

## Special Soldier 2051

Chapter 2051: first meeting

Qin Yuan thought that if it was unavoidable, he would have no choice but to agree. It would be better to prepare to go with Sophia.

"Sophia, my attitude towards you just now was indeed a bit extreme, I hope you can forgive me.

Of course, I apologize to you, and I didn't say these words to ask you to take us out. This idea is quite childish.

I just feel that as a man, when I met you for the first time.

You are willing to help me even though I have never met you. No matter what your reason is, I should express my gratitude.

I was indeed a little impatient just now, but I hope you can understand me. I have experienced too many things recently, and it is difficult to measure my mood. "

"Yeah, Qin Yuan, you don't need to say so much, I can understand your mood.

Growing up, I have always experienced more working outside alone than you can imagine. I can accept whatever you say. Everyone has a bad mood sometimes.

The first time we met, I was lying. You didn't tell you that An Ran asked me to do this. "

After all, this Sophia is quite reasonable.

Qin Yuan and Sophia looked at each other and smiled. Such a past could be considered a chapter.

"Qin Yuan, don't say so much, let's go quickly. Norman Karim has already sent you the location. He doesn't like to wait."

Qin Yuan sneered.

"Generally a person of his level.

How could he wait for others when he was looking for others to wait for him? Even if he took the elevator, he would have to wait until all the elevator buttons outside were pressed before he could get out. "

Sophia asked in surprise.

"How do you know his habits?"

"Aren't all the big guys in TV dramas like this?

I'm just guessing. Don't think too much. "

Qin Yuan was just joking casually, but he was actually taken seriously.

The people present also laughed. The seaside under the night, except for the coolness of the sea breeze, was quite charming.

Everyone was happier except Jason.

Jason is worried about these good brothers of his, and Qin Yuan can understand it.

He didn't say anything, just hoped that Jason would give himself a little more time.

"Let's go, first go to Norman Karim and see what he wants from us.

Since we have been under his surveillance since we landed ashore.

Today, when he took the initiative to come to us, he probably wanted to discuss how we should cooperate next. He must know that these brothers of yours have been detained by Hassan. This should be his bargaining chip in negotiating with us. "

"Okay, I'll go with you.

For so many years, I have been in country H, and this is the first time I have had the opportunity to meet such a big shot in the smuggling business between country H and Pakistan.

It can be said that there was no way to find him before, but today Qin Yuan has been freed. "

"I also heard that this guy Efit couldn't find a way through connections and wanted to meet Norman Karim.

Today he took the initiative to come to us, which was really flattering. "

Chen Jixiang seemed to think he knew it very well.

"This is not all for Fan Tianlei's face. Considering the previous relationship between the two of them, it is easy for us to help."

"Okay, let's not talk about this for now, let's go see what's wrong with them first.

No matter what questions the other party has, we have to answer them in detail. "

"Yeah, that's right."

As she spoke, Sophia took the three of them back to her car.

"An Ran, you sit in the passenger seat. You two girls are in front to open the way for us. The three of us are in the back. This is our first time here. In fact, we are not familiar with it at all."

"Brother Qin Yuan, forget it.

I just heard He Chenguang say that when you first came here, you couldn't just say you were familiar with it, you should say you felt like going home.

No matter where it is, you can find the exact location and destination.

It really makes us feel that you are very powerful. Sometimes, I even wonder if you are an angel sent by God.

Why do we always appear in time when we are in danger?

Always, when we are confused, you can find a direction for us.

Moreover, every time you deal with this Effit and make him miserable, you have now become his natural enemy. "

Chen Jixiang, this kid can make Qin Yuan feel more at ease every time he speaks.

"I think you should stop talking to me like that.

This only shows that I have a particularly strong talent. I can find this position no matter where I am in a strange place.

I told you yesterday that this is my talent, and you cannot envy it even if you want to. "

Sophia fastened her seat belt in front, then turned her head and said to Qin Yuan.

"Didn't you say we were going to a hot pot restaurant?

Could you please send me this location information? Or you can just tell me which hot pot restaurant. I'm almost like you. I've been here for a long time and I can find it in most places.

Because there are not many hot pot restaurants in Pakistan.

People here rarely eat hot pot. Noman Karim used to like spicy food and often ate hot pot in his hometown.

I guessed that he probably had a hotpot restaurant a few streets over there, so it probably wasn't too far away. "

Sophia can play so well with An Ran because they are both equally smart girls.

Qin Yuan lowered his head and smiled.

"Your guess is not wrong at all. It is indeed the hot pot restaurant you are talking about, so let's set off quickly.

Don't waste any more time, didn't you say? Norman Karim, what he hates most is waiting, and I would be embarrassed if we let people like him wait for us for too long. "

After saying that, Sophia rushed out with a push of the accelerator.

"I said you, a little girl, drive too hard. Don't you pay attention to safety at all?"

"What's the matter? I've told you before. In fact, it's not challenging at all for me. I'm already used to it. I just drive faster.

I hope that there will be nothing wrong with you during your stay in Pakistan, and other friends will always take my car.

If you sit on it a few more times, you'll get used to it. "

Jason didn't speak during the whole journey. He was worried about his brothers.

He was worried that Hassan would retaliate against them as soon as he came back, and the first targets he wanted to take revenge on were his own good brothers who were imprisoned in the maritime patrol.

"Jason, you don't have to worry so much. As long as we are together, there is nothing we can't solve. Don't worry, I can help you with this problem."

"You have told me many times before, and I still trust you. I am just a little worried from the bottom of my heart.

These brothers of mine have been with me through life and death for many years. If they have any shortcomings, I, as the eldest brother, will not only be negligent, but also irresponsible to them. "

He Chenguang was sitting in the car, thinking about how to get in touch with the United States.

The mission given to him this time was to release the professor, and these two apprentices had to be killed.

Because they just betrayed the United States and escaped.

If they really join other countries, especially country H, the damage to them will be fatal.

Even if we kill these two once-in-a-century talents, it will not benefit other countries.

He Chenguang always had a small bottle of colorless and odorless poison in his hand, which he prepared for himself.

As an American spy, if one day his identity is exposed, death will be the only thing waiting for him.

He has never been afraid of death, but he is afraid of the painful days after being caught. This is what his superior personally handed over to him.

Well, this little bottle of poison has been on him for many years.

He kept this bottle of poison sewn into his pocket and carried it with him, because he might be discovered at any time.

Once he discovered it, he would eat it without hesitation. This time, he brought the poison for the two students of Professor Fang.

He Chenguang knows better than anyone else how difficult it is to train such an excellent arms expert and how much energy it takes.

Even so, it was impossible for him to give up the idea of killing these two talents.

He is not a bad person, he just does things from a different perspective.

However, they have been with Qin Yuan for so many years.

They have already regarded each other as their good brothers.

If one day he betrays him, I really can't think of a better way to face it.

He Chenguang was already in a daze as he thought about it.

"what are you thinking about?"

Qin Yuan looked at the way he arrived and couldn't help but feel a little worried, thinking that he was afraid of seeing Norman Karim.

"I didn't think about anything. I was just thinking about how we should greet him after seeing him for a while. Should we mention Fan Tianlei to him?"

"What does this have to do with me? The relationship between Fan Tianlei and their former comrades is indelible.

No matter how much unhappiness they had in the past, they probably wouldn't take it out on us. After all, we are innocent. "

"I just think that Norman Karim is not a simple person. I'm afraid that he will make things difficult for you after he calls us.

His purpose now is obvious, which is to attack Efit's batch of arms, and then to attack Old K.

He knows that our abilities are extraordinary and that we are from country H.

If we are willing to help him, we will definitely offend the United States and Lao K.

You have to remember that Fan Tianlei asked us to come here to complete the task. He does not want us to get involved in too many disputes in this area, which will not be conducive to our next actions.

I don't think this is a safe place to stay for long.

After finding these two apprentices of Professor Fang, we quickly found a way to leave, whether it was running back sneakily or using some more extreme method.

We all have to get out of here in time before others take advantage of us. "

After Qin Yuan listened to He Chenguang's words, he thought the same thing in his heart, and he didn't understand that he shouldn't get involved in this matter.

Norman Karim admires him very much, and Qin Yuan knows it in his heart.

He hoped that he could stay and do great things with him, but that was not what Qin Yuan expected in his heart.

Of course he has his own ideals and beliefs.

No matter what the reason was, there was no way he would get involved with someone like Norman Karim.

He is not a good person in the traditional sense. He walks in gray or even black areas, which is somewhat against Qin Yuan's own wishes.

In any case, he would not agree to Qin Yuan, and now he was very anxious.

Because these two disciples of Professor Fang are very likely to be in the hands of Norman Karem. What can he do if he is unwilling to let them go?

The arm never twists past the thigh.

"He Chenguang, I understand what you said.

I also know the stakes.

Let's talk about it later after we meet him in person. His purpose is already very obvious. I also know what he wants.

However, I feel that I cannot agree to him easily. Our identity is very unusual. In addition to representing Fan Tianlei, we also represent Country H.

However, this time we did not come here openly.

We carry out our mission secretly and cannot expose our whereabouts too much. "

"Okay, if this is the case today, I won't say any more."

Sophia and An Ran were in front. They had not spoken. Everyone was in a heavy mood now because they knew how difficult this task was.

Soon we arrived at the entrance of a hot pot restaurant. It didn't look like a hot pot restaurant, but more like the front of a dilapidated neighborhood.

"Why did you stop the car?"

"Already arrived!"

Qin Yuan took advantage of the night to see the darkness outside. He couldn't believe it was a hot pot restaurant?

"This is a hot pot restaurant. How could someone like Norman Karim eat here? This is really different from what I imagined.

"There are so many different things than you imagine.

After you see him after a while, his appearance may be different from what you imagined. He is waiting for you. You go in first. He already knows that we came together. "

It seems that Sofia has already told Norman Karim about their time together.

This woman is indeed not simple. Qin Yuan can't help but be shocked when he thinks of this, and he doesn't know who this Sophia is with.

"Okay then, I won't say much more in this case. Should we all go down or should I go down alone?"

"Norman Karim said that we are already here, so don't go outside. Let's go down and have something to eat together. It's quite cold, and you need to keep warm after waiting at the beach for such a long time."

The first meeting was coming soon. Qin Yuan was quite nervous because he didn't know what was going on.

Chapter 2052: Sit down and have something to eat

Qin Yuan came to the door of the hot pot restaurant. It looked like an old-style hot pot. If nothing else, it should have been arranged for him by Norman Karim.

Because no one in Pakistan likes to eat this kind of hot pot. They usually eat curry or Dongyin Kung soup.

"Why do we arrange to meet in a place like this? There are so many people and so many eyes."

"You are wrong, it's not that there are many people here, but that he is the only one in this place.

It's unlikely that anyone would be eating hot pot here except Noman Karim, so we didn't have to worry about anyone disturbing us. "

Chen Jixiang still didn't understand what Qin Yuan meant at this time.

After Sophia and An Ran parked the car, the two of them rushed over and walked to the door of the hot pot restaurant. Sophia said.

"Qin Yuan, Karim has been waiting for you for a long time.

Let's go in first and then talk about it, he said.

We are all good brothers. Since we are here together, don't let others wait outside. It is still quite cold outside. I ask you to come in and have something to eat together. "

Sophia acted like a hostess. Seeing his reaction, Qin Yuan felt that something was wrong.

But it doesn't matter, this was already expected by him anyway, he just didn't feel too surprised.

An Ran looked at Qin Yuan. The two looked at each other, both quite embarrassed.

"It tells you to come in, so come in quickly.

We are all here, no one can escape.

If he wants to target us, we are still not here. We are just knives and we are fish. "

Qin Yuan lowered his head and smiled helplessly.

Followed closely by Jason, Chen Jixiang and He Chenguang.

Sophia and An Ran walked in front and entered first. It looked a bit like a residential building.

It's quite dark anyway, not like a traditional hot pot restaurant with bright lights.

But before entering, you can feel the fragrant and spicy hot pot in this hot pot restaurant, and the smell rushes directly into your nose.

Without saying a word, he just wants to occupy their internal organs.

"Hache~"

Because it was too spicy, Chen Jixiang, who is from the south, did not eat this kind of thick and spicy butter hot pot. After smelling the oily chili smell, he couldn't help but sneeze.

"Ouch~"

The taste of this hot pot is too strong. He is really a Shu native.

The smell of hot pot is so spicy that we were already craving for Tianling Gai before we even walked in. "

Sophia smiled.

"This is a local chef that Norman Karim specially hired to cook hot pot just for him.

Although I have left my hometown, my salary is very high.

As long as you follow Norman Karim, he won't suffer any loss. "

Qin Yuan always felt that Sophia, a woman, seemed to be hinting at him.

As long as he cooperates with Norman Karim, he will not suffer any loss.

They treat a chef with such high treatment, let alone a backbone employee like himself.

"As a chef, being able to come here just to make hot pot for one person is actually not too tiring."

Sofia seemed to have returned to her own home.

While leading the way, he turned back to explain to Qin Yuan.

"This place looks very inconspicuous, but in fact, a lot of thought went into the decoration. It's hidden in the dark and you can't tell if you're not careful."

"Hmm, if you put it that way, he really has a very high artistic taste.

Vulgar people like us only know that splendor is good.

I have never seen anything good about such a dilapidated place. "

"When you go in soon, you will know how valuable this place is."

An Ran, turned around and quickly reminded Qin Yuan.

"Even if you are not convinced, for a moment, in front of Norman Karim.

But don't show that there is anything wrong. After all, his position is here, and you just listen to what he says.

Those who know the current affairs are heroes, but we must not offend him. We cannot afford to offend him now. "

"An Ran, I can only say that you are still too young. I thought you were quite mature by doing various undercover tasks internationally, but you were deceived by this woman Sophia this time.

He lied to us from beginning to end. "

He Chenguang really couldn't stand it anymore. The taste of this hot pot was too fragrant.

In the past two days, they either didn't eat, or they just ate bread and drank cold water.

My body has long been lacking nutrients.

"Qin Yuan, after we go in later, can we also have some hot pot first?"

"We are here to discuss cooperation with him, not to treat him to hot pot. Why are you so worthless?"

"From the time we landed until now.

No, to be more precise, we haven't had a decent meal since we got on the ship.

No matter what you do, you can't do anything wrong to your body. "

Jason also felt very hungry now, but he was more worried that he could not handle this situation well, so he could only endure it.

"Don't worry, everyone, what happened today is not what we want to see.

However, according to my previous experience, after today's time, I will definitely be able to achieve a good result. "

After walking through this somewhat dark corridor for a while, I finally came to the door of a room.

Qin Yuan originally thought that Sophia could knock on the door first.

Unexpectedly, he pressed the password directly and opened the door without knocking.

Qin Yuan must have been very nervous when he saw this situation.

More importantly, through this small move, he was completely sure.

This guy has a place in Norman Karim's heart.

It should be very important.

Otherwise, how could he know the password of this door casually.

Moreover, you can go in without knocking. The relationship between the two of them really needs to be examined.

Sofia slowly walked to a table.

There was only one person at this table, and he kept eating hot pot with his head down. When he saw someone coming, he didn't look up.

"They're coming."

"It's finally here!"

He picked it up slowly with his chopsticks and put it down after eating the last piece.

Gently pick up the white napkin next to you.

Then, he carefully wiped the red oil on his mouth from the hot pot he had just eaten.

Just like a woman putting on lipstick.

Putting all these things down gracefully, he took off the napkin he was wearing in front of his neck.

After slowly raising his head, Qin Yuan saw that this person should be Norman Karim.

Chapter 2053: Jasons humble request

Qin Yuan saw Jason silent and depressed beside him, and knew that he must be worried about his brothers.

Noman Karim is not a fool, he is simply a human being among human beings, and he can tell at a glance what is wrong with this group of people.

Even if he couldn't see anything wrong, he was so well-informed that he could already detect what happened after they landed.

Qin Yuan was quite polite. He was not nervous at all.

Just start chatting with Norman Karim.

I thought to myself, since you don't want to get to the point, I can only wait nearby.

Two women, An Ran and Sophia, were nearby, but Sophia acted like a hostess.

"Everyone who came here today is a guest. Norman Karim also said that it is the taste of his hometown. I hope you like it."

"Sophia, I bumped into you on the street today, in front of the hospital, when I wanted to call someone for help. Do you think this was a coincidence or intentional?"

"If I said it was a coincidence, you wouldn't believe it.

Forget it, Qin Yuan.

What do you think? If you think it's a coincidence, it's a coincidence. If you think I approached you intentionally, then I have nothing to say. "

Qin Yuan discovered through a few words that this Sophia was indeed watertight.

This woman's shrewdness is one of a kind.

Thinking of this, An Ran lowered his head. He didn't know how to face Qin Yuan, because he felt that all this was the result of what he had said.

"Qin Yuan~"

"An Ran, you don't need to say anything.

No one can be blamed for this matter. If we are to blame, we can only blame us for being too naive.

Mr. Norman Karim is so powerful, he has already played tricks on us. Even if you want to trust someone, you will probably be manipulated by him.

We can only be his puppets and obey his orders.

We have to do whatever he wants us to do, and it is impossible to resist.

Just accept your fate, even without you today, we will still be in this situation.

It's all been a trap since we set out to get here.

I have nothing to say, I can only choose to accept my fate.

No matter what you think, I have the same idea in my heart. It depends on what they do. I have nothing to explain the rest. "

Qin Yuan thought he could control his temper a little and not let others see that he was so irritable.

However, he became extremely angry when he thought that An Ran and himself had been deceived by this woman named Sophia.

The most important thing is that he stood up for An Ran and entrusted his whole heart to his good sister. Unexpectedly, he was with Norman Karim.

Now it seems that Norman Karim is inviting them to dinner, but these people have been completely controlled, and they are now under the influence of Pakistan. It is impossible for them to leave easily.

I can only wait to see what conditions others will put forward for me.

Qin Yuan has already figured it out in his heart. As long as it doesn't violate his principles, he can accept whatever he is asked to do.

The most important thing is to protect the safety of those around you.

This time, the main significance of completing his mission is here.

If he can't protect the safety of others, then he is really unqualified and incompetent as a team leader.

Thinking of this, Qin Yuan had tears in his eyes and almost cried.

Chen Jixiang, this silly boy is still eating hot pot by himself.

"It does taste quite fragrant. Although I'm not very good at eating spicy food, but having said that, this spicy and numb taste is really quite attractive.

It's like he's a particularly charming person.

No matter what situation you go through, you can control your heart.

It makes you feel like the more scared you are, the more you want to take risks. "

He Chenguang lowered his head and smiled.

"Chen Jixiang, you are really bad at describing. Those who know are you describing hot pot here, but those who don't know think you are describing Miss Sophia."

Obviously, He Chenguang was also very dissatisfied with Sophia's deception and concealment of them.

Noman Karim glanced at Sophia.

"No wonder they have such big opinions on you. Sometimes you just keep a sense of mystery too easily. Have you forgotten what you said at the beginning?"

There is an agreement between the two of us that as long as it does not harm the interests of the other party, we will allocate according to this situation.

If you don't care about me, I won't care about you either.

Maybe they also understand the relationship between the two of us. "

Jason kicked Qin Yuan under the table.

Then he pointed at his watch, wanting to signal Qin Yuan that they didn't have much time left. If they didn't hurry up, they didn't know what would happen.

Qin Yuan immediately understood what it meant. He had already promised Jason.

The main purpose of coming here today is to help him save all these brothers. This group of people has completely \*\*\*\* off Hassan.

"Mr. He, I don't want to use the name Noman Karim to talk to you today.

Originally, I thought you were someone similar to Fan Tianlei.

Today I have the opportunity to meet you, and I understand what gentleness means.

Your whole personality, inside and out, doesn't look like someone who used to be a member of the special forces. But fortunately, I'm a little mentally prepared. "

"You're a young man who's quite good at talking. The words you said make me feel very comfortable.

If you have anything to ask me for, just tell me directly. If I don't suggest helping you, you have already spent so much on me. If I don't agree anymore, it will be a bit too much. "

After hearing Norman Karim's words, Qin Yuan had already understood. He should also know what problem he wanted to ask for help.

"Mr. He, I'm very grateful that you invited us here today, but I still want to make it clear to you.

I do have something important and want to ask you for help.

No matter what your purpose is for looking for me, I have to tell you my request first, so that you can know what my purpose is. "

"Well, originally I don't like to talk about business matters during dinner.

You've already said this. If I don't listen, it seems like I won't give you face. Even if it's for Fan Tianlei, I have to help you.

Tell me, what do you want from me? "

Qin Yuan lowered his head and sneered.

"You're so smart, I'm afraid you'll understand even if I don't speak, so I'll just get straight to the point.

Ask for what you want, otherwise, why would you let others ask for it and benefit you?

It's like this. We all stowed away on Jason's boat. He also had a group of brothers on his boat, as well as a stowaway boat.

Now everything is controlled by Hassan.

I feel that no one can help us except you. If you are willing to lend a helping hand, it would be a great good thing for us. "

"I understand, Hassan is from the Maritime Patrol Force, am I right?

He has indeed been quite busy in the past few years. The last time I saw him was more than 20 years ago. "

"Last time you saw him?"

"I wonder if he told you that he once worked as a spy in Country H, but was later discovered by Fan Tianlei and sent back to the country.

After he came back, he could not change his bad temper and offended the people above him.

In this life, I can only settle down to patrol the sea and be a small leader.

In fact, there are quite a lot of people in his position, and many people are willing to give him gifts, but he has rejected them all, thinking that he is a man of integrity and uprightness.

I don't want to be complicit with anyone, whether it's Lao K or me.

She never gives face to anyone. The more he behaves like this, the more powerful people want to punish him. After all, he has also been a spy in other countries and made some contributions to Pakistan.

No matter what kind of temper he was, the senior management didn't want to get along with him. They just gave him a casual position and let him live out his life.

You don't know that in this country, the retirement age is still relatively early.

Normally, one can retire before the age of fifty.

If he didn't seek death, his mediocre life would be over. "

After Qin Yuan and He Chenguang heard these words, they couldn't help but feel a little sad in their hearts. Sometimes Qin Yuan was glad that he was born in country H.

Only in country H, this situation would not happen. People like Fan Tianlei who are persistent, brave and stubborn can achieve relatively high positions.

"Hassan kidnapped us and he told me about it later.

He once worked as a spy in our army and said he knew Fan Tianlei.

I didn't believe it at first.

I just think he might want to get closer to me and ask me to cooperate with him to deal with old K. "

"My guess is that he has gone crazy now and is desperately trying to investigate the affairs of the maritime patrol force. This matter has something to do with Effit.

This guy Efit also visited Hassan more than once, but he never gave anyone face, and he was definitely not greedy for money.

The more this kind of person is, the more difficult it is to deal with.

After all, he was once a person who had made great achievements. No matter how others tried to punish him, he would always have a place. "

"I see, I haven't heard of it before, but now I completely understand it.

This guy is so persistent probably because of what happened when he was young.

If Fan Tianlei was really the one who discovered his identity as a spy and was rewarded for this matter.

Well, Hassan, he should really hate Fan Tianlei.

Why does he feel so admired when he mentions Fan Tianlei? "

"Needless to say anything else, it's mainly because of Thor. He is indeed quite admirable. The relationship between me and him as comrades-in-arms.

In all these years, I have never asked, and now I am willing to sincerely agree to whatever he asks me to do. "

Sometimes Qin Yuan also felt that although Fan Tianlei was quite irritable and had a straightforward temper.

However, I have to admit that he still has a very charming personality and many people like him very much.

Including Qin Yuan himself.

An Ran turned around and said to Qin Yuan.

"The person in the photo you took out of the spy system looks nothing like Hassan at all."

"Silly girl, who wouldn't go for plastic surgery to become a spy now?

Otherwise, if their identity is exposed, they will have no chance of living in the future. "

"Actually, there are other reasons, but I don't want to say so much about Hassan, who is waiting for you to go to the bar slowly."

Qin Yuan looked at Norman Karim with an expectant look.

"So, do you want to help with the trouble I mentioned to you about Jason?"

"Of course! Someone come!"

As soon as Norman Karim finished speaking, a group of men in black came out of the door behind him.

"Boss, what are your orders?"

"Go and take out the mobile phone in my house, call the commander-in-chief of the maritime patrol force, and tell him that a batch of my goods has been detained.

Let him send me my people, these goods, and the ships as soon as possible.

If it's not resolved within two hours, don't blame me for being rude to him. "

Chen Jixiang and He Chenguang looked at Norman Karim's face, which was as calm as if there were no wrinkles at all.

Just by moving his mouth, he solved the problem perfectly.

Everyone was stunned and dumbfounded.

"Is this...is this the end?"

Norman Karim smiled slightly.

"Isn't this just a matter of phone calls? And I don't need to call him personally.

How much dignity does a small leader of the maritime patrol force have? It's my turn to call him personally, and my subordinates can just tell him.

Qin Yuan, I have to say that you did not choose to cooperate with Hassan to deal with Efit and me. This was a wise move. "

Qin Yuan looked at Norman Karim's playful eyes.

My heart is also furry.

He is truly the legendary smiling tiger who kills people without being seen. Even a smile can solve problems without even realizing it.

Maybe this is the aura of the boss.

Ever since Qin Yuan came here, he had noticed that this person's aura was too strong.

In the midst of talking and laughing, everything turned into ashes.

This is definitely the most appropriate description, However, he is not Zhou Gongjin, his mind and magnanimity are much greater.

It is people like this who can succeed. From a personal psychological point of view, Qin Yuan still admires Norman Karim very much.

However, Qin Yuan knew better who the person in front of him was and who he was.

No matter from any angle, they don't have the opportunity to appreciate each other.

If Qin Yuan had dealt with it himself, there might still be such a chance.

Now, after all, they were on someone else's territory, but they didn't dare to show off their power, so they could only look down and see what he was going to say next.

Qin Yuan's time is running out if he doesn't solve the problem.

Norman Karim has to put forward his own conditions first.

Chapter 2054: The people and the boat were rescued

Jason heard Norman Karim's decision, and he could finally feel relieved, even if he didn't see his brother being released.

It's already good that Norman Karim decided to help them.

Because Jason knew that with Norman Karim's status at this moment, he would let whoever he wanted to be released.

No one dared to say "no" in front of him, and no one dared to refuse him.

Qin Yuan was finally relieved and turned to Jason.

"I've already told you, leave this matter to me and you won't be disappointed.

It is impossible for these good brothers of yours to be taken away by others for no reason.

You encountered so many dangers with me, and I must take responsibility for this.

Regardless of whether it's because of me or not, the grudges between you and Efit will become more serious.

Hassan detained your people just to threaten you into cooperating with me.

I really don't know what he thinks. He should be able to know the relationship between us and Mr. He.

He just didn't expect that I would really use Mr. He's relationship.

Anyway, no matter so much, we have already stolen the car. Whether they can come back from the deep mountains and old forests is a question.

Next, what we plan to do depends on what we think.

Your brothers and ships will be back soon.

There should still be some traces of arms being transported on it.

However, you don't need to worry about this trace. If there is a chance, it will be removed first, so that it will not become a handle for you.

In the future, I will try my best not to engage in the smuggling business and come to this place less often.

Pakistan is an extremely complex country.

Many of us can't control it. The water here is really too deep. "

Qin Yuan said these words entirely to Norman Karim, who was already an old man. He couldn't understand anything, and Qin Yuan didn't care. In front of him, he was just a child.

At this time, Sophia picked up a glass of wine and walked to Qin Yuan and said to him with a smile.

"Just tell me, you are right to come with me.

Mr. Norman Karim, I will not treat you badly.

He can also meet all the requirements you have put forward.

As soon as you came here today and started to go ashore, I was already watching you. The reason why I didn't show up was because I wanted to see what you were like.

Of course, this is also Mr. Norman Karim's test for you.

If you are really unable to get out of the deep mountains and old forests and need his help, he will definitely take action in dangerous times and will not leave you alone.

Even if Fan Tianlei didn't call him personally, considering their decades of comrades-in-arms, he wouldn't ignore you.

Fortunately, you did not disappoint Mr. Norman Karim.

With his own strength, he ran out.

He was also full of praise for you, and then I saw you taking Efit to the hospital, and he was injured in your hands again.

I'm afraid, he already hates you to the bone now.

But it doesn't matter, as long as you are willing to join us, no one will dare to hurt you in the future.

All this today is a gesture of goodwill to you.

See if you can agree to cooperate with Mr. Norman Karim.

In fact, I don't think there is no future in following Fan Tianlei. He is too conservative and rigid in his approach to things.

I think it's better for you to just join us.

You see, what's wrong with following Mr. Norman Karim to enjoy the hot and spicy food?

Although Pakistan is a country with some chaos.

However, it can be regarded as a paradise for rich people.

Our life here is still very good, otherwise, we would not have chosen to leave country H and join Pakistan. You will know it by looking at our current life.

You are free and do not need to be controlled by anyone.

Mr. Norman Karim, even if you sit here and cough, the whole country of Pakistan will tremble. Why bother and follow Fan Tianlei?

He also asked you to complete such a dangerous task, but he didn't regard you as his confidant.

But Mr. Norman Karim is different.

He admires you very much and often praises you in front of me.

When I saw you today, you certainly lived up to your reputation. You are very smart and witty. "

Qin Yuan was not surprised at all by what Sophia said.

On the contrary, it was pretty much what I expected.

Norman Karim does have the intention of letting himself stay.

He also knows in his heart that he is a talent.

Norman Karim would definitely appreciate it, but he didn't expect to say it through Sophia's mouth. On the contrary, he did not express his position. This is the mentality of wanting both.

Not only did he want Qin Yuan to stay, but he also didn't want to lose face, so he personally asked Qin Yuan to stay.

Chen Jixiang and He Chenguang were next to them.

While eating hot pot, I was stunned when I heard what Sophia said, because the conditions offered were so generous.

Although, I didn't tell you how much money I would give you directly, but I was very kind to you.

I hope you join as a partner, but the status is different.

After arriving here, apart from Norman Karim, Qin Yuan became the second in command of the entire group.

Do you need to worry about how much money he will give you when you are living a life of less than ten thousand people?

Your status is here, and it is something no one can ask for.

While Chen Jixiang was eating a piece of fat beef in his mouth, he turned his head and looked at Qin Yuan with very complicated eyes. He was probably thinking that you must not stay. If you stay, what will happen to us? what to do?

Of course, Norman Karim also saw what this boy Chen Jixiang was thinking and said it directly.

"Qin Yuan, to be honest, I really admire you as a young man.

Fan Tianlei is very discerning and can catch you at a glance. He is extremely capable and also pleasing to others.

You can seriously think about the conditions Sophia told you just now.

Staying here is indeed a good choice.

If you stay, I can give the people around you the right to make their own choices.

If they want to continue with you, then stay and I will accept them all.

Moreover, the treatment given to them will not be worse than that of you.

I know, these are your good brothers.

If they don't want to stay with you and want to go back to Fan Tianlei, I don't mind. I will give them the best conditions and let them go back for promotion and salary increase.

Within a few years, he could reach Fan Tianlei's position, and he didn't need to use nearly twenty years to become chief of staff like Fan Tianlei.

It's just so boring.

You can think carefully about the choices I give you.

Of course, there is a third way. "

Everyone is curious that the conditions offered by Norman Karim are generous enough.

What is the third way?

Qin Yuan is not doing well at all, others have already guessed it.

Immediately afterwards, Qin Yuanyou smiled and said.

"Mr. He, the third way you gave me should be to let me go back and follow Fan Tianlei, and then do things for you secretly.

In this way, your control over the forces in the surrounding countries will be completely covered.

The surrounding countries are all under your control.

I have to say, you are really an ambitious person. "

After hearing Qin Yuan's words, Norman Karim clapped his hands to express his satisfaction.

"Let me just say, it's so easy to talk to smart people and get things done.

It only takes a little bit of guidance to see through without telling the truth, and you have an idea in your mind. What you said is indeed correct, and I think so too.

However, I believe you will not agree.

You should be very scornful of this kind of spy behavior. You are just as righteous as Fan Tianlei.

He is truly worthy of being his disciple.

I don't mind what you said to me, what do you mean.

However, you can really think about it. I'm not forcing you. We are now discussing cooperation face to face. You don't have to put any psychological pressure on me to save these brothers of Jason.

I did not regard this as a condition for negotiating with you.

I just feel like I don't want this guy Hassan to be too proud.

He has been fighting with me for so many years, and I don't even want to get to know him.

You just came to Pakistan and you made him suffer the loss of being dumb.

This is just my gratitude to you for your behavior like Hassan.

So, these brothers of Jason and his ships, you just wait here.

Within two hours, they will definitely deliver it to your door.

If it takes more than two hours, I'll make them pay.

No one dares to shirk my orders. I want to see who has such courage. Even if Hassan comes back in person, he will not be able to stop my decision. "

On the surface, Norman Karim said these words to Qin Yuan with a smile.

However, his expression is always serious.

Moreover, these words seem to be helping yourself on the surface, but in fact they are just another insult to yourself.

Let Qin Yuan know the consequences of going against him.

Qin Yuan has already seen through his thoughts.

The temperament and backbone of the special forces soldiers were still there when they were young, but after so many years of baptism, the little sense of justice that remained in the body had basically disappeared.

Apart from interests, there is only interests in his heart.

Unless, being able to see Fan Tianlei in person can awaken some memories and feelings from his youth.

It probably doesn't matter who is left here, and he won't care.

He Chenguang said with a smile.

"Mr. Norman Karim, it is true that love is life.

Don't get me wrong, I'm talking about talent, not money.

Qin Yuan, he is indeed the best special soldier in our army.

Moreover, he is also relatively free-spirited and is used to being around Fan Tianlei.

Do things informally, if you want him to stay.

I'm afraid, he won't be able to adapt to the stricter regulations here. The essence of working for country H is different from working for an individual.

Qin Yuan, he is not a good-tempered person, and he is not very capable of being wronged. I think if you want him to stay, he may become bored in three or two days.

If he doesn't like his temper, only Fan Tianlei can tolerate him.

When he was preparing to join the army, he put forward many conditions to Fan Tianlei, and Fan Tianlei agreed to them all.

The relationship between their master and apprentice cannot be measured by money.

I can't make Qin Yuan's decision for him.

However, I don't think he will just listen to your words and stay.

Why don't we change the topic.

We also worked hard and floated on the sea for several days before we got here. When we got here, we met Hassan and locked us up.

The whole person is in chaos now. If you force him to make a decision now, I'm afraid you will be disappointed. Why don't you give us some time to think about it.

Next, I will give you an answer on what to do, and you may not be disappointed. "

An Ran didn't care what Norman Karim said, because he knew Qin Yuan would not agree.

He doesn't care about money at all, nor does he care much about the relationship between him and Fan Tianlei. In his heart, the interests of the country are always above all else.

His dream is to be a special forces king.

After He Chenguang finished what he said, Norman Karim did not react or showed any displeasure, he just said lightly.

"He Chenguang, what you said makes sense. It's really uncomfortable to be at sea for so many days, and you also encountered all kinds of messy situations. I can give you a few days to think about it.

Because this is related to whether you can complete the tasks assigned by Fan Tianlei.

Let's discuss it carefully and see if he agrees to let you out and cooperate with me.

There's nothing wrong with staying with me. I won't treat you guys badly. "

After hearing this, Qin Yuan turned his head and looked at Chen Jixiang who was eating next to him.

This boy has clearly felt that this is a very embarrassing topic.

He could not influence Qin Yuan to make a decision, nor could he let Qin Yuan stay.

He could only lower his head and pretend not to hear. Anyway, the talent that people were interested in now was not him, but the little idol that he envied most.

"Chen Jixiang, you know how to eat in one day.

Let me ask you, what if I plan to stay and follow Mr. He to \*\*\*\* you? Do you want to stay with me or go back to find Fan Tianlei. "

Chen Jixiang put the chopsticks down in his mouth and looked at Qin Yuan while chewing.

"Why are you looking at me like that? I'm asking you, tell me quickly, are you going to stay with me or go back to find Fan Tianlei?

No matter what decision you make, I won't blame you, it's up to you. "

Chen Jixiang chewed the contents in his mouth carefully and then swallowed them in large gulps.

"Brother Qin Yuan, I will follow you and trust you because you will not make a choice that disappoints me."

Chapter 2055: My faith doesn't allow me to do this

Chen Jixiang's words have made it very obvious. He believes that no matter what Qin Yuan chooses, he will not do this. At least this is the most intuitive idea in his heart.

Chen Jixiang felt that he had been with Qin Yuan for so long.

He has always been a very sensible and special person.

At the very least, to other people, Qin Yuan may be a very persistent, not easy to offend person with a very stubborn temper.

However, at least He Chenguang and Chen Jixiang's trust in Qin Yuan is understandable. No matter what tasks they complete in a unit, they are always together.

Moreover, every time Qin Yuan does something incredible, the two of them can also agree with it. This is the unity of their values.

Now with Qin Yuan's ability, Fan Tianlei has turned a blind eye to everything he does, and is able to express his greatest support.

Because Fan Tianlei also knows that Qin Yuan has extraordinary abilities, although everyone has always been a little suspicious, thinking that he seems to be very unusual, as if he has super powers.

However, Normal has never told anyone that he has a one-click recovery system, let alone telling others about such a major event.

Norman Karim looked at Qin Yuan, waiting for his own answer.

Qin Yuan smiled.

"Mr. He, the reaction of my little brother just now is enough to explain everything."

"What does it mean?"

"My little brother has already said that his trust in me means that I will not do such a thing. I came to Pakistan from country H to complete the mission.

Being able to meet you today is indeed a very meaningful thing for me, and it is also a very difficult part.

I will do whatever is asked of me, but today we encountered all the problems.

I can only tell you that it is not as simple as you think. If I choose to cooperate with you today, it would be equivalent to betraying Fan Tianlei.

I would never do such a thing myself. What I hate most is betrayal.

You should understand how I feel. "

Norman Karim must not understand why cooperating with him means betraying Fan Tianlei?

"Qin Yuan, I have always thought you are a very smart young man, and I also admire you very much, if you insist on cooperating with me.

If you are betraying Fan Tianlei, then I can only say that you are a bit too misunderstood. "

"That's really what I think.

And I think Fan Tianlei also trusts you very much.

Before I came here, he always told me to just come to you if I have anything to do. He has treated you as one of his own for so many years.

You two have never met, but he still misses your former brotherhood in his heart. I don't know what you think.

However, Fan Tianlei has always been a person who values love and justice.

At least, I hope you two don't get to know each other again in this very ugly relationship, isn't it good? "

"I said, you kid, if you talk like this, what does that mean?

I can tell you clearly that I am actually coming to see you today.

I have already predicted that you can get Fan Tianlei, and such a great degree of liking is enough to show that the relationship between the two of you is not simple.

Fan Tianlei, what he cares about most in his life is loyalty and faith.

Therefore, I had already expected the answer you just gave me, and I didn't find it very surprising. Anyway, I appreciate you as a young man for being able to tell me the truth.

If it had been anyone else, they would have had no choice but to treat me with humility.

I don't like this feeling. I just want to express it with my own attitude. My appreciation and liking for you do not mean to threaten you.

I know what you're here for.

Aren't they the two disciples of Professor Fang?

Ever since Professor Fang and his two apprentices ran away from the United States, they have been under my control until now. Professor Fang was chased to your place by the Americans and Efit. "

Qin Yuan was surprised.

If Nonokarim had been very protective of Professor Fang, he would not have been chased to another country by Efit.

If I hadn't accidentally met Professor Fang in the process of completing the task.

I'm afraid he is already Efit's hostage.

Sophia and An Ran looked at each other, and now they had some very complicated feelings in their hearts.

He regarded Sophie as his best friend and never thought that this woman would deceive him.

Therefore, he still couldn't accept it and kept looking at Sophia.

Facing Sofia's questioning eyes, he was naturally very embarrassed.

"An Ran, why are you looking at me like this?"

"I just feel that I have known you for so long, but I don't understand you at all. What you said to me, I took it completely as the truth.

I already knew you were related to Norman Karim.

But I don't know that the relationship between you two is so complicated. Are you joining forces to deal with us? "

Sophia really considered An Ran to be a good friend. Since the two of them had known each other for such a long time, Sophia had never wanted to deceive him.

However, the problem now is that they have no choice.

The only situations you can encounter are all your own and expected.

After Qin Yuan saw Sophia's reaction, he lowered his head and smiled.

"An Ran, I have told you a long time ago that these people are the most cunning, but you easily believed their words. Now it is very difficult for all of us. We don't know what to do.

Sophia's appearance in front of me was never an accident or an accident.

I just didn't think he would be Norman Karim's guy and now we're all fools.

I don't like the feeling of being fooled in the palm of my hand.

An Ran is a good friend of mine, and we both feel the same way. I can understand his feeling of being fooled.

Therefore, you should stop looking for any high-sounding reasons. It is impossible for the two of us to listen or believe it.

It is impossible for you to deceive others and expect others to forgive you.

Don't think that this is okay. The relationship between you and An Ran, Sophia, is destined not to be good friends, just like Fan Tianlei and Norman Karim. "

When An Ran heard this, there was a trace of sadness on his face.

"Qin Yuan, how can you say this to me?"

I don't mean to sound like a fool, my feelings for Sophia are real.

The reason I'm so angry at him now is entirely because he deceived me. I don't like this feeling very much, if I am given another chance.

I will definitely take care of it and not give them any time to hurt us. "

By this time, everyone had almost finished their hot pot.

Qin Yuan still didn't understand when he saw that Norman Karim was so rich but opened a hot pot restaurant with hometown flavor in an old campus.

"Mr. He, please forgive me.

I've never really understood how rich you are.

The taste may not have changed over the years, but why would you open a hot pot restaurant in an old residential area?

You can open a hotpot restaurant anywhere in Pakistan.

The place is constipated, old and worn out.

How did you come up with the idea of opening a hotpot restaurant here? Do you think opening a hotpot restaurant here might be more authentic? "

When Qin Yuan asked this question, he knew that Norman Karim would definitely feel something.

Qin Yuan has already guessed that the reason why a rich man like him would open a hot pot restaurant in an old residential building may be to reminisce about the past.

He Chenguang felt that Qin Yuan's question was a bit too straightforward and not particularly polite.

"How could you ask so directly?

Mr. Norman Karim must have his own choice. This is his money and his territory.

Wherever a hot pot restaurant is opened in one's hometown, it should be opened there.

What does it have to do with you? Don't be too nosy. "

This was not something they had agreed upon, it was just two opinions on the same thing.

Norman Karim didn't think so. He felt that these two people were playing a double act, but he was not angry. He just wanted to explain to them.

"Qin Yuan, to be honest, I still appreciate what you said as a kid. This is not the first time I have said it.

Let me explain to you, the reason why I opened the hot pot restaurant here is not because I am full of food or because I have talent but no place to spend it, and I want to forget the bitterness and sweetness.

Do you know, I haven't been back home for how many years? "

"What?"

Qin Yuan was a little at a loss now, and he didn't know how to answer.

Norman Karim hasn't been back home for many years. Isn't this still a longing for his hometown?

"okay I know.

As soon as we came in, you started saying that the chef in this hot pot restaurant is a very authentic chef from your hometown.

I've been to your hometown once before, and I know that their most authentic hot pot is served in the old city.

Maybe you want to reminisce about the past. "

"It's not just that.

Because that's where my hometown is, and the most authentic hotpots there are all open in the old city.

Moreover, it is right next to our home. You see, I decorated this place to have the same feeling as my home. "

"You mean you decorated the hot pot restaurant like this because it looks exactly like your home. When are you so rich and want to go home? Can't you?

Fan Tianlei seems to have never told me about your parents..."

Qin Yuan had an ominous premonition that he seemed to have touched someone else's sad place.

"I would have known you must have asked that.

To tell you the truth, I have been missing my hometown since I came here. I also wanted to go back, but I didn't go back. There are many reasons.

My parents are long dead.

There's not much difference between me and an orphan. Now that I'm rich, can't I just reminisce about what happened when I was a kid? "

"No one from us said this is not possible, so don't think too much about it.

Norman Karim, the question I asked just now may be a bit too abrupt, and it will touch on your sad things. You must not be the same as me.

It's just that I feel that Fan Tianlei has never told me about your family's affairs.

Of course we have some curiosity, but this is your personal and private matter.

Even if there is something wrong with your family, it has nothing to do with us.

We should respect your privacy enough. We are not here today to discuss your past or your privacy.

Not to mention why you want to open a hotpot restaurant here. The taste here is not authentic.

We just got straight to the point, you helped me and Jason.

Naturally, we were very moved.

Jason, he doesn't say a word now because there is no way to express his gratitude to you.

If he wants to join you, he might betray me, a good friend.

If he wanted to act as if nothing had ever happened, that would seem very heartless.

Anyway, I think we shouldn't do this. Everyone is mentally prepared. It just depends on what you think. "

After Qin Yuan said this, others didn't know what to do.

Jason thought about it for a long time before he said it.

"Mr. Norman Karim, I really don't know how to thank you for your help to me and my brothers. I won't refuse if I don't do anything you ask me to do.

However, even if I know, saying this will anger you.

I also have to express my truest thoughts. I think the relationship between us may need to be eased again.

These brothers of mine were saved by you, and we are all very grateful.

However, if you want me to choose between you and Qin Yuan as a good brother, then I'm sorry, I can't choose you, let alone abandon Qin Yuan. "

"Jason, you don't have to do this for me.

There is no need to offend Mr. He because of me. He may really appreciate all of us. I am unable to join him because of my status.

I can't be sorry for my faith. I am a special soldier of country H.

From the moment I joined the army, the tasks I shouldered were already destined, and there could be no changes.

Fan Tianlei has always told me that he admires me the most.

No matter what kind of things I do wrong, he is used to it and will not be the same as me. "

"Qin Yuan, if you say that, I don't agree. What does it mean that Fan Tianlei appreciates you especially? We all appreciate you the same.

I have already seen that the relationship between us is destined.

When I was young, Fan Tianlei and I were good brothers.

Now, the two of us have fallen in love with the same subordinate. I think this is a coincidence.

Because the two of us have the same three views, the people who appreciate it will naturally be the same.

Now it's up to you how you choose. If you choose to join me, Fan Tianlei, he won't feel any different. "

Chapter 2056: If you agree, you won't be able to look back.

Qin Yuan knew very well that this matter had reached a very critical critical point.

He said that if I didn't agree, there would be no way for Norman Karim to explain. The other party really wanted to cooperate with him, but Qin Yuan's own experience, coupled with his principles.

He would not allow himself to cooperate with Norman Karim, which was against the regulations of his army.

Qin Yuan is now in a dilemma.

Naturally, he doesn't know how to complete it. This can cause many problems. At least so far, Norman Karim is unhappy.

An Ran and Sophia looked at the problems these people were encountering. Everyone was a little at a loss. They all knew that Qin Yuan was a very persistent person.

Regardless of whether he agrees or not, today's matter will definitely not be solved simply like this.

Even if Norman Karim doesn't attack today, for this group of people.

They themselves have no confidence in what problems they will encounter next.

Norman Karim slowly took a drink from the table, raised his head slightly and drank it.

"Even the drinks taste the same as those in my hometown. I don't know what you think. Do you feel anything?"

Qin Yuan lowered his head and smiled.

"Mr. He, tell the truth. I just came to Pakistan from country H. It has only been a few days. I am indeed a little homesick. I can understand your feeling of not having been back home for decades. .

You find a chef from your hometown who tastes the taste of your hometown, and then continue to make some food related to your hometown to comfort you.

This can show that you are a person who values love and justice.

However, I feel that if you force me like this, it will be difficult for any of us to do it now.

Under the current situation, it is difficult for me to guarantee that I can cooperate with you without any distractions.

You have to give me some time to think about it.

I have just gone through so much and just arrived on the ship. Along with Effit's difficulties along the way, the few of us have not completely relaxed yet.

Give me some time, I have no way to make this decision now.

Moreover, I also need to have a good discussion with the two brothers around me.

You can see their attitude. If I were a profit-seeking person, they wouldn't have followed me for so long. "

Jason and He Chenguang looked at each other and smiled, and they also knew the reason why Qin Yuan did this.

He could only make a decision with Qin Yuan secretly.

In fact, it doesn't matter to Jason. It doesn't matter whether he cooperates with Norman Karim or not. His identity is not an aboveboard one.

If he wanted to regret it today, he wouldn't be able to walk out of here easily, so he was very confused.

After all, the brothers around him, Norman Karim, had promised to help him rescue the brothers.

However, no one has been seen yet.

This also made Jason a little flustered.

After hesitating for a while, Jason looked at Qin Yuan.

Qin Yuan could immediately catch the worry in his eyes. After all, they had known each other for such a long time.

However, Qin Yuan was not worried about anything. He directly let Norman Karim know because the relationship between them still needed to be strengthened.

At this moment, Qin Yuanxin had an idea. He felt that if today was so happy, he agreed to cooperate with Norman Karim.

With the other party's suspicious attitude, it is impossible to believe it easily.

On the contrary, it is better to hold on to him for a while and let him know that cooperating with you is not an easy task, so that he will not have so many doubts.

Qin Yuan lowered his head and smiled.

An Ran and Qin Yuan have known each other for such a long time, and An Ran knows very well what he is thinking.

"How about it?

Have you decided whether to cooperate with Mr. He? "

"I've been thinking about it for a while, but I still don't have a definite answer.

We still have to reconsider this question whether we want to cooperate with Mr. He. If I directly say that I want to cooperate with Mr. He now, he may not believe it.

I don't believe it myself.

Wouldn't it be better if you give me some more time to think about it?

We came here in a hurry today, so we started eating hot pot right away when we got here.

Once a person is full, his brain stops functioning.

Therefore, we should carefully consider the problems we encountered today when we go back in the evening before making a decision. "

Qin Yuan's attitude was very good, and he welcomed him even if he wanted to refuse.

He is now completely sure of Norman Karim's mood. He will not give in easily. It is impossible to give him a definite answer today.

Sophia also saw from the side that Qin Yuan's choice made it even harder for him to say anything!

An Ran looked back at his good sister.

I hope he can help himself and say a few words in front of Norman Karim.

“Sofia, we have known each other for such a long time.

You should also know how to solve the specific problem.

Just say a few words to Qin Yuan for me. There are many problems that we urgently need to face now.

You can't just agree to go out casually. "

Sofia lowered her head and glanced back at Norman Karim.

“So be it, Karim.

I think Qin Yuan and An Ran are right.

What I am saying now is not to help them.

I just want to consider your own problems. If you force them now, they must cooperate with you.

It may not necessarily achieve any results, but it will affect the relationship between you, so it is better to leave it like this for now. "

Norman Karim lowered his head and smiled. He still has his own thoughts.

He wants to trap people like Qin Yuan here.

Let them think about it carefully. At the very least, let them slow down their planned things first.

Disturbing the rhythm of their inner thinking, Norman Karim is already a very mature person.

All the decisions he made were traceable.

Qin Yuan knew it better than anyone else.

“Sofia, please stop interceding for them.

You have only known them for a short time. I know very well what these children are thinking. It would be better to just let them think about what to do.

At the very least, I don't think it's as simple as you think.

You don't need to speak for them, I know what I should do.

The current problem is very simple, but if you think about what you will encounter, it is not easy. "

Norman Karim always talks like this. He likes to hide half and keep half. He will not tell others clearly. This is one thing about him that should not be taken seriously.

He Chenguang was thinking about it beside him, and he looked a little nervous when he saw Qin Yuan.

This may be the biggest crisis they have ever encountered.

“Mr. Norman Karim, please give us some time.

Let us think carefully about how to cooperate with you. Even if we agree, we have to go back and make a perfect plan for you.

You can't make empty promises and make verbal promises, it won't count.

I believe that you are also a very cautious person.

Just listen to our lip service, you need to ask us to give you a proof and a plan. It is really inappropriate for us to discuss these at the dinner table now.

Everyone was already tired and very hungry.

If I promise you something, I have no choice but to do so.

I think people like you should always not like to force others to do something, especially a smart person like Qin Yuan.

If he wants to play some tricks on you behind your back, you may not be able to find out.

Therefore, it is better to give everyone enough respect.

Let's go back and discuss it carefully. You won't be disappointed.

We are now birds in your hands with no way to escape.

Even if you let us out, nothing will happen.

You have nothing to lose, but it will make Qin Yuan feel that you respect him.

Why not do this?

Having said that, it depends on what you think whether you want to agree to the next thing, we don't care. "

Although He Chenguang didn't speak, he occasionally said one or two words that were quite convincing. At least his few words seemed to impress Norman Karim.

Qin Yuan said nothing at the side. He was thinking about Efite's problem. Although this guy was injured and went to the hospital, he should not care about his own life and death test.

I will definitely go back to find old K as soon as possible.

Of course, he needs to explain to his superiors why there is a problem with this arms delivery.

Jason seemed a little nervous at this time, because according to the promise given to them by Norman Karim.

His men should have returned to him safely now.

However, he didn't even see a single figure now.

Jason had never doubted the efficiency of Norman Karim and the inviolability of his orders.

Well, all he can doubt now is that the brothers around him have slowly been transferred from Hassan's hostage to Norman Karim's hands.

Becoming the hostage of Norman Karim, this is the only result Jason can think of, and it is also the worst result.

Qin Yuan looked at Jason, lowered his head and sighed.

He also knew what his good brother was worried about.

Although they knew very well in their hearts that these good brothers of Jason should have been taken away by Norman Karim, they would still be unwilling to give up if they didn't ask.

Qin Yuan hesitated for a while, then looked up at Norman Karim with a smile.

"Mr. He, didn't you just say that helping Jason bring back all his men would be completed within three hours? It's almost three hours now.

I don't believe your men would be so inaccurate. They shouldn't be able to bring Ren back within exactly three hours. "

Norman Karim smiled, and his smile was very scary.

On the surface, he looks like a kind elder, smiling at the younger generation, but it can be seen through his worldly eyes.

There was something spicy and ruthless in his eyes.

"Qin Yuan, when did you not believe me so much? I will never let you down when I promise you something. I think you should feel free to deal with it first.

Stop thinking about other people and other things. It doesn't seem to have much to do with you, these good brothers of Jason.

I have already heard that this time they were taken away by Hassan.

Indeed, I have already brought them back.

However, I think you are already tired from traveling and traveling, and it is not suitable for you to continue to welcome these people.

I'll put them somewhere else first.

And Jason's ship has been successfully brought back by me.

If there are any slight problems, I will find someone to help you repair them, so that others will not discover traces of arms being transported on the ship again.

If you leave any questions in my hands, I hope you will be patient and at ease with me.

As a person, I never like to be doubted by others when doing things.

The words have been said here, let's see what you say next.

This issue is definitely not as simple as you think.

I have a lot to deal with, what should I do next?

I don't need your backs to teach me how to do things.

Since, you haven't decided whether to agree to cooperate with me.

I think Jason, these good brothers, should stay in the place I arranged for the time being. I will let them come back as soon as possible after you have made up your mind.

I have always disliked threatening others.

As for how you choose, that's your own business.

I won't interfere too much. It's just that it's better for them not to come back before you think about it all. "

When Jason heard this, he was a little confused.

But it was also within his expectation that these good brothers were just bargaining chips for exchange and had no right to choose of their own.

Sometimes I have to say that Jason still regrets it a bit.

How could he inexplicably get involved in their relationship?

He also thinks from time to time that if he had not joined Qin Yuan's transportation and smuggling, he might still be carefree with his good brother now.

It's not like it would offend Efit and Norman Karim.

Offending two major forces at the same time is indeed a bit overwhelming for them.

However, he looked back at An Ran next to him.

All of this is for the sake of my lover, and I am willing to help because of his face.

If it was for Enron, there would be nothing to regret.

He still values the relationship with Enron and does not want to get involved in other issues, but now they are all in the same boat.

Even if he regretted it, it was too late. He could only take one step at a time.

He should believe in Qin Yuan's personal ability. This is the only thing Jason is willing to believe so far.

Chapter 2057: Is this considered a form of coercion?

Having said that, Jason had no choice. He could only choose to believe Qin Yuan.

Norman Karim has also seen this subtle relationship between them, and he is now making a bad idea.

He seemed to want to test it out, for Jason.

Is Qin Yuan his best brother, or are the imprisoned people his best brothers? He needs to make a choice between these two groups. This is a dilemma.

An Ran also saw Norman Karim's thoughts. He probably wanted to use Jason's brothers to threaten Jason and cooperate with them. This was a very dangerous signal and something Jason did not want to see.

At this time, Norman Karim felt that the stimulation to them was almost done, and it was time for them to relieve themselves, so he stood up and prepared to leave first.

When Qin Yuan saw Norman Karim standing up, he quickly acted out of politeness.

"Mr. He, what are you doing?"

"Qin Yuan, I've almost eaten. I think we need to give you some time to think about cooperation with you.

You can go back and think about it tonight. Of course, I will give you more time than tonight.

In a moment, Sofia will arrange a place for you to stay. As long as you are willing to live here, you can stay as long as you want.

I have no objection, and I welcome you.

After all, you are Fan Tianlei's most proud disciples.

So, out of politeness or whatever, I welcome you.

It's up to you whether you want to stay or not. I don't care about other things. I only care.

I just want to make you a good friend.

As for the rest, just think about it yourself, I don't care that much.

See if you are willing. Anyway, I have already thought about it. As long as you like to stay in my place, then I will definitely welcome you with both hands.

No matter what, I will welcome you with my utmost sincerity. "

After Norman Karim finished speaking, he was ready to leave here first. Anyway, the current problems were very simple for him.

As a superior, he naturally has a relatively strong ability to control those below him.

He Chenguang also saw Norman Karim preparing to leave.

They all now feel that they have been controlled by this guy.

Unless they are willing to agree to cooperate and be responsible for whatever situation they encounter, it is impossible for these people to leave smoothly. This coincides with everything they have planned.

Qin Yuan and He Chenguang stood up.

Chen Jixiang next to him didn't react at all. He was very worried and uneasy now.

Although he himself believed that Qin Yuan was a person with a strong sense of justice, he would not cooperate with someone like Norman Karim.

No matter in any form or under threat, he would not do this, but Chen Jixiang was still worried.

He felt that this guy's ability was too powerful.

Even if they don't want to be threatened, they still want to save their lives and complete the tasks assigned to them by Fan Tianlei.

Many things are done out of necessity.

Chen Jixiang was afraid of encountering such a situation, so now he became very nervous and uneasy, and even regretted coming here with them.

An Ran glanced at Sophia next to her.

At this time, Sophia stood up with Norman Karim, and the two of them seemed to be plotting something in a low voice.

Anyway, it's the kind that can't be heard by others, and then Norman Karim said something.

"You remember everything I told you, right?"

"Yeah, okay, I understand. Just go back and I'll let you know if anything happens."

Noman Karim left the room without looking back.

The remaining people looked at each other in the room.

Only Chen Jixiang was quite calm. He had been eating hot pot and looked at Chen Guang. This boy thought he was quite arrogant.

"You kid has turned into a pig, why are you still eating?"

"If I don't eat, is there any problem that can be solved?"

We are now controlled here, and we have no choice. We just have to see if we can grasp the problems we encounter. "

"What's the meaning?"

"Brother Qin Yuan, it's not that I don't believe you, I just think we shouldn't continue like this. Now we are completely in a passive state.

I just ran away from Hassan, and then I was controlled by this guy Norman Karim. He is different from Hassan, and not just a few of us can compete with him.

I think this guy is now showing off his cards with everyone. He just wants you to cooperate with him to deal with old K. "

Qin Yuan lowered his head and took a breath.

He sighs often, but every time he sighs, he is confident about himself. He never thinks that he will be easily controlled by others, but this time is different.

"Chen Jixiang, you have been following me for such a long time, don't you still understand me? It is impossible for me to violate my inner principles and do things in gray areas with him.

Although, Efit and Old K are not good people, and sooner or later we will take action against them. Their underground arms trading system has seriously threatened our H country.

This underground arms trading organization has been established and has been a major concern for Fan Tianlei for many years.

As long as they are not eliminated for a day, Fan Tianlei will not feel good.

It's just that after we secretly sneaked into the spy system.

I wonder if Fan Tianlei and instructor Gong Jian will be punished by the above.

I also feel that what happened today was indeed a bit impulsive. The most damning thing is that we invaded the spy system but did not find out whether Hassan was the spy back then.

He also didn't understand why he hated people like Norman Karim so much.

Even if you don't care about anything, you still have to get rid of them.

This is a problem that we urgently need to solve. If these are all figured out, we will be in a very passive state now.

There are too many situations that we don't want to see. As for the next question, in what direction should we develop, we all don't know what to do.

Since then, the situation has become even more difficult.

If other emergencies occur, it will be even more difficult to solve.

Don't forget, we still have one biggest enemy, and so far it's Efit.

He must have hated us so much now. Although I saved him today, I was also the one who caused him to be injured. He has always been very clear about love and hate.

If he wants to do something excessive to me, it is reasonable. I hope you all are mentally prepared.

Don't wait for Efit to cause trouble for us. We are already in trouble before we make preparations. We have no way to leave here now.

So for the time being, let's think about it carefully here. "

Chen Jixiang didn't quite agree with Qin Yuan's decision.

"Brother Qin Yuan, I have always believed in you, and Norman Kalim's persecution of you today was also what we expected.

However, what I don't understand is that you have already thought of everything that will happen today, why do you still insist on coming here? "

He Chenguang shook his head and said helplessly.

"Chen Jixiang, you are still too young.

Do you think Qin Yuan doesn't want to get rid of Norman Karim's control?

Now that we are in Pakistan, we are within his territory. No matter where we go, as long as we are in the territory of Pakistan, he can reach out and touch us.

If we come here, we can only blame Fan Tianlei. He let us come here in the first place and thought too simply of his former comrade.

Your desires will gradually expand with your abilities.

Maybe, Norman Karim was not like this when he was young, but it is different now. He got too much and he wanted too much.

For so many years, Old K has been a serious thorn in the side of the surrounding countries.

Many people want to get rid of him and replace him.

This is indeed a once-in-a-lifetime opportunity for us to use Norman Karim's skills and work with him to get rid of Old K. "

He Chenguang thought so.

Because he is a spy of the United States, and Old K has been in the United States for many years.

Even in the United States, the higher-ups above did not dare to touch him, because this person controlled a large number of arms transactions and had many sharp weapons in his hands.

It usually contributes a lot of economic support to the United States, but now it has become too big to fail.

If the Americans could borrow the help of Norman Karim or Country H to get rid of this person, they would definitely be very willing.

Therefore, He Chenguang is now very enthusiastic about getting rid of old K.

However, their abilities are too limited.

Qin Yuan also discovered He Chenguang's enthusiasm for the issue of Lao K.

However, he didn't think too much. Although he had doubted He Chenguang before, he just didn't want to doubt his good brother, no matter what the reason was.

"He Chenguang, whenever I mentioned old K, you were always unwilling to continue the conversation.

Why are you suddenly so anxious about getting rid of him today? Have you figured it out and are ready to have a big fight with Fan Tianlei? "

He Chenguang looked at Qin Yuan's questions to him, and he was a little at a loss.

This was something he never expected Qin Yuan to ask directly, and he felt a little flustered.

He has not been in a good mood recently. As a spy, this is unprofessional behavior and Chen Guang must adjust his mentality quickly. He plans to get rid of old K successfully this time.

Then, even if you return to the United States.

He is definitely a first-class meritorious person, and he can go back openly. He has been in country H for too many years. If he doesn't go back quickly, he will even forget that he is from the United States.

He Chenguang was also very confused. He didn't want Qin Yuan to know that he was a spy. It felt too cruel to be betrayed by a good brother.

He was in a very guilty state all the time.

When his superiors first persuaded him to work as a spy in Country H, he didn't think there was anything wrong with it.

Now I know how difficult it is to be a spy.

You are required to give up all feelings, family affection, friendship and love.

You can't have it all, you can only be a machine that gets things done.

After so many years with Chen Guang, I now feel like a robot. Apart from the brotherly love with Qin Yuan, I have nothing else.

He had had enough of living in fear and cowardice every day.

No matter whether this mission can be completed or not, He Chenguang doesn't want to continue to be a spy anymore. He is too tired because his nerves need to be tense every moment.

He was afraid that if he failed to control his mood for a moment, he would be exposed. Even in his dreams every day, he never knew when a shot would be fired from behind and he would fall to the ground.

He ended his life forever and ended this mission that made him miserable.

Sometimes it was so painful that He Chenguang himself wanted to give him a good time.

Thinking of this, He Chenguang became sluggish again.

Qin Yuan said.

"Okay, we are already here, and there is no way we will leave. Let's just stay here peacefully and rest for a night. Everyone is too tired.

Dragging a tired body, we can't do anything well. We must recharge ourselves and have enough energy.

I feel that Hassan is not a simple character who will not be left in the wilderness without being able to get out. We must always be prepared for the possibility of his comeback. "

At this time, Sofia had already sent Norman Karim out of the door, and he walked out alone wearing a coat.

A black tube top dress with a black woolen coat slightly hanging from the back.

This makes Sophia look like a boss lady.

Qin Yuan was completely different from the \*\*\*\* and lovely girl just now. Seeing his temperament, he felt that he was another difficult guy to deal with.

"I'm sorry to keep you all waiting for so long. I just went to see Norman Karim off, and he told me some things. The building above this building is where he can rest.

If everyone has nothing to eat and other things are full, I will send everyone up to rest first.

This place is very safe. No one dares to approach it, whether it is Efit or Hassan.

Because they all know that this is Norman Karim's place, and they have to take a detour even if they want to get close.

You don't have to worry at all, you can have a good sleep here peacefully.

Norman Karim will not hurt you. As for the cooperation issues discussed with you, you need to think clearly about it yourself.

He has plenty of time and is not in a hurry, especially Qin Yuan.

You don't need to worry about your mission at all because the people you want to save are safe now.

That's what Norman Karim can tell you.

Look at you, how you think about it, he won't force you.

Chapter 2058: Teahouse club, fresh and elegant

Sophia smiled and conveyed Norman Karim's opinion. He seemed to have nothing on the surface, but there was a trace of coercion and seriousness in his tone.

An Ran has never seen Sophia like this.

This was completely different from the good friend he usually met and remembered. It seemed that An Ran also had a sense of being deceived.

At this moment, Qin Yuan knew that he could not escape.

Being controlled by these guys, I still want to leave from here.

If you don't pay something, that's absolutely not allowed.

Moreover, Norman Karim is a well-known businessman and will never do a business in which he suffers a loss.

Qin Yuan lowered his head and tidied his hair.

"Either way, the hot pot in Sichuan has a bad taste. I just took a few bites and my hair and clothes were all filled with the smell of hot pot.

After we go back, our room also smells like this. I advise you guys to have a full meal with you, otherwise you will be hungry again when you smell this smell when you go back. "

Chen Jixiang knew that Qin Yuan was changing the topic, and he didn't want others to see what he was thinking.

"Brother Qin Yuan, I'm full, don't think about anything else. Anyway, I don't dare to be interested. If you are hungry, just think about other problems at night.

Mr. Norman Karim invited us to live here, and he would not let us starve for a trivial matter.

I don't believe he is such a person. Anyway, just do what you think, I don't care. "

When Sophia saw An Ran, he had the same sense of realization as after being deceived.

"An Ran, what about you?

What are you going to do? Should you stay with them or go live with me at my house? I don't live around here. "

"With the relationship between you and Norman Karim, it doesn't seem appropriate for me to stay at your house. I made a special trip from country H to find Qin Yuan. If he goes somewhere, I will naturally Go with him.

Since they all plan to stay, there is no point in me leaving, so be it, I will stay with them.

Sophia, if there is nothing else, please go back first.

We are here alone and there is no problem.

I know that this is the task assigned to you by Norman Karim. Don't worry, we stay here, and you don't need to doubt us too much. Just like Qin Yuan said, the entire country of Pakistan is Norman Karim. Mu's power.

Even if we want to leave, we can't escape. "

Sofia lowered her eyes, her long eyelashes drooped, and she had a sad look in her eyes.

There was actually a feeling of pity for me.

As expected of Norman Karim, the woman he likes is different.

Even Qin Yuan couldn't help but feel a little moved when he saw his pitiful appearance.

"Forehead...

Well, let's do this, Sophia, we don't want to embarrass you An Ran.

He should be in a bad mood right now and doesn't need any more explanation from me.

How about this, you go back and settle down first, and you can go back and rest early after us. Everyone is very tired after a busy day today, and there is no point in staying here. "

"An Ran, I hope you don't blame me. No matter what I think in other aspects, I really regard you as my best friend. Please believe me. I have no ill intentions towards you at all."

"What kind of abilities does my friend have? I don't care what kind of abilities he has, and I don't care. The most important thing is, don't lie to me. What I hate most in my life is being lied to."

"I'm sorry, An Ran.

I've been with Noman Karim for so many years and I know him well.

He really appreciates Qin Yuan from the bottom of his heart, and I hope he can maintain his inner feeling and not ask for..."

Before Sofia could finish speaking.

He Chenguang was no longer interested. He looked at Sophia and shook his head helplessly.

"Sofia, I know you are a beauty, and I am not immune to beautiful women. What if you make such a pitiful look in front of us?

I can't stand it anymore. We are all foxes for thousands of years, and others say such useless things.

If there are still no problems, you can go back first. We still have our own things to talk about, and we want to take a good rest. "

He Chenguang was already very restrained.

He has been a spy for so many years, and he has stopped calling any beautiful women.

He just didn't want to let this woman named Sophia stay, because this woman looked very unusual and she looked like a powerful character, which Qin Yuan and the others couldn't accept.

"By the way, let me send you upstairs to take a look first. Although the upstairs is a club, he usually doesn't accept outsiders, but only some of Norman Karim's men.

I wonder if you need other services, such as massage or..."

Qin Yuan hates this the most.

After he heard Sophia's words, he immediately showed a ferocious expression with disgust.

"never mind!

We are here to complete a mission and are not used to doing these messy things. I am not interested in this.

Everyone came to Pakistan and never stopped. It was not easy to rest. I don't want to encounter anything else in a while, so you should go back and rest quickly.

The rest I'm not interested in. "

Sophia lowered her head and smiled. He looked really beautiful like this.

In order to prevent his heart from becoming more chaotic, Qin Yuan could only lower his head and pretend not to see this woman.

While talking, Sophia put on the coat hanging behind her.

"Now that everyone has eaten and drank, I will take you to the club upstairs to settle down and rest."

Qin Yuan followed Sophia, followed by Chen Jixiang and He Chenguang, plus An Ran, the small team was also huge.

Sophia is wearing high heels, jingle~dingdong~

It echoed in the empty corridor, and combined with the red lights around it, it added a bit of a strange atmosphere.

"I don't know. I thought you were here, playing Midnight Terror?"

After going out, they came directly to the right corner of the corridor and there was an elevator that went straight up and down.

There were people all around, people in black suits guarding them.

"By the way, try not to talk when you go upstairs in a while. If you let them know that you are from country H, the people who come will probably cause trouble."

When Qin Yuan heard this, he was a little confused.

"how could be?"

This is obviously Norman Karim's territory. Who dares to interfere with his position? I don't believe it. "

"No matter how big a place is, there will always be times when it cannot take care of it.

With so many people and many eyes, it is inevitable that someone will be behind the scenes, so it is better for everyone to be careful. "

As soon as I entered the elevator, I smelled the light scent of jasmine.

This one has a light scent of jasmine tea, which suits Norman Karim very well. He pursues this kind of scent. He looks gentle and elegant on the surface, and is as light as a chrysanthemum.

But in fact it was wild expansion, this light jasmine smell that could keep him awake at all times.

Moreover, he has a habit of not liking to drink.

When Qin Yuan passed by him, he smelled either of flowers or tea, and there was no smell of alcohol or cigarette at all.

"The smell of this elevator is really good."

"This elevator belongs to the usual anime Karim. When he passes by the corridor, it is exclusive to him. No one else rides in this elevator except him. You are treated like VIPs today."

"Oh, in this case, it can still be seen that Norman Karim attaches great importance to us."

"It's good that you can understand. In fact, all this is arranged by him. He appreciates you Qin Yuan from the bottom of his heart. You can really think about what he said to you."

However, I think you should think about it more carefully.

Because Norman Karim is not as simple as you think. This is the maximum I can remind him as a friend of Enron. "

"An Ran, look how interesting your friends are. They helped us come to this club and helped us so much. It makes me feel a little embarrassed."

After listening to Qin Yuan's words, An Ran moved the corner of his mouth slightly and smiled awkwardly.

Soon they arrived at the top floor of this residential building.

As soon as I walked in, I saw a light white decoration. I didn't know but I thought it was a teahouse.

The spotless white floor is like a mirror, polished and translucent, it can reflect your own appearance.

"This is the club?"

"It doesn't look like it, right?"

Sofia just walked in and patted a man wearing a white orchid cheongsam with her hands.

"A man wearing a cheongsam?"

It turns out Norman Karim, he likes this style. "

Sophia quickly explained.

"Don't get me wrong, he is a good friend of mine and the owner of this club and of course, this is all Norman Karim's place, including the whole building.

However, this club is not what you think. It is a simple place where you can meet friends for a cup of tea. You will usually receive some other Pakistani high-level officials here. "

He Chenguang sneered.

Although he is from the United States and is used to this kind of feasting and feasting, he still feels that this is not a place where they should live.

"Qin Yuan, we are all members of H Country's special forces.

I think it might not be a good idea for us to stay here.

Sofia, please help us find another hotel. It can be any hotel. It's really inappropriate for us to stay here.

More importantly, I also feel that this is not a good place for people to rest.

We are all blind. If someone sees that Noman Karim is receiving some important guests, we cannot gouge out our eyes to avoid suspicion. "

"He Chenguang, you don't have to worry about so many things. Norman Karim is very thoughtful. The place you came here recently has been cleared to receive guests like you.

And this is not the messy place you imagined, this is just a simple teahouse club.

Plus some Pakistani-style massages.

If you want to relax your muscles and bones, I can help you find some massage masters. "

Chen Jixiang refused repeatedly.

"Sofia, you don't need to be so polite, and you don't need to help Norman Karim to please Qin Yuan. If you want to cooperate with him, just let him think about it by himself.

Otherwise, it's useless no matter how much you prepare. He doesn't do this. I've known him for such a long time, and no one knows him better than me. "

Chen Jixiang, this boy always helps Qin Yuan speak, which is why Qin Yuan is very touched.

"Sofia, Chen Jixiang is right. If you want to cooperate with me, just give me time to think about it. You may need to report to Fan Tianlei.

When I come here, I need to report everything to him in detail.

Don't let you think that I am a very casual person who can make decisions at will. This is completely different from what you imagined. "

After Qin Yuan said these words, he lowered his head and looked at the people next to him. He had nothing to guess in his heart and was already here.

It was impossible to leave easily. He just wanted to find a place to rest well without anyone disturbing him.

At this time, Sophia said to the girl wearing a white orchid cheongsam.

"Xiaolan, please help me take good care of them, they are all friends of Mr. Norman Karim.

Just help them find a quieter, clean environment and let them have a good rest here. I guess they will live here for a while. "

"Stay there for a while?

Then the business here will not be done? "

"Xiaolan, you don't need to worry so much. This is Mr. Norman Karim's decision. We are not allowed to interfere. You just need to take care of these distinguished guests."

"Yeah, okay, I understand, we have a special place to rest here, and we also have chefs who specialize in cooking vegetables like a five-star hotel, whether they want to eat Western food or Chinese food.

All can be satisfied. "

Even Chen Jixiang couldn't help but sigh.

"Brother Qin Yuan, I have to say that the life of rich people is indeed different. It would be great if we could live here forever."

After hearing this, Qin Yuan knew that Chen Jixiang was joking, but he still couldn't help but walked up to the boy and slapped him \*\*\*\* the head.

"Ouch~ Why did you hit me?"

"Born in sorrow and dying in happiness, have you read all the books you have read since childhood in vain? This is not a place where we are greedy for pleasure. You are always vigilant about what your mission is.

If you dare to have fun here and go back carefully, I will sort out your report and hand it over to Fan Tianlei when the time comes. Your future in this life will be considered written off. "

"Please let me go~

I have never forgotten my identity. I am afraid that you will forget. I am reminding you! "

Chapter 2059: The evil deep inside

Qin Yuan has no choice. He and the few people around him can only choose to stay temporarily. They are now under the low eaves and have to bow their heads.

With an opponent as powerful as Norman Karim, even if they were brave enough, they would not make their own choices against the other party's requirements.

Sophia followed Xiaolan to explain everything, and she was ready to leave first after everything.

"An Ran, thank you for your hard work. Just stay here and accompany them. If there are any other special circumstances, you can call me directly. You know my phone number."

An Ran has been out there touching him for so many years. He has never seen anything, and he has seen all kinds of betrayals, so naturally he will not be anxious.

He looked at Sofia pleasantly, walked to his side, and buttoned Sofia's coat.

"Be careful when you go out.

It's getting cold outside now, and the wind is still quite strong, so your body is relatively weak.

You're so thin and don't even eat out much. I don't think you can withstand the strong wind.

You'd better be careful. In any case, as long as we are here, you won't be alone. "

Sophia lowered her head and smiled.

"An Ran, don't you blame me for lying to you?

Qin Yuan, he absolutely hates me now.

He thinks I lied to you, and I have nothing to explain.

Everyone is just hanging around outside. For my own safety, I have no choice. I hope you can understand me more. I can't help myself either. "

Chen Jixiang looked at Sophia, she really had the face of an angel, the figure of a devil, and a vicious heart.

In such comparison, An Ran is simply a little angel.

"You kid, why are you looking at me like this?

Don't forget, you have all worked on my car and know who I am as a person. In order to help you, I did not hesitate to speak for you in front of Norman Karim.

Don't always blame me, I have many situations where I have no choice but to do so.

I also have a lot of situations that are not under my control, as you know about Norman Karim.

I've known him for many years.

Moreover, the feelings between the two of us cannot be explained clearly in a few words. I hope you can understand my inner feelings, okay? "

Qin Yuan and Chen Jixiang didn't want to know or understand Sophia's relationship status at all.

In their eyes, Sophia is just a very capable money worshiper.

He gave everything he could to hook up with Noman Karim.

After all, this behavior is quite admirable.

Not every woman can do this, and even men may not grovel in front of what they want.

He Chenguang lowered his head and smiled.

An Ran actually didn't have much resentment towards Sophia, because he himself had once deceived many friends who had true feelings for him as a spy.

There is no way, this group of people cannot have emotions. To a certain extent, An Ran still sympathizes with the girl Sophia.

He looked back at Qin Yuan.

"Xiaolan, please find a few safe houses for them first and let them have a good rest.

They have been tired for many days, and they can finally find a place to sleep for a night, so don't let them worry and be anxious. "

Sofia was walking and saying these words, and suddenly stopped.

"What's the matter? Do you have any other instructions?"

"By the way, Qin Yuan, they are all special forces soldiers and are more cautious.

If you arrange a place for them, they may not believe it.

Still, let them live wherever they want.

Anyway, this club has been booked and it will not be open to the public in a short period of time.

Norman Karim also gave the same order.

They want to live wherever they want, so you don't have to interfere too much.

If we arranged too much and too carefully, Qin Yuan wouldn't believe it. This is a spy's instinct and sense of smell, I can understand it. "

An Ran smiled.

"Sofia, I can see that your understanding of Qin Yuan is almost catching up with mine."

"I have no choice but to follow Karim. If I can't even see this little bit of thought, I'm afraid I'll have died countless times."

"I'll send it out.

Qin Yuan, you can choose a room here now. If it is convenient, you can choose one for me. I will go out with Sophia now and we will have a few words alone. "

Qin Yuan knew that An Ran wanted to play the emotional card with Sophia.

In fact, An Ran is also a very smart girl. Even if he knows that he has been cheated, he will immediately wake up and not indulge in some useless sisterly love.

"Yeah, I understand. An Ran, go ahead. If you two have anything to say, just talk for a while.

While Norman Karim is not here now, you can talk more about what is on your mind. If he were here, he would not necessarily allow you to communicate face to face.

By the way, you have known each other for a long time. In this case, why not hurry up and have a chat alone. Maybe you can get some useful information. "

After Qin Yuan finished speaking, he turned around and started looking for his room with these people.

An Ran and Sophia went out, and only then could Jason breathe a sigh of relief.

Then, he said to Qin Yuan with a nervous expression.

"Qin Yuan, I don't mean to force you when I say this. I just want to remind you that we don't have much time left now."

"What's wrong, Jason?"

Why are you so anxious? Isn't it the case that all your good brothers were captured by Norman Karim?

You have told me many times and I have promised to help you.

Can you calm down? You are also a person who has seen big storms, and it took more than a day or two to escape from the old K. organization.

You have been living in fear all year round, and you will be very nervous when encountering something. You should get used to it.

These are the dangers. You have so many people under your command, Norman Karim, and you won't kill them all easily.

Don't you even believe me? When did I fail to do what I promised you? "

Jason was in a nervous state all the time. He was in a very bad mood. Faced with Qin Yuan's accusations, he couldn't help but burst out directly.

"Qin Yuan, are you too heartless to say this?"

As he walked forward, he heard Qin Yuan's accusations against him from his superiors. He almost thought he heard wrongly and turned around to look at Jason with very surprised eyes.

"What did you say?"

I didn't hear you clearly. Please tell me again. What did you say to me again? "

"I said you are too selfish. You only care about your own people. Those good brothers under me are not your good friends at all. It is understandable that you don't take them seriously.

I don't want to make things difficult for you, now they have completely fallen into the hands of Norman Karim.

This is more dangerous than in the hands of Hassan. After all, Hassan is also a member of the maritime patrol force, and he still has this more formal status.

His identity does not allow him to do things that go out of bounds, but Norman Karim is different. Don't think that because I have many people, he doesn't dare to do something evil to us.

I have been traveling between H and Pakistan for so many years.

Do you think I know very little about them?

That's not the case at all. I know them too well. The reason why Norman Karim can cover the sky with one hand.

No one dares to argue with him in this place.

It's because he is ruthless. Not to mention the 10 or so brothers I have, he will kill them without fail. Do you really think he wants to be as conscientious and kind as he described?

Then you are totally wrong. If you really don't believe it, you can ask Fan Tianlei.

What kind of person was Karim when he was young? No one stood in front of him and said a word no.

Don't look at him now. He doesn't dare to attack anyone. He won't. It's just a matter of moving his mouth or blinking his eyes. "

Jason is completely crazy now, and he's a very interesting guy.

Apart from his daughter, these brothers are the most important people to him. Even if it puts his own life in danger, he is not willing to watch these brothers in danger. Qin Yuan loses control of his excitement and emotions. Totally understandable.

Qin Yuan endured it.

He slowly turned around, walked to Jason's side, and put his arm around Jason's neck.

"Jason, calm down and listen to me. When did I lie to you? Norman Karim. Now he wants to threaten me and cooperate with him. He will not be able to hurt the people around you. Who is he competing with in his heart? All clear.

You have been doing business in two countries for so many years.

He already knows you well about these smuggling businesses.

He has completely seen through it. You are a person who values love and justice, and he already knows that you will never give up on your good brother.

Regardless of whether he wants to see you in such a state of losing control of your emotions or the conflicts between us, because you know a lot of my secrets.

If you have any conflicts with me, turn your head and go to him, and he will be happy to accept you.

In this way, I will be in a very passive position, which is not conducive to the next step of planning for all of us.

I am not threatening you or scaring you. You can think about it calmly now. None of what we have experienced recently is accidental. "

After Chen Jixiang listened to Qin Yuan and said so many words to Jason with great sincerity, he himself was really disappointed with Jason.

"Jason, if you have such thoughts, please think carefully about your daughter. She is currently in Fan Tianlei's hands.

If there is anything wrong with Qin Yuan, no one can protect your daughter in front of Fan Tianlei. "

The words Chen Jixiang said contained some threatening meaning, which had already touched the most unbearable point for Jason.

Jason strode up to Chen Jixiang and grabbed his neck viciously.

"what are you doing?"

"Boy, I remind you not to touch my bottom line.

My bottom line is my daughter. If you want to use my daughter to threaten me, you are totally wrong. Since you are Qin Yuan's little brother, I don't have the same experience as you.

I advise you to quickly take back those stupid words you just said.

Don't let me hear similar things again, otherwise don't blame me for being rude to you. People who feel that my daughter threatens me will die ugly. "

Jason strangled Shen Shengxiang so hard that his neck was so close that he almost couldn't breathe.

Qin Yuan. Seeing that Jason has fallen into madness, we can't stimulate him at this moment. He must calm down quickly.

"Jason, calm down and take your hands down first.

Don't hurt Chen Jixiang, he is just a good boy who is ignorant.

When did I threaten you with your daughter? Aren't I analyzing the pros and cons with you? Don't be too nervous, okay? "

He Chenguang was frightened by Jason's situation. He had never seen this guy so crazy.

"I have always wondered how you could turn into a little angel after living with old K for so long.

Your crazy and crazy state just now made me understand completely that this is the real you. "

He Chenguang really shouldn't say these words at this critical juncture.

Qin Yuan turned around and glared at He Chenguang.

In fact, as an American spy, He Chenguang is now eager to have some conflict between Jason and Qin Yuan, so that he can reap the benefits without any effort and start a plan to alienate them.

Because, Jason is by far Qin Yuan's most trustworthy partner.

Even though he has already left the organization, his words still carry a lot of weight. This is the trace of He Chenguang, but he is in Pakistan and has many old friends around him.

What's more important is that he and Effit were both Americans before.

Although it had been many years since He Chenguang came to Country H and had been working as a spy in the special forces, he was still not cold to the danger.

For their spies, once they are discovered, it is equivalent to death.

Qin Yuan feels that what He Chenguang is saying now, is really out of date.

This was completely opposite to his usual character of being carefree on the surface but humble and cautious in reality, which made Qin Yuan feel a little suspicious.

Chen Jixiang was also completely intimidated by Jason's situation. There is a saying that I am not in the world, but there is always a legend about me in the world.

Jason is such a person. On the surface, he has quit doing those excessive things, but once he is provoked.

As a result, the evil deep inside will still grow.

Under Qin Yuan's comfort, Jason let out a long sigh.

Turning around, I felt some regret and guilt for my impulsive behavior just now.

"Qin Yuan, I admit that I was a little too nervous just now, but you also have to consider my feelings. I am really worried about these brothers of mine. They are all innocent."

Chapter 2060: Ill be responsible for the negotiations

Qin Yuan, finally stabilized Jason.

He was finally able to feel relieved for the time being. In fact, it was really hard to predict Jason's current reaction. From this aspect alone, it would definitely not be an easy solution to the problem.

Jason was already extremely depressed before he made this choice.

Qin Yuan knew that he was a very rational person, and he had always been like this, but today he used such an extreme way to express his thoughts, which really surprised Qin Yuan.

At the very least, in Qin Yuan's eyes, he felt that this was not a suitable choice.

Especially, their excited reaction just now was seen by Xiaolan next to them.

He didn't send Sophia out, it was all Xiaolan's own thoughts.

After Qin Yuan saw this situation, he felt very sad.

He didn't even know how to deal with the problems in front of him. At least he felt that this was not a place where he should express his emotions.

Chen Jixiang is also confused now.

He had no intention of continuing to look for a room to rest.

It was just a choice. After stopping in one place and thinking about it for so long, he had already forgotten what his mission was.

Chen Jixiang is also in a very depressed state now. This is exactly what Norman Karim asked them to do intentionally.

Thinking of this, Qin Yuan seemed to know.

He lowered his head thoughtfully, then sighed.

"Jason, He Chenguang, I think we have completely fallen into their trap now.

If we fail to live up to our expectations, whatever happens next is what we deserve.

It's because we ourselves, as special forces soldiers, have no ability to control our emotions at all.

If Fan Tianlei knew, he would be very disappointed with us. "

Qin Yuan understood in an instant that Norman Karim was playing a psychological offensive with them and deliberately locked them here and prevented them from getting out.

Prevent these people from talking nonsense after they go out. As expected, the interested people are all scheming people.

"I see, maybe it's called the prisoner's dilemma.

Noman Karim, he locked us up here on purpose.

He doesn't let us go out simply because after we go out, we will know what kind of situation we are in when we come into contact with the outside world.

And Norman Karim locked us up here on purpose.

He hopes that we will never come into contact with the outside world.

No one should want to leave here easily before agreeing to cooperate with him.

This is Norman Karim's biggest conspiracy. If all of us are really sad, then we have fallen into his trap. I saw that you were so excited just now, absolutely.

It came in the direction he expected. "

Chen Jixiang and He Chenguang suddenly realized.

"What? Qin Yuan? Do you mean that he locked us here deliberately to make us lose control? Probably not, he would not be like this."

"Why not?

Don't think that if he didn't lock us up in a harsh environment like Hassan, it wouldn't be considered a form of control over us.

Don't even think that he locked us up here just to give us a good material foundation, so that we can stay here with peace of mind.

This is not the case.

Once people lose their freedom, they will start to have random thoughts. This is an eternal truth.

I was not surprised at all that Jason would react like this just now.

If it were me, I wouldn't be in a good mood.

Therefore, when Jason lost his temper at me just now, I didn't blame him, nor did I think he did anything wrong.

I just feel that I am not doing the right thing.

It was me who led your team and failed to do a good job, trapping you here. I also did not expect Norman Karim to be such a difficult guy.

His scheming has reached a certain level. If he continues, I am afraid that none of us will be able to escape from his clutches.

We have already thought about the current problem very clearly. If you still want to continue to deal with it, you must listen to me.

Otherwise, no one can leave here today.

The conspiracy that Karim gave us must not be faced in such a situation. This is not the best performance of Norman Karim. He has been monitoring us through Sophia and the woman just now.

If we don't work together, we will only be controlled and coerced by them.

Don't ever think about leaving here. Norman Karim may not hurt us for Fan Tianlei's sake, but whether we can get out of here is entirely up to us. "

He Chenguang, first of all, he believed what Qin Yuan said.

Secondly, as a spy for the United States, he also has sufficient control over his actions.

"Qin Yuan, I think Norman Karim still appreciates you.

At the very least, it's the kind of appreciation that comes from the heart.

I can see that he really hopes that you can join his camp.

Have you never been tempted to start a big business with him?

Follow Norman Karim and enjoy the spicy food.

Moreover, he will never treat you badly, and he may even treat you better than Fan Tianlei. "

Chen Jixiang stared at He Chenguang, and he felt even worse now.

"Why are you looking at me like this, kid?

Don't think that I can't see what's going on in your mind.

The reason why I talked to Qin Yuan like this was simply because I wanted him to know that I sincerely asked him to consider this issue carefully. "

"He Chenguang, I think you really ate too much hot pot. Hot pot is also on your mind."

"What?"

"You just said that Norman Karim really appreciates Brother Qin Yuan. I have never doubted it, and I can see it.

However, you just brazenly said that he might be better to Brother Qin Yuan than Fan Tianlei, then I have to tell you, you are simply confused.

Fan Tianlei was very interesting to each of us. No matter what kind of disaster we got into, he never complained at all.

Every time we go out and complete a task, he is happier than we are.

We received awards from our superiors, and he felt more accomplished than us.

That is, when he entered the espionage system today, his upright thoughts and state of being willing to take responsibility for us are something that others will never be able to match.

Noman Karim is indeed very rich, and I don't deny it. Following him, he is very popular and drinks hot food.

You can do whatever you want, but the relationship with him is not equal.

Fan Tianlei regards us as his own, and he even takes care of us as his own children.

Never felt sorry for anyone, every time we spoke to him.

He pretends not to care on the surface, but he always takes our words to heart. If you say that Noman Karim will treat us better than her, where is your conscience?

If Fan Tianlei hears this, I believe he will be very disappointed with you.

He will even regret our attitude, and he will feel that he has misjudged the person. "

Why doesn't He Chenguang know this?

Even if he is a spy from the United States, his heart is full of flesh.

This is also one of the most important reasons why he is unwilling to admit his identity.

Now, he no longer knows what he should do. Meeting Fan Tianlei and Qin Yuan is simply the biggest challenge and failure in his life.

This made him feel at a loss as a spy.

He even didn't want to admit it or think more about it. He just hoped that he could get rid of this identity as soon as possible. This was more important than anything else.

Jason sat down and calmed down.

Xiaolan, who was wearing a cheongsam, saw them arguing nearby. Naturally, he didn't dare to say anything. He could only hide quietly and look for it. When he had the opportunity, he went to get a glass of water and brought it to Qin Yuan and the others.

"Drink some water.

Just now, I saw you arguing so fiercely, and I don't know how to advise you better, but I think you should be able to resolve these conflicts soon.

We are all people who have seen strong winds and waves. Don't make everyone unhappy just because of a trivial matter.

Norman Karim helps you stay here, not to control you.

He really treats you as one of his own and wants to entertain you well. Don't misunderstand what he means? "

Qin Yuan felt a little anxious when he saw that Sophia and An Ran had not returned yet.

But on second thought, Qin Yuan felt that Sophia still cared about the friendship between him and An Ran, and would not do anything excessive to An Ran in a short time.

At this time, Qin Yuan just had the time and mood to look up and look at the outfit carefully.

The girl in a light white cheongsam looked like he was in her early twenties, but she seemed to be very experienced in the world.

Qin Yuan carefully took the glass of water from Xiaolan's hand, and then said with a smile.

"Xiaolan, Sophia didn't introduce us carefully here just now.

After a while, I also remembered that I forgot to have a good chat with you. By the way, how did you get here? And the language he spoke was not Pakistani.

I see that you speak the language of Country H very fluently. Are you also from our country? "

This Xiaolan is also a good person, think about it carefully.

It can also be felt that the person who can work under Norman Karim will definitely not be a simple person.

"Qin Yuan, you don't have to be subtle here. If you want to get any information from me, I can't say anything, even including introducing myself.

Naturally, those who work under Norman Karim are such shrewd people.

You should be able to understand what I mean, and don't be embarrassed. I can't reveal anything to you without her permission. "

After listening to Norman Karim's words, Xiaolan and Sophia both knew.

Qin Yuan, what a powerful person he is, and what a capable person he is. This is the first time that Norman Karim values a person so much. This is the first time in these years that he has seen him.

“Qin Yuan, although I shouldn’t talk too much.

However, I think what your good brother said makes sense. It seems that you can consider whether to join our group.

When you look at the splendor of our place, you should be able to understand that this place is not a simple place. It is not easy to create such a kingdom in a few years. "

"Are you here to be my lobbyist for Noman Karim?"

"Of course not. Don't get me wrong. I'm telling you this. I hope you can understand that I am not this kind of person at all, and I don't have any other bad thoughts.

He who knows the current affairs is a hero.

You see, I think it’s bad. If anyone wants to come to my place, I’m afraid they won’t get this kind of treatment.

Norman Karim, one can imagine the importance he attaches to you.

If you are not convinced, you can go to the group and ask. No one except you has the same treatment as you. "

"What do you really want to explain to me? I'm not a big girl. I can be moved by you with just a few words. The relationship between me and Noman Karim is completely different.

No matter how much money he gave me, I would never abandon my faith.

Faith, do you understand? Can you understand what it is? "

"I don't understand!

To be honest, I don't quite understand your thoughts.

In fact, in life, you should enjoy yourself in time. Why do you have to make yourself so tired? Look how happy I am now, having been here alone for such a long time. "

Qin Yuan's eyes widened. He couldn't believe how such worldly words could come from the mouth of a girl in her early 20s. He seemed to be over fifty years old.

Qin Yuan had no choice but to joke to resolve the embarrassment.

"Sorry, I would like to ask, how old are you?"

"Don't you know you shouldn't just ask a woman's age?"

When He Chenguang and Chen Jixiang heard this answer from the side, they couldn't help covering their mouths and wanted to snicker. Qin Yuan originally wanted to chat with him, but was slapped instead. bureau.

"I'm sorry, because I have lived in the army for many years, and I am accompanied either by swords and guns, or by my comrades.

As for romantic matters, I don't know, and I don't even know that you can't ask a woman's age casually. If you don't want to tell her, it doesn't matter. "

"I just like people who are straightforward. It doesn't matter. Since you have asked my age, I can tell you.

I am thirty-five years old this year. Generally, reaching this age is considered a hurdle. "

Qin Yuan and the people next to him were all shocked?

How is this possible? Is he kidding?

"Thirty-five years old? Are you the Tianshan Child Elder? Why don't you say that you are fifty-five years old this year? If you say so, I will find it funnier."

Xiaolan sneered and said nothing.
