassan has not been seen.

Where did this guy go? It's a mystery.

Qin Yuan fell asleep just thinking about it. He had to rest so that he could conserve his energy.

Even if he wanted to escape, he had to recharge his batteries. If his body collapsed first, he would not be able to do any of this.

Soon it was daybreak, and in the deep mountains and old forests, the air could be felt to be very fresh.

It's like the earthy smell after rain, moist and pleasant.

The first thing that woke Qin Yuan up was the first ray of sunshine outside and the chirping of birds.

Qin Yuan was sleepy and slowly opened his eyes.

Looking at the morning light coming in through the leaves outside.

All of this is so pleasant and beautiful.

For a moment, he seemed to be back in his dormitory, getting up in the morning and going for a morning jog with the troops.

He hasn't lived like this for a long time. When he completes his mission, he must go back to the army and join everyone for a morning run. He hasn't heard the army's horn for a long time, and he has almost forgotten what the sound feels like. .

Thinking of it, instructor Gong Jian was shouting slogans beside them.

This scene plays back before my eyes like a movie...

"One, two, three, four, one, two, three, four..."

Instructor Gong Jian's voice shouting slogans to them seemed to echo in his ears.

Thinking of this, Qin Yuan's eyes were moist.

"Damn it, when did I become such a mother-in-law? I didn't expect that I couldn't see this annoying guy Fan Tianlei for a while and still missed him a little."

In the past, when he was in the army, Fan Tianlei was very strict with Qin Yuan. They would criticize them no matter what the situation was, and it was rare to hear Fan Tianlei praise him.

He seems to be the kind of strict father in an ordinary family.

Even if I am very satisfied with you in my heart, I am afraid that you will become proud and complacent. I still say these words of encouragement to you in a very harsh mood.

"By the way, I didn't see He Chenguang last night, where did this guy go?

Jason and Efit were locked up next door, where did He Chenguang go? "

Qin Yuan, while recalling the life in the army, fell into a somewhat sad mood.

He slowly got up from the bed and walked to the window.

The windows of this unfinished building are still made of cement and steel bars, as if they feel like they are in prison.

He took a breath of fresh air outside and felt the freshness of the rainforest in Pakistan.

Turning around, he was going to go out and take a look first, but the door was open anyway, and Hassan didn't help them and wouldn't let them out.

Qin Yuan followed the door, walked out, walked through the corridor and came to the stairs.

I saw a group of people sitting neatly under the stairs.

This shocked Qin Yuan.

"Hey, you guys got up very early. Why don't you sleep in so early in the morning and have a meeting here?"

This group of people were all Hassan's men, but still no one saw Hassan himself.

"It's not that we got up early, it's that you got up too late."

Qin Yuan thought to himself that I got up much earlier than you when I was in the army. Our troops in country H have to get up every morning for a morning run. At this time, the morning exercise is almost over.

You guys have the nerve to laugh at me here?

However, in order to conceal his identity, Qin Yuan was unwilling to talk to them about this.

He walked up to these people with lazy steps and asked tentatively.

"Why didn't I see your boss Hassan? Where has he gone?"

After Qin Yuan finished asking, no one paid attention to him, and the air fell into silence.

"Where are my two good brothers? Why didn't I see them?"

"Don't worry, Qin Yuan, you don't have to worry so much, I won't do anything to them.

Don't you know exactly where they are?

Last night, you got up in the middle of the night, walked near their room, and eavesdropped on their conversation. I saw it all. "

Qin Yuan looked back and saw that it was Hassan walking towards him.

Perhaps it was the habit he had developed while serving in the Pakistani army all year round that made Hassan look like a military man in his square walking posture.

"Sir Hassan, I just asked your men, where have you been?"

"I got up in the morning and went to do morning exercises. This is a habit we developed in the army. You should be very clear about it, right?"

The probing nature of this question was too serious, and Qin Yuan was unwilling to take it up.

“What’s there to do in the morning in these deep mountains and forests?

Didn’t you say there are many rare species here?

Aren't you afraid of being in danger of something like a rhinoceros, wild boar, etc.? "

Chapter 2015: What should I do if He Chenguang disappears?

Hassan looked at Qin Yuan's expression, and he felt as if he was staring into the abyss.

Smiling, he kept staring at Qin Yuan.

Qin Yuan didn't realize what this guy meant at first.

He was just worried about He Chenguang, but after waiting for a long time, Qin Yuan seemed to have come to his senses.

There was something profound about Hassan's expression.

Qin Yuan still had some doubts and looked at Hassan in confusion and asked.

"Hassan, it seems I didn't find you this morning. You went out to look for He Chenguang, right?"

Hassan still smiled and looked at Qin Yuan without speaking.

This made Qin Yuan couldn't help but feel a little hairy in his heart.

The two people who came with him, Chen Jixiang, have disappeared to unknown places, and He Chenguang is now missing again.

Will he go back to country H alone in the future? How to explain to Fan Tianlei?

Before he came, he promised Fan Tianlei that he would not put these two people in danger.

It's fine now, both of them are missing, but he himself won't get lost, and he can communicate and live here normally in Pakistani language.

But neither of these two people have such ability, especially in the deep mountains and old forests.

If He Chenguang was eaten by some wild beast, there would be no bones left. It would be too miserable to think about it.

Qin Yuan doesn't think about anything else now, he is only worried.

Hassan next to him showed no reaction.

He has always stared at Qin Yuan with this look.

He was not given any room to react.

Qin Yuan was very surprised. He looked at Hassan and asked again.

"Hassan, why are you looking at me with such a strange expression? Do you think that He Chenguang's disappearance has something to do with me?"

At this time, Hassan finally spoke.

"Qin Yuan, don't pretend to be with me here. Doesn't He Chenguang's disappearance have anything to do with you?"

Last night, you eavesdropped outside Effit and Jason's door for a long time, and I saw it.

Since that time, He Chenguang has disappeared. "

After Qin Yuan heard what Hassan said, he felt angry and helpless again.

"Since you discovered that he was missing last night, why didn't you inform me?

What's the use of waiting until this morning to come and tell me this.

Now we are all unaware of it, where can we find him? I don't even know where this place is now.

You inexplicably took a group of us to the deep mountains and forests and locked us up in this unfinished building.

You don't let us in or out, and you don't give us transportation. What do you want to do?

It was reasonable for him to be afraid and run away.

Now you are blaming me for losing it. Do you think I made an agreement with him to let him escape first?

If the two of us had discussed it first, why didn't I go with him.

When you look at me, do I look like I'm acting or pretending to be with you?

I really don't know where He Chenguang has gone. I'm as anxious as you are now. "

Qin Yuan knew that even if he said this, Hassan would not believe him easily.

Not surprisingly, Hassan didn't believe it at all. He looked at Qin Yuan with a smile.

"I don't know how you two discussed it, and I don't need to know. I just want to tell you.

No matter where I go to this family, I will definitely find him.

I also hope that you can provide me with some clues. Where do you think he might go? "

Qin Yuan was very helpless and sneered.

"Hassan, if I want to know where he might go, do you think I would still be as anxious as I am now?

You are a smart man and I am not a fool.

He Chenguang, he did disappear, and he disappeared without saying anything to me.

I don't know where he went, let alone what clues I can provide you with.

If I had any news, I would have gone to find him long ago. Can I still wait until now? "

"You don't look like you are lying to me, but my reason tells me otherwise.

You are a person who cannot be trusted. You people who came from country H are all scheming. I cannot trust you.

I know your identities very well!

The reason why I didn't expose it is because I want you to cooperate with me on something.

However, now before I tell you these things, one of you is missing, which has to make me suspicious, and I can no longer believe you. "

At this moment, Effit was still adding fuel to the fire.

"Hassan, I have been silent because I think you are a very smart man.

You are right, I think the two of them must have discussed it and want to leave here.

Taking advantage of the dark moon and high wind, everyone was resting and left secretly while sleeping.

Although they don't know much about the surroundings and don't know how to get out of here, you must not forget their identities.

So what about deep mountains and old forests, their ability to survive is very strong.

Even in such an environment, they will not feel nervous.

They are not ordinary people. I think He Chenguang should be hiding in a dark place at this moment.

Waiting for the opportunity to escape from here.

In fact, in the final analysis, Qin Yuan cannot be blamed for this matter alone. You people are responsible for watching over them.

You have screwed someone up, and now you are here to settle the score with Qin Yuan. What does it mean? "

Qin Yuan felt extremely calm now. Listening to what Efit said, he could feel that this guy was provoking Hassan all the time.

The relationship between them, he now wished that Hassan would kill him with a single shot.

In this way, he will neither violate the instructions of his superiors nor harm his own life.

They can also take revenge. The hatred between Qin Yuan and Efite is really too great.

Qin Yuan, there is no time to do this with Effie now, but there is one person who really can't stand it anymore, and that is Jason.

"Efit, what's the point of provoking you here? Hassan is a wise man. He won't listen to these words. What you said is nothing more than trying to make yourself look like a clown.

No one is paying attention to you, and it's useless for you to try to impress people here.

You'd better think about it yourself, what should you do?

What you feel now is that you can't kill Qin Yuan with your own hands, and you feel very sorry. It would be best for Hassan to kill Qin Yuan.

Chapter 2016: Hassan used to be a spy

Qin Yuan looked at Hassan, and the two of them just looked at each other. They both knew that the other had something to say, but neither of them wanted to speak first. Everyone thought that once they spoke first, they would be at a disadvantage.

Jason seemed to know what Hassan wanted to do now.

He should have understood Qin Yuan's true identity and wanted to cooperate with him to bring down Old K.

But such an idea is really too whimsical. They don't have such ability.

What is the difference between this and the mayfly tree?

Hassan watched his men controlling Jason and Efit. He waved his hand and motioned for his men to let everyone sit down first.

Efite spat on the ground nonchalantly.

"Hasan, since we are all here, we should be guests.

Is this how you treat guests in Pakistan? You don't even prepare breakfast for us? "

"If you don't look at yourself, where you have fallen into, do you still want us to treat you like a distinguished guest?"

Hassan asked his men to get some bread and water from the car.

After coming back, he threw it directly on the table.

"This is your breakfast, eat some first."

Efit picked up a bag of bread with his **** and looked at it repeatedly. People like him were already in the habit of drinking spicy food. How could he eat such a thing?

"No dogs will eat this thing, and I won't eat it either. It's better to put it back."

"I'm really sorry, we only have bread and water here. If you don't plan to eat a bite, then I can only tell you that we still eat these things at noon and evening.

I will eat the same thing tomorrow, and with only bread and water, I still can't last a few days.

You know what kind of environment we have here and how difficult it is to get out.

I can't rest assured and leave you here. "

After hearing what Hassan said, Efit patted the table and stood up.

said pointing to Hassan's nose.

"What do you want, guy?

Why are you so cruel to us?

If you have any requirements, you can just say it. Don't treat us in this way, okay? "

Hassan smiled and looked at Efit.

"Well, since you can't persist, I can also show you my cards straight to the point. I need you to cooperate with me now."

"How to cooperate?"

"You have been with Old K for so many years. You should know very well how many underground secret arms systems he has deployed in Pakistan. I need you to help me provide all these secret arms systems.

Who is doing business with you behind the scenes, and where do you get your supply from?

What kind of shady transactions are there with country H?

Tell me everything, and I also need you to testify against old K for me. "

After listening to Hassan's words, Qin Yuan knew that they were just nonsense.

Even if Effit dies, he will take these secrets to the earth. How could he tell him?

He doesn't have the guts either.

As expected, Effit smacked his lips as expected.

"Hassan, I don't know if you're crazy or if I'm crazy.

Do you want to hear it? I can tell you clearly what you are talking about.

I know all the things you said, but it is impossible for me to say them.

This is not only related to my life safety, but also your life safety. Old K has been in the United States for so many years, and no one can shake his position.

The relationship between us is definitely not as simple as you think. It is not just a superficial conflict of interests, and it is not just a superficial relationship where he controls me.

No matter how you treat me, I won't tell you.

The people in our organization have only one characteristic, that is, they don't take soft and hard advice. "

Jason listened to Efit's words and had nothing to say.

"Jason, I have also investigated the relationship between you and Efit very clearly. You have been smuggling to and from Pakistan for so many years.

I've always been on record, too. "

"Hassan, I know you are also interested in me, but I have left the organization for many years, and you should be able to understand through investigation that I can't help you with anything.

And I have a daughter, who is my life, if old K hurts her..."

Hassan stretched out his hand and made a pause.

"Jason, please stop talking. I know your background very well. I won't embarrass you, and you can't provide much help."

"What about my brothers?"

"They are being held at the Maritime Patrol Headquarters. It is an open place for you. No one will do anything to them. You can rest assured. I brought you here alone just to investigate you."

"One of them ran away. Don't you even care? You're just looking at a few of us?"

Hassan looked at Qin Yuan beside him and was also worried about He Chenguang.

"Qin Yuan, please come out for a moment. I have something to say to you alone."

The reason why Hassan did this was because he did not want Efit and Jason to hear the plan he wanted to tell Qin Yuan alone. This was what Qin Yuan had expected, and he was not too surprised.

Afterwards, Qin Yuan followed Hassan out.

The two of them came outside the unfinished building. Hassan took out a box of cigarettes from his pocket, took out one and handed it to Qin Yuan.

This is a relatively classic opening statement to show friendliness.

Qin Yuan waved his hand.

"I don't have this habit."

Hassan lit the cigarette, took a puff, and said with an expression of embarrassment.

"You should be from Fan Tianlei."

Qin Yuan was shocked because Hassan did not speak the Pakistani language at this moment. Hassan was communicating in their normal H language.

"Hassan you?"

"Don't be too surprised. I called you out alone just to get closer to you. I can speak your language because I used to work there."

"What do you mean you worked for us?"

"When I was young, I was not only in the special forces, but also in the intelligence force. I was once ordered to go to your place to complete a mission and I was half a colleague of Fan Tianlei."

When Hassan said this, Qin Yuan understood. No wonder Hassan seemed to have a unique temperament. It turned out that he had also been a spy.

"Hmph, it turns out you came to be a spy for us.

Want to steal the intel we have there? You can steal the intelligence department of our H country's special forces so easily. You think it's too easy for us. "

Hassan exhaled a puff of smoke and said calmly.

Chapter 2017: Give me 1 day to think about it

Qin Yuan watched Hassan put out the cigarette and stood there, waiting for his answer. He should have made it clear that he wanted to cooperate with him.

However, Qin Yuan had not decided whether to cooperate with Hassan.

"I have told you so much just to tell you that Fan Tianlei and I are also familiar with each other. You are his subordinate. I am very confident about you and I don't need to interfere with you.

What is Fan Tianlei's plan for you to come to Pakistan? I can ignore it.

I just want you to cooperate with me to destroy this underground arms trading system.

This underground arms trading system has been poisoning our neighboring countries for so many years.

Do you think Fan Tianlei still wants to see his existence?

Now that Efit is in our hands, this is a once-in-a-lifetime opportunity for us. This batch of Efit has been taken away by Norman Karim.

I believe Norman Karim has contacted you before. You just didn't expect to meet me on the road. This was an unplanned situation. "

The way Qin Yuan looked at Hassan was quite sincere, with a kind of sincerity that he really wanted to cooperate with him.

"Hassan, you have told me so much, and I can understand your thoughts. You are willing to do this. I am also very happy about this underground arms trading system.

It's also Fan Tianlei's heartache, you guessed it right.

However, this time I came to Pakistan with the main purpose not to destroy this arms system.

I have other more important tasks, and I don't want my tasks to give way to others.

For a soldier, the mission is very important, and military orders are like mountains. "

"Then you don't want to cooperate with me now?"

"If I say I don't want to cooperate with you, what are you going to do and lock me here and prevent me from leaving?"

"I haven't thought about it yet. Even if you don't want to cooperate with me, I won't hurt you. I don't want to become enemies with you. Now I have become enemies with Efit and Old K.

Theoretically speaking, the enemy of my enemy is my friend, and the two of us should be friends now. "

"What you said is true, but I'm really not sure how to face it."

Efit is not an easy person to deal with. He should not have thought that this batch of arms was taken away by Norman Karim, but he is very calm now and does not seem nervous.

Qin Yuan didn't know why, but he could always feel that Efit's nervousness was all fake.

He is not particularly anxious. At least, this batch of arms is nothing to him.

The two people talking like this outside did not go as smoothly as expected.

Hassan took out another cigarette from the cigarette case in his pocket and started smoking.

"I want to give you a little more time to think about what a hateful person Efit is, and the Jason next to you. Don't you regard him as your best friend? Don't you care about him? Any idea?"

"Hassan, I do have my own mission when I come to you this time. Since you have recognized that I am Fan Tianlei, why don't you give him some face?"

As a result, Hassan sneered.

"What face do you want to give him?"

I have just told you that I went to your country H to be a spy. This is my mission.

Fan Tianlei discovered me, exposed me, and deported me.

Do you think I should hate him or be grateful to him?

I have failed in my career and I am not a successful man.

Because my personality is the same as Fan Tianlei's, we don't know how to be diplomatic and please others, which somehow makes us offend a lot of people.

In addition, Norman Karim put pressure on me from behind, and I really couldn't get into a good position. I don't deny this. "

Qin Yuan looked at Hassan from the side and felt that he was quite pitiful, but there must be something hateful about poor people.

"Well, Hassan, I can see that you are not willing to let us go so easily, and you still want to delay it for a while.

Then please take this opportunity to let me think about it again. I can't completely deny you.

But I can't agree to you directly now. I have to go back and think about it with Jason.

What do you think Jason, he is someone who knows Effit very well.

He used to be in the organization and had a lot of interactions with old K.

If Jason is willing to help you, I believe you will get twice the result with half the effort! "

"Do you know why I didn't lock you in the same room? It's because I was afraid that you would collude with each other to deceive me."

"You may not know it well, Jason and Effit, the hatred between the two of them is very deep now.

Even if it harms Jason's own interests, he will help you. As long as he can fight Effit to death, he won't worry. "

Hassan was surprised when he heard Qin Yuan's words. He seemed to have never thought that there was such a deep hatred between Jason and Efit.

So, he asked dubiously.

"Do you think there is a deep hatred between Jason and Effit? Didn't the two of them live in the same organization?"

"You don't know that it's all in the past. The two of them are now sworn enemies. If you are willing, I believe he will agree to it."

"That's okay, I can put you and Jason in the same room, but the premise is that you must help me persuade her and make him agree to help me deal with Efit."

"no problem."

Speaking of this, Qin Yuan thought about He Chenguang again, so he asked quickly.

"Hassan, where did He Chenguang go? Is he really missing?"

"He really disappeared. I didn't expect that you guys came here together. He would leave you alone and leave here alone. This also surprised me."

Qin Yuan was confused now. He didn't know where the fake He Chenguang had gone.

I don't trust him very much, and now he has disappeared inexplicably. What should I do?

"Didn't you try to find him? This forest is not very big to begin with, and there is only so much room for survival."

"There are many ferocious beasts out there. I thought that after he disappeared and saw that the living environment outside was not ideal, he would find a way to come back. Let's just wait here slowly until he is willing to come back."

"Just waiting here?"

Didn't you say there are many wild beasts in this forest? What if he can't escape? I can't just watch him die in a foreign country. "

"This He Chenguang is not a fool. I think he should be hiding somewhere secretly and not going far away, instead of wasting time and energy on him.

You might as well think about how to deal with this guy Efit.

Don't you think he's a little weird if you open his mouth and let him tell the truth? "

"I didn't feel anything strange about him. That's okay. Let's go back first. Don't let them wait in the house for too long."

Hassan put out the cigarette in his hand, and took Qin Yuan back to the house to look at Efit, who had been waiting beside him. The two of them did not show anything, as if the conversation just now did not happen.

Efit didn't say anything either. He should have been analyzing what these two people would say when they went out.

After a while, Efit said.

"You two have been out for so long, are you studying how to deal with me?"

"You can really treat yourself like a dish. We don't take you seriously. Who has the energy to deal with you? The two of us went out just to discuss. Where did He Chenguang go? How can we find it?"

"He doesn't even know where he is, so just leave him alone.

Just let this kind of person die on his own. If he can't survive anymore, everyone he will come back will have the desire to survive. He will not watch himself being eaten by wild beasts. "

"Efit, you are really cold-blooded."

"Even if my own people are dead or alive, I am not in the mood to care about them, and I can still manage them.

He Chenguang is a very stupid guy. You made the biggest mistake by bringing him here this time.

I advise you to follow my ideas and leave him alone. Whether he dies or lives depends on his own destiny. "

Jason looked at Hassan and Qin Yuan and didn't see anything strange. Knowing that his brothers were safe, there was nothing else to worry about.

His daughter has been entrusted to Fan Tianlei, and now Jason just takes it one step at a time.

There was a stalemate here, and for a while I saw that no one was eating the bread and water on the table.

"Didn't I tell you just now? This is the food we have now. If you refuse to eat it, you will starve to death by then. I will not be responsible."

Efit slapped the table and said angrily.

"Are you really planning to keep us locked up here forever?

I don't care what you two said when you went out just now. You just want to join forces to deal with me. It doesn't matter. I don't care about my life or death when I come out to hang out.

After hanging around outside for so many years, I have already put my head in my belt.

I just want to ask you now, when will Hassan let us leave here? I don't have time to delay with you here. "

"I'm not spoiling you. This is an unfinished building. It doesn't even have a door. If you want to leave, you can leave at any time. I won't stop you.

You stay here voluntarily now, so don't slander me and say I kidnapped you. "

"Bah, even though this door is open, there is no transportation in the deep mountains and old forests, how can we leave?

There is only one car that you keep a close eye on. "

"Then if that's the case, I can only wrong you for a few days."

Efit also noticed that Hassan was not shaken at all and did not want to let them go.

He stopped making trouble and sat down on the chair.

Seeing that today's meeting had no results, Hassan asked his men to lock these people back into the room.

This time, Hassan locked Qin Yuan and Jason together and kept Efit far away from them.

The purpose is already obvious, it is to hope that the two of them can have a good discussion and deal with Efit together.

Efit is not a fool. After seeing Hassan's arrangement, he already knew that I was inseparable.

It was only after returning to the house that Jason revealed his true emotions.

He ran to Qin Yuan and first looked at her to see if she was injured.

Then, he asked again.

"How was it? What were you two discussing when you went out just now? Did he do something to you?"

Qin Yuan smiled.

"No Jason, you don't have to make such a fuss. I am a special forces soldier. How old is he? Even if he takes action, can he beat me?"

He just went out and had a lot of discussions with me, hoping to cooperate with me, but I haven't decided yet whether I should agree to it.

Once you agree to Hassan, it means that you have to play against Noman Karim. "

"I knew this guy was not simple. He brought us here just to rub us in. I don't know why he is so persistent. Can he benefit from this?"

"Jason, you don't understand.

Some people don't care about profits at all. What they care about is the sense of self-fulfillment in their hearts.

He always seemed to be moving himself.

Look how great I am, look how much I have contributed to Pakistan.

Then there's the slight psychological imbalance they had when they were young, including the fact that Fan Tianlei has been thinking about what happened between him and Norman Karim for so many years.

I believe Hassan has been investigating this underground arms trading system since he was young. Now, he finally has some clues. He doesn't want to give up just like this.

Plus this time, we gave him a great opportunity by being here.

He wanted to take this opportunity to completely get rid of Old K and the others, permanently solve the underground arms trading system, and prevent them from continuing to harm the surrounding countries.

His idea is very good, but it cannot be realized at all.

How could Ping himself go against such a huge organization?

What's more, now it's not just Old K, Norman Karim has also joined the battle for the underground arms trading system.

He wants to fight for control of this underground fire system, This time it was obvious that Efit's batch of arms was the trigger for him to take action.

He wanted to use this incident to tell Old K that your time has passed and it is time for me, Norman Karim, to take the stage.

This is called gods fighting, and the devil suffers.

The two forces are competing for each other, and we are just pawns.

Now Norman Karim also has a trump card in his hand, which are Professor Fang's two apprentices.

They are experts in arms research.

Once he controls the underground arms system and develops some arms himself, the consequences will be disastrous and the surrounding countries will never be able to live in peace.

The older Norman Karim gets, the more ambitious he becomes. Even I didn't expect that he could plan so much. "

Chapter 2018: Secret discussion plan

I don't know why, even Qin Yuan himself didn't think of it.

Was Hassan convinced by him so quickly?

This seemed impossible. He always felt that he could not escape from Hassan's surveillance range.

Hassan is a very complicated and powerful guy, and it is not easy to figure things out with him.

The reason why Hassan dared to lock him and Jason in the same room meant that Hassan was not afraid of this guy at all and was now more courageous than anyone else.

Thinking of this, Qin Yuan knew that he had to ask me to find a way out of here quickly.

At least now, he has not thought clearly about whether to cooperate with Hassan.

Afraid that Hassan would do it, Qin Yuan was still very shrewd in forcing himself. He knew that He Chenguang had probably not gone far and had been around here.

Thinking of this, Qin Yuan quietly walked to Jason's side.

"I think the two of us can't sit still and wait for death. We should quickly discuss a plan to escape."

"I understand what you mean, but we are already locked up here. There is no way to escape. This does not allow the two of us to do what we want."

"We have no choice but to bite the bullet."

"Qin Yuan, what did Hassan tell you? Why do you suddenly want to leave here? What could happen?"

"This matter is a long story, and I can't explain it to you in just a few words. But what I need to let you know, I won't be able to lie to you, nor will I use various reasons to betray you."

Jason smiled, feeling helpless.

"Qin Yuan, I don't mean anything else, I just want to tell you.

There is no need to explain so much between us. Whatever you ask me to do, I will trust you without reservation.

I know that you have gone through a lot of things together with me. This is very important to me. We really should plan carefully what we should do next. "

"Do you want to escape?"

"Of course, you ask because you don't believe what I mean.

Let me tell you, I really want to get out of here now. I don't think this is a safe place and we can't stay here any longer.

It cannot be said that Hassan is not worthy of trust, it can only be said that he is very cunning.

He may be trying to use us for his own purposes.

If we don't want to be puppets in his hands now, we must choose our own path. "

"Yes, I can understand what you mean, but how can the two of us in this wilderness get out of here?"

"I roughly observed it, and I also know where this is."

Qin Yuan's words really shocked Jason, and he even couldn't believe it.

"What did you say?"

You said you know where this place is? How is this possible?

I have been going back and forth from country H to Pakistan for so many years, but I have never been here. I don't even know where this place is. How could you know? Don't comfort me.

I know it's not easy for us to escape from this place. My mental endurance is generally quite strong. You don't need to say these words to reassure me. "

Qin Yuan definitely couldn't follow Jason. To be honest, he had obtained the map ability through the system, and it was impossible to get lost anywhere in the country of Ba.

However, it was still difficult for him to completely convince Jason of his words.

Jason always has some pessimistic emotions, and he can't explain why.

Qin Yuan looked at Jason seriously, and then said to him.

"Jason, please just believe what I say, I will never lie to you.

After I tell you this today, you may be shocked.

Even I might not believe it.

However, I can know where we are, even if we come here wearing hoods, I am not worried.

I don't know how to explain it to you. This may be an innate ability of mine. I have never been lost since I was a child. I can successfully find the route no matter where I am.

Even if it is a deep mountain forest or a rugged place that I have never been to, I can successfully find the route back, and even find a shortcut.

This may be related to the professionalism of our special forces background. "

Although Jason couldn't explain it, he could tell from his own feelings that Qin Yuan was a very capable person.

His ability seemed to be beyond the scope of ordinary people. Sometimes Jason himself doubted Qin Yuan whether this guy was sent by the gods.

"Okay, I believe you, but how should the two of us run out?

Hassan, what exactly did he say to you outside just now? Do you think he will let us go easily? "

"I'm not sure about this. He just told me a lot outside. It turns out that he also knows Fan Tianlei. He once worked as a spy in our country H.

This Fan Tianlei, why didn't you tell me earlier if you have such a relationship?

I knew that the two of them were from the same place, but they had different nationalities. "

"I can't believe that Hassan actually has such a relationship. No wonder he hates Efit and the old K organization so much."

"It seems that this old K organization has existed for many years.

It has become a worry for Hassan, and this time he wants to completely uproot it. "

Jason shook his head helplessly.

"Qin Yuan, let me tell you the truth, this is simply an impossible situation.

They are just so whimsical.

Especially Hassan, does he think that with a little bit of ability, he can completely uproot the old K organization?

Even many top executives in the United States can't do it. Can he do it?

I don't understand why he, a Pakistani, has trouble with old K. "

"I also know that Hassan's plan is a bit fanciful, but people always have dreams, right?"

When Qin Yuan said this, Jason had no way to refute.

"That can only be a dream. I wish him success. I don't want you to join them."

"Why is this? Jason, now you fully know my identity.

Hassan and I actually have the same goal, which is to destroy this underground arms trading system.

He has existed in our country for many years and is also Fan Tianlei's heartache. Although this time my main task is not to destroy this underground arms trading system, but to have other main tasks.

However, if there is something to be gained, I am willing to do it.

Chapter 2019: Rescue changed to assassination

Qin Yuan himself knew very well that if he wanted to implement this plan, he had to report to Fan Tianlei. They could only do this after getting Fan Tianlei's approval.

Otherwise, if Fan Tianlei really goes back on old accounts one day and accuses him of doing things against his will, then he won't be able to explain it clearly.

What's more, this problem is too serious. Qin Yuan cannot make the decision himself and must follow Fan Tianlei's instructions.

Jason saw Qin Yuan and hesitated a little, so he had to remind him.

"Fan Tianlei has obviously lost contact with you for such a long time. Do you really think you two can escape?"

"It's okay Jason, don't worry, I have my own plan for this matter.

Don't forget one of our companions, he is still outside and has not come with us. "

"Are you talking about He Chenguang who escaped?"

"Yes, I'm talking about He Chenguang. I think he must be able to escape and leave here to give us a chance to disrupt Hassan's plan."

"I understand what you mean, but He Chenguang is not trustworthy.

You must not forget that before we planned this matter, He Chenguang had already run away without consulting any of us. "

"I understand this, but even if He Chenguang runs away, we can't let him disappear.

Hassan is right about one thing, that is, He Chenguang, on the whole, is not worthy of trust. "

"He Chenguang, as your good brother, I think he is indeed not worthy of trust. We have never doubted this.

But, I have to tell you.

He Chenguang escaped without consulting any of us.

Who do you think is inciting He Chenguang to do this? "

After listening to Jason's words, Qin Yuan now also has some doubts. It's not that he doesn't believe He Chenguang, he just thinks that He Chenguang's head move is not as simple as it seems on the surface.

"Jason, let me be honest with you. I am also very worried about He Chenguang now. He is always a bit too mysterious. He never tells us the truth when we are on the ship."

"Yes, I have always felt this way, at least I think He Chenguang has many suspicious things and is not worthy of our trust, but as your good brother, I can't say too much.

I can only remind you a few words casually. Now that you have doubts yourself, I can boldly tell you my guess. "

"What are your guesses now?"

"I think He Chenguang's behavior can be seen from various signs. It is very likely that he is planning something himself, but we don't know. Before there is evidence, everything can only be called speculation and reasonable. Suspect.

We can only digest the remaining unreasonable doubts on our own. "

Qin Yuan looked at Jason and wondered when this guy started speaking so mysteriously. Thinking of this, Qin Yuan didn't know what to say.

He didn't want to doubt He Chenguang. He believed that He Chenguang had his own reasons for doing this.

He has never had everyone's trust, and trust is mutual.

He must feel uncomfortable if He Chenguang cannot be trusted. There is nothing to say here, and he cannot doubt anything.

Thinking of this, Qin Yuan became even more at a loss.

The only thing he was worried about now was whether He Chenguang's comfort to him was worthy of his trust.

It's no longer the most important thing. The most important thing is where he is.

If a person disappears and runs away, where can he go to ensure his safety, and he doesn't have a map, let alone where he is.

This will undoubtedly create greater difficulties and dangers for himself.

He Chenguang is really annoying, and then there is this guy Chen Jixiang.

It has been almost a day and a night since Qin Yuan and the others arrived here. Chen Jixiang hasn't arrived yet, which means that he must have been completely separated from them.

Qin Yuan has no way to contact Chen Jixiang now. The mobile phone that will not lose signal no matter what, has been given to Chen Jixiang.

Qin Yuan treats it as his own brother and is afraid that he will be in any danger, so he must give this mobile phone that can communicate with the outside world to Chen Jixiang.

Only then could he feel at ease and contact Fan Tianlei through Chen Jixiang. Jason also had some doubts.

He said to Qin Yuan.

"Qin Yuan, I remember that when you were on the boat, you had a mobile phone that could be used to communicate with the outside world. You had a signal when you were on the boat. It shouldn't be a problem in the deep mountains and old forests."

Qin Yuan thought to himself that this mobile phone was exchanged with the one-click recycling system, so naturally there was no problem, but the important thing was.

This mobile phone is not in his hands so far. He has given it to Chen Jixiang and asked him to contact Qin Yuan with Fan Tianlei. Apart from caring about Chen Jixiang, he did not dare to get the mobile phone here rashly.

Because he wasn't sure what Hassan was doing by taking them to an unknown place. If Hassan confiscated the phone, wouldn't it be worth the loss?

Now it seems that my decision should be the right one for the time being.

Hassan was able to relax his vigilance and control over them after confirming that they could not leave without permission.

Qin Yuan originally planned to drive Hassan's car away with the car keys, but now it seems that this plan may not be feasible.

Hassan stayed by the vehicle day and night. This guy still had a brain.

He believed that as long as they guarded the only way out, Qin Yuan, they would not be able to grow wings.

Qin Yuan, even if he wants to exchange certain abilities now, he can only achieve it with himself.

One-click recovery can only be used by himself. It can be exchanged for an ability as fast as flying, but this ability is meaningless if others cannot use it.

For them, Qin Yuan has already lost many good brothers, so he can no longer put them in danger, nor can he leave any of them alone.

He had to share the joys and sorrows with Jason, He Chenguang and others. Thinking of this, Qin Yuan thought that He Chenguang would not be able to go far. He just hid in the dark and refused to appear.

“Jason, I have already given this guy Chen Jixiang the mobile phone that can communicate with the outside world.

I hope he can make the most of it. As for He Chenguang, he will definitely not be able to go far.

He is not a fool and will not act rashly in a place he is not familiar with. He must be hiding in the dark, waiting for our news.

However, the only vehicle out was already guarded by Hassan.

He believed that as long as we took care of this only means of transportation, there would be no way for us to leave here. He was right. He Chenguang thought that Hassan was too simple-minded.

He thinks of himself even more complicatedly, and now that we are together, our relationship is even more complicated.

The reason why they brought us to this place with no signal is simply because they were afraid that Old K would find us, and he also wanted to protect the safety of all of us.

Chapter 2020: The escaping companion appears

Qin Yuan has now made up his mind to save Professor Fang's two apprentices no matter what. They are professional arms research experts.

It is very important to be able to make some contributions to Country H.

As a member of the H country's special forces, I cannot let down Chief of Staff Fan Tianlei's trust in me.

There are many difficulties in coming to Pakistan this time, and he has to complete this task.

"Jason, I have completely thought about it. I have my own thoughts on this matter. I think this is the most correct way for us to do it.

He Chenguang, he is gone now. I don't know where he went. I must find him first and take him away from here. "

Jason was surprised how this man's idea changed so quickly and he left immediately after saying he wanted to leave.

"Have you really given up cooperating with Hassan?"

Qin Yuan was a little hesitant, mainly because he thought Hassan did not have such great ability.

Cooperating with him would mean falling out with Norman Karim.

Qin Yuan, he is not a snobbish person, he just feels that under the current situation, anyone who confronts Norman Karim will definitely not end well.

At least, Hassan, he does not have such strength now. If he stands on the same front with him, it will only put himself in a very dangerous situation.

"Jason, are you looking down on me?"

He thinks that I am a very snobbish guy. If I don't cooperate with Hassan, I am afraid that I will be harmed. "

"Qin Yuan, don't say that, what else is there to care about in the relationship between the two of us?"

As long as you tell me, I will definitely support you, there is no doubt about it.

My main concern now is whether we can succeed. "

"As long as we don't give up, there will definitely be a chance of success, isn't it just to escape from here?"

It's not a difficult task, just leave this matter to me and you won't be disappointed. "

Qin Yuan had already made a plan. He thought that He Chenguang should be found first. He didn't know where he was hiding.

"I'm really worried for you, He Chenguang, this guy is too unreliable."

Even if he wants to run away, he should always tell us. Does he think we will betray him? "

Qin Yuan sneered after hearing Jason's words.

"Hmph~ The two of us have now become superficial brothers, and we both distrust each other deep down. He didn't tell me about his escape.

I myself feel very surprised. Someone who is not familiar with the place here does not dare to wander around casually.

Hassan is a shrewd man and he knows that as long as he keeps an eye on the vehicle, it will be fine.
"

"But the fact is, it's very simple for us.

However, you insist on complicating a simple problem. If you ask me, since he can hide it casually, then you shouldn't worry about it so much. "

"Actually, Hassan locked us up here without restricting our movements. We can come and go as we please, but we just don't have a proper plan.

He locked us up here, unable to contact the outside world, and unable to leave at will.

He wants to trap us here and defeat us from the psychological defense line. Hassan is truly a spy, and he is very accurate at the psychological level. "

Qin Yuan didn't care about this at all.

He believed that only he could make the decision in his own affairs. Even if he was imprisoned for ten or eight years, Qin Yuan would not change his mind. He was a very persistent person.

"Do you have to take He Chenguang with you?"

Qin Yuan didn't know how to answer this thought-provoking question.

"It seems that you have seen that I don't trust him from the bottom of my heart. After all, he came here with me. Even if he made any mistakes, I have no right to judge him.

It must be brought back to Country H and handed over to Fan Tianlei for processing.

I believe Fan Tianlei thinks the same way. Even if he makes any mistakes, he is a member of our country H special forces. As long as he is ours, he cannot be dealt with in a foreign country. "

Jason nodded silently, and he also agreed with the way Qin Yuan and Fan Tianlei handled the matter.

"Hassan didn't bring many people with him this time."

"Qin Yuan, do you mean you want to confront them head-on?"

Qin Yuan smiled, he already knew it in his heart.

In close combat and various fighting skills in the army, he can get A level in every subject, Qin Yuan, but he has never used his ability.

If it were really about fighting, basically few people would be his opponents.

Jason still had some doubts. He had never seen Qin Yuan's close combat skills.

"Are you crazy?"

You have to use the power of one person to fight against so many of them. I know your identity. You are from the special forces. There must be no problem in fighting.

However, you can't underestimate Hassan's group.

Although Pakistan is a less developed place, their troops are not as weak as we thought.

This group of people are also from the patrol force, and they still have their wits about them.

What if you suffer a loss and get injured? "

"Jason, your concern is reasonable, but I hope you can give me enough trust. I will never let you down. I have already figured it out.

The current situation is that for us, we have the strength to confront them face to face. "

"Have you forgotten about this guy Effit? He has been waiting for the opportunity to rebel. She also wants to leave here. There is no doubt that if he sees the melee.

It would be difficult for him to join any party casually.

Don't look at him. He seems to have little strength, but when the two of us were in the organization, he was very powerful. "

Qin Yuan glanced at Jason.

"I know that you are a person who hides his own strength. I have already seen it. With your help, there will be no failure. Maybe we should believe in ourselves.

He Chenguang, he has been hiding all this time, hiding in a place waiting to connect with us.

If he sees a scuffle among us, he will definitely join in. Maybe he will take this opportunity to provide us with great help. "

"Tell me, assuming He Chenguang is really a spy, who does he belong to?"

"Without a doubt, it must be from the United States."

"Why are you so sure?"

"The United States will never die in destroying me! Their country has been in our country for so many years, and we have discovered how many spies they have planted in our country, but they have never stopped.

As long as there is an opportunity to destroy our country H, Americans will not give up.

I once suspected that he might be from Efit, but after being on the ship for such a long time, I found that this was not the case. He Chenguang was a kind person.

At least he wouldn't collude with people like Effit. Perhaps she also hated the underground arms trading system deep down in her heart.

Sometimes he stands on our side, and sometimes he confronts us. He wants to make this muddy water even muddier. "

"You mean He Chenguang wants to fish in troubled waters?"

"That's pretty much what it means. He Chenguang is still very questionable."

"Since you said he is hiding and waiting to meet us, when will he come out? We can't keep waiting for him here."

Qin Yuan put his hand on Jason's shoulder.

"Jason, be patient, what we need to wait for most now is time.

When it gets dark, I believe everything will come to light naturally. "

"Yeah, you are right. If he wants to come to us, he will not come back in broad daylight, although Hassan will not control our behavior.

However, he still couldn't show up easily. "

As soon as Jason's words left the door, a familiar voice came out.

"Who said that?"

Before seeing anyone, Qin Yuan heard the footsteps of two people.

"what's the situation?"

"It's okay, just calm down."

Qin Yuan is very cautious now. He always carries a folding knife in his pocket. Qin Yuan has already put his hand on the folding knife. If someone comes over, he will take it out to attack the opponent.

"Don't be nervous, haven't you been looking for a good brother? I brought him back."

"He Chenguang?"

Qin Yuan and Jason watched Hassan pull He Chenguang back to their house. This result caught everyone off guard.

Logically speaking, He Chenguang would only come out at night, so why did he suddenly appear?

"Hassan, what's going on?"

"Qin Yuan, please don't blame me, I didn't do anything to you, and I didn't do anything."

"I'm just waiting here for He Chenguang to show up. He will come back after he has finished wandering outside."

Qin Yuan glanced at He Chenguang and saw that his face was expressionless, and he did not feel disappointed or uncomfortable.

"Where have you been for such a long time?"

"Qin Yuan, you don't have to be so nervous. Hassan brought us to a place where the surroundings are so unfamiliar and the environment is so good. It is also my first time to travel to Pakistan.

Taking this opportunity, I took a nice walk around the area.

I'm really sorry for not saying hello to you and making you worry about me.

I knew you might be looking for me, so I took the initiative to come back without waiting until night time. "

Hassan spread his hands.

"You see, Qin Yuan has nothing to do with me this time. He came back on his own initiative. Since this is the case, you can just have a good reunion together. I have nothing to say.

I won't disturb you anymore, I'm going to go to bed first. "

Hassan turned around and took a step before stopping.

"Qin Yuan, don't forget what I told you. I hope that the two of us can cooperate sincerely, so that your two brothers will not have any problems."

Qin Yuan smiled and said nothing, and then Hassan left the room.

Hassan was so confident now that he was willing to lock them all in a room, just to be sure that they would never leave his hands.

He is really confident and a little arrogant, but he still doesn't understand Qin Yuan's abilities.

Otherwise, an iron cage will be built to lock him up.

Although this guy doesn't have wings, he has extraordinary abilities. Who gives him the support of a one-button recovery system?

Qin Yuan and Jason looked at each other, both of them feeling embarrassed.

When they analyzed it just now, they didn't expect that this guy He Chenguang really didn't follow the routine and came back on his own initiative.

"He Chenguang, where were you just now?"

"It's true that I came back on my own initiative. I walked around outside and wanted to hide somewhere. I waited until night to take action.

However, I have wandered around for about twenty miles in this area and haven't found any way out.

The reason why Hassan was so lenient with us was because he had made up his mind that we couldn't get out without transportation.

As long as he holds the only vehicle, there is no way for us to leave here.

So I think there is no point in me continuing to wander outside.

It's better to come back quickly, so that you don't have to worry about me. "

"I already know what kind of situation we are in now, and I have never thought about leaving here secretly. Since we want to leave, we must leave openly."

"What cooperation did Hassan tell you just now?"

"Hassan plans to win over me during your absence. wants me to join his team to deal with Norman Karim and Efit's organization."

He Chenguang sneered, and then said disdainfully.

"Just him?"

"I think he doesn't know how much he weighs. He doesn't have such great ability or ability. It's impossible for us to cooperate with him.

Noman Karim is like a mountain, his position in Pakistan is unshakable. "

He Chenguang became a little angry when he mentioned this person.

"Don't mention him. This person is not reliable at all. He told us that he would help us, but now, he has not helped us at all.

Not to mention others, I have already seen through this person, so everyone should just ignore them.
"

"Norman Karim will not let us go so easily. He also hopes that we will cooperate with him to deal with Old K. He has already endured enough due to his status.

This time he robbed Effit's arms, clearly declaring war on Old K.

Once those of us join, it's hard to get out. "

Jason thought of another important issue, that is, their ship is still in Hassan's hands.

"Hassan said he wanted to help us repair the leaks under the ship.

He just wants to use this reason to trap us. Now my brothers are under his control. Even if we leave and he calls us, what will happen to my brothers? "

"Jason, it seems that we have to make a choice between Hassan and Noman Karim."

After Qin Yuan finished speaking, He Chenguang and Jason both looked at him with strange eyes. Qin Yuan also knew that only he could make the decision as to which partner to choose.
