

Special Soldier 2031

Chapter 2031: Just throw it to him at the door of the hospital.

Qin Yuan has always been a person who has no regrets, no matter what decision he makes, or whether marriage is good or bad.

"I know you have always hated Efite, and I am the same as you.

He has always been against me, and I have never had any good impressions of him.

However, we cannot ignore death, especially when facing someone like him, because his wounds were caused by me, and if he really died, then I would be the culprit. "

He Chenguang looked at Qin Yuan, he knew what kind of person his good brother was.

"Okay, Jason, since Qin Yuan has rescued him, let's stop talking about this. It's too late to throw him away now anyway.

We might as well take him with us. If he really finds out his conscience one day, I believe he will give us help. "

Jason knew Effit very well. If his conscience found out about this man, the sun would rise from the west.

"It's because I understand very well what kind of person Efit is, so I am very opposed to you just letting him fend for himself here."

Everyone has been struggling here, whether to save Efit or not.

Just like Qin Yuan said, things have already happened, and there is no need for them to go back and worry about anything.

"Jason, let's take him with us first. We will return to the city later and throw him at the door of the hospital. We will leave him alone."

"Well, this is all your decision. Anyway, what I gave you was just some advice.

If you think something is inappropriate, I have nothing to say. Just do what you think. "

After getting Jason's acquiescence, Qin Yuan also became bolder.

He was very afraid of what Jason would do to Effit on the way back. If he killed him secretly, he would have to bear the blame.

"Then don't talk so much, let's get in the car first."

"Wait a minute, I see he's bleeding profusely. Help him stop the bleeding first, otherwise it might be useless to take him back."

While talking, several of them tore off a few pieces of cloth from their clothes.

"There is no suitable gauze, so let's use this thing to deal with it first.

I estimate that we should be able to return to the city in a while. "

"I have roughly calculated that we should be able to return to the city soon. You don't have to worry yet. Just listen to me and I won't let you all down."

Although He Chenguang and Jason didn't know how Qin Yuan could go in and out of the deep mountains and forests in this strange place without getting lost.

However, Qin Yuan gave them surprises not once or twice, let alone this time.

"The bleeding has stopped!"

"That's good, let's drive out of here now before Hassan and the others wake up."

He Chenguang and Qin Yuan got into the car respectively.

"By the way, you two should not sit in the passenger seat. You two should accompany Effit and sit in the back with him in the middle.

Prevent him from threatening you later when he wakes up. If there is only one person, what should you do if you are held hostage by him? "

He Chenguang was quite confident.

"It's okay, Qin Yuan.

I think you're just a little too worried.

Efit is not as powerful as you think. He is already injured. No matter how powerful he is, he cannot resist the pain of his wound.

Let Jason sit in the front passenger seat with you. He can also help you direct the route anytime and anywhere. "

Although Qin Yuan already has a one-click recovery system, which provides him with this kind of map support.

No one is needed to direct it, but after thinking about it for a long time, I thought it would be better this way, and it was a bit too crowded in the back.

"Okay, Jason, just sit with me in the front. He Chenguang and Efitt sit in the back of the vehicle. This is also very convenient for us.

After a while, when we arrived at the entrance of the hospital, we opened the door directly and stepped him out, so that we could leave quickly. It would not be very convenient to get out of the car if we let him sit in the middle. "

"That's what I mean."

Several of them also wanted to leave here as soon as possible, but after waiting for a long time, they had just gotten into the car. The kidnapped Hassan opened his eyes all of a sudden. He was suddenly awakened.

Hassan opened his eyes and found that he was kidnapped. Now he was furious.

"Qin Yuan, I want to cooperate with you with good intentions. What are you doing?"

"I think you should stop talking so much. If you struggle, we will be even less likely to let you go. I don't want to cooperate with you. This is my attitude.

Hassan, open your eyes and see if all the people around you have fainted. "

Hassan now regrets that he should not have underestimated the enemy.

He thought that by controlling Qin Yuan and the others here and preventing them from accessing vehicles and means of transportation to the outside, he would be able to win completely.

Who would have thought that Qin Yuan could be punched so hard.

"You guys are really going too far and never consider my feelings."

"As a kidnapper, you hold us all here and let us consider how you feel."

Hassan was now a little dizzy from being beaten by Qin Yuan. He was so confused that he didn't quite understand what he was talking about. This punch hit him ***** the head.

Hassan wanted to touch his head now, but he couldn't help it as his hands were tied.

"Even if you want to leave, you have to let me go first. It's easy to encounter wild animals in this wilderness, so you have to control me here.

If I encounter a wild beast, do you plan to let me fend for myself? "

Qin Yuan had already thought about this.

He pointed at the few people at the door of the unfinished building.

"Did you see that we have no control over your men? They are waiting outside. If you want to ask them to help you, you can untie them at any time.

We don't have anything to say. It's intentional now. We don't tie you together. You can untie each other.

I can't tell you too much. If you guys calm down later, I'm afraid we won't be able to leave today. "

After saying that, Qin Yuan rolled up the car window directly.

He stepped on the accelerator and sped out.

Hassan was still shouting desperately from behind.

"Qin Yuan, please help us untie it first. If you drive away, what will we do?

You are so ruthless and unjust. Fortunately, I still regard you as a partner that I can cooperate with. I didn't expect you to treat me like this.

This is who I am, you are either my friend or my enemy.

Now it seems that you don't intend to be friends with me, so we can only be enemies. We will settle this account carefully after I go back. "

At this moment, Qin Yuan had already driven far away in his car and could not hear Hassan's words at all.

Hassan knew it very well, but he had to say these words solely to vent his anger.

Seeing that his men didn't wake up at all, he was the only one who woke up temporarily.

Hassan felt particularly tired now, and he lay on the ground in despair.

He doesn't know how to leave here now, but one thing is certain: he has very little goodwill left for Qin Yuan.

Hassan gritted his teeth and muttered to himself viciously.

"Qin Yuan, you'd better not let me see you today. When I see you again in the future, we will definitely be enemies.

I wanted to cooperate with you with good intentions, but I didn't expect that you wouldn't appreciate it.

I can tell right now that your cooperation with Norman Karim will definitely not end well. If you can make half a penny cheaper by seeking skin from a tiger, you are considered powerful. "

Qin Yuan just drove the vehicle and left.

Jason, who was sitting next to him in the passenger seat, kept looking at Qin Yuan, as if he was driving the car without thinking at all, as if he was very familiar with this road.

Jason was also confused.

If it weren't for the good relationship between him and Qin Yuan, he would even suspect that Qin Yuan might be in the same group as Hassan and the others.

Otherwise, how should we explain that he is already familiar with this mountain road.

He Chenguang watched from behind, and he himself was stunned.

"Qin Yuan, you are so awesome that you don't even have to think about finding the route?"

"This is my innate ability. I have told you more than once."

"How come I didn't realize you had this ability when I was in country H?"

Qin Yuan sneered while driving.

"He Chenguang, I think there are too many things you don't know."

"By the way, before Effit wakes up, quickly check if there are any weapons in his pocket that can hurt anyone.

We must know everything inside and out, and we must not give him a chance to fight back.

Especially with you sitting in the back, He Chenguang, you are in very danger now. What should we do if he threatens you, so we should take precautions before they happen. "

He Chenguang nodded after listening to Jason's words.

"What you said, Jason, is very important and correct. We should really turn his body inside out first, and then we can't give him any chance."

As Qin Yuan drove the car, he stared at the center console of the vehicle, looking at how much fuel was left, and he also had to estimate when he would be able to get out of the woods.

Jason watched from the side and saw that there was not much fuel left, and he was also a little worried.

"Qin Yuan, none of us have been to this place before, and seeing you leaving here without any hesitation now, we are all a little worried.

I looked at the amount of gas left in the car, but there wasn't much left.

If we don't have enough gas in a while, how should we get out of here? "

"Jason, don't worry, I made a rough estimate and we should be there in about ten kilometers, if I drive carefully.

Don't brake haphazardly, I believe this amount of oil should be enough to reach your destination.

At the very least, it can get us out of these woods. "

He Chenguang, while looking over Efite's body, also began to worry about the other Hassan.

"Now that we are leaving with our heads held high, what if Hassan and the others want to go back?

You also have to consider this aspect. If he really has any shortcomings, wouldn't you have offended the country of Pakistan? "

"Offended? We have offended too many people since we came out. Do we still care about him?"

Qin Yuan said this out of help, what could he do? Facing Noman Karim and Hassan.

He had to make his own choice. According to his own arrangements for this matter, it was obvious to Qin Yuan that he did not choose Hassan.

On a dark night, these people were inside a broken car.

Walking on rugged and bumpy mountain roads.

"I'm really curious about how this guy Hassan found this place. Even though this unfinished building is very hidden, he was able to bring us here.

This is enough to show that this is a place he often comes to. "

He Chenguang's stomach seemed to growl as he spoke.

This was heard by Qin Yuan and Jason, and they also began to laugh at He Chenguang.

"You two, stop laughing at me, aren't you two hungry?"

We haven't eaten since yesterday morning. "

Only then did Qin Yuan remember that, by the way, there should be some food in Hassan's trunk, but it was just some bread, water and ham sausage.

You should at least eat some first. After such a long time of tossing, I really have no energy at all.

Even I have no energy.

I don't even know where the strength to punch Hassan came from.

He Chenguang was very hungry now. Anyway, it was better to have something to eat than nothing. He turned around and fumbled around in the trunk.

They heard the clattering plastic sound, which should be the bread they were looking for.

He Chenguang took out all the plastic bags from the back. Inside were some bread, ham sausage and water.

"Although these things look unappetizing, it's good that we can eat them now. If we are hungry, we will have no strength at all and may not be able to go out."

"It would be nice if there were instant noodles."

"Instant noodles? I think you guys are just too whimsical. This only has bread, so why not open a bag of bread and eat it with some ham in it. Make a simple version of the sandwich yourself."

"Then give me one quickly. I don't even have the strength to drive."

Qin Yuan said as he drove, reaching his hand behind.

"Wait a minute, let me help you unpack it first."

He Chenguang opened the package of a ham sausage and put it in Qin Yuan's hand.

After all, ham sausage has the smell of meat. After smelling it, everyone suddenly felt even more hungry.

Jason also turned his head.

"Get some for me too."

"When you guys were in the unfinished building just now, Hassan asked you to eat bread, but you didn't eat it. Now you have nothing to eat and you are all feeling hungry. Let's deal with it first.

When we return to the city, we must find a place to have a good meal and comfort ourselves. "

Chapter 2032: Look for the cash on him

He Chenguang is quite good at thinking about beautiful things. He is also thinking about finding a good place to have a big meal after going back. It is really too whimsical.

Now it would be nice for them to have a place to stay.

Don't look at Qin Yuan, he is relieved now.

But as time passed, he was still a little confused. According to this situation, he really didn't know how to solve it.

"Jason, please check how Effit is doing. I will be arriving at the appointed place soon. Please help me check how he is doing. We can't be too anxious now.

I've told them many times before.

Judging from the current situation, Effit is indeed not a good choice.

He is already injured. It would be too impersonal if we ignore him, but if we take good care of him, we may not have such time. "

Jason must be very unhappy with Effit.

"Qin Yuan, you should know my attitude towards him. I have nothing to say, let alone understand him. This kind of person is ***** in my eyes.

I have thought about it very well. If I can put it in the hospital, I don't care. If I really throw it away, I don't care either.

Effit is a man of many evil deeds, and he always wants to embarrass me and my daughter.

It's too late for me to hate him now, so let me save him with dignity.

To be honest, I really can't do it. If it weren't for you, I would definitely die today, and I can't wait to get another stab. "

Jason was telling the truth at this critical juncture.

"Jason, I don't blame you. In fact, if you really hate me, you can say it outright without holding it in your heart. I know I shouldn't be merciful."

"That's not what I meant, I just think these people are going too far.

If we let them continue like this, it will only get worse. Do you understand what I mean? We cannot let them take hold of us casually. "

"Efit, he is about to faint now, I am walking towards the hospital.

He Chenguang, take a look at his wound. Don't let him faint. At least don't let him die. If he is going to die in our hands, Old K will definitely deal with us.

We must take this into consideration. It's not that I'm afraid of Old K.

I'm just very worried about Efite and his current situation.

The fight between Old K and Norman Karim should not involve us.

We have our own mission here this time, and Fan Tianlei will definitely scold us if we fail to complete this mission.

I, Qin Yuan, never fight a battle without certainty. The fact that I was able to successfully ***** Hassan's car back today was only possible through our perfect planning. "

He Chenguang was behind, nodding while eating ham sausage.

"Yeah, I have never doubted this. I have known Qin Yuan for so many years, and there is a reason for whatever he asks us to do.

Today, under his arrangement, we successfully escaped from that unfinished building.

This is the place where we have the most success today. We must find a place to celebrate it later. "

Qin Yuan suddenly felt speechless. How could He Chenguang know how to celebrate all day long?

"Let's not talk about the celebration first and go to the hospital first."

"Yes, yes, we have to go to the hospital first, at least leave Efite there, but I thought of another problem, we don't have any money on us.

If you put Efite in the hospital, will the person treating him take care of him? "

To be honest, Qin Yuan has never thought about this problem, because in H country, this problem does not exist at all. As long as someone is injured on the roadside, even passers-by will save him.

But it is different in Pakistan.

The people here are very impersonal and everyone is in danger.

The most important thing is that they have no money at all. Without money, they can't do anything, even if they have good intentions, there is nothing they can do.

"Forget it, let's throw him at the door of the hospital. If someone can really save him, it will be considered a blessing for him.

Jason, this counts as letting him fend for himself as you said. "

Jason was not actually angry. He knew that Qin Yuan had no choice but to do this and no one had a choice.

"Qin Yuan, you don't have to consider my mood or what I'm thinking. We are all helpless. We can only find ways to solve these problems by ourselves.

Now I have figured out what we should do.

Just like you said, just throw Effit on the street and let him fend for himself when the time comes. We don't care! "

While Qin Yuan was driving, he was still looking for Chen Jixiang. The traces of this boy had been separated for more than a day.

I don't know if this kid will be anxious to seek medical treatment. If he is captured by Norman Karim, it will be a bad thing.

Qin Yuan drove in the direction of the hospital, and he didn't make a wrong step.

He Chenguang and Jason were also puzzled. No matter how powerful Qin Yuan was, it was impossible for him to drive in a strange place as familiar as his own home.

Even in country H, sometimes you need navigation when driving.

Unless you have been a veteran driver for many years, you can do it.

As for Qin Yuan, being able to achieve such a situation simply surprised these people.

He Chenguang and Jason stared at Qin Yuan with very surprised eyes.

At this moment, the two of them no longer knew whether Qin Yuan was a visitor from outside or whether he had a cheat.

Jason said to Qin Yuan cautiously.

"Why are you so familiar with Pakistan? You walk every street correctly, and you never take a detour. It's like you have an automatic navigation system in your head.

If you can accurately find the way back in the woods, we are considered normal.

You may have super-sensory abilities.

However, for a place you have never been to, it is really surprising to us that you can find the location so accurately. Is this... difficult for you..."

He Chenguang also echoed the question.

"Yes, I think what Jason said makes sense, and you seem to know every street light sign. Don't you speak Pakistani language?

When you were on the shore, you summoned Hassan in their language. This is enough to explain a big problem. What is going on with you? "

Qin Yuan thought that he had to change the subject quickly and could not tell them his true situation.

"Don't worry, listen to me slowly tell you that this is all due to personal talent, and don't think so much."

"Talent? You call this talent?"

"Of course! As a special forces soldier, this is the talent we have to do. You also have to think carefully about why you don't have this talent and whether there is something wrong with you."

When Qin Yuan said this, he also felt a little guilty.

He Chenguang was confused by this question, and he didn't know how to answer it now.

"Okay, if you want to say it's Tianfu, then we have nothing to refute.

I really don't have this kind of talent. I have to ask Fan Tianlei when I go back.

We were all trained by him together, why are you so much better than me? "

Jason laughed beside him.

"If you ask Fan Tianlei that, he will definitely answer you very angry.

Think carefully about your own problems and whether you have worked hard.

Why, Qin Yuan, who also received training, is so much better than you. "

At this time, they were all still in the mood to joke, and the car was filled with their laughter.

Efit seemed to have slowly stopped bleeding and was able to recover a little. He just opened his eyes hazily.

"Where are we?"

"Of course you are on the way. We will send you to the hospital soon. Don't think so much. You are safe. If we wanted to kill you, we would have done nothing to save you today, and we did not do that. "

Efit covered his wound, his lips turning white and showing no strength at all.

"Qin Yuan, sometimes I really admire you. If it were me today, I would not save you, and I would even do a last-ditch attack."

"This is the gap between you and me. Even if we have more conflicts, I will not make fun of my life.

Everyone's life is precious. Even if you are an orphan and no one cares about you, you should cherish your own life. "

Qin Yuan's words indeed spoke to Efit's heart.

"No one has ever said such words to me since I was a child. Today is the first time I heard such heart-warming words, and it is really ridiculous that I heard them from the mouth of my enemy.

If you are so kind to me, I don't know how to repay you.

I'm thinking about telling you a secret. "

When He Chenguang heard Efit say this, he immediately became nervous.

He squeezed Efit's thigh and exerted all his strength.

Efit also felt threatened by He Chenguang, because he was not only squeezing his thigh, but more importantly, he was holding a scalpel on his neck and gesturing at the back.

"Why don't you speak?

What secret are you going to tell me? Why did you shut your mouth before I heard you? "

Efit doesn't dare to talk nonsense now. In fact, he really wants to tell Qin Yuan about He Chenguang.

However, in order to save his life, Effit did not dare to speak nonsense now. If he was not careful, his throat would be cut by He Chenguang's scalpel.

"nothing.

It suddenly occurred to me that I can't tell you anymore. I can't say anything until we get something done. If you just throw me away by then, I won't even be alive.

This is people's desire to survive. I hope you can understand it. "

Although Qin Yuan now expressed some doubts.

However, after seeing Efite's behavior, he felt that it was normal. People like Efite were very perverted and could do anything.

"I have nothing to say, I will definitely save you, you can rest assured of this.

Of course I'm not trying to make you feel, nor am I trying to use you as an excuse. Maybe I've been with you for too long and we both have some feelings for each other. "

Efit also laughed when he heard this.

"The two of us are destined to never be friends. I already hate you to the core, and I believe you hate me too.

It is precisely because of this that I feel very touched by your righteousness today.

You heard me right, I was very touched.

Jason and I grew up together. I have never said this to anyone. I believe Jason will be surprised when he hears it. "

Jason was sitting in the passenger seat, and there was an unreadable expression next to him.

"He Chenguang, you'd better cover his mouth and stop letting him talk nonsense."

"Let him say what he wants to express. Otherwise, if he really has something to say and can't say it, you will have to blame me for covering his mouth."

He Chenguang actually meant something in his words. Everyone was joking at the time, but Efite was the only one who understood the meaning behind his words.

"I know what to say and what not to say, and that's all that matters."

Qin Yuan looked at the oil gauge and saw that he would be almost out of oil soon.

Fortunately, they had already reached the vicinity of the hospital.

As soon as I reached the hospital, the car suddenly stopped.

"What's wrong? It must have broken down."

Qin Yuan sighed helplessly.

"It's not easy to hold on to this car until now. I haven't wasted a step. I drove it in the most fuel-efficient way for so long. Now I can't hold on. It's enough."

"But we haven't reached the hospital yet?"

"The hospital is only about two or three hundred meters away from here. Let's get out of the car first and carry Efit down."

"He fainted again.

I guess he fainted because he didn't eat for a long time and lost too much blood. It seemed that we had to send him to the door of the hospital. This was destined. "

"He has been in Pakistan much longer than we have. He should have some money inside, so he took it out to see how much he has."

He Chenguang had this intention.

"I was thinking about it before. I guessed that this guy must have money. We were in such a hurry that we forgot to take the money.

I don't have much money in total. I originally wanted to have a big meal, but now I can only get it from Efit.

Efit, don't blame us for taking all your money. If you want to blame us, blame yourself for being so useless and why you were injured. "

He Chenguang started rummaging in Efit's pocket as he spoke.

Soon, I found two wads of money.

"We don't know much about the level of shopping in Pakistan. I only know that they can only use cash here and cannot use mobile phones to pay.

In fact, in a certain sense, they are still very poor and backward.

The more backward a place is, the more evil it breeds. "

Chapter 2033: Found a beautiful woman and borrowed her mobile phone

He Chenguang found a large amount of cash from Efit's body, and he wanted to put all the money in his pocket.

While driving, Qin Yuan stared at He Chenguang and quickly stopped him when he saw this behavior.

"He Chenguang, you can't take all the money away, so leave some for him. We are not bandits or robbers. We can't do it so cruelly."

"Qin Yuan, please stop being kind here.

If it were us who were in trouble, Effit would not necessarily save us. It would be a great mercy for us to be able to save him.

What does it mean to take some money?

We are performing a mission outside, and it is not too much to think and act a little bit over the line.

Fan Tianlei won't know, and even if he knows, he won't accuse us. What's more, this is not in Country H at all, but in Country Pakistan.

There is a saying that if the general is outside, military orders will be ignored.

This is the situation we are in now. If it goes a little too far, it's okay. You should stop playing the Virgin. "

Jason was also very encouraging He Chenguang's behavior.

"Qin Yuan, don't worry so much. Even if Effit is down and out, he can still find people in the organization with him at any time.

He has many tricks up his sleeve, and he can't possibly put all the money on himself, so you don't have to worry about him so much.

Someone will definitely take the initiative to contact him at night with the money. We will take it away and treat it as an emergency. "

Qin Yuan saw that both of them were doing this. He was embarrassed and could only stay silent to stop them. This was not in line with his own principles.

However, even principled people still have to drink water and eat. Now they only took a few bites of bread to satisfy their hunger, and everyone was so hungry that they had no energy left.

Plus, running out of the deep mountains and forests.

By now, they really need a lot of money, a good rest, a big meal, and a replenishing energy.

"Then I'll just pretend I didn't see it, I have to spend the money anyway.

Don't mention this matter to Fan Tianlei after you go back, otherwise, he will definitely end up with ink marks again. "

"I know, how could I take the initiative to mention this matter to him.

Fan Tianlei is a very principled person. If he knew that we were doing this, he would definitely not let it go. "

After such a long journey.

The car that was snatched from Hassan was indeed out of gas.

A sudden brake caused these people to stumble.

"I see that we are only about 100 meters away from the hospital now. Let's be careful and lift Efit down first.

While it's not completely bright yet, we can just put it at the hospital entrance and leave. We won't care about the rest, whatever happens. "

Qin Yuan looked at the situation next to him carefully.

He is very worried now. If someone encounters them, they will definitely find that Effit is in their hands, but they cannot let anyone know, otherwise it will cause trouble.

"Please keep your noises as low as possible.

I don't know if there are surveillance equipment near Pakistan. "

Jason smiled and said.

"Don't think of this as Country H. This is a very poor and backward country, and the system is also very chaotic.

Even if it is installed somewhere, the surveillance system will probably be dismantled and sold by everyone in less than a month.

It's impossible for people here to invest money in this area, so you don't have to worry. "

Qin Yuan felt a little scary for a moment.

"People say that poor mountains and harsh waters bring out unruly people, and this is the best proof.

If it were in our country, if anyone dared to use surveillance equipment casually, they would be sent to jail.

Now I really feel that I am living in country H and am a very happy person.

If I lived here, I would probably be driven crazy, just like Hassan. There are warning signs for people to go crazy.

It was Hassan who was driven crazy, and he was also driven crazy by the cannibalism in their country. Now for him, I have a little more sympathy. "

"It's not just sympathy.

In my case, I feel that no one can understand everything Hassan did, but the whole world is his enemy. If I were him, I would definitely join if I couldn't beat him.

Although everything he did was for the good of the country, no one supported him and everyone regarded it as an enemy. This is not a tragedy. "

In this way, the three people discussed for a long time but did not come to a definite result. Anyway, Efit must be sent to the door of the hospital.

"Efite didn't eat or drink for a whole day and a night. I didn't expect that he was still so heavy."

"Of course, he is injured now and can't use any strength at all. He is completely supported by external forces. We must feel very tired.

Let's put it at the entrance of the hospital first.

I see that his bleeding has stopped and there should be no danger to his life.

I'm just a little short of energy. If I get some nutritional shots there, I should be fine. "

"If that's the case, then we don't have to worry.

Look, there should be a hospital ahead. I can leave him at ease after I put him there. "

In fact, Effit is already awake now. In order to let Qin Yuan and the others save him, he still chooses to pretend to be asleep.

Qin Yuan felt Efit's pulse, although he didn't know much about medical skills.

However, I feel that his pulse is sonorous and strong, so there should be nothing serious.

"Then let's put it at the entrance of the hospital."

"Do you need to ring the doorbell and ask someone from the hospital to come out and take him in?"

"There should be no need to worry about it. It depends on his own destiny. Just like He Chenguang said, if he is really capable, we don't need to worry so much.

If he really has no ability, even if we save him, it will be of no use to him.

Whether he can survive or not depends on his own ability. "

"Someone is coming, run quickly!"

"Don't run away. We are here to complete our mission openly. If others see and discover us, they will think that we are sneaky."

"I'm afraid that some medical staff will see this and ask us for medical expenses.

The cash was just seized from Efit's body.

We should find a place to take a shower first, then have a good sleep and have a big meal.

Next, let's think about how to save Professor Fang and these two apprentices. I'm exhausted now. "

Qin Yuan always thinks about enjoying when he looks at He Chenguang.

"Don't put all your thoughts on this. Don't forget that we still have a team member who hasn't been found. We have to find him first.

It's not easy for this boy to be with us, especially in a foreign country, and we don't know what the situation is like there. I couldn't find him for a day, and I couldn't let go. "

He Chenguang only remembered it when Qin Yuan reminded him.

I almost forgot about this guy Chen Jixiang.

"Oh, thank you, Qin Yuan, for reminding me. Otherwise, I would have forgotten it. Where would we find him?"

"Jason, in Pakistan, is there any public telephone or something like that?"

"There are no public phones here. Just find someone on the street and give him a little money. He will be happy to lend you the phone."

"That makes sense."

After finishing speaking, Qin Yuan stretched out his hand to He Chenguang.

"What's the meaning?"

"You just took so much money from Efit, aren't you going to contribute some?"

"Oh, I told you to stop exploiting me. I'm saving this for bathing and having a big meal. I still want to enjoy it."

"Hurry up and get the money, money can make all the difference!

Now is the time for us to use money, so we need to find someone quickly, and first find Chen Jixiang. "

He Chenguang reluctantly took out a banknote from his pocket and handed it to Qin Yuan.

"Who should we ask to borrow the phone at this time? Will it arouse suspicion?"

Even if there is a public phone, we can't use it. Hassan and the others still don't know what the situation is. If they come back on foot, it will probably take a day.

If they notify anyone in the team, we will become wanted criminals.

So, try not to appear in public places.

Try to hide as much as possible. It feels like there are countless pairs of eyes around us staring at us. If we are stopped by others first, we will be in trouble. "

"Yeah, that's right."

At this time, I saw a relatively young woman in the distance, who had just walked out of the hospital.

Seeing that he was tall and very beautiful, Qin Yuan felt that he was a suitable prey.

"Look at this guy, he's dressed in good condition, and he won't refuse to make a call using his mobile phone. Maybe he can save this money."

"Are you planning to use a beauty trick?"

"Hmm~"

He Chenguang became interested at this time, and he was very excited when he saw the beauty.

"If you want to use a beauty trap, I think I'm the most suitable.

Let me go up and strike up a conversation with this beauty and borrow her cell phone. "

“Do you know the Pakistani language?”

Qin Yuan's words left He Chenguang speechless.

"Oh, it's such a pity. If I could, you wouldn't be able to do this good thing today."

"We are completing the task now. We are not asking you to chat up beautiful women and do other good things. I think you only think about good things all day long.

I'd better go, Jason, you and He Chenguang are here, waiting honestly.

We try to go as far away as possible and not too close to the hospital. If they find out, Efite was brought here by us, and we will easily get stuck in the bag. "

After finishing speaking, Qin Yuan adjusted his hairstyle and thought to himself that fortunately, he looked quite talented.

When everyone faces a stranger, they first look at his appearance.

Qin Yuan calmed down and walked to this beautiful woman.

It was late at night, and suddenly a tall and tall strange man suddenly appeared in front of him, and everyone would be scared.

This beauty was shocked.

"who are you?"

"Hello, beauty, please don't get me wrong. I am from around here. I came here to travel, but I got lost.

I became separated from my companions. "

This beauty is also very smart, he looked at Qin Yuan and said doubtfully.

"I think you don't look like a local. You speak the language here quite well. So what do you want from me? Can I help you?

Do you want me to help you find your tour group? "

"Yes, yes, our tour group is somewhere, and my phone is out of battery.

Can you borrow your mobile phone and call the leader of my tour group? "

Unexpectedly, this beauty is quite vigilant.

He took a few steps back and looked at Qin Yuan.

"It's late at night. If you do something bad to me, I can't fight back. And if you take my phone away, I can't catch you."

"I think you are in relatively good condition, beauty, and you won't worry about your phone being taken away.

If you are afraid, I can pledge my mobile phone to you to see if my mobile phone is out of power, and I will give you some more money by the way. "

As Qin Yuan spoke, he reached into the capital, preparing to take out his mobile phone as collateral to make the beauty in front of him trust him.

"Wait a minute! Take your hands out!"

All he saw was that this beautiful woman was holding anti-wolf spray in her hand and pointing it at Qin Yuan.

"What are you doing?"

Qin Yuan raised his hands above his head in a surrender gesture.

"It's late at night, don't try to deceive me, a weak woman, by putting your hand in your pocket and pretending to take out your phone in exchange for me.

In fact, you can't say what kind of mess is in your pocket.

I advise you to stay away from me quickly. If you dare to get closer again, don't blame me for being rude to you!

The anti-wolf spray in my hand doesn't recognize people. This place is very close to the hospital. If I hurt you, you can go to the hospital by the way. "

"I really don't mean any harm, I urgently need a mobile phone to call my companions.

Let's do this. This beauty, you can propose a plan that you think can protect your own safety. If I can do it, I can agree to it.

Just lend me your cell phone and make a call. "

"Hmph, the only thing I can trust is that you turn around now and get as far away as possible!"

Qin Yuan was completely speechless.

"I didn't expect you to be quite defensive. I don't have any ill intentions at all. It may be because there are always too many bad things happening in your country.

Borrowing a mobile phone to make a call is very common in our country, and no one is as defensive as you are.

I can give you money, or pledge my mobile phone to you. "

This beauty was still kind-hearted. Seeing that Qin Yuan was indeed a little anxious, he smiled and put down the anti-wolf spray.

"Okay, just think of it as a good deed that I did today.

You take out your money and mobile phone and give them to me and let me confirm. After everything is fine, I will lend you the mobile phone.

Chapter 2034: Finally got in touch with this stupid boy

Qin Yuan was actually very cautious. Although he suddenly appeared in front of this beauty, he was still very vigilant.

If this beauty had no sense of defense at all, Qin Yuan would still be mumbling.

"First put your mobile phone, relevant documents, and money on the ground for me. Stay away from me and don't come close to me. I will put the mobile phone here and keep a certain distance between the two of us."

Qin Yuan thought to himself that when he saw this beautiful woman, his reaction was very professional. They usually asked gangsters to do this when they went on a mission.

"You must not think that I am a bad person. I don't care if you borrow a mobile phone. You really can't contact my tour group."

"You can have whatever reason you want, it's my business whether you want to borrow it or not.

If you want to borrow your phone from me, just follow my method. If you don't want to take care of my phone, then it doesn't matter. "

"Humph...it's interesting."

Qin Yuan was quite interested in this beauty for a moment, not because he was beautiful, but because he was very interesting after seeing what he did.

He Chenguang and Jason watched them from the side and did not dare to approach.

Three men surrounded a beautiful woman in the middle of the night, which is something that people would think too much about.

Qin Yuan is hesitating whether he should put everything on the ground, what if this beauty is a bad person?

After thinking for a long time, Qin Yuan made up his mind.

He felt in his heart that if I, a grown man, were to be afraid of this little girl, it would be ridiculous. What do I have to be afraid of?

The beauty took out a mobile phone from her pocket, shook it and said to Qin Yuan.

"Seeing that this is the most expensive fruit phone without me, it is normal for you to think that your phone is worthless, so I have to guard against the fact that each phone costs tens of thousands of dollars.

If you take it away today, it will be a disaster for me, and I can't completely trust you. "

Qin Yuan took out the mobile phone from his hand and put the money on the ground to return it.

"Now that I can satisfy you, you can give me your phone."

This beauty didn't have any precautions, so he handed the phone directly to Qin Yuan.

After Qin Yuan opened it, he quickly dialed according to his memory, the phone that would not have no signal.

"Du...du..."

Every time the phone rang, Qin Yuan felt more uncomfortable than his own heartbeat. He was afraid that no one would answer the phone and could not contact Chen Jixiang.

In fact, Qin Yuan is a person who prefers to think of the worst side of things, so that he can be fully prepared in advance to deal with emergencies that occur.

"Hello?"

It was Chen Jixiang's voice, and he sounded relatively calm, so nothing happened.

"it's me!"

"Brother Qin Yuan?"

"Um!"

"I saw you being taken away by Hassan and you have been sitting on the shore waiting for you. I have not heard from you until now and I am about to starve to death. If I can't wait for you, I don't know what to do. "

"This phone number is indeed quite unfamiliar.

I found it by a beautiful woman I met on the roadside. I will use this phone number to contact you and see where you are. My phone is out of battery.

Since you are in the same place, don't move around.

I'll go find you with Jason and He Chenguang now. Let's meet up first. If you have anything to say, we'll talk about it after we meet. Don't waste the beauty's phone bill, do you understand? "

"So that's it, no wonder this phone number is so unfamiliar.

I just saw an unfamiliar phone number and I didn't even plan to answer it. Fortunately, I mustered up the courage. Otherwise, I would have missed your call, which would make me even more regretful. "

"Okay, let's not talk so much now. It's already dark. Find a place to keep yourself as safe as possible. We'll go there right now."

"clear!

Being able to hear your voices makes me feel so at ease. "

"Okay, okay, let's not talk about it for now. Let's talk about it when we meet."

After making the call, Qin Yuan instinctively deleted all call records.

He deleted everything related to his traces.

However, out of the professionalism of the special forces, he still took a look at the basic applications on the desktop of this beautiful woman.

At that time, he didn't see anything wrong. He just thought this beauty was a pretty girl who had just returned from a nightclub in the middle of the night.

This beautiful woman looked at Qin Yuan and deleted all call records.

Said slowly.

"I really didn't expect you to be quite careful. Are you afraid of revealing your own secrets?"

"This is the most basic courtesy. I took a look just now. It probably only takes less than two minutes. The money I gave you should be enough."

The beautiful woman glanced at the money on the ground, and he bent down to pick it up.

He also picked up Qin Yuan's mobile phone and took a look at a dilapidated mobile phone.

He returned the phone and the money to Qin Yuan.

"What are you doing?"

"You shouldn't charge money for helping others. I saw that you didn't have any ill intentions, so I was relieved that what I asked you to do just now was just a delaying tactic.

Please understand that a girl must be more vigilant when she is alone outside, especially at night.

You and your two companions are really scary.

If I hadn't protected myself well, I would have probably been killed long ago. Our country of Pakistan does not have as good... security as your country. "

"Qin Yuan saw that this beauty returned her phone and money to him, and he should not shirk it anymore."

"If you want to help me, then I can only be respectful and obey your orders. Thank you for your recognition of me. I have nothing to say now, I am just very touched.

It is not easy to meet a random stranger here and help us. I can understand your feelings.

A girl must protect herself well when she is out at night. If this is the case, we won't stop you. "

After the beauty took the phone back, she looked at Qin Yuan with a hint of admiration in her eyes.

"Good, you successfully aroused my interest.

Call your two companions out. I know they are hiding nearby, and I spotted them when I saw you. "

Qin Yuan felt a little embarrassed.

He turned his head and said to He Chenguang and Jason.

"Since the beauties have already seen you, come out quickly so that we can say hello to him and then separate. We meet by chance and he is willing to help us. We should be very grateful."

He Chenguang and Jason came out. He Chenguang had a problem. He was attracted to beautiful women when he saw them.

He greeted this beautiful woman diligently.

However, He Chenguang wouldn't say much, and would only say hello in this place.

Not to mention Jason, he was not interested in beauties or anything like that. He just wanted to rescue these good brothers who were imprisoned as soon as possible.

"Beauty, we have finished our errands and have contacted our companions, so I won't disturb you. You should pay attention to your safety when you go back alone at night.

We will still be in Pakistan for a few more days. If there is fate, we may meet again. "

"Wait a moment!"

This beauty actually stopped the three of them.

"Is there anything else? Excuse me?"

"You said it's not safe for a girl to be outside at night, so can the three of you act as flower protectors for once?"

"You mean, you want the three of us to take you home?"

"Yes, are you willing?"

Qin Yuan hesitated, but this beautiful woman just helped him without hesitation. Qin Yuan. If you refuse now, it would be a bit too unkind, and it would be like burning a bridge across a river.

However, it is impossible for Qin Yuan to agree blindly. They are not familiar with each other. If this woman is a bad person or one of Lao K's people.

Then they will be in trouble.

"Sorry, this beauty is really inconvenient. As you saw just now, we got separated from the tour group, so we had to borrow your mobile phone to make a call.

Now that I have contacted the tour group, it is not good to make them wait for me for too long.

We have to hurry up and go back. If we are destined, we will meet again. "

"When I helped you just now, I didn't refuse. Are you embarrassed to refuse me now?"

"How dare you go out alone at night and say so many things to us, I know you are a very courageous girl.

Even if we don't ***** you, there's no problem.

It's really not appropriate for you to ask us to take you home so late at night. Being a girl with us may have an impact on your reputation. "

"What is reputation? I don't care at all. I just want to invite you to go once and see if you are willing to agree."

Qin Yuan, who said this, felt a little guilty now. It seemed that this beauty was indeed no ordinary person, and he had to get rid of her quickly.

"Beauty, it must be really inappropriate to invite boys to your home so late at night."

"Forget it, if you are not willing to go after I warmly invite you, it only means that we are not destined to be together. Just like you said, we should separate.

Anyway, you won't leave our country for the time being. See you again when we are destined! "

After saying that, the beauty turned around and left Qin Yuan and the others' sight.

The graceful figure swayed and disappeared into the vast darkness.

He Chenguang looked at the back of this beautiful woman and his mouth was watering.

"I said to Qin Yuan, forget it if you don't want to send him away. In fact, I still don't know if Jason has the same idea as me."

"My thoughts are different from yours.

This beauty is not a simple person at first glance. The more beautiful things are, the more poisonous they are.

Haven't you heard of it? Pretty mushrooms are generally not edible, and most of the pretty snakes are venomous, and the same goes for women. "

"Jason, I think you've been alone for too long. You can't even speak when you see beautiful women."

"Who in a serious girl's family would invite three men to take her home at night?

Even if he has studied psychology and decides that none of the three of us are bad people, do you think this is appropriate? How brave he is. "

Qin Yuan walked to He Chenguang, patted his head and said.

"Stop daydreaming at night and wake up quickly. I have contacted Chen Jixiang and he is still on the shore, waiting for us. He has not left yet."

"What?

This silly boy doesn't know how to move. He hasn't left the shore for so long. He must have not eaten. He is probably starving. Should we bring him something delicious? "

"If I had known better, I would have taken the bread and ham sausages from the car just now."

"You don't need to bring food. We first go to the shore to find him, and then we go to eat together. The most important thing now is that our team gathers quickly to find a solution.

Don't forget, my ship is still in Hassan's hand. "

After Jason's reminder, Qin Yuan also realized that they had many tasks to complete.

There really shouldn't be a waste of time. Without saying a word, he took He Chenguang and Jason and left the place.

Efit had just been sent to the door of the hospital. He had been pretending to sleep. After seeing Qin Yuan and Jason leaving, he slowly opened his eyes.

"Not a **** penny left for me."

Efit had to leave the hospital quickly. He took a look at his injuries and found that they were not serious.

It is estimated that he will recover in a while, and he does not plan to go to the hospital.

He had to go back first to see if this batch of arms had really reached the hands of Norman Karim.

"This **** Hassan really ruined my big deal. He is lucky to escape today.

If it weren't for Qin Yuan, I would have killed all of them today! "

Efit also has a changed view of Qin Yuan now.

Having said that, although the wound on his body is not considered fatal, if Qin Yuan is really cruel, he doesn't know what will happen if he doesn't care.

At the very least, if he smells blood in the wild, he will definitely be eaten by wild beasts.

"Qin Yuan can be regarded as indirectly saving my life. Even if my wounds were caused by him, he didn't just walk away and still took responsibility for it.

It seems that I have indeed changed my mind about him. No wonder my superiors asked me not to hurt him, as long as this guy can join our organization.

It's simply a promising future..."

Efit, who was a little desperate when he thought of this, suddenly found a way to deal with old K.

"It is indeed a capital crime for me to lose this batch of arms, but if I can provide him with a helper who is more powerful than me, Old K will definitely forgive me for this little mistake if he pays so much attention to talents.

I can also be said to have made up for it. "

Efit now has the idea of pulling Qin Yuan into the group.

However, whether it was his superiors or Efit, it was just wishful thinking, and Qin Yuan could not collude with them.

Chapter 2035: Beauty car

After Qin Yuan learned the specific whereabouts of Chen Jixiang, he felt relieved.

"Then let's go to the shore first. Chen Jixiang has been waiting for us there at our old place."

"Hmm, hurry up and go. After meeting Chen Jixiang quickly, you can finally let go. Otherwise, you will always be worried about this kid."

"Then how do we get there?"

It was only after He Chenguang reminded Qin Yuan that he remembered.

"Yes, the car is completely out of gas. It can't move at all. Even if you want to drive the car to a gas station, it's impossible."

"Then take a taxi!"

"Take a taxi?"

"Otherwise, our place is still a long way from the shore. We are exhausted. Physical strength is the most important thing.

Keep up your strength, there's no telling what else we might encounter. "

He Chenguang nodded.

"That's right. Let's take a taxi quickly."

"It's already so late. Taking a taxi on the street will definitely be very expensive. I really didn't expect that one day a few of us would be hesitating on the streets of Pakistan because of money."

"We don't have to worry about money for the time being, we have Norman Karim behind us.

Based on the relationship between him and Fan Tianlei, we should be able to borrow some money from him, so there is no need to worry. "

He Chenguang actually doesn't want the relationship between Qin Yuan and Norman Karim to be too good.

Thinking from the perspective of an American, he hoped that Qin Yuan could not completely complete the task this time.

He Chenguang wanted to maintain Qin Yuan's trust, but at the same time he was planning how to sabotage Qin Yuan's rescue plan.

However, He Chenguang never thought of harming Chen Jixiang or Qin Yuan's life.

Not even wanting to use their lives as a cost to complete their mission.

No matter what He Chenguang's perspective is, he has been with Qin Yuan for so many years. There is no way to replace the brotherly relationship, and it is definitely not fake.

He Chenguang now only hopes that Qin Yuan fails in his mission and returns to country H quickly.

It can not only ensure his safety, but also complete his mission without any loss.

As a spy, He Chenguang seems to already have brotherly feelings.

Thinking that Efit had discovered his identity, He Chenguang, the biggest consideration in his mind now was whether Qin Yuan knew about it.

According to his understanding of Qin Yuan, this person is usually very meticulous and capable, and even Efit can see it.

Of course, it cannot be ruled out that Efit was partly making random guesses or trying to scare himself.

However, He Chenguang was with Qin Yuan day and night. If he couldn't find any clues, he would not be the elite He Chenguang knew.

Qin Yuan saw He Chenguang deep in thought and asked quickly.

"It's so late at night, what are you doing here?"

"It's nothing. I was just thinking about how long it would take us to get to Chen Jixiang's place. It's too cold and I'm afraid the child will freeze."

"Don't you usually like him a lot? You think he's too smart."

"No matter what, we all came here from a foreign country, and I have always treated him like a younger brother."

We dumped Hassan and robbed his car. He must hate us so much now that we have to wait until he comes back.

We need to get all Jason's men and the ship out. "

"Then what should we do?"

Jason thought for a long time and finally said it.

"Qin Yuan, I shouldn't say this either, because Norman Karim is not my resource, I know you are here to complete the task, and I don't want to involve any emotions.

It seems that if I want to complete these two plans of mine, only Norman Karim can help.

Between the two of them, either Hassan or Norman Karim, we have no other choice.

After Old K finds out, he won't let us go. "

Qin Yuan knew very well that he had already made his choice.

"If I had chosen Hassan, we wouldn't be standing on the street blowing the cold wind tonight."

He Chenguang asked excitedly.

"Then you want to choose Norman Karim to help us. What are you going to do next?"

"Hurry up and find a car and take us to find He Chenguang first. If possible, I think it would be more appropriate for us to rent a car.

Rent a low-profile car and we'll hide in it.

Effit, he should have escaped from the hospital now. He didn't have any serious injuries. I felt it when we sent him to the hospital just now. He was pretending to sleep.

You can never wake up a person who is pretending to sleep. Based on this principle, I didn't have the same understanding as him and just threw it at the door of the hospital. "

He Chenguang asked in surprise.

"If he knew that we stole his money, wouldn't he have any reaction at all?"

Jason, I just remembered.

"He was unresponsive for two main reasons.

The first reason was that there were three of us and he was the only one.

Even Qin Yuan can injure it like this alone. Combined with Norman Karim's incident, he would not dare to confront us head-on.

The second reason is that he thinks Qin Yuan is indeed very interesting for saving him at all costs today.

If Qin Yuan throws it away in the wilderness, he will only die.

It can be regarded as repaying our gift by giving us all the money he had. This is something he probably won't continue to pursue.

However, everyone in the organization is more persistent than the other, and even if they want to escape, it is too late.

He must have gone back to plead guilty. Let's leave him alone for now. The most important thing is to get Chen Jixiang back. "

At this critical moment, they couldn't find the car.

Suddenly, the road in front of Qin Yuan was illuminated.

There was a car driving slowly towards them from behind, its headlights still very bright at night.

The road ahead was clearly illuminated. The car turned on its headlights and drove towards them slowly.

"Who is so unethical at night that he turns on his headlights in the city?"

He Chenguang cursed angrily and turned his head to look.

The strong light source made it impossible for He Chenguang to open his eyes.

I can't even see what color the car is.

Qin Yuan held He Chenguang with his left hand and Jason with his right hand.

They thought the car was trying to cross and they were blocking their way.

Qin Yuan pulled the two of them to the roadside and hid from the vehicles.

To their surprise, the car drove up to them and stopped.

Qin Yuan looked at the stopped car, and the driver's cab window rolled down slowly.

It turned out to be the beautiful woman from before.

"Hey, I just asked you to take me home, but you refused. I can't get a taxi now.

Where are you going? Do you want to give you a ride? "

"Then no need. It's not safe for you to drive the three of us alone at night."

"Hey, no need to look back and forth, I'm just talking about you."

The beauty stretched out the finger of her right hand and pointed at Qin Yuan's nose.

"That's not the way you talked to me just now. I'm not afraid of any girl. What are you afraid of?"

Qin Yuan smiled helplessly and awkwardly.

"You don't quite understand, it's just because you're not afraid that I'm afraid.

If you send us to a fraud park, or sell us, we three grown men who are unfamiliar with the place, really don't dare to follow you. "

After listening to Qin Yuan's words, the beauty didn't react at all. He took out his mobile phone, casually opened a taxi app, then passed the phone over and showed it to Qin Yuan.

"What is this?"

"This is our country in Pakistan, and we use a taxi-hailing software. You can clearly see all the taxis in the city on this software.

You should be able to clearly see that at this time, there are only a few taxis in total.

People in our place arrive relatively casually, and naturally go home to sleep at night. No one comes out to work.

So you see, when I go out to nightclubs to drink at night, I always drive my own car. "

"How dare you drive after drinking?"

"You don't need to worry about it. I haven't been drinking. It doesn't count as drunk driving if I drive you now, and I'm already an experienced driver.

How about it? It's up to you whether you want to get on the bus or not. Aren't you in a hurry to find your companion? Are the three of you so scared in my car? "

Qin Yuan, after thinking about it, he felt that the identity of this beauty was not simple.

Meeting a woman outside at night can lead to so many coincidental stories. It is simply more coincidence than a TV show.

Qin Yuan doubted the identity of this woman, but he was not sure now. In order to find Chen Jixiang quickly, he had to agree.

"Okay then, we'll get in your car if we agree.

However, we are not the ones who take advantage. You can give us a fee according to your charging standards for the specific fare. That night, we are three grown men.

It would be really inappropriate to ask you to drive us for free. I would feel sorry for myself. It should be paid no matter how much it is. "

He Chenguang couldn't understand Qin Yuan's thoughts.

He said quietly to Qin Yuan.

"A beautiful woman like this appears late at night. Either he is a female ghost who is busy, and his identity is very suspicious. You want to catch up with his car?"

Aren't you afraid of cutting your waist? "

"He's not afraid of a girl, so what should we be afraid of? Just listen to me and go get Chen Jixiang back first."

"You still have to give him money. Look at what he wears and uses. Every one of them is a luxury item. There must be a conspiracy when he shows up at our place at night.

I really have no way to guarantee everyone's safety. Why don't we just walk and don't let him succeed? Each of us only has one life.

Don't just come out of Longtan and enter the tiger's den again. "

"Stop talking nonsense, He Chenguang, don't you still believe me?"

The main reason why Qin Yuan dared to get into this strange woman's car was that he had already thought about it. He now has this kind of map ability.

He didn't need navigation when he was in the car to know exactly where this woman wanted to take them.

The car is so big, so there's no way it could be hiding any dangerous people.

Even if the three grown men were inferior, they would not be afraid of a girl.

The most important thing is Qin Yuan. Now that he has no other choice, he is more worried about Chen Jixiang than his life safety.

Jason also stood there and said to Qin Yuan.

"Don't think that the three of us are not afraid of him as a weak woman at night. If there is any drug or something in his car, he will easily knock us all down."

"Yes, what Jason said makes sense. We can't hold our noses and not breathe after we get in the car."

This beautiful woman was beside her, tapping her fingers gently on the car window.

Judging from his leisurely and contented look, he was not nervous at all. It seemed that he didn't care that his identity was exposed.

"What do you want?"

I'll give you one more minute to consider whether you want to take my car or not. If you haven't received a reply yet, I'm sorry, but I can't wait for you anymore.

There is no such thing as pie-in-the-sky good things in this world, not to mention that you guys are so suspicious. "

Qin Yuan said.

"It doesn't take a minute. I've already thought about it. You can get in the car now."

"In order to prevent you from thinking that I was drugged the whole time in the car, I kept the windows open. If you catch a cold, don't blame me. I drive very fast."

Qin Yuan opened the car door and sat on the passenger seat.

Jason and He Chenguang sat in the back of the vehicle.

He Chenguang said with his hands on his shoulders.

"Beautiful lady, you'd better open the car window quickly. Even if the rest of us are cold, don't let you knock us down.

Moreover, our physical fitness is relatively good and we can withstand such harsh weather conditions. "

"No problem, please, please pass me the dark coat in the back seat of the car.

You guys can handle this kind of temperature, but I can't stand it. "

After putting on her coat, this beauty stepped on the accelerator and rushed out.

Before Qin Yuan had time to fasten his seat belt, the speed of starting almost caused him to fall forward and backward.

"Beauty, you drive very fast!"

"Who told you not to fasten your seat belt?"

"No matter where I am, I have to obey the traffic rules. I have to wear my seat belt. At least I have to ensure my own safety."

Immediately afterwards, Qin Yuan turned to He Chenguang and Jason.

"I advise you two behind you to fasten your seat belts too. If this beauty brakes suddenly, you will fly out."

Qin Yuan and He Chenguang nodded quickly.

"What you said makes sense, but you can't tell that this beauty is really a royal lady with personality.

Similar to Du Bingbing. "

"Forget it, Du Bingbing, this beauty Leng Ruobingshuang is so passionate and takes such good care of us. There is no way they can be compared."

"When you compare another woman to me, in my mind, you are no longer qualified."

Chapter 2036: The identity of this beauty is a mystery

Although Qin Yuan didn't know who the beautiful woman in front of him was, looking at her behavior and speech, she didn't look like an ordinary girl at all.

Qin Yuan had been wary of him for a long time.

Jason and He Chenguang were sitting in the back.

Looking at the girl in front of them, it felt like they had fallen into another trap.

At this time, Jason said.

"When you appear next to us at night, either you are a fairy who comes to help us, or you are a female ghost who comes here to **** blood.

May I ask who you are? "

This beauty was driving while looking intently at the road in front of her.

"As long as you believe in me, I will be a fairy.

I can save you people. I know that you are very embarrassed now and you urgently need someone to help you.

I think I should be a timely helper. "

"Forget it, I don't think you should beautify yourself."

At this time, they all finished talking and were very happy.

Qin Yuan was the only one who was anxious, worried about Chen Jixiang, what kind of injustice this boy would suffer on the shore.

"Beauty, after you send us to the place in a while, you can go back by yourself. We will ride in your car. You can charge us as much as you want. There is no need to be polite to us.

We all had already discussed it at that time and we couldn't go back on our word just because of such a trivial matter. "

"How much do you think I should charge?"

He Chenguang said.

"Didn't he just say that we can just give you the price we have paid so far? It's too much and we can't afford it. You don't think we are rich people."

"If I thought you were rich people, I wouldn't come here to help you. Just give me how much you want. If I didn't take a penny, you would definitely think I had ulterior motives.

As for me, I always like to make friends, and if I get along well, I will be even happier. "

As he spoke, he drove.

Qin Yuan felt from the bottom of his heart with his own abilities that he should be getting closer to Chen Jixiang.

It seemed that this beauty did not lie to them and had been driving along this route.

However, why he had to help him really puzzled Qin Yuan.

Forget it, let's not think about it so much now. As long as we can get there within the specified time, we won't worry about the rest until later.

This beauty looked at Qin Yuan with a smile and said.

"what are you thinking about?

You should know that I'm not lying to you. "

"I can't see the road clearly in the dark, and this is an unfamiliar place to us. I don't know whether you lied to me or not."

"You can't find the way?"

"Yes."

"Don't lie to me, I don't believe you.

From the first time I saw you, I knew you were a cunning man and I was always on guard against you. "

“If you think I’m a scheming person, why are you helping me?

And it's still late at night. Are you really not afraid that the three of us will do something evil to you? "

"If I were scared, I wouldn't be able to help you. Don't wait here, we will reach our destination soon.

After you get to the place, you can go find your friends. I don't want to worry so much. If I continue to follow you, you will definitely think that I have ulterior motives.

I really just want to help others, don't doubt me.

If I take the initiative to help you late at night and still get suspicion, then I will feel that I would rather sleep at home or drink a few more glasses of wine. "

He Chenguang and Jason were watching the beauty from behind, but they were worried about him.

“Jason, who do you think this woman is?

Could he be someone from your organization who came here specifically to avenge Efit? "

Before He Chenguang asked this question, Jiesheng had thought about it many times in his mind. He was paying attention to this woman all the time.

Let’s see if his behavior looks like someone trained by Old K.

However, Jason has left the organization for a long time.

Not to mention the fact that he can no longer keep up with you if there are any changes there now. Even if Jason is really the person trained by Old K, it is impossible for him to notice it.

This is the most powerful thing about that organization.

Qin Yuan was anxious while following this beauty, and soon he came to the shore.

This beauty hit the brakes hard.

It caused all these people to stumble.

Seeing their reactions, the beauty said with a smile.

"I just told you, if you put on your seat belt and drive with me for one second, you don't know what will happen.

Sometimes I am a little worried about my skills, but it seems that you are all used to it. We are really suitable to be friends and can adapt to my driving rhythm. "

Even though Qin Yuan knew that the identity of this beauty was not simple, he had already adapted to it.

However, there was no way Qin Yuan would let this beauty follow him to find Chen Jixiang, even though he did say on the surface that he was going to find his companions in the tour group.

Qin Yuan had no intention of hiding this beauty. With his intelligence, he might have already recognized that his identity was not simple.

Qin Yuan also doesn't believe that there is a free lunch in the world.

"In this case, we have reached the shore, so you can find a place where I can conveniently park and put us down."

"Put you down?"

But you haven't found your companions yet. It's dark here, do you want me to help you? It's actually very cold on the shore at night.

Especially when the sea peaks are blowing, if your companion is wearing thin clothing, I am afraid he will freeze and I will have to drag you to the hospital. "

He Chenguang and Jason discovered that this woman didn't seem to have any intention of leaving for the time being, and they all became anxious.

"No, really. Thank you for bringing us here. If it weren't for you, we wouldn't be able to get there for a while. We are already very grateful."

As Qin Yuan spoke, he took out two pieces of money from his pocket and handed them to the beautiful woman.

This beautiful woman lowered her eyes and looked at the two pieces of money that Qin Yuan took over. Countless thoughts must have filtered through his mind.

But after thinking about it for a long time, he still reached out and accepted the two pieces of money.

"I know you are people who play by the rules. If I don't accept this money, you will definitely think that I have ulterior motives for transferring foreign currency at night.

It's not bad. Then get out of the car quickly. I'm going home to sleep. "

Looking at this beautiful woman is relatively easy to pass up.

He Chenguang and Jason got out of the car first.

Qin Yuan was about to open the car door when he hesitated and asked.

"You lent me your mobile phone to make a call today and brought us here. I think it should be a good thank you."

"How do you want to thank me? I don't think it's appropriate for a man and a woman who live alone in the dark."

"You misunderstood, that's not what I meant."

"Then what do you mean?"

"You have helped me so much. I must know your name. Pakistan is not a big country in general. I think we will meet by chance when we walk on the street one day."

"That's fine, but I think your conversational skills still need to be improved."

I can tell you my name, but I want to know your name first. "

"Didn't you already see my ID?"

"Your name is Qin Yuan?"

"of course."

"It sounds like a fake name, but since you said it, I believe that I have always been a very simple person and it is easy to trust others."

"Sometimes you trust others too easily, which leads to the current situation."

Then I have nothing to say. Please tell me your name so that I can get off the bus quickly. "

"My name is Sophia."

"Sofia?"

"What's wrong? Does it sound like a fake name to you?"

"You doubt whether my name is real or fake. I also have reason to doubt you. But it doesn't matter, just give me a name so that I won't be able to say hello to you when I see you on the street."

Sophia smiled.

"Then get out of the car quickly and go find your partner. If there is a chance, we should meet again."

After saying that, Qin Yuan got out of the car.

He and Jason He Chenguang stood on the side of the road and watched the beautiful woman step on the accelerator and the fast car flew away. After going out to confirm, he had completely left.

Jason said to Qin Yuan.

"What did you say to him in the car just now, and it took him so long to come out?"

Before Qin Yuan could answer, He Chenguang was joking.

"He must have been a little bit unable to bear it when he saw the beauty. He wanted to strike up a conversation with someone else. He didn't know what to say to this beauty."

"I have to ask for his name, not to mention I think his appearance is definitely not that simple, and we should be more vigilant.

After seeing that he was gone, we could go to find Chen Jixiang with peace of mind. "

"Where are we going to find this guy in the dark? The neighborhood is so big and he just talks about his old place. How do we know where he is?

Chen Jixiang, this kid can really cause us trouble. He is in a foreign country. We shouldn't be separated from him when we are outside. He can't be found now. "

Because it was too cold and too hungry, He Chenguang had already lost his patience.

No matter who he was facing, after seeing this situation, he had no way to continue.

Just like that, they had already started taking action.

Jason is a person who comes from the organization. No matter how bad the situation is, he can solve it in time and deal with it.

"Forget it, He Chenguang, stop complaining so much. This is not what Qin Yuan wants to do. We should work with him to deal with this problem properly.

I know that compared to you, I am nothing in front of Fan Tianlei, but I really like Chen Jixiang, this guy.

I don't want him to be in danger. He is indeed in danger on the shore. He probably hasn't eaten for a long time.

Most importantly, we still don't know if Hassan has any contact with his people. "

"What's the meaning?"

"Although we have no signal in that abandoned unfinished building, Hassan and his men should have some regulations. He can't mobilize everyone around him to watch over us.

I think they should have a time agreement, such as how many days have passed. If they haven't come back yet, they may take the next step against us.

Although they don't know the existence of Chen Jixiang so far, my men are still in Hassan's hands.

I can't just watch my men in danger, do you understand? So we have to find the results first, and then think of ways to save others. "

Qin Yuan, they dare not shout loudly outside.

You can only find someone in the dark bit by bit, which is really like looking for a needle in a haystack.

He Chenguang now feels very tired and helpless.

"Then don't talk so much. Jason's suspicion is justified. Let's hurry up and don't waste too much time. Old Chen Jixiang is in this place. It's dangerous if we can't find this kid in one day."

Jason and the others started, and everyone followed the principle of one line, turning in circles to search.

"This kid, he said he was under a big tree. We don't know which big tree he is under. Qin Yuan, you too. Why don't you just ask? We are here and we have to find him now."

"We can't let Chen Jixiang reveal too much about the call he made just now using someone else's mobile phone.

Don't you think this woman's identity is suspicious? "

"Tell the truth, Qin Yuan.

I have always thought this way. I think this woman's identity is particularly good, but you believe him again and again and still want to ride in his car.

I think you are really brave. What if he sells some of them to us? "

"It's impossible that he wouldn't do that.

Because I have complete confidence that he can take us anywhere in his car, as long as he follows the normal route and takes us to the beach.

That means he didn't lie to us, and after making sure there was no one in his car, he also showed us a lot of sincerity.

I think it's possible that someone instigated him to help us. "

"Who do you think this person is? Efit?"

"If he wants to frame us, it means that he may be Efit's man, but he did help us today.

This can only mean one thing, and that is that Norman Karim asked him to come.

I don't think he gave me a fake name. Maybe he is really called Sophia. In any case, there are many people with the same name.

An Ran was still called Elena in front of Jason.

We don't need to think so much, we just need to know that he has helped us. Chen Jixiang should have been waiting anxiously since he hung up the phone just now.

He must have been calculating the time for us to come, and he would find a more obvious place to wait. "

Chapter 2037: Chen Jixiang is already asleep

Qin Yuan took He Chenguang and Jason and searched outside for a long time. They had been searching for almost half an hour, but there was still no trace at all.

"Qin Yuan, what should we do?

I have been searching for so long and there is no trace at all.

Chen Jixiang, I have always been worried about whether this kid will be captured by others, and I don't know if it is useful. "

"He Chenguang, don't be so anxious, let alone give up on what you just did so easily. We can prove a lot.

Chen Jixiang, he will not lie to us that he must be near us.

Think about whether there are any other important clues. Although the identity of this beauty is indeed very suspicious, he has not done anything so far, but it is difficult to guarantee whether he will do so in the future.

We have almost analyzed the problem just now.

As long as we find Chen Jixiang, we will be able to solve it. After finding this guy, we have to help Jason solve his problem. "

Although Jason didn't say anything, he was more anxious than anyone else right now.

These subordinates of my own were also detained by Hassan. If they wanted to deal with their shady profession, it was a matter of minutes.

Just to see if anyone was willing to stand up for them, Jason's palms and backs were full of flesh, so he couldn't ignore Qin Yuan. They left alone to find a way to deal with their good brother.

He can't just stay with Qin Yuan and they find a solution without caring about his good brother. He is now in a dilemma.

Qin Yuan actually felt distressed when he saw Jason in trouble next to him.

"Jason, if you are really in such a hurry and want to leave, just go find your brother. The two of us can just find our own results. This boy's life or death is uncertain now.

I just had a phone call with him and I can already tell that his basic condition should be about the same, it just needs more time for us to get used to it.

The rest don't need so many people. He Chenguang and I will slowly find you and help our good brothers.

We don't need you to waste time here, in case you miss the best time to save.

If there is any problem with these brothers of yours, we cannot bear the responsibility. "

"Qin Yuan, don't think that I am always in a hurry and want to leave. In fact, I am completely thinking about you.

I'm afraid Norman Karim has already set his sights on us.

I think the woman just now is probably from Norman Karim.

Of course, this is just my own guess, and there is no concrete evidence. We all just say it casually. "

At this critical moment, Jason seemed to suddenly think of something important. He looked up at the moon in the sky.

"Qin Yuan, I know how to find Chen Jixiang."

"How to find him?"

"I saw the moon in the sky just now, and I discovered that when I prepared diving suits for them, their diving suits were all pure black to prevent others from seeing them.

However, in order to prevent me from finding them, I marked them in obvious places on these diving suits. I believe I should be able to find them by relying on the marks. "

"What kind of mark? Can you recall it?"

"I think your life is so good, this is God helping you.

Qin Yuan, I once made a mark on my diving suit that when it encounters moonlight, it will reflect a faint white fluorescent reaction.

If you can see a little white reaction for a while, it is probably Chen Jixiang.

In fact, it is quite easy for him to be hidden around here, so we should not be anxious.

We were able to find him after a while. We searched again along the seaside. The most taboo thing when looking for someone is to be anxious. We can't miss any clues.

Especially since he is still wearing a black diving suit, it is still very difficult for us to find him, so we must calm down and not be anxious.

Sometimes the more anxious you are, the more things will develop in the opposite direction for you.
"

He Chenguang also nodded.

"I never thought that Jason would say such reasonable things. Now that I think about it, what he said is very calming for all of us."

"Mainly, I really want to contact Fan Tianlei now.

I know that Fan Tianlei has had a lot of communication with us for so many days, and he will be very anxious if he cannot contact me.

Fan Tianlei is a very important person to me, and I am also a very important subordinate to him.

If the two of us encounter any problems and have no way to contact us, Fan Tianlei will probably be more anxious than anyone else.

Chen Jixiang, this kid, he should know that we are looking for him. He is just in one place and does not dare to move.

We don't dare to shout loudly now, for fear of affecting the people around Jason.

Hassan has been dealt with by us. He has no way to come back now. We must find a way to get out of here quickly.

According to walking, Hassan, it would take them at least three or four days to walk back.

Maybe there is some other way of contact between them, we are not sure. "

Qin Yuan finished speaking. After these words, He Chenguang thought for a long time and said.

"I think they are not as stupid as we thought. Hassan must have arranged everything before he was willing to go to us. It can be seen now.

It is very likely that Hassan set a certain time with his men. If he cannot come back, someone from his men will definitely pick him up.

This is a very big challenge for us. We must quickly find a way to find Chen Jixiang. "

"Then don't talk about it now and look for it quickly."

At this moment, Qin Yuan saw someone on the side of the road with high beams on.

"Be careful, there's someone outside."

"It doesn't look like the light from a flashlight or a boat to me. It should be similar to the light from a car. Could it be that the woman just now didn't leave at all.

He has been waiting for us on the shore.

If this is the case, we are too passive. This woman has been monitoring us since he appeared. It is definitely not a coincidence.

Only, I don't think he's going to hurt us now. "

Just when the high beam was turned on, Qin Yuan's eyes were also very good. He vaguely saw a tree under the seaside, which seemed to be glowing with the light that Jason said.

"Look!"

After He Chenguang and Jason saw this situation, they hurried to the shore without hesitation.

I saw a boy wearing a diving suit sleeping there at this moment.

Qin Yuan saw Chen Jixiang lying there, and he was frightened now.

"Chen Jixiang, what are you doing? Wake up quickly."

Qin Yuan slapped Chen Jixiang's face as he spoke.

He slowly opened his eyes and yawned.

He Chenguang said with a smile.

"You can see that this heartless boy fell asleep here and made us worry for so long in vain. We thought you were dead."

Chen Jixiang slept for a long time. He felt very cold now, and there were some changes in his voice. He probably had a cold.

He stood up slowly and looked at Qin Yuan and He Chenguang beside him. Without saying a word, he quickly hugged Qin Yuan hard.

"Brother Qin Yuan, you are finally back. Do you know that I saw you being taken away by Hassan and the others? I am already worried."

Qin Yuan said helplessly.

"You kid, stop acting with me here and saying that you are worried. I don't think you look serious at all."

"How can you say that to me? If you don't believe me, touch my little heart. It's already pounding because I'm scared by you."

"The heartbeat is normal.

If your heart stopped pounding, I should be worried. "

"I'm really worried about you. In fact, I hesitated just now about whether to find a car and follow Hassan secretly.

I saw that he put black hoods on all of your heads, and I knew that he must want to take you to a very hidden place. I have no way to get close to him now.

Seeing that you have been gone for such a long time, I can only stay here with no choice. Can I not be anxious?

I can't contact you, so I can only wait where I am, and I have to avoid the people patrolling the shore.

Most of these people are Hassan's people. If they see it, I will be with you, and we will be completely wiped out. "

"Okay, I didn't expect that your boy has learned to be so clever now, and can sense what we are thinking so quickly.

Qin Yuan had been worried just now that you would be in trouble if you came after us because of this matter. By then, we would all be controlled by Hassan.

Fortunately, your kid was smarter and didn't catch up in time, which saved us a little bit of worry.

Otherwise, we will have to look for you again when we come back, and it will be even more troublesome if you get separated from us. "

Chen Jixiang smiled and said.

"I've told you a long time ago that taking me out was actually the right choice. I protected your things very well.

It was mainly because it was Jason who put me in a dark wetsuit and no one noticed.

Don't say it's Krishna.

Even if I was hiding in the grass during the day, it would not be obvious at all. With so many ships and patrols coming and going, no one noticed me. I am very powerful.

This is all due to Fan Tianlei's usual teachings to us. He is really a very good teacher. I must thank him well. "

When Jason heard the compliment from this boy Chen Jixiang, he lowered his head and smiled.

"I didn't expect that one day I would be able to hear you praising me with my own ears."

Chen Jixiang took Qin Yuan's hand and opened his arms to look carefully. Was he hurt?

"Why are you looking at me like this?"

"I have to see if you are injured. You are the backbone of our team now. If there is any problem with you, none of us can even think of leaving."

"Don't worry, no one who can hurt me has been born yet."

Chen Jixiang thought that when they completed the mission together, Qin Yuan was so brave that no one was his opponent, plus when he was in the army.

He ranks ahead of everyone in every task. No wonder Fan Tianlei trusts him so much.

In fact, anyone who goes out with Qin Yuan to complete the mission has great trust in him, thinking that as long as Qin Yuan is with them, everyone will be safe.

He is a very responsible and brave person. The most important thing is that he is capable. All his bravery is not that of an ordinary man.

"By the way, I saw that Effit was taken away with you. How come I didn't find him with you? How did you get rid of him?"

"You have to ask Qin Yuan, you don't know how powerful he is, he almost killed Efit.

It's better if we take Effit to the hospital in person so that he can be safe and sound. Think about how cruel Qin Yuan is, and you will be less likely to offend him in the future. "

After Chen Jixiang heard this, his eyes widened and he couldn't believe Jason.

"Brother Qin Yuan, is what Jason said true? Are you really that brave?"

"You kid, do you still doubt me now? That's true today. Hassan took us to a deep mountain and old forest There is an unfinished building there.

Hassan imprisoned us all there, but did not restrain us strictly because he knew that we were unfamiliar with this place.

As long as he doesn't give us transportation, there's no way we can leave.

So we also took advantage of his blind self-confidence, and we were able to escape successfully. "

Chen Jixiang just wanted to listen to the story and communicated with Qin Yuan.

No matter how exaggerated Qin Yuan's words were, he would completely believe that he was now Qin Yuan's little fan.

"Then how did you get out? I heard that in Pakistan, the woods here are very confusing. Even the locals may not be able to come out in the shortest time. They don't dare to go to this woods.

Moreover, some deep mountains and old forests have been planned by the Pakistani government as places where others are not allowed to enter.

There should be many wild beasts in the woods. The locals may not be able to come out so quickly. How on earth did you come out. "

"This is all due to Qin Yuan.

He was the one who took us out in his car. Without him, we would all be trapped inside today. "

"Brother Qin Yuan, do you have clairvoyance? You can find the right way to bring them all back so quickly. If this is the case, I will have to wait here for hundreds of years to wait for you.

Maybe I will never be able to wait for you. "

"You have no idea how amazing he is, he drives this car with just a little bit of gas left.

He wasted no time and rushed us out of the forest as if he knew the route. End of chapter)

Chapter 2038: Enron's Friends Resources

Chen Jixiang, this boy has always admired Qin Yuan.

After hearing what He Chenguang said today, he couldn't believe it.

"Brother Qin Yuan, you are not the legendary living map, are you? How can you be so magical? It is incredible for us to find the place we want to go so quickly.

This guy Hassan is indeed a difficult person to deal with.

Do you regret now that you called him over when you were on the shore? "

"I have never regretted anything I did, and I know that today's matter is very difficult for us.

It is indeed not an easy thing to get rid of Hassan, but I have never regretted it and I was helpless when I made this choice.

Efit is by our side, always pestering us.

If I hadn't lured Hassan's group here in time, Efit, they would probably be even more sarcastic and unscrupulous.

Today I have completely discovered that Efit and his group of arms have been completely taken away by Norman Karim, and he is now very worried.

There should be no time to come over and cause trouble for us for the time being, which is a greater benefit for us.

We should not focus on our immediate interests and watch everything.

We should think about longer-term things, such as Fan Tianlei, what is his current arrangement for us, and whether he wants us to cooperate with Norman Karim. "

When he mentioned Fan Tianlei and Chen Jixiang, he quickly took it out of his pocket. The one that can communicate with the outside world is a mobile phone.

"Qin Yuan, this mobile phone uses solar energy.

He has always had electricity until now. You can contact Fan Tianlei anytime and anywhere. I will return this phone to you now and don't keep it with me anymore. "

Jason smiled and said.

"She gave this phone to you because Qin Yuan believed in you. There is no need for you to escape like this. Let me tell you the truth.

During the time when we were locked up by Hassan, Qin Yuan never doubted that there would be any accidents with your mobile phone.

He regarded you as his most trustworthy little brother, and you did not let him down. Your phone was still intact and intact, and you did not reveal any important information.

The most important thing is that you can protect yourself very well, which really makes us feel very relieved, otherwise we would have been worried all the time.

Afraid that you will be captured by Hassan, or Noman Karim's people.

Now it seems that you are still sleeping soundly here. We have been looking for you here for a long time and still haven't found you. We are afraid that you will freeze to death outside. "

"Jason, please don't say that. I think I should thank you. Your waterproof suit is very warm. I am wearing this diving suit.

Here, in fact, it is generally very safe.

It's still dark during the day. As long as I hide in the grass, no one can find my traces. So far, I am very safe.

If you hadn't been able to find me, I wouldn't have said so much. "

Just as they were discussing Zhou, the mobile phone that could communicate with the outside world suddenly rang, and they picked it up to take a look.

It was Fan Tianlei who called, and he called at this time by chance.

"Chen Jixiang, did you contact Fan Tianlei when you were alone with this phone?"

"Of course I don't, I plan to wait for you for about three days.

If you don't have any news within three days and I can't find you, I will contact Fan Tianlei again. I don't want him to worry about us now.

I understand that you have always been a person with a very strong self-esteem, and you don't want Fan Tianlei to know about your embarrassing situation outside.

Coincidentally, Fan Tianlei hadn't contacted me when you didn't come back. You just called me three days after you came back. Don't worry, I didn't say anything to him.

If he doesn't take the initiative to ask, don't mention these kidnappings to him.

The most important thing is, don't remind Fan Tianlei that you left me here alone. If he knew, he would definitely criticize you. "

He Chenguang said with a smile.

"I didn't expect that this kid like you is quite grateful.

It's true, you are now Fan Tianlei's big treasure.

When we take you out this time, he also wants us to take you out for some exercise and doesn't want you to be in any danger.

The person Fan Tianlei is easiest to criticize is Qin Yuan. If you hope that he can maintain a relatively good self-esteem, don't tell the truth.

Fan Tianlei has always been worried about the safety of his men.

I don't want us to get separated. What happened today is really helpless. The only thing to blame is you, a guy who doesn't know how to dive.

Originally, we had all planned to jump into the sea and leave here, but then various accidents happened and we had no choice, so we will leave things like this for now.

Let's answer Fan Tianlei's call first and see what instructions she has for us. "

Qin Yuan carefully picked up the phone and looked around.

Something magical happened.

There was no trace of the car that had illuminated them on the road just now.

In fact, Qin Yuan has been murmuring in his heart. Who could this mysterious vehicle be? Could it be the Sophia from before?

Apart from him, Qin Yuan has no reaction now, if Norman Karim has been monitoring them since they came to the shore.

It can only be said that Norman Karim is too guarded, and they all dare not imagine what they should do if this happens?

"Fan Tianlei?"

"Fuck you, you dare to call me by my name now. I didn't expect that you just went to Pakistan for a few days and learned to be rude among other things.

If you dare to call me by my name, if you are in front of me now, don't you think I will beat you. "

Qin Yuan also had trouble using his mouth, so he accidentally let it out.

"Thor God, how dare I call you by your first name? You must have heard wrong just now. Maybe it's too far away and the signal is not good. I don't know what you want from me."

"I have something important to do with you, otherwise why would I call you at night?

I want to know how the situation is over there? Now that we have successfully docked, why not contact me quickly.

Do you know, I'm here worried about how worried you all are.

I can't sleep at night, I can't eat or sleep well, and I've aged several years. "

Qin Yuan shook his head helplessly.

"Thor God, we haven't seen each other for about half a month, and you are still so humorous.

I know you are very worried about us, especially Chen Jixiang, but you don't have to worry too much. We have arrived at a very safe place now.

There are actually many reasons why we docked and haven't contacted you since. Aren't we always transporting arms here?

The most important reason is that we have encountered a big trouble, Efit, who is always around to monitor us.

I just shook it off and I will call you back as soon as possible. "

It has to be said that sometimes Fan Tianlei would be overwhelmed by these guys, and he would suddenly be confused.

He picked up his phone and looked at it.

"I said that you are all starting to lie to me now face to face. What do you mean by calling me back? It was obviously me who took the initiative to call you.

I really couldn't wait any longer before calling you, otherwise I would be afraid.

It will ruin your plan. You never reported it to me. I am also a little worried. Your first time to complete a mission is to go to a foreign country.

The situation there is now very complicated, and there are people who have been selling arms systems underground. I really don't know how to reply to you.

I'll try to call you. If you hang up or don't answer, I won't be able to sleep tonight. "

Qin Yuan knew that Fan Tianlei was indeed a soft-spoken man, and he began to care about these boys from the bottom of his heart.

Suddenly, Qin Yuan thought of an important person, that was Hassan.

When he was in the unfinished building, Hassan swore that he had served as a spy and undercover agent in Country H, and Fan Tianlei also knew about this.

Qin Yuan planned to ask Fan Tianlei. If this person is really not a good person, he must make a choice and decision as soon as possible without wasting time.

"By the way, Thor, I have something very important to ask you."

At the same time, Fan Tianlei also started talking.

"By the way, Qin Yuan, I have something very important to tell you."

They all said this sentence in unison, and they didn't know who to listen to first.

Qin Yuan knew that Fan Tianlei must be very anxious when he called so late, so why not let him talk first?

Anyway, the relationship between them and Hassan has begun to break up, and there is no room for maneuver anymore. Even if they know that he is a good person or a bad person, it will not help.

"Thor God, I know you must have something important, so please tell me first."

"An Ran, he has already gone there to find you."

"what do you mean?"

"Is it because your ears are not working well, or is it your brain that is not working well? Didn't I make it clear enough?"

An Ran, she went to Pakistan to find you. "

"Why did you ask him to come to us? It's so dangerous here.

Didn't you agree to let him wait at home? We can meet up after we bring Professor Fang's apprentice back. Are you confused? How could you let him come over? "

Qin Yuan is really too anxious about me. He no longer cares about the face between Fan Tianlei and he doesn't want An Ran to be involved in this matter.

After communicating with Efite today, Qin Yuan discovered that this matter was becoming more and more complicated, and it also involved Old K.

The most terrifying issue involves the turf war between Old K and Norman Karim.

Even Qin Yuan himself wanted to take He Chenguang and the others away from here quickly to avoid being accidentally injured by him. Now that he said that he would send someone over, wouldn't this cause trouble for Qin Yuan.

Fan Tianlei faced Qin Yuan's accusation.

He had already been mentally prepared.

"I know you, a kid, won't give anyone face once you get anxious.

Even if I tell you, there is no way you will listen to An Ran's intention to come. This is not something I can stop. This is a task assigned by the higher ups. "

"Aren't you Chief of Staff Fan Tianlei? Do you still need me to have a say in your army?

Moreover, you are fully responsible for this matter. If you are unwilling, no one can force you to make this decision if you strongly object to it.

There is nothing your superiors can do against you. You can argue with reason to prevent An Ran from coming over. "

"You guys have disappeared? No contact for so long.

The superiors think that you are unable to complete the task, so it is excusable to send another person there. What's more, don't you know?

An Ran is already much more experienced than you when he goes on an international mission.

To be precise, he should be your senior. He should worry about you, not you should worry about him. I believe in his personal strength very much. "

"He is capable, but this is just a girl. It is too dangerous for you to let him come over."

"An Ran has friends in Pakistan. He can be a very powerful resource for us and help us. This is what our superiors value most."

Qin Yuan was completely speechless. No wonder they had to let An Ran over. It turned out to be an ulterior motive.

"I really don't understand what you are thinking?

Since you trusted me back then, you should have left all the tasks to me alone, not to mention that I still have He Chengguang and Chen Jixiang by my side.

Coupled with the strong help of Jason, we will definitely be able to complete the task, and now we have got rid of many difficulties.

We have also completely subdued this guy Efit. He will not come to us in a short time. Please, we can devote ourselves wholeheartedly to the task of rescuing Professor Fang.

Now that you are telling me this, you are just causing me trouble.

I don't care, hurry up and transfer An Ran back to me. Where is he? Hurry up and intercept his plane. "

"He has already arrived at his destination, how do you want me to intercept him?"

Qin Yuan heard what Fan Tianlei said, and he was going to be ***** to death now.

The whole person was in a state of anger and was about to explode. Looking at the call from Fan Tianlei, Qin Yuan wanted to smash the phone.

He clenched his fist and hit the tree hard.

Qin Yuan's hands were all ***** from being scraped by tree bark, and there were wounds all over his hands.

Chen Jixiang said worriedly.

"How could you be so impulsive? This is a tree from a foreign country. What kind of tree is it? We don't even know, and now we've broken your skin."

What if I get an infection through a wound?

Chapter 2039: Appearance proves nothing

Jason felt a little distressed when he saw Qin Yuan punching the tree and cutting his hand.

He quickly took out some paper from his pocket and put it in Qin Yuan's hand.

"Wrap your hands first and then talk. No matter how angry you are, you can't torture yourself in this way. What Fan Tianlei said to you is not completely wrong. You should also understand him."

Qin Yuan, how could he have such thoughts?

He has no more thoughts except worrying about An Ran, and all his moods have been broken.

"Fan Tianlei, what do you think? It's good to let him come over and help us if he doesn't cause any trouble for us.

I know you wanted to take advantage of Enron's resources.

Let him mobilize all these friends who can help us.

However, have you ever thought that it is not so easy to ask others for help? You put everything on An Ran and made it difficult for him.

To still put him in such danger now is because you don't believe me. "

He Chenguang, who was standing by, could really see that Qin Yuan was angry.

I know Qin Yuan has a bad temper, but I haven't seen him so angry for a long time, especially towards a superior like Fan Tianlei.

"Calm down first.

Fan Tianlei, he has his own considerations.

As he said, Enron went on international missions earlier than any of us, and sometimes we should even be later than him.

He can be regarded as our senior.

Whether it is in terms of task execution intensity and efficiency, or in terms of human resources, he far exceeds us. In fact, this time, if it weren't for the fact that he had his own affairs to deal with, I believe that this boy Chen Jixiang would not be able to turn to him. .

It must be the three of us who came here to complete the task, and he will come here sooner or later.

What's more, we have encountered so many troubles now. Don't pretend to be calm and strong here. There is nothing wrong with coming here safely. "

He Chenguang's words were heard by Fan Tianlei on the phone.

He stopped writing and asked straight to the point.

"Qin Yuan, tell me the truth, what problem have you encountered? It sounds to me like you are not in the same room now, but in an open field. Where are you?"

"Your ears are sharper than a military dog."

"Don't try to change the subject with these useless things, tell me where you are right now?"

"We are on the shore of Pakistan."

Fan Tianlei looked at the time and thought something was wrong. According to the faster arrival speed of this group of people, they had already arrived.

"Have you just arrived?"

Probably not. We have already arrived in Pakistan. Could it be that you guys were caught by people on the shore if you were motionless?

Is it a patrol? "

"Yes and no."

Qin Yuan knew that he now had a lot of time to discuss with Fan Tianlei.

He said this deliberately to make Fan Tianlei anxious for revenge, so he asked An Ran to come over and complete the task.

"You kid, I really can't do anything to you.

If it weren't for your superior abilities, do you think I would still tolerate you? "

"Thor God, didn't you say it yourself? It all depends on my ability. If that's the case, then I should be even more proud.

To tell you the truth, we have already been here and have encountered some problems. The topic I just wanted to talk to you about is related to this matter.

It was only interrupted by your talk about An Ran coming over. "

"It seems that your matters are as important as mine. Then report it quickly. As your superior, I want to hear what you have been busy with during this time."

"How is Professor Fang?"

"I asked you to report to me, not to change the subject for me."

"If you don't tell me what happened to this old man? How can I report the following situation to you?"

If he is already dead, I think there is no point in saving his two apprentices. We will go back directly by boat tonight. "

"Have you learned to threaten me now?"

"Even if you lend me some courage, I wouldn't dare."

"Then why don't you report to me quickly!"

"Do you know Hassan?"

"Hassan? Why does this name sound so familiar?"

I understand, most people in Pakistan have this name. If you ask me if I recognize him, then I can only tell you that I have seen him on TV series. "

Qin Yuan was a little confused all of a sudden.

Is Hassan a fake name?

"There are indeed many people with the same name, but this guy said he once worked as an undercover agent in our country H, and he was discovered by you.

He is particularly impressed by you. I don't know if what he told me is a lie, an attempt to bring the distance between us closer, or if it's the truth.

I'm not sure, so I'll ask you if you call me. "

Hearing what Qin Yuan said, Fan Tianlei fell into memories.

"I really don't have much memory. Even if I do, it was decades ago. Do you think I can still remember it clearly?"

"Thor, this is called selective amnesia."

"Don't talk to me about these useless things. I have already told you a lot just now. I can no longer remember these things.

wrong! "

Fan Tianlei seemed to suddenly remember something.

"If someone was spying here when I was young, I did hear about it, but I can't remember its name.

This happened many years ago. In my impression, this guy is a very ruthless person, and he is very persistent, like a cow. "

"Yes, yes, he is very persistent. Now he has become a middle-aged man and should be about the same age as you. But you are a winner and he is a loser."

"Qin Yuan, if you want to say this, do I still have to thank you for your praise and saying that I am a successful person?"

"You can think so or think so, but I can't answer you.

Because I know that if I tell the truth, you will definitely cause trouble for me. "

He Chenguang and Jason were listening anxiously. Now that they have clues, they should stop waffling.

"Hurry up and ask first, are you sure it's this person?"

"Thor God, tell me, how much impression do you have of this person?"

"That's pretty good from what I can think of, if you're counting on me to give you more clues about it, maybe even a profile of him.

Then I think you are simply being whimsical. Could you please consider that a middle-aged man's memory is not that good?

What I'm telling you is all from my heart. I searched out all my memories to provide you with these clues.

Nothing more. "

Fan Tianlei's words gave Qin Yuan a painful blow.

He thought Fan Tianlei would be a person with a particularly good memory, but he didn't expect that he would forget all about such things.

He Chenguang was standing by to help Fan Tianlei.

"Qin Yuan, don't be anxious first. We should understand that if a person only does one big thing in his life, then the memory of this big thing will naturally be very deep for him.

But Fan Tianlei is different.

He has made countless contributions in the army. If you look at his medals, you will know how brave he was when he was young.

To him, catching a spy from a small country was not even a third-class meritorious service.

How could it be something that was so deeply remembered? It was indeed too difficult for him to quickly recall it in a short period of time. "

He Chenguang doesn't want Fan Tianlei to think about Hassan now.

All these years after their youthful entanglement, some people are still impressed.

Who knows, there is also an instructor Gong Jian standing next to him.

"Gong Jian, what happened to us when we were young was basically all about you. Do you know a spy from the Eight Kingdoms who was captured by us? His name was Hassan?"

Instructor Gong Jian is famous for his good memory.

Even when a person reaches middle age, he still has a photographic memory.

Qin Yuan heard this and immediately became interested.

"Thunder God, why didn't you say that instructor Gong Jian is here too."

"What's there to say?"

"His memory is much better than yours. He is famous for his photographic memory. Let him think about whether there is such a person and whether he is lying to me or the truth."

"Is this useful in completing your mission?"

"Of course it works.

I'd better report the cause and effect to you.

When we first arrived in Pakistan, we met this guy Efit as soon as we docked. He was so arrogant that he captured us all.

Later, we met the Pakistani patrol team on the shore.

One of the leaders is called Hassan. This guy looks about the same age as you, as if he has experienced a lot of vicissitudes of life.

The most important thing is that he has been investigating the underground arms system.

Judging from his appearance, he should be a very failed person in his attempts, not a successful person.

It must be that I have been investigating this matter for many years, but there has been no answer.

Like you, he is a persistent guy, but the environment here is not that you can rise to the top just by being persistent.

It must have been a secret attack by Old K, or some kind of organization behind it, that made it what it is now.

He has a habit of always carrying a box-like stainless steel wine bottle in his pocket.

From time to time I take it out and take a few sips.

I think he may not have had this habit when he was young. It is very likely that he developed this habit of drinking after his failure in the world.

It doesn't matter, what other characteristics does he have..."

Qin Yuan recalled everything he had with Hassan while describing it to Fan Tianlei, hoping that they could remember things about this person as soon as possible.

What surprised Qin Yuan was that they could not recall any clues about this person.

"You should give up now, instructor Gong Jian is also here.

He has a photographic memory. If you don't even believe him, then you are even less likely to believe anything I say.

The two of us talked back, and for a long time we haven't heard of the person you described. "

Instructor Gong Jian seemed to have recalled something.

"I remember when we were both young and I had just joined the Army.

Thor, you have enlisted in the army for about two or three years. I am a little younger than you. One summer, you accidentally discovered a Pakistani spy.

Do you still remember that person? When you were taking a shower, you discovered different marks on his body. This kind of tattoo is only found in Pakistani people.

It was a very small one, but he had washed it off, and you found it through his scar.

Later, after a series of investigations, we found that there was indeed such a spy. After reporting to his superiors, he was immediately discovered and sent back to the country. "

Instructor Gong Jian, Fan Tianlei seemed to have thought about it when he described it this way.

"If you put it like that, I seem to have some impression. I remember that there was indeed such a person discovered by me when I was young.

We were all new recruits back then.

Our superiors didn't pay special attention to us, but they rewarded us with two barbecue meals because of this incident.

They were all real things, and the barbecue at that time was really delicious.

Now that the conditions are good, what can you eat is not as delicious as that time? "

He Chenguang was listening Qin Yuan also expressed his helplessness.

"You'd better be honest with me and stop talking about eating, drinking and having fun. If you really like to eat barbecue, I can treat you to 10 meals."

Think about it quickly, what characteristics does that person look like? "

"I remember only one feature."

"What?"

"That's handsome! I have to say that although Pakistan is a mixed and poor place, their people are really handsome.

When that spy joined the army, you don't know how many little girls he attracted. Of course, there are so many little girls in our army who are military doctors. "

Qin Yuan frowned and recalled Hassan's appearance.

"Handsome? Hassan is just a middle-aged greasy man. He is more handsome, but he is not related at all.

How could this guy be the handsome guy who made all the military doctors' eyes shine? "

Jason looked at Qin Yuan's frown and knew what he was thinking.

"Decades have passed, and a person's appearance will change. We cannot judge whether the person is Hassan based solely on foreign trade.

However, you have already told him about no longer cooperating, and we have offended Hassan today. They are in the deep mountains and old forests, and there is no guarantee when they will be able to come out.

Even if you prove that he once served as a spy in country H, so what? What could this mean?

It won't help us at all, so you'd better not dwell on this matter.

Think about it, in recent times, we have made it very clear how much we have been uncomfortable with.

If we extrapolate further, Hassan may not be the same person back then. "

Chapter 2040: Please check the information

After the analysis just now, Qin Yuan believes that they should not completely deny it now. Hassan is the same person back then.

If we analyze it by appearance.

This is even more unreliable. With the erosion of time, everyone is different from when they were young, even every year.

Now that decades have passed, it is difficult to guarantee that he is not the same person he was back then.

He Chenguang thought about it for a long time, and she also wanted to verify this issue.

She wanted to find people from the United States, because when she was working as a spy, there must have been some people from the United States working as spies around Fan Tianlei.

However, He Chenguang, he cannot expose his whereabouts casually now.

He knew better than anyone else that Qin Yuan had begun to doubt him, but due to the current pressure, he could not doubt himself casually.

Especially now at this critical time.

Their main purpose is to deal with Norman Karim and save Professor Fang's land.

"Qin Yuan, don't be anxious now. You can't talk to Fan Tianlei with this attitude. We think we really have a lot to do.

However, so far, we cannot fully consider whether what we are doing is wrong or right. "

Jason looked at them very anxiously.

"Qin Yuan, I have always had a question. If you want to investigate a person, why do you have to make a guess and not check the information?

The spy information from that year should still be preserved.

Even if a person's facial features change, he will basically not change much. He will just become fatter or older.

Judging from the current situation, Hassan may not have been an energetic person when he was young.

If a person has gone through too many blows, he will become as decadent as he is now. Look at him drinking all day long.

You should be able to figure it out pretty much.

Hassan, maybe he was once a man in his prime.

If you think about it, being able to go to other countries to be a spy must first of all be a very good person, and secondly, he must have a strong psychological endurance.

In the beginning, he was also valued by his superiors.

Otherwise, he would not have been assigned such a high-end task, and we would not know what happened when he came back later. I think he hated Old K very much.

I also hate Norman Karim. They should have had a lot of grievances when they were young.

Hassan, he must have revealed today because he really wanted to cooperate with you. He once served as a spy in country H. This is definitely not a trivial matter.

We cannot fully believe the words of Norman Karim.

I just thought about it, if it had been Norman Karim, it would have been very simple for him to punish someone.

Why does Hassan's bad temper still exist in the Pakistani army? I think we should think about it carefully. This is definitely not as simple as what we see.

Go back and check the information. All the information can prove what everyone thinks. It makes no sense to speculate here now.

It's just a waste of time. "

Jason's words suddenly made Qin Yuan realize.

In fact, how could he not have thought about searching for information, because the information in the information was so probative.

If it was really discovered that he had been a spy.

A spy came to Qin Yuan and told him about cooperation? Even if it's Qin Yuan, who can believe that he is innocent?

If someone makes a fuss about this matter in the future, Qin Yuan will have no way to prove his innocence.

Fan Tianlei has been in the army for so many years. He knows that if some people are behind the scenes, he has countless ways to do it. He also wants to protect Qin Yuan.

Allow him to clear himself of suspicion.

Everyone in their organization who goes to other countries to complete tasks will be investigated when they return.

Especially people like them who are constantly in contact with foreign forces.

Who can guarantee that they will not be deceived by money and not bribed by others? If Qin Yuan is investigated, he has been in contact with spies.

Then, his future future would basically be destroyed. Fan Tianlei didn't want to see the current situation and he hesitated.

“Don’t say it so simply.

Not everyone can inspect the paper version of the information. I do not have such authority. ”

After hearing this, He Chenguang knew that Fan Tianlei sincerely cared for Qin Yuan as if he were his own child, otherwise he would never have made such a choice.

"Thunder God, if you really want to ensure Qin Yuan's absolute safety.

I think it would be better for you to investigate clearly. We are now in a proactive position.

We took the initiative to investigate and reported to the organization immediately. It would be best if we could find out that Hassan had been an undercover agent and a spy.

In this way, we can proactively explain the situation to the organization.

If we go back without knowing anything now, Qin Yuan will be in a very passive position if we are reported by some people with evil intentions.

I think it's better for us to take the initiative and check the information to see if he has ever been a spy here. Even if he was a spy, he used other names.

Hassan, is he his real name or is he a fake name he made to deal with us.

We don't know. We have to investigate quickly before we can understand what is going on. We can't be confused by others.

If all of us are doing it for Qin Yuan's good.

It's not too late to investigate now. "

Qin Yuan stood there and thought for a long time. He knew that Fan Tianlei did this entirely to protect himself.

"Thor God, for your hard work, I have to say that I am very grateful to you. In order to prove my innocence, we still have to follow this method.

He Chenguang said there was no problem.

Now we still have the initiative. If one day we find out that Hassan is indeed a spy and has been looking for me, I won't be able to get rid of him even if I jump into the sea. "

The kid Chen Jixiang also knew the seriousness of this matter.

"Brother Qin Yuan, you'd better go investigate as soon as possible.

Who can guarantee whether Hassan sincerely wants to cooperate with you or wants to frame you when he seeks cooperation with you?

As the saying goes, you know people, but you don't know their hearts.

I had already seen this guy when I was on the shore, although he seemed quite unreliable when drinking.

However, through his eyes, I can see that his eyes are bright and lively.

He is definitely not a very decadent person, he knows what his purpose is. "

Qin Yuan laughed after hearing Chen Jixiang's words.

"Why are you laughing about such a serious matter?"

"When did you, this kid, learn about orientation research?"

"This is my own elective course. When I had nothing to do before, I would often read some books on psychology.

You can analyze it based on your close contact with him and see if he is such a person. He is definitely not a decadent person. "

Qin Yuan, recalling the scene where he knocked Hassan to the ground with one punch just now.

"That seems to be the case.

When I beat him just now, I felt that he didn't look like a person who lacked training in normal times, even though Hassan has a big belly.

Drinking all day is just his mentality to paralyze his enemies.

He should be a very purposeful person who knows what he wants.

However, I always feel in my heart that he does not seem like a bad guy in the traditional sense, not like Norman Karim.

He must be a very persistent person, having been investigating the underground arms trading system for so many years. "

Fan Tianlei said very angrily when he mentioned this underground defire system.

"Fuck, everything is caused by this underground arms trading system.

In the beginning, it was the same when we were young. "

Speaking of this, Fan Tianlei suddenly paused.

"Thor God, why did you hesitate for a moment? Please tell me quickly. You are making us all very confused."

Fan Tianlei turned to instructor Gong Jian and said.

"Now I suddenly think of the time when we discovered the spy when we were young. I always feel that it is not that simple. Maybe there is someone behind it all.

If you imagine, this spy can overcome all difficulties to come and lurk among us, which shows that he is a very powerful person.

How could such a person be discovered by me so easily? "

Instructor Gong Jian, after listening to Fan Tianlei's words, he will also think of what happened when he was young.

No matter how well things go, it was already decades ago, and it is impossible for them to instantly think of Fan Tianlei's words that still made him hesitate.

"Thor God, I know that you had a lot of troubles when you were young.

There are many great achievements. Looking at your military medals, we know that catching a spy is not a particularly deep impression on you. "

"It's all because he was so high-spirited when I was young. At that time, I didn't take this matter to heart at all, and I didn't think too much about what was wrong.

Looking back now, I was still too young at the time.

We may have all been taken advantage of by other spies. This trick of borrowing a knife to kill someone is really good, and it deceived me. "

After Qin Yuan heard what Fan Tianlei said, he was now full of doubts.

"Thor God, can you not say half the words and leave the other half? I don't even understand what you are talking about right now, so you were deceived by others.

Do you suspect that when you discovered this Pakistani spy, someone was behind everything and deliberately allowed you to discover him? "

"It seems that this possibility cannot be ruled out now.

It was indeed a coincidence when we discovered this spy. Everyone was taking a shower, and out of nowhere, I discovered the scars on his body.

If they wanted to come here as spies, they wouldn't have exposed such a big loophole.

We were too young at that time, and we just wanted to make achievements, complete tasks in the army, and find our dreams.

There was simply not much time to think about this matter.

This guy named Hassan, did he have any special reaction when he mentioned these things to you today, such as exposing himself?

Or very angry about what happened back then. "

Fan Tianlei's question reminded Qin Yuan of Hassan's expression when he told him that he had been a spy.

"Thor God, you said that you were too young when you were young and were taken advantage of. Now you ask me such a question, and I can't answer you completely.

I don't know if Hassan is sincere in what he said to me, or if it's really out of admiration for you.

He just told me that he knew Fan Tianlei. And he was the one who spied for you on our property, and you were the one who discovered his identity.

I don't feel that he is full of resentment towards you, I just feel that he admires you very much and knows that you are a hero.

Now that you mention it, his eyes are full of admiration for you.

I don't feel any hatred at all, I really can't see it. "

Jason thought for a moment and carefully analyzed Hassan.

"To be honest, I think Hassan is not as simple as we thought. He definitely has no intention of deceiving us.

Perhaps, when he was young, he was not like this now, but he was just forced by the situation. "

Chen Jixiang has never had close contact with Hassan and has no right to speak.

"I can only listen to your analysis. If this guy has been a spy for us, what does that mean? Why do you want to investigate this matter clearly.

Shouldn't we rush to rescue Professor Fang's two apprentices? "

"Chen Jixiang, you don't understand.

Hassan proposed to cooperate with us. His main idea was to let us help him destroy the underground organization's arms system.

We are not surprised at all that this matter has something to do with Efit and the others.

I think Effit should have many clues about American spies in his hands. "

After Qin Yuan said what he said, there was something wrong with He Chenguang's face next to him.

"Qin Yuan, you must not think how powerful this person is.

To put it bluntly, Effit has no real abilities at all. He is just Old K, a dog. You must not think that he is telling you the truth.

This person is not accurate in what he says. He just wants to make money. How could he know everything about spies? If he has such a powerful ability.

It is absolutely impossible to be used by others now and defeated by you.

After fighting against him so many times, you still don't know how much this person weighs. Efit, this guy, is nothing more than a paper tiger.

On the surface, he may seem to have some abilities, but inside he is very dark and doesn't have much ability. Don't think about it so much. He just wants to scare you, just say it casually.
