

Special Soldier 23

Chapter 23: My family was poor when I was young!

"Ding Dong~ Please choose!"

"1, get the perfect rifle marksmanship!"

"2, get a world-class rifle design!"

"3, get world-class rifle manufacturing!"

crisp system prompt!

immediately rang!

Qin Yuan looked at the three options, his eyes lit up!

"Sure enough, there is a perfect marksmanship!"

did not hesitate!

"I choose 1!"

Qin Yuan made the choice directly!

"Ding Dong~ Congratulations to the host for your successful choice! Get perfect marksmanship!"

"Perfect marksmanship: the host marksmanship, within the range of the firearm, hits a hundred shots, without any false shots!"

"Fuck! This perfect marksmanship is really terrifying! Perfect marksmanship, can I get hits all the time?"

Qin Yuan couldn't help but exclaimed, his eyes filled with surprise!

In an instant...

In Qin Yuan's mind, there are once again many more subtle shooting skills!

These skills have been tempered!

Every action, every aim, and even every breath, it seems to have been tempered thousands of times!

Qin Yuan feels...

Just one thought!

With terrifying physical fitness!

He can complete shooting in any form!

Moreover, it is a perfect shot!

Hundreds of hits!

There are no false cases!

"It feels...this is too scary, right?"

carefully felt my marksmanship!

Qin Yuan came to a conclusion!

Two words, horror!

is too scary!

The four words are terrifying!

"This kind of marksmanship is definitely not something ordinary humans can train through training!"

Qin Yuan couldn't help but sighed with emotion, shook his head, no way!

Own marksmanship...

is too powerful!

is so strong that even he is amazed!

"Brother Qin Yuan, I have a good rest, shall we continue on our way? If we don't leave, I'm afraid we won't be able to catch up with the big troops.

Li Erniu wiped his sweat, opened the kettle and took a sip of water, with anxious expression on his face.

"Good Li Erniu, then we will set off."

Qin Yuan smiled, packed his bags, and accompanied Li Erniu to set off again.

"Huh? Brother Qin Yuan, I was too tired to notice, I just found out now, you don't seem to be sweating at all? We ran 10 kilometers in one breath, aren't you tired?"

Li Erniu glanced at Qin Yuan.

I saw that Qin Yuan was still beautiful.

There is no trace of sweat on his forehead!

don't even breathe for the atmosphere!

is like nothing at all!

carefully recalled the process of running!

Li Erniu suddenly remembered that when he was running wild, Qin Yuan talked to himself in a calm manner!

"I rely on it!" Li Erniu's eyes suddenly widened, with an incredible expression: "Brother Qin Yuan, you, your physical fitness, is it too terrifying?"

After Li Erniu realized, finally thought of the reason!

He and Qin Yuan ran a rush for 10 kilometers at the same speed!

I am half tired!

Half-life is almost gone!

But Qin Yuan...

is like a okay person!

"It's normal." Qin Yuanyun smiled lightly, not caring.

Your physical fitness is terrifying?

Only Qin Yuan understands it!

The strength he demonstrated is just the tip of the iceberg!

As for how horrible it is!

Incompletely play, I am afraid that even Qin Yuan himself does not know how strong he is!

"Oh my God! Running 10 kilometers at the fastest speed, is this still average?"

Li Erniu couldn't help being speechless, exclaiming, "Brother Qin Yuan, you are really too modest! You are the most modest soldier I have ever seen!"

Qin Yuan raised his eyebrows when he heard this.

The most humble soldier?

Could it be that the guys in the four companies are crazy one by one?

I just talked about my feelings very seriously. Is it very humble?

Li Erniu suddenly became interested, "Brother Qin Yuan, do you know? In fact, Li Erniu can't do anything else, but before that, my physical fitness can be said to be the strongest in the fourth consecutive! Now the best soldier in the four companies, He Chenguang! My dear brother! He is no better than me in physical fitness tests! According to the Chief of Staff, this is an extraordinary talent! A natural-born Hercules, hehe. "

Li Erniu smiled and touched his head, "But in front of you, I can't do it! I thought you couldn't keep up with me! I didn't expect you to dump me a lot!"

"You are so talented!" Li Erniu asked mysteriously: "Brother Qin Yuan, can you tell me how you train your physical fitness so terribly?"

Qin Yuan couldn't help but raise his eyebrows. It seems that Li Erniu is quite easy to learn!

Could it be that.....

He wants to go further!

Improve your physical fitness?

through observation along the way.

Li Erniu's physical fitness is indeed very strong!

His physical fitness is indeed better than Wang Yanbing and He Chenguang!

But it's not strong yet!

As for want to improve?

Through systematic scientific training.

may be able to go further!

But the room for improvement is already very small!

However, if Qin Yuan wants to help him improve!

can do it!

Because he has Ant Daliwan!

of course.....

Qin Yuan and him are not relatives.

won't give him the very precious ant power pill!

"This, it's a long story." Facing Li Erniu's question, Qin Yuan slapped casually.

"Brother Qin Yuan, just talk to me, I also want to make myself a step further!" Li Erniu smiled silly and said honestly.

"Okay, let me just talk about it. Actually, there is no special way..." Qin Yuan and Li Erniu walked forward easily, "When I was young, I lived in the mountains because the mountains were poor and the transportation It's inconvenient, so we have to walk a 10-km mountain trail every day to go to school, and once a day, it's 20 kilometers! At first, I was young and used to walk. Later, when I grew up, I started to try running. Go to school! At the back, just run!"

"For more than 10 years, has never stopped! So... my stamina has become what it is now."

Qin Yuan gave an almost perfect explanation!

"Actually, Li Erniu, my physical fitness, I tested it before, and running 10 kilometers is not a big problem, but if you run more and run a little longer, it won't work!"

Qin Yuan added another sentence in order to convince Li Erniu.

"Ah? 20 kilometers a day, running for more than 10 years? No wonder Brother Yuan, you are so great! I really admire you Brother Yuan!" Li Erniu couldn't help but give a thumbs up when he heard it!

Then he couldn't help but moved his hands to count up, "One year is 365 days, 10 years is 3650 days, and one day is 20 kilometers. That is to say, Brother Yuan, you have run at least 73,000

kilometers! The circumference of the equator is only 40,000. Kilometers! In other words, the distance that Brother Yuan has traveled over the years can almost circle the earth twice?"

Li Erniu couldn't help being dumbfounded!

This is a very scary number!

Qin Yuan was also shocked by Li Erniu's algorithm...

This awesome, it seems to be a bit big!

The two went all the way.

Qin Yuan occasionally told Li Erniu some "fun facts" about the mountains!

Time flies very quickly!

"Hey, the grass in front seems a little weird!"

The two were walking in the jungle. While resting, Qin Yuan suddenly found that the grass in front of him seemed to have

"what's the situation?"

Qin Yuan raised his eyebrows, and quickly pulled Li Erniu to the ground, hiding behind the tree.

"Could it be that there are people in that bush?"

An idea suddenly popped up in Qin Yuan's head!
