

Special Soldier 2071

Chapter 2071: In the end, Qin Yuan tricked him out

Enron originally wanted to hide the secrets about these issues.

However, Qin Yuan came here specifically to talk.

He wanted to know what the other party was hiding.

Because the two of them have known each other for such a long time, he knows An Ran's temper very well.

Once something happens, he will become very nervous, which is what Qin Yuan expected.

He knew that if he wanted to talk, he couldn't be in a hurry.

You can only guide the opponent slowly step by step. This is a psychological tactic.

When Qin Yuan was in the army, he would often learn some psychology content in his elective courses, which was enough to deal with An Ran.

Don't look at the fact that he has a lot of experience and often completes tasks outside.

However, for Qin Yuan, he is still a very simple-minded person. As long as An Ran has feelings for him, it will be easy for him to find out what the other person is thinking?

"An Ran, did you secretly contact Fan Tianlei just now?"

"Of course not. Why did you contact him secretly? If you did contact us, we are both aboveboard. He sent me here."

"Then before you came here again, did he mention anything about Norman Karim to you?"

An Ran smiled awkwardly.

"Qin Yuan, since you left the army and took these two people to complete the mission, you have been very nervous. You are a little nervous now.

Why don't you go and have a rest early? Let's discuss this again tomorrow morning, okay? I'm also very tired. "

Qin Yuan could clearly feel that An Ran was escaping.

Every time he wanted to escape and didn't want to answer a question, he would find various reasons, and he seemed to be honest, but there was no reason for people to refuse.

Qin Yuan saw An Ran sitting on the bed. He gently walked to An Ran's side and sat down too. The two of them were very close to each other in this airtight space, which was very ambiguous.

Originally there was a tacit understanding between the two people.

This time, it made everyone feel a little embarrassed. An Ran immediately blushed and lowered her head.

"Why...are you so close to me?"

"We are comrades-in-arms. What if our friendship is closer? Don't think too much. I have no other intentions, let alone any evil intentions against you.

There are surveillance cameras everywhere in this club, and I don't want to be photographed by others. "

An Ran's face turned redder and he said softly.

"Qin Yuan, what do you want to do? Du Bingbing is still waiting for you."

Qin Yuan slowly moved his head to An Ran's shoulder.

Said softly in his ear.

"Why is Du Bingbing waiting for me? We have only known each other for a short time. We can't even talk about our feelings as comrades. We can only say that we know each other."

"Is it really?"

Why can I clearly feel that Du Bingbing has been full of hostility every time he sees me since I came back? "

Qin Yuan sneered.

This gentle sound of breath in An Ran's ears could not help but make him feel a little itchy.

An Ran, in order to calm down, immediately stretched out his hand and pushed Qin Yuan aside.

Qin Yuan lay on the bed and prepared to take a sneak look at An Ran's mobile phone.

An Ran stood up, and for a moment he felt his whole body getting hot. His face became hot and he took off his coat.

"It's really too hot in this room. Why don't we turn on the air conditioner and give it some air?"

"Please do not!"

Qin Yuan immediately sat up and stopped An Ran very cautiously.

"I was shocked. Didn't you just turn on the air conditioner? Did you have such a big reaction? If you are afraid of the cold, I just won't turn it on."

Qin Yuan stood up and walked to An Ran's side.

"What are you talking about? Why am I afraid of the cold?"

I just want to remind you that this is not the time to turn on the air conditioner, so you should not turn on the air conditioner.

Because, there are some devices that I have seen in one place.

This kind of eavesdropping device is installed inside the air conditioner.

It can only be used normally when the air conditioner is turned on. The sound of the air conditioner can perfectly block the sound of the machine.

Every time you walked in, you checked a room for pinhole cameras and eavesdropping devices.

However, this kind of equipment installed in the air conditioner cannot be easily discovered.

That's why it's very hot inside this house. When you feel very hot and want to turn on the air conditioner, we fall into their trap. "

An Ran suddenly realized it.

"Qin Yuan, you are so amazing, you know everything. If you hadn't reminded me, I would have been tricked by them.

So what should we do next? Norman Karim has made up his mind to put you under house arrest here, and he will not let us go easily.

We have to hurry up and take these two students of Professor Fang back. "

"Why hurry up? Do you think this matter is urgent?"

An Ran was suddenly speechless.

"Well... of course he is anxious. You have been out for more than half a month. How could he not be anxious when you completed the task so slowly for the first time.

You also know that Professor Fang cannot persist for a long time due to his physical condition. We have to pay close attention to our tasks. Once the set time is exceeded, the senior management will assume that we have not completed it on time.

At that time, it will affect your future and promotion in the army. "

Qin Yuan waved his hand.

"An Ran, we have known each other for such a long time, don't you still know me? Future and promotion are not important to me.

If I want to climb up, I can also use some other methods.

However, this is not what I want, the reason why I joined the army.

It's all about realizing self-worth and contributing to our country.

Now, come here Norman Karim, no matter what means are used to bribe him, I will not agree to it.

Because he doesn't know that there is a word in my heart called faith.

My faith cannot be replaced by any money, power or external things.

He went from being a very good member of the special forces of country H to a criminal in Pakistan. This is enough to show that he does not know what faith is, he only knows what interests are.

From this point of view, I despise him very much.

I know that his condition was very bad in the past, and he must have gone through a lot of things.

That's what caused him to undergo such a big psychological change, but no matter what, he didn't insist on his own beliefs, which made me despise him. "

An Ran watched Qin Yuan say this righteously.

In his heart, he admired, expected, and admired Qin Yuan.

"I really didn't expect that you can say these words and I admire you very much, but even so, we have to think carefully about how to get out quickly."

At this time, Qin Yuan thought of the photo of the spy he got on his mobile phone.

"I thought about it. Originally, I thought we could tell whether this photo was of Hassan with our naked eyes.

Now it seems that it is not certain. Only by using certain technical means to determine whether his bones have changed can we be completely sure whether this person is Hassan or not. "

"Do you mean you want to take other measures?

We are trapped here now, and there is no way out, let alone other means. You'd better not take risks, it's very difficult. "

"What's so difficult about this? I've already told you that I've seen these things very clearly. As long as you help me, you won't suffer."

"Qin Yuan, what are you talking about?

In the relationship between the two of us, how could I be afraid that you would make me suffer?

No matter what you ask me to do, I am willing to help you do it.

However, we must now think about how to achieve this dangerous task, and we cannot judge Hassan based solely on our own hearts.

He has indeed been back here for so long. Even if he is the spy from back then, what can he know?

He just wants to put up smoke bombs for you and use this method to trick you into cooperating with him.

We can't plant his trap, this guy is very cunning.

Noman Kalim has to be afraid of his three points, let alone us.

Let's just complete our main mission and don't worry about Hassan's affairs. Norman Karim will definitely take care of it.

He was in country H back then. No matter what happened to the people who came here, as long as the two of us control these things, there is nothing anyone else can do. "

"If you say so, then I can't force you.

Why not, let's ask Fan Tianlei, he must know what happened back then. "

An Ran heard about Qin Yuan and planned to ask Fan Tianlei. Not to mention how nervous he was now.

In any case, Qin Yuan cannot be allowed to know about Fan Tianlei, it is too dangerous.

They have already gone through so much.

Qin Yuan can no longer let Qin Yuan know that An Ran plans to bear all this alone, but Qin Yuan is unwilling. He understands that An Ran is hiding something from him, but he refuses to tell the truth.

"Ask Fan Tianlei what he is doing, he doesn't know anything.

Let's not worry so much, and these are all confidential issues. You have invaded the spy system, which almost killed Fan Tianlei.

If we were to ask him, he wouldn't care about us.

Your personality, you should know that Fan Tianlei's bad temper is similar to yours. If you keep something secret from him forever, he will no longer agree. "

Qin Yuan finally calmed down at this time, and he said calmly.

"An Ran, we have been comrades-in-arms for so many years, and I have an important question that I want to ask you.

What happened to Fan Tianlei? "

An Ran was shocked.

"Ah? What did you say?"

"Let me ask you what happened to Fan Tianlei? What happened to him? Don't you understand?"

"Can you please don't be so cruel to me? You have never treated me like this."

Compared with the ambiguous atmosphere just now, Qin Yuan's tone was really hard for An Ran to accept, and coupled with the guilt in his heart.

"From the time you came to Pakistan to now, and I don't know what issues you and Sophia are discussing, I can tell that you have something very important to hide from me.

What is going on? Why don't you tell me? "

"Can you please stop asking so many questions?"

"When you come to me, I have the responsibility and obligation to protect you. There are dangerous people around us, plus spies from the United States.

Originally, I asked you to stay because I planned to take care of me anytime and anywhere. Now that you have come out, it means that Fan Tianlei must have some problem before sending you out. He wants you to stay away from right and wrong.

Don't think I'm a fool, I know everything. I just want to give you a chance along the way to see when you can tell me the truth.

An Ran, I didn't expect that you would let me down so much and refuse to tell me anything. Is it just because of such a trivial matter? "

"Qin Yuan, please don't ask any more questions, okay?

We have already discussed these things, and even if there is a problem.

This is also the task of the superior leaders. It is impossible for me to tell you, let alone disclose it to you. If you say it after you finish it, you will make things difficult for me. "

Qin Yuan completely understood that all of this should be related to his intrusion into the spy system.

"I really didn't expect that Fan Tianlei would be implicated by me. I thought that by invading the spy system, he should be able to solve this problem perfectly. I just didn't expect that it would lead to such a result."

Enron is finished.

He still hasn't hidden all the secrets, he is just a little too self-assertive.

After relaxing all of this, he couldn't help but sit on the ground.

Tears fell down.

Qin Yuan has never seen An Ran look so weak. It seems that something big must have happened in the past half day.

"An Ran, don't worry. No matter what, I will be by your side. Just let me handle everything, okay?"

Qin Yuan walked to An Ran with a gentle tone, holding his hand and preparing to comfort him first.

At the very least, let him not be nervous. They have to find a way to solve this matter instead of blaming the other party for such a trivial matter.

"Chen Jixiang, this kid is already asleep. He doesn't know anything. Even if he knows, he won't reveal the secret.

You don't have to worry to tell me that I am a very calm person. Don't you understand my character after all this time? No matter what, I won't be in a hurry.

The most anxious situation for me is that you have something to hide from me and have a problem. We can all work together to find a solution.

Fan Tianlei has been the chief of staff for so many years, and the upper leadership will not make it difficult for him. It is just about participating in investigations.

Isn't it just a spy system? Leave this problem to me and I can solve it.

Chapter 2072: Don't want me to use my relationship

An Ran never expected that he would collapse at the most critical moment.

Obviously this was the most important thing to hide, but he didn't hide it.

After Qin Yuan discovered all this, he didn't know how to deal with it. He now felt very guilty, both for Fan Tianlei and Qin Yuan.

Thinking of this, An Ran lowered his head.

Tears were shed silently. Qin Yuan felt very distressed when he saw him like this and kept comforting him.

"An Ran, you don't have to feel a little guilty, I just don't understand why you have to hide it from me? Fan Tianlei's matter is the matter of all of us.

Don't think that since I came here thousands of miles away to complete my mission, everything is out of my hands.

As long as you complete your tasks, that's it.

If it's really that simple, do you still need me?

Just find a random member of the Special Forces and you can do it.

Do you not believe that I am emotionally stable or that I can handle these difficult and complicated problems in my heart?

You really shouldn't have wasted too much time hiding this from me.

If you had told me earlier, maybe we would have already thought of a solution to the problem, and there would be no need to delay it until now. "

After Qin Yuan finished speaking, An Ran wanted to cry even more after these words.

He felt very aggrieved in his heart. The reason why he concealed this was entirely for Qin Yuan's consideration. He never thought of the other party and would blame himself instead.

"Can you please stop crying? You have never been a crying girl in my heart.

You are a very strong person. Over the years, you have been working on our tasks outside, and you have been able to withstand a lot of pressure. Don't let me underestimate you, okay? "

"Qin Yuan, after all, I am also a very fragile girl.

You let me bear this alone, I can bear it, but when you say these words now, you don't believe me at all.

How do you ask me to calm down my mood?

I finally managed to hide these things, and now I think I have handled them very well.

Not only did you not praise me, but you kept blaming me.

It's as if I'm hiding all the tasks, as if I'm delaying you from completing your own decision.

Fan Tianlei's problem is indeed something that we all should urgently deal with.

However, I also have to consider your mentality.

Now, Norman Karim really wants you to work with him, if anything there's something wrong with it being incomplete.

He will definitely be very unhappy. He has been investigated by his superiors and sacrificed himself.

If we don't seize this opportunity and are pulled down by those who want to stab us behind the scenes, we will have nothing.

Doing all this is meaningless. "

Qin Yuan was completely numb now. He did not expect that in order to conceal what An Ran said, he would use such a negative attitude to deal with another person. How could the other person be willing to do so.

After calming down, Qin Yuan slowly said to Anran.

"An Ran, I'm sorry that I made you sad."

"I understand, but..."

"Now that I know everything, you should tell me the truth.

Is Fan Tianlei under investigation because the spy system was secretly hacked into? "

"You got it."

"I know, but I just never thought that Fan Tianlei would be investigated for this matter. This is completely beyond my expectation."

"It's too late to think about this now. Fan Tianlei has been taken away by them and is under control. He has no way to contact us. If you want to help Fan Tianlei clear his name.

Even if he quickly brought Professor Fang De and the two students back to complete the task, Fan Tianlei's sacrifice would not be in vain. "

"What's the meaning?"

"It's not interesting. What I'm telling you is the best solution now. If you can't figure it out, then we don't know what to do."

"Is it possible that you think the best thing we should think about now is to help Fan Tianlei solve this problem first?

Fan Tianlei has already been taken away by them, should we just give up? "

"What can we do if we don't know each other? Fan Tianlei's position is far superior to that of you and me. He has already been investigated as the chief of staff, and what about us.

It was because he sacrificed himself to protect us that we were able to complete this mission. After we return, everything we obtain must be handed over to Fan Tianlei completely intact. "

"I know what you mean.

However, I now have a particularly bold idea in my mind. I must rescue Fan Tianlei unharmed, and I cannot sacrifice him.

Do you know how long it took Fan Tianlei to sit in the position of chief of staff?

Especially for a character like his that is rough and unwilling to communicate with others.

Once, if the other party seizes this opportunity and pulls him into the water, he will never be able to return to this position again, which is also bad news for us. "

"Of course I know these things, but this is not something we can decide casually. This is their problem."

"In that case, why don't we challenge it?"

"challenge?"

An Ran didn't quite understand what Qin Yuan meant. That was because he didn't know that Qin Yuan's body had a one-click recovery system.

No matter what kind of request he makes, this system can help him solve it.

This is why Qin Yuan can complete the task perfectly every time.

"What do you want?"

"An Ran, please don't worry about . I believe you have other tasks. You and Sophia have been chatting outside for so long.

What did you tell him? Sophia probably also wants you to join their camp.

Noman Karim already has a Sophia by his side and doesn't need another.

You and he are the same women. As long as you join this camp, the two of you will be in a hostile and competitive relationship. He can't be so stupid. "

An Ran was completely shocked.

"Qin Yuan, what you said are all your own speculations, or..."

"Of course, what I said is all my own speculation, and of course not what I heard. I don't want to discuss this with you now. I want to save Fan Tianlei."

"So do you have any good ideas? We only have one night."

Qin Yuan lowered his head, touched his chin and pondered, and then spoke slowly after a while.

"Instructor Gong Jian, he is a bridge of communication among us. Give me his contact information, and I will contact him personally now.

Chapter 2073: Efit, you showed up at the wrong time.

An Ran knew that all the secrets had now been exposed.

The other party, especially Du Bingbing, now has his own plans and thoughts in his heart and will not tell anyone what he is thinking, even so.

It is impossible for An Ran to accept his instructions casually. After all, this is really a big challenge for An Ran.

Qin Yuan, they have finally come this far. If there is any danger, An Ran would not agree to it.

Du Bingbing said coldly to Qin Yuan on the phone.

"You can just leave the issue regarding Professor Fang De to me.

This is already a task I promised my superiors, and I will complete it no matter what.

However, if you have other ideas, I am willing to listen to you, but I hope you will not get too excited.

If you don't do this well,

You have to accept the responsibilities of your superiors. If you want to save Fan Tianlei, it will be even more impossible. "

Outside the door, Xiaolan was quietly preparing to go out.

Because an important person made an appointment with her, which was also the biggest secret in his heart.

He knew that Qin Yuan had sneaked into An Ran's room casually, but he didn't think too much about it now because he had become a love brain.

He simply thought that Qin Yuan and An Ran had other feelings.

I just want to take advantage of this period of time to catch up on old times.

"Huh, you said it's different when the special forces are outside. They still have feelings. Since you are so careless, don't blame me."

Xiaolan walked out of the club quietly.

This was entirely his own fault, and he failed to complete the task assigned to him by Norman Karim, which not even Sophia knew about.

As soon as he walked out of the club, he saw a familiar figure in the dark corner under the street lamp in the distance. This was the person who had been waiting for him for a long time.

"You finally came."

"Xiaolan, it's not easy for me to come back alive to see you."

"Qin Yuan, they are upstairs. Do you want to go find them?"

Yes, this familiar person is officially Efit. I don't know what's going on with this guy, but he is slowly getting so close to Xiaolan.

Xiaolan, in addition to being a member of Efit, he also has a special identity, that is, a spy planted by the United States in Pakistan.

However, since I have known Efit for so many years.

He had given up this identity long ago, and the United States could no longer contact him, so he became like a kite with its strings cut off.

"Norman Karim, what is the mission assigned to you this time?"

Xiaolan walked gently to Efit and kissed him on the face.

"Did you approach me just to find out about Qin Yuan? This guy is already here and there is no way to get out.

As long as Norman Karim doesn't let him go, he will never be able to get out.

Now, they are already caged birds, what else can you be anxious about?

Could it be that you didn't miss me when you came to see me, you just wanted to know their news.

It seems that in your heart, I am not as important as Qin Yuan, this man. "

Efit hugged Xiaolan's graceful waist.

"How is this possible? Do you know that the reason I haven't come to see you recently is because I was kidnapped by Hassan along with Qin Yuan."

"Hassan?"

He's just a dog. How dare you show me if you're injured? "

Xiaolan grabbed Efit's arm and saw the deep wound on his arm.

I shed tears of distress.

"How is this going?"

"Qin Yuan got this for me."

"Qin Yuan actually has such ability. No wonder Norman Karim admires this man so much. What do you want me to do? Kill him for you?"

"Of course not. He is now Norman Karim's target, and he is also the person my superior wants to win over. If you kill him, neither of us will think about it.

The weapons I had on Jason's ship have all been taken away by Norman Karim. Now I have no way to explain it to Old K. "

Xiaolan, of course knows the seriousness of this matter.

"But, I can't help you with anything. The most trusted person around Norman Karim is Sophia.

If he had not died, Norman Karim would never have believed in me, and in terms of ability, I would never be as good as Sophia.

The two of us have been fighting for so many years. Even if I give up my identity as a US military officer, I am willing to work with Norman Karim to help you.

Even though he has done so many bad things, he still doesn't believe me. Qin Yuan's coming here this time has nothing to do with us.

I know that in country H, every time you complete a mission, you will be sabotaged by Qin Yuan. You hate this person very much in your heart.

However, I think you should calm down, Qin Yuan, he is indeed very powerful, don't provoke him easily.

He came here this time just for the hostage.

To be precise, he no longer has any more energy to investigate the underground arms trading system, and this is a dispute between Old K and Norman Karim.

Even if Qin Yuan is involved, he is just a pawn.

Since we have experienced this, we still want to quickly plan how we can leave the organization and fly away. I think it is too dangerous to live like this every day. "

Efite actually approached Xiaolan just to take advantage of her.

This guy is so bad.

Not only did Xiaolan give up Mi's identity, but she also asked him to lurk next to Norman Karim to help her.

This is simply too dangerous. Being a traitor next to Norman Karim will lead to death if he is discovered.

"Xiaolan, listen to me, I don't hate Qin Yuan so much now, but I admire him very much.

Today we were locked up in an unfinished building in the wilderness by that guy Hassan. He did stab me with a knife, but it was because the two of us were robbing the car.

It's not convenient to tell you in detail about this matter. We are very pressed for time.

If Qin Yuan is a bad person, he can completely leave me in the wilderness to die, even if the blood is not dry.

There were a lot of wild beasts near that unfinished building, and they would eat me if they smelled blood.

Although Qin Yuan was the one who caused me to be injured, he still had a soft heart and saved me. From this aspect, he can be regarded as my savior. "

Xiaolan said with a sneer.

"Hmph, don't you still have to thank him? If it weren't for him, you wouldn't have been injured, and it was him who cooperated with this guy Hassan to get these arms away.

So what are you going to do next, and how are you going to explain it to Old K? "

Xiaolan, compared to An Ran and Sophia, this guy is just a love brain. He doesn't really think that Efit will like him.

In the final analysis, he is just a guy who is being taken advantage of, and in the end he will only die.

"By the way, I have something important to tell you. There is a person named He Chenguang beside Qin Yuan."

"Yes, there is indeed such a person who seems not very smart, but he also has his own little thoughts. What's wrong? Do you know him? Is he yours?"

"He is not mine, he has the same status as you."

Xiaolan asked with her eyes widened in surprise.

"You mean, He Chenguang is a spy for the United States just like me?"

"clever!"

"How can you be sure?"

The identities of spies in the United States are generally very concealed and cannot be easily discovered by others. How did you know this? And is this news reliable now?

I remember that you once mentioned to me that in country H, every time you complete a mission, there is this guy with Qin Yuan. How can you be sure that he is not Qin Yuan's person.

Maybe this guy is setting off smoke bombs with you? "

Effit said with a confident smile.

"Xiaolan, don't you understand me after being with me for so long? Qin Yuan and I have been fighting wits and courage every time, and it's not easy for me to grasp some clues.

Believe me, He Chenguang must be the same person as you.

We should make good use of this relationship and let him do things for us. Then the two of us can escape smoothly and let this guy be the scapegoat. "

"He Chenguang, if you really say what you said, he is also a very smart person, lurking in Country H, and even a smart person like Qin Yuan has not been discovered.

This is enough to show his ability. If we want to use him, it is definitely not that simple. We must not shoot ourselves in the foot. "

"Just listen to me and make good use of He Chenguang's route after you go back.

You American spy should all have a specific contact method, and there should be a secret code between you. Maybe he has asked his superiors to contact you. "

"However, I have already given up this identity. If I want to go back again, I will probably be punished.

Do you think it's worth it for He Chenguang's line? "

Efite also has some hesitation now. Anyway, he has never thought about Xiaolan's safety.

The purpose of approaching this woman now is just to ask her to do things for her. Efite is an unscrupulous guy.

"Okay, what is the mission Noman Karim has given you?"

Xiaolan shook her head helplessly.

"You tell me now that these are completely whimsical. Noman Karim will never give me any tasks. He doesn't believe me at all.

Even the current position of club owner was only obtained by Sophia and Noman Karim after begging me. "

"That's just right. You can stay out of it and help me. Qin Yuan, this time, don't think about taking people back smoothly.

I have received news that Fan Tianlei, the man above Qin Yuan, has been arrested.

They may have already invaded the spy system and may have collected more information. I don't know what their purpose was for intruding into the spy system.

I haven't figured this out yet. You can help me collect information here and let me know if anything happens. "

"You're not going up there?"

Efite gently flicked Xiaolan's head.

"Silly girl, they are all up there, how can I get up there? You must protect yourself and don't be exposed in front of them.

Remember, Qin Yuan is a very smart person. If he notices anything strange, he will never let you discover it.

We have to ensure our own safety. We must keep this life and fly far away. "

Effit is such a liar.

In just a few words, he deceived Xiaolan, the love brain, into turning her around.

"You still care about me.

By the way, there is one thing I am guessing, but it is also based on my experience over the years. I don't know if you are willing to listen. "

"Of course, I am willing to listen to whatever you say to me."

Xiaolan said with a smile.

"He Chenguang, as far as I know, if he is really a spy sent by the United States, the task he has received now is probably to kill these two students of Professor Fang.

I heard that the two of them are very powerful arms experts. According to their behavior habits in the United States, if they can't get it themselves, they won't let others get it.

Since Qin Yuan came to Ba this time for this mission, it also means that the mission He Chenguang took was the opposite of him. "

Effit thought so too, but he hadn't gotten a definite answer yet.

However, after listening to Xiaolan describe this to him today, he is now very sure.

He Chenguang will definitely attack these two students of Professor Fang.

"Then what should we do next?"

Effit's mouth moved slightly and he said with a mischievous smile.

"He Chenguang, I have the same identity as you, although you have betrayed this identity.

But, in the final analysis, you are all working for the same country. Whatever he wants to do, of course you have to help him. "

"You mean, let me find an opportunity to kill these two students of Professor Fang?"

"That's right!"

"Efit, the relationship between the two of us, I will not refuse anything you ask me to do, But this task is difficult for me.

Since these two students of Professor Fang were in the hands of Norman Karim until now, I have never seen them and I don't know where they are hidden.

You should be very clear about what Norman Karim does. He is extremely cautious and cannot casually expose the locations of these two people.

If we talk about Sofia, there is still a possibility of coming into contact with these two people, but it is absolutely impossible for me to come into contact with her. I can't finish it. "

"It doesn't matter if you can't complete it. You can help He Chenguang complete it. If you find a chance, confirm your identity with him, so that he will feel at ease.

No one knows that you have one identity on the surface, another identity secretly, and another identity deep inside.

If this continues, it will be interesting for us.

People with multiple identities are the least likely to be seen through by others, especially Qin Yuan. Even such a smart person can't see through you.

Chapter 2074: 2 spies meet

Efit and Xiaolan talked so much outside, Xiaolan also knew what the other person was thinking, and he hoped to let himself get in touch with He Chenguang.

However, even if he had too many doubts, they were drowned by the tenderness of the person in front of him.

Efite said to Xiaolan gently.

"You must not doubt my motives, everything I am doing now is for our consideration.

You also know that Old K is a difficult person. The last time he was able to successfully leave the organization, Jason was Qin Yuan. You should have met the person next to him. "

It must be said that Effit is a master of psychological cybernetics.

He cited a successful example, which convinced Xiaolan even more.

One day, the two of them can really break away from Old K's organization and fly away.

Xiaolan no longer needs to do those things that he is unwilling to do for Norman Karim. This gives him enough hope to support him to complete these things.

But, he didn't expect it.

This is just a one-in-a-million example.

Moreover, one day Effit's words will all be proven to be lies.

However, he is now completely addicted to this matter and is unwilling to think about anything else, let alone doubt himself or even Efit.

Whatever he suspected, it was a question about both of their futures.

He doesn't want to think so much, he just needs to obey the other party's opinions and arrangements.

As long as there is a successful example in front of him, Xiaolan, he will do anything.

Xiaolan thought about Qin Yuan and Jason.

He sighed silently, as if secretly making some kind of determination.

Turning around, he looked at Effit with a smile.

"Yeah, don't worry.

As long as it is for the future of both of us, I am willing to do whatever I am asked to do.

Aren't you just going to meet up with the spy He Chenguang?

Don't worry, leave this to me.

I will definitely get more information from him, and I won't give Old K the chance to blame you.

These were plotted between the two of us and neither of them knew anything about it.

As long as the two of us keep these evidences and secrets, no one else will have the chance to suspect us.

I have already thought about this matter.

After we complete this task, we can fly far away without giving them any room or chance. These plans between the two of us are particularly perfect.

It is impossible for anyone to find any loopholes in this.

I've managed to hide my identity for so long that Norman Karim was so smart that he didn't notice anything wrong with me.

I am very confident in this aspect, leave this matter to me, I will not let you down. "

Efit hugged Xiaolan tightly. He had completely grasped it. This girl's emotions knew what method should be used to satisfy the other party.

"Xiaolan, thank you for doing this for me."

"Not for you, but for us. I have already thought about it. Ever since I helped the United States and worked as a spy here for the second year, I have discovered how unreliable this matter is.

They probably don't know that I have stopped sending them any news.

If Norman Karim finds out, he will definitely kill me.

In order for me to survive safely, I had to choose to betray them. If they felt dissatisfied in any way, they would only be incompetent and furious. "

After Efit hugged her for a while, he gently pushed Xiaolan away.

"It's getting late now. You should go back quickly. I believe that this woman Sophia will come to find An Ran early tomorrow morning. Neither of them is a fuel-efficient lamp.

An Ran, like you, he is willing to do anything for Qin Yuan.

Perhaps, you can also start with this woman and threaten Qin Yuan with his life. I believe it will work. "

"I understand, you should go back and rest early.

Seeing the harm Qin Yuan has caused you, I can't help but want to help you get revenge. If I have the chance, I will let him see my advantages and disadvantages. "

"It's okay, Xiaolan, this is all for our future.

I really should go back. You go back first. Remember, you must find out He Chenguang's identity. "

"Yeah, I understand, don't worry."

After saying that, Xiaolan reluctantly returned to the club.

Walking outside An Ran's room, his footsteps were very light, but An Ran and Qin Yuan still felt someone outside in the room.

In order to create a blindfold for them.

An Ran and Qin Yuan could only pretend to be as close as a couple.

Xiaolan couldn't help laughing after listening to it outside.

"I thought you two were really here to complete the mission, but you just came here to have an affair."

Then, he quietly left Qin Yuan and An Ran's room, preparing to go to He Chenguang to see if he could find some clues.

As a knock on the door rang, He Chenguang, who was already a little nervous in the room, started to sweat even more.

He thought that Qin Yuan started to doubt his identity, and even more doubted why he had to live in a separate room, so he came to test it.

"You're still up so late. If you have anything to do, just come in. We have locked the door."

After finishing speaking, He Chenguang Takeaway didn't expect that the person who opened the door would be a graceful young girl.

"How do you know I'm not asleep yet?"

He Chenguang was already lying on the bed and covering himself tightly. When saw it was Xiaolan, he immediately sat up in shock.

"Why are you here?"

It's really not appropriate to come to a strange man's room late at night. I know this is a club, but I'm not the kind of person you think.

I came from the special forces of country H, and I am extremely strong-willed.

Humph, I really didn't expect that Norman Karim would use such a method to obtain information. It was so clumsy and made me look down on him. "

He Chenguang thought that Xiaolan was sent by Norman Karim. Anyone who wanted to get information from him had to pretend to be like this no matter what.

Xiaolan, I don't want to talk nonsense to him.

"Stop pretending, I know you are American."

He Chenguang is very calm. He has become accustomed to others questioning his identity over the years.

“Stop talking nonsense here.

If you really have evidence, go and report me in front of Qin Yuan. Anyway, my good brother believes in me very much. No matter what you say, he won't care. ”

Chapter 2075: The sleepless night passed quickly

After Xiaolan left.

He Chenguang was alone in the room, sitting silently.

He was thinking about how to deal with Xiaolan.

If he asked his superiors, he would have violated their espionage system.

However, the sudden recognition of himself did make He Chenguang a little confused.

The other party must have other ideas, either planning to put themselves in crisis, or this is Norman Karim's trap.

Of course, this does not rule out that it was Qin Yuan who found someone to test him.

He Chenguang must think of all of this. This is what he should think about as a spy.

After thinking about it for a long time, He Chenguang still felt that even if it was a trap, he had to try his best.

No matter what, someone can be there to help you now.

This is a very valuable thing for him.

Especially, around Norman Karim, even Qin Yuan couldn't put someone in. If he could arrange this matter.

Qin Yuan will definitely admire himself very much.

However, these two students of Professor Fang were of great importance. Even if He Chenguang wanted to prove his identity, he could not prove it in front of Qin Yuan through this incident.

He had to think about his mission first, so no matter what.

It is impossible for He Chenguang to help Qin Yuan save these two students of Professor Fang.

He would only kill these two people secretly and secretly.

It has been a long time since we have carried out such a mission. This is already an A-level mission for their spies.

He had to cheer up.

Think of a way to deal with it carefully and don't give others any chance to compromise.

Of course, that includes his own inability to do so.

He Chenguang, after thinking calmly for a long time, silently sent a message to his superiors.

"You broke the rules again."

A direct call from his superior, ready to accuse him.

"This is also unexpected. I suddenly met a woman. She claimed to be someone like me, a spy arranged by the United States in Pakistan.

How do you plan to handle this matter? Is this true? "

"He Chenguang, what on earth did you do?"

I have told you clearly before I lurked.

You only need to know your identity and mission, and don't pry about other spies.

If other spies' identities are leaked, none of you will be able to escape responsibility. Are you willing to bear such responsibility?

By the way, ask yourself whether you can bear the responsibility of exposing the entire Pakistani spies. "

"Don't be so angry, okay?"

There was a person named Xiaolan who took the initiative to find me. I said he wanted to cooperate with me. I didn't recognize him and I didn't violate the rules on this matter. Don't always come here to accuse me.

Xiaolan, who is she? "

"He came to you on his own initiative?"

"Of course, do you think I'm joking with you? But because of your original spy training, I didn't recognize him immediately."

"Then there is no need for you to call me for verification. Once you ask me for verification, it means that you are no longer suitable for this task."

"You shouldn't think that I am willing to do this task."

If you can transfer me back to the United States as soon as possible, then I can only say that I am grateful to you before it is too late. You can make any other arrangements.

Qin Yuan has his own actions, so don't worry about it so much. I need someone who can help me around Norman Karim. "

"so what?"

"Xiaolan, if he is really one of ours, let him carry out the mission."

"What mission?"

"You ask him to kill Professor Fang's two students."

"This is obviously your task, how can you leave it to others?"

"Don't you know who Norman Kalim is? He has been fighting with Old K for so many years. How could I approach him so easily?"

There is no way to complete this task. Either you watch Qin Yuan and successfully rescue these two people, or you let Xiaolan handle it.

Anyway, I have told you too much, these things are expected.

If you can't do it, don't come here to blame me. "

After saying this, everyone felt a little uneasy.

"He Chenguang, I can tell you clearly that no one can complete this task for you except you, so don't take any chances."

"An impossible mission, given to a poorly qualified spy.

I think there is also a problem with the arrangement between you.

You'd better think about it for yourself and how you should solve it.

Don't put all the responsibility on me. This has nothing to do with us. I have to deal with such a smart person like Qin Yuan.

I'm already exhausted. I can't do anything about these two students of Professor Fang. I will kill these two students without you noticing.

This is impossible to happen, and I still have Qin Yuan to deal with.

He has slowly begun to doubt my identity. You don't want my ex-husband to fail in everything he has done over the years. "

He Chenguang's superior said these words without any emotion at all.

"By the way, I also want to tell you the basic qualities of a spy. No matter what Xiaolan's identity is, it is impossible for me to contact him."

"Fortunately, you can still strictly adhere to the psychological quality of a spy.

Yes, there is nothing wrong with what you did. Regardless of whether Xiaolan is one of ours or not, he has been away from the United States for so many years.

He knows people but not their hearts. He lives in a feasting and feasting environment all day long. Who knows if there has been any change in his heart.

It was the right choice not to contact him, and I should commend you for this. "

He Chenguang sneered.

"A casual compliment really gave me a lot of strength to continue with the next task.

That's all I have to say. Qin Yuan, they should already be investigating my identity.

Moreover, they don't believe me more and more. I don't know what they are doing, so you can figure it out yourself. "

"I know Xiaolan. If you have time, you should investigate secretly to see if he has betrayed the United States."

"Understood, received."

He Chenguang was too cautious. Even if Xiaolan had all kinds of hobbies in front of him, he would never trust this guy.

Facts have proved that this is indeed the most correct choice for him, because Xiaolan is no longer trustworthy, and he stands with Efite.

As for Qin Yuan and An Ran.

Qin Yuan proposed a bold idea, which was to repair the spy system, and then bite the bullet and say that they had never entered and everything was unjust.

An Ran sat on the bed and looked at Qin Yuan.

At this moment, I feel that Qin Yuan is the hero in my heart. No matter what kind of situation he is in, he can handle it very well and will not let others doubt himself.

"An Ran, why are you looking at me like this? It makes me feel a little embarrassed. We have known each other for such a long time, but you have never been like this before."

"Tell me quickly!"

Qin Yuan was shocked when he heard this.

"tell you what?"

"Don't be so nervous, I just want to say, I hope you can tell me quickly.

Are you sent here by the gods?

How come you can do everything? Every time I encounter difficulties, you can appear by my side on time and help me solve them.

It's like you are my patron saint. I believe that no girl can resist you and may fall in love with you. "

Qin Yuan blushed when he heard this.

"An Ran, what are you doing? You made me feel very embarrassed by saying these words in such an ambiguous atmosphere.

Let's get down to business first. This night will be over soon. "

"No, Qin Yuan.

I think the more serious thing is that you should go back and have a good rest.

After struggling for such a long time, you should maintain your energy. This is a sleepless night, and everyone has their own hidden agenda.

I am afraid that the only one who is fast asleep is Chen Jixiang. This boy is alone.

Next to him was Jason.

Although we have known him for a long time, I still trust him very much.

However, he is a man who can do anything for his brothers.

To prevent him from betraying us to save his brother.

I think you should go back and comfort him. Norman Karim is an unscrupulous person.

Don't think that he can't force us because of these things.

Once he gets a handle on Jason's psychological activities, he will most likely use Jason to deal with both of us.

This is all expected, I have thought about these things, and thought about them more than once.

Jason, he doesn't exactly gain trust.

Even if his daughter is in our hands, this is as unsettling as a time bomb.

I know you are a very persistent person, but we have to consider it.

If the mission fails, what should be done to remediate the mission failure? "

An Ran's mission, failure to take action means that once Professor Fang's two students cannot be successfully rescued, they will take extraordinary measures.

Qin Yuan turned his head and stared at An Ran intently.

"Why is it your turn now to look at me strangely?"

"An Ran, our mission is to successfully bring back these two students, Professor Fang. You probably don't want me to make some choices, right?"

"Yes, I came here with another hidden mission.

It was after you failed that you solved these two students of Professor Fang. I knew you were an indecisive person.

Fan Tianlei's evaluation of you was very pertinent. "

Qin Yuan asked curiously.

"Oh? I'll let you know what Fan Tianlei has to say about me."

"He said you are a person with a heavy heart and a ruthless hand."

Qin Yuan smiled helplessly.

"Either I still admire Thor. He is the only one who understands me best after so many years. Just because I am serious and not ruthless. So do you think that once the mission fails, we will have no shame in going back?"

"No, what Fan Tianlei means is that once the mission fails, it is absolutely impossible for these two arms experts to stay with Norman Karim.

Even if it is left to the Pakistani army, it is better to contribute to their country than to stay with Norman Karim.

He is a person who can do anything, once he makes some mistakes because of these things.

If he keeps these two arms experts by his side, they will specialize in manufacturing threatening arms and trade them in the underground arms system.

You should be very clear about how much damage it will cause us in the future. "

"So, you would rather kill someone by mistake than let him go?"

"Yes, my superior originally told me not to tell you about this matter openly, for fear that you would not be able to accept it.

However, since I came to Pakistan, you must have known the purpose of my coming, so there should be no doubts.

I can also tell you openly and openly that I am here to supervise you.

Originally, I also hoped that I could successfully bring these two people back and contribute to our country H.

However, the ideal is very full and the reality is very skinny.

Now Norman Karim's methods have always exceeded our imagination. Even if he clearly tells us where these two people are, we may not have the ability to bring them back.

What's more, we don't know where these two people are now, so how can we complete the mission? In the blink of an eye, we have been out for more than half a month. "

"so what?"

"The mission given to us by Thor is one month."

Qin Yuan smiled and said.

"It doesn't matter. Half a month is enough for us to successfully bring them back."

"Why are you so confident in yourself?"

You have never thought about what you should do after the mission fails?

When you took over this mission, I thought it was too dangerous.

Noman Karim is not an ordinary person, If you want to play against him, this guy won't let you go.

What's more, his more terrifying thought now is that he wants to keep you.

Therefore, he will try every means to sabotage your actions.

It leaves you with no choice but to force you to stand on the same side as him.

If you do those evil things with him, I'm really afraid that you will go astray like him. "

"An Ran, don't worry.

What I pursue is justice and faith. If I am really desperate, I will not be able to go against the God of Thunder even if I die.

You should believe me as a person. It is impossible for me to allow myself to do the things that Norman Karim did that crossed the line, even if he promised me some glory and wealth.

It's impossible for me to agree. I don't care about money and power. I only care about my heart.

Chapter 2076: Sophia came with special medicine

Just like this, a sleepless night passed. Qin Yuan and An Ran were in the room.

No one slept well, and they were always thinking about how to deal with Fan Tianlei's matter.

"The night has passed. Normally, have you thought about what to do next? We don't have much time."

"No, we still have plenty of time.

As long as I can seize this opportunity and save Fan Tianlei, we will have a strong tendency to turn around. "

"How you want to save him is simply fanciful."

"An Ran, we have known each other for so many years.

Don't you still understand me? You'd better deal with your own problems first, right?

By the way, aren't you going to tell me what exactly you are looking for with Sophia? "

An Ran now knows very well what happened to Fan Tianlei.

He did, and there was something inappropriate about it that he was hiding.

Qin Yuan discovered some loopholes, but Qin Yuan absolutely cannot know about Professor Fang's current danger.

An Ran smiled, looked at Qin Yuan and said.

"It's nothing. Sofia just wants to prove to me that he still cares about our friendship very much. However, I don't want to hear so many words from him."

"Is it really?"

"It's all here, now.

Do you think there is anything else I need to hide?

I just want to tell you that the things we are seeing now are just expected.

Many are completely different from what we imagined.

Including, the Sofia you saw, maybe on the surface he is just Norman Karim's person.

But no one knows what he is thinking deep down.

We are not roundworms in his stomach, and we cannot go into his stomach to see what he is thinking. "

Qin Yuan smiled and said.

"If we run into his stomach, we won't be able to see anything. We can only see undigested food."

An Ran heard that it was normal and still had the intention to joke.

He could finally relax a little. Otherwise, his nerves would have been in a very tense state. Now that the day was dawning, they couldn't delay it any longer.

"Qin Yuan, I'm really convinced by you.

It's already such a critical time, and you're still in the mood to joke with me. "

"There's nothing you can do about it. You only look best when you smile.

I like to see you smile, I don't like to see you nervous.

When you're nervous, things will go wrong.

I know this is a very important question for you.

If you continue to be so nervous, you are likely to cause yourself to suffer from some emotional illness.

This is unhealthy behavior. When the time comes, let alone go out to complete the task, I'm afraid Fan Tianlei will have to lock you up if you can't socialize normally. "

"Qin Yuan, do you know? No matter what tasks I do with you, I am very happy. I hope that we will have more opportunities to be together in the future."

An Ran suddenly became so affectionate and serious, which made Qin Yuan a little anxious.

I don't know what he was thinking.

At this time, there was a knock on the door outside.

Yes, it was the Xiao Lan from last night. He understood that Qin Yuan had been in An Ran's room the whole night. However, he imagined that the two people had an improper relationship.

"Qin Yuan, it's daybreak now. Breakfast has been prepared for you. I hope you can come out to eat quickly."

Qin Yuan smiled slightly after hearing this.

"An Ran, if you don't mind if we act, we should play it out to the end."

"Ah, what?"

Qin Yuan deliberately put on half of his clothes, took off half of them, and then opened the door slowly.

At this time, An Ran was already lying down on the bed covered with quilt.

"It seems that you worked very hard last night, so I specially prepared it for you. Would you like to go out and have some nutritious breakfast?"

"No need, you should already know what happened last night.

I really want to go back and have a good rest now. I hope you won't disturb me.

Just tell them directly about breakfast. I think they have been working very hard these days.

We don't want anyone to disturb us. If we are hungry, we will come out to find you by ourselves.

However, I hope you should contact Mr. Noman Karim if you have time.

Let him come over as soon as possible. After all, we are guests here and this is not our home.

It's really inappropriate not to stay here for a long time. I hope you can help us think about it and have a good talk with Mr. Norman Karim when we go back. "

Xiaolan smiled with a look that saw everything.

"Sorry, I don't know exactly how Mr. Norman Karim arranges his time.

But Sofia should be here soon.

As his most capable secretary, if you need anything, just ask Sophia.

He seems to have a very good relationship with you An Ran.

There is no need to tell me all this between you.

I'm just a helper for you, so don't come here to embarrass me anymore. It's not easy for me either. "

Xiaolan, after saying these words, he twisted and left Qin Yuan's incident. Today he changed into a dark blue hip-covering long skirt.

He should be in better shape than Sophia, but it must be because of more reasons that he doesn't get the attention of Norman Karim.

What is the specific reason? Qin Yuan, he is too lazy to think about it.

Back at the door of the room, Qin Yuan stretched lazily.

That night, after struggling for so long and getting bad news about Fan Tianlei, it was really hard for him to accept.

Just when I returned to the house and opened the door, I saw Chen Jixiang and Jason. The two of them were sitting on the bed, staring at me and laughing maliciously.

"Brother Qin Yuan, you are finally back."

"You brat, you went to bed very early last night. You are finally energetic today. Why don't you take a little more rest? We will still be busy in the future."

"I had a good rest, but I'm just concerned about what's going on here. I saw that you didn't come back to sleep tonight. I wonder where you were busy?"

Qin Yuan reached out and hit Chen Jixiang on the head.

"You brat, you dare to question my schedule now. As the team leader of your special operation, I must tell you not to ask too many questions casually."

"I don't need to ask too much. I also know that you probably went to Sister An Ran's room last night. You two were in the room..."

Chapter 2077: Are you lying to me?

An Ran looked at Sophia and said these words to herself triumphantly.

He felt that this guy should have collected the special medicine.

However, he refused to tell everything.

That means that his special medicine should be in his hand, and there is very little of it.

I believe that Du Bingbing's side should have used some resources to find specific medicines.

However, this thing is too scarce.

Even Sophia can't make the decision.

Du Bingbing wants to pass Norman Karim, and the chance of getting it is very low.

Therefore, he could only say these words through himself, and he also deliberately threatened himself.

After An Ran thought about all this, he felt that this matter seemed to be more reliable.

I don't know what Sophia is thinking.

He is ambitious and wants to start his own business, and is not willing to be just a vassal of Norman Karim.

Or could it be that everything he is arranging now is entirely intentional.

Thinking of this, An Ran sat up and said to Sophia seriously.

"Last night, you said there was no way to get the special medicine. Now it's only been a few hours today, or even less than a whole night, and you have a way. I have to doubt your motives and abilities."

Sophia smiled bitterly after hearing this.

"An Ran, I know you hate me very much now.

I know everything about you and Qin Yuan being together last night. Xiaolan reported to me when I came here this morning. "

"You think there is some kind of special relationship between the two of us.

So, do you want to threaten me with this matter?

Qin Yuan and I are complete comrades-in-arms and partners. It is not as complicated or dirty as you think. "

Sophia looked at An Ran, who said these words with a serious face.

Although, An Ran often disguises himself as various personalities when doing tasks outside.

However, Sophia could see that An Ran had such an upright character and he would not allow himself to compromise.

"Then what are your plans now? I'm not interested in knowing too much, I just want to know the part I should know."

"That's easy to say, I can tell you the source of the special medicine, but you have to tell me first whether you are willing to accept it.

If you are really not in a hurry and need special medicine, I don't think it is necessary for me to take such a big risk to help you find it. I hope to get your gratitude and understanding instead of a cold shoulder. "

An Ran forced out a smile.

"Sofia, I really need this special medicine, but I hope you can keep it secret for me and don't let Qin Yuan know about it."

"That's probably not possible."

After An Ran finished speaking, she heard a very magnetic middle-aged male voice coming from outside the door.

Sure enough, it was Norman Karim.

Sofia came with Norman Karim today. Unexpectedly, he came so early and started threatening everyone.

Sure enough, he wanted to use a method of imprisonment and torture to deal with them.

Now these people have become the prey and targets of Norman Karim.

At this moment, Qin Yuan and Chen Jixiang were all standing outside.

He Chenguang was the only one sleeping in the house and did not come out. Even if he heard the sound, he did not want to participate.

It's better to pretend to be asleep in the room, listen to what they say secretly, and then go out by yourself when the time is right.

As soon as An Ran saw Norman Karim standing outside his door, he suddenly felt betrayed by Sophia again.

"You woman are indeed full of lies.

I shouldn't have believed you, ever.

Last night, he promised to keep it a secret for me, but today Mr. Norman Karim already knows everything. "

"An Ran, don't blame Sophia for everything.

It was I who forced him to say these words. Since he works for me, he cannot have his own independent thoughts and methods. Everything he does must be under my instruction, so that I can rest assured. "

An Ran stood up and said coldly.

"I'm sorry, Mr. Norman Karim, I haven't gotten up yet so early in the morning. As a member of the opposite sex, it is indeed inappropriate for you to enter a girl's room."

"What's inappropriate? You didn't sleep all night last night."

"It seems you know everything."

Qin Yuan was already standing behind Norman Karim, he smiled and said.

"Good morning, Mr. Norman Karim didn't expect you to come here so early. Didn't you say you would give us a few days to think about it?"

"Qin Yuan, please don't misunderstand me, I don't mean to force you.

You should be able to understand that older people like us never like to sleep in.

I always get up early and have nothing to do anyway.

Why don't you come over and see what you think?

One night should be enough for you to think about it. I wonder if you would like to tell me the results of your thinking.

Yesterday, Sophia told me that you really need a special medicine.

You know, I have always valued your talent very much.

I am willing to help you with whatever you propose. As for the special medicine, I have already prepared it. "

An Ran saw that all his missions were exposed.

Qin Yuan's face was confused. He felt that An Ran had some other things that he was hiding from him.

"Special medicine.

What special medicine? I think I should also have the right to know. "

"I heard from Miss An Ran that Professor Fang De, who is visiting your place, is currently in critical condition and needs a special medicine produced in the United States to save his life.

Don't you know about this?

To put it bluntly, it is really unfortunate.

This kind of special medicine is not available anywhere else. Only a private hospital I opened in the United States has this kind of special medicine. I'm sorry, but I am the only one who can help you this time. I don't know if you are willing to accept it. "

Seeing Norman Karim's triumphant look, everyone present knew that he had completely figured it out, and Qin Yuan was threatening the other party with this matter.

"Anron, what on earth are they talking about?

Why, I have never heard any news. Are you hiding it from me again?

Didn't we all say it last night?

Be honest and tell all the tasks. I really don't understand the point of you hiding it from me.

Chapter 2078: Sorry, I can't answer at the moment

Norman Kalim's behavior when he came here today was very obvious. He came here to threaten Qin Yuan.

"I don't know what you like to eat. I just prepared some bread, milk and some eggs this morning, as long as you like it."

Qin Yuan said coldly.

"When in a country, do as the Romans do, and as a guest do as the host does."

"Oh? From what you say, you are not particularly satisfied with today's breakfast?

If you feel dissatisfied with anything, you can raise it and we will make new arrangements to satisfy you all. "

“Then it doesn’t have to be so troublesome.

We came to Pakistan from country H, and it only took a few days.

Our own hearts and tastes do not change so quickly. If we are suddenly asked to accept these new things, we will certainly not be able to accept them.

Unlike you, you have lived here for so many years and can accept anything.

Appetite also changes accordingly. "

Qin Yuan said this on purpose. He just wanted to verify and explain from the side that the other party has completely changed now and is completely different from the original person.

From then on, I gave him a good beating, but what he said was too obvious, and everyone had already heard it, and everyone knew it.

Norman Kareem smiled and said.

"Qin Yuan, I see that you, a boy, don't learn anything else very quickly, but you learn to criticize Sang Huai very quickly.

So quickly, you can understand what I mean by these words.

I have nothing to say, and I don’t want to explain anything.

Indeed, I have arrived in Pakistan.

After so many years, there have been many changes in my mind and body.

Please forgive me for not being able to understand your thoughts, let alone the issues you young people are thinking about today.

If you want to look at it from the side, it means that I have already forgotten my original intention.

Then you can make it clearer, although, I am a very smart person.

I don't like to beat around the bush, though.

Today, I brought you here without any other ideas.

I just want to tell you that the special medicine is already in my hands. If you don't want it, then I will definitely not take the initiative to give it to you.

Now, it depends on what your own thoughts are.

I am not interested in these things at all. Although special medicines are extremely valuable, they have always been nothing more than ordinary medicines in my hands.

If you are not interested, I can only give it to others.

Now, I just want to know what you are thinking in your heart and whether you want to make a deal with me. "

"What deal do you want to make?"

"Qin Yuan, you should know that I have always admired you very much from the time you came here to now.

I hope the two of us can have the opportunity to cooperate.

The special medicine is of no use if it is left here with me.

Only if it is given to those who need it, it is called a special medicine. If it is given to those who don't need it, it is just a useless thing. "

An Ran looked at Sophia next to her.

Then, he said coldly.

“Yesterday I did mention something about special medicines to Sophia, but I have to tell you now that many problems are much more complicated than you think.

If you want to use this method to mislead us.

Me too, there is no way I would accept it.

I already know these things very well, but I don't know what you are planning to do.

Anyway, as far as I know, everything I see before my eyes is completely different from what you see with your eyes.

I hope you can give me a definite answer.

Yesterday, I did talk to the other party about a lot of issues in this regard.

But, until now, I still don't think you really realize anything.

At least, now that I have seen these situations, they are not the same as what I am satisfied with.

I want to get special medicine through my own ideas, not through your own ideas. If you say so, then there is nothing I can solve. "

Norman Karim looked back at Sophia.

"You girl are really honest. I told you everything yesterday.

Don't tell me so much about these things, I don't particularly care.

What I care about is that I hope that the problems between us can be solved easier. It's fine now. They have completely misunderstood. How should you explain to me? "

Sophia smiled awkwardly.

"Sorry, An Ran.

Yesterday, after you told me, I was indeed very anxious.

So, I told Mr. Norman Karim immediately.

He still has some special medicine in his hand. If he wants to get it secretly using the method you proposed to me, I'm afraid it won't be possible for ten days and a half. "

"Therefore, you revealed all these things without my knowledge, right? It seems that I am not that important in your heart.

Don't say you are my good friend again, I will only feel disgusted. "

"Who is sick this morning?"

He Chenguang, accompanied by some lazy sounds, lazily followed everyone here. Seeing that the table was already full of people, he didn't feel embarrassed.

"He Chenguang, why did you just get up? Didn't you fall asleep the earliest last night?"

"Qin Yuan, don't blame me.

I have been following you for so many days and I have been very tired. I finally had a moment when I was able to sleep in. Please stop talking about me, okay?

Besides, since all of you are here, it's not my turn to interrupt.

I can only bear it silently. Anyway, no matter what you think, I already have a certain plan in mind.

What else is there besides this thing. "

He Chenguang said that he had actually woken up long ago, and he deliberately pretended to be sleepy.

Chapter 2079: Break the special medicine with your own hands

He Chenguang looked at the relationship between Qin Yuan and Norman Karim, and it was very likely that it would become tense.

He doesn't know how to deal with the relationship between the two people now.

After all, he now has an important task, which is to kill these two students of Professor Fang De.

They must not be allowed to return to country H safely and normally.

This will be a very big harm to the United States. They have always harmed others but not themselves. What they cannot get, they must not let other countries get it.

Hypothetically, if Qin Yuan and Norman Karim had a stiffer relationship, it would be difficult for him to complete his task.

Because no one would tell him where the two genius students of Professor Fang De were.

Norman Karim knows deeply how important these two people are.

They have been hidden for a long time, and they are in a very hidden place, so it is impossible for normal people to know.

He Chenguang smiled and said.

"Qin Yuan, look at Mr. Norman Karim, he came here specifically to help us.

If you make it too stiff, it seems inappropriate.

Stop being so persistent and just agree honestly.

These things are very necessary for us. Just think about it carefully and don't let others find anything wrong.

Moreover, no matter how bad we are, we must still give Mr. Norman Karim face.

Don't make it so difficult that everyone can't get off the stage. People came over to help us early in the morning. We can't say these inappropriate words. "

"He Chenguang, I really never expected that you are this kind of person."

He Chenguang suddenly became confused when he heard Qin Yuan say these words to him very angrily.

I don't know how to retort better.

After all, he is very guilty now, and he knows it very well.

Qin Yuan seemed to have some doubts about his identity, so He Chenguang didn't dare to say anything now. He could only sit there and smile awkwardly.

Jason really has no sense of existence now.

He lowered his head silently on the chair, not wanting Norman Karim to discover his existence and threaten himself with these good brothers of his. This was the last thing he could imagine.

As expected, the more you are afraid of something, the more you become afraid of it.

Norman Karim raised his head and glanced at Jason, knowing that he was avoiding him.

"By the way, I came here early this morning. I have another very important thing to do, that is, I have good news to tell Jason."

"ah?"

What good news? Mr. Norman Karim, you are so happy. "

"I am indeed in a better mood now. In a moment, you will be the one in a good mood."

Norman Karim, clapped his hands as he spoke.

Then, two men in suits and leather shoes came over with Jason's men A Kun and A Ming.

"Boss!"

"Akun, Amin, you..."

"Boss, we thought we would never see you again. Thanks to Mr. Norman Karim's arrangement, the two of us came back here."

Jason's expression changed completely now, seeing his good brother.

He has relaxed a lot. He knows Norman Karim's methods.

It was easy to get these two people out of Hassan's hands.

However, he did not expect to meet his good brother in this way.

In front of Qin Yuan, it has now become a naked threat.

Qin Yuan, watching all this from the side, didn't know how he should behave.

However, he still did it for his good brother, and Jason felt happy.

After all, a big problem has been solved. Jason can finally relax this time. Otherwise, he would have been worried about what his good brother should do.

Jason was also smiling after seeing these two people.

Naturally, I felt a lot more relaxed.

Qin Yuan smiled. He also felt happy for his good brother. The most important thing was that he felt some unprecedented threats.

"Mr. Norman Karim, thank you so much for helping us arrange so much."

A Kun and A Ming, the two of them now feel as if they were lucky enough to survive after a great tragedy.

"Boss, Mr. Norman Karim has indeed helped us. Not only did he bring us two out, but our ships have also been arranged. Nothing will happen to the other party."

"Where's the boat and the others?"

Norman Karim said from the side.

"Jason, you don't have to worry so much, I won't threaten you with your ship.

I know that it is not easy for you to have a daughter. Your remaining brothers and your boat have now been returned to the shore.

Some of the evidence on the ship has long since disappeared.

Because, before I bring the boat back to you, I have already found someone to help you clean it from the inside out.

The places that need to be repaired will be repaired for you.

If you are tired of living here, you can take your brother back at any time to continue your business and sneak back and forth.

Don't worry about me, I don't care, the more mess you make this place the better.

Chaos is the ladder, and troubled times are the stage. "

Qin Yuan watched Norman Kalim's arrangements from beginning to end, and he suddenly felt very stressed.

Jason's gratitude to Norman Karim is now beyond words.

"Mr. Norman Karim, I don't know how to thank you. I can't repay you for your kindness. If there is any use for me in the future, I will go through fire and water without hesitation."

With Qin Yuan beside him, he was still a little panicked.

However, he was not worried about anything else, he was just worried about delivering the baby. He knew that people like Norman Karim would never make a loss-making business, especially at such a critical time.

"Mr. Norman Karim, I didn't expect you to be so generous in arranging all this. Aren't you afraid that Hassan will settle the score with you when he comes back?"

"What's wrong? Qin Yuan?"

Could it be that you are unhappy after I arranged everything about Jason?

He already regards you as his best brother. Even if he is saved and all the problems are solved, he will not betray you.

Young man, you don't have to worry so much.

Isn't it a bit unfounded? You keep saying that you two are good brothers.

Until now, you still don't believe that he will pay a lot for you.

Chapter 2080: Betrayal witnessed

Jason saw with his own eyes the betrayal of the two good brothers around him, A Ming and A Kun.

He is now in a very confused state.

He never imagined that the two brothers who had been with him for so many years would betray him. This was something he could not even imagine in his dreams.

A Kun and A Ming are the most loyal brothers among them.

He would betray himself in front of everyone, especially Qin Yuan, which Jason couldn't accept. At this moment, he felt like he was in a dream.

These things are all fake and unrealistic, there is no way to think of this situation.

It was even more impossible for him to imagine that the more dangerous the situation was, the less he knew how to make a choice.

Jason calmed down and settled down.

"Akun, Amin, can you two explain clearly what are these problems going on now?"

What happened and why is this happening?

I really can't accept the situation you two are in now.

Please explain to me carefully, you two, you can choose to go with other big brothers.

I don't have any objections, but I hope you two can tell me in time.

What is your reason for doing this? Did Norman Karim force you, or did he give you more money? I think we have known each other for so many years.

Our brotherhood cannot be replaced by anything.

Now, you have given me such a result, which is really a wake-up call.

Gave me a painful blow.

I hope that you two can think it through for me and explain to me the reason for all this.

As long as you two say it, I can accept it.

However, you can't just leave me with no topics to talk about and just let me think about these things in silence.

I think this is really inappropriate.

Moreover, after knowing each other for such a long time, don't you have any idea at all?

There is nothing you want to tell me. When did this happen?

Today, you came here just to tell me.

You have joined Norman Karim's camp and have completely forgotten about me, the big brother. Then have all the things we have said and experienced together been in vain?

Don't you care anymore?

I can't imagine that a person can change so much.

If you two really feel that none of this is appropriate, you can give me a definite answer.

I don't want to be confused like this. I hope the relationship between us is relatively stable.

The more this situation happens, the more I have to believe you, it is impossible for you to do such a thing.

However, the facts are now in front of us.

Qin Yuan, they are all here, everyone is here.

You used to mind that the relationship between Qin Yuan and me was particularly good before, but now you have nothing to say.

I think we have a good relationship, but in the end, you still betrayed me. "

Jason said so many words in one breath, he really couldn't accept the sudden change.

"Boss, I can only say that people are in a world where they can't help themselves."

The woman Sophia walked up to A Kun and A Ming casually and stared at them.

"What does it mean to be involuntarily?"

From what you two are saying, it sounds like Mr. Noman Karim is forcing you.

I feel that one cannot be so heartless as a human being.

He has agreed and has already given you all these benefits.

In the end, are you going to regret it because of this little thing? You all pee standing up. "

An Ran and Qin Yuan looked at each other and they didn't know what the situation was. They didn't know how to face it. Anyway, they only knew that Jason was very broken.

“Jason, as far as I know, Mr. Norman Karim never likes to force others into difficulties.

If this is the case, I think you should reconsider your relationship, especially in a complicated situation like now. ”

Qin Yuan had tried his best to comfort Jason's injured heart.

"Wait a minute, I have already said everything I should tell you about this matter. If you still don't agree, then no one can help you solve it.

The situations we see now have all been determined.

It's up to you whether you dare to face it and believe it.

A Kun and A Ming are not necessarily betrayers.

Good birds choose trees to roost in.

There's nothing wrong with what they did. Jason, you should also think about what's next.

Especially, in this situation, they all have their own considerations.

We cannot force others to do something.

Now that you already know that these two brothers no longer share the same mind with you.

Then I think there is no need to dwell on it.

They followed Mr. Norman Karim, which was also a very good choice.

After all, Mr. Norman Karim is extremely powerful and has great hands and eyes.

In the country of Pakistan, they can only guard the sky, and what others want to say is their business.

There is no need for us to interrupt or say these things. Anyway, I have already told you these things, so don't think about anything else. "

Qin Yuan's attitude has been very obvious. Now that they have found a traitor before everything is determined, it is better than jumping out at the critical moment.

At this time, Jason stood there and sneered blankly.

"Hmph~"

"Boss, please don't scare us like this, okay?"

"Now that you have made your own choice, there is no need to call me boss. The relationship between us basically comes to an end today."

"Our choice to follow Mr. Norman Karim does not necessarily mean that we want to betray you.

Can you not be so persistent?

If you are willing to join Mr. Norman Karim's camp now.

We still can work together.

None of these things will be delayed, and in the future our business will be done as we want. Mr. Norman Cali will not make us look bad.

He also said that he plans to open an international navigation route from Pakistan to H in the future.

We specialize in maritime business and we have experience in this area.

Moreover, after traveling between the two countries for so many years, he would not hesitate to leave this business to us.

We have independent rights and no one will interfere with us. Isn't this good? "
