

Special Soldier 2111

Chapter 2111: System: Help me block all monitoring equipment

After Qin Yuan heard what Sophia said, he suddenly realized.

Yes, instructor Gong Jian has been working hard for so many years and has never had any rebellious thoughts.

In the army, he has only been able to reach where he is today by working steadily. For so many years, his position has not been as good as that of Fan Tianlei. It is not easy for him to be where he is today.

"I am indeed a bit too selfish.

I never seem to consider other people's ideas and always impose my own ideas on others. I think it shouldn't be difficult to ask him to help me pass on the news to Fan Tianlei in a sneaky way.

I just never thought that this would be a piece of cake for me.

For them, it will be a very difficult problem to solve. Since this is the case, I have nothing to say. I still hope that someone can help me, Fan Tianlei.

He can't admit his mistake under any circumstances. If he takes all the responsibility so easily, even if I have a way to save him, I'm afraid it won't be possible.

I have to let him carry this matter to the end.

As long as they bite the bullet and don't let go, I don't believe they dare to impose any excessive punishment on a chief of staff. "

He Chenguang knew very well that Qin Yuan had some abilities.

Over the years, we have agreed with him that he is a very capable person, but we did not expect that he would dare to boast about saving Fan Tianlei in Haikou. This is really hard to believe.

"Qin Yuan, don't go crazy here in front of so many people."

"What's wrong?"

"You keep saying that you want to save Thor, and I can understand your feelings. Thor was imprisoned for us, and we have to save him. It's okay.

It's just that we are in Pakistan now. What methods do you think we can use to save him? I don't think we have such extraordinary abilities. "

Although Chen Jixiang is Qin Yuan's little fan, he is willing to believe no matter what Qin Yuan says, but this time, he also feels that Qin Yuan seems to be telling lies.

"Chen Jixiang, you brat, don't you believe me now?"

"Um...Brother Qin Yuan, let's be more realistic.

If we find a way to bring these two students, Professor Fang, back to Country H, we can successfully complete the task.

By then, even if we are negotiating with the higher-ups, we should have some bargaining chips worth talking about. Otherwise, no one will believe us if we talk empty talk.

I think what you said is a bit too exaggerated. The only way we can save Thor is to complete the tasks at hand and don't let others underestimate us. "

Qin Yuan sighed helplessly. He felt that none of the people in front of him believed in him. It was really sad.

However, it is understandable.

In the final analysis, the reason why Qin Yuan is so capable.

In addition to his own abilities, there is also the help of the system. If they knew that they had such a system that was like a golden finger, how could they not believe in his abilities?

At this moment, Jason suddenly received the message sent to him by Akun and Amin.

"These two guys are simply asking for death!"

Jason's sudden words made everyone turn all their attention to him.

Qin Yuan quickly walked to Jason's side and asked with concern.

"Jason, we have been discussing these things for such a long time and you have been silent. What happened? Why are you so excited all of a sudden?"

"look!"

Jason handed the message to Qin Yuan. He saw that it was from Akun and Amin. They were pretending to surrender. Mr. Norman Karim was actually helping them find clues.

"Why..."

An Ran was also very interested in the abnormal behavior of the two of them. He didn't know what they were discussing, so he hurriedly walked to the two of them and asked immediately.

"What's wrong with you two? You're looking sad."

"Stop talking about it yet."

Qin Yuan raised his head and glanced at Sophia, saying that he didn't want to tell An Ran about the matter for the time being, and he didn't want to tell Sophia publicly that after all, he was also Norman Karim's person.

No matter what, we can't let him know more news.

Sophia lowered her head and smiled.

"Qin Yuan, you don't have to be so guarded against me.

In fact, I have already been able to tell what kind of person you are. The reason why you are so secretive is because you are afraid that I will tell Mr. Norman Karim about your news.

Don't worry, I can tell you that you don't have to worry so much. I am not interested in any of these things.

What Mr. Norman Karim didn't ask me to do, I couldn't have done alone.

Therefore, no matter what kind of problems you have now, I will never tell him, it's just that you don't believe me.

I can also understand your feelings. Time and time again, I have not disclosed some of your information to Mr. Norman Karim. I hope you can understand.

This may be called people drifting in the rivers and lakes, and everyone can't help it.

If Mr. Norman Karim knew something about it and I concealed his information, I would die miserably.

Don't look at his gentle appearance. When he loses his temper, he shows the kind of calm fear. He can kill a person with a smile. Can you imagine such a scene?

Now that you see his appearance, you may not associate the original special forces member with him at all.

But this is actually the case, people are multi-faceted.

What you know about him is completely different from what he actually looks like.

Only I have been with him for so many years, and I know what kind of person he is. He has no feelings. Even if you are by your side, he will not have any true feelings for you.

However, he was able to treat his brothers very well. He once had a wise saying that he firmly believed in, that is, brothers are like brothers and sisters, and women are like clothes.

With fancy clothes like ours, you can change as many pieces as you want every day.

However, brothers are indispensable to him, and it is common for brothers to get in trouble.

Qin Yuan admires him very much. You seem to have seen Fan Tianlei in his youth and can satisfy one of his emotional needs.

That's why he wants you to join his camp, and he also values your abilities. If you can join his camp, he won't treat you badly.

No matter what kind of request you make, he will try his best to satisfy you. This is what I can promise you, and I hope you can think about it carefully. "

When Qin Yuan heard Sophia mentioning this matter again for no reason, he shook his head helplessly.

"Miss Sophia, you have said this in front of me many times.

I have reiterated this many times, and I don't want you to have any misunderstandings about me because of this, but I have to tell you.

No matter what, even if I am down and out, I will not join a camp like yours. There are no gray areas in my world, only black and white. "

Jason now saw the messages Akun and Amin sent him, and he was very nervous.

I never thought that the two brothers around me would choose this way of seeking death. They wanted to do some little trick in front of Norman Karim. It was like playing a big knife in front of Guan Gong.

"Akun and Amin don't know what happened to Mr. Norman Karim. I can clearly know that even if they take refuge with Mr. Karim, the other party will not completely trust them.

It's just a mouthful of food, but this is better than being with me and not knowing what kind of life I will have tomorrow. I am such a persistent person.

I have decided that Qin Yuan will be with him no matter what. This is also what I hope to encounter most. "

Sophia glanced at An Ran.

"You want to know about Akun and Amin so much, I can help you find out, but I think what Jason said is very reasonable, that is, no matter what the conditions are.

Akun and Amin, they will never be reused by Mr. Norman Karim. I am very sure of this, and in my opinion, many things are destined.

Even if I helped you find out about the two of them, Jason, I still think I need to ask A Kun and A Ming to come over, and you can have a good talk with them.

Don't have any other ideas. Mr. Norman Karim will die miserably if he finds out.

Over the years, he has been surrounded by people of all kinds. Do you really think that he can reach this day just like a simple girl? Just believe what everyone says.

It is absolutely impossible for him to entrust such people with important tasks to those who betrayed his elder brother. He just gave them something to do casually.

Just don't think too much, and don't take this matter too lightly. "

When Qin Yuan heard what Sophia said, he could basically understand that he probably meant something.

"Akun and Amin, they have their own choices, we don't need to interfere so much, and you know better than anyone else what kind of problems you will encounter next.

Whether Mr. Norman Karim believes in them or not is their own choice.

From the day they chose to betray Jason, they should have known that they would not be reused. "

Sophia nodded thoughtfully beside him, and he could see that no one was willing to listen to his explanation.

"Well, since you have already said this, there is no need for me to intervene more in front of you. I just hope that you should be more careful about these things."

At this moment, Qin Yuan suddenly thought of a very important thing. He needed to go out and meet Hassan!

"Sofia, just now you told us about Hassan. He has returned from the wilderness and is already in a hospital. I want to know which hospital he is in."

Sophia raised her eyebrows after hearing this.

"Qin Yuan, didn't you just say that you were not interested in this matter? Now you have taken the initiative to ask me. It doesn't matter. I won't exchange any chips with you.

I can tell you directly that when he and Efit came back, they were in the same hospital because it was the closest hospital to the suburbs.

Hassan dragged his tired body with great difficulty, and he must have found the nearest hospital if he could run back from the wild.

By the way, why don't you call yourself a living map?

No matter where you are, you can figure it out as long as you have a general understanding of the surrounding environment.

What kind of situation are you in now? Since this is the case, I won't advise you much. You should be able to understand what I mean. "

Qin Yuan could tell that Sophia, this girl seemed to want to make fun of him.

"Our club is surrounded by surveillance cameras, Mr. Norman Karim. He shouldn't take the initiative to stare at the surveillance equipment. is usually his assistant, and Amin helps him watch.

Qin Yuan, I have to remind you that you can think from your own perspective.

If Hassan comes back, the person he hates most will definitely be you and will not give you any more opportunities, and he will definitely have some revenge on you.

I advise you to think carefully about how to comfort his wounded heart. "

Qin Yuan smiled helplessly after hearing this.

"Thank you, Miss Sophia, for helping me analyze so much, but I still want to tell you that I just asked casually and have no plans to go out.

I don't quite understand what you mean by these monitoring devices. Mr. Norman Karim asked us to stay in this club, and we just need to stay here honestly.

Hassan hates me to the core, I don't care about these things at all, and I threw it in the suburbs, mainly because I wanted to test him.

I had no intention of harming his life at all. He had no reason to hate me. They wanted to tie me up in the suburbs and force me to cooperate with them. I have always been a soft-spoken person. "

Qin Yuan started to make calculations while talking about his psychology.

He knew that his one-click recovery system would definitely help him control various monitoring equipment, and he didn't need Sophia's help at all.

The words he said were simply unnecessary, and would easily arouse more suspicion in himself.

While talking, Qin Yuan thought about finding an opportunity quickly, preferably at night to let the system help him block all monitoring equipment.

He jumped from the second floor quietly. No matter what, he had to go to the hospital to see Hassan and talk to him face to face.

Chapter 2112: Brain circuits have changed

What Qin Yuan had in mind was quite good, but the ideal was very full and the reality was very skinny.

He thought so in his heart, but he didn't know if the system would have any extra energy after transplanting some viruses to help him block all monitoring equipment.

Suddenly, Jiang Normal thought about the system's task of transplanting the virus for him, but he didn't know if it was completed.

As soon as this matter is resolved, he will be able to contact Fan Tianlei immediately and will also know what the situation is on Fan Tianlei's side.

After all, he was still very eager to solve this problem, especially since the situation he was facing now was not optimistic.

"Sofia, no matter what, I still want to thank you for telling me something about Hassan. If you hadn't told me, I'm afraid none of us would have known that he had come back."

This was the first time Sophia heard that Qin Yuan expressed his gratitude to her, and he was still very surprised.

Moreover, he never dared to believe that Qin Yuan would say these words to him, and he was completely at a loss.

An Ran saw her bewildered look and felt an indescribable feeling in her heart.

"Forget it, I see you all have said so many things about Hassan, and I think this person is not as scary as I thought.

At first, when we were in the wild, he locked us up.

If this matter comes up, he himself will still be responsible for the whole thing.

If Hassan hadn't been greedy and locked up both Qin Yuan and Efit, they wouldn't have encountered such trouble.

Everyone knows who should be responsible for this matter.

If he really understood how much he weighed, he wouldn't be unhappy because of this matter. They would definitely be happy because of these things. "

Jason, with trembling hands, held the messages that Akun and Amin had sent to him.

Then, he looked at Qin Yuan with expectant eyes.

"Jason, I don't think you should worry about this matter. Many problems should be solved by ourselves.

You can't blame other people, especially in this area, we've had some troubles,

If we let other people feel too much pressure because of this, it is our own fault. I cannot do this and I cannot be such a selfish person. "

"Qin Yuan, we don't have any other ideas. We just hope that this matter can help you, Professor Fang De, with his special medicine problem. We haven't solved it yet. There are so many messy things coming one after another. I'm afraid that you It's too much for one person to bear."

"Jason, I know you care about me very much, but this is still a difficult problem for us to solve."

While talking, the two of them hesitated a little. After thinking about this, everyone felt a little too much pressure, especially Qin Yuan was more worried about A Kun and A Ming.

He knew deeply what kind of person Norman Karim was.

Not to mention someone like him, who is really stepping on other people's corpses step by step to get the upper hand. Even an ordinary person would find it difficult to accept someone else's betrayal.

For them, the best destination may be to throw them into the sea to feed the fish.

"I think it's better to forget it. Don't think about this problem for now. Whatever you encounter next, just take it one step at a time. It's useless for us to anticipate too much.

After all, sometimes plans can't keep up with changes. "

Xiaolan heard their whispers nearby, and he had just seen the news Jason received. He had developed a very powerful skill.

It's like farsightedness.

He could see the fonts on the screen from a long distance away. When Jason accidentally took it out just now, he immediately focused on the important information on the phone.

Xiaolan, as an American spy, has always been supported by his so-called faith, let alone money. He has been able to get to where he is today entirely because of Efit.

Xiaolan, while thinking about it, was thinking about some things that were beneficial to Efit.

He doesn't care about the others at all. As long as he can help Efit and benefit their two futures, he won't hesitate at all.

Thinking of this, Xiaolan looked back at Jason.

Many years of spy career have allowed him to have a photographic memory and capture effective information quickly.

Xiaolan, thinking to herself.

If Norman Karim knew, Akun and Amin were pretending to surrender, but actually wanted to help him find out something about Professor Fang De's two students.

Then, they are almost indistinguishable from the dead.

"Jason, who sent you the message just now?"

Xiaolan wanted to test it deliberately to see if the other party was willing to reveal some relevant information to her.

I just didn't expect that he was too persistent and would never disclose information about this anyway. He was just supporting it alone.

"Xiaolan, Jason, it's normal to receive messages on your phone.

I hope you won't make such a fuss.

Moreover, these questions are everyone's privacy, there is no need for you to ask so many questions

Even Mr. Norman Karim is not qualified to ask questions about how many messages are in his mobile phone and who sent him the messages when this kind of thing happens!

Why can you manage so much? Or is it more important to take care of yourself than anything else? When will the daily necessities I asked you to order arrive? "

Qin Yuan heard Xiaolan, asked and it was clear that he seemed to have seen the content of the message just now.

It's just that Qin Yuan didn't want to believe how this Xiaolan could have such a great ability to clearly see the contents of Jason's mobile phone in a flash.

"Miss Sophia, it seems that your people are not so obedient.

The contents of mobile phones are generally personal privacy issues. I think it is better for him not to pay close attention to such things. This will only cause a lot of trouble to everyone. "

"Qin Yuan, I'm sorry, I have to apologize to you for the inappropriate words and deeds of my men.

It's understandable that he really shouldn't do this.

However, I still hope you can forgive him. No matter what situation you encounter, I just need you to be more cautious.

After all, this is our territory, and no one knows what problems we will encounter next! "

An Ran looked at Sophia's arrogant look, and he still felt a little uncomfortable about many things. He blamed Sophia a little, feeling that he was behind all this.

Chapter 2113: Prepare to sneak around at night and go to the Central Hospital

Sophia looked at Qin Yuan with a smile.

"You don't have to look at me like this. The words of thanks I said to you are all from the bottom of my heart. I have never had any other thoughts, let alone deceiving you.

I have always been like this, one is one, two is two, Ding is Ding, Mao is Mao.

I would never say those false words.

Today, I would like to thank you very much for telling me that Hassan has returned.

However, I cannot participate in the conflict between you and An Ran, let alone speak for you.

An Ran, he is also a very clear person. The friendship between the two of you is basically over. From now on, there should be only interests and no friendship, and you don't need to think about this issue anymore. "

Sophia, in fact, he really wanted to make friends with An Ran. He regarded An Ran as a sustenance for his soul. He felt that he had been really alone next to Norman Karim for so many years.

What I talk to him every day is all about mission issues, and he really has very strong emotional needs.

"Qin Yuan, I fully understand what you told me, but what I must explain is that I told you that Hassan has come back and is awake.

It's not that I want to make a deal with you, I just want to tell you to find a way quickly.

After he woke up, his mentality seemed to have changed a lot.

Moreover, he specified that he wanted to meet Mr. Norman Karim, which meant that he most likely wanted to cooperate with Mr. Norman Karim.

This is really not good news for you. After the two of them cooperated, they targeted you together. Originally, you were alone.

Now, if they unite together, it can only mean that this kind of thing is specifically aimed at you.

You must be prepared in advance, and Fan Tianlei cannot help you now. What are your plans? "

He Chenguang thought that if Thor came out, it would have no impact on his spy plan. The most important thing was that he hoped that he could complete the task quickly and get rid of this job quickly.

"Jason, what did you want to tell Qin Yuan just now?"

He Chenguang, just as he asked this question, Qin Yuan hurriedly looked back at Jason.

Although Jason and Qin Yuan have not known each other for that long, they still have a tacit understanding.

Just by seeing Qin Yuan's look, Jason knew that he couldn't tell the truth.

"He Chenguang, thank you for your concern. I just received some spam messages. Since I don't understand the Pakistani language, I have to ask Qin Yuan to read them for me."

"Oh, so that's it."

Seeing that his mission could no longer be completed, Sophia was still very concerned about the special medicine.

"An Ran, today Mr. Norman Karim came and gave you two a kick.

I deliberately threw the special medicine to the ground in front of you, just to tell you that Mr. Norman Karim actually has a lot of the scarce resources you really need. "

"Yes, I understand what he means."

"Professor Fang De urgently needs this kind of special medicine. I can tell you with confidence that it is only available in our private hospital in the United States. I have already told Harry that he is very likely... to be able to help us."

Qin Yuan knew that this matter was still very serious.

What if, this guy named Harry really helped Sophia, and Sophia helped Anron.

This is undoubtedly a very big pressure for them. If they want to betray Mr. Norman Karim, they will only die. He is smarter than others.

"Sophia, we no longer want to pursue the matter of the special medicine.

Moreover, I contacted Du Bingbing, and he also told me that there is no need to rush for special medicines, and Professor Fang De's physical condition is still OK.

In particular, he is now in our H country, and there is no danger at all in the dedicated military hospital. You don't need to worry so much.

Even if he is really in danger, it will not cause much loss to our countries.

Only Mr. Norman Karim suffered the most, because the two students in his hands were not skilled in academic skills and could not fully master Professor Fang De's research.

Therefore, it is impossible to help him and make much money. Even if he is involved in the next batch of arms sales business of Old K, there will be no newly developed arms.

I believe he can't sell it for the price, I'm pretty sure of that.

Therefore, after telling you this, I want to tell you that you must be more careful and consider your own interests before making any decision.

There is nothing wrong with being kind to others.

I have heard a saying that when you are with others, the fragrance lingers in your hands.

Why bother each other? Leave a way out for everyone, and maybe you can use it yourself in the future. "

After Sophia listened to the great truths Qin Yuan told him, he did not react in any way and just smiled slightly.

"Qin Yuan, everyone understands the truth, but in the face of interests, I'm afraid there are only a few people who can really make the right choice. Otherwise, there wouldn't be so many people doing wrong things in the world."

Qin Yuan nodded. He turned around and returned to the room without saying anything or talking to anyone else.

While talking, he said to An Ran.

"An Ran, please come here. I have something important to tell you."

Xiaolan, this guy who doesn't know how to praise, asked directly from behind.

"Did you two go back to the room openly like this? What you want to say can't be said in front of everyone?"

"I actually called An Ran into my room alone, it must be because you can't let you hear these words.

Is there anything else worth asking?

Please, before you talk about these things again, please use your brain.

No wonder, Mr. Norman Karim has put you in this remote position and not allowed you to touch the core business. Even if you have a brain like yours, you will probably lose everything. "

Chen Jixiang, after hearing Qin Yuan's words, covered his mouth and smiled secretly.

Xiaolan, because he hasn't done his job as a spy for too long, even though he has some sense of spy, his real skills are still a little rusty.

"Xiaolan, there is no need to tell you if there is anything going on between Brother Qin Yuan and Sister An Ran. Just don't ask after it. It will only embarrass yourself."

An Ran didn't care about other people's opinions, and followed Qin Yuan back to the room secretly in broad daylight.

After closing the door, An Ran asked nervously.

"Qin Yuan, we are now arranged in this club by Norman Karim. From day to night, we are completely monitored by them twenty-four hours a day. If you call me back to the room openly and openly, neither of us will do anything. There may be some action."

"I see.

An Ran, there is something I want to tell you in the church room today. This matter is about Hassan. Just now Sofia said that Hassan has woken up. This is really not particularly good news for us. "

"Yes, I heard it just now. He said that I was a little nervous after Hassan woke up.

This guy is mysterious to begin with, and he seems to have a lot of conflicts with you. If he seizes the opportunity to attack you again, it will be too much of a loss. "

An Ran's nervousness caused his expression to become a little distorted. Qin Yuan could see that An Ran was just worried about himself.

"It's okay, An Ran, don't worry about me like this. What I want to tell you today is that I plan to go to the hospital at night, which is the Central Hospital.

I do

We need to see what this guy Hassan thinks, and whether he really wants to cooperate with people like Noman Karim. "

"What?

You said you planned to go to the Central Hospital. How is this possible?

We are monitored here every day. If you don't give Norman Cary a certain answer, he will never allow us to leave here.

Moreover, I think your idea is a bit too bold.

Let's consider some other things. I know you are very anxious and want to see Hassan, who is very important to us.

He holds a lot of useful information in his hands. I believe that after leaving Country H for so many years, he must have hated Fan Tianlei very much. If he finds some opportunities, he will definitely attack Fan Tianlei.

However, we can't go out so impulsively.

After all, we are in a foreign country now. We don't have so many resources in our hands, and we don't even have the ability to resist. Under such circumstances, how can you go out casually?

This is too unsafe and I can't promise you. "

Qin Yuan stretched out his hands and put them on An Ran's shoulders.

"An Ran, listen to me. Since I can make such a decision, it is enough to show that I am very confident in this mission. You don't have to worry about me.

I need to discuss clearly with him one-on-one whether Hassan was a spy back then. "

"Didn't you hack into the spy system and get the relevant information? Isn't that enough to prove it?"

Qin Yuan shook his head helplessly.

"The information obtained after intruding into the spy system was many years ago, and it basically has no great value or significance for our current research. Because of this, I had to take the risk again."

"But, Hassan is in the Central Hospital, and the entire hospital is owned by Noman Kalim. If you get rid of the surveillance of this club and go to the hospital, you still have to be seen by them. This is really too dangerous. ."

In fact, Qin Yuan still had some luck in his heart.

He just thought that if he could break through the monitoring equipment and walk to the hospital, even if Norman Karim discovered it, the other party would not do anything to him, let alone harm him.

In addition to the fact that he has a one-piece recycling system that can help him, the most important reason is that Norman Karim has one of his greatest advantages, which is that he cherishes talents.

Norman Karim has always tried to persuade Qin Yuan to join his camp in this way.

He just fell in love with Qin Yuan's ability and believed that he would be the one who could succeed him and carry forward the entire group. It was absolutely impossible for him to hurt Qin Yuan under the last resort.

"An Ran, in addition to having a relationship with Fan Tianlei, Mr. Norman Karim also really appreciates me. I can see that."

"You're not going to promise him, are you?"

Qin Yuan, no matter what, you must never do such a stupid thing. ..

Don't forget, we are special forces, and we are here to complete the mission. No matter what kind of bombs he gives you, you can't promise that we have to stick to our hearts. "

Qin Yuan smiled. Seeing An Ran caring about him, he felt a little relieved.

"You don't have to worry about this. Even for the God of Thunder, there is absolutely no way I would do such a thing.

I can't let him sacrifice for me in vain. Over the years, he has always taken good care of me and treated me as someone closer than his biological son He is like my teacher and my friend That is, like the legendary mentor and helpful friend. "

After An Ran hesitated for a moment, he still chose to believe Qin Yuan.

"Well, Qin Yuan, no matter what, I agree to do such a dangerous thing because I trust you. So, have you thought about how to get out of here?"

"I took a quick look,

We are now on the second floor. The third floor should be a storage room.

When they all fell asleep at night, I went down from the third floor, because there were some interception monitoring devices on the windows on the second floor, and I was afraid there would be infrared surveillance.

You can evade surveillance, but you may not be able to evade this kind of infrared surveillance.

It would be better to be more careful.

In the evening, I planned to climb down the rope from the third floor, so that I could avoid infrared surveillance and reach the ground. In fact, the height of the third floor is not high.

For our special forces, the intensity of daily training is far greater than this.

We can all bear it, these are just child's play to us, so sometimes I really feel that the top brass of the army are very discerning.

Sending special forces out to complete the mission, these things are simply not worth mentioning to us.

I have already thought about it. I will take the rope and go down from the third floor. I can sneak out at night and no one will notice me.

After I meet with Hassan and see what kind of results we can get, we will come back to discuss it.

Anyway, no matter what, I will definitely give it a try.

This is a once-in-a-lifetime opportunity for us. If we miss it and Hassan joins Noman Karim's camp, we will be close to failure. "

Chapter 2114: Jason: So what if I betray you?

After Qin Yuan said this, An Ran was actually more able to understand his mood at this moment.

After all, for them, being able to protect the people around them is more important than anything else, but many things are not as simple as they think.

Especially now that we have encountered such a situation, we must be more cautious.

Norman Karim, no one knows whether he asked Sophia to reveal this information deliberately. Qin Yuan, he was a little panicked.

I want to meet Hassan and conspire with him to deal with Noman Karim.

However, the other party already hates their affirmation very much. Under this situation, it is unknown whether there are any special requirements.

"Qin Yuan, I have no objection to your desire to find Norman Karim, and I also think you should do so, but we have not clearly understood the seriousness of these problems.

I won't believe a word of what Sofia is saying now.

Including the fact that he described that Hassan has woken up in the hospital. Who knows who is behind this, and who knows whether he will use this opportunity to give you other ideas. "

"An Ran, I can understand what you mean, but if you believe me, even if you don't believe Sophia, you should believe me. I will not give him any chance. As long as there are signs of this, I must Make him pay."

"Hassan, it was hard to crawl back from the wilderness.

In fact, for him, this is really not an easy matter to solve. It is unlikely that he will have any resentment towards us in this regard. I think his thoughts are quite special. "

"It's okay. I don't have anything to suggest. I'm just telling you these things. I hope you can think about it carefully and don't let others think there is anything wrong with us."

"Sofia, I have to go out tonight no matter what. I want to go to the Central Hospital to see what Hassan is thinking.

If he really hates us, there is no need to continue to pester him, he has cooperated with him, but if I can get more clues from him, I will make good use of this opportunity. "

An Ran nodded after thinking for a long time. He knew that Qin Yuan's action was still very dangerous, although Norman Karim should not harm his life.

"Then do you plan to take action tonight? Are you sure Hassan's health has improved?

After you meet him, the two of you can have a normal conversation without wasting more time because of this. "

"Yeah, An Ran, just believe me. We have known each other for such a long time. When have I ever slipped up at a critical moment?"

"Okay, but Sophia is always here with us. How do you plan to deal with her next?"

"It's impossible for him to stay here with me in my room at night.

If we find an opportunity, we will immediately go out and find a solution with them.

If there are any mistakes, we can continue the discussion. Anyway, I have thought about these things very clearly. I absolutely cannot give them any chance. In the face of the facts, they can't do anything. "

"Qin Yuan, you have already said so, so I have nothing to refute."

"I knew that no matter what, you would always stand by my side and help me. As long as we can solve these things, everything else won't be a problem."

After saying that, the two of them happily walked out of the room.

He Chenguang and Jason looked at Anran and Qin Yuan. After the two of them walked out, they actually felt a little uncomfortable.

It feels like everyone is here together to complete the mission.

It happened that the two of them maintained this sense of mystery, as if they were unwilling to tell others anything, which made everyone feel very unhappy.

He Chenguang has been feeling upset recently. He has been locked up here for so long and has never had a chance to get out. Coupled with Qin Yuan's precautions against them, he is naturally unhappy.

"Qin Yuan, I think you and An Ran should pay attention to some influences!"

"What impact do we two pay attention to?"

It's not like you don't know us. We are all old comrades in arms. Even if we are alone in a room together, there will be no problem. You can't even see through this, right? Then I'm really right. You are so disappointed. "

"Qin Yuan, I would like to kindly remind you that you are not disrespectful, and the problems we encounter today will never be solved easily.

I know nothing else can happen between you and Enron.

However, in front of everyone, you two went back to the room and whispered so much. Who do you think we all are? "

"Who else can I regard you as? I will definitely regard you as one of my own.

There are indeed some little secrets between An Ran and I. It's understandable that I can't tell you this. Please don't make trouble for me here. I'm already upset enough now.

He Chenguang, what's going on with you? You seem to be particularly unconvinced in recent times, which really makes me feel very confused. "

“Jason, I hope you can say something fair and just here.

We are all facing the current severe situation, and no one knows what kind of problems will happen next.

I don't want any more accidents to happen between you.

Especially, after I have clearly known this information, you all have to respect my thoughts even more. "

"Qin Yuan, I know there were a lot of things going on when you and An Ran returned to the room, but since everyone is here, it is indeed inappropriate for you to leave us all here in front of everyone. I think He Chenguang, What he said was fine.”

Jason said that on purpose.

He wanted to arouse Qin Yuan's wrath, and then the two of them needed time and space alone to discuss the idea proposed by A Kun and A Ming.

Qin Yuan immediately understood what Jason meant.

So, he walked up to Jason very angrily and grabbed Jason's collar.

“What the **** is going on with you guy?

Don't put all the resentment in your heart on me. The two brothers around you betrayed you because you couldn't help them satisfy the thoughts in their hearts.

What do you mean to Noman Karim?

The value you can provide them is simply not worth mentioning.

So, do you blame me for their betrayal? I can only blame you, the boss, for not living up to expectations and not being able to give the younger brother a sense of security.

Having said all this, I hope it would be better if you could recognize yourself clearly and stop letting us all continue to laugh at you as an adult. "

Qin Yuan's sudden conflict with Jason really surprised everyone present.

Especially Chen Jixiang.

"Brother Qin Yuan, what's wrong with you?

Jason has been with us for so long, and the relationship between you two has always been very good.

Why did we suddenly get into a quarrel? Don't say that. We are all good brothers who have been together for such a long time. This is a life-long friendship. "

"Chen Jixiang, you kid, stop meddling in our affairs.

Qin Yuan, he wants to command anyone here just because he has always been the one and only person in your team.

If I had not taken him in, he would have been smuggled to Pakistan on a boat.

How is it possible for you to come here smoothly and complete your mission smoothly?

Have you never thought about these things?

I don't even know how to be grateful. Are you trying to get rid of me by being so excessive to me now?

Unexpectedly, Qin Yuan, I really misjudged you. It seems that I should also go find Mr. Norman Karim and have a good discussion with him.

I have more information than A Kun and A Ming. "

After hearing this, Sophia quickly raised her eyebrows.

"Jason, what you said just now really touched my heart.

After discussing it with you for so long, I seem to be able to get some insights. Unexpectedly, I have been busy with this matter these days, and I can finally see some hope.

Are the words you just said out of anger or the truth?

If the words were made out of anger, then I would pretend that I didn't hear it. It is normal for brothers to have conflicts. Don't bring up the idea of dividing the family every now and then.

If you are telling the truth, then I have to think carefully about how to describe it to Mr. Norman Karim.

However, the most important thing is that I still think I have to weigh whether you are sincere or not first, and then make the next decision depends on whether you are willing or not. "

An Ran was also frightened by Jason's sudden reaction.

He actually took everything Jason said seriously. After all, he didn't know that Akun and Amin had asked Jason for help.

So, in order to prevent Jason from really joining Norman Karim to betray Qin Yuan, he quickly stood up and said.

“Sophia, it’s normal for good brothers to have conflicts.

I hope you don't hold on to this matter. The things between them don't seem to have much to do with you. Just do your own tasks well.

Don't interfere with other people's ideas. Qin Yuan and Jason just have some different opinions on things between men. Let's not talk so much here. ”

After Qin Yuan heard what Jason said, he was completely frightened.

Originally, I just wanted to get a space for the two of them to be alone together, but I didn't expect Jason to have such a bold idea.

Qin Yuan was really caught off guard, but it was too late for him to regret it now.

Jason had been looking at Qin Yuan with a very pleading look, as if telling him not to say these words no matter what.

"Jason, what's going on with you?

You don't really want to betray me and join Karim's camp. Have Akun and Amin secretly given you any benefits?

Or is it really because of these things that our good brothers can’t do it. ”

Qin Yuan knew that he could not directly ask about his thoughts on marriage in full view of the public. He could only prove the brotherhood between them in this way.

After Jason heard this, he sneered.

"Hmph~

Qin Yuan, people say that good birds choose trees to roost in. Isn’t that how you discouraged A Kun and A Ming?

In fact, generally speaking, the time we have known each other is relatively short.

Compared with Akun and Amin, the relationship between us can be said to be nothing. I don't know what you are thinking, but now that I have weighed so many things and thought about it, I feel like I'm a little too stupid.

I gave up Mr. Norman Karim and offered you such generous conditions, but I chose to stand by you without hesitation. We are all here now, and no one can get out or leave here. Do you think this is a good result?

I think this is useless persistence. Just carry it alone. Don't take us with you. We are all wasting time here.

If He Chenguang and Chen Jixiang choose to follow you, then I have nothing to say.

You and them are both comrades-in-arms, and you are both members of the special forces of Country H. Even if you want to have the idea of betrayal, your superiors will not allow it.

However, I am different from you.

I have already betrayed someone once, so what do I have to fear?

Even if I can betray such a powerful person as Old K, no matter what, you people are nothing in my heart.

If this is not something that can be solved in minutes, please stop lying to me.

It is impossible for me to waste my time on you, but as for how to cooperate with Mr. Norman Karim, I would like to think carefully.

After all, I have a lot of resources at my disposal.

They need me because I have value. I must maximize my value. Please stop persuading me. There is no way I will listen to you. "

After Jason said this, An Ran felt very disappointed with him.

He walked up to Jason, waved his arm, and gave Jason a big ear.

"An Ran, don't get angry here instead of Qin Yuan, or you can come with me. He is just taking advantage of your relationship and wants you to do many things for her.

You are such an outstanding person, and you are also a beautiful woman. I believe Mr. Norman Karim will also be willing to take you in.

Chapter 2115: This is no different from pulling out teeth from a tiger's mouth

Sophia saw this kind of behavior between Qin Yuan and Jason, and he was a little confused now.

He knew that Jason's righteous attitude before would not change easily, but now it suddenly changed so much. Could it be that the two of them were acting together.

Even if he wants to say these things to Mr. Norman Karim, he must confirm them before he can do so, in case he provides false information.

In fact, people are preparing for them, that is, some gains outweigh the losses, but will make Mr. Norman Karim doubt himself even more.

Sofia is not such a fool, there is no way he would do such a thing.

"Qin Yuan, Jason, if you ask me, you two should stop acting for me here. It is impossible for me to suddenly betray you like you."

Jason smiled crookedly.

He has left Lao K's organization for so many years, and it seems that he has long forgotten what he was like in this organization before.

It's the same as Efitt. In fact, as a leader in the organization, Jason was even more inhumane than Efitt when he was with Old K and the others.

"Miss Sophia, I just suddenly figured it out.

Rather than being stuck here doing nothing, it would be better to do more meaningful things than wasting time with them now.

Especially, in a situation like this, where I have experienced so many great realizations.

I finally understood. When I saw this group of people, I had already forgotten what I should and should not do.

Following Qin Yuan can indeed take care of the friendship between brothers.

However, this is completely inconsistent with my personal standards. Maybe I was a little too stupid in the past. Since I tried my best to leave the old K organization, my life has been worse than death every day.

Many things are completely different from what I thought, and I know that I did something wrong.

You shouldn't judge other people like this. Since my wife left because of these things, I have already forgotten that there are so many situations.

There is not only one possibility in life, and I shouldn't blame Akun and Amin for betraying my choice.

In fact, I made the wrong choice. Qin Yuan and I were not the same person.

He is a particularly outstanding special soldier of Country H. He and I are different and will never be able to walk on the same path. Even if I admire him very much, it will all be in vain in the end.

After going back, I still have to accept my fate.

In this case, it is better for us to part ways now, and we can sell Mr. Norman Karim a favor, and I can agree to help him return to his old business.

He appreciates me so much because he wants to get more clues about old K from me. If this is the case, then I can also satisfy his wishes and ideas.

As long as they can provide me with what I need, I don't care at all and am not interested in anything else.

Especially now that there are so many situations before us.

It's impossible for me to do such a stupid thing. I hope you can go back and help me think about it. If there are other problems, I will discuss it with you again.

I just want to get more clues from you.

Besides, as you said, even if I don't live for myself, I still want to live for my daughter. He is in the army of country H at this moment, and Fan Tianlei has already entered.

No one can protect him, so I have to fight back.

Only if I protect my daughter myself can other things be done.

Otherwise, all this is just empty talk. Qin Yuan, I don't want to be entangled with you anymore, since you can't help me do this together.

We can only choose to watch everyone go their separate ways now, it may be better. "

Chen Jixiang had completely taken what Jason said seriously. After hearing this, he felt very unhappy.

"Jason, you are really ashamed of the trust we all placed in you.

When we were on the ship, many people said that you would never be with us. Of course you have your own ideas. Unexpectedly, after experiencing these things, I truly discovered that you are such a person.

You have really abandoned us. I am really disappointed in you, and all your efforts have been wasted. "

He Chenguang, after listening to Jason's words, looked back at Qin Yuan. In any case, he didn't quite believe in these things.

So, He Chenguang said lightly.

"Jason, what you just said to Qin Yuan is generally speaking like a choice that an adult should be able to make. I don't blame you.

And, we should respect these ideas of yours.

However, are what you just said really come from your truest thoughts?

I still hope that you can think it through carefully, especially regarding this issue, we should all face it with caution. "

Qin Yuan felt that it was too dangerous for Jason to do this. It was no different from pulling a tooth out of a tiger's mouth.

Qin Yuan pulled Jason's neck and walked towards the elevator, with An Ran chasing after him.

"None of you are allowed to move. I have to go out and reason with him carefully about what he thinks in his heart. He can choose Mr. Norman Karim. This is understandable.

We are all adults and should be responsible for our own choices. I have never been willing to consider this issue.

But, Jason, you have the right to choose your own thoughts.

We also have the right not to believe you. You can seek refuge with others, but you must not reveal any information about me. You can do whatever you want with Old K.

However, I hope I should still let you know that old K will also be our enemy, but it is not the case one day. "

Sophia and Xiaolan just watched the excitement.

He Chenguang understood immediately when he saw Qin Yuan pulling Jason to go out.

It turns out that these two guys were just acting, but they shouldn't treat everyone as fools, especially Sofia, a woman who has experienced so many things and is very worldly.

He could tell at a glance that these little tricks looked like deception. It was absolutely impossible for him. They were nothing more than causing trouble for himself.

"Hey~"

He Chenguang sighed helplessly.

"How long have you been here and you are still in the mood to sigh here? Go back quickly and think about what is the right choice to do next. The more this happens, the more we need to stabilize our mood."

After saying this, Qin Yuan also pulled Jason, and the two of them walked downstairs.

"Why did you make this choice?"

Jason said with that disdainful expression, as if he disapproved of it.

"Qin Yuan, I think you have really had enough.

Although we haven't known each other for a long time, you should have a better understanding of what kind of person I am, and you should also think carefully about what you said to me and why I did what I did.

Instead of following this person like you, I offended Mr. Norman Karim and also offended myself.

In this way, I feel that there is really no point. I should not do such a dangerous thing.

If I choose to follow Mr. Norman Karim, he can provide me with many benefits and help me return to my original self.

I have been following Lao K for so many years. In fact, it is no longer easy to clear my name easily.
"

"Are you going to make the same mistake again? After finally escaping from this road, you must choose to go back to this road. Are you worthy of your dead wife?

Are you worthy of your daughter Yaya? "

Jason lowered his head silently, thinking that Qin Yuan didn't understand what he meant.

Who would have thought that at this moment Qin Yuan would say to him immediately.

"Jason, don't do such dangerous things for me. As a good brother, I don't need you to take risks for me.

I know that it was Akun and Amin who gave you this idea after they sent you this message.

It really surprised me. I never thought you would think this way. In fact, A Kun and A Ming couldn't do this either.

They betrayed their boss and were no longer worthy of trust in the eyes of Mr. Norman Karim.

They are unlikely to find any useful clues.

For example, it is impossible for all of us to get the specific location of Professor Fang De's two students. I think you should give up on this matter as soon as possible. "

After listening to these words, Jason shook his head helplessly.

"Qin Yuan, I have to remind you not to feel any pity because of my choice. I have been living like this for so many years.

Also, many things are already within our expectations and imagination.

Just by relying on the tactic of procrastinating like this, do you think you can get any relevant clues?

Professor Fang De can no longer hold on. You must seize the time to bring his two students back and quickly complete the mission to save Thor. "

"Then you can't do such a dangerous thing for me. Do you know how miserable your death will be if you work as an undercover agent under Norman Karim?

Once he finds out, you know what kind of results you will face. "

Jason smiled and nodded.

"Qin Yuan, if there is anything wrong with me, I have a last resort request, and I hope you can agree to it."

Qin Yuan said very decisively.

"No, this is absolutely impossible, don't even think about entrusting your daughter to me.

In this world, only biological parents can treat him well. If you die, I will not care about your daughter. Don't risk your life for me. I'm not worth it. "

"I know you won't give up and ignore it.

In fact, I am doing this all for him. If I really become your informant, I will help you investigate the two students of Professor Fang De.

If we really get some results, I believe that relevant benefits will definitely be given to my daughter in the future, so that she can completely get rid of the shadow of a criminal father. "

"Is that what you think?"

"Yeah, of course, I'm doing this all for Yaya.

I can understand how Norman Karim would treat an undercover agent, and what kind of situation it would be like to be around him. Of course, I know it very well.

And don't forget, I used to follow Old K to earn a living.

I know better than anyone how he treats the discovered undercover, and I have witnessed it all with my own eyes. So many things were within my expectations.

Don't continue to persuade me for these things. As long as I can make the decision, I won't let you get into any kind of trouble by following me. "

"No, Jason, I've decided that I can't let you do this kind of thing under any circumstances. It's really too risky, so let's wait.

I now have a way to save Thor, so don't worry. "

"Qin Yuan, why don't you understand? I have sacrificed so much to help you now, and we just went through all the procedures that should be done in the houseSofia, even if there are some doubts He won't verify it. He also has his own little calculation in his heart. My life may not be in danger if I help you this time.

I just want to secretly help you investigate where Professor Fang De's two students are in the shortest possible time. We can't waste any more time.

It has been almost a month since you traveled from country H to Pakistan.

There is no progress at all, and on the contrary, Thor is still tired. In addition, Hassan has woken up. What choices he will make next will most likely affect the relationship between the few of us.

So much so that it makes all of us feel uncomfortable.

Therefore, after thinking about it for a long time, I still think that I should find some solutions through these ideas. You must not feel uneasy because of these things.

I have been with Lao K for so many years, and there has never been a moment of Waterloo.

Any task he gave me, I completed it perfectly, of course, and it will definitely be the same this time. You must not think that I am old and have no ability at all.

These things are nothing to me.

As long as you can find an opportunity, I will definitely help you investigate their specific location, and then you can find an opportunity to rescue them.

By the way, I will run with you. As long as I return to country H, I can use my identity as a tainted witness to join you in the army.

I knew there was a good chance of going to jail, but I didn't care.

I want to give my daughter an upright identity, an identity that can walk in the sun without looking at other people's faces. Can you understand my feelings? "

Chapter 2116: silent choice

Qin Yuan heard Jason say these heartfelt words to him, and he was silent now.

Because he didn't know how to answer the sincere man in front of him.

He did do it for his daughter, which was understandable, but he didn't want him to be in any danger. After all, they were good brothers.

Moreover, Qin Yuan always regarded him as a good brother who had passed his life.

They clearly know that it is very dangerous for you to do this. No matter what situation they encounter next, it is impossible for them to get rid of this trouble.

The reason why Norman Karim is able to reach this day is entirely because of his unwavering determination. If all of them deceive someone because of these things, wouldn't they be treating him like a fool?

Who may accept such a situation, none of them may accept that this problem becomes more and more serious, and the less they know how to deal with it.

After all, just thinking about this question, they all fell into silence, and it was impossible to have any definite answers to these things.

Qin Yuan doesn't want to get involved in this matter at all now. He feels very sad.

Under this situation, there was nothing he could say or do. All he could do was to persuade Jason.

In any case, he cannot make such a stupid and stupid choice.

After all of them knew clearly that these things were completely impossible, he still insisted on doing them. Isn't that just knowing that there are tigers in the mountains and preferring them?

Qin Yuan shook his head helplessly. He didn't think this was a clear choice.

He hopes that his good friend can make the most correct choice. Compared with other things, these are nothing, especially in his heart.

As long as they find a suitable opportunity, they will never be allowed to find more dangerous tasks because of these things.

Qin Yuan felt that he still had to try his best to persuade Jason.

No matter what, we must not try our best to make them suffer, because these things are unforeseen by all of them.

We cannot let everyone bear these risks just because of one person.

This is a very irresponsible behavior. When they think of this, they are very uncertain and don't know how to choose the problems they are facing.

The more tense the situation, the less able they are to make the most correct decision.

This is a common problem among them that is difficult to solve and extremely complex.

Thinking of this, Qin Yuan didn't know whether he should agree or not. He kept saying it was for his daughter, but in the end he still took the risk for his good brother.

This is something Qin Yuan has absolutely no way to accept. He couldn't bear the weight of a life, let alone such a gift.

Qin Yuan, who was holding Jason's hand tightly just now, suddenly put his hand down as if he was disappointed. He knew that he could not shake what the guy in front of him had decided.

"Jason, you have always said it is for your daughter Yaya."

"No, don't think too much about it. There is no way I would put you under such pressure. I do it for my own daughter and have nothing to do with you."

Don't be so sentimental here. If I hadn't paid the price of my life, how could you all try your best to find another heart for my daughter?

He was ill-fated since he was a child and suffered from congenital heart disease.

As a father, I couldn't do anything for him and I felt very guilty. In this difficult situation, what could we do. "

"Jason, in fact, if you really take refuge in Mr. Norman Karim, he will not let you suffer, and your daughter will not be in any danger. Generally speaking, based on this matter, I have been able to do everything Produce a definite analysis.

Mr. Noman Karim, the reason why he is able to get to where he is today.

It's entirely because he is also very serious and responsible towards others. He treats everyone the same, exchanging sincerity for sincerity.

Even if he is an exquisite immediatist, it is entirely because of the situation in front of him.

If he had not chosen to join the country of Pakistan, he would not have achieved what he has today. You can see that the gap between him and Fan Tianlei is getting wider and wider, which is enough to explain everything. "

"Yes, Thor and I have never met, and he is actually willing to accept your request to help me take care of my daughter. This is really a very unexpected news for me.

So, as far as I know, there is no other better way to save Thor. The only way is for you to quickly find these two students of Professor Fang De and complete this task completely.

Now we are under the roof and have to bow our heads. Mr. Norman Karim has controlled all our actions. No matter what kind of resistance we make, it is meaningless.

He will not let us get a definite result and answer. I have already seen this. There is no point in all of you struggling.

It's better to let me do these things alone. As long as I can help you, I will definitely not hesitate.

Qin Yuan, please believe me. No matter what kind of benefits he provides me, I will never betray you. I know what my purpose is. "

When Qin Yuan heard Jason's sincere words, he felt very uncomfortable now, and he had been trying his best to convince himself.

Jason, there will definitely be nothing wrong with him. He has experienced hundreds of battles, and he is someone who came out beside old K. He can't be wrong.

At this time, Jason received another message from Akun and Amin. The two of them had received arrangements from Norman Karim, who arranged for them to be assigned to the hotel to manage some security personnel.

"You see, all the tasks assigned to the two traitors are insignificant tasks. Even if they want to have evil intentions, they will not investigate any substantive issues. This is what Mr. Norman Karim has the most A place of wisdom."

"Yes, it's A Kun and A Ming. They reminded me so that I can truly understand where my own value lies and what we can do."

Qin Yuan, he was completely silent...

His silence represents his powerlessness towards Jason and his disapproval of this mission, but it is indeed a silent choice.

Jason walked quietly behind Qin Yuan and patted him on the shoulder.

"do you know?"

Through Enron, I have known you until now, and you are refreshing my knowledge every moment.

I always feel that you have reached the limit of your abilities, but you still give me many surprises. This really surprises me!

Never thought that this would be the case.

Naturally, I cannot let you all have any choice for me. After thinking of these things, it is impossible for me to have any other ideas now.

I will help you investigate clearly.

Professor Fang De, where exactly did he arrange his two students? I always feel that they are probably taking their time.

He didn't take this matter to heart, even though he already knew that his teacher was not in good health.

However, after a long time without news from him, I didn't feel anything bad.

If this is the case, then you should listen to my arrangements first. I must find an opportunity to meet Mr. Norman Karim first.

Let's see if he trusts me. However, it is conceivable that he will not trust anyone easily. Even if you surrender now, he will still conduct some tests on you. "

"You have been following Old K for so many years, and you have been on tenterhooks all day long. It was not easy for you to leave his environment and live a stable life for a few days, but you have to go back and bear these risks for me.

Your gift that is beyond the weight of life is really difficult for me to accept. I feel that I am not worthy of you being so kind to me. "

"Qin Yuan, since you came to our ship, you have never expressed your gratitude to me all the time. In fact, I have told you countless times. Don't be so polite to me. I What you can do won't embarrass you.

Now, it's A Kun and A Ming who made the choice on my behalf.

I should stay with my good brothers. It was the two of them who gave me more courage. Mr. Norman Karim came over to talk to the two of us.

Hope we can surrender, I had thought about it when he was.

The problem in this aspect is that I have never had the courage to do so. It was my two good brothers who made me understand that these are nothing in front of real brothers. They chose to surrender just for me. "

Just when Qin Yuan was particularly moved, he suddenly thought of a very important piece of information, that is, Hassan had woken up from the hospital.

"That's right, Jason.

If you want to take the initiative to find Mr. Norman Karim and talk to him about cooperation, don't worry yet. "

"Why is this?"

"Don't be nervous, I completely respect your idea now, since you want to take the risk and give it a try.

I will definitely not stop you anymore, but I also have to tell you that no matter what, I will not give up on you. I believe that even Mr. Norman Karim has discovered that you are very important to him. betrayal.

He will definitely catch you and threaten you. I want me to help her do anything without directly hurting you. I just figured it out and agreed to let you go.

I won't be willing to let you continue taking risks.

I know. After Hassan wakes up, I plan to go to the hospital in the dead of night and talk to him face to face.

Let's see what this guy thinks. Is he really planning to change the principles he has adhered to for so many years and join Mr. Norman Karim's camp?

I want to formally apologize to him. It is indeed my fault that I threw him alone in the wilderness today. I shouldn't have done this because I was forced to do so by this guy Effit. "

Just when Qin Yuan finished speaking, a very familiar and annoying voice came from the distance.

"Qin Yuan, I told you to stop pretending to be a good person here.

It was you who drove the car away, who almost stabbed me, and who attracted the beast. Now you are pretending to be a good person in front of Jason.

He has witnessed all this with his own eyes, how could he believe your lies? "

Qin Yuan looked back and saw that it was none other than Efit. It seemed that this guy had recovered from his illness safely.

"Hey, who do I think you are? It turns out to be Efit. It seems that you can show off your power in front of us, which proves that your condition and wounds have healed?"

"Haha, Qin Yuan, you don't have to pretend to be confused in front of me. If you hadn't stabbed my arm, how could I be like this?

Although, I am very grateful to you for not leaving me in the wilderness to fight for the beast

But at the end of the day we've been having fun for so many years, and it's up to you.

You are a member of the elite special forces of country H, and I am the elite backbone of the criminal gang Lao K from the United States. The existence of the two of us is basically that we are born together, and we are born together.

Without your presence, he values me very much, and every time I complete any task, it is as perfect as art.

Ever since you showed up, have you ruined my plans every moment? ,

You are like the kind of cool hero with a golden finger, you can get rid of me beautifully every time, which really makes me very distressed.

I have heard all the words you just said.

You two want to join forces to deceive Mr. Norman Karim. I have recorded everything you two said. I don't know what you think.

Anyway, in my opinion, these words are still very valuable.

If I take this thing and go to Mr. Norman Karim to exchange some information, I wonder if he will be willing to cooperate with me.

At the very least, your two lives are definitely not saved.

He will never be merciful to those who want to plot against him. I have known Norman Karim for so many years, and I am very sure of this.

Therefore, I don't dare to offend him easily. I always want to find opportunities to show off in front of him, or even cooperate with him.

He has never given me any chance. For someone like him who is not short of money and beautiful women around him, I just want to bribe him and please him.

I don't even know what angle to start from. Today, you two finally gave me a chance. "

Chapter 2117: Your recording is not for collaboration

Efit holds a recording pen in his hand. Even though he is just a young man, he is still a very experienced person. For some reason, he is used to carrying a recording pen on his body.

Jason was very annoyed, put his right hand on his forehead, and sighed helplessly.

"Hey~"

Efit said with a triumphant smile. With his somewhat triumphant laughter, a light rain began to fall in the evening.

"Jason, you don't have to feel upset about my recording.

If you want to blame, I can only blame you for having been away from the organization for too long, and you have already forgotten the choices we all made.

You told me to carry a voice recorder with me at all times to prevent important evidence from being missed. It was you who guided me. Otherwise, I would only use my mobile phone.

If you delete your mobile phone files, you can never get them back, but this voice recorder is different. .

Oh, by the way, you don't remember, right?

You gave me this recorder personally. Use the recorder you gave me to record the evidence that you two want to plot against others.

It's really a very coincidental thing.

Sure enough, the misunderstandings in this world have never stopped. "

Seeing Efite like this, Qin Yuan wanted to rush forward and punch him hard twice to let this guy know how powerful he was.

"Qin Yuan, you must be careful. The two of us have been teasing each other for so many years, from country H to country Ba, from the suburbs just now, all the way to this club.

Either you beat me, or I have a small victory. I think it doesn't make much sense for you to waste your time like this, so I'd better come out and help you solve it myself. "

Jason said angrily.

"Qin Yuan, anyway, we are here now. Since this is the case, there is nothing to fear from him. Let's just go together and kill him together!"

"Wow... wow...

Look, is this still the best friend Jason I met back then?

In the past, you were willing to do anything to protect me without hesitation. Today, you actually said that you want to unite with my biggest enemy to kill me.

It seems that the true love between the two of us as brothers is really gone. "

"Efit, please don't make any sarcastic remarks here. Since you have heard the conversation between the two of us just now, there is nothing to regret.

I know that you recorded evidence of the two of us talking, not because you want us to be punished by Norman Karim, but because you want to control this matter, and we will cooperate with you, right?

You just want to get those lost arms. Haven't you explained it to old K yet?

I believe that the fire of his anger should have been burning brightly. If you appeared in front of him at this moment, as expected, you would be dead. "

"Qin Yuan, what do you want me to say about you? I really admire you so much. You are right. I just want to use this recording to threaten you to cooperate with me.

Originally, you were concerned about the relationship between Norman Karim and Fan Tianlei, but now that you are here, you can let go of these wariness in your heart.

He didn't treat you well for the sake of Thor.

Don't you have any resentment against him for putting you here all this time?

Since we all hit it off right now, why can't we work together?

I have also heard that Hassan has woken up in the hospital, and he will definitely be very angry with you after he wakes up.

Of course, it's the same for me.

If you are really passionate and have no place to use it, you can go to the hospital together. The two of us join forces and kill Hassan together. What do you think? "

Qin Yuan, he doesn't understand

Why did this guy Efit appear in this room? But he probably thought about it and felt that there was a woman who was very suspicious.

Yes, Qin Yuan is really very powerful, and his admiration for him comes from the bottom of his heart. He immediately discovered that this woman named Xiaolan seemed to be very likely to have some kind of relationship with Efit. kind of connection.

"Efit, you have already said so much in front of me. In this case, I have nothing to explain to you. I still want to tell you about this issue.

You will definitely not reveal what the two of us just said. I am very sure of this.

However, what I don't quite understand is why you must come to threaten us two. You obviously have so many ways. This batch of arms is very important to Lao K, and it is also very important to Noman Karim. of.

No matter what, he will never give you any chance to take these arms back.

This is a rare opportunity for him to surpass Old K's financial strength. If it were you, do you think you might want to give up? "

Qin Yuan was chatting with Efit while trying to attract his attention.

Jason was beside him, watching eagerly. He originally wanted to destroy the recorder that already had evidence.

However, after they thought about it, they knew quite clearly that they had just been discussing here for a long time, and this matter was enough to solve the problem at hand.

"I think you two guys, please stop looking at my recorder like this.

I don't care, I can do whatever you want.

However, even after I destroy this thing, do you think Mr. Norman Karim will believe you for free?

If you think so, you are too stupid and naive.

I have not deceived you. What I said to you is all from the bottom of my heart, and my desire to cooperate is all true.

Qin Yuan, I am very grateful for the fact that he saved me no matter what. I am a grateful person.

It's not like some people who have lived in an organization since childhood, used so many resources of the organization, and cultivated it so well.

In the end, he simply walked away with a woman.

People say that brothers are like siblings and women are like clothes, but with him it was completely the other way around. He really valued ***** over friends. "

"That's enough, Effit, this is all the past conflicts between you and Jason. Please stop bringing it up all the time, as if you are very petty. Save some face and dignity for yourself.

Tell me, you already have the evidence that the two of us just said these things. What are you going to do? Do you want to cooperate or pay for it, or do you go directly to expose us in front of Norman Karim?

Including, Jason's two good brothers, A Kun and A Ming. "

When Jason heard what Qin Yuan said, he couldn't accept it at all. He was like an angry beast, ready to bite the heartless guy in front of him.

"Don't be so excited."

As Effit spoke, he raised his recording pen, facing Qin Yuan and Jason with the screen side, and then with two casual operations, he deleted the files in the recording.

Immediately afterwards, he handed the recorder to Jason.

Seeing his behavior like this, both Qin Yuan and Jason were very surprised. He finally managed to catch the evidence of two people, so how could he give up so easily? What on earth is this for?

The more bizarre things they faced, the more confused they became.

"Jason, as I said just now, this recorder was something you gave me once. I regard it as a treasure. Since you gave it to me, you should know.

I didn't lie to you when I did these operations just now. I really deleted all the files in the recording.
"

"It's because I can see that you deleted the files in the recording that I'm very upset.

I'm curious, why do you have to take the car like this? It's not in line with your principles at all. "

"You two are very smart people, why do I have so much trouble talking to you?

I hope you can think about it carefully. There is a saying that the enemy of your enemy is your friend.

Since there is no possibility of cooperation between me and Noman Karim.

I also hope that the two of you can work together to punish him, so that I can have a little breathing space, make suggestions with him in front of old K, and jointly take back this batch of arms. "

Jason smiled and nodded. Read the book

"If you say this, we might believe some of you. You are an exquisite immediatist, so don't pretend to be a holy mother in front of us.

Okay, you have heard what we just said, so I am not afraid to let you know that I just want to use this method to take the next step.

My two good brothers, A Kun and A Ming, were the first to come up with this plan.

I also hope to join their two camps. No matter what, I am their good brother and their boss, and I should face the next problems together with them. "

Efit heard Jason say this, and now there was a trace of emotion on his face.

He knew that Jason's current attitude towards A Kun and A Ming was the same as towards him back then. It instantly reminded him of the beautiful memories between the two good brothers.

The beautiful feeling of brotherhood came to my heart. ..

Qin Yuan saw that Efit actually had such an unknown side, and now he knew more clearly that this was the relationship between him and other people.

"Efit, I don't want to pursue it. How did you know the location of this club? But you just deleted this file, which means you won't expose us in front of Karim."

"Oh, Qin Yuan, why did you suddenly change your attitude towards me so drastically? Since you have already said this, I can't promise you.

You just thought I wouldn't expose you, but that's not necessarily the case. "

"It doesn't matter. If you can find any connection between these things, then I have nothing to say. The most important thing is that I hope you can think about it carefully.

If you still want to get this batch of arms from Old K, don't expose this plan between Jason and me.

I know that this plan is very dangerous, but I can also understand that the danger of this plan is not as serious as you think.

Even if Norman Karim finds out about all this, he will only use it to threaten me.

I won't kill Jason directly. I will use my own ideas and abilities to save Jason. I believe that both of you have insisted on my abilities, so you don't have to worry about this. "

Qin Yuan was very happy now. He was lucky that he just said in a low voice that he was going to find Hassan and discuss the issue face to face with him.

I just didn't think that this sentence was not recorded into the recorder by Efit who suddenly appeared. He probably didn't hear it. What's more, he had already deleted all the files just now.

Even if Qin Yuan doesn't believe Efit's words, he will believe Jason.

Efit walked slowly to Qin Yuan I believe you should have heard that this guy Hassan has woken up. I am not interested in these things at all. He really hates The person should be you.

You drove the car away and threw it into the wilderness alone. I heard that he came back alone, which means that the brothers around him are likely to have..."

When Qin Yuan heard this, he felt a thump in his heart. He didn't mean to hurt them, nor did he mean to do anything bad.

"I won't kill Boren, Boren will die because of me."

"Ouch,

Qin Yuan, please stop dragging these messy things in front of me. I'm too lazy to listen anyway.

Well, I'm not interested in what your next thoughts are. Just mess up the situation in front of Norman Karim. "

Effit couldn't be more proud now. Qin Yuan was already suffering from internal and external troubles, and the only good brother he trusted was Chen Jixiang, a young boy.

So, after eating all this, Effit threw the recorder directly on the ground and walked away.

"What does this guy mean?"

Jason walked forward slowly, picked up the recorder, put it in his hand and held it tightly, turned his head and said to Qin Yuan with a smile.

"Effit, in fact, he is not as bad as we thought.

The reason why he kept this recorder was just to tell the two of us in his own way.

He will not reveal this secret, which means he is repaying the favor of you for saving him in the wilderness, and after he has become pregnant with you in this way.

Next time, I won't be merciful to you, and the same goes to me. "

Chapter 2118: Let's accept it for now, and we'll talk about it later.

Qin Yuan held the recording pen left behind in his hand, and he didn't know what to do with it for the better.

He also doesn't want others to feel disappointed in him.

However, this is a fact that requires long-term consideration for him.

Many problems cannot be solved by just looking at the surface. This is why they cannot quickly establish a better contact with each other.

At this time, An Ran walked out of the room slowly. After seeing these people and the recording pen Qin Yuan was holding, he was a little at a loss.

There was even some panic, because An Ran was very smart and knew very well that this recorder should not appear in this scene.

An Ran walked quietly to Qin Yuan and whispered into his ear.

"Where did this voice recorder come from? Why have I never seen you guys? Did you meet someone outside just now?

Did someone come here deliberately to embarrass us?

If there are really any changes, you have to tell me as soon as possible. We have to make progress together. "

Qin Yuan looked at the direction Efite was leaving, and he began to make plans in his mind.

"It's okay, An Ran, you don't have to be so nervous. The recorder just now is indeed related to Efite.

However, it would be more appropriate to leave it to me to solve the specific actions, especially after I have discovered that these tasks may be related in many ways. "

"Qin Yuan, we have known each other for such a long time.

You must not hide anything from me because of these things. I know better than anyone else that the fact that we are trapped here now has a lot to do with Mr. Norman Karim.

Next, do you really plan to see Hassan at night?

He may not be a peaceful person in the hospital. If he really catches us, it will be inconvenient for you to leave.

I think you are really planning something important recently, but I'm not sure what it is.

That's why I came out deliberately to take a look. I was a little worried. It's too complicated for you to face these situations by yourself, and I didn't know what to think. "

Qin Yuan thought that whether he said these words to An Ran or not, the other party would definitely have a lot to think about. After all, they both came here from Country H together.

Jason stood aside and said nothing. He didn't want An Ran to worry about him, but the conversation between the two of them just now had been recorded in this recorder.

Efit, deliberately left this recorder to let the two of them relax their vigilance, but no one knows whether he will tell the truth to Mr. Norman Karim. This is a problem they must solve now. .

Jason didn't think there was anything scary or difficult to solve. He just hoped that through his own humble efforts, he could quickly let them know about these situations.

"Qin Yuan, I think you shouldn't think so much first. What we said here just now is seen by everyone. I think we should implement it according to my own plan."

An Ran now looked at these two people with a confused expression.

He didn't know what to say, but he could vaguely feel that these two people were hiding important things from him, which he couldn't bear.

"I think you should stop talking about this, Qin Yuan. You two should put this recorder away quickly. Don't let more people see it.

Sophia is not a fuel-efficient lamp.

His eyes are very smart. If he sees that we have such an important thing in our hands, he will definitely not let it go. "

Jason looked back at Qin Yuan. They already fully wanted to implement this plan. This was a choice he could not foresee.

"Jason, the two of us talked so much outside just now.

Do you really think that the plan you told me can be implemented perfectly? Actually, I don't want you to do this. I think it's too risky. "

"What exactly are you two planning?"

"An Ran, it's all done by the two of us, muttering something in our hearts about how to find Hassan.

Sophia, didn't you already tell us Hassan's location?

If you could secretly go to him and have a frank discussion with him about the situation you are facing, maybe he wouldn't be so difficult to deal with. "

"No, if you want to say that, then it is absolutely impossible for me to agree, even though we now understand these things.

However, no one knows exactly how to implement the next step. I think some of us were too impulsive to leave so rashly and could not give them more space.

Hassan, even if he is in the Central Hospital now, he will not be a completely free person. He may have been caught by others, and he is just waiting for us to fall into our trap. "

Chen Jixiang and He Chenguang waited in the room for a long time, but to no avail.

In fact, Chen Jixiang, the brat, was still very nervous. He didn't want the other party to have any problems.

While they were talking, they saw a black sports car parked outside the club. Like a black lightning, it quickly came to the door of the club and braked hard.

The sharp sound of brakes irritated the ears of everyone present.

Qin Yuan, An Ran and others looked over there following the sharp voice and saw a man walking out of a black sports car wearing black sunglasses and a more casual black sportswear.

Dressed in black and wearing a pair of white sneakers, they were spotless, like new shoes.

People say that to judge a person's taste, you must first look at his shoes.

Although Qin Yuan didn't know much about famous brands, he could tell that these shoes were valuable, but he couldn't see any logo on them.

It has a low-key, luxurious and connotative feeling, and it's not that simple to look at this person's dress.

Qin Yuan also became vigilant, his nerves were tense, and he didn't know who was coming, but judging from his temperament, he was basically Mr. Norman Karim's person.

"Are you Mr. Qin Yuan?"

Before Qin Yuan could speak, this person recognized Qin Yuan's identity, but Qin Yuan was not too surprised. He had already become a target when he came to Ba Country.

But it is impossible for anyone who is related to Mr. Norman Karim not to know Qin Yuan. After he smiled, Qin Yuan said slowly.

"Hello, Mr. Sunglasses. Although I don't know who you are, you know that I was able to recognize you all of a sudden. I also felt a little surprised. Is there anything wrong with you coming here?"

"Calling me Mr. Sunglasses is a bit too distant. You can call me Azhe.

I have been with Mr. Norman Karim for many years. The reason why I have not shown up is because he gave me other very important things.

I came here today specifically to connect with you. The key issue is that I hope you can cooperate with me and do some related investigations. "

Jason thought to himself that if he wanted to pretend to surrender, then the person in front of him would be the best target. He could use this opportunity to show off in front of Mr. Norman Karim.

Jason's shoulders leaned forward slightly. Just as he was about to take a step, An Ran held him beside him.

Seeing that this guy has bad intentions, be sure not to say anything wrong in front of him.

"Miss An Ran, I didn't expect to see you here. When you came to us in the past, you came alone. Today, you brought your good friends and comrades here. It really makes us feel flattered. "

Qin Yuan was a little surprised when he heard this.

An Ran is really well-connected. He even knows this man in sunglasses.

"Azhe, long time no see. I only met Qin Yuan through Sophia, so you don't have to be too surprised.

The two of us have known each other for a long time. He and Sophia are also Mr. Norman Karim's right-hand men. There must be something very important for him to come here today, otherwise he would not be able to come here easily given his status. here. "

"In this case, let's not stand at the door and talk. It's better to go in first. I believe everyone is waiting for us. Come in with me first. There is something very important I want to tell you."

Qin Yuan, now he has some drumming in his heart.

He knew that these guys were not easy to mess with. The more situations like this, the more careful he had to be, and he must not let others see that he was unhappy in any way.

Just thinking about this, he still felt a little nervous. It was inevitably beyond his expectations.

Azhe, who had just walked into the club and was wearing sunglasses, looked at the people in front of him. After seeing Sophia, he smiled slightly, and Qin Yuan could see it from his expression.

This Azhe should have made Sophie a very important figure. He might be able to use this to drive a wedge between these people, which might be better.

"Don't be anxious. Sit down first. Don't be so nervous when you see me. In fact, I have told you many times. In these situations we know, many problems are completely different from what we know. Likewise, you don't need to be too anxious.

Sophia, my coming here today was entirely my own decision. Mr. Norman Karim, he doesn't know. I came here secretly, so I hope you can think it over carefully and don't let all of us follow you. Just be embarrassed. "

Xiao Lan, standing nearby, saw that Azhe was still a little nervous, because he knew that Azhe, like Mr. Norman Karim, was a guy who was not easy to mess with.

"Azhe, please sit here now. I'll prepare something to drink?"

Before Qin Yuan could react, Xiaolan had already run to his side. Without Qin Yuan's preparation, this guy actually knocked the recording pen out of Qin Yuan's pocket.

He bumped into Qin Yuan deliberately, and then the recording pen fell from Qin Yuan's body and fell to the ground.

Everyone looked at each other, Qin Yuan tried to keep his expression calm.

In just a few seconds, Qin Yuan had already thought of countless reasons to deal with the matter of the recording pen.

What I didn't expect was that there was no reaction from anyone. Azhe walked quietly to Qin Yuan's side, picked up the recording pen on the ground and said to Qin Yuan with a smile.

"Qin Yuan, although you don't have anything to worry about at our place.

However, I still want to remind you that the recording pen should still be placed here, even if there is no evidence, but if you let it fall out casually, it will only make us all feel very embarrassed. "

Qin Yuan felt so sad and embarrassed now. He didn't know how to think more appropriately. But after thinking for a long time, he could only pretend to be stupid.

"You all should know my identity. Since you all know it in such detail, there is no need to continue asking about these recording pens in front of me. In our industry, recordings can be carried anywhere and anytime. The pen is still a normal thing, so you don't need to make a fuss about it.

Maybe, everyone here has this thing inside, but the content inside is personal privacy. Do you want to know what is inside? "

Qin Yuan opened the recorder as he spoke, and then began to flip through the recordings inside. Because time was so rushed, he had not had time to delete the conversation between him and Jason just now.

In other words, even if they delete all the conversations they just had, with current technological means, it won't take too long to restore all the data inside.

Qin Yuan opened the recorder openly, which made others feel that there was nothing to hide.

"You seem to be quite generous. How about this? I also took out some things about the recorder. If you want to listen, you can play it now for everyone to listen to."

Before Qin Yuan pressed the play button, Azhe stretched out his hand and held Qin Yuan's hand, then smiled and winked at him.

"Qin Yuan, all of us have experienced strong winds and waves, there is no need to quibble in the face of this kind of thing.

I think it's better to forget it and wait until we have a chance to listen to the content.

I came here today not to see you all in trouble, but to take you to the place arranged by Mr. Norman Karim to see Hassan. "

After saying this, Azhe smiled and took Qin Yuan's hand to force the voice recorder to turn off.

Moreover, after putting it back in his pocket, Sophia and An Ran saw something strange about the scene they saw next to them, and they didn't know what to do.

Chapter 2119: Azhe: I'll pick you up to see Hassan

Chen Jixiang already vaguely knew that Hassan had probably successfully run back from that wilderness, which was why they were so secretive about their conversation just now.

However, this is definitely not good news for them. Jason's expression changed a little when he heard this.

"Wait a minute, Mr. Azhe, I don't mean to question what you mean. What did you say about Hassan's problem just now? How come we have never heard of it."

Sophia stood up with a smile at this time and said to Qin Yuan.

"Qin Yuan, don't be anxious. I've told you all these things, but you don't believe me, so there's nothing I can do about it, but I hope you won't be so nervous.

Don't hide anything from me, Azhe, he is not someone else, he is one of our own.

There is no point in hiding it like this. The most important thing is that I want to tell you that you don't need to be so anxious. Azhe must have his own thoughts and wishes when he comes here today.

The more anxious you are, it may not be good for any of us, so we only thought about these issues today after thinking a lot. "

Qin Yuan turned around and looked at Azhe. He looked at him with a very friendly expression, which meant that he seemed to be trying his best to tell Qin Yuan that he was not a bad person, let alone someone worth worrying about. people.

"Qin Yuan, Sophia has already said this, there is no need for you to be so nervous.

In fact, we are all people who have already realized that there is no need for you to say anything nervous. The more we are like this, the more we have to relax, right? "

"Then you have to say, what is the purpose of your coming here next? What good will it do to you to pick me up to see Hassan? For me, I think maybe Mr. Norman Karim doesn't want me either Meet Hassan.

Unless, he already has a particularly good idea.

I think it might be more appropriate if we all realize our mistakes sooner, but now the meaning is completely different. "

Azhe slowly took off his sunglasses from his head and put them in his pocket.

"An Ran, please sit down first. Don't be so nervous. I can tell you straight to the point. The purpose of my coming here today is to take you to see Hassan.

As for why Mr. Norman Karim did this? You have to ask him in person? After all, I am just a part-time worker next to him and I should listen to him, isn't it? "

Chen Jixiang said quietly to He Chenguang.

"What kind of medicine is this guy selling in his gourd? He has been mysterious since he came here, making everyone very nervous, as if they are afraid of him."

"That's not the case. I just think they must have their own things and tasks to do. The more you act like this, the less they know what to do."

Azhe looked at Qin Yuan, looking a little at a loss now, which made them feel even more uncomfortable.

When Qin Yuan thought of this, he didn't quite understand what these guys were thinking.

Originally, he had planned to secretly visit Hassan at night, when everyone was quiet at night, using the system to block the monitoring signals from the window.

But it was completely different now. The other party actually came to him, and there was no need for him to cover up anything.

"Azhe, since you took the initiative to come to the door, I just wanted to ask.

Even if I followed you to see Hassan, I still have to know why Mr. Noman Karim did this.

This is really a very important thing for us. I can't follow you to see him in a daze like this. I still have to think about it, what should we do next? "

"Qin Yuan, I know you are a very planned and decisive person.

However, I have no way to answer the questions you are asking me now. Even if I want to tell you, I have to first know why Mr. Norman Karim did this.

I really can't say anything now, I can only listen to you say these words. "

Xiaolan thought to herself that Efite didn't know what his plan was, and he hadn't revealed it to him at all. Now he was also worried and didn't know what to do.

Xiaolan could tell from the recorder that fell to the ground just now that it was the recorder he had given to Efite.

At this moment, he didn't feel a little uncomfortable that the other party gave away his things casually. He was just wondering why the other party did this.

"Don't be so anxious yet. The situations we encountered today are not all immediate problems that we can solve. They all appeared one by one.

What exactly does Mr. Noman Karim want to do? That is his own freedom and none of us are qualified to ask him. "

Xiaolan, now I want to find Efit quickly.

Ask him what he thinks and why he told Qin Yuan about the recording.

In fact, Xiaolan is also a very smart person. He can tell that this recorder was probably used by Efite for recording and then he took the initiative to hand it over to Qin Yuan.

Because there are no signs of competition on it, and Qin Yuan's expression is relatively calm. Maybe Efite has some feelings for him.

He urgently needs to find Effit to know why he cooperates with Qin Yuan and hides his own situation. Isn't the relationship between them not enough to make the other party give up on their relationship like this?

"Don't be anxious just yet.

These words are waiting for us to think about them slowly, and they may be able to be solved. It's just that the difficulty with our current problem is that we don't know what to do next that would be more appropriate.

Don't think too much about it. "

At this moment, they all felt a little embarrassed.

He Chenguang was a very smart man. He asked a very important question directly.

"Mr. Azhe, right? Noman Karim asked you to come and pick us up to find Hassan. Did he tell you how many people should go with you? Is it just Qin Yuan, him alone, or us? Everyone can go.

After all, Hassan is already an old friend to us, so it shouldn't be unreasonable for us to want to visit him together. "

"He Chenguang, please stop talking, they should have their own arrangements.

Even if we ask too many questions, it will only affect the relationship between us. It is better to wait until the next matter is resolved before we consider other things. You don't make trouble here. "

Azhe said to Qin Yuan with a smile.

"Qin Yuan, I know you said this just to give me face, but I still want to remind you that we have already made some decisions on these matters in our hearts.

Even if I don't come to pick you up, Mr. Norman Karim has already guessed what you think about yourself. He should have already calculated that you are likely to take the initiative to find him alone. .

If that's the case, it might be more appropriate for him to take the initiative to come to you. You don't need to worry about the rest. As long as we are here, we will not make you sad.

This is what can be correctly told to you and promised to you.

Hassan has improved a lot in the hospital, but his mentality seems to have changed a lot. As for who he wants to cooperate with, I'm not sure at all.

I also hope that you can calm down and don't be so nervous about this matter because of your previous grievances. This will not do us any good. "

Qin Yuan could tell that Azhe was threatening himself in another way by saying these words.

He sneered and then said.

"Azhe, although this is the first time we have met, I can see that you are a very decisive person and you don't need me to worry too much about this issue.

However, the words you just said contained some threats, which indeed made me feel a little uncomfortable. I just say whatever comes to mind. Don't mind it too much.

Hassan, he is seriously injured and lying in the hospital. Whether he can recover or not, I can tell you.

It is indeed inseparable from us, but this is also because he was a little too greedy. If he had not been direct, he would have trapped us in that unfinished building.

He actively wanted to threaten me. If I cooperated with him, I wouldn't have ended up where I am today.

These are some of the situations we can encounter now, so I have to tell you the importance of these things. "

"Qin Yuan, stop it quickly.

I'm not interested in any of the things you're telling me.

I don't know exactly what kind of conflict there is between you and Hassan, and I don't want to know that I came here today just to take you to the hospital on the order of Mr. Noman Karim.

How do you discuss it specifically between you, but your matters are related to us.

I'm just a tool. It doesn't make much sense for you to explain so much to me. I hope you can slowly figure out what to do. "

Azhe is also an unforgiving person.

After An Ran saw it, he smiled and said.

"Qin Yuan, I think you should stop talking about these things. Since Azhe came to me on his own initiative, we went to the hospital to visit Hassan.

Then set a time. After all, the hospital does not allow others to visit casually after night. Azhe took the initiative to come to us today, so let's go and take a look first. "

Sophia looked at Azhe.

"With so many people going to the hospital, it will also affect the rest of the normal patients in the hospital. I think we should arrange the manpower. Some people stay here and some go to the hospital."

Qin Yuan knew very well that Sophia's arrangement was just to keep a few hostages here to threaten Qin Yuan. If this was the case, then he would be even less able to agree to this condition.

"No, Sofia cannot agree with your point of view. We are all comrades in arms and we must advance and retreat together. No matter what, we must stay with us.

I don't think it's particularly reasonable to arrange that some people stay and some go to the hospital. "

Chen Jixiang, the little follower, nodded beside him.

"Yes, Brother Qin Yuan, I think what you said is very correct. No matter where you go, I will definitely go with you. I don't care so much.

I only care about when I can leave here quickly and return to our country H. It will be better. "

Xiaolan had his own plans beside him. He didn't want all these people to go to the hospital. In fact, he didn't know what Effit's arrangements were now, but it was definitely right to disrupt their plans.

"An Ran, how about this? You have been here for so long and you must be very tired. You stay and have a good rest and let them go first. You can discuss what to do after they come back from the hospital.

I also know Hassan. Isn't he the captain of the maritime patrol force? He used to be a tough guy. No matter how many times we communicated with him he was unwilling to cooperate with us, which was unacceptable to all of us.

Today it was said that his mentality has changed, so I want to see how much it has changed.

I have always been responsible for the situation in the club, so you all go to the hospital. There is no problem if I stay alone. Maybe you can stay safely. "

Qin Yuan can see that this Xiaolan is definitely not a good person. Asking Anran to stay with him is pushing Anran into a pit of fire. This is absolutely not okay!

"An Ran, I know you haven't had a good rest in the past two days, but I wouldn't be too relieved if you were asked to stay."

"What's there to worry about?"

Qin Yuan, I know that the relationship between you two is relatively good. Can I still sell An Ran here alone? "

"Haha, Xiaolan, even if I lend you some courage, you probably wouldn't dare to do this."

Without the permission of Mr. Norman Karim, you have to carefully consider what kind of behavior you want to do to us.

Over the years, have you ever had an important position in the group and felt like you have the right to speak for yourself?

If not, even your position is not as good as Miss Sophia, so don't open your mouth casually, these things are useless anyway. "

"Of course I can't compare with Sophia. Well, what you just said is that I'm not worthy of saying these things in front of you, right?"

Then I'm not worthy of participating in your discussion, so I'd better shut up quickly. Maybe this will be more appropriate, right? "

At this time, Azhe remained silent. After seeing that they had finished their discussion, he spoke slowly.

"You can only let Qin Yuan go with me alone!"

Chapter 2120: It's okay if you go alone

Qin Yuan was still a little confused when he heard Azhe say this.

"What did you say?

You said you let me go alone, does that mean that An Ran and everyone present can't go? "

Before Azhe could answer, the boy Chen Jixiang interrupted from the side, and they quickly finished their words.

"No, it's absolutely not possible for Brother Qin Yuan to go alone. No matter what, we have to stay with him. We have already encountered so many situations. I'm really worried about letting him go alone.

Since you don't have any evil intentions, it would be more appropriate to let all of us go. "

Qin Yuan looked at Chen Jixiang. He was a little touched that this boy was so kind to him. After all, he was already in a difficult situation under this situation.

"Chen Jixiang, you kid, you don't have to say these things in front of me, and I'm not worried at all.

What kind of situation will we encounter next? Moreover, nothing special will happen if I go quickly and quickly come back alone.

You all don't have to worry about so many things. If there are any other problems next, I will probably stand up and help you as soon as possible.

I also hope you will think it through carefully and never say these useless things.

If others find out, it will seem like we are all very narrow-minded. Who can make such a choice? It's just because of this.

I believe that Azhe will not lie to me. Even if I go alone, there will be absolutely no problem. I am not worried about this aspect. "

Qin Yuan smiled and told everyone that when he was outside, he was like a big brother, always protecting the children around him.

"He Chenguang, I will follow Azhe to see Hassan alone. Just wait in the club. I believe everything will be finalized after I come back."

Although He Chenguang was very aware of Qin Yuan's abilities, he was still very worried for him to say this.

He didn't want Qin Yuan to take risks, especially something so dangerous.

All of them have already thought about this, so it is even more impossible to stimulate their fragile nerves.

"Yeah, I understand what you are thinking, but I hope you can believe that the situations I have encountered now are not decided by me alone.

From now on, I can bear whatever else comes next.

I believe Mr. Norman Karim will have other ideas if he asks me to meet Hassan today. Let's meet him alone first.

Let's see what his attitude is. After we come back and discuss it with you, we will make a decision.

Anyway, I have already thought about these things. No matter what, we must not let others harm our own interests. "

Sofia was beside him and remained silent. He was also thinking about his own affairs in his mind.

"Azhe, you have to take Qin Yuan to see Hassan alone.

I think it's not impossible. On the contrary, I support you very much. You have to think carefully about what Mr. Norman Karim means.

Is he sure he made such an arrangement for you? Don't get it wrong. "

Azhe looked at Sophia saying this. He didn't know whether he cared about himself or Qin Yuan, but he was still very happy in his heart.

"Sofia, I can't care about other things.

You have said this, so I feel very relieved. No matter what situation we encounter, I will always report it to you. As long as you care about me, I don't care about other things. "

When Sophie faced Azhe's confession to her in front of so many people, he was too embarrassed to say anything, let alone refuse, so he just nodded silently.

"Well, He Chenguang, you and An Ran, stay here and I'll go see what the meeting arranged by Mr. Norman Karim is like. I'm a little worried myself.

As long as you are all safe, I can rest assured about your behavior. ".B.

Azhe took out his sunglasses from his pocket and put them on.

In an instant, he transformed into a taller, colder and cooler bodyguard-like image.

Qin Yuan looked at Azhe and could feel his mental state. In fact, he was not an ordinary bodyguard.

Perhaps, he is also a very important right-hand man for Mr. Norman Karim.

When he was young, he must have experienced some things. Therefore, Qin Yuan felt that in terms of pure force value, he was basically on par with Azhe.

Azhe was like a gentleman. After he put on his glasses, he only saw the corners of his mouth move slightly and said to Qin Yuan with a smile.

"Qin Yuan, you don't have to worry so much. I'm basically ready now. We can set off and we'll get there soon.

I hope I can check if there is anything else on you. In order to ensure everyone's safety, you should be cautious. I hope you can understand me. "

Chen Jixiang, this kid quit after hearing Azhe say this.

"What do you mean?

He kept saying that he was taking Brother Qin Yuan to see Hassan.

However, your current behavior is just to search for whether he has weapons on him. You are a bit disrespectful to others. "

Chen Jixiang said angrily as he walked up to Azhe and wanted to argue with him.

"Wait a moment!"

Qin Yuan directly stretched out his right hand to block Chen Jixiang's chest, blocking his way.

"Brother Qin Yuan, although we are in a foreign country and should restrain our temper a little, we are not easy to bully.

They always make you look bad like this. I really can't stand it. No matter what, I have to give you a sigh of relief.

Are they a little too irritated? They have obviously solved all these things.

But they just refused to give up. Instead, they made it very difficult for all of us. It really made me a little unhappy. We can all endure many things.

However, I absolutely cannot tolerate this aspect, let alone allow them to squeeze us out unscrupulously. It is really too much. "

Chen Jixiang, this kid was very angry as he spoke. Seeing that he had stopped fighting now, Qin Yuan had to quickly calm down his emotions before speaking.

"You boy, we have known each other for such a long time, there is no need for you to be so anxious.

Moreover, Azhe didn't mean anything else.

The most critical issue is that we should not let him bear this alone, and these are not just his thoughts and opinions.

If we make things difficult for him like this, it won't do anyone any good. "

Qin Yuan said while looking at the people around him with a smile. Although he was very embarrassed now, he was not willing to let others embarrass himself.

Azhe looked at Qin Yuan relatively calmly, and he couldn't help but feel a great admiration for Qin Yuan.

"Qin Yuan, no matter what, I am really surprised that you can make such a choice."

"What's so surprising about this?"

"That's not what I meant. I just want to tell you that I actually understand why you all do this, but I haven't thought clearly about this issue.

Also, I hope you can think carefully about how to best solve the problems we encounter next.

Hassan, he has been waiting for you in the hospital for a long time. If you don't hurry up and go there, we won't be able to help you. "

"Azhe, do you mean to threaten me by saying this?"

The two girls, Sophia and An Ran, saw that the two of them were about to quarrel, and they were helpless. They could only endure these things silently.

"Forget it, peace brings wealth.

We are all out to do things, and I think Mr. Norman Karim also hopes that you can clearly understand these thoughts in your heart, which is the most important thing.

Azhe, although this is the first time we have met, I think you are definitely not a very impulsive person to say these words to Qin Yuan.

You should also think carefully about it. We all have our own opinions on this issue. "

He Chenguang's sudden words also left everyone confused.

"Qin Yuan, just go quickly. We still have many things waiting to be resolved after you come back, including Fan Tianlei's matter."

Qin Yuan nodded thoughtfully.

"That's fine, Azhe, I don't have anything on me anyway, I'm afraid you'll search it.

Then come directly over and search my body, I will be able to understand what you are thinking. In fact, I don't want to embarrass anyone.

Generally speaking, it is not easy for me, coming here from a foreign country.

All I want to do is complete the task assigned to me by our superiors. There is no need for you to embarrass me like this about what will happen next.

I will explain everything clearly to you, so that you will not feel like you are being kept in the dark.

Mr. Norman Karim, what a shrewd man he is, even if I want to do some small tricks.

In his eyes, it is just a very difficult problem to solve.

I didn't dare to show off my power in front of him, let alone do something in front of him to try to deceive him.

He has been a very experienced person for so many years. I dare not do anything. Please believe me.

I don't carry anything dangerous like this with me. Do you think that I would do something excessive to Hassan in full view of the public?

He is the truly dangerous person. "

Azhe laughed when he heard Qin Yuan say this.

"Hassan?

Qin Yuan, you said he is a dangerous person now. I really think you are a little too worried. He is no longer what he used to be.

Moreover, it seems that a lot of changes have really taken place. I can't explain this in a few words. You can only see it for yourself and you will understand.

After this catastrophe, he did undergo great psychological changes, which I didn't expect.

No wonder, people say there are no permanent enemies or permanent friends, only permanent interests.

For him now, as long as he can help him, he actually doesn't care about anything.

After being in the patrol force for so many years, he should be about to rise. Back then, he was a special soldier in our country of Pakistan, and he was very proud of it. His status was similar to that of Fan Tianlei.

In the beginning, Hassan had to pay a lot of money to let him become a spy, so Hassan agreed.

I just didn't expect that everything that happened later would make him so miserable and haggard, which was very regrettable for all of us.

Mr. Norman Karim knew about these things and was very sad afterward.

I hope he can join our group, but he is too persistent. Even if he doesn't want to join our camp, he has repeatedly opposed Mr. Norman Karim. This kind of thing, under the circumstances, how do you think Mr. Karim could tolerate it?

Slowly, some changes were made to his career, resulting in him still not having a better development prospect.

If he continues to be dragged down like this, I'm afraid the rest of his life will be ruined. "

Chen Jixiang, this child is still relatively young. What I saw

There were very few things. He could never imagine that such a serious situation would happen if one person attacked another person.

"What on earth are you all talking about? Did Hassan really work as a spy in the army of our country H when he was young?

That is, saying that he is what he is now has nothing to do with Fan Tianlei.

Therefore, I really can't imagine that all the pain Fan Tianlei is experiencing now was planned by them.

Is there such a deep connection between them?

No wonder Fan Tianlei has always wanted to say something to us but hesitated for so many years.

Now I finally understand that this is the case, so we all have to be more careful. "

Qin Yuan thought in his heart that he had to let Fan Tianlei get the news quickly and not tell the truth. .B.

Therefore, his time is very tight now, so basically he can only do this. No matter what, he cannot be discovered by others that he has a one-button recovery system.

He had to do it without knowing it. After thinking about it for a long time, he smiled and said it to everyone.

"Everyone, please don't be anxious. I'll go to the hospital with Azhe to see what Hassan means. I'll make a decision with you when we get back. It's okay for me to go alone."
