## Chapter 2255: Play dumb and make the enemy suspicious of you

Qin Yuan was confronting Efit, and he was feeling a little uneasy now.

Although he had contacted the embassy Wang Xin, and the other party promised to rush over as soon as possible, he was still not sure what this guy would do.

After all, it is now necessary for him to protect the lives of these two arms experts.

"Qin Yuan, since you are already here, I think there is no need to continue talking nonsense to you. I advise you to think about what you should do quickly."

"I don't know what I should do now to satisfy you, why don't you remind me."

"I just want the batch of arms I lost. As long as you can find ways to help me get these things back and make old K trust me again, I will now be willing to give up these two useless guys and let You bring them back to his love-eating dynasty."

"Efit, I have to say that your idea is too extreme, and I can't agree to it.

Because this batch of arms was taken away by Mr. Norman Karim, not me. You also know that the entire Amy Dynasty is under his control. How can a few words from me be effective?

If he had been willing to listen to me, I wouldn't have been locked up in the clubhouse by him for so many days. "

"Then you mean you won't help?"

"I hope you can understand. It's not that I don't want to help, but that this matter is indeed difficult. I can try to help you find a solution, but I'm afraid I won't be able to achieve the results you want in a short time."

"Qin Yuan, I think you regard me as the biggest fool in the world. Will I believe your vain promises? I only want to see the immediate benefits. Since you can't help me anymore, I'm sorry. , I can only send you all away today."

As Efit said this, he took out the pistol from his arms and prepared to point it at Qin Yuan.

At this moment, Azhe suddenly walked over from behind and stopped Efite.

"Azhe, don't think that just because you are the person next to Mr. Norman Karim, you can do whatever you want. He has already distrusted you. Do you want to continue to help Qin Yuan?"

"I've already told you that what happens between you two has nothing to do with me. How you want to coordinate is your own business, but I will never allow a gunfight to happen in this place."

"Then I'll take them out."

The two students of Professor Fang De saw Qin Yuan coming here alone to save the two of them. They were really very sorry now. They hoped that Qin Yuan would stop caring about them, and it was better to get out of danger first. good.

"Qin Yuan, the two of us have never met you before. After listening to Professor Fang De's words this time, we are really touched that he is willing to risk his life to come to this strange country to save us.

You may not know yet, but all the core research is in the hands of Professor Fang De. He deliberately asked you to come to save us. Now I am responsible for explaining all this to you.

You'd better return to your own country quickly and leave us alone. Even if you take us back, it will be of little use. We won't be of much help in arms research. "

When Qin Yuan heard what they said, he knew that these two people might have the idea of giving up on themselves.

"I said you two must not give up. Professor Fang De asked me to save you. Of course he knows very well that all the core project information is in his own hands.

He asked me to come here to save you, not because of your scientific research value, but because of my friendship with you.

He regards you as his disciples and his children. If you are not even willing to see him for the last time, I'm afraid he will die with his eyes in peace. "

"Qin Yuan, what do you mean by that? Could it be that Fang De taught him..."

"He is so old now. He definitely doesn't have many years to live. To tell you the truth, he is in critical condition now. We are doing our best to save him. If he learns about the shortcomings of you two, I'm afraid It's faster to die."

The reason why Qin Yuan said this was partly to stimulate the two of them's desire to survive, and partly to tell them the truth so that they could be mentally prepared.

Because, although Qin Yuan is very aware of Du Bingbing's medical skills and medical resources.

But no one can resist the natural law of birth, old age, illness and death. Professor Fang De is already so old, how many years can he live even if he is free from illness and disaster?

"Efit, if you still have any humanity left, don't cause trouble at this time.

Let them leave here quickly. Since you know that they are of no use in scientific research, why bother others here? It would be better for you to let them leave earlier and you would be doing yourself some good deeds. "

"Qin Yuan, I think you are really a smooth-talking guy. No matter what you say to me here, I will not let them leave easily."

“Isn’t it fun to do something that harms others but does not benefit yourself?”

"Yes, in your eyes, I am a complete bad person. Since I am a bad person, of course I will do some bad things. Even if these things are harmful to others and not beneficial to myself, I will never let you get what you want."

A Kun and A Ming, the two of them listened for a long time and knew that the current situation was quite tense. They had to tell their boss Jason first to see what he thought.

After Jason, who was far away in the club, received the news from A Kun and A Ming, he also took the opportunity to find the bathroom and check it out.

When he discovered that Qin Yuan was in some trouble, he felt a little panicked, hoping that A Kun and A Ming could continue to help Qin Yuan and fulfill the promise he had promised but failed to fulfill.

Akun and Amin received news from Jason.

"Protect your own safety and help Qin Yuan when you have the chance."

Akun and Amin saw Jason's reply, and they now knew what they should do.

Anyone with a discerning eye can see that Qin Yuan has not taken action yet, he just wants to delay time, so A Kun and A Ming also stepped forward, preparing to do something so that Efit could analyze and delay it. some time.

"Efit, Mr. Norman Karim still doesn't have any instructions yet?"

"What orders do you two want? Of course Mr. Norman Karim, who I called you out, also knows. Since we belong to the same group now, don't tell me these nonsense.

Hurry up and listen to me. Just do whatever I tell you. Just stay by your side and don't think about causing trouble for me. Otherwise, the pistol in my hand doesn't have eyes. "

Qin Yuan couldn't stand it anymore.

"Effit, you and Jason have known each other for so many years. You can be considered brothers who have shared weal and woe together. Akun and Amin are Jason's subordinates. You don't have to treat them like this. Everyone has dignity. Yes, if you don't respect others, you can't get respect from others."

After Efit heard Qin Yuan's words, he sneered beside him.

"Qin Yuan, don't use your tricks to deal with me, I won't accept your tricks.

Akun and Amin were originally followers of Jason. What kind of dignity do we need in our line of work? If you have a gun in your hand, you have dignity. If you don't have a gun in your hand, you can only listen to what others say.

If they obey me obediently, I can still keep them safe.

Suppose, if they want to play tricks here to find an opportunity to help you, then I can't guarantee the safety of the two of them. If my pistol goes off in a while, whoever hits the head first will be freed first. "

A Kun and A Ming also knew how despicable and shameless the guy in front of them was, and it was useless to say anything to him.

"Okay, Efit, it's really great that you have a gun in your hand now. Then tell me what we should do now. We can't be in a stalemate here all the time."

"You two useless guys, just take care of these two useless arms experts for me. Let me deal with the rest of Qin Yuan and Azhe."

At this time, Akun said next to him.

"Qin Yuan, now that you have to face the rest of us alone, is there any hope of success? If Efit doesn't have any excessive demands, it's more important for you to save your own life.

You didn't come here alone. Even if you don't think about yourself, you have to think about the companions who came with you.

Is it possible that you have to watch helplessly as your companions lose your protection and cannot even guarantee the most basic safety? "

His words also reminded Qin Yuan.

"You two are probably willing to say these things to me because of Jason's sake.

In this case, I am quite touched. Thank you both for your heartfelt advice. However, the conflict between Efit and I is not a day or two. If we can't solve it today, he loves to eat Dynasty. I believe the two of us will have to. Just continue to decide the winner.

My main mission here this time is indeed to bring these two arms experts back, but if I can't do this, solving Efit's serious problem can be considered as a way to have a relationship. "

Efit heard Qin Yuan's words, and he also knew that the two of them had to decide the outcome today.

Azhe looked at Qin Yuan from the side, and he was also anxious, wondering if there was any way he could help him.

"Azhe, you don't have to worry about it here. Since Mr. Norman Karim doesn't want you to continue to take care of these two arms experts, if nothing happens, you can leave here first."

Qin Yuan wanted Azhe to escape unscathed. He knew that Efit was a madman.

If this guy really goes crazy, something outrageous might happen. If Azhe has any shortcomings, I'm afraid Sophia will go crazy.

"Qin Yuan, are you really going to let me leave now? Don't you think that if I stay here, I can be your hostage?"

"That's not necessary. I, Qin Yuan, have never done anything that is cunning or threatening to others. This means nothing to me.

On the contrary, I should remind you that it is getting late, so you should stop insisting. If you have any ideas, just say it directly. We are not coy people. "

Efit knew very well that what Qin Yuan said was entirely for his own ears.

"Okay, I don't want to say anything to you now. The main thing is to tell you that no matter what happens, you absolutely can't waste any more time."

"Then I'll let you come up with a solution. If you tell me, I'll be able to figure it out."

Qin Yuan has been thinking about it in his heart. Wang Xin said that if he rushed over, he was afraid that he would attract other people's attention if he made a big fuss. However, he had too few people to bring with him, and he might not be able to subdue Efit.

"Qin Yuan, it's already this time, don't be distracted anymore.

If you have anything to say, just say it directly. What did you think of?

I also know that you are a sinister and cunning guy. You are not planning something in your heart. It's already this time. As long as I hold the lives of these two guys in my hands, you dare not act rashly."

Efit has been threatening Qin Yuan with the lives of these two arms experts. He knows that Qin Yuan sees the mission as more important than anything else.

As long as he can complete the mission, he can accept a little sacrifice.

"Aifite, I didn't think about anything. You don't need to be so panicked. Seeing you panicking, you must be a little afraid of me. Is it because I, this powerful opponent, have left too many psychological shadows on you?"

"Don't be so proud here. If Fan Tianlei hadn't been helping you when he loved eating Dynasty before, how could you have defeated me again and again? Now we are in a fair competition here. Let's rely on our abilities."

While Aifite was talking, Qin Yuan seemed to hear the sound of a car outside.

"How could there be a car in such a desolate place?"

Aifite also heard the sound of a car, and he was a little nervous.

"You must have heard it wrong. There is no sound of a car. I didn't hear it."

After listening to Qin Yuan's words with an unbelievable look on his face, Aifite looked back at A Kun and A Ming.

Of course, they were willing to help Qin Yuan, and they also chose to play dumb.

"We didn't hear any car sounds, did you hear it?"

Azhe was of course the same. Although he didn't know who the car sound was, or which faction it was, he was still willing to help Qin Yuan follow his words.

"I didn't hear any car sounds either, Efit, are you afraid that Qin Yuan is a little too nervous, and he's already scared and scared?"

Azhe was also a master at controlling people's hearts. He also knew to take the opportunity to mock Efit at this time.

Everyone said that they didn't hear the sound of the car, which made Efit doubt himself. He often shot, and he didn't know if there was really something wrong with his ears.

## Chapter 2256: In desperation, he had to flee

Efit had come to believe that there was something wrong with his own ears.

"Qin Yuan, I won't talk nonsense to you anymore. You'd better think carefully about the deal I told you. It's still a good deal to use the arms I lost in exchange for the lives of these people. "

"Efit, you should know me. What I hate most is being threatened by others."

"Sometimes the premise for you to hate something is that you have enough control over the direction of the whole thing. Now you don't have to say anything and you still have to pretend, what's the use?"

Azhe was afraid that the two of them would have some irreconcilable conflicts.

"Don't be so excited yet. If you have anything to say, please talk to me. Everyone put down their weapons."

"Azhe, it's already reached this point, so stop pretending to be a peacemaker, mind your own business, and don't interfere in things that have nothing to do with you. This is more important than anything else, and it's also my most heartfelt wish to you. advice."

Qin Yuan had already determined that there was the sound of a car outside, and believed that it was the reinforcements he had found himself.

"Efit, how about this, put down the gun in your hand first, and let me help you think of a way.

Let's see if we can find an opportunity to get this batch of arms back. It was my idea to give Jason the idea, otherwise he might not be able to think of such a good way to deal with you. If you have any complaints, just come to me directly. "

"I knew that these things must have been caused by you. It was you who had too many conspiracies that got me to where I am now."

"Efite, we have known each other for such a long time and we still have some understanding of each other. Even if I don't admit it, you will pin everything on me. It's better for me to admit it openly."

While they were talking, suddenly a person walked in from outside.

Everyone also heard the sound of footsteps outside.

"There shouldn't be something wrong with my ears. It's obviously someone. Logically speaking, this place is very hidden and there won't be anyone there. Azhe, must you have leaked the secret, or have you secretly sent someone to help? "

Efit said as he pointed the gun at Azhe.

Azhe raised his hands.

"Don't talk nonsense here, you guy. Although I know the specific location here, I really don't know in which direction things will develop. How could I predict it in advance and find someone to help?

From the time I came to this house to now, I have been under your surveillance. You should also be able to see that I have not used any communication equipment or external connections. "

"fart!

If you hadn't secretly contacted people outside, how did Qin Yuan find you? It must be you! "

Efit was very excited now, and he insisted that Azhe had leaked the secret.

"Who is outside? Now that you are here, don't be sneaky outside and come in openly."

At this time, a man walked in from the outside, wearing a mountaineering sportswear. He was probably less than thirty years old, and his height must be about 1.85 meters.

Even in sportswear, it can be seen that his two long legs account for more than half of the total length of his body.

Although Qin Yuan has never met Wang Xin from the embassy, he can feel from the phone call that this person is not too old, and he and Du Bingbing are college classmates and should be about the same age. Judging from this person's age It's not too big, so he must be the one he needs help from.

"who are you?"

"I came here to climb mountains. When I heard something coming from you, I came over to take a look."

"Bah, I think you are just checking me out, right? Although there is a mountainous area nearby, this is still a private residence. If you say there is any movement, just come here to check. Don't think you can deceive me with just a few words. What on earth are you doing? who?"

"Okay, I'm the helper one of you asked here."

When Effit heard this, he quickly turned around and glanced at Qin Yuan and Azhe. Seeing their calm expressions, he couldn't believe that Qin Yuan could find help here, so he directly aimed at the target. Azhe.

"It's you who is behind this!"

Azhe must know someone from the embassy, and he didn't want to hide it at this moment.

"Effit, I really can't argue now. You are targeting me, and I can't refute it, but I do know the person in front of me. He is from the embassy."

"People from the embassy? Why are people from the embassy here?"

"Then you should go back and ask Qin Yuan. The person he asked to help should be able to explain it clearly."

After hearing this, Effit immediately turned back to look at Qin Yuan.

He still had no intention of putting down the pistol in his hand. Qin Yuan also kept pointing the pistol at Efit and the others, and everyone fell into a deadlock.

"Wang Xin, this is the first time we have met. It seems that you have an extraordinary temperament and a dignified appearance."

"Let's talk to each other. Qin Yuan has heard of your name a long time ago. I didn't expect you to be so young, promising and handsome. I'm glad to see you here and provide you with some help."

"That's enough! You two, don't pretend to be friends here in front of me. Qin Yuan, you are such an insidious and cunning guy. You were able to alert the people in the embassy. But looking at him like this, he must have come alone. "

Wang Xin smiled and said.

"Am I here alone or with others? What's the difference?"

"If you come with others, we can still have a chance to negotiate. You come here alone and you are just going to die. But I can give you a way out. This is the first time you and Qin Yuan meet. There is no need to risk your life for him."

"Oh? From what you said, you want to give me a way out, so that I can take the opportunity to leave here and not care about Qin Yuan's business?"

"You look like a pretty boy, and you are smart. That's what I mean. As long as you leave here now and pretend nothing happened and you haven't seen anything, I will give you a way out."

"Aifite, are you kidding me?"

You are now I have become a first-level focus target of the Great Love Food Dynasty. You don't know me, but I know you.

You have caused so many things in the Great Love Food Dynasty and the Amy Dynasty over the years. It's better to solve the black sheep like you as soon as possible. If I hadn't considered this problem, I might not have agreed to Qin Yuan's help so readily today. "

"Wang Xin, I don't know you at all. You treat me as an enemy for no reason. It's ridiculous. Although you are from the embassy, you don't have any identity documents. Even if you die here today, no one will care about you."

"Who said I didn't bring my identity documents?"

Wang Xin said as he took out the ID from his pocket, which clearly stated Wang Xin, the consul of the Great Love Food Dynasty in the Amy Dynasty Embassy.

"Now I can prove my identity, right? And I have already told my colleagues before I left that if I don't return to the embassy within an hour, they will send people here. At that time, even if Qin Yuan and I are in danger, you can't escape."

"Are you scaring me?"

"What's the point of scaring you? I'm telling the truth. Now the person who should leave here is you, not me. I've made up my mind to help Qin Yuan. What can you do to me?"

Wang Xin said these words calmly. He was not afraid of the pistol in Efit's hand.

"I have a pistol in my hand. You dare to talk to me like this? Do you believe I will shoot now?"

"A Kun and A Ming are A Zhe you brought here. He should not help you under your threat. Can't Qin Yuan and I deal with you alone? I don't need to say who will suffer at that time."

Wang Xin said as he took off his outer jacket, only to see that he was wearing a bulletproof vest inside.

Although this guy looks like a pretty boy, he is unexpectedly a muscular man after taking off his coat. You can even vaguely see some muscle lines from his tight bulletproof vest.

Qin Yuan was already distracted at this moment. He thought that Du Bingbing had such a handsome friend. He was really ignorant. If a little girl saw such a man, she would probably be confused.

Du Bingbing was still able to remain calm in front of such a handsome guy. He is really not an ordinary woman. He is really a career-minded person.

Wang Xin looked at Qin Yuan staring at his chest muscles in a daze, and he couldn't help but joked.

"Qin Yuan, no matter how much you are a man, can you stop staring at me like this? It's already this time, and you still have the heart to think about these messy things."

Wang Xin finished speaking, and this made Qin Yuan feel a little embarrassed. He thought to himself that he didn't have any special fetishes. He just thought of Du Bingbing just now.

"Yes, Aifeite is now two of us against one of you. It's still in time for you to escape now. I know you are a sophisticated egoist and will never complete the mission at the cost of sacrificing yourself."

"Qin Yuan, I didn't expect you to know me well. You are right. No matter what the circumstances, I will not give up my life. Since you are now outnumbered, I can't care so much."

Aifite is now very clear in his mind that he can't shoot. As long as he shoots, he will definitely be at a disadvantage.

"A Kun, A Ming, you two came here with me. What are you going to do if I leave now?"

"How do I know?"

"Be careful!"

Qin Yuan saw Aifeite distracting A Kun and A Ming's attention while trying to shoot at them. Fortunately, Qin Yuan reacted in time and went forward to knock down A Kun and A Ming.

Let them successfully avoid Aifeite's cold gun.

Seeing this situation, Wang Xin also shot at Aifeite without hesitation. Unexpectedly, this guy was also very thoughtful and wore a bulletproof vest.

At this moment, Wang Xin realized that he must protect the two arms experts. He stood in front of the two without hesitation, took out his pistol and shot at Efit.

In this way, the house was full of holes shot by the pistol, and all the facilities in the house were almost destroyed.

"Okay, put the gun away, this guy has run away."

After calming down, Qin Yuan carefully patrolled the surroundings with a gun and found that there was indeed no one left. This guy had run away. At the same time, Qin Yuan also found that there seemed to be a sound of a vehicle starting rapidly outside.

He looked outside through the window, and he didn't expect that it was Efit who drove away the G-Class he drove.

"Don't worry about it, he's gone now."

A Kun and A Ming escaped under Qin Yuan's protection. Seeing Qin Yuan at this time, they had a particularly complicated feeling in their hearts.

"We won't say anything else, Qin Yuan, thank you so much, if it weren't for you, I'm afraid we would be in danger today."

"It's just a small effort for me, you don't have to be so grateful to me, if it weren't for helping you guys, I wouldn't be injured."

"Are you injured?"

Qin Yuan turned around subconsciously and looked at the position of his shoulder behind his arm. It was indeed scratched by the bullet on the pistol, and it was bleeding now.

Seeing this, Wang Xin directly tore off a piece of cloth from his body and quickly bandaged Qin Yuan.

"Are you okay?"

"It's nothing serious. Don't forget that I'm a member of the special forces. No matter what, these are things I've experienced during training. There's nothing to be surprised about. Generally speaking, they are just superficial injuries. At least we can be considered victorious this time."

"It's good that nothing happened. In that case, let's leave here first. I have to take you to the hospital to check it out first, so that you don't lose too much blood."

"Don't worry, I also learned some first aid knowledge when I was in the army before. Fortunately, the wound on my body is not close to the aorta, so there won't be too much blood."

"Qin Yuan, am I here in time?"

"We haven't met each other yet. I'm really grateful that you can risk your life to help me. Regardless of whether you came in time today, I can't blame you. I only have two words of thanks for you."

"At least I'm also a member of the embassy, and I can be regarded as receiving the order of Deputy Chief of Staff Du Bingbing to help you cooperate in the investigation. This is my mission, and it's my job. It's what I should do."

Azhe looked back at Akun and Amin.

"Efit has already run away. I believe he will not return to Mr. Norman Karim. What are you two going to do next? Are you going to run away with him?"

"Efit is really a venomous snake. We agreed that we were here to help her, but he still treated us so cruelly. It's really a bit too much. We must seek revenge on him."

### Chapter 2257: Prepare to join forces to set up a plan

Qin Yuan was relieved when he saw Efit running away without caring about anything else.

Although he shouldn't let this person run away, he could become a time bomb at any time, but there was really no better choice in the short term. It was better to let everyone stabilize first. The key was to take the two hostages out.

As a member of the embassy, Wang Xin had already heard about Efit. Efit often caused trouble to others in the Amy Dynasty for so many years.

Wang Xin also knew that he must not let this guy go easily.

So, he took a gun and prepared to go out to chase Efit, but was stopped by Qin Yuan.

"Wang Xin, don't go out."

"Aifite is a sinister and cunning man. We had a conflict with him here today. He will definitely find a chance to retaliate against us if he flees now. It is better to deal with such a dangerous factor as soon as possible."

"Forget it, don't chase a desperate enemy."

Wang Xin saw Qin Yuan say such words, and he couldn't go against Qin Yuan's wishes. He could only reluctantly put away the pistol. Anyway, this guy had already driven away Qin Yuan's car. It shouldn't be difficult to find his trace.

"Qin Yuan, tell me your license plate number. I will notify the people in the embassy to search the whole city for this car. I don't believe that we can't catch this guy."

"Aifite is a veteran. He knows how to run away the most. His anti-reconnaissance ability is very strong.

Do you think he will continue to drive this car after he leaves our sight? He would have thrown this car away long ago. It's useless to simply check the license plate number or the location of the vehicle. He will definitely abandon the car and run away."

Wang Xin listened to Qin Yuan's words and could only nod helplessly.

"You are still more thoughtful, but if a venomous snake like this runs out, it might bite you at any time."

"Even if he is a dangerous factor, he is no longer a threat to me.

For now, I have to hurry up and leave here. After I leave, I will return to the embassy. Under your protection, I believe this guy will not do anything to us.

Afterwards, the Great Love to Eat Dynasty should send a helicopter directly over, and we can leave here."

"Well, since you have already said so, I can't disrupt your plan, so you can go with me first.

Finally, Professor Fang De's two students were brought back. Professor Fang De can be said to have achieved his wish. If he knew that Qin Yuan successfully completed the task, I am afraid that his body can recover faster."

"Wang Xin, it seems that you have a relatively thorough understanding of my mission this time, and you know a lot of information. Did Du Bingbing tell you?"

"Don't forget, I came here to help you today not just out of my personal will, but with the documents of the organization, and with Deputy Chief of Staff Du Bingbing, please I, I am willing to come here to help you, otherwise who would be willing to risk their lives to come here and fight with you? "

"Oh, look at my brain, I have been troubled by this guy Aifeite recently.

I almost forgot that there are documents in the organization. It seems that they should have told you the whole story.

Wang Xin, you have to be mentally prepared. We are smuggled here. After returning to the embassy, if someone from the Amy Dynasty comes to investigate, it will be a bit difficult to explain. The embassy cannot shelter a few smugglers. You have to think of a good excuse. "

"Don't worry, Qin Yuan has already made plans for how to deal with these problems. Anyway, the national strength of the Great Love to Eat Dynasty is so strong that even if they know that we are making up some reasons, they will never dare to refute it. "

"This is the strength of the country, and people outside are more confident. We should be proud of the Great Love to Eat Dynasty. "

The two students of Professor Fang De saw that Qin Yuan really paid too much for them, and they didn't know how to describe this feeling at this moment.

"Qin Yuan, we are really grateful that you came all the way here to save us at the risk of your life.

However, although your plan is quite meticulous, it is not so easy to complete. In addition to you guys, you have to take the two of us with you. I am afraid it is not possible to leave this dangerous place quickly."

"Don't say that, I am just completing the organization's mission, and I don't mix too much personal emotion.

But I still have to remind you that no matter what happens, don't give up easily. Professor Fang De is still waiting for you two students to go back. He is still thinking about you two at the critical moment of his life. This is enough to show that you are not just two ordinary students in his heart. It's that simple.

It's not because you have mastered some important documents about his lifelong research that he is willing to come and save you."

"Of course, we two understand Professor Fang De's kindness to us."

At this time, Azhe has been silent beside him.

"Azhe, what's wrong with you? Were you scared by Efit? Why are you silent?"

"Qin Yuan, I know that since you have found their traces, you must take them away, but you also have to consider my situation.

How will I explain to Mr. Norman Karim when I go back that these two hostages were taken away by you?

Coupled with Efit, he has also run away now. If he really wants to go back and complain to Mr. Norman Karim, then I may face a worse situation.

Besides, he has discovered that the two of us are united. What Mr. Norman Karim hates most in his life is the person who betrayed him.

If he knows that I betrayed him and joined forces with you, he will never let me go. I don't want to die so soon. Even for Sophia, I have to work hard to survive. "

Azhe was also thinking about his own problems, which was not selfish.

"Azhe, don't worry. Since I have decided to cooperate with you, I will never easily see you in any danger. I will help you find a solution on this matter."

"What else can you do? This guy has run away now, and now he is simply destitute of money and money. He has nothing. Under such circumstances, he can easily go crazy."

"Efite is a lunatic to begin with. You can't look at it from a normal perspective. The most important thing now is to see how Kun and Amin choose."

As Qin Yuan spoke, he looked at A Kun and A Ming next to him. The two of them immediately understood what Qin Yuan meant.

"Qin Yuan, you don't need to look at us like this, just tell us what you want.

As long as we can help, we will definitely help you without hesitation. Just now, the two of us secretly contacted Jason, and he also said that on the basis of ensuring the safety of our two lives, we must help. your.

This is enough to prove that Jason, although he has his own choices and he still regards you as a good brother, you should not be too resentful of his decision to stay with Mr. Norman Karim.

This is not a betrayal of your brotherhood, it is also a helpless act on his part. "

"I can understand what Jason is thinking. I will definitely not resent him. Even if he doesn't help me, it won't affect our brotherly relationship."

"That's good. As long as you think it's possible, we will definitely choose to help you. Everyone is waiting for your arrangement. Now it's up to you to decide."

After Wang Xin heard this, she looked back at Qin Yuan.

"Then don't hesitate now. Everyone is waiting for your decision. We all listen to your arrangements."

"You must not say that. This really leaves all the pressure on me alone. I am not as powerful as you think. I can think of everything very carefully and every plan is very meticulous.

To be able to reach this point now, there are indeed too many unexpected situations, and even I was caught off guard.

But now that things have come out, escaping is definitely not the answer. We still have to find ways to solve the current problems. Akun and Amin, since you said you wanted to help me, then I won't be polite to you.

I hope you can go back to Mr. Norman Karim with Azhe, and serve as witnesses to accuse Efit of pretending to surrender, and that he is the one causing destruction here.

It was I who took the opportunity to take these two arms experts away when you had a conflict, so that Azhe could remove himself and you could go back safely without getting Mr. Norman Karim. punishment. "

Azhe heard that Qin Yuan's arrangements were indeed very thoughtful, but at the same time, he was also a little worried about Qin Yuan.

"Qin Yuan, your idea is indeed very thoughtful, but you have not thought about it at all for yourself. If you take these two arms experts away, don't you plan to return to the club?"

"If I follow my current arrangement, I really can't go back to the club."

"It's okay if you don't go back and face Mr. Norman Karim directly, but don't forget that An Ran and your two brothers are all in the club.

Mr. Norman Karim just contacted me at the club. He wanted to take Anron and the others away, so that Anron would become a new hostage in the hands of Mr. Norman Karim.

Even if you rescued these two arms experts and took them away, wouldn't you care about Enron's life or death? "

Just when Qin Yuan was about to think of a solution, Wang Xin smiled and said beside him.

"It's okay, Qin Yuan, you don't have to be so anxious. I have sent people from the embassy to the club. An Ran and your two brothers should be picked up by people from the embassy soon. They should not become Factors that constrain you."

After Qin Yuan heard this, he could finally breathe a sigh of relief. It seemed that Wang Xin from the embassy had indeed helped him a lot.

"The people from the embassy went to rescue An Ran and the others, but Qin Yuan, don't take it too lightly. Mr. Norman Karim has been around for so many years. He will not be easily deceived by the people from the embassy. If you have any other You can think about it again.

An Ran seems to have said that he will wait for you to return before moving to a new place with Mr. Norman Karim and the others, so there is some conflict between the two things.

If you go back first, Mr. Norman Karim must know that it was Qin Yuan who betrayed him, caused so many things and took away the hostages, and it will be even more impossible for him to let An Ran and the others go.

Even if someone from the embassy is there, he won't give him face. "

"So what should we do? Everyone in Qin Yuan's embassy can do their best to help you find a solution, but you must ensure everyone's safety and never sacrifice others."

"Do you need to tell me that? An Ran and Chen Jixiang are my companions from the Great Love Food Dynasty. How could I put their lives in danger? Don't you think that even if I am in danger, I can't let them get hurt and must be rescued."

"Then you have to think of a careful solution. You can't give up just like that. I believe you have the ability to do so."

"Wang Xin, please don't put so much pressure on me at this time. I'm not as powerful as you think.

If it doesn't work, we can only work together to make a plan."

After Qin Yuan finished speaking, everyone felt very curious. Everyone pricked up their ears, ready to listen to what Qin Yuan had planned for this matter.

"Qin Yuan, you don't have to feel embarrassed. Just tell us what you need us to do. We will never say no to anything we can help you with."

"Then I have to thank you in advance. Don't worry, Azhe. No matter what channel I use to find these two arms experts, I will never break my promise. I will transfer the money to you after I arrive at the embassy safely."

Azhe even felt a little embarrassed when he heard Qin Yuan say this. He only thought about the money, but Qin Yuan never thought of defaulting on his debt.

"If you say that, it really makes me feel a little embarrassed. I did doubt whether you would give me this money. After all, it is not a small amount. It seems that I have judged you by my own standards."

"It doesn't matter. Brothers should settle accounts clearly. I can't shamelessly ask you to help me for free. You should get the money. I have no reason to refuse."

"Well, Qin Yuan, you are so kind. I can't be without my own attitude. Just tell me, what do you need us to do? I will cooperate with you without hesitation. As long as I can help, I will definitely not refuse at all."

"Azhe, what you said really makes me feel warm in my heart."

### Chapter 2258 Are you kidding me? This is a blatant deception

Qin Yuan thought for a long time. Did he think his idea was a bit too naive?

Although Azhe did not reject Qin Yuan's idea and seemed to agree with it, this was risking his life after all. If he was really discovered by Mr. Norman Karim, he would probably be dead.

Even if Azhe agrees, will Jason's two men agree? Qin Yuan knows that one should never underestimate human nature. Self-preservation is human instinct.

Azhe saw Qin Yuan, and now he seemed to be hesitant, and there was some worry in his eyes.

"What's wrong? Qin Yuan, didn't you say you want to join forces with me to play a game? Looking at you now, you seem to want to give up?"

"You are quite observant. I am indeed a little hesitant."

After Wang Xin saw Qin Yuan's hesitation, he also asked in confusion beside him.

"Why are you hesitating? They have already promised you to join forces to make a game. I don't think you, Qin Yuan, are a person who would give up halfway or back down. Did you suddenly think of something?"

"Wang Xin, I just thought about it. I wonder if my idea is a bit too naive? Is Norman Karim an ordinary person? Would it be a bit fanciful to join forces to deceive him?"

When Azhe heard what Qin Yuan said, he seemed to hesitate a little, but even if he hesitated, Qin Yuan could understand it. This is human nature.

"Azhe, I know it would be a bit too selfish of me to ask you to help me now.

It doesn't matter, you can think about it carefully. Even if you don't want to help me, I have nothing to say. Don't worry, I will definitely give you the money. Regardless of whether you help me or not, I don't want to use money to kidnap you. you.

After all, this is about human life. You have the right to choose things that are beneficial to you. We are not good friends. It is impossible for me to kidnap you morally and ask you to risk your life for me. "

Wang Xin also saw Qin Yuan for the first time. She didn't expect that this person had such a strong personality that Du Bingbing could go out of his way to help her seek help from the embassy people.

Wang Xin couldn't help but laugh when he thought of this.

Qin Yuan saw his secret smile beside him and was a little curious.

"Wang Xin, why are you laughing?"

"It's nothing. Isn't it okay if I think of happy things? Don't worry about why I laughed. You should first think about what you are going to do next when you join forces to deceive Mr. Norman Karim."

A Kun and A Ming were nearby, and of course they knew that Qin Yuan would not put his companions in danger, so they now completely believed in Qin Yuan.

"Azhe, I don't know what you are thinking. We have secretly contacted Jason just now when we came here. He hopes that the two of us can do our best to help Qin Yuan. If you are not willing... .."

Before Akun could finish speaking, Azhe interrupted him directly.

"Who told you that I am not willing to help Qin Yuan? Just now I just wanted to think about how to make this situation more realistic. It seems that I will have to use a bitter trick."

"Bitter meat trick?"

Qin Yuan was very moved when he saw Azhe say this. Even if Azhe didn't agree, Qin Yuan would definitely give him the money.

"Actually, I also want to ask you. If you use the bitter meat trick, it depends on whether you can accept it."

When Azhe heard what Qin Yuan said, he smiled bitterly beside him.

"Qin Yuan, let me tell you the truth. Over the years, I have never seen any tricks around Mr. Norman Karim. They are just tricks. I have only used them once."

Wang Xin couldn't help but remind him from the side.

"You said you want to use the bitter meat trick, but have you ever considered that Mr. Norman Karim is a man who has seen the world. If they find out, not only will you be physically harmed, but others will also see through us. 's strategy."

"Sometimes things in this world are like this. You either want to be safe and don't come into contact with these dangerous things, or you risk everything to plan for the rest of your life."

When Azhe heard what Qin Yuan said, he agreed very much. This is also the view he has always practiced.

"Now that we all agree on this idea, let's think about how to make this plan next. This guy Effit has run away, and we must pour all the dirty water on him.

As long as we want to get rid of things, we can just push them away. "

"Azhe, are you a little too paranoid for thinking this way?

If there is a problem with this matter, we can also think of other more complete plans. Although Effit ran away, he is not dead. After all, he still has a mouth to tell the difference.

If he told Mr. Norman Karim all about our current situation, Mr. Norman Karim might not believe what he said. A suspicious person like him is really special. Hard to guard against. "

Qin Yuan is also worried that Effit is like a time bomb and may explode at some point. Now that Qin Yuan is in the final stage of the mission, he must not allow himself to make mistakes.

"By the way, Wang Xin, what are the preparations for An Ran? I have to ensure their safety. Before Mr. Norman Karim gets suspicious, they must be moved out quickly and can no longer stay in the club. "

"Don't worry, I have made arrangements for Qin Yuan. Mr. Norman Karim will never be able to stop Liu Mei when he is here. If he wants to take people away, no one can stop him."

"Liu Mei?"

"You don't understand me if I explain to you now. There is no need to explain too much. Just listen to me. I will report to you slowly after I have arranged everything. Anyway, this matter can be handled easily. "

"Wang Xin, you are really too humble. I am begging you to do things on your territory now. How can I say that you are reporting to me?"

"For the sake of Deputy Chief of Staff Du Bingbing, I can only listen to what he says and ask me to cooperate with you.

Of course I will obey his orders without hesitation. Besides, the higher-ups in the army also have the same intention. Everyone in our embassy needs to cooperate with you to complete this task.

They will never let you come and waste so much time and energy in vain, and they hope you can return to the Big Love Eating Dynasty as soon as possible. "

After Qin Yuan heard this, he just nodded slowly.

Although Qin Yuan knew the importance of his mission, he could not do it at the expense of others. He just needed to protect the people around him.

What's more, there is a time bomb beside him, He Chenguang, that may explode at any time.

Qin Yuan knew that he had to stabilize him now, otherwise if he really jumped over the wall after finding out that his identity was exposed, he might cooperate with Efite, in which case the consequences would be really disastrous.

When Qin Yuan thought of this, he felt a little lost.

"Don't be in a daze here, let's think about how we should make this painful plan first."

After Azhe heard this, he said to Qin Yuan without hesitation.

"Qin Yuan, don't you have a gun in your hand? Come and take your gun and shoot me in the chest."

"Are you crazy? The torture plan doesn't make you risk your life."

"If you want to deceive Norman, Mr. Karim must pay some price."

"Then I can't shoot you in the chest. If you accidentally hurt your heart or other organs, you will be in danger. If that doesn't work, I'll hit your head with a brick or shoot you with a gun. Touch your legs or arms."

"It's useless, don't be so naive here. How can such a small, painless wound be considered a trick? If you want to deceive Mr. Norman Karim, you have to throw away half your life as a trick." Bait."

When Azhe said this, Qin Yuan even admired him a little. She had never seen a person with such courage.

"No, I really can't do it. I can't use this gun to hurt you. If Sophia knew about it, he wouldn't forgive me."

"Sofia and I have known each other for so many years. We grew up together in Mr. Norman Karim's group. We all know how much suffering the other party has endured and how many bullet marks were left on his body.

He will understand why I do this, as it is for the safety of our lives and for us to live a peaceful life in the future.

What does it mean to sacrifice a little bit? If I can't even endure this little pain, there may be no hope of escaping from this evil group in this life. "

What Azhe said also made Qin Yuan feel some sympathy for her.

"Your idea should be very accurate. You are a member of the special forces. I believe that even if you close your eyes, you can hit the target without deviation.

Well, just shoot me right in the heart.

Then let Akun and Amin take me back. You can run away with these two arms experts and return directly to the embassy. I believe Mr. Norman Karim will not do anything to you.

There is no way he would openly go to the embassy and bring the hostages back so that you can get out of trouble. I also have an excuse to prevent Mr. Norman Karim from thinking that I am deliberately letting you go.

This is good for all of us. I only sacrifice a little, but it can help us all. This is a very good deal. "

After Azhe said this, Qin Yuan couldn't help but feel a kind of admiration for him from the bottom of his heart. It seems that the words of "righteousness" that kills more dogs are no lie.

"Qin Yuan, don't hesitate. Since Azhe has already decided to do this, we can only support his decision to ensure that we don't hold others back."

Wang Xin also knew that although Qin Yuan couldn't bear it, they didn't have much time and they had to find a way to complete this task first.

"If I take action now, we have to make a time difference. You have to make sure that they are safe and they have successfully left the club before I can shoot.

And we must ensure that the vehicles outside can smoothly transport Azhe to the hospital for rescue, otherwise it will be a joke with his life. "

Azhe also heard that Qin Yuan cared about him so much, he smiled and said.

"I didn't expect that the friendship between the two of us has only started now. You don't have to feel so sorry for me. You just need to ensure the safety of the people around you. Even if I want to help you, there is absolutely no way I will make fun of my own life. .

I am helping myself by helping you. If I really sacrificed myself to help you, I would not believe that this is a win-win situation for both of us.

You don't need to be so touched. If you have the chance in the future, you can repay me well, or give me more money, and that will be enough. I won't give so much in vain. "

After Ah Zhe finished speaking, he looked at Qin Yuan with a smile. Qin Yuan knew very well that he did this partly for Sophia.

"Let me go out and check the vehicle first. Aifeite is a very cunning person. Who can guarantee that he will not damage our vehicle before leaving?"

Wang Xin only remembered this matter after hearing Qin Yuan's reminder.

"Oh, why didn't Qin Yuan remind me earlier?

I almost forgot to go out and check the vehicle first to see if there was any problem. This guy is likely to drive away one car and destroy all the others, leaving us trapped here and unable to leave, so that he has enough time to find someone to deal with us. "

After Wang Xin finished speaking, he was ready to go out and check the vehicles outside. Everyone also walked carefully along the wall, fearing that Aifeite was ambushing somewhere.

"A Kun, A Ming, you two stay here to protect the two experts, and the three of us will go out to see if there are any problems with the vehicles. We must ensure that all vehicles can drive normally before I can shoot A Zhe, otherwise it will cost him his life. "

A Kun and A Ming heard Qin Yuan's arrangement, and they were finally convinced.

"Qin Yuan, I really admire you too much. This series of operation plans is simply perfect. You have thought of every detail. People like you are worthy of being the best special forces of the Da Ai Chi Dynasty.

We really have nothing to say about your arrangements. You can go boldly. The two arms experts will be handed over to us. We will take good care of them in the house. "

"Yeah, I feel relieved if you say that. We can also be regarded as acting separately. Let's go out and check if there are any dangerous factors in the vehicles and the surroundings.

This plan is really too risky. I must make sure it is foolproof. Otherwise, if anything happens to Azhe, Sophia will hate me forever, and I won't be able to explain it to him."

### Chapter 2259 The plan is progressing very smoothly

Wang Xin looked at Qin Yuan. He knew very well that Qin Yuan didn't want to do things too badly.

"Qin Yuan, I understand that you don't want Azhe to take risks, but since we have decided to make such a plan, we have to bear the consequences."

"Wang Xin, I know, but we have to come up with a seamless plan.

Well, I have an idea in my heart. I will talk it over with you all and see if our ideas coincide with each other. "

"If you have an idea, just say it directly. Anyway, we are all willing to listen to your arrangements."

"Wang Xin, you take Professor Fang's two students back first."

"Do you want me to take them back to the embassy first?"

"Hmm, that's all we can do for now. You take the two of them back to the embassy first, and then I'll go back to the guild hall to take An Ran and the others away. I believe that if I don't go back, Norman Karim It's impossible for the gentleman to let people from the embassy take An Ran away."

"Qin Yuan, I have already told you. No matter what, you have to believe Liu Mei. He is a very powerful person. No matter how tough Mr. Norman Karim is, he will not dare to blatantly talk to the embassy. What kind of conflicts do people have."

Azhe heard this and quickly retorted from the side.

"Wang Xin, I know that as the consul of the embassy, you don't pay much attention to Mr. Norman Karim, but you should not underestimate him too much. Even if you go in person, if you don't get Mr. Norman Karim, Don't even think about taking Enron and the others away before I give them permission."

"It shouldn't be as scary as you think. After all, we also love eating the dynasty embassy. Does Mr. Norman Karim have any reason to openly provoke us?"

"There is no need for any reason. It is enough that he has such strength. If he really confronts him head-on, Mr. Norman Karim, he will not be afraid. You will never be able to understand his methods. I also kindly remind you.

If you don't believe it, you don't have to take what I say seriously. "

Qin Yuan nodded after hearing this.

"Hmm, Wang Xin, although you have been in the Amy Dynasty for so many years, you may not know that much about Mr. Norman Karim.

In this case, I won't explain that much to you, you just need to act according to my plan.

Wang Xin, take these two arms experts back first. After I take An Ran and the others back to the embassy and ensure the safety of each of us, Azhe, when you go back, tell me that I brought these two arms experts. The expert took it away.

Then he knocked you unconscious. When you woke up, everyone was gone.

If you go back in this way, I believe Mr. Norman Karim will not suspect us. If you use the bitter meat plan we made in advance in this way, I believe he will not doubt us. "

A Kun and A Ming were stunned when they heard Qin Yuan's arrangement.

How could there be such smart people in this world? Every plan he makes is so seamless.

"No wonder Jason is willing to listen to you, because what you say is very reasonable, and we can't refuse."

"You two, please don't come over to praise me at this time. In fact, this is all a helpless move on my part.

There is no better way now. We can only take it one step at a time. You don't have to worry so much. Jason has left my camp. Even if I make any excessive plans, it will not affect Jason. . "

"Qin Yuan, you really have completely misunderstood, we didn't say you would affect Jason.

In fact, we already know that he regards you as a good brother and is willing to pay so much for you. After all, we have followed the boss for so long, and we have never seen him treat anyone with such heart and soul and trust so much. "

Ah Zhe nodded after listening to Qin Yuan's description of the entire plan, thinking it was still worth trying.

"Qin Yuan, your plan can be said to be flawless, so let's implement it according to your plan, but your car has been driven away by Efite, how do you plan to get back?"

"I've already knocked you out, so of course I'll drive you back in your car."

"Wouldn't this arouse the suspicion of Mr. Norman Karim?"

"Don't worry. When I get back to the clubhouse, I will try my best to park the car farther away and try not to let others find our traces. There should be no problem."

"Well, it seems that Qin Yuan, you have considered everything, so I will listen to you, but you must also find ways to ensure your own safety.

If this guy Effit ran away, it would be a time bomb for us. We don't know when he will pop up and cause trouble for us. "

"snort.....

No matter how powerful this guy Efit is, I'm not afraid of him. He was no match for me when I was in the Dynasty. Would I still beat one of my subordinates now? "

Qin Yuan is indeed very confident sometimes. He does not think that his former defeated generals can pose any kind of threat to him.

"Azhe, thank you for the reminder, but I have never regarded this guy as a terrible opponent. In this case, let's start taking action."

Wang Xin looked at Qin Yuan from the side. He knew that Qin Yuan was going to arrange a task for him.

"Now the first step is, you just want me to take them two back, right?"

"You are really a very smart person. You already know this, so I don't need to assign you any more tasks.

You should take these two arms experts back to the embassy first. After you go back and make sure it is safe, you can tell me again that as long as you take them two back, it will be enough to prove that my mission this time was not in vain. "

"The only purpose for you to come to us is to successfully bring back the two arms experts here."

"Yes, if there is any unavoidable danger for us to end up here, we can also find another opportunity to leave. But for these two military experts, you can use various methods to send them back to the Great Love Eating Dynasty. "

"Qin Yuan, you are such a qualified special soldier. No matter when, you only care about the interests of others and never care about your own safety."

"This is not the interest of others, but the interest of our entire country. I can only care about the overall interests of our country, and my personal safety is nothing."

"I didn't expect you to be so caring about your family and country. Sometimes we really admire you. In that case, I will take them two away first, but you have to ensure your own safety.

The two of us keep in touch at all times. If there is any problem, please inform me as soon as possible. I will send more people to assist. If that doesn't work, I will go head-to-head with Mr. Norman Karim. I don't believe how powerful he is. Dare to confront the embassy. "

"Oh, we should not use strong methods if we can solve it by means. After all, I am in a foreign country and don't want to cause too many conflicts with them. This may not be good for our reputation in the world."

Qin Yuan really thinks too much. This matter has involved the interests of many parties and he must be careful to deal with it. He must not leave any clues to others. This is Qin Yuan's strongest point.

So, after Wang Xin heard Qin Yuan's arrangement, he stopped saying anything and quickly walked up to the two arms experts and said to them.

"You two, please come with me now. It's been really hard on you for being trapped here for so many days. If you follow me, you will be completely free from these dangers. When Qin Yuan comes back later, I will arrange for you Return to the Great Eater Dynasty, and you will be able to meet Professor Fang De soon."

The two of them knew that Qin Yuan was trapped here to save them, and of course they couldn't bear it.

"Qin Yuan, it is indeed safe for us to leave now, but what should you do? You have to go back and face Mr. Norman Karim. If he finds out that we have successfully moved the place, I'm afraid he won't Letting you go so easily."

"Two experts, don't worry.

I have already thought about what to do next. As long as you can ensure your own safety. After all, I am also a member of the special forces. I still have some skills. Even if I are caught, I can find ways to escape. , but you are different. "

When Azhe heard what Qin Yuan said, he nodded beside him and quickly asked the two arms experts to leave first.

"You should leave first. Qin Yuan is right. As long as you don't hold him back here, it will be very simple for him to leave."

After listening to their advice, the two arms experts looked at each other. They were determined to follow Qin Yuan's arrangements. They could also see that Qin Yuan was a very decisive person and did not need others to worry too much. .

"Well, if that's the case, then we will follow Wang Xin back to the embassy. After all, we will be truly safe after returning to the embassy. Qin Yuan, you must pay attention. Don't sacrifice yourself for us. This way It will make us feel bad."

"I'm not a fool. It's human nature to seek advantages and avoid disadvantages. I will protect myself. You don't have to worry so much. Get out of here quickly and be sure to notify me when you return to the embassy."

Wang Xin seemed to have accepted the great responsibility passed to him by Qin Yuan, and quickly pulled the two arms experts away from here. After several months of house arrest, the two arms experts were finally able to see the light of day again.

"It feels like I haven't breathed the fresh air outside for a long time. Today I can finally walk out of this place. When we return to Teacher Fang, we can no longer leave casually."

"Wang Xin, no matter what, we still want to thank you."

"You don't need to thank me. If I want to thank you, just thank Qin Yuan. This was all arranged by him, and I also followed the orders of my superiors before coming to help you. Overall, you don't need to be too grateful to me. , This is all my responsibility."

"Then let's leave quickly. We can ensure our own safety when we go back. I believe Qin Yuan won't be in too much trouble."

"Yes, we really need to go back quickly to buy them more time."

In this way, Wang Xin couldn't care less and left here directly with these two arms experts.

Qin Yuan finally breathed a sigh of relief when he saw their car driving away in the house.

Azhe was also a little confused when he saw Qin Yuan.

"Logically speaking, you always act very selfish, but you always consider other people in everything you do. Don't you think you are a very contradictory person?"

"Of course not. I never thought I was a very contradictory person, and now these things are indeed far beyond my expectations."

"What do you mean?"

"Things are going too smoothly. I have been doing nothing for more than half a month or nearly a month since I came to Amy Dynasty, and I have no idea.

But since I met you and Sophia, things seem to be going very smoothly. I don't know if you two are helping me in the dark. Maybe you two are my lucky stars."

"Qin Yuan, you really have come to this time, and you still want to joke. You still have the mind to joke. You should think about what to do after returning to the club. Mr. Norman Karim is not so easy to be deceived.

Even if I am willing to cooperate with you to perform a self-torture plan, you have to make Mr. Norman Karim believe it. According to my understanding of him, he is not so easy to deceive. You will have to be ruthless to me later."

At this time, Qin Yuan suddenly thought that they had no extra vehicles.

"It's terrible. My car was secretly driven away by this guy Aifeite, and Wang Xin drove away the embassy's car. Now there is only one available car. If I leave, how can you get to the hospital quickly after I hurt you?"

"That's right. It seems that we are in trouble again. What should we do with only one car?"

A Kun and A Ming looked back at Qin Yuan.

"There is only one car left, and it must be given to the person who needs it most."

"If I go back to the club, I must hurry back on foot, which is definitely unrealistic. You also have to hurry to go to the hospital. This car must be given to you."

"Normally, I can still ask someone to help. Mr. Norman Karim has expressly forbidden this place from being known to others. I can't ask others to come and deliver the car."

"I have a way!"

Qin Yuan suddenly had an idea and thought of Huang Mao.

Other people may not be able to come to help him, but Huang Mao can. He is a car dealer, and his car is not under anyone's surveillance. The cars in the car dealership are like mobile commodities, and others can't monitor them at all. (End of this chapter)

### Chapter 2260: At critical moments, having more friends is better

So, Qin Yuan stood there and thought for a long time, and he also thought that Huang Mao could be his helper.

It's just that the current situation is a bit too complicated. He doesn't want Huang Mao to get involved and affect his supposedly stable life, so Qin Yuan thought about it and hesitated.

Azhe saw the change in Qin Yuan's expression and asked with some confusion from the side.

"Qin Yuan, are you remembering something? It would be great if someone could help us. Where did you get this big G?"

"Do you know Huang Mao?"

Azhe smiled and said.

"This kid Huang Mao was introduced to you by Sophia. How could I not know him? We are also very familiar with each other. I knew right away that you must have gotten this car from him."

"Now that we have guessed it, let me put it bluntly. If we find a car that can come over to help at any time, only Huangmao can meet our requirements."

"To be honest, the candidate I was considering just now is also Huang Mao. It seems that the two of us have thought of going together this time, but why did you hesitate again?"

"I just think that he is living a peaceful and stable life now, and he really shouldn't be involved again. Isn't this going too far?"

If Mr. Norman Karim knew about it, he might not have a good life, and I don't want to implicate him. "

"Qin Yuan, you are such a kind person.

Huang Mao, as our friend, he is very willing to help us do these things. Even if it may offend Mr. Norman Karim, he will not be afraid.

If you want to treat him as a friend, you should tell him the whole thing and let him decide whether he is willing to help us. "

After Qin Yuan heard this, he thought there was some truth in it.

Just when Qin Yuan took out his mobile phone and wanted to contact Huang Mao, he received Huang Mao's call first. Qin Yuan was quite surprised when he saw it.

"This guy must have some ability to predict the future. He took the initiative to call me at such a critical time."

"Maybe this is fate. He should know that we need him very much at this moment."

"Huang Mao, what happened?"

"I was just about to ask you what happened. Did you lose my car?"

"How do you know?"

"Brother, please think about it carefully. Every car I drive has been registered here, and every car has been installed with satellite monitoring.

Since you drove away in my car, I started checking the satellite surveillance to see if there were any changes to prevent you from being in danger. "

"Huang Mao, are you spying on me?"

"Qin Yuan, can you stop thinking that way? Don't always think too bad of people.

I am indeed monitoring you, but I don't want to spy on you, I want to protect you.

After all, if you drive out alone, you might encounter some danger. I don't think it's just for you, just for Sophia. "

"Well, I'm driving your car anyway, so it's reasonable for you to want to monitor me in real time."

"The sound you made doesn't sound like you were driving. It seems like you lost my car. Are you okay?"

"Thank you for your concern. There's nothing wrong with me. I was just thinking about asking you for help, so you called me first."

"I also called you when I saw the vehicle deviate from the normal driving trajectory. I guess you also need my help."

"That's according to what you said. We really understand each other. I really need your help. We only have one car left so far, and I can't use it at all."

"Send me the location and I'll send you a car right now."

"Are you so happy? You didn't ask me the whole story. Besides, you lost your last car and you didn't ask me for compensation, and you were willing to lend me a new car."

"Who told you it was a loan? I didn't say it was free."

Qin Yuan knew that Huang Mao was just joking with him, so he smiled and said.

"It doesn't matter. No matter what the situation is, I will give you as much money as you want from me. The key is that there are very few people who can help you in times of need."

"Qin Yuan, please stop saying these polite words. Since I took the initiative to call you, it means that I am the one who helps you in times of need.

Tell me, what kind of car do you want? I will send it to you this time, or I can be your driver directly. It might be better for you to have me personally escort you wherever you want to go. "

"Do you know that if you do this, you will face a lot of dangers, but you have to think about it before making a decision."

"Qin Yuan, when did you become a mother-in-law?"

Really, I have already decided to help you, so don't ask me if I am willing to take these risks.

I'm not a child either. Since I decided to help you, I know what the consequences of helping you will be.

Besides, I'm not doing it just for you, but also for Sophia and Azhe. They are both kind to me. "

"Okay, Huang Mao, if you say that, then I can be considered as admiring you.

I will send you the location shortly. How long does it take to arrive? We are a little worried about this, and I'm afraid we won't be able to hold on much longer. Have you left the hospital and are no longer with Sophia? "

"Of course I have left the hospital and am no longer with Sofia.

Otherwise, how could I dare to call you openly? Sofia would definitely be very worried if she knew the current situation.

I'm afraid that you guys will be in danger, which will cause him to lose his position. It's better to hide this matter from him. How about Azhe, he's not injured. "

"Azhe is not injured. He is listening nearby. He listened to all the conversation between the two of us, and he also immediately thought of asking you to come over for help, but I stopped him. Now we have some hesitation. "

"What Azhe thinks is the right thing, you don't have to have any hesitation or worries.

As long as I decide to help, no one can stop me. Naturally, I will not regret it.

Okay, don't talk about it yet. Send me the location. I will arrange a car to come find you.

Now you finally know, no matter where you are, no matter how big the world is, it's easy to do things if you have friends. If you don't have me as a friend at the critical moment, you may not be able to get everything done. "

"I remember what happened to Huang Mao this time, and I accepted your kindness. One day I will try my best to repay you."

After Qin Yuan finished eating, he directly sent the location to Huang Mao. Huang Mao was quite capable of doing things. He quickly received the news from Qin Yuan and left without stopping.

Azhe saw Qin Yuan hang up the phone and said with a smile.

"Actually, this kid Huang Mao looks carefree, but he is actually a reliable person.

Don't worry, I won't put him in any danger. Now that I have decided to do this, I will definitely consider his safety. Just because he is a little gangster, I can't not take his life seriously. "

"You should worry about yourself. If you want to use the bitter flesh trick, are you ready to endure the pain?"

"The two of us can be regarded as one willing to fight and the other willing to suffer. Don't worry, I will not use this matter to morally kidnap you. Do you want me to sign a contract for you saying that everything is of my own free will?"

"Azhe didn't expect that it has reached this point, and you are still quite capable of making jokes.

It's better not to say so much and just wait here quietly. Huang Mao just sent me a message back saying that he will be here in about half an hour.

Let's wait until he comes and then figure out how to act.

I don't know if Mr. Norman Karim will rush you. He knows that Efit is here and has not received any news so far. What if he guesses that something happened? "

"I have also thought about this issue. Why don't I take the initiative to contact Mr. Norman Karim now and tell him some of the current situation so that he can completely rest assured about you.

He should think that you are in the hospital with Sophia at this moment. Xiaolan has been rescued, and Mr. Norman Karim wants to transfer her away. "

"Xiao Lan, Damai Dynasty is a bastard, and his special identity still needs to be discovered.

Mr. Norman Karim wanted to move her out, so it was normal for him to make a plan alone.

He raised a bastard for no reason. He must have had his purpose by keeping him by his side for so many years. It was definitely not as simple as you imagined to stabilize the enemy. It seems that Xiaolan will soon be able to use it. . "

"Hmm, I just figured it out recently. Isn't it too late?"

"It's not too late, Akun and Amin, what are your plans now?"

Anyway, you already know all the plans. If you go back and complain to Mr. Norman Karim, you might get some benefits.

He helped us deceive Mr. Norman Karim for no reason, but he had to take more risks.

Now it's up to you to make your own choice. I can't force you. Don't threaten you just because I have a pistol in my hand.

I hope that everything you do is voluntary and not forced. I don't like forcing others to do things. "

Qin Yuan is really good at taking advantage of people's hearts, and he said this on purpose.

Akun and Amin looked at each other, then they smiled and said.

"Qin Yuan, you don't need to deliberately test our attitude here. As I said just now, it was Jason who asked the two of us to stay and help you, so we must be listening to the boss. We will do whatever he asks us to do. What."

"Even if you have to bear the corresponding risks, aren't you two worried?"

"Qin Yuan, please stop testing. People in our industry take risks all the time. If we were afraid, we wouldn't have chosen to go with Jason in the first place.

Now we also fully understand who is the real enemy.

For people like Effit, it would be better to deal with him earlier, and we can be considered to have coincided with each other.

In fact, I have nothing to say, so you directly pointed out what you need us to do for you, such as deceiving Mr. Norman Karim to follow you to do the trick. "

"You can be considered some of the smarter people.

In this case, I'm not polite. You need to take Azhe back with you. When the car arrives later, I will go back to the club and successfully bring An Ran and the others to the embassy. We will be completely out of danger.

However, your danger has just begun. Whether you can deceive Mr. Norman Karim is still unknown.

Once things are revealed and your lives are not guaranteed, I am not a savior and I will not come down from the sky to save you at any time. "

A Kun and A Ming knew very well that if Jason were here, he would make the same choice as them. The reason why they stayed here was just to give Jason face.

"Qin Yuan, please stop scaring us. Everything has two sides. If we do this now, it may not be 100%, and we will definitely fail.

Once it succeeds, we will be left with a completely new scene.

There are always risks in everything we do. We can't just think about the benefits and not the risks. If we can occupy Mr. Norman Karim's position and transform all the resources in his hands into our own, we will never No need to worry about others, let alone look at other people's faces. "

"It seems that you two are very ambitious. Do you want to replace Mr. Norman Karim?"

"It's not that we two are ambitious, but what Azhe wants to do is to replace Mr. Norman Karim? Let's work together to move to the old power and rebuild our own power. This is the best choice at the moment. Bar."

Azhe felt like he was being seen through, but it didn't matter now. They had already got straight to the point, so there was no need to be secretive. This way, everyone's interests could be bound together, and no one would have to worry about anyone's betrayal.

"Okay, Akun and Amin can be considered smart people. In this case, I will get straight to the point. This matter is indeed what I think deep in my heart.

At first, I just wanted to take Sophia away with me, and I didn't want to be controlled by Mr. Norman Karim anymore, but now with your help, you can also give me a lot of confidence.

I have completely thought about it now. No matter what, I must fight again. Mr. Norman Karim has controlled us for so many years, and I also want to make some resistance. "

"It seems that I came to you here out of nowhere this time, which can be regarded as helping you from the side. This can be regarded as a win-win situation for us."

"Qin Yuan, you are right. This is indeed a win-win situation. We help each other, and no one needs to think about anyone else's betrayal, because once our interests are tied together, we are a community of interests." (This chapter over)
