

Special Soldier 2181

Chapter 2181: Take out the surveillance screenshot

After He Chenguang stood there and watched for a long time, he felt that Efit was a threat. He felt that he should solve it quickly before everyone could rest assured.

"Efit, no matter what, this is our own business and it has nothing to do with you. If you must stop me here, then don't blame me for being rude to you."

After He Chenguang said this, Efit not only didn't feel scared, but felt that he had the upper hand now.

Otherwise, if he had been able to control the other party now, he would never have been so afraid of himself, and even panicked and said so many things that went against his heart.

"He Chenguang, you don't need to tell me so much here. Since this is the case now, don't tell me. I'm telling you some truth. In fact, they may have known your identity for a long time, but they have never Just say it."

"Who are you to judge that they already know my identity?"

"Just because they knew about these things, they turned off all the lights. They knew they were back on purpose, so they didn't want you to find out."

"You'd better stop talking nonsense here. I don't believe a word you say."

"Okay, originally I came here today to remind you with good intentions, but if you really don't believe me, there is nothing I can do, unless the two of us cooperate."

When He Chenguang heard what Efit said, he had some doubts in his heart. In fact, it was because he had a guilty conscience that he had so many ideas.

However, at least until now, he has not given a definite answer. Unless it is Qin Yuan, they already know about this matter, otherwise he will not take the initiative to promise it.

"I don't understand what you mean at all.

Qin Yuan and I came to Pakistan together to perform a mission. If he had discovered that there was any difference in my identity, he would have told me already and would not have waited until now.

You just want to drive a wedge between the two of us. "

"Okay, you've already said this, so why is there nothing you can do, but I have to remind you that no matter what happens next, you have to think about it slowly.

Don't let others feel as if something is wrong. "

"Things have developed to this point. If you are trying to stop me, don't blame me for being rude to you."

Efit, the reason why he was able to come here was because he had already been cornered, and he felt that he should not return to the United States.

Old K will definitely not let him go.

After all, this very important batch of arms has been taken away by Mr. Norman Karim. He just wanted to force himself to rebel to help him. Now he has completely figured it out.

However, if this is the case, whatever thoughts they have next will be known to the other party, which will put him in a very passive position, so now he deliberately comes to win over He Chenguang.

"He Chenguang, I already know your identity, Xiaolan told me.

He is the same person as you, so you don't need to pretend in front of me. I will not tell Qin Yuan your true identity, because it will do me no good at all. You don't need to show up in front of me. Talking through a mask. "

He Chenguang is a very accomplished spy. It is absolutely impossible for him to expose his identity. Even if the other party already knows, he will refuse to admit it.

"snort...

Sometimes I really don't understand what you relied on to expose these identities of mine.

I have already said this, if you still stop me like this, I really don't have anything better to do.

However, I must tell you that I am not the identity you imagined at all. No matter how much you tell me, you will never admit that you have gained nothing. "

Efit, he came here today to find some clues about Qin Yuan, as a token of approval for his deal with Mr. Norman Karim.

However, he never thought that he would meet He Chenguang here.

Later, he learned that some of the news was all told to him by Xiaolan, and he also deliberately blocked the other party here to know that he would definitely not succeed in hurting Hassan.

At this moment, Efit smiled and said.

"He Chenguang, why don't you think about how I ended up here? Because I already know what you did and what happened.

If I don't know anything, how could I be here? You might as well think about it for yourself. I'm definitely not lying to you, because it doesn't do me any good. On the contrary, it's good for me to tell you the truth. A little more. "

He Chenguang, you have already thought in your mind that this matter must be some improper relationship between the two of them that Xiaolan revealed to Efit.

However, no one thought that it would be such a result.

"Based on what I know about you now, don't say these things in front of me. Anyway, I can't easily believe any of you, no matter what you reveal about my identity.

I won't believe every word you say, let alone admit anything. It's not completely impossible for you to get clues from me, although I don't know why you appear here.

Because, the two of us have no intersection, but if you want to say these words to me again, then don't blame me for being rude to you, it doesn't mean much to me. "

Efit, he is completely desperate now. He originally thought that he would follow Old K and explain things properly.

Perhaps, the other party can listen to me and solve this matter. Who would have thought that this would be the case, and none of them expected the results in front of them.

"The words have been received here. The two of us should cooperate to deal with Qin Yuan. After all, the enemy of the enemy is a friend. Don't you understand this?"

"Efit, you see it's very late now, I just want to go back and have a rest, don't stop me here.

Because, for me, there is no benefit from this and I don't want to hear you say these words again.

So, do you want to continue talking to me about these issues now? No matter what conditions you put forward, I will definitely not cooperate with someone like you. This is my bottom line and my principle. "

"Well, since you said that, I don't have any other ideas, but I have to tell you that I want to cooperate with you with 100% sincerity, because both of us have to deal with Qin Yuancai OK.

I believe your superiors should have given you a more important task, which is to kill Hassan now. Have you ever thought about the consequences for you after killing him? "

"I can't imagine what the consequences will be."

He Chenguang knew that Efite was blocking him here simply because he wanted to waste more time.

He may have other ideas, but he has not spoken out so far, which means that he is in a very passive position. In fact, for them, it is better to think of other things in this situation.

"Qin Yuan, he is my good brother. No matter how you sow discord, the relationship between the two of us will definitely not change, and my identity and status have nothing to do with the relationship between the two of us as brothers and comrades-in-arms. They're all different."

"So, you have admitted your identity?"

"Why should I admit my identity? Because my identity is the same as Qin Yuan's. We are both from Country H. Fan Tianlei asked us to come here to complete the mission."

"You spies are really tough talkers, and you will never change your words even if you are faced with irrefutable evidence."

"Well, it doesn't matter to me what you want to say. What you want to say has nothing to do with me. Don't stop me now. Otherwise, don't blame me for turning against you."

After Efit heard this, he felt even more excited, because he knew that the other party would definitely not say anything.

In particular, after hearing what he said, it really made the other party feel very helpless. He had not considered what kind of ideas and opportunities it would be. Instead of saying this, it is better for everyone to think of more ways. .

"We have already reached this point, so there is nothing more to say, but I still have to tell you about these issues now. No matter what his situation is, you have to think about it carefully.

Because every step you take, you have to weigh whether it will benefit you or not. You are now in a very dangerous position. Qin Yuan, they already know your identity. "

At this moment, Qin Yuan and Chen Jixiang were locked up upstairs, pretending that anything would happen, but they didn't know that Effit was stirring up trouble for them down there.

An Ran, after thinking for a long time, said to Qin Yuan.

"He Chenguang, you have been standing downstairs for such a long time and you haven't come up yet. Did something happen?"

"What else could happen? It's probably unlikely. It's just that he hasn't come up yet, which is really worrying."

In this way, we thought about it for a long time and still couldn't figure out what it was like. As a result, at this critical moment, they all explained everything clearly.

At this point, everyone actually knows that something else will probably happen next.

Sophia saw Efit downstairs in their surveillance room.

He hurriedly ran to Qin Yuan and found Qin Yuan with the screenshot he had just taken.

"What's wrong? What happened to Sophia? You're so anxious, didn't you go back to sleep?"

"Qin Yuan, don't speak yet.

Let me show you! "

He didn't see anything in this picture, but he could tell that it was a screenshot of a surveillance camera. He just saw a corner, and a person's clothes seemed to be vaguely exposed in it.

"What do you mean?"

"This is surveillance in our immediate surroundings."

"What's the use of showing this to me?"

"Look, there seems to be a person in that corner."

"Isn't it normal for someone to be there? Can your surveillance still capture ghosts?"

"That's not what I meant. If you look at the person in this corner, it is very likely that he is Efit. If he is nearby, it means that he is talking to your He Chenguang."

After hearing this, Qin Yuan looked back at An Ran in surprise. Neither of them were sure why this situation happened.

What is even more uncertain is how Efit appeared here, and Sofia was able to recognize him with such a screenshot.

"Look at what happened. Anyway, these things are a relatively complicated problem for us. Rather than letting us be in such danger at this critical time, we should analyze it quickly. What should happen next? What should I do to be more appropriate?"

How can you recognize just by looking at this picture that this is Efit?

Could it be that you are already under attack? Or does he come here often or has other problems? Please explain it to us quickly, otherwise we will really be confused now. "

Sophia is a very smart girl. With this picture, he can know that this is Efit for many reasons. First of all, Efit often has a lot of contact with Xiaolan.

The reason why he was not caught on surveillance was simply because he knew this was a blind spot for surveillance, and it was Xiaolan who told him.

"Qin Yuan, I have told you just now, at least you must not doubt me in any way. The reason why I identified this guy as Aifeit is because he comes here often.

Moreover, based on the relationship between him and Xiaolan, the reason why he is standing here is entirely because he knows that this is a surveillance blind spot. This is the news Xiaolan revealed to him.

So the current situation is definitely not something that can be easily solved for us. If I don't have any other ideas, I will go in other directions and think more clearly.

It's just that for us now, it's not something that can be solved so easily. Don't rashly cancel anyone's words. I think this guy must be Efit.

Moreover, he must be talking to He Chenguang here at this moment, I am very sure of this.

So, after thinking about it for a long time, I still have to tell you that they may be chatting down there now. If this is the case, it is really not particularly optimistic for people.

It is very likely that he will reveal something, because Xiaolan is right next to him. After he knows the ins and outs of these things, he will tell Efit what kind of connection there is between the two of them. "

Chapter 2182: People who appear in surveillance blind spots

An Ran saw Sophia's anxious look from the side, but she finally had some ideas in her heart.

"Don't worry, the reason why I brought this monitoring back to you as soon as I saw it is because I know it is very important to you.

You don't have to be so panicked now. If you have any other ideas, I will come over and let you know as soon as possible.

Since this is the situation now, I don't have anything to say. I'd better solve this matter first before talking about it, otherwise we will definitely not have any better ideas. "

After Chen Jixiang saw this situation, he now had no other worries in his mind.

"Based on what I know about this matter, I think he must have deliberately come to cause trouble for He Chenguang."

"In my opinion, you should not talk too much about this matter, especially about Efit. If he actually came to find him, he must have already thought about it and what the consequences will be.

According to what we know about him, he has already reached this point, which means that it is impossible to give us a chance to relax, so these things are more troublesome for us now.

Don't worry about other things in such a hurry. Deal with this guy Efit first. Besides, he and Xiaolan have caused a lot of losses by cooperating inside and outside. "

"Sofia, maybe I can't control so much other things, but based on this matter, I also have some judgments of my own. Generally speaking, we all have some ideas.

Now I support your decision to deal with Xiaolan first. Efit, he must have some common interests with Xiaolan. Otherwise, how could he know all the blind spots of surveillance in your club. "

"Well, if you talk about this issue, we don't have any other ideas, but if you have any opinions, you must tell me. Don't make the decision yourself.

Especially in the current situation, we are really not very optimistic. If there are other people's ideas, we have to take them into consideration before talking about it. "

Qin Yuan thought about Efit for a moment.

"He has always been someone who likes to take advantage, and without any benefit, it is absolutely impossible for him to participate in such a thing.

Based on my understanding of him, no matter what thoughts he will have next, we have to solve it slowly. If other people know it, everyone will not know what the consequences will be. "

However, I have made it very clear to you about this issue now. If any of you have any other difficulties, you must tell me clearly in advance, otherwise we will not be able to rest assured. "

After Chen Jixiang thought about it for a long time, he also felt that Efit was very dangerous.

"I have thought about this matter a lot, but I think Efit is indeed very dangerous. No matter what happens, we all have to take his situation into consideration.

For us, if we don't get rid of this kind of people quickly, we all will not have a good life, but after all, we are people from the H country army.

To be serious, because if he had to be investigated when he went back, it would be really not worth the loss. I also think it is disgusting. It really makes others feel a headache. This guy has caused so much harm to us. What should happen next? what to do? "

"Efit, he must have come here after knowing the news. This means that if we don't think of other better ways, something might happen."

Immediately afterwards, Qin Yuan looked back and saw an unspoken understanding between An Ran and the two of them.

"We both have the same idea."

"Qin Yuan, don't say it yet. The rest is simply to consider this problem from the perspective of the two of us. Maybe I have other ideas, but this matter is definitely not so easy for us to solve. of.

From my initial perspective, there is no definite result from the beginning to the end of this matter, but this issue is indeed more difficult for us.

If we don't solve it, it may ruin our plan.

Why don't you discuss it with Azhe and see how he deals with Efit? Maybe Azhe can get more information from Mr. Norman Karim, which will also be beneficial to us. "

"Azhe, he can indeed provide us with more information, but for us now, many things are definitely not as simple as we imagined.

Mr. Norman Karim, he knows nothing and cannot tell us. These are all our guesses, so after considering so much, I think it is better for us to evaluate our own abilities.

Don't worry about what other people think. If we do well, we don't need to worry about other people's opinions.

Based on my understanding of this matter, there may still be a lot of information that can be revealed, but you must think carefully and don't make it difficult for others. "

In this way, after they talked for a long time, they did not think of a certain result, but no matter what happened, they could not continue like this.

It was definitely not good for them, so they all kept thinking about what they just said.

No matter what happens, don't let the other person affect your decision. This is the most correct choice.

But even so, if they all understand the importance of these things, it does not mean whether others have the same idea. Therefore, after thinking about it for a long time, everyone can finally have a relatively tacit behavior.

Sophia glanced at An Ran.

"An Ran, don't worry. I have already thought about this matter. No matter what happens next, I will definitely stand on the same front as you, regardless of what other people's problems are.

The things that happened today are not what we want to see. They are just a lot of strange situations. We can't understand what's going on in time. Why don't I ask Azhe first. "

"If you put it that way, Azhe does know a lot of important information, but he is always by Hassan's side and may not be able to help us. I shouldn't bother him either."

"Azhe is really busy recently. A certain Mr. Norman Karim asked him to kill Hassan. Although I don't know why, I can also feel that there must be ulterior motives. No matter what Mr. Norman Karim does, They all have their own ideas."

At this point, they didn't have any other ideas, but they had to consider these issues slowly.

At this critical moment, Azhe suddenly contacted Qin Yuan.

brought them unexpected news.

"What happened? Azhe, we wanted to contact you just now. You have to tell us clearly what's going on. Don't make us all so nervous."

"To be honest, I just learned some very surprising news.

This guy Efitt actually planned to take refuge with Mr. Norman Karim. Why did he think of it? Isn't he from Old K? "

Chen Jixiang and Qin Yuan were both very surprised when they heard this. What kind of medicine was this guy selling in the gourd? Why did he do this?

"Then I don't know. Although I haven't thought clearly about what the next result will be, you must not be anxious. This is all expected, and what goals there will be in the future. Appear around us.

None of us should be too surprised, because this situation is indeed critical, and for us, it is also a problem that needs to be solved. "

"Azhe, I want to know when this guy Efit said he wanted to seek refuge. I was really surprised when I found out the news about Mr. Norman Katim. As you said, he is not Are you from Old K?"

"Hmm, I've also considered this aspect, that's why I'm so surprised, but you can all think about it slowly.

Perhaps, there are still some things that we did not expect. It is just that now we are still quite entangled with these and don't know what the results will be. "

"I also thought of this, so I came to discuss it with you. I have a bold idea."

"Then tell us what bold ideas you have, and let us all hear how bold your ideas are."

"Then it is possible that Mr. Norman Karim took away all the arms. After he went back, he had no way to explain to Old K. Instead of doing this, it is better to find someone who can compete with Old K as his own life-saving charm.

If this situation is really a once-in-a-lifetime opportunity for them, this reason is of course a bold guess, but it will definitely not be solved so easily, and I think there will be other problems, but we have not thought of it. . "

"Yeah, that's what I think too. No matter what consequences there will be, let's just deal with it slowly and don't give others more opportunities.

After thinking about it this way, everything seems to make sense. Why has Mr. Norman Karim been forbearing and Hassan suddenly wants to kill him after so many years? It turns out that he wants to give this guy Efit a gift. "

Sophia said after thinking for a long time.

"Yes, although I don't know what kind of relationship they have, I know that there is some hatred between Hassan and Efit.

If he really intends to join Mr. Norman Karim's camp and has already submitted his certificate of voting, Mr. Norman Karim will never treat him badly.

He can definitely give him some gifts, so that he can test Jason and see if he sincerely joins his own camp.

It can also satisfy Efit, which is really killing two birds with one stone.

No wonder Mr. Norman Karim has been so happy recently, and such a good thing has happened to him. How could he be unhappy? No matter how he calculates this transaction, he will definitely make a profit but not a loss. "

Qin Yuan finally understood now, and finally knew how important this matter was to him.

There were indeed other problems in the past, but now these things are definitely a more correct choice for them, especially now that they know these situations.

No one had any other ideas, but after considering the current situation, there were no other ideas at the time.

"Efit is really an opportunist. You know, after what happened today, you will never give up so easily."

"Well, if this situation has been discovered, then there will definitely be a more certain answer for them, but for them, it will be more troublesome to find Shuyuan www.zhaoshuyuan.com.

Mr. Norman Karim already knows these things, which means that there will definitely be no other results. "

"Well, actually I don't have any other ideas. The main thing is that you won't have to worry so much after you can solve these things."

"Brother Qin Yuan, I already know. What should we do about this matter? Why don't you and Azhe discuss what to do next? You must not let Efit go, let alone Let Xiaolan go.

But now for us, there is a very thorny problem, that is, Efitjian has chosen to join the camp of Mr. Norman Karim. No matter how he feels about Xiaolan, he will definitely keep this person. s life. "

After Chen Jixiang finished talking about these things, he nodded beside him. Got it, everyone's analysis was similar, so Qin Yuan could feel relieved.

"You are worthy of being someone who has been with me for such a long time. This sentence is absolutely correct and makes sense.

According to my understanding of this matter, no matter what happens next, we have to deal with it slowly. Don't be in a hurry. It is very likely that they have already understood the importance of this matter.

Since Efit has already planned to join, I believe I will meet him soon. Before he comes here again, he will say something to our companions that will disturb our entire plan.

After Efit joins, Azhe's status is likely to be affected, which means that we have to consider some other situations. "

"Azhe, can you hear what I just said? You have to consider your own status. You must not be affected. Only in this way can we have more opportunities to deal with others together."

Chapter 2183: No, never agree

Ever since Azhe told Qin Yuan that Efit wanted to join their camp.

In fact, Qin Yuan has been murmuring in his heart because he knows that this is a very serious matter if he does not agree.

What kind of consequences will he face next? But if he agrees, the consequences will be very serious. This is not something he can bear alone.

"I would say you should stop thinking about this issue. Since we have already thought about it, we have our own ways to deal with it. Don't let them get into trouble."

After An Ran said these things next to him, Qin Yuan did feel that there was some trouble, which he did not expect. In fact, he would actually agree to this matter. He thought that An Ran would stand on the same front as him.

"An Ran, please don't get me wrong. It's not that I am too unreasonable. For us, we have to think about this matter slowly before we can know it. Especially in this situation, what can I say alone? Whatever you do may cause big problems.

However, if we all discuss it together, the things we will face next may be easily solved. For us now, most of the reasons and ideas may be somewhat difficult.

Only after we have a clear understanding of what we are facing now can we determine what we should do next, especially now that I understand it.

This kind of thing makes it even more difficult to know how others choose. Considering these issues, I think we have to slowly think about it clearly.

In particular, I alone cannot come up with any solutions to this problem, and together we will definitely not make it difficult for others.

If you think there is any embarrassment about this matter, then I can only say that it is still a bit too much, especially now that I know these things, we should not be anxious.

Chen Jixiang, this guy has already proposed many important things, so we should not act on our own will. "

"He Chenguang, he basically knows it now. His identity is about to be exposed, right?"

"You can't say that. In fact, in our hearts, everyone must have their own ideas and plans. If this matter causes others any difficulty, then it means that the gain outweighs the loss."

An Ran looked back at Chen Jixiang. They had basically decided to go together.

This matter was settled first, but Efit's sudden addition really shocked them all, and they had never thought that it would be such a situation.

"Qin Yuan, since Efit already wants to join our camp, do you think we should all solve this problem?"

And for us in this situation, it may not be so easy to find a solution. "

"An Ran, do you want me to agree with Azhe and Sophia and cooperate with this guy Efit?"

If this is the case, it is indeed a bit too difficult for us.

Although he has a lot of important information in his hands, this is definitely not a big deal for us, if we let him disrupt all our plans like this.

I think the gain outweighs the loss. We cannot be threatened by him. "

"What is it? What makes you think that the problems we are facing now are so difficult?"

In fact, I think this is one person's idea, not everyone's idea. We don't need to discuss these things so intensely. Many people know the importance of the issue. "

"What is the importance of the issue? What do you all not understand because of these things? Now we should re-plan. In fact, in the final analysis, it is our own fault and has nothing to do with Mr. Norman Karim.

I think Efit's joining this time is a good opportunity for us. I can't control so much what Azhe thinks, but I think we should weigh it carefully. "

After An Ran finished speaking, Qin Yuan felt very angry after these things. To be precise, he felt very disappointed.

I have never considered Enron, but I would stand in other people's shoes and speak for them, never considering my own thoughts.

Looking at Qin Yuan, standing there, a little dull.

An Ran also knew that what he said might have gone too far, which would make Qin Yuan feel a little sad.

Chen Jixiang, this kid also has his own ideas. He feels that if there is any conflict with them, it must be resolved slowly.

"Sister An Ran, if you have nothing to do, you can go back and rest first. We will deal with it here. You don't have to worry about other things so much. Leave it to me."

"How about leaving it to you? We all know these things well now. If others are worried about anything, I may not be able to solve it alone.

Based on my understanding of this matter, I think they all have their own ideas, and we can't be too impulsive, especially in the current situation, where we can't tell what kind of situation anyone will face in the future. "

At this moment, Qin Yuan seemed to suddenly think of something important, and he immediately looked back at Sophia.

"Don't look at me like this. Whether you want to listen to Azhe and join Mr. Norman Karim's camp or cooperate with Efit is your own business. I can't help you make the decision."

"I don't want you to help me complete this matter. I know you have a lot of difficulties, but I think you should think carefully about what to do next."

Sophia, you have a lot of resources in your hands. Isn't this enough for you to follow us and consider it?

At least I think you should stand up and face Mr. Norman Karim now, instead of always doing what others do. "

After Sophia listened to what Qin Yuan said, he also had some hesitation in his heart. He felt that Qin Yuan was still a little too impulsive, and even only considered himself and not others.

Then, Sophia sneered from the side.

"Qin Yuan, I have made it very clear to you about these things now. If you continue to disagree with me, then I can only think that we will all have a lot of difficulties to solve."

"Sofia, I may not be able to control so much other things, but now I want to ask you about this matter. Do you mean to threaten me by saying this?"

"It's not that I want to threaten you, and I have no reason or idea for this. There is no way I would do this because I have no such motive."

But at the same time, now that so many things have been discovered, don't you think there is something wrong that you have done that needs everyone to work together to solve?

According to my understanding, many people may be completely different from what you think. They think this matter can be easily solved, but I don't think so. Efit actually came to the door this time. We should give him a chance to follow us. Opportunity to cooperate. "

Chen Jixiang looked back at Sophia, as if he couldn't bear to say these words for a week.

"Miss Sophia, since we came to Pakistan, I really feel that sometimes you go too far. Now you clearly know that our situation is very serious, but you still force us to cooperate with the other party.

Don't you think this idea is ridiculous? Including these things that we have now recognized, many people have their own thoughts and behavioral motives, and we cannot have much impact on others because of these things.

At least I think many ideas may not be enough to do this, but we cannot have such a big impact on others because of these.

An Ran, he's here too and you can forget about cheating on him again and again.

However, now you are forcing Brother Qin Yuan to actively cooperate with Efit, which is completely impossible to happen. I believe you should have known it when you said these words again.

This thing is not feasible, but you still insist on forcing us to do it.

Do you simply think that Brother Qin Yuan will agree to anything just to save Jason? If you think so, you are absolutely wrong.

He would not agree to cooperate with Effifit. No matter what, he would never take this path.

Because there is a deep hatred between the two of them. I believe you should know this, so there is no need for me to tell you so much.

For us, there may be many problems in this matter, but for us, we have to think about these things slowly before we can clearly understand and know what other people's motives are.

If you are so impulsive to let others know about this matter, I think it is still a bit inappropriate. You should be responsible for this matter yourself.

The plan between you and Azhe shouldn't involve us. It would be too inappropriate.

It doesn't matter that we are not people around you in the first place. We are your friends. We can only cooperate together now because we have common interests.

You have to know that we are country H. No matter what the people who come out think, we all have reason to understand clearly. What is the current reality like?

So from what I know about you, don't overthink it.

Most people may have their own ideas, and we can't just listen to your command.

Qin Yuan, as our team leader, every task he assigns is well-founded and we should obey his decision! "

After Sophia heard what Chen Jixiang said, he was completely enlightened.

Then he turned back and looked at Qin Yuan in surprise.

"I really didn't expect that there would be such a sharp-tongued boy next to you. What he said really makes sense, but Qin Yuan, I hope you can understand.

That's not what I was thinking. Azhe and I both have the same goal. We want to save Hassan's life. It's that simple. "

"Sofia, Chen Jixiang, what this kid just said really touched my heart.

However, for me, this kind of thing is definitely not something that can be solved so easily. How does Azhe view Efit? This guy can't control that much, but once this matter involves the interests of our H country.

No matter how you tell me, I will never agree to this, because I know who I am and why I am here. There is no way that I will offend the interests of our country and our army. Make concessions to you. "

An Ran was still a little worried at first, but after hearing what Qin Yuan said, he could finally feel relieved. He knew that Qin Yuan was a well-informed person and he would not do anything excessive.

"Azhe, you should have heard by now that Qin Yuan's attitude has been very clear.

If you want to cooperate with Qin Yuan, you absolutely cannot agree to Efit's matter. This guy is now desperate. Find Shuyuan www.zhaoshuyuan.com

No matter what Mr. Norman Karim thinks, you hope not to be able to promise him anything, and he has a lot of evidence and information in his hands.

Once he retorts or does something detrimental to others, it may be too late for us to regret it. "

Unexpectedly, Sophia was secretly talking to Azhe. The two of them used a relatively covert communication method, and even Qin Yuan, a very experienced spy, did not notice it.

"When did you two talk on the phone together? Has he heard all the things we just said?"

An Ran looked back at Sophia. He had a feeling that he had been deceived again, and he really shouldn't believe what this woman said.

When Sophia saw the expressions of An Ran and Qin Yuan, he was a little panicked for a moment. His original intention was not to deceive anyone.

"You two, don't be anxious or so angry.

Actually, I don't want to deceive any of you. I know that this matter may be a relatively big challenge for you, but it is definitely not something that can be solved so easily for me. "

"So what? But these current problems may not be so easy for us to solve. We cannot make rash decisions about these things now.

According to my understanding, most people may have this idea, but I absolutely cannot consider this aspect.

In fact, according to my understanding, many people may already have some ideas in their hearts.

We can't do this, because they have their own thoughts and behaviors, and we have to think about it slowly. "

Chapter 2184: The cunning guy asks for peace

Qin Yuan looked back at An Ran. He was very angry now. He was very clear about this in his heart. Who could not be angry after being deceived again?

"An Ran, I know you are very angry now, but I hope you can calm down a little. According to my understanding, many people may not think so."

"Qin Yuan, this guy Sophia has just said that no matter what ideas we have next, we have to deal with it based on his understanding.

But this, for us, there is nothing worth looking forward to, because I know everyone thinks so in their hearts, and I can no longer think about it that much. "

After Qin Yuan finished talking about these things, he knew that this guy Efit actually wanted to join Mr. Norman Karim's camp.

He will definitely take the initiative to find Mr. Norman Katim. Now that he has taken the initiative to find Azhe, it means that his plan is already in progress and no one among them can stop it.

At this time, He Chenguang and Efitte were downstairs. They had finished talking to Azhe, so they were still deadlocked.

He Chenguang couldn't care less about what others thought, he was very anxious now.

Because he knew that if he didn't solve this matter quickly, there might not be a solution to any problems that would follow.

He must have his own thoughts and reasons for being so anxious. This situation is definitely not something that can be solved so easily for him.

But thinking about this, he still felt very uncomfortable. He felt that the guy in front of him was causing problems for him, if this was the case.

For them, they have to find a way to solve it.

Otherwise, no one can rest assured, but these things now are more troublesome for them, and they have exposed so many thoughts now.

If the other party is informed, who can know what the consequences will be.

Effit looked at the lights that had been turned on upstairs, and he knew that the other party now knew their plan.

"He Chenguang, you must be very panicked right now.

If you guessed correctly, you were already very nervous. You were afraid that Qin Yuan would know your true identity, now that your true identity is what it is now.

And today you left desperately to kill Hassan. Not only did you fail to complete the task, but you may have exposed yourself. You are also a spy who has been lurking for so many years and is very experienced.

Your performance among the special forces is also very outstanding. I believe that you are definitely not an ordinary person. You must be my own ability.

However, I must remind you about these things today. You were a little too impulsive. You didn't consider the consequences at all. If you have any motive, don't blame me for being rude to you.

I have told you many times about these problems now. If you do this again, we will all have too many problems. "

He Chenguang, after thinking about it for a long time, he also felt that what he did seemed to be very problematic, but he would never allow others to slander him.

"Don't worry, I have already thought about these things clearly.

Suppose, if you have other ideas, I can't control that much, but I hope that you will never judge my approach with your own eyes.

Even if I did something excessive or impulsive today, I would admit it.

Because, I don't want to explain too much to you because of my identity, but I don't need to tell you my beloved concubine. Although Qin Yuan and I have different positions and perspectives, I always regard him as my own good brother.

No matter what, it is impossible for me to betray my good brother.

I must consider the problem from his perspective. I know that he really wants to save these two students of Professor Fang De. This is the most important thing for him.

In this case, there is no need for me to embarrass him. I can only consider these things according to my own ideas. It is impossible for me to cooperate with you.

If you want to join Mr. Noman Karim's camp, you can do so alone.

Don't ever drag anyone into this, including me, what I want you to understand is that no matter what happens.

I can take responsibility for this matter, but I can't control so much what other people think.

I have been able to explain to you very clearly the problems I am encountering now.

If you do this again, then I can only tell you.

I'm afraid the problem between the two of us can't be solved so clearly. If we don't fight to the death today, no one will be able to leave here. "

Efit, after he finished talking about these things alone, he must have been very uncomfortable in his heart, but he did not expect that the other party would refuse in such words.

"He Chenguang, I really can't figure it out, why do you have to regard Qin Yuan as such a good friend?

In fact, in Qin Yuan's heart, you are no longer a good person. He has recognized your identity, but he has never exposed you because he just wants to see yourself exposed. "

"Efit, the two of us have been standing here talking for so long in the dark, and I just want to tell you.

Don't try to sow discord between me and Qin Yuan.

I have told you many times just now, and what I said is very clear and understandable. Qin Yuan and I just have different perspectives. We just listen to different people. "

"What do you mean by saying that? I really don't understand what you are thinking now. Considering these issues, I have nothing to say. If you have any other ideas, you must tell me.

According to my understanding, many people may not be able to solve it so easily, but one person cannot see all of these problems thoroughly.

There are a lot of people upstairs, and they all know your identity, but no one stands up to expose you, or even tells you any news. Don't you feel very sad?

For so many years, you thought Qin Yuan was the only good friend, but he didn't regard you as a good friend in the world, after he knew your true identity.

Still wanting to expose yourself in this way is your biggest problem.

In fact, I think you shouldn't place your hopes on others for so much time. It would be more appropriate for you to think carefully about what you should do next.

Avoid letting others think you are a fool, you have been exposed, right?

Moreover, it still has great value in their eyes. The reason why Qin Yuan did not expose your identity was entirely because he wanted to use your identity as a bargaining chip for his promotion and salary increase after returning to Country H. .

If you find a spy in a foreign country and complete so many tasks.

If you think about whether he will be rewarded and valued by his superiors after he returns, it will probably become clearer, which will not only be detrimental to your own latent work.

On the contrary, you are inferior in front of everyone, and he waits. In this situation, I think you still have to think carefully about what is beneficial to you.

It is completely useless to you. In this case, I have nothing to say. If you really think that all these things you do are valuable.

No problem, you can prepare according to these things alone, but I have to tell you a lot of problems.

Maybe it's not something that can be solved so easily for you. If you still don't feel at ease, then I can only tell you what you should do to solve these problems clearly and understand them better. .

Everyone has their own ideas, and you are not the only one who is selfless.

They are all working hard for their own things. Do you think you are the only one who has a hard time? In fact, it is quite difficult for everyone.

The curse words you are saying to me now have no meaning. I think you are just trying to deal with me.

I came here today just to cooperate with you, because generally speaking, I also know what your identity is, and I will not reveal it to you.

I just want to cooperate with you. When the time comes, the two of us will go to Qin Yuan.

Why not do it if he is alone in misfortune? If you can complete your mission and quickly return to the United States of your dreams, wouldn't it make you feel better than anything else you can do? "

Effit, sometimes he is really a master at shaking other people's minds.

After a period of his persuasion, He Chenguang was really tempted by the conditions he proposed.

To be honest, what he dreams of is to return to his own country. He doesn't want to stay here anymore, and he doesn't want to deceive Qin Yuan.

Although he is a spy, he sincerely regards Qin Yuan as his best friend and is unwilling to watch him walk into the abyss step by step.

This was the biggest concession he could make, but what the other party said now really made him have very tangled thoughts in his heart.

He didn't know what the best thing to do was.

Maybe considering the problems of these people, everyone can only think about it slowly. If one person has a problem, maybe everyone around him has a problem.

However, the current situation is definitely not optimistic for him.

He cannot let others fall into the abyss because of his own selfishness. This is the biggest concession he can make.

However, these things now are for him.

It is definitely not something that can be solved by being so optimistic. Everyone has his own ideas. Even if Effit, this guy has given such generous conditions, he cannot give up so easily.

Because everyone knows how excessive and difficult the current situation is for them, rather than letting others take advantage.

It is better to let yourself think about what should be done next.

Therefore, these things now are very difficult for them. If there are any problems, everyone may be able to solve them.

But these things now cannot be completely solved by one person.

The current situation is more complicated, and Effit didn't feel anything at all after saying these things, and no one had any idea or appropriate behavior for him.

This was a very difficult thing to solve for them, so after thinking about it for a long time, they could only slowly think about other issues.

He Chenguang, after hearing these words, he is still confused in his heart, but he still has not given a clear attitude.

Effit looked at the current situation and no matter how much he told him, he might not be able to impress him. Find Shuyuan www.zhaoshuyuan.com

In fact, it is better for him to think of a solution alone. Since the other party has such an unclear attitude towards him, there is no need for him to waste time here.

"Well, I don't want to tell you so much about these things now, but we can weigh the problems we are facing at that time."

"Efite, I have indeed thought carefully about what you just said, but if I want to cooperate with you, you have to give me some time to think about it slowly."

Efit sneered after hearing this.

"snort...

He Chenguang, what on earth is going on with you? Do you really think of yourself as someone important? I have given you a lot of respect by coming here today. I said that I want to cooperate with you, and I also want to give you a chance.

I was willing to say these heartfelt words to you because we have known each other for a long time, but you didn't take it seriously and felt that I was cheating you.

Then I have nothing to say. If you don't know what's going on, don't blame me for doing something wrong. I don't think about you, Qin Yuan. He really knows your identity now.

He's just been playing a hide-and-seek game with you. If you are really stupid enough to go back with him, I'm afraid you will never be able to return to your own country.

In this life, you can only be a spy who is despised by others.

No matter in your own country, the United States, or in country H, no one cares about you at all, and you have no future at all. On the contrary, it is just a waste of water.

When I say these things to you, I am judging you completely as one of my own. If you are really that stupid, then don't blame me for what I said was so unpleasant. You should be very concerned about these things in your own heart. clearly. "

Chapter 2186: Humph, she is just a tool for me to use

In this way, after He Chenguang finished talking about these things, Effit had no other reaction.

However, at this moment, both of them fell into a relatively quiet state. No one could say anything more, but they did not expect that the other party would give an answer that shocked them.

"Effit, what do you mean when you tell me these words?

I am not particularly clear yet, but I can tell you that it is completely meaningless for you to threaten me with these things, because I am not afraid at all, and I don't bother to argue with you! "

You have to admit that maybe after being by your side for so many years, he has long forgotten that he is a spy, and has long forgotten some of the basic skills that spies and special forces members should have.

If you find that the content is incorrect, please use a browser to access it!

But you have to believe that his quality is still there. If you make her anxious, he will kill her and you will have no way out.

Since he himself has chosen to give up the path of espionage and choose to be with you, it means that he has already thought about these things clearly.

At that time, I will go to Mr. Norman Karim and talk to him about joining. I can use this guy to express my determination to join.

I'm not worried about anything, I'm just worried about how to deal with this guy's problem next.

"What did you say?

Efit, what you mean is that you have regarded Xiaolan as someone who can be used. People are so inhumane. Don't you think that he is really devoted to you?

He would rather abandon his identity as a spy and risk not being able to complete the mission to be with you, but now you actually turn around and say that he is someone you can use immediately.

In other words, we all should know it, but we have just been hiding it. I believe that Qin Yuan will take action against him next. You should think about what to do with your confidante first! "

How to measure it depends on your own decision.

Even if Qin Yuan is here, I will definitely say this.

Since he was able to do such a thing, it meant that a big change had occurred in his heart.

Xiaolan, what does it mean to me?

After all, the two of us also have brotherly feelings. As I said just now, we have different perspectives on doing things, looking at problems from different angles, and our interests are also different.

You have more sympathy and understanding for each other. In this case, why not help him?

"He Chenguang, I have to remind you that if you want to use Xiaolan's incident to threaten me, then I really have to tell you that you have indeed made the wrong idea.

We can only understand each other. There is no difference between good and bad people in this world? ,

You too ignored Xiaolan's feelings for you, and you also too ignored his abilities and IQ.

You no longer have any evidence to prove that I am a spy. This is all your own speculation and even slander.

You should also know very well what he will do. I don't need to tell you anything else. These are already very obvious, if you are worried.

Qin Yuan, he will never do anything excessive to me.

Efit, after hearing this, sneered from the side.

You can't control that much, but you have to admit how this matter was planned.

Even if our identities were revealed one day, he would not do anything excessive to me.

And for a love-minded girl like Xiaolan who is born with a brain that is not easy to use, I have nothing to worry about. As long as her problem is solved, I believe there will be nothing that I can't solve.

The more you act like this, the more others will have to worry. "

Even if you doubt or don't believe it, there is nothing you can do.

What's more, you want to sow discord between me and Qin Yuan. No one will believe your nonsense. You'd better think carefully about how to persuade Xiaolan.

"He Chenguang, what are you thinking? Could it be that you also like him, a girl who is not very smart, or do you think that you two are also American spies.

We can't embarrass each other. Even if one day we know these secrets and identities, I believe he can understand the problems between the two of us that we have to talk about.

Don't always threaten me in front of me. I seem to be just using my identity. Even if you walk in front of Qin Yuan or Mr. Norman Karim.

I have nothing to explain this, but I have to tell you that no matter what happens, the brotherhood between the two of us will definitely not change.

Tell me, will there be any psychological changes in him?

Will he regard all these things about you as a very terrible thing, and regard you as his enemy? When the time comes, I am afraid that you will be completely overwhelmed by using all his strength to deal with you. "

Because Xiaolan is completely useless. If he finds out, you have always used him and regard him as a tool in your heart.

"He Chenguang, isn't the person you care about the most about Qin Yuan? Now that he knows your identity, I think you should feel ashamed."

And I have to remind you, you always say that my identity is about to be exposed. Don't you think Xiaolan's identity can no longer be hidden?

Do you really think that his status can make Qin Yuan relax without any reason?

In fact, Qin Yuan already knew his identity.

By then, your identity will be completely lost. I think you should get rid of Xiaolan first, and then think about what to do next.

Now that he has no useable value to me, you can go upstairs and tell him that I have been using him and he just turned against me.

"Qin Yuan, he has been waiting upstairs for a long time. He doesn't want to continue talking nonsense to you here. Just pretend that I haven't said anything about Xiaolan's question.

He Chenguang had already seen through the relationship between Xiaolan and Efit, but he never expected that the other party would be such a heartless person.

"Qin Yuan, even if you know, what will happen to my identity?

You don't have anything to worry about. It's impossible for me to expose your thoughts.

I will not get involved in anything between you two. Although his status is quite special, I have no sympathy for him.

Even if he makes a mistake, he has no room for regret, and there is no need to say these words in front of us, so I have no sympathy for him.

"He Chenguang, if nothing else, just what you said to me now, I have completely understood why your identity was exposed, because your brain doesn't seem to be working well."

2605:f700:43:6000::727

Therefore, he should know very well who he would choose between me and that useless girl Xiaolan.

I must remind you that no matter what situation you encounter next, you must carefully weigh who is responsible for this matter.

"Efit, if you have anything to say, just say it here openly and don't say such humiliating words."

In my heart, it has already become a fixed pattern. Let them think about the consequences next.

Everyone's interests are different. We can't embarrass each other because of these. Qin Yuan and I have been good brothers for so many years.

"He Chenguang, based on what you know now, don't say anything else.

I don't have any regrets either. I can only blame myself for not hiding who I am.

I don't need to remind everyone that they are all capable adults.

At least, I can use it as a bargaining chip.

As long as we can all do it with confidence, you don't have to think about any issues anymore. The key is that everyone has their own ideas about these things now.

I can only blame me for not being as capable as Qin Yuan. Who else can I blame?

You can only find the reason from yourself, so what you are saying now to sow discord has no meaning at all, and it is impossible for me to listen to you and do anything.

Many people have their own opinions, and you cannot threaten me because of these things.

"Even Qin Yuan knows that Xiaolan is just a tool under my command. It's really ridiculous that you define her as my confidante.

The two of us are just considering different things, which have nothing to do with other issues at all. Everyone has his own position and what he wants to do.

There is no need for me to continue to remind you of these things, and these problems are not so easy for you to solve, according to my opinion.

I believe that he will give me a decent attitude, which is my last expectation for him. Even if he doesn't give me a decent attitude, he will definitely fight to the death with me.

If any of you are worried, you can say it directly, but you must not use it to threaten me, because he is nothing in my eyes, just garbage that can be thrown away after use. .

Now he really understood that this guy was really a ruthless person who didn't care about Xiaolan's identity or his thoughts at all.

He Chenguang originally thought that if he used Xiaolan's incident to threaten the other party, he would definitely feel fear and fear, but he did not expect that the other party would no longer be afraid of anything.

If I explain to him exactly what you just said.

I believe that things will not be easy for you two. I will only tell you this once.

It would be better if I quickly solve his problem so that I can do my own thing with peace of mind and not let him continue to pester me. I am already tired of it. "

He Chenguang looked up at Efit, this completely shameless guy.

You can just say it so we don't all look like the other person is being stupid.

If his identity is exposed, I believe Mr. Norman Karim will definitely think that he is not a person of any value.

"There is nothing to be upset about. I can tell you these things clearly now. No matter what the consequences will be next, you have to think clearly."

On the contrary, I can solve it by the way. Otherwise, I would have been hesitating when to solve this problem. I still want to thank you for giving me such a great inspiration.

I still have to advise you not to pin this matter on others.

No one is willing to take responsibility for these things, everyone is involuntarily.

What he does now is his own choice.

This matter also has a measurable scope in my heart.

Don't blame me for not reminding you. No matter what happens today, you have to judge it based on your own thoughts and what other people think.

Because no one can stop what I will do next, this is already a determined idea in my heart. "

Being able to select someone to become a spy, especially in the United States, only shows that he is a very capable person, which is understandable.

If you take it seriously, you won't be able to regard it as a tool that can be used. Looking for books www.zhaoshuyuan.com Since everything has been said for this purpose.

You have been alone with Qin Yuan for such a long time, why can't you think about some things as seriously as he does? When people are wandering around the world, who doesn't have a few confidants who can be used?

If this guy didn't have some use value, how could I possibly help him speak? "

Everything you did was done to take advantage of him. If you let him know, do you know how sad he would be?

You probably don't know what a girl will do when she is sad.

Their extreme fear is very serious, and if he knows that you have been taking advantage of him, he will definitely not let it go.

What he did must have his own thoughts and meanings. I don't want to get involved in the matter between the two of you, but if his behavior really involves leaking some confidential information from the United States, then don't blame me for being merciless to him.

Of course, I am not saying these things to help you, I just want to remind you.

"I really can't believe that I can say such hurtful words. If Xiaolan knew about it, he would definitely be very sad."

Don't think that others are easy to bully. In fact, no one in this world is a fool. If there is, it's just you.

Effit, although you are harsh in your words, I can still feel that the two of you still have some real feelings.

You don't have to rush to quibble. How you use this guy is your business and has nothing to do with me. I can tell you my attitude now.

In any case, I will not meddle in these nosy matters. I only have my own mission to do. I want to accompany Qin Yuan back to our army as soon as possible. This is the most important thing. "

Chapter 2187: People of no use value

In Pakistan, Mr. Noman Karim's private villa.

At this moment, he was thinking about what was going on in his heart, because he already knew what kind of situation he would face next.

Azhe had just returned from Hassan's hospital and saw Mr. Noman Karim sitting alone in the room.

He was still a little uneasy in his heart. He felt that the matter with Qin Yuan had not been completely resolved this time, and he would definitely not let him go so easily.

However, it is absolutely impossible for him to decide what happens next.

But the current problem is still quite troublesome for him. He is very afraid that Mr. Norman Karim will find out about the things he planned.

If the secret is revealed, it will be difficult for his plan to succeed.

However, he was very curious at this moment as to where Jason had gone. After all, this was an agreement between him and Qin Yuan. He had to resolve Jason's matter.

Qin Yuan was able to help him solve Hassan's problem. This was a problem where the exchange of interests between the two of them did not work, or did not work.

Only Qin Yuan can handle this matter, so Azhe was very nervous when he thought about it.

Even after having the other party's promise, he was still more worried about Mr. Norman Karim's decision. After all, this was a matter between the two of them.

If there is any problem, no one can be responsible for it.

Therefore, after thinking about it for a long time, they all had some hesitation. When Mr. Norman Karim looked at Azhe who came back, he knew that the other party might not necessarily bring him any good news.

He still has to rely on himself to forcefully solve it.

So, seeing that Azhe had not spoken, Mr. Norman Kalim became a little anxious. He sighed helplessly and saw that Azhe had no intention of saying anything.

Instead, he spoke first.

"Azhe, has the matter with Hassan been resolved? You came back so soon. I hope you can bring me some good news and don't make me embarrassed."

Hearing what Mr. Norman Karim said, Azhe knew that the things he encountered today were quite troublesome. No matter what the consequences would be, he could not decide it alone.

"Mr. Karim, don't be so anxious. I have just returned from the Central Hospital.

Hassan's problem has not been solved yet, and he is still a tough guy.

You won't tell us anything, but you don't have to be so anxious now. Leave the rest of the matter to me alone. No matter what happens, I will definitely be able to help you solve it all. "

"I heard that this guy He Chenguang has already gone there. I don't know what he thinks."

As soon as Azhe heard what Mr. Norman Karim said, he recalled his decision about Qin Yuan. At this moment, he must still be very panicked, but he didn't have any other ideas. He just had to solve the problem at hand. .

"He Chenguang, he did go to Hassan's hospital and wanted to take action.

But don't worry, I won't let him succeed, because I know how important this matter is to us. Hassan? ,

He is the bargaining chip in our hands. I can't let him have any problems. Only by holding him in our hands can we threaten Qin Yuan. When mentioning this matter, why didn't I see Jason? ? "

"Of course he has his own good place. Don't worry so much. Do your own thing. He has promised to kill Hassan. I would like to see when he can do what he promised. thing."

After hearing what Mr. Norman Karim said, Azhe was quite excited.

He definitely didn't want anything to happen to Hassan, but at this moment, he had no choice but to pin everything on Qin Yuan.

If Qin Yuan agrees, he will naturally have nothing to worry about.

However, if Qin Yuan did not agree to this matter, the consequences that would follow were unknown, and he did not dare to imagine such a thing again. After considering these issues, he had nothing to say.

We must first solve all the problems in front of us, otherwise they will all face very serious problems.

However, these problems cannot be solved so easily for them now.

Qin Yuan, he will definitely not let go. If others become anxious, the next problem will not be solved so easily. Thinking of this, everyone here is very panicked.

Although they don't know what will happen next, it is absolutely impossible for them to affect their overall plan because of this incident.

Just like that, he thought about it for a long time and had nothing to say.

He turned around and took a look at his surroundings. When he found that there was no one around him, he wanted to change the topic quickly.

Then, he said to Mr. Norman Karim.

"Why are you here alone without any bodyguards? I'm a little worried. You are really careless about the procedures."

"Azhe, I know you are a good and loyal boy.

However, you don't have to worry so much about today's matter. I'm used to it by myself, and I don't have to worry about the thoughts of people around me. Find Shuyuan www.zhaoshuyuan.com This is when I feel most relaxed.

After all these years, if I was really worried about this matter, I wouldn't be able to call them all out.

So after taking these issues into consideration, I think you should first solve the problems in your hands before talking about it.

By the way, these two students of Professor Fang De were placed in a relatively secret location.

I haven't seen it for a long time, so I'll leave it to you.

I don't trust most other people. I only trust you. After you have arranged their problems, I have nothing to say. "

Now that Azhe heard about Professor Fengde's two students, he felt very panicked.

Because, recalling the transaction between him and Qin Yuan, Qin Yuan must have wanted to know the specific locations of these two people, and Azhe also knew it.

But he can no longer regard this as his only bargaining chip.

He knew that if he accidentally revealed the location of Professor Fang De's students, he would not be able to succeed.

Then he will be an irreversible failure.

Chapter 2188: The fish finally took the bait

Mr. Norman Karim, he is still more willing to listen to Azhe's opinions.

After hearing what the other party said, he had to temporarily ease his decision.

At this critical moment, it seemed like there was an uninvited guest at the door.

"Azhe, I just took a look at the surveillance screen and it seems that someone has come to our place. If that's the case, just open the door and let him in.

I believe this person has wanted to come to us for a long time, but there is no suitable channel. Since he took the initiative to come today, we have to give him a chance. "

After Azhe heard this, he was completely confused. Before he could think of who it was, Mr. Norman Karim directly motioned to Azhe with his eyes to let him take a look at the surveillance camera.

Azhe looked at the surveillance camera and saw that the person they had been waiting for was indeed Efit, not Qin Yuan.

"Why did Mr. Norman Karim come here?"

He has always wanted to come visit you before, but you have always been in a state of not wanting to see him.

Why am I not surprised and excited that he came here today, even somewhat expected. "

"Azhe, please stop asking so many questions and just open the door first.

Ever since we got this batch of arms, I knew that this guy couldn't sit still anymore. The fact that he took the initiative to come to us today shows that he has run out of skills.

There is no reason to explain to old K. Since he took the initiative to come to our door, and such a good partner knows ourselves and the enemy, we should keep him. "

"Mr. Norman Karim, what you mean by what you said is that you want to cooperate with this guy Efit?"

"Yeah, I think although this guy has some problems, overall, he can provide us with a lot of value. After all, he has been with Old K for so many years, and he still knows him very well.

If we really want to seize something from old K and pass it, he may be more convenient. It would be a pity if such a talent does not take advantage of it.

Let's invite Efit in first. I also want to see what reasons he has to convince me. "

Azhe has now completely seen that Mr. Norman Karim seems determined to cooperate with the other party. If this is the case, there is nothing he can do to stop him.

"I understand, don't worry, Mr. Norman Karim, I will invite him over now."

After finishing the brushing, Azhe walked directly to the door. There were no bodyguards in the room at this moment.

However, Azhe was not worried either. After all, he has been following Mr. Norman Karim for so many years. He is the best bodyguard who has never seen him in any big storm.

This is also the territory of Mr. Norman Karim. Even if he gave this guy Efit a few hundred courages, he would not dare to attack Mr. Norman Karim here.

So, Azhe walked directly to the door and looked at Efit, who was smiling.

"Hello, Azhe, I'm not surprised to see you here."

"Efit, to be honest, I'm very surprised to see you here. You don't know the relationship between Mr. Norman Karim and old K, do you? Now you take the initiative to come find Norman Ka What is Mr. Ream doing?"

"Azhe, why do you like to meddle in other people's business as much as Qin Yuan?"

Today I am here to see Mr. Norman Karim, and it doesn't seem to have much to do with you.

As Mr. Norman Karim's dog, you just need to learn to open the door. When the owner doesn't let you bark, don't bark. This will scare the guests. "

"Okay then, tell me why you came here today.

If you don't make it clear, there is no reason for me to let you in. This is Mr. Norman Karim's private mansion. It's possible that you are carrying some dangerous controlled knives.

I have to search your body first and make sure there is no danger before I let you in.

As you said, I am indeed Mr. Norman Karim's dog. Since I am his dog, I have the responsibility and obligation to protect his safety.

I just want to see what your purpose is for coming here.

Take off your clothes quickly and let me check if you have any dangerous items with you. If you hurt Mr. Norman Karim, I will not be qualified as a dog. "

He didn't feel angry or surprised after Efit made the flower.

On the contrary, he was unusually calm and a little panicked when he saw him like this.

I knew this guy in my heart, but I didn't know what was going on in my head.

Immediately afterwards, Efit made a bold move. He immediately began to take off his clothes, taking off his jacket and the shirt underneath, revealing his white arms.

Then, you can vaguely see some stab wounds on his back. As expected, he has been running around with Old K for so many years, and his body is covered with bruises.

"How about it? Ah Zhe, I have given you enough respect. If you asked me to take off my clothes, I would take them all off and be completely naked.

Now you can see clearly that I don't have any controlled knives on me. If that doesn't work, come over and touch me to see if there is anything else on my body that can hide controlled knives, or even a place for guns. . "

Azhe said disdainfully.

"You are so shameless."

"What is shameless? I have been dealing with Old K and you for so many years, and I no longer know what shamelessness is.

I only know what it means to be loyal.

I'm not here to argue with you today, I'm here to do something really big.

Since you dislike me so much, I have nothing to say.

Whatever you want me to do, I have to do. This is called doing as the Romans do, or doing as the host does.

How about it? Now that you have seen clearly that I don't have anything with me, why are you still refusing to let me in? "

Mr. Norman Karim watched the quarrel between Azhe and Efit from the surveillance camera. He was not in a hurry. He wanted Azhe to come back quickly and give this guy a blow, which was quite good. of.

Because, at this moment, Mr. Norman Karim already knew the real purpose of Efit coming here.

Chapter 2189: Choose to keep some secrets

Seeing Efit's triumphant look, Azhe couldn't say anything else. After all, the current situation was too complicated. If he really insisted on going his own way, the next situation would not be so optimistic.

"Azhe, you don't have to be satisfied with me, because I have already explained this matter to you.

No matter what happens, I will definitely not let you all be in trouble.

Moreover, I also have some other thoughts about this matter. I think they all want me to solve this matter.

Since you all think so, I have to come over today to help you solve these things.

Qin Yuan, he is very well prepared this time. If you don't want some better methods, you won't be able to suppress him. "

After Efit said these things, Azhe was completely sure that this guy was here today, even though on the surface he seemed to be surrendering.

However, he seemed to have a sense of provocation.

"Efit, I think you have come to Mr. Norman Karim's side. There is no need for you to continue to provoke here. You should tell me what you are doing here.

When we were outside just now, I already explained to you clearly the serious relationship between this. If you still think so, then I have no other way. I have to remind you not to go so far.

People say that when you do something, you will leave something to chance so that you can meet each other easily in the future.

Mr. Norman Karim has given you so many opportunities, but you don't know how to cherish them.

If you have any other ideas, you have to say them directly.

Don't let us all think that you have some conspiracy. I believe you should know very well what kind of person Mr. Norman Karim is.

You cannot bear the consequences of offending him alone. "

"Azhe, what's going on with you? I've made it very clear to you about these things today. I don't have any other ideas. I just want to remind you that no matter what happens, you must You have to do what I say.

Mr. Norman Karim, I took the initiative to come to you today, which means that I want to talk to you about my joining your group. "

"Are you sure you want to join our group? You have been with Old K for so many years, and you should also know the consequences of betraying him.

No need, I said you also know that Old K is not a guy who is easy to mess with. "

Efit looked at Mr. Norman Karim. Not only was he not nervous, but he was very relaxed. Especially in this situation, for him, there was nothing left to continue to cling to.

"The fact that I came here today is enough to illustrate my attitude. In fact, I am still a little thirsty. Why don't you all help me find some water."

Azhe glanced at Mr. Norman Kareem.

"Azhe, go inform the aunt in the back and pour Efite a cup of coffee. I know he likes coffee very much."

"Mr. Karim..."

"No need to say so much, just do as I say. Go and pour him a cup of coffee first. I want to see what kind of mood he is in now."

As Norman Karim spoke, he stretched out his hand and waved it gently. He signaled Azhe not to worry about it.

Azhe really had no other choice. He also wanted to find a better opportunity to inform Qin Yuan. He was now completely sure that the arrival of Efite would have a huge impact on his status. Influence.

"All right..."

So, after Azhe agreed to the matter, he reluctantly left the room and prepared to pour a cup of coffee by himself, while also informing Qin Yuan about the situation they were encountering now.

After seeing Azhe go out, Effit smiled beside him.

"Just tell me directly, what is the purpose of coming here today? Since you don't want Azhe to listen, you can tell me what the purpose of coming here is.

If this is the case, none of us have any other ideas.

However, today you have to consider these issues slowly. The more you are in this situation, the more you will be at a loss. According to past experience, it is indeed quite troublesome. "

"Mr. Norman Karim is truly a super smart man.

Now that you already know, I came here for this purpose today, and you also know that I don't want Azhe to hear these words I said today, and you also gave me enough respect.

This shows that I did not misjudge the person.

Yes, I did come here to surrender to you, because you have already got this batch of arms into your own hands, and I really can't think of a way to explain it to Old K.

He won't let me go. This batch of arms is particularly important to him. "

Mr. Norman Karim deliberately got this batch of arms into his own hands, and he also deliberately prevented others from intervening in this matter.

When he contacted Qin Yuan, he already had a definite answer.

However, Qin Yuan is now completely certain that with his own attitude, it is impossible for him to help Mr. Norman Karim, which poses a problem for himself.

He hopes that someone can stand by his side and help him deal with old K. This is enough to show that the relationship between them has reached a dire straits and can no longer continue like this.

He must think of a better way, but Qin Yuan, it is impossible for him to help him now.

Everyone knows this.

Effit's coming here today has indeed given them a very good opportunity. As long as they seize this opportunity, no matter what the consequences will be.

They were all able to realize the seriousness of this matter. Seeing Effit take the initiative to surrender to him today, in fact, Mr. Norman Karim was not so relieved.

What this guy said was simply a lie, and he couldn't believe it easily.

He already knew it very well, so no matter how rhetorical he tried, Mr. Norman Karim would definitely not give him any definite answer in a short time.

Only after these things are resolved can he cooperate with the other party with confidence.

Old K is a man who has been in power for many years. If you really want to get rid of him so easily, it will not be an easy task.

Therefore, after considering these issues, they all had to think about the things that Mr. Norman Karim has now encountered.

Chapter 2190: What a surprising gift

Efit, after hearing what Mr. Norman Karim said, he was very shocked.

I originally thought that I could make some use of Jason joining their group's camp to make some articles, but I never thought that every step of this was within his plan.

This really made him feel some fear, a fear that every step he took was being planned.

No wonder Mr. Norman Karim has been able to control so much power in Pakistan. He has been able to control the sky with one hand for so many years. His level of scheming and calculation is really beyond the comparison of ordinary people.

Thinking of this, he himself felt a little embarrassed, and he didn't even know how to face it more appropriately.

"Efit, what I just said to you is from the bottom of my heart.

Jason, I don't care at all whether he sincerely joins my group.

Because he is just a tool for me to use. If he can successfully kill Hassan, of course it will be better, and I can trust him a little bit.

However, if he can't even handle Hassan's matter, it will be enough to prove that he is an informant sent by Qin Yuan to be by my side.

If this kind of person stays with me, he is simply a particularly dangerous time bomb.

It is impossible for me to give him such an opportunity, so now I have completely thought about how I should do this.

Assuming that if he can successfully kill Hassan, then he will be able to get what I promised him in advance.

He deserves to help his daughter seek better medical resources and get a new heart to completely cure his daughter's congenital heart disease.

If he can't help me kill Hassan, it's enough to prove that he is either an undercover agent sent by Qin Yuan to be by my side.

Either he is a useless guy. Generally speaking, he has betrayed Old K once.

It is impossible for me to trust a person who has betrayed him 100%. I can only look at his specific performance. Maybe what I said has irritated you a little.

Isn't it also a betrayal for you to come to me now and say these words?

But you don't have to worry, because these things are all within my expectation and within my plan. If I want you to betray, you must betray. If you don't betray old K, there will be nothing to talk about between the two of us. Yes.

Instead of such a situation, there are so many problems happening in front of us.

It's better to think more, it will be beneficial to everyone, so you don't have to worry about other things, just solve these problems.

I don't believe what we will encounter next. If you encounter these problems today, you can just go and face them properly.

There is no need to worry about Qin Yuan. I know very clearly what his thoughts are. No matter what decision is made next, we all have to think about it slowly.

Don't let others worry about these things, because many things are indeed beyond our expectation.

I didn't expect that this would be the case.

We all have things we can't calculate, but it doesn't matter. As long as these things are solved, I don't believe they will have anything impossible to plan.

You all don't have to worry so much. Azhe has been by my side for so many years and I trust him very much.

Rather than this being the case, it would be troublesome for them.

It's better to let everyone have a definite answer to today's matter, so you don't need to worry so much.

The next question, how should I deal with it? I believe I can accomplish it by myself. It doesn't matter if none of you want to join my camp, because my own subordinates are enough. "

After Mr. Norman Karim said these things, Efit was completely stunned now.

"It turns out that you have planned these things for a long time. It seems that I did have some tricks when I came here today."

"You can't say that. It depends on what you think in your heart. Old K is in decline now. I think he has no value in using him, let alone helping you.

If you want to solve Qin Yuan's problem, you must stand by my side and the two of us can complete these things together. "

Efit, after hearing these words from Mr. Norman Karim, he didn't have any other reaction. He didn't give a definite or negative answer. Instead, he changed the topic.

"Mr. Karim, I didn't expect that the people around you are so incompetent. It's been so long since Azhe went to coffee, why hasn't he come back yet?"

Efit just finished speaking.

Azhe slowly walked in with two cups of coffee from the kitchen at the back.

"Efit, you don't have to say bad things behind my back. It definitely takes time to drink good-tasting coffee.

I've been grinding the coffee for you all the time. It's all done by hand. You'll know the taste after you taste it.

As the saying goes, slow work produces careful work, so why should you be anxious?

Mr. Norman Karim, the most taboo thing is to be anxious. He has told us more than once that many things cannot be rushed and must be solved by one's own means.

If you are too anxious, it will only have some counterproductive effects.

Efit, if you want to join our camp, you must have this patience.

I don't have the patience to wait for a cup of coffee. I really can't imagine how Mr. Norman Karim can trust you and assign you more tasks.

Today this can be considered an initial test for you.

If you can't even accept this, I'm afraid you're not suitable for our group, so you'd better pack up and go back. "

After Efit heard what Azhe said to him, he was completely sure that this guy was deliberately trying to embarrass himself.

"Azhe, I just said one sentence, a casual sentence, and it caused you so much trouble, which I never expected.

Of course I have time for a cup of coffee.

However, I am more particular about efficiency, so instant coffee may be more suitable for me.

This kind of slow work is not suitable for me. "

Efit, before he could drink the coffee, he directly put the coffee brought by Azhe to the side, pretending to be very disdainful.

Today he took the initiative to surrender. Facing Mr. Norman Karim's most capable assistant, Azhe, he had such an attitude.

Azhe already had a clear sense of crisis.

Azhe was very angry, but the thing he had learned most over the years with Mr. Norman Karim was to be forbearing. He could also be forbearing when facing the rude Efit.

"Efit, Azhe has been making coffee inside, so you don't have to be so anxious.

I keep talking about this matter and what should be done.

I have given you a definite answer to these matters today. No matter what happens next, you must not be anxious.

I always like to work steadily, and this is indeed more in line with our group's arrangements.

Azhe has been with me for so many years, and he knows my temperament very well.

If the two of you can cooperate well, you will definitely be in an invincible state.

However, what I hope more is that there won't be any fight between the two of you. This will really cause some internal consumption for us, and I don't want you to engage in some useless internal friction. "

Azhe was still a little nervous after hearing what Mr. Norman Karim said.

"Do you really agree that this guy will join our group?"

"Azhe, don't be anxious. I discussed some matters in this area with Efit just now, but what we will do next depends on our decision. We should also let him go back and think about it for yourself.

This involves a choice at a crossroads in life. If he feels it is inappropriate, no matter how much we talk, it will be useless, right? "

"Azhe, you don't have to be so nervous. Even if I join your group today, I won't necessarily threaten your position in a short time."

"Efit, what do you mean by that?"

Are you really so arrogant that you think you have the ability to take my place? It's really ridiculous.

Efit, you know, I have been with Mr. Norman Karim for so many years, and no one knows him better than me.

Among the entire group, I am also the savage he trusts most.

If you can take my place in a short period of time, and I should abdicate myself without you replacing me, then it means that I am a worthless guy.

If I can be replaced by you so easily, then what's the point of me staying in this group?

I will just pack up and leave, and make way for you. From now on, you will be the second in command in the entire group. "

After Efit heard this, he stood up and walked to Azhe's side, as if he had a provocation.

"What do you want to do? Do you want to fight?"

"Azhe, please don't act like you're facing a formidable enemy.

I came here today just to briefly discuss these matters with Mr. Norman Karim. You don't have to feel uncomfortable, because I'm afraid I already have some ideas and arrangements for this matter in my heart. "

"Efit, if you sincerely want to join our group, I have nothing to say. I will definitely welcome you.

Although I don't like you as a person, Mr. Norman Karim is willing to accept you, and I have no reason to refuse.

I can only obey his arrangements. If you come here today to provoke and test our patience, then you are totally wrong. Don't blame me for being rude to you. "

"Azhe, I have never been worried or afraid of people like Qin Yuan.

What qualifications do you have to threaten me here?

If you want to be rude to me, then I would like to see what reasons you use to be rude to me, and what means you have to say these things to me.

Show your true ability and don't talk nonsense here. Do you think I will be afraid of you?

I'm not a three-year-old kid. If you just scare me, I'll be scared to death. "

"Hmph, you're right, we really should show some real skills, otherwise I really seem to make you think that I am afraid of you."

As Zhe said, he took out a small pistol from his arms and pressed it directly against Efit's forehead.

"Hey, who are you trying to scare with such a little toy?"

"Toy? It seems that you really underestimate me, and you also underestimate this thing in my hand. This is the latest small pistol developed by the United States.

It is particularly suitable to be placed in your pocket and faced, and it is probably the most important model of pistol among the weapons you lost.

I believe that Old K is angry because you have lost this important thing.

It can easily kill you within a few microseconds.

Efit, do you really want to give this guy a try?

And he is also very powerful, despite his small size. If I really want to shoot, I will find Shuyuanwww w. zhaoshuyuan.com I'm afraid half of your head is gone. "

After Efit heard Azhe introduce these pistols, not only was he not nervous, but he became more mocking.

"How could I not know about the latest miniature pistol developed by the United States? You still need to introduce it to me.

If you really have the guts, you can shoot me in the forehead and give me a happy ending. Since I have chosen to take this path, it means that I have nothing to worry about and I am not afraid. I will be ready at any time. May be fatal. "

Mr. Norman Karim saw that the two of them were already taking action here, and were even about to shoot. Not only was he not nervous, but he was watching the fun.

"You don't think I dare not take action, do you?"

"With Mr. Norman Karim here, I'm afraid even if I lend you some courage, you won't dare to take action easily. Your boss didn't even say anything, but if you act casually, then you are really seeking death.

Mr. Norman Karim still needs me to have a lot of use value. It is impossible for him to kill me. How could he be willing to kill me?

I would rather kill Hassan to make me happy, but he won't let you do it.

However, this might not necessarily be the case if I changed to Dongchao today.

After all, Qin Yuan is the talent he really wants to get. I have never denied this.

So the two of us should not say these useless words here now, because they are meaningless at all and we already know each other.

It is impossible for us to have any conflicts, so why make a big show here.

It's just for Mr. Norman Karim to laugh at. Put down this miniature pistol in your hand quickly. You are not tired after holding it for a long time. When I look at your arm, I feel some pain for you.
