

Special Soldier 2251

Chapter 2251 Delay until the reinforcements arrive, no need to worry

After Aifeite finished speaking, before Qin Yuan could react, the two students of Professor Fang De could no longer bear it.

Without saying anything, they rushed forward and grabbed Aifeite's neck without caring about their status as experts.

"Don't talk nonsense here, you are clearly slandering Professor Fang."

"Whether it is slander or not, you will know it naturally after you go back and ask him carefully. There is no need to be incompetent and furious with me here. The reason why I said this aroused your disgust is nothing more than that you have some doubts in your heart."

"Aifite, you are simply talking nonsense. Professor Fang is not such a person."

Qin Yuan saw Aifeite's decisive answer to this sentence. In fact, he had some doubts in his heart. He has always doubted Professor Fang's motives.

"Okay, calm down for a moment, don't argue with this guy.

You should know Professor Fang De better than anyone else. You can't be so suspicious of your teacher just because of a few words from others. This will also make him feel disappointed."

After hearing Qin Yuan's words, the two of them slowly let go of their hands.

Aifite snorted coldly beside him, and then deliberately adjusted his collar.

"What I said just now is not slandering Professor Fang De. It's all true. What exactly did he study when he was young, and who did he work for, if you don't know in your heart, go back and ask him.

The relationship between him and Lao K is not as simple as you think. At least, Qin Yuan, the micro pistol in your hand is definitely Professor Fang De's masterpiece."

Qin Yuan took out the pistol in his hand and looked at it carefully.

In fact, the research principles and dynamics theory knowledge are relatively professional. This micro pistol is definitely not something that ordinary people can research. It is very consistent with Professor Fang De's usual research concept. Qin Yuan even has some doubts that what Aifite said is true.

However, at this time, even if Qin Yuan had any doubts, he could not just believe what the other party said. He had to hide it temporarily.

"Okay, you two should not doubt your teacher just because of a few words from others. You know how sinister this guy is."

"Yes, Qin Yuan, you are right. We were indeed a little impulsive just now. Even if Teacher Fang did something when he was young, it has nothing to do with us.

His kindness to the two of us is difficult to measure with words, and we will not doubt him because of a few words from Efit. He also asked Qin Yuan to save our friendship. In the end, we cannot let him down."

"It's good that you two can understand this."

Efit saw that Qin Yuan had taken out the micro pistol. It seemed that he also had some ideas.

"How come we are talking about this pistol? I think we shouldn't be so entangled. Since this is the current situation, we might as well think about what to do first."

"What is there to think about? What are your plans next? Just say it directly, don't beat around the bush here."

"Azhe, don't ask so many questions. I think Efit's idea is that he will never let us leave here easily. He has asked me to take out the weapon in my hand, which is enough to show that he is mentally prepared. Do you want to have a real showdown with us?"

"No, Qin Yuan, I think you are completely wrong. I don't want to have any showdown with you. I want you to be completely explained here today."

Azhe was still a little nervous when he heard this. He didn't know if Qin Yuan had any plans. It was indeed a bit too impulsive to rush in like this.

Azhe just stood there and thought for a long time, not knowing what to do.

It's just that this situation is indeed more troublesome for Azhe, and he doesn't know what choice he should make.

Everyone knows that Aifeite is not a good person, and he will definitely do a lot of bad things that will catch people off guard. But now Azhe can't tear his face with him.

Because Azhe has no weapons in his hands, he is in a very passive state in this situation, and he must not be easily noticed by others.

"Aifite, if you still want to stay in Mr. Norman Karim's group, I advise you not to attack me, otherwise if I die here today, how can you explain to Mr. Norman Karim when you go back?"

"Azhe, do you mean that even if you know what happened today, you will not complain to Mr. Norman Karim when you go back?"

"As long as I can save my life, I can do anything."

"It's really ironic that you say this now, but I'm not interested. I don't want to know that my main target is Qin Yuan. As long as you solve him, you can go anywhere you want. I can even arrange for you to leave the Amy Dynasty."

When Qin Yuan heard this, he also found Aifeite. This guy seems to be particularly good at grasping the weaknesses of people's hearts.

"Aifite, you said these words to get him to help you deal with me?"

"Of course, A Kun and A Ming followed me here. They have to take Jason into consideration no matter what, so even if they don't help me, they won't help you. Now it's A Zhe. If the two of us join forces to deal with you, you can't run out of this room no matter how capable you are.

Qin Yuan, now you have time to think about it. After I kill you, which direction are you going to bury your head?

This is your last wish. Based on the relationship we have known each other for so many years, I may satisfy you."

Aifite now thinks that he is about to win. He is not worried about Qin Yuan at all, and he didn't expect Qin Yuan to be waiting for reinforcements.

"The feng shui of this place doesn't seem to be very good. It's always dark.

No matter which direction I'm buried, it may not be comfortable. Even if I die, I want to bask in the sun. In that case, you really have to give me some time to think about where I should rest in peace."

Qin Yuan is also a very calm person. Even if he has come to this point, he is not worried about himself.

"Oh, don't talk so much for now. So far, this situation is still easy to solve. If you make me happy, I can take you back to the Amy Dynasty."

"Aifite, stop joking here. You have so much time, but I don't. Tell me what you plan to do next."

After Qin Yuan finished speaking, he directly picked up the micro pistol and pointed it at the center of Aifite's eyebrows without hesitation.

Aifite was not to be outdone. He took out his own pistol and pointed it at Qin Yuan's eyebrows.

"It doesn't seem to make sense for the two of you to confront each other like this. You'd better put down your weapons. Otherwise, both of you will be hurt."

"Azhe, it's already this time, don't speak for Qin Yuan. You should be the one who gets the benefit of both of us being hurt. You should be happy."

"Why should I be happy? If there really is a gunfight here today, I can tell you that no one will have a good time.

Mr. Norman Karim is not a fool. He will definitely investigate it. If Qin Yuan has any trouble here today, do you think he will let the Dynasty troops go? Hurry?

Qin Yuan is a person of status in the army, and with the importance that Fan Tianlei attaches to him, there will probably be trouble. Mr. Norman Karim cannot stay out of it. This is why he has never been able to persuade Qin Yuan and dare not hurt him. "

"Azhe, you are quite insightful, and your analysis of this matter is reasonable."

"Now that I have said this, you should put down your guns quickly.

Is there anything we can't talk about calmly? Efit, what you want is nothing more than that batch of arms, which I personally took over. You should know that this batch of arms has been kept by me since it was shipped away from the port. "

"Azhe, you are finally willing to tell the truth. This batch of arms has been in your hands all along. It seems that my guess is right."

"Since you have guessed that it is in my hands, what are you going to do next?"

"Today is Qin Yuan's life, and this batch of arms in your hands. I have to make choices like a child."

"There is a saying that greed can't chew too much. You should have heard it. People as greedy as you will not have a good end in the end. You will only get nothing. Nothing. "

"Nothing? If I kill all of you today and return to Lao K's group, I can also get his forgiveness and save my life.

I will think about the next thing slowly. Why should I listen to your nonsense here?

I will never let you threaten me. What I hate most in my life is being threatened by others. Qin Yuan, you should know what kind of character I am, so don't continue to provoke me. "

Efit knew that Qin Yuan would not shoot, so he put down the pistol and blew a breath at the muzzle.

He put the pistol back to his waist directly.

"Are you ready to stop?"

"Just now I suddenly thought about it, what Azhe said makes some sense, try not to have a gunfight here, if there is a gunfight here, it will only have a greater impact.

I don't want to alarm too many people, what I really want to do is to trade, as long as you can satisfy my trade, other things are not important."

"Okay, then I have nothing to say, you think about it yourself, what should I do?"

"What should I do? So far I haven't thought of a good way, if I have a good way I won't waste time here with you.

Qin Yuan must take these two arms experts away, there is no doubt about that, and Efit, you want to get this batch of arms and Norman Karim's trust in order to steal more secrets in the group."

A Kun and A Ming listened for a long time. They really regretted following Efit here. They were completely cheated by this guy.

"We'd better find a chance to notify Jason first and see if he has any ideas. He should be in the club with Mr. Norman Karim at this moment."

"If we notify the boss, he will definitely help Qin Yuan and let us help Qin Yuan. Efit is simply a lunatic and we can't afford to offend him now."

"I can understand your thoughts, but this situation is really troublesome for us. What should we do? There is no special solution. We are just wasting time here.

If we tell the boss, maybe he can come up with a good way to deal with Efit.

I know he has decided to join Mr. Norman Karim's group. Let's tell him about this as soon as possible, so that he can make plans early and gain Mr. Norman Karim's trust.

Perhaps it is also important to quickly let him gain a foothold in the group and no longer have to fear Lao K's pursuit and threats."

A Kun and A Ming whispered for a long time beside them, but there was no good result. It was just that this situation was really troublesome for them.

"Then we have to be careful. Don't let these people find out and don't let Qin Yuan know. It's best not to let him have any intersection with the boss, otherwise it will arouse Mr. Norman Karim's suspicion, and all our efforts will fail. The decision we make now is very important."

A Kun and A Ming discussed quietly for a long time beside them, which also attracted the attention of Efit.

"I know you two have your own little tricks in your hearts now, but it's best not to let me find out. In this situation, you can choose to be neutral and not help anyone, but you must not help Qin Yuan, otherwise I will get rid of you two now."

"Efit, since you have chosen to bring the two of us here, and now everyone is deadlocked, what can we do? It's just that we can watch the fire from the other side of the river and stand by and watch."

"That's right, as long as the two of you can do not help Qin Yuan to deal with me, otherwise I will get rid of you first."

Qin Yuan saw that Efit had been threatening A Kun and A Ming, and he quickly spoke for the two of them.

"Efit, it's useless to threaten them. The real problem is still me, so you should first consider how to solve the transaction between us so that both parties will be convinced and not have too many thoughts."

"Qin Yuan, I have to say that you can still be so calm even at this stage. I really admire you. Have you learned some ways to stabilize your emotions?"

Chapter 2252 Two lines are being carried out simultaneously, and the plan is progressing smoothly
On the other side, in Mr. Norman Karim's club.

An Ran and Qin Yuan had just contacted each other and were now waiting for the final solution. According to Qin Yuan, someone would come to pick them up soon, probably someone from the embassy.

Chen Jixiang was a little impatient. After all, he was still young and often not calm.

"Sister An Ran, Brother Qin Yuan asked us to wait here, but how long do we have to wait for someone from the embassy? We can't just sit here and wait for death."

An Ran had never doubted any of Qin Yuan's decisions, so he naturally believed in Qin Yuan's decisions.

"Chen Jixiang, you don't have to worry so much.

You and Brother Qin Yuan have known each other for such a long time. When has he ever let you down? Besides, Du Bingbing is willing to help with this matter.

As long as we believe in Qin Yuan's arrangement, there will definitely be a good result. Moreover, we came here from his Ai Chi Dynasty.

Mr. Norman Karim will not do anything to us. If he really has extraordinary means, he will not delay time here and wait for our final choice.

This is enough to show that he still can't do anything to us. Let's delay time here. If we don't leave, he can't do anything."

He Chenguang couldn't care so much at this moment. He was always thinking about whether Xiaolan would reveal her identity after waking up.

It's just that he didn't know that his identity was no longer a secret. The reason why Qin Yuan and others kept silent and didn't say a word was just to stabilize him.

"He Chenguang, you usually talk a lot, why can't you say a word today?"

Are you also doubting Qin Yuan's arrangement? Chen Jixiang is young and inexperienced, so it's okay if he's a little anxious, but you shouldn't be that way, do you need me to comfort you a few more times?"

An Ran said while pretending to be relaxed and looking at He Chenguang.

"An Ran, don't joke with me. What's the point of comforting me? I'm not anxious, I just don't know what's going on with Qin Yuan."

"If we go out to find Mr. Norman Karim now, maybe he can tell us what's going on at the hospital."

"Forget it, this guy is a very powerful person. If we go out to meet him now, who knows what the result might be. He will also try every means to force us to leave."

We keep saying that we are waiting for Qin Yuan to come back. If we panic now, it will give him a chance to force us."

Chen Jixiang shook his head. He didn't quite agree with this idea.

"I think it's not a good idea for us to hide here blindly. How about we go find Thor?"

"Thor, he doesn't care about our affairs now. All the power has been handed over to Du Bingbing."

"Sometimes, I really can't help complaining that Mrs. Du Bingbing is too much. She is just deliberately delaying time. She has been telling us to contact the embassy, but there has been no result so far. Isn't he playing tricks on us?"

"Don't be impatient. Du Bingbing has just taken over the position of chief of staff. He will never play tricks on us. Even if he doesn't care about our safety, he has to take care of his own fame and fortune."

So he will do his best to help us. Qin Yuan also saw through this and was willing to communicate with him to complete this task together.

It's just that we can't put all our hopes on others. We should also have the ability to save ourselves."

He Chenguang smiled when he heard An Ran say this, and then said.

"Your analysis is quite reasonable. It seems that you all know Du Bingbing better."

"It's not that we know Du Bingbing better, but we know human nature better.

He should be very anxious now and want us to go back, so he will never deliberately trip us up. He should also hope that we can complete the task quickly and go back, and finish this matter quickly. There are still many tasks waiting for us to complete in the future."

After An Ran finished speaking, Chen Jixiang asked in disbelief.

"What do you mean by this? Do you want to assign me other tasks after we go back?"

"Of course, we are the direct security department of the special forces, and the most important task is to do these.

At present, there are still some flounders in the army that have not been caught, which is also a must-do. Maybe this time when we go back, we can find some clues about flounders."

An Ran said while glancing at He Chenguang.

"There is a man in our army, how come I don't know about this? Fan Tianlei never told me about this."

"That's impossible, how could he not tell you and Qin Yuan about this?"

When you came to Amy Dynasty before, Thor was always worried that there was a man in your army who hadn't been caught.

I was afraid that this man would affect your mission and safety. Now it seems that it is possible that the man has always been with us, but we just discovered it."

When He Chenguang heard this, he could only smile awkwardly, pretending that nothing had happened, and then he heard a knock on the door outside.

"An Ran, how is your discussion in the house?

Mr. Norman Karim has been waiting for you for a long time. If you are waiting for Qin Yuan to go back, you can't stay in the house all the time. At least you should go out and say a few words to Mr. Norman Karim. "

It turned out to be Jason knocking on the door outside the house.

An Ran sighed helplessly. He knew that he could no longer escape. He could only go out and face these people first. The longer he could delay, the better.

"Jason, it turns out it's you. I didn't expect that you not only betrayed Qin Yuan and me, but also came to help Mr. Norman Karim to embarrass us."

"An Ran, I hope you won't misunderstand me. I didn't mean to betray you, but this is all a personal choice. Even Qin Yuan respects my choice."

"Jason, Qin Yuan is a very generous person, and it is understandable that he respects your choice. You have already made such a decision, what can we say? Do you really think that we can be very generous and say Forgive you?"

"I know you are still a little angry about my current arrangements, but I hope you will not take yourself to be angry with me. Mr. Norman Karim has been waiting for a long time.

I advise you to go out and talk to him first about what to do. Otherwise, when he gets really anxious, it might not be good for everyone. I sincerely think about you, so why bother getting angry with me? Woolen cloth? "

You can see some guilty expressions on Jason's face, but this is nothing to An Ran.

"You don't need to put on such a show in front of us. Since you have decided to join Mr. Norman Karim's group, shouldn't your daughter also seize the time to pick her up?"

You shouldn't be worried about keeping her in the army to take care of her, but I can promise you that we will never be as despicable and shameless as some people and threaten you with your daughter's life. "

"I wonder who some of the people you are talking about are?"

Just after An Ran finished speaking, he heard a familiar voice outside. It turned out to be Mr. Norman Karim who had been waiting outside their door.

"I never thought that Mr. Norman Karim, a person like you would still be eavesdropping outside our door?"

"An Ran, please don't misunderstand. Just now you said you would wait for Qin Yuan to come back before making a decision. I also respect your choice.

Isn't it a waste of time just to wait blindly like this?

Why don't we come out first, and you should hurry up and pack your things. It's okay to wait until Qin Yuan comes back before making a decision. I can't kidnap you forcibly, you big living people. "

Chen Jixiang heard Mr. Norman Karim's voice inside and was afraid that he would embarrass An Ran.

So, he quickly walked out and came to Mr. Norman Karim's side.

"Sister An Ran, it sounds like someone is giving you a hard time in the house?"

"No, just wait patiently in the house. At least until Qin Yuan comes back, we can really feel at ease."

"Qin Yuan is still progressing smoothly in the hospital. Sophia has just reported to me that Xiaolan is almost out of danger. She will wait for a while until he is completely out of danger and she has been settled. , I will let Qin Yuan come back."

As soon as He Chenguang heard that Xiaolan was out of danger, he was obviously a little nervous.

"Xiaolan, has he really woken up?"

"He Chenguang, I know you are a kind-hearted person, and it is easy for you to care about the people around Mr. Norman Karim. But in this case, we have nothing to say.

If you do this, you will be highly suspicious. If others are suspicious of others, go back and calm down. "

He Chenguang knew that he was completely panicked now, but what could he do? The only thing you can do is calm down and pretend that nothing happened. It is best not to arouse An Ran's suspicion.

"Don't think too much about it. I'm just asking casually. Xiaolan has stayed with us in the club for such a long time. We can't be indifferent to seeing him in any danger. Of course I hope he will soon Wake up."

Mr. Norman Karim has already seen through everything.

At this moment, Jason suddenly seemed to have received messages from Akun and Amin.

He felt his phone vibrating inside his clothes, but he didn't dare to check it in front of so many people.

Jason still doesn't know that Akun and Amin have followed Effit to find trouble with Qin Yuan, and he is still here stupidly waiting to be reunited with his brothers.

Mr. Norman Karim is a very observant person, and he immediately discovered that there seemed to be something wrong with Jason.

"Jason, what's wrong with you?"

Your expression seems a little weird. Did something happen? If you have any problems, just tell me that you have just joined my group and I, as a boss, must solve some problems for you. "

"No....."

Jason muttered beside him.

An Ran also saw this situation. Although Jason had made his own choice, he was still the one who helped Qin Yuan and the others come to Amy Dynasty.

Moreover, he risked his life to help Qin Yuan and the others sneak over. As a human being, you must always be grateful.

"Jason, if you are worried about your daughter, I have already told you just now, don't worry so much, your daughter is definitely safe so far, no matter what choice you make, we will not use your daughter to threaten you.

Don't forget, we are the army of his Ai Chi Dynasty, we are not an organization that likes to kidnap others, and we will never use your daughter's life as a threat. Even if you don't trust the people in the army, you should believe in the character of Qin Yuan and me."

"An Ran, don't get me wrong, I have never doubted that you will do something excessive to my daughter, I just had such a little thought just now, now that you have explained it clearly, I have nothing to worry about."

Mr. Norman Karim saw that there was something wrong with Jason, but he just thought that he was really worried about his daughter and didn't learn too much.

"Jason, it seems that this room is too stuffy. Why don't you go out and get some fresh air first, or go to the bathroom to wash your face and calm down.

I am arranging your daughter's affairs. I will find a chance to negotiate with Fan Tianlei.

Fan Tianlei is definitely not the kind of person who can use the illness of other people's daughters as a threat. Please believe in his character.

Qin Yuan is his apprentice. Just by looking at Qin Yuan's character, you should know that Fan Tianlei is not a bad person and will not threaten you with this matter. You can rest assured."

"Thank you, Mr. Norman Karim, thank you for taking so much trouble for my affairs."

"Jason, since you have decided to join our group, I will definitely treat you as my own and will never treat you unfairly. I know you don't want any glory and wealth, you just want your daughter's peace of mind.

Your daughter There is a congenital heart disease waiting for a heart that can be transplanted with him. Don't worry, I have used the resources in my hands to help you find a heart that can be successfully matched with him. "

"As long as it can make my daughter better, I am willing to do anything for you."

"I also know that your daughter is your only weakness and your only hope. If your daughter has any problems, you will be completely crazy and can do anything.

I am already making arrangements for you at the Barley Dynasty. They are also rushing to find another heart that can be successfully matched. I believe there will be news within a month or so.

At that time, I will send your daughter directly to the Barley Dynasty for surgery, so that she will not have to go to the Amy Dynasty again. At that time, you can also go to the Barley Dynasty to accompany your daughter. "

Chapter 2253 The embassy staff finally arrived

Mr. Norman Karim finished talking about his arrangements for Jason's daughter, and he himself was relieved. He finally had the opportunity to express his thoughts to Jason, so that the other party would no longer have doubts.

"I really didn't expect that your arrangements for my daughter would be so meticulous and thoughtful, and you would even think of everything you should think about."

"Jason, I've told you before, never doubt my attitude and,

As long as I will never go back on what I promised, let alone deceive you, because it makes no sense to me, I am an action person, but I will definitely do whatever I promised, and I have already started Take action. "

After An Ran heard these words from the other party, he felt a little ashamed now.

This arrangement is indeed too comprehensive, even more reasonable than Qin Yuan's arrangement, and it is impossible to refuse. Jason's choice is also excusable.

An Ran still had some complaints about his betrayal before.

But now that he thought that what Mr. Norman Karim could provide him was indeed far inferior to Qin Yuan and the others, An Ran was naturally speechless.

When Chen Jixiang saw this situation, he complained helplessly from the side.

"It's true that money can make a fool of himself.

What could a wealthy man like Mr. Norman Karim not be able to arrange if he wanted to?

So Jason, your choice is quite correct. The sooner you leave Brother Qin Yuan, the sooner you can enjoy the benefits given to you by Mr. Norman Karim. "

"Chen Jixiang, don't say such things first.

It is understandable that Jason can make such a choice. After all, he has to do anything for his daughter. Even Qin Yuan respects his choice. What else can you say. "

"Brother Qin Yuan can understand his thoughts, but I can't understand it at all. Now I just hope that he doesn't tell Mr. Norman Karim too much about us. I can be considered as burning incense. Thank God. "

"Chen Jixiang, I can swear to God that I have never said anything bad about Qin Yuan or you, to Mr. Norman Karim to take credit from him.

If he himself doesn't believe it here, you can ask Mr. Norman Karim to prove that I have never done anything sorry to Qin Yuan or you.

Although I have my own choice, I will never be a traitor. These are two different things. "

He Chenguang and Jason had always disliked each other. This was the case when they were on the boat. Now that they finally had an opportunity to ridicule each other, He Chenguang would never let it go so easily.

It just so happened that they were planning to delay for some time so that he could vent all his dissatisfaction at once.

"Jason, you are really a fickle guy. Betrayal and having your own choices are two completely different things.

But in our opinion, this is the same thing. You chose Mr. Norman Karim and betrayed the friendship and agreement with Qin Yuan. This is not a traitor. Are you going to continue to beautify yourself? "

"He Chenguang, I know that you have always been dissatisfied with me, but I have to remind you that no matter what, you have to believe that I will not do those excessive things, let alone betray Qin Yuan friendship between."

At this moment, Mr. Norman Karim was actually standing by to help Jason speak, proving that he had not betrayed the friendship with Qin Yuan, nor had he told any secrets to himself.

"Jason, although he has joined my group, I think his value is because he has been with Old K before and can provide me with some ideas to deal with Old K.

Therefore, even if he doesn't tell Qin Yuan and your secrets, I am still willing to let him join. "

"Don't think of us all as fools. If Jason had no use value, would you waste so much manpower, material and financial resources to help him save his daughter? "

His daughter has congenital heart disease and needs a heart transplant, which cannot be solved by spending a little money.

It requires you to have a lot of resources to help her daughter find a heart. If it could be solved so easily, I believe Brother Qin Yuan and Fan Tianlei would have already finished helping her.

Or it's better to have money. With so much money, you can do it even if you jump in line to find a heart. "

When Jason heard this, he felt a little guilty. After all, although he and Qin Yuan had known each other for a short time, they both regarded each other as good friends who hit it off.

"An Ran, this guy Chen Jixiang doesn't believe me, so I have nothing to say.

However, we have known each other for such a long time, and I hope you can understand my difficulties. If it were not for my daughter, I would not be able to continue to do these things.

I engaged in the smuggling business simply because I wanted to make more money and get more connections to help my daughter with her treatment.

His disease is more dangerous if he waits for one more day. Even if it requires me to sacrifice my life to save my daughter, I am willing to do so. "

An Ran must still be a little moved in his heart, but he didn't want the other party to see that he was a little moved by his words.

So, An Ran pretended to be calm and said with her arms around her face.

"Jason, it doesn't matter, you don't need to explain so much to me, anyway, this is your own choice.

We can do anything for your daughter, even if you betray us for your own benefit, we have nothing to say.

After all, having your daughter save the child is the most important thing. For such a young and fragile little life, who can bear to watch this flower wither just after it blooms? "

Jason's only weakness now is his daughter. Whenever he mentions his daughter Yaya, he can't help crying.

But at the same time, he also felt ashamed of Qin Yuan's trust in him, so even if Mr. Norman Karim agreed to help him, he would never betray Qin Yuan for his daughter's life.

While they were talking, it seemed like there were a lot of cars parked downstairs, which made Norman Karim and the bodyguards around him very cautious.

"Go check the surveillance outside. It seems someone is coming."

"Okay, let's go right away."

Mr. Norman Karim arranged for the people around him to check the surveillance outside. They waited here calmly, but Anron knew very well that there was a high probability that someone from the embassy might be coming.

An Ran could finally feel relieved. After all, when the people from the embassy came here, even if they had helpers, they would not be as passive as before. It was just that their identities when they came here were indeed a bit special and they were smuggled here.

If Mr. Norman Karim takes advantage of this to embarrass them, there is really no way to explain it. Du Bingbing should know that they came here illegally.

So based on his intelligence, he should have already greeted the embassy.

I don't know what kind of excuse I will use, but it doesn't matter what. Anyway, as long as they can successfully get them out of this hellish place, it's okay even if they go back and receive a little punishment.

This is the approach agreed to by the troops of the He-eating Dynasty. They did it this way. If you explain it to the embassy a little, they should be able to understand.

While An Ran and the others were thinking about it, the car outside had slowly stopped, and the person who went to check the surveillance also came over to report to Mr. Norman Karim.

"Mr. Norman Karim, we have found out that the license plate numbers of these cars all belong to the embassy. It must be someone from the embassy."

"Oh? There should be something exciting to watch now that he's here."

When He Chenguang heard this, he quickly turned around and said nervously to An Ran.

"What should we do when people from the embassy come? We came here smuggled in. If someone from Amy's Dynasty gets a hold of it, it might not be good for his love of eating Dynasty.

No matter what happens, this matter must not be spread internationally and let people in other countries know about it. By then, our actions will be unjust and unjust. "

"He Chenguang, you don't need to be so nervous. Our mission is justifiable. Since they have captured the hostages, it is normal for us to come over and use some extraordinary means to rescue the hostages.

Haven't you heard that there is a method called public opinion war?

As long as we have our own media and authoritative institutions in the world, we can help us produce information that we want those people to see, and we can properly restore our reputation. "

"Isn't this not good?"

"There's nothing wrong with it. At this critical moment, we have to consider not only ourselves, but also the entire dynasty and Fan Tianlei's reputation.

You must not forget that Thor is currently under investigation in order to protect us. If the enemies behind him seize this opportunity to attack him, it will be too difficult for him to return to the position of chief of staff. . "

After hearing this, Chen Jixiang began to worry about Qin Yuan.

"Sister An Ran, people from the embassy are here now, but Brother Qin Yuan still hasn't come back. What should we do?"

"Don't worry first. People from the embassy are here. They must be here to take us away, or to conduct some investigations. In any case, we cannot follow Mr. Norman Karim to his new villa today. "

As An Ran spoke, he looked like Mr. Norman Karim. His eyes were full of confidence and pride. He did not believe in Du Bingbing, but believed that Qin Yuan's arrangements would never make mistakes.

While they were talking, people from the embassy had slowly walked in from outside. Everyone was wearing black clothes and black ties.

"Is this Mr. Norman Karim's club?"

"Yes, I am the Norman Karim you are looking for. I believe that no one in the entire Amy Dynasty does not know me. Whether it is business or other fields, I am well-known."

"A little famous? It seems that you are still too humble. Indeed, in this place, no one does not know you, but don't worry, we have other things to do today, and we are not here to discuss your reputation with you. "

I only saw the person in the lead, wearing a neat black suit. He was thin but energetic, with short hair, of medium height, but with good body proportions. He looked fair and clean. For a moment, it was not clear whether he was a boy or a girl.

An Ran walked forward and looked at each other.

"Hello, it seems like you are from the Dynasty where he loves to eat."

"Hello, you must be An Ran. Let me introduce myself. My name is Liu Mei."

Chen Jixiang, the boy whispered beside him.

"Why would a man marry a man with such a name?"

He Chenguang sighed helplessly and said.

"Who told you he was a man? Does it mean that someone with short hair and a black suit must be a man?"

"What do you mean? You wouldn't say this guy is a woman, would you? He looks more manly than me."

"Mr. Norman Karim, let me introduce myself. I am the deputy consul at the Embassy of the Embassy in Amy Dynasty. I came here today mainly to find these people around you."

"It turns out he's from the embassy. I know your consul Wang Xin."

"Oh, I don't have any connections in the entire Amy Dynasty that Mr. Norman Karim doesn't know. It's just a pity that Wang Xinling has very important things to do today, so he didn't come here in person, and he didn't greet you in person before. It's really a bit abrupt."

"That doesn't matter. Since we're all here, it's time to sit down and have something to drink and take a rest. I think you're working hard too."

Liu Mei looks like a boy, very handsome. If any young girl in love sees him, she will probably be attracted to him.

"Mr. Norman Karim, you don't have to be so polite. We came here today because we have business to do. I'm sorry to drink tea directly at your place."

"Since we have something serious to do, let's get straight to the point. What is it for? Can I still help you?"

"We, He Loves to Eat, sent a message from the Dynasty, and we need to ask people from our embassy to take them away."

"Miss An Ran and the others are pretty safe here. Why are they being taken away now? What does this mean?"

"Why should they be taken away specifically? I don't know very well in my heart. This is all arranged by the higher-ups of the army. We are only responsible for executing the orders. I hope Mr. Norman Karim will not embarrass us low-level people."

"The deputy consul of the dignified embassy said that he is a low-level person, which is really a bit too modest."

Mr. Norman Karim immediately understood the purpose of these people coming here. If nothing else, they should be Qin Yuanzhang's reinforcements.

All he can do now is delay.

After all, these people came from the embassy. Even if Mr. Norman Karim had the means, he could not confront them head-on and cause some conflicts on the surface, so that Mr. Norman Karim himself would not be justified.

Liu Mei was wearing a black suit next to her, standing upright, with no intention of sitting down to drink tea and getting close to others.

Chapter 2254: A very tough attitude, no intention of giving in

Chen Jixiang saw that the girl named Liu Mei in front of him was definitely not so easy to deal with. Looking at his heroic appearance, he couldn't help but admire him a little.

"I have also told you what happened to Mr. Norman Karim. No matter what you think next, I must take these people away."

Norman Karim is a man of nerves.

Even when he saw the other party's tough attitude, his face did not change and his heart did not beat.

His gentle and elegant feeling has never changed. No matter what kind of emergencies there are, he has always been very calm and calm, giving people an elegant demeanor.

"I know what your purpose is for coming here this time. You must take them away. Of course, I have no reason to stop you from doing this.

I have never said that I would force these people to stay.

First of all, they stayed here voluntarily as guests, because their chief of staff Fan Tianlei and I once knew each other.

So it's normal to leave them here to rest for a few more days.

Besides, they are here in a foreign country and are not familiar with the place. Where else can they go except here?

They can leave at any time if they want, and they don't have to ask people from the embassy to come and take over in person. Isn't it a bit too big? You see, it scares everyone around me. "

An Ran now has no way to tell whether Liu Mei is from the embassy in a short period of time.

Maybe this guy was sent by Mr. Norman Karim to act. It's also possible. Enron has been performing tasks outside for so many years and has seen everything. He has also experienced things no matter how abstract they are.

When Chen Jixiang saw An Ran's calm look, he felt a little anxious.

"Sister An Ran, since Brother Qin Yuan has called the people from the embassy, we should just follow him and leave. Why are we still insisting here?

I can also see that Mr. Norman Karim doesn't want to let us leave so soon, but what's the point of him forcing us to stay? "

"Chen Jixiang, don't take this matter too simply. He said he is from the embassy. Do we have to believe what he says? Everything in this world can be fake."

He Chenguang couldn't believe it when he heard what An Ran said.

"Is it possible that someone else dares to pretend to be someone from the embassy and come here to take us away?

Probably not, besides, in the entire Ming Dynasty, who else would take the risk to take us away except Mr. Norman Karim who wants us to stay.

Isn't this just causing trouble for yourself? If these people are not from the embassy, they were sent by Mr. Norman Karim to defraud us. "

"As I said just now, everything in this world may be fake, and your own eyes may deceive you, not to mention these things that you can't find a clue to.

We have to judge based on our own experience, and we must not trust anyone easily.

Especially at this critical time, if we fall into someone else's trap at such a critical time, this will be very passive for Qin Yuan. "

"I beg you, you have already reached this point. Are you still worried about whether Qin Yuan can complete the task within the specified time? I think the most important thing we should do is to take care of ourselves first and never let others deceive us. That's the most important thing."

Liu Mei was standing nearby at this time, and he also noticed that An Ran seemed to have some doubts about him.

"An Ran, I know that at this special time, I can't quickly prove my identity to you.

Everything may be fake, including the certificate. Even if I take out the certificate now, people who don't believe me will have a lot of doubts about me.

Is there any way to make you believe in me and follow me in a short period of time? "

"That's very simple. Just take out the documents from the embassy. Anyway, we still know the documents, or we know the secret code. We all know very well what he likes about the Dynasty, and we have lived together. The place."

After Liu Mei heard what Chen Jixiang said, he shook his head helplessly and said.

"This matter is not as simple as you think. I have been in the Amy Dynasty for nearly 10 years.

The development of our He Loves to Eat Dynasty is changing with each passing day, and there are new changes every day. If you want me to use things from 10 years ago to argue with you, then I will definitely not be able to do it.

On the contrary, this will prove from the side that I am fake and my identity is suspicious. If this idea doesn't work, I'd better think of something else. "

I don't know why after An Ran heard this sentence, he was very sure that the heroic woman in front of him was definitely not trying to deceive them.

Maybe this is the intuition of women in the legend.

"Liu Mei, I believe what you said, and I also believe that you are from the embassy. There is no need to explain so much. We can prepare to leave now."

He Chenguang and Chen Jixiang were both a little confused when they heard this. Did An Ran believe each other so easily?

"Sister An Ran, please don't be so stupid. He didn't say a word, he just said a casual perfunctory sentence. Do you believe that what he said is true?"

"I believe what he said is true, and Mr. Norman Karim is not so bored that he found a group of people to come over and act to deceive us. This is completely unnecessary."

Norman Karim smiled from the side.

"An Ran, you are right. Only people like Qin Yuan can do this kind of wild thing."

"It seems that you know Qin Yuan very well. Since we have proved each other's identity, please ask Mr. Norman Karim to be noble and let us leave.

It's impossible for us to follow you to your new villa. Since people from the embassy have come to pick us up, we must go with the embassy. Is there anything else you want to say? "

An Ran had already seen from Norman Karim's eyes that the other party did not want to let him go so easily. They had been looking for opportunities to delay when they left.

"An Ran, please don't be so excited. I never said that I would force you to stay here. When I wanted to pick you up just now, you said it yourself. You should wait for Qin Yuan to come back before making a decision. .

But now that Qin Yuan hasn't come back, wouldn't it be a little bad if you leave first?

It's better to wait. When Qin Yuan comes back, you can go together, and I can rest assured. Otherwise, if you are a girl with two strangers, if there is really any trouble, I really can't talk to Fan Tianlei. explain.

Although I have been away from the He-eating Dynasty Army for so many years, I still have feelings for it, and I also have some feelings of comrade-in-arms towards Fan Tianlei. When his people come to my place, I should entertain him well. "

Chen Jixiang also saw these little thoughts of Norman Karim.

"Sister An Ran, why are you waiting for Brother Qin Yuan to come back before making a decision? He is deliberately stalling for time. He doesn't want us to leave so soon. So what should we do now? Are we going to leave by force?"

He Chenguang actually didn't want to leave so soon, because he knew that there was still a very important matter that had not been resolved, and that was whether Xiaolan had been rescued. This was a very urgent issue.

Liu Mei had no intention of backing down.

Although he is a girl, he looks like a boy, and he is also very handsome.

"An Ran, now it depends on your decision. Whether you are willing to leave with me or not is very important."

"I did say that we will wait for Qin Yuan to come back before we make a decision.

At that time, no one from the embassy came to pick us up. Mr. Norman Karim, even if you want to delay time now, I'm afraid it's pointless.

Everyone from the embassy has already arrived. I think there is no need to wait for Qin Yuan any longer.

After we get to the embassy, we will try our best to contact Qin Yuan. Please don't stop us. We can pack up our things and prepare to leave with Liu Mei. "

After An Ran said this, Mr. Norman Karim was obviously at a loss.

"It seems that I didn't greet you well, otherwise you wouldn't be so anxious to leave. It's quite embarrassing to say that."

Chen Jixiang also saw these little thoughts of the other party, and he quickly said next to him.

"Mr. Norman Karim, I think you are a little too polite.

Don't say that. For the sake of Thor, you have taken good care of us. It is indeed inappropriate to disturb you in the club for so many days.

Now that people from the embassy have come to look for us, it is really inconvenient for us to continue disturbing them. "

Norman Karim just wanted to keep them forcibly. After seeing the attitudes of these people, he thought there was no need to continue pretending.

"Ms. Liu, if you said you are from the embassy, then you should know that except for Miss An Ran, these people should not have come to us through any formal channels.

There are no entry and exit records for Amy Dynasty and his Love to Eat Dynasty at every checkpoint, so please tell me, how did they get here? "

An Ran heard Norman Karim say this and understood that this guy no longer cares about the issue of face. Now he wants to accuse Qin Yuan and the others of sneaking here.

"Mr. Norman Karim, I don't quite understand what you mean by this."

"A smart person like Miss Liu should know that their entry and exit records cannot be found anywhere, which means they came to the Amy Dynasty through some improper channels."

"I'm not sure about this. Sometimes members of special forces like Qin Yuan and others have to perform some secret missions.

Under the circumstances of performing a secret mission, we have no reason to steal their privacy.

Therefore, I can't control much about how they got here.

I am only responsible for carrying out the tasks assigned to me by my superiors and bringing a few of them back. This is the most important thing. I hope that Mr. Norman Karim will not make things difficult for us and we will be more generous. It may be better for everyone. "

An Ran looked at Liu Mei in front of her, neither humble nor arrogant. Even when faced with such a powerful force as Mr. Norman Karim, he never flinched.

I couldn't help but feel some respect for him in my heart.

"Mr. Norman Karim, we know very well what you mean by what you said now. It seems that you are deliberately trying to embarrass us."

"I didn't mean to embarrass anyone, I was just talking about the situation.

I believe you will also be very clear about what investigation methods should be used when there are no entry and exit records.

How about this? I will first notify the various ports of Amy Dynasty and ask them to check the entry and exit records for you to see if this is a misunderstanding. "

When An Ran saw Norman Karim's behavior, he couldn't help but feel a little flustered.

In any case, he must not be allowed to use this method, because once the people in the Amy Dynasty departments know that they do not have the relevant procedures and documents, this will confirm their crime of smuggling over.

At that time, the Amy Dynasty troops have the right to take Anron and the others away. Once they are taken away by the Amy Dynasty, it means they have fallen into the control of Mr. Norman Karim again. This guy sees You should come prepared.

"Wait a minute, what does Mr. Norman Karim mean by doing this?"

"I don't mean anything, it's just that as a member of the embassy, Miss Liu, they don't know what channel you used to get here, which is indeed a bit suspicious.

I'll inform the people in the Amy Dynasty to conduct a thorough investigation on the channels through which you got here, and there should be no problem. "

Although Liu Mei didn't ask too many questions, he knew in his heart that the way these people came to the Amy Dynasty could not withstand scrutiny.

So, he said directly next to him.

"Mr. Norman Karim, you really took the trouble. If they didn't come here through proper channels, then you shouldn't have adopted this method. Just hand them over to me directly.

I am from the embassy. If they really came through abnormal channels, it would be normal, reasonable and compliant to take them back to the embassy where they love to eat and conduct relevant investigations and handling. "

It's a pity that Qin Yuan is not here now. They really have some difficulty in dealing with Mr. Norman Karim.

An Ran is now worried about whether Qin Yuan's side can go smoothly.

After all, Effit is not an easy guy to deal with. Although Qin Yuan has a pistol in his hand, it is really too dangerous for him to go to the meeting alone now.

"Miss Liu, it seems that you have made all the preparations before coming here.

How about this? Now I will notify people from some departments in the Amy Dynasty. Then, you can also notify the embassy and see who can move faster and take them away. "

An Ran knew that Mr. Norman Karim dared to say this because he was well prepared, and maybe the people he was looking for were waiting downstairs.

If this situation continues to develop, the situation will only be controlled by the other party again.

Chapter 2255: Play dumb and make the enemy suspicious of you

Qin Yuan was confronting Efit, and he was feeling a little uneasy now.

Although he had contacted the embassy Wang Xin, and the other party promised to rush over as soon as possible, he was still not sure what this guy would do.

After all, it is now necessary for him to protect the lives of these two arms experts.

"Qin Yuan, since you are already here, I think there is no need to continue talking nonsense to you. I advise you to think about what you should do quickly."

"I don't know what I should do now to satisfy you, why don't you remind me."

"I just want the batch of arms I lost. As long as you can find ways to help me get these things back and make old K trust me again, I will now be willing to give up these two useless guys and let You bring them back to his love-eating dynasty."

"Efit, I have to say that your idea is too extreme, and I can't agree to it.

Because this batch of arms was taken away by Mr. Norman Karim, not me. You also know that the entire Amy Dynasty is under his control. How can a few words from me be effective?

If he had been willing to listen to me, I wouldn't have been locked up in the clubhouse by him for so many days. "

"Then you mean you won't help?"

"I hope you can understand. It's not that I don't want to help, but that this matter is indeed difficult. I can try to help you find a solution, but I'm afraid I won't be able to achieve the results you want in a short time."

"Qin Yuan, I think you regard me as the biggest fool in the world. Will I believe your vain promises? I only want to see the immediate benefits. Since you can't help me anymore, I'm sorry. , I can only send you all away today."

As Effit said this, he took out the pistol from his arms and prepared to point it at Qin Yuan.

At this moment, Azhe suddenly walked over from behind and stopped Efite.

"Azhe, don't think that just because you are the person next to Mr. Norman Karim, you can do whatever you want. He has already distrusted you. Do you want to continue to help Qin Yuan?"

"I've already told you that what happens between you two has nothing to do with me. How you want to coordinate is your own business, but I will never allow a gunfight to happen in this place."

"Then I'll take them out."

The two students of Professor Fang De saw Qin Yuan coming here alone to save the two of them. They were really very sorry now. They hoped that Qin Yuan would stop caring about them, and it was better to get out of danger first. good.

"Qin Yuan, the two of us have never met you before. After listening to Professor Fang De's words this time, we are really touched that he is willing to risk his life to come to this strange country to save us.

You may not know yet, but all the core research is in the hands of Professor Fang De. He deliberately asked you to come to save us. Now I am responsible for explaining all this to you.

You'd better return to your own country quickly and leave us alone. Even if you take us back, it will be of little use. We won't be of much help in arms research. "

When Qin Yuan heard what they said, he knew that these two people might have the idea of giving up on themselves.

"I said you two must not give up. Professor Fang De asked me to save you. Of course he knows very well that all the core project information is in his own hands.

He asked me to come here to save you, not because of your scientific research value, but because of my friendship with you.

He regards you as his disciples and his children. If you are not even willing to see him for the last time, I'm afraid he will die with his eyes in peace. "

"Qin Yuan, what do you mean by that? Could it be that Fang De taught him..."

"He is so old now. He definitely doesn't have many years to live. To tell you the truth, he is in critical condition now. We are doing our best to save him. If he learns about the shortcomings of you two, I'm afraid It's faster to die."

The reason why Qin Yuan said this was partly to stimulate the two of them's desire to survive, and partly to tell them the truth so that they could be mentally prepared.

Because, although Qin Yuan is very aware of Du Bingbing's medical skills and medical resources.

But no one can resist the natural law of birth, old age, illness and death. Professor Fang De is already so old, how many years can he live even if he is free from illness and disaster?

"Efit, if you still have any humanity left, don't cause trouble at this time.

Let them leave here quickly. Since you know that they are of no use in scientific research, why bother others here? It would be better for you to let them leave earlier and you would be doing yourself some good deeds. "

"Qin Yuan, I think you are really a smooth-talking guy. No matter what you say to me here, I will not let them leave easily."

"Isn't it fun to do something that harms others but does not benefit yourself?"

"Yes, in your eyes, I am a complete bad person. Since I am a bad person, of course I will do some bad things. Even if these things are harmful to others and not beneficial to myself, I will never let you get what you want."

A Kun and A Ming, the two of them listened for a long time and knew that the current situation was quite tense. They had to tell their boss Jason first to see what he thought.

After Jason, who was far away in the club, received the news from A Kun and A Ming, he also took the opportunity to find the bathroom and check it out.

When he discovered that Qin Yuan was in some trouble, he felt a little panicked, hoping that A Kun and A Ming could continue to help Qin Yuan and fulfill the promise he had promised but failed to fulfill.

Akun and Amin received news from Jason.

"Protect your own safety and help Qin Yuan when you have the chance."

Akun and Amin saw Jason's reply, and they now knew what they should do.

Anyone with a discerning eye can see that Qin Yuan has not taken action yet, he just wants to delay time, so A Kun and A Ming also stepped forward, preparing to do something so that Efit could analyze and delay it. some time.

"Efit, Mr. Norman Karim still doesn't have any instructions yet?"

"What orders do you two want? Of course Mr. Norman Karim, who I called you out, also knows. Since we belong to the same group now, don't tell me these nonsense.

Hurry up and listen to me. Just do whatever I tell you. Just stay by your side and don't think about causing trouble for me. Otherwise, the pistol in my hand doesn't have eyes. "

Qin Yuan couldn't stand it anymore.

"Effit, you and Jason have known each other for so many years. You can be considered brothers who have shared weal and woe together. Akun and Amin are Jason's subordinates. You don't have to treat them like this. Everyone has dignity. Yes, if you don't respect others, you can't get respect from others."

After Efit heard Qin Yuan's words, he sneered beside him.

"Qin Yuan, don't use your tricks to deal with me, I won't accept your tricks.

Akun and Amin were originally followers of Jason. What kind of dignity do we need in our line of work? If you have a gun in your hand, you have dignity. If you don't have a gun in your hand, you can only listen to what others say.

If they obey me obediently, I can still keep them safe.

Suppose, if they want to play tricks here to find an opportunity to help you, then I can't guarantee the safety of the two of them. If my pistol goes off in a while, whoever hits the head first will be freed first. "

A Kun and A Ming also knew how despicable and shameless the guy in front of them was, and it was useless to say anything to him.

"Okay, Efit, it's really great that you have a gun in your hand now. Then tell me what we should do now. We can't be in a stalemate here all the time."

"You two useless guys, just take care of these two useless arms experts for me. Let me deal with the rest of Qin Yuan and Azhe."

At this time, Akun said next to him.

"Qin Yuan, now that you have to face the rest of us alone, is there any hope of success? If Efit doesn't have any excessive demands, it's more important for you to save your own life.

You didn't come here alone. Even if you don't think about yourself, you have to think about the companions who came with you.

Is it possible that you have to watch helplessly as your companions lose your protection and cannot even guarantee the most basic safety? "

His words also reminded Qin Yuan.

"You two are probably willing to say these things to me because of Jason's sake.

In this case, I am quite touched. Thank you both for your heartfelt advice. However, the conflict between Efit and I is not a day or two. If we can't solve it today, he loves to eat Dynasty. I believe the two of us will have to. Just continue to decide the winner.

My main mission here this time is indeed to bring these two arms experts back, but if I can't do this, solving Efit's serious problem can be considered as a way to have a relationship. "

Efit heard Qin Yuan's words, and he also knew that the two of them had to decide the outcome today.

Azhe looked at Qin Yuan from the side, and he was also anxious, wondering if there was any way he could help him.

"Azhe, you don't have to worry about it here. Since Mr. Norman Karim doesn't want you to continue to take care of these two arms experts, if nothing happens, you can leave here first."

Qin Yuan wanted Azhe to escape unscathed. He knew that Efit was a madman.

If this guy really goes crazy, something outrageous might happen. If Azhe has any shortcomings, I'm afraid Sophia will go crazy.

"Qin Yuan, are you really going to let me leave now? Don't you think that if I stay here, I can be your hostage?"

"That's not necessary. I, Qin Yuan, have never done anything that is cunning or threatening to others. This means nothing to me.

On the contrary, I should remind you that it is getting late, so you should stop insisting. If you have any ideas, just say it directly. We are not coy people. "

Efit knew very well that what Qin Yuan said was entirely for his own ears.

"Okay, I don't want to say anything to you now. The main thing is to tell you that no matter what happens, you absolutely can't waste any more time."

"Then I'll let you come up with a solution. If you tell me, I'll be able to figure it out."

Qin Yuan has been thinking about it in his heart. Wang Xin said that if he rushed over, he was afraid that he would attract other people's attention if he made a big fuss. However, he had too few people to bring with him, and he might not be able to subdue Efit.

"Qin Yuan, it's already this time, don't be distracted anymore.

If you have anything to say, just say it directly. What did you think of?

I also know that you are a sinister and cunning guy. You are not planning something in your heart. It's already this time. As long as I hold the lives of these two guys in my hands, you dare not act rashly."

Efit has been threatening Qin Yuan with the lives of these two arms experts. He knows that Qin Yuan sees the mission as more important than anything else.

As long as he can complete the mission, he can accept a little sacrifice.

"Aifite, I didn't think about anything. You don't need to be so panicked. Seeing you panicking, you must be a little afraid of me. Is it because I, this powerful opponent, have left too many psychological shadows on you?"

"Don't be so proud here. If Fan Tianlei hadn't been helping you when he loved eating Dynasty before, how could you have defeated me again and again? Now we are in a fair competition here. Let's rely on our abilities."

While Aifite was talking, Qin Yuan seemed to hear the sound of a car outside.

"How could there be a car in such a desolate place?"

Aifite also heard the sound of a car, and he was a little nervous.

"You must have heard it wrong. There is no sound of a car. I didn't hear it."

After listening to Qin Yuan's words with an unbelievable look on his face, Aifite looked back at A Kun and A Ming.

Of course, they were willing to help Qin Yuan, and they also chose to play dumb.

"We didn't hear any car sounds, did you hear it?"

Azhe was of course the same. Although he didn't know who the car sound was, or which faction it was, he was still willing to help Qin Yuan follow his words.

"I didn't hear any car sounds either, Efit, are you afraid that Qin Yuan is a little too nervous, and he's already scared and scared?"

Azhe was also a master at controlling people's hearts. He also knew to take the opportunity to mock Efit at this time.

Everyone said that they didn't hear the sound of the car, which made Efit doubt himself. He often shot, and he didn't know if there was really something wrong with his ears.

Chapter 2256: In desperation, he had to flee

Efit had come to believe that there was something wrong with his own ears.

"Qin Yuan, I won't talk nonsense to you anymore. You'd better think carefully about the deal I told you. It's still a good deal to use the arms I lost in exchange for the lives of these people. "

"Efit, you should know me. What I hate most is being threatened by others."

"Sometimes the premise for you to hate something is that you have enough control over the direction of the whole thing. Now you don't have to say anything and you still have to pretend, what's the use?"

Azhe was afraid that the two of them would have some irreconcilable conflicts.

"Don't be so excited yet. If you have anything to say, please talk to me. Everyone put down their weapons."

"Azhe, it's already reached this point, so stop pretending to be a peacemaker, mind your own business, and don't interfere in things that have nothing to do with you. This is more important than anything else, and it's also my most heartfelt wish to you. advice."

Qin Yuan had already determined that there was the sound of a car outside, and believed that it was the reinforcements he had found himself.

"Efit, how about this, put down the gun in your hand first, and let me help you think of a way.

Let's see if we can find an opportunity to get this batch of arms back. It was my idea to give Jason the idea, otherwise he might not be able to think of such a good way to deal with you. If you have any complaints, just come to me directly. "

"I knew that these things must have been caused by you. It was you who had too many conspiracies that got me to where I am now."

"Efite, we have known each other for such a long time and we still have some understanding of each other. Even if I don't admit it, you will pin everything on me. It's better for me to admit it openly."

While they were talking, suddenly a person walked in from outside.

Everyone also heard the sound of footsteps outside.

"There shouldn't be something wrong with my ears. It's obviously someone. Logically speaking, this place is very hidden and there won't be anyone there. Azhe, must you have leaked the secret, or have you secretly sent someone to help? "

Efit said as he pointed the gun at Azhe.

Azhe raised his hands.

"Don't talk nonsense here, you guy. Although I know the specific location here, I really don't know in which direction things will develop. How could I predict it in advance and find someone to help?

From the time I came to this house to now, I have been under your surveillance. You should also be able to see that I have not used any communication equipment or external connections. "

"fart!

If you hadn't secretly contacted people outside, how did Qin Yuan find you? It must be you! "

Efit was very excited now, and he insisted that Azhe had leaked the secret.

"Who is outside? Now that you are here, don't be sneaky outside and come in openly."

At this time, a man walked in from the outside, wearing a mountaineering sportswear. He was probably less than thirty years old, and his height must be about 1.85 meters.

Even in sportswear, it can be seen that his two long legs account for more than half of the total length of his body.

Although Qin Yuan has never met Wang Xin from the embassy, he can feel from the phone call that this person is not too old, and he and Du Bingbing are college classmates and should be about the same age. Judging from this person's age It's not too big, so he must be the one he needs help from.

"who are you?"

"I came here to climb mountains. When I heard something coming from you, I came over to take a look."

"Bah, I think you are just checking me out, right? Although there is a mountainous area nearby, this is still a private residence. If you say there is any movement, just come here to check. Don't think you can deceive me with just a few words. What on earth are you doing? who?"

"Okay, I'm the helper one of you asked here."

When Effit heard this, he quickly turned around and glanced at Qin Yuan and Azhe. Seeing their calm expressions, he couldn't believe that Qin Yuan could find help here, so he directly aimed at the target. Azhe.

"It's you who is behind this!"

Azhe must know someone from the embassy, and he didn't want to hide it at this moment.

"Effit, I really can't argue now. You are targeting me, and I can't refute it, but I do know the person in front of me. He is from the embassy."

"People from the embassy? Why are people from the embassy here?"

"Then you should go back and ask Qin Yuan. The person he asked to help should be able to explain it clearly."

After hearing this, Effit immediately turned back to look at Qin Yuan.

He still had no intention of putting down the pistol in his hand. Qin Yuan also kept pointing the pistol at Efit and the others, and everyone fell into a deadlock.

"Wang Xin, this is the first time we have met. It seems that you have an extraordinary temperament and a dignified appearance."

"Let's talk to each other. Qin Yuan has heard of your name a long time ago. I didn't expect you to be so young, promising and handsome. I'm glad to see you here and provide you with some help."

"That's enough! You two, don't pretend to be friends here in front of me. Qin Yuan, you are such an insidious and cunning guy. You were able to alert the people in the embassy. But looking at him like this, he must have come alone. "

Wang Xin smiled and said.

"Am I here alone or with others? What's the difference?"

"If you come with others, we can still have a chance to negotiate. You come here alone and you are just going to die. But I can give you a way out. This is the first time you and Qin Yuan meet. There is no need to risk your life for him."

"Oh? From what you said, you want to give me a way out, so that I can take the opportunity to leave here and not care about Qin Yuan's business?"

"You look like a pretty boy, and you are smart. That's what I mean. As long as you leave here now and pretend nothing happened and you haven't seen anything, I will give you a way out."

"Aifite, are you kidding me?"

You are now I have become a first-level focus target of the Great Love Food Dynasty. You don't know me, but I know you.

You have caused so many things in the Great Love Food Dynasty and the Amy Dynasty over the years. It's better to solve the black sheep like you as soon as possible. If I hadn't considered this problem, I might not have agreed to Qin Yuan's help so readily today. "

"Wang Xin, I don't know you at all. You treat me as an enemy for no reason. It's ridiculous. Although you are from the embassy, you don't have any identity documents. Even if you die here today, no one will care about you."

"Who said I didn't bring my identity documents?"

Wang Xin said as he took out the ID from his pocket, which clearly stated Wang Xin, the consul of the Great Love Food Dynasty in the Amy Dynasty Embassy.

"Now I can prove my identity, right? And I have already told my colleagues before I left that if I don't return to the embassy within an hour, they will send people here. At that time, even if Qin Yuan and I are in danger, you can't escape."

"Are you scaring me?"

"What's the point of scaring you? I'm telling the truth. Now the person who should leave here is you, not me. I've made up my mind to help Qin Yuan. What can you do to me?"

Wang Xin said these words calmly. He was not afraid of the pistol in Efit's hand.

"I have a pistol in my hand. You dare to talk to me like this? Do you believe I will shoot now?"

"A Kun and A Ming are A Zhe you brought here. He should not help you under your threat. Can't Qin Yuan and I deal with you alone? I don't need to say who will suffer at that time."

Wang Xin said as he took off his outer jacket, only to see that he was wearing a bulletproof vest inside.

Although this guy looks like a pretty boy, he is unexpectedly a muscular man after taking off his coat. You can even vaguely see some muscle lines from his tight bulletproof vest.

Qin Yuan was already distracted at this moment. He thought that Du Bingbing had such a handsome friend. He was really ignorant. If a little girl saw such a man, she would probably be confused.

Du Bingbing was still able to remain calm in front of such a handsome guy. He is really not an ordinary woman. He is really a career-minded person.

Wang Xin looked at Qin Yuan staring at his chest muscles in a daze, and he couldn't help but joked.

"Qin Yuan, no matter how much you are a man, can you stop staring at me like this? It's already this time, and you still have the heart to think about these messy things."

Wang Xin finished speaking, and this made Qin Yuan feel a little embarrassed. He thought to himself that he didn't have any special fetishes. He just thought of Du Bingbing just now.

"Yes, Aifeite is now two of us against one of you. It's still in time for you to escape now. I know you are a sophisticated egoist and will never complete the mission at the cost of sacrificing yourself."

"Qin Yuan, I didn't expect you to know me well. You are right. No matter what the circumstances, I will not give up my life. Since you are now outnumbered, I can't care so much."

Aifeite is now very clear in his mind that he can't shoot. As long as he shoots, he will definitely be at a disadvantage.

"A Kun, A Ming, you two came here with me. What are you going to do if I leave now?"

"How do I know?"

"Be careful!"

Qin Yuan saw Aifeite distracting A Kun and A Ming's attention while trying to shoot at them. Fortunately, Qin Yuan reacted in time and went forward to knock down A Kun and A Ming.

Let them successfully avoid Aifeite's cold gun.

Seeing this situation, Wang Xin also shot at Aifeite without hesitation. Unexpectedly, this guy was also very thoughtful and wore a bulletproof vest.

At this moment, Wang Xin realized that he must protect the two arms experts. He stood in front of the two without hesitation, took out his pistol and shot at Efit.

In this way, the house was full of holes shot by the pistol, and all the facilities in the house were almost destroyed.

"Okay, put the gun away, this guy has run away."

After calming down, Qin Yuan carefully patrolled the surroundings with a gun and found that there was indeed no one left. This guy had run away. At the same time, Qin Yuan also found that there seemed to be a sound of a vehicle starting rapidly outside.

He looked outside through the window, and he didn't expect that it was Efit who drove away the G-Class he drove.

"Don't worry about it, he's gone now."

A Kun and A Ming escaped under Qin Yuan's protection. Seeing Qin Yuan at this time, they had a particularly complicated feeling in their hearts.

"We won't say anything else, Qin Yuan, thank you so much, if it weren't for you, I'm afraid we would be in danger today."

"It's just a small effort for me, you don't have to be so grateful to me, if it weren't for helping you guys, I wouldn't be injured."

"Are you injured?"

Qin Yuan turned around subconsciously and looked at the position of his shoulder behind his arm. It was indeed scratched by the bullet on the pistol, and it was bleeding now.

Seeing this, Wang Xin directly tore off a piece of cloth from his body and quickly bandaged Qin Yuan.

"Are you okay?"

"It's nothing serious. Don't forget that I'm a member of the special forces. No matter what, these are things I've experienced during training. There's nothing to be surprised about. Generally speaking, they are just superficial injuries. At least we can be considered victorious this time."

"It's good that nothing happened. In that case, let's leave here first. I have to take you to the hospital to check it out first, so that you don't lose too much blood."

"Don't worry, I also learned some first aid knowledge when I was in the army before. Fortunately, the wound on my body is not close to the aorta, so there won't be too much blood."

"Qin Yuan, am I here in time?"

"We haven't met each other yet. I'm really grateful that you can risk your life to help me. Regardless of whether you came in time today, I can't blame you. I only have two words of thanks for you."

"At least I'm also a member of the embassy, and I can be regarded as receiving the order of Deputy Chief of Staff Du Bingbing to help you cooperate in the investigation. This is my mission, and it's my job. It's what I should do."

Azhe looked back at Akun and Amin.

"Efit has already run away. I believe he will not return to Mr. Norman Karim. What are you two going to do next? Are you going to run away with him?"

"Efit is really a venomous snake. We agreed that we were here to help her, but he still treated us so cruelly. It's really a bit too much. We must seek revenge on him."
