

Special Soldier 2121

Chapter 2121: The leg is broken, who did it?

Qin Yuan just thought about this while following Azhe and others to prepare to leave the club.

Seeing An Ran's worried expression, Qin Yuan also felt a little sorry.

So, he quickly walked to An Ran, patted his shoulder, and whispered in An Ran's ear.

"It's okay, you don't have to worry about me so much, I've already thought about everything today.

I will definitely go back as soon as possible, and I will not let you all follow me and continue to worry about my safety. My main purpose today is to see what Hassan is doing.

We always hear others say that we haven't seen anything ourselves and it's not appropriate. It would be better to think about how to solve the next problem. XiuShu.com

So, I decided to go with Azhe first and talk about the situation they described, and I also saw it, it was another situation.

I believe they won't do anything to me in broad daylight.

You don't have to worry about me. These useless things, as long as this problem is solved, I think you should be able to prepare for many things.

Therefore, it took me a long time to think about the problem, and I don't know if you all can understand my good intentions.

You just stay in the club and be sure to keep this stinky boy Chen Jixiang in check.

Did he do something impulsive for me?

I have about a few hours, and I will definitely be back before evening.

Because we still have a main thing to do, and we won't let you stay here alone to take risks. As the captain of your team.

I want to take you back safely. First of all, I have to ensure that I can come back safely. This is the most important thing. You should not continue to worry about the rest.

As long as I'm here, I won't make things difficult for you.

The situations we encountered today are all to be expected. When you go out later, you all should be careful.

It's best to seal this place up and don't let outsiders come here casually.

Just now, under the precaution of our team, Efit has already arrived here. I think there must be someone within us secretly contacting Efit.

Of course, this is just my own speculation, so don't take it seriously yet.

Don't tell anyone yet, this is just a whisper between the two of us.

As for Fan Tianlei, I am basically ready. As long as someone can pass on the news to him and ask him not to admit anything in front of the higher-ups of the army, there will definitely be no problem waiting for the news from my side.

Moreover, I have perfectly solved the problem of system vulnerabilities.

I have passed it on to others. We have nothing to do with each other. Everyone can escape unscathed. I believe Thor can definitely do it.

You all just wait for me, I will send you a successful message when I come back.

Jason, he wants to do something more dangerous recently.

You must not let him do it. During the few hours I am away, you must keep an eye on Jason and don't let him do anything excessive.

What the two of us were talking about outside just now was about Jason's secrets.

I think, overall, it is still very unreliable. After I finish talking to him about these issues, the logic of our actions will also be very reliable. "

An Ran felt a little sad after hearing Qin Yuan's uneasy arrangement.

"Qin Yuan, I know you are particularly worried about us, but I hope you can focus more on these important things and don't regard our affairs as a distracting issue for you.

Azhe is not a simple person. He took the initiative to come to us today.

I think he and Sophia may be planning some unknown things, but we don't know much about these, and we still have to wait for the results tomorrow before we can make a decision. "

Qin Yuan and An Ran whispered beside them,

The people watching this situation have completely seen it, and there is no need for them to escape.

Azhe was already a little impatient with waiting.

"Qin Yuan, don't make it seem like you have something important to explain.

We are just going out for a while and will be back soon.

Even if you are worried about An Ran, there is no need to explain everything to them in detail. Are you planning to run away alone and never come back to care for them? "

"Haha, Azhe, are you kidding me? I have never had such an idea.

They have been following me for such a long time, so I should explain things more carefully, and you don't need to be so cautious.

I didn't say anything to make things difficult for all of them.

Therefore, I have already thought about these things clearly. What you need to do next depends on you alone. Also, we don't need other things. Once these are solved, we will be more relieved. "

After Azhe finished speaking, he looked back at Sophia.

Generally speaking, he was still very worried about Sophia, and Qin Yuan saw that the two of them were planning some secret things.

"Azhe, you are taking Qin Yuan out today. Although it is Mr. Norman Karim's intention, I think it is better for you to be careful. After all, Mr. Qin Yuan is Norman Karim, a very important person.

If you escape from him or fail to protect Qin Yuan.

Mr. Norman Karim will get angry. When he gets angry, the matter will become serious. We all have to treat it with caution.

Don't blame me for not persuading you. I've made it clear to you exactly what to do in the future.

It just depends on what you do, which will be the most suitable.

Also, I hope you won't be anxious. After you go back and see Hassan, you must personally send Qin Yuan back to this club when you follow Qin Yuan back.

We can all rest assured, otherwise if something goes wrong, no one will be responsible for it. "

Azhe smiled and nodded.

Afterwards, Azhe took Qin Yuan and the two of them got into the car.

Inside the club, I heard the sound of an engine starting, and I knew that the two of them had left the club. Qin Yuan was very clear in the car.

Norman Karim is a man who has very strict control over his subordinates. He must be dissatisfied with the monitoring equipment in the car. He dare not say or do anything.

"Azhe, the first time I saw you today, I felt that you are not an ordinary person."

"Mr. Qin Yuan, please don't praise me like this. I can't afford your praise.

How could I not be an ordinary person?

If there is anything unusual about me, it just means that Mr. Norman Karim treated me relatively favorably.

Without him, I wouldn't be where I am today, so I'm still very grateful to him. "

"Okay, then just pretend I didn't say these things.

By the way, Hassan is in the hospital. Can you tell me what the situation is like in advance.

Otherwise, I would be very nervous and anxious now.

I don't know what kind of situation he will encounter next. Everyone told me that there is no big problem with him, he just suffered a minor injury. "

"It's true that he doesn't have anything big to do, but Qin Yuan, I advise you to be mentally prepared, because his leg is broken."

"Broken leg?"

Qin Yuan's loud voice could no longer suppress his surprise. He had never imagined what these things were about.

"How is this possible?

Azhe, are you kidding me? If Hassan's leg was really broken, how could he crawl back alone from the wilderness? He must be too perseverant.

This is absolutely not

What may have happened, I feel like you must be lying to me. "

"I won't lie to you now. It doesn't mean much anymore. I just want to tell you the ins and outs of these things."

Qin Yuan, he is completely panicked now.

It turned out that he could still hope that nothing major would happen, so that Hassan could resolve the past grudges with him, but now he learned that his leg was broken.

So this shows that he should have hated these people around him for a long time.

The reason why he made such a decision was because he wanted to take revenge on the people around him. This was really not good news for them.

"The leg is broken. What is the situation? Please take me to see it now. I am really worried about him now. In fact, Hassan is not a bad person.

Anyone who has gone through so many things will inevitably have some changes in their mentality. This is something I can understand. I never thought that such a situation would happen to us. "

"It's okay, Qin Yuan, you don't need to make too much fuss.

These issues now are no longer up to us to decide. Naturally, someone will help us make the decision, so you don't need to be too nervous.

They have all begun to prepare and plan for Hassan's matter. If there are any other problems next, it is unknown. "

While the two of them were talking, Azhe had already stretched out his right foot and stepped on the accelerator, causing the vehicle to move forward rapidly.

"Can you please slow down?"

"Qin Yuan, you don't have to worry about my driving skills. My driving skills are still very skilled. Even Mr. Norman Karim has never worried about driving my car for so many years.

But everyone who can be around him has gone through a lot of training.

In all aspects, you definitely don't need to worry, and not only are you afraid of death, I am also a person who is afraid of death. How could I make a joke with my own life? "

"Well, since you have said this, I have nothing to refute. As long as you cherish your own life, don't drive so fast because of me. We are all a little anxious. "

After saying this, Azhe smiled.

"We'll be arriving at the hospital soon. Is there anything you need to prepare in advance?"

"Arrived so soon?"

"The country of Pakistan is not that big to begin with. It is definitely incomparable to your country H. Although our city is the most prosperous, it only takes a long time to travel from south to north.

With my kick on the accelerator, I'm almost halfway to the destination. If you have nothing to prepare, then I won't care about you. "

Qin Yuan could hear Azhe's hint, but he really had nothing to prepare now. As long as these things were resolved, he would be relieved.

Soon, the two of them arrived at the door of the hospital.

After seeing this situation, Azhe was still very nervous.

"These people at the door are basically people arranged by Mr. Norman Karim and dressed up in disguise."

"You can see this."

"Azhe, please don't forget that I have been living in the special forces. I have often carried out secret missions for so many years, and everything cannot be hidden from my eyes.

As long as I can see them, they are basically the tricks we have played. Look at the man next to him wearing a blue flying suit. He is also Mr. Norman Karim's man. "

"Hmm, it seems that I really admire you. But before I came here, I was almost able to guess. You can already tell what kind of tricks these people around you have. Fortunately, it's pretty much what I expected.

I have no intention of secretly protecting Hassan from people like you, and it's not just to attract your attention. Now that we have arrived, let's get out of the car quickly. "

While talking about Azhe and Qin Yuan, the two of them walked down

The people wearing ordinary clothes next to the car were well ambushed. When they saw Azhe getting out of the car with the stranger, they immediately became vigilant.

Azhe said nothing.

He simply took off his sunglasses and waved them casually on his head a few times. The vigilant people around him immediately relaxed. This might be the secret code between them.

"Don't worry now, just follow me in."

Qin Yuan nodded.

When they first arrived at the hospital and saw this situation, they were all very nervous.

Before Qin Yuan was ready, he directly saw a medical staff pushing a wheelchair. The person sitting on it was none other than Hassan.

"Hassan?"

"Yeah, yes, that's him."

Qin Yuan saw Hassan, who was now completely transformed into a cripple. His right leg was not broken, but amputated.

His heart skipped a beat now.

Seeing this situation, the leader of the special forces who used to be able to walk like flying.

Even a person who has been a spy in other countries has now become a ***** who has lost a leg. From now on, I am afraid I will have to rely on prosthetic limbs to live.

Qin Yuan feels very sad now, and he can't believe his eyes. Maybe what happened today was not directly caused by him, but also indirectly caused by him.

"Hassan, what on earth is going on with you?"

When he saw Qin Yuan, Hassan was not as excited as expected. Instead, he was very calm and expressionless.

Chapter 2122: Offended too many people

Qin Yuan felt particularly calm when he saw Hassan's expression.

In fact, he felt even more uncomfortable.

Qin Yuan would understand if he cried or even lost his temper, but seeing how calm he was, Qin Yuan felt a little at a loss.

He felt that all of this seemed to have an inseparable relationship with him, as if the tragedies caused today had a lot to do with him. It was really hard to understand.

"Hassan, to be honest, when I see you like this, I feel very uncomfortable. I hope you will tell me more.

If you are unhappy or depressed, you can just say, don't be like this, it makes me look very uncomfortable.

In fact, I don't want to see you become like this.

In the final analysis, I was too careless, which led to the consequences today. I hope you can calm down. No matter what kind of request you have, if I can help you, I will definitely be able to help you.

Originally, I just wanted to see what you have become today and how seriously injured you are.

However, I never expected that it would be like this.

Before coming here, Azhe had already told me that you had broken a leg, but I didn't expect it to be amputated, I just thought..."

Qin Yuan stopped as he spoke. He suddenly didn't know how to face the person in front of him. He felt a little too sad, and even more guilty.

Even if Qin Yuan wants to complete his task, he is not the kind of person who will use any means. How can he be relieved even though he knows everything in front of him but there is still no result.

"That's not what I think, I just want to tell you that now that we know these situations, we don't know what to do, so that it would be more appropriate.

Even if I had the courage to predict today, I would not be able to think about the problem as I imagined.

I didn't expect your leg to be in such a serious condition.

I feel that this has nothing to do with me. In fact, I already have some guilt and psychological preparation in my heart. I came here today just to apologize to you.

Of course, I know your legs have become like this. Even if I apologize to you, it can basically be said that it will not help. "

Azhe stood aside and looked at Qin Yuan's guilty expression. He also had mixed feelings in his heart, which was indescribably complicated.

"Now that we have arrived at the entrance of the hospital, don't wait here anymore. Let's go inside the hospital first. In the ward, we will talk slowly.

After all, there are many people outside, and if others heard about it, they would think we were plotting something. "

Qin Yuan nodded.

He walked directly to Hassan's wheelchair, preparing to push him into the house to see what was going on.

At this time, Hassan said a little bit strangely.

"To be able to have Fan Tianlei's most capable special forces push me, I feel infinite honor today."

"Stop saying that. I can understand the resentment in your heart. No matter what you say, I won't have any other ideas. I just hope to make up for the harm I have caused you."

"The damage has been done, so don't say these words here with false feelings. In fact, I don't care anymore.

Qin Yuan, my legs have become what they are now. This is irreversible damage. "

Azhe could also understand what Hassan was actually feeling in his heart right now.

It turns out that the special forces who are as fast as flying can go to other countries to serve as spies.

Now I have to rely on prosthetics for the rest of my life. Who can accept it? It is normal to have some temper and resentment in my heart. It is shocking to not have these.

In this way, Qin Yuan carefully pushed Hassan into the ward. Seeing the relatively simple equipment in the ward, he could tell that he was now completely monitored by others.

At this time, Qin Yuan remembered a key question, which was where the good brothers around Hassan had gone.

At first, they kept these brothers in the unfinished building. Why did Hassan be the only one left here today? This really made Qin Yuan a little anxious.

"What happened today?

Why are you the only one back?

At the beginning, I remember that he was not the only one in the unfinished building, there were other people together, but now you are the only one who has successfully come back.

What about your good brothers? They must have encountered some danger. "

Hassan lowered his head and said nothing at first. After hearing about her good brother, she slowly raised her head and looked at the people in front of her, and then said coldly to Qin Yuan.

"I'm not the only one, they have all disappeared. I don't know what happened."

Of course Qin Yuan couldn't control that much. He must have been a little surprised after hearing these words.

How could someone as smart as Hassan say such stupid things?

Moreover, these good brothers of his are all Qin Yuan who has been with him for many years. He knows deeply that he is a very interesting person. Even if he sacrifices himself, he will never put his good brothers in any danger. .

Now, seeing the way he hesitated to speak, Qin Yuan felt that something was seriously wrong.

Maybe it was too different from what he expected, and he was a little overwhelmed, which was why he was in this situation today, but he still wanted to know the truth of the matter.

Qin Yuan himself couldn't believe that these living people would become like this.

"Then there must be some clues about the disappearance of these good brothers of yours. It's impossible for them to be alive and dead without their bodies."

Azhe sighed beside him. Qin Yuan thought that this matter must have nothing to do with Mr. Norman Karim. Even if he was frightened, he would never be able to do such a thing.

"Wait a minute, don't be anxious yet.

The situations we encountered today were too sudden, and we didn't know how to think more appropriately, but now that the problems have already come to us.

If you want to find out the truth about these things, you have to do it step by step.

Don't be anxious. I think it is very likely that most things are completely different from what we expected. The truth may be right in front of me, but we are just blinded. "

Qin Yuan finished speaking, and Azhe nodded beside him.

"I can guarantee you that Mr. Norman Karim will never do such a thing, Hassan, they must be hungry after being trapped in the wilderness for so many days.

It is easy to attack them on the road, and there is no need for any big forces or complicated plans.

I think there are still many people who can do this kind of thing. It's up to you to see if you can find the truth.

Hassan, there is something I have to say.

Although, I think saying this now may still hurt you a lot, but these are facts, and you should face these cruel truths.

That is, you have offended too many people over the years, and there are also many people who want to kill you. "

After hearing Azhe's words, Hassan felt very sorry.

"You are right. Ever since I was found out by Fan Tianlei from country H and sent back to the country, I have already embarked on a different path and the gears of fate have begun to turn.

Originally, I was indeed a young talent who could make a difference in the army. I thought that if I successfully became a spy and got more information and came back, I would be able to receive many awards.

Who could have imagined that we would encounter this situation, which makes me feel even more uncomfortable. At the beginning, these things we thought could no longer be considered simply.

I have to say that my mentality changed a lot later. I was single-minded and wanted to catch them. I wanted to know how they discovered my traces.

However, now that it has become like this, I don't even know how to think of a solution. "

Azhe seemed to have thought of a person next to him who was most likely to do this.

At the same time, Qin Yuan also thought the same. He also felt that this person was very likely to do it, but neither of them could completely determine who was behind this matter. It was all just speculation.

Even if there is no evidence in this lawless place, we cannot just accuse others casually.

Every time he thought of this, Qin Yuan still felt very uncomfortable.

He didn't want to involve more innocent people, but now he couldn't be given more opportunities. It was more important for him to do what he wanted.

"That's enough, you all should stop talking about this aspect. I thought about it a lot at the beginning, but now that I encounter these situations, I don't want to see them.

So much has happened today, and I don't know how to explain it to you. It's just that I have no better way to solve the problems I'm encountering now.

Also, everything we have right now is just speculation.

Without the right circumstances, you cannot wrong others, even if it is, I now have such a candidate as the mastermind behind the scenes. Apart from him, no one else would do this, I know very well in my heart. "

That's right, the man behind the scenes that Qin Yuan was thinking of was Efite.

It must have something to do with this guy. He was always worried about Hassan imprisoning them, and he never paid attention to it.

On the surface, he seems calm and calm, but in his heart, he still hates them very much.

"Hassan, besides wanting to check on your physical condition and express some apologies to you, I came here today for other purposes. I think you should be able to understand that."

"Don't you just want to know whether I was the spy back then?"

No problem, since you have already asked this, then I can tell you everything in detail. I am indeed the spy back then.

Moreover, this is also something I expected, and you have already discovered it.

My traces, basically being able to say these things in front of me now means that I have a lot of evidence, but this was all decades ago.

I think the grievances between Fan Tianlei and Hassan and I should come to an end.

Now it is a matter for you young people. Originally, I did want revenge. I have been wronged by others for so many years, and no one has ever stood up to speak to me.

They simply believed that it was my own inappropriate behavior that exposed me.

In fact, this is not the case at all. It was Fan Tianlei and Norman Karim who formed a partnership with me, leaving a trap for me to expose them, and because of this, they were able to rise to great heights.

Especially Fan Tianlei, if he hadn't caught me as a spy, he wouldn't have been able to sit in the position of chief of staff today, so I hate him.

You should also be able to understand.

Perhaps, this incident is a very impressive thing for me, but I never thought that they would treat me like this.

After I already knew these things, I no longer had any reason to remain calm.

I hope that they can think clearly about what kind of problems they will face next so that they can solve them.

At least, I feel in my heart that many problems are completely different from what we imagined. I don't want to see such a situation. I just hope that you can quickly solve the problems we encounter.
"

Hassan, after talking about these tiring things for a long time, it is even more impossible for him to calm down now. Many things are different from what they imagined. Except for Qin Yuan, he did not expect that the truth turned out to be like this. They were indeed in debt. mulberry.

However, Qin Yuan couldn't believe that the God of Thunder, whom he had always been proud of, would do such a thing.

"Hassan, no matter what you say now, I must remind you that even if they used various conspiracies and tricks to expose you, it was their responsibility.

As a member of the special forces of country H, after discovering spies, they will definitely use various methods to deal with you. This is just normal human behavior.

I don't want to tell you so much anymore. We just have different positions. We are all good people. With different positions, we are not qualified to discuss who is right or wrong.

If, from another angle, it was Fan Tianlei who came to your country as a spy, I would like to know whether you would make the same choice as him. "

Facing Qin Yuan's questioning, Hassan remained completely silent...

Chapter 2124: Azhe's unexpected help

I don't know why, but Qin Yuan always seems to have a lot of charm. He can always unconsciously make people around him feel like he wants to be close to him.

Azhe was like this too. He seemed to be able to understand why Mr. Norman Karim admired Qin Yuan so much.

Just now, he also discovered that Qin Yuan is indeed a rare talent.

It's just a pity that he will never have any chance to get close to her, let alone have any intersection with her. The two of them are not the same people in the first place, and it will not be good for anyone if this continues.

"Qin Yuan, where are you going?"

"Hassan, I have finished visiting him, and I have seen how miserable he is now.

Yes, I can also feel that it is inseparable from myself, so after experiencing these things just now, I can probably feel what I should do. "

Azhe saw that Qin Yuan seemed to have some new plans, but he did not want Qin Yuan to start doing some more dangerous things after he arranged these things.

"Qin Yuan, since I brought you out of the club, let me take you back."

Qin Yuan turned around and looked at Azhe, then smiled and said.

"Azhe, I advise you not to say these things to me. In fact, aren't you just afraid that I will not return to the club after leaving the hospital, and there will be no way for you and Mr. Norman Karim to explain it?"

I think if you have this idea, you don't have to.

The country of Pakistan is not a big place to begin with. Even if I had wings, I would not be able to fly out of this land.

What do you have to worry about? Moreover, after meeting Hassan today, I have other ideas and my mentality has also changed. You don't have to be so anxious. "

"That's not what I meant.

These good brothers of yours are all in the club, how could you leave them alone and leave alone? This is absolutely impossible, I know it very well. "

"Well, that's all you need to know. I don't want to say anything else, but now we have more problems waiting for me to deal with.

These boys followed me to your territory. You must not let them have any trouble. I must bring them back safely, otherwise I will not be able to explain to Fan Tianlei. "

As Qin Yuan spoke, he turned around and left the hospital quickly.

He no longer dared to look back at Hassan, seeing his missing leg every time.

He felt very uncomfortable in his heart. He knew that he had an inescapable relationship with him, and he also knew that there was no one else who did this except Efit.

Azhe walked forward quickly and took Qin Yuan's arm.

"Don't be so impulsive. We did encounter some difficulties just now, but what I can tell you is that Hassan is like this, and we are not willing to see him like this.

For so many years, he has been against Mr. Noman Karim. When have we been sad?

He just gave him some verbal warnings.

It was because he was too persistent and never took other people's words to heart. He always felt that what he said was the most important thing. "

"Forget it, I'm not interested in what you are saying at all, and I don't want to hear too much from you. I just want to go back to the club first.

Hassan, he is no longer a threat. "

"Then let's get in the car first."

After leaving the hospital and returning to the car, Qin Yuan no longer wanted to continue to pester him. He felt that it was completely meaningless unless he could find some breakthrough.

"Where should we go next?"

"It's better to go back first. Apart from the club, I don't have anywhere else to go."

"Get out of the car first!"

"What? Do you want me to get out of the car now because you want to attack me, or are you already dissatisfied with me?"

"Qin Yuan, I understand and sympathize with you. Anyone who is locked up in the club for so many days and is not allowed out will definitely feel some panic and dissatisfaction. If you have any emotions now, you can vent them here. ."

"Azhe, I can see that you are a very shrewd person. We are not relatives, so it is really unnecessary for you to control these things by my side like this.

The most important thing is, I will definitely not believe anything you tell me. You are also wasting your time and energy in vain. You might as well send it back to me quickly. "

Azhe didn't speak, he just looked at him. Qin Yuan saw his look and felt that maybe he really had something important to ask for, so he quickly opened the car door and got out first.

"That's right, I want to go down and have a cigarette."

Azhe's mouth moved slightly and he took out a pack of cigarettes from his arms.

"I also have this idea. I'm not used to smoking in the car. I don't like the smell of second-hand smoke. Let's get out of the car and smoke while taking a break.

Afterwards, I will take you back to the club. Anyway, you are surrounded by Mr. Norman Karim's people. Even if you are given a chance, you will not run out. "

As they spoke, the two men got out of the car.

Azhe lit up a cigarette, and then handed the cigarette to Qin Yuan.

Qin Yuan waved his hand.

"Don't you know how to smoke?"

"It's not that I won't, but I know that this thing is harmful to my body and I have already quit it."

Azhe, seeing that Qin Yuan had no intention of smoking, put the lit cigarette to his mouth and held the cigarette between his index and middle fingers.

He took a puff first, then exhaled a thick cloud of smoke, lingering around the two of them.

Through the dense smoke, Qin Yuan looked at Ah Zhe, who was wearing a black suit and sunglasses. From the lower half of his face, it could be seen that this guy seemed to have something on his mind.

"People say that people who can get rid of necklaces are more cruel. Today I finally saw the mind of a special soldier. It is indeed different from other ordinary people.

Surprisingly, I was able to quit cigarettes.

I really admire you very much. If it were me, I would definitely not be able to quit. In fact, I have also gone through the process of quitting smoking several times along the way.

Every time, when I saw that I was about to succeed, I picked it up again.

In fact, many things may stay with you for a lifetime. You know clearly that they are not good for your body, but you just can't leave them.

He has already become a part of your life, even your body, and has become a habit. If you want to give up completely, it is still a very difficult thing, and it cannot be done just by saying it. "

Qin Yuan could tell that what Azhe said was actually true.

On the surface, it seems to be an inadvertent feeling, but deep down, I still feel that this is an unacceptable situation and result. Thinking of this, he felt not so happy.

"I think you are just a little too worried.

In fact, these things are not that important in my heart. I don't smoke anymore, just because he makes me uncomfortable and unhappy.

If one day I can experience happiness in this process, I still will not give up. In fact, there are many things in being a human being. The things you think you take for granted should probably be separated from your life long ago.

Only in this way can you become completely free, without having to be someone else's puppet and being at the mercy of others. "

Although the two of them were talking about cigarettes on the surface, both of them had something to say, and they seemed to contain some other meanings.

Qin Yuan also understood that Azhe should be talking about Norman Karim.

I knew clearly that what he did was wrong, and I wanted to leave him quickly to pursue something of my own.

However, having been with Mr. Norman Karim since he was a child, he is no longer allowed to have his own behavioral logic and ideas, and he can only follow the command of Mr. Norman Karim.

Whatever the other party wants them to do, they must do it according to Mr. Norman Karim's request.

Otherwise, it would be a betrayal in his eyes.

Thinking of this, Qin Yuan actually sympathized with the people around them. They had no ideas of their own and had to obey other people's arrangements for everything. What was the point of living like this?

"The two of us have actually known each other for a relatively short time. We just met today, and you brought me here and said so many things."

"Perhaps, I also think that the two of us are quite compatible, and we are about the same age.

Your feelings for Fan Tianlei are the same as my feelings for Mr. Norman Karim. He has trained me as a successor since I was a child. No matter what, I can't give up his love for me. Such favor. "

Qin Yuan didn't know why Azhe suddenly mentioned Fan Tianlei.

However, since the other party left him here without anyone eavesdropping, these many words must have different meanings.

"I heard that Thor has been imprisoned by the higher-ups of the army because of your operational errors. Although I have never been a member of the special forces, I understand.

However, people who are locked up by high-level special forces have no way to contact the outside world, and it is impossible for them to exchange information with you. I believe that with such a smart mind like you, you have already figured out some ways to save Fan Tianlei.

It's just that he must know what happened just like you.

You should have racked your brains, hoping to find someone who can help you deliver this news, but you have never had the chance. I also guess that there is no evidence.

Of course you don't have to admit it, these things are not important to me anyway. "

After Qin Yuan listened to Azhe's words, he thought that the other party must be able to find some opportunities to help him, but he still didn't speak.

"Yes, Azhe, you are worthy of having followed Mr. Norman Karim for so many years. He must have told you a lot about what happened in the army when he was young."

"How do you know?"

"A person has been alone for too long, and he always hopes there is a tree hole beside him where he can listen to his talk.

He trusts you the most, so he is willing to tell you some things from his youth.

Well, the older you get, the more you have this characteristic. You always want to recall some of the passionate youth of your youth.

But overall, I understand that he is really good to you and treats you like his own son.

Speaking of which, I'm still quite confused about this matter. Why doesn't such a powerful person have a child of his own? "

"This is his own business. We can't always follow him and ask why he doesn't want to have a child of his own. I'm not interested in these things at all."

"Okay~"

While the two of them were talking, Azhe had finished smoking all his cigarettes. He threw the cigarette **** on the ground and lightly crushed it with his foot.

"Since you have finished smoking, let's go back quickly. I believe you have been away for too long. They must be a little worried about you, and I don't want to be suspected by others. The goal."

"I mentioned Fan Tianlei just now. If I said that I had a way to help you exchange information with Fan Tianlei in the army and tell him the information you need to pass on to him, would you believe me?"

Qin Yuan smiled, and he knew that the other party must have his own purpose in saying this.

"Azhe, people say that you can't start early without benefit. If you take the initiative to come over and bring up these things with me, I will definitely not believe it. Even if you say it is ridiculous, I will only doubt your motives."

"That's completely unnecessary. I just want to tell you that now that we have talked about these topics, I just don't know what you are going to do next.

Also, since we have come this far, I have nothing to say. I can only tell you that I sincerely want to help you.

Moreover, this matter was hidden from Mr. Norman Karim. He did not know. Of course, he also has ways to help you.

If you want him to help you, you won't wait until today. I won't ask for anything in return for the time being. "

"What do you mean by not asking for anything in return for the time being?

Azhe, I think we are both smart people and should speak openly. If you use such rhetoric, then I will be even more afraid to agree to you. "

Azhe smiled helplessly.

"Well, actually I don't want to tell you these things anymore. I just want to tell you that I really want to help you. If you don't believe it, then there is nothing I can do. Anyway, in a short time I have already made up my mind.

No matter what kind of things we will encounter next, I will definitely be willing to help you. I can't tell you specifically why. "

Chapter 2125: Lost brotherhood

As Zhe spoke, he looked into the distance beside him, as if he really had many unknown secrets hidden in his heart, but Qin Yuan was not interested in any of this at all.

Fan Tianlei's matter was too important. He did not dare to entrust anyone to it casually. In his heart, these people were not worthy of being trusted.

"I don't want to say these words to you either.

In this case, I think it really doesn't make much sense, and even if we have said so much now, I don't want everyone to have anything to hide.

However, fortunately, only I can hear what you just said. Even if others know about it, they will not be suspicious of you. "

"I can understand that you are unwilling to agree to what I said because of Fan Tianlei's safety. Don't worry, my words are still valid.

After you go back, you can think about it carefully and wait for you to come to me at any time. "

Qin Yuan glanced at Azhe and felt that this guy was still quite sincere, but he also needed to think about it carefully. He shouldn't be too anxious now and would talk about it after he got back.

"Well, it's understandable that you can't believe me. I have nothing to say, so let's go back first."

Qin Yuan, now thinking in his mind, doesn't know when the virus will be implanted in the system. So far, the system has not given him any prompts, and he is also a little panicked.

He now wants to quickly return to the club, find a secluded private space, and ask the system when the task of implanting the virus will be completed before he can take the next step.

Also, Professor Fang De's condition requires special medicine, and he has no chance of getting it until now, unless the other party is willing to let go.

I have to find an opportunity to ask Du Bingbing, how is Professor Fang De's physical condition? If there is really something wrong with the other party.

Perhaps, their visit today was just in vain.

Just thinking about it, the two of them returned to the car. Under Azhe's quick control, they had successfully returned to the downstairs of the club. However, I had a bad premonition that I saw Mr. Norman Karim's car downstairs in the club.

"Don't be in a hurry to go to school now, it's still too late for the two of us down there."

"Since Mr. Norman Karim has already arrived at the club, it would not be appropriate to ask him to wait for me."

Qin Yuan was actually not worried about anything at all. What he was most worried about was that Jason would do something stupid during his absence.

After all, before he went to visit Hassan, Jason had always said that he wanted to pretend to surrender.

"No, it's better to go upstairs quickly. I'm very anxious and want to go back and take a look at the situation inside first."

Qin Yuan no longer cared about it. He opened the car door and rushed out of the car quickly. He quickly went upstairs to take a look before talking.

As soon as I opened the door of the club, I saw a very familiar face standing next to Norman Karim.

Yes, this is Jason, he has stood beside Mr. Norman Karim, which speaks volumes.

It seemed that he had already started taking action without authorization, which was something Qin Yuan could not bear.

"Mr. Norman Karim, I really didn't expect that you would come to us again so quickly. Why did you come here today?"

An Ran's expression next to him was also very bad. He looked at Qin Yuan with a pleading look.

"Where's Chen Jixiang?"

"This kid has been controlled in the room, and his emotions just now were a little too exciting.

He wants to hurt Mr. Norman Karim. This brat still has too little experience. Don't think that if he spends more time with you, he can do anything. In our eyes, he is just a young boy who can't do anything. Not really. "

He Chenguang also disappeared.

"You asked me to go to the hospital to visit Hassan. Could it be that this was all your trap? You wanted to take advantage of my absence to take them all..."

"No, no, no, Qin Yuan, please don't misunderstand me. I have no idea about this at all. I just think what you said is a bit unreliable. These are all your own speculations.

Don't think too much, especially since I've been here just now and after listening to what they said to me, I feel that there is still something to be discovered and verified. "

Qin Yuan quickly walked to Jason's side and asked anxiously.

"Jason, what's going on now?"

"Qin Yuan, I'm sorry, during the period when you were away, I have already thought clearly about what I should do, and I can no longer do these fruitless things with you.

Now that Akun and Amin are around me, both of them have joined the camp of Mr. Norman Karim.

That means that I should also join their camp. This is the most appropriate thing.

I don't care about the rest, I just care about getting the benefits I want as quickly as possible.

In other words, now that this is the case, I have nothing to say. I hope that all of you can think clearly and never say these useless words to me. "

"Jason, what nonsense are you talking about? The two of us have been good brothers who have known each other for such a long time. We share the joys and sorrows together. How can you abandon me and join their camp? It's still too late to regret now. ."

Qin Yuan knew that when Mr. Norman Karim came over during his absence, Jason would definitely take action without permission. Although he was pretending to join the other party's camp, he actually wanted to spy on more information for himself. information.

However, Mr. Norman Karim has been on the road for so many years. He can't see anything. Jason is simply asking for death by doing this. He must win the other person back at all costs.

"Qin Yuan, the two of us have known each other for a relatively short time.

Besides, when we were on the ship, if it weren't for An Ran deceiving me with Elena's identity, I wouldn't have brought you here smuggled in. This is undoubtedly a very ridiculous behavior, and I advise you not to do it again. Let's continue talking about this.

Also, after I already know these things, I am not interested at all. I hope you will let me go and let everyone go, and don't get involved in this matter. Everyone is innocent.

I have decided that you should stop talking about joining their camp. Besides, with A Kun and A Ming beside me, it will be a golden opportunity for me to have both of them here.

I hope you won't stop me from becoming a successful person.

Old K, has been chasing me for so many years. My wife is already dead now. I also have a daughter with congenital heart disease. Only by joining Mr. Norman Karim's camp can he help me find salvation. My daughter's approach.

Don't think too much, I don't mean anything else at all. Our brotherhood ends here today. No one should mention this ridiculous brotherhood again. "

Qin Yuan felt a sense of loss, and now he had an ominous premonition that Jason was seeking his own death by doing this.

Akun and Amin can be regarded as minor characters.

Even if he did something innocuous, I believe Mr. Norman Karim would not do anything to it.

But Jason is different. He holds a lot of clues about old K in his hands.

If he could provide it, the other party would probably consider his value and not worry about these things with him, but he is unwilling to provide this information now.

Jason only wanted to help Qin Yuan quickly find the whereabouts of Professor Fang De's two students.

An Ran didn't know yet that the two of them had discussed this matter privately, and he really thought that the other party had betrayed him.

So, An Ran said very angry.

"Jason, when I met you in the past, I thought you were a hero. No matter what, you would never do such an unbelievable thing.

Now, I really feel like I'm blind.

Just based on what you said to me, I feel really ridiculous now, and I really regret it.

You shouldn't let Qin Yuan join your camp.

You keep saying that it was Qin Yuan who got you all in trouble, but in fact it was just everyone deceiving each other. You have decided to join their camp, so there is no need for me. "

Jason thought to himself that since today is like this, he must break up with all these people.

"Qin Yuan, please stop focusing on me. Weren't you very concerned about this boy Chen Jixiang just now? You'd better go inside and see how he's injured now."

Qin Yuan asked very nervously after hearing this.

"What happened to this boy Chen Jixiang? What did you do to him?"

"We didn't do anything to him. Just like you, he insulted me in front of Mr. Norman Karim. I just gave him a small lesson."

Qin Yuan couldn't care about that much anymore, so he rushed to see what happened to this boy Chen Jixiang? He was afraid that Mr. Norman Karim would do something to this brat.

Even with Jason here, he would definitely not kill Chen Jixiang.

Qin Yuan pushed open the material door and saw Chen Jixiang. This brat had been ***** and thrown on the bed with a towel stuffed in his mouth. He could neither move nor speak.

I saw that he had been beaten to a bruised and swollen face, but fortunately it was just some external injuries.

Qin Yuan quickly stepped forward and took off the towel stuffed in Chen Jixiang's mouth.

"Brother Qin Yuan, you are finally back. Jason is so ungrateful. He wants to betray you, but..."

"Stop talking so much. Did he beat you into this?"

I only saw Chen Jixiang. This brat's eyes had been beaten blue and purple, and there was almost no good spot left on his body. There was blood all over his face and the corners of his mouth, and there was also blood around his nose.

"Who else could beat me like this besides him? When He Chenguang and I exposed his conspiracy, he got angry and beat us both like this.

It seems that what He Chenguang said is absolutely right. This person is not worthy of trust at all. For so long, all your trust in him has been fed to a dog.

I have already agreed with what He Chenguang said.

Brother Qin Yuan, I originally thought you were a very accurate judge of people, but I didn't expect you to make mistakes sometimes.

Now this guy has betrayed us. He, like his two little brothers, A Kun and A Ming, are all ready to betray us.

In that case, I have nothing to say.

I just learned from the experience and gained wisdom. We must not believe it if we meet such people again in the future.

But, he exposed all our plans, what should we do next?

Originally, we were in danger now, and now that Fan Tianlei is under control again, no one can help us. Now the sky is not responding, and the earth is not working. "

Although, knowing that Jason was just acting, I still felt a little distressed when I saw that brat Zhi Xiang being beaten like this.

Qin Yuan stretched out his hand, gently touched Chen Jixiang, and then touched the bruises on his face.

"Brother Qin Yuan, please don't get angry in such a hurry. In fact, there is nothing wrong with me. It didn't hurt when they beat me. We are all from the special forces, so this small injury can be tolerated.

How can a dignified man cry out in pain at every turn?

I'm really fine, I'm just sad and feel sorry for you.

You trust this guy so much, and he actually betrayed us. If I was given my chance again, I would definitely take care of things and not let him continue to be so arrogant and domineering. This would not do any good to us.

I feel very sad every time I think about this, and I can no longer care about the physical pain.

I just want to make this guy pay the price, but now these are just big words. He is about to become famous. We are using it well enough.

Why don't we just give up on saving Professor Fang De's students.

Anyway, his teacher is in our hands, why do we need to save his two useless students?

When the time comes, if we save this old professor's life, he will still be very grateful to us, and will use what he has learned throughout his life on the protective measures and equipment of our H country.

No, let us pay so much for him in vain.

I already want to give up now, because we may be desperate, and even Thor can't help us in a foreign country.

We are no match for others, so what should we do? We can't all sacrifice here.

Chapter 2126: If you make the wrong choice, you will bear it yourself.

When An Ran saw Qin Yuan like this, he definitely couldn't believe that he had misjudged Jason.

However, with the facts before him, he couldn't help but not believe it, so he had to say to Jason sadly.

"Jason, Qin Yuan, he trusts you so much, have you never regarded him as a good brother? In fact, we have known each other for a long time, and after so many things, we can be regarded as brothers. We share joys and sorrows.

Look, what you are doing is a bit immoral!

Jason, you can choose your own path, but I hope your premise is not to betray us in exchange for it.

Mr. Norman Karim really appreciates you, but I also hope you can weigh it carefully. We have never treated you badly.

If you don't even have this bit of trust, then I really don't know how we got here today. It can't be said that relying on each other can be considered supporting each other.

We encountered all kinds of difficulties when we were on the sea. We were all together. Although I was not there at that time, I heard Chen Jixiang, this guy said,

Your relationship is quite good. If you want to follow your good brothers A Kun and A Ming, there is no need to betray others. "

Jason, when he heard An Ran say this, he must have felt a little uncomfortable. He was unwilling to face this kind of situation with his own eyes, but all of this was helpless.

He even had a certain death mentality.

He Chenguang always had an expressionless face next to him.

"You should say something. Don't you want to say something?"

"What can I say about what's going on between the two of them.

I have told Qin Yuan more than once all along, don't trust anyone easily, especially those who don't do legitimate business like them!

I knew all day long that if I was doing smuggling business in two places, sooner or later I would be overturned. "

"Okay, stop saying so many useless things. The facts are already in front of you. If you want to delay it, no one will have time.

It depends on how you anticipated these issues. Most likely we already know about them. "

Qin Yuan was still worried about Jason and wanted to give him one last chance to regret.

"Jason, look, An Ran and these people have told you so much, don't you want to stop?"

"Qin Yuan, please stop telling me these useless things. A man should be responsible for his own decisions. Now that I have chosen this path, I will never regret it."

"Think about it again, anyway."

It was too hasty for you to make such a big decision in the few hours I was away. "

"Okay, Qin Yuan, maybe I still have a chance to turn back, but you have also seen Chen Jixiang. This brat has been beaten like this by me. Will you forgive me because of him?"

In fact, when Qin Yuan saw Chen Jixiang, this boy's face was beaten with bruises, he already knew that Jason's choice was irreversible.

What he can do now is just pray that nothing will happen to Jason.

"Qin Yuan, you and Azhe just went to see Hassan.

I believe that you still have a lot of problems that you have not dealt with, so you should stop worrying about other people. Since Jason has made his own choice, it will not help if you continue to persuade him.

You'd better think carefully about yourself and what you should do next. Well, Fan Tianlei can't wait any longer. I can help you deliver the message. "

Norman Kalim's sudden words completely interrupted the fact that Qin Yuan wanted Jason to come back to him.

He already knew clearly that the other party was on a path of no return.

"Mr. Norman Karim, Jason, since he has chosen you, I have nothing to say. I just want to try to awaken the last bit of brotherhood between the two of us.

I also wanted to tell you, for so long, if I really wanted to have any thoughts on this.

It's impossible for you to stop me. I did see Hassan today.

As a result, I was also very shocked and surprised. I didn't expect that he would become like this.

The captain of the once prosperous maritime patrol force has now become a disabled person and lost a leg. I believe this is difficult for anyone to accept.

His mentality has also undergone some changes. I could feel it when I went there today. Maybe he will become an effective general in your group in the future. "

He Chenguang never expected that such a result would happen, and he had never thought of things in such a bad direction.

"Qin Yuan, what did you say?

Jason has lost a leg now. What is going on? Why does it feel like many things happen too suddenly?

All of a sudden, we even felt a little overwhelmed.

Think about it carefully first, what is going on, and don't give others any opportunities to take advantage of it. "

"He Chenguang, please don't get excited. What I said is completely true. I never thought there would be such a result, but we all will have some helplessness. Don't be anxious. Just listen to me and follow you slowly. explain."

"How can I not be anxious? Although I don't particularly like Hassan, I always feel that he has done a lot of excessive things to us, but I still don't want such a smart and capable person to become a disabled person. .

Oh my God, it's a good thing I didn't go there today, otherwise it would be really hard for me to accept seeing him like this. After all, I am also a soft-hearted person. "

An Ran, who was nearby, was also shocked.

"Qin Yuan, I think Hassan's broken leg, if nothing else, is for you."

"How can you say you came for me?"

"If you think about it, we knew at the beginning that there was no good solution to these things and problems, and no one expected such a result.

So far, no one can give a definite answer to what happened between you, Hassan, and Chen Jixiang in the wilderness.

In other words, we have all ignored this issue.

The person who wants to make Hassan lose a leg just wants to find an opportunity to attack you.

You and Hassan are so close, you can't get away from him at all. The person who attacked behind them really has ulterior motives, and he wants to draw you into this camp. "

"I have already expected this. The person who wants to attack me is actually no one else. He is an old opponent who has always been very powerful."

"Isn't this Efit you are talking about?"

"Of course it's him. Apart from him, can we find other people and possibilities? I thought about it a lot today and I'm sure it's this guy who is behind it and adding fuel to the flames."

Azhe glanced at Sophia, and even Qin Yuan could tell that there must be some problems between the two of them, as the eyes he looked at each other were a little drawn.

"Mr. Norman Karim, when Qin Yuan and I went to the hospital to see Hassan today, we did find that his mentality has changed a lot.

However, I don't think it has much to do with you. On the contrary, you saved him. "

"This guy is really distressing right now. No matter what method we use to deal with him in the future, it will cause us a lot of trouble.

I don't want to talk about this anymore. The most important thing is to let them think of a solution here.

We cannot obey their orders under any circumstances.

In this case, we can only choose in this way.

However, after I learned about these things, I still had some difficulties and distress in my heart. I never thought that this would be the result. "

Qin Yuan looked at the people in front of him and was a little overwhelmed now. He was still a little confused.

"I took a quick look just now, and we've reached this point now.

Then I have nothing to say, how Mr. Norman Karim arranged it, we just have to see what he thinks.

However, now that Jason has chosen his own path, I have nothing to say.

I just hope that he can quickly find what he should be responsible for, which is the most important thing.

Don't act as if we are all forcing him. No one will be responsible for this matter, only him. I don't want to say too much else. "

"Okay, Qin Yuan, you have already made your decision, we have nothing to say.

Just now, Mr. Norman Karim, he has made these things clear to us. Understand, it just depends on how you think about it. In fact, these issues are not difficult in our hearts. .

You are the only one who can take responsibility for Fan Tianlei's affairs, but you are unwilling to think about it so much. In fact, you are also a little too cruel. "

Qin Yuan shook his head helplessly.

"Mr. Norman Karim, I know you really want to help. I don't want to know too much about the relationship between you and Thor, and I don't want to be unqualified to say these things.

However, I still have to tell you that if it were Thor himself, he would not make the same choice as you, no matter what, he would not do this.

I think you should give up on this idea. Don't think that just because you help him, he will be willing to cooperate with you. These things are no longer difficult in my heart.

I hope you can make sure, otherwise, we will all have some discomfort today.

Jason, now that I have chosen to join your camp, I have nothing to say. The only thing I can confirm is that I hope you will think more clearly and not make it difficult for all of us.

I finally understand these things today.

Hassan, now that he has become like this, we all have some inextricable relationships, but I don't think about it so much now. I just hope that you can find what you should do as soon as possible. "

"Qin Yuan, now that you have made this decision, I can only choose to support it. I don't care about other things at all. And I want to tell you, don't make all of us feel embarrassed because of this.

You actually saw Hassan. Now you should be able to know from this result that my methods are very powerful. "

"Mr. Norman Karim, are you threatening me? You have already taken away my good brother Jason. I have nothing to say. I hope you can give us all a way to survive." OK."

Sofia watched the two of them quarreling quickly, and she was also a little embarrassed. He had no choice but to sigh tiredly.

"Azhe, I think that's the end of today's matter. Since Jason has been put to great use and has joined your camp, you should quickly take him back.

Mr. Norman Karim, I think that's all for today. If I encounter any situation next, I will report it to you in time. I will never make you feel uncontrollable Hey~

Qin Yuan, to be honest, I still appreciate you as a brat, but I didn't expect that you would be so persistent. Even after I told you so much, it seemed like it had no effect.

Jason, he has chosen his own path, so I plan to take it away. No matter what situation you encounter next, you have to bear it yourself. Don't blame me for not reminding you of many things. It can also be seen more clearly. "

An Ran was very confused as to why Norman Karim said this, but he couldn't think too much now.

"Okay, I see that all of you are a little troubled by this matter, but I have thought about it a lot just now. We still don't have a definite answer to this matter.

However, Mr. Norman Karim and Jason have chosen to join your camp. We have nothing to say, so just take it away. "

"An Ran, are you sure?"

"Others have already made their own choices, and we have nothing certain or uncertain.

Jason, I hope you will still consider the feelings between you and Qin Yuan and not be coerced by others.

It's just that these issues do cause some embarrassment and surprise in our hearts. I also hope that you will think carefully about it and never make any of us feel that there is anything inappropriate. "

"An Ran, I still have to tell you, I'm sorry."

"Jason, everyone has their own choice. Qin Yuan, he didn't blame you for anything, so who am I qualified to accept your apology? You'd better leave first.

If you still have a little conscience, I hope you remember how good we all are to you, and don't betray your conscience because of these things. "

Chapter 2127: Farewell, I don't know if I can see you again

Jason looked at Qin Yuan with a very heavy heart now. He knew what kind of consequences he would face next for the choice he made.

"Qin Yuan, thank you for the advice you gave me just now.

I have thought it through completely now, and I will not regret my decision. I hope you will do the same.

If you really figure it out one day and are willing to join our camp, I will come and pick you up personally. "

Azhe looked back and looked at the complicated expressions on the faces of these two people, let alone the others.

Even Qin Yuan himself has mixed feelings. He knows that he can neither help the other party nor expose anything. In the end, it is probably the most painful.

"Okay, what we just said now doesn't matter at all.

However, for other situations, let's take it one step at a time. Mr. Norman Karim has already made a decision for us. If we have any regrets now, it will probably be of no use. "

Mr. Norman Karim stood there and smiled.

I don't know if he has seen through the machinations planned by these two people.

After thinking about it, none of this mattered anymore. The other party might not be so interested in these things anymore. For a long time, for them, these problems only existed in their thoughts.

It has never been actually implemented. Who would have thought that the two of them could plan such a big lie.

Even Mr. Norman Karim may not dare to imagine it himself.

Maybe it was because he had been in a relatively high position for too long, or maybe it was because no one had deceived him so blatantly for too long.

If you choose to take risks, then there is no harm in giving it a try.

However, Qin Yuan is now very confused about whether to tell An Ran about this matter. He knows that he does not want to hide it from the girl in front of him. He hopes that if something happens, everyone can bear it together.

But if the other party knew about it, they would definitely blame him for letting Jason take the risk.

Every time, Qin Yuan still feels a little uncomfortable when he thinks of this.

However, he had to bear this alone. At this moment, Mr. Norman Karim had already left the club with Azhe and Jason.

Suddenly a good brother was missing from his side, and Qin Yuan now felt an indescribable feeling.

Even though he knew that Jason was taking risks for himself, he still didn't want to face such a result. In this situation, he also felt helpless.

After thinking about it for a long time, I don't know how to consider this issue.

But now these are not so important to him.

The more critical the moment, the less they can feel troublesome because of these things. Qin Yuan, how can he be afraid of these problems he is facing now?

Everyone has already thought clearly about this. If this continues, it can only be said that no one can be separated from these things.

Chen Jixiang felt very uncomfortable after seeing Qin Yuan's expression.

"Jason, are you just going to follow Mr. Karim? I really can't believe that he can really do such a thing?"

"There is nothing unbelievable about this. It's just that none of us thought that this world is too magical."

"He Chenguang, it seems that you are really good at judging people. I have told Brother Qin Yuan many times before that you should be a reliable person when you get married, even if he is so arrogant.

Don't look at him betraying the old K. He is still kind in his heart. But when I saw all this with my own eyes today, I truly understood that this was the case, which really made me feel very helpless.

People's hearts can be so bad that they betray you at the critical moment. Brother Qin Yuan, does he still have any conscience? "

He Chenguang, after seeing this situation, he seemed to have a feeling that he was used to it.

So, he quickly walked over to Chen Jixiang and looked at the injury on his forehead.

"I didn't help you just now, are you blaming me?"

"How could I blame you for this matter? The fact that you didn't take action can only show that this is a sign of your wisdom. Brother Qin Yuan is not with us, and we will never be able to think and act like this anyway.

I also know that I am indeed a little too impulsive in doing this.

But in this situation, who can be responsible? We all can only choose this outcome. I felt so helpless just now.

Anyway, so many accidents happened suddenly, no one can say anything, but I have also thought clearly, no matter what, we cannot have any conflicts because of these things.

In fact, I also had thoughts in this regard, but I didn't expect that I would watch someone else's betrayal. Now I really understand why Brother Qin Yuan can't betray Fan Tianlei no matter what.

Because being betrayed by the person closest to you turned out to be such a feeling. It was really unbearable for everyone to say it. If Thor knew about it.

If we betray him because of these things, I'm afraid he won't choose to help us anymore. This is really too much of a loss. "

Qin Yuan smiled, feeling that the brat in front of him had finally grown up.

"Chen Jixiang, you may not be so clear about many things, but I have to tell you that there is nothing wrong with what you think about today's problem.

I did not choose to betray Thor. In addition to these regulations of the army, there are more personal moral standards.

For Fan Tianlei, I am a particularly good student and can be regarded as his favorite disciple.

No matter what, I can't do anything to betray him. Even if I die, I will never do these things that have no moral bottom line. "

"Well, I don't care about a lot of issues anymore."

At this moment, Qin Yuan seemed to suddenly receive a reminder from the system that the virus implantation into the spy system seemed to have been completed.

After hearing this, Qin Yuan's eyes seemed to suddenly have light, and they lit up all of a sudden.

"Very good!"

I couldn't help but whisper these words next to me. After hearing this, everyone was a little confused as to what was going on.

An Ran thought that Qin Yuan had been too stimulated, which caused such a big change in his heart, so he quickly went online to ask with concern.

"Qin Yuan, please don't scare me with anything too good. Don't you think that others' betrayal of you is not enough? It really surprises me that you think like this. You have to be careful. Be cautious.

We must hold on, even if Jason joins Mr. Norman Karim's camp, he should cause too much harm to us in a short period of time.

If you can't support yourself first, then it will really make things difficult for all of us. "

"An Ran, I have my own thoughts. After meeting Hassan today, it really gave me a big shock. I forgot that I didn't expect that he would become like this."

"What has it become?"

"Now that he has lost one of his legs, it's as if his whole person's energy and energy have been lost, and he is completely like a walking zombie.

It seemed that his whole body had been drained. I also thought that he would probably change a lot, but I never thought that it would stimulate him so much.

The last thing I want is that I didn't expect Efite to be so cruel to him.

After completely causing him to lose a leg, he also had no spiritual support. To be honest, this was a bit too cruel. I never expected that they would have such an idea. "

Xiaolan, when he hears others say something bad about Efit, he will definitely find it difficult to accept it.

"Efit?

I had already heard of this guy, and had jumped back and forth many times between Mr. Norman Karim's camps, but I didn't expect such a result. "

"Hmph~

Xiaolan, there are many things that you didn't expect. Don't think that others are too good because of your own short-sightedness. We have known this guy for a long time. What kind of person is he? Who should we compare with? All clear. "

While they were discussing, Qin Yuan was already impatient.

After listening to them continue, he had to go back to the room to calm down before talking. He needed to make sure that the system had completed the implantation of the spy system virus.

"Okay, I want to go back to the room and take a nap first.

By the way, Miss Sophia, I wonder if our club has any anti-swelling medicine. Seeing that Chen Jixiang has been beaten to a bruised nose and face, I can't bear it.

Please help me find some anti-swelling medicine and apply it on him. His face is swollen like a pig's head. I don't want to see it again after I wake up. "

"Qin Yuan, I have to say that you are really good to the people under you.

In our association, all kinds of medicines are available, so you don't have to worry so much.

After a while, after I find it, I will paint it for him first. Mr. Norman Karim also explained this matter.

If this kid hadn't been too impulsive, we wouldn't have done anything to him.

He wanted to harm Mr. Norman Karim, and these injuries on his body were directly caused by Jason, without any intervention from us. "

Chen Jixiang, this brat was a little touched when he heard that Qin Yuan cared about him so much.

"Brother Qin Yuan, there is nothing wrong with me. You don't have to worry so much about me. These are just skin injuries. But you should go back and have a good rest first. I don't want you to be in any danger.

You are now the backbone of our entire team. If something goes wrong, then we really don't know what to do. "

Qin Yuan nodded.

After turning around, he returned to his room and couldn't wait to contact the system first. After checking the specific situation of the system, he was completely sure about the system and confirmed that the virus implantation into the spy system was completed.

"Dingdong, hello, the host system has been completed. Regarding the implantation of some viruses in the internal spy system of country H, what are your next instructions?"

"Great, after implanting the virus in the spy system, we have been able to completely get rid of Fan Tianlei's suspicion, but now I have no way to send him information. It would be terrible if he still admits these things.

If I want to ask instructor Gong Jian for help, I think this matter is still too troublesome, and I'm afraid he won't help me. "

"Dingdong, what can the system do for the host?"

"You can't help me anymore. You should just go back and recharge your batteries. Try to develop some new functions to help me. I have set a small goal for myself. I must complete it within a week. Professor Fang De took these two students back.

Fan Tianlei must be rescued within three days. "

"Ding dong, if there is nothing else, the system will be temporarily shut down. Welcome to the host. Use it next time."

After Qin Yuan closed the connection with the system, he was now in a very empty state.

After thinking about it for a long time, he knew that he could not cooperate with Norman Karim in any case. The only thing he can use now is the Azhe beside him. He said that he can help him pass some news, but don't know if it's true or false.

"It is indeed difficult to get him to help me.

However, after thinking about it carefully, this is not necessarily completely impossible, but I am not sure what kind of medicine he is selling in the gourd.

Assuming that he can help me for free, that would be even more untrustworthy to me.

If we can achieve some exchange of interests, maybe I can have a brief trust and talk, but if there is nothing, then I can only say that the impact of these things on us is too great. "

Qin Yuan has been performing tasks outside for so many years, and he has completely seen through the psychological state and thoughts of these people.

If he helps himself for free, he will not believe it anyway. If he wants to get some benefits from him, he can take advantage of it.

"Since there is no better way now, I can only find an opportunity to contact this Azhe first to see what purpose he has and what needs to be done for him.

Today really had a huge impact on me. The completion of the system implantation of this virus means that we will be able to rescue Thor soon, and we will not waste so long on me. so long.

Fortunately, all this action was not in vain. The next step is up to Thor himself. "

Qin Yuan said while looking out of the window.

I had planned to sneak in to see Hassan, but this time I was interrupted by Azhe.

The two of them went together, and Hassan would definitely not say anything directly if he had anything to say.

Why don't you find a chance to go there secretly?

Chapter 2128: Brothers talk and have different opinions

Qin Yuan was just looking out of the room. He was in a complicated situation now.

Seeing that it was getting dark outside, he now had an increasingly strong desire to go to the hospital and see Hassan again.

After all, things are very different today.

Qin Yuan went to the hospital to visit Hassan with Azhe. He would definitely not say anything directly if the other party had anything to say. There must be a lot to hide from them.

Although Qin Yuan himself could not guarantee that Hassan would be able to tell the truth to him after he left.

But the problem now is that if he disappears and doesn't look at the other person again, it will be even more difficult.

After so many years, I believe that Efit and Hassan must have other grievances, otherwise he would never break Hassan's legs because of such a trivial matter as imprisoning them in an unfinished building.

That's right! That must be it!

After Qin Yuan thought about it for a long time, he felt that all this must be related to the conflict between Hassan and Efit, which also shows that Hassan and old K may have some deep connection.

.

The situations he encountered today were quite complicated. The more he thought about it, the more Qin Yuan could not rest assured.

Just when Qin Yuan was very cautious and wanted to visit Hassan in the hospital again, he heard a knock on the door.

"Who is it?"

"it's me!"

It turned out to be He Chenguang. It was so late. What was he doing here? Recently, the brotherly relationship between him and Qin Yuan has always felt a little shaky.

Usually when they were in the army of Country H, the two of them could be said to be inseparable, and Fan Tianlei saw that the two of them had a good relationship, so he let them come to Pakistan.

With two old men and a new kid like Chen Jixiang, there would basically be no mistakes.

I just didn't expect that when they were on the boat, He Chenguang and Jason, they both disliked each other completely, which led to so many messy things happening later.

"It's so late, why did you come to see me?"

"Brother, you are not a big girl, please open the door first."

"He Chenguang, you clearly know that I followed them to the hospital to visit Hassan today. I am exhausted both physically and mentally. I want to rest early. If there is nothing else, you can go back first and talk about it tomorrow.

We are here and it is impossible to leave in a short time. "

"If you don't open the door, I will just push it in."

Qin Yuan shook his head helplessly, and then hurried to the door and opened it first.

Seeing He Chenguang's troubled face, Qin Yuan didn't know how to describe it.

"Don't look at my expression as if I've eaten shit. Recently, I feel that there are indeed too many barriers between us. I still plan to come over and have a good talk with you."

"We are such good brothers, what's the difference? Do you need to interview Baekje like you? Do you want to find a chance to explain to me?"

In the past, when we were in country H, the two of us often had various conflicts, but no one ever took it to heart. Since you took the initiative to come here today, I really mean that our relationship is far away. "

"So, I wanted to come over and have a good talk with you today.

I don't know what the problem is between us. Perhaps, the two of us started to have big differences from Jason's incident.

I think you shouldn't trust him completely and unconditionally. Now the facts have proven that I am right. "

Although He Chenguang was not too mentally prepared for Jason's sudden rebellion, his years of experience as a spy always made him feel that there was something strange about this incident.

No matter what it is, as long as it makes you feel uncomfortable, there must be something fishy about it.

Therefore, He Chenguang deliberately came to Qin Yuan to talk to him first, and by the way, he could also find out why Jason rebelled? There is some unknown reason behind this.

He Chenguang is no longer afraid of being exposed at this moment, because he already feels that he is not far away from success. The United States will definitely let him return to the country soon, and he will no longer have to live these days of fear.

Qin Yuan could also see that his eyes were a little evasive, and he was really too curious about Jason's affairs.

"He Chenguang, yes, you are right, if you want to show off your power in front of me and think that I have been the wrong person for so many years.

Well, your goal must have been achieved, and I don't have anything else to say, but we still have to think carefully about the situations we encounter next, and don't cause too much trouble to others because of this matter. pressure.

Jason, his rebellion was not an accident.

If Akun and Amin hadn't influenced him, and if he had a daughter with congenital heart disease, you should know better by now that it would be extremely difficult to find a heart with a rare blood type like his daughter's. .

Only Mr. Noman Karim, a powerful man like him, can help him.

We or Fan Tianlei don't have this ability at all, and Lei Shen recently thought that our affairs had been taken away by the higher-ups of the army.

Now that we are like the Clay Buddha crossing the river, we cannot save ourselves, so how can we help his daughter.

He chooses what he thinks is the right thing. I don't blame him. In fact, as good brothers, understanding each other is one of the more necessary conditions. I can't say that because of these things, I completely think that I have misjudged him.

People just make their own choices. It is human nature to seek advantages and avoid disadvantages. We are not qualified to say anything about them. "

He Chenguang, after hearing what Qin Yuan said, he couldn't believe his ears. Faced with the betrayal of his good brother, he was able to endure it and even help him.

"What's so funny about you."

"Qin Yuan, didn't you hate having traitors around you the most in the past? How come you are able to help speak for the marriage today? If he is not a man, I even suspect that you have some special feelings for him."

"Stop talking nonsense here, we are listening to the God of Thunder. When we came here to complete the task, we have seen that so much time has passed, but there is no progress at all.

It is true that both we and Thor underestimated the power of Mr. Norman Karim. "

"After all, we are on other people's territory, and now we are like lambs at the mercy of others, but we must find a way.

These two guys, A Kun and A Ming, have a lot of opinions against you. Now even their boss, Jason, has chosen to betray you and join the other side's camp.

Are you not worried at all?

There is actually very little we can do now. If it really doesn't work, what if we just give them a fight? At least now we don't even know where the hostages are.

Qin Yuan, I understand that it is not easy to do something in a foreign country.

The senior leaders of our army can also understand, but we are the best special forces in the entire army, and they must not let them laugh at us because of this matter.

After we go back, how can we pick up the lost face?

If you want to follow my ideas, you should stop hesitating. No matter what problems we will encounter next, we just need to think clearly about this aspect.

Thor...he's been captured now.

Why don't we just push everything on him, so that we can finally escape unscathed, and after completing this task, the top brass of the army will definitely not have anything to say to us.

You are still the best member of the special forces in their hearts. When the time comes, a new chief of staff will be more beneficial to you. "

"He Chenguang, what do you mean by that?"

"I understand. You must make it clear to me so that you can be willing to listen to what I say. Now you already know what I want to say to you."

"No, I don't understand it at all.

Now that you have made a decision, just tell me clearly and clearly. Don't be secretive here. I would like to hear what you have in mind. "

"Okay, Qin Yuan, we have known each other for such a long time. Since you must make it clear to me, I have no room for refutation. I just want to tell you that you must think clearly and never let anything go. I was deceived out of nowhere.

The country of Pakistan is far away from the country of H, and there is no friendship between the two countries at all.

In other words, no one will know what we are doing here. "

"Then what?"

"Norman Karim, hasn't he always wanted to cooperate with you? How about you superficially promise that we will go back after he at least achieves our goal.

It's better than waiting here and waiting for death. They have plenty of time to waste it here with us, and we don't have that much time. "

"What you mean is for me to be cowardly and pretend to agree to Mr. Norman Karim's request, and then when we find an opportunity, we can secretly rescue the hostages and go back."

"Yes, people say they won't give up for five buckets of rice. Ours is a temporary solution, and it doesn't mean that you will completely join their group and completely get rid of your status as a special forces soldier.

I know that you have been in the army for so many years and you don't care about the level of merit at all. What you really care about is when you can achieve the value of self-realization.

In this case, as long as you can complete the task, that is more important than anything else. They will definitely give you a lot of benefits when the time comes. You can get benefits from both sides, so why not? "

"He Chenguang, I think you think about this matter too simply.

We have persisted for so many days without agreeing to any of Mr. Norman Karim's requests. Suddenly you asked me to change my mind. You really think they are fools and are so easy to deceive.

They believe whatever we say.

This is completely impossible to happen. You should stop taking chances. It is absolutely impossible for them to believe what we say.

Besides, haven't you ever heard of a word called a certificate of submission?

As long as you join their camp, you will be considered a traitor. Do you think they can believe what you said without any basis?

They will ask you to do some things as a test of obedience, which is also the first task to join their group.

It's all about proving your identity.

Who are we? We are special forces. We protect the lives and property of ordinary people. We are supposed to be able to do such things.

He Chenguang, I have already told you.

There is only black and white in this world, absolutely no gray areas. You agreed with my point of view before, but now you have completely changed.

In fact, the two of us have nothing in common.

I finally know why the two of us have always been estranged from each other during this period. We no longer have the feeling of good brothers. It's because you have changed. Does this country of Pakistan have any magic power?

Let a good person turn into an opportunistic guy like you. Take back what you said quickly, if I record your words.

If the higher-ups in the army heard about it back home, how do you think they would have thought that all of us would be under investigation?

You and I are lucky, we have been in the army for so many years.

Most people know the characters of the two of us relatively well, and there will be many people to help us speak for us. Even if there are no more, Thor will still have Gong Jian as instructor.

However, this boy Chen Jixiang is different.

He had just been in the army for a long time, and not only did he not gain the trust of his superiors, but he often aroused suspicion from others.

What if, after such a short period of time, he went back and his whole person changed.

Do you think that what he did here will arouse the suspicion of many people and completely ruin his future in the army for the rest of his life?

He Chenguang, haven't you been considered by him at all? "

"Of course I thought about him!"

"Okay, then you can tell me directly how you think about him. I'm also very curious as to why you would say such things to me."

"Although Chen Jixiang doesn't have the trust of many senior military officials, if you complete such an important task and then convince the old stubborn Professor Fang De.

The future of the two of us in the army will definitely be a meteoric rise. When you are in the position to promote him, do you believe in Chen Jixiang? How can this boy's future in the army be bleak for the rest of his life?

Only now do I truly understand that these rights of speech can only be effective if they are in the hands of a truly powerful person. You can be the person who protects him. "

Chapter 2129: Prepare to visit the hospital again at night

When Qin Yuan heard this, he couldn't believe his ears.

How could this good brother of mine say such words now? Although there seems to be no contradiction in what he said on the surface, in fact, it reveals the philistine in every aspect.

Qin Yuan then sneered.

"What's so funny about this?

I am discussing this matter with you very seriously, how should it be handled more appropriately, but you are giving me such an expression here. What do you mean? "

"I didn't mean anything, I just wanted to tell you that I don't agree with what you said at all.

Moreover, I have already told you that in the army, the reason why I chose to be a special forces soldier was entirely to realize my own dream.

My dream is to be a valuable special forces soldier and protect our little place.

My dream is not to become the Thor who has a strong say in the army like you just said. He is a very capable person.

Over the years, he has only reached the position of chief of staff. Do you think it is because he is incompetent or because his contribution is not enough? It is simply because he does not know how to convey many human feelings and sophistication, but he is pretending to be stupid even though he knows it.

He and I are the same people, we both have the simplest beliefs and dreams, but I don't want to lose this innocent heart one day. "

"Do you want to hear what you're saying?

What is the use of your innocent heart? Can it be used as a right to speak?

Still, it can be used as money.

The army is a hierarchical place. Only when you reach this position can you have the right to help those who want to help people do what you want to do. Why are you so persistent?

Over the years, I have already understood these things. I hope that telling you this can have a spiritual resonance with you.

I never thought that the gap between the two of us would be so big already.

When I tell you this, do you think I am harming you?

Qin Yuan, you obviously have such ability. There is no need for you to wait for so many years like Fan Tianlei before you can take the position of chief of staff.

Your future is much brighter than his.

Moreover, if you do something in a gray area here, no one will know.

After they go back, they will only know that it was you who completed the mission. It was you who brought back these two arms experts, Professor Fang De, and raised the military level of our Country H to a higher level.

When the time comes, you will only be remembered in history, and people will only remember your good deeds, but not what you have done here. Why do you have to let yourself get so entangled?

Living too tired is because you think too much.

Qin Yuan, to be simple, in order to achieve the goal, other things are just auxiliary means.

Why are you so persistent? I came here to say these things to you because you have been stuck here for so many days. I wanted to consider you as a real good brother, but now you are scolding me in turn. A meal. "

"Haha, He Chenguang, you are really my good brother who gave me these bad ideas. Do you think no one will investigate what we are doing here? After we go back, each of us will have to accept it for up to a month. , and even longer investigations.

Especially Norman Karim, the relationship between him and Thor is quite special. Over the years, he has become a worry among the top brass of the army. What we have done is up to God.

It's not that you lie to yourself and don't admit it, then you mean that you haven't done it, and everyone will believe what you say for free. "

"Are you unable to overcome this obstacle in your heart, or are you too timid?"

Qin Yuan looked at the guy in front of him very angrily, as if he didn't recognize him at all.

"He Chenguang, what's wrong with you? Are you possessed by an evil spirit?

In the past, you would never have said these words. Even if they were spoken by others, you would only sneer at them. You would never do this.

What exactly happened that could cause such a big change in mentality? Can you tell me? If you regard me as a good brother, just tell me if you have any secrets. "

"Nothing happened to me. I just wanted to tell you what you should do. It seems that our conversation today will end in failure again."

"If you still want to tell me similar things in the future, then I can only tell you that every conversation we have will end in failure."

"Qin Yuan, you..."

"I'm sleepy and want to go to bed early. If you don't have anything else to do, go back first. Don't say these words in front of me again. I don't want to hear it anymore. I understand what I should do. You don't have to do it. Tell me this here."

After Qin Yuan finished speaking, He Chenguang, he was simply at a loss now. The reason why he offered his best efforts was because he was really anxious. After completing this task, he could return to his hometown.

How could he not be anxious if he could end his miserable spy career? And being trapped here every day is unbearable for any individual.

"Okay, now that we have reached this point, I have nothing to explain. I understand that you have been too tired recently. I will give you some time to think about it.

Perhaps, if you live like this for a few more days, you will be able to agree with what I am saying. Anyway, many things are known to God and the earth, you know and I know.

It is absolutely impossible to let others know that it is Chen Jixiang. This kid will not tell him. You should think about it carefully. If it doesn't work, you can discuss it with An Ran. Maybe he will support you in doing this. "

"An Ran will never support me in doing such a thing. You should give up your intention as soon as possible. We should all be well and stop making so many angry remarks."

As Qin Yuan spoke, he drove He Chenguang out of his room.

After He Chenguang left, Qin Yuan felt very disappointed when he was leaning against the door. He slowly lowered his head.

"Have the dreams I held on to for so many years been shattered by him like this? I really can't believe that a person can change so quickly and so much."

Qin Yuan feels very disappointed now.

He Chenguang, as his former best friend and a very capable disciple of Fan Tianlei, what he said to him today was so complete that Qin Yuan was shocked. He couldn't even believe his ears.

Exactly why, he doesn't understand at all now, and he is also very entangled, hoping to find a suitable opportunity.

However, these are still unknown. He only knows that if a person wants to make some changes, it will be almost certain.

"Well, since this is the case, I have nothing to say."

An Ran had been watching the situation of the two of them in the room from outside. He had already expected this to happen. However, because of these recent changes, he saw that he was now very confused as to whether he should go in and tell Qin Yuan. one time.

"An Ran, come in."

When An Ran was struggling, Qin Yuan opened the door and called her in first.

"What happened? You two seemed to be quarreling just now."

"I know you have been outside the door, looking at the two of us very anxiously. I called you in today just to tell you about the situation of the two of us just now. I am really tired now. I don't know why. This is what he's going to look like."

"He wants to persuade you to pretend to surrender?"

"how do you know?"

"He Chenguang has been quite anxious recently. Is there anything waiting for him to do in Country H? Why is he so anxious and wants to go back?"

"Everyone has their own secrets and privacy, and I don't want to learn anything from him.

I know he must have his own purpose for doing this, but I don't want to know why. If one day he is forced to know the truth, it may not be the result we want to know. "

"Jason, your betrayal may have had a great impact on you, that's why you said this. Even if someone else betrays you, I believe he won't.

He Chenguang, you have always had the best relationship with your brother in the army. You must not think too much.

It's just that we have been locked up here for too many days and there has been no progress in the task. Anyone else would be very confused. Don't take what he said to you to heart.

Generally speaking, it is for our own good.

After all, staying here for one more day will only put us all in more danger. He said, in fact, it's true, you two just need to be considerate of each other.

If there is any conflict between the two of you, it will only make Chen Jixiang anxious.

Just now, you didn't even see how anxious and scared he was outside.

What conflict will there be between you two? Are you afraid that our small team will begin to disintegrate from within? Maybe this is all a trap set by Mr. Noman Karim? "

"He Chenguang, it was very different when he was on the boat. We have quarreled many times. Before, I thought he was a little uncomfortable mentally because of my better relationship with Jason. Plus, The environment in the upper and lower cabins is relatively harsh.

It's just that I finally figured out just now that a person's change cannot be without any warning signs. Since he made such a choice, it also proves that there is probably a big gap between us, but I have always been Nothing found. "

An Ran is a very smart girl. He knows that the relationship between these two people will not be as good as before even after they return to the army.

In the past, there were frequent quarrels and fights, and everyone would just take a nap and forget about all these things, but the situation now is different.

None of the things they said or did could make people feel comfortable.

Qin Yuan and He Chenguang have completely changed in their concepts and even concepts.

If people of different ways do not work together, that is what it means.

These two people have different views, so how can they have a good relationship?

Sooner or later, they will go their separate ways, but that is not what everyone should do now, which is to work together. An Ran also wants to maintain the relationship between the two of them as much as possible.

No matter what, we have to get along on the surface. Only by working together can the protection power be gathered together, and no one needs to disturb anyone.

However, the problems they encountered next were enough to make them all very panicked.

"By the way, Qin Yuan, let's not mention him for now.

After you went to see Hassan today, I also felt that your overall state was relatively average. They may have deliberately wanted to disrupt your mentality. Don't fall into their scheme. "

"Hmm, An Ran, I was just about to tell you about this. I think Hassan has someone else behind him, and I plan to go there again at night.

During the day, Azhe and I went together. The hospital, including Hassan, was surrounded by people arranged by Mr. Noman Karim Even if he wanted to tell me something, there was no chance to tell the truth.

In this case, I will go again in the evening. Originally, I planned to go there secretly at night. "

"But, you just said that the hospital is surrounded by people who have arranged it. Even if you go there secretly at night, how can you guarantee that you can tell the truth to him?"

"Then let's take it step by step. I always feel that there must be something unknown between him and Efit, or even Old K.

Perhaps, we can use these secrets to successfully find an opportunity to bring back these two students of Professor Fang De.

I also know very well in my heart that we don't have much time anymore and we can't waste it anymore. We have to hurry up. There is also the situation on Thor's side. I have already arranged it, but I can't send the message in. "

"Qin Yuan, it's really hard for you. You have to do everything alone. Is there anything I can do to help you?"

"An Ran, of course there is someone who can help me."

"What, just say it, as long as I can help you, I will not shirk it. Even if it means risking my life, I will do it."

"Be optimistic about He Chenguang. I think this kid seems to be a little strange recently. He can't successfully convince me. If he takes any action without authorization, it will be difficult for us."

"You want me to look at him?"

"Yes, you must keep an eye on him closely. This is the most important task I give you. Don't let him sabotage us behind the scenes, let alone let this kid go astray.

Otherwise, I won't be able to explain to Thor after I go back that if a few of us came out intact, I must take them back intact. "

Chapter 2130: I've been waiting for you for a long time, Qin Yuan

An Ran didn't have any other ideas. He just felt that he had experienced so many things, and if he didn't arrange them all, he would become very nervous.

"Qin Yuan, I know that you and Azhe went to see Hassan today, but I don't know exactly how you two discussed it.

The most important thing is that we and I are not particularly interested. I still hope that the two of you can work together to get this thing done. "

"An Ran, don't be too naive. In fact, we don't know exactly what happened to Hassan.

I had to go see him alone before I realized that I couldn't give anyone a chance.

Just now, I have thought about a lot of issues in this area. No matter what, I must hurry up and don't let them find an opportunity to take advantage of me.

None of us know what these people are thinking, let alone what they think about us from the bottom of their hearts. "

"You can go if you want.

I know that you are particularly worried about this boy Chen Jixiang. There is no problem. As long as no one can hurt him while I am here, please believe that I can protect them. "

"Generally speaking, Chen Jixiang is relatively honest, and I'm not particularly worried. The person I'm really worried about is He Chenguang."

An Ran was still a little surprised when he heard this.

"how could be?

He Chenguang, he has been with you for such a long time. No one knows your temperament and style of doing things better than him. If you say that he will cause trouble for you, then I think it is unlikely. It's not that you think too much. "

"The situations we are encountering now in a foreign country are all unknown.

Sometimes, there are some benefits to thinking more, which is better than taking all the steps. "

"Yeah, I understand if you say that to me.

So when are you planning to go out? Anyway, this Mr. Norman Karim has just left here.

I think he won't come back in a short time. Let's seize this opportunity and hurry up. You should be able to come back before dawn. In fact, if you go to see Hassan today, he may have already thought about it. get ready. "

"If he is really a smart person, I think he should have been mentally prepared for it long ago, but he didn't expect that I would go back so soon.

It's better to go back now. I can give him a big surprise and let him understand how he should deal with a difficult person like me, which is more appropriate.

For a long time I thought I was a little too good for them.

As a result, letting them count in front of me is nothing. Only after this happens can we be more certain about how to deal with the next problem more appropriately.

However, I have been thinking about this a lot.

As long as I have the chance, I will never give up. I can tell just from the reactions of these people,

They still have big questions in their minds, especially since Hassan hasn't had a definite answer so far. We can't just give him more opportunities casually. "

"Hassan, who was also the leader of the maritime patrol force, has now become a disabled person and needs others to take care of him. It is indeed a very big blow to him.

Even if he talks harshly to you, I think you can tolerate him a little bit. In fact, it is not particularly easy for everyone, so it is better for you to understand. "

"Of course I know, you don't need to worry about me, but I only really understood what we should do now after thinking about it a lot.

Hassan, as you said, after all, he is a poor man, and Efit should be blamed for all this.

This guy is really cruel and ruthless.

Unexpectedly, one of his legs has been broken. It is really inappropriate to do so. We must seize the time to find an opportunity to attack them in front of them. "

An Ran stood there and thought for a long time. He felt that whether it was Sophia or Azhe next to him, these two people seemed to have some other thoughts and feelings.

Perhaps, they must have their own plans for Norman Karim, but they have never thought about how to face such a problem next. They must think about it before they can make a decision with them.

"Sofia seems to be more honest these days and hasn't said anything."

"Because he already fully knows that it is completely impossible to instigate rebellion against you.

You don't listen to what he says at all, so he may naturally give up slowly and you should stop thinking about him.

As for other things, let's deal with Sofia's matters slowly, and I'll tell you after I think about it.

Anyway, I already know pretty much everything.

None of these people can solve the problem.

In this case, we have to think carefully about how to make these people listen to us. The most important thing is that I know that we can no longer waste time.

Moreover, I thought of a very good way to save Fan Tianlei. As long as this method can be implemented, I believe they will not have any chance to fight back. "

"What is the solution?"

Qin Yuan looked at An Ran's curious eyes, and he probably still had some hesitation in his heart. No matter what, he couldn't tell An Ran the truth casually.

If his plan succeeds, it will naturally be good, and all of them will be considered meritorious. But if this plan fails, then they will be in trouble.

"Forget it, don't ask so many questions now. I will definitely tell you after I figure out a solution, but don't be anxious for a while.

I don't know why, but I always feel that this guy Hassan can definitely help us. Let's go find him first. "

An Ran nodded.

"Then hurry up and go quickly. I think this floor is not too high. Just be careful. It shouldn't be a problem to get down from the top. These trainings have been received by our troops."

"Of course. I am the best special forces soldier in our entire army. For me, these things are easy. There is no need to worry at all."

"Go quickly, I'll watch over here for you."

"Are you here to watch over me?"

"I was in your room all the time, and they wouldn't suspect that you left secretly."

Qin Yuan lowered his head and thought for a moment. It was actually a more correct choice, but he hoped that An Ran would let him go and look at He Chenguang first.

"An Ran, if you keep a girl in my room for a whole night, I'm afraid it will damage your reputation."

"I've been a spy for so many years, do you think I care about the superficial reputation?"

For me, this is not a problem at all. You should go back first. I will come back to you if anything happens. "

"No, you'd better go out first. It's best not to have anyone here in my room. Of course, I don't believe you. I just want to tell you to do this. The procedure is really too dangerous, so let's not think too much about it. "

An Ran still had some hesitation.

However, after taking into account the arrangements Qin Yuan gave him, he has no more ideas now. He just wants to help Qin Yuan, and other things will be done step by step.

"You have already said so, so I have no reason to refuse.

In this case, you go ahead and I will come back to you if something happens. Anyway, our problems will have to be solved, so just think about it slowly.

The two of us should agree on a password. If you need my help in any way, I can help you immediately. "

"That's not necessary.

Remember, as long as you two can have your own way of protection now, I don't care about other things.

I just hope that you can solve these things quickly. This is more important than anything else.

Moreover, in my heart, many things are not what you think. You must quickly understand what will happen next. As a result, several of us have also considered this aspect. "

An Ran smiled and looked at Qin Yuan, feeling particularly at ease for some reason.

"Qin Yuan, I can't tell you what this feels like, but as long as you are by our side, no matter what kind of task we complete, I am very confident. I believe that we will be invincible. That's a problem."

"Of course, you don't have to worry too much."

So Qin Yuan hurried to the window, took out the rope he had prepared in advance, and was about to lower it down and climb down along the rope.

"You must be careful, I'm here waiting for you to come back."

"Yeah, okay, don't worry, An Ran."

After saying that, Qin Yuan jumped down from the window and climbed the rope smoothly to the ground.

At this time, it was almost late at night.

They are a relatively remote place, and this is also thanks to Norman Karim, who usually likes to go to quiet places to enjoy his spiritual peace.

These just gave Qin Yuan opportunities.

If their club was in a lively urban area, if he climbed out like this, he would definitely attract a lot of people's attention.

This way there are fewer people around, no one is paying attention to him, and he can better observe whether anyone is following him.

This is an opportunity to kill two birds with one stone. Qin Yuan will definitely cherish it. He will not waste more time. He must find Hassan first.

Qin Yuan found a chance to escape from the club and took a taxi without anyone following him.

Fortunately, I still had some money on me, so I could pay for the taxi. After taking a taxi, I could get to the hospital quickly.

Fortunately, Qin Yuan, he passed the system before and now he has mastered the language of Pakistan. He can understand no matter what the driver says, but he still pretends not to understand.

After arriving at the hospital and getting off the bus, Qin Yuan was very careful, fearing that someone would follow him.

He quietly didn't want to alert anyone, thinking that since he didn't want to go and let others find his traces, he had better disguise himself.

So, he quickly went to the doctor to find clothes worn by doctors, and then put on a mask.

Immediately afterwards, he pushed a doctor's car and soon arrived at the entrance of the hospital. After seeing this situation, he felt relatively relieved that no one would find his traces.

After going through all the arrangements, Qin Yuan now looks like a doctor, and wearing a mask will not attract anyone's attention as he pushes the medical cart.

He went directly to Hassan's door and knocked gently.

"come in."

Qin Yuan came to Hassan's room wearing a mask, and found that there was no one around him, which shocked everyone.

"Is it time to change the dressing?"

Qin Yuan looked around the room and saw that there were still many surveillance cameras.

No wonder no one is watching Hassan here. With such a sophisticated monitoring system, does it still need human supervision?

"Qin Yuan I have been waiting for you here for a long time, and you are finally here. It seems that your efficiency is only average. This is also the case with the apprentices trained by Fan Tianlei."

Hassan was the first to speak out about Qin Yuan.

"How did you know I would come back?"

"I know a lot of things. The most important thing is whether you can understand clearly. However, I have also thought about a lot of issues in this area just now. It depends on how you arrange it."

"I've been waiting for you here for a long time. Everyone around you has disappeared. If you have anything to say, you can get straight to the point. Don't look at the surveillance cameras around. I can also arrange it."

"Just you?"

"Qin Yuan, I say you are really looking down on others. Don't think that we can't do anything. These things have just been arranged in advance. It depends on whether you can grasp it. live.

Although I have been fighting with Mr. Norman Karim for so many years, what I still want to tell you is that no matter what, I will never let him hurt me. "

Qin Yuan felt that this guy Hassan was completely lying.

"Your leg..."

"This is a completely unexpected situation. I never expected that this guy Effit would be so despicable and shameless, and would add insult to injury when I was at my lowest.

It hurt my physical condition. I will definitely find an opportunity to get this hatred back. "

"I really don't understand what hatred you two have that makes him hate your legs so much."

"The two of us do have a lot of grievances. This cannot be explained clearly in a few words. Let's talk about the things between us. Do you want to rescue the hostages?"
