

Special Soldier 2231

Chapter 2231 It's as expected

When Sophia heard Qin Yuan say this, he was a little worried.

"No way, Mr. Norman Karim has already said that Xiaolan's affairs must be kept secret. If you use him to threaten Efit, I'm afraid Mr. Norman Karim won't be happy if he finds out."

"Then just don't let him know. Originally, this matter was caused by Efit himself. Everything we are doing now is just to deal with the aftermath for him.

I think a smart person like him should be well aware of these things, so you don't have to worry too much. "

"So that's it, okay Qin Yuan, since you think it's okay, I won't advise you."

"Go and tell Azhe now to stop him from feeling so guilty. Now is the time for us to be reasonable."

"Ok, I see."

After listening to Qin Yuan's words, Sophia conveyed to Azhe exactly what Qin Yuan said.

"Qin Yuan is really a careful and courageous person. I can't compare with him, and we are far behind."

"You can't say that. Do you think his idea is reliable?"

"To deal with a shameless person like Efit, we don't have to think too much. We can just use the most primitive method, just threaten him like Qin Yuan said."

"Well, now that you two have put together a united front, I won't say anything else."

Azhe also knew the seriousness of this matter, and he did not dare to hesitate any longer. He stepped on the accelerator and drove frantically to the hiding place.

As soon as Azhe arrived at the place where the hostages were hiding, he found a car parked outside. If nothing else happened, this car must have been driven by Efit.

"Qin Yuan really met him right."

Azhe was afraid that he wouldn't be able to deal with someone like Efit. Recalling that Qin Yuan often fought against Efit in Country H, he must know this person very well.

So, he took out a miniature earphone from the passenger drawer and placed it on his eardrum.

"This way no one will find out."

As Zheyang said this, he quietly dialed Qin Yuan's phone number.

"How's it going? Azhe, what I expected was right."

"Qin Yuan, I'm really impressed by you. You can be regarded as a guy who knows things like a god. I haven't gone in yet. I parked outside and discovered that there is a car here."

"It must be Efit, you don't even have to guess."

Azhe said as he quietly opened the door and got out of the car. Then he put the pistol in his pocket, turned around and walked to the front of the car, and then touched the hood of the car with his hand.

"The hood of this car is quite hot. It seems that he just arrived here not long ago."

"Azhe, don't panic, even if you know he is a cruel guy, don't be afraid.

If he comes alone, don't worry. The three of you can't deal with him alone. You should have some skills. "

"The people who follow Mr. Norman Karim have all learned some close combat skills. If they didn't have a few blows on their bodies, I'm afraid they would have been slashed by others countless times."

"I feel relieved when you say that. Don't worry about so much for now. Just go and see what this guy Effit wants to do."

"It seems that he did not come alone. He will definitely bring someone here. Since he can find this place, it means that Mr. Norman Karim pointed him and asked him to come here."

"That's true. If Mr. Norman Karim hadn't told him in advance, he wouldn't have been able to find this place. It seems that the transfer of the hostages has something to do with Mr. Norman Karim."

"You mean Effit is here to transfer the hostages, isn't he here to arrest them?"

"The fact that he found this place means that Mr. Norman Karim meant all this."

Mr. Norman Karim believes that these two people are still valuable and will not harm them for the time being. Perhaps he also wants to take this opportunity to see if Effit can withstand the test.

Anyway, these two people are not of much use. Old K doesn't know about this matter. Mr. Norman Karim probably wanted to test whether he had caught a mouse and put it in the rice vat. "

"You are still smart, so I have nothing to say, so let's just think about it for the time being. If there is any other way, I will go in and take a look."

"Let's keep in touch at all times."

"Hmm, to be honest, with Qin Yuan here, I actually feel a lot more at ease, and I am not as afraid and frightened as before. Now that I think about it, am I a coward? I have been around for so many years and still need your protection."

"Fear is human nature, it means you can protect yourself well."

It's nothing, don't worry, I'll always be by your side. If you don't know what to do, just listen to me. I'm an expert in dealing with Efit. "

Azhe walked into this secret room while keeping in touch with Qin Yuan. As soon as he opened the door, the people in the room immediately became alert.

"Oh, the fish really took the bait."

"Efit, it seems that I met you right. It's really you. What are you doing here? Do you know that this is a secret place."

"Of course I know this is a secret place, but do you know why I found this place? Don't you want to ask why?"

"I know you want to show off. Mr. Norman Karim told you this. What a coincidence. Akun and Amin are also here."

Qin Yuan heard Azhe say through the communicator that Akun and Amin were also here.

He knew that all this was carefully planned and arranged by the other party. It seemed that they had all fallen into other people's schemes.

"Azhe, it seems that Mr. Norman Karim really meant it. Please be careful."

Therefore, Azhe did not show any timidity when he was next to him. He knew that in this confrontation, it was like a fight between two cats. Whoever gets timid first would lose.

"Efit, I don't want to talk nonsense to you. Just tell me why you came here."

"It was Mr. Norman Karim who asked me to come here. He said it was not safe for the two hostages to stay here and asked me to help them move to a new place."

"Why move to a new place? Does Mr. Norman Karim think that they are not safe under my protection?"

A Kun and A Ming usually have a good relationship with Azhe. Although they joined the group later, Azhe still takes good care of them.

Akun said from the side.

"Azhe, I know that you have always been responsible for this matter, and now that someone has suddenly changed, you must be unhappy.

However, this is Mr. Noman Karim's decision. If you have any questions, you can ask him directly.

The two of us also followed Mr. Norman Karim's notification. Otherwise, how do you think we would dare to come to such a secret place? "

"Efit, you have just joined the group and you have gained the trust of Mr. Norman Karim. Tell me, what is your purpose? Why are you pretending to join our group?"

"Azhe, you can't be too unethical.

When did I pretend to join the group? I had already betrayed Old K. It was impossible for him to forgive me, so I had already blocked my way out. That was why Mr. Norman Karim Trust me so much. "

"Then why did you come here to find these two hostages?

They are the targets that Old K from the United States is looking for. These two arms experts are very important. You don't want to take the opportunity to take them back to Old K, and then take advantage of them. "

"Azhe, I see that you have such a rich imagination, it would be a pity not to write novels. Who taught you these words? Did Qin Yuan give it to you?"

"Don't involve other people in this matter. What relationship can Qin Yuan and I have?"

"It seems that you have been helping Mr. Norman Karim handle these matters for some time. You are not familiar with Qin Yuan, but you can be considered an acquaintance.

Maybe you two made some private deal? Otherwise, why do you think Mr. Norman Karim suddenly wanted to change places for these two people? "

"Efit, I advise you not to sow discord here. I have been following Mr. Norman Karim for more than ten years. How could he believe these nonsense you said?"

"Then what's going to happen? I've been following Old K for more than twenty years, and I've always betrayed him."

After hearing this, Azhe sneered from the side and said.

"Efit, for a shameless villain like you, please stop treating everyone else as you think, okay?"

"What did you say? Don't make personal attacks.

Forget it, I don't want to talk nonsense to you. Today I brought A Kun and A Ming here to move them. I'm going to take them two away now. Do you have any other opinions? "

"Aren't you talking nonsense? Of course I have an opinion."

As Azhe said this, he stood in front of Professor Fang De and blocked Efit from the two students.

"what do you mean?"

"I have always been watching these two people, and I should be responsible for them.

So far, Qin Yuan has not found any trace of them. What do you mean by taking them away now? Do you want to seize power? You were so restless when you first joined the group and wanted to take my place.

Efit, I'm telling you, don't be too wild.

Even if Mr. Norman Karim thinks you are very useful, there is no way you can replace me. It took me more than ten years to gain his complete trust. Who are you? Why should you replace me? ? "

"Azhe, can you stop being so excited?

I never said I wanted to replace you. All this is Mr. Norman Karim's decision and has nothing to do with me.

It's better to do this. If you are not convinced, tell him in person that the phone number is here. "

"Efit, you don't need to use Mr. Norman Karim to pressure me. The two of us are just discussing the matter. I think you are really restless. Do you know that something has happened to Xiaolan?"

After hearing what Azhe said, Efit had no reaction at all on his face. Instead, he pretended to be innocent.

"Xiaolan? Who is Xiaolan? I've never heard of her. If you're talking about Sophia, I've heard of her. She has a good figure."

As Efit said, there was a provocative expression in his eyes. When Azhe saw him like this, he knew why Qin Yuan hated this guy so much. He really deserved a beating.

"Don't look at me with such a provocative expression, you should know who Xiaolan is better than anyone else.

Hasn't he been helping you for so many years? Let me help you find out about Mr. Norman Karim. Why do you think Xiaolan is useless now that you have joined the group, so are you ready to get rid of him?

Did you know that he is currently being rescued? "

Efit had already made sure that his approach would never go wrong this time, so no matter what Azhe said, he could still pretend to be innocent.

"Azhe, I really don't know who this Xiaolan you are talking about is, and you said you were trying to find out information for me. I think you are trying to inflict a crime."

As Efit said, he walked up to Azhe and patted his shoulder, and then said casually.

"Azhe, although we may have had some misunderstandings before, and you also had a lot of bad impressions of me, since I joined the group, everyone has laughed it off.

Mr. Norman Karim can accept me regardless of past grudges, so why do you reject me so much?

Oh, I know, you must be worried that I will take your place. Don't worry, I won't!

The two of us can serve as Mr. Norman Karim's right-hand man and work together to help him and make our group bigger and stronger, so why should we compete with each other? This is not interesting. "

"Stop talking nonsense to me here. I don't want to explain so much to you. I can tell you directly that you don't want to take these two people away today. I am responsible for them, and I must be responsible. In the end, That's it."

Efit looked at Azhe's tough attitude, and his face suddenly darkened.

"Azhe, don't toast me and you'll be fined if you don't eat."

"I'm so sorry, I don't like drinking."

"It seems like you can't even get down the stairs?"

"If you have anything to say, you can say it directly, but don't think that I am easy to bully. Don't think of taking these two away today. I am here to protect them. Even if there is any mistake, I can be responsible for it alone."

"Are you responsible? I'm afraid that if you continue to protect these two people, they will follow Qin Yuan back to Country H."

Efit just said these words, which made Azhe suddenly break into a cold sweat. It seemed that Xiaolan might have discovered all this a long time ago, and then he told Efit.

"Efit, what do you mean by this? Don't spit on others here!"

Chapter 2232 Don't like the feeling of being doubted

At this moment, even though Qin Yuan was so far away, he could feel Azhe's nervousness from the voice and status on the phone.

"Azhe, this guy is basically trying to blow you up. Don't be fooled. Don't admit anything until there is substantive evidence."

Azhe heard Qin Yuan's words and thought of Sophia. Even for Sophia, he could never worry or be afraid of exposing his fear.

So Azhe smiled and looked at Efit calmly.

"I don't understand what you mean by that?"

"What don't you understand? In fact, you have been working with Qin Yuan for a long time. Don't think that I don't know. If I know, do you think Mr. Norman Karim will know?"

"Whether Mr. Norman Karim knows or not has nothing to do with me. I won't admit anything I haven't done, no matter how much you say, it will be useless."

Efit is also a very cunning person. He originally thought that if he said these words first to make Azhe feel nervous, the other party would make mistakes, and he could take away the two people.

"You can't take away these two students, Professor Fang De, this is my mission, no one can take them away.

Even if you want to stand out in the group, you shouldn't take advantage of me. I am the veteran around Mr. Norman Karim.

I have been following him for so many years. My position cannot be easily replaced by you. Efit, just give up. You couldn't defeat Qin Yuan in country H, and you can't defeat me here. "

After Azhe said these words, he was giving himself some courage in disguise.

Otherwise, he really didn't know what to do, and he was also afraid that his guilty conscience would be seen by others, but Efite was not a fool.

After all, after so many years in the arena, I still have a good eye for observing people.

He also immediately noticed Azhe's nervousness, and wanted to take this opportunity to question Azhe again, if he could really prove the relationship between Azhe and Qin Yuan.

Then, the position of the assistant next to Mr. Norman Karim can be completely his own, and he can have a stable position in the group, which is really a good thing.

"Azhe, although you don't admit it yourself, I can already tell from your nervousness just now. You have nothing to feel guilty about."

"Efite, I've already told you, don't rant here. Qin Yuan and I do know each other, but the kind of relationship you said does not exist. Where did you hear this rumor? "Did Jason tell you?"

Akun and Amin heard this, and the other party had begun to doubt Jason, and the two of them quickly explained.

"Azhe, please don't misunderstand me."

"If there is any misunderstanding, it must be that Jason joined the group and gave Mr. Norman Karim a certificate of nomination."

"Although Jason has decided to join Mr. Norman Karim's group, it is absolutely impossible for him to say bad things about Qin Yuan. Didn't Mr. Norman Karim also agree?"

We can accept Jason's sincere defection and respect his own willingness to keep secrets for Qin Yuan.

On the contrary, I admire him very much. How could I force him to question him?

Jason is not that kind of person. Even if he makes his own choice, he will never betray Qin Yuan. "

After Qin Yuan heard A Kun and A Ming's words through the earphones, he also felt it and was very relieved.

"I believe Jason will not do this. Although he has made his own choice, it does not matter. I also respect his choice. We may be enemies when we meet again in the future.

However, now he will never do such a thing that goes against his promise. I believe in his character, and I also believe in my own vision of people. "

When Sophia heard what Qin Yuan said, he didn't quite agree.

"Qin Yuan, I think you are a little too optimistic. You can believe Jason unconditionally, but Azhe cannot believe it unconditionally. Don't forget Jason, Azhe and Effit. It's all a competitive relationship."

"Sofia, everyone sees things differently from different angles."

"Qin Yuan, there is no need for you to preach to me here in a roundabout way.

I know very well the ins and outs of this matter. What is going on?

You can trust Jason, but I absolutely cannot. No matter what happens, I will definitely stand by Azhe unconditionally. There is no doubt about it. "

"Okay, we should have more respect for each other, but let's stop this matter.

I mainly want to tell Azhe not to be so nervous. Effit is not an easy guy to deal with. You must let him control his heart and don't be deceived by him. "

Azhe heard the conversation between Qin Yuan and Sophia, and he was able to temporarily ease his mood.

"Efit, I advise you to go back quickly, don't make me angry."

"The task assigned to me by the boss has not been completed yet. How can I face Mr. Norman Karim when I go back in disgrace?"

I failed at the first task he gave me, and I had no shame in staying. "

"That's your business. If you have nothing to do with me, you can only blame yourself for not having the ability."

The two students, Professor Fang De, remained silent because they had already given up on the idea of escaping, and they did not know that Qin Yuan had come to save them.

Then, Azhe turned around and spoke to the two students, Professor Fang De.

"I'm sorry, the two experts have really worked hard for you to let you witness such a thing, but you can rest assured that as long as I am here, no one can harm you."

"It doesn't matter to the two of us now. Since neither of us can leave, it doesn't matter who goes with you."

"You two, don't have such thoughts of giving up on yourself."

"We have already told Mr. Norman Kalim that if he wants us to help him research arms, this is impossible.

First of all, this has violated our moral standards of borderless personnel, because when we were learning these things, we had already promised Teacher Fang that we would never do such a thing that would violate world peace.

Secondly, the two of us do not have this ability. In the absence of Professor Fang De, the two of us are not capable of developing any high-tech munitions.

The real core data are all in the hands of Professor Fang De.

It's useless for you to keep us under house arrest like this. Professor Fang De no longer knows where to go.

Fortunately, Teacher Fang was not caught by you, otherwise he would not be able to withstand your torture at his age. "

Azhe smiled and turned around to look at Efit.

"I just told two experts that these words are just to let you clearly understand a truth."

"You just want to tell me that these two experts have no research qualifications and are just relying on Professor Fang De's reputation, right?"

"Efit, since you are so smart, you should know such things.

Generally speaking, there is nothing to consider. If you don't believe it, you can ask Mr. Norman Karim in person. If the two of them were really capable, they wouldn't be locked up here. "

"Don't you suspect that I came here specifically to kill them two?"

"Is not it?"

"Yes, the two of us know this guy. His name is Efit. When he was in the United States, Old K was always interested in Professor Fang De's research, but Professor Fang always refused and never agreed, because Professor Fang knew that if What will be the consequences of these high-tech arms research falling into the hands of Old K?"

"I say to you two experts and scholars, what you have said is in the past, and people will change.

I no longer work for the old K Group. I have joined Mr. Norman Karim's camp. I came here to pick you two up today. Why don't you believe what I say? "

"Effit, you seem to be a guy who always tells lies. How can we believe what you say?"

"Azhe, I think it's going to be dawn soon, and I don't want to waste time with you here. You should quickly call Mr. Norman Karim in person."

"You took the initiative to provoke me today. Why do you want me to disturb Mr. Norman Karim personally?"

"I think you should explain the relationship between you and Qin Yuan, otherwise Mr. Norman Karim will not be relieved.

It might be more appropriate for you to call him in person and explain to him. I am doing this for your own good, if you still want to keep your current position. "

When Qin Yuan heard the confrontation between the two of them, he thought to himself that the current situation was nothing more than a dog-eat-dog fight between the two of them, and the worst result would be that both sides were at odds with each other.

"Qin Yuan, what do you think we should do now? Azhe has been in trouble with this guy. Shouldn't we help him find a way?"

"Sophia, don't worry. I've already told you about this kind of thing. If you have any ideas, you can say it directly. It won't end up like this.

And I have already promised you that I can guarantee that Azhe will not have any problems. What Efit is doing now is just to show that he wants to cause trouble when he has just joined the group.

As long as Azhe insists that he has no relationship with me, Mr. Norman Karim will not do anything to him without substantial evidence.

If you are really scared, go to Mr. Norman Karim and surrender now, and tell him clearly the cause and effect of all this. Do you think he will choose to forgive you, or will he choose to deal with both of you? "

Sophia was speechless by Qin Yuan.

At this time, Azhe thought that he should take the initiative to tell Mr. Norman Karim, otherwise it would directly appear that he was guilty of committing a crime.

He took out his normal mobile phone and dialed Mr. Noman Karim's number.

Mr. Noman Karim's phone was found to be on a call.

When Efit saw this situation, he seemed to be muttering to himself.

"Okay, I know."

Azhe then discovered that this guy had been wearing invisible headphones and was communicating with some people.

If nothing else happens, it should be Mr. Norman Karim. It seems that Mr. Norman Karim's instructions for Effit's coming here today are entirely his.

"Here you go, explain it to Mr. Norman Karim yourself."

When Azhe saw the mobile phone handed over by Effit, he was mentally prepared. He didn't panic now, but was particularly calm.

Fortunately, I didn't say anything inappropriate just now, otherwise I might have fallen into a trap today.

"Hello, Mr. Norman Karim."

"Azhe, please don't mind that what happened just now was just a small test for you. Now that you have passed the test, it may be better for everyone."

"Mr. Norman Karim, do you not believe me?"

If you really have doubts about me, you can give these two people to Effit to take away. The reason why I refused to let him take them away just now is simply because I was afraid that he might take this opportunity to cause trouble.

This will cause us a lot of damage, but now that I know that these things are instigated by you, there is no need for me to stop it.

Okay, now I want to ask for advice. Do you want Effit to take these two people away, or do you want to keep them here? "

Mr. Norman Karim also heard Azhe's tone and was a little angry.

"Ah Zhe, as the saying goes, true gold is not afraid of fire. You have been in the group for so many years. I have always trusted you and I have never had any doubts."

"Then why did you use this method to test me this time? Could it be that you really listened to this villain Efit?"

"Tch...who is the villain?"

Azhe heard Efit talking to himself relentlessly beside him. After saying this, Azhe directly refuted it.

"Efit, it seems that you are really a shameless villain. It doesn't matter if you want to join the group and make contributions yourself. Why do you have to drag others down? By doing this, it seems that I have been making things difficult for you. Same."

"Azhe, please stop talking about Efit. This matter was also approved by me. If you really have any complaints, I will apologize to you personally when you come back."

"Mr. Norman Karim, you are really joking. Even if I have the courage, I don't dare to ask you to apologize to me. It's just that I don't like this feeling of not being trusted.

So be it, I will quit willingly and let Effit take these two experts away.

Otherwise, something will happen one day, and I can't afford such responsibility. If you have no questions, I will leave now.

So many people are here to bear witness for me. Whatever happens to the two of them in the future has nothing to do with me. Efit will be responsible for it. "

Chapter 2233 It's over, the receiver has become his mortal enemy

Azhe's words made Mr. Norman Karim feel that the boy beside him whom he had ignored for such a long time had grown up and was not so easy to be manipulated by him.

This is where Mr. Norman Karim really felt the crisis.

"Azhe, I don't want to say too much about you. Your current attitude is really too negative. I think you need to weigh it yourself. Is this the attitude you should have when talking to me?

You can be dissatisfied, but please pay attention to your own mentality.

If you really think that Efit has threatened your status, then I think you are still a little bit presumptuous. I need people around me who know how to advance and retreat. "

When Azhe heard Mr. Norman Karim's serious attitude, he realized that he was indeed a little panicked. Perhaps he should listen to Qin Yuan's words. At such a critical time, he must not mess up his position first.

"I'm sorry, Mr. Norman Karim, you also know what kind of relationship Efit had with us. Suddenly he changed his camp and identity. I can't accept it.

I need some time to clearly feel that we are no longer hostile camps.

Maybe I had an unconscious muscle memory of him, and as soon as I saw him, I felt the urge to hit him. "

Efit heard what Azhe said next to you, and he smiled awkwardly.

"Don't be playful with me. I am discussing a very serious matter now. I hope that Mr. Norman Karim will decide who is more suitable to take care of these two experts."

Qin Yuan heard Azhe's tone from the side, and he could also feel Azhe's anger and helplessness, but he was still very worried. Mr. Norman Karim made such a fuss today, and he was obviously suspicious of Azhe. .

Moreover, he also wanted to test whether Effit could conduct the test at the expense of the lives of these two people. This is enough to show that these two experts have little value in the heart of Mr. Norman Karim.

The reason why they are unwilling to let them go now is simply that they are unwilling to accept that these two people have no value, and still want to wait and see.

"Azhe, Mr. Norman Karim is not easy to get in touch with. I advise you to calm down first and don't force him with such an attitude."

Azhe heard Qin Yuan's words, but he didn't take it seriously.

Effit secretly rejoiced in his heart. He felt that if these two people could be successfully taken away by him, it would mean that the other party had completely trusted him.

"Azhe, I know what you are saying now is out of anger. If you want to hand over these two arms experts to me, I won't mind."

"Oh, is it so?"

"Yes."

"You have already taken the initiative to come to our door today. If I forcefully keep these two people by my side, it may not be a good result."

"Well, it's useless for us to talk too much now. Let's just ask Mr. Norman Karim for his opinion and see which one of us he thinks is more suitable to do this. I believe him. If you have a sharp eye, you will never choose the wrong person."

The two of them were pushing each other and competing with each other. Mr. Norman Karim could also feel this atmosphere, but fortunately he had plenty of time now.

"I say you two, don't be so impulsive. Since you don't want the management rights of these two arms experts, then just send them back. I will take care of them myself. Anyway, I have plenty of time now."

Qin Yuan thought that if Mr. Norman Karim managed these two people personally, then his chances of taking these two people away would be even slimmer.

no! Absolutely not.

"Azhe, it's obvious that Mr. Norman Karim is a little angry now. You should quickly say something to comfort him, otherwise the deal between us will completely fall through."

When Azhe heard what Qin Yuan said, he knew very well that no matter what decision he made, it would not affect the overall plan, so he had nothing to say now. The key was whether there was a better way to solve the problem. These are difficult questions.

At this time, one of the arms experts said.

"Since Mr. Norman Karim already knows that the two of us have no use value, why doesn't he let us go? What's the point of forcing us to stay here?"

"Mr. Norman Karim has his reasons for doing things. Besides, letting you stay here does not hurt you. On the contrary, he is very polite to you. He never lacks food and clothing and treats you well."

"No matter how good the housing and living conditions are, there is no way to make up for the pain of being under house arrest."

When Mr. Norman Karim heard the two of them talking, he sympathized with them. In fact, this may be because ordinary people are not guilty and are guilty of carrying a treasure.

After watching for a long time, Sophia found that there was no result. He was now very worried about Azhe.

"Qin Yuan, I can already feel that Mr. Norman Karim is very angry. You should quickly find a way to save Azhe."

"Sophia, you know I can't make the final decision on these things. The problem now is more serious. Whether Azhe can handle it well depends entirely on his luck.

Who do you think can deceive a man as shrewd as Mr. Norman Karim?

So, you don't have to think too much about these things now. Unless he figures it out himself, anything we say will be useless. "

Sophia quickly said next to her.

"Azhe, for our sake, you should quickly find an opportunity to apologize to Mr. Norman Karim. Anyway, these two people must not be taken away by that guy Efit. When the time comes, Qin Yuan will not make a deal with us, and we will A great opportunity was lost."

"Am I that important to you two?"

"Qin Yuan, we know that you are a very capable person, able to gain the trust of your Chief of Staff Fan Tianlei in the special forces, and come all the way to come to us to complete the mission.

It is enough to show that you are a very powerful person with great potential. If we don't even believe in people like you, then who can we believe? "

"Sofia, please stop saying such funny things, okay? Anyway, the situation is already obvious now. If there is any problem, we have to deal with it slowly. It is better than being stubborn like now."

"Of course I can understand the importance of this matter, but what should I do in the future?"

"Let's talk about the future things slowly later.

Anyway, these things are not so simple for you to handle now.

Mr. Norman Karim has not yet given a definite result, which is enough to show that he should also be hesitant about who would be more suitable to manage these two arms experts.

Since he hesitated, it meant that he no longer believed in Azhe that much.

Perhaps, I think you should find the reason why Efit is there. Maybe he said something in front of Mr. Norman Karim, and he will suspect that you are cooperating with me.

Therefore, you must not try to hide any secrets in front of an old fox? He has been ups and downs in the world for so long these years. Do you really think that all of this has been in vain? "

After listening to Qin Yuan's words, Sophia nodded slowly.

After thinking for a long time, Mr. Norman Karim smiled and said.

"Azhe, I am making this decision now. I hope you will not misunderstand me."

"How dare I doubt my boss's decision?"

"This is not a suspicion, I just hope you don't misunderstand me. Anyway, you have been with me for so many years. We are not just a superior-subordinate relationship.

So for a sentence that you may not believe, or even a little hypocritical, I already treat you as my own child. "

"I always remember Mr. Norman Karim's great kindness to me. How dare I doubt what you say? It doesn't matter. I will support and have no doubts about any decision you make. "

"Well, since you two said so, I have decided to let Effit take over these two arms experts now. Azhe, please don't interfere."

When Qin Yuan heard this decision, he was not surprised, but felt a little disappointed.

After finally getting a few clues, he thought he was about to succeed, but he didn't expect that he was about to fall short.

Effit is a very cunning guy. If he is allowed to hide someone, the probability of finding him will be even smaller.

"So that's it, well, I have nothing to say.

Since you have all agreed, let this matter be handled according to the current method. I have no objection, but in general, I still hope that you can make good arrangements for these two arms experts.

Although it is of no use to us for the time being, I think if it is disposed of like this, it may definitely be a loss for us.

After all, they have followed Professor Fang De for so long and are Professor Fang De's second direct disciple. "

When Efit heard Azhe say this, he understood that this guy must be evil-minded.

I want to use this kind of persuasion method to persuade Mr. Norman Karim to change his mind.

"I told you not to act here. We have told you people many times that neither of us has had any contact with Professor Fang De's research. We are just helping him.

Rather than locking us two here like this, it would be better to kill them directly. There is no point in our lives anyway. "

Effit heard these two experts say this, and he walked up to the two men triumphantly.

"I really didn't expect that we would meet here again. It seems that we really meet each other through mountains and rivers."

"Who wants to see you here? If Mr. Norman Karim hadn't been controlling us both, we would have committed suicide long ago."

"Don't commit suicide. Your teacher is in jail so far. Don't you want to find a way to save the teacher?"

"Professor Fang, he has such valuable arms expertise, I believe no one in this world can be willing to do anything excessive to him."

"It seems that you two guys are really smart, but knowing these ways is still quite useful, so I would like to advise you not to have any evil thoughts while I am taking over you."

Mr. Norman Karim personally gave me the order. If there is any dispute between you two, I am afraid I will have to pay for it with my own life. "

"Really? That would be great if that's the case."

If the two of us die and can be replaced by someone like you, it will be a good deal to bring another scourge to this world forever.

Since we can't do anything that contributes to this world, getting rid of such a scourge like you can be regarded as a life worth living. "

Qin Yuan actually felt quite uneasy when he heard the two of them say this.

But then I thought about it, Efit is not an ordinary person, he must be able to protect these two hostages, because Efit knows how important these two arms experts are to Qin Yuan.

"Well, Mr. Norman Karim has already made a decision, so I have nothing to say. From now on, these two arms experts will be left to you."

"Of course, since Mr. Norman Karim is here to testify for us, you don't need me to provide you with any written proof to record what happened in black and white."

"That's not necessary, because I'm not interested at all, but in that case, I won't say anything."

"Anyway, you have nothing to explain, but the current situation is indeed not optimistic."

I advise you to think carefully and don't do anything that disappoints everyone again at such a critical time. You two, come with me.

I have already arranged the specific place for you. It will definitely not be worse than here, and maybe it will be better than this. "

"That's fine, I can go with whoever I want."

At this moment, Azhe suddenly realized that Mr. Norman Karim seemed to have already decided to move these two people. Although he had many houses, it was indeed not easy to make such a decision in a short time. .

Perhaps Mr. Norman Karim no longer believed in himself, and Azhe had to quickly review it in his mind.

Over the years, the experience of following Mr. Norman Karim told him that this matter must not be simple, but now he no longer knows how to explain it to Qin Yuan.

Both of them have decided to make a deal. Now that their bargaining chips are gone, they may not be able to get the money. This is what worries Azhe the most.

"We have already discussed everything, so don't waste time here. The two arms experts can come with me.

Azhe, if nothing happens, you should hurry back to the Central Hospital. Hassan still needs you very much. This is why Mr. Norman Karim asked me to take over these two people. I hope you can spare more time. Focus on Hassan's affairs. "

Chapter 2234 The hostage is lost and the deal falls through

In fact, after Mr. Norman Karim said these words, Azhe knew that something was wrong.

"Mr. Norman Karim, it seems you still don't believe me."

"Azhe, please don't say such things in front of me. You have been with me for so many years. Why shouldn't I believe you? There is no need for us to say this between the two of us, and I don't think there is any need to talk to me. You explain."

"Yes, you have already decided this matter, why do you have to explain it to me?"

Who am I to ask you to explain to me your motives for doing this? But in my opinion, this is a sign of distrust.

Do you think I am not as good as Efit?

We know very well what kind of person he is. If you just hand over two arms experts to him, I think this is a very failed decision. "

Azhe has been on the phone with Qin Yuan, and now he is a little panicked.

Because, what he knew more clearly in his heart was that once these two arms experts completely disappeared, it would mean that the deal between him and Qin Yuan would completely fall through, and he would lose a lot of money, which was exactly what he wanted. It was something he desperately needed.

"I see that I am completely panicked now. If he talks to Mr. Norman Karim like this, it will arouse the other party's suspicion. It's better to let him put this matter aside quickly and let fate happen.

It should be impossible to change Mr. Noman Karim's decision. It is not good for all of us that he is so persistent. "

Sophia nodded silently when she heard Qin Yuan's words.

"Qin Yuan, we have the same idea on this point, but we just didn't take Azhe's thoughts into consideration. The reason why he was so panicked was because he didn't want us to miss this great opportunity."

"Is he afraid that he won't get the money?"

"Can you please stop thinking that others are so greedy for money? This has nothing to do with money."

When Qin Yuan heard what Sophia said, he sneered beside him.

"It doesn't have much to do with money?"

Sophia, don't be too funny. I see all these things, and I'm not a fool. Do I believe everything you say? Do you think I look like a three-year-old child? "

"Qin Yuan, in fact, no matter what you say, I am fully aware of this matter in my heart, and I understand the difficulties and pain of all of us.

I understand better how much pressure Azhe has to endure, so I don't think you should force him to do this.

Now that we have reached this point, let's continue in this direction. Azhe must gain the trust of Mr. Norman Karim. This is the common goal between the two of us.

If you are dissatisfied with anything, you can tell me directly and I will explain it to you again after communicating with Azhe.

However, if you have always been worried, then I can only say that this matter is really not worth the gain for us.

Azhe also paid a lot, and it was not just a matter of money.

We both hope to take this opportunity to take these two arms experts away with you. First of all, he is of no use to us.

Letting you take it away is the best of both worlds. Why don't you believe us? As for asking for some money from your pocket, this is just a casual act. "

Qin Yuan and Sophia were arguing for a long time. Azhe wanted to gain his rights and stopped Efite from taking these two people away.

"Azhe, you have heard what Mr. Norman Karim said. In this case, please stop being so persistent. I don't think there is much point in persisting.

You should quickly pack up and leave, and then let me take these two people away with other things. I don't want to argue with you so much, just like what you just said.

In fact, isn't it a very good idea to let me take it away?

If something happens in the future, I can take responsibility for it myself, and you can pick it off cleanly, so there is nothing to worry about.

If I were you, I would definitely turn around and leave, as far away from this matter as possible, to prevent myself from doing anything bad again and being caught by others. "

Azhe looked at the guy he hated the most, looking triumphant next to him, and he felt very uncomfortable now.

"Efit, don't show off your power in front of me. If Mr. Norman Karim has a little trust in you, you can do whatever you want."

Efit looked at Azhe's tense look, and he was actually very happy, because he knew that the reason why Azhe did this was entirely because he panicked.

Immediately afterwards, Efit walked up to Azhe, put his arm on his shoulder, and patted him twice.

Ah Zhe was furious now. He turned his body vigorously and tried his best to get away from this guy's intimate movements.

"I think it's better to keep a little distance between people. We're not very familiar with each other, so don't hang around here. I'm not used to it."

"You will get used to it gradually. There will be many opportunities for us to work together in the future. It doesn't matter. Azhe, don't mind. This time I stole your limelight.

It's all Mr. Norman Karim's decision. You just heard it. This is what he said personally. I hope you don't take this opportunity to hate me. "

"snort....."

Akun and Amin saw the relationship between Azhe and Efit, and they were also worried about Jason.

"Aren't you two following Jason's brothers?

Why are you inexplicably colluding with this guy? That's right. You have already betrayed Jason once. If you betray him again, it won't matter a second time.

Now you can clearly see that among the entire group, Effit's status has far surpassed Jason's.

Mr. Norman Karim's attitude towards him can prove all this, but I have nothing to say, I just think you two are very sad. "

When A Kun and A Ming heard this, their faces didn't look good either.

"Azhe, you can say whatever you want. In fact, the relationship between us and Jason is unbreakable. Since this is the case, we can only accept it happily.

Including what you have experienced today, they are all what we should face. You must not be dissatisfied in any way.

Effit did go a little too far. He should not have taken away your mission. We deeply understand that mission represents everything in the entire group.

Mr. Norman Karim's transfer of this task to others is a sign of distrust for you. It is normal for you to feel uncomfortable and angry, and we can understand it.

However, I hope you will not take out your dissatisfaction and anger on us. Both of us are innocent.

Having been in the group for so long, Mr. Noman Karim has never asked us to do anything because we have not gained his trust. "

Qin Yuan heard their conversation and suddenly thought of a very good idea.

"Azhe, it is an indisputable fact that Efit has taken these two arms experts away again, and there is nothing you can do to change this situation.

In this case, we will change the plan and you will delay for a while.

Then, send me your specific location, and I will find a car to follow Efit secretly, and you will have nothing to do with this matter.

I know you will definitely hesitate in your heart. I can assure you that as long as I can successfully take away two people through this method, I will also give you the money without missing a penny.
"

This sounds like a very good idea to Sofia. They can get rid of their own suspicions and get money at the same time.

So, he quickly advised Ah Zhe from the side.

"I think this copying idea is very good. Let's do what he said. You can delay the time and send the specific location to Qin Yuan.

After he prepares everything, you can let Efit leave and let Qin Yuan follow him secretly. All this will have nothing to do with us, and you can also get the money.

Qin Yuan's idea is really good, he is a very smart person.

We should listen to his arrangements. If you want to get money smoothly without harming your own interests, this will be the optimal solution for us. "

Azhe is now with Efit, and he has no way to give Qin Yuan an answer.

"Efit, you just said that you have chosen a new place to hide these two people. I advise you, Qin Yuan is a very cunning guy. You'd better find a more hidden place. Don't be caught. Qin Yuan found out.

Otherwise, I think all you have done is in vain. You were no match for Qin Yuan when you were in country H. You were fooled around by him, so why can't you have a longer memory? "

Efit seems to have an allergic reaction to Qin Yuan. Whenever Qin Yuan is mentioned, he becomes extremely angry.

Originally, he greeted him with a smile, thinking that he had completely surpassed Azhe this time, and pushed him over. Who would have thought that Azhe's few words would anger him.

A Kun and A Ming couldn't help but chuckle when they saw this happening.

The person Efit was most afraid of mentioning was Qin Yuan, but all of this was of no use now because he had done it all by himself.

"Azhe, I see that you are really a guy who takes revenge. Don't you just hate me for taking your position? Why don't you humiliate me like this?

There is indeed some misunderstanding between Qin Yuan and me, but so what? That's all in the past, and you don't know what the two of us were like when we were in country H, so don't spread rumors! "

"Efit, I really don't know what the situation was like when you two were in country H, but you were able to leave Old K's organization in disgrace and join Mr. Norman Karim's territory like a pug. .

So do you feel you are a winner?

If it weren't for Qin Yuan, you would definitely occupy a good position in Old K's group now, and you wouldn't be begging in front of us like you are now, asking Mr. Norman Karim to give you a bite of food.

It doesn't matter, you can take these two people away. I am also a kind-hearted person, so I will give you a way to survive and a chance to express yourself.

I've heard a saying before, that is, if you drive a dog into an alley, you will be punished.

You should be in this state now. You have turned into a pug wagging its tail and begging for mercy. If I continue to be aggressive and deny you a way to survive, it will really be unjustifiable. "

Qin Yuan couldn't help laughing when he heard what Azhe said.

"Sofia, since when did Azhe start talking so irritatingly? If it were me, I would have been so angry with him long ago."

"It's not Azhe. He's talking a little too aggressively now. It's really Effet who's gone too far. What he did in front of Mr. Norman Karim was nothing more than not wanting to give others a way to survive.

Since he has forced us so much, it is normal for us to do anything. If it is strange, we can only blame him for doing things too ruthlessly.

Efite doesn't deserve this either, doesn't he?

Otherwise, I wouldn't have offended you. It was you who got it to where it is today. If he hadn't lost that batch of arms and couldn't go back to face old K, he wouldn't have rushed to join us. . "

Qin Yuan thought about it, maybe there really was some cause and effect relationship in this world, and yes, if he hadn't designed Efit to lose this batch of arms, he would never have come here.

"Azhe, in the final analysis, this matter is caused by cause and effect and no one can be blamed. But now that I have thought about it clearly, you just delay the time and find ways to send me the location.

Does Sophia know? If it's inconvenient for you, just ask Sophia to tell me the specific location. "

After Qin Yuan finished speaking, he looked back at Sophia with an evasive expression.

"Sofia, I know that the relationship between you and Azhe is extraordinary. Now we have to work together to do this. You must not be stupid. Although you want to hide it, I can see that you know it."

Sophia saw that Qin Yuan wanted to know the specific location of these two people, and he was embarrassed to lie.

"Qin Yuan, please stop forcing Azhe.

I know the specific locations of these two arms experts. Only three people in the entire group know the specific locations of these two arms experts. Apart from Mr. Norman Karim and Azhe himself, I am the only one who knows the specific locations of these two arms experts.

Azhe, he is currently controlled by Efit and cannot send you messages.

I'll tell you where these two people are in a moment, and arrange a car for you. You can follow Azhe secretly and get away. "

When Qin Yuan heard what Sophia said, he could finally breathe a sigh of relief. It seemed that these two people were really cunning and kept a lot of things from him.

Chapter 2235 Efit, I'm teaching you my experience

Qin Yuan looked back at Sophia and asked seriously.

"I really don't understand what you two are thinking. Since you already know about this matter, why didn't you tell me in advance?

Am I so easily deceived in your eyes?

You all already have so much important information, wouldn't it be better to just come to me directly? Now that I have taken the initiative to ask you, you just told me. It seems that you really don't regard me as a good friend.

If this is the case, then I can only say that I feel like a failure. I regard you as a more trustworthy person. Even if you deceive An Ran again and again, I will forgive you.

But what you are doing now has completely damaged my trust in you. I am afraid that I will have the same attitude as An Ran in the future. No matter what you say, I may not believe you. "

Sophia looked at Qin Yuan's accusations against her, and he really had nothing to say.

But what he knew more clearly was that this matter was not something he could make alone. It was a decision made jointly by him and Azhe after discussion.

Qin Yuan looked at Sophia's aggrieved expression, and he was too embarrassed to blame her anymore.

"Okay, if this is the case, then I have nothing to say. Now I can only tell you to try to make up for the wrong things you have done."

Sophia nodded.

"Qin Yuan, I'm sorry. I know that no matter what I say now, I may not be able to calm your anger, but I also hope that you can forgive me and Azhe for hiding a little bit from you.

After all, we are also people who have been with Mr. Norman Karim for so many years. You should understand that we are walking on thin ice every day with fear.

Maybe you can understand that we must choose to hide this mentality from you. Of course, I can understand that we have done many things wrong.

However, I still hope you can understand a little bit about our two thoughts.

I can assure you that I didn't mean to deceive you. I originally wanted to tell you the truth, but Azhe said it might be better to hide it for the time being. As you know, we have always been cautious. Understand. "

"Sofia, you are really amazing. You can deceive others in such a high-level way."

After Qin Yuan finished speaking, Sophia didn't know how to answer.

He also knew very well that Qin Yuan was a very persistent person, and it would be useless no matter how much he explained. As long as he recognized his deception, the relationship between them might be in danger.

"Okay, Sophia, I don't want to say anything now.

Now that Mr. Norman Karim has made his own arrangements for this matter, the two hostages will soon be handed over to this unreliable guy Efit.

Therefore, I hope you can fully cooperate with me now and ask Azhe to find a way to delay time. No matter what, you can't let this guy Efit leave so easily now.

I have to hold him back until I find the car and arrive nearby before they leave. This will make it easier for me to follow Efit.

In this way, I can know where he hid the two students, Professor Fang De.

Didn't I tell you just now that as long as you can provide me with corresponding help and I successfully find these two people, I won't care so much about you two.

As if you were the one making the deal with me, the money will still be given to you. "

Azhe had already heard what Qin Yuan said in his earphones, and he could finally breathe a sigh of relief. What he really wanted was money.

"Efit, please don't be so excited. Since you have decided to take these two people away, let's have a good communication. Where do you plan to hide them?"

After Efit heard Azhe's words, he sneered from the side.

"Don't tell me these useless things here, you are just trying to trick me.

Now that Mr. Norman Karim is not watching the handover between the two of us, it means that you want to know more useful information to tell Qin Yuan. "

"Why should I tell Qin Yuan?"

To be honest, I'm really not familiar with him. I just want to give you some advice. You and Qin Yuan have known each other since we were in Daaishi Dynasty, and you were always bullied by him.

Therefore, I think you should be more careful with him, otherwise you will not be his opponent. This is your first task after coming to our group.

If the first mission fails, you will definitely not gain the trust of Mr. Norman Karim in the future.

According to my many years of experience with Mr. Norman Karim, the trust he gives you will be limited. If you are within his expectations and there is no way to complete the so-called task, you will never do it again. There will never be the same opportunity again. "

After Efit heard Azhe say this, he smiled beside him.

"It seems you came here to remind me with good intentions?"

"Of course, the two of us can be said to have just laughed away our grudges."

"Azhe, don't say these things to me. No matter how easy it is on the surface, I will never believe what you said easily. I took your position after I came to the group. How could you possibly believe it?" Are you happy?

You even smiled at me and let go of grudges. I'm afraid this wasn't a cover-up you gave me. "

"Efit, I know that you have always been a very suspicious person. No matter what you think, I can tell you directly that I don't have any bad thoughts or ideas. I just want to explain it to you. That's just our current situation."

Akun and Amin were watching the game between the two of them, and of course they were anxious in their hearts.

"Efit, we followed Jason before, so we definitely didn't have a good impression of you.

However, now that we are here and working under Mr. Norman Reem, I hope you can complete this task smoothly and don't drag us down. "

"What do you two stupid guys mean by saying this here? What do you mean by dragging you down?"

"Mr. Norman Karim has told you before that he hopes you can complete the task quickly and take the people away. I don't want you to continue to pull things here."

"Is it possible that Qin Yuan can still come here and snatch people away?"

This is the Amy Dynasty, the territory of Mr. Norman Karim, and has nothing to do with Qin Yuan. I still have to remind you, don't always speak for Qin Yuan.

He is not as powerful and powerful as you think. Before he could do anything to others, he was timid first.

This kind of people are not reliable. I originally thought that you two guys were not very reliable, if Mr. Norman Karim hadn't forced you to pass on to me.

I will definitely not come here with you today. For me, a stupid subordinate is better than none. I can solve it myself. "

A Kun and A Ming's well-intentioned reminders were completely regarded as a burden by Aifeit, and the two of them shut up completely.

"Originally, I was thinking about you and Jason. Now that we have put aside our past grudges, there is no need to come here to embarrass you. We also sincerely want to help you.

We kindly remind you that if you are unwilling to accept it, then we have nothing to say. You can judge according to your own ideas. If you don't listen to our advice, you will regret it one day. "

"Jason? I know you two used to follow Jason. It's precisely because of this that I didn't want to bring you two here with me. Why don't you have any idea?"

"You guys are a bit too mean-spirited to judge a gentleman's heart.

Jason has already said that he is willing to give up his past hatred, work well with you, and work for Mr. Norman Karim, but you have to be entangled in such a small thing. This is really helpless. .

If you don't want to listen to us, then fine, you can make your own decision here. Anyway, we have plenty of time, and you will be the leader of this mission. If there is any failure, you will be the one who ultimately bears responsibility. "

Azhe saw that the cooperation between them was not as smooth as expected, and he was quite happy in his heart. As long as it was bad for Efite, Azhe would definitely be the most willing to see it.

"Azhe, I don't care what they say here at all. I just treat it like a mad dog barking. Let's continue. I really want to know some of your thoughts."

"I don't have any ideas in mind. It mainly depends on where you want to take these two hostages. I have been hiding here for so long and no one has noticed.

Among the entire group, only Mr. Norman Karim and I know their locations, which is enough to show how well I have done my confidentiality work.

I think you should learn from me. Humility makes people progress.

Efit, you have just joined the group. Although you are older than me, in terms of experience, you are still not as good as mine. It will not do you any harm to learn from me. "

After Efit heard what Azhe said to him, he sneered beside him.

"snort.....

Ouch, if you want to say that, Azhe, then I really have to humbly ask you for advice. "

"That doesn't have to be the case. Now you can tell me where you want to place the two of them. Of course, you don't need to tell me the specific location. You just need to tell me your general idea."

"Azhe, you've been talking to me here for so long, don't you really want to know the specific location where I plan to hide these two people?"

"Of course I don't want to know anymore. The more I know, the more I have to bear responsibility for it. If Qin Yuan really gets it one day and these two people run away, then I'm afraid I will also have to bear part of the responsibility."

"It seems that you are still worried about Qin Yuan and you said you don't have much contact with him.

I think this person has probably already got the root of his illness in your heart. Whenever you have a chance, you have to mention Qin Yuan. Is he as powerful as you imagined? You must not take him too seriously. "

"I don't have much contact with Qin Yuan, but I can tell from Mr. Norman Karim's attitude towards Qin Yuan.

He is a very respectable opponent. Sometimes there is no conflict between you admiring a person and being your enemy. We admire Qin Yuan's style of dealing with people and regard him as an enemy. These two things are completely different. There is no conflict. "

"Azhe, it seems that you have been with Mr. Norman Karim for a long time, and you actually said the same things to him."

"Everyone in our group must be on the same page.

The perspectives and angles when looking at people and things are similar. For people like Qin Yuan, we must be more cautious.

Mr. Norman Karim has mentioned more than once that Qin Yuan is the one who follows Fan Tianlei. You must know something about Fan Tianlei if you have been in the Daaishi Dynasty for so long.

The people brought out by his men must naturally be treated with special care.

Before Qin Yuan came here, Mr. Norman Karim told us that for a respectable opponent and the apprentice he brought out, you should also communicate with him carefully.

Otherwise, you will only suffer the loss.

I speak from the bottom of my heart. Although these two arms experts do not have the ability to conduct experiments independently, they have been in our group for so many years, so we still need to treat them as one of our own.

Therefore, I can only tell you this. As long as you think what I say makes sense, then we can have a good communication. Otherwise, I think it is meaningless if we talk too much. "

After Efit heard what Azhe said to him, he felt speechless.

Now that Mr. Norman Karim has said this, it makes no sense for him to have too many concerns. They still have to look at the overall group plan, which is the most important thing to them.

"Okay, Azhe, what you said to me today really benefited me a lot."

"Efit, actually, I don't regard you as an outright enemy.

I'm just talking to you about the most correct things. If you want to take my words as a wise saying, I don't want it. I also hope you have your own thinking ability. "

"Azhe, if you say that, I will understand. I can almost understand where it is safer to put the two of them."

At this moment, the two students of Professor Fang De were really embarrassed. They didn't know how to deal with it calmly.

Now they are like goods that can be exchanged and transferred casually. They have no personality at all.

"The two of us are living people, not objects you talk about. We can be exchanged at will!"

Chapter 2236 Please help me arrange a car

Azhe knew very well that even if he was trying to get more effective information from Efit, he might not be able to succeed.

In fact, Efit had already begun to suspect that there was a connection between Azhe and Qin Yuan, so even if he had any useful information, he would never reveal it.

"Azhe, are you trying to delay time by saying these things to me now?"

"Efit, I don't have time to argue with you about these things here. I can't delay because I think it's completely unnecessary.

If you have any doubts, you can just say so, but there is no need to act like this. "

When Efit heard this, he sneered beside him.

"Azhe, please don't be so nervous. I have never suspected that there was anything going on between you and Qin Yuan. I just asked casually. Did you have such a big reaction?

It makes sense to say that you have a guilty conscience.

Mr. Norman Karim is paying attention to this matter all the time. Don't be stupid. Offending Mr. Norman Karim at this critical juncture will not do you any good.

Also, don't forget that you are already on the verge of losing the other party's trust. Even without my presence, it is normal for Mr. Norman Karim not to trust you.

Therefore, I think there is no need for you to hate it so much. It seems that I have robbed you of your position. In fact, this is not the case. "

A Kun and A Ming heard this and couldn't help but nod their heads. They even thought that what this guy said was a wise saying.

At this time, Professor Fang De's two students couldn't stand it anymore.

"We have told you just now that the current situation is not optimistic. Even if you force us to stay here, it will be of no use. You might as well let us go quickly, otherwise, we will be killed or cut into pieces. Convenience."

After hearing this, Efit turned back and glared at the two arms experts.

"You said it yourself just now. For us, you are not of much use and cannot provide any help. In that case, don't cause trouble for me at this juncture."

"Effit, when I heard the two of you talking just now, it seemed that a person named Qin Yuan was always involved. I don't know how powerful this guy named Qin Yuan is.

So much so that you are so afraid of this person, but we can clearly understand that he should be able to threaten you. If that doesn't work, just bring Qin Yuan over.

We had a good talk with him face to face and asked him to give up and bring the two of us back to the Great Eating Dynasty.

Because it is really useless, we cannot help you either here or in any other country.

It's really pointless for you to continue fighting like this. Instead, it's a waste of each other's time. "

After Efit heard this, he turned back and looked at the two people with a very cold look.

"Since you two already know that you have no use value, just stay here and stay with me, and stop thinking that someone can rescue you.

Even if Azhe doesn't care about you now, and Mr. Norman Karim is no longer interested in you two, you can't even think of leaving here. The entire international market has always been concerned about your situation.

I have to be careful with you two, otherwise it will cause us a lot of trouble. I have just joined the group, but I don't want to cause trouble for Mr. Norman Karim.

Therefore, you must not cause trouble for me at this critical moment, otherwise you two will only die. Mr. Norman Karim has already said, let me deal with you two as I please.

Whether I kill you or keep you for other purposes depends on my mood.

When we were in the Damai Dynasty, you two should know each other, and I also know Old K. No one who works under Old K is merciful. Now that you two are in my hands, you better be obedient, otherwise I will Kill both of you with one shot. "

Professor Fang De's two students were also hard-core. When they heard Efit say this, they both raised their heads.

"Efit, in the Damai Dynasty, we have already heard that you have some tricks, but we are not afraid of you. Since we have fallen into this situation and fallen into your hands, we have no complaints.

As long as Professor Fang De can live a good life, do the research that we think is the most correct, and do the things that we think are the most correct, then it will be worthwhile. "

Seeing the two of them speaking righteously, Azhe still felt a little uncomfortable in his heart after saying these words.

"Two arms experts, please don't be so angry."

"Mr. Azhe, I have to say that today we are able to do our own thing well here and continue to study our subjects, all because of your help."

"You two don't need to say these polite words. This is what I should do. Mr. Norman Karim has already explained that although you two are forced to stay here, you are not hostages."

"The two of us are very clear about Mr. Norman Karim's intentions, but these matters were all discussed with Professor Fangde first. Without Professor Fangde's order, we might have helped Mr. Norman Karim.

Because he was really good to the two of us. Even if we didn't provide him with any useful help, he always kept the two of us alive and never had the idea of killing us.

They also provided funds to build this research base for us. The two brothers are very grateful, but we really don't have much ability.

We haven't even scratched the surface of what Professor Fang De has studied so carefully. If the teacher is not here, we can't do anything.

Therefore, no matter how you arrange it now, it makes no sense.

In order to prevent you from wasting more resources, it is better to kill the two of us now. We don't want to live like this anymore, people who are forced to stay here to make a living.

Let's forget about this matter and let the two of us die happily. It's much better than staying alive here. "

When Effit heard this, he didn't even take it to heart. Instead, he mocked him from the side.

"I said, what's the use of you two talking about this here?

Now that this matter has come to this point, you just need to be obedient and don't threaten anyone with death. Mr. Norman Karim paid so much money to let you stay here. You are seeking death and survival here.

Since you have not fully mastered Professor Fang De's knowledge, then you should try your best to make a breakthrough. Don't worry, although we had so many grievances before, I will never hurt you two.

Because, Mr. Norman Karim will not harm you two, and this is also the order he gave me.

I don't dare to violate it casually. Now I plan to take you two away from here, not to kill you, but to find you a safer place. "

Qin Yuan heard every word of what Efit said through the earphones clearly. He felt that the current situation was not optimistic.

The two students, Professor Fangde, seemed to be a little more grateful to Mr. Norman Karim. This kind of gratitude was terrifying.

Fortunately, they do not have arms manufacturing resources, otherwise I am afraid that Mr. Norman Karim would have completely obtained these core secrets by now.

Sophia watched Qin Yuan frowning while eavesdropping on their conversation, so she couldn't help but ask.

"Qin Yuan, why do you have such an expression?

Did you know of any terrible news? Don't take it to heart, this is all their careful arrangement. The boss had made up his mind to move the two men, but decided that he had no intention of killing them.

Although Mr. Norman Karim takes both black and white, he will not behave like this.

You don't have to worry. Azhe has always been protecting the safety of these two people. The reason why he doesn't want you to take them away is entirely because this is an order personally given by Mr. Norman Karim. They stay here. Still very safe.

If their lives are really in danger, Azhe and I have already agreed that you take them away. After all, they are also people without borders and have made contributions to the world. We will not harm them. "

"Sofia, I don't have any other ideas.

I just feel that these two people can no longer stay here. Regardless of whether they hold some secrets about arms manufacturing, I have to take them away.

It is very dangerous for them to stay here any longer. Mr. Norman Karim is really not an ordinary person. He is so good at buying people's hearts. Even Professor Fangde, two students, are willing to

stay here to work for him, which is enough to show that Norman is very good at winning people's hearts. Mr. Mankarim's ability to win over people's hearts.

I'm afraid that if I continue to stay here, I may not be able to escape smoothly. Mr. Norman Karim's great skill is boiling frogs in warm water. "

Sophia heard Qin Yuan's evaluation of Mr. Norman Karim, and he smiled and said.

"Qin Yuan, you are really a very powerful person.

I am really impressed that I was able to see through Mr. Norman Karim's methods in such a short period of time.

You are right, he is indeed such a person. He has always been completely indifferent to other people's thoughts and ideas. He only cares about his own interests.

However, he never hurts anyone, and that's what's great about him.

So much so that Azhe and I have not seen through his true nature for so many years and have stayed by his side, willingly being used by him.

He uses this kind of emotion to tie us down. No one can escape from the group, because everyone is willing to help her do things, not entirely for profit. "

Qin Yuan completely understood when he heard Sophia say this. It seems that he should be completely awakened, but when did he start to see through the nature of Mr. Norman Karim?

This made Qin Yuan very curious.

"Sofia, what you said really made me feel a little surprised.

From what you said, it can be seen that you should have completely seen through the essential problem that Mr. Norman Karim is taking advantage of you.

Since you have been completely brainwashed by him, how can you see that you are being used? How did you wake up? "

"Even if you are a sleeping fool, you will wake up one day."

Sophia didn't say much, he just said this lightly, and Qin Yuan could already feel his and Azhe's determination to fully awaken. It seems that PUA may not always be effective.

Mr. Norman Karim is really a master at controlling people's hearts. He doesn't even let go of the people around him, and controls them step by step to do things for him willingly. This is the true manifestation of leadership.

As Qin Yuan thought about it, he was already addicted to it. He was even a little scared now.

If I had really been unwilling to be used by Mr. Norman Karim, I am afraid that I might not be able to wake up now.

Maybe just like Azhe and Sophia back then, they were so easily taken advantage of by Mr. Norman Karim and couldn't get rid of them until they died.

"Sofia, if you are given another chance, will you regret your current decision?"

"Qin Yuan, let me tell you directly, let alone give me another chance, even if my mission fails and I am killed by Mr. Norman Karim, I will never regret it.

Because it is too painful to be a puppet controlled by him beside him. We cannot have our own ideas or our own lives.

He can only be like a tool man, being used by him all the time.

I admit that he can indeed provide us with many good living conditions and things that many people cannot get.

However, maybe they will never understand how painful it is to be controlled by others. Now I have to fight hard even if I die.

This is also the reason why Azhe and I hit it off immediately, because the two of us have completely understood how terrible all this is.

If we don't resist, we may not even have the chance to resist in the future. "

When Qin Yuan heard this, he even felt some sympathy for Sophia and Azhe. Suddenly he came back to his senses and thought of Azhe.

At this moment, they were still confronting Efit, and the two of them seemed to have no intention of leaving, so they gave themselves enough space and time.

"Sofia, while Azhe is still confronting Efit, go and find a car for me now. I have to get help from both of you."

"Qin Yuan, don't worry. I have already arranged this matter without you having to say anything. The car is on the way and will be there in about ten minutes."

Chapter 2237 Deliberately stimulating conflicts and profiting from them

Qin Yuan was very pleased when he heard Sophia say this.

"I didn't expect you to actually call a cab for me."

"Isn't this unexpected? In fact, generally speaking, we still have to rely on you to help the two of us. This is already the case. If I don't take the initiative, then we won't be able to solve any problems."

"What car are you looking for?"

"In order to prevent others from finding out that you are following me, I specially found someone who is more reliable and hidden.

This is something that cannot be found and registered at the vehicle management office. It is a stolen vehicle that I have collected before. Don't worry, no one will be able to find any trace of you.

If there is really any problem, you can just abandon the car and run away. The car is not worth much anyway, so just drive it. This may be safer for you, and I can rest assured. "

After Qin Yuan heard Sophia's words, he nodded with satisfaction.

"Sofia, you are really thoughtful."

"Qin Yuan, it's time for you to stop praising me. This is the reaction a normal person should have, you know?"

If you don't have such a little bit of sensitivity around Mr. Norman Karim, it's impossible for us to live smoothly until now, and it's even less likely that we will get the trust and attention of Mr. Norman Karim. "

Qin Yuan nodded when he heard this. In fact, sometimes he sympathized with Sophia and Azhe.

"That's the end of the conversation between the two of us just now.

If you really think you can do what you are doing now, then I have confidence in you. If you are afraid of yourself, then I think there is no hope for our cooperation. I am not afraid of Norman Cary. Mr. Tom's. "

"You are definitely not afraid of Mr. Norman Karim. With a character like yours, who would you be afraid of? I have long been able to tell what kind of character you are."

When Qin Yuan heard Sophia say this, he smiled awkwardly.

"Sofia, please don't think that I am just not afraid of Mr. Norman Karim. In fact, I do have some concerns in my heart."

"Your only concern should be An Ran and the others."

Qin Yuan nodded silently.

"You are absolutely right. I am indeed thinking about how to tell Enron about this matter so that they can all be safe. Mr. Norman Karim is a little aggressive."

"We know better than anyone what kind of character he is. Now you have to choose one side to deal with. If you are worried about An Ran, you should go back to the club now to protect them.

If you have confidence in An Ran and Chen Jixiang, you should take a fancy to the car I prepared for you and go find the specific locations of Professor Fang De's two students.

In the past, Azhe was managing the two of them and was able to make deals with you. Now if the two of them fall into Efit's hands, you will definitely not have any chance of successfully getting their position.

Efit is a guy who harms others without benefiting himself. As long as this thing is not good for you, he will definitely do it. "

After Sophia finished talking about these things, Qin Yuan seriously considered the seriousness of this matter.

Of course, he decided to find the location of Professor Fang De's two students first, because the initiative must be in his own hands before he could rest assured.

"I've thought about it clearly. Please help me find this car first. As soon as I find this car, I will go to Azhe's place and follow it secretly."

On the other side, Azhe also heard the conversation between Qin Yuan and Sophia in his earphones. He knew that the car Sophia had prepared for Qin Yuan had not arrived yet, so he had to try his best to delay it for a while.

"Okay, Azhe, I don't want to continue discussing with you, my time is very precious.

Akun and Amin, you two help these two experts pack their things. Let's set off now. "

"Okay, got it."

When Azhe saw this situation, he would definitely not give up easily, so he quickly stepped forward and said provocatively.

"Efit, I don't know if you listened to what I just told you."

"Don't you just want to take advantage of this opportunity and find out where I arranged them?"

If you want me to tell you some useful and important information, I have already seen through your little tricks.

Don't hide it in front of me. It's impossible for me to tell you where they are, in order to prevent you from exchanging news with Qin Yuan. "

"There really is no connection between Qin Yuan and I. If you continue to slander me like this, I think we should ask Mr. Norman Karim for a good review."

"Whatever, if you want to prove that you are not guilty of this matter, let me leave now so that I can smoothly arrange my next plan.

I have just joined the group and there are many businesses that I need to be familiar with.

Mr. Norman Karim only gave me one week. You should also be able to know how much business there is in your group and how precious my time is. I don't have the energy to talk nonsense to you here. "

Azhe heard this guy's confidence and said these words with fullness. It seems that Mr. Norman Karim really intends to reuse this person?

"Efit, you have a lot of things to do, so I won't disturb you, but I have a question that I'm quite curious about."

"Please, I'm here to find someone today, not to hold a press conference to answer your questions. If you have anything to say, go back to the group and tell Mr. Norman Karim in person."

Efit said very impatiently and was about to start packing things. He knew that Azhe was probably just delaying time by doing this.

But he never expected that Qin Yuan was already preparing to drive over to track him.

"Efit, are you so afraid of Qin Yuan?"

Could it be that he has left so many shadows in your heart that you are always worried and afraid that you will expose some important information and identity in front of him?

I think you shouldn't be so scared. Qin Yuan is not a savage beast. He is not as scary as you think. Or maybe you have already developed some post-traumatic stress syndrome from him.

Whenever you mention this person, you can't help but feel nervous.

In fact, everyone has fears and fears in their hearts. You don't need to hide it like this. Sometimes I sympathize with you. There is such a powerful opponent like Qin Yuan around you.

No matter what you do, you will never get the attention of Old K. This is indeed quite sad.

You have nothing on your own and can only rely on the help of others. It is really annoying to think about it. If there is an opponent as terrible as Qin Yuan beside me, I am afraid that I will have trouble sleeping all night and have trouble sleeping and eating. "

Azhe can be said to be a very powerful psychological expert. In just a few words, he evoked the thing that Efit was least willing to face, which was to admit that Qin Yuan was stronger than him and that he was not his opponent at all.

Efit's face immediately turned cold when he heard what Azhe said.

"Who told you that I'm afraid of Qin Yuan? Don't tell me what you're saying here. Don't try to provoke me intentionally. I might make mistakes because of your words.

We are all old fools, so what you are telling me is completely meaningless.

If you have such time, you might as well go and explain to Mr. Norman Karim what kind of relationship there is between you and Qin Yuan.

Otherwise, how could he leave these people to me for no reason?

It is obvious that he no longer believes you. You keep saying that after following Mr. Norman Karim for so many years, he treats you as his own child.

Then why does he still distrust you so much? It seems that you must have done something and he discovered it. "

The two of them just tested each other's attitude. In fact, overall there was no problem. Now they were in a psychological game. Whoever was afraid first would lose.

At this moment, Qin Yuan heard this and quickly reminded Azhe on the phone.

"Now this guy is using a psychological offensive to deliberately come here to scare you. Don't feel guilty just because you think you have done something. You must listen to my arrangements. It must be true. There is no way I will trick you. "

"Efit, do you know where I came here from?"

"It doesn't matter, I don't want to know your mission, nor what your purpose is, because I'm not interested at all, and it doesn't make any sense if you tell me more.

Never reveal the most important information. A fixed rule in the group is to be strict with your mouth. "

"It doesn't matter. You have already come and taken away Professor Fangde's two students, which shows that Mr. Norman Karim trusts you. So, what can I hide from you?

I just came from the hospital. Xiaolan's condition is now stable. I just received a message from the doctor. "

Azhe was obviously deliberately looking for an opportunity to deceive Efit, letting him know that after Xiaolan's condition stabilized, he would be very nervous and scared, so some problems would be exposed.

Efit has been on the road for so many years, how could he be deceived by these two sentences?

Even if Xiaolan really wakes up, so what? There is no substantial evidence, and he can find another opportunity to kill and silence him.

"The doctor has already sent you a message. That should be good news for you."

"Don't you feel nervous when you hear that Xiaolan's condition has stabilized?"

Efit said with a helpless smile.

"I've told you more than once, I don't even know this person named Xiaolan.

I only know that he is a manager in your club. How do I know what specific position he plays in the group and what important information he has?

It's useless for you to tell me this now. I have absolutely no idea what you're talking about, so I don't care whether I'm happy or nervous, let alone whether I should be sad or not.

Because it has nothing to do with me, it's impossible for me to show any opinions, can you understand?

Forget it, let me tell you, you may not be able to understand it.

But fortunately, we are all adults, so there is no need to mince words here. If you want to scare me with Xiaolan coming, I can only tell you that it is in vain. "

While helping Professor Fang De and the two students pack their things, Efit calmly replied to Azhe's provocation from the side.

Qin Yuan heard the other party's reaction through the earphones, and actually admired his calm state of mind.

Azhe was not an ordinary person either. He knew that the other person was already frightened when he said this.

"Efit, I don't know why you want to join our group. Is it because Old K gave you a letter mission? He asked you to come here specifically to be an undercover agent?"

After Efit heard this, he put down the things in his hands and pretended to be helpless.

"Azhe, I know you really want to take the opportunity to step on me and improve your status in front of Mr. Norman Karim.

These actions are understandable to me, because I have done this before, and I have treated Jason in this way. This may be a kind of retribution. "

After hearing this, A Kun and A Ming agreed. This guy is quite honest.

So, they saw that Azhe was deliberately causing trouble here, and they couldn't stand it anymore.

"Azhe, I don't know what kind of grievances you had in the past. Now we are here not to fight against you. We really want to complete the mission given to us by Mr. Norman Karim. I hope you can be more generous." , don't mess with us anymore."

"You two are not qualified to come and teach me a lesson now."

"We don't want to teach you a lesson, we just want to remind you of many things, and there is no real meaning if you continue to struggle.

It's better to put all these things down quickly. It may be better for you. What's the point of always being entangled like this? On the contrary, it will cause you a lot of trouble. "

"Jason, his status in the group now depends on me. I advise you two, if it is really for your good brothers, don't say these excessive things in front of me.

You two should know better than anyone what kind of relationship Efit has with Jason. Even if they are now under the control of the group and can let go of their past hatred, they may not be able to get along well together. cooperate.

You must never do anything like a seller seeking glory. "

When A Kun and A Ming heard this, they felt that their self-esteem was greatly hurt.

"What do you mean by that? Jason is a good big brother to us two. Even if we give up our lives, we will never betray him. Why do you need to provoke us two?"

"What he is saying now is completely intentional to arouse conflicts among us, and he can profit from it."

Chapter 2238 I can see that I am stalling for time.

At this moment, Professor Fang De's two students saw this situation nearby, and they were a little nervous.

Because they knew very well that if they really went with Efit this time, it would basically be a disaster.

"Azhe, I don't know what kind of relationship you have with Qin Yuan.

But I must tell you how to deal with the situation we are experiencing now. It's useless for you to always delay time here. It's not good for you if Mr. Norman Karim knows it."

Azhe thought to himself that since Efit had already seen that he was deliberately delaying time.

Then he really shouldn't wait any longer, but Azhe really wanted to get the money in Qin Yuan's hands, so he had to listen to Qin Yuan and continue to help him find out the news here.

"I don't understand what you are talking about."

After Efit heard Azhe's words, he sneered and said.

"Do you know how to write the word 'playing dumb'?"

"I don't know what playing dumb means. The weather outside is not very good now. I advise you not to take them away for the time being. Perhaps I have already guessed where you are going to take them."

"Azhe, if you want to help Qin Yuan come here to get information, you can just say it directly.

I have never been afraid of an opponent like Qin Yuan. If he wants to know where I hide these two people, he can just come and ask without asking you for help."

"I have told you many times that the relationship between Qin Yuan and I is not what you think.

And we are not familiar with each other. If you have always misunderstood me like this, then I have nothing to say.

Anyway, if you have any ideas, we might as well go directly to Mr. Norman Karim and make it clear in front of him. I want to see who is so unreliable and has been slandering me. I think this is meaningless."

"Mr. Norman Karim has no time to take care of our affairs now."

A Kun and A Ming saw that the two of them had been arguing for so long and still had no results, and they were also anxious.

"Aifite, we came here today to complete the task assigned to us by Mr. Norman Karim. If it were us, you would not hesitate here, since everything has been packed up.

You don't need to tell Azhe where you are taking these two experts, and Azhe has no reason to want to know. Mr. Norman Karim's meaning is very clear."

"Akun, Amin, I must remind you two to find your position and identity. You are not qualified to say anything here.

Don't waste time talking nonsense. You have just joined the group and have not reached a core position.

As for the task assigned by the boss, you are not qualified to say anything here. Doing your own job well is more important than anything else."

"Okay, since you have already said so, there is nothing for us to explain.

But I still want to remind you not to be too careless. Qin Yuan is not He is a guy who is easy to mess with. Maybe he has already started planning how to take these two people away.

Although we have been with Jason all the time, we don't have a good impression of you.

However, Jason has decided to help Mr. Norman Karim now. Naturally, we have to consider more. This is all for your benefit. Don't be stupid. "

"If you two say so, I am moved for no reason.

But it doesn't matter. I am not interested in these at all. You two just need to do your own job.

Don't worry too much about other things. If there is any problem, please communicate with me at any time, but I am not in a hurry to leave now. I see that Azhe may want me to stay here for a while, so I will cooperate with him and stay here for a while. "

Azhe heard what the other party said. He obviously wanted to come and slander him.

Qin Yuan and Sophia heard their conversation in the headphones, and Sophia couldn't help it.

"Qin Yuan, you can't waste time here any more. You should leave quickly."

"The car hasn't arrived yet. I don't know where you got the car from. If there's no car, how can I leave? Where do you want me to go?"

"Azhe, his identity is too obvious now.

The other party has already noticed that he is deliberately delaying time. If you find the traces of these two people and take them away, we know what the consequences will be.

Although I am a little greedy, Azhe and I both want to get the money in your hands, but we have to do what we can. We don't have such ability, so why bother planning these?

It will only harm ourselves, so forget it.

You can just go back to the club. We will communicate if there is anything. Anyway, the two students of Professor Fang De will not be in danger of life. If there is a chance in the future, I will find his location and let you know."

"There will be a chance in the future? Sophia, are you kidding me?

You have to know that I don't have much time left in Amy Dynasty. I don't care about the future. Anyway, I have to remind you that I have to find the location of these two people now and leave quickly. This is the most important thing for me.

I don't have time to delay with you here, and I don't want to talk nonsense with you.

However, I can assure you that Azhe will not be in danger of his life. If you really can't escape the punishment of Mr. Norman Karim, you can go to the embassy with me. "

"After all, the embassy is the place where you eat Dynasty. Even if it is in this land, he will not help us. Besides, there is no reason for a mouse to hide in a cat's house when it is in danger. "

Sophia finished speaking, and Qin Yuan felt sorry for what she said.

It seems that the two of them are likely to be implicated by themselves, and Qin Yuan has no other way. He is not so selfish that he doesn't care about other people's lives. He just has to seize this good opportunity.

So, Qin Yuan was afraid that Azhe would be too nervous and expose some weaknesses to the other party, so he quickly reminded Azhe in the headset.

"What Aifeite is most worried about now is Xiaolan's situation. As long as you threaten him with Xiaolan's affairs, I believe he will definitely panic.

When people are in a panic, they will make wrong choices and expose many problems. You can seize this opportunity to deal with him. "

After hearing Qin Yuan's reminder, Azhe smiled slightly at the corner of his mouth.

After Aifeite saw this situation, he was a little puzzled.

"Azhe, may I ask what Qin Yuan told you? Why are you so happy? If you have any happy things, why not share them with me. "

"You can talk nonsense here, anyway, I can tell you directly that there is no relationship between Qin Yuan and me, but I did remember some happy things.

That's because Xiaolan's results will be out soon. Although he lost too much blood and was seriously injured, the doctor told me before I came that there is still hope for rescue.

Mr. Norman Karim has a lot of medical resources in his hands, and he will never let Xiaolan die for no reason.

After all, he has been following Norman Karim for so many years, and we have protected him like our sisters. This time he had an accident, which really caught everyone off guard.

Of course, including Mr. Norman Karim, I believe he should want to know who is behind it. "

Aifite was indeed a little nervous when he heard what Azhe said, and he didn't want to encounter such a situation.

"Xiaolan, what happened to him?"

"Aifite, didn't you say that you are not familiar with Xiaolan at all? In this case, why do you ask so many questions, just play dumb. "I don't understand what you are talking about. I have never had

the thought or idea of pretending to be stupid. I just want to tell you not to threaten me with Xiaolan's affairs." "You are not familiar with Xiaolan. How could I threaten you with someone you are not familiar with? It's just a joke." After hearing this, Aifet's face turned cold. Then he pinched Azhe's neck fiercely. Seeing this situation, Akun and Amin were both frightened. "Aifete, what are you doing? Why do you have to fight? After all, Azhe is the most capable person around Mr. Norman Karim. Isn't it a bit too much for you to dare to fight him like this? " "You two shut up, it's not your turn to come to me. Azhe, I can tell you directly that no matter what happens, you don't need to threaten me here, because I am not afraid at all, and I am not afraid of Xiaolan's affairs. Since you mentioned it in front of me again and again, I can tell you directly, even if it is related to me, what can it do? You don't have any substantial evidence, and neither does Mr. Norman Karim. Haven't you ever thought that Xiaolan has become what she is now, perhaps because of Mr. Norman Karim's tacit approval? It's really meaningless to keep spending money on someone who is useless to you. "

Azhe saw that Efit was pinching his neck, and he was very unhappy now. After all, these things were really a big problem for him, and he didn't want to tolerate it helplessly.

Azhe directly stretched out his hand, shook Efit's hand fiercely, and then took his hand off his neck.

"Don't do anything to me."

"Azhe, I have given you enough respect at ordinary times, but you have always been too ignorant of the current situation.

If I tell you some of the actual situation, you may not be able to accept it. You are too narrow-minded and always afraid that I will replace you.

I have told you many times that I am not interested in replacing you, and I may not be able to do it.
"

"Okay, I have no problem. If you have any ideas, I can tell you directly. "

"You have been stalling here just to help Qin Yuan. I have seen through your little thoughts and ideas.

But it doesn't matter. As long as you have any thoughts, you can just tell me directly. I won't be able to hide anything. How about this? You can just ask Qin Yuan to talk to me.

The two of us were sworn enemies when we were in the Big Love Eat Dynasty. Now that we are here, we should meet and have a good talk. "

"Didn't you already meet when Hassan kidnapped you two? Do you still need me to be the middleman?

Besides, I don't understand now what you mean by what you said to me? Qin Yuan and I are not familiar with each other. It would be inappropriate for me to be the middleman. I can't help you. I'm sorry. "

"Azhe, you are as smelly and hard as a stone in a latrine.

You've been saying this for a long time, and there's been no substantive results so far, but it doesn't matter, I'm not interested at all.

As long as you think it's okay, then it's no big deal if we continue talking in the current way.

Because, I think if you really have something on your mind, you can say it directly, but you can't just beat around the bush like this. Otherwise, we will take these two students, Professor Fang De, back and hand them over directly to Mr. Norman Karim. deal with. "

"Efit, are you threatening me?

You can just say, I have nothing to fear. If it doesn't work, I will take them two back and give them to Mr. Norman Karim to deal with and threaten me. You are still a little too naive. I don't believe this. "

Sophia heard Azhe's tough attitude towards Efit, and he finally felt a little more relieved. The last thing he should do in front of such a person is to show his cowardice.

"Qin Yuan, I think he may not be able to persist now. How about this? You go directly and help me think of a way to save it. I have contacted them just now, and the car will be there soon. Delivered."

"Sophia, don't worry first, I know you are very worried about Azhe.

But you have to wait until the car is delivered before you can set off. It's useless if you are too anxious now. Based on my understanding of this guy Efit, he should already know that there is a connection between Azhe and I.

Of course, this may just be his own speculation. If he really had any substantive evidence, I am afraid he would have gone to Mr. Norman Karim to file a complaint and would not stay here to continue arguing with you. "

Chapter 2239: Roar when you see injustice on the road

When Qin Yuan and the others were struggling, they didn't expect that the vehicle would come very quickly. It was Sophia who asked his people to deliver it specially.

The car stopped at the door, and a hip-looking yellow man stepped out of the car.

"Sofia, I have brought you what you want."

I only saw this Huang Mao, whistling, while casually walking to Sophia. When Qin Yuan saw this guy's carefree look, he didn't look like a good person, and naturally he didn't have a good impression.

"Thank you for your hard work."

Huang Mao looked at Qin Yuan as if he was very familiar with him, whistled and said with a smile.

"You don't look like a member of the Amy Dynasty."

Qin Yuan looked at him like this and really didn't want to talk to him. He glanced back and then turned around without talking to Huang Mao.

Huang Mao was also a guy who was not easy to mess with. Seeing Qin Yuan like this, he put the car key on the stone paper and chewed gum while turning it around.

When Qin Yuan saw him like this, he didn't want others to doubt his identity, so Qin Yuan later spoke to Huang Mao in the language of Amy Dynasty.

"People should not be judged by their appearance. If you don't look at me as a member of the Amy Dynasty, that doesn't mean I am not."

Huang Mao smiled, then he blew bubbles from his mouth with chewing gum and looked at Qin Yuan.

"Amy Dynasty speaks the language quite fluently, and it seems that he must be a local, but you do look very different.

I can't care about that much anymore. Anyway, this time I'm delivering the car in front of Sophia. I guess this car is just for you. You can take it easy, kid. This car is very expensive. "

Qin Yuan looked back and saw that it was a big G.

"The car is quite good, but you did lower the price of the car a little bit when you drove here."

"Hey, I thought you were some kind of powerful person who knew how to talk."

Sofia saw that Huang Mao might stir up trouble here, and he couldn't control that much, so Sofia hurriedly said.

"I don't have any other ideas. It's really hard for you to bring the car to me this time. I should thank you. Let's do this. If I have a chance in the future, I'll treat you to dinner.

There is nothing to do today, so you should go back first. This car must be kept secret. If you dare to leak a word to the outside world, be careful with your tongue. "

Huang Mao looked at Sophia and smiled.

"Oh, sister, please don't threaten me here. How dare I reveal your affairs casually?

Besides, I know how serious this matter is, and I also understand the seriousness of it. I helped you carefully select this car. Otherwise, I wouldn't have cared so much about other people. Well, just send it over directly. "

"You have good intentions, but don't be too proud yet. How to deal with this problem depends on the situation of Mr. Norman Karim.

I haven't been back to the group for a long time, and I don't know what the group's plans are for the next step.

Regarding the matter of your new car dealership, since it is my responsibility to ask for help, I will not do anything. You can wait until Azhe and I finish our busy work before going to your car dealership to find you. "

"Sister, don't make such a joke with me here. I'm not helping you just to ask for something from you. I'm not that kind of person either."

"Of course I know you are not such a person, but since I have promised you something, it would be better for me to explain it clearly to you in advance. Azhe and I are indeed very busy recently."

"I'll reiterate again, I'm not helping you because I want to seek some benefits from you. If you say that again, then I will drive the car away."

"Okay, okay, I understand, then you still have to keep this matter secret. This matter cannot be known to Mr. Norman Karim. When I say this, you will know how much risk you should take. .

If you are scared or regretful, you can choose to quit at any time. I will not blame you. After all, Mr. Norman Karim has always been relatively powerful, and we dare not say anything in front of him. "

"Mr. Norman Karim is so busy every day. He doesn't have time to manage a little guy like me, so I have nothing to worry about. It's impossible for me to quit early. It's just an accident car. It won't Someone checked very carefully."

When Qin Yuan saw this situation, he quickly asked.

"Huang Mao, you said the car you gave me was an accident car?"

"How else can I get you a car with such good performance and no name? I paid a high price for this, so you won't dare to drive it, right? You're afraid of being unlucky.

I can tell you that the last car owner did die in this car. Maybe his blood was still in the car and was not wiped clean. If you kid is afraid, forget it. "

Qin Yuan sneered and said.

"What weird and confusing things, don't tell me that I'm not afraid of these things. Don't mention that the blood of the previous owner is still in the car and hasn't been wiped clean. Even if his body is still in the trunk, I won't be afraid. "

"It seems that you have some courage. Sophia did not help the wrong person."

At this time, Shen Man slowly walked out of the hospital. He had changed into casual clothes at this moment.

Huang Mao's eyes were immediately attracted to the girl next to Sophia.

"Hasn't anyone ever told you that it's rude to look at a girl like that?"

"I haven't had parents since I was a child. How could they teach me such a thing? Besides, everyone has an ambiguous mind. It's not wrong for me to look at beautiful women a few times."

Shen Man smiled and walked to Huang Mao.

"Hey, beauty, do you want to take a closer look at me? Do you think it's too dark to see clearly? If you take a closer look, I'm quite handsome. How about you, do you want to make a friend?"

Shen Man walked up to Huang Mao and without saying a word, he raised his leg and kicked his knee directly into the critical area.

Huang Mao lay on the ground in pain, ouch, ouch.

"I think you're a little too cruel girl."

"I'm cruel. I can tell you directly. If you want to blame, you can only blame yourself for being indiscreet and whistling in front of this girl. Let me tell you, if you go too far, I will directly sue you for harassment. "

Qin Yuan was shocked and broke into a cold sweat when he saw Shen Man like this. He didn't expect that he looked relatively thin, but he was a master of boxing.

"Qin Yuan, you two are also standing by to testify to me that this guy plotted against me first."

Unexpectedly, Huang Mao was also very naive. Seeing Shen Man treat him like this made him even happier.

He excitedly got up from the ground and walked to the little nurse, then leaned on his head and smelled it gently.

"I can tell from the smell that you are a little nurse. I have liked the fresh and natural smell of the nurse sister since I was a child."

Qin Yuan saw that Huang Mao was still a little too much. He could usually make jokes, but making such a joke to a girl was no different from harassment.

So Qin Yuan hurriedly walked forward and stood in front of Shen Man.

"I told you, don't just rely on your tendons to meddle in other people's affairs."

"Huang Mao, you are still a boy after all. Don't do such shameless things and stay away from this little girl."

Shen Man was quite touched when he saw Qin Yuan standing up for him.

"Hey, why do you still want to be a hero and save the beauty?"

"I'm not a hero, and I can't control these things, but when I see things that are unfair and shouldn't be done, and things that go against morality, I can't help but say something."

Huang Mao rolled his eyes when he heard Qin Yuan's words and didn't take him to heart.

"Stop meddling in your own business here. Mind your own business. The car has been brought here for you. Drive the car and get out of here. Otherwise, don't blame me for being rude to you."

Qin Yuan saw Huang Mao being so arrogant and thought that if he didn't teach him a lesson today, he would be wasting the genes of the special forces.

Qin Yuan quickly stepped forward and controlled Huang Mao in three strokes.

"Hey, what's going on with you? Don't bully me here. I'll call all my brothers over in a while and give you a good meal so that you can't be arrogant again.

I have just seen it, you are not from the Amy Dynasty at all.

Did you come here smuggled in? I'll report you to the relevant place. Then you won't be able to find me, and I'll lock you up and put you in jail. "

Seeing Huang Mao like this, Sophia knew that Huang Mao was definitely no match for Qin Yuan, so she quickly stepped forward to plead for mercy.

"Qin Yuan, please let Huang Mao go quickly. He doesn't have any malicious intent, he just wanted to make a joke."

"How can there be such a joke? He doesn't know how to restrain himself when facing a young girl. Isn't this obvious harassment? I can't stand this."

"Is it possible that you still want to be so angry as to be a beauty?"

"I just yelled when I saw injustice on the road."

Shen Man saw that Qin Yuan and Sophia might get angry if they said a few words to each other. He didn't want to cause conflicts between the two people, so he hurriedly said to Qin Yuan.

"Thank you for standing up for me just now. Since Miss Sophia has already spoken, let's forget it. Anyway, let him know that this girl is not that good, so it's okay to bully him. Otherwise, he will always come to the hospital to harass me in the future. I But I can't bear it."

"I only want to talk to you more because you are pretty. If you were ugly, no one would want to talk to you. You are really ignorant."

"Don't do this to me. You were the one who came to harass me just now. Now you keep saying that I'm pretty. Do you think I should be harassed by you because I'm pretty?"

Shen Man is not an ordinary girl. These few words he said are enough to make others speechless.

Qin Yuan also nodded beside him, thinking that what he said was quite reasonable, but Sophia probably couldn't understand what Shen Man said. They were not on the same road to begin with.

Huang Mao saw that he really had no advantage, so he had no choice but to shake his head.

"Okay, okay, I don't want to talk nonsense to you two anymore. Let me go now. You just thought I was blind and shouldn't be joking with you."

"Apologise quickly!"

"Why should I apologize?"

"Aren't you apologizing yet?"

Qin Yuan asked back while increasing the strength on his hand, causing Huang Mao to scream in pain.

"Okay, okay, I just think I'm unlucky, why don't I apologize to you?"

It's really unlucky. I gave you a good car, but today I can offend a little pepper like you, and a big brother who can yell at any injustice on the road. I really admire you. "

Seeing that Huang Mao had apologized, Qin Yuan let him go.

Huang Mao rubbed his hands and muttered to himself beside him.

"It's so annoying."

Seeing that Huang Mao had already suffered a loss, Sophia was embarrassed to let him stay any longer, so she hurriedly said next to him.

"I also bear some responsibility for what happened today. Look at yourself to see if you have been injured anywhere. He doesn't have an accurate number on his hands."

"I don't dare to mess around here. Nothing will happen."

"After all, this is a guarded hospital. If you feel uncomfortable, go and get checked quickly. It's better to solve the problem directly today. Don't wait until you go back later and think something is wrong and want to come here for revenge. That's okay. That's not right."

"Sister, I am doing this all for your sake, otherwise I would not give up so easily today."

"You don't have to worry about Sophia's face. If you have anything to say, you can just say it. If you want some money, you can also say it directly. How much do you want? I can give it to you now."

"I didn't expect that this little beauty is a rich little girl. She is not short of money at all. But after all, it was me who took the initiative to harass you today. I really have nothing to say."

"Then consider yourself unlucky, pack up and leave here quickly."

"Seeing as your little nurse is not wearing a uniform, she must be off work. How about this? How about I take you home, just to make up for my rude behavior towards you today."

"If I ask you to take me home, it's not a big deal. Besides, does the little nurse have to go home without wearing uniform?"

Shen Man can be said to be a complete little pepper.

When Qin Yuan saw him like this, he also knew that this girl should not be easily provoked, but he could be regarded as a hero saving the beauty just now. Even if he was not here today, the little nurse would never suffer in front of this kid.

"I can't be called a hero saving the beauty. Looking at the unreasonable and unforgiving way you acted just now, an ordinary boy would not dare to do anything to you."

"I know how to protect myself. How dangerous it is in today's world. If I didn't have some means, I would have been eaten alive by these gangsters."

"It's not that scary."

Chapter 2240 It is necessary to check whether there is any problem with the vehicle

This series of operations by Shen Man really scared the yellow hair in front of him.

He has never seen such a special girl, and he has gained more respect for girls, and he will never dare to talk casually about her again.

"I didn't expect that not only Sister Sophia is such a special girl, but also the people around you are just like you. I really have nothing to say now, and I am completely convinced.

You two are really extraordinary, but I still have to remind you that you must be careful when you go out in the future, and don't provoke others casually.

Although you are a little pepper, if Qin Yuan is not here to protect you today, you may not be so safe. The reason why I feel scared is mainly because I met Deng Chao. This is called a rat-proof device. "

When Qin Yuan heard Huang Mao say this, he couldn't help but smile.

"I never thought you could tell the truth. If I weren't here today, what else would you want to do? I think you have a treacherous heart but not the courage."

"You're right, right? I was just joking with this little nurse. I don't dare to do anything when Sister Sophia is here, let alone act rashly.

Besides, I respect every girl, and I think girls are the cutest in the world.

Didn't I explain it to you just now? This is called the love of beauty, and everyone has it. Miss Shen Man is so beautiful, and I want to go up and say a few words to her. Isn't that okay?

Just because I'm here to deliver the car today, don't be like me.

I didn't mean it. I will tell you again if I have time in the future. But the situation is indeed more complicated now. By the way, I can't tell you anymore. I have to go to the car dealership to deal with some things after I go back. I have to go first. "

After Huang Mao finished speaking, he was about to run away. When Qin Yuan saw him like this, he grabbed his clothes from behind.

"You want to run away? You want Jin Chan to escape from his shell.

Things haven't been explained clearly yet, so you ran away like this. It's still a bit unfair to this nurse lady. You really harassed him just now. You can't just apologize for saying a few words casually. Forgive you easily.

You will do this again if you encounter similar situations in the future.

Huang Mao, you are lucky to have met me today. I don't have the same experience as you, just for Sophia's sake.

The next time you encounter someone who is ready to help you when things get rough, do you think you can escape unscathed today? It's time for you to have a longer memory. "

"Qin Yuan, please don't go too far. I sent the car to you with good intentions. If you continue to pester me like this, I'm afraid your own affairs will be delayed."

"I thought you were going to threaten me and say that if you pester me again, you wouldn't lend me your car."

"Tch~ I'm not a three-year-old child either.

This is something I have already promised, how could I go back on it so easily?

Moreover, Sofia's sister also told me that if anything happens to this car, he will treat it as buying it and you can drive it as you like.

It's best not to drive it back. This car has been sitting in my car dealership for a long time without anyone buying it. If it falls into your hands today, I'll be considered a profit. "

"You are quite good at business. You want to put this expensive car in my hands directly. If that doesn't work, I have to check if you have tampered with the car first.

In order to prevent Sophia from suffering a loss, I have to check it carefully. Otherwise, you might be trying to make trouble here and give me a broken car.

When I came back, it broke down on the road, and I had to pay for the car. "

When Huang Mao heard what Qin Yuan said, he sneered.

"I said you really don't know how high the sky is. Even though no one has bought my car in the dealership for a long time, I won't be able to sell it to you at a bargain price.

You think I'm selling junk? What kind of car is this? do you know? do you know it? This is a big G!
"

When Shen Man saw Huang Mao looking down on Qin Yuan, he looked at him coldly.

"Do you know there is a saying that dogs look down on others? Don't slander Qin Yuan here, he is an invisible rich man."

Huang Mao smacked his lips after hearing this.

"Hey, for so many years, I have been in the car dealership business and have done a lot. I have never seen any kind of rich people. I just haven't seen a rich person like Qin Yuan."

"Qin Yuan is indeed an invisible rich man. If you don't know, you can ask your sister Sophia directly, and he can answer it for you."

Huang Mao heard that the other party really seemed to be telling the truth and was not joking. He looked at Sophia with a puzzled look.

"You don't have to look at it like this. If there is any problem with Qin Yuan's car, I will be responsible for it myself."

We have known each other for so many years. I should still have credibility with you. You must not give Qin Yuan a bad car. He must drive this car for urgent matters. "

"This is how Qin Yuan is judged by a villain's heart."

When I drove the car over, I just said Sister Sophia, you want to use it. You didn't say you wanted to give the car to anyone else. How could I possibly tamper with the car knowing that you were using it?

Mainly, I don't have the courage. If you have any shortcomings, Mr. Norman Karim will not kill me. "

"It's good for you kid to know. Stop talking so much nonsense and quickly go with Qin Yuan to check if there is anything wrong with this car."

"You still don't believe me. I've already said so. Do you still doubt that I will drive a bad car to you?"

"Huang Mao, please don't misunderstand, it's not that I don't believe you."

But this car is a very important means of transportation for Qin Yuan, and there must be no problems. In order to ensure his safety and the normal execution of the mission, you must go and check it with him to reassure Qin Yuan. "

Qin Yuan has always been a very cautious person. Even if Huang Mao swears here, Qin Yuan will never believe him out of thin air.

For Qin Yuan, transportation is very important. If there is any problem, he will not know how he died. This is his habit as a special forces soldier for so many years.

"Huang Mao, please don't misunderstand me. I don't mean anything else. I just want to tell you that this is my personal habit. "

I can see that although you are quite carefree, you are by no means a bad person, and you will not do anything to tamper with the car.

It just doesn't matter if someone is lurking in your car dealership and tampering with your car.

In addition to this car, I also want to remind you out of kindness that in the future, you must check these cars in your dealership every now and then to make sure there are no problems.

As long as any car leaves your place, you must ensure the safety of the vehicle 100%, and you must have a thorough inspection with the owner of each vehicle before leaving the house, in order to prevent the other party from framing you.

I see that you have not read any books and have no education. You have to be more cautious about many things. There are too many bad people in your country, and there are also some people with ulterior motives. "

Huang Mao softened his attitude after hearing what Qin Yuan said.

"What you said is really considerate. Seeing your attitude, I won't argue with you. Come with me.

The two of us will go check the car together. For other things, I can't guarantee that I'm still professional in vehicle inspection, after all, I've been doing it for so many years. "

Shen Man watched the excitement for a long time and had nothing to say.

"Shen Man, I see you have changed into your own clothes. Are you ready to get off work?"

"I have something to do and I haven't gotten off work yet. I know you want to ask Xiaolan about Xiaolan, but Xiaolan has not woken up yet. I asked my colleague to keep an eye on him, so don't worry."

When Sophia heard this, he stood directly in front of Shen Man.

"what do you mean?"

"There is a saying that takes people's money to help them eliminate disasters. You have actually accepted my diamond bracelet. You should be responsible for this matter. How could you just hand Xiaolan over to someone else?"

"As I said just now, I did not hand Xiaolan over to anyone else. All of them are nurses in our hospital. They are all my colleagues and people I know well every day.

Since I want to believe that they must have my reasons, isn't it just a diamond bracelet? I can return it to you now, and you don't need to feel so distressed. "

As Shen Man spoke, he took out a diamond bracelet from his arms and gave it back to Sophia.

"Now that the two of us are settled, please stop pestering me. I have to go out to do my own things and don't have time to mess around with you here."

"Since you have accepted this thing, why are you giving it back to me?"

"You said it yourself just now, using money to help others eliminate disasters. Now I will return this thing to you, and you don't have to come to me for anything in the future."

"If you had rejected us earlier, we could have found someone else.

Now that you have wasted so much time on us, and you want to return the diamond bracelet to me, and then ignore our business, who is going to make up for the time we have wasted? "

"Time? Why do you have the nerve to ask me about time? I am the one who has wasted too much time with you. I don't have so much time to gossip with you here.

I really have my own affairs to deal with, and I have promised to help with Xiaolan's affairs. The premise is that if you don't believe me, I will return this thing to you.

If you believed me, I wouldn't be able to do this.

Now that it has become like this, I have nothing to say. If you want to keep the diamond bracelet, you can keep it. If you don't keep it, do whatever you want with it, so as not to say that I am greedy for money. I don't lack it. This is your thing. "

Shen Man said angrily as he turned around and left Qin Yuan. At this moment, he and Huang Mao were preparing to check the vehicle.

Shen Man walked up to Qin Yuan angrily and said to him.

"I have to go out and do my own things now. I have returned the diamond bracelet to Sophia. If you have any trouble in the future, please don't come to me."

Qin Yuan saw that the little nurse was so angry. He didn't know what happened, and he was simply confused now.

Sophia quickly caught up and grabbed Shen Man.

"You have to explain to me today what exactly is going on."

"What do I have to explain? This is my own private matter. Why should I explain to you clearly who you are? Are you here to check on me? Then please show me the relevant certificates."

"Is there something special happening with Xiaolan? You can't solve it alone, and now you want to run away?"

Qin Yuan could only think of these in his first reaction.

"I said you underestimate me too much.

I have been working in this hospital for several years, and I have never seen any big storms. Why would I want to run away?

Even if Xiaolan is in any danger, it's not as important as my work.

I am indeed in a hurry to go out and use people without suspicion. If you believe me, just wait until I come back. Xiaolan must be fine. He is still being rescued. If you don't believe it, then there is no need for me. I have explained so much to you, please get out of my way! "

Shen Man is indeed a girl with a lot of personality. After saying these words, Huang Mao also watched the fun and didn't think it was a big deal.

"Beauty, I see you are in a hurry. You are about to go out. Since you are so anxious, why not let me see you off."

"You just drove over and handed it over to Qin Yuan in a car. How did you send it to me?"

"I'm good at driving. If you want to use a car, I'm going to call you right now and ask my little brother to deliver a very cool sports car. Where do you want to go? I'll take you on the road right away and I can even take you for a ride. wind."

"snort.....

I said you Huangmao is indeed so interesting. You should just stay here honestly. You don't have to worry about my affairs. "

As Shen Man said that, he took out a car key from his pocket and pressed it. He only saw a red sports car lighting up in the parking lot next to it.

"It turns out that the beauty has a sports car herself."

"Now you know how unnecessary the words you just said are."

"Then I have to give it to you. A beautiful car and beautiful woman are really something that many people can only dream of."

"If you don't have a mirror in your house, there must be a toilet."

Go back and take a piss to show yourself what kind of virtue you are. You still want to find a sense of presence in front of me. Get out of my way quickly and don't delay this girl's serious business. "

Shen Man was wearing high heels, which were immediately placed on Huang Mao's legs, and then he left here without looking back while carrying his bag.
