

Special Soldier 2021

Chapter 2021: planning an escape

After He Chenguang came back, he woke up Qin Yuan, and he knew what he should do.

"Jason, I have completely thought about it now. We cannot just let Hassan control us like this. I like to take the initiative best when there is no initiative.

Then we will create opportunities to take the initiative. "

Jason knew that although he had only been with Qin Yuan for a short time, he still knew Qin Yuan's temper quite well.

Qin Yuan, once he decides to do something, he will never regret it.

I won't give you any chance to regret it. This is the situation he is in now. If you can control the authority and everything you currently have, he will definitely join in and control it.

"Qin Yuan, you know that no matter what you want to do, I will support you very much.

The relationship between the two of us does not need to be explained so much, but I am very worried about what should my group of brothers who are controlled by Hassan do?

They are all innocent. If they are implicated because of Hassan's incident, then I will never have the face to see these brothers again in my life. "

Qin Yuan is too busy to take care of himself now, but he will never give up on Jason's brothers.

Qin Yuan will not give up on Chen Jixiang and He Chenguang. They are good brothers who live through life and death, but the same goes for Jason and his friends and brothers.

Qin Yuan can promise Jason that he will not give up on anyone no matter what.

He now studies Hassan and is not so cruel.

"Jason, I think Hassan is not a very cruel person, and he will not kill us all.

Please trust my judgment, I know this person very well.

Although I haven't been in contact with him for too long, I can prove that my guess is correct.

Hassan is a relatively soft-hearted person, which is one of the reasons why he has not been successful for so many years.

In fact, he is capable, but he cannot be so cruel.

Therefore, he is often controlled by others. We can all see this situation now and understand what his thoughts are, so we cannot give him a chance.

I have thought very clearly that as long as there is a chance, we will escape immediately.

It seems that the only option is to be tough. Apart from this, we have no other choice. "

Although He Chenguang agreed with Qin Yuan's courage and decision, He Chenguang also thought about grabbing the vehicle directly when he escaped.

However, Hassan had a gun in his hand, and Qin Yuan's gun in their hand was not enough to fight them.

So, He Chenguang said.

"Qin Yuan, we don't have any better way now. If we really have a head-on confrontation, we may not necessarily be Hassan's opponents. He said there is strength inside, but we have nothing.

Now we can only pretend to be weak, or pretend to cooperate with them, to defraud their trust, and then take us out of here. "

Jason thought about He Chenguang's words carefully and thought that what He Chenguang said was not necessarily a lie.

"Qin Yuan, do you want to try to consider what He Chenguang said."

"What do you two mean, are you pretending to agree to Hassan?"

"This is called delaying time and it is the most effective way. I believe he is easy to deceive. What we do after we go out is not up to us.

He is not moved by bringing us here, and he is still afraid of Fan Tianlei's power even if we don't move him in the slightest. "

"That's right, Hassan, he's a slingshot now.

He also knows very well the connection between us and Norman Karim. If there is no one behind him, he will not be able to shake these two mountains.

Old K and Norman Karim. "

Qin Yuan, I also want to get rid of this underground arms trading system, but I feel that it cannot be done overnight. Fan Tianlei has been planning for such a long time.

It still has no effect. If they can solve this problem in a few words, then Fan Tianlei is simply a loser.

I don't know where Hassan got the confidence to fight against these two mountains.

At this time, He Chenguang told everyone again.

"You must not forget that there is still a big trouble around us right now, and that is Effit, who is always waiting to undermine us.

As long as there is a slight chance, he will definitely attack us. Even though he is alone now, there are three of us.

However, he has many tricks, and Qin Yuan and I have suffered from him more than once. "

Jason smiled and nodded.

"I didn't expect that someone like Qin Yuan could suffer under Efit."

"That's because I'm smart enough."

The voice of an uninvited guest came from outside the door. Everyone looked outside the door, and sure enough it was Efit standing there.

"Why are you here? You don't seem to be very welcome here."

"Jason, let me remind you, don't use this look and tone every time you see me, okay?"

We are facing many problems now, and we think we should cooperate.

The enemy of your enemy is your friend, this is an eternal truth.

Now our common enemy is the ungrateful guy Hassan. He controls us here and wants us to bite each other, so that he can reap the benefits.

No, we absolutely cannot give him this opportunity.

We should cooperate and deal with him together. He thinks that there is sworn hatred between us, so he dares to condone it and we meet here.

We may not have the chance to cooperate. I think we should give him a surprise.

Can we put aside the current hatred and work together to deal with Hassan?

Qin Yuan, you have to admit that you brought this guy Hassan here. He now has a lot of evidence in his hands, and he will not let us go easily.

Don't think that if you don't have direct connection with the arms trade, he will show mercy to you.

He is as smelly and hard as a stone in a latrine, and he is very stubborn and will accept death. Now he thinks that you are valuable, so he is unwilling to do anything to you.

If, one day, he thinks that you are of no use, then your fate will be even worse than mine.

He has been investigating the underground arms system for so many years, and he has already become obsessed with it.

Hassan, because of investigating this thing, is now ruined and alone.

This is what he calls it, those who are barefoot are not afraid of those who wear shoes.

He is not afraid of us at all. I advise you to take care of yourself and think carefully about how to get out of here.

He is now our common enemy, and the grudges between us can be put aside for the time being.

As long as we can cooperate, we won't be afraid of finding a way to deal with him.

Now that we are all locked up here by him, if we still want to start internal strife, that would be exactly what he wants.

I heard everything you just said.

But don't worry, I won't report you to Hassan.

He Chenguang had to use it back after escaping this time. Doesn't it prove that we can't leave here with our own abilities.

We must cooperate. There is strength in numbers.

I know I can't do anything for you, but I'm definitely not a waste. If we subdue them, we can sort out the relationship between us after the few of us escape.

Qin Yuan, what do you think?

I hold a lot of clues in my hands and am a very important person. There is no way Hassan can do anything to me. I know this very well.

Now it depends on what you think, whether you are willing to put aside the past and cooperate with me once, which will be good for all of us. "

Qin Yuan watched Efite say these words seriously, and it didn't look like he was lying.

In fact, Qin Yuan is not particularly opposed to cooperating with Effit. This is called their short-term interest relationship.

However, there is one person who may not be willing to cooperate with Efit even if he dies.

That's Jason.

The feud between the two of them has been going on for so many years, and until now, there has been no explanation or chance to decide the outcome.

Qin Yuan fell into hesitation, and Efite seized the opportunity.

"Qin Yuan, I can see that you have been moved by my idea just now.

If that's the case, then why are you still here pretending not to listen to me? This kind of thinking and mentality?

There are no permanent enemies or permanent friends in this world, only permanent interests.

I understand this very well.

Therefore, over the years, I have been able to hold such a high position in the organization and gain the trust of Old K. "

Qin Yuan felt helpless now. He could not ignore Jason's thoughts.

Although He Chenguang also hated Efit, he was more concerned about interests. After thinking for a long time, He Chenguang turned around and said to Qin Yuan.

"We have known Efit for so many years, and we know his temperament very well.

We can only choose to cooperate with him now. This is the best and most cost-effective way.

Otherwise, we are on our own.

However, even if we rely on ourselves, we cannot achieve a 100% success rate. Since we want to leave here, we must succeed once and for all.

We must not be caught by Hassan again, otherwise it will be impossible for us to discuss any plan together. "

Qin Yuan looked at Jason without saying a word.

He walked to He Chenguang, patted his shoulder, and prepared to comfort him. He Chenguang asked him to calm down and not to be anxious.

Qin Yuan, he is not worried about saving money. What he is most worried about now is synthetic light. If this guy betrays him and the two of them cooperate, then he and Jason will be in misery.

He Chenguang, it is now basically certain that he is not entirely Fan Tianlei's person.

All I can say is that he still has a little bit of humanity.

If He Chenguang is completely angered, he can really do anything.

Qin Yuan looked at Jason with a very anxious look.

"Didn't you say before? You will trust me no matter what, have you forgotten?

Jason, there is nothing extra to prove the trust between us.

It is determined based on our relationship with each other.

Since you trust me, I hope you can give me a chance to help everyone escape and leave here. That is the most important thing. "

Qin Yuan, they discussed leaving here openly.

Because they know that Hassan is very confident. He only needs to watch the vehicles going out, and he doesn't care about the rest.

Qin Yuan still looked around to see if anyone was eavesdropping.

"Walls have ears, so we still have to be more cautious."

"Don't worry, I've already taken care of the outside before I came here.

This time, I sincerely want to come over to discuss cooperation with you. I will definitely remove all external obstacles and not let them know our secrets.

Now we are planning to escape here. If they find out, you should be very clear about the consequences.

After looking at the food here, I can't see it lasting more than a few days.

Hassan, he has no plans to keep us here long term.

But I am anxious to get out now because all the arms I transported were taken away by Norman Karim. Old K will not let me go if he knows about it. "

Qin Yuan looked at Efit, it was rare for him to be so serious.

He felt very surprised now.

"Efit, since you already know that all these arms have been taken away by Norman Karim, That means that Old K will not let you go, why are you Do you have to go back?

In fact, it is safest for you to stay here. "

Effit sneered.

"Hmph, you don't really think that anyone in the organization can escape from Old K's control.

You don't know how powerful our organization is, forget it, and I don't want to explain so much to you. You are all a bunch of ignorant people and you won't understand it even if I say it.

I just want to get out of here now, I've already shown my cards.

As long as I can get out of here, I can do anything. "

Jason still didn't speak. He looked at Efit quietly. Although Qin Yuan felt that Efit seemed to be sincere, he didn't dare to completely believe this person.

At this moment, a figure was spotted outside.

It was as if he was eavesdropping on their conversation.

Qin Yuan remained silent. He made a silent gesture with his hand.

Then, he pointed outside the door.

He Chenguang and Jason were also alert, and Efitte looked at everyone calmly.

"Someone is eavesdropping on us."

"It doesn't matter, we didn't say anything here, it's just Efit, he shamelessly came to beg us."

Qin Yuan said this on purpose, for the people outside the door to listen to.

"Efit, you should go back to your room honestly. Since you have already said that the food here will not last long, no one is forcing you.

There is no need to say more about the hatred between us. Even if we are trapped here to death, we will not cooperate with you. "

Qin Yuan's eyes contained some information.

After Efit saw it, he rolled his eyes and said helplessly.

"Since you are so ignorant of praise, I have nothing more to say."

Chapter 2022: Agree to cooperate temporarily

Efit left with one harsh word, and no one cared about him that much.

Anyway, Jason is very dissatisfied with Efit for the most part now.

I think this guy is very cunning and not worthy of trust.

Jason is not willing to tolerate him anymore. The relationship between the two of them is very complicated, and the mixed feelings are also very complicated.

"This is how he deliberately provokes us. We don't have to worry about it so much. He will stop on his own after no one cares about him."

After Qin Yuan watched Efit leave, Jason didn't feel sorry or wanted to save him.

Qin Yuan now actually has the idea of cooperating with Efit.

At least Qin Yuan believed in his heart that Efit was telling the truth today, and he was only willing to cooperate with him because he was desperate.

If there was any other way, Efit would not have thought of this step.

Hassan, although not their common enemy now, has trapped them all here.

No one could leave, and Hassan was unwilling to kill them, nor did he dare to do so.

In that case, there is no point in wasting time.

Qin Yuan just wants to leave here quickly and go find Chen Jixiang.

This boy was unfamiliar with the place, so Qin Yuan was really worried outside.

After such a long time of tossing, Qin Yuanyan was tired, so he slumped down on the ground.

Jason saw that Qin Yuan had not felt so tired for a long time, and he was also worried and walked to Qin Yuan's side and asked.

"What's wrong with you? Are you feeling unwell? I see that your face doesn't look too good either. Maybe it's because you've been struggling for too long these past two days.

You haven't had a good rest. You have never been far away. You didn't have a good rest when you were on the boat. After you came down, you met Efit Sangmenxing.

Then I was brought here by Hassan. If you are tired, just lie down here and take a rest first, and then talk about it in the evening.

Judging from Hassan's appearance, he is not willing to let us go for the time being.

Although we cannot sit still and wait for death, we cannot continue to waste our energy in vain. "

Qin Yuan was really tired now. He lay on the ground and didn't care whether it was cold or dirty, or whether there were any bugs.

He just wanted to take a good rest, conserve enough energy, and leave this place as soon as possible.

When He Chenguang saw Qin Yuan so tired, he felt a little worried and walked to Qin Yuan's side and said to him.

"We really can't stay in this place anymore. We have to find a way to leave as soon as possible. Why don't we think about what Efit said just now and cooperate with him? What do you think?"

When Jason heard what He Chenguang said, he immediately raised objections.

He directly interrupted He Chenguang's words.

"No, this guy Efit is not a good person. He chose to cooperate with us today because he has a purpose.

He can't get out of here alone, but if we work together, we might still have a chance.

He doesn't dare to kill you because you are Fan Tianlei's people and members of the H country's special forces. Even if Hassan had a hundred courages, he wouldn't dare to do anything to you.

However, Efit is different.

His identity in Pakistan is not legal, plus the relationship with Lao K.

Hassan had many reasons to look for an opportunity to kill him.

Therefore, Efit is very worried now. He is very afraid that his status will be threatened.

The fact that he lowered his head and came to us for help just now is enough to explain everything.

Otherwise, he will never cooperate with us.

Although he is a wallflower and usually likes to adapt to the changing circumstances, this is the first time I have seen his attitude change so quickly.

He had such an expression, it seemed like he was really scared this time.

He wanted to leave here quickly and go back to apologize to Old K.

Don't forget, his weapon has been taken away by Norman Karim. This is intolerable in Old K's heart. He has committed a capital crime in our organization.

We must go back quickly and explain to Old K first. "

He Chenguang became even more confused after hearing this.

"Jason, since you described Old K so powerfully, Effit has offended him now.

He had committed a capital crime, why didn't he find an opportunity to run out quickly?

I have to go back to collect the punishment. Isn't this stupid behavior? "

When Jason mentioned this matter, he shook his head helplessly.

"You have never been in an organization, so you don't know how strict it is.

Go back to Old K and admit your mistake. If it is someone he values very much, maybe there is a chance to be forgiven by upgrading.

If you just run away, it will be a dead end.

In fact, every one of us has a chip implanted in our body by Old K. "

Qin Yuan was lying on the ground and closed his eyes tiredly. When he heard Jason's words, he opened his eyes in horror.

"Jason, what did you say? Each of you has a chip?"

Jason, closing his eyes, nodded sadly.

"Isn't it very comfortable? Your expectation is that in the organization, we are just like pigs and dogs.

Generally, chips are implanted only in small animals. When the animal is lost, it can be found quickly.

Old K, implant a chip in our bodies, and he will be able to find us no matter where we go to the end of the world. "

After hearing this, He Chenguang asked in confusion.

"Since he implanted a chip in your body, can't you just find an opportunity and remove the chip?"

Jason sneered, and he also felt helpless.

"How can we think so simply? Only Lao K knows the specific location of each person's chip implantation, and we ourselves don't know it, if we go to the doctor.

It is very likely that he will find out. This is one of the reasons why we cannot run away. Another reason is that we have been domesticated and dare not leave. "

"Then you are indeed quite pitiful.

Living in the organization is simply a life worse than death. I believe that no one can tolerate it and wants to escape. "

Qin Yuan was lying on the ground, and he felt something was wrong.

Suddenly remembering something, he sat up immediately.

"What's wrong?"

"We have to leave quickly this time."

"Why?"

"You imagine that there is a chip implanted in Efit's body. Your organization may find this place at any time through the location on the chip. By then, we will directly fall into the hands of Old K. Wouldn't it be even worse?

It seems that it is urgent to leave here, and we must cooperate with Efite. "

"No, Qin Yuan, doesn't Efit have a chip implanted in his body?

If we cooperate with him, it will be different if we escape from here together, and we will become the target of Old K. "

"Don't worry about it so much. Let's unite our front against Hassan for the time being. We'll talk about it after we leave here. I believe that Efit will run away as soon as he is out of Hassan's control.

He knows our relationship with Norman Karim. Even if he is unwilling to run away and is still willing to entangle with us, he would not dare or have so much energy.

He also hurriedly used all his energy to go back and apologize to Old K. "

Originally, Jason was very repulsive about cooperating with Efit, but at the same time, he also thought of the seriousness of the problem, and he finally relented.

"Qin Yuan, if that's the case, then I agree that we can cooperate with Efit.

My own grievance of losing weight is nothing. I can endure temporary cooperation. As you said, there are no permanent enemies, only permanent interests.

We currently only have the same team uniform, and Hassan will get out of danger first.

Even if Hassan won't hurt us, we don't have so much time to waste with him.

My ship and brother are still in Hassan's hands. After we go back, we must get everyone and everything out as soon as possible. "

Qin Yuan watched Jason finally understand.

"If you think so, that's great."

After Qin Yuan finished speaking, he had nothing to think about and was just going to leave here first.

"It seems that this time, we have to take the initiative to find Efit and talk to him about cooperation. Just now he came to us grovelingly, and we all ignored him. Instead, we have to go to him this time."

"If you don't want to go, then I will go."

He Chenguang also knew that Qin Yuan had always had a straightforward personality and it was impossible for him to bow his head to others.

But I don't care.

"If you go alone, I'm afraid you won't understand.

Let's do this, He Chenguang, go ahead and call Efit into our room. I believe he will know what we mean.

It's just that we need to be mentally prepared to have this guy laugh at us. "

"I don't care, Qin Yuan. I have made up my mind to follow you. I will listen to you no matter how you arrange it."

"Jason, as long as you understand."

Afterwards, He Chenguang carefully looked to see if there were any of Hassan's men guarding him below. When he found that there was no one, he immediately fled to Efit's room quickly.

Efit was not surprised at all.

"Oh, you're here."

"It seems that you should know that I can come."

"We are all from the same place, and Qin Yuan is not here now, so we don't need to be secretive. I know that you are from the United States, and I am also half-American.

Today we have recognized each other here. "

He Chenguang looked at Efit, he was not going to admit it now.

"I don't know what you are talking about. Are you so hungry that you haven't eaten for so long?"

"It doesn't matter, if you don't want to admit it, I won't embarrass you. I know it was Qin Yuan who asked you to come to me to discuss cooperation.

He always seems to be aloof, and even he is unwilling to come in person to negotiate terms with me and ask you to come over. "

"You have no choice now. If you use your own strength to deal with Hassan, you will only die. I know that you are pressed for time now. You want to go back and explain to Old K quickly."

There is something in Efit's words.

"It seems like you know old K very well."

"I am a member of the special forces of country H, so naturally I have some connections with evil organizations like his.

He has always been our enemy, and I will not show mercy if I catch him. "

Efite's back was to He Chenguang and the door, and he turned around at this moment.

The eyes contained countless things, staring at He Chenguang.

"Why are you looking at me like that? Don't use such affectionate eyes."

"Originally, I thought Qin Yuan was a very capable person, but now it seems that you, He Chenguang, are not an ordinary person either. You were able to hide under Fan Tianlei for so many years.

I'm really impressed.

do you know? The people I admire most in my life are spies. They hide themselves all the time and live under a mask all day long.

Never being able to be exposed to the sun, this feeling must be very uncomfortable.

He can't have his own feelings or have his own friends. He is like a lonely brave man in the darkness.

Walking on the road, no matter how many people are around you, you will always feel as if you are alone, and it is impossible to tell anyone what is on your mind.

Moreover, people like you are very good at acting and can have countless friends on the surface.

However, no one can reach your heart and become a true friend with you. ”

He Chenguang looked at Efitte with a smile.

"You talk about spies so well, as if you know spies well."

"I don't understand, and I'm not qualified for such a powerful profession. I know how capable I am. I admire spies very much, because we are the same people, and we are all lonely in our hearts.

Everyone is their own master. I believe Qin Yuan has doubted you more than once.

As Americans, I advise you to leave here as soon as possible. It is best if you can save your own life. Missions are not important.

You are not controlled like me, you are still a free person, you have many choices. "

"Okay, Efit, don't say anything cryptic to me here. I can't understand what you're talking about.

Our special forces are indeed catching spies.

It's just that I have been arrested for a long time, and now I don't know who this spy is.

I once doubted An Ran, and I also doubted Qin Yuan.

Even I have doubted Fan Tianlei. We are all suspicious of each other.

The most fatal feature of planting spies in one place is to make them suspicious of each other and defeat them one by one from the inside.

You also know that in human nature, no matter whether it is friendship or family affection, it cannot withstand the test of trust.

Once trust is broken, it's useless to say anything.

Hey, why am I telling you this?

I came here just to tell you that it was Qin Yuan who asked me to ask you to go and discuss the cooperation plan in our room.

Judging from your reaction, you already expected it.

If this is the case, then don't waste time. Everyone has the intention to cooperate, so sit down together quickly and seize the time to discuss it carefully.

Time waits for no one..."

Chapter 2023: Unprecedented face-to-face conversation

Efit heard He Chenguang's invitation to him, and he was very happy now.

He Chenguang's invitation also represented Qin Yuan's invitation.

Although there is still a lot of hostility between Efit and Qin Yuan, he has been upstaged by Qin Yuan many times and his plans have been ruined.

However, Efit admired Qin Yuan from the deep subconscious of his heart.

Sometimes I really hope that he can join his organization, so that the two of them can find the tacit cooperation feeling that he and Jason had when they were together.

He Chenguang looked at Efit and told him.

"When we get to the room later, I hope you won't talk nonsense. It's best to control your mouth."

"What did I say?"

"What did you just say? You know it better than anyone else. I didn't admit that everything was just your unfounded speculation. If you want to sow discord between us, then you made the wrong calculation."

Effit now feels that He Chenguang has a feeling that there is no silver in this place. He is just making a guess. He doesn't look like a serious person.

So Effit squinted his eyes and smiled.

"I didn't say anything. Why did you react so strongly? If you think you were wronged, you can explain it to Qin Yuan.

I wonder if he has ever suspected that you are from the United States? "

Surprisingly, He Chenguang quickly took out a scalpel from his arms and put it on Efit's neck without any precautions.

"I advise you not to talk nonsense. This knife of mine doesn't recognize anyone."

"One of you is holding a military dagger and the other is holding a scalpel. It seems that He Chenguang is still more dangerous. You are too insidious.

The scalpel can make my blood surge with just one swipe in a matter of minutes. "

"Hmph, you know a scalpel can kill people without being seen. I think it is much easier to use than a military dagger.

And it's relatively small, so it's suitable for hiding in your pocket for your own protection. "

"I'm afraid of you. Regarding the fact that you are American, I am just guessing. If you want to prove your innocence, you should also come up with some evidence."

"Why should I prove it to you? As long as Qin Yuan doesn't doubt me."

Efit's words about synthetic light made him absolutely sure that He Chenguang must have an inseparable relationship with the United States.

Efit carefully used one of his fingers to remove He Chenguang's scalpel.

"If you have something to say, there is no need to use swords or guns. It seems that the two of us will have many opportunities to cooperate in the future, and it is not just this time. It is really a good sign for the two of us to cooperate."

There are a lot of bad things brewing in Efit's mind. It seems that He Chenguang should also have the intention to cooperate with Efit, otherwise he would not expose himself.

In fact, Qin Yuan had already doubted He Chenguang's belief that there was always something weird about him.

But, after so many years.

Qin Yuan didn't want to think about the brotherhood between the two of them.

He could only tolerate some suspicion.

In another room, Jason and Qin Yuan were waiting for He Chenguang to return.

Seeing Jason, Qin Yuan felt very uncomfortable. He was unwilling to cooperate with Efit and was just trying to make ends meet for himself.

"Jason, I know that you have always been reluctant to cooperate with Efit, and you don't want to see that there is nothing he can do. We have to do this."

He is a dangerous person around us now and cannot be offended.

There is a saying that it is better to offend a gentleman than a villain. "

"I understand, there are not so many conflicts between Efit and I. He is a complete villain and his most common method is to adapt to the situation.

Currently facing the pressure from Hassan, we have no choice but to cooperate.

I wonder if He Chenguang can call it over. You will have to endure his unbridled ridicule for a while. "

"It doesn't matter, I actually chose to cooperate with him, and I can accept whatever he says.

It depends on whether He Chenguang can invite him over. "

"I believe He Chenguang will have no problem. He is also a very smart person."

While the two were talking, they heard footsteps outside. Qin Yuan could tell it was He Chenguang and Efit through the frequency of the footsteps.

"It looks like the two of them have arrived."

"It's really unprecedented."

He Chenguang carefully brought Efit in. Behind him was a proud strider, walking slowly.

"Qin Yuan, let me tell you, I came here just now and offered to cooperate with you, but you didn't take me seriously, and now you are coming to beg me. Fortunately, I gave you face."

"Yeah, it seems we have to thank you. You've given me too much face."

"If I don't give you face, maybe everyone can't leave here?"

I don't want to tell you that much, so let's get straight to the point. How do you plan to cooperate? What are your plans after there is only one car outside?

I definitely need this car. I can only park the car in a lively location and let you find it by yourselves. Then I will drive back to my place. "

Qin Yuan knew that if this guy Efite took any chance, he would not let it go.

"We just said that we want to cooperate with you, and we didn't listen to you talk about so many conditions. What qualifications do you think you have to negotiate with us?

Now you are the most dangerous one.

Hassan just detained us and had no intention of killing us. Only your life is in danger.

Please understand our current status. We are planning to take you to escape together. We are not asking for your help. You don't need to act condescending. "

Efite is already used to it.

"I knew you would seize this point to blackmail me. It doesn't matter, you can do whatever you want, as long as you can leave this hellish place.

You should talk about what you plan to do. Hassan has a gun in his hand. "

"we do not have!"

Effit laughed.

"H country, a member of the special forces, you came so far across the country to complete a mission, and Fan Tianlei was reluctant to even bring you a pistol. He is really stingy, and you still have to sacrifice your life for him."

"Don't sow discord between us at the slightest chance.

Whether I have a pistol or not has nothing to do with whether we can escape successfully.

Everyone has learned close combat, so even if it's a hand-to-hand fight, the few of us should be able to escape. "

"Humph, Qin Yuan, you were so arrogant when you were in H country, and you are still so arrogant when you come to Ba country. You are indeed someone I admire. I like your personality very much, but being too arrogant is also a kind of arrogance. , you should be responsible for your own actions. If you are arrogant, you must have some capital to be arrogant. Don't let me look down on you in vain.

Hassan and the others outside have sniper rifles in their hands.

Also, none of us are familiar here. He took us deep into the mountains and forests, and there was no channel to contact the outside world.

After we go out, do you know how we plan to go?

You don't have a map, and the vehicle doesn't have navigation. "

This spoke to Qin Yuan's heart. He had just received the goods, and the map's ability did not require navigation at all. As long as he was in the country of Ba, he would not get lost.

"You don't have to worry about this. I actually have such a method, and naturally I won't let you get lost, so you are not worthy of being a driver.

After a while we robbed the vehicle and let me drive it. If you were to drive it, we wouldn't be able to get out of this forest forever. "

Efit couldn't believe Qin Yuan's words.

"What did you say? You can find a place. If I guess correctly, this should be your first time coming to Pakistan."

"Yeah, what's wrong?"

"Since this is your first time in Pakistan, why can you be sure that you won't get lost?"

He Chenguang had already walked around outside, but he came back dejected and couldn't find his direction. You weren't here to brag with me just to **** the car, were you? "

"Why should I brag to you?"

Do you think I would risk so many of our lives with you?

We are not trying to show off our anger now, we are trying to escape for our lives, and I am the only one who can find the direction.

I won't tell you exactly why.

This may be a talent. I have had the ability since I was a child to never get lost no matter where I am, even in places I have never been. "

"Stop bragging."

"There's no need for me to argue with you about whether or not I'm bragging. You'll know in a moment."

He Chenguang stared at Efite.

"You have to cooperate with us now. You have no choice. If you don't agree, report it to Hassan now. We are going to escape."

"I'm not that stupid?"

If you can find it, then I have no choice but to follow you. As long as you take me out, I will thank you.

In fact, we can be considered a cooperative relationship. Jason, you helped me transport the arms, and the relationship between the two of us in the organization when we were young turned out to be friends.

There's no need to make it so stiff.

When Qin Yuan and I were in Country H, he ruined my good deeds every time.

I still hate him so much that I can still sit with him and talk and laugh.

Although it was unprecedented, the two of us worked together so calmly face to face. There is a first time for everything.

Maybe, he will have the opportunity to join the organization in the future. By then, we will be brothers in our own family. "

Jason didn't want to talk to Effit.

He turned his head away.

"Okay, since you have agreed, Effit, we have to plan what to do next."

"Just tell me, I'm all ears."

"I plan to wait until night to take action."

Effit thought that Qin Yuan was getting more and more outrageous. If he acted at night, he would not be able to see the road outside clearly.

"I asked you, is there something wrong with your brain? Or are you too confident in your abilities?"

When you go out at night, what do you think will happen to you?

We are strangers in this place. Do you think you can still see the road at night? I have night blindness and I can't see the road at night. "

"You have night blindness, and I don't let you drive.

You see that there are all unfinished buildings around here. If we continue to delay, there will be no good results. You should seize the time and solve your own problems quickly.

I have already told you that we have to act like this in order to avoid being discovered by them. It is best to act like a hawk and tell them not to sleep, as their physical strength will be exhausted.

In this way, it will definitely not be a problem for the four of us to fight them alone. "

"If you exhaust them so much, do you think we can still rest?"

"We just need to sleep normally. Don't forget that we are the ones under supervision. They should not worry about us.

Normally, each of them is more nervous than the other.

As long as we can unite and keep them awake at night, we will not give them any reason to doubt when we go out to find them the next day. "

Efit looked at Qin Yuan, this guy really looked more and more cunning.

Although they are now on the same front to deal with Hassan, this has to make Efit start to worry about his future. Sooner or later, he will continue to be enemies with Qin Yuan.

The stronger the enemy becomes, the more ignorant one becomes.

He Chenguang stared at Efitte with a very sharp look, fearing that this guy would play some tricks.

"That's our plan. Now that we're done, I'm going back.

The reason why Hassan was relieved that we communicated openly and openly was because he felt that we would not temporarily put aside our grudges and cooperate.

Let him know that we have been able to work together, and he will be very nervous.

So now I think it's better to let Hassan think that we are enemies.

This can numb their nerves and make them relax their vigilance, and we can escape smoothly. "

"You're right. Then go back first. It's time to take action at night. I'll call you."

"Don't be too conceited. Don't treat Hassan as a fool."

Efit said the next word and walked away.

After looking at Efit and walking away, Jason said to Qin Yuan.

"Your plan seems to be relatively seamless, but we can't completely follow this idea.

I also know what you have been thinking about.

Efit is a guy who is not worthy of being trusted. Another reason why he does not hurt you is that he was instructed by his superiors.

Efit's superiors like you very much and want to join you. "

"Do they appreciate me? They say without hesitation that there are many people who appreciate me. I will not join them. After this task is completed, I will still arrest them.

They were selling smuggled arms in Country H and neighboring countries, and had harmed so many people. How could they still want to retire after their successes? "

Chapter 2024: Ways to sharpen your mind

Jason also knew that Qin Yuan made this decision out of necessity.

They now have no other better choice besides cooperating with Efit.

Efit has always been very cunning, just get used to it.

Now that you already know that he is this kind of person, taking precautions in advance can be regarded as a bit of psychological preparation, otherwise it will be easier to be fooled by him.

Qin Yuan saw that He Chenguang was standing nearby without saying anything, and he looked carefully at the expression on his face, which seemed to indicate something was wrong.

"He Chenguang, what's wrong with you?"

I just asked you to find Efit, but when you came back, your expression looked wrong. Did he look at you? "

"It's nothing. He can give me any kind of expression. I'm used to it."

"That's good."

What Qin Yuan didn't know now was that Efit and He Chenguang had already spoken openly.

Efit saw He Chenguang's identity.

But He Chenguang did not admit that this was his most basic quality as a spy.

Even if he is pressed on the guillotine, he will not admit his identity.

Qin Yuan also suspected He Chenguang, but he didn't have any evidence, especially when he was in a foreign country.

Fan Tianlei is not around, and if there is any internal strife between the two of them, it will only make things more complicated.

What's more, there are Jason and Chen Jixiang around now.

Qin Yuan had been separated from Chen Jixiang for a long time, so he had to worry and wanted to find Chen Jixiang quickly.

"He Chenguang, why didn't you say hello to us when you ran out today?"

Facing the sudden question, He Chenguang had already thought of the answer.

"I didn't plan to run too far, I just wanted to check the situation around me. When we came, we drove for a long time wearing a black hood.

Based on our training in the army, we can already feel that the surrounding environment is not simple. "

"The surrounding environment is indeed not simple. Since you have already felt it, why do you take the risk to check it out? We are tied here by Hassan now.

It's deserted here, there's not even a signal, there's no way to communicate with the outside world.

If Hassan kills us secretly, no one will be able to save us, and no one will know our identities.

Do you really think it was a wise choice for you to escape like this? "

He Chenguang stopped talking because he had ulterior motives for escaping.

The reasons he told Qin Yuan now were just random things he made up on his own initiative.

"Don't blame He Chenguang, he wanted to go out and take a look at the surrounding environment.

For the sake of everyone, I don't have any other ideas. If you just blame him so blindly, it will only make everyone's mood change even more, which is not good. "

Qin Yuan has always had a short temper, and he also knew that it was bad for him to be like this, but there was no way to control his personality, especially when faced with He Chenguang being so suspicious recently.

He becomes more easily angry.

After hearing Jason's advice to him, Qin Yuan also knew that he should quickly understand what the main conflict was?

They should still find a way to get out of here first. Looking at the sky outside, it is slowly getting dark and it is almost here. These people haven't eaten anything all day before they take action.

Since Hassan brought them all out in the morning and gave them some bread and water, they have not made any movement and have been waiting outside.

"It seems that Hassan, he is very capable now, he wants to control us all."

"Yes, the food in the car should be enough for us to eat for about a week, but he hasn't come to us yet because he deliberately wants to control us.

Hungry meal, full meal.

In fact, it really tests one's will. "

Qin Yuan has long been accustomed to such tricks. He thinks these tricks of Hassan are just playing tricks on others.

Seeing that they had no control over their freedom, Qin Yuan planned to go out and take a look at the outside environment.

Although he has now obtained the ability from the system to not get lost, he is still not sure whether there are wild beasts in the surrounding air environment.

Just in time, I can sneak out and see what Hassan is doing.

"Well, I see it's getting dark outside, and it's almost time for us to act, but I don't want to act so quickly now. You guys are waiting inside the house.

I went outside to see what Hassan was doing and why he didn't give us food. To be honest, we don't have any strength now if we really want to fight them head-on.

It's not too advantageous. Maybe this is his conspiracy. He is afraid that we will save our strength. If we don't leave tonight, I'm afraid he won't let us sleep well. "

Jason thought so too.

"Well, let me go out with you to see what they are doing.

He Chenguang stays here. There are people in the house who believe that they will not be too vigilant because they know that we will not leave any of our companions here. "

Qin Yuan nodded, and prepared to go out with Jason first. They couldn't waste time here.

As soon as I walked downstairs, I saw several Hassan's men sitting downstairs.

Seeing them coming out, these people didn't react at all.

"I feel like this is not the first time they have locked people up here. It seems like they have a lot of experience in doing this."

"Although this place is an unfinished building, Hassan and the others are familiar with the way they came here.

We could feel in the car that there was no navigation or hesitation along the way, we just got here smoothly.

This shows that they have not come here all at once.

This was supposed to be a secret connection point for them.

Hassan, I really don't know why he did this.

Even though he knew that this batch of arms was related to both Old K and Norman Karim, he still wanted to get involved.

In addition to our actions this time, he once told me that he had been a spy in country H. I was also dubious and could not completely believe him.

You can't believe it at all.

He knows Fan Tianlei, and I think he told me so much just because he hopes to close the distance between me.

It was a good reason for me to have no worries about working with him. "

The two of them just walked out and saw Hassan sitting in the car.

The familiar one is smoking again.

"He seems to like smoking."

"It can't be said that he likes smoking, maybe it just became a habit of his.

He has been in a very nervous state for such a long time, and smoking can make him relax. "

Hassan was keenly aware that Qin Yuan and Jason had walked out of the room.

He looked at the two figures in the rearview mirror, walking towards him.

Hassan took a deep breath and threw the cigarette ***** out of the car window.

At this time, Qin Yuan and Jason also walked near the car.

Qin Yuan stepped on the cigarette ***** thrown by Hassan, and then rubbed it on the sole of his foot a few times.

"Smoking in the woods, you still don't put out the cigarette butt.

Set fire to the mountain and wear the base firmly.

Haven't you heard that most of the forests in your country of Pakistan are like this? If this causes a wildfire, you know what a big deal it will be. "

"Why are you out here? Are you hungry?"

Jason said with a smile while holding his stomach.

"You haven't eaten anything this night, and you haven't eaten anything this morning either. Are you not hungry?"

"None of you wanted to eat the bread when I gave it to you in the morning. I have already put it away. If you want to eat it, just wait until tomorrow morning."

As expected, as Qin Yuan expected, Hassan did just that, telling them not to eat. They didn't have the energy to go without eating for two days, and the four of them were so hungry that they couldn't even lift their heads.

Give them this dry food in the morning, so that they have no appetite at all and refuse to eat.

It's evening now, everyone is hungry, and he's unresponsive again.

Seeing that Hassan's behavior was very suspicious, Jason said seriously.

“Didn’t you say that you brought us here to discuss cooperation with us?

Is this your cooperative attitude?

You won't even give us food, so even if we wanted to cooperate with you, we wouldn't have the strength. "

This was Hassan's purpose, but when he heard Jason himself speaking about cooperation, he thought the two men had agreed.

"I talked to Qin Yuan about our cooperation in the morning. He didn't quite believe it if you agreed now, but I don't quite believe you either."

"Then there's no point in dragging it out here."

"It doesn't matter. I have plenty of time to stay with you until you figure it out."

Qin Yuan looked at Ha Sui saying such words expressionlessly. He was only angry now, but he had to hold back the anger in his heart and not let them see that he wanted to leave now.

“In addition to wanting to get some air, we are coming out now, and part of the reason is because we want to come over and order something to eat with you.

But it’s already obvious from your attitude that you won’t give us anything to eat. "

"It's not that I don't want to eat with you, it's because I want to prevent you from escaping and allow you to conserve your energy. Then am I not the biggest fool in the world?

Just be patient. After tonight, I will give you food tomorrow morning. "

"Still eating bread?"

"Otherwise, what else do you want to eat? As long as you can eat bread here, it's already good. Don't ask for too much."

After saying that, Hassan turned around and closed the car window, preparing to lie down in the car and sleep.

Seeing that Hassan was unwilling to pay attention to them, Qin Yuan and Jason seemed to understand.

They turned and left.

"He's really not worried about us running out of here."

"When you look at the surrounding environment, as the sky gradually darkens, it feels more scary and weird. He knows that we are not familiar with the place and dare not run away."

"Looking at his unruly attitude, it's really a bit uncomfortable."

"It doesn't matter, you don't need to worry about him so much. He is just like this. After being in contact with him for such a long time, I finally understand that he is the smelly and hard stone in the pit.

I want to make a career, but I don't have such great ability.

The heart is higher than the sky, and life is thinner than paper.

His mind is not good at turning, no wonder Norman Karim has not moved for so many years, because he has never regarded it as an enemy or taken him to heart. "

"What you said about Hassan is a bit too insulting."

"There's nothing I can do about it, I've been forced by this guy to the point where I have no patience at all.

Looking at him sleeping in the car all day long, you can tell that he just wants to watch the car.

Once we control the exit channels, we won't be able to leave. "

"Hmm, I think he thinks so too.

By the way, I observed this car carefully just now. The way it starts is a bit special. Maybe this car is a local specialty of Pakistan.

I have never driven one before, and it is neither an automatic nor a manual transmission.

It should be a mixed type of car. This car is quite old. Even if we take the car away, we may not be able to drive it well. "

"Jason, as for your driving skills, you don't have to worry about leaving it to me. When I was in the army, I took first place in the driving skills assessment.

Although I have never seen this car, all cars have the same starting principle. Since we don't have the car key, we can only disassemble it and connect it by short-circuiting the circuit.

"Yeah, that's fine.

I'm just worried that this car is too old and it won't be safe for us to ride in it. "

"It's okay Jason, trust me.

And we have to deal with this place before they go back. Your men still have some of our things in Hassan's hands.

Unless they get special proof from him, they can release him. "

"You mean the ID or seal on his body?"

Qin Yuan nodded.

"It would be even more difficult if this was the case. We originally planned to take advantage of their panic and **** the car and drive away directly. If we want to steal something from them, we have to think carefully."

"If you don't use this channel, there is another way to consider.

That is to ask Norman Karim for help. When Hassan does not come back, if Norman Karim can send someone to get through the above link, he should be able to release your men.

But if he cooperates with Noman Karim, it will completely mean falling out with Hassan.

He will definitely not give up with us after he comes back. I'm afraid it will be difficult for you to just sit down and do business in the future. "

"The main business of smuggling people cannot last long. If it can continue, it will be regarded as a living.

If there comes a day when I can't continue, I can only think of other ways out.

Anyway, I can't leave my brothers behind.

With so many people under our command, we brothers can have enough to eat no matter what they do.

The problem of my daughter's illness has been handed over to you. As long as this big problem of her is solved, I won't care even if our father and daughter live in poverty.

Most importantly, I want to live a stable life.

I don't want to be so worried anymore, it makes me feel very insecure. "

Chapter 2025: Efit's bad idea

After Qin Yuan got Jason's confirmed answer, he felt very relaxed now.

Because, he has really started planning his actions for the evening, and now he has basically done it.

The two most difficult people to deal with are Jason and Efit.

As long as the two of them can be together, cooperate well, and avoid any conflicts, this mission will be half successful.

Overall, Qin Yuan is still very confident. He believes that Hassan is not as difficult to control as he imagined.

"It seems that he won't give us food, so will we be able to move after a while?"

"It's okay Jason, most of us have endured hardships. If we don't eat for a day or two, there shouldn't be any problems."

Qin Yuan is also a little worried that he is not in particularly good health now. He feels that he has no strength, which is a very uncomfortable and indescribable feeling.

It shouldn't be that bad. He would drug them secretly.

Looking at Qin Yuan and Jason who were observing from the window, He Chenguang was also thinking a lot in his mind.

He has been working as a spy in Country H from the United States for many years.

For so many years, he has been hiding well and has not been discovered by anyone. Even a smart person like Qin Yuan has not discovered the clues.

He has always fulfilled his duties. As a spy, he also knows very well what he should do most and never asks more questions.

It's just that he did whatever his superiors asked him to do and came to country H this time.

Of course, He Chenguang also came with a mission. His superiors asked him to stop Qin Yuan from bringing Professor Fang's two apprentices back to Hhun.

If you can't stop it, choose assassination.

He Chenguang was also well prepared and ready to come.

After so many years of being a spy, he has developed a very strong will that will not be swayed by anything.

Although he regarded Qin Yuan as a good brother in his heart, their positions were different.

If there is a real conflict, He Chenguang will not hesitate to choose to consider the interests of his own country, rather than the brotherhood with Qin Yuan.

In the face of the righteousness of family and country, brotherhood is nothing.

He Chenguang is a spy for the United States, but he has nothing to do with Old K and his group. He also hates this group of people. Their organization has been selling arms in surrounding countries, leaving many people homeless.

Generally speaking, He Chenguang is a kind spy, but his stance is different.

This time on the ship, He Chenguang also discovered the irreversible bomb on Jason's ship.

Fortunately, he had rich experience. Based on the bomb disposal knowledge he had learned, he had defused all the bombs on the ship without being discovered.

This caused Jason to activate the bomb without any reaction when he was on the shore.

He Chenguang is still very powerful, able to accomplish so many things under Qin Yuan's eyes.

If Qin Yuan knew, he would definitely be shocked.

He Chenguang didn't want to think too much now. He just hoped to find Professor Fang's two apprentices as soon as possible.

According to Professor Fang's character, He Chenguang no longer had any hope for his two apprentices. It would be impossible to persuade them to return to the United States. The only way was to assassinate them.

He now also has mixed feelings and thoughts.

He Chenguang knew that Professor Fang's two apprentices were two people that Qin Yuan valued very much, and he also came with this mission. If he killed these two people, Qin Yuan would not only have no way to explain, but would instead let him Even more suspicious.

Qin Yuan already has such thoughts in his heart.

If these two people cannot be brought back, they must be killed.

I believe that all countries have this attitude. They will destroy this kind of talent if they cannot get it, and they must not take advantage of other countries.

At this time, Qin Yuan and Jason were still outside and did not come back. Effit saw the opportunity and slipped into their room again.

Seeing He Chenguang alone in the room, Effit walked to him with a smile.

"You're alone. You can take off your mask."

He Chenguang stood there blankly and said nothing. He didn't want to talk to people like Efite.

When they were in the United States, they knew that this mysterious organization, Old K, was doing everything it could to cause trouble.

And they are also a group of people that He Chenguang's superior wants to get rid of very much.

He Chenguang was naturally very scornful and disdainful of them.

Efit walked up to He Chenguang again, stretched out his hand and waved it in front of his eyes.

"Can you see me?"

"I couldn't see anyone, I just saw a really nasty thing."

"Whatever you say, I can do it.

Anyway, I am a fool, and I know that you are from the United States. I believe that with Qin Yuan's intelligence, he will soon find out.

Of course, maybe he has already discovered it, but he just doesn't have time to expose you now.

If you really do something that goes against his own interests, I believe he will expose you without hesitation and take you back. This will require a military court. "

"I don't understand what you mean.

We are all people from country H. We have a common mission, which is different from those like you. "

"Actually, to be precise, we should all be Americans. We actually have the same nationality, so we should cooperate together, right?"

"I know you also want to get these two apprentices of Professor Feng, but they are definitely in the hands of Norman Karim now. I advise you not to have such wishful thinking. You have no chance."

Efit gritted his teeth, he now hated Norman Karim so much.

"This guy thought he could cover the sky with one hand in Pakistan, and he actually started to touch my goods.

It's really like giving him a toast instead of eating it. We came to visit him again and again to give him face, but he never refused to give me face. Every time he saw me, he would ridicule me.

I am already dissatisfied with this guy. If I have the chance, I will kill him first.

Damn it, give him some color and he'll open a dyeing shop. "

He Chenguang, in fact, was very willing to see the conflict between Efit and Norman Karim.

This is called the fight between the snipe and the clam, and the fisherman wins.

No matter what identity He Chenguang is, he is definitely not willing to cooperate with Efit.

There is no doubt about this, but he is very afraid that Efit Huijie will reveal his identity, so he can only agree and stabilize this person for the time being.

In fact, He Chenguang also knew that his condition was probably no longer suitable for him to lurk.

His superior also promised him that as long as he completed this mission, Professor Fang's two apprentices would immediately take him back to his country.

I don't know if it was due to a guilty conscience or some other reason, but Chen Guang always felt that I couldn't go back this time.

He really regards Qin Yuan as a good friend, and as a spy, he cannot have feelings.

Unexpectedly, He Chenguang has been able to control the relationship between men and women for so many years.

Now, he is confused by brotherly love.

Seeing Efit hovering around him like a fly, He Chenguang felt very annoyed.

"The two of us can't talk about cooperation right now. We should all work together to deal with Hassan first.

If he locks us here, how can we cooperate? Is it just a verbal plan that you say to me here? "

Efit looked at He Chenguang who seemed to be a little relieved, and he was secretly happy.

If he could make peace with He Chenguang, Qin Yuan would be doomed.

Isn't it just because he has so many good brothers in his chest that they are willing to go through life and death for him?

This time Efit accidentally discovered that He Chenguang was a spy, which really made him happy.

"Do you want to know how I found out about your identity as a spy?"

He Chenguang must want to know, and he is also curious about where the truth is.

He was actually discovered by Efit.

Normally, the person who discovers that he is a spy for the first time must be the person closest to him.

"Then you can tell me how you think I am a spy.

I would also like to hear what you can say out of nothing. "

Efit couldn't help but sneered.

"I just admire you spies. Do you know why?"

"Why?"

"Because you are so stubborn, but the facts are right in front of you, yet you can still resist admitting them.

But it doesn't matter, you don't have to worry.

I won't expose you!

After I expose you, it will only benefit Qin Yuan. You also know the relationship between me and him. I wish he would die immediately and you would be a spy by his side.

Whether you cooperate with me or not, it will be beneficial to me.

As long as it is harmful to Qin Yuan, I am happy to see it, so you don't have to worry about me exposing you. Not only will I not expose you, but I will support you.

Even if you cooperate with me or not, I will help you secretly.

Let Qin Yuan, if he can't complete the task, I will see how Fan Tianlei deals with him after I go back.

Doesn't he claim to be the most powerful and powerful special forces soldier and the most trustworthy person around Fan Tianlei?

This time, I will let him do the Waterloo mission. After I get back, I know that you are catching spies. You'd better lead your identity as a spy to Qin Yuan.

Let them have internal conflicts and you can get rid of suspicion. This is called fishing in troubled waters. You should know better than me. "

He Chenguang knew very well that the idea proposed by Efite was indeed a good idea, as long as the fire was drawn to Qin Yuan.

Even if Fan Tianlei believed him and the evidence was in front of him, he had to start the investigation process.

It's just that this is a bit too despicable and shameless. He Chenguang is a spy, and he doesn't bother to do such a shameless thing.

Effit saw that He Chenguang had no reaction, and he also knew what kind of person He Chenguang was most likely.

Although he is a spy, he still has a sense of pride in his heart and is unwilling to do such despicable things.

So Effit said maliciously again.

"I know you are confused.

But you must think clearly, since you have already planned to embark on this path, there is no need for you to kidnap yourself with morality.

Spying is a profession that requires abandoning dignity, emotions, morality, and even souls.

This is why I say I admire you. As long as you can seek benefits for your country, what does it mean to sacrifice a Qin Yuan? "

Efit has now made it clear that he not only wants to cooperate with He Chenguang, but also sows discord between them.

Because it is easiest to attack the people closest to you, and it is also the most harmful to Qin Yuan.

Effit really knows what it means to kill people and kill people's hearts.

If Qin Yuan one day discovers that his best brother is the one who betrayed him, I'm afraid it will be difficult for him to accept it.

He Chenguang is also very smart. He is just echoing Efit now.

He focused on completing his mission wholeheartedly. As for Efit, no matter how annoying he was, He Chenguang would not interfere.

This is not a task assigned to him by his superiors. As a special soldier, he must obey orders.

When he was in the United States, He Chenguang was the best special forces soldier.

He was selected to become a spy. He has been here for so many years. Does he know what the basic qualities of a spy are? It's none of your own business, don't interfere.

Even if he can't see it, he can't take care of it.

"I looked at Qin Yuan and Jason, they were about to come up.

You'd better go back quickly, if you let him know that you have been sowing discord between us here.

I'm afraid no one will take you away.

Now that we are outnumbered, you have to bow to us. "

Efite saw He Chenguang reminding himself again, and he smiled with satisfaction in his heart.

He believed that he had basically succeeded in fomenting discord.

It seemed that He Chenguang was inclined to cooperate with him from the bottom of his heart, so he left with peace of mind.

Before leaving, he patted He Chenguang on the shoulder.

He Chenguang stood straight on the spot after seeing Efite walking away.

He stretched out his hand and lightly rubbed his shoulders a few times, his expression full of disgust and disdain.

"Pooh!"

Immediately afterwards, Qin Yuan and Jason went upstairs and saw He Chenguang standing there.

"Why don't you sit down and rest for a while?"

"You two went downstairs, I'm not worried, I'm just watching from upstairs, just in case Hassan wants to attack you.

By the way, what did you two say to him when you went downstairs? "

"We just took a look at what he was doing all day long, and verified Qin Yuan's suspicion.

He just wants to torture our minds.

Just now we pretended that we were hungry and wanted to have something to eat with him, but he refused.

It seems that he just wants us to be full and hungry in order to sharpen our minds.

It's just that he doesn't understand the will power of the H country's special forces. Even if you are hungry for several days, you will not pray to him, let alone let this kind of physical pain consume your spiritual will.

What he did was not a wise move. "

Chapter 2026: As night falls, plan to steal the car

Qin Yuan and Jason returned to the room and saw He Chenguang, and felt that there was something wrong with his expression.

"What just happened?"

"That's not true. Nothing happened."

Jason and Qin Yuan looked at each other and knew that things were not as simple as they imagined.

"Did you just go down and see Hassan?"

"He just kept sitting in the car and wouldn't give us any chance. If we couldn't steal it, we would have to rob it."

"Rob?"

He Chenguang looked at Qin Yuan with a look of disbelief. The two of them had been through life and death for so many years. At least He Chenguang knew him very well, he was bold and careful, and he dared to think and do.

"If you want to ***** the car in front of Hassan, I think your idea is too bold."

Qin Yuan disagreed, he was such a bold person.

On the contrary, Qin Yuan believed that timid people were not worthy of reuse.

"He Chenguang, the two of us have met a lot of people since we came out of Country H.

As far as I know, there is no need to say so many words between the two of us. I didn't believe it at first, but now I can see it. "

"What did you see?"

"The two of us should belong to the same type of people, we are both the bolder ones.

This is also a good thing for us. As long as we are brave enough, we are not afraid that we will not be able to complete the task.

Moreover, another very important reason that supports me to complete the task now is Chen Jixiang.

I gave this boy a lot of important things. I wonder where he went and whether he could see us being brought here by Hassan.

Forget it, he doesn't have a car, and he's not as powerful as we thought, so we can't place all our hopes on him.

We have to take action ourselves.

The scariest thing is that Norman Karim has never contacted me since I came here.

I don't know what he's up to. "

Jason touched his chin, thinking about Norman Karim all the time.

"Qin Yuan, I have been thinking about it for a long time. I think the reason why Norman Karim has not contacted you is that he may want to wait for you to take the initiative to find him.

He also commanded before, and you did a lot of things. I believe that this batch of arms from Efite must have been taken away by him.

Maybe Chen Jixiang is with Norman Karim now. "

"We don't rule out the possibility. He should have been secretly observing our movements, and he deliberately didn't save us after we got here."

Jason smiled.

"I wonder if you have heard of the legend about Norman Karim."

"What legend?"

"It is said that the country of Pakistan is controlled by the army during the day and by Norman Karim at night."

He Chenguang also understood what this meant. He still couldn't believe that Norman Karim had such great energy.

"Isn't this a bit exaggerated?

Is this group of people deliberately promoting Norman Karim to make his majesty appear more powerful and thereby strengthen their own strength? "

"Of course, this possibility cannot be ruled out, but he himself is still very powerful. At least I have been smuggling people in Pakistan for so many years. This person has always been famous, and when I mention him, I almost always talk about him with disdain.

When Qin Yuan first said that he knew Norman Karim, even I was shocked.

Qin Yuan actually knows such a powerful person like him, which means he has a wide network of contacts. "

"You can't say that I have a wide range of connections. I can only say that Fan Tianlei has a wide range of connections. He introduced me to Norman Karim, but people change.

The He Fei who used to be is no longer the young boy who was just starting out.

He is now the big boss behind Pakistan. "

He Chenguang was already thinking about how to find Professor Fang's two apprentices. He did not want to slow down Qin Yuan's progress in completing the task.

He Chenguang himself was very anxious and hurried to find these two people because his superior had promised him.

As long as he completes this mission, he will be taken away immediately.

At this moment, Jason's face suddenly darkened, and he seemed to be worried.

Qin Yuan also knew what he was thinking.

There is no doubt that he must be thinking about his daughter, but Qin Yuan and Fan Tianlei have lost contact for several days, and he has no way to contact Fan Tianlei while he is locked up here.

However, Qin Yuan still believed in Fan Tianlei's ability, otherwise he would not have handed over Jason's daughter to him rashly.

Qin Yuan patted Jason's back and comforted him.

"I know you are a parent of a little daughter now, how could you not care about it? But you should be relieved that I will give your daughter to Fan Tianlei.

Since he has promised to take good care of your daughter, he will never break his promise. This is what Fan Tianlei has always been like since I have known her for so many years. "

"Of course, Qin Yuan, you are my good friend, and I trust you very much. I gave my daughter to you because of my trust in you, but I don't know if it is possible for me to go back and see him again. "

He Chenguang couldn't stand it anymore. Although he and Jason didn't have a good relationship, he couldn't stand it when he saw Jason was so unsure of himself.

"Jason, with Qin Yuan and me here, what else do you have to worry about.

The two of us will definitely not let anything happen to your daughter, so just keep your heart in your belly.

We know your daughter is vulnerable.

I hope you can save your life and go back to see your daughter, and don't let him wait for you in vain.

Don't have any thoughts of giving up on yourself either. "

Jason finally relaxed his mood.

Looking at the sky outside, it is getting dark.

"Qin Yuan, it's almost dark when I look outside. When do you plan to take action?"

"Let's wait until late at night, at least until these people are asleep before we can take action.

To catch them off guard, we pretend to be going to sleep for a while so that they don't find out that we have other thoughts in our minds.

We'll wait until it's really midnight before we take action.

They will definitely be caught off guard. Even if they have enough food and drink, and have sufficient physical strength than us, they will not be able to cope with sudden changes.

Moreover, all of us are very skilled and we will definitely be able to leave successfully.

I am very confident about this, and I hope that everyone will be like me, have confidence and never doubt your ability.

This time we will fight with them.

No matter what the price is, we must leave as soon as possible. We cannot wait any longer. "

"Your idea is indeed a good one, but I'm worried that they won't let us sleep well today.

I'm afraid they will come and disturb us from time to time. This is Hassan's very vicious method. "

"That doesn't matter, we have already been mentally prepared, as a special force.

This little test is nothing to us. He Chenguang and I can withstand it.

I'm afraid Jason, you won't be able to bear it. "

"Qin Yuan, as for me, you don't have to worry.

I have been sailing on the sea. This is my job. I just need to sleep less for a while, so that I will not be uncomfortable.

I have already thought about it clearly. Even if I use my whole life's strength, I will definitely fight with him for my daughter. "

In fact, Qin Yuan still has great confidence in Jason. He is willing to do anything for his daughter.

His daughter is the biggest motivation for his struggle.

As a father, he will definitely use all his strength to escape from here.

What's more, there are so many of his brothers who are locked up behind his back.

"Since there's nothing wrong, let's take a rest now, but everyone is mentally prepared. Maybe these people will come over and harass us after we fall asleep."

"clear!"

After finishing speaking, Qin Yuan, Chen Guang and Jason prepared to lie on the ground to sleep.

Qin Yuan already felt very tired, having not had a good rest for so many days.

If you don't replenish your physical strength a little, it will be difficult to resist Hassan and the others head-on.

"Don't be anxious, everyone. We will be fine after this period of time. After escaping, I will find a guild hall for everyone so that you can have a good rest."

"That's a treat for you, Jason!"

A few people chatted and laughed and then closed their eyes. The sky outside was slowly getting dark, and it was almost midnight when they got up.

Qin Yuan woke up immediately.

What surprised Qin Yuan was that Hassan didn't send anyone to harass him, but let them spend a long time peacefully. It would be early morning after a while.

Qin Yuan stood up carefully and patted He Chenguang and Jason who were sleeping next to them.

"Wake up!"

He Chenguang was always alert and opened his eyes instinctively without him falling asleep.

Seeing Qin Yuan wake him up, he knew it was time to take action.

"What time is it now?"

"I don't know either, but judging from the current situation, it must be almost late at night.

This Hassan has kept us locked up for so long.

The mobile phones are also out of battery, and even if they have power, there is no signal.

Here we are, an unknown amount of time has passed, and this is part of his scheme. "

"Then we have to get up quickly. We must not continue to be in such a hazy state. The longer we delay here, the less we know how much time has passed."

Qin Yuan went to wake Jason up again.

Before Jason could call Qin Yuan, he woke up when he heard the voices of Qin Yuan and He Chenguang.

"Ready to act?"

"Hmm, how are you feeling? Have you had a good rest?"

"It's much better to sleep for a while than to endure it."

"That's good, let's get up quickly and see if anyone is guarding downstairs. It's best if there is no one downstairs, otherwise, we will easily alert Hassan downstairs."

Wait for someone to call Efit, we can't leave it behind this time. "

He Chenguang took the initiative to ask for the job, so it would be more appropriate for him to do it.

"Then I'll go."

Generally speaking, there is not much hatred between Efit and I, and he will not disturb the situation if he sees me. "

Qin Yuan also thought that it was most appropriate for He Chenguang to go, so he did not stop him.

"Then go ahead and wake it up. You two should also be careful not to disturb the others."

He Chenguang got up cautiously in the dark, planning to use his memory to go to Efit's room to wake him up first.

As a result, I met a figure as soon as I went out.

If He Chenguang hadn't had better self-control, he would have almost shouted.

"it's me!"

It turned out that Effie had already come over first in the dark.

"I guess it's almost time. It should be almost time to take action, so I'll come find you."

"I was shocked. I thought it was Hassan's person."

"No more ink marks. Even if it's Hassan's people, we have to confront him head-on. We have to get out of here today."

He Chenguang pulled Effie to their room.

"We are all awake and waiting for you."

"I knew it was almost time for you to take action, so I took the initiative to come to you. It seems that I am quite powerful. By the way, what are you going to do next and rush downstairs?"

Qin Yuan thought for a while and said.

"I'm not that stupid. If we can go down secretly, we must go down quietly without alerting anyone first. This is the biggest plan we can do so far. This is all It's already difficult.

Try not to alert others. If we still have no choice but to let them find out, we can only fight them.

Even if it's a hard grab, we have to get the car and get out of here today.

If today's plan fails, he will monitor us even more strictly in the future. I don't know what means he will use against us. It will only anger him.

Must succeed! "

After speaking, everyone agreed with Qin Yuan's idea.

Qin Yuan walked in front alone.

"It's best if you all follow me quietly and lie in ambush. If Hassan finds out, I can have other excuses."

"Yeah, that's fine, then let's do it, you go ahead alone."

These three people quietly followed Qin Yuan and found corners to hide. Qin Yuan carefully went out. His steps were very light, especially in such a quiet night.

No one could detect Qin Yuan's footsteps.

After going in and out of this abandoned building several times, Qin Yuan has already memorized the route and even the location of each of your bricks.

Therefore, when operating in the dark at night, he did not feel timid at all.

He has completely memorized the location of each exit. With his memory, he can sneak out of the building quietly even if there is no light.

As soon as they got down one floor, they found Hassan's men sleeping soundly.

Qin Yuan's footsteps were so light that they didn't notice them at all. It might also be because these people were too tired and slept relatively hard.

Qin Yuan walked downstairs carefully without disturbing these people.

The first step was considered a success.

Chapter 2027: Knocking on the car window in the middle of the night

Qin Yuan was preparing to go downstairs with these people, and met several of Hassan's men who were sleeping soundly. They did not alert the few people here. It seemed that they were a little too arrogant.

He Chenguang secretly rejoiced. He thought it would be too easy to get rid of these guys. This was much easier than imagined.

I slowly began to relax mentally.

But Qin Yuan is different from him.

Qin Yuan has always been a very cautious person. He will never relax until the moment things are successful. This is Qin Yuan's habit.

Maintain a tight state at all times and never give others a chance to hurt you.

Qin Yuan knows better than anyone else that whether a mission is successful or not has nothing to do with his early preparations, but the final result.

If the result is not successful, then it will be meaningless no matter how well prepared you are.

Qin Yuan is the kind of person who only looks at the results and not the process. He and Fan Tianlei are the same people, and it is precisely because of this that Fan Tianlei values Qin Yuan so much.

Let him complete many more difficult tasks, including this time going to Pakistan to rescue Professor Fang's two apprentices.

Fan Tianlei would not dare to leave this task to ordinary people.

He knew that no one could complete it except Qin Yuan.

Although, Fan Tianlei didn't know that Qin Yuan actually had a one-click recovery system.

Then he can also feel that Qin Yuan is extremely capable.

Efite whispered to He Chenguang from behind.

"Why do these guys sleep like dead pigs? Did they let us go on purpose?"

He Chenguang really felt helpless.

"I said you are just a villain, Chang Qiqi. It was obviously due to our own efforts that we were not discovered by them, but you just think that he is deliberately indulging us again.

Do you mean, is this all Hassan's way of playing hard to get? "

"I can't guarantee whether this is the case. Hassan, the old fox, is very cunning. Don't think too simply."

Jason couldn't stand it anymore, and they kept whispering in the back.

"Don't you two dare to make any louder noises? If they find out, we will be in trouble.

I'm sure they must have fallen asleep. "

Qin Yuan thought to himself that it was possible that these people did not want to complete such a dangerous mission with Hassan at all, but they just had no choice under his pressure.

Fortunately, Qin Yuan has such a powerful system in his body that can help him.

Soon, they were walking carefully and arrived downstairs.

I saw the car while standing at the door.

"Hassan is in this car. There are no lights on in this dark car. We can't see clearly whether he is sleeping or awake."

"That's the downside of operating at night."

"Efit, are you questioning my choice? I can tell you clearly that if they had not acted at night, these people would not have slept like dead pigs.

During the day, they are full of food and drink and have much more energy than us.

We maintain this state just because of our tense nerves.

Only then could he escape smoothly at night without being discovered by them.

These people are very tired now. Although they have water to drink and food to eat, they can no longer bear it mentally.

They are more intolerable to this kind of mental torture than we are. "

"Okay, Qin Yuan, you are very powerful. You know everything. If it weren't for you, we might not be able to get out of this house."

"You two should stop arguing here, now is not the time for conflicts.

Let's take a quick look to see if Hassan is sleeping in the car. "

Hassan has always been a very cautious person. He cannot sleep without sleeping. This is human nature.

However, he set an alarm clock for himself and woke him up every few hours.

He wanted to use this state to keep himself awake all the time.

Even when he was sleeping, he had a pistol in his hand.

Because this was a wilderness, he was not afraid of accidentally misfiring his gun.

"We should send someone up now to see if he is sleeping, quietly."

"I am the only one who came to this mission. I have been sitting back and enjoying the results. You helped me organize the mission. Now it is my turn."

Jason volunteered to complete this task, but Qin Yuan knew it.

If Hassan is not asleep now, he must have a gun in his hand. If he is not careful, he may catch Jason as a hostage, and he will be in danger.

In fact, all of them, Hassan, basically didn't dare to take action. Only Jason, Hassan, dared to kill him.

He doesn't have much background, and he doesn't have much use value. If Hassan is really angered, I don't know if he will take action.

He Chenguang said when Qin Yuan hesitated.

"Jason, don't go. You are not suitable for completing this task. What if he really kills you?

Let me go!

After all, I am from country H, sent here to complete the mission. I believe that even if he is angry again, he will not dare to do anything to me. "

This time Qin Yuan did not refuse, he nodded.

"Jason, just follow what He Chenguang said and leave this task to him, there will definitely be no problem.

It's too dangerous for you to go.

It's not that I don't care about my brother, but I have to consider all the ways things can develop. "

Efite was beside him and couldn't help but admire Qin Yuan's decisiveness.

"That's okay."

He Chenguang was cautious, bending to prepare to approach the vehicle to see if he was asleep from behind.

However, these guys stayed behind for too long. Hassan happened to catch up with the alarm clock and saw these guys escaping through the rearview mirror.

During the day, when he saw Qin Yuan and He Chenguang coming out, he was not nervous.

He knew these people couldn't escape.

And it was daytime, so even if they ran away, they could catch these people back.

In the evening, they all went out. If they had no other ideas, I'm afraid they themselves couldn't believe it.

In the dark, this is what it looks like.

Hassan was in the car and could clearly see the traces and movements of these people.

However, they had no way of determining whether Hassan was asleep or awake.

Qin Yuan and the others behind him didn't dare to disturb He Chenguang's actions, and he didn't even dare to ask.

I could only watch He Chenguang's gestures quietly, because it was too dark.

In addition, the light was very weak in the woods, so it was impossible to see He Chengguang's gesture clearly.

I saw him carefully lying on the car and observing Hassan.

Qin Yuan was afraid that something unexpected would happen, so he first found a hidden place and left their sight.

Because his steps were too light, Effit and Jason who were beside him had been paying attention to He Chenguang's movements and did not notice that Qin Yuan had disappeared.

Qin Yuan knew that Hassan must be very cunning. He might not wake up directly and have a conflict with them. He might have been pretending to sleep and observing them.

Just through these few contacts with Hassan, Qin Yuan has determined that he is such a cautious person.

Qin Yuan first found a relatively secluded place and hid in the darkness, and the dark clothes he wore made it difficult to see clearly.

Jason turned his head and found that Qin Yuan was missing.

"Where are the people?"

Efit heard Jason's words and immediately noticed that Qin Yuan was missing around him.

His first reaction was not that Qin Yuan was hiding and preparing to help them, but that Qin Yuan ran away alone.

"I guess he ran away alone?"

He asked us to attract Hassan's attention here, but he ran away alone. I said this guy is unreliable. You still regarded him as a good brother. Now, he has abandoned you all. "

"Impossible, don't scare Qin Yuan here, he is not such a person."

"Then tell me, how do you explain that others are missing?"

Jason believed in Qin Yuan very much. He believed that he would not leave him alone with a brother like him.

It must be my own plan. It's not convenient to tell them. I just need to wait patiently.

"Don't worry, let's observe what's going on with Chen Guang first. Even if Qin Yuan runs away alone without a car, do you think he can run out?"

Efite stopped talking, and he also observed He Chenguang.

He Chenguang found Hassan sleeping in the approaching vehicle. He stood outside the window and observed carefully for a while. Regardless of whether they wanted to alert this person or not, they definitely had to.

Even if Hassan was really sleeping, it would not be easy for them to lift it out of the car and steal it.

He Chenguang simply did the opposite.

He hasn't noticed that Qin Yuan is missing yet.

He directly and openly knocked on the car window.

Hassan actually woke up early and opened his eyes.

He Chenguang knew from his expression that this person had been pretending to sleep.

Efit and Jason were shocked when they watched He Chenguang's behavior from behind.

"Son of a bitch, what is he going to do?"

"Don't rush to curse."

"Why am I not in a hurry? Look what he is doing?"

He just knocked on the car window. Do you want all of us to die here? "

"I just told you to calm down first and don't be anxious. He naturally has his reasons for doing this. Do you think he is a very stupid person?

Even if we didn't want to alarm him, it was impossible not to alarm him.

He is sleeping here. How do you think the car can be driven away without disturbing him? "

At this point, Qin Yuan stopped talking.

He Chenguang also became silent.

Hassan smiled and looked at He Chenguang and asked.

"You didn't sleep at night, why did you come to see me?"

"Aren't you asleep too?"

Hassan sneered and nodded.

"That's right, but I don't sleep. I have my own reasons. I want to observe and see what you are busy with here."

"us?"

"Yes, are you all trying to escape this late at night?"

"Yes, we just want to escape. What can you do to us?"

"It seems that you are a relatively straightforward person. In that case, I won't tell you so many useless words. Let's just tell the truth.

What's your plan? Take the car away from me and run away? "

"What if?"

Hassan held a gun in his hand and very calmly pressed it against He Chenguang's forehead.

"What are you going to do?"

"I'm not doing anything. I'm just curious about why you did this. Since you've all come out, hurry up and go back to rest."

He Chenguang was pointed at the gun and stepped back step by step. Hassan also walked out of the car and followed He Chenguang.

Everyone was shocked when they saw this situation.

"This...what exactly is going on?"

Jason and Efit felt very disappointed when they saw it. Did He Chenguang be exposed on purpose?

Looking at his state, it shouldn't look like that. He wouldn't be so stupid.

"I advise you to hurry up and capture him. He Chenguang is in my hand now. As long as I pull the trigger a little, his head will explode immediately. "

Efit is indeed a guy who cannot be controlled.

He strode forward, preparing to approach the vehicle.

"Don't you obey my orders? You don't care about his life."

"Whether He Chenguang lives or dies is none of my business. Hassan, I think you are just a little too self-righteous. You knew we were natural enemies by locking a few of us together.

They wanted to escape, but they pulled me back. If that's the case, you've already caught them, and I wish you would kill them all now to save me the trouble later. "

"Efit, what do you mean?"

"What I mean couldn't be simpler. You killing them has nothing to do with me. Even if you just shoot him and kill him, I would be happier. I am happy to see this situation."

As he spoke, Effit approached like a car.

"Can you please stop going any further? He might really kill me."

Hassan immediately realized that things were not that simple.

"Why is there one person missing?"

Hassan also discovered that Qin Yuan was missing.

At this time, he felt a little panicked, because he knew that Qin Yuan was not a simple person. At such a critical moment, he was missing. He was probably hiding and preparing to attack from behind.

Hassan alone could not control so many people.

Even in a head-to-head confrontation, he couldn't beat these tough guys with a gun in his hand.

"Everyone who is sleeping in the house, please come out."

Unfortunately, despite Hassan's call, they still had no intention of waking up.

He started to get a little anxious when things developed now. What he was most worried about was that Qin Yuan was not found. Where was he hiding?

Could it be that he was attacked from behind?

Chapter 2028: Sneak attack from behind, successful car robbery

"Qin Yuan, I advise you to come out quickly. If you want to attack me from behind, you should quickly give up this idea. If you make the slightest move, I will blow He Chenguang's head right away."

He Chenguang already understood the reason why Qin Yuan was missing.

It seemed that he was thinking the same thing as himself, hoping to sneak attack Hassan from behind.

In this case, he has nothing to worry about.

These people have pretty much the same things in mind.

If they could sneak up on Hassan from behind, they would basically succeed.

However, this will come at the cost of He Chenguang's life.

He Chenguang, now with mixed feelings in his heart, did not blame Qin Yuan for taking his own life as the price.

If he was to blame, he could only feel guilty because of his identity as a spy.

Now He Chenguang felt like giving up in his heart.

He believed that if he could sacrifice for Qin Yuan because of this incident, he would be able to atone for his sins by lying to him for so many years.

Efit didn't care about that much at all, he just wanted to grab the car and get out of here.

Hassan watched as Efit approached the vehicle and threatened He Chenguang, but it had no useful effect.

"I advise you to stop immediately and don't waste time here. I have already seen through your thoughts."

After hearing what Hassan said, Efit also knew that he was now incompetent and furious, and he did not dare to do anything to him.

"Pooh!"

Efit spit on the ground to show his disdain for Hassan.

At this time, Hassan's men who were sleeping in the house also rushed out.

Qin Yuan was still hiding in the dark. He thought that now was not a good time to take action. He could only come out after the gun was taken off He Chenguang's head.

Efit walked towards the cab of the car step by step.

Hassan couldn't bear it anymore, he immediately pushed He Chenguang aside, pulled out the rescue device and pointed it at Efit's head.

He changed his target.

Efit watched as Hassan took the gun and pointed it at him.

"You are so stupid!"

Jason and He Chenguang met together immediately.

Hassan's men, who had just rushed out of the house, were all sleepy and hurriedly pulled out their pistols and pointed them at them.

A war is about to break out.

Hassan also knew at this time that Qin Yuan was hiding in the dark, and it was time to call him out.

"Qin Yuan, I know you are hiding now, now that we both know the other party's purpose clearly.

It's useless for you to hide, He Chenguang, he ran out too, but he still came out dejected.

If you are willing to cooperate with me, we can leave here now.

I know you don't want to be locked up here. "

When Hassan saw that his plan was failing, he began to use psychological tactics.

Qin Yuan was hiding in the distance, and he also had a pistol in his hand. This was the small pistol that Fan Tianlei had given to Chen Jixiang.

This pocket pistol is Qin Yuan, the magic weapon for him to win tonight.

When he and Chen Jixiang separated, he gave Chen Jixiang a mobile phone that could communicate with the outside world, fearing that Chen Jixiang would not be able to contact He Chenguang and the others.

Chen Jixiang secretly snatched the small hand and left it with Qin Yuan. He took Qin Yuan's pistol.

Qin Yuan in the darkness was like a lone brave man in the darkness. He gently loaded the small pistol.

He also knew in his heart that he really shouldn't delay it any longer.

Whether you win or lose today, you have to make a decision.

There is no point in wasting time here.

Moreover, since he couldn't contact Fan Tianlei for such a long time, he must have been anxious.

If he makes a wrong decision in a hurry, it will be irreversible.

Jason and He Chenguang stood side by side, back to back, because they were afraid that someone would shoot someone in the back.

Hassan would not do this, but it was difficult to guarantee whether any of his men would attack them.

Effit held his spare gun to his head. He now had an indescribable feeling in his heart. He was also very nervous and anxious, but he couldn't show his timidity.

"Qin Yuan, I have to say, you are really a very stubborn person. Even now that you are in this situation, you still don't plan to come out, do you?"

Qin Yuan must stick to his true inner thoughts now. If he acts out impulsively, he will fall into a trap.

He Chenguang said to Jason.

"This guy Qin Yuan started his own plan without consulting us. He must want to sneak attack from behind."

"He should know that there is a tacit understanding between us, so he dared to do this.

This just shows that Qin Yuan has this tacit trust between us.

He believed that we could help him without any discussion. "

He Chenguang also nodded. Thinking of this, he seemed to feel a sense of accomplishment.

"Since this is the case, we must not let him down."

He Chenguang put his hand into his arms. For a very experienced person, his action was obviously that of holding a gun.

Hassan saw He Chenguang's action and immediately became vigilant.

He Chenguang was just trying to scare them. He had nothing inside, just a small scalpel.

Qin Yuan watched their situation from a distance.

"He Chenguang, take your hands out for me. What's in your arms?"

He Chenguang sneered. He had to pretend to have a gun in his hand so that the other party would be afraid.

"We are all veterans who have experienced hundreds of battles. You should know what my action means. Don't think that we don't have the leverage and means to escape at night.

If we didn't have anything on us, would we dare to provoke you openly? "

Hassan was also tired now because he had been tortured too much. He immediately became a little suspicious when he heard this.

"It shouldn't be possible. It shouldn't be possible for you to have guns in your hands."

"Should? In this situation, you need to have a definite answer."

Jason looked at He Chenguang and couldn't help but laugh.

This guy is not only an excellent special forces soldier, but he also seems to be an excellent actor.

He can tell things that don't exist at all, as if they are true.

Qin Yuan was hiding in the dark, and he was ready to attack Hassan from behind.

The first thing to deal with was He Chenguang and the few Hassan's men in front of them. They pointed guns at Jason and He Chenguang. If he took action rashly, they would be the first to discover them.

Qin Yuan had an idea and picked up a stone from the ground.

While no one was paying attention, he threw it upstairs with all his strength.

There was movement upstairs as the stone struck.

Hassan's men immediately raised their guns instinctively and pointed them at the stairs.

Seeing that the situation is not good, it is almost time.

Qin Yuan rushed out in one stride, using up all his strength, he immediately reached behind Hassan at high speed.

He punched Hassan ***** the head.

He felt this punch himself, as if he had to exert all his strength to ***** milk.

When Efit saw this situation, he immediately took the gun away from Hassan's hand.

When He Chenguang and Jason took advantage of Hassan and his subordinates to look up at the stairs, they also rushed forward, each of them controlling one of their subordinates.

Those people were already gasping for air as he grabbed their necks so hard.

Seeing that all of them were under control, the most important thing was to capture the thief first and capture the king first.

Hassan had been knocked unconscious by them, and his men were unable to fight back.

Efit took the gun from Hassan's hand, and he now felt that he was about to succeed.

Qin Yuan looked at Efit holding Hassan's gun and knew that this guy must have evil intentions.

If he finds a chance to fight back, Qin Yuan, even if they fall short tonight, Efit will definitely drive away by himself and not take them with him.

Seeing Hassan fainted, Efit took out the pocket pistol from his pocket.

Quietly, he aimed at He Chenguang's waist.

"Qin Yuan, what are you doing?

Didn't we agree that we would leave here together today? Are you trying to regret it? "

"Efit, you are holding Hassan's pistol in your hand, which one of us is going to return? If I hadn't reacted quickly, our situations would have been reversed today.

It was you who pointed the gun at my head. "

Efit also wanted to play tricks.

"Qin Yuan, please stop scaring me. How could you still have a pistol in your hand? When you were on the boat, you threatened me with a military dagger."

"I just like to keep half and hide half. I won't show you all my strength. If you don't believe it, you can move and I will kill you now."

As for He Chenguang and Jason, they have completely eliminated Hassan's men.

He tightened their necks and hit their heads so hard that they all fainted.

After solving their problem, He Chenguang and Jason came to Qin Yuan and Efite one after another, watching the two of them begin to have internal conflicts.

Jason said helplessly.

"I've told you before, this guy Efit is not trustworthy at all, and he will deal with us when he finds an opportunity.

However, Effit, you should also be smarter and see the current situation clearly.

It's three of us, dealing with you alone. "

Qin Yuan knew that there were so many people on their side that it would be nothing to deal with one Efite. He was so worried that even Efite would point his gun at him.

He Chenguang sighed.

"I advise you two to put aside your conflicts for the time being. It would be better for us to leave here together. Efit, we have worked hard and finally solved Hassan's problem. They are just fainting now, not dead.

If you two are wasting time in a while, they will all wake up, and we won't be able to leave here easily. "

"I really didn't expect that this guy Qin Yuan could react so quickly.

When I first got the gun, they controlled me. It's all because I'm old and don't have time to exercise. My physical fitness is no longer comparable to Qin Yuan's. "

"Stop saying these are useless, give me the gun quickly.

I can take you out. "

"Yes, Efit, don't forget, we are now in a primitive forest in the wilderness, and there is no navigation or map.

You can't go out alone. Take a closer look to see how much fuel is left in the vehicle. "

After listening to Jason's words, Effit used his peripheral vision to look at the central control room of the vehicle. Sure enough, there was not much fuel left, and he could only drive a few dozen kilometers.

The remaining dozens of kilometers of fuel must not be wasted.

As long as they make full use of it, they should be able to get out of this forest.

If you get lost in the forest, the remaining fuel will definitely not be enough.

"Hassan is so cunning. They were able to find their way back, so they had just the right amount of oil in the car. If we got the car and got lost, we probably wouldn't be able to get out."

Speaking of this, Qin Yuan began to admire Hassan's careful thinking.

However, he ignored Qin Yuan, the person with cheats.

Efite held it in for a long time and slowly said something.

"If I let Qin Yuan drive, can you guarantee that you will use the little remaining fuel to take us out?"

"You still don't believe me. I have told you many times that I am the only one who can take you out without navigation and maps. This is my instinct."

Everyone knows that the remaining fuel is not enough to support a long journey.

Efit looked at Qin Yuan and felt that he didn't seem to be lying.

"Okay then, I'll believe you again."

"If you choose to believe me, you should show some sincerity and quickly take off Hassan's pistol from your hand."

Efit didn't want to give it to Qin Yuan, so he threw the pistol away far away.

In the dark night, I threw it into the woods and couldn't find it.

After finishing speaking, Efit raised his hands above his head in a gesture of surrender.

"I have listened to you, I have thrown you out, and now you are all safe.

Qin Yuan, hurry up and put down the pistol in your hand. "

Qin Yuan was now very proud because Efit had completely fallen into their scheme.

This guy, who usually seems very smart, may be mentally and physically exhausted from the recent torture, so why is he acting a little stupid?

Jason was relieved when he saw Efit throw the gun out.

Smiling, he walked to Qin Yuan's side.

"Qin Yuan, it's time for us to get in the car."

"Yes, I think so too. We have to leave here before dawn and go for help quickly. Norman Karim asked him to find the people above to release all your men.

We leave Hassan here, they won't be able to leave for a while. "

"Qin Yuan, you were so harsh just now. Did you knock him out or beat him to death?"

"He Chenguang, do you really think I have the strength to punch someone to death? He should have just fainted."

Chapter 2029: Fierce battle for vehicles

After listening to Qin Yuan's words, even He Chenguang himself found it a bit funny.

However, this possibility cannot be ruled out. Qin Yuan's hitting power is really too great. Based on Qin Yuan's hitting power, it is not impossible to kill him with Yiquan.

He Chenguang was still worried. He walked to Hassan's house and put his hand near his nose to test whether he was still breathing.

Jason also felt a little incredible.

"This is unlikely. He Chenguang, don't worry so much. I think they deserve their punishment. Even if they die, what will happen?"

Effit said slyly from the side.

"Don't say that. For people on our road, we don't think anything will happen if we just kill someone casually.

Qin Yuan is different. He is a person sent by the special forces of country H. If he accidentally kills someone now, he will have to be investigated when he returns. It is not as simple as we imagined. "

Jason thought about it carefully and felt that what Effit said this time made sense.

"I almost forgot about this. If you really kill Hassan, you will be in trouble."

Qin Yuan didn't think it was serious at first, but seeing what they said seemed to be serious.

He himself began to have doubts. He usually got the top spot in every boxing or strength training session in the army.

I was so impulsive just now, and coupled with such a huge impact, I might really beat him to death.

"You guys have said that I'm a little worried now.

It is indeed Hassan's fault for locking us here, but if we really laughed at him and killed him, we would need to be investigated if we went back.

The problem is, he doesn't have any bad ideas.

He just wants to threaten us and do something he doesn't want to do.

Thinking of this, I also think that he is the least likely to die.

Let me take a look first to see if it is convenient to kill Hassan. "

Efit saw Qin Yuan also walking carefully to Hassan's side, squatted down and touched his aorta with his hand.

Qin Yuan let out a long sigh.

"Fortunately, you guys scared me so much that I didn't know what to do.

There is still a pulse in his aorta, so he should be fine. He was just knocked unconscious by my punch.

You guys, please stop scaring me.

It really scared me just now. If he died in my hands today, I would definitely not be able to carry him around.

No matter how we fight back, we just can't harm their lives. This is our most basic principle as a member of the special forces. "

He Chenguang shook his head helplessly.

“Sometimes I really feel it’s unfair.

Criminals can kill us casually, but what about us? Every time you counterattack, you have to consider whether the attack is too heavy and will really hurt them.

What if this is the case? Just because we are brothers who care most about how much we have sacrificed by being with these criminals, they have never calculated it.

On the contrary, when we want to avenge our brothers, it turns into avenging private revenge.

This is really unfair to us. "

Thinking of this, Qin Yuan felt that it was not very fair. However, no matter what, they were all members of the special forces. Fan Tianlei had always taught them this way.

Efit saw Qin Yuan and He Chenguang squatting on the ground surrounding Hassan.

He took advantage of it and got directly into the cab.

Get ready to start the vehicle.

After all, Efit had stayed in Pakistan for such a long time. The direction of the vehicle cabs here was opposite to the normal direction. They had to get used to it if they wanted to drive.

Efit still has some experience.

He was not an idiot and had already observed how Hassan's car started.

When they saw him running into the car, everyone felt that something was wrong. This guy must have wanted to escape first. Efit started the car and caught everyone off guard.

He Chenguang shouted.

"Don't leave!"

When Qin Yuan looked up and saw Efit, he was already preparing to start the vehicle.

"I knew this guy was going to burn bridges."

Efit ignored them while starting the vehicle. Based on his own experience, he directly started the vehicle by short-circuiting the circuit three times or twice.

Seeing that the car had started, Efit was no longer afraid.

"You are right, I am just going to burn bridges across rivers.

Just stay here with Hassan honestly. I won't delay here with you any longer. I have more important things to do. "

Obviously, Jason was not surprised at all by what incredible things this guy Efit did.

Because he is usually such a person, and he can't tell lies when he talks about it.

He Chenguang was very uneasy.

"Everyone has already agreed, how can you leave us alone? Don't go too far.

And, you're driving a vehicle, do you think you can find your way out? Don't forget that there is only a little oil left in this or that vehicle.

If you can't find it directly, you will be trapped in this forest and no one can help you. None of us can get out. Don't be the black sheep among us. "

Efit didn't think so. He felt that he had completely mastered the route.

"Whether I find it or not is my business.

Anyway, I can't take you with me. You stupid guys, who made you believe me so much for no reason. "

Qin Yuan stood there and looked at him without being excited at all, because he had already been mentally prepared to deal with Efit for such a long time.

Qin Yuan knows better than anyone what kind of shameless villain Efit is.

"How can you still be so calm?

Qin Yuan hurriedly chased him. This guy drove away. What should we do?

You just beat Hassan. If you leave us here, Hassan will definitely not let us go. "

Qin Yuan knew what the environment was like here. Even if Efit drove a vehicle, he would not be able to run far.

Since Efit didn't know much about the driving skills of this kind of vehicle, he couldn't get out of the woods even though he drove around in the car.

Qin Yuan, while no one was paying attention, he ran a few times quickly.

Then, he lunged forward and jumped directly to the top of Hassan's vehicle.

Efit drove the car and saw Qin Yuan running to his car. He wanted to speed up and throw Qin Yuan out first.

Qin Yuan pulled the handle of the vehicle fiercely. This was something he had trained for countless times. He was not afraid at all, nor worried about facing this kind of speed. Qin Yuan was already used to it.

Originally, Qin Yuan planned to quarrel with Efit for a while, but now it seems that there is no need for it, because the car is running out of gas.

Qin Yuan thought in his heart that he must deal with this guy quickly before talking.

So, Qin Yuan carefully ran to the cab, opened the door and prepared to take Efit out of the car.

Jason and He Chenguang could just watch from the sidelines. They had never experienced such a scene.

"Qin Yuan, be careful. Efit is very cunning. Be careful if he hits you with his vehicle."

Qin Yuan had no time to reply to the two good brothers who were worried about him. He just wanted to take the vehicle out of Efit's hands first.

Besides, it's all because I was a little too careless just now, allowing this guy Efit to take advantage of the loophole.

Although he couldn't get out even if he drove the car, the vehicle didn't have much gas left. If it was wasted, they wouldn't be able to get out today even if they knew the route.

Efit saw Qin Yuan, this guy was really difficult to deal with.

"You are really haunted. Get down quickly. I don't want to hurt your life. Let's stop wasting time."

"If you can hurt me even a little bit today, you are considered powerful."

Efit said disdainfully.

"Really? Then we'll see."

Efit couldn't care less. He stepped on the accelerator and turned the steering wheel to the left, then turned the steering wheel to the right to make a sharp turn.

Even so, he couldn't shake Qin Yuan's stable position in his car at all.

Efit himself is a little desperate now.

Qin Yuan thought that he must break down psychologically.

"I'll give you another chance. If you stop the car now, we can take you out with us."

"You give me a chance?"

Qin Yuan, I think you take yourself too seriously. Don't forget that the car is in my hands now.

If you're good, please beg me, and maybe I'll take you out.

It's definitely impossible for me to take you out with your attitude now. I'll leave you when I find a place soon.

What do you think will happen to you if Hassan wakes up?

I'm anxious to go out now because I really have my own things to do. "

Qin Yuan thought that time was almost up now, and he didn't want to waste any more time on this guy Efit. The most important thing was not to waste the gas in the car.

"In that case, don't blame me for being rude to you."

Qin Yuan opened the car door and took out the small military dagger from his pocket.

Efit looked at the road ahead and did not dare to look back.

The road in this mountain is inherently rugged, and if you're not careful, you'll plunge into an abyss.

Qin Yuan was not so cruel at first, but he thought of Efit, a guy who broke his word.

He was so angry that since he couldn't be pulled out of the car, he could only use this stimulation method.

Qin Yuan used all his strength to stab Efit's arm with the military dagger.

"Oops! Damn it, Qin Yuan, you're so scared to death of me!

Didn't you just say that people from your special forces can't kill people at will? Why do you want to kill me while I am unfamiliar with this place? "

"I don't have time to ink with you here."

Qin Yuan, taking advantage of Efit's pain, prepared to pull him out of the car first.

Efit, this guy, is quite capable of resisting blows. His arm has been stabbed hard. He endured the pain and still held the steering wheel firmly.

"Okay, I didn't expect you to be able to control the steering wheel even though you were injured, so don't blame me for being rude."

Efit knew that Qin Yuan would definitely not kill him, so he was willing to risk everything today.

"Either you kill me today, or you let me drive the car out. Anyway, I have no other choice."

Qin Yuan, in fact, he didn't want to kill Efit.

"Then I can only apologize."

Qin Yuan pressed Efit's wound with his own hand and pressed it hard with his thumb.

I saw bright blood oozing out of Efit's wound, and Qin Yuan could already feel his fingers digging into the flesh along the wound.

Even he himself had some sympathy for the pain of Efit, his enemy.

Efit was grinning in pain, his face had turned pale, and his lips were turning purple.

"What are you doing?"

"If I can't leave here today, then I can only endure things that are a hundred times more painful than what I am experiencing today."

Although Qin Yuan is very powerful, he is a soft-hearted person.

Seeing Efit like this, he actually felt some sympathy.

"No, it absolutely cannot be like this. If I can't have any sympathy for you or the enemy, it would be cruel to myself."

Efit's head was now covered with big beads of sweat, and the severe pain made it impossible for him to hold on. Qin Yuan had no idea of letting go.

Seeing that he was in so much pain now that he was hallucinating.

Efit stepped on the brakes suddenly.

Due to the effect of inertia, Qin Yuan pressed Efit's wound on the roof of the car, and he was almost thrown out by this inertia.

After seeing Efit stop the car, Qin Yuan also jumped off the roof of the car.

"Come down."

Immediately afterwards, Qin Yuan pulled Efit out of the cab.

Efit thought that what he did today would definitely disappoint Qin Yuan, and it was normal for Qin Yuan to leave him in this wilderness.

Qin Yuan actually had this thought in his heart, but it was too painful for him to look at Efit, and he couldn't bear it.

Two people were fighting in his heart.

One of them thought that he should just throw Efit out here in the wilderness and let him fend for himself.

If there were other wild beasts in the woods, they would definitely come here smelling the blood on his body. It seemed that he would definitely not be able to escape the fate of being eaten by wild beasts.

Qin Yuan thought that this scene was a little too **** and cruel, and he could no longer continue imagining it.

In the end, kindness defeated reason.

Qin Yuan directly opened the door at the back of the vehicle and threw the injured Efit into the car without saying a word.

"I know you are a poisonous snake, but I can't help you.

If I leave you here today, do you think the smell of blood from the wounds on your body will attract wild beasts?

Chapter 2030: You are always too soft-hearted

Efit's heart suddenly had mixed emotions, and she felt an indescribable feeling.

"In this wilderness, if you really leave me behind, there is no need for you to do it yourself. The beasts outside will definitely eat me.

When the time comes, I will be dead, and you will have one less competitor, right? "

Qin Yuan ran into the cab himself.

As soon as he sat down, he paused and said.

"Don't take yourself too seriously, I've already said everything I told you just now.

This is in the wilderness. If I really throw you here, it will definitely attract wild beasts and you will be eaten by wild beasts.

Because the wounds on your body were caused by me, do you think I am an indirect murder?

I don't want to bear such a crime on myself, so if I save you today, I am also saving my own conscience. "

Efit was completely speechless now. He knew that there were many reasons why Qin Yuan did this.

"Don't pretend to be righteous for me here.

It doesn't matter if I am eaten by a wild beast or if I lose too much blood and die here.

It's because I am inferior to others and I have never beaten you that I ended up like this.

I have nothing to complain about. If you really don't want to take me, you can just throw me out of the car and I won't say anything.

I am the king and loser because of myself, and it has nothing to do with you.

Now it seems like you are giving me a cold meal. When the time comes, don't come here and ask me to do anything under the guise of my savior.

It's impossible for me to help you.

Today it was you who took the initiative to save me, not me who begged you. Remember this. "

Qin Yuan shook his head helplessly while driving.

"Efit, when will you stop being so arrogant?

Even though I was very scared, I would leave you here, but I still had to pretend to be arrogant. Who did you show just now? This is not the you I knew before.

As for you, I know it very well before. No matter what kind of things you can do, as long as you are tough-talking, it means that you are starting to feel weak in your heart.

Even though we are rivals, you are not a good person either.

However, I think you should accept the punishment of the law instead of dying here in the wilderness.

I want to catch you with my own hands, not kill you.

I hope you figure out the cause and effect relationship between these two things.

Moreover, you are still carrying so many secrets, which is very important for us to catch the real culprit behind the scenes. What is going on with the underground arms trading system now?

Apart from Old K himself, you should be the one who knows best. I am also here to save you. There are many reasons.

Don't be too moved, I know you are actually very pitiful.

This is why you have been unwilling to let Jason go, because you finally have a good friend, but you can't watch him betray you with your own eyes.

You yourself will never be able to leave the organization, and you also want to drag others to perish with you. "

Qin Yuan and Efit may be old rivals. They both know each other too well.

Efit also knew that he was so seriously injured now that Qin Yuan would not throw him down and wait for him to fend for himself.

"I advise you to speak less. Your wounds are bleeding all the time because you are too excited.

I didn't strike so hard. When I stabbed you with the knife, I had already avoided the aorta. If you hadn't moved around on your own, I would have struck more accurately.

Who told you that you don't know what's good or bad at all? You insist on grabbing more vehicles from me. Now that it's better, you've wasted so much gas. I have to take you back. "

Jason and He Chenguang, who were standing there, saw Qin Yuan being pulled away by Efit in the car, and the two of them ran away without a trace.

Don't know when I can come back.

He Chenguang looked at Hassan lying on the ground, although Qin Yuan's attack was more serious.

However, Hassan is also an old man. He is still very experienced in protection and has a strong ability to withstand blows. He was lying on the ground fainting like this.

I don't know when I will wake up.

"Jason, it seems Qin Yuan doesn't know when he will come back."

"That won't work. We have to have some confidence in Qin Yuan."

"Then what are you going to do?"

"Hassan and his men are just lying on the ground like this. It's not safe for us. I think we should tie them up first. Then they won't be able to deal with us if they wake up later."

Jason nodded thinking it was a good idea.

"But we don't have any ropes, so how can we tie them up?"

He Chenguang thought about it for a while, and when he saw that each of them had a belt on them, he came up with an idea.

"Don't worry about it now, just use their belts to tie them up."

Jason smiled and said.

"He Chenguang, it turns out that I underestimated you here, it seems that you are really capable.

I think your intelligence is not as good as Qin Yuan's. "

He Chenguang still likes to hear this kind of words in his heart. He thinks that the gap between him and Qin Yuan is not big, just because Qin Yuan is more liked and valued by Fan Tianlei.

"Then let's not hesitate and act quickly.

If Qin Yuan drives the train back in a while, he may wake up these fainted people. "

Take action when you say it. Jason and He Chenguang, both of them are very fast. They each controlled Hassan and asked him not to move to prevent him from undoing the belt or waking up during the kidnapping process.

The other man quickly took off his belt and tied it to his hands.

"Fortunately, I ***** Hassan first, shot the man first, shot the horse first, and captured the thief first, the king.

We need to control Hassan first, so his men shouldn't be able to escape. "

After tying up all these people one after another, Jason and He Chenguang felt relieved.

"It's okay now. Don't worry about them waking up. We just wait for Qin Yuan."

Jason looked worried.

"Qin Yuan was taken away by Efit on the roof of the car alone. I know what he is capable of, but Efit is a very vicious person.

I'm really afraid of Qin Yuan. I don't feel at ease if his life is in danger. The two of us should have gone with him in the first place. "

After saying that, He Chenguang smiled.

"Jason, you really don't have to worry so much. As far as I know Qin Yuan, he is still very powerful. A mere Efit is nothing. He can deal with even two more people."

Jason thought He Chenguang was bragging.

Turning around, I saw lights on the road in the distance that seemed to have been turned on.

"Look!"

Looking from their doorway, it seems that there is really a light shining on the road.

These bright lights were like bright lights, illuminating the darkness and fear in Jason's heart.

“Qin Yuan must be back.

If Efit was still driving the vehicle, it would be impossible for them to come back. "

Jason was finally able to breathe a sigh of relief. He had always been very worried. Qin Yuan and Jason were afraid that they might feel sad because of a trivial matter.

When He Chenguang saw the two of them coming back successfully, he quickly hugged Jason excitedly.

"Let me just say Qin Yuan, this boy will definitely not disappoint us two. Sure enough, he has come back successfully. Then we can rest assured, otherwise we will always be very worried."

Qin Yuan drove the vehicle in front of them and gently pressed the brakes.

Qin Yuan stopped the car and rolled up the window.

"You are really good at kidnapping Hassan so quickly."

"No matter how powerful the two of us are, we can't compare to you. Your ability to **** the car back from Effit's hands really impresses us.

We were always worried here, afraid that you wouldn't be able to come back successfully, but now it's okay, and we feel relieved to see you like this. "

Qin Yuan smiled helplessly and said to everyone.

"Don't say that. In fact, I was able to take the car back only because I was cruel enough."

"What happened? Where is Efit?"

At this moment, Effit had fainted due to excessive bleeding.

Seeing that Effit was silent, Qin Yuan seemed to be a little worried. He was very afraid that he would be too cruel. If he really killed this guy, he might not be able to explain it clearly in the future.

"Efit is still behind."

"He's behind?"

After listening to Qin Yuan's words, Jason and He Chenguang looked at the seats behind them in surprise. Sure enough, there was a person lying on the back seat. If they took a closer look, it was Efit.

"Is he dead?"

"I'm not telling you, it's just the attack, it's too cruel.

If he dies here, we have no way to explain to Old K. Old K has such a character. He can treat his subordinates as hard as he wants.

However, if any outsider dares to hurt his subordinates, he will never give up. If we are really offended, he will definitely be angry with us.

What should we do? "

"Don't worry, I just scratched him with a knife and stabbed him.

There shouldn't be such a serious wound. Don't panic yet. He might have fainted due to excessive blood loss. "

"We don't have any first aid medicines around us now. If he really faints due to excessive blood loss, we have no way to save him."

He Chenguang was very anxious.

Jason didn't take it seriously. He also had some complaints against Qin Yuan.

"Qin Yuan, I think your biggest shortcoming is that you are too soft-hearted sometimes.

You shouldn't have saved Efit today. If you let him know today, do you know who you saved? He is a venomous snake and will not easily interact with such a hateful person like us. We should stay away from him.

Haven't you heard of so many fairy tales?

For people like him, we'd better stay as far away as possible. "

"Jason, I know you hate Effit very much, but his injuries were caused by me after all.

If I really throw him down and ignore him, then if one day he dies, I will feel very sorry. "

"Either I know that your shortcoming is that you are too soft-hearted. Otherwise, even if I see his life in danger, I will not care."

"Do you two really hate each other that much?"

Jason is a very typical person, a drop of kindness should be repaid by a spring of spring, and he agrees with this sentence very much.

Suppose that if someone treats him badly, he will retaliate twice as much in the future.

Seeing Efit fainting, Jason could no longer care about other people's choices. He opened the door of the back seat, pulled Efit's feet and prepared to drag him out.

Qin Yuan was shocked by Jason's move.

"What are you doing?"

"What?"

My behavior is already obvious, we should quickly leave him here with Hassan. If they are put together with one more person, our fuel consumption will also increase.

Obviously, this doesn't do us any good, and I'm not willing to let them stay here.

I think it's better not to say so much, help, pull him down, don't take him away from here, sooner or later you will regret it, don't think that you saved him, he is his savior in his heart. "

"I didn't expect him to repay me."

"Not only will he not repay you, he will continue to retaliate against you. You have seen him at his worst, and everything today is like this because of you.

Efit will not tell you so much. He will only try his best to get revenge on you. I advise you to ignore them as soon as possible.

This kind of person is not worth saving, so give up now. "

Jason said as he pulled Effie out.

Even He Chen Guangguang couldn't stand it anymore, although he also knew that Efit was not a good person. If they saved him today, he might be reviled one day.

"Jason, I think you should forget it. Since Qin Yuan has decided to rescue him, let's not worry about it so much."

While talking to them, everyone was also worried.

At this moment, Efit seemed to wake up a little from his daze.

He looked at Jason pulling his leg and knew what it meant.

"Do you just hate me so much? I'm already so seriously injured now, you don't even care about me."

"Efit, don't blame me for what I did today. I just want you to know what it means to bring it upon yourself!"

Qin Yuan took Jason's arm.

"Whether you want to say that I'm too soft-hearted or that I'm stupid.

We can't leave him here. He has so many scars on his body now, which will definitely attract some beasts to Hassan. They are still here, and we can't leave him for Hassan's sake.

Just listen to me for once and take him away. At least let him leave the woods before we talk. Otherwise, we can only bring harm to everyone now.

I know that Effit is a very annoying person, and I myself despise him, but I can't help him.

Now in my eyes, he is not a heinous person, he is just an ordinary person who is eagerly waiting for our rescue. "
