## Chapter 2261 Never allow anyone to slander Thor

Azhe's words really touched Qin Yuan's heart.

"Well, now that we have made up our minds to deal with these things together, I have to explain the stakes to you in advance. I am afraid that if the time comes, you will not be able to bear the consequences. "

"Yeah, I understand, Qin Yuan, you should have said all these things in advance, so that everyone can be mentally prepared in advance to prevent things from happening and being caught off guard."

"I wonder when Huang Mao will deliver the car. Qin Yuan, have you thought about it? How to shoot me later."

"Azhe, please don't mention this matter again. The more you mention it, the more pressure you will feel on me. To be honest, I really don't know what to do."

"If you want to do the trick, you have to let someone else do it on me. I can't shoot it myself. The angle is different, and I can find out with a little investigation."

"I understand that Mr. Norman Karim is such a smart man and it is absolutely impossible for you to deceive him.

Therefore, someone else still has to do this, but I also need to be mentally prepared. I can't attack you unprepared. I'm really not that cruel. "

"You are also a member of the special forces. What can't you do? Just think of me as the person you hate the most. Just give me a shot to reduce the hatred in your heart."

"Although I come from the special forces, I don't hate anyone. I am kind-hearted and tolerant. I don't have that deep hatred."

"Okay, Qin Yuan is already at this point, so stop joking."

"I don't know if Wang Xin and the two arms experts returned to the embassy smoothly."

"It's already this time, so you don't have to worry. Apart from Efit, we don't have any enemies.

Efit is too busy to take care of himself right now. He might have gone somewhere, and no one will stop them. Just wait here with peace of mind. I believe Wang Xin will take the initiative to contact you when we return to the embassy soon. . "

"What you said makes sense. By the way, didn't you say that you should take the initiative to contact Mr. Norman Karim? Tell him the current situation and let him not be suspicious. I believe he has been waiting for a long time. If you don't take the initiative to contact him again, he will come to you first. "

Azhe heard Qin Yuan's reminder, and then he remembered that he almost forgot about this matter just now and was too preoccupied with contacting Huang Mao about mobilizing vehicles.

"Yeah, thank you for reminding me, otherwise I would have really forgotten. I will contact Norman Karim now and tell him that everything is normal and that he should not become suspicious. good."

"Yeah, as long as you take the initiative to contact him, and with the proof from A Kun and A Ming, I believe the situation can be stabilized in a short time."

Later, Azhe took out his mobile phone and dialed Mr. Norman Karim's number first.

At this moment, Mr. Norman Karim was confronting An Ran and the others in the club, hoping to take An Ran away quickly. However, he could not use strong methods and could only coax and talk to them.

Mr. Norman Karim also knows very well that Anron is a very smart girl and it is impossible to deceive him, so he is also very distressed now. Everyone is at a deadlock and they don't know what to do.

At this time, he received a call from Azhe. Mr. Norman Karim was relieved. He opened the phone and said calmly.

"What's wrong? Azhe?"

"It's nothing, Mr. Norman Karim, I just want to report to you.

Just now, Efit and I have been working as two arms experts. They will be taken away by Efit in a moment. I want to report to you that after these two people are taken away by him, if there is any mistake, it should not be necessary. Let me take charge. "

"So you are thinking about this problem. Don't worry. As long as these two people are taken away by Efit, you will naturally not be responsible. You want to seek my opinion in front of everyone and prove it. You have completely gotten rid of this matter. If there is any problem in the future, I won't be able to find you?"

"I think we should be more clever when doing things under you.

The most important thing is to understand that everyone has their own responsibilities. We absolutely cannot listen to everything he says. He seems to have to think about it and distinguish his responsibilities. "

"Azhe, there's nothing wrong with what you think. It's better to clarify the responsibilities.

Now that this matter has been handed over to Effit, it is now up to me to personally prove that if something goes wrong in the future, it has nothing to do with you. You don't have to be responsible for this matter anymore. Aren't Akun and Amin the same? Beside? They can also serve as witnesses. "

"Yes, Akun and Amin have indeed been waiting for your instructions. If there are no problems with you, then I will prepare to withdraw first.

What Effit meant was that he didn't want me to know the new location of the two experts' transfers.

Therefore, I'd better stay as far away as possible and don't let me have any involvement in this matter. He is an unreliable person. He doesn't trust me and I don't trust him. In this case, we can only You can settle for a more fair approach.

Fortunately, Mr. Norman Karim is here to prove it, otherwise we really don't know what to do. If this guy really relies on me, I won't be able to clear myself of responsibility. "

Qin Yuan listened to the conversation between Azhe and Mr. Norman Karim, and he felt that Mr. Norman Karim did not have any doubts at this moment.

This shows that their proactive approach is definitely correct. The next step is to see when they can go back and catch Mr. Norman Karim off guard.

After chatting for a while, Qin Yuan glanced at Azhe.

Azhe is also a smart person. He knows that he should not talk too much. Sometimes talking too much may expose some problems, so Azhe directly ended the conversation with Mr. Norman Karim.

After hanging up the phone, Qin Yuan smiled and said.

"I didn't expect you, Azhe, are also a very good liar. You must have deceived Mr. Norman Karim a lot over the years."

A Kun and A Ming listened to Qin Yuan and couldn't help laughing at some of his jokes.

"There is no way. If you want to survive in our group, learning to lie is a necessary skill.

Mr. Norman Karim is certainly a very shrewd person, but even if he is shrewd, he cannot possibly cover everything.

Many things still require our joint efforts to achieve results, so I think this matter is not as terrible as imagined. "

"Yeah, what you said makes sense. In fact, if the lie is exposed, it means that the lie has not been exposed. You can say whatever you want."

When Akun and Amin saw Mr. Norman Karim, they had no doubts and could finally heave a sigh of relief.

I never expected that by a combination of circumstances, I would be able to get to where I am today.

But the two of them have no regrets. They are just helping Jason. If they can successfully replace Mr. Norman Karim, they will no longer need to worry about old K.

"Akun and Amin, now that you two are fully involved in this matter, there will be no chance of regret. I hope you can keep your promise and never betray your companions."

"Qin Yuan, don't worry. There is a saying that you should not doubt those who employ you, and do not trust those who doubt you. Since you have chosen us to cooperate with you, please don't doubt us. We still have some basic moral principles on the road. "

"What I want is your words. I also trust you very much, so I am willing to cooperate with you. Don't let me down."

Mr. Norman Karim hung up the phone and looked back at An Ran.

"It was Azhe who called me just now. It sounded like these two arms experts were about to move. Aren't you anxious?"

An Ran knew that this was just Mr. Norman Karim's test for them, so he sneered sadly and said calmly.

"Where are these two people exactly? It doesn't seem to have much to do with us. Even if they didn't move, we didn't find their location. Otherwise, we wouldn't have wasted time here. We had already rescued the hostages. Come out and bring back the great eating dynasty."

Chen Jixiang saw that Mr. Norman Karim was deliberately provoking here, and he really couldn't stand it anymore.

However, he still had some complaints in his heart, and he didn't know when Qin Yuan would come back. It was really not cost-effective to delay for such a long time for Xiaolan, who was not a relative.

"I don't know what the situation is like at the hospital, why Qin Yuan hasn't come back yet."

"Sofia just told me that there are no trivial things at the hospital. All the arrangements have been made. Xiaolan is also out of danger. In this case, I believe Qin Yuan will be back soon. You guys Just wait patiently here."

When An Ran heard what Norman Karim said, he finally understood why the other party was willing to watch them here and delay the time. It turned out that he mistakenly thought that Qin Yuan was still in the hospital, thinking that Qin Yuan had solved it, and Xiaolan's matter would soon be solved. He was able to come back, so he was not in a hurry.

When An Ran heard this, he really sweated.

If Mr. Norman Karim knew that Qin Yuan was not in the hospital at all, this matter would be serious.

It's just An Ran. He can't do anything now. His most important thing is to delay time and not make others suspicious. At this moment, Liu Mei beside him can't wait any longer.

"Mr. Norman Karim, after all, you are here on behalf of the embassy. You seem to have no respect for us at all. People say that you are a very elegant person. You seem to be a bit domineering today.

I just want to bring these people back to the embassy. Regardless of whether they came here illegally or how they came here, they all need to be tried by our country, not by you here. You are not qualified to do these things. "

"Ms. Liu, I know what kind of place your embassy is.

But since I have made such a decision, it is based on my reasoning. Didn't they just say it?

We just need to wait for Qin Yuan to come back before we can make the next plan, but you want to cause me trouble at this time, which makes me very embarrassed. "

An Ran looked at Liu Mei and said.

"Liu Mei, I know you are here to pick us up on behalf of the embassy. Since Mr. Norman Karim said he would wait for Qin Yuan to come back, please wait a little longer. Anyway, we are in Mr. Norman Karim's territory and headquarters, so we can confront him head-on."

"An Ran, sometimes I think you are just too kind.

In theory, you are also a follower of Fan Tianlei. I have heard that Fan Tianlei manages his subordinates very strictly, and they all have their own ideas. Today, I see you guys and think you are very timid, but you don't have the style of Chief of Staff Fan Tianlei."

Chen Jixiang heard that someone dared to slander Thor in person, he certainly couldn't accept it, and directly refuted beside him.

"I said you look like a man, and you are not polite at all.

You haven't even met Chief of Staff Fan Tianlei, so how can you casually evaluate others?

This is really rude. How we behave has nothing to do with Chief of Staff Fan Tianlei. Don't use us to evaluate someone you haven't met."

Liu Mei saw Chen Jixiang, this guy was actually loyal to the Thunder God, and he couldn't say anything else.

"Well, from your performance in defending Chief of Staff Fan Tianlei, it can be seen that he is really good to his subordinates, otherwise you would not stand up to defend him as soon as you heard someone say something bad about him."

He Chenguang couldn't help but say.

"Miss Liu, I think what Chen Jixiang said makes some sense.

It's a good thing that you didn't say bad things about Lei Shen in front of Qin Yuan today, otherwise he might have reacted more violently than Chen Jixiang.

That's right, we are all soldiers brought up by Lei Shen, so we can't listen to others saying anything bad about him. You can say what shortcomings we have, but you can't infer that Lei Shen has done something wrong."

Liu Mei finally understood. No wonder Fan Tianlei has a very high prestige in the army, although he is only a chief of staff. It turns out that this is his outstanding management ability. It is indeed the case in the army. Sometimes the feelings between comrades are more effective than military orders.

"It seems that Chief of Staff Fan Tianlei's management ability is really strong. He can manage each of you obediently. This is indeed worth learning.

Next time there is a speech forum or something like that, I hope Chief of Staff Fan can come out in person to talk about how he manages his soldiers and teach us some experience."

## Chapter 2262 I didn't expect you to be so loyal

Azhe and Qin Yuan were waiting for Huang Mao anxiously, wondering when the boy would deliver the car.

"Is this Huang Mao you two are talking about reliable? Why is there no news yet?"

"I still believe in my ability to see people. Facts have proved that whether it is Jason or Azhe, I did not miss it."

When A Kun and A Ming heard what Qin Yuan said, they felt it and were very relieved, so they smiled and nodded beside them.

"What you want to say makes sense. We also think you are right, but..."

"You two, don't look at anyone with suspicion. After all, Huang Mao is in the city. Even driving here will take a while. He can't transfer to us instantly after we hang up the phone." Around."

"Well, Qin Yuan, as long as you believe in him, we have nothing to say, but I still hope you can think clearly. No matter what, don't misjudge the talent."

"Don't worry about this. Even if you don't believe me, you should believe Azhe. He still knows Huang Mao very well!"

A Kun and A Ming smiled and nodded.

At this moment, Qin Yuan suddenly received news from Wang Xin.

"How's it going with you over there?"

"We're about to arrive at the entrance of the embassy. It's been relatively peaceful along the way, but I haven't found any trace of this guy Efit. I'm afraid I won't be able to help you. How are you doing there?"

"You don't have to worry about me yet. As long as you can ensure the safety of these two arms experts, I have nothing to say and I won't be so nervous. The development of things is always unexpected. After you leave, we found that there was only one car left, so we are now waiting for rescue."

When Wang Xin heard what Qin Yuan said, he obviously felt a little guilty.

"I am also a really careless person. I usually deal with more procedural matters in the office. I haven't been on a mission for too long, and my ability to respond to situations has become so weak."

"Wang Xin, why do you say that? It's really too presumptuous to belittle yourself."

"I was busy taking these two arms experts out and quickly returned to the embassy to ensure their safety. I actually forgot that you don't have any extra vehicles now. Otherwise, what if you just wait a little longer. I'll leave from the embassy now. Send a car over."

Unexpectedly, Qin Yuan directly stopped his thoughts.

"Wang Xin, absolutely not, we cannot use the embassy's vehicles."

"Why? You are in urgent need of my help right now. Can you find anyone else to support you besides me?"

"You must not use the embassy's vehicles. The embassy's vehicles are all registered. If there is any problem, others will catch it. The truth cannot be confirmed at such a critical time."

When Wang Xin heard Qin Yuan's words, he reflected for a while that this was indeed the case, but he was also very anxious when he saw that Qin Yuan was not out of danger.

"Then what are you going to do? You can't stay here all the time. Mr. Norman Karim may find out that there are loopholes in the matter before long. Once he knows the truth, your mission may not be complete yet. The implementation failed."

"Don't worry, we have contacted Mr. Norman Karim just now and gave him some psychological hints in advance.

Even if we delay for a while, it's not a big deal. The key is that I have found a vehicle that can support me. You don't have to worry so much. As long as you successfully return to the embassy, the safety of these two hostages will be guaranteed to me. It's more important than anything else. "

Wang Xin thought about Qin Yuan. Although he usually looked very serious, at critical moments, he was really able to sacrifice himself for others.

"You are truly worthy of being brought out by the God of Thunder. You are as selfless as him."

"If you want to praise Thor, just say it, don't beat around the bush.

To be honest, Thor did teach me a lot, and I am very grateful, but this is all off topic. Now that you have successfully arrived at the embassy, I will start planning things on my side. I believe I The rescue vehicle will arrive soon. "

While Wang Xin was talking, he also drove to the embassy. The moment the back door of the embassy opened, it was enough to prove that they were completely safe and the two hostages were saved.

"Qin Yuan, you don't need to worry about us anymore. I have successfully returned to the embassy. Now I will arrange for these two arms experts to stay in a relatively hidden place.

Then help them find a doctor to check their health, and then arrange for them to live well and relax for a while. This period of imprisonment may cause them some psychological problems. I will find some psychological experts to help them first. Say it again. "

Wang Xinke is really a very careful person, and he has thought carefully about the mentality of having experienced the aftermath of the disaster.

"You really thought about everything you should and shouldn't think about."

"There's nothing you can do. If you don't work smartly with someone like you, I'm afraid it won't work."

Qin Yuan smiled and said.

"Wang Xin, it's already this time, so don't make fun of me here. We just want to help each other and make progress."

The two students of Professor Fang De seemed to have something to hide.

Wang Xin also noticed that the two of them seemed hesitant.

"Do you two want to tell me something? I see you two seem to be hesitant to speak."

"Consul Wang Xin, the two of us were thinking that since we have successfully arrived at the embassy, that is, on our own territory, could we try to have a remote video call with Teacher Fang first? We know his I'm not in good health and I'm really worried."

Wang Xin knew that it was not appropriate to have a video call with Professor Fang De now. He didn't know the specific situation on Professor Fang De's side, so he didn't dare to agree easily.

"Qin Yuan, you should have heard their appeals."

Qin Yuan also hesitated. He knew it was best not to contact Professor Fang De at this moment. If he saw his two very cherished students, Professor Fang De would definitely not feel better after suffering so much. , it would not be cost-effective if his condition becomes more serious.

"I can't make the decision on this matter. Let's let them have a good rest for now. Don't rush to contact Professor Fang. If there are no problems here soon, we can return to the Great Love Eating Dynasty.

Professor Fang De's physical condition is not very good. If something goes wrong, no one can guarantee it.

If that doesn't work, just ask Du Bingbing. After all, he is our team leader and a very experienced doctor. Maybe he can give you an answer. "

After all, Wang Xin and Du Bingbing are college classmates. He knows this person's temper very well. If he talks about this matter with him now, he will probably get into trouble.

"Forget it. I'll try to persuade the two of them to calm down first, and then find a way to contact Professor Fang De after I'm well rested. I don't want to offend Du Bingbing, I'm really afraid of him."

"What you said means that you two should have some disputes. It seems that Du Bingbing is also a female classmate with a story."

"Of course. He was a goddess-level figure when he was in our school. Now he is willing to risk everything and is willing to help you. You should cherish it."

"Of course I cherish it, very much, but this matter is indeed much more complicated than we imagined. Don't be so anxious yet. I will help you think of other solutions when I have the chance."

While Qin Yuan was talking, Azhe seemed to hear the sound of a car outside, so he quickly pulled Qin Yuan's arm.

Then he turned his eyes out the window. Qin Yuan understood it immediately, and then said to Wang Xin.

"My rescue vehicle should be here. I won't tell you so much for now. Just help me take good care of these two people. I will definitely be extremely grateful to you Du Bingbing as well."

Wang Xin smiled, hung up the phone, and then said to himself.

"I didn't expect that Qin Yuan is really good at playing with people's hearts. Since he knew Du Bingbing was so important to me, he specifically used this person to suppress me.

By the way, two experts, please don't be so excited. I just discussed with Qin Yuan that you are not in a good state at the moment, and we still have to plan how to go back, so it is not convenient to contact Professor Fang at the moment.

I will inform you of his physical condition and arrange a meeting time for you as soon as possible after returning to the Great Love Eat Dynasty.

I hope you will not be in a hurry at this moment. We will also tell Professor Fang De in time that the two of you have successfully got out of the predicament, so that he can rest assured as much as possible.

All of this is thanks to Qin Yuan. If it weren't for his sophisticated arrangements, I'm afraid things wouldn't have gone so smoothly. "

The two arms experts also knew that this was a very difficult matter, so they were unwilling to cause any more trouble to others, so they had no choice but to nod with some disappointment.

"Consul Wang Xin, we both understand what you said. In fact, we are just asking tentatively to see if it is convenient for us to contact you. If it is not convenient, then we will wait a little longer. We still need to trouble you to arrange for us to be there. The embassy is here, and I'm afraid this period of time will inevitably cause trouble for you. "

"You two, please don't say these polite words to me. I have told you many times. These things are what I should do. They are not troublesome. I can contribute to the great eating dynasty." It's very worthwhile to do your part."

In addition, Qin Yuan heard the sound of a car outside.

"It's so late, there shouldn't be anyone else except Huang Mao."

Just as Qin Yuan was saying this, he suddenly heard the sound of emergency braking outside the door, as if the car was being strangled by someone's neck, making a painful scream.

"You all don't have to doubt it. As soon as I heard the sound of braking, I knew it must be Huang Mao. This kid has always driven neither lightly nor hard, and he doesn't know how to care at all. He is the only one who can slam on the brakes like this. "

Azhe smiled.

"I didn't expect that Qin Yuan, you know this kid Huang Mao very well. He is indeed such a person. He never knows how to take care of the car. He only knows how to let himself experience the speed and passion."

"You guys are waiting inside the house now for me to go out and greet him. This kid is unarmed. If someone comes out from behind, he must be held hostage."

"Yeah, that's true. Then go quickly. Qin Yuan and we are waiting for you in the house."

Qin Yuan then carefully walked outside the door with a pistol, hid in the door frame, and looked outside.

I only saw a figure getting off the off-road vehicle, looking around like a thief.

Huang Mao said with some complaint while observing the surrounding environment.

"I really shouldn't care about Qin Yuan's business. How did he get me to this place? It's better to contact him first."

Huang Mao was just about to pick up his cell phone and contact Qin Yuan when he saw Qin Yuan put the pistol into his arms and walk out with a smile.

"It turns out that you have been observing me at the door. It seems that you like to watch others being played."

"Of course that's not the case. I was afraid that some bad guys would come out to cause trouble temporarily. Of course I had to stay hidden. I only came out when I saw that there was no danger around. I didn't want to play a trick on you. Don't get me wrong. "

"You can pull me down. I took the risk because of you. Not only are you ungrateful, but you also treated me like a monkey. If it weren't for you, I wouldn't be willing to drive to such a dangerous place."

"I see that you are also a very smart person. If you are not willing to take risks for me, how could you come here in an off-road vehicle? You should know that I am in a very remote place, so I made a special trip to drive over in an off-road vehicle. Answer me."

Qin Yuan immediately understood Huang Mao's thoughts, but in the final analysis, he was also a very kind person. It was rare for him to be willing to provide so much help after only having a relationship with Qin Yuan.

Qin Yuan walked to Huang Mao, patted his shoulder and said.

"Thank you so much. I didn't expect you to be so generous and willing to lend me your car. I'm already very touched. Although you don't forgive me and don't say a few nice words, I know very well in my heart. You consider me a friend."

When Huang Mao heard what Qin Yuan said, he felt a little embarrassed, like a shy little girl.

"Okay, okay, don't say such disgusting things to me. I'm not doing it all for you. I'm thinking about Sister Sophia and Azhe. Otherwise, who would be willing to meddle in your business.

You hurry up and complete the mission. You don't have to cause trouble for us when you return to your country. I can also live in peace earlier. Now I just lost a big G.

If you continue to stay here, how much will I have to lose?

It's scary to think about it, but I'd better help you complete the task quickly and let you go back. "

## One-click Recovery Since I was a Special Soldier

### Chapter 2263: Hold your breath and fire a shot

While Huangmao was complaining, he walked towards the house. Ah Zhe also heard Huangmao's voice from inside the house, and he was finally relieved.

"Fortunately, our reinforcements have arrived."

Huangmao heard this, and he was very proud.

"Azhe, you and Sophia usually help me a lot. It's not easy to be your rescuer this time."

"Huangmao, no matter what, you are really risking your life to help me this time."

"Okay, okay, don't say these polite words to me.

Qin Yuan has already told me outside just now that I risked my life to help you, not to listen to you say these things to me, and not to see you grateful to me.

In fact, I am also helping myself. If you people who are usually good to me have any problems, I will be even more lonely in the future."

"Okay, Huangmao took the initiative to come to help us, so we won't say these polite words to you. Huangmao, drive the car over, and I will drive Azhe's car back to the club to confront Mr. Norman Karim in a while."

"Then what?"

Azhe looked at Huangmao's puzzled eyes and said slowly.

"We plan to use the "bitter self" trick to perform a play for Mr. Norman Karim to see."

"The "bitter self" trick?"

"As the name suggests, it means that you have to suffer some pain. Don't tell Sofia about this yet."

"Azhe, you are too hard on yourself. How can ordinary self-torture deceive an old fox like Mr. Norman Karim? You are not going to suffer a little bit, you are going to suffer a lot."

No, I still have to tell Sofia about this first.

I treat her like my sister. If one day she knows that I clearly realized that you were in danger, but I didn't stop you, she will blame me."

As the yellow-haired man said, he took out his mobile phone and was about to call Sofia, but was stopped by Qin Yuan.

"Huangmao, you can't contact Sofia now. We have already made this plan and are going to implement it next. If you tell Sofia now, it means that all the efforts will fail."

"Qin Yuan, you are really talking without any pain. Do you know what kind of person Mr. Norman Karim is? It is impossible to deceive him easily? You are just showing off your skills in front of an expert and showing off your skills in front of Guan Gong."

"Anyway, since I have decided on this matter, I have to arrange it like this. Huangmao, if you stop me now, it will undoubtedly make Qin Yuan embarrassed."

Huangmao looked at Azhe and was really anxious and angry. He couldn't say anything else, so he could only reluctantly put down the phone.

"Look at how anxious you are. If I continue to make trouble, it may be a bit too much and will disrupt your original plan."

Well, I can only listen to you. I even regret it now. If there is really something wrong with you, Azhe, then I will become an accomplice who indirectly hurts you."

"That can't be said. We never thought you would become an accomplice."

This matter is all our own decision, and we are willing to do it. You don't have to think so much. No matter what the next situation is, we will ensure Azhe's safety at the cost. I will not watch him sacrifice his life. Please believe me."

The yellow-haired man glanced at A Kun and A Ming.

"Who are these two people? Why have I never seen them?"

Obviously, the yellow-haired man had some doubts about their identities.

"They are new to the group. Now they can be said to be in our camp. Don't worry, they will not betray me. This matter needs us to complete it together."

A Kun smiled and said.

"I didn't expect this yellow-haired guy to be so righteous. He has considered all the safety issues so carefully. He can come to help us today, which is also an extra help for us."

"Then how do you plan to use the self-torture trick next?"

"Qin Yuan has a pistol in his hand. I plan to let Qin Yuan use this pistol to shoot my chest. It is best to be as close to my heart as possible, so that the role can be considered as enough."

"Azhe, are you crazy?"

Qin Yuan is a bit of a gun and his shooting skills are very accurate.

However, if you want him to shoot your heart accurately, it is really too risky. After all, he is not a doctor and may not be able to do it. If you are not careful, if he hits your heart, you will definitely die."

Azhe, looking back at Qin Yuan, he smiled and said.

"Qin Yuan is a member of the special forces. Shooting is what he is most used to doing. I think his shooting skills are very accurate. I won't let him hit his heart and cause heavy bleeding."

"Azhe, you really think too highly of me when you say that. In fact, I am also very nervous. You can see that my hands have already started to shake non-stop."

"Qin Yuan, don't pretend here. People like you have seen all kinds of big scenes. How could you be afraid of such a small thing? I believe you!"

Qin Yuan thought to himself that this was a matter of life and death. If he could hit the vital point with one shot and send the man away directly, Qin Yuan would have no problem and could do it, but it seemed a bit too difficult to accurately control the angle of the bullet shooting into the chest.

This is not something that ordinary people can do, Qin Yuan felt infinite anxiety in his heart while thinking about it, and his hands began to tremble involuntarily.

Although, Qin Yuan doesn't know what's going on? But he knew very well that this was just a kind of nervousness, and he had nothing to say. Since he had already decided to do this, he could only adjust his mentality first and try not to let things develop in a bad direction.

Qin Yuan's trembling hands took out the miniature pistol from his arms.

Huang Mao saw that Qin Yuan was in really bad condition, so he quickly stepped forward and held his hand.

"It's not that I don't believe you. Since Azhe has agreed to do this, I have no reason to stop you. However, I see that your condition is indeed not very good now. You are not suitable to shoot now.

Let's do this, calm down first, wait until your hands stop shaking before you shoot. If you tremble so much like this, his life will be saved if he is just a little bit off. "

"It seems that you really care about me. It's no problem. I believe Qin Yuan can do it. Since Huang Mao is so worried, Qin Yuan, please sit down and drink some water first and calm down."

Kun and Amin are worried that they don't have enough time now.

"Efit, this guy has been out for a while. Will he go to Mr. Norman Karim first to explain everything clearly? We are not sure that we should continue to waste time?"

"What is a waste of time? This is a major matter involving human lives. Is it possible that other people's lives are worthless in your eyes?

Ah Zhe is risking his life to help you. You can't be so heartless. Are you just hoping that Qin Yuan will kill Ah Zhe by mistake? Are you happy? "

Qin Yuan looked at Huang Mao's excited look. He knew that he couldn't just go his own way and ignore Huang Mao's thoughts. In fact, what he said was right. Qin Yuan was indeed shaking all the time and was not suitable. shot.

"Huang Mao, don't be so excited. I believe Qin Yuan has my reasons. Do you think I have suicidal tendencies? Should I help them without worrying about my own safety?"

After Ah Zhe said this, Huang Mao calmed down. Qin Yuan picked up a bottle of water from the side and drank it.

"Do you feel better after drinking the water?"

"I do feel better. Maybe I was a little too nervous along the way. In addition, I was at a loss when I met Effit just now. There is no problem now. I am almost healed.

I will shoot later, and then you can quickly drive Azhe to the hospital in time. I will drive back to the club by myself to confront Mr. Norman Karim. "

Huang Mao seemed to have thought of something, and he was a little confused.

"what are you thinking?"

"I didn't think about anything. It's just that the Central Hospital with the closest medical resources and the best medical resources in our whole place is the Central Hospital. But Sofia is waiting for the key at the Central Hospital. Seeing Azhe injured, will he..."

"I understand what you mean. I don't want Sophia to see the Azhe tree, but there is nothing I can do. The Central Hospital is the place with the best medical resources and it is also a hospital controlled by Mr. Norman Karim.

If Azhe is injured, it is normal for him to go to a hospital controlled by his group.

If you change to another hospital, it will arouse the suspicion of Mr. Norman Karim. Sophia and Azhe have known each other for so many years. They have never experienced anything, and they will never be frightened by such a trivial matter. Pour. "

Azhe nodded very confidently.

"I also believe in Sofia. He will never be scared because of such a trivial matter. You should know that he is a hero among girls, and we have known him since childhood. He will not be like this. You must believe me and you should also believe Sofia. "

Huang Mao thought that Sophia was indeed not a fragile little girl. In this case, he had nothing to say.

"I'd better turn around when you guys start shooting later. I can't bear such a terrible thing, and I don't dare to face it directly, let alone see anything bloody."

"After all, you have been hanging around on the street. You wanted to join Mr. Norman Cam's group before. Is it possible that you are still bleeding?"

"I'm not such a weakling. The main thing is that I still can't face my good friend suffering such suffering with my own eyes, so you can understand and stop forcing me to see it. I can't stand it."

Qin Yuan held a gun in his hand, and he looked at the two men's eyes.

Qin Yuan could see firmness and determination in Azhe's eyes.

"Now that I'm ready, I won't be polite to you."

Azhe smiled and then closed his eyes.

"I'm ready, let's get started."

Qin Yuan held his breath with concentration. At this moment, no one in the entire room dared to make any sound. It seemed that everyone's breathing and heartbeat could be heard clearly.

Qin Yuan also gently listened to the sound of the other party's heartbeat, which seemed to be in his ears.

Qin Yuan seemed to be able to hear the specific angle at which his heart was beating. He could perfectly avoid the heart's position when shooting.

A Kun and A Ming were also breaking out in cold sweats beside them. Qin Yuan tried hard not to let himself be frightened. He knew that success or failure depended on this one move.

"boom!"

With the deafening gunshot, Azhe covered his chest in pain and knelt on one knee on the ground.

Huangmao quickly turned back to look at Azhe.

Although he saw that his chest was stained with blood, he still had a smile on his face, hoping that his friends would not worry about him.

"How do you feel?"

"I can still breathe and talk now. It really hurts, but fortunately, my heart was not hit. Don't be afraid just because I bleed so much. Qin Yuan's foot control is very good. He didn't hit my heart. He is worthy of being a special forces member trained by Fan Tianlei."

"You have become like this now, so don't continue talking. Let's go quickly. I will drive you to the Central Hospital. Qin Yuan, you should drive away quickly."

"Don't carry Azhe on your back. His wound is bleeding all the time. You guys carry him out."

So, A Kun and A Ming each carried his head and feet, and Huangmao protected Azhe's heart. They left the house like this.

Qin Yuan also quickly put away his gun, followed them out, and looked back at the scene.

He needed to know if there was anything wrong at the scene. Generally, under such circumstances, there would always be some evidence that exposed their true purpose. In order to ensure that everything was foolproof, Qin Yuan had to quickly confirm that there was nothing suspicious.

"Nothing suspicious, we can leave now."

"Azhe, how do you feel now?"

"I really don't have anything, but I really can't talk anymore. Just do it boldly. Qin Yuan, I believe you have left all the things to you. I won't care about anything and just focus on recuperating in the hospital.

I hope you can successfully rescue An Ran and the others. The next time I see you, I hope it will be at the embassy. You are safe and I can get the trust of Mr. Norman Karim. That would be perfect."

"Don't worry, Azhe Huangmao, drive away quickly, don't waste time any more. Let's keep in touch along the way. If there is anything, let me know in advance. Tell Sophia after you get to the hospital."

## One-click Recovery Since I was a Special Soldier

### Chapter 2264 Special Forces members must strictly demand themselves

Qin Yuan could only grit his teeth and have the courage to shoot at the opponent.

He was also very worried and guilty now. He didn't know what he should do at this moment, although it was normal for him to shoot as a member of the special forces.

However, it was the first time Qin Yuan experienced this feeling of shooting at someone he knew well, or even someone he could call a good friend. He felt dull in his heart, sweating profusely, and then fired the gun in his hand. He couldn't hold it anymore and dropped it to the ground tremblingly.

Huang Mao was also worried when he saw Qin Yuan's trembling appearance.

"Can you calm down? Isn't this a normal thing for you? Don't be so excited. Get up and pick up the gun. Can you still drive with your trembling hands?"

"No problem, let me calm down first. I was indeed a little excited just now, but don't worry, nothing will happen. You drive the car and leave quickly. I'm afraid that Azhe will lose too much blood in a while, but That's what happened."

"Are you sure you can stay here alone? If this guy Effit tries to kill you again, you may not be able to deal with him."

"Efit?"

When Qin Yuan heard these three words, he seemed to have summoned up the courage. He didn't care about anything. He stood up calmly and said.

"You are right, I really shouldn't let this guy influence me.

No matter what, I can never let him come back to threaten me. He may turn around and come back to attack us again. I can never let him succeed. I have to muster the courage.

Okay, I have no problem. I have rested. You can leave now.

You must reply to me at any time along the way, otherwise I will be too worried. I am really afraid that Azhe will have sequelae because of my incident. "

Azhe was also holding back the pain, his head was covered in sweat.

There was no way, Qin Yuan couldn't bear to see him like this, and thought it would be good to help him solve the problem quickly.

If he can be put out of pain quickly and returned to the hospital for treatment, I believe it shouldn't be a problem.

"Don't let Azheteng suffer any more. I feel a little uncomfortable when I see him like this.

You go to the hospital quickly, and don't tell Sofia first. Wait until you meet him in the hospital. If Sofia really complains about you, just say it was me who did it, and I believe he won't embarrass you. "

"If Sophia knows that you did it, he won't let you go so easily. He might go to Mr. Norman Karim to complain. Sophia is usually a very calm person, but as long as it involves Ah He can't calm down about Zhe's affairs."

"My people can understand this mentality, but this is understandable and human nature."

"Okay, Qin Yuan, I will take Azhe and the two of them to the hospital now. You can go back first. We will take care of each other along the way."

At this moment, I looked back at A Kun and A Ming. One of them was holding a wooden stick, and the other was holding a brick, and they smashed each other's legs and back hard.

"What are you two doing?"

"Since it is an acting, it must be performed with enough atmosphere to the end. If we go back unscathed, Mr. Norman Karim will not believe it."

"thank you all."

"Qin Yuan, you don't need to thank us. If you want to thank, just thank Jason. It was he who asked us to help you, and helping you now means helping our boss. I hope he can completely get rid of Old K's pursuit. May you live a peaceful and happy life in the future."

"All of this was caused by Efit, so just keep it in your stomach. After I resolve this matter, I will definitely help Jason deal with Efit completely."

After saying that, Huang Mao took them away directly.

Seeing that the car had left, Qin Yuan who was nearby could finally breathe a sigh of relief. He relaxed his mood and tidied up the surrounding environment.

After confirming that there was indeed nothing suspicious around him, Qin Yuan drove away.

As soon as he left Qin Yuan, he couldn't wait to call An Ran.

An Ran was still confronting Mr. Norman Karim at the side. After seeing Qin Yuan's news, he quickly answered the phone excitedly.

"How are you doing here? Qin Yuan?"

"An Ran, I know you are very worried about me now. Don't worry. I am driving in the direction of the club. I will arrive at the club in about 40 minutes. Please wait for me, Mr. Norman Karim, for everything. Let's make it clear face to face."

Chen Jixiang heard Qin Yuan's words beside him, and he was very happy. Finally, he could wait for Qin Yuan to come back, and they finally had a backbone.

He Chenguang was not so happy. He knew that Qin Yuan would definitely mention Xiaolan's matter when he came back this time, which made him feel very guilty.

"Seeing your expressions so excited, it should be Qin Yuan. He will be back soon. In that case, I don't mind if I wait a little longer and let him drive slowly. Don't be so anxious. Life safety is the most important thing. important."

Mr. Norman Karim spoke slowly while looking back at these people. At this moment, he didn't know that such a big change had taken place on Azhe's side, let alone that this matter had been far away from him. control.

Liu Mei, who was sent by the embassy, was also a little impatient in waiting.

"Mr. Norman Karim, you are not in a hurry, but I have not completed the tasks assigned to me by my leader so far. I don't know how to explain to him."

"Miss Liu, you don't need to be so excited. Qin Yuan is already on his way back. I believe it won't take long for him to arrive at the club. You are all in the same group. You don't want him to drive dangerously and cause his own death." Your life is at risk."

When Liu Mei heard what Mr. Norman Karim said, he suddenly felt speechless and didn't know what to say.

But he knew in his heart that this guy was very cunning, and he would never be able to give him more opportunities. The key to the problem was how they should handle the next thing.

After Chao comes back later, they may have to face many complicated situations.

For example, he took these people away by force. Fortunately, before Liu Mei came to the club, he had made sufficient preparations. Whether it was manpower or guns, he was very well prepared. He was not afraid of confronting the opponent head-on. He was a A very strong girl.

"Well, now that Mr. Norman Karim has said so, I don't have any other ideas. I just need to wait a little longer and I can wait. I have already told my superiors.

After waiting for about two hours, if there is no news, the embassy will probably send a second wave of people. "

When Mr. Norman Karim heard this, he could feel that the girl was clearly threatening him, and he smiled softly and said.

"Miss Liu really means something in her words. It seems that you are reminding me not to go beyond the scope of my responsibilities, right?

Do you think I should be responsible for this matter? If Qin Yuan and others have any shortcomings, I'm afraid the embassy will not let me go easily. If nothing else, that's what you mean. "

"Mr. Norman Karim, you must have completely misunderstood. I didn't mean to threaten you. Your emotions are more complicated now, and you should be able to tell that.

So, everyone is trying to stay calm.

Let's wait until Qin Yuan comes back later. Maybe our current situation will undergo some big changes.

Although I have never met this person named Qin Yuan, I heard that he is the best member of the special forces, and I guess he will not disappoint us. "

Chen Jixiang said very proudly next to him after hearing this.

"Brother Qin Yuan is of course a very good member of the special forces, and he will never let you down, Miss Liu. You really shined in front of us today, but I believe that when Brother Qin Yuan appears, you will be even more of shock."

Of course Liu Mei was not convinced. He never thought that there were such amazing people in this world.

"Miss Liu Mei, these people you brought have been in a stalemate for such a long time, and they should be a little tired. Let them relax their vigilance, drink some water first, and sit here to rest for a while.

It will probably take about half an hour for Qin Yuan to come back. You guys are waiting here in such a tense manner. Your nerves are really a little too tense. I am not a dragon in a tiger's den. As for you, are you so vigilant? "

Of course, Liu Mei would not believe what Mr. Norman Karim said. His place was more terrifying than the dragon's den and the tiger's den. If he relaxed a little, he might lose a lot.

"Mr. Norman Karim, you are really too humble. Your place here is more worrying and scary than a dragon's den and a tiger's den."

"Looking at Miss Liu Mei, she doesn't look like the kind of little girl who is always afraid."

"Of course I have nothing to worry or fear. I'm just thinking about the colleagues around me. They all work hard to complete the tasks with me, but I can't affect them just because of my negligence.

Now that I have chosen this career and embarked on this path, I have nothing to worry about or fear.

I don't think anyone can threaten me, but I have to think about my companions. Of course, I am always ready to sacrifice my life for the country.

But I cannot hold others to the same standards. Everyone has their own life. They have the right to pursue a happy life and a life. "

After An Ran heard Liu Mei's words, she thought that he was a very sober girl, and it was refreshing to hear him speak.

"Liu Mei, you are right. In fact, we cannot impose our own ideas on anyone. I very much agree with your statement. We can take risks ourselves.

But we can't let the people around us be in danger. Qin Yuan is also such a person, so he does his best to protect the few of us who go on adventures alone. "

Liu Mei heard what An Ran said and felt that Qin Yuan seemed to be a very good person.

Chen Jixiang smiled and said.

"Let me just say, everyone who sees Brother Qin Yuan is impressed by him. Just wait. After he comes back soon, you will really be able to see what it means to be a member of the special forces. He is the God of Thunder. Developed characters.

Even Mr. Norman Karim admires Qin Yuan and hopes that he can stay and help his career.  
"

As Chen Jixiang spoke, he turned his eyes to Mr. Norman Karim next to him. Of course, the other party could not deny his statement, so he also smiled and said.

"That's right, Chen Jixiang is right. I really hope Qin Yuan can join my group and we can achieve something together, but he has clearly rejected me. Otherwise, I would not have adopted such a method to force them to stay here."

Before hearing this, he was looking forward to Qin Yuan, a person he had never met.

"I didn't expect that there would be such a transparent person in the world. It really surprised me.

But this is okay. This is what they should do. Since they have become members of the special forces, they should not think about wealth and glory. They should think about how to ensure the safety of life and property of ordinary people and dedicate themselves to the Great Love to Eat Dynasty. This is the most important thing."

Liu Mei paced back and forth in the room while talking.

Just waiting like this did make the scene feel a little awkward. They didn't know how to deal with it themselves, but there was nothing they could do. Liu Mei was always like a vigilant kitten.

He kept a careful observation of the surrounding environment at all times.

An Ran felt that if someone suddenly made any movement at this time, he could immediately wake up and react like a kitten, keeping calm at all times.

"Liu Mei, if you are tired, sit down and rest for a while. You have been standing for such a long time, it is inevitable that your legs will be a little sore."

After hearing An Ran's concern, Liu Mei smiled and said.

"It can be seen that Miss An Ran is not a person who trains often. Although you are also a member of the special forces, you have been performing secret missions outside for so many years. I am afraid that you have long forgotten what the basic qualities of a special forces member are.

For us, the most frequent training is standing at attention. If you can't even pass this item, how can you become an excellent special forces member?

I don't think this is a good thing, so I think it's best for you to be strict with yourself during training, and don't let yourself slack off.

To be a member of the special forces, you must stand properly. You can't stand like a boneless person with a slumped waist. As a member of the special forces, you must be strict with yourself so as not to embarrass our troops."

## One-click Recovery Since I was a Special Soldier

### Chapter 2265 Sir: I'm back

After Liu Mei finished speaking, he noticed that there seemed to be some movement outside.

His ears were very sharp, mainly because he had undergone some special training. He could detect the slightest movement. Hearing the movement outside, Liu Mei guessed that it was probably Qin Yuan who came back.

After seeing Liu Mei's expression, Mr. Norman Karim also felt something was wrong. He smiled and said.

"Let's be quiet. It should be Qin Yuan who came back."

"Qin Yuan is back. How is it possible? He just said that it would take about half an hour. He came back so soon?"

"He must be very worried about our safety, so he dared not delay at all and came back as quickly as possible."

"Qin Yuan, he really didn't care about his own safety."

Liu Mei was also very excited at this moment. He didn't know what kind of person Qin Yuan would be in his imagination. As for An Ran and Chen Jixiang's trust in him, Mr. Norman Karim also admired him very much, and even wanted to win him over at all costs.

Chen Jixiang was very excited. He walked to the window and tried to stick his head out to look outside.

"You'd better come back and wait honestly. Don't stick your head out. It's still a little dangerous. Since we know that Qin Yuan is back, let's wait patiently for a while. He should be coming in soon. You don't need to be so excited."

Mr. Norman Karim seemed to be expecting something to come to fruition soon.

He sat on the chair, pretending to be calm on the surface, but he was very nervous in his heart. An Ran could see his state.

"I think Mr. Norman Karim should be ready.

When Qin Yuan comes back, we will leave. You promised that after Qin Yuan comes back, we will make everything clear and he will not stop us.

I think you will not regret it. You will not deny what you said before."

Looking at An Ran's somewhat aggressive look, Mr. Norman Karim knew that this little girl was not easy to mess with.

He just smiled beside him and didn't say anything. Chen Jixiang looked at his noncommittal attitude and estimated that this guy would definitely not help them leave easily. They still had to be fully prepared.

"You guys go outside and wait to see if Qin Yuan is back. Don't let other irrelevant people in. It will only cause too much trouble."

"Yeah, okay, we got it, Mr. Norman Karim."

Seeing him arrange the people around him to go out and monitor the situation outside, he had already made sufficient preparations. Although he brought many bodyguards with him, he still had a gun in his hand, which was a must-have item for a person who was very afraid of death.

Liu Mei quietly walked to An Ran and whispered in his ear.

"If you don't want to have an excessive fight later, be careful now.

It's best not to offend this guy in front of you, he has a gun in his hand. If you don't want Qin Yuan to be in danger, just follow my arrangements. I brought a lot of people with me. If it doesn't work, let the consul of the embassy come in person.

Although I'm not afraid of him, I don't want any excessive actions here that will affect the image of Da Ai Chi Dynasty."

"You are still very thoughtful, but don't worry, Qin Yuan should have anticipated these things, he won't make it difficult for us, let alone Thor.

Because we are a small team, this time we came out completely to follow Thor's arrangements.

If there is any excessive behavior, I am afraid that Lei Shen will find it difficult to get rid of the responsibility. Just think of it as Lei Shen's. He is almost losing his position as Chief of Staff because of us. We can't continue to cause trouble for him. "

"I didn't expect that you and Fan Tianlei have such a good relationship."

"All of us came from Lei Shen's subordinates. Naturally, we have to consider him and be more thoughtful. You don't have to make a fuss. We won't make it difficult for the embassy, let alone Wang Xin."

After hearing Wang Xin, Liu Mei's expression seemed to have some subtle changes. An Ran saw these subtle changes in his expression and knew that her guess must be correct.

While they were talking, Qin Yuan walked in slowly from outside. Seeing his high-spirited appearance, An Ran's hanging heart finally fell.

"You are back?"

Qin Yuan saw An Ran's expectant eyes, and without hesitation, he walked up to look at An Ran, but there were too many people, so they had to keep a certain distance.

Qin Yuan wanted to reach out to comfort An Ran, but he thought of Mr. Norman Karim, who was also here at this moment, and it would not be appropriate for them to do anything excessive.

So, Qin Yuan put his hand down again, smiled at An Ran, nodded, turned around and walked to Norman Karim again.

"I didn't expect you to come back so soon. You said it would take about half an hour to release a smoke bomb for us?"

"Originally, I thought I needed to take a detour and estimated that the journey might take half an hour. Fortunately, I found a small road again, so I can hurry back and not let Mr. Norman Karim wait too anxiously. I know you have been waiting for me here, so I don't thank you at all."

"Qin Yuan, you are really amazing. The first time I came to Amy Dynasty, it was like I had a GPS on my body.

No matter where you are, you can find a route back quickly. I really admire myself. It seems that Fan Tianlei's training for you is really comprehensive. He has told you all the training items, so you can get familiar with it so quickly. Our route here.

Unexpectedly, he had already started planning so many years ago. Why would he want to take me, an old comrade, back? "

What Mr. Norman Karim said to Qin Yuan means that he has completely misunderstood.

He thought that Qin Yuan was able to familiarize himself with the route here so quickly because he had already gone through a series of training given to him by the God of Thunder. However, he did not expect that Qin Yuan had a cheating system around him that could help him.

Qin Yuan couldn't tell him these words, but after hearing what he just said, he seemed to be a little anxious. He was afraid that the God of Thunder would take him back.

Qin Yuan smiled and quickly explained.

"Mr. Norman Karim, I think you must have completely misunderstood.

The reason why I can find every place quickly is because I have eyes to observe and a mouth to ask for directions.

As for Thor, he has conducted relevant training for us in advance, which may be a bit exaggerated. He does not have the ability to predict the future, so how does he know that we are going to come here to complete the mission?

These are things that only started to appear after we met Professor Fang De. If according to your statement, Thor has really become a god, it is really an exaggeration. You don't need to be so anxious. "

"Fan Tianlei does not have the ability to predict the future, but his plan for a matter is very thorough."

"What do you mean by that? I really can't understand it."

"Didn't I say it just now? Fan Tianlei may want to bring back my old comrade through you. We have been separated for so many years. He should be worried about me coming here, so he always wants to find opportunities. Take me back."

"If you think this way, it's even more fussy. You no longer belong to the Great Eating Dynasty, you are now an upright member of the Amy Dynasty."

Your current personal safety is protected by the Amy Dynasty, and as members of the special forces of the Great Eating Dynasty, we cannot easily take you away for any reason, have you forgotten? We will not do anything illegal or indis disciplined. "

Mr. Norman Karim breathed a sigh of relief when he heard Qin Yuan say this.

He was still very anxious before, fearing that Fan Tianlei was deliberately going against him, but now that the situation was good, he was finally not so nervous and could calmly talk to Qin Yuan about what was going to happen next.

"Mr. Norman Karim, I have come back to live up to expectations. Now that the situation is like this, please tell me. I brought many people here with such a big fanfare, but I scared them all. Enough."

An Ran had already started asking me for help on the phone just now. I wonder what kind of arrangements Mr. Norman Karim has for them. I heard from An Ran that you want to take them away by force? "

"Qin Yuan, I think you have misunderstood. I am not taking them away forcibly, but I want to protect them. It is no longer safe here."

And you have stayed here for many days. I want to move you to a new place. That is my newly built villa. Even I have not lived in it for a day. "

"We're embarrassed to let a few of us live in your newly renovated villa. In fact, it's fine to stay here. The key is that we don't plan to stay here for a long time."

At the end of the day, we still have to return to our own country, and it is not appropriate to stay here for a long time. "

At this time, Qin Yuan discovered Liu Mei who had been standing next to him.

"This one hasn't been introduced to me yet."

After hearing this, Chen Jixiang walked away excitedly and went up to say to Qin Yuan.

"Brother Qin Yuan, if that's the case, let me introduce you to him. This person's name is Liu Mei. He is from the embassy. He came here specifically to pick us up today."

When Qin Yuan heard this, he deliberately pretended to say it.

"Since people from the embassy have come to pick you up, why don't you leave? It's really inappropriate for you to let people from the embassy stay here and wait. Those who don't know may think we are putting on airs on purpose. "

Liu Mei smiled beside him, knowing that Qin Yuan said this on purpose.

"Qin Yuan, they all say that you are a very smart person, why do I think you are asking questions knowingly?

Obviously, Mr. Norman Karim does not plan to release them for the time being, but still wants to keep them for a few more days. What ability do I have to take them away alone? I am really overestimating me. . "

"So that's it. It seems that Mr. Norman Karim is really very hospitable and has always wanted to keep us here for a few more days. But in theory, we have already lived here for many days, so it's okay to continue to bother us. OK."

Mr. Norman Karim understood Qin Yuan's attitude when he saw what he said.

He should want to leave here quickly, but Mr. Norman Karim will never let him go easily. This is also expected. The more this happens, the less they can take it lightly. Instead, they have to leave quickly. good.

"Qin Yuan, let's be clear and don't tell secrets. Since this is the case, you also know my attitude. I don't want you to leave like this. How about this? You can stay for now. If there is any problem, we will Communicate anytime."

"Mr. Norman Karim has already said this, so I have to correct my attitude. Let me tell you something from the bottom of my heart. We must follow Liu Mei and leave here today.

The embassy has already sent a message and has prepared relevant reception services for us. "

"I've been hosting you for so many days, and you don't care about my face at all? I've been asking you to stay for so long, but you still refuse to agree, which really makes me a little embarrassed."

"Mr. Norman Karim, let me tell you the truth, I have to leave today.

Whether it's a tough attitude or something else, I have to leave with my group of brothers. I can't live up to Thor's expectations of me.

You have known Thor for so long, so you should know him very well, and you also know that it is normal for him to train a disciple like me. I am even more enthusiastic than he was when he was young. my comment. "

Mr. Norman Karim looked at Qin Yuan. He was really more and more impressed. He was really jealous and a little angry towards the God of Thunder.

He was jealous that Fan Tianlei could train such an outstanding young man as Qin Yuan, but he had only trained A Zhe for so many years, which was really far behind Qin Yuan.

"To be honest, these things have long been expected by me, but if you want to leave, then I have to find out with the maritime patrol force how you came here in the first place. Everyone has to put these things into perspective. Take a look at everything."

Qin Yuan could tell that Mr. Norman Karim was threatening him deliberately.

"In other words, do you want to explain clearly to the maritime patrol force what happened to us sneaking here?"

"Everything has to have a method. I can't hide anything just because I'm familiar with you. Since you came here smuggled in, you have to make it clear to the maritime patrol force. I also follow that. A good law-abiding citizen."

Mr. Norman Karim said as he looked back at Jason.

He knew that as long as they had Jason in their hands, they would have sufficient evidence, because he was a solid witness and no one could deny it.

## One-click Recovery Since I was a Special Soldier

### Chapter 2266: Block the signal first, then delete the related images

At this moment, Qin Yuan knew very well that the other party was about to break up, and he would never let them go at any cost.

"Mr. Norman Karim, if you have such an attitude, then I really have nothing to say."

"Didn't I tell you everything just now?"

Jason is right next to me. People from the maritime patrol force can come over at any time. If I report to them that someone is smuggling over from the sea, and Jason serves as a witness, you won't be able to run away.

For the time being, you can only wait for the Big Love Eat Dynasty troops to come and take you back. I really can't imagine that if the top brass of the army knew that you had lost such a large number of people and went back, everyone might not understand. Have a good time. "

Jason heard this from the side. He was really embarrassed. He didn't know what he should do. He had promised that no matter what, even if he joined Mr. Norman Karim's camp, he would never do it. Betraying Qin Yuan, a good friend.

However, the situation is now very obvious. He is destined to betray Qin Yuan, a good friend. Mr. Norman Karim looked back at Jason with a smile. His smile was dangerous. You can read it from his eyes. kind of threat.

"Jason, you heard what I just said. If under such circumstances, would you be willing to stand up and tell all the facts you have seen and experienced?"

Jason looked confused, he didn't know what to do.

"As your good brother, Qin Yuan should not make things difficult for you. He will respect your ideas very much, so you don't have to worry too much. You can just tell everything you have seen." Just come out."

"But...but I am in the business of smuggling people. The Amy Dynasty maritime patrol force has been trying to catch me for so many years. If I stand up and correct Qin Yuan at this time, wouldn't it mean that I am also in trouble? Got it in."

Norman Karim knew that Jie Se would definitely use this reason to prevaricate him.

"Jason, you don't have to worry so much. Since I asked you to testify, it's impossible for you to get involved. How could I do such a stupid thing?

For me, ensuring your safety is a piece of cake. As long as you do what I say, I will not put you in any danger. This is the welfare of my subordinates.

As long as they are my men, I can guarantee that they will do whatever they want on this land, and no one will have the guts to go against me. "

After hearing this, An Ran turned back and glanced at Qin Yuan, with a worried look on his face.

"Don't worry, as long as I'm here, I won't let anything happen to you.

Mr. Norman Karim's purpose is very clear. He just doesn't intend to let us stay here. But in this case, we have to have other plans. Anyway, I have made up my mind. As long as I, Qin Yuan, want to leave, no one can stop me. "

Liu Mei watched for a long time, and he could feel that Qin Yuan was not someone to be trifled with.

"Our embassy is only responsible for taking people away. If you encounter any specific situation, you have to solve it yourself. Mr. Norman Karim, if you want to report it, just go ahead."

"Isn't Miss Liu aware of the seriousness of the matter?"

If people from the maritime patrol force come to the embassy to arrest people, I'm afraid it will be hard on your face. I wonder if your superiors will blame you when they learn about this. "

"Mr. Norman Karim, you don't need to threaten me here, there is no need for me to explain anyway.

I have already told you that no matter what, I am going to take them away. This is a task assigned to me by my superiors. The specific consequences are not what I should consider. "

Chen Jixiang looked at Liu Mei's neither humble nor overbearing attitude, and naturally had some admiration for him.

He Chenguang said nothing at the side. He felt very guilty at this moment.

"He Chenguang, why don't you speak? We came out together, and I told you before leaving that we must protect them. Now that we are facing such a situation, shouldn't you come up with an idea? ?"

Facing Qin Yuan's questioning, He Chenguang knew very well that there should be no possibility for him to escape, and he did not want to continue to escape.

"Qin Yuan, what's the use of telling me this? Do you really think I have such great ability to make Mr. Norman Karim change his mind?"

"Then you can think of a way. It's better than us insisting here for a long time without any results."

"My brain is in an empty state right now. I really can't think of anything. Please stop forcing me."

He Chenguang didn't know why. Perhaps it was out of a sixth sense. He thought that his identity would be exposed soon. He had to find a way to leave here and could no longer follow Qin Yuan and the others back to the Great Love Eating Dynasty.

However, as a member of the Damai Dynasty, he really hopes to have the opportunity to go to the embassy. After all, there may be many secrets they want there, so he still plans to take risks.

"Ms. Liu, I just thought about it, and I think what you said makes sense. You just need to consider the safety of a few of us. As for the consequences, you don't have to be afraid, even if it's the maritime patrol force People are coming to our door, and we have a solution."

"Hassan, the captain of the maritime patrol force, had some accidents recently, and there is no new captain to take over for the time being. Even if they have a mission, they have to wait for the arrangement of the new captain before they can go out."

"The efficiency of the Amy Dynasty is also notoriously low internationally."

"That's because no one urged them. If I personally call their superiors, I believe they should pay attention to this issue."

Speaking of this, Qin Yuan did not give any response. He smiled and walked to Mr. Norman Karim.

"I'm sorry, Mr. Norman Karim, I was in a hurry to drive back all the way and didn't go to the bathroom. You guys can chat here first, I'll go to the bathroom, is that okay?"

"Qin Yuan, you are so polite, you don't have to report to me for such a small matter as going to the bathroom.

You can come and go freely in this club, go anywhere, and it's okay to go back to the room and lie down for a nap.

Anyway, if Miss Liu doesn't leave today, I will never leave here, and I don't plan to let you leave just like that. I'd feel embarrassed if I didn't treat the guests well."

"Oh, Mr. Norman Karim, I understand what you said. As long as we don't leave your sight, everything will be fine. After all, you still want to monitor us."

Mr. Norman Karim didn't say anything when he heard Qin Yuan's words, and Qin Yuan didn't want to pay attention to him, so he looked for an opportunity to go to the bathroom.

In fact, Qin Yuan didn't want to go to the bathroom, he just needed a separate space to facilitate his contact with the system. Qin Yuan now has an idea in his mind and needs the help of the system.

Arriving at the bathroom, Qin Yuan locked the door, then put his head against the door panel and listened to the sound outside. He slowly walked to a corner and began to check if there were any eavesdropping devices in the bathroom.

After a while of investigation, Qin Yuan confirmed that there were no monitoring and eavesdropping devices in this bathroom, and he was finally relieved.

"Fortunately, this guy is not so perverted and did not install some monitoring and eavesdropping devices in the bathroom, otherwise I really don't know how to contact the system today."

Qin Yuan's one-key recovery system really helped him a lot. If there was no such system, I am afraid that he would have encountered some very deadly dangers in a foreign country.

"System! System!"

"Ding Dong, hello, host. You haven't summoned me for several days. You suddenly summoned me today. What's the matter?"

"Since I chose to summon you, of course it's very important. I need you to block all the signals around so that they can't contact the outside world."

"Ding Dong, host, your idea is too big. It will take a lot of time, and it can only block for about 15 minutes."

"Aren't you an omnipotent system? Why are you so useless now? It can only block for such a short time. This time is too short. Can you help me get it again?"

"Ding Dong, host, have you forgotten? Blocking the surrounding signals will affect the normal operation of the city, and it will definitely alert the relevant departments. At that time, the fact that you have a system may be exposed."

"What you said makes sense, but no matter how How about this? I must hurry up and block the surrounding systems first. I can't let them contact the outside world. I have to take them away from here during this time. "

"Ding Dong, it can only be blocked for 15 minutes. Are you sure you want to do this?"

"Of course I am sure, but not now. I came to contact you just to know from you whether this thing can be completed. Since you can do it, I am relieved. Please listen to my signal."

"Ding Dong, of course there is no problem with all this. The host only needs to wait patiently for the message that I need to block the signal, and I will do it for the host immediately."

Qin Yuan was thinking that he could block the surrounding signals through the one-key recycling system, so that Mr. Norman Karim would not be able to contact the maritime patrol force in a short time, let alone let them rush over in the shortest time. They can take advantage of this time to leave the club.

However, suddenly Qin Yuan thought of a very important thing.

If they are not caught by the maritime patrol force, if the monitoring equipment can confirm that they have appeared in this place, if all the relevant images of them can be deleted from the monitoring equipment.

At that time, no one can prove that Qin Yuan and the others have been here.

Even if there is a witness, but no physical evidence, Mr. Norman Karim is just empty talk, without any evidence. This is a good opportunity for them. At that time, they will not be afraid that this guy will come up with other means.

"Ding Dong, does the host have any other requests?"

"Of course, I just thought that after you block the signal for 15 minutes, I need you to do something more important."

"What is it?"

"I need you to hack into the Amy Dynasty military's surveillance system and delete all the images of us, as if we have never been here."

Only by deleting all the content of the military's surveillance equipment can we prove that we have never been here, and no one will accuse me that we are smuggled here and affect the image of the Great Love Food Dynasty."

"Ding Dong, host, your idea is really too bold. It will take more time."

"It will take time. I can fight for it for you. You just need to answer me whether you can do it or not."

"Ding Dong, my system is created for the host. As long as you have a request, I will definitely be able to do it. Don't worry, but the host needs to fight for a lot of time. I can invade their overall monitoring system to delete all your images."

After hearing the system give him a definite answer, Qin Yuan was finally relieved. This can prove from the side that they have never been here, even if Jason can be used as a witness.

"That's great. We can go back smoothly without any trouble for Jason or help from others. When we get to the embassy, delete all the images of us in this city.

We just need to hide in the embassy and wait for our country's plane to pick us up.

At that time, we will rescue the hostages without anyone noticing, and at the same time, we can guarantee our country's image in the international community. This is really a good way to have the best of both worlds. I believe that if this matter is done well, I will definitely get a promotion and a raise after I go back."

Qin Yuan was very excited while thinking about him, and even admired himself a little.

How could he be so smart to come up with such a good idea? Even with the help of the system, if his mind was not flexible, he might not be able to come up with such a good idea. Qin Yuan really admired himself more and more. Thinking about it, he couldn't help but giggled beside him.

At this time, Qin Yuan suddenly heard footsteps outside the door.

"System, it seems someone is coming outside, you should take it back first.

Let's set a secret code for the time being. You monitor my phone at all times. When I press the tic-tac-toe key on my phone, you can start blocking the surrounding signals. I will definitely take them out of this club within 15 minutes."

"Ding Dong, OK, Master, the system has received your instructions.

After waiting for the specific instructions to be completed, the surrounding signals will be blocked for you for 15 minutes, but please remember that it can only be blocked for 15 minutes, and it will be useless if it is blocked for 1 minute more."

"No problem! I will manage the time well." (End of this chapter)

## One-click Recovery Since I was a Special Soldier

### Chapter 2267 Fifteen minutes is enough

In fact, when Qin Yuan heard the system give him 15 minutes, he felt that it was enough, and Qin Yuan felt that it was more than enough to complete this task within 15 minutes.

"System, go back quickly, don't let others find you."

"Ding Dong, waiting for the host at any time."

After shutting down the system, there were several faint knocks on the door.

"Excuse me, Qin Yuan, are you ready inside?"

"It turned out that it was sent by Mr. Norman Karim. Mr. Norman Karim just said that we can come and go freely in the entire club. I have only been in the bathroom for a few minutes, and he can't wait to pull me out."

"Although Mr. Norman Karim said so, it's not good to let him wait here all the time. Please also understand our difficulties."

Qin Yuan thought to himself, anyway, he had communicated with the system in advance, so he didn't have to worry about other things.

He just needed to leave here on time. It was just right to communicate with An Ran and Liu Mei when he went out. Everyone should try to have a tacit understanding and leave here within 15 minutes. Don't let them catch the handle.

So, Qin Yuan thought for a while, he walked up slowly and opened the bathroom door, then smiled and looked at the man in front of him.

"I know you all work with Mr. Norman Karim, don't worry, I won't make it difficult for you, but I have also thought about this matter clearly, no matter what, you can't do it too much."

"I'm glad you can understand our difficulties, and I'm very grateful."

Then, Qin Yuan followed the people around Mr. Norman Karim and left the bathroom directly.

An Ran and Liu Mei saw Qin Yuan coming out of the bathroom, with a smug look on his face. Although they didn't know what Qin Yuan was proud of, according to An Ran's understanding of Qin Yuan, as long as she was with him, she didn't have to worry about anything, and she was finally able to temporarily breathe a sigh of relief.

Chen Jixiang didn't understand this situation.

"What's wrong with Brother Qin Yuan? He was so happy after going to the bathroom. Could it be that there is some god in the bathroom who can help him find a way?"

He Chenguang said helplessly.

"He's always like this. When he can't think of a solution, he stays alone for a while, and then he seems to have an idea. He used to be like this, but we can see from his expression just now that he will definitely not let us down this time."

"That's good, as long as we can ensure everyone's safety."

The most important thing is that we can't let Mr. Norman Karim contact the maritime patrol force. This will undoubtedly bring a lot of negative impact to Thor. We have already made him lose his position as chief of staff, and we must not continue to implicate him."

"You are very thoughtful."

Qin Yuan smiled and walked up to them and said.

"What are you guys discussing here?"

"We were wondering why you looked so relaxed after going to the bathroom. How come all your personal problems have been solved? No wonder you looked so serious just now. Are you holding it in?"

Liu Mei was still thinking about joking with Qin Yuan at this time. He was also a very optimistic girl. Qin Yuan didn't say anything. He continued to tease himself according to Liu Mei's words.

"Of course, people have three urgent needs.

If I had been holding it in here all the time, I would definitely be unhappy. Now, all the problems have been solved, and I can be considered very free. This will make it easier for us to solve more problems, don't you think, Mr. Norman Karim?"

Qin Yuan turned his head while speaking, looking at Norman Karim with a provocative expression on his face.

"Oh, Qin Yuan, I really didn't expect you to be like this.

But I'm also very curious. I went to the bathroom just now. Can I find any solution for you?

I have told you everything. If you insist on leaving, then I can only contact the people of the maritime patrol to investigate how you came here to get married. He also promised to tell the truth."

"Mr. Norman Karim, besides using the people of the maritime patrol to threaten us, do you have any other tricks? Can you think of something novel and meaningful? You always

use this trick to deal with us, which inevitably makes me feel that you are a little exhausted."

Norman Karim said slowly.

"The tricks are not new, as long as they are useful, as long as you are worried about Fan Tianlei, you will never dare to leave this club, and I don't need to use any tough methods."

"We are members of the special forces after all. If you want to use tough methods to keep us here, I don't think the people in the embassy will agree. Miss Liu, he is not an easy person to get along with."

Liu Mei glanced at Qin Yuan from the side and nodded slightly.

Mr. Norman Karim already understood that Qin Yuan had said so much because he was determined to leave, but he didn't know what was going on with Azhe at this moment.

On the other side, Huang Mao drove to the vicinity of the hospital with Azhe quickly. Seeing that Azhe was bleeding all the time, Huang Mao was a little worried.

"Hold on a little longer, don't let anything happen. I will drive you to the hospital. I don't know if Qin Yuan is accurate. He said he didn't hit your heart, so why are you still bleeding?"

"Huang Mao, don't worry so much, he definitely didn't hit your heart.

Otherwise, we wouldn't have been able to get here smoothly. I'm afraid Azhe would have died a long time ago. He had been bleeding all the time, maybe because he had touched some blood vessels around his heart.

After all, the heart is where all the blood in the body is concentrated. Even if the heart is not hit and the surrounding blood vessels are hit, the blood will continue to bleed. You are already driving very fast, and you will probably need to use an artificial blood bank soon.  
"

"The Central Hospital is already the most advanced hospital here. I wonder if there is a sufficient blood bank. When I helped Xiaolan before, Qin Yuan donated blood himself."

When Azhe heard this, he was inevitably a little worried. Although he had sacrificed a lot to achieve this, he didn't want to die like this. He still had the will to live, at least for Sophia and Hassan. He couldn't admit defeat either.

"Huang Mao, just drive. You don't have to worry about other things so much. I believe Sophia can help me. I'll contact him when I get there."

When A Kun and A Ming heard this, they didn't agree very much.

"Azhe, we know that you don't want to tell others about this and don't want Sophia to worry about you, but you are going to the hospital soon. If we contact him now, it doesn't make him more scared. Let's contact him now. Ask him to contact the hospital in advance to prepare the blood bank.

If you write too much now, it must be written manually. This kind of thing must not be joked. If there is really insufficient blood, there will be nothing you can do. "

Azhe considered what A Kun and A Ming said, and he thought it still made sense, so he didn't refute, nodded, and took out his mobile phone from his pocket.

"There is Sophia's phone number on it. You should contact him now, tell him that I am injured, and ask him to go to the hospital in advance to arrange the operating room."

"He has always arranged these things at the hospital very quickly.

You don't need to be too anxious. You can't let yourself get too excited now. After all, you are injured around the heart.

If you are emotional, it may lead to excessive blood loss, which will be bad then. Please calm down slowly first, lie down and we will contact Sophia now. "

After saying this, Azhe lay down directly, trying to calm his breathing and emotions, not to let himself have too many mood swings, let alone let his body have problems. He had too many things to do.

After Akun took the mobile phone, he contacted Sophia directly without saying anything.

Sophia had seen Qin Yuan gone for a while, but there was no news yet. When she was anxious, she saw Azhe's phone call. As if he saw hope, he quickly picked up the phone excitedly.

"Azhe, are you okay? I finally waited for your news."

"Uh... I'm not Azhe Sophia, I'm Akun."

"Akun? Why did you use Azhe's cell phone to call me? Where is Azhe and others?"

"Sofia, I'm telling you, don't worry about this. Azhe is injured and has lost a lot of blood. I contacted you in advance just to make you mentally prepared.

You first arrange the situation at the hospital and prepare the operating room.

It's best to ask their hospital to ensure that there is enough blood. He has too much blood now and needs to replenish blood urgently. To ensure that nothing goes wrong, I

contacted you in advance. Originally, Azhe didn't want to tell you in advance. He is afraid that you will worry. "

"Don't think that if you just say a few words, I will believe you. How could Azhe get hurt? You think you have his cell phone. Do I believe everything you say?"

Now I will call and ask Mr. Norman Karim to see if it is what you said. "

"Don't! I really didn't lie. Azhe is bleeding too much now. Don't let him get excited anymore. We can't explain the fact that Huang Mao is driving now. I will wait until he gets to the hospital. I'll explain it to you in detail.

As Jason's men, there is no need for us to frame Azhe.

And you must ensure that Mr. Norman Karim cannot know about this matter for the time being.

Specifically, there should be a tacit understanding between you and Azhe. We will be near the hospital soon, so you hurry to the hospital and arrange the emergency room. "

Listening to their anxious tone, Sofia seemed to feel some heavy breathing around her, and even more felt that they were making calls in a secret space, like inside a car.

Azhe was originally supposed to say a few words to ensure Sophia's trust, but at this moment he was lying flat in the car, unconscious from shock due to excessive blood loss.

When Huang Mao heard this, he was immediately in front, driving anxiously and shouting anxiously.

"Sofia, you should be able to hear my voice. If you believe Akun and Amin, go make arrangements for the emergency room now. We will be there in about 5 minutes.

In order to ensure smooth rescue without wasting any time, you should go to the emergency room now. "

Sophia's hands were trembling now. He didn't know how serious Azhe was that he couldn't even make a phone call. Moreover, when he heard Huang Mao's voice, he finally believed it.

Sophia thought to herself that if they lied to her, it would mean Azhe, wouldn't it be better not to be injured.

If he hadn't lied to himself, he would have had to arrange all this in advance to ensure the safety of the other party. So Sophia had no time to say anything. He hung up the phone in a hurry and ran directly to the hospital and knocked on the door frantically.

"Someone, help!"

At this time, a young doctor came out of the emergency room. Seeing Sophia's anxious look, he quickly asked.

"Miss, do you need help? Are you feeling uncomfortable?"

"I...I don't feel uncomfortable at all. I have a friend who is injured and has severe blood loss. Please prepare the emergency operating room now."

This doctor would definitely not believe what Sophia said. How could they easily believe what others said? Prepare the emergency operating room. If he tells a lie, it will definitely waste relevant medical resources.

"I'm sorry, lady, please make it clearer. We don't see any patients here."

"Am I going to lie to you about being sick? Hurry up and prepare for the emergency room. The patients in the operating room will be here soon and they are on their way."

"But now most of the doctors have gone to take a break. How about this. They will be back soon. You wait patiently. After a while, the patient will arrive and we will start treating him."

"Then it's too late. He has lost too much blood now. Every second counts to save his life. Moreover, you have to quickly arrange for someone to check whether the blood bank has enough blood. If you have too much blood, you will definitely need to replenish it. "

"Miss, you are really a little too excited. Why don't you sit down and drink some water to calm down? We have just replenished the blood bank here, so there should be no problem. What is your friend's blood type?"

"AB blood type."

"Okay, I understand. Just calm down here for a while and I'll arrange for someone to come."

Sofia looked at the doctor's unhurried look. He was very angry and found it difficult to accept. She walked forward and took out a knife from her pocket and put it on the doctor's neck.

"You should know who I am."

"The entire hospital is controlled by Mr. Norman Karim. Of course I know you, but you are too anxious now and your mood is stable. Why don't I report to Mr. Norman Karim first."  
(End of Chapter)

# One-click Recovery Since I was a Special Soldier

## Chapter 2268 Calm down as quickly as possible

Sophia heard that the doctor said he would report to Mr. Norman Karim. Sophia was anxious and cut a small wound on the doctor's neck with a knife.

"Oh~ What are you doing? If you do this again, I will call security!"

Sophia was sweating anxiously now. He had only one idea, that is, no matter what, he must not let Azhe's life be in danger.

"I warn you, if you still want to live now, listen to my command!"

Don't tell anyone, hurry up and prepare the emergency room and prepare enough blood, otherwise I will cut your throat now, and then you can prepare for your own funeral."

This guy has been in the hospital for so many years and he knows what Sophia does. This girl is ruthless and it is definitely not as simple as talking.

"I see. Sophia, don't get excited. Put down the knife in your hand. I will contact someone to prepare the emergency room. It seems that you want to hide it from Mr. Norman Karim. Don't worry, I can help you solve this problem."

"As long as I can successfully get Azhe out of danger, I won't make things difficult for you. I was too excited just now. I was afraid that you would inform Mr. Norman Karim because of these things. This would really cause us a lot of trouble."

Seeing Sophia calm down, he was relieved. He knew that the guy in front of him was too crazy.

"I will arrange it now. They should be here soon."

"I warn you again not to play tricks with me, otherwise you will die miserably."

The doctor was wearing a white coat, and his neck was stained red by his own blood.

Looking up at Sophia's empty eyes full of red bloodshot, he could feel his fatigue and helplessness, and he could feel that this guy had completely lost control of his emotions.

If he didn't do what the other party said, he might be in real danger of his life.

Forget it, who cares about Mr. Norman Karim? It is the doctor's duty to treat illnesses and save lives. Besides, it involves his own safety, so it is better to listen to Sofia first.

So the doctor took out his mobile phone directly.

"Everyone, I will prepare for an operation in the emergency room in 10 minutes. You all go to your positions. Those who go out to eat and go to the bathroom should return to their seats quickly."

Sofia heard many people reply "received" on their mobile phones. He was finally relieved and relieved. At least he couldn't let the victim play tricks in front of him.

"They will be here soon. No matter what happens, I hope you will do your best to save Azhe's life. I will not treat you unfairly. I will also give you an explanation for the harm I have done to you today."

"Miss Sophia, you don't have to say these words. Treating diseases and saving lives is the doctor's duty.

I haven't thought too much since I put on this white coat. I was just too excited just now, and I didn't see the patient, so I thought you were joking with me.

But since you have said so, I choose to believe you once, and I hope you can believe me. I will never let Azhe be in danger."

After the doctor finished speaking, Sophia was finally able to breathe a sigh of relief. At this time, they heard the sound of a car outside. This iconic emergency brake sound can only be made by Huangmao.

"Doctor, they should have arrived."

The doctor was like a robot receiving an order. He immediately brought a few people out of the emergency room and pushed the unit price to greet them outside.

Sophia was also panicking. God didn't know why, he always felt that this matter was very serious. This was the most difficult thing he had ever faced.

Seeing Huangmao parked the car at the entrance of the hospital, the doctor also came out with the unit price. A Kun and A Ming carried A Zhe out of the car. At this moment, A Zhe's chest was already soaked with blood.

Even if Sophia had seen a big scene, it would be difficult for her to accept this situation, and she even couldn't believe her eyes.

"This... What is going on?"

"Sophia, don't worry, this matter is a long story, and we can't explain it in a few words, but I can tell you that you don't need to worry so much.

We will tell you after we calm down."

"I only ask one question, did Qin Yuan do this?"

Sophia got straight to the point and asked the question he wanted to know most.

"This matter is related to Qin Yuan, but it was Azhe who took the initiative to bring it up. It was just a self-torture plot planned by the two of them.

In order to satisfy Mr. Norman Karim, Qin Yuan has returned to the club at this moment. Don't call him yet. If Mr. Norman Karim knows about it, all Azhe's efforts will be in vain, and he will be injured in vain."

Although Sofia was very scared and excited, he was sober after all, and he understood it after hearing this.

"Don't worry, I won't ruin Azhe's plan, let alone let him suffer these injuries in vain."

The doctor didn't care about the small wounds on his body at this moment, he pushed Azhe into the operating room.

While listening to Azhe's heartbeat, while pushing Azhe, Sofia followed behind the bed and kept walking, holding Azhe's hand tightly.

"How is he now?"

"Miss Sophia, you don't have to worry so much. Fortunately, the heart is not injured. Although too much blood has been shed, it just looks scary. It may have scratched some small arteries around it."

"Can you promise me that he will be safe?"

"I can promise you that you can rest assured with what I said. I will never let you wait here in vain. If Azhe has any problems, just talk to me."

"I am relieved with your words. I will wait outside until Azhe wakes up, and then I can leave."

Hassan seemed to hear some movement outside in the house. He also heard about Azhe. He didn't care about so much anymore. He just wanted to go out and see if Azhe was in danger.

After sending Azhe to the operating room, they sat on chairs in the hospital corridor. When they saw the lights in the operating room turn on, Sophia's heart was also beating.

At this moment, Akun and Amin's hands were all covered with blood.

"You two should clean yourselves first. There is a strong smell of blood."

"Okay, let's go to the bathroom to clean up first. You stay here and calm down. We both have type A blood. If there is really a lack of blood, we can also give him a blood transfusion."

"I know. The hospital has just mobilized the blood bank. There should be enough blood. You two should clean yourselves first. Don't let others see it, as if they think there is a murder case."

Sophia said calmly to A Kun and A Ming, and the two of them left and went to the bathroom to clean themselves. At this moment, Huang Mao was panicking beside them.

"How come you are with Azhe, Huangmao? What happened? What happened after you left that I don't know?"

"Sophia, don't be so anxious, let me tell you slowly.

Qin Yuan seems to have found two hostages and handed them over to the embassy people to take them away. In order to prevent Mr. Norman Karim from noticing something wrong, they used a trick of self-torture.

The reason why I went there was because there was a guy named Aifite who drove away, and they had no extra vehicles to use.

I went there to deliver the car, but I didn't expect that I would get into such a big trouble.

In fact, I was quite panicked along the way. I didn't know how to explain to you if Azhe was really in danger. Maybe I shouldn't have agreed to Qin Yuan to let him do such a dangerous thing, and I shouldn't have indulged Azhe to hurt himself."

Sophia understood what Huangmao said very well, and what this matter was about.

"Huangmao, don't blame yourself here. I know that these things were done by Azhe. He was willing to do them on his own initiative. He sacrificed himself to find a way out.

In fact, this is also for me. If he really has any problems, I should feel the most guilty.

I originally thought that Qin Yuan had turned his face away from me, but I didn't expect that it would be like this. I just checked and found that Azhe did not have a heart injury

and lost too much blood. It may be just an accident. He should not be in danger of life, but he still has to endure some pain.

I must report this matter to Mr. Norman Karim in person so that your self-torture plan can proceed normally. However, this report must be Let's talk about it after Qin Yuan successfully escapes. "

"Qin Yuan should have returned to Mr. Norman Karim's club. I don't know when he can run out. Mr. Norman Karim will not let them out so easily."

"I think it should be like this. Mr. Norman Karim will not let them go easily.

However, Qin Yuan is a man with methods. After waiting for the news from him, I will report to Mr. Norman Karim about Azhe's injury, so that all the problems can be connected and completed in one go.

It will not cause Mr. Norman Karim to have any doubts, so as to ensure that their plan is carried out seamlessly. "

"Qin Yuan is really a powerful guy, I can't believe that he poisoned you when he was willing to risk his life to help her after knowing you for such a short time. "

"He just has a precise grasp of human nature. He knows what Azhe and I want. We really want to get away from Mr. Norman Karim and get some freedom.

And Qin Yuan just wants to take the two hostages back. He has been here for a long time and has not made any progress. He finally has the opportunity to bring the hostages back. He will not let this opportunity go. "

"The two hostages have been taken away by his companions and returned to the embassy. They should be safe.

I am just worried about Mr. Norman Karim. "I won't let Qin Yuan go so easily. This is his territory after all. Qin Yuan is unfamiliar with this place. Even if he has the ability, can he really compete with Mr. Norman Karim?"

"Whether he has the ability depends on Qin Yuan himself. Now we are completely united with him. If Qin Yuan has any accident, we will not get any benefit, so we can only choose to support him. Another dangerous factor is Efit.

This guy ran away from you, and there is no news so far. I'm afraid he may be desperate. If he knows that Azhe is injured and comes here to make trouble again, it will be bad. "

When Huang Mao heard this, he was very unconvinced.

"Don't worry, he won't dare to mess up here with me here."

Sophia was touched and a little amused when she heard this.

"Sometimes you are so confident. Do you think this guy will be afraid of you? Even if you are here, he will have many ideas of his own.

We have no way to influence anyone, we can only protect our own safety.

Whether Qin Yuan can successfully walk out of the club depends on his ability. What we have to do now is to ensure the smooth progress of the operation. Aifeite, this guy has already run away. He will never give up easily. I will definitely wait for an opportunity to retaliate."

At this time, Huangmao remembered a very important thing. He looked at the bathroom and whispered to Sophia.

"I have never seen these two people. Are they trustworthy?

It's all in their eyes. They know all the truth clearly. If they turn against us, your plan will be useless even if it is perfect."

Sophia has been thinking about this matter. A Kun and A Ming are Jason's people after all.

Logically speaking, the brotherly love between Jason and Qin Yuan would not allow him to betray easily. Even for Qin Yuan's sake, he would not let his men tell the truth and do something to hurt them.

However, if there is a motivation for profit, it will be different. They must be careful at all times.

Logically speaking, only the dead can keep secrets forever, but Sophia dare not act rashly now. If something goes wrong, it will cause great trouble to everyone.

"Huangmao, I still want to thank you. You are very thoughtful, but this matter cannot be acted rashly for the time being. Leave these two people to me first, let me observe and see.

At least I think these two people are not worthy of trust, but they are not too dangerous. I believe that Azhe and Qin Yuan's judgment can let them know that this matter should be somewhat certain."

"As long as you think these two guys are worthy of trust, it's fine. After all, it's been planned for so long, and it must not be ruined by these two people."

# One-click Recovery Since I was a Special Soldier

## Chapter 2269 further promoted the implementation of the entire plan

The reason why Huang Mao thinks so much is just because he is worried about Sophia.

Although he personally admires Qin Yuan, it can be seen that Qin Yuan is a very cunning person. He does not want Sophia to be deceived and get nothing in the end.

Instead, they have offended the terrible Mr. Norman Karim. I am afraid that as long as they stay on this land, they will never be able to live peacefully in this life.

"As long as you think about it clearly, the hospital has already made arrangements. There shouldn't be any problems. Is there anything else you need from me?"

Sophia seemed a little unhappy when she saw Huang Mao. He softened his tone and said to Huang Mao.

"I'm sorry, my attitude just now was a little too anxious.

I know that what you said is for my own good, and it is absolutely impossible for you to do anything detrimental to me, but we can't have too much doubts about Qin Yuan now.

No matter what, we have to bite the bullet and persevere, otherwise it will be a waste of what Azhe has done for us, can you understand? "

"I know you are very worried about Azhe. What you just said was under emergency circumstances. I won't mind. We are all doing it for Azhe's good."

"In that case, what's going on with Qin Yuan?"

"What is the specific situation over there? I can't guarantee it, but I believe he is quite sure. After all, before leaving that house, he left with his head held high and not downcast. I thought he had put everything in Everything is planned."

"If you say that, then you don't understand Qin Yuan very well.

You can't tell from his mental state alone. He has never been downcast. No matter what situation he is in, he can convince himself to face the next thing with a better mental outlook. I also admire him for this. "

"Then you mean that he may not be able to solve this problem?

Perhaps the request put forward by Mr. Norman Karim is too harsh. How could I ignore this?

Mr. Norman Karim has been on the road for so many years, will he really follow the remaining traps Qin Yuan gave him? Actually, I don't quite believe it either. "

"So, even if we don't believe it, we still have to choose to believe Qin Yuan. I don't know him very well. At least there are people from the embassy accompanying him. It shouldn't be too much. As long as we believe it step by step. It's not a big problem anyway."

"I don't know when Azhe will wake up. Looking at him losing too much blood, I am really scared. He is too courageous to risk his life to do this."

"He did all this for me. No, to be precise, it should be so that we can not be manipulated by others in our future lives."

"After doing this, do you plan to leave the Amy Dynasty?"

Huang Mao, at this moment, was like an innocent child. His eyes were full of desire for this question. He wanted to know if Sophia and the others would leave here.

"Actually, I don't know. After all, when we made this plan, we didn't have too many plans.

Mr. Norman Karim is not an easy person to deal with. We don't dare to make too many decisions before we see hope. We are really afraid of disappointing ourselves, and we really can't afford this disappointment. If things don't work out, they will be successful. "

Although Huang Mao didn't quite understand what Sophia said, he just saw some sadness and a feeling of resignation in his eyes, and knew that they were determined to succeed.

"How about this? It's not convenient for you to contact Qin Yuan now.

Now that the situation at the hospital has stabilized, I will go to the club on your behalf to check the specific situation. By the way, I will help you see whether Qin Yuan and the others can successfully get rid of Mr. Norman Karim's control.

After you master this information, you will be able to make new plans soon, and you will not continue to waste time here. "

After Huang Mao finished speaking, he planned to leave here, but Sophia was still worried about him.

"What do you, a young boy, know?"

"I know you are still a little worried about me, but I also sincerely want to do something for you. It is better than wasting time here."

"The club is Mr. Norman Karim's territory, and you also know his status here. No one else dares to offend him easily.

Once you approach the club, it means you have entered his territory. You have to obey his arrangements. His men will always keep an eye on you. Aren't you afraid? If he finds out about your evil intentions, will your kid still want to live? "

"I've said it before, for you and Azhe, I'm not afraid of anything. It was you two who helped me in the beginning, so I could be where I am today, otherwise I would have died at the hands of Mr. Norman Karim."

"Now that you know how dangerous it is to get close to him, do you still have to do it?

You fool, stay here. I believe Qin Yuan has other arrangements and is not in a hurry at this moment.

In other words, Qin Yuan is a very responsible person. As long as he solves the problem, he will definitely find ways to notify me. We just need to wait here quietly. I will not allow you to take risks. "

Sophia is also a kind-hearted girl.

Looking at Huangmao, he is really too innocent. If he is really involved in this matter, then this guy is quite pitiful. Moreover, he is not a professional and has no experience in tracking and counter-reconnaissance. Now he is just waiting to be discovered by Mr. Norman Karim.

While the two of them were talking, Shen Man drove the car from outside to the parking lot of the hospital. This girl looks young but is really good at driving.

The sports car had no intention of stopping and drove directly in front of Huangmao. Huangmao did not feel scared, even if the car was about to hit him.

Shen Man braked hard and stopped the car directly in front of Huangmao and Sophia.

"What are you two discussing here? Don't you know how to hide when you see a car?"

"You dare to drive so fast in the hospital? Are you going to die?"

"I work here every day. I am very familiar with the hospital parking lot. There is no doubt about my driving skills. Although I am young, I am already an experienced driver.

I know what speed will hit people and what speed can keep me safe."

The yellow-haired man was very excited when he saw the beautiful nurse coming back. After all, she is a beauty. Who doesn't like beauty? And she is such a hot chili with personality.

"I have something to tell you. I don't know what you two think."

"We don't know where you drove to just now, so how can we listen to the news you told us casually?"

"Sophia, you are indeed a very cautious person, but I still want to tell you that for the sake of your good relationship with Qin Yuan, Qin Yuan can be regarded as a brave act for me today. I saw him driving back to Mr. Norman Karim's club."

After listening, the yellow-haired man said slowly.

"So that's the news. It's really worthless to us, because I just separated from Qin Yuan, and I saw him return to the club with my own eyes. In addition to this, can you provide other useful information?"

"I'm not your scout, I have no obligation to help you scout more information. What I just said is just a casual mention. Since you think it's useless, it's a waste of my thoughts."

Shen Man said as he walked to the door of the hospital. At this moment, he also noticed the yellow hair, and there seemed to be some blood on his body.

"Where did you go just now? Why is your body covered with blood? Did you get into trouble?"

Shen Man said as he looked up at the emergency room of the hospital building. The lights in the operating room were indeed on. He guessed that the person who was undergoing surgery at this moment might be related to the two people in front of him.

"Who entered the emergency operating room?"

"You are a nurse in this hospital. What do you want to know? Just go in and see for yourself. How can we know?"

"If you two want to know the situation of the person who entered the emergency operating room as soon as possible, it is best to tell me everything. If I am happy, I can help you check the operation inside so that you don't have to wait here."

Shen Manke is really a very smart girl. He moved Sophia with just a few words. Sophia couldn't resist.

"It's Azhe, in the operating room. He is Mr. Norman Karim's man. You should have seen him."

"Sure enough, it's related to you two. I thought it was someone important. It turned out to be Azhe. If it's him, there's no need to worry. I believe he will be fine. After all, he has the ability to save himself.

I guess you, Huangmao, must have made great contributions today. It's your honor to be with Miss Sophia. If nothing unexpected happens, is this matter related to Qin Yuan?"

"We don't have the mood to explain this to you for now. We will explain it to you if we have the chance. But if not now, just wait patiently for a while."

"You seem to be in a bad mood, so I won't ask so many questions. I'll go to the emergency operating room to check the situation first. There is such a strong smell of blood. I guess this patient must have lost too much blood. Is the blood bank ready?"

"Before they came to the emergency room, I had already notified the doctor in your hospital. He The blood bank is ready, and there is enough blood. There will be no more emergency blood donations. "

"That's good. There shouldn't be any big problems at the hospital. I believe in the ability of the doctors. If you don't have anything to do, just go and get busy.

Maybe this matter may be related to Qin Yuan. I don't know what you are thinking.

But don't worry. I will never tell anyone about the situation. I believe Mr. Norman Karim should not know that his right-hand man is undergoing an emergency operation at this moment. "

"Sometimes you really know too much information. I don't know how to explain it to you. You are really a very powerful girl. You have guessed the whole thing.

Mr. Norman Karim really doesn't know, and we don't intend to let him know. Everything is waiting for the signal from Qin Yuan. I don't know when he will have news. We are also very nervous now. "

"If you want to play tricks in front of Mr. Norman Karim, you really have to be careful. I'm not trying to scare you, but it's really not easy to do. You can do it on your own. I'm going to help first. If you need anything, I You can call me at the nurse station in time and I can receive it."

Shen Man left immediately after saying the next sentence.

Sofia smiled and nodded, and he subconsciously put his hands into his pockets at this moment.

I actually touched the diamond bracelet.

Sofia took the opportunity to take out the diamond bracelet and looked at it against the sun. The twinkling diamonds emitted a dazzling light and shone even more under the sunlight.

"Did you get this diamond bracelet back again?"

"I didn't get it back. He secretly stuffed it into my pocket when he was talking to us just now."

"What does he mean by taking money from others to help them out of trouble? Is it really because he doesn't want to give face? Is he not going to help you?"

"No, I don't think so. On the contrary, he should have figured it out and is ready to help me. It is no longer related to financial interests. He is willing to do so.

I don't know where he went this time. Maybe some special things happened that made him figure it out and suddenly wanted to help us. Or maybe it was Qin Yuan. What he did today really surprised him.

Anyway, I can't tell for sure about this girl. I have never seen her before when I was in the hospital. No matter what the reason is, I believe that he will not go against us now, at least he will not become Our obstacles. "

Huang Mao watched Sophia talking to herself while looking at the diamond bracelet. Then he did not put the diamond bracelet back on his wrist. Instead, he put it in his pocket. It seemed that This diamond bracelet will be of great use in the future.

"He just reminded us that there is nothing special at the hospital, so we can do whatever we want. He was reminding me from the side, should we go to the club to help Qin Yuan?"

"Actually, we should go back to the club to see what happened, but I hope that when Azhe wakes up, the first person he sees is me, but I don't want you to go back to the club to take risks. This matter is a bit It's difficult..." (End of Chapter)

## **Chapter 2270 I didn't expect that we would have such good chemistry after meeting for the first time**

On the other side, inside Mr. Norman Karim's clubhouse.

Qin Yuan followed the man who came to the bathroom and knocked on the door and went back. He saw Mr. Norman Karim sitting on the chair next to him as if nothing had happened, sitting with his legs crossed, which seemed very comfortable.

"Come out?"

"If I don't come out, Mr. Norman Karim may break in. This is really rude to a person who is going to the toilet."

"Qin Yuan, don't play tricks in front of me. You have been in the bathroom for so long. Even if it is a big matter, it should be solved. I don't think escaping is an option, and you don't seem to be someone who likes to escape. People, why not just come out and let's have some face-to-face communication."

Chen Jixiang looked at Mr. Norman Karim and showed no intention of relaxing at all. He still wanted to embarrass them.

"Brother Qin Yuan, how are you? Are you feeling unwell? Or someone secretly drugged you. You didn't come out of the toilet for so long."

Qin Yuan looked at Chen Jixiang's worried look and patted his shoulder gently.

"You kid, don't worry about me so much, there's nothing wrong with me."

It did take a little longer to go to the bathroom just now, but I also like quiet places. It was too noisy outside, and I didn't want to go out and face these things.

However, Mr. Norman Karim is right in saying that I am not a person who likes to escape.

When the time comes, you have to come out and solve the problem. You can't just hide in the bathroom. What does this mean? And even the bathroom is Mr. Norman Karim's territory, and we still have to come out and communicate with him face to face. "

He Chenguang and Qin Yuan have been together for such a long time. He knows very well what kind of person the other person is. He is so calm and calm. Even if he stays in the bathroom for a long time, he must be thinking of a solution.

"Qin Yuan, after such a long time, have you thought of any solution? Mr. Norman Karim looks like he won't let us leave easily."

"Have you packed all your things?"

Qin Yuan knew that he only had 15 minutes, and he had to make sure that they took away all the important things.

An Ran walked forward and said to Qin Yuan.

"We had prepared everything before you came back, and you can leave at any time. It's just that Mr. Norman Karim kindly wants us to stay for a while longer, so we can only delay it until you come back. Now we can leave at any time." You can all leave."

An Ran said while looking back at Mr. Norman Karim.

This kind of look is very sharp. Everyone knows what the situation is like now, but they just haven't broken their skin or pierced the window paper.

"Since Mr. Norman Karim has such an attitude, I have nothing more to say.

Liu Mei, you listened to the relevant people in the embassy and came here to take us away. Are you ready? "

"I have always been very organized in my work. If I am not prepared, I will not come here rashly. I know what kind of person Mr. Norman Karim is. If I am not prepared at all, what can I do?" Dare to stand out in front of him."

Liu Mei also said very firmly that he was ready for everything, and Qin Yuan thought that it was now.

I don't know why, maybe it was the communication between two smart people. After Qin Yuan asked this question, Liu Mei looked back and glanced around. He subconsciously winked at the people around him, and they immediately picked up the gun in his hand.

The people around Mr. Norman Karim were not vegetarians. When these security guards saw them raising their guns, they immediately raised their guns and prepared to fight back.

The two sides were pointing guns at each other, and it was obvious that the situation was tense.

Chen Jixiang, this guy came out to complete a mission for the first time. He had never seen such a big battle before, and he was really shocked.

"Oh my god, I've only seen this situation in movies. Could it be that it will become a reality today? Brother Qin Yuan wants to fight with them, right?"

"Calm down first. Don't always act like you have never seen the world. He knows exactly what Qin Yuan will do. We just need to follow his arrangements. He is not an impulsive person. He will not do anything unless he has to. Will shoot."

Qin Yuan pushed aside the crowd and walked to Mr. Norman Karim, smiled, and said to him.

"The current situation represents my attitude. Mr. Norman Karim, we must leave. No matter you go to the maritime patrol force or something else, no one else can stop me."

Mr. Norman Karim was also unhurried. He took out his mobile phone from his pocket and pressed it a few times. The contact information of the chief of the patrol force was displayed on it.

Then he turned his phone around and showed Qin Yuan the contact information of the person above.

This is simply a naked threat. Qin Yuan will definitely not accept it. It is obvious that he cannot accept such a situation. However, although the problem is now in front of him, Qin Yuan still does not think that this will hinder him. the elements of.

Because the system has already communicated with Qin Yuan, it only needs a password from Qin Yuan, and the system can immediately block all surrounding signal systems. Within 15 minutes, Qin Yuan cannot be in any danger.

Mr. Norman Karim can't even think of informing the people of the maritime patrol force to come over and wait for them. Once they leave, the system will immediately delete all related signals of Qin Yuan, An Ran, and all of them in this city.

Mr. Norman Karim certainly doesn't know. At this moment, he is still wondering where Qin Yuan got the courage to openly challenge the reputation of the eating dynasty.

"Mr. Norman Karim, please stop threatening me with this matter. I don't accept this at all.

No matter what you think, I can tell you directly that I must take An Ran and the others out of the club today, unless you threaten me with a gun, beat me to death here, or break my legs. , otherwise you don't think I would leave here. "

"I'm not that violent. There is obviously a better way. Why should I take such an extreme approach? I can tell you my thoughts directly and just notify the people in the maritime patrol force to solve it. It's not that troublesome."

"So that's it. It seems that Mr. Norman Karim has already thought about it. In this case, we won't waste any more time. An Ran and Chen Jixiang, please take your things and leave this club and embassy with me immediately." People have been waiting for us for a long time.

It is indeed rude to make people wait for too long. Let's follow Liu Mei quickly. "

After hearing this, the boy Chen Jixiang also took the opportunity to say something from the side.

"Hmm, I think what Brother Qin Yuan said is very reasonable. We love eating Dynasty but we are a country of etiquette. How could we make others wait for so long? It's really rude. We have already packed our things. Let's go now. You can leave now."

Although Chen Jixiang has been helping Qin Yuan speak, he is still quite nervous.

I don't know if Qin Yuan has thought of any good way. If Mr. Norman Karim really finds someone from the maritime patrol force, it will be a fatal blow to them. Isn't this just waiting to embarrass Fan Tianlei? ?

An Ran is different. He is very confident that Qin Yuan can solve these things.

"Our things have been packed, let's leave now."

While talking, Qin Yuan pressed the tic-tac-toe key on his mobile phone. After the system received the task, it quietly reminded Qin Yuan that they must leave quickly at this time.

Qin Yuan held An Ran with one hand and Chen Jixiang with the other. He Chenguang followed Liu Mei and the plainclothes from the embassy.

Guarding them with a gun, they left the club in an open manner.

Mr. Norman Karim has been completely confused by Qin Yuan's sudden move at this moment. Does he really not care about Fan Tianlei's reputation and the reputation of Dae-eating Dynasty?

Jason was at a loss when he saw this situation nearby. He sighed at Qin Yuan's courage and indomitable spirit. It was really not something ordinary people could achieve. It was indeed admirable.

"Mr. Norman Karim, what should we do now? Should we notify the people at the embassy?"

"Where is the embassy? How could I let someone in so easily?"

Obviously we don't have any better way, so let's contact the people from the maritime patrol force now. I want to see if Qin Yuan is really not afraid of this kid, or if he is not afraid. "

As Mr. Norman Karim was talking, he took out his mobile phone and was about to contact the people at the embassy. Unexpectedly, something magical happened and his mobile phone turned into a brick.

There was nothing displayed on the screen when he turned on the mobile phone, which really made Mr. Norman Karim at a loss.

"Is there something wrong with my phone? What's going on?"

After hearing this, everyone took out their mobile phones to check. Sure enough, it was not just Mr. Norman Karim's mobile phone that had a problem. It was everyone's mobile phones that had problems, and everyone's mobile phones couldn't be used.

Jason realized that all this was probably Qin Yuan's fault, but he was just talking to Mr. Norman Karim and didn't do anything strange. He didn't have a computer, so how could he use a virus to hack the system? Enter the system and turn your phone into a brick.

"What is going on? Is there a problem with the mobile phone company? Or is their program hacked?"

"It must be Qin Yuan who did it. Although I don't know how he did it, I can confirm that this matter must have something to do with him. This guy is so cunning. I never thought that such a thing could happen. It's really unbelievable to me that my phone was destroyed."

Mr. Norman Karim even had a little doubt about whether there was any mysticism, but he was a person who did not believe in these things and did not believe that there was any mysticism.

"Then what should we do now?"

"Even if there is a problem with the system, it should have a time effect. It will never be like this forever. Let's wait patiently and wait for the system to be restored before contacting the people at the embassy."

At this time, someone next to me reminded me.

"If the mobile phone doesn't work, will the landline phone work?"

Jason is a person who reacts quickly. When he heard this, he immediately stepped forward to check whether the landline phone was working.

Because he knew that when he stepped forward, if the landline phone was really working normally, he could also deceive Mr. Norman Karim into saying that the landline phone was also out of service. It would be better if the landline phone was really out of service.

In this way, Mr. Norman Karim would be very pleased, thinking that Jason was a quick-witted person, so he immediately stepped forward to check whether the landline in the club was useful before everyone else.

Jason did not feel the unexpected result. The landline in the club was indeed ineffective. It seemed that this was not something that ordinary people could do. He even suspected that Qin Yuan was possessed by a god.

Mr. Norman Karim looked at Jason, who was holding the landline with both hands weak, and then shook his head.

"Of course, I've been hunting geese every year, but this year I got pecked in the eye by a goose."

"Qin Yuan is really a powerful guy. I never knew he had such ability before. What's going on? Have we been fooled?"

"I don't know what happened specifically, but Qin Yuan dared to do this, which shows that he is very confident that this matter will not implicate Fan Tianlei or Da Ai Chi Dynasty.

He is really a guy who surprised me. I learned a lot of things from him. I don't know if I'm too old to keep up with his thinking. Every time he makes a move, I feel very unexpected."

Jason can hear from Mr. Norman Karim's words that he does not particularly hate or resent Qin Yuan, but rather has some admiration for him. This may be the pattern of a big boss.

"Then let's wait patiently. They can't run far. Why don't we go out and chase them back now?"

"No need. The people from the embassy are here. If we go out now, there will definitely be some shooting.

We don't want the international community to know what happened here, and we don't want to let Old K know that we are willing but unable to do anything at this critical confrontation. We were fooled by Qin Yuan. How can I face Old K?"

At this time, Mr. Norman Karim still cares about his face and has no intention of making it public. This is exactly a weakness that Qin Yuan has grasped.

Qin Yuan knows his personality traits and designed this strategy specifically for him. It can be said to be perfect. No one can find loopholes, and it is even more impeccable.
