

Special Soldier 2041

Chapter 2041: Spy information is a Level 1 classified document

Qin Yuan looked at Fan Tianlei ticking the clock here and couldn't give him a completely certain answer. Don't be too anxious now.

"Thor God, just go find the paper version of the information and compare it when you find it. You can help me send the photos, even if it has been so many years.

His appearance may have changed so much that it would not be a problem for me to recognize Hassan. "

He Chenguang was listening, and he also wanted to contact his people in the United States quickly.

It would be best to find out the indirect information from back then. Now he wanted to know urgently whether Hassan was the original spy.

Chen Jixiang was also anxious beside him.

"That's right, Thor, please don't continue to ink here.

We all know that you can do this, why are you unwilling to help us.

What on earth do you think. "

"You kid, it doesn't matter if Qin Yuan forces me, you all come to force me too, don't I really not want to help you find information?

Hassan has now become your defeated enemy.

Is it so important to you to know whether he was the spy? "

"Of course, Thor, instructor Gong Jian.

I have to explain to you two the unfinished building they locked us in today, if I hadn't reacted quickly and escaped from it in time.

He forced me to cooperate with him.

It can be said to be a combination of carrot and stick. "

"What happened? Why did this guy force you to cooperate with him? If he was really a spy of our country H.

It's impossible for him to tell you about this, even though many years have passed and the effectiveness of spies has been lost.

However, I think he should still be haunted by that memory. "

Jason was actually more anxious than anyone else. He wanted to rescue his good brother as soon as possible.

He also wanted to know if Hassan was the original spy.

Fan Tianlei is now in a very difficult position. If he wants to investigate the original spy information, he must obtain permission from his superiors.

Although, Fan Tianlei now holds the position of chief of staff.

It's just that all spy information is guarded by special personnel, and he cannot investigate it casually according to his own preferences.

"Qin Yuan, everything in our army is very strict. You should know my difficulties, don't force me, okay?

You are sent to Pakistan today to rescue these two disciples of Professor Fang. They are both famous arms experts. Why are you arguing with these people?

Hassan, even if he is not the spy back then, he is still an extraordinary person. I advise you to stay away from him.

This guy is not trustworthy enough, let alone angry.

By how you describe me today.

He locked you up in an unfinished building, using both soft and hard tactics to try to work with you.

Moreover, he also knew about the original spy.

This person must not be simple, even if he is not the original spy.

It must also be related to this matter. You should stay away from him and be careful, so that the Wannian Ship will be destroyed. "

"Thor God, it's already reached this point. Please stop saying these high-sounding words to me. Of course I know that Hassan is not a simple person, and I know better that I shouldn't offend him casually.

However, don't forget that Pakistan has complex forces.

There is also a Norman Karim who can harm us anytime and anywhere.

If we want to survive here, we must find someone to cooperate with us. Besides Hassan, the only one is Noman Karim.

Based on your understanding of this person, He Fei back then should be more terrifying than that spy. He wanted to benefit from us.

Old K is an arms dealer who has been in various neighboring countries for many years.

Efit is his lackey.

Fan Tianlei, I tell you very seriously that it has been so many years since you first joined the army.

You have been troubled by this underground arms trading system. Don't you think you are tempted?
"

When Qin Yuan said this, Fan Tianlei did hesitate.

Although, compared with Hassan, Fan Tianlei is a very lucky man. He has been able to rise to the top, and he is also very smart and smooth.

However, there are spies in the underground fire trading system.

These two are indeed his worries for many years.

If there is a chance this time, these two things can be completely resolved.

Fan Tianlei will definitely not miss this opportunity, but it is really difficult for him to investigate the documents of the spies back then.

Instructor Gong Jian saw through Fan Tianlei's thoughts, and he was unwilling to bear this responsibility.

"Actually, what Qin Yuan said is quite reasonable. The spy incident was already decades ago.

Even if it is, confidential things are nothing in front of us. If you apply to your superiors, it may not take long to get approval.

Qin Yuan, he is very urgent and wants to know whether Hassan has anything to do with this matter.
"

"Qin Yuan, how about this, you provide me with Hassan's photo, maybe I can take a look at it based on my impressions from back then.

You said you can identify a person through photos. We all have this ability. Why don't you give me the photos and let me compare them. "

Jason whispered beside him.

"Isn't this all the same?

Send the photo of our current Hassan, and they also need to find the paper version of the information before they can find the specific information about this person.

This makes no sense at all.

Only now can we hack into the system and find this person's specific information.

It is the most effective for them. "

He Chenguang proposed a very bold idea.

"By directly hacking into the system, we can see the original spy information without wasting any time. We can all do whatever we should do."

Fan Tianlei angrily scolded He Chenguang.

"Have you been out for a few days and you don't know how much you weigh?

If you dare to hack into the system, are you being brave?

Even I don't dare, and don't forget my identity.

Although I usually get along with you, I treat you as my own children, but I can't pamper you too much.

How dare you say such a serious thing about hacking into the system in front of me.

When your superiors find out, what kind of punishment will they give you? Don't you know it all? "

Faced with Fan Tianlei's accusation.

He Chenguang responded with a smile.

"Thor, please stop scaring us here, I know you wouldn't do such an outrageous thing to us.

When you took care of us as your own children, I knew you were a very responsible and responsible person. "

"fart!

You two stop flattering me. This matter is definitely not going to work anymore and I won't agree to it. "

Instructor Gong Jian knew how serious this matter was when he saw the usually unruly Fan Tianlei not agreeing to him this time.

"Qin Yuan, you'd better take this idea back quickly. The God of Thunder won't agree to it, and I won't bother you with such an excessive request.

All information on spies is a first-level confidentiality system.

Not to mention that we don't have such powerful computer experts, even if we did, do you know what a serious mistake it would be if caught by your superiors?

You don't want to balance the merits and the faults. You have to know that there is no such thing as the merits and the faults in the army.

Doing something wrong does not conflict with your great achievements at all, and your punishment is also different.

It took a lot of effort for you to get to where you are today. If you are knocked back to your original shape..."

Before instructor Gong Jian finished speaking, Qin Yuan said resolutely.

"I have to find out today whether Hassan is the spy you caught back then. This is really important to me."

"You kid, I shouldn't have talked to you about this topic in the first place, and now you're starting to crawl along."

Chen Jixiang whispered.

"After all these years, don't you still understand his character? No one can make him give up what he has decided.

Qin Yuan doesn't care about his position in the army at all. He only cares about what he thinks is right.

In this regard, Fan Tianlei is exactly the same when he was younger. "

"Otherwise, just give me some time and let me apply to my superiors. We have to follow the rules."

Qin Yuan thought in his heart.

Since Fan Tianlei refuses to take hard and soft measures, don't blame him for using aggressive tactics.

"Thor, without realizing it for so many years, you have slowly and subtly turned into what you hate most."

"Stop farting here.

What is the look I hate the most? Please tell me clearly and let me listen. I don't even know what the look I hate the most is. "

"Don't you hate people who do things according to the rules the most? You once told us that as long as you can achieve your own goals, you don't violate the rules.

You will do it.

The matter must be urgent. Today's matter is indeed very urgent, if Hassan crawls back quickly.

Let me tell you, there is no way for us to leave here today. Do you want to watch us be arrested? "

"However, the idea you gave me is not according to the regulations at all. If the superior leaders find out, I dare to steal spy information at will.

Do you know how serious a crime this is? I can't afford this responsibility. I will retire in a few years.

Qin Yuan, just think of me as begging you, let me land smoothly, don't cause me any trouble, okay? "

"retire?

Thor, you are only in your forties this year, and you still have twenty or thirty years left.

If you want to retire, it's too early.

I beg you, I'm not in the army now, and I can't find the original information. I can only ask you two for help. If you are unwilling to help, who can help me.

Hassan, there is still doubt whether he is the same person now.

If he is, it only means that we must be careful quickly. He knows that my affairs may not be the smallest details. He knows you, Thor, very well. "

At this point, Fan Tianlei hesitated. He didn't want his children to be in any danger outside. If he really wanted to apply with his superiors, he didn't want them to be in danger.

It will take approximately seven working days to complete.

They always work very hard, and it is indeed too late. If they cut it off first and then tell it later...

Fan Tianlei's hesitation was noticed by instructor Gong Jian.

"If you don't want to do this, just let me go and I will take the responsibility."

"Qin Yuan, they are all my soldiers, instructor Gong Jian, how can I let you take such a heavy responsibility for me? Forget it, let me go alone.

Qin Yuan, let me tell you that although you are very capable, you are also too unruly. Sooner or later, I will have to get involved with you. "

Hearing Fan Tianlei say this, Qin Yuan knew that he should completely agree with his idea.

"So you agree?"

"Although I agree, I will not bear this responsibility for you.

When you come back, explain it to your superiors yourself.

What a serious crime it is to steal espionage secrets. "

"Okay, Thor, as long as you promise me to find out the information about the original spy as soon as possible ~ www.readwn.com ~ I will definitely not let you down.

After returning home, I first went to my superiors to apologize and tell them that I forced you to do all this. "

Chen Jixiang covered his mouth and laughed.

"Thor is really a good person, although I joined the army late.

However, I have also heard these stories about him and his men.

No matter what kind of mistakes you usually make, he will stand up and take responsibility for you as soon as possible to **** you to complete the mission.

This is something I admire very much about Thor. He is really a pure man who dares to act.

Sometimes he takes responsibility for things that are not his doing. "

Jason nodded as well.

"Yeah, it's really heartwarming to have such a superior who is willing to support me and help me take on the ultimate responsibility."

Instructor Gong Jian, although he supports Fan Tianlei in doing this, he knows that this approach is very dangerous.

The most important thing is that it may not be successful.

The spies of country H are completely stored in the first-level confidentiality system, and they cannot get it if they want.

Qin Yuan, if he wants to control it remotely, it is not impossible.

Although Fan Tianlei agreed to this matter, they did not have a very powerful computer expert who could hack into the system.

"Qin Yuan, I have promised you, but who do you think can help you do such a bold thing.

I am a computer idiot. I have already reached this age. It is impossible for you to expect me to help you enter the system to query. I can only pretend not to know.

When the time comes, the superior leaders will ask questions.

If you want to be held accountable, you have to bear the responsibility yourself and no one will take the blame for you! "

"Thor, but you don't know that I'm a computer expert, why don't you let me control it remotely."

Chapter 2042: Guest appearance as a hacker

Fan Tianlei thought Qin Yuan was just joking, even though he knew that this kid was always able to add some weird skills inexplicably.

I never thought that he would be a master hacker.

It was precisely because Fan Tianlei had mastered this skill that it was impossible for Qin Yuan to master it that he was able to reluctantly agree to Qin Yuan's willingness to help him find paper copies of spies in H Country.

"Qin Yuan, I think you are a little too ignorant.

Which hacker do you think would dare to help you invade such a first-level national secret? "

"I can do it myself. I don't need to ask anyone for help. If something happens, I will shoulder the responsibility!"

"With your weak shoulders, what kind of big things can you look down on? In the end, the superiors didn't come to me, but you just gave me a complete problem.

Qin Yuan, I have said this to you not once or twice.

Sooner or later, I will be ***** by my superiors because of you. "

"Thor God, please don't say that. I have also helped you complete many tasks. Not only have you been promoted to a higher position, you can also be said to have been recognized and rewarded by your superiors.

Otherwise, I'm afraid you wouldn't be able to bear it any longer if I were so unruly. "

"Good boy, according to your statement, am I helping you solely because of my own selfish desires? I am helping you because we have a common goal.

Everyone wants to build the H country's troops better. Apart from that, there is nothing else. This is our mentality as a special forces unit.

You think that like you, I know what it means to make contributions all day long, so that I can increase my salary quickly. When you joined our army, I tried to persuade you for a long time.

People say that a thousand-mile horse often exists, but a bole does not always exist.

You're such a thousand-mile horse...although it doesn't happen very often.

However, there are even fewer people left who appreciate you.

Everyone avoids you because you are too courageous, but you still feel good about yourself.

Apart from me, no one dares to help you do so many dangerous things, so just be content. "

Qin Yuan was also amused by Fan Tianlei's words. He couldn't help it, he was just such a person, and he usually played around with them.

Just like a good brother, on the whole, Qin Yuan does not regard him as a superior.

He completely regards Fan Tianlei as a person who can talk to him from the bottom of his heart.

"Who said that?

In addition to you, instructor Gong Jian also admires me very much. He was the one who supported me just now to find information about spies. "

After Fan Tianlei heard this, he turned back and glared at the person next to him.

"He's called pretending to be a good person. You are not his soldier. If something goes wrong, the first person the superiors will call is me."

Qin Yuan smiled and said that he knew that Fan Tianlei had softened his heart.

"Thor, I'm not kidding you, you really shouldn't waste any more time.

This is the clue you have been struggling to find for so many years. Finally, you have a little clue about the underground arms trade. Why should you let it go?

Opportunities wait for no one.

chances are for people who are prepared. "

Qin Yuan is really good at catching other people's weaknesses. He knew that Fan Tianlei was interested in this matter and kept bringing it up.

Fan Tianlei really hesitated.

"As I said just now, if you can find a hacker who can help you crack the secret, I won't mind taking the blame for you.

This is a serious crime of stealing secrets. If you can be effective, maybe I can apply to the superior leaders to offset the merits and demerits, so that they will not care about you.

If you don't get any results at all, you are just talking nonsense with me, and I can't protect you. "

"Come on! Thor, I believe that whenever I have disappointed you, just stay up."

Of course Qin Yuan has his own way. Although he does not have the ability to crack the database now, he can ask for help from the system.

Now the system has been fully upgraded and knows what he wants.

As long as Qin Yuan finds a completely secret self-space and system, he will be able to obtain this ability.

"Let's do this, Thor, give me some time to go out and relax. When I come back later, give me the website in our secret database.

My mobile phone can now log into this website, and I believe I should be able to crack the specific secrets. "

"Do you really think of me as the leader of the army?"

"What do you mean, Thor?"

"I can only say that I am helping you apply. If I log into our confidential website, do I still need to contact you?

This is from many years ago and may not be found in electronic materials.

Things from decades ago have long been sealed away. "

"Let's try to log in first. If someone is more diligent and digitizes all the information from decades ago, we will be able to gain something."

Jason looked at Qin Yuan from the side, and he was also worried. It was already getting late. If Hassan and the others came back early, Jason and his men might not be able to save him.

"Qin Yuan, I know I shouldn't cause trouble for you at this time, but you also know the doubts in my heart. We have to design it according to our own plan.

At the very least, I should save my group of brothers before Hassan comes back.

They followed me for years, if I really let them.

Not only did they not have the responsibility to be the boss, they even felt sorry for them, having lived a life of licking their blood with me for so many years. "

Chen Jixiang also nodded.

He looked at Jason from the side, fidgeting as if he was urinating frequently.

Qin Yuan sighed.

"Jason, don't worry.

I will never go back on what I promised you, even if I know how dangerous this task is.

If I can find a clue about whether Hassan was a spy, I can use this clue to find Noman Karim. "

"Do you think a person like him would care about a little shrimp like Hassan?"

Fan Tianlei has been standing by, listening to the conversation between Jason and Qin Yuan.

"Qin Yuan, I asked you to contact Norman Karim, but you haven't made any contact with him so far. Have you really turned a deaf ear to what I said?"

"Thunder God, it's not that I don't obey your orders, but that until now I came to Pakistan, I haven't had the chance to be in a separate situation.

I have already explained it to you just now. We met Effit just after we docked. This guy is like a dog-skin plaster, annoying.

Originally, I wanted to use Hassan to get rid of Efit, a particularly annoying guy. Who would have thought that I would just drive away a tiger and devour a wolf, leaving a dangerous place.

We have fallen into another dangerous place, and I have no choice but to keep putting it off until now, without contacting Norman Karim.

I don't think he has time for me now.

He should be busy collecting Lao K's batch of arms first. "

"What, you said that Norman Karim has already begun to prepare to take action against old K, is he the big boss above Effit?"

"Otherwise, what do you think?"

Our current situation is very dangerous. To put it bluntly, it is a fight between gods and devils.

If not, we are just pawns between the two forces. We came here entirely to save Professor Fang's two apprentices, it seems now.

Professor Fang's two apprentices are likely to be in the hands of Norman Karim, since he has already planned to engage in arms trading.

How could it be possible to give up on these two arms experts?

Naturally, he wanted to develop the most advanced and powerful arms and weapons in the world and sell them at a good price. "

Fan Tianlei was silent.

"Times have changed. After so many years, has his ambition expanded to this point?"

Instructor Gong Jian heard that Fan Tianlei was a little sad, but he still recalled the brotherly relationship between them.

"He Fei is already dead, and now he is replaced by the ambitious Norman Karim.

The underground arms trading system has been entrenched in various countries for so many years.

We have been fighting with him since we were young, and there has been no result until now.

We finally met such a powerful young man as Qin Yuan, and thought he could deal with this hateful guy on our behalf. "

"You actually put all your hopes on me?"

"Of course. When I look at you, it's like I see myself when I was young, full of vitality and vigor, full of justice in my heart, and most importantly, very capable and smart.

It can only be said that green is better than blue.

Although you are my apprentice in a certain sense, you are much better than me, which is why I am optimistic about you, even if you have never been on an international mission.

I am also willing to rest assured and let you take He Chenguang and Chen Jixiang, these two young boys, to complete the mission with you. "

Qin Yuan sighed helplessly.

"Why...

I really shouldn't say now whether you trust me or cause me trouble. I haven't protected you two of them yet, so I sent An Ran here again.

Speaking of Enron, it should have arrived by now.

Why has he never contacted me? "

Chen Jixiang was embarrassed and pulled Qin Yuan's clothes with his fingers.

"Um...Brother Qin Yuan, your phone is out of battery. How can Sister An Ran contact you?"

Qin Yuan suddenly realized.

"Yes, I have to quickly find a place to charge my phone first. If we hadn't met that mysterious woman just now, we still wouldn't have found Chen Jixiang."

"What mysterious woman?"

Qin Yuan, I have to warn you. I know that you have always been very lucky and have many little girls around you. I asked you to come to Pakistan to complete your mission and save Professor Fang's two apprentices.

I asked you to take these two arms experts back, but I didn't ask you to come here to pick up girls.

The beauty of Pakistan is indeed famous. If you want to hide from me, you have to control yourself and don't mess around with me here.

I tell you, if it affects the completion of the task, go back and see how I will punish you. "

"Thor God, don't you understand me yet? When will I talk about these matters of love between children? I only have eyes for the task you gave me.

As my superior, you should completely trust me. "

Instructor Gong Jian quickly interrupted the conversation between the two of them.

"So about the spy information, have you found it yet?"

"Of course I'm going to look for it. I'll try to log into the system first. I remember I saw someone logging into this secret system once.

But it took too long, and to be honest, I don't have a photographic memory. "

"Then what's the use of talking nonsense here?"

"Thor God, don't worry, you have to give me time to recall."

Qin Yuan now has an idea. He wants to ask the system for help.

But with so many people around him, how could he stay hidden? Especially in the woods and at the beach at night.

It's really scary to want to be alone.

"Well, I'll go out to use the restroom first, and I'll discuss it with you when I get back."

"You just go to the toilet here. We are all men. Who would peek at you?"

"I want to go to the big size!"

He Chenguang covered his nose and slapped him with his hand in disgust.

"Then go away quickly and don't smoke us!"

Qin Yuan handed the phone to Chen Jixiang.

"Boy, please chat with Thor for a while."

"Thunder God, while Brother Qin Yuan is going to the bathroom, can you recall what happened with the spy and Norman Karim when you were young?"

Anyway, we have nothing to do here at night, so just tell us a story. "

"This is not a night story party. If you want to listen to a story, no way!"

"Then we are just idle. Qin Yuan goes to the toilet very slowly. We will definitely have to wait for a long time."

Instructor Gong Jian reminded from the side.

"Thor God, An Ran, he has successfully arrived in Pakistan. Qin Yuan's mobile phone is out of battery. They should be very anxious if they can't contact him now. Why don't you contact An Ran first.

He didn't sneak across there, he did it openly.

You can use your own identity. He had an identity when he was an international spy. Contact him and confirm the specific location for Qin Yuan. They can wait on the shore and meet here.

If these guys go to other places, they might get lost. "

"That's not possible Qin Yuan is very powerful. Even though he came to Pakistan for the first time, he seemed to have lived here for decades.

Even better than the local experienced drivers.

Hassan locked us in the deep mountains and old forests with only a little bit of gas left in the car. Qin Yuan, who had never been here before, miraculously drove the car here and took us without any detours.

Went directly back to the city.

Moreover, he can find every place accurately. Did this guy memorize the map before coming here?
"

Fan Tianlei is still analyzing carefully.

"I think it is still possible, Qin Yuan, he has always been a person who works hard silently. You can only see his achievements, but not the efforts behind him.

This is why I admire him so much, he can surprise me every time. "

Chapter 2043: System adds hacking function

Qin Yuan found a hidden location.

He lied and said that he had to go to the bathroom to get such a safe place, and he quickly found a way to contact the system.

"System, system, come out quickly, I need your help somewhere."

All of a sudden, a screen lit up in front of Qin Yuan's eyes, accompanied by a familiar voice.

"Hello host, long time no see, what do you want from me?

Judging from your current situation, you should not be in the place I am familiar with, but in a strange place. Let me check where you are. "

"System, you don't need to check where I am. I'm in Pakistan."

"Oh, right.

The last time the host wanted to acquire the ability to speak this national language from me.

What do you want from me today?

The merit points you can use now have reached 500,000. "

Qin Yuan was very shocked. He had not contacted the system recently. When did his merit points reach so much?

"I remember I didn't have so many before, right?"

"Of course, the host has completed many tasks recently, such as snatching vehicles and defeating Efit, which has already given you a lot of merit points.

Host, there are many things you can do now. Is there anything you would like me to help you with?
"

"I want a super invincible hacking system!

This system means that as long as I log in to this website, I can get any information I want. "

"Dingdong, does the host want to obtain the hacking function?"

"Of course, if there is such a function, don't hesitate to take it out for me. I need it very much now."

"Ding dong, congratulations to the host for obtaining the hacking function.

Currently, the remaining merit value is zero. "

"You actually want so many merit points from me for a hacking function?"

"Ding dong, the current system has detected that the host is in a very hidden and quiet place in order to save the host's time.

Directly meet the host's requirements. If you are not satisfied, the merit can only be refunded and the function can be canceled.

Dingdong, do you want to cancel this function and return the merit points? "

Qin Yuan shook his head helplessly.

"Your system is sometimes too cunning and too intelligent, which is not necessarily a good thing. Now that you have obtained this function, I will not follow you anymore.

I do still have a lot of important things to do. My mobile phone is out of battery. Can you help me charge it? I can't contact An Ran now.

It's a very important person to me. "

"Dingdong, is Miss An Ran the host's favorite person?"

Qin Yuan saw that it was too bright around him.

Originally, he was still afraid of being discovered by He Chenguang and the others, but suddenly he remembered that he was the only one who could control this situation.

He was the only one who could see the system's illuminated screen.

"Don't say these words to me yet, I just want to tell you to fully charge my phone.

An Ran, he came to a foreign country. If he can't contact me, it will be a very serious situation. Fan Tianlei is an unreliable guy. "

"Ding Dong, the current merit value is zero. If the host wants to fully charge the phone, it can only use the additional functions temporarily. Please ask the host if you need it."

"Don't worry so much, just fully charge my phone."

"Ding Dong, please host put your phone into the current black grid. This is a newly developed function of the system and requires additional terms.

To save time, the system will not display these temporarily. "

Qin Yuan had no time to think and put the phone directly into the black grid.

In an instant, the phone was fully charged and turned back on.

"Dingdong, the host has been charged. Does the host have any other needs?"

"It's not needed for the time being. I have obtained the hacking function and my phone is fully charged. I am really grateful to you, no matter how many merit points are needed.

I'll tell you when I have time. Fan Tianlei doesn't know if he can make a call over there. "

"Dingdong, we have completed the task today, so we won't waste the host's time.

I quit now and welcome the host to use it again. "

All of a sudden, the screen in front of Qin Yuan went dark. He was really not used to the sudden change from such a bright environment to darkness.

Just when he was about to turn around and go back to Qin Yuan, he thought to himself that he should go to the toilet first.

After Qin Yuan went to the toilet, he turned around and got all the functions and returned to everyone excitedly.

"No, time is tight now, so let's call An Ran first."

"Hello? Qin Yuan.

I finally contacted you. Do you know how anxious I was when I couldn't contact you when I came here? Only now do I know how important a mobile phone is.

No matter what, the phone cannot run out of battery. I have already arrived in Pakistan.

do you know? Should I give you a surprise? "

Qin Yuan said angrily.

"An Ran, when He Chenguang, Chen Jixiang, and I came here to complete our mission, we didn't want you to get involved in this danger.

I just want you to stay and protect yourself. You have just returned from international travel and completed so many tasks.

You are now on the list of many people's bounty orders.

Pakistan is such a chaotic place. You should know better than anyone else. Why do you have to take a trip into this muddy water? We don't want you to come over.

He Chenguang and I can definitely complete the task.

Fan Tianlei, are you old and confused? You came here too much. The situation now is very complicated. We have just returned from Hassan's place.

It can be said that I saved my life. If it weren't for my own personal ability, we would all be in a bad situation today. "

An Ran was originally very excited. He felt happy because he could help Qin Yuan'er.

I originally thought that Qin Yuan would be very pleasantly surprised when he made this call.

What he didn't expect was a scolding from Qin Yuan.

An Ran lowered her head and paused, her original excitement gone at all.

The sunny mood also turned cloudy.

"Qin Yuan, I just came from Country H excitedly. I only came to help you with Fan Tianlei's permission. I know how difficult it is for you here.

If it wasn't a long time and didn't allow it, I would simply come by boat with you.

Now that I have come here openly, I am different from you who came here secretly. I have completed many tasks much more smoothly than you.

Can you please stop blaming me for everything? It is very obvious that I am here to help you.

I advise you not to always blame me, okay? Today's events were also arranged by Fan Tianlei.

I know you said these words because of my consideration and for my own good, but I have to tell you that I want to survive and help you. This is your first time to complete the mission internationally.

I know you are very capable.

You should also believe me.

Chen Jixiang and He Chenguang are both unreliable guys. It would be too tiring if you were the only one doing this.

I don't care about my own safety, I only care about your safety. "

An Ran said something rather urgent inadvertently.

He also exposed his feelings for Qin Yuan, which made Qin Yuan feel very complicated.

After talking so much to a girl he had a crush on, he had nothing to react to.

Qin Yuan calmed down his mentality.

"An Ran, I am not telling you these things to blame you, nor because there is any problem between us. I know you are doing it for my own good.

I'm doing it for your own good too.

Noman Karim is a very cunning man.

He has always wanted to cooperate with me, but until now he has been ignoring me.

I can't figure out now what kind of medicine he sells in the gourd. I only know that we are in very danger now.

Jason, these guys are locked up.

The ship was impounded, and we now know a very important person.

He might have been a spy in our army and was discovered by Fan Tianlei.

This is a very important clue for us. I just contacted Fan Tianlei and wanted him to help me open this thing.

Ask him to help me check whether this person is the spy from back then. This is very important to us. "

An Ran paused, he knew it was very important information.

"Who is this person you are talking about?"

"Does it matter who it is?"

I want you to go back now and not get involved in this matter. "

An Ran could originally bear Qin Yuan's concern for him, any anxious emotions and bad words, but this time, he really couldn't bear it anymore.

"Qin Yuan, I have to say that you are a very selfish fake. I came to help you today entirely because of my own situation. Why do you say that?"

"What happened today is very obvious. I'm already here. Do you have to let me go back?"

"I'm doing this for your safety!"

"It is very unsafe for you as a girl to come here."

"I'm already here. It's impossible for you to go back unless you tell Fan Tianlei."

"Let him give me a transfer order."

Qin Yuan sighed and said angrily.

"You haven't been able to contact me because my phone battery ran out and I was imprisoned in a very secluded place by them."

"Now we have no choice but to watch as they arrest us."

"So far we are right on the coast, a very dangerous place."

"Then I'll go find you now."

"Why do you guys say you won't listen to me?"

"Do you have to be against me? I asked you to go back quickly, but you didn't listen to me."

"I have already said that if you are dissatisfied with anything, you should go to Fan Tianlei now and let him make the decision."

After Qin Yuan finished speaking, he lowered his head.

"You are too stubborn, I can't help you.

If that's the case, then hurry up and come to the beach, we are all here.

He Chenguang and Chen Jixiang are communicating with Fan Tianlei at this moment, when can you come over. "

An Ran looked at the time and said.

"About an hour or so. It's late at night, so you should be in a very hidden state.

It won't be easily discovered by others. As long as you wait for me, I will be able to pass by in no time. "

After An Ran finished speaking, he quickly hung up the phone.

He randomly found a taxi and told him the location, and hurried towards Qin Yuan, who was coming over here.

Qin Yuan hung up and was now very angry after the call.

I am going to argue with Fan Tianlei first.

"You're back. It took you a long time to go to the bathroom."

Although it was dark, Jason still felt it, and Qin Yuan also looked serious.

"What's wrong with you?

Why did you make yourself so angry when you went to the toilet? "

"call me!"

Chen Jixiang, seeing Qin Yuan so angry, didn't dare to argue with him, so he immediately handed the phone to Qin Yuan.

"Thor, when I went to the toilet just now.

I found that my mobile phone suddenly had power, and I had contacted An Ran. "

"I can rest assured that.

Just now I said I should call An Ran first, but I have been talking to these two brats for so long while helping others. "

"I have to criticize you.

I've told you many times, why do you have to let An Ran come over?

It's not appropriate for me that he is a girl completing this kind of thing with us, and this task also involves the United States and Lao K.

You should know better than anyone how dangerous these two people are.

For so many years, they have been working on an underground arms trading system.

We have no way to control their behavior, and Norman Karim seems to be planning to seize power recently.

Please tell me, the situation in Pakistan is very turbulent.

Enron has indeed completed many international tasks, but this time is different.

The situation is very complicated, and we are now completely exposed between these two people.

Hassan, he knows that we are already spies from country H.

With the addition of An Ran, I already have two oil bottles with me. If you add another one to me, it would be better for me to complete the task alone. "

Qin Yuan also said these words out of desperation He was in a very complicated mood now, and accidentally hurt Chen Jixiang and He Chenguang next to him.

"Um...Brother Qin Yuan, I don't want to be a dragster with you.

I've been waiting for you at the beach for so long today. I didn't dare to call you and contact you, so I just kept waiting here silently for fear of what kind of emergency might happen due to the task given to you.

I really don't have much experience, and it was Fan Tianlei who asked me to come here this time.

It's okay. If you think I'm not doing well in anything, or there's still room for improvement, you can tell me directly. "

Qin Yuan looked back at the cautious Chen Jixiang.

He had to feel a little regretful for his fastest behavior just now. This poor child had been following him.

Chapter 2044: System for sending spy information privately

Chen Jixiang looked at Qin Yuan with a special look of admiration.

This guy has always seemed to treat Qin Yuan as his idol.

He is young but has such great ability, and he is always able to surprise others in all aspects, including this time when he came to Pakistan.

They did it effortlessly, Qin Yuan was like a walking monitoring device.

He can find Lu anywhere without getting lost, including when dealing with someone as powerful as Hassan.

Chen Jixiang couldn't believe Qin Yuan's ability.

After taking the call, he belittled Fan Tianlei.

Qin Yuan had nothing to say. He just wanted to know when he could get An Ran back as soon as possible.

"I have contacted An Ran just now.

He is also a very persistent guy. He really has the same temper as me. Sometimes I really hate myself. How can I meet someone like me? "

Fan Tianlei smiled and said.

"This proves from the side that you two are truly a perfect match. Sometimes I really feel that you two are particularly compatible."

"The two of us are so in sync with each other? Thor, I say you should stop messing around with each other here.

I came here to complete a mission. There is nothing I particularly want to accomplish, other than bringing Professor Fang's two apprentices back as soon as possible. "

"Besides this, do you have no other ideas?"

"Of course not, don't arrange random things for me here.

Don't affect the progress of my completion.

By the way, when will you give me the website of the spy system? I urgently need to know whether Hassan was the spy back then. This is really important to me. "

Qin Yuan has complained many times. He wants to know if Hassan is the spy back then.

Instructor Gong Jian understands that this matter cannot be avoided.

"Thor God, I advise you to agree to this boy quickly. He is a very persistent person. If you don't agree to him, I'm not sure what will happen next."

"Gong Jian, I have to say that sometimes you just spoil him too much.

Before he came to the army, he made a lot of excessive demands, such as asking for a lot of money. He thought he was doing important things and didn't expect this guy to go out to play. "

"Hey, it's been a long time, so don't dwell on old scores.

Qin Yuan is a very motivated young man. From the first time I met him, I admired him. "

"Even so, we can't send him the spy system of Country H now. He has the Sky Eye system everywhere now.

Once he invaded the spy system, it cost us a lot of energy.

It is very likely that a large amount of data inside will be lost.

Who is Noman Karim? He may be keeping an eye on this matter all the time. Maybe she is also curious about whether the spy back then was Hassan.

Qin Yuan, you want to know whether the spy back then was Hassan and what was his purpose? "

"Thor, sometimes I am really speechless towards you.

I am a soldier brought out by your subordinates. Do you really not believe me? "

"It's not that I don't believe you, I don't believe He Fei!"

"Watch the words you use. He is no longer called by this name. He is called Noman Karim, the man who covers the sky with one hand in Pakistan."

"You also know that he covers the sky with one hand, so you should understand what it means once you invade our domestic spy system from this position."

"I understand, doesn't this mean that we will definitely take some hits.

It doesn't matter, now we should make this matter clear and clear. "

Jason looked at Fan Tianlei from the side and was still unwilling to hand over the spy system to Qin Yuan. No matter how long he dragged him, this guy was still unwilling.

"Qin Yuan, I think it's better to forget it. Since he is unwilling to hand over the downgrade system, it shows that he is in trouble."

"What trouble could he have?

It's just for the sake of getting promoted to a higher position! "

Fan Tianlei couldn't stand these words. He had devoted so much to the army diligently and conscientiously for so many years, and he had never thought of seeking some benefits for himself.

Now, on the contrary, this boy said so many unreliable things to him, how could Fan Tianlei not be angry.

"Qin Yuan, I think this is where you fart.

When did I deliberately keep it a secret and not tell you for my own promotion?

Do you know that since you left the army to complete the mission, I have not had a peaceful sleep a day. Even in my dreams, I was wondering whether you had been captured by others.

Was his life in danger if he was captured by Norman Karim?

That's why I call you every now and then. Don't think that I'm old and annoying.

This is all about caring for you. What else do you want to do? Don't you really think that I am someone easy to bully?

I'm telling you, if you keep talking.

I will be very disappointed with you. Don't blame me for being rude to you then. "

Fan Tianlei was really angry and incoherent this time.

Qin Yuan could also feel this guy's anger through the phone.

"Okay, Thor, I admit my mistake to you.

I really shouldn't have said that to you, and I know better after so many years.

What you care about most is your reputation.

You don't care about getting promoted, let alone what position you get promoted to, even if you are now Chief of Staff Fan. "

He Chenguang was also sweating.

"Qin Yuan, I advise you not to dance in the minefield.

What Fan Tianlei fears most is that others will accuse him. You also know how long it takes to clarify a person's slanders and rumors.

He usually offends so many people, but if his position is in jeopardy because of one or two words of responsibility from you, it will also affect us. "

Jason also advised Qin Yuan not to get too excited.

No matter how anxious he is, he still has to talk bit by bit.

After all, Fan Tianlei must bear the responsibility. Although Qin Yuan kept saying that he was willing to shoulder this responsibility in Fan Tianlei's place.

If one day the spy system is really exposed, or there are some force majeure factors.

Qin Yuan is willing to take on these responsibilities instead of Fan Tianlei.

But, who is Fan Tianlei?

They didn't know that Fan Tianlei was extremely protective of his men, and his desire to protect his men could be said to be very powerful.

As long as there is a chance, he will not let his men come to harm.

Based on the current situation, I am afraid that nothing can stop Qin Yuan from making this appalling decision.

He must know whether what Fan Tianlei said is true.

He also wants to know whether Hassan was the Pakistani spy who was captured back then, which caused his mind to be twisted and now he has become a pervert.

"Okay, I promise you. Even if I don't agree to you today, I'm afraid instructor Gong Jian will definitely agree to you.

Rather than letting him be this good person, it would be better for me to be this good person myself and agree to your excessive request. "

He Chenguang and Qin Yuan looked at each other.

Both men laughed.

"Thor God, you are really closer than my biological father."

"Don't mention it, please don't say that. I don't have a rebellious son like you who forces his own father all the time."

"Then when do you plan to send the things over?"

"You have to give me some time. When An Ran comes over, I will send you the login method of this spy system."

We ordinary people can only see the information that is publicly available on the surface.

If you want to penetrate into the dense middle layer, I'm afraid it will take a long time. I don't think you have such ability. "

"Thor God, please don't underestimate me. I'm telling you, it's all nonsense. We've been waiting outside for such a long time. Chen Jixiang, I'm afraid this kid has caught a cold."

"So what? You want to threaten me again?"

"Of course I didn't mean that, and I didn't mean to threaten you."

I just want to say that if you are willing, you can help us solve this problem as soon as possible. Chen Jixiang, he can no longer hold on.

If this continues, he may faint. "

While saying this, Qin Yuan stretched out his hand and pinched Chen Jixiang.

Chen Jixiang sneezed directly to match Qin Yuan's performance.

Jason was also nearby, lowering his head.

At this time, Fan Tianlei thought of a very important question.

"That's not right, Qin Yuan, I regret it again now, I can't promise you."

"why?"

Just now, so many people you promised yourself are here to testify. Instructor Gong Jian is also listening. How on earth did you make such a decision to go back on your word?

Do you still want others to respect you? "

"It doesn't matter if you respect me.

But besides you, there is another person, Jason.

I know that you have been cheating on him since the upload, and he has been a good friend of An Ran for many years, but after all, the secrets of the army are involved, so I must be more cautious.

Even if it offended Jason.

I must also make it clear that we cannot let you all ruin your credibility because of such a small thing. "

Jason's expression didn't change much after listening, and he nodded gently.

"Qin Yuan, I understand what Fan Tianlei is thinking. It is indeed too inconvenient for me to be here.

The espionage system is your top secret. It can be said to be a first-level secret among the mistakes. It is indeed very inconvenient for me to be around.

Why don't I leave first and you guys can discuss it here slowly. "

After saying that, Jason was ready to leave.

He Chenguang and Chen Jixiang had no intention of stopping him.

Qin Yuan held the mobile phone in one hand and held Jason with the other.

"Rules are dead, people are alive."

"What's the meaning?"

"There is no need for you to avoid it like this. Even if you know it, what does it matter if Hassan was the spy back then?

This is what happened back then. This is an archive of information. Isn't it for you to expose spies?
"

Fan Tianlei felt that Qin Yuan was acting on his own initiative.

"I know you believe in Jason and I believe in him.

But this affects the regulations, this is not allowed to happen, if the superior leaders find out..."

Before Fan Tianlei could finish speaking, Qin Yuan interrupted and said.

"Since I made this call to you, the conversation between the two of us has affected the regulations of the superiors. There is no explanation why now.

This is exactly what I want to discuss with you.

Do you understand what I'm telling you? Our focus is not to expose the spy's system problems, but to find out whether Hassan is the spy he was back then. "

"Don't forget what your mission to Pakistan is?"

"Of course I haven't forgotten that I brought back Professor Fang's two apprentices."

"Well, Qin Yuan, I won't remind you.

Now that you know what this task is, there is no need to continue wasting time here. This matter is originally very simple, why should Hassan be involved. "

"Did I take the initiative to involve him?

I think he has been laying out the plan. Over the years, his purpose is the same as yours, which is to completely destroy this underground arms trading system.

He has indeed destroyed the tranquility of the surrounding countries, and you hate him deeply.

Norman Karim is very likely to be involved in this matter now, so what are you going to do next?

Are you just turning a blind eye? Watching your former brother engage in such a dangerous action will not just be a simple death penalty. "

"His behavior over the years has already led to his death ten times. I'm afraid it can't make up for his sins."

"Then what do you mean..."

"He Fei has already left Country H a long time ago and is no longer a member of Country H. Even if one day we catch all the evidence of his crime, we cannot sanction him.

This matter has become very obvious. I advise you not to meddle in other people's business. "

When instructor Gong Jian went down, he secretly sent the spy login system to Qin Yuan.

Qin Yuan's eyes lit up after receiving .

"Instructor Gong Jian, you..."

"Stop talking, I understand what you are thinking. Although there are counter-regulations on this matter, I would rather bear the responsibility alone. Fan Tianlei is unaware of this."

Fan Tianlei really didn't know that he was furious now.

I think Qin Yuan doesn't listen to his orders outside. Although he is indeed a very capable person, he doesn't care about people who don't listen to him.

Even if he had the ability, Fan Tianlei would not agree.

"Gong Jian, you just sent the spy login system to Qin Yuan, right?"

"I don't want to see you two struggling anymore. If the superiors ask questions, you will put all the blame on me.

I was originally an instructor. Compared with the chief of staff, my position was not that big, and I didn't have as many responsibilities.

Chapter 2045: Successfully obtained spy information

These words spoken by instructor Gong Jian made Fan Tianlei feel ashamed at this moment.

"If you put it like that, I think this chief of staff's job is completely in vain.

If all the responsibilities are passed on to a subordinate, what kind of skill will he have?

Although I, Fan Tianlei, sometimes stick to the rules, I won't let you do things that are dangerous and violate the rules.

However, this does not mean that I do not want to take responsibility, nor does it mean that I throw all the blame to you.

Qin Yuan, I want you to know that I am not an irresponsible guy.

I have my own ideas and reasons why I keep preventing you from intruding into the spy system.

Instructor Gong Jian, what I told you is still in my heart.

Today, he privately forwarded this spy system to you. If your superiors find out what kind of responsibilities you will bear, you have never thought about just sticking to yourselves. Now you are fine. "

Fan Tianlei's words made Qin Yuan start to reflect on his behavior again. It was indeed a bit irresponsible. They had never considered it for instructor Gong Jian.

He Chenguang felt a little embarrassed.

"Qin Yuan, why don't we just forget it and just delete the login system and pretend we didn't see it, just like Fan Tianlei said.

What kind of punishment will Instructor Gong Jian receive if Taang is discovered by his superiors? We are all from the army and we all know the seriousness of this problem. "

"He Chenguang, at this critical moment, can you stop being so confused?

Now that everything has been sent over, no matter whether we log in or hack in today, their superiors will not think that we have obtained the information.

Do you think their security system is that fragile?

Since I sent this thing over, I'm afraid everyone over there has received the signal.

If we don't seize the time and give the system a crack, we will really be failing the hard work of instructor Gong Jian. "

Chen Jixiang asked in disbelief.

"Is it really so magical? The moment it was sent, they had completely grasped all our movements. I really can't believe it. This is too advanced."

Jason, he has been following Old K for many years, and he still has some understanding and understanding of this system.

"I can discuss this with you based on my own experience.

I guarantee this is absolutely true.

What Qin Yuan said was not alarmist, from the moment the signal from the spy system was sent.

We are fully able to certify that the people over there, the people responsible for monitoring the system, have already noticed the leak of this secret.

So, whatever decision you make, they already know it.

It's better to take advantage of this opportunity and quickly enter the system to check. The secrets you want to know will not be a failure of your instructor's sincerity. "

Fan Tianlei didn't say anything, and looked at him with complete acquiescence.

Moreover, he is also ready to take responsibility for this matter.

"Qin Yuan, I won't say anything else. Just pretend that I didn't see everything that happened today. Just do what you want. You can do whatever you want. I don't have the right to interfere with you.

When the general is out, military orders are not obeyed.

You are currently on a mission in Pakistan, so I will pretend that you don't know anything about it.

If something happens one day, don't implicate me!

Do you remember it? These little devils! "

Qin Yuan could hear that this was Fan Tianlei's acquiescence. Every time he wanted to complete a task and was not allowed by his superiors, Fan Tianlei would say this.

"Thor, thank you very much!

I am able to become the most powerful recruit in our army solely because of your support for me.

If it weren't for an enlightened superior like you.

It is impossible for me to complete so many tasks. The two of us are in a mutually reinforcing and complementary relationship. You make me better, and I make you soar. "

"Don't flatter me here. I'm not helping you so much just to make myself meritorious and receive awards.

I just want to make more contributions to our H country.

I advise you not to be too pretentious here. We have fully determined everything. Next, it depends on your own abilities as to what you should do. "

After finishing speaking, Fan Tianlei was waiting for the outcome of the matter. He never asked Qin Yuan where he went to find hackers and who could be reliable. He only had two words for Qin Yuan.

"trust!"

Qin Yuan took out his mobile phone and started to log in to crack the spy system while they kept talking to Fan Tianlei.

He just wanted to know if Hassan was the spy who was caught back then.

He already hated these people to the core.

Fortunately, the system has successfully prompted it just now.

It doesn't take long for them to completely crack the system.

What is needed now is time, just waiting.

As long as they wait patiently enough, they will be able to crack the system and see the spies' information inside.

I don't know if there is any record. After all, this is spy information from decades ago.

If there is only a paper version, then Qin Yuan has nothing to do now.

It is also impossible to fly back to the army to check the paper version of the information.

"God bless me, no matter what happens, I must see this spy information."

"You guys have now begun to place your hopes on metaphysics."

Qin Yuan cannot contact the system now and can only use the specific key to crack the system sent to him by the system to solve the problem.

The screen shows that it is being cracked and it will take about twenty minutes.

"Qin Yuan, what kind of cracking system are you doing? Is it reliable? Did you research it yourself? Or did you find a hacker friend to research it?"

"He Chenguang, please stop asking me so many questions.

Just watch the results obediently, this is a secret of mine.

It was me who learned the system of cracking spies in my spare time.

You may not know, but I am also very interested in hacking technology. I always start learning by myself when I have the opportunity. "

He Chenguang looked at Qin Yuan in disbelief.

"This is absolutely impossible!

We don't live in the same dormitory, and I know you are usually very busy.

Fan Tianlei always arranges various tasks for you.

Not to mention, if you have a little time, you want to take a rest. You don't have time to learn these hacking systems.

How come I didn't know when did you develop this ability?

You always surprise us. It seems that one day you will rise faster than us. "

He Chenguang seemed to be testing himself on purpose. It was obvious that Qin Yuan didn't want to explain so much.

The less he wanted to explain, the more interested He Chenguang became, feeling that Qin Yuan was hiding his good brother.

However, this was a helpless move. Qin Yuan headquarters could tell He Chenguang openly that all this was in his body, and the one-click recovery system would help.

It can only be said that I have the halo of the protagonist, and there is nothing I can do about it with cheats.

At this time, Fan Tianlei asked.

"Has Norman Karim not contacted you since you arrived at your destination? This is not like what he did."

"It is true that he has not contacted us, but I am not sure if he is observing us secretly."

"That must be it, Norman Karim has always been a very cautious person.

He never lets himself be unsure or lose control of others. "

Qin Yuan thought of a very important question.

"Didn't you say at the beginning that he married the daughter of the chairman of a very powerful group in Ba Guo? His wife should be quite old now."

"His wife has already passed away!"

"What?"

"I heard that too.

The relationship between me and him is no longer what it used to be.

He heard that his wife had passed away a long time ago, so he inherited it completely. His father-in-law's group is now able to cover the sky with one hand. Many people laugh at him. This is called eating out the family. "

Qin Yuan originally admired Norman Karim and thought he was a very capable person, but now he felt completely disgusted with him.

"To put it bluntly, he just relied on his wife to get to the top and then kicked her away.

Now it seems that his wife died at a young age, which is quite suspicious. "

"Don't dare to talk nonsense without any evidence. Be careful, he will accuse you of slander."

"We are just discussing it privately here. Do you think this is possible with his character?"

In fact, Fan Tianlei didn't particularly believe that when he harmed his wife for the benefit of the group, he and this woman were considered to be in love.

Facing Qin Yuan's question, Fan Tianlei said slowly after being silent for a while.

"People will change. I can only tell you that if the He Fei I knew back then was the same, he wouldn't do anything to make money or kill someone.

When he left the army, he chose to stay there.

A large part of the reason is indeed his feelings for his wife. "

He Chenguang refused to believe it.

"Forget it, Thor, you have been here for a long time, and you have turned into a silly and sweet person. I can tell you the truth, he wanted to stay here in the first place solely because of the power in his wife's hands.

Now you see, he has perfectly inherited all the group's property.

In Pakistan, one can also cover the sky with one hand.

He has now reached out to old K.

An underground arms trading system that has been operating in surrounding countries for so many years.

It seems that he accepted that ambition will expand, even though he was a very simple, serious and positive young man at the beginning.

Now he has become a cunning person.

It can only be said that people change, let alone an ambitious person. "

Fan Tianlei is not sure now. He has not seen his former good brother for many years. He asked Qin Yuan to contact him today just to save Professor Fang's two apprentices.

However, Fan Tianlei himself did not expect that these two disciples of Professor Fang would probably fall into the hands of his once good brothers.

At this time, Qin Yuan saw that the progress bar of the cracked system was slowly shrinking.

"In another 10 minutes, we will know the answer, but it is not necessarily true that even if there are photos on it, people from decades ago will change."

Jason patted Qin Yuan beside him.

"What's wrong?"

"No matter what the result of your investigation is, whether Hassan was the spy back then.

You have already broken up with him now.

If he successfully returns here, he will definitely settle the score with you as soon as possible.

The first to be unlucky are these brothers under me.

They came here illegally, so it would be easy to charge them with an honest crime. "

"Jason, I can understand how you feel now. You are very worried about your good brothers. Please give me some time. I can assure you that no matter what method it is, it will not work, even if it is to ask Norman Karim for help.

And I won't let Hassan hurt these brothers who are your men.

Don't you think they were disrespectful and had a bad attitude towards us when we were on the ship? I want to take this opportunity to avenge my personal revenge. "

"Of course not!

Qin Yuan, I know you are such a person.

But, I have to worry.

Now we are in a very passive situation.

Hassan will definitely come back. Compared to us outsiders, he has been living here for decades. A car cannot control him. "

Chen Jixiang also added.

"And Efit, this guy is already our old enemy.

Brother Qin Yuan, what are you going to do with it?

If he turns around and continues to plot against us, then we will be attacked from both sides. "

"Efit, regardless of the existence of Hassan, he is our enemy. Even if I hurt him first and then saved his life today, she will not treat me the same. Any gratitude would be appreciated.

He had already been trained by Old K to become a murderous weapon.

No matter what the situation is, they will be cruel and ruthless and let others get hurt. I have already seen it. "

"Then we have to be more careful. Let's take the time to think clearly. Do you plan to cooperate with him now?"

"No matter what the outcome of the investigation is, we can no longer discuss cooperation with him."

"Then what's the point of investigating this spy system now? Isn't it a waste of time?"

On the contrary, it also implicates Fan Tianlei and instructor Gong Jian. No matter what, neither of them can be punished by their superiors for this matter. Then there will be no one around us who can help us.

Qin Yuan, you have to think carefully.

Don't hurt others because of your own selfishness. "

Chapter 2046: specious

Qin Yuan couldn't control that much anymore. He finally had the opportunity to get such a hard-to-get opportunity to enter the espionage system, and he couldn't waste it.

"Chen Jixiang, please help me keep an eye on the situation next to me and don't let anyone disturb me today. No matter what, I want to get what I want as soon as possible.

Fan Tianlei finally let go.

If we give up now, we will really fall short.

What a waste of their energy and opportunity to give us so much time. "

"Yeah, I understand."

Jason watched from the side and knew that as long as Qin Yuan could achieve his goal, he would have no other worries. What he feared most was not being able to save the group of people in front of him in time.

Instructor Gong Jian gave Qin Yuan the login information of the spy system without authorization. He knew that Fan Tianlei must be very angry.

"Thor God, don't blame me for taking matters into my own hands.

In terms of position, I am far inferior to you. Even if something happens, just blame it on me and I will be willing to bear it for you. "

"Pushing it on you?

Do you think I am such an irresponsible person?

We have come to this point now. If there is no gain and we are blamed by our superiors, only I, the chief of staff, will bear the responsibility.

I was the one who arranged for Qin Yuan, He Chenguang and others to go to Pakistan to complete the mission.

Now they want to enter the spy system inexplicably and inquire about our first-level secrets, and this happened with my tacit approval.

If there is any problem, none of us can escape. "

"No, I believe in Qin Yuan. His ability will not let us down. He is a confident person. This is all what he expected."

"Oh well.

As long as you two discuss it and no one is to blame, that's fine.

Don't regret because of this matter. What's most scary is that you regret because of this matter and there is no particularly good solution or result, which is why we are where we are today, making everyone difficult for each other. "

Jason looked at Qin Yuan, who was studying the spy system seriously.

Soon, it was time to get the evidence he wanted.

"Thor God, don't worry. I have now entered the system and found that there are countless spy information in it. But don't worry, I will only check the information related to Pakistan.

As for the rest, I won't be too meddlesome. "

"You're already inside, go check it out for yourself if you're interested.

Anyway, those who have invaded this spy system have already acquiesced, and all the problems are known, which means that the superiors will soon find out, and they will acquiesce that you have mastered all the secrets. "

"As long as I am worthy of my own heart, I don't care about other issues."

"If you say that, then I'll be relieved."

At this time, Qin Yuan had access to Ba's spy information.

"Thor God, do you still remember how many years ago you learned about the situation there?"

"What's the meaning?"

"It's just that you still remember, about how many years ago.

You discovered this spy from Pakistan.

There is really too much information here, and I don't want to cause you a lot of trouble by asking questions that have nothing to do with what I want to know.

I just want to know when this spy system was established.

It was probably a few years ago, which means that all the information they logged in must have been decades ago.

If you remember the approximate time limit, I can look up the data for that year directly.

You don't have to waste time, let alone pry into more secrets. Isn't this killing two birds with one stone? Saves us all time. "

"I really can't remember, you can estimate it yourself and see how old he is.

I had just joined the army at that time.

He shouldn't be too old, less than twenty years old. "

"That should be about twenty-five years ago. Okay, I know the approximate time."

At this time, all of them did not hesitate and were helping Qin Yuan look at the situation outside.

Even if Jason was worried about his good brothers, he would not look back.

Qin Yuan said in surprise.

"I have found it. I have sent the specific information to my mobile phone. I will log out now."

Something very bad happened.

The website of this spy system is displayed in red, which means that someone on the opposite side should have discovered their actions.

Fan Tianlei also received the reminder on his mobile phone.

"Let me just say, the other side should have discovered that you have entered the spy system, so exit quickly.

Don't let them trace your IP address. "

"Okay, Thor.

You know quite a lot now, and you even know the IP address. Don't worry, I've already quit, and I won't hurt you.

I also used a hidden address to introduce it to other surrounding countries. Even if they were to investigate, they would have to investigate for a while. "

"You don't really want to escape their investigation, do you?"

"How is that possible? Thor, I am not such a person either. What I want to tell you is that after this incident, I already understand what I should do.

Isn't it just for this reason? You don't have to worry so much.

When I complete this task, I will naturally turn myself in to my superiors when I return.

Tell him that all this is a spy system that I hacked into privately and has nothing to do with you. "

Instructor Gong Jian said to Fan Tianlei with a smile.

"Let me just say, Qin Yuan, he is a very accurate person.

He is very reliable and will not affect the two of us today. Just think that we helped him once. It was you who asked him to go so far to complete the task. He will not let you down. "

"I hope so!"

Now that he has successfully logged out, the information related to the spy system has been placed on Qin Yuan's mobile phone. He is also curious and wants to open it quickly.

"Thor God, I won't tell you, these are useless. I will immediately check the information downloaded by the spy system. I want to see if the guy in front of me is Hassan.

If he is the spy back then, it means that he hates you to the core and wants to cooperate with me today. Everything he did was a lie to you. "

"It shouldn't be as serious as imagined. He is just pitiful. However, from your description, I think he is a failure, and an extremely failed person.

This also means that he now particularly hates Norman Karim. "

"No way!"

He Chenguang asked his own question, but this was already expected.

"You kid successfully found the spy system. Do you want to blame everything on me now?"

"Then what do you want? There is nothing I can do. If there was any way, I wouldn't be like this.

I just want to see clearly whether Hassan is the spy. Please don't make things too difficult for me, okay? "

"I'm just waiting here for you to explain it to me before you hang up the phone."

"Thor God, I need to use my mobile phone to check specific information. Just do this. When I get the information in about half an hour, can't I report it to you immediately?"

"That's fine."

After saying that, Qin Yuan didn't care about Fan Tianlei's thoughts and hung up the phone directly.

"Gong Jian, you see that without him he would be such a lawless person."

"Forget it, don't get along with them. These are all children. Isn't it right to be more tolerant of them?"

"Why are you being tolerant to them? If you want to be tolerant with these guys, they will also give you a traditional blow. This guy is going to disappoint me today. Let's see how I deal with him when he comes back."

"Okay, let's just find a place and wait patiently. I believe that the superior's investigation will soon be our turn."

"This Qin Yuan can really cause trouble for me."

They all laughed as they said this, and there was no other way.

After all, this is still a very serious matter for them.

After hanging up the phone, Qin Yuan couldn't think of anything else. He had always wanted to delve into the spy system.

"what happened?"

"Nothing, I have successfully opened it. I found a particularly familiar photo in the data that was just transferred."

Although Qin Yuan said this, Jason, who had just promised Fan Tianlei not to see this secret, was still hiding nearby.

He was too embarrassed to get close.

Although he was curious, he was just curious and had no other intention of stealing secrets.

He Chenguang couldn't bear to see Jason.

It was as if the three of them were discussing it here, and Jason was excluded and treated as a complete outsider.

"Jason, what are you thinking about?

You might as well come over and discuss it with us. None of us have ever doubted it, let alone treated you as an outsider. This spy system has also been invaded.

What we have now is all about Hassan, and you know him.

There are no other ulterior secrets. You don't need to be so nervous. We can all look at it together and treat you as a good brother. Don't avoid it like this. "

"No, even if I'm curious, I can't do that.

I have promised Fan Tianlei that no matter what happens, I will stay by his side. "

"Then there's no other way. We can't leave you alone outside, right?"

"It's okay, you can do whatever you want."

Qin Yuan didn't care so much anymore, he spoke directly to Jason.

"Just come over and watch with us."

"But, Fan Tianlei's side..."

"He won't care about this. We have already explained it to him just now. He also knows my temper, but to be like this, it would be better to leave here quickly."

He Chenguang and Qin Yuan, neither of them could persuade Jason.

I have to say that sometimes his temper is a bit similar to that of Fan Tianlei.

"I don't know, how is this guy Efit? He's in the hospital."

"He probably won't stay in the hospital too long. When we sent him there, I felt that he wasn't particularly serious and was probably just faking it.

What he is really afraid of is old K.

All the arms we were asked to transport have been lost and fell into the hands of old K, the biggest enemy so far, Norman Karim.

After he returns, he will definitely have to bear some punishment. "

"Jason, don't you still think of him as a good friend and miss him so much?

Efit, when we were in the unfinished building today, he robbed our car. If it hadn't been for him, we would have been able to leave by the way. "

"I understand, but this matter still needs to be discovered.

If Efit comes back and takes the initiative to find us, I'm afraid it will be too late. "

Qin Yuan can't care so much anymore, he is trying his best to crack the secret in front of him.

"I discovered it. Look at this photo. Is it actually Hassan?"

"Photos? What photos?"

Qin Yuan showed this photo to you while holding it on his mobile phone.

Sure enough, it was the same as what Fan Tianlei said. The guy in the photo had a fair face, three-dimensional facial features, and sharp eyebrows and starry eyes.

The piercing eyes are the type that many girls like. If you didn't know it at first glance, you would think you were a star?

Chen Jixiang was a little surprised.

"The big fat guy I saw drinking and smoking on the river bank is not the same person."

"Don't make a decision on this yet.

This was decades ago. People's appearances will change, and we must analyze them based on their facial features. "

Chen Jixiang held his cell phone and looked at it carefully. He still couldn't tell that the particularly handsome young man in front of him and the greasy middle-aged man drinking were the same person.

"This is impossible, how could it be a person? I guarantee it with my personality.

This is definitely not the same person as Hassan. "

Qin Yuan originally thought he could identify him by comparing the photos, but now it seems that the photo is a bit blurry, coupled with the changes in his face over the years.

He really overestimated his own power.

"Will he have plastic surgery?"

Jason heard their surprise and said lightly.

"Plastic surgery shouldn't be necessary. Yes, if you want to have plastic surgery, it should be from an ugly one to a good-looking one. How could he make himself more and more uglier?

This is unlikely. If you say that he is willing to sacrifice so much for the country of Pakistan, then I will only think that he is a little too powerful.

He must have paid too much. If he has not been reused by his superiors even though he has paid so much, then he is really a failure. "

Qin Yuan is a little confused now, and the sky is dark.

On the shore, the cold wind made my hands tremble with cold.

"Fan Tianlei will get the results within half an hour.

If I couldn't give her a definite answer, this guy would definitely eat me. He finally entered the spy system and obtained the first-level secret.

If I can't gain anything, I won't be able to forgive myself. "

Chapter 2047: An Ran and Sophia 1 got up

Qin Yuan was in the darkness, groping for whether the photo in front of him belonged to the same person as Hassan.

He originally thought that his eyes could see through light, and he could confirm it with just a glance, even after decades of time.

He was also able to recognize the person in front of him based on his own judgment, but now it seemed that he was a little too self-righteous.

He Chenguang knew this guy when he saw Qin Yuan's silence, and he seemed to be speechless now.

"Just now you swore to Fan Tianlei that you would give him a definite answer within half an hour. Now it seems that you are going to break your promise."

"you shut up!

Please don't disturb me here Fan Tianlei, he has known Hassan for so many years.

He couldn't even remember what the previous identification looked like, so how could I judge it based on a photo? "

"I said you, this guy, are really unreasonable.

Obviously what is happening now is what we have experienced before, but you will never admit that if you continue at this time.

We're just wasting here.

Why not go directly to Noman Karim and ask him what his relationship is with Hassan?

What conflicts happened between them back then.

As a result, Hassan hated Fan Tianlei so much. "

Qin Yuan was completely speechless at this moment.

He didn't know how to describe this complicated mood. For the first time, he felt as if he was going to break his promise.

Looking at the photo next to it on the phone, Jason also became anxious.

He walked over slowly, patted Qin Yuan on the shoulder and said.

"Qin Yuan, to be honest, I really want to help you, but you have to show me this photo first, if you really don't mind revealing the information."

"What on earth are you talking about? I invited you when I opened it just now.

Regarding the leak of secrets, Fan Tianlei will not complain at all.

Just now I was using a hacker program to invade the spy system.

I haven't read the secrets myself, let alone you.

How do you know that, leave Fan Tianlei alone, he is just an old stubbornness, after all, he is in the position of chief of staff.

So many secrets have been revealed through him, and he will not be able to explain it to his superiors at that time. No matter what I do, he must fully explain it to me. "

While saying this, Qin Yuan was also completely moved by Jason. He took out his phone and took a look.

Ming Jing's eyes immediately became foggy.

"this..."

"You must be completely confused. I didn't expect that such a big change could occur after just seeing one person for decades. Maybe Hassan and Hassan in the photo are not the same person at all.

It is also possible that he failed his espionage mission and underwent plastic surgery after returning to the Eight Kingdoms. "

"That seems unlikely, doesn't it?"

"Jason, you have to remember that nothing in this world is absolutely impossible. I am absolutely certain that this guy in front of me must have something to do with us."

"Yeah, I can understand that what you said makes sense, but we still have no way of determining what the other party's purpose is.

We've already taken the car away, Hassan, and they don't have transportation even if they want to leave.

What if they really die trapped in that unfinished building? "

Chen Jixiang also has some worries.

"Brother Qin Yuan, to be honest, I have always had this idea in my mind.

We have just arrived here. No matter how important Hassan's position is in Pakistan, if we inexplicably kill him.

Even if our superiors find out, they won't forgive us. This is a bit too sinful. "

"You know what, you should strike first against someone like him. If we didn't agree to cooperate with him, we would still be separated until now.

I can swear to you on my own ability.

Hassan would never push himself into a desperate situation.

He has other ways, and maybe we don't know the way. "

He Chenguang interrupted Qin Yuan.

"Let's not study Hassan yet. Now that everything has come out, if there are any problems, we can only face them together.

Hassan, no matter what his local position, is still a human life.

It doesn't matter, it's not like he was left alone in the wilderness. There were so many companions around him. Theoretically speaking, his life would not be in danger. "

"Yeah, this time I agree with He Chenguang's words."

Just when they were all confused, Fan Tianlei took the time to make a call.

Qin Yuan saw that it was exactly 29 minutes and 30 seconds.

"This Fan Tianlei is okay. I didn't expect that even at such an old age, he would still be so rigorous in doing things. He said he wouldn't give me even half an hour or a minute more.

Look how considerate he was, even leaving 30 seconds to answer the phone for us. "

"Then what are you going to do next? We can't tell with the naked eye whether this photo and the person are the same person.

I think you should be prepared to accept Fan Tianlei's torrent of insults. "

Qin Yuan smiled.

"It doesn't matter, I've been very thick-skinned with him for so long, I'm not afraid that he will scold me.

This is what I promised him just now. Failure to do so is my own fault. "

Chen Jixiang answered Fan Tianlei's call instead of Qin Yuan.

"Hey, hello, Thor."

"What's wrong with you, kid? Is it because Qin Yuan didn't complete his mission and didn't dare to answer my call?"

"Who said that!

Thor, I really can't distinguish with the naked eye whether they are the same person or not. The main reason is that the light here is too weak. "

"I see you are just trying to quibble with me here. The superiors have already received the information about someone personally infiltrating the spy system. Instructor Gong Jian and I will discuss it later.

He has to go back to the top of the army to be investigated.

Now, you are satisfied. "

Neither Qin Yuan nor He Chenguang expected that the information over there would be so well-informed. They had already received the signal as soon as they entered the system.

To be honest, Qin Yuan still felt very embarrassed at this moment.

"That...Thor...I, I'm sorry.

It was true that I was a little too impulsive just now. I did not expect the seriousness of this matter, nor did I expect that my superiors would receive the signal of a system leak so quickly.

I'll write a review for you later.

You tell them that I completed the mission here because I hacked into the espionage system on my own, without having someone above me learn from you and instructor Gong Jian.

All innocent, I completed this mission without the knowledge of either of you.

Put all the blame on me. Anyway, I am just an ordinary elite. "

"Okay.

It's been so long and you still have the nerve to take this opportunity to praise yourself.

What is an ordinary elite?

The two of us are ready to be investigated by our superiors. In any case, the entanglement of interests involved in this matter is very troublesome.

By the time you come back from Pakistan, maybe we will no longer be your chief of staff and instructor. "

He Chenguang also realized the seriousness of the matter.

"Thor God, please don't be impulsive. We just didn't think well. Please explain it clearly to your superiors. This is all our fault."

"How do I explain?

After finally putting your efforts outside to complete the task, you have gained a little bit of understanding. If you know it, it is you who are leading all this.

Your superiors will definitely transfer you back as soon as possible.

When the time comes, you have endured so many days of suffering in vain and gained nothing at all. It is not that your efforts were in vain.

This is called time cost.

Even if you two can afford the loss, I can't afford the loss.

Don't talk so much. No matter what happens, I will be here to resist.

You two remember this for me.

They are my soldiers, just follow me and you will not need to take care of all the problems. If something goes wrong, it is also my responsibility as a leader.

Complete your mission with peace of mind, no matter whether you can identify the spy or not, whether he is the current Hassan or not.

I think he took the initiative to find you and want to cooperate with you, so he must have his own tricks.

It's better to be careful. Being in a foreign country is not like being in our H country.

All things follow your will. "

Fan Tianlei was about to receive punishment, but he could still explain these issues to Qin Yuan and analyze the pros and cons.

This moved Qin Yuan very much. Where can he find such a good leader?

Just think that it is for Fan Tianlei that you must complete this task, maybe you can give up the merit.

"Thor God, thank you for being behind me and helping me take care of all this for so many years. Otherwise, a willful guy like me would be really..."

"forget it!

You kid, please don't tell me these disgusting words. What I want to see is the result of successfully bringing back Professor Fang's two apprentices.

They are internationally renowned arms experts, one to ten.

For us, talent is the most important, and it cannot fall into the hands of the United States.

There are still many spy missions lurking around us, and they are far from complete.

Further efforts are needed. "

Qin Yuan gritted his teeth and agreed.

"Don't worry, Thor.

I will never let you down again. I will bring these two arms experts back no matter what. Even if they are representatives, I will never let them become American people. "

When Fan Tianlei heard what Qin Yuan said, he felt that his theory was somewhat dangerous.

Could it be that this guy couldn't bring them back, so he wanted to kill these two people.

"Everything is left to you to decide. Remember, you are now the leader of this task force. He Chenguang and Chen Jixiang must listen to you."

"I understand, Thor."

After they finished speaking, they heard someone coming outside to take them away.

"Gong Jian, Fan Tianlei, you two are suspected of being involved in today's spy system leak. Your superiors want you to go back and be investigated."

After Qin Yuan heard this, he quickly hung up the phone.

He was afraid that the phone call between him and Fan Tianlei would have any impact on the investigation of the two of them.

Jason's face was solemn, he knew that Fan Tianlei was in trouble this time.

"Qin Yuan, what should we do next? How do you want to prove it?"

"No matter what method we use, we must not let Thor down again. He has already helped us too much. In fact, I am very grateful to him from the bottom of my heart."

While they were discussing, they noticed that there were car lights on on the road outside.

"Who could be here so late?"

"Could it be the Sophia who sent us here just now? I saw that the light source and intensity of the car lights were similar to his car.

Pakistan is not a particularly wealthy place, and luxury cars like this are not common. "

"A girl driving around in such a nice car at night is really not afraid of being robbed."

"safely?"

In the distance, they saw a graceful figure in the jungle, walking towards them.

Although Hei Tian couldn't see clearly, the way he walked seemed to be that of An Ran.

"Are you crazy about him? Why is he here?"

Just now Fan Tianlei said he was coming, but it couldn't be so soon. "

"You don't know, An Ran called me when I went to the toilet just now. He said that he had already arrived, but he just couldn't contact me.

I told him that we were at the beach and asked him to come directly. This figure was probably An Ran. "

Chen Jixiang was quite excited.

"Sister An Ran is here, so we have another helper by our side."

"Even if there is one more helper, so what?"

I advise you not to place your hopes on him. If there is a chance, I must let him go back first. The situation here is not optimistic now. If he stays here as a girl, he will only hinder us. "

He Chenguang was a little unconvinced after hearing Qin Yuan's words.

"You must not say that. Before you brought us here, none of us had ever done an international mission. Only An Ran often completed missions internationally, and he was also appreciated by the leader.

This time he came here mainly to help us. Don't treat him like a dragster. "

Jason heard that Anron was about to come, and he was very excited.

After knowing An Ran for such a long time, I finally learned his real name.

I always thought his name was Elena.

Everyone was very vigilant, holding all the weapons in the capital in their hands, not knowing who was coming.

The leaves rustled in the wind at night, adding to the tranquility of the environment.

"Qin Yuan? Are you here?"

"It's confirmed, it's Enron."

However, I found a familiar figure following him.

Everyone who was just about to let down their guard started to tighten their weapons after seeing two figures.

"Sofia? Why are you still here with him? Don't tell me that you went to the airport to get a ride and brought it here by the way."

"Qin Yuan, you don't need to make such a fuss. There really aren't many coincidences in this world, because everything that happened when I met you was the task that An Ran gave me.

As his good friend, I am still willing to help with such a small favor. "

Chapter 2048: Are you kidding me?

Qin Yuan saw Sophia and An Ran coming here together, and he was very unhappy now.

Originally, An Ran came here without his permission and had already touched Qin Yuan's bottom line.

Who would have thought that An Ran and Sophia actually knew each other.

This made Qin Yuan feel that he had been tricked for a moment.

He looked at the two girls in front of him with a sullen face. Everyone knew that he was angry, but no one dared to say anything, especially Chen Jixiang.

He is usually very lively, and he can have fun with Qin Yuan. This time when he saw Qin Yuan's gloomy face, he knew that things were not that simple. He didn't know much about Sophia.

He Chenguang and Jason knew.

Jason watched the two of them arrive and tried to change the subject.

"An Ran, long time no see. I didn't expect to see you here."

"Yeah, actually it's not that we haven't seen each other for a long time. I'm in country H. I stayed for a few more days to solve the current problems and then came over. I didn't expect that you still encountered many problems when you just arrived here."

"We didn't expect to meet this guy Efit here. He is such a troublemaker. You can see him everywhere."

"By the way, where's Efit? He's been busy lately so he won't cause trouble for you again, right? It's a critical moment."

"He has already entered the hospital, you don't need to ask about him for now."

An Ran, I think you should first explain about this beautiful woman. Is he your friend? "

"Hmm, that's right."

He is my friend, and I told him that you came here deliberately to ask him to help you, but I don't want him to expose the information and his identity. "

"So, it was all your idea for him to hide this from us?"

Qin Yuan said these words in an extremely serious tone, which really made An Ran feel very uncomfortable.

"Listen to my explanation."

As expected, Qin Yuan sneered in his best tone, which made everyone feel a little uncomfortable, but this was understandable, who told them to hide it in the first place.

"Then you said that just to hide it from me."

Do you think this is interesting? I think it's completely boring.

It's just you who made up your mind and wanted to hide so much from me. "

"Can you please listen to me explain?"

Sofia is a good friend of mine. He has been living in Pakistan. I know that he has a lot of resources here and I deliberately asked him to come over to help you.

There are many reasons why he is hiding from you. I hope he uses a hidden identity to contact you. After all, there are Norman Karim, Efit and others around you who are watching you.

In order to protect Sophia's safety, he could only use this method. "

"Norman Karim is covering the sky with one hand in Pakistan. Even if he conceals his identity, he will probably be discovered by the other party. Do you think this is reliable?

I don't think it's very reliable. "

An Ran was silent. He had nothing to say. This time, Qin Yuan really got the handle.

"It's okay, you can blame me any way you want.

But don't blame Sophia for this.

I was the one who prevented him from revealing his identity. Now that we are all here, don't be so angry for the time being.

Let's quickly discuss what to do next.

This time I came here specially from country H. Don't blame Fan Tianlei, it was me who took the initiative.

Fan Tianlei couldn't do anything about it, so I analyzed the pros and cons with him.

Only after I come here can I help you bring back Professor Fang's two apprentices as quickly and efficiently as possible.

They are internationally renowned military experts.

Over the years I have completed assignments internationally, I have received wind.

Many countries are eyeing these arms experts and want to take them back to their own countries.

So, we must hurry up.

Noman Karim must have known about it too.

Moreover, I promised Fan Tianlei that I would take them back within a week. "

"Bring them back within a week. You are really becoming more and more courageous. Even I can't guarantee it to Fan Tianlei."

When Qin Yuan heard what An Ran said, his angry mood suddenly softened.

An Ran knew that Qin Yuan was a sharp-tongued guy.

The source of all his anger is that he doesn't want to take risks.

Thinking of this, An Ran still felt warm in her heart.

"I knew there was a relationship between the two of us. You couldn't always blame me. I had already thought of saying a soft word to you. You just have a bad temper."

Qin Yuan felt a little embarrassed all of a sudden.

"Okay, I finally know your interests.

Even though this matter has nothing to do with me, they still want to involve me.

It's just that you guys have caught me. My mentality knows that I am a soft-hearted guy, as long as you say a few nice words.

I still have to forgive you for this arbitrary behavior, but don't expect me to forgive Fan Tianlei. This guy always makes trouble everywhere and disrupts all my plans. "

An Ran quickly walked to Qin Yuan's side, stretched out his hand and straddled Qin Yuan's arm.

At this moment, the relationship between the two of them seemed to be somewhat ambiguous.

He Chenguang quickly reminded them to get to the point and stop getting angry over such a trivial matter.

Think about the matter in front of you quickly and how to solve it is the most important thing.

Most other things don't really matter.

"Just now we asked Fan Tianlei about whether Hassan might be the spy of Country H.

Fan Tianlei is not sure now. Qin Yuan got the secret system of the spy from him after hard work. He just used his hacking skills to break into it and found some indirect information and photos.

However, what surprised all of us was that this spy was very handsome and completely different from the Hassan we knew.

Now we are all a little confused and don't know what is going on.

Anyway, Hassan admitted it himself.

He was the spy at the beginning, and he was sent back to Pakistan only after being discovered by Fan Tianlei.

Based on this, we speculate that he should be full of resentment towards Fan Tianlei.

However, he exposed his identity again and wanted to cooperate with Qin Yuan to deal with Norman Karim and Efit.

This really leaves us a little confused.

Qin Yuan's idea is that we must find out Hassan's original identity and whether he is the spy or not. This is very important to us.

If there were any mistakes, it would be huge.

So, after thinking of these things today, we quickly started taking action and no longer considered anything else. The main thing was to think about it.

We have encountered many problems in the past. If we cannot follow our own ideas and insist on going our own way, we still need to plan carefully.

Efit has been admitted to the hospital now, but Qin Yuan said that there is nothing serious about him and he will probably be out soon. This will be a bigger obstacle for us.

Although Qin Yuan saved this guy today, he is not a person worthy of gratitude.

Even if you save his life, he might bite you back one day.

This is something we have all become accustomed to, and now it depends on how other problems are solved.

An Ran, now that you are here, you can give us one more helper. "

He Chenguang didn't hide anything when he spoke in front of An Ran's friend, he told everything.

This made Chen Jixiang next to him a little stunned. Even if he was trustworthy, he couldn't say everything.

Still have to hide something.

Whether the Sophia in front of her is trustworthy or not is another matter.

Maybe he and An Ran were just ordinary friends. Maybe he had a better relationship with An Ran like he had with Jason, but he also had his own false identity.

When He Chenguang said this, everything was exposed.

Chen Jixiang was also worried about him.

Now Qin Yuan is emotionally so no one dares to struggle or compete with him.

Chen Jixiang looked at Qin Yuan cautiously.

"Well, that's not what he meant. Don't get me wrong. What he just said..."

Chen Jixiang originally wanted to explain, but before he could finish speaking, An Ran interrupted.

"You don't have to be so nervous. Sophia has been my good friend for so many years. He knows my identity and has helped me collect a lot of information.

To be precise, he should be considered my informant.

He specializes in this business, helping spies in many countries collect information and make money. "

Qin Yuan nodded thoughtfully.

"Let me just say, when I first saw him, I thought he was very unusual and quite capable. Now that you have mentioned his identity, I quite admire him now."

Sophia smiled and said coquettishly.

"I think you really misunderstood. I think so. Many people think that as a Pakistani, I resell all the secrets of my country for some money.

I myself sometimes despise my identity, but what is the use of saying those loyal and courageous words at this time?

Real money is more affordable. "

Jason looked at Sophia.

"Yes, maybe the world needs a lot of theories from people like you. Your country is in such chaos now. If you can get some benefits from it, it will be considered as not living in vain for yourself."

"Who told you that I am from Pakistan?"

Qin Yuan kissed this beautiful woman without looking carefully at night. His eyes were dark blue and his hair had a bit of brown.

With his deep eyes and graceful figure, it can be seen that he must be of mixed race.

Then, Sophia said again.

"To be honest with you, I actually don't know which country I am from. I just live here now. I have been an orphan since I was a child.

Perhaps it was because some people were reselling arms in surrounding countries that I became an orphan in these incidents.

I've already gotten used to it.

It's no surprise that I speak the languages of the countries around me. "

Qin Yuan suddenly realized that Sophia actually had such an identity.

"So, you should know Norman Karim?"

"Humph, it's more than just a simple acquaintance..."

He Chenguang stared at Sophia and saw that this woman was indeed beautiful. It would be easy for a femme fatale like him to steal any secrets.

Qin Yuan glanced at Sophia and felt that this woman was getting more and more unusual.

He simply pulled An Ran aside and said to him.

"How on earth do you know this woman?"

"Why do you ask?"

I know he is very beautiful, but you are also interested in him. "

"Shit! I don't have such thoughts and thoughts. He said these things just now. I think he is really a very complicated person inside. If you have known him for such a long time, you must make sure that what he tells you is the truth. ?"

"Qin Yuan, you mean that you don't believe my judgment on this matter.

Can't you guess his inner thoughts? You don't have to worry about this.

The two of us have a life-long friendship, and I trust him very much. "

"If I'm not mistaken, the relationship between him and Norman Karim is not simple, right?"

"The relationship between the two of them is very complicated, and I can't explain it in just a few words. I can only say that he is the person closest to Nomanka and me.

He is also the closest person we can contact, so don't count on Fan Tianlei.

He has not seen his former comrades for so many years, and their identities have long been changed.

If Fan Tianlei can provide us with some human help, do you believe it? "

Qin Yuan lowered his head. He had to face An Ran's words and make a quick judgment in his heart.

"To be honest, An Ran, you being able to come over and help me today is really a timely help.

But I still care about your safety and don't want you to be in any danger. Now that you know this woman, you will be more in danger in a side sense.

He has too many identities, and they are by no means simple. If Norman Karim finds out, he will cooperate with you. I think he will only have one end. "

"Sofia has been following Norman Karim for many years, and the relationship between the two of them cannot be explained clearly in just a few words.

To Norman Karim, it didn't matter to him what this woman did.

As long as it doesn't threaten his own interests, he is just a cute doll in his own captivity. "

Qin Yuan's vision exploded when he heard this.

"Norman Karim should be about the same age as Fan Tianlei. I think this girl is probably younger than the two of us..."

"This cannot be explained clearly in one or two sentences. I will explain it to you when I have time.

In short, Qin Yuan, I only want to ask you one question, do you believe me? "

"Of course I believe it!"

Qin Yuan didn't hesitate at all. Faced with An Ran's doubts, he immediately said that he believed it.

"Just trust me, I won't let you down.

My relationship with Sofia is very trustworthy, and I feel confident that I can trust her. "

"As long as you are sure, I don't care about anything else. Anyway, these are the clues we can see so far."

Chapter 2049: 1 has been observing the situation secretly

Qin Yuan, why do you think the situation in front of you is getting more and more complicated now?

I originally thought that An Ran came here to help me.

Unexpectedly, he only caused trouble for himself and brought some kind of Sophia.

Qin Yuan didn't believe that this woman was an opportunistic person who wandered among various forces and could escape completely safely.

There must be someone behind him helping her, or some expert giving guidance.

Qin Yuan didn't believe it anyway.

Although, his life experience is indeed quite pitiful, maybe he and Professor Fang have more to talk to.

They are all poor people who have been persecuted by the underground arms trading system.

That doesn't mean that he can treat others with the same mentality.

He has been betraying information to each other in the surrounding countries. This kind of person is not worthy of trust.

I really don't know what An Ran was thinking.

No matter how close the two of them were to each other, they still couldn't entrust all their secrets to him.

Seeing Qin Yuan's incredible look, An Ran knew that he probably still didn't believe Sophia very much.

There is nothing we can do about it.

So far, Sophia can only have one more person beside them to protect and trust, which is also a good thing.

"Don't think so much now, I still believe in Sophia's character."

"An Ran, sometimes you are just too naive."

No matter what others say, Qin Yuan never believes that he only believes in what he sees with his own eyes. He now firmly believes that Sophia is not worthy of trust.

"Qin Yuan, I can understand that you don't trust him now. After all, you are a very cautious person, so let's watch while we walk.

If you think there is any secret that you don't want Sofia to know, no problem, we can avoid him and talk about it later. "

"Well, I mainly believe in you, and I hope you don't go astray."

He Chenguang and Chen Jixiang have been waiting next to them. I don't know how the discussion between the two of them went?

At this time, Jason was still a little anxious.

"Qin Yuan, we have planned so much, and now An Ran is here, what should we do next? How can we find a way to get these brothers around me out first?"

If you wait until Hassan comes back, it will be too late. "

Jason must be very anxious. He has never had any doubts or vague ideas about saving his brother. He just wants to know when it will be completed.

"Jason, please give me a little more time. I don't want to escape, and I don't want to give up.

I have seen these things with my own eyes and I understand them. "

"As long as you understand. I'm just afraid that the gap between the two of us will get wider and wider and affect our relationship. I don't have any other special ideas."

Jason's words were very tactful, and it was not like Qin Yuan had never seen him before.

"Well, let's do it according to this idea."

As he spoke, Jason ran out of better ways and ideas.

Qin Yuan has always been planning in his heart. He wants to save all Jason's brothers at once.

"We are now in a foreign country. The only person who can help us is Norman Karim, who is a particularly big backer. He has never contacted us. He probably wants to wait for me to take the initiative to contact him."

"But if we take the initiative to contact him, wouldn't that mean we have completely lost the initiative?"

He Chenguang's worry was not unreasonable. This was Qin Yuan's constant doubt in his heart.

"I can understand what you are talking about about the initiative.

However, we are really at a loss now. "

"Then what are you going to do next?"

"I think so, if we can contact Norman Karim through Miss Sophia, we won't have to go through a lot of trouble."

An Ran looked at Sophia next to him, worried that Qin Yuan's words were a little too straightforward and would make him feel uncomfortable.

Unexpectedly, this Sophia was quite reliable. He didn't say anything for a long time.

He just nodded seriously, and he still agreed with this plan.

"An Ran, we have known each other for such a long time. If you need my help in any way, you can just say it without beating around the bush.

Since Qin Yuan hopes to contact Norman Karim through me, I can help you connect.

However, I must tell you what I think from the moment you come here and set foot on the land of Pakistan.

You have already entered his control, and he will see every move you make next. Why didn't he take the initiative to contact you? You should think about your own reasons. "

Qin Yuan was silent.

This is exactly what he thought before. Norman Karim is indeed observing him secretly, which is a bit difficult.

At this time, Chen Jixiang thought of a good idea.

"Brother Qin Yuan, I think it's time for us to take the initiative to ask for a meeting with Norman Karim."

"It seems that you kid has come up with another idea. If it is convenient, please tell us and see if there is a good way to solve it."

"I think that if you want to contact Norman Karim, you must first find the informant she planted around us."

"How could there be an informant around us?"

At least Qin Yuan believed that this was completely impossible.

An Ran was nearby and glanced at Sophia.

"What do you think now?"

"Me? Qin Yuan, he doesn't believe me at all. No matter what I say, it's all in vain. There is no way to gain his trust. I think the prerequisite for two people to cooperate is trust.

Now he thinks everything is useless, and he feels that my presence around you all the time is premeditated.

If that's the case, then I don't think it's necessary.

I don't like doing meaningless things. "

Qin Yuan glanced at Sophia. This girl actually had more personality than An Ran.

Sometimes, I have to say that Qin Yuan also admires this kind of girl with personality. Even if the other party is difficult to control, he can still get into his heart.

"An Ran, I've already told you, it depends on what you plan to do next."

Good Jason and He Chenguang, they are both very anxious.

I don't know what will happen next. Qin Yuan is too persistent, saying that he doesn't trust a person. No matter how hard the other person tries, he will never trust him.

Unexpectedly, at this moment, Norman Karim took the initiative to contact Qin Yuan.

“As expected, you can’t speak behind people’s backs.

We have been in Pakistan for such a long time, and there is no news from Norman Karim. I thought he had given up, but this time he took the initiative to call me. I wonder if it is due to Sofia. ”

Sophia smiled and said nothing.

"What is Mr. Norman Karim? If you can work hard, call me personally."

"Qin Yuan, I know you have a little resentment in your heart now. I haven't contacted you since you got here. That's because I have my own things to do. This task is very important.

Now that I have a little more clues, I should also thank you. ”

"Hey, what did you say?"

"Hey, if you hadn't delayed Efit to give me enough time, I wouldn't have been able to get this batch of arms so smoothly."

Qin Yuan finally got a positive answer.

He had long known that this batch of arms must have been secretly collected by Norman Karim, and he had already begun to want to take action against people in the United States.

"So that's it. As expected, you are more interested in this batch of arms. Efit fell into your hands."

“Young man, don’t say that either.

This is all due to you helping me behind the scenes. I should thank you. If you hadn't helped me so much, I wouldn't be where I am today.

I have been thinking about this batch of arms for a long time, and I finally got it. "

"Then what are you going to do next? Old K won't let Effit lose the arms."

"Qin Yuan, Efite can be said to be your old rival.

If he is unlucky or suffers a disaster, you should feel happy. If a very powerful opponent of yours defeats himself like this, shouldn't you be happy? "

"Hmph~ Let me tell you the truth about what makes me happy. I'm not interested in these at all. I just want to know when I can get what I want smoothly."

"Are you talking about Professor Fang's two apprentices?"

"That's right."

"These are two living people. How can you say they are things?"

"So what if they are living people?

In your eyes, Norman Karim, it is not a commodity that can be exchanged. "

After Qin Yuan finished speaking, the other party smiled on the phone. It seemed that this guy could see through his truest thoughts at such a young age, which really impressed Norman Karim.

"No wonder Fan Tianlei likes you so much. To be honest, I like you very much too."

"Then I still want it, thank you for liking it."

"It doesn't matter. As long as you are willing to stay with me, I will definitely give you the glory and wealth you want."

"He Fei, it's better not to say so much now, I have no interest in the benefits and sugar-coated bullets you provided me.

I am from country H, sent to perform a mission. I just want to complete the mission assigned to me by my superiors and return to my army smoothly.

As for what you said has nothing to do with me. "

"I can see that you are a very noble young man, but none of this is important.

Your purpose is to save Professor Fang's two apprentices, and my purpose is also obvious.

I think the two of us can work together. Since you have refused, work with this guy Hassan to solve the problem together.

I follow the principle that the enemy of my enemy is my friend, and we should be in the same camp.
"

He Chenguang and Chen Jixiang were frightened when they listened to their conversation.

Because they all know what kind of temper Qin Yuan is.

If they didn't give Norman Karim any face, he would be annoyed. They were like ants in this strange country, easily picked up by others.

"You can, you have to give him face, don't be tough with him."

"I know what to do, don't remind me."

An Ran and Sophia were listening.

"If he knew, would it affect you if you were with us?"

"An Ran, don't worry, we have already made a secret agreement that I will not destroy his interests and he will not care about me.

Therefore, if you want me to help, I probably won't be able to satisfy you. I want to make this clear to you in advance. I hope you won't be disappointed in me. "

An Ran had already felt it.

"It doesn't matter. Everyone has their own difficulties. I can understand if you don't want to help me or have your own difficulties."

"That's good."

Immediately afterwards, Qin Yuan said to Norman Karim.

"You and Fan Tianlei are comrades-in-arms after all, and we should know each other very well. In this case, we should be clear about each other and not talk behind the scenes.

What do you want me to do before I let these two people go? "

Qin Yuan knew it well, and the other party just wanted to control him and cooperate with him.

"Communicating with smart people is convenient. I need you to help me defeat those who I think are my enemies.

If you can do it, I will give these two arms experts away. They are top talents, and this is definitely not measured by money.

To be honest, I am also from country H, and I also hope that this country's military strength can be improved.

It didn't mean much to me that I caught these two arms experts. I wanted to make money by reselling arms, not to do anything earth-shattering. "

"Then there is nothing else in your eyes except money?"

After Qin Yuan asked this question, Norman Karim fell silent.

Jason was really worried about him next to him.

"Qin Yuan, I observed in secret, you are really not an ordinary person, you can make Hassan like a lost dog, unable to get out of an unfinished building."

"You really know everything."

"I have been monitoring you since you came here, UUReading www.uukanshu.com. Now I have made a decision. Yes, I have been watching in secret. If there were any problems, I would have started Looking for you.

I'm just contacting you now. I also want to see how powerful you are without my help. "

"That means I have your approval. I don't know whether I should be happy or angry when you say that."

Jason pushed Qin Yuan gently from the side.

"Let's talk about cooperation first."

Jason's eagerness to save his good brother is completely understandable to Qin Yuan. He just doesn't know how to perfectly solve this problem.

He didn't want to be completely coerced by Norman Karim. At this time, he needed to have enough initiative to be able to control the opponent.

"Don't worry, just look at me."

Chapter 2050: Meet at a hotpot restaurant

Qin Yuan has great advantages and a great disadvantage. The advantage is that he is powerful enough, and he also has an unknown secret system that can help him at any time.

His shortcoming is that sometimes he is too confident.

Even facing such a powerful opponent as Norman Karim, Qin Yuan never seemed to be worried. He felt that he would definitely win.

As for what method to use, Qin Yuan thinks that as long as it does not violate the rules given to him by Fan Tianlei, it is fine.

An Ran glanced at Qin Yuan.

"Norman Karim took the initiative to contact you. It seems that he wants you to go to him directly. Since everything has been explained clearly to the point, let's do this."

"How to do it?"

"Norman Karim has already contacted you. He also wants to show you his trump card. He told you the specific things. It is not convenient for me to participate. As for the other things, I think we can still discuss it. .

Didn't he just want you to cooperate with him to deal with Efit and Old K?

I don't think it's impossible. "

Qin Yuan never expected An Ran to give such an answer, but he had never thought of cooperating with Norman Karim to deal with Old K.

One is a jackal and the other is a tiger and leopard.

Qin Yuan somewhat sneered at the plan to drive away tigers and devour wolves.

He believes that if you defeat one, the other may become your final opponent, rather than causing both sides to be in trouble.

It's better not to help anyone and just use your own method to solve the problem.

Anyway, Qin Yuan has a super invincible system.

Being able to help him do anything is something Qin Yuan has always been proud of, and it is his biggest secret that no one else knows.

Chen Jixiang looked at Qin Yuan from the side and became anxious.

"Brother Qin Yuan, I think we think about this matter too simply.

Noman Karim is definitely not an easy person to deal with.

He has already shown us his trump card and wants to cooperate with you.

If you refuse him, then we may not be able to move forward here today.

And, I think he admitted it.

Professor Fang's two apprentices are in his hands, which is a clear sign to us.

These two people are our most important mission in Pakistan this time.

If we can't successfully rescue them, I believe Fan Tianlei will definitely be angry with us, and it doesn't matter what kind of punishment he will receive at that time. "

What Chen Jixiang said was reasonable. He wanted to remind Qin Yuan from the side that he must consider the cooperation with Norman Karim no matter what. He had made it clear.

Now we are waiting for Qin Yuan's decision. Even if we want to cooperate with him, it is very likely that some bottom lines will be touched.

He Chenguang, he still has a lot of plans now.

Including his opinion, if the two parties cooperate, will it have any impact on his identity as an American spy?

He must consider everything, even though he is a spy for the United States.

He Chenguang also didn't want to have a bad relationship with Qin Yuan. The relationship between the two of them had always been that of brothers.

If it weren't for our different stances, maybe we could actually become very good friends.

Qin Yuan was a little silent.

Looking at Jason next to him, Qin Yuan couldn't bear it, so he might as well go see Norman Karim first.

"I'd better report to Fan Tianlei first, although before coming here he told us to go to Norman Karim if we have any difficulties.

Obviously, he doesn't want free help now.

We thought, let us cooperate with him to deal with the other party.

I have to think carefully and not fall into his trap. What if, he can only use this matter to threaten me. I have hated being threatened by others since I was a child. "

Sophia had always stayed away from them, knowing that she had not gained Qin Yuan's trust. When they were considering and discussing things, Sophia did not come close.

"Qin Yuan, look at the distance, Sophia has never come close.

There is a cooperative relationship between him and us. As a person who is specifically responsible for this part, he has professional ethics. In any case, he will not leak our secrets, so you can rest assured. "

"An Ran, I have told you many times. Now it is impossible for me to trust someone inexplicably. Even if he is your friend, he cannot gain my trust. I hope you can understand."

Jason lowered his head. He knew that Qin Yuan was a very persistent person. If he said he didn't believe it, he just didn't believe that no matter who he was, there was nothing he could do.

After He Chenguang thought for a long time, he said to Qin Yuan.

"You just said you wanted to report to Fan Tianlei about your cooperation with Norman Karim. I advise you not to do so."

"Why is this?"

This is something I have thought about myself. If you want to refuse, you have to give me a better reason.

Norman Karim has known us for such a long time, and generally speaking, he still wants to cooperate with us. "

"What I want to say is that if you report to Fan Tianlei, he will definitely not agree.

The main thing is, I think it kind of violates this rule between us, you know?

We are not from country H and are here specifically to perform secret missions. If you cooperate with the local community, Fan Tianlei will know about it.

There will definitely be a loss of dignity on the face.

The main thing is that he has no way to explain to his superiors.

You have to consider his status in the superior's work. When the time comes, will you ask us how we completed the task, or did you listen to what others said?

There is no airtight wall in the world. What we do here may have been spied on by others. If Fan Tianlei's opponents get hold of our information.

To threaten and attack him like this, if Fan Tianlei cannot protect himself, no one can protect us.

I don't mean to be selfish when I say this, I must take Thor into consideration.

When you invaded the secret spy system this time, you have already implicated him. If you continue, I think his position may not be preserved.

You can be domineering in the army, do whatever you want, and have a certain degree of autonomy. A large part of the reason is that Fan Tianlei is tolerant of you.

He gives you enough freedom to deal with problems.

If you had another superior, I'm afraid you wouldn't be as free as you are now.

Most superiors would not be able to accept your style of completing tasks. Only Fan Tianlei is so courageous.

Only he can help you. If you implicate him because of something you didn't do well, it can only mean that our lives will be even more difficult in the future. "

Although He Chenguang's words sounded a bit selfish and purely for his own consideration, he was really analyzing the pros and cons for Qin Yuan.

This is the problem they have to face.

Qin Yuan is indeed a person who doesn't follow the rules. As long as he can complete the task, it doesn't matter if I enter the gray area a little bit.

Fan Tianlei always gives him some slack and tolerates him. It is impossible for Qin Yuan to become such a person so appreciated by his superiors now, just in case Fan Tianlei is really screwed by him.

After Qin Yuan, there really is no suitable helper.

After receiving He Chenguang's reminder, Qin Yuan had to think carefully about how to get the best of both worlds.

Not only to protect Fan Tianlei, but also not to embarrass himself.

Then we can only go to see Karim secretly. If someone investigates, it can be completely revealed that Fan Tianlei didn't know about it, and that will be no problem.

He Chenguang didn't want to cooperate with Norman Karim. He knew that this man had a lot of information, and he was afraid that Norman Karim would know his identity.

If he is exposed, all his hard work over the years will be in vain and he will have to be sent back home.

Thinking of this, He Chenguang had to think about his own future.

No matter what, he couldn't let his identity be revealed.

So many years of hard work cannot be wasted. He strongly opposed the contact between Qin Yuan and Norman Karim just to keep his position from being discovered.

An Ran was beside him, and he also knew what kind of person Fan Tianlei was.

He is absolutely the best superior who can tolerate Qin Yuan. It is natural that An Ran would not want Fan Tianlei not to be in this position.

They are all Fan Tianlei's subordinates. It is said that once the emperor is one courtier, if the chief of staff is changed, Fan Tianlei's subordinates will probably be replaced as well.

There is no need to worry about Qin Yuan. He is very capable and there are many people in the army who appreciate and win over him. Others must plan carefully and not generalize.

At this time, Qin Yuan received an unknown message on his mobile phone, which was the location of a hot pot restaurant sent to him by Norman Karim.

Qin Yuan opened it and said to himself while smiling.

"Did you see that we are still discussing here whether we should cooperate with him or not?

Some people have already thought about it for us, and have chosen our options for us.

Even the location information was sent to us, so if I didn't go, wouldn't I be letting him down a bit?"

When He Chenguang and An Ran heard what Qin Yuan said, they knew that Norman Karim must have taken the initiative to contact him.

It seemed that even if they wanted to escape, it was impossible and they could only endure it all silently.

Qin Yuan did not say that he wanted to refuse, he should have acquiesced in his heart that he wanted to cooperate with the other party.

In this case, An Ran and the others had nothing to say.

Qin Yuan is the team leader of this operation, and everyone has to obey his command.

He Chenguang also knew that escaping was not an option. What he should do most was to face it bravely.

What did the other party mean? If Norman Karim sincerely wanted to expose it, he would not be able to escape even if he wanted to.

After all, this is someone else's territory, so it is better to take the initiative and test the other party's attitude. Maybe he is not willing to intervene in this matter.

After lowering his head and being silent for a while, He Chenguang said to Qin Yuan.

"Well, since he has sent us unknown news, it might not be good if we don't go. We are already here, so there is no way you won't go and meet him.

We have to take the initiative and meet him first to see what he means.

After we come back, we are wondering whether to cooperate with him. You must first know his purpose before we can arrange the next plan.

You didn't make any mistakes when you met him. If you really don't want to hear it, just pretend you can't hear what he says.

From the moment we came here, he knew our whereabouts very well. From this, if we couldn't escape ourselves, he would send someone to Hassan to rescue us.

This guy is actually pretty good overall.

Although he has his own purpose and considers interests, he has some choices and principles of his own, and you can't always say that he is not good at generalizing.

He used to be a kind person. People say that nature is hard to change. He used to be kind. I don't think he is so bad now, but his attitude is different.

Don't tell Fan Tianlei yet, let's go see what his purpose is.

Whether or not to agree to him will have to be re-planned.

Of course, this is just my opinion. The decision of whether you are our squad leader is still in your hands. If you disagree, then we will naturally listen to you. "

He Chenguang said that Qin Yuan was thinking the same thing after this. Whether he wanted to cooperate with the other party or not, he had to meet him first.

The location information has been sent over. It would be quite rude if he didn't go. After all, he and Fan Tianlei were close friends, and in a sense they were elders.

You can go and see what his purpose is, and also make sure that Professor Fang's two apprentices are safe. Their visit this time is not in vain.

Both of these people are no longer safe, and their meaning is gone.

An Ran looked at Qin Yuan and said with a smile.

"You've already made up your mind, let's set off quickly."

"How did you know I agreed to go?"

"I've known you for such a long time, and if I can't tell this, I really don't deserve to be your friend."

"Then we still have to continue to trouble your good friend Sophia, UU Reading www.uukanshu.com and ask him to drive us to the hot pot restaurant, so that Norman Karim will know the relationship between us."

"You don't think that our secret contact can hide Norman Karim? He knows everything Sophia has done by following him for so long."

This was all with his tacit approval. If he had not agreed, Sophia would not be where she is today.

The relationship between the two of them can be regarded as each getting what he wants, so don't worry so much, it won't hurt Sophia. "

Qin Yuan looked at Sophia's back in the distance.

This woman is anything but simple.

To be able to gain such a large degree of trust and support from Norman Karim is to know that he is no ordinary person.

"Enron, I still stick to my point of view. No matter what you think, I reserve the right to doubt him."
