

Special Soldier 211

Chapter 211: Can't afford

Speaking of this, Fan Tianlei's voice suddenly increased:

"But according to our investigation, the real situation this time is that there are other hidden secrets. The 13 crew members who were tortured and killed were not veterans, but somebody used them to get out of themselves!"

"We have received the tip that in the Silver Triangle, there is a batch of drugs being traded that have been hacked by others, and the number of this batch of drugs happens to be 900,000!"

"Obviously, our crew has become a scapegoat for others, and they were directly abused and killed by these people!"

Speaking of this, Fan Tianlei's voice was about to turn into frost, and the people of the red blood cell team also ignited endless anger.

At this time, Li Erniu could no longer sit still, and he stood up and said to Fan Tianlei,

"No. 5, you can give the order directly. Let us go and see who did these things. I want to take off his head!"

"Yeah, this is **** vengeance, and I have to report it."

Song Kaifei also said with a look of indignation, and although He Chenguang and Wang Yanbing did not speak, the murderous look in their eyes could no longer be restrained.

Seeing everyone's reaction, Fan Tianlei whispered:

"Everyone is quiet, let No. 1 release the task for everyone!"

At this time, Gao Shiwei, who was on the big screen behind, said coldly when he saw the crowd like this:

"The capital has already sent relevant personnel. They are going to dive directly into the Silver Triangle to investigate this matter. However, considering the danger of the Silver Triangle, the anti-narcotics police applied to us for assistance. In the afternoon, you will set off for the entire army and go directly to the border area of Nanzhao. !

And your task this time is to work with our country's anti-drug officers to bring this drug maker named Nuoka back to our country alive for trial! We want him to confess his crimes!"

Although bringing Nuoka back was also the result of the execution, but in this way, it was able to show the strength and determination of our country like in the world!

After saying this, Gao Shiwei slapped the table sharply and said loudly:

"It's a secret joint operation, codename, Meigonghe!

"Yes!"

At this time, all the members of the red blood cell stood up instantly and saluted Gao Shiwei on the screen!

"Everyone packs up their equipment and prepares to set off in the afternoon, Qin Yuan, you stay."

Fan Tianlei said to everyone at this time, but Qin Yuan stayed.

Gao Shiwei in the screen said with a serious face:

"Qin Yuan, I can only ask you this time. After all, the silver triangle is complicated in form, and all forces exist. Only people like you can surely bring people back."

"Yes! Guarantee to complete the task!"

At this time Qin Yuan also said with a serious face, but when he saw Qin Yuan's appearance, Gao Shiwei sighed:

"This time, what you have to face is not just poisonous rice, but these poisonous rice have a lot of relationship with the high-level officials of the Nian, Ning, and Tai. So at the critical moment, you are not only Faced with these people, you will even face the regular army!"

Qin Yuan's eyes condensed, he had already thought of this.

Seeing Qin Yuan's calm appearance, Gao Shiwei nodded, and then continued:

"Moreover, this time, we have another secret task for you! That is to find the real man behind these poisonous rice, boss!"

Qin Yuan was really shocked at this moment. He didn't know much about Meigonghe before. Isn't this Nuoka a real black hand?

Gao Shiwei sighed: "As the so-called wealth is moving, you think that this so-called three-no matter how the zone prospered is naturally supported by someone. We destroyed a Kunsha more than ten years ago. For this guy, We sacrificed so many people, but Kunsha was arrested in Taiguo prison. Now he eats deliciously there, and can even call the wind and the rain! Our people are dead in vain!"

With these words, Gao Shiwei slapped the table suddenly.

Fan Tianlei whispered to Qin Yuan:

"That time, a comrade-in-arms of No. 1 died in the action."

Qin Yuan's face remained unchanged, and Gao Shiwei directly reminded Qin Yuan at this time:

"If the situation changes, I would rather kill Nuoka directly than put him in the hands of other countries!"

"understand!"

"Furthermore, I also suspect that there are other people behind this Kunsha, and our suspicion target is the international broker Minden who has crossed before!"

Minden!

Qin Yuan's eyes suddenly stared when he heard this voice!

When he was in Africa before, Qin Yuan didn't meet Min Deng, but he killed a man named Zai!

And this guy named Zai is obviously from the Silver Triangle!

At this time, with this voice, Qin Yuan's mind also directly rang a voice:

"Ding Dong, the system will release the task, complete the operation Meigonghe, according to the completion status, reward the grid!"

"Level b, reward a grid!"

"Level A, reward two grids!"

"S-level, reward three squares!"

Hearing this prompt, Qin Yuan's eyes showed a sneer.

It seems that even the system is reminding Qin Yuan how uncomfortable this matter is.

"Well, No. 1, this time, I'm going to fight! In case there are any consequences, you have to bear it for me."

"Don't worry, go boldly! But one thing, even if the mission fails, you have to come back alive, understand!"

Gao Shiwei said very firmly.

After hearing this, Qin Yuan also showed a smile and left the room directly.

At this time, looking at Qin Yuan's back, Fan Tianlei looked at Gao Shiwei with a little worried:

"No. 1, you also know what kind of person Qin Yuan is. Let him let go of his hands and feet this time, I'm afraid..."

For a guy like Qin Yuan who has to make a three-pointer for nothing, this time he got the approval of Gao Shiwei, and then even Fan Tianlei could not imagine it!

"It's okay, to be honest, this time as long as it is to win the Nuo card, it is my selfishness to let him continue the investigation. Since it is my selfishness, then I must bear the consequences, no matter what Qin Yuan did, I will bear it for him!"

Having said this, Gao Shiwei directly took out a photo, looked at the smiling man on it, and gritted his teeth:

"Old squad leader, wait, this time, it's time to avenge you!"

Seeing Gao Shiwei's appearance, there was a sentence in Fan Tianlei's heart.

You just said you want to take care of Qin Yuan, but there are some things, even you, I am afraid you can't afford it!

Chapter 212: purpose

,

At 3 o'clock in the afternoon that day, a helicopter with the words "Detective Investigation" landed directly on the apron of the Red Cell Base.

And Fan Tianlei had been waiting here for a long time with Qin Yuan and others.

As soon as the plane stopped, a man walked directly off the plane.

The man is not tall, and he is not too young. He looks thirty-four or five years old, his face is dark, but he has a kind of majesty that is not angry and majestic.

When I walked on the road, I was full of vigor. It was obvious that my skills were not weak. At first glance, I saw the investigators who are often active on the front line!

And this time the two sides cooperated, he was the main person in charge. This person walked directly in front of Fan Tianlei, and first paid a military salute to Fan Tianlei. This was a serious statement:

"I'm Gao Gang, the captain of the Kyoto investigation team, hello! This time, I'm going to trouble you!"

Fan Tianlei also paid a military salute, and then the two shook hands with each other. Gao Gang was not a difficult person to get along with. The two exchanged a few words, and then Fan Tianlei directly introduced to Gao Gang:

"I know your mission is urgent, so I won't keep you anymore. This is the captain of the red blood cell, Qin Yuan. You two can communicate more on the plane."

Gao Gang nodded and smiled when he looked at Brother Xu, and saluted Qin Yuan:

"This time I will ask Captain Qin!"

"Be polite, cooperate with each other, as it should be!"

Qin Yuan also laughed, and Gao Gang said when he saw this situation:

"The situation is urgent, so I won't say more about these extra words. A few people will follow me on the plane. I will explain the next thing in detail on the plane!"

Fan Tianlei also nodded, and then Qin Yuan took the red blood cell team directly and boarded the helicopter!

After boarding the plane, Qin Yuan discovered that there were already several heavily armed personnel on the plane, obviously from the investigation team.

Moreover, there is a beautiful girl inside.

The plane departed soon, and Gao Gang looked at the people sitting on both sides and said to everyone:

"Come on, let me introduce to you. These are members of the special operations team of the Spike Special Operations Base and the Red Blood Cell Squad! And these few are members of the investigation team that have been with me for many years. This is Erlang, Nezha, Jupiter, quickly Yitong, the master, and this beauty is the sister of the master, named Guo Bing."

"Hello everyone! I'm Captain Qin Yuan!"

At this time, Qin Yuan introduced himself, and then the members of the two sides introduced each other.

Sitting across from Guo Bing heard Qin Yuan's name, he was taken aback for a moment, and then said directly:

"This name is a bit familiar. It seems to have been heard in the military bulletin."

"That's right, the one in front of you is the team that participated in the evacuation operation in the Philippines before. They are really masters who rushed out of blood and fire!"

Gao Gang explained to the team members, and hearing this, the members of the anti-drug team were a little surprised.

"These are all things in the past, now we still have to look at it, oh, yes, I don't know what the code name of Captain Gao is, you gods and demons, you are very powerful!"

Qin Yuan said with a smile, now that the two people have just met and they have to go through a certain period of time, so they took the initiative to say jokingly.

"Hey, our captain, that is one of the four famous blacks, Bao Gong!"

Gao Gang flushed a little when he heard this, but fortunately his face was dark and he couldn't see it.

"Okay, now everyone knows you, I will give you a detailed description of the ins and outs of this action!"

Then Gao Gang re-described the cause and reason of this action, adding some details that Fan Tianlei did not mention, Gao Gang said to everyone:

"This time the situation is more severe. After all, the place we are going is the Silver Triangle, which is a paradise for criminals, but don't worry, I have a domestic cohort who has been there for many years. He can help us open the situation. This is him. The information on the local poisonous rice sent over, and this time, what we caught was the biggest poisonous rice, Nuoka!"

After that, everyone nodded, and then began to circulate the information.

These materials are very clear, clearly marking the distribution of forces and personnel planning in the entire Silver Triangle.

But after seeing the above information, He Chenguang said hesitantly:

"Team Gao, the other poisonous fans are fine, but the information on this Nuoka is a little bit scarce, you see, the photos are all ten years ago."

Hearing He Chenguang's doubts, Gao Gang said helplessly:

"This is already the most detailed information we can find. Nuoka, this guy is treacherous and cunning. Have you ever heard of a poisonous king Kunsha more than ten years ago?"

"Kunsha?"

At this time, the people with red blood cells shook their heads. After all, when this person was rampant, they were still young.

Gao Gang saw this situation and said to everyone:

"At that time, Kunsha was so powerful that it was even able to withstand the pursuit of the Noodle country. In the end, our four countries directly united and captured Kunsha together. At that time, Kunsha was forced to surrender like the Noodle country. It was Kun Sha's subordinates at that time. He gathered most of Kun Sha's forces and learned Kun Sha's lessons. He acted very carefully. Although he had been active, he had never heard of him. This is the only one. This picture was taken from an international organization."

Hearing this, everyone inhaled air-conditioning. From this look, the power of this glutinous card should not be underestimated!

And when everyone was silent, Qin Yuan, who had not spoken, asked directly to Gao Gang:

"Where is that Kunsha now?"

"Kunsha? Well, it is said that he is now in the prison of Mianguo and has been in prison."

Imprisonment?

When everyone heard this, they were surprised.

Such a big poisonous meal is actually imprisonment?

Everyone thought well, saying it was imprisonment, that is, just changing a place and spending time and money.

Criminals like Kunsha would have been shot a hundred times if they were placed in the country of Yan, and the country is not without death penalty. This state of imprisonment can already explain the problem!

"This is the internal affairs of Noodle Country, and has nothing to do with our actions this time. Our main purpose now is to arrest this Nuoka!"

Gao Gang said to everyone at this time, this is a matter of facing the country after all, even if they can't see it, there is no way.

"Our main purpose now is to deter those people, so that they dare not take action against our citizens!"

Qin Yuan said in a deep voice, and when he heard Qin Yuan's words, Gao Gang was silent for a while, then a smile appeared on the corner of his mouth and nodded:

"Yes, our purpose is to make those people afraid of us!"

The two men reached an agreement and both smiled.

Chapter 213: secret

After a short while, the helicopter stopped at one place.

This is the boundary of the Silver Triangle. Although the Four Nations Federation has been formed because of the Meigong River incident, Gao Gang's investigation team can directly enter the Silver Triangle through a serious way.

But now that he knows that there is something tricky in it, Gao Gang will naturally not enter the Silver Triangle in this way to prevent it from screaming.

And after everyone got off the plane, soon, a man driving a jeep came here. The jeep was obviously modified, the power was not small, and a beautiful drift. The jeep stopped in front of everyone!

At this time, the guy sitting in the jeep walked down directly. This guy is wearing a beach scarf, a sunglasses, and a beard on his mouth. It is the trendy guy that urban women are looking for now!

This trendy guy looked at so many people, but said with a smile:

"Wow, you have so many people here, and I didn't tell you in advance. I can't get you in this car."

But Gao just wanted to speak, but this guy said first:

"Wait a minute, don't you introduce who you are, I have to guess who is my old friend!"

Then this guy patrolled around, took a few glances at Qin Yuan's face, and then said to Gao Gang:

"Well, it looks like you are!"

"How do you know it's me, do I look like a leader!"

Gao Gang stretched out his hand to this man, while Qin Yuan on one side said:

"What else can it be, because it's black!"

"Hahaha!"

Hearing Qin Yuan's words, this person suddenly burst into laughter.

However, Gao Gang was depressed, he regretted that he had chosen such a highly recognizable code name.

Isn't it just getting darker, as for saying so every day?

The trendy man stretched out his hand directly towards Gao Gang: "Hello, I am Fang Xinwu!"

"Gao Gang!"

After the introduction, Gao Gang said excitedly:

"I have received information from you for so many years, but have never seen each other. Now I can see you!"

"I just knew you were dark, but I didn't expect you to be so dark!"

Fang Xinwu said, but still hugged Gao Gang.

The two of them have been working together for a long time, and they are already old friends!

Although they haven't met each other, they have an unprecedented kindness.

After greeting, Fang Xinwu asked Gao Gang:

"Are these all your subordinates?"

"Of course not, this is the captain of the red blood cell team, Qin Yuan!"

Qin Yuan also shook hands with Fang Xinwu directly, but Fang Xinwu glanced at Qin Yuan's appearance, but said:

"Seeing you are so young, I thought you were here to experience life!"

When Qin Yuan heard this, he didn't say much, but when shaking hands, the strength in his hand slightly increased.

"Ok?"

Fang Xinwu's heart moved, the look in Qin Yuan's eyes also changed, and his hands also increased a bit.

But what shocked Fang Xinwu was that no matter how hard he tried, it seemed as if he was pinched on a piece of iron, not moving.

Xinwu was a bit embarrassed at this point. He looked down on Qin Yuan, but now he was not Qin Yuan's opponent.

Seeing this situation, Qin Yuan took the initiative to let go. He knew that the guy in front of him was definitely not a bad person, and there was no need to have trouble with him.

Sure enough, after feeling Qin Yuan's kindness, Fang Xinwu was also relieved, and after that, he became enthusiastic about Qin Yuan a lot.

"Okay, I'll talk about other things later, but this time I didn't bring enough cars over, so you can only figure out how to get to my den. Is there a problem?"

Fang Xinwu said to the two, while Qin Yuan and Gao Gang both shook their heads.

The members of the red blood cell team and the investigation team are not spoiled children. This little thing can still be done.

After arranging the personnel, Qin Yuan and Gao Gang got directly into Fang Xinwu's jeep.

After half an hour, the jeep drove directly on a country road.

The surrounding scenery is quite good, the whole hill is reflected in a piece of green, which makes people very comfortable to see.

Only feeling the bumps of the vehicle, Qin Yuan couldn't stop frowning, and said to Fang Xinwu:

"Your car, should it be overhauled?"

"Do you know cars too, my car has been modified, so it looks a bit bumpy, it's okay."

Fang Xinwu is still very confident about his own car modification skills, but Qin Yuan shook his head and said to Fang Xinwu:

"This is not a problem of refitting. The sound of your car is a bit wrong. If you don't fix it well, it may break down."

Qin Yuan has acquired jeep driving skills before, and he still has a certain understanding in this regard. After all, people who drive well are always better at repairing cars.

"Alright, listen to you, if I have time, I will take the time to check it out, but you are so young and a special soldier, why do you know so much about cars?"

Fang Xinwu casually agreed, obviously not hearing Qin Yuan's words in his heart.

And Qin Yuan also shook his head, and said faintly: "It's a personal interest just like you."

Fang Xinwu curled his lips slightly, but said nothing.

At this time, many people appeared on both sides of the small road, all of them were carrying bamboo baskets on their bodies, but what is more surprising is that most of the people here are physically disabled.

Seeing how curious the two people looked, Fang Xinwu took the initiative to say:

"These are the people I hired. They were forced to plant by those poisonous rice in the past. If they resisted a little bit, they would be cut off directly. Although the days are still a bit hard, they can at least survive. ."

Both Qin Yuan and Gao Gang sank in their hearts. Looking at the smiles on these people's faces, it was hard to imagine what kind of **** these people came out of.

And Fang Xinwu also slowed the car down, and people around him greeted him from time to time:

"Mr. Chiff, come back and pull!"

"Well, I'm back. Bring two friends to me to have a fun today. Oh, yes, there will be a movie tonight. Remember not to be late."

And the woman gratefully said to Fang Xinwu: "Don't worry, Mr. Qifu, I won't be late."

Seeing the undisguised gratitude in the eyes of these people, Qin Yuan also nodded. The environment here is so bad. How long can Fang Xinwu be active here will never be easy. If there is no belief that belongs to him, I am afraid it would have been long ago. Can't support it anymore.

But Qin Yuan didn't want to ask, after all, this was a secret in Fang Xinwu's heart.

Chapter 214: Have seen

Soon, Fang Xinwu took them to his own secret base. Without saying any nonsense, he started to introduce the situation directly.

In the room, a blackboard is hung on the wall, on which is the composition of the Nuoka organization, and the pictures are connected, which is extremely complicated.

Qin Yuan had accepted Fang Xinwu's information before, so he was not unfamiliar with these people, and Fang Xinwu said directly:

"I have sent you a copy of the information. I think I don't need to say any more. I will explain to you a few important people again."

After saying this, Fang Xinwu pointed to a person with a scar tattoo on his face and explained to the two of them:

"This guy is called Weng Sha. He is Nuoka's capable man. This guy is extremely vicious and is Nuoka's number one thug! Extortion, murder, and every evil."

"And this person is called Yida, responsible for shipping and trading."

"This guy with a righteous eye is called Sanji. He is responsible for money laundering and negotiating with people from the Three Kingdoms. By the way, you also know that Nuoka this guy has a lot of background. This time, we only Can rely on oneself."

Qin Yuan and Gao Gang both nodded. The situation here is more serious, which is why they sneaked into the Golden Triangle secretly.

"The next thing is the point. This guy is Yandopa, who is also Nuoka's subordinate. As far as I know, it was this guy who sent someone to steal 900,000 ice noodles, which led to this incident."

"Now that he has been caught by Puza, he may be a breakthrough point for us to understand Nuoka."

Having said this, Fang Xinwu pointed to a black man again, who was the second poisonous meal in the Golden Triangle!

In general, this time, as the boss of the Golden Triangle, Nuoka's subordinate Yandopa stole the drugs that her second child was throwing over. After the incident was revealed, the boss of Nuoka was unwilling to admit it, so she simply took This matter was planted on the people of Yan country.

Moreover, Nuoka himself was dissatisfied with the forces of Yan Guo people who invaded him, and also took this opportunity to directly kill the 13 Yan Guo crew members, which is also regarded as a slaying!

What Nuoka didn't expect was that he had already set up his plans and wanted to press down this time, but it was because of the protests of the people of Yan Guo that he failed, and this matter was completely upset!

Now a four-nation federation has been formed to deal with Nuojia, making Nuojia a little bit burnt.

Qin Yuan frowned and said, "Can't we find Nuoka's base directly?"

"Of course there is no way. This guy is extremely careful. The only photo was taken 10 years ago. How can we easily find his base? If we can find his base, we don't have to work so hard."

Fang Xinwu explained, and then said to the two of them:

"Now our only clue is this guy!"

Fang Xinwu directly clicked on the photo of Yandopa, and then said to these Qin Yuan and Gao Gang:

"Now this guy has almost been given up by Nuoka, so he is on the turf, if we can rescue him, maybe we can know where Nuoka is from his mouth?"

"Where are we going to find him?"

Gao Gang asked, and Fang Xinwu pointed to the map on one side:

"This is it!"

Qin Yuan raised his eyes and saw that it said Evil Peninsula!

"This is the development zone of the entire Golden Triangle, under the common jurisdiction of the three countries, but you also understand that corruption will be extremely serious in a place like this with many orders, so this place has become a paradise for criminals. There is a casino in this place, and Rocktopa is now locked here."

"Well, just act directly!"

Qin Yuan said to Fang Xinwu, but Fang Xinwu was taken aback and said to Qin Yuan:

"You are crazy. Although Poza is only the No. 2 Poison Rice of the Golden Triangle, he has hundreds of subordinates. Are you planning to go in and grab people?"

Gao Gang also looked at Qin Yuan speechlessly, and then persuaded Qin Yuan:

"After all, we sneaked in secretly this time. If we can't make a big mess, it's better not to make a big mess."

Qin Yuan looked at the two of them and said helplessly:

"Then you have a better way?"

Fang Xinwu looked serious:

"I know you are going to deal with this guy, so I bought someone in advance. By noon tomorrow, you will have a chance to act. This pompous casino needs supplies. So at noon, there will be a special transport beer. The box truck is stopping here. The plan I designed for you is to find Yandopa directly within these 15 minutes. After he is rescued, he will use this beer-carrying trolley to escape!"

"But you have to pay attention, you only have 15 minutes from start to finish. If you exceed this time, my people will be in danger, so no matter whether the action is successful or not, you must come out within 15 minutes!"

Hearing Fang Xinwu's plan, Gao Gang nodded, and since the other party already had a plan, Qin Yuan had no objection.

Gao Gang said to Fang Xinwu:

"Well, in this case, Captain Qin and I will enter the casino together to see if Yan Duopa can be rescued."

"Remember, in this action, the international community has already targeted my country. It is not a last resort. It is best not to disturb the local police and expose our identity!"

"OK!"

Qin Yuan also understood that this time the situation was special, so naturally he agreed.

When Fang Xinwu saw that the matter was finished, he said to the two of them:

"Well, now the plan has been made. I won't participate in the action of the two of you tomorrow. Will you watch a movie with us tonight?"

"Okay, let me ask where my team members are."

Gao Gang walked out at this time, wanted to make a call, but when Fang Xinwugang wanted to go out, Qin Yuan directly grabbed the opponent and took out a photo:

"I want to ask you something, have you seen this person here?"

And in this photo, it was Zai who Qin Yuan killed in Africa!

"This seems to have been seen... I feel a bit familiar..."

Fang Xinwu said hesitantly, but after hearing this, Qin Yuan's eyes narrowed:

"Where have you seen him?"

"I don't know, I think about it carefully."

Fang Xinwu recalled for a while, and finally clapped his hands, and said to Qin Yuan:

"I remember, I seem to have seen this person under Du Cha, the fifth-ranked!"

After hearing these words, Qin Yuan's face couldn't help but be overjoyed!

Chapter 215: World Class Thai

Du Cha is the fifth poisonous rice in the Golden Triangle and the weakest among the five poisonous rice.

"This guy Du Cha is relatively low-key and doesn't show up much. I just met each other by coincidence. This person was by his side at the time, but I had a strange feeling."

Fang Xinwu said hesitantly, thinking hard.

"What strange feeling?"

"It's this Du Cha. He seems to be very courageous. He doesn't have the boss's arrogance at all. On the contrary, he will listen to the people around him. This is a big taboo in the Golden Triangle!"

In this place of the Golden Triangle, it is not a place where the timid people can survive, especially a poisonous meal, even if it is the last poisonous meal, it is still very strange to have this situation!

But when Qin Yuan heard this, a smile appeared on Qin Yuan's face. Sure enough, the water here was so deep!

"Well, thank you so much!"

Qin Yuan patted Fang Xinwu on the shoulder and walked out directly.

Qin Yuan had received the news before, confirming that Zai was Minden's subordinate.

And Zai's identity in the Golden Triangle is the smallest poisonous meal, which is obviously very abnormal.

However, an old fox like Minden, Cunning Rabbit Sanku is normal, but anyway, it can be regarded as catching Minden's feet.

But Qin Yuan collected this photo. Although he caught a breakthrough, his main purpose this time was Nuoka!

Only when Nuoka was arrested and brought to justice, Qin Yuan had the opportunity to do what he really wanted to do.

At this time, the members of the Red Blood Cell Team and the Investigation Team were already here, but Master Guo Bing and others looked at Wang Yanbing and others as if they were watching a monster.

"what happened?"

Gao Gang saw the appearance of his team members at this time and asked curiously.

"No...nothing, I just think these people should be trusted, at least, they have good physical strength..."

At this time, the master Nono said that they arrived here by car, but at the beginning, there were not enough vehicles, so these people planned to walk with their legs first.

But where they are, it is more than 30 kilometers away from the destination. If they are walking on their legs, I am afraid they will have to go until dark.

Guo Bing, the weakest in physical strength, soon couldn't hold on. Fortunately, they met someone, spent some money, and rented a car.

But there is only one car, and at most there are five people in the car. The others still have to walk.

The people with red blood cells would have enough places to investigate the team. Originally, Master Erlang and others were embarrassed and planned to go with Wang Yanbing and others, but later, they couldn't hold on.

Because the physical strength of these people is almost unlimited, with equipment on their backs and a distance of 20 kilometers, moving forward at a constant speed, without any slowdown!

Are these people beaten with iron?

Wang Yanbing and the others also laughed secretly in their hearts. This time, it was a test of the results of their training. Every day they practiced that physical exercise to death. Naturally, this physical strength was inadvertently improved by a large margin.

Hearing what the players said, Gao Gang was also stunned. He also knew the strength of his men. These people could be shocked to this extent. This is enough to prove how abnormal the strength of these special forces teams is!

Looking at Li Erniu and the others, it seemed that they didn't even have much sweat, Gao Gang couldn't help but think, as the captain of these people, how strong is Qin Yuan?

But this is a good thing after all. The stronger the strength of Qin Yuan and others, the greater the chance of their success this time!

That night, Qin Yuan and others followed Fang Xinwu to show the movie to the villagers.

The way to play movies is very old-fashioned, just like the previous projectors, pull a screen, and then use the projector to put on it, and the picture quality is terrible.

But even so, those villagers still watch it very seriously, and laugh with the content of the movie from time to time.

At this time Qin Yuan and Fang Xinwu were sitting behind the crowd, looking at these people.

"It's hard to imagine that it is a real city dozens of kilometers away, and the people here are still entertaining in this old fashioned way."

Qin Yuan sighed. He looked at it just now and found that most people don't have electronic devices such as mobile phones. They have nothing at home except a few electrical appliances.

"These people are people who know how to be grateful. They have experienced hell. Although the days are a bit poor, they are at least comfortable. At least they will not starve to death after a year of hard work. ."

Hearing Fang Xinwu's words, Qin Yuan was silent for a while. Greedy can eat people. It is estimated that those poisonous rice will not care about these people. If they grow big, they will not grow food. And once the poisonous rice is not given to them Come for food, I'm afraid someone will starve to death.

"Well, don't think about it so much. If you want to survive here, do you have to do this? Every place has rules for every place. Whoever falls behind will be beaten. If we don't have those great men, we are probably similar to them ."

Seeing the expression on Qin Yuan's face, Fang Xinwu directly expressed relief to Qin Yuan.

And Qin Yuan also let out a sigh of relief, and said to Fang Xinwu:

"Okay, go back and rest. By the way, do you have any books or the like, pass the time."

"There are yes, but most of them are Taiyu and Woyu. Although there are translations, can you understand them?"

Fang Xinwu went through the boxes and found a few books and handed them to Qin Yuan.

"Then you don't have to worry about it!"

Qin Yuan finished these books and returned to the room.

Qin Yuan didn't want to read a book, but wanted to see if he could get the language of this place. Although there are people who can speak Yan Guo dialect, it would be too conspicuous for them if they only speak Yan Guo dialect. .

Qin Yuan directly received these books into the grid.

"Ding Dong~ Please start to choose the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class face language get world-class unlocking skills!"

"3, get world-class Taiyu!"

Seeing these three options, Qin Yuan couldn't help but was stunned. It's nothing more than talking too much. Why is there an unlocking technique?

What book did Fang Xinwu give himself?

But now Qin Yuan couldn't understand, he still had to choose a skill.

"System, I choose the first item!"

"Ding Dong, congratulations to the host for choosing to succeed and get world-class Taiyu."

With the beep of the system, Qin Yuan felt something more in his mind.

But Qin Yuan heard the movies being shown outside, and found that he still didn't understand.

It seems that this world-class Taiyu has only this level.

Chapter 216: Lost

It's like learning Chinese, but only Mandarin, but no matter how good Mandarin is, you still don't understand some local dialects.

Then Qin Yuan thought about it for a while, and he continued to raise this world-class Taiyu directly to the universe level!

In this way, not only the official language can be understood, but Qin Yuan can also understand some rural idioms.

Qin Yuan could also understand the sound coming from outside.

"This is actually a Taiguo version of a martial arts movie?"

Qin Yuan looked embarrassed. The protagonist of this story is a thief who knows how to open the lock. It has been widely spread, and the book Fang Xinwu gave him just now is the original work of this movie.

"No wonder I was able to obtain the ability to unlock the lock just now."

Qin Yuan said silently.

However, Qin Yuan got this skill in his hands afterwards. Although it is not very important, this skill can play a big role in some places.

"System, I choose the second item!"

"Ding Dong, congratulations to the host for his successful choice and obtain world-class unlocking skills."

Qin Yuan felt the unlocking knowledge in his mind and smiled:

"Maybe I can also guest-star in the thief in this movie."

Shaking his head, Qin Yuan looked at the book in his hand.

...

Soon, it was noon the next day.

Qin Yuan and Gao Gang took their men directly to the Eilai Peninsula and entered the small town!

Although it is a small town, it is extremely prosperous, and there are even many high-end hotels and other fun equipment.

Of course, the gap between the rich and the poor is very obvious. Some are dressed in high-end suits, and some are begging for food.

And there is a tall building in the center of the city, which is exactly the casino.

At this time, Qin Yuan and Gao Gang are assigning tasks to the players:

"Everyone who enters the casino needs to go through a metal detection door, so you can't bring any guns when you go in. In order to give gamblers peace of mind, there are no guns under your pouncer. Your task is to guard the outside. Whenever an accident happens, suppress those around those who have guns."

"This time the operation is a concealed operation after all, so in order to avoid disputes, we will use low-speed rubber bullets this time, as a last resort, do not kill."

Hearing Gao Gang's words, Qin Yuan also nodded, but for those with superb marksmanship, although it is a low-speed rubber bullet, it is very easy to kill others.

"Falcon and Flamingo, you two occupy the commanding heights. There is only one entrance and exit in the entire city. If something happens, leave us a passage!"

"Jiro, you use drones to give us eyes, cut off the other party's signal at critical moments."

Gao Gang also gave orders for a while, and then touched his police dog.

"Xiaotian is also the key. If we don't find anyone inside, let Xiaotian go in."

After the personnel on both sides had assigned the tasks, Gao Gang said to Qin Yuan:

"It's almost 12 o'clock. We only have 15 minutes in total. Within 15 minutes, as for the rescue of the hostages, the beer cart will take the people away."

Qin Yuanruo glanced at Gao Gang meaningfully, and said lightly:

"I'm afraid things are not as smooth as we thought."

Gao Gang naturally did not understand what Qin Yuan meant, so he comforted Qin Yuan.

"Indeed, although the opponent does not have guns, they are all desperadoes, and those with machetes and axes are also very cruel, so you must be careful for a while."

Qin Yuan nodded to express his understanding, but he didn't care about it in his heart.

For Qin Yuan now, let alone a knife and axe, even ordinary bullets can't hurt him. Even if these people come to 100, they are still sending food in front of Qin Yuan!

However, this place is the other party's territory after all, so Qin Yuan doesn't want to make things worse. If it causes a lot of chaos, it will attract the attention of others after all, and it will be very unfavorable for Qin Yuan to track down Mindeng's affairs. Up.

At this time, a message came from Gao Gang's phone. He glanced at Qin Yuan and said in a deep voice:

"The informant has already got the key to enter the infield, we can go!"

Qin Yuan showed a smile, and then several people got out of the car together.

...

Since it is a casino, especially a casino in the Golden Triangle, it is naturally different from ordinary places.

Love, money, never separate!

After Qin Yuan and Gao Gang entered the gate, there really was a metal detector, and after the metal detector, there was an entire gambling area.

Quite a few people were making loud noises here, and a group of women in cool clothes wandered back and forth among the crowd, screaming from time to time with anger when they were taken advantage of.

What's more, directly pull the guests to the side, and then directly hand them some ice noodles.

People here are precarious, and no one knows whether they can live through tomorrow, so when you are alive, you want to indulge yourself!

Gao Gang almost knew what Qin Yuan's character was during this period of time. For fear that Qin Yuan could not hold back seeing these things, he whispered to Qin Yuan:

"This is not domestic..."

But before Gao Gang said what he said, he saw Qin Yuan speak fluent Taiyu and said to the people inside:

"???????????? (redeem me some chips

Having said this, Qin Yuan also patted a woman walking past him.

Gao Gang:...

Damn you, aren't you from a special team, why are these flowers more proficient than me?

"Relax, we are out to play."

Qin Yuan saw Gao Gang's gloomy look and patted Gao Gang's shoulder lightly, making Gao Gang even more speechless.

However, Gao Gang was also relieved. Now, he doesn't have to worry about Qin Yuan's flaws being revealed by .

Soon, Gao Gang got the key to enter the infield from a somewhat bald informer.

At this time, Qin Yuan was at the door, playing Pai Gow while covering Gao Gang.

Sure enough, as Qin Yuan brushed a little skill and won some money, it attracted the attention of many people. Even the thugs guarding on one side were looking at Qin Yuan, thinking in his heart, yes Not to make a fortune with Qin Yuan.

Gao Gang tied a thumb to Qin Yuan concealedly, and then opened the door to the infield when everyone was not paying attention!

But after a while, Qin Yuan heard Gao Gang's nervous voice from the headset: "Something has happened, the target is not in the predetermined position."

When Qin Yuan heard this, he directly squeezed all the chips in his hand, and many people immediately followed Qin Yuan's betting!

But this time, Qin Yuan lost all of them, and could only leave here in a violent curse.

Chapter 217: anger

At this time, Qin Yuan walked to a hidden place, and then there were two thugs-like characters who directly dragged Qin Yuan into the infield.

Both of these people lost money. They were harmed by Qin Yuan, so naturally they wanted to teach Qin Yuan!

But as soon as he avoided everyone's sight, the disguised Qin Yuan instantly turned into a fierce tiger. With a light squeeze, he directly squeezed the necks of the two men.

Then, a guy dressed up like these people appeared, and this person was Qin Yuan.

And when Qin Yuan found Gao Gang, he found that Gao Gang was following a dog carefully. This dog was the previous military dog Xiaotian.

Feeling that there is someone behind him, Gao Gang's heart moved, he just wanted to do it, but Qin Yuan made a voice: "It's me."

Seeing Qin Yuan who was completely different from before, Gao Gang flashed a surprise in his eyes, but still whispered to Qin Yuan:

"I asked Xiaotian to search for the smell of that person, but the smell here is more complicated and it will take some time."

Qin Yuan looked at Xiaotian who was searching for the smell with pain and hesitation, and knelt down and touched its dog's head. For a military dog, the smell here is really a torture.

"It's too slow, I'll help you."

With these words, Qin Yuan directly activated his olfactory ability, and countless smells buzzed directly into Qin Yuan's mind, almost causing Qin Yuan to sneez, but he quickly held back. But soon, Qin Yuan directly smelled a **** smell in it, directly shielded the other smells, and pointed a direction.

"You, can you do it?"

At this time, looking at the direction Qin Yuan was pointing, Gao Gang was hesitant. Although he had heard that some people have a more sensitive sense of smell, they are not comparable to military dogs.

In such an environment, even Xiaotian, a real army dog, is not very confident. Could Qin Yuan be able to find the opponent so quickly?

But Qin Yuan hasn't explained yet, Gao Gang found that Xiaotian rushed directly in the direction Qin Yuan was pointing, and then Qin Yuan smiled at Gao Gang and followed him.

"It's actually true, is this guy so godly?"

Gao Gang quickly chased up at this time, and then the two of them discovered that there was a more hidden box here, and looking at the people around, it was obvious that they were all rushing guests. In the box, the music was noisy, and there were many people. He even injected ice directly into his body.

Qin Yuan was soon the person who locked the target. At this time, there was a strong black man holding a woman, smelling a plate of white noodles in the woman's hand with a face full of intoxication, and this guy was what they had seen in the information before. Flop!

On the other side, a man covered in blood is being hung up, and several younger brothers are using electric batons to execute him.

And this guy is Iwadopa.

Seeing such a situation, Gao Gang's heart tightened, because he had seen that Yandopa gave out a lot of air and entered less. I am afraid he will be killed in a short time.

They finally found such an opportunity. Of course, they didn't want to let it go easily. Gao Gang directly wanted to rush in, but Qin Yuan directly grabbed Gao Gang at this time:

"What do you want to do? Are you going to take it hard? Didn't you say before that I would not disturb them?"

"There is no better way, just do it!"

Gao Gang whispered to the headset, and then wrapped his scarf around his face.

Qin Yuan looked at this guy and understood that once he did it, they would be really dangerous.

But Qin Yuan didn't hesitate, he also surrounded his face.

He understood that Gao Gang could deal with those inside, so he stayed at the door and continued to be on guard for Gao Gang.

However, Gao Congo was agile as Qin Yuan expected, and immediately put it directly on the nearest poisonous rice, and then conveniently took an electric baton from this guy's hand. With a weapon in his hand, it was even more powerful. , Three hits, five divides two, and puts a few people down.

While sitting on the side, Puza saw this situation, and just wanted to stand up and shout, but was knocked out by Gao Gang with a stick.

Seeing that Gao Gang was already done, Qin Yuan was also focused on guarding him, but after a while, Gao Gang still came out.

But at this moment, Qin Yuan saw two people walking this way, and turned around to remind Gao Gang:

"Someone is coming, is it okay?"

But Gao Gang was also in a cold sweat, and said to Qin Yuan:

"Mother, they got a lock on this guy, I can't unlock it temporarily!"

Hearing such a voice, Qin Yuan's eyes widened, everyone had been rescued, but the lock couldn't be opened?

At this time, a voice came from the headset:

"Head, time is coming, have you rescued people yet!"

"It will be done soon, and proceed as planned!"

Although there is no time, Gao Gang certainly will not let go of the goal he has obtained. He rummaged for things from one side, and wanted to see if he could find something like a key wire, and pried the lock open.

Seeing Gao Gang's appearance, Qin Yuan said helplessly:

"There is someone at the door, you can block me first, and I will unlock it."

"Okay, hurry up!"

Gao Gang heard Qin Yuan's words directly picked up an electric stick from the ground, and walked out with murderous eyes in his eyes.

At this time, Xiaotian who was on guard outside also heard a low roar. Obviously, the poisonous rice also discovered that the situation was wrong here, and wanted to come around here.

Gao Gang gritted his teeth, and actually took the first shot, fighting with these poisonous rice!

He flashed from left to right, the electric baton in his hand was shining brightly, and he put down several poisonous rice directly, but he was not unharmed. After all, one person dealt with so many people, and he suffered a lot. Feet, if it weren't for Xiaotian to help him, I'm afraid he would already have a lot of color.

"how much longer?"

Gao Gang yelled at Qin Yuan in a low voice. In this situation, he can hold on for 5 minutes at most!

"All right?"

Yep?

Hearing Qin Yuan's voice, Gao Gang looked back and found that Qin Yuan had carried Yan Duopa on his back and was walking towards this side?

"This...Is this all right?"

Gao Gang said incredulously, and Qin Yuan said to Gao Gang speechlessly:

"I just want you to help me be warned, why did you rush out? Now it's all right, it's a surprise to them!"

"Me! Damn!".

Gao Gang looked speechless, who knew you opened the lock so fast?

Gao Gang really wanted to spit out fragrance at Qin Yuan at this time. He felt that although he had not been hacked to death by these poisonous rice, he was about to be **** to death by Qin Yuan. Who knew you had such an ability? !

Chapter 218: Reduce losses

,

At this time, Qin Yuan directly carried Yan Duopa on his shoulders, and then quickly ran out to the other side. Gao Gang saw this situation and hurried to keep up, but what made him even more surprised was that Qin Yuan backed With a strong man, he ran faster than himself!

Is this guy really carrying a person instead of a bag of cotton?

Yan Duopa is about to die, so Qin Yuan and two of them don't dare to hesitate. If this guy is too badly injured and can't be saved, their trip will be in vain!

And the large group of poisonous rice behind saw the pouch that had fallen on the ground, and suddenly understood that the two people were here to make trouble, so they shouted and started chasing them!

"Grab these two guys!"

"Kill them, don't let them run!"

"They may be Nuoka people, they can't let them rescue Yandopa!"

At this moment an angry roar came, these guys chased Qin Yuan and Gao Gang directly, and although they did not have guns, they had a lot of throwing axes in their hands, and they flew toward here!

Qin Yuan saw this situation and threw the Yandopa on his body to Gao Gang, but Gao Gang stretched out his hand to squeeze the wound on Yandopa's body, and immediately made Yandopa spit out blood. .

Gao Gang's eyes are almost straight at this time. If this kills this person all at once, they will be overwhelmed this time!

"You **** it!"

Gao Gang yelled at Qin Yuan, and then quickly helped Yan Duopa up.

But Qin Yuan ignored Gao Gang at this time, instead he took a bench from one side and blocked all the throwing axes!

Gao Gang saw this situation, and quickly seized the gap, and fleeing wildly with Yandopa.

With the screams of those little brothers, more people found out that something was wrong. A group of people chased here with machete and axe. Gao Gang watched the situation behind him at this time and issued an order to the walkie-talkie frantically:

"We are exposed, Jiro, can we still go out at the door?"

But at this time Guo Bing shouted:

"Head, they found something wrong and planned to seal the door directly by the bus. There is no way to get out the front door!"

When Gao Gang heard this, he immediately gasped. If this makes them really close the door, there are hundreds of people in the casino. They are covered with iron and can hit a few nails. It's really dead!

"Captain, rest assured, we won't let them block the door."

And when Gao Gang was in a hurry, He Chenguang's voice came from the headset.

At this time, He Chenguang and Wang Yanbing outside were staying upstairs, their guns had been aimed at the driver on the bus.

Only a soft noise was heard. Outside Erlang Guo Bing and others, they saw the driver driving the bus with flowers directly on his forehead!

After eating a bullet, the driver was beaten with blood all over his face, but because they used a low-speed rubber bullet this time, they did not kill him immediately.

However, these poisonous rice are still unlearned. A guy standing aside saw this situation and opened the door directly, pulling down the thug in the driver's seat, and went up to continue driving.

But this time, He Chenguang's eyes were cold, his muzzle moved lightly, with a bang, a bullet was instantly excited, and it came out directly from the eye socket of this poisonous rice!

This guy just struggled twice, then fell on the steering wheel and completely died!

Although it is a vulgar rubber bullet, in the hands of a master, a piece of paper can kill people, not to mention this kind of rubber bullet that can cause harm to people!

Sure enough, seeing that someone really died this time, those people were also panicked, and they couldn't help shouting:

"There is a sniper, let's avoid it!"

But even though He Chenguang cleared the position of the door, Qin Yuan said decisively:

"There is no way to go out at the door. They will definitely guard against it. Now the goal is serious injury! We can't go out from the door!"

"Jiro, help us find another way!"

Gao Gang yelled, while Jiro, who was operating the drone at this time, calmly observed the surrounding environment and said to Gao Gang:

"Head, rooftop! There is a steel cable, we can jump to another platform with a net bag! Guo Bing, at 11 o'clock, hurry up and drive to meet the head!"

Hearing this news, Gao Gang was immediately overjoyed, and then ran towards the roof with Yandopa.

And he looked back at Qin Yuan and yelled at Qin Yuan:

"Found the way, hurry up!"

But Qin Yuan looked back at Gao Gang:

"You go first, I'll break it for you!"

Just now Qin Yuan had to protect Gao Gang and Yan Duopa behind him, beating his hands and feet, and now Gao Gang is finally going to leave, of course Qin Yuan is about to let out this breath!

Gao Gang didn't hesitate, and directly dragged Yan Duopa away.

...

At this time, outside the casino, a few white cars drove directly on the corner of the street, and the cars were full of people.

These people are holding guns in their hands, looking extremely vicious.

At this time, a man with three black lines tattooed on his left face said to the younger brother around:

"Remember that our goal is to pounce and kill him directly!"

And the person who spoke was Weng Sha, one of Nuoka's Big Three!

Only after hearing Weng Sha's order, a younger brother on one side asked:

"Boss, what about Yandopa?"

Hearing this name, Weng Sha's eyes flashed a cold gaze: "Don't stop this guy, just get rid of it, this little thing can't be done well, the person who lost the card head should just die! "

"Yes!"

The younger brothers heard this and were about to get out of the car, but at this moment, Weng Sha suddenly saw a small green car in front of them and drove past them.

And this green car that is speeding by is exactly Guo Bing's support car!

Looking at this car, Weng Sha suddenly realized that something seemed to be wrong, and quickly stopped those men.

"No, it seems that someone else is also looking at Poza, let's take a look first!"

Weng Sha looked back around, and he realized that there seemed to be some people around him staring at the casino, and the location of some vehicles around him was a bit wrong.

At this time, he confirmed the guess in his heart, sneered, and planned not to do anything for the time being.

No matter who it is this time, he Weng Sha will round them up. When the two parties are killed and alive, he will calmly take the pounce off. Isn't this better to reduce the loss?

Immediately, Weng Sha directly asked his subordinates to come over and waited here. And he let a little brother directly follow the car.

Chapter 219: Completely finished

On Qin Yuan's side, he was playing while covering Gao Gang. After Gao Gang was on the rooftop, Qin Yuan turned around and closed the door of the rooftop with his backhand!

"Qin Yuan!"

Gao Gang looked at Qin Yuan in shock.

"Hurry up! This guy has a lame leg, and you can't run away after no one is broken. Don't worry, I won't get myself into the Jedi just for this."

Qin Yuan directly spoke to Gao Gang. Seeing that Qin Yuan didn't seem to intend to sacrifice his bravery, Gao Gang had to gritted his teeth and said loudly:

"You want to live, I'm still waiting to drink with you!"

After all, Gao Gang took Yan Duopa directly to the rooftop.

Then, just after Gao went up, Xu Fan directly blocked the door with an iron bar, then turned his head and looked at these thugs.

Seeing Qin Yuan's operation, those thugs were a little dumbfounded. Is this guy stupid? Although they can't pass this level, Qin Yuan can't pass it either!

Is this guy sick? Is it because I can't think about committing suicide?

At this time, Qin Yuan also looked at these people with a sneer, and then pulled out two axes from the chair in his hand, looking at these people with murderous intent.

"What? Didn't you guys chop me very happy just now? It's me now!"

Hearing what Qin Yuan said, many people knew Chinese and looked at Qin Yuan mockingly.

This guy must be crazy, thinking of counterattack, can he beat dozens of them alone?

"Kill this guy, go and chase Yandopa back!"

A little boss gave an order, and then these people rushed towards Qin Yuan directly, and Qin Yuan's mouth was smiling, and the whole person turned into a fierce tiger and rushed directly towards this group of people!

Qin Yuan's ant power and praying mantis fist broke out in an instant, and the poisonous rice at the front was killed directly, and a large group of people was directly smashed into the air.

However, after Qin Yuan hit a few people, he always felt unhappy in his heart. Although he had the power of ants and mantis fist, it was easy to deal with these people, but he always felt that there was no way to express the depression in his heart!

He looked at these people, but in his heart he always remembered the villagers whose hands and feet were broken before, and the 13 citizens of Yan country who were killed!

It's a bit too cheap to kill them like this!

At this time, it is better to see the blood!

Thinking of this, Qin Yuan looked at the axe in his hand and directly recovered the axe!

"Ding Dong~ Please start to choose the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class axe skills!"

"2, get world-class throwing skills!"

"3, get world-class axe manufacturing!"

Seeing these three options, Qin Yuan said directly to the system without hesitation:

"System, I choose item 1!"

"Ding Dong, congratulations to the host for his successful choice and world-class axe skill!"

And following the prompt of the system, Qin Yuan suddenly felt that there was a set of extremely delicate axe in his mind, and then he changed his hand to pick it, and an axe came directly into his hand, and the axe in his hand drew an extremely delicate trace , Nailed a person directly to the wall!

Blood spewed everywhere, this guy let out a scream, and Qin Yuan was another axe, this guy was quiet!

Cool!

Qin Yuan held the two axes in his hands, and he was finally able to vent his anger!

Qin Yuan looked at these people with a smirk on his face, his whole person was like a hedgehog made up of an axe, and he slammed into those people directly.

The power of ants is combined with world-class axe skills. These people have no power at all. This is a short corridor, and the people behind are still rushing up for unknown reasons.

And these people in front of them couldn't stop or stop them, and couldn't hide them. They could only watch their being slaughtered by Qin Yuan!

In just one minute, all the corpses in this entire corridor were corpses, and Qin Yuan's body was also stained with blood, looking like a demon **** coming out of hell.

Seeing such a situation, the legs behind the poisonous rice were so frightened that their legs became weak, and they shouted in terror, threw away the weapon in their hands, turned their faces and ran away.

Qin Yuan didn't chase the people who were running away, he felt more comfortable.

But at this moment, Qin Yuan's spider induction sounded suddenly, and then he raised the corner of his eyes, and suddenly found that a rocket was flying towards him. Qin Yuan's heart was startled. He was in a corridor. , I didn't expect these people to ignore the rockets directly!

Qin Yuan took a closer look and found that the one carrying the rocket was actually the one who had just been fainted by Gao Gang!

At this moment, Puzha saw the tragic sight, gritted his teeth and said:

"Kill him directly!"

When Qin Yuan saw that this idiot dared to appear directly in front of him, he smiled coldly, threw the axe in his hand directly, and smashed it on top of his head!

And the other axe hit the rocket directly!

With a bang, the rocket exploded directly!

This group of people was instantly bombed with no bones left.

This is a complete scare of the courage of these poisonous rice, even their boss has died, it is estimated that even if they are chased by them, they will not have the courage.

Qin Yuan snorted coldly, then found the bathroom and washed himself. Only at this moment, he suddenly heard a sound in his mind:

"Ding Dong, congratulations to the host for completing the hidden mission, eliminating the second poisonous rice power, and rewarding a grid!"

Yep?

Hearing this voice, Qin Yuan was still surprised. He didn't expect that there would be an unexpected surprise in killing these people.

After Qin Yuan washed away the blood from his body, he looked at a woman who was trembling on one side, and whispered to her, "Bring me a towel."

The woman tremblingly handed the towel to Qin Yuan. Qin Yuan wiped off the water on her body like a real guest. This was when she swaggered onto the rooftop and left directly.

At this time, the people around looked at Qin Yuan's leaving back, and looked at the **** corridors this time, feeling like they had encountered a legendary **** and demon.

This guy was not sent by the Moro **** to punish them, right?

However, the surviving people looked at the fragments that had been blown up, but they understood that starting from today, their second poisonous rice in the Golden Triangle is completely finished.

Chapter 220: Shock

At this time, on Gao Gang's side, he ran all the way with Yandopa, and a few people were chasing after him.

Gao Gang was afraid that Yandopa would be injured, so he didn't fight back, just tried his best to avoid it!

But fortunately, Guo Bing's car was already parked, and Gao Gang was relieved and took Yan Duopa directly into the car.

After receiving the person, Guo Bing suddenly stepped on the gas pedal, and the green car sprinted out in an instant, leaving only a few poisonous rice behind him cursing, incompetently holding an axe and cutting a few white marks on the car.

"Hello? Are you okay?"

Gao Gang had already anticipated that Yandopa's situation would be very bad, so he also prepared some adrenaline in the car, which can hold people's lives, and directly gave Yandopa a shot.

After the needle was inserted, Yandopa also breathed a long sigh of relief and felt a little more comfortable. This was the mood to ask Gao Gang:

"Who are you? Why save me?"

"We are....."

Gao just wanted to reveal their identities, but at this moment, the green car shook suddenly and the tires slipped!

Guo Bing glanced at the rearview mirror, his eyes widened and said:

"Someone is catching up behind!"

Gao Gang looked back and found that the person who caught up with him was Weng Sha!

At this moment, Weng Sha held a rocket launcher in his hand, with a grinning smile on his face, and pulled the trigger directly at the car!

After all, Weng Sha is not a fool, but he understands that these people from Yan Country must be looking for clues here.

Puzha caught Yandopa, which was torture at best, and asked Yandopa where the ice surface had been, and if the problem happened, he would kill Yandopa. For Nuoka, it was at best. Just lost some face.

However, if Yandopa fell into the hands of these Yan people, then it would be possible to expose Nuoka's position.

If Yan Nation invaded in a big way, they would really not be able to resist!

So Weng Sha made a decisive decision, gave up the kill, and went to chase Gao Gang!

In fact, Weng Sha did not have to run in vain, but Qin Yuan had already killed Puzha!

When it was said that it was fast, the rocket launcher in Weng Sha's hand was instantly activated, and the rocket flew directly towards Gao Gang's car with fire.

Gao Gang saw Weng Sha's movements in the rearview mirror, and he grabbed the steering wheel, and the car flicked its tail, so that he could barely escape the blow!

Even so, the rear glass of the car was directly shattered by the violent explosion. Gao Gang quickly took out his pistol and couldn't help but fight back!

But the gun in his hand was equipped with low-speed rubber bullets, which had no power at all and could not resist Weng Sha at all.

What made Gao Gang even more desperate was when Guo Bing yelled:

"Team Gao, the car is dead, and the rear tire was hit!"

Sure enough, Gao Gang saw that the tires behind him were on fire, and he couldn't hold on for long!

Seeing that the bazooka in Weng Sha's hand was about to shoot again, Gao Gang was calm, and just about to shoot to see if he could hit the opponent's driver, he saw a jeep flying out from one side. He directly hit Weng Sha's car!

The person here is a bearded man, Fang Xinwu!

Fang Xinwu directly smashed Weng Sha's car to the side, and then flicked his tail and headed towards the small green car that had broken down.

"What are you stupefied! Get in the car!"

At this moment, Fang Xinwu yelled at Gao Gang, and at this time, Gao Gang immediately reacted, and quickly unfastened his seat belt, and was about to walk into Fang Xinwu's car.

However, Gao Gang glanced at Yandopa who was sitting behind him, but his eyes widened suddenly, because he saw Yandopa's body was covered with blood, and a shrapnel directly penetrated the sofa behind, passing through his chest. !

It is estimated that it has pierced the aorta at once, and Yandopa is dead and can't die!

"Damn, this guy is dead!"

Gao Gang yelled incomparably collapsed. After so much thought, they didn't expect that Yandopa was still dead!

But at this moment, Weng Sha, who was in the distance, saw the two people's extremely angry look, and his face also showed a sneer. Since Yandopa is dead, there is no need for him to stay here.

Weng Sha directly exploded the head of the driver who had been unconscious, and then he sat in the driving position and wanted to leave from here!

Fang Xinwu and Gao Gang were both extremely angry. After so much effort, they didn't expect that the person they saved would still die!

But at this moment, they heard the sound of Weng Sha running away, and their hearts moved. Although Yandopa was dead, if they could catch Weng Sha, they would naturally be even more powerful.

At this moment, both of them were interested and quickly got into the car. Fang Xinwu stepped on the accelerator abruptly, intending to chase Weng Sha.

But at this moment, Fang Xinwu was extremely embarrassed to find that his car could not catch fire, and at this critical time, it broke down!

"Damn, what's the matter with you? Hurry up!"

At this time, Gao Gang watched Weng Sha run farther and farther, yelling anxiously!

"The car won't catch on fire!"

Fang Xinwu was also incomparably collapsed, and after Gao Gang heard it, he roared bitterly: "Qin Yuan asked you to check the car before, you didn't listen at all!"

Fang Xinwu heard this, but he had nothing to say. After all, he always thought that Qin Yuan was talking nonsense. Who knew what Qin Yuan said was true, and there was a problem with his car!

But now there is no way to be upset, they can only watch Weng Sha run away!

"It's all **** useless!"

Gao Gang said angrily, grabbing Fang Xinwu's neck and Fang Xinwu also said to Gao Gang a little angrily:

"How did I tell you before, only 15 minutes, only 15 minutes, you have to get out within 15 minutes, and now you are like this, my informants are almost exposed, you still have a face to blame me?"

Both of them have violent tempers. Now that something like this happened, both of them are actually at fault, but at this time no one wants to let it go!

Guo Bing, who was hiding behind, also looked anxious, but now she couldn't speak at all.

But at this moment, they suddenly heard a loud noise!

The three of them turned their heads to look, but they were surprised to find that Weng Sha's car was like being stepped on by a giant beast. The wheel suddenly got stuck in a big chunk, and the rear half of the car was bad I was beaten to a break at one point!

The vehicle immediately lost control and rolled over continuously. This time, the vehicle was completely scrapped!

Fang Xinwu and Gao Gang looked at this situation dumbfounded, their eyes filled with endless shock and doubt.
