

Special Soldier 2141

Chapter 2141: Give it a try, maybe there is hope

Qin Yuan thought for a long time. He knew that the words He Chenguang said today always seemed to give people an uneasy feeling, and there seemed to be some temptation in both words.

"I always do things without thinking about so many messy things.

I think the right time is the best time. Who cares if Jason betrays me?

Moreover, he does not hold any important information about us in his hands. He knows that Mr. Norman Karim knows more about these details than he does.

What's more, he also knows Fan Tianlei better.

So in general, Mr. Norman Karim brought him over, mainly because he wanted to know something about Old K, hoping that he could provide some effective value in this regard.

We don't have to worry about anything else at all. Even I decided after thinking so much about it. You don't have to worry about these things for me.

You have to believe in my control and judgment of the entire matter.

There is absolutely no way I will disappoint you. No matter what situation we encounter, I will be able to shoulder the responsibility as the team leader of this operation.

I've already made up my mind, let's try it out and try hard, maybe there will be hope, it's better than just sitting here and waiting to die. "

He Chenguang looked back at Qin Yuan and An Ran. Neither of them had any other opinions on these matters. They just judged according to his own ideas.

"Okay, Qin Yuan.

I have known you for so many years, and I know very well what kind of person you are. However, the discussion between the few of us here may still be too paper-based.

There are Sophia and a guy named Xiaolan outside, but none of them are easy to mess with, and I think this guy named Xiaolan seems to have some secrets that we can't start with him first. "

He Chenguang had already seen that Xiaolan was an American spy just like him.

However, the reason why he spoke ill of Xiaolan in front of Qin Yuan was simply because he felt that this person was no longer worthy of trust, and that he might have betrayed the organization.

If you can use this matter to get Qin Yuan or Norman Karim to get rid of it, it will also prevent your identity from being leaked. This is the best of both worlds.

"Xiaolan, he looks like a very inconspicuous girl. How could you suspect that there is something wrong with him? Are you thinking too much and it's a bit unfounded?"

"I have never thought about this kind of problem. Whether it is unfounded or not is our own opinion.

However, these things have not had a good result so far.

No matter what happens next, we have to think about it slowly. "

"Well, I don't want to continue talking to you about many issues. As long as you think it's okay, then I can only choose to cooperate. You have no other way to go.

An Ran, you have known Sophia for a relatively long time. Do you think he is worthy of trust? "

"Sofia, I have known him for a long time, and I can see that he is indeed not worthy of trust.

He has many thoughts and ideas.

Even Mr. Noman Karim may not be able to fully control him, let alone us.

Besides, I think the relationship between them is quite complicated. We came to Pakistan for a short time, and we didn't plan to stay here for a long time.

Therefore, we should try not to get involved in some of their internal conflicts, as it will not do us any good. "

After Qin Yuan heard what An Ran said, he nodded silently, although he didn't think clearly about what medicine He Chenguang was selling in his gourd.

"I think it's getting late now. Why don't you all go back and rest first? I also have to take a good rest and wait until dawn tomorrow. There's no point in talking here for a long time. After all, this boy Chen Jixiang still has Not here."

"What do you care about this boy Chen Jixiang?

He is already our little follower, so we don't need to tell him many things. Ever since he found out about Thor, he has been on tenterhooks every day.

If you tell him, he may not be able to give us any ideas or good solutions.

On the contrary, it will cause trouble for us.

It's better to just solve these problems first. If you have any plans in the future, it's better to talk casually than to say so much here. It doesn't make much sense and will only waste more time. . "

An Ran could tell that Qin Yuan did not want to continue discussing with them, especially He Chenguang.

"He Chenguang, please go back first."

"Are you two really planning to sleep in the same room tonight? It wouldn't be nice to hear the rumors outside."

"When did I plan to sleep in the same room with him?"

An Ran, while speaking, slapped He Chenguang on the head angrily.

"Well, both of you want me to go back quickly. I don't have anything to say, so let's go back first. Let's talk about it if we have a chance in the future.

Also, the topics we are talking about today should be kept as confidential as possible, and do not let irrelevant people know, otherwise it will not be of any benefit to us. "

"Of course I know this. There are many irrelevant people. It's just a matter of how we deal with it next.

That is a matter for all of us, and we must not take it lightly, that is for sure.

Moreover, I have already seen that so many problems are indeed very troublesome in our hearts, but after solving these, we can make next plans and actions.

Having said all this, I hope you can think it over carefully and don't let others get anxious.

I can assure you that Fan Tianlei's matter can be resolved within three days. This is what Du Bingbing promised me. "

He Chenguang had long known that Du Bingbing was definitely not a simple person. He had a background. He had also expected that Qin Yuan would definitely ask him for help when he was desperate.

"I know that it would be easier for Du Bingbing for someone as handsome and handsome as you to ask for help.

Usually when I'm in front of him, I'm always attentive, but he never takes me into his heart, and he doesn't even want to look at me. This is the difference between people.

Oops... We both have one nose and two eyes. Why is there such a big gap between us?

This makes me feel inferior. Fortunately, I am a man. If I were a woman, I would definitely fall in love with you. Even now I am a little jealous of you. "

"He Chenguang, I think you are not good at anything and talking nonsense, but you are number one.

Stop talking about these random things here. We are now discussing a very serious issue about the progress of completing the mission. Please stop talking nonsense here. "

He Chenguang smiled and went out directly. According to his own plan, he completed the mission this time and there was no need for him to return to country H again.

It can take the useful information it has collected and its results over the years and return directly to the United States.

Even if you don't give yourself a first-class merit by then, you can still have a better arrangement. At least you won't have to worry about continuing to live here.

This really made him live enough, and he didn't want to live this kind of life anymore.

Afterwards, He Chenguang left Qin Yuan's room directly. After he left, An Ran said with some worry.

"He might have been eavesdropping outside the door just now. He has basically heard everything the two of us said clearly. What are you going to do?"

"I thought so too. He must have been outside for more than just a short while.

He has basically listened to everything the two of us said, but I haven't thought about what to do next. After all, he is our comrade.

Don't doubt him. The most taboo thing when completing a task is to doubt the people around you. If you don't even trust the people around you, who can be trusted? "

An Ran nodded and said to Qin Yuan.

"What you said makes sense. I've also thought about this issue, but I didn't expect such a result."

"Then there is no way or necessity, and what I know is that there are indeed some difficulties in these things. Fan Tianlei once told me that the most taboo thing outside is to doubt the people around you. Everyone guesses and doubts each other. "

"Thor, he is indeed a very wise man."

"If this is the case, I believe you won't have any suspicion at all. After all, he is indeed a little suspicious, and he was so good that he even mentioned this woman named Xiaolan."

"What do you think of this Xiaolan?"

"I don't think he's very good, even though he usually talks less. Most of the time, Sophia assigns him tasks.

However, he has many ideas of his own, and you can see that he is a relatively shrewd person.

Why hasn't he been reused or arranged in the organization and group for so many years? This is enough to explain everything. Maybe he has already had evil intentions.

These are all things that Mr. Norman Karim has seen through, so we have been able to persist until now and discovered something suspicious about him. Haven't you ever suspected that some of these people in front of you are American spies? "

"Your idea is indeed a bit too bold.

Although American spies are pervasive, if you say we have such people around us, it shouldn't be a big deal.

Everyone is not a fool, and they should be able to easily see their tricks soon. If this is not the case, you should keep your heart in your stomach. At least I think it is impossible for such a problem to happen. "

An Ran sighed and said in one breath.

"Qin Yuan, I really think you shouldn't think so well of everyone. Many things may not have a definite outcome in our hearts, but others have already thought about it clearly.

The reason why Mr. Norman Karim keeps us locked up here is that maybe he has enough confidence that we can help her solve these problems. "

"What problem?

He has already reached this position, does he still need us to help him solve something? "

"He Chenguang, he's been acting weird lately, have you never had any suspicion?"

"An Ran, please stop talking. Without any evidence, I would rather believe that everything is just my own overthinking."

"He Chenguang, he came here today and repeatedly opened up some things about Jason. Do you think he was just chatting or coming out to talk to us because he couldn't sleep?

Like I just said, he's been listening outside the door for a long time.

Regarding Jason, I know there may be some secrets between you and Jason, and I don't want to inquire too much.

However, I hope you can understand that it may be harmless for me to know these secrets. I will not betray or betray you, but he may not. "

"He Chenguang does have some conflicts with Jason and the others, but this is also the reason why the two of them dislike each other. I don't think about other aspects and I don't dare to think about it.

He Chenguang, he has been with us for so many years, how could he have any other problems?

Don't scare me anymore. If he really has a problem, then I may not even have a trustworthy person around me in the future, and I won't even dare to think about it. This is really scary.

Even in my nightmares, I can't imagine such a scene.

An Ran, I can allow spies to exist, and I can also allow someone to betray, but this person must not be He Chenguang. We are inseparable in the army.

I even trusted him enough to bring her here. Now you tell me that he is probably a spy. I absolutely cannot accept this situation. "

"Qin Yuan, I know there are many things that are difficult for you to accept, but I still have to tell you that he is so anxious now, maybe he has also discovered that he has exposed some flaws.

In the army, Thor has already said that there are some spies among you, but we have not yet fully discovered who they are because there is no substantial evidence.

If he is really a spy, what are you going to do next? "

Qin Yuan held his head in his hands and squatted down in great pain.

"An Ran, please don't ask me questions about this again. I'm really in a dilemma. I have never considered such a situation. If you ask me now, I don't know how to answer you.

Chapter 2142: Test within the group

An Ran looked at Qin Yuan with this slightly painful look. He himself was also a little helpless and didn't even know what to do.

In short, seeing the current situation of the two of them, everyone felt very uncomfortable.

"We should know exactly what kind of person He Chenguang is.

Moreover, he is relatively understanding of his situation, but now no matter what kind of thoughts he has on these issues, he cannot do so.

What's more, we are not able to understand many of the situations we already know, and we still don't have a definite goal until now.

No matter what, we have to think about it carefully. We must not let them have any ideas. If they find this kind of problem, we will not know what to do. "

"He Chenguang, he does have a lot of ideas of his own, but we can't find a way for him based on this matter.

Qin Yuan, you don't have so much time to verify his true identity now. Do you really want to prove here that he is an American spy? "

An Ran has always been a soft-hearted person.

He saw Qin Yuan, who was now entangled and sad, and didn't want him to verify He Chenguang's identity.

"What I'm telling you is just out of concern for you. I'm afraid you might have some troubles."

Qin Yuan thought for a long time and then said to An Ran with a smile.

"An Ran, I have thought a lot about this issue just now. You also know that I am a very persistent person, and I have always had a character that cannot be changed.

I would rather have the harsh truth than falsehood. "

"you mean?"

"He Chenguang, assuming he is indeed an American spy, I would like to know what his real purpose is."

"If it is really an American spy, it can only show that he has really good intentions in hiding among the H country troops for so many years. No one has ever doubted him."

"After all, this is his professional field. As a spy, he must be able to hide his identity. I am also surprised that even I didn't notice it."

"There's nothing we can do about it."

"Thunder God, he didn't even realize it, and he actually asked him to come to Pakistan with me. Thinking about it this way, he is really too dangerous."

"I really can't imagine what will happen to a good brother who gets along with you day and night if his true identity is exposed one day."

Qin Yuan sneered beside him.

"He Chenguang, I now find that I really don't understand him less and less.

In the past, he had a rather funny image. Until now, I found that he is not such a character at all. Maybe all the appearances he has when getting along with us are just pretending.

As a spy, the state we see is what he wants you to know. What it is actually like, none of us can explain clearly. "

An Ran nodded thoughtfully.

"Yes, I can also understand your complicated mood.

Obviously you already have these things, but you really can't do it according to your own ideas. I understand how you feel, but you also have to understand how terrible this task is for all of us now.

Especially after we have gone through these questions, we have no way to answer them. No matter what, you must think clearly and never let others take advantage of it. "

"An Ran, do you think He Chenguang is really an American spy?

What is his real purpose in coming to us?

I really can't figure out why he did this. Of course, I also understand that this is a difficult thing.

Perhaps, we all may not be able to find the real reason why he came to us at once, but I can feel that he has chosen to come to us.

That must be that there will be some other ideas that are definitely not so simple.

I believe that he is such a person, but even these problems we encounter can be solved.

I don't want to believe that he really wants to harm the people around us. It's simply possible that he just wants to complete the task and has no other ideas. "

"I can only say that you know people and faces, but you don't know the heart."

An Ran's simple words made Qin Yuan completely sober now. He also understood that these things could not be arranged according to what he imagined, and many of them were just his good wishes.

"He came here today and has been testing things about Jason. Have you ever thought that it is very possible that he came here for Jason."

"Does he also suspect that Jason is pretending to surrender to Mr. Norman Karim, but is actually helping us find the two students of Professor Fangde?"

"Qin Yuan, at this critical moment, you must not be confused. We have all seen his abilities, and he has been confusing you for so many years.

He must be a very smart person, and Jason's recent reaction is indeed quite abnormal. It is normal for him to have some doubts, and none of us should think so.

Many things may not be appropriate in my eyes, but we all know it well and are unlikely to be disturbed by these things.

He Chenguang must have suspected marriage for a long time. Perhaps his real purpose in coming to Pakistan this time was to find Professor Fang De. "

"Will the top brass of the U.S. military also assign him such a task?"

"This is all uncertain. What we are all thinking about now are just guesses. If you want to really find some clues, you have to think slowly.

However, since you have begun to doubt his identity, it means that no matter what important information we know, we cannot tell him. Even if he gets angry again, we can only choose to hide it. "

"I understand that the situation we all have encountered for such a long time cannot be solved by one person. The more serious it is, the more we have to wait for more solutions."

"By the way, Chen Jixiang, this kid is with him every day. It would be bad if there is any kind of connection between the two of them. After all, this kid has no one to keep his mouth shut."

Hearing what Qin Yuan said, An Ran was a little confused.

"Chen Jixiang, after all, he is still relatively young, and he has not seen many things so thoroughly. If we choose to hide it, a lot of troublesome things will indeed happen."

"Then what are you going to do next?"

"Without a very good idea, we can only hide it for the time being."

"How should you hide it?"

"From now on, only the two of us will know about all the issues. No matter it is He Chenguang or Chen Jixiang, neither of them can be allowed to know about Jason.

He has joined Mr. Norman Karim's camp, so he has to follow this idea.

Let's assume that he has really betrayed the organization too much. The more he is mentioned, the more suspicion he will arouse in the two of them. "

"Yeah, I can understand what you mean and think.

However, whatever happens next, we have to slowly solve it.

Don't be impulsive to many things. Maybe it's not as simple as we think, but we just don't understand what the specific situation is. "

"He Chenguang, since he didn't get any useful information after coming here today, he will definitely not give up for a while, or tomorrow, if he sees the two of us, he will still inquire about everything, which may make him feel a little uncomfortable. "

"We have already doubted his identity now. In fact, according to my own thoughts.

I definitely want to verify what his true identity is, otherwise I won't be able to give up, but as you just said, we are in a foreign country after all.

If there is something wrong with his ID card, it will only cause trouble for himself.

Now let's just think about it simply. At least I can't be like a fool and be kept in the dark. All the information is thought through my own side.

I can only say this after considering all the situations that I will encounter next.

No matter what, we have to plan carefully and never let others have any relationship with us. These problems are indeed already difficult.

No matter what, we all have to stick to our truest thoughts, and we must not put them all in danger. This is something I cannot bear. "

"Well, if that's the case, then I have nothing to say."

"If there is nothing else, you can go back and rest first. We have all been quite tired recently. Let's have a good night's rest. There are still many things waiting for us to do tomorrow."

An Ran smiled, patted Qin Yuan's shoulder gently, and he went out directly.

Mr. Norman Karim, he has already returned to his office with Jason and Azhe.

Perhaps because of his guilty conscience, Jason saw Mr. Norman Karim. He always felt timid, but he had been with Old K for so many years.

He was a moody boss, but he still felt a little comfortable in front of him. He kept observing Mr. Norman Karim, looking at his elegant and easy-going appearance.

There is really no way to associate him with those criminals.

Just like that, the air was very silent and everyone was embarrassed.

After a while, Mr. Norman Karim said slowly.

"Jason, you are very welcome to join our group. From now on, we will be considered a family. We should say everything clearly and understandably so that others don't feel any pressure."

"Yes, Mr. Norman Karim, I am honored to join your group. From now on, I will be considered your subordinate. No matter what I am asked to do, I will try my best to do it.

Don't worry, I will never let you down. Now that I have chosen to take this path, I will never regret it. "

"Jason, compared with this kid Qin Yuan, you are indeed much more reliable than him, and I can also see that since this is the situation now, we have nothing to say.

If you choose to join my camp, I shouldn't doubt you first. "

"You can have some reasonable doubts about me, I have nothing to say, after all, I've been through this myself.

When he is around Old K, he will often doubt the motives of the people around him. I have nothing to say, it just depends on what you think. "

"No, Jason, I know you are still under a lot of pressure right now. No matter what happens, I hope you can think clearly about what choice you want to make.

Qin Yuan, he is a very good brother. If you choose to betray him, don't I feel any regrets?

If you keep following him, maybe he can provide you with more things. "

"I don't really care about this. I just think I shouldn't waste time with him anymore. He is a member of the army and we both care about him. Even if we are the best, we will never get together.

Even though I am here with you now, I can be a good brother with him, and he can promise me many important things.

However, this situation is just a temporary return for the two of us. He has completed his mission in H country, and his promotion and salary increase are all his own business.

After all, I am still a smuggled prisoner.

The two of us can never go the same way, just like you and Fan Tianlei, although you two were once good brothers.

However, they have already parted ways. After all, they are no longer on the same road. The further they go, the farther away they will be from each other.

This, coupled with the emotional kidnapping, will only make the relationship between the two people very tangled. Instead of breaking up with each other later, it is better to make the right choice now. "

"You are indeed a very wise person. You have already said this. I have no intention of forcing you. If this is the case, then we can only speak according to the current situation.

Jason, although what you say on the surface is still very relevant.

Moreover, I should also believe what you say, but I should still put some tests on you.

Otherwise, we will still be a little worried about each other after all. Instead of always being so uneasy, it is better to go through a thorough test.

Passing the internal test of our group proves that you really sincerely want to join my camp.

In the days to come, I will never treat you badly. All my good brothers have come here like this. Are you willing?

Chapter 2143: The first task is to kill Hassan

Azhe kept looking at Mr. Norman Karim like this.

He was very familiar with this look, like the look staring into the abyss, as if he had seen you through from the beginning to the end.

He smiled while staring at you closely.

Jason also felt as if the hairs all over his body were standing on end.

"Mr. Norman Karim, I agree with what you said. Even if you don't bring it up and want to test my words, I want to bring it up myself. This matter will prove my determination.

First of all, I have been with Qin Yuan for so many days, and you will also feel that he is subtly influencing me to make various choices. If I want to prove my position, I must use some means.

Secondly, I used to be someone who was with Old K, and I betrayed him and ran away. As someone who has betrayed others before, and then betrayed his good brother again today.

You do, and you shouldn't trust him unconditionally.

Unless he can prove his determination, I can understand this, and I have never doubted that you have any ulterior motives for me.

I also know that Mr. Norman Karim, it is absolutely impossible for you to treat the people around you badly, and I am very relieved about this.

Therefore, no matter what kind of situation we encounter next, I will be able to solve it. As long as these problems are something I can bear, I will not hesitate anymore. "

"Jason, you are indeed a very transparent person. In this regard, you are much better than this stupid guy Effit.

Having said that, you are all people who have followed Old K. No wonder he is always worried about you and doesn't want you to come out alone.

And for so many years, he has been looking for you by your side.

Now I seem to finally be able to understand why he did this. He is indeed such an outstanding person like you, so how can he let you go so casually? "

"What can we say about the fact that people who have betrayed are not worthy of being trusted? I also hope that Mr. Norman Karim can give me a task as soon as possible to let me prove myself."

Azhe looked at Mr. Norman Karim's expression from the side. He was now more worried about what kind of impossible task the other party would give him.

After thinking for a long time, he said slowly.

"Norman Karim, Mr. Qin Yuan, he has already lost his good brother Jason. We all don't know what choice he will make next, so why don't we just calm down and don't let him get the handle?" ."

"Qin Yuan is a very persistent guy. I know very well what this kid is thinking. He will be unfaithful a hundred times.

Jason, if he really surrenders to me sincerely, the brotherhood between the two of them will be completely ruined. "

"I can understand your thinking. I don't know what you want to do next or what kind of tasks you will assign to him. We all have to think it over carefully and don't let them get a little anxious."

"Azhe, you don't have to interrupt here when I'm talking.

Although I know that you have been planning this issue for me, I still have to remind you that you should not think too much about many things that you should not consider.

The most important thing is to do your own thing well. How come you have forgotten some of the rules within our group in all these years of being with me? "

After Azhe heard this, he now felt a little trembling in his heart.

Jason had completely discovered that this guy was definitely not that easy to deceive. He had to make some real achievements to make this old fox believe in him.

However, if you want to make some real achievements in front of him, you may have to embark on the road of no return again.

Fortunately, he was mentally prepared before he came here again.

He didn't feel too surprised. No matter what kind of tasks the other party assigned him, he had to discuss it carefully first.

If it's really something too extreme, you can't discuss it with Normal.

It was absolutely impossible for him to allow himself to do this. After all, it was related to their brothers' previous relationship.

"Then what are you going to do next?"

"Mr. Norman Karim, I know you will definitely arrange some tasks for me to prove my sincerity. This is something I regret, but I want to know where my two brothers are, Akun and Akun. Find out where they are."

"I know that the first thing you do when you come here is to know where your two good brothers are.

Don't worry, I won't treat you badly, and I will never treat them badly.

I have already known that you will be here with the two of them soon after they come here.

After all, A Kun and A Ming have been with you for so long. To betray themselves for Qin Yuan, these good brothers are indeed losing more than they gain. I don't think you should do this. "

"Actually, since Mr. Norman Karim has already predicted that I would do this, the communication between the two of us may be smoother, and there is no need to be so entangled.

You have already anticipated it, so I feel very lucky. No matter what situation I will encounter next or what kind of task you give me, I can be mentally prepared in advance. "

"Okay, you have already thought of it, then the communication between the two of us may be smoother, which means it is easier for smart people to talk to each other."

"Thank you Mr. Karim for being kind to my two brothers."

"Hey, you don't have to be so polite. You have already chosen to join our group. From now on, we will all be our brothers. Your brothers are also my brothers.

What I can guarantee you is that by joining our group, I can give you many benefits.

No matter what the situation is in the future, I will not let you down, and no matter what happens, I will definitely stand by your side to consider the problem as soon as possible.

All I know is that your daughter Yaya has congenital heart disease, and I have contacted the American hospital.

They are already preparing to help you find the source of your heart.

I only give them a month. If they can't find it, I let them find a solution on their own.

This is a small gift for you to come to our company. If you let your daughter follow Fan Tianlei all the time, not only him, but he will not be able to help your daughter find a suitable heart.

And it may make his condition worse. The army is not a place for a little girl to stay.

Find a suitable opportunity and take your daughter over.

Only the conditions we have here can allow him to grow up without any worries.

Qin Yuan, he has indeed made detailed arrangements for you, but their means, resources and connections are relatively limited. Even if they have such a heart, they may not necessarily give your daughter something good. condition.

Only I can meet your requirements.

Jason, I want you to know that joining my camp, Norman Karim, is definitely not a wrong choice, and you will never regret it. "

Although Norman Karim said these words with a smile, the settlement has clearly felt that his real purpose is to let him take over his daughter quickly. On the surface, although it is treating a disease, in fact, it is not a Hostage?

"Mr. Karim, don't worry.

My daughter definitely wants to be with me, but now is really not the right opportunity.

He has always been with Fan Tianlei. Now if something happens, he will definitely arrange for my daughter to be in a more private place.

Even if we want to find him, it will be difficult. If we are too impulsive for the time being, we will only alert the snake and make them mentally prepared for these things.

We have to slowly consider Qin Yuan first. His arrangement is indeed more reasonable.

However, we cannot think in this way. No matter what, I hope you can understand our feelings.

Don't feel that I am anxious because of this matter.

I know that you have some good intentions, and it is also for the good of me and my daughter. I am really deeply grateful to you for being able to provide us with so many good conditions. In the future, I will go through fire and water without hesitation. "

"Jason, I know you must be thinking about Fan Tianlei's issues, so don't think about it so much for now.

I just asked someone to investigate. Don't worry, there won't be any problems.

I have arranged for someone to pick up your daughter. I also know where she is.

Moreover, I have given them a month to find your daughter's heart. Even if they find it, he will have to come to help her treat it.

By then, if the right person has not come over yet, it will waste more time.

Don't think too much. I don't mean to threaten you. I also feel that the child is a little pitiful. "

Jason looked at Azhe's expression with a cold face and ignored the person in front of him.

"I know that Mr. Norman Karim must have arranged these things very reasonably. Since you already want to take my daughter over, I have nothing to say.

I can only choose to be grateful, how could I possibly think that you want to hold it hostage.

Because I have no intention of betraying you at all. I want to develop with you for a long time. My daughter will come here sooner or later.

It's the same whether you come a day early or a day late.

I can rest assured if I let him come over earlier, not to mention that now that I am no longer with Qin Yuan and they are together, it is possible that the other party will regret it at any time and ignore my daughter.

This group of people is the most ruthless, and they slaughter many dogs every time they are out of justice.

Only people like us can understand each other. These people in their army are pampered every day and cannot understand the mood of us at the bottom at all. "

Jason is a very smart person. He knows that he has no way to resist now. The more he resists, the more he resists, which will arouse the other party's suspicion. It is better to directly thank Norman Karim for the idea.

This way he could prove his identity, but he began to worry about his daughter again.

However, no matter coming here, he believed that Qin Yuan believed in this person's ability even more. Even if his daughter fell into the tiger's mouth, Qin Yuan would have a way to save his daughter.

This is also the reason why he chose to help the other party without hesitation, just to consider the rest of his daughter's life.

What good does it do a girl to wander with a father who has no fixed abode like her?

His wife is no longer here, and he has always wanted to give his daughter a stable life.

However, for so many years, Old K has been able to find him no matter where he is hiding, and wants to attack him. This is also an inappropriate choice for his daughter.

Therefore, he could only do this, and there was no other way.

"Azhe, let me tell you at the beginning, when Jason's daughter came over, you still didn't agree with my ideas. It's only now that you really understand.

Let me just say, as long as people join our group sincerely, they will definitely not have too many complaints about me taking over her daughter.

If Jason behaves a little dissatisfied today, I will have some doubts about whether he sincerely wants to join our group. "

Jason heard this and smiled naively beside him.

"Okay, I'm just asking if I didn't expect Mr. Norman Karim's test for me to have begun now.

Just now you said that I need to complete some important things to prove my identity.

Now that my daughter is coming, I am eager to prove my identity in front of you. I hope you can give me a goal. What should I do to make you trust me with confidence? "

"This guy Hassan is back now, you know."

Jason looked back at Azhe.

"You don't need to look at him. He went to the club to reveal the news to you all because of my intention. The task I gave you today is also related to Hassan."

"You want me to go talk to him?"

"That's not necessary. This guy has known me for so many years. He has always been against me from country H to Pakistan.

Since he locked you up in an unfinished building today, he almost made it impossible for you to come back.

I think, whether it is out of personal grudges or to prove your loyalty to me, you should go to him for revenge. The first task I give you is also very simple.

Even if you kill this guy Hassan, you can avenge me. "

When Jason heard Norman Karim say this, he was completely shocked. How could this be possible?

Chapter 2144: It's just intentional to make things difficult

Jason heard Mr. Norman Karim telling him that the first mission was to kill Hassan.

He was completely stunned now, and he didn't know how to answer more appropriately, although he knew that the man in front of him would never joke with him.

However, he still didn't plan to do this. He kept insisting. After thinking for a long time, Jason smiled and said slowly.

"Mr. Norman Karim, you really know how to joke."

"Why do you think I'm joking with you? Could it be that you have been with this kid Qin Yuan for a long time and are influenced by him?"

"This has nothing to do with Qin Yuan. I think Hassan has been here for so many years and you never meant to kill him.

Why, as soon as I came here, the first task you gave me was to kill him.

By the way, doesn't he still have a lot of use value?

Shouldn't it be kept and put to good use? Instead, we should kill him, and he has just become a disabled person. Under such circumstances, wouldn't it be like beating the dog in the water? I believe you would not bother to do such a thing. "

"Jason, I know you are a very smart person, but what you do is meaningless. In front of me, these are just tricks. And let me tell you what I think now. .

These things can all be resolved in our hearts.

No matter what the reason is, we have to think this way, but these questions are not directly stated and it depends on whether you are willing to agree. "

Azhe looked at Jason from the side.

"Jason, we are a very serious place here. Now that you have decided to join our camp, you must think clearly about what you should do more appropriately.

Don't let us all follow you in anxiety, and since this is the situation now, there is no need to continue talking.

As long as you think there is no problem, all of us will naturally choose to support you.

What scares you most is that you know that what we said to you is very serious, but you don't take it seriously and always think we are joking.

It's like it doesn't have much value or meaning anymore.

Mr. Norman Karim is usually very busy. He doesn't have much time to make jokes like this with you. You should know the seriousness of this matter.

Therefore, I also advise you to do your best. It is better to accept this task gladly, otherwise, it is unknown what the results will be. "

Jason watched them all say this to him, which meant that he had no way to escape anymore. He could only choose to accept this impossible task.

To be honest, it's not impossible, but so far, he hasn't found a suitable reason.

What's more, now that he can no longer hurt Hassan easily, he still has great use value.

In a sense, he should be able to help Qin Yuan.

Therefore, he cannot attack this person easily, but now he is in a dilemma. It seems that Norman Karim is far more cunning than he thought.

Qin Yuan had warned Jason to be careful of their traps.

The other party would not believe his surrender so easily, but he did not take it seriously, and he did not imagine that it would be such a serious result.

No matter what happens in the future, they just need to see the reality in front of them clearly.

If there are any problems in the future, they will have to be dealt with step by step, but he can't be anxious now. He can't agree or refuse now.

We can only delay it temporarily and find an opportunity to discuss it with Qin Yuan.

However, based on how well these people know him, it is impossible for him to have any thoughts in a short period of time. If he does not give a definite answer, it means that the other party will definitely not believe him anymore.

This is very detrimental to his subsequent latent work.

Speaking of this, Jason was also very embarrassed. He didn't know what to do. He felt a little sad while thinking about it, and he had to find a good step for himself.

Otherwise, it would be impossible for the other party to trust him, so he thought for a while and didn't say anything. He just smiled and said to Mr. Norman Karim.

"Azhe, I can clearly understand what you just said, and I also know the meaning of you asking me to do this.

However, I can't give you a definite answer now as to whether I can do this, because I don't know yet whether I can do it. "

“Jason, maybe you don’t know very well, but Mr. Norman Karim always treats people with an attitude.

Whether you can do it is one thing, but whether you are willing to do it is another.

If you have such an attitude, Mr. Norman Karim may feel more relieved and he will be willing to believe you.

Only then can we carry out the next planning and actions. If you don't even have any attitude, then there is no point in talking about it.

This proves that you are not sincerely surrendering to Mr. Norman Karim. Even if we ask you to stay, it will be meaningless.

How about this? Mr. Norman Karim has always had a habit.

He likes to give others more opportunities, certainly the chance to survive.

If you think you can't do these things, he won't force you. You can still go back to where you came from and pretend that this thing never happened.

He has never heard of this saying that you want to surrender to our camp. There is no such store after passing this village. You can think about it carefully and don't embarrass yourself.

Jason, you should also understand that many things are not as simple as you think.

In most cases, others are not fools, and you cannot treat others as fools. I have told you so much, mainly because I want to tell you that there are no special circumstances.

Just think about your own future carefully and seriously.

Of course, this is not just about your future, it also seems to be related to your life safety, and it all depends on your attitude.

Maybe, you can't do this because you are not capable enough. There is nothing to say. He will definitely not force others to do it.

However, you have the ability but are unwilling to do it, which means that you do not want to be loyal to Mr. Norman Karim at all. This is a very serious problem.

In our group, those who can stay with Mr. Norman Karim for many years must ultimately have a positive attitude.

Ability is not the most important. The most important thing is whether your attitude towards others and what you do next can meet the standards we expect.

If you don't even have a correct attitude, why should he trust you? "

Jason now knew very well that this was a common tactic used by big guys like them.

Assuming that he backs out now, not to mention that it would be meaningless, it would arouse suspicion among them all. If he agrees to do this but fails to do so, it will be a serious matter.

Azhe's words made Jason extremely nervous now. He even had some doubts about Qin Yuan's statement about him, and he was also a little anxious.

"Azhe, are the words you told me really what Mr. Norman Karim told you?"

Norman Karim has been sitting next to him with an expressionless expression, which makes people feel very nervous when he is serious.

"Yes, what Azhe told you is completely the truest thought in my heart. Jason, it depends on how you think about it. If you are willing, you will definitely have nothing to say.

If you are unwilling, then we have nothing to stop you. We are just talking about these problems, hoping to give you a clearer understanding of what kind of problems you should really face.

Especially now that the situation is so serious.

If you continue to do this, it will only make things difficult for all of us. If this is the case, then we have nothing to say. It depends on you whether you can achieve the effect we expect. "

"We would like to give you time to think it over.

Why don't you go back and have a good rest if you don't have anything to do now? You can also consider spending one night and give Mr. Norman Karim a definite answer tomorrow morning.

That is, if you are willing to follow him, we will officially assign you this task. No matter how many manpower and resources you need, we will dispatch it to you normally in order to help you complete this task.

Jason, if you regret it and don't want to join our camp, you can go back now. Tomorrow morning will be your last chance.

You can only choose one of these two paths.

You must not pretend to surrender. We are actually helping Qin Yuan to find some clues here, but please do not do such stupid behavior.

This will only ruin your own life in your own hands.

Even if you don't think about yourself, you still have to think about your daughter. You are his only relative in the world. If something happens to you, what should he do? "

When Jason heard about his daughter, he felt very nervous and embarrassed now. This was what she cared about most. He could take this life, but his daughter definitely could not.

"Azhe, to be honest, I didn't want to help Qin Yuan find out any information from you, and I did it all for my daughter. You know this is my only weakness.

I can no longer live. After all, I have lived for most of my life. I have experienced many things without regrets, and my life has no meaning.

But my daughter is different. He has only been in this world for a few years. I want him to feel the beauty of this world.

I hope I can let him see clearly what kind of person his father is.

Therefore, I have to work hard to do this.

No matter what, I can't let them down on me, so I have to do what I said. As long as it is good for my daughter, I am willing to pay any price, and I will never regret it. . "

"If that's the case, you have already agreed to the request given to you by Mr. Norman Kalim. Have you agreed to kill Hassan?"

Jason gritted his teeth and was cruel. He felt that he still had to go like this.

Hassan's life till now is actually quite humiliating.

Originally, he was a promising special forces soldier, but I don't know what happened behind the scenes, which caused him to become this person who is neither a human nor a ghost.

He definitely doesn't have much hope anymore. If he sacrifices his life to help Qin Yuan gain the trust of the other party, it will be worth his life.

"Okay, Mr. Norman Karim, since you think that if I can gain your trust in this way, then I promise you to do it, although I don't want blood on my hands.

However, I know that this is your obedience test for me, which can be regarded as a test of merit. If I can't even do this, it's understandable that you don't believe me.

There is one thing that I am quite curious about. I wonder if you would like to tell me.

Of course, I may be a little presumptuous in doing this. This is just my own curiosity and has no other meaning. If you are unwilling to tell me, I have nothing to doubt, and I am not qualified to confirm. To do. "

Mr. Norman Karim said calmly.

"Jason, since you have decided to join our camp, if you have anything to say, just say it. We are all our own people."

"I want to know why you suddenly decided to kill Hassan. He has already been fighting with you in Pakistan. For so many years, you have never regarded him as an opponent, or even regarded him as yourself. Ants that can be crushed to death.

Why must he be killed all of a sudden? And he has now become a disabled person, which is miserable enough in itself. "

"Do you think it's not necessary for me to get along with him and then beat him up?

Although, I don't need to tell you why I must kill him, I can tell you the truth, this is not just a test of your obedience.

Jason, even if you don't do this, someone else will.

I have allowed him to live until now, which is considered a gift. He has lived for enough years and hung out in front of me for many years. I am really tired of it and don't want to see his face again. "

Chapter 2145: In the midst of wild speculation

After Jason heard Norman Karim's reply to him, he now shook his head helplessly.

"What's wrong?"

"You are really an expert at keeping secrets. When I asked these questions, you did not give me a definite answer, nor did you deny it. Well, since you don't want to say why you must kill him, then I'm not qualified to ask.

As I said just now, I don't have any other thoughts, it's just my own curiosity. "

Norman Karim looked up at Jason.

"You used to be in Old K's camp and did a lot of things for him, but you have already escaped now, and you have lived a peaceful and stable life in his camp for so many years.

Now you have gone back to the old path. As a human being, you cannot go back.

Once I turn back, I'm afraid I won't have any good places to eat. This is a truth I have learned on the road or over the years. "

"I admit, I do think of these things a little too simply.

I myself have never thought that this would be the case.

However, no matter what the situation is, I can accept it. As long as you are willing, I definitely have nothing to say. It depends on whether you will really help me do this.

I never thought it would be such a result.

However, this is fine in itself, I just can't escape this fate. I also thought that I could live a quiet and stable life. I didn't expect that my wife would leave me first, leaving behind a child with a congenital heart disease. Sick daughter.

I hope that he can live openly and openly under the sun, without having to wander around and hide like my father, so I have to fight for him for a few more years.

Hey...it's all just fate.

My daughter was born with poor health. It may have been a sin I committed when I was young. Now the retribution is on him. I have no complaints. I can only fulfill my responsibilities as a father.

I also understand that going back will not end well, and if old K knows now that I am already with you, he will kill me even if he is crazy. "

After Norman Karim heard what Jason said, he walked to him and gently patted him on the shoulder.

"Jason, I know that you had some selfish motives when you were with Qin Yuan. You hope that as a member of his special forces, you can give your daughter a reasonable and legal life.

But don't worry, now I have decided to have a good discussion with this guy, Old K, to see who is more powerful. Now that you have become mine, I will never let him hurt you.

As long as you are in my camp, I dare not guarantee your life safety otherwise. I can still guarantee you this aspect. Now I have the means and ability to compete with him.

You don't have to worry so much. Although Lao K is now the number one figure in the surrounding countries, after so many years of hard work, I am now on an equal footing with him.

Even stronger than him.

Jason, you don't have to worry. You have to believe in your own choices. As long as you are loyal to me, I will not let you suffer. None of the brothers who are with me will suffer. If you have something to eat from me, you will have it. They take a bite. "

"Thank you, Mr. Norman Karim."

"Azhe, Jason has actually chosen to stay, and he has also made preparations to kill Hassan. You first go and arrange a better room for him. It's time to allocate some people to him. "

"Can Akun and Amin come over?"

Norman Karim hesitated after hearing Jason's request.

Immediately afterwards, Azhe explained on his behalf.

"Jason, don't worry about Akun and Amin. I know they are your good brothers. You are anxious, and you are doing this because of their choice.

Don't worry, you just need to complete the tasks assigned to you by Mr. Norman Karim.

Your two brothers will reunite you soon.

Now I will help you shoot some other people's hands beside you to help you complete this assassination operation. You don't have to worry. "

Jason heard the two of them say that.

Although it was expected, he was still a little disappointed.

Seeing the disappointed expression on his face, Mr. Norman Karim smiled and said.

"Jason, I won't treat these two good brothers of yours badly, but it's also my own reasons why I can't let you meet now. I have lived on the road for so many years and I have never seen anything like this. Is it better to hold back?" Necessary."

"Well, Mr. Karim, I don't have any other ideas. I know that all this is just a test for me. As long as I pass these tests, my two brothers will definitely come back to me.

I have never doubted this, and I also believe that you will definitely help me and will not treat them badly.

I'm just asking casually. If that's the case, I'll go and rest first. When do you think I should do it? Is this task you gave me more suitable? "

"You have already agreed, and I am not particularly anxious.

It doesn't matter if you let him live one more day or one less day. It depends on your own arrangements.

I believe that there must be some difficulties in this assassination operation, although Hassan no longer has a status in the Pakistani army, and there is no one to protect him.

But after all, he is also the captain of the maritime patrol force, and there are still some trustworthy people around him. It is not so easy for you to kill him in a short period of time. "

Jason completely understood why Norman Karim did this. On the one hand, he wanted to delay time in Qin Yuanruili, and on the other hand, he wanted to kill Hassan.

Now that he has agreed, there is no need for him to be anxious. The first thing he looks at is an attitude. If he hesitates even a little bit, I am afraid that today's things will not turn out like this.

Jason, now he is particularly grateful for his positive attitude just now.

He originally wanted to deal with it first and then go back and think of a solution slowly, but now it seems that it may be a little difficult for him to easily contact Qin Yuan.

However, Jason suddenly thought of a very important piece of information, that is, Qin Yuan should not be allowed to know about this matter. After all, Qin Yuan was also a member of the H country's special forces.

It was completely different from a gangster like him. His hands were already stained with blood, but Qin Yuan couldn't do it. They couldn't even enter the gray area casually, let alone matters involving human lives.

If he told Qin Yuan, he would definitely not let himself do this.

Moreover, even if he killed Hassan against his will, even if it was hidden from him, Qin Yuan would definitely be investigated after he returned to the army.

No, you can't let your good brother do this.

The best way is to simply not tell him anything and go directly to help Qin Yuan solve these troubles, which can be regarded as repaying his kindness to her.

For the sake of his daughter, the other party was so caring that he found Fan Tianlei to help him.

Even if Jason knows that their resources and capabilities are limited, they may not be able to match Mr. Norman Karim.

However, he still chose to believe Qin Yuan, and he didn't know why. Maybe it was the inexplicable brotherly feeling between the two of them.

Good brothers really shouldn't talk so much, as long as the relationship is in place, they can understand each other with just one look.

Therefore, he had decided at this moment that he would not let Qin Yuan know that he was going to kill Hassan.

He did this without even realizing it, so that was all.

If Qin Yuan finds out, it will only lead to endless troubles, which will in turn implicate his good brother.

Assuming that if he really takes off this military uniform, his future in this life will be ruined.

Absolutely not, he had tried every possible means to escape, and he couldn't clean himself up, so he couldn't let his good brother be like him.

"Mr. Norman Karim, to be honest, I haven't had a good rest in the club these days and I am quite tired.

If you are not particularly anxious, I would like to take a good rest here for two days, and then have time to go out for fun and see if you can seize the opportunity. "

"Okay, no problem at all.

Azhe, go help Jason clean up a better suite, and then find a few brothers to take care of him.

No matter what kind of request he has, we must try our best to let him have a good rest. Whenever he wants to go to the hospital, we will let him go. "

Azhe smiled and nodded.

"Jason, you don't have to be so nervous. We will be our own people from now on. If you need anything, just ask me.

Although I came to the group a little earlier than you, I believe that Mr. Norman Karim attaches the same importance to the people around him.

It depends on your ability. As long as your ability is reached, he will not treat you badly. "

After finishing speaking, Azhe took Jason and left Mr. Norman Karim's office. Looking at the two of them leaving, Norman Karim showed a meaningful smile.

At this moment, in the club.

Qin Yuan was lying on the bed alone, quietly thinking about what happened just now.

He didn't feel surprised at all by Jason's choice, it just caught him off guard. He knew that the person who made the decision to get married would definitely do so no matter how he tried to persuade him.

This guy is really stupid. Norman Karim and even Fan Tianlei can't handle people. How can he cause these things around him so easily? Isn't this just waiting for death?

Qin Yuan couldn't sleep just thinking about him like this. He had already made a promise.

If Du Bingbing can solve Fan Tianlei's problem within three days and within a week, he must take these two people back to the H country army.

Even though he knew that he would likely undergo endless internal investigations after returning, Qin Yuan recognized that it was absolutely impossible for him to do something that crossed the line.

This is his pride and persistence as a special forces soldier.

It was also his life principles as a special soldier. Fan Tianlei gave him too many things. In addition to so many skills, more importantly, he also had some pride and belief.

Fan Tianlei is definitely a good teacher and a good friend.

Qin Yuan knew that Jason had joined Norman Karim's camp, and it was impossible for the other party to believe him easily. He had to conduct some tests on him.

However, Qin Yuan now doesn't quite understand what kind of request Norman Karim will make to Jason and what he will do. He is wildly guessing all the possibilities.

"Jason, no matter what, you have escaped now. You will have a vast world to live in in the future. After I solve the problem of old K, you can live with peace of mind.

Stay safe and sound with your daughter. Don't ever do these things with blood on your hands again. You can't go back. People can't go back. No matter what the reason is, you must protect yourself. "

Qin Yuan was talking to himself, while guessing what kind of obedience test Norman Karim would give Jason.

At this moment, he suddenly thought of a suitable person who could help him find out some information about Jason.

Yes, this person is Sophia. There seems to be some unspeakable secret between him and Azhe. Although he and Norman Karim are relatively close, their relationship is somewhat ambiguous.

However, Qin Yuan could see through some small details that there must be a problem between Azhe and Sophia.

The two of them are about the same age, and they both look talented and good-looking. In terms of appearance alone, they are a relatively good match.

Maybe there really is some ulterior secret between the two of them.

Sophia didn't look so heinous.

Although, it can be felt that he is an exquisite egoist who only thinks about himself, but as long as he is given some benefits, he should help him to find out some information as long as he can ensure his own safety.

Qin Yuan was extremely worried about Jason at this moment.

He was afraid that he would do something irreversible. No matter what, he must protect the safety of his good brother, and he could not let him ruin his life like this.

Thinking of this, he felt that Sophia was indeed a more suitable candidate.

However, his relationship with Sophia is not like An Ran. If he asks for help, he may not necessarily agree. If there are no benefits that can make him tempted, the other party will not agree.

"Let's rest first. We'll discuss this matter with An Ran tomorrow morning and see if Sophia can help. Now we're waiting to see what happens with Fan Tianlei after the evidence is submitted."

Chapter 2146: This is a desperate decision

Qin Yuan slept quietly all night like this.

However, he has not felt reassured until now, and he does not know what the situation will be like or what difficulties he will encounter in the future. He is not sure what he has experienced now, and he has always been on his own.

"Qin Yuan, it's time to get up and have breakfast. Don't stay here any longer."

Qin Yuan, who was lying on the bed, was shocked by the sound of knocking on the door outside. He had slept relatively peacefully that night. He had not had a peaceful sleep in such a long time.

When he turned on his phone, he didn't see any messages from the system, nor did he receive any good news from Du Bingbing. First of all, he was worried about Fan Tianlei, and secondly, he was worried about Jason.

At this time, Qin Yuan quietly got up and put on his clothes, slowly walked to the door of the room, opened the door and saw that it was Sophia knocking on the door outside.

"Miss Sophia, I really want to know why you came knocking on the door early in the morning. I haven't had a good night's sleep. I haven't had a good rest in such a long time. Please don't disturb me. I want to rest for a while. "

"Qin Yuan, after all, you are also the guest entrusted to me by Mr. Norman Karim. Three meals a day must be arranged. I know your habits in the army and I don't dare to delay at all."

"Habit?"

It's so funny what you say now. What kind of habit can I have in the army? It's just that I've been thinking about the problems in front of me.

Habits become natural. I was finally able to leave the army and have a good rest for a few days, but you came to disturb me again. It really bothered me. "

Sophia smiled and looked back at An Ran next to her.

"An Ran, I've already said that I shouldn't have come and knocked on the door. If you came and knocked on the door, Qin Yuan would definitely have a different attitude when he saw you."

Qin Yuan rubbed his eyes with his hands. When he opened his eyes, he saw An Ran and Sophia together. He felt a little surprised.

"How could you two be together so early in the morning? Did you sleep together last night?"

"You don't need to worry about so much. Come over and have breakfast. Everything is ready and waiting for you. None of the people around the factory dare to use chopsticks when you are not here. of."

Qin Yuan was too lazy to yawn.

"Okay then, I'll go in and change my clothes first and then come out to have dinner with you."

Qin Yuan put the phone in his pocket, feeling very uneasy.

Perhaps, he could comfort himself that no news was the best news, but now that he didn't know anything, he was even more anxious and wanted to find out the news about Jason from Sophia.

An Ran quietly walked to Qin Yuan and said to him.

"Come out of your room last night.

I didn't go back to my room to sleep. I went directly to Sophia. I wanted to have a good talk with him about marriage. I hope he could help me find some clues. I know you care about Jason very much. "

"An Ran, no matter what, I really thank you for your hard work. I know that you have always been unwilling to be with him for too long. He betrayed you as a friend, and you still contacted him."

"I am doing this not only for you, but also for Jason. He is already desperate. What right do we have to let down such a good person?"

"Then what are you going to do next?"

"I can't say for sure, but I'm just taking it one step at a time. You've already told me that you arranged for Du Bingbing to submit some evidence about Thor. I don't know what the higher-ups in the army think.

Are they willing to release Fan Tianlei without any investigation without you going back?

Therefore, I think we should not take action yet.

Just like you said, wait here for three days to see what kind of investigation results they will have.

Then, let's take the next step. In short, we can't think too much, and we can't act rashly now. After all, we don't know all the situations and news outside.

And you have promised Du Bingbing that you must bring Professor Fang De's student back to our army within seven days. He takes this matter seriously.

Although I don't know him very well, I can feel that he is a very persistent girl, and you have already made such a choice.

No matter what, he will be waiting for your results.

When the time comes, if you fail to complete your mission, he will definitely complain to you in front of the higher-ups of the army, and it will be even more difficult for you. Thor is already unable to protect himself.

There is no way to protect you properly, so I will follow my understanding and choice of these things.

It's more appropriate for us to be more cautious. No matter what, we can't let them take advantage of us.

Having seen the current situation happen, we can only go forward step by step.

In the final analysis, this is just our own problem and has nothing to do with them. It doesn't make sense for us to say too much. It just depends on how Du Bingbing operates.

I believe that since he can promise you, he will never let you down. Just wait for the good news.

As for Jason, Sofia didn't reveal any news to me.

Although you said that he and Azhe may have some illicit relationship or close contact, he didn't provide me with any clues.

Generally speaking, these two people are relatively difficult to deal with.

We need to be more thoughtful. Let's come over to eat first. After eating, we will ask him if there is anything we can do. "

"An Ran, I've really worked ***** you. It's obviously my break time, but I asked you to help me think about these things. I feel a little embarrassed."

"Do we still need to say these polite words to each other? We have been comrades-in-arms for so many years."

At this time, He Chenguang and Chen Jixiang walked out of their rooms.

"How was your night's rest?"

As if nothing had happened, He Chenguang walked out of his room very happily and greeted Qin Yuan.

Qin Yuan, who had already doubted his identity at this moment, naturally did not dare to act rashly, and he did not dare to make the other party mentally prepared. He could only smile and nod.

"Generally speaking, I had a good rest last night. I didn't expect it to be like this. In the end, you all should have had a good rest.

In this case, let's not say so much. Miss Sophia has prepared breakfast for us, so it would be better to come over and eat some first. "

After Qin Yuan finished speaking, he walked directly to the dining table.

When I saw the breakfast this time, it was very unusual. It was all Xiao Long Bao, tea eggs, porridge, and even some pickles, which they usually like to eat.

It's always better than the weird-tasting stuff that Pakistan usually eats.

"Miss Sophia, you are really well-intentioned and even prepared xiaolongbao for us."

"I know you are definitely not used to eating these things.

Therefore, don't be too impressed by what I have just prepared for you. Mr. Norman Karim usually likes to eat these more traditional breakfasts, and he is really not used to eating the milk bread you prepared for him. "

He Chenguang walked to the dining table at this time, as if he was ready to start trouble.

He directly picked up a small steamed bun and stuffed it into his mouth, then chewed it while pretending to be casual.

"There is one less person around us, and there are some unaccustomed feelings.

I think Miss Sophia is not used to it. The breakfast prepared today seems to be for one more person. Have you forgotten that Jason has already left our place?

It goes without saying that they have already eaten something good now, and they don't bother to eat these messy things in front of us.

In pursuit of a happy life, he deliberately betrayed Qin Yuan and joined Mr. Norman Karim's camp.

It is a pity that Mr. Norman Karim did not give me such an opportunity, otherwise, I would have made the same choice as him. "

"That's enough, He Chenguang, don't continue to be weird here, since he has chosen to leave.

Everyone has his or her own thoughts and plans, and if you have different opinions, why should you say these things to ridicule others here? Moreover, he is also thinking about his daughter, and besides, these are all approved by me. "

Chen Jixiang, this guy is a little angry.

"Brother Chenguang, I told you that you really had a good breakfast, but why did you bring up this unappetizing person?

Brother Qin Yuan has already said that his own choice has nothing to do with us.

Let's not interfere with others. As long as he thinks it's good, we definitely don't have any other ideas.

He was afraid that he thought we were not as good as him. Maybe Mr. Norman Karim wouldn't accept it at all. Instead, he locked him up in a relatively secluded place. "

"Oh, please stop saying these nonsense words. No matter what others think, we all have to do this. I have told you a lot about this.

However, I still think you should think of a solution. No matter what, you cannot consider other issues. Only when you solve all these can we rest assured. "

Sofia knew that these people wanted to find out some information about Jason, and he smiled beside him.

"Jason, he followed Mr. Norman Karim directly. Even if I wanted to help you find out more, I can't find any information about him.

So, you don't have to say these words in front of me. I am too exhausted now. Do you understand what I mean? "

"I have to say that Miss Sophia is really a very smart person, and she can think of our true thoughts so quickly, but that's okay.

I don't have anything else to say. By the way, none of us have much to do today. How did Miss Sophia arrange it? "

An Ran turned back and glanced at Qin Yuan, wondering what kind of medicine this guy was selling.

"Qin Yuan, what are you talking about? We don't know how to face the situation now, so why should you embarrass Sophia?"

"An Ran, I don't mean to embarrass him. Since we have reached this point now, I don't have any more ideas. Forget it, let's eat first. After eating, we will continue to immerse ourselves in the room. Just take a nap."

Chen Jixiang said impatiently.

"Ah? Sleeping again.

To be honest, when I first came here, I had a hard time sleeping and eating after several days of hard work, and I didn't get a good rest either. However, after sleeping with my head covered for the past few days, I have already recovered.

If I were allowed to continue sleeping, I would be really at a loss, and I didn't want to sleep anymore, so why don't we arrange something else to do. "

Xiaolan, at this time, slowly walked up with some condiments.

"I don't know if I have prepared some small seasonings for your tastes, as well as vinegar, soy sauce and the like. If you want it, just make it yourself.

It's hard to agree with everyone, and I don't know what kind of flavors you usually like to eat. "

"We are almost full. Isn't it a little too late for you to bring this up?"

At this moment, Qin Yuan suddenly thought of a more terrifying thing, which was that this boy Chen Jixiang had just accidentally said that he had been sleeping for several days.

Only then did Qin Yuan feel that it was possible that Mr. Norman Karim had secretly drugged these meals and deliberately made them sleep.

"Why don't you eat?"

"I don't have anything to eat, and I still feel sleepy now. I'd better go back and have a rest first. I'll eat when I come back after I'm well rested. You all can eat first."

Qin Yuan, he no longer dares to eat what Sophia brought casually, he must give. Who is the person behind Hassan who supports him? Who dares to be a traitor in front of Mr. Noman Karim?

In fact, Qin Yuan has a better candidate.

Of course, this is just his bold guess, that is, Azhe is the one Mr. Noman Karim trusts the most. If one day he finds out that Azhe betrayed him, besides being angry, he should also be a little sad. .

After all, this child has been with him since childhood, and he has always treated it as his own child. If this is the case, then this matter will be interesting.

"By the way, Sophia, when I saw Azhe coming here yesterday, he seemed to have some special feelings for you. Is it possible that the relationship between the two of you is particularly good?"

Chapter 2147: Tips for Hassan

Sophia was suddenly questioned by Qin Yuan, and he froze on the spot.

"Qin Yuan, are you kidding me? Azhe and I are both people close to Mr. Norman Karim.

How could we have any special relationship?

Besides, Mr. Norman Karim has clearly stipulated that the people around him are not allowed to have any relationship beyond the relationship between us colleagues.

If you say this and Mr. Norman Karim hears it, I'm afraid I will die without a burial place. But don't harm me like this, I can't afford it. "

"Sophia, don't be so nervous. I don't mean anything else. I just see that you two are a good match. I don't have any other ideas. Don't think too much about it."

"Qin Yuan, you are really good at joking. If you say so, I think you and An Ran are a good match. Do you two have a relationship that goes beyond normal friends?"

After Chen Jixiang heard what Sophia said, he swallowed a large piece of xiaolongbao in his mouth and said vaguely.

"I didn't expect your vision to be so good, it's just as we imagined."

Normally I think the two of them are a good match, but when you said that today, it really turned out that way.

However, we are not allowed to fall in love in the army. It is not allowed before the discharge. Maybe after the discharge, it is possible for the two of them to really spark something together. Brother Qin Yuan, are you right? "

"That's right!"

After finishing speaking, Qin Yuan returned to his room very angry, leaving An Ran standing alone and feeling a little embarrassed.

At this moment, Sofia seemed to have received some news suddenly. He glanced at the phone and turned back in a panic, and glanced at An Ran.

An Ran also noticed something was wrong with Sophia.

"Why are you looking at me like that? Qin Yuan just now, he was just joking. There is no special relationship between the two of us, and he shouldn't talk about you and Azhe. I apologize to you on his behalf."

"Okay, An Ran, I know they are all joking. I didn't take what he said to heart. The reason why I looked at you with such surprise is because I..."

Forget it, you'd better come with me first, I want to talk to you alone. "

An Ran looked back at Xiao Lan. He felt that these people were not worthy of being trusted, so he pulled An Ran to a relatively hidden place.

"Sofia, I have already said it, no matter what you say to me again, it is not impossible for me to believe it.

Our friendship is basically over.

Just don't contact me again in the future. Seeing how nervous you are, you must be trying to say something big to me again, but no matter what you want to say, I won't believe it. "

"An Ran, I admit that I am sorry for you for some things, but there must be a reason for me to do this.

I didn't bring you here to ask for your forgiveness, nor did I have any other ideas. I just wanted to tell you something about Jason, which I believe Qin Yuan is very interested in. "

After An Ran heard this, he looked back at the people in front of him with hesitation.

"Okay, I'd also like to hear about Jason."

Because Anron knows that Jason is pretending to surrender. Mr. Norman Karim is such a smart man. If he finds out that the other party is lying to him, then he will most likely die without a burial place.

This is indeed a bit too scary, so he must always be prepared, but whenever they hear something about the other party, they must be cautious.

"Jason, he must have been reused by Mr. Norman Karim. He had followed Old K before and then followed Qin Yuan for such a long time.

There must be a lot of useful clues in his hand. If such a person cannot be reused, it means that he has indeed made the wrong choice and should follow Qin Yuan instead of Mr. Norman Karim. "

"An Ran, I really want to tell you everything clearly and openly today.

I didn't mean to deceive you. I came to you today just to tell you that Mr. Norman Karim would never trust anyone easily.

I believe that you should also know that you and Qin Yuan should have thought about this issue in their hearts.

In this case, I have to tell you that he will definitely think of something about how to test Jason's loyalty. I don't know what you think or whether you have considered what kind of problem he will pose. "

"What do you mean by that?"

"I don't mean anything by that, I know you're curious to know about Jason's current safety.

I can tell you that Mr. Norman Karim generally gives people a chance.

If he feels that he doesn't want to surrender, he can choose to go back without any problems, because everyone is impulsive and makes wrong choices.

This is worthy of forgiveness. If you give them a choice, they are not worth cherishing, but will do some excessive things.

Then, Mr. Norman Karim will definitely not forgive him, which means that the task has been officially assigned to him. If he cannot complete it, he will be dead. "

An Ran's heart skipped a beat when she heard Sophia say this.

"What do you mean, what did Mr. Norman Karim give him? Is it a task that cannot be completed? This is all his own choice. If he would not betray, Qin Yuan would not be forced by others. "

"Stop making sarcastic remarks here, Jason has his own choice.

After all, he used to be good friends with you. No matter what, you should care about him. In this case, I have to talk to you.

I understand. Mr. Norman Karim has now given him an impossible task. Once completed, there is no way to turn back. As his friends, you must be very worried. Why not find an opportunity to give him some advice? Him.

Or, think of some other ways to make him give up this impossible task quickly. This is indeed a problem for him. "

"Sophia, now that you have found me, stop whining here and tell him directly what task he was given that made him so distressed and unable to complete it."

"Well, Anron, in order to make up for the owed friendship between the two of us, I have to tell you that the task given to him by Mr. Norman Karim is to kill Hassan."

An Ran's face changed drastically after hearing this.

"What did you say?

The mission given to Jason by Mr. Norman Karim is to kill Hassan?

Are you kidding me? Hassan, although he has been an enemy of Mr. Norman Karim for so many years and does not take it to heart, but if you want to kill him, it is easy and impossible to use fake hands. To people. "

"You don't understand this. Mr. Norman Karim has always done things that are unexpected by others. This task is simply impossible for settlement. What kind of person is Hassan? You should be very worried. It's only when you know clearly."

"I'm sorry, Jason, he has betrayed us now, and he is not considered a person of the same mind as us.

Why should we think about him?

Whether he can complete this task or not has nothing to do with us.

Sophia, you don't have to say these words in front of me as if you want to attract my attention, or even make us sympathize with this friend who once betrayed us? "

"Don't continue to pretend in front of me, Jason, although I have known him for a relatively short time, I can see what kind of person he is.

It was impossible for him to betray easily. If he wanted to betray, he would have already left when A Kun and A Ming left first, so how could he wait until later.

You must have been desperate to let him pretend to betray you. This approach is really wrong.

Do you really think Mr. Norman Karim is a fool?

Either quickly find a way to help Jason complete the mission, or quickly get him back.

Otherwise, he would definitely be doomed.

I can guarantee you that in all the years I have been with Mr. Norman Karim, I have never seen a person who can cheat and survive successfully. This is even more miraculous than the ten wonders of the world. "

An Ran heard Sophia say this and could feel his anxious tone. He could no longer tell whether the woman in front of him was telling the truth or acting.

"Okay, since this is the case Sophia, I would like to ask you, why do you help us do this from your perspective? You are tantamount to betraying Mr. Norman Karim.

Aren't you afraid of death? "

"I live alone in this world without any worries. Apart from knowing you and being a friend who are very important to me, everything else is not important to me at all.

I don't care about these things. Whether I can survive or not is really not that important to me.

Moreover, I also have my own plan. Although I don't need to explain so much to you, I still want to tell you that these things really can't wait any longer.

Someone ventilate me. Sorry. He said that the task assigned to him by Mr. Noman Karim was to kill Hassan.

Although, I can't figure out why he arranged such a task. Maybe he wanted to prove all this through this task.

But no matter what, it's fine, you all should find a way to get it back as soon as possible, and don't let him continue to be stupid here. "

"Then what are you going to do next?

Although I'm not sure what kind of problems will happen in the future, I can already clearly understand these things today.

There is indeed a big gap between us in many things, and there is no way I can get it back. There is no way he will listen to me. "

"An Ran, although Jason is a relatively dangerous person to begin with.

Over the years, he has been doing some very dangerous things, but I still have to remind you that this involves the interests of many people. Don't let him kill Hassan, so that he will have no way to turn back. "

An Ran's face suddenly became very serious, he looked at Sophia and asked.

"Okay, if you have something to hide, I don't need to ask more questions. I still want to know who gave you this news and asked you to tell me. Why didn't you go to Qin Yuan directly instead of telling me. "

"Because if I tell Qin Yuan directly, he won't believe that I'm the only one telling you. After you believe it, tell him and he might think about it. This matter is too important to take risks."

After An Ran heard what Sophia said, he felt very uneasy now.

If Jason really received such a task, the consequences would be really unimaginable. What would Mr. Norman Karim do? None of them know what the results will be in the future, and they don't know very well, so these things are really not easy to solve.

"Okay, don't continue talking.

You are not willing to reveal any information to me now, you just told me this sentence simply.

Do you think, why should I believe what you say now has no meaning.

Forget it, Jason has already chosen to betray us, and I have nothing to say. Let him resolve his own affairs.

If he cannot complete it, it is his business and has nothing to do with us. Even if he cannot complete the task assigned to him by Mr. Norman Karim, it is his own business to accept the punishment.

You should stop worrying so much. We don't want to get involved in things that have nothing to do with us. It's really too troublesome. It doesn't make any sense to us. "

After An Ran finished speaking, he was ready to leave.

Sophia immediately grabbed his hand anxiously. No matter what, she would never let An Ran go.

"Hurry up and let me go, don't mess around here.

I know that there are surveillance cameras everywhere in your club. It makes no sense for you to tell me these things. You should just go back and don't continue to talk about these issues in front of me.

I'm not interested in what you said at all. Don't make it difficult for us all. It won't do anything good. "

Sophia looked at An Ran's decisive look. He was holding back something in his heart and had no way to say it.

He could neither explain that these messages were given to him by Azhe, nor could he explain so much. What he told this time was all the truth.

He really lied once, and there was nothing he could say to prove it. He now regretted that he had deceived the only good friend who believed in him.

Chapter 2148: Weigh the weight of interests

An Ran didn't really believe what Sophia said now. She had been deceived miserably.

If you continue to believe him regardless of everything, then you will be the biggest fool in the world.

However, seeing him in such a panic, An Ran was still a little moved.

After all, this matter still involves Qin Yuan's interests, so even if An Ran doesn't want to believe Sophia's words, he is a little shaken for Qin Yuan's sake.

After seeing this situation, generally speaking, everyone is quite excited.

Especially the few people in front of them, they had nothing to say and could only do what they wanted Anron to do. They looked at Sophia holding her hand all the time, as if she was very nervous.

Although he was a little uneasy in his heart, he still pretended to be relatively calm so as not to let the other party see any difficulty.

Therefore, An Ran didn't reveal anything, he just said nonchalantly beside him.

"Sofia, I doubt that's why you are so worried about Hassan.

The two of you are not relatives, but you suddenly brought it up to him. This kind of concern really shocked me. In a short period of time, I didn't quite believe what you said.

Moreover, if you want me to pass this news to Qin Yuan, you have to give me some reasons to believe it.

What's more, even if you have something to do, you should go directly to Qin Yuan to find out why he wanted to pass this news through me. Don't you think I am easier to deceive than Qin Yuan?

After you deceived me over and over again, not only did I not argue with you, but I was willing to believe what you said.

Because I am stupid enough to believe what you said this time, then you underestimate me a little, and I no longer believe what you say.

No matter what reason you give me, I can't make the same mistake again.

Therefore, I am not interested in the things you are talking about at all. You might as well go back to where you came from.

Don't waste time and thoughts on me. If you are really so anxious and want to save Hassan, you can do it alone.

In the entire club, you are the only one who can come and go freely.

None of us can go out, so what's the use of passing on this news?

Qin Yuan couldn't leave here casually. The last time he went to see Hassan, Azhe, who was next to Mr. Norman Karim, came over and picked him up in his car.

It's not like you haven't seen it, so what you say is completely meaningless, and we don't want to continue to struggle with it.

If you really want to save them, find another way.

Don't use any thoughts on our minds. We just want to spend the past few days in peace and find a way to get out of here.

I'm not interested in any of the things you're talking about.

No matter what, just think about it carefully. As long as these things of ours can be solved, we will definitely not waste more time.

I don't have any other ideas, it's up to you to decide what's most important. "

After An Ran finished speaking, he planned to leave after this.

He didn't want to waste any more time with Sophia, he felt it was completely meaningless.

The other party is not willing to tell more truth to him, so he and the other party are fighting here.

It will only attract the attention of others. It is better to escape from this place quickly and let all their plans fail.

"An Ran, the reason why I found you instead of going directly to Qin Yuan must be my own reason.

Of course, this is not because you are better. There are indeed many things that lied to you about the past. I am sorry for you. It may be too late for me to apologize to you now.

You don't want to hear these words from me anymore, but I still have to tell you that I really don't have any ill intentions, and the information I tell you is all the most correct.

This concerns Jason, who has a completely impossible mission.

If Hassan dies, it will be bad for you. You should know that Hassan used to be a spy in country H.

His people are Mr. Fan Tianlei and Norman Karim.

Although it has been so many years, some people still want to use these things to make some mistakes and let you all fall into the trap.

Fan Tianlei is now at a critical moment. He had already been taken away by senior officials because of the spy system, and he has been under investigation.

If the captain of the maritime patrol force dies at this critical node, do you think they will investigate the reasons behind it?

If this investigation had found Fan Tianlei, he wouldn't have been able to come out so easily.

Therefore, Hassan is now simply the core point of all conflicts. If his place is detonated, then I don't need to tell you more about what will happen next.

All of you are relatively strategic people, and there is absolutely no need for me to explain these things to you.

This is related to Hassan's life safety and whether Fan Tianlei can come out safely.

We all have common interests here, so why bother with it?

What I told you is not a joke at all, and I don't have any other meanings or thoughts. As long as you all can solve these problems, I will have no other expectations.

So you'd better think carefully about what I'm telling you.

This is not only related to Hassan's life safety, but also related to the safety of all the people around you.

Don't be so stupid, it won't do you any good to let others hold you back.

On the contrary, it will only affect your relationship.

These things I said are all predictable. If you think it is okay, then of course you believe me. I am very happy.

If you think there is any problem, I have nothing to explain.

These are all the powerful relationships I have analyzed for you. If you can't make the decision by yourself, you can tell Qin Yuan now.

He must find a way to prevent Hassan from being killed. This matter is very important to you. "

An Ran accepted what they said, and now he has been calculating the stakes of this matter in his heart. It is indeed very important, and it is indeed related to Fan Tianlei.

Qin Yuan had just submitted some evidence through Du Bingbing that Fan Tianlei had nothing to do with the spy system leaking these things. If this key node is investigated now, the cause of Hassan's death must be related to Fan Tianlei.

Even if they could conduct a fair and impartial investigation to prove Fan Tianlei's innocence, they wouldn't have any more time to delay here, and they couldn't afford to delay it.

Now Qin Yuan is very anxious and wants Fan Tianlei to be removed from the top ranks of the army. Everything is interconnected.

They cannot be so impulsive, and Enron cannot make decisions alone.

Therefore, when he heard these things, he didn't have many thoughts at first, and he also had some plans.

However, after analyzing the powerful relationship between them, An Ran really made up his mind.

No matter what, he must collect these things properly and not let others grab any more clues, especially at such a critical time as now.

What they want to do is completely unnecessary. It must be based on other people's faces. This is understandable.

Enron, there is no better way now.

We can only solve the problem with them through the things in front of us.

Therefore, after seeing these serious analyses, An Ran felt that she should tell Qin Yuan.

However, he has just calmed down now. If he is told such a serious problem, it may be even more difficult to determine what kind of powerful choice he will make next.

No matter what, this is their common interest relationship, and Enron cannot make decisions alone.

If he buries these things for you, Dingchao will definitely blame himself if he really knows the seriousness of this matter in the future.

An Ran couldn't bear so many responsibilities alone, so it wasn't that he was afraid.

Others are not afraid of Qin Yuan's accusation. He is also worried about Thor and even more worried about Jason.

So far, there has been no movement from Qin Yuan, which means that he has not received any news from Jason.

It seems that Jason is very likely not going to tell Qin Yuan about Mr. Norman Karim making things difficult for him, which means that what they will face next will be very serious.

Jason wanted to take this matter on his own and kill Hassan.

He thought that him carrying this matter alone without telling Qin Yuan meant that Qin Yuan had nothing to do with this matter in general.

Even if the army investigates after returning, Qin Yuan can stay out of it.

However, he was far from clear about the discipline in the army, and he did not know that if one person had a problem, the entire team would be implicated.

What's more, Qin Yuan now has a more serious status as a special soldier.

Many people are staring at his identity and deployment, and some are even Qin Yuan who wants to use these things to harm him. Fan Tianlei's current identity cannot protect him if he is involved in these struggles.

Therefore, after thinking sadly for a long time, he knew that this matter was very serious and there was no need to delay.

You must tell Qin Yuan quickly and let him think of a solution.

They must stop Jason from doing this, not only to save Hassan's life but also to allow Thor to come out smoothly. This is the more important thing they really have to do.

Thinking of this, An Ran sighed helplessly.

I thought I could spend these few days safely, but I didn't expect these things to happen out of the blue, which is really disturbing.

After Sophia heard An Ran sigh, she knew that An Ran would never ignore anything.

"I knew you would agree to this for Qin Yuan, and I can promise you with my own life that I am definitely not lying this time.

An Ran, you must find a way to stop Jason from doing this.

Even if he completes this task and gains the trust of Mr. Norman Karim, what will happen?

This would completely implicate Fan Tianlei. These things were originally taboo in the army. Now that he was intertwined with the two issues, he included Fan Tianlei.

Now it seems that all this is a conspiracy of Mr. Noman Karim.

Although, I don't know why he had to do this to frame Fan Tianlei. Didn't he keep saying that Fan Tianlei and he had a deep comradeship and brotherhood?

Now it seems that he hates Fan Tianlei even more and wishes that he would never recover.

All these actions he did were because he did not want Fan Tianlei to escape smoothly from the investigation in the army, and he did not know what his intentions were. Perhaps this was what he meant by knowing people but not knowing their faces.

Don't believe what a person says on the surface, you have to look at what he actually does. "

After hearing what Sophia said, An Ran sneered.

"Sofia, you said this yourself.

Don't listen to what a person says, listen to what he does. The things I see you doing now really make me feel very weird.

I don't understand why you are doing this. You and Fan Tianlei have never had any interaction, and he has never even met you. Why do you have to help him consider these things?

Don't you think what you said will make me suspicious of your motives?

You should be able to know that I will definitely doubt you, but you still do it. It seems that you should have some ideas and tasks of your own.

I can also see that you are unwilling to tell me the truth, but in this case, I don't want to force you.

You risk your life to come and tell me that these things have only two consequences.

One result is that the victim is Fan Tianlei, and the other result is that the victim is Jason.

But no matter who is the victim, there is a common victim between the two of them, Hassan. What kind of connection should there be between you and Hassan.

Could it be that the undercover agent who has been placed next to Mr. Norman Karim for so many years is you? You are the person sent by Hassan, so what kind of relationship do you have with him? You can't bear to watch him being raped by others. Killed.

If you really feel sorry for him, you should find a way to prevent him from being killed, instead of coming here to inform us.

Qin Yuan and I cannot completely guarantee that Hassan will not be killed.

The things you said really make me feel very confused.

However, I don't have any more time to investigate you. I have to tell Qin Yuan these problems first, otherwise it will be too late. "

Chapter 2149: Unexplainable motives

After listening to An Ran's analysis, Sophia was silent now. Seeing his silence, she knew that he probably had nothing to refute.

Moreover, he didn't want to waste any more time arguing with An Ran.

Now that he has decided to do this, it means that he is also ready to be suspected by others. What he fears most now is not being able to save Hassan in time.

"An Ran, if you hesitate any longer, it's really too late. You should hurry up and tell Qin Yuan. This matter is of great importance. Jason is a person with strong execution ability. Once a task is given to him, he should He wanted to complete it as soon as possible, and he also knew that this matter would take many nights and dreams.

Therefore, we really cannot delay it any longer.

You should hurry up and tell Qin Yuan about this matter. If it is later, whether it is Jason or Hassan, both of them will suffer losses, and the real victim is Fan Tianlei.

He will soon be able to accept the investigation and be able to come out smoothly.

I know that Qin Yuan has been arranging this matter.

I'm not doing nothing here watching you. I can probably understand what you do every day, but I don't tell others what you do.

This is already a favor that I sold to you. If I go to save Jason today, even if you helped me, it is time for you to return the favor to me. "

"Well, you have told me so much sincerely. It would really be unreasonable for me not to inform Qin Yuan.

I can't promise you that Qin Yuan will definitely find a way to stop Jason. After all, after killing Hassan, there will be many good results for us.

You may not be sure. You think we will definitely want to save Fan Tianlei.

Fan Tianlei's position is Chief of Staff Qin Yuan. If he is promoted again, he will be Chief of Staff. Maybe Qin Yuan will feel that Fan Tianlei threatens his promotion and will not stop it.

So, don't put too much hope in front of us.

Sofia, if you are really afraid that Hassan will be killed, it is better to stop him yourself than to use your hands to others. "

"An Ran, please stop being careless in front of me.

What you are saying is that Qin Yuan is not worthy of being trusted. He is not such a person. The relationship between him and Fan Tianlei is very deep.

As long as he could save Fan Tianlei, he would be willing to pay anything.

I have seen everything he did for so many days.

I know that he is a very good person and will not frame anyone for these things, let alone his teacher and his friends who are the best people to him. "

"Well, I didn't expect that just a joke I made to you could make you so nervous.

Since you are so interested in this matter, I will help you think of a way. I don't know if Qin Yuan will take care of these things.

However, what I can promise you is that I will definitely convey this news to you. I know you are anxious, but don't be anxious yet.

Even if Jason wanted to kill Hassan, he wouldn't kill him with a gun.

In this way, Mr. Norman Karim wants someone who knows how to use his brain, not a reckless man who only knows **** a machine. Jason, he is not a fool and will not be so impulsive.

It would be impossible for him to solve the problem within three or two days.

He should go to the hospital to visit, so this is my analysis of this matter. You have already told me about this matter, so you should stop worrying about how to convey it to Qin Yuan. That is mine. thing.

You made a fool of me because of the special medicine incident, but I haven't taken revenge yet. "

"An Ran, I really want to apologize to you about the special medicine.

This is indeed completely different from what I imagined, and I had no idea that things would develop in this direction.

However, don't worry, I will definitely help you find a specific medicine. I have contacted Harry from a private hospital in the United States, and he will definitely help me find a way. "

"Okay, hurry up and help me find special medicine. I'll go find Qin Yuan now."

At this time, the two of them were having a heated discussion.

There was no clue that anyone was eavesdropping outside. This person was Xiaolan. He had been in this club for so many years and knew what kind of person Sophia was.

He was so sneaky and anxious that he must have something important to say when he called An Ran aside.

Sophia was too anxious and ignored Xiaolan's dangerous factor.

After learning the news, he was very excited and wanted to tell his old lover Effit first. He knew that as long as he told the news, the relationship between the two of them would be further deepened. heat up.

And it made Effit believe even more, and even couldn't live without him.

This was simply too attractive for him.

So, after thinking about these things, he hurriedly called Efitt and couldn't wait to tell him the good news.

After answering the phone, Efit seemed a little impatient because he was worrying about how to explain to Old K that this batch of arms had been taken away by Qin Yuan.

He still doesn't have a definite answer, and he doesn't know how to face his immediate boss.

After hearing Xiaolan's call, he could only vent his anger on this girl.

"What's going on with you?"

Haven't I already told you, don't call me all the time unless there are other special circumstances. Your place is quite special.

Mr. Norman Karim is watching you all the time. Although you are the manager of an inconspicuous small club, everyone who works in this club has been screened by him.

You must not cause trouble for me at a critical moment.

Even if you want to see me, you shouldn't be so impulsive. Didn't we just meet?

You should be more careful and don't let others find out. These things are more important in our hearts. If others find out, there will be huge consequences for us that we cannot bear.

Just tell me what's going on. Don't waste time. I still have important issues to deal with. "

Before he could do anything, he was immediately found to be angry.

However, Xiao Lan was not angry. He knew that Efit was a person with such a personality. Instead, he was very calm and said to Efit.

"Don't be anxious yet, and don't be so angry.

There must be something important for me to contact you, not because of any emotional issues. I just overheard this guy Jason, and he has successfully joined Mr. Norman Karim's camp.

Moreover, the other party has also arranged a task for him. What he will do next, he has not thought about it, has a lot to do with you.

That's why I desperately called you to contact you. Please don't be so angry. This is all for the sake of both of us. "

When Efit heard Xiaolan say this, he relaxed his mood. It turned out that there was important news again.

"Sorry Xiaolan, I'm really sorry.

I just admitted that I was a little too impulsive. I shouldn't have said these words to you, which may have hurt you. I've been in a bad mood and stressed out recently, and you know why.

It's really nice of you to bring me this news.

Then tell me quickly, why does Jason, this guy, want to take refuge with Mr. Norman Karim?

Did he break up with Qin Yuan? Probably not.

Although the relationship between the two of them had only known each other for a relatively short time, it was still unbreakable. It was unlikely that he was going to change people in such a short time.

It should be a conspiracy between the two of them.

Perhaps, they had agreed to pretend to surrender to Mr. Norman Karim, and it was possible that they were actually trying to find out some important information.

But we don't have to worry about this. Mr. Norman Karim is not a fool. He will definitely test Jason and will not let him succeed so easily.

I am very sure of this, this guy is very cunning.

If he were so easy to deceive, he wouldn't be alive today. The people he met were all screened and trusted by him before they could stay by his side.

Jason had just surrendered, and it was absolutely impossible to get important clues from his side.

It seems that Qin Yuan and the others were desperate, so they came up with such a stupid method.

Humph~ It's really funny to think about it. He also had a day when he was desperate.

I just want to see what the consequences of their stupid approach will be. We can just wait and watch the excitement. Are you looking for me just to tell me the good news?

Overall, it's good news for me.

However, I still feel that it is not so exciting, so please help me keep an eye on it. If they have anything else, they can tell me directly.

Let me feel how naive these people's ideas are. Maybe I can find an opportunity to laugh at them. "

After Efit finished speaking, he didn't say anything else. He felt that this was just the desperation of these people.

"Don't be so anxious and complacent. You still don't know what tasks Mr. Norman Karim has assigned him, and you are just saying these sarcastic words here.

I called you anxiously to tell you about this task.

Let's see if we have any room for maneuver. We can't let them take advantage of it in vain.

Mr. Norman Karim did not really believe in him, and arranged a task for him that seemed impossible to complete. This was why they were struggling in the room just now.

Efit, when I tell you these things, you must never tell others.

This is a secret between the two of us, and it also involves the future situation of the two of us.

If you want to get rid of old K, we must seize every opportunity. We cannot let them attack us, let alone find the right time. "

After Efit heard what Xiaolan said, he was thinking about this woman and only these things in his heart.

"Okay, everything the two of us do is for the sake of Lai. Then tell me quickly what tasks he has arranged for Jason. Even if it is an impossible task, I believe he should do it for Qin Yuan. I will try my best."

"There may be some truth to what you said, but let me tell you first.

Mr. Norman Karim asked Jason to prove his determination to join the group. The first task he gave him was to kill Hassan. As long as he killed Hassan, he could prove that he was sincerely surrendering to the group. "

Efit was originally lying in bed and heard it. After Xiaolan said this, he sat up from the bed excitedly.

"What did you say?

Noman Karim, he actually wanted to kill Hassan. He is already miserable enough. One of his legs was broken by me and he has become a disabled person. How can he still beat up a drowned dog? "

"I just overheard the conversation between Sophia and Xiaolan, although neither of them guessed why Mr. Norman Karim had to kill Hassan.

However, this matter seems to be related to Fan Tianlei. If Hassan dies, Fan Tianlei will undergo endless investigations. "

"Norman Karim is really a superb person.

Everything he does has a reason that others can't guess. Even now that we know what he is going to do, we still don't know why he is doing it.

This is the most important thing about him being able to get to where he is today, because he is scheming enough and distrustful of the people around him.

Well, since this is the case, we can only fish in troubled waters.

There is no use value for Hassan if he stays here. It would be more appropriate to kill him directly.

For so many years in Pakistan, he has been like a monolith with no way to do his homework. No one, whether it is me or Mr. Noman Kalim, can bribe him.

Hassan is an old stubborn man, and Mr. Norman Karim must have already disliked him and wanted to deal with him.

Now if Jason were to kill Hassan, it would indeed be a killing two birds with one stone.

However, now that you have told me about this, we have to think about it carefully. Maybe it would be more appropriate for another person to do it than Jason. "

"Who? Who are you talking about?"

"He Chenguang, he is also an American spy. It would be interesting if he killed Hassan himself. Jason has no way to prove his loyalty, and Fan Tianlei cannot escape suspicion.

This is a real win-win for us. It seems that you should try your best to reveal this news to people with killer powers now.

He Chenguang, let him be ready to do this at any time and disrupt all their plans.

Chapter 2150: spread the news

Xiaolan is also very confused now. He can feel that Efit is not sincere, and wanting to say these words to him may be more like perfunctory.

"Efit, I have always been thinking about our future, but I don't think you think so."

After hearing what the love brain Xiaolan said, Efit was a little nervous now, but he couldn't care about so many messy things. He just wanted to achieve his goal quickly.

As for the messy emotional issues, this is just a means to achieve his goal.

Seeing this guy, he seemed to have discovered something was wrong, and Efit quickly explained.

"Xiaolan, please don't say that, I have no other way now.

Moreover, I have no other ideas so far. I just want to tell you that since this is the situation now, I have nothing to say.

The reason why I let you do this is not at all selfish.

I am thinking about our future. If you think about it, hurry up and mess up their situation. Then we can fish in troubled waters and achieve our goals by then.

As long as I get rid of old K and you can get rid of Norman Karim, we can live our own lives and no longer have to continue to be young men in front of them. "

"Every time I tell you these things, you always say this.

Do you think Qin Yuan is a fool? Even if this is the case, it is absolutely impossible for him to listen to my mercy, and he may not believe it if I tell him. "

"Xiaolan, based on what I know about you now, you don't have to have such a big opinion, and the current problem is not that simple. We must still have other arrangements.

I'm making intensive arrangements here. Please don't blame me for everything about our next move.

Well, I know I may have cared less about you recently, which may have made you feel that our relationship is a little distant. This is all my fault.

As long as you follow what I said and pass all the news we heard to He Chenguang verbatim, even with added exaggerations.

I believe that in his haste, he will definitely do something wrong.

At that time, we will be given many opportunities to make our own arrangements without having to listen to others. The reason why I do this is entirely because I care about you.

There is no other reason. Please believe me, Xiaolan.

No matter what, you must believe me. I am thinking about our future. Don't be so stupid and just listen to what others say. You have to listen to what you want most in your heart.

How can we two obey their arrangements?

Just listen to me and don't continue talking. No matter what, we can't ignore everything in front of us. What I tell you is all from the bottom of my heart.

Don't let them know, it's like we have something serious going on.

This is really not worth the gain, and it cannot make them feel that we are planning something.

These are our secrets and must not be known to anyone.

Qin Yuan, he doesn't have much use value now. You just need to make good use of this American spy like you next to you.

We are not far from victory, and I have discovered what is so important about this matter.

Once we find the main contradiction, we can break it one by one.

Things are already developing in our direction, and there will definitely be no other problems. "

Efite was really eloquent, and Xiaolan was shaken once again by just a few words.

"I know that no matter what you say to me, I will definitely believe it. But on the contrary, if I say these words to you, you will definitely not shake your own mentality. This is the biggest gap between the two of us."

It's not like Xiaolan didn't know that Efite had always been particularly perfunctory with him recently.

However, he no longer had any choice. He knew what he should face, and he knew even better what he should do.

"Is there any movement in Qin Yuan now?"

"He is not making any movement now. He only wants to leave here as soon as possible. Although he is not making any movement, I can feel that he is also very anxious and does not want to be trapped here.

Although this club has food, drinks and a relatively elegant environment, in the final analysis, he has lost his freedom, which he definitely doesn't want to do.

In particular, Qin Yuan is a person who longs for freedom. He has 800 tricks. We don't know what he is thinking in his heart, so we can only listen to his arrangements silently.

Therefore, if I find out any news now, I will tell you immediately.

It won't waste our time. I also hope you can think clearly about what we should do and don't let them get the handle. "

"Xiaolan, you are right to do this. Do you think there is anything else strange about the words you just heard?"

"Is there anything strange now? The really strange thing is why Sophia disclosed this information to Anron."

"You mean, Sofia said all of this?"

"Who else could it be besides him? I don't know why he is always so kind to An Ran. If they weren't both girls, I would even suspect that the two of them have some improper relationship."

Efit heard Xiaolan's unintentional complaint, and he couldn't help but think about it a lot.

"Xiaolan, you did a great job, and you really didn't disappoint me this time.

However, you must listen to my arrangements next. No matter what, we have to think clearly and don't let them have any way to catch us, especially at this critical time. "

"Efit, since I promised to help you, I will never let others have such an opportunity.

I have already said that if this is the case, it is impossible for me to go back on my word.

Besides, we are all in the same boat now. Even if the two of us have no relationship or get together in the end, our two interests have been tied up.

Therefore, what I say to you now is from the bottom of my heart. I hope you can understand it clearly and understand a little bit so as not to let down my love for you. "

"Xiaolan, you are really a very good girl, don't worry, no matter what, I will never let you down.

This is my promise to you. I am not such a person at all. Please believe me. This is the most important thing.

No matter what, let's not let him have any problems.

Seize the main contradiction in these things and don't give anyone a chance. If someone is sowing discord between the two of us, then there really is no hope. "

"Then what do you want me to do next?"

"Go to He Chenguang and tell him everything you heard today.

It would be better if we could add fuel to the fire and let this stupid guy listen to our arrangements more so that we can sow discord between them.

If he can handbrake Hassan, we'll have more chances. "

"Efit, sometimes I really don't understand why you hate Hassan so much. It's just because he locked you up in that unfinished building and made you suffer some injustice.

Even if that's the case, you still want one of his legs.

He has gone from being the captain of the maritime patrol force with flying legs to a disabled person. The punishment for him has been enough. Do you hold grudges like this?

Your behavior really makes me feel very scary and strange. When I met you before, although you were very exciting and cunning, you were not so unprincipled.

It seems that the longer I spend time with you, the better I understand you as a person. Sure enough, you are the same as I expected. This does not disappoint me at all. "

"People change, but don't worry, my feelings for you will never change."

Xiaolan, after thinking for a long time, he felt something moving around him.

"Okay, Efit, I have made my choice, and I will help you wholeheartedly.

Therefore, no matter what you say to me, I will not have any doubts.

In this case, I will follow your request and tell He Chenguang all these things intact, and let him listen carefully to see if we can get any benefits from this. "

After hanging up the phone, Xiaolan looked around and saw that there was no one else around, but he clearly heard some noises, which made him have some doubts.

Yes, there was indeed some movement when he was secretly making a phone call just now, but the movement was not someone else but Chen Jixiang. This kid got up in the dark to go to the toilet in the middle of the night.

Hearing someone talking on the phone, he was so confused that he didn't think much about who the caller was.

I just fumbled my way to the toilet, came out straight after I was done, and went back to the house to sleep.

Xiaolan passed by the bathroom and saw the lights on inside, so she knew it was Chen Jixiang. This silly boy had nothing to worry about.

Then, he walked directly to He Chenguang's door.

Now I am very confused in my heart. I don't know whether I should tell him what I heard today.

What's more, I don't know whether the other party will be the first to hurt them as expected.

These are all unknown situations. Since there are no other ideas now, we can only follow Effit's arrangements and see how he plans this matter.

"Dangdangdang..."

These three knocks on the door made He Chenguang, who was still lying on the bed in the house and had not slept, a little nervous.

"Who is it at this late hour?"

"it's me."

He Chenguang heard Xiaolan's voice. He felt a little impatient now because he knew that this guy would definitely come to bother him again, and he might not necessarily use any dirty tricks. He was just too lazy to do it now. To cope.

"Miss Xiaolan, it's already so late, it's really inappropriate for you to randomly knock on a strange man's room.

I know that this may be the tradition of your club, and you have pestered me not once or twice. Qin Yuan and Sophia both know it.

It's so late, I don't think it would be good if something happened.

You'd better go back and rest quickly. I've already gone to bed and taken off my clothes. If you must come in, it's really not appropriate. "

Xiaolan, after hearing this, said secretly in her heart.

Does this ***** guy really think he is some great person?

If Effit hadn't asked me to spread this news to you, who would have wanted to go to your room so late at night? I only came here while suppressing the nausea in my heart. You are still a little ignorant. .

"He Chenguang, I know you don't want to face it now. It's because you have always wanted to escape. I can tell you that I'm not here to pester you today. I want to provide you with some important information. and clues."

"No matter what you want to say to me, just wait until it gets up tomorrow. I've really fallen asleep."

"He Chenguang, I am not joking with you today. I really want to provide you with some important information and clues. If I continue to knock on your door, I will only alert more people. people.

I only need to tell you these issues alone. It is best not to let Qin Yuan know. If they know, it will only affect the entire plan.

You know your identity very well.

I can decide not to mention your identity again. Since you don't want to admit it, I choose to respect you. Besides, we are both spies, and I understand.

To casually reveal one's identity is a serious disciplinary issue.

I won't force you anymore. I came here today just to talk to you about some important things. These things are known to both Qin Yuan and An Ran.

However, the two of them are unwilling to tell you. Don't you want to know the reasons for these things?

Don't you want to know what the confidential information is?

Perhaps, this may affect your overall plan, and if you open the door so late, you will definitely not suffer any loss.

If the information I provide you is useful, you will take advantage. If the information I provide you is not useful, you will just waste some sleep time.

Anyway, you stay here doing nothing every day.

It's not the same if you make up for these sleep hours during the day. No matter how you calculate it, you won't suffer any loss.

He Chenguang, please open the door quickly.

I can assure you that these are the things you want to know the most and you will never be disappointed. It is worth putting on your clothes and listening to me tell you these ten minutes. "

He Chenguang was lying on the bed. After hearing these words, he felt a little moved now. The main reason was that they made more sense and he would not suffer any loss.
