

## Special Soldier 231

Chapter 231: reach the goal

"You are playing!"

Jialouluo said angrily, but when he heard such words, Qin Yuan smiled slightly and said to Jialouluo:

"It's wrong to say this. After all, neither of us is a good person, and you haven't caught me out of a thousand. If you can't say a 123, then I'm equivalent to not giving out a thousand. After all, like you said, Thousands are counted only if they are caught, and nothing else is counted.

Jialou Luo immediately gritted his teeth when he heard this. It was indeed what she said just now, but Qin Yuan would actually return it to her again!

But even if she wanted to break her head, she didn't want to understand why Qin Yuan's dice suddenly changed by one digit!

But Qin Yuan sneered in his heart. As expected, the Silver Triangle is incomparable with Xiangjiang. Technologies like this have been applied to Xiangjiang a long time ago, so Qin Yuan also encountered such a trap at the time. , Naturally, there is defense in my heart.

And Qin Yuan's solution was to first shake out a very recognizable point, and finally, at the moment when he raised the dice cup, he gently shook the table and directly shook the number of the dice to a point!

But the moment Garuda opened the dice cup, he would naturally relax his vigilance in his heart, and Qin Yuan's movements were so fast, naturally no one else noticed this strangeness.

At that time, Qin Yuan used this method abruptly to force a gambling king in Xiangjiang to collapse and lose all his wealth.

So the method is not good or bad, but depends on how you apply it. It's not a waste of words that you can eat it all over the world.

Jialou Luo saw the smug smile on Qin Yuan's face, gritted his teeth angrily, and then helplessly, he could only say to Qin Yuan:

"Well, let's move on to the next game."

With these words, Jia Lou Luo directly threw 30 million of his chips to Qin Yuan's side.

Seeing these bargaining chips, Qin Yuan couldn't stop laughing. Sure enough, gambling with these rich people was the most profitable.

This round is already more than their hard work all night.

"Come on, start the second sentence!"

After saying that, Qin Yuan began to shake in the second round, while Jia Lou Luo shook his dice, while whispering a word to the people around him, and soon, in the headset on Jia Lou Luo's ear, Just came a voice:

"Boss, we have completed the monitoring of his dice. There is a small camera in the dice cup in his hand. It must have been a mistake just now. This time the monitoring is coupled with electronic pulses. No matter what actions he uses, we can You can see it clearly!"

Jia Lou Luo smiled coldly when he heard this, and there was a trace of ice in Qin Yuan's eyes.

How do you play this time?

At this time, Qin Yuan's hearing ability was amplified to the limit, he heard this voice directly from Garuda's ears, and Qin Yuan's mouth smiled faintly, using this pediatric method to monitor himself. It's just looking for death!

After that, the movement of Qin Yuan's hand quickly became violent, and the sound of the collision of the dice in his hand was like a large group of birds taking off, extremely noisy.

And the camera hidden in Qin Yuan's dice cup was actually broken by Qin Yuan using this method!

The surveillance personnel who hid while watching the video were completely dumbfounded. They understood that this round could be regarded as a life and death round. If this round was lost, then the third round would not be compared.

Therefore, these people were in a hurry and quickly activated other monitors, wanting to monitor what time Qin Yuan's dice cup was, but when they found the sensor in the dice, they were extremely shocked.

All their sensors are broken! No signal can be received!

"This... how is this possible? Why is the electronic device in this dice broken?"

At this time, the researcher hiding in the dark screamed, while the other person shook his head and said:

"There is no way. Some people are so perverted. It seems that this time I can only rely on the boss himself.

Soon Qin Yuan and Jialouluo snapped and put the dice cup on the gambling table again. This time Qin Yuan said to Jialouluo: "I guessed it in the last game. This game is up to you. ."

At this time, Jialou Luo just wanted to ask his subordinates to see how many points are in Qin Yuan's dice cup, but he heard the news that all the electronic components were damaged!

At this moment, Garuda's face suddenly changed, and this time was over. Just now I felt that I had something to rely on, and I didn't really listen to what Qin Yuanyao was!

In this situation, Garuda was helpless, and could only bite the bullet and said to Qin Yuan: "I am a little bit!"

Qin Yuan directly opened his dice cup and said to Garuda:

"Sorry, you guessed wrong again"

At this time, Jialouluo saw the wreckage in Qin Yuan's dice cup, but his eyes widened suddenly, because now all the dice in Qin Yuan's hand turned into fly ash!

These dice were suddenly shaken into powder by Qin Yuan!

No wonder all the cameras and electrical devices hidden inside cannot receive information. Even the dice have been broken, so they still receive the information?

How much power and control skills are needed to shake this hard dice directly into powder?

Jialou Luo Meng slapped the gambling table and said to Qin Yuan:

"How can you do this? I'm not convinced!"

Qin Yuan shook his head and smiled. Sure enough, women are rare and weird. They dare not admit anything beyond his imagination.

Qin Yuan looked at each other and said with a smile on his face:

"I guess you have 36 points now. It's not easy for you to shake a leopard."

Hearing this Galuda's face was even more ugly, because it was a leopard that she shook out.

But now that the arrow was on the string, he had to send it out, and Garuda opened his dice cup directly, with immense anger on his face.

Seeing such a situation, the thugs around were eager to try, and the eyes of the three Qin Yuan began to turn bad.

And Fang Xinwu and Gao Gang both had cold eyes. In any case, Qin Yuan still won. If the opponent wants to break the rules, they will fight directly from here.

However, Jialouluo kept his face calm, gritted his teeth to stop the movements of those men, then looked at Qin Yuan and said:

"I said just now, we compare three rounds. Although I have lost two rounds now, we still have a third round!"

With these words, Jialouluo took up the bargaining chip representing the 30 million yuan and threw it directly to Qin Yuan's side!

Qin Yuan has earned 60 million this time, which is more than Qin Yuan's busy work in other places before, and has even reached Qin Yuan's goal.

Chapter 232: Blinded

However, Qin Yuan smiled when he heard what Garuda said, and said to Garuda:

"Hey, you are being serious. You are not my opponent. I know that you put a camera in my dice. I don't care if I won?"

Garuda just snorted coldly, then looked at Qin Yuan and said:

"If you can beat me this time, I will let you take the money out!"

Qin Yuan loosened his shoulders gently. Since Jialouluo was not convinced, they would have another round. It didn't matter to Qin Yuan anyway.

"Oh, well, let's move on to the next game."

Having said that, the two of them directly called to pick up the dice cup, and Qin Yuan had already smashed the dice just now, so naturally someone took the dice out again.

After replacing Qin Yuan with a new dice, he shook it lightly, and immediately understood that the material of the dice had changed.

But Qin Yuan didn't panic either, and then he couldn't help shaking slowly like this.

Obviously, Garuda on the opposite side had already figured out what to shake, so he shook so quickly, Qin Yuan could only accompany him.

The two shook for a full 5 minutes before shaking Garuda gritted his teeth and insisted. In the end, he couldn't hold on anymore. This was a snap, pressing the dice cup in his hand on the gaming table!

This time Garuda gritted his teeth and said: "Come and guess what time I have!"

But it was Qin Yuan who showed a disdainful smile and said to Jialou Luo:

"Didn't you just say that what I did made you a little weird? Why can you do it now, I guess you are zero!"

Hearing this, Garuda's face was suddenly panicked!

Because Qin Yuan's guess is correct!

She has also learned this technique of shaking dice into powder, but she didn't expect it for a while.

After all, if you want to use this technique, you need to use a special dice, and Qin Yuan's dice just now is made of normal materials, and even harder, she didn't expect Qin Yuan to smash the dice directly!

After reacting, Jialouluo immediately sold his mind, deliberately saying that he didn't know this technique at all, but secretly he had already changed the dice, learning Qin Yuan's previous technique, and directly shook the dice in his hand. powder!

I originally thought that Qin Yuan would definitely not be able to guess this, but he didn't expect Qin Yuan to guess the answer to the mystery without even stunned!

This made Garuda's heart very tangled!

At this time, Fang Xinwu and Gao Gang on one side saw Jialou Luo's face and immediately understood that Qin Yuan must have guessed it!

Garuda's face was ugly, but in the end he opened his dice cup. Sure enough, Garuda's dice had already turned into a pile of powder.

At this time Qin Yuan looked at Garuda, and said to Garuda:

"Otherwise, let's stop betting. How about a tie?"

But Garuda looked at Qin Yuan with a gloomy expression and said:

"A tie? Impossible. I am the dealer. If I guess your points, I will win!"

Hearing such words, Fang Xinwu Gaogang's heart was shocked, but Qin Yuan shook his head indifferently and said to Jialou Luo:

"I advise you to stop. If you get to the last step, everyone will not look good."

"You care about me so much!"

Jialou Luo stared at Qin Yuan's dice cup, carefully recalling Qin Yuan's actions just now.

Qin Yuan also sighed. Since this person didn't listen to persuasion, he didn't need to say more, and said directly to Jialou Luo:

"You have been watching for so long, can you tell what time is my dice?"

Jialou Luo stared at Qin Yuan, looked at Qin Yuan's dice cup, and at Qin Yuan's extremely relaxed face, finally gritted his teeth and said directly:

"You have nothing!!!"

Jialou Luo carefully recalled that when Qin Yuan shook it to the end, the voice in the dice cup was seldom small. Obviously, Qin Yuan must have smashed the dice again this time!

Although Jialou Luo didn't understand why he changed Qin Yuan to a harder dice, Qin Yuan could easily smash the dice, but now is not the time to struggle.

When Qin Yuan heard this, his eyes changed slightly, and then gently raised the dice cup in his hand, and said to Garuda:

"I didn't expect that you could guess this."

And Jialou Luo saw the pile of powder under Qin Yuan's dice cup, but there was a burst of ecstasy in her eyes. To be honest, her gambling skills are not weak, and she is relying on this kind of tricks. , So the person who gambled with her never won.

But this time, Qin Yuan relied on his own strength to get to this point abruptly, which made Garuda regain the joy of gambling!

So when Garuda won this round, he was extremely happy, haha, laughed, and Fang Xinwu and Gao Gang at this time also looked ugly. According to Garuda, if they were tied for the third time , And Jia Lou Luo is the banker, then Qin Yuan lost this round.

Garuda sat directly on his stool, then looked at Qin Yuan with a playful expression on his face, and said to Qin Yuan: "You also won my two rounds. What about this, I won't let you kill your two. Brother, how about you three following me under my command and working hard for me?"

After hearing this, Fang Xinwu and Gao Gang's expressions changed. It is just Qin Yuan alone, so it doesn't matter much, but if all three of them get stuck here, how can you investigate Nuoka's case? , will let the people above know why they are here now, then their reputation will be completely wiped out.

Therefore, Fang Xinwu and Gao Gang were both prepared and planned to go straight ahead. They didn't expect to get it around. They still need to get to this point. It's better to go out directly.

But Qin Yuan looked at Jialou Luo like an idiot at this time, and said to Jialou Luo:

"Please, I haven't said what time mine is, you just think you won. Did you lose, okay?"

what?

After hearing Qin Yuan's words at this time, Jialouluo's face suddenly changed. Does Qin Yuan want to cheat directly?

Qin Yuan saw Jialou Luo's face, shook his head and smiled. Of course he wouldn't do such a shame. He raised his hand and slapped directly at the pile of powder in front of him. The pile of powder was fluttering in an instant. Scattered everywhere, but under the powder, there are still other things, it is the fragments of the dice,

Just now Qin Yuan used the powder of the dice to directly cover all these fragments, in order to blind Garuda's sight and hearing!

Chapter 233: chase!

"1247...well, yes, 18 o'clock in total!"

Qin Yuan directly counted the dice fragments exposed on the surface, and said to Garuda:

"Look, just like what I just said, you are not my opponent at all. I have won this round."

Jialouluo looked at the dice fragments in front of Qin Yuan, as if he had lost his soul, and sat on the stool with a face full of disbelief.

She really couldn't imagine how clever Qin Yuan's gambling skills were, and she was able to do this!

You must know that she was already very difficult to shake all the dice, and Qin Yuan had such thoughts while shaking the dice, and directly hid these pieces under the dice powder!

Is this guy still a person?

Thinking of this, Jia Lou Luo suddenly looked at Qin Yuan with a little fear, as if thinking of something bad.

Qin Yuan saw the appearance of Jia Lou Luo, but he walked directly in front of Jia Lou Luo, and then pushed all the chips in front of him to Jia Lou Luo's face, and said to Jia Lou Luo:

"Presumably you are also a person who abides by credibility. This is one hundred million. Please help us convert it into cash."

At this time, the surrounding thugs saw that Qin Yuan had won, and they dare not ashamed to ask their boss for cash, a trace of fierceness appeared on their faces!

In fact, no matter whether Qin Yuan wins or loses, they have no plans to let Qin Yuan leave here intact! Dare to win the money from their casinos, it's just death!

While they were waiting for Jialouluo to give an order to chop Qin Yuan's three people into eight pieces, Jialouluo said with a dull expression:

"Haven't you heard it? Quickly exchange cash for this guest."

Hearing this, the thug on this side was immediately surprised, and couldn't believe what Garuda said.

Although they are the third largest force in the Silver Triangle, this 100 million is not a pain for them, but it is a full 100 million, not a small amount of money! They want to earn it back, so it takes a lot of time to say it, so it's so easy for that kid?

Garuda looked up at the uncles beside him, and snorted coldly:

"What? Are you not listening to me?"

These thugs shuddered suddenly, remembering the usual harshness in Garuda, and hurriedly scrambled to collect these chips, and then went to their vault and began to prepare cash for Qin Yuan.

Soon, the money worth 100 million soft sister coins came into Qin Yuan's hands. Although the thug's eyes looked at Qin Yuan with a trace of greed, he still didn't dare to do anything.

And Fang Xinwu and Gao Gang looked at Jialouluo, but they were also a little puzzled, because they found that Jialouluo didn't seem to want to do it.

But now is not the time to relax their vigilance, the three people are vigilant and slowly leave the casino.

But until Qin Yuan and the three took the money to leave the casino, Garuda still sat motionless.

"Boss, are we going to chase? They are about to run away. If we hesitate for a while, we won't be able to catch up."

Garuda glanced at the little brother standing beside him, sighed and said:

"Tiger, what did I say to chase them?"

Yep?

The tiger fighter was shocked and looked at Garuda and said:

"Boss, that's a hundred million!"

"How about one hundred million? How much money is not important! Uncle Hu, don't forget, the reason why we came out is to make the village live well. To maintain this, we must first Live first, and this time I have a hunch that as long as we shoot against the three of them, we might end up miserably."

Hearing this, the tiger's face suddenly changed, because Garuda's inspiration is indeed extremely effective, and every time he encounters a dangerous thing, he will give them a hint, and it really made them avoid a lot. Danger.

But what makes Tiger a little uncomprehending is that Qin Yuan and the others only have three people, why is it such a threat to them?

Seeing the tiger's suspicion, Garuda also understood, and then said to the tiger in a heavy tone: "Uncle Tiger, have you forgotten that he just died two days ago, and his younger brother also died hundreds of people. Now the strength is greatly damaged, and it is estimated that we will not be able to keep the second position soon. We are also taking advantage of this opportunity to make a big profit. What do you think is the reason for this situation?"

"You mean that the death of Pozha is related to these three people, but didn't the news I received say that Pozha was killed by someone from Nuoka? That guy is a lunatic, and he can do anything. We are not surprised at all when he kills Poza."

The tiger said that he had heard the news, but Garuda heard this, but said with some worry:

"I went to see the scene at the time, and the death of Puzha was miserable, but based on my understanding of Nuoka, his subordinates seem to have no such masters, so in the recent period, we should not cause trouble, anyway. The forces that are freed up after the death cannot be blocked by this one hundred million, and this one hundred million is regarded as we are spending money to buy peace."

When the tiger heard this, he could only nodded helplessly, because now Qin Yuan and the three of them had disappeared, and they couldn't catch it even if they wanted to chase them.

But at this time the tiger also whispered: "Galuda, are we just watching them take 100 million from us? Do nothing?"

Hearing this, Garuda shook his head and smiled and said to the tiger:

"Of course not. To spread the news, three people from Yan Guo won money in my casino.

Hearing this, the tiger's heart was immediately overjoyed. This was an obvious way to kill people with the help of other poisonous rice. But think about it, the tiger still asked this Jialouluo:

"Boss, we have released such rumors. I am afraid that few people will deal with that kid. If they are from Yan Guo, would they be the Yan Guo police?"

But when Garuda heard this, he looked at the tiger with a weird expression and said to the tiger:

"Are you stupid, are you a policeman with such a powerful gambling technique in Yan State? With such a gambling technique, you are all rich and powerful. How can such a person join the army as a police officer?"

Hearing this, the tiger suddenly laughed embarrassedly. Indeed, he was nervous when he heard the words Yan Guoren, and thought that Qin Yuan three were policemen.

But Garuda was right. How could a policeman have such a clever gambling technique? Even Garuda's physical plug-in could not stop it.

Chapter 234: Act like

And Garuda also had deep eyes, so let's see if anyone who doesn't have eyes will come to eat this hard bone! She must let Qin Yuan know that this one hundred million is not good to spend!

What Garuda did not expect was that Tiger's guess was correct, but this is also normal. The Silver Triangle does not have the concept of a country, so Garuda and others can't understand what a country is.

At this time, on Qin Yuan's side, they found that Garuda had really given up completely, and there was not even a person to follow, and they were immediately relieved.

Qin Yuan also smiled slightly, and glanced at Jialou Luo's direction. This was a clever woman.

But at this moment, Qin Yuan's mind was moved, and a voice suddenly sounded:

"Ding Dong, congratulations to the host for gaining Garuda's fear and obtaining a grid."

At this moment, Qin Yuan was a little surprised when he heard this voice. To be honest, he was thinking just now, should he take this opportunity to kill Jialouluo and the others.

Anyway, these people are also poisonous rice. Killing them would not be considered a mistake, but Qin Yuan finally resisted it. After all, if he does something, nothing else, first of all, the safety of Fang Xinwu and Gao Gang cannot be guaranteed.

Second, it will increase the risk of exposure. They are now wearing makeup, and other people cannot see their identity. But once you do it, it may be exposed.

Moreover, when he killed Puza before, there was also a Nuoka as a shield. If he kills Garuda now, they will really fight the name, and no one can stop it.

So Qin Yuan has been wondering whether to do it, but in the end he intends to put this choice on this woman.

If this woman couldn't see through them and planned to send someone to grab their money, then Qin Yuan would obey the idea in his heart and directly kill all these scumbags!

But fortunately, Garuda still suppressed the greed in his heart and released the three Qin Yuan, which is considered to have saved his life.

While Qin Yuan was still regretting that he was missing a grid, he didn't expect the system to prompt that the grid had been obtained.

It seems that the way this side mission is completed is not necessarily the need to fight and kill.

At this time, Gao Gang and Fang Xinwu saw that Jialouluo hadn't sent anyone to chase them out, and they felt relieved. Gao Gang directly patted Qin Yuan on the shoulder:

"Damn! Qin Yuan, you can really earn 120 million yuan, which is beyond imagination!"

"Yeah, you didn't know just now. My heart was beating so badly. Several times I thought I was going to fight, and I was ready to shoot, but I just came out unscathed, but what I don't understand is why this lady didn't send people to chase us, I have been vigilant just now, whether they will do it after letting us out, and the result has been until now whether anyone is stalking."

At this time, Fang Xinwu also asked Qin Yuan in a puzzled way.

Qin Yuan shook his head and smiled. Although a woman is easy to fall into entanglement, once she has spotted a certain thing, she will be more determined than ever. Since Jialouluo is not going to pursue it, they can continue to do the following things.

"Okay, who knows why this woman didn't come to chase us down. Anyway, this is a good thing. Now that we have money, we can proceed to the next stage of the plan."

Qin Yuan directly handed the box to Fang Xinwu, and then said to Fang Xinwu:

"Now it's time for you to perform!"

And Fang Xinwu smiled and gave Qin Yuan a look that you would look good on, and then the three of them returned to the base together and began to plan the next phase of the plan.

...

And in a bar in the Silver Triangle, a stubborn man staggered out of the door and yelled at the person inside:

"Wipe, I won't let I play if I don't have money, I've ordered you for so long!"

But no matter what this guy said, he was still thrown out!

"Fuck, it's really ruthless and unjust, isn't it just that you have no money? When I make money, I will swell your face with money!"

The man shouted cursingly, but the people around him looked at him as if they were looking at a mentally retarded person.

But at this moment, the phone rang suddenly. This person picked up the phone and glanced at the number on it, but his eyes lit up and he quickly connected the phone:

"Hey! Zhang Da'an, have you been taken away by the wolf this period of time? Why I have not been able to contact you! Do you still have the goods, do you know that the four-nation federation has been frantically suppressing this period of time. There is no business at all, and playing a little girl makes people drive out!"

This person's name is Peel, he is a little one under Nuoka, or can only be regarded as a broker.

In the recent period, the regulations have indeed been a little strict. Even big drug dealers like Nuoka have been sanctioned enough, but it is even more difficult for a small person like Peel who has no deposits and is currently drunk. Up!

At this time, I heard Peel's voice, and a person's voice came directly from the other end of the phone:

"Fart, you have a hard time, and I can make it? Do you know how close the police are on my side? By the way, I called you to tell you that I can't go there now!"

On the other side, Zhang Daan, who was wearing a prison uniform, gestured carefully to the uniformed man in front of him, and asked if it was okay to say that.

Zhang Da'an has been arrested long ago, and he has already received a lesson. Now that there is an opportunity to commit a crime, he certainly has to seize it.

"What? You can't make it, what should I do with my goods? Do you know, if there are no more goods, I will starve to death at !"

Peel was also extremely angry, and when he heard this, Zhang Daan said:

"I want to make money, too, but I can't go now. Can this work? I will let my little brother over and he will talk to you with full authority. How about?"

But when he heard this, Peel gave a shock, and said suspiciously:

"Your little brother? Da'an, after such a long time, the two of us have always been in one-line contact. Can you trust your little brother?"

"Nonsense, if I can't believe it, I can introduce it to you. I still want to make money. He is not from the past in the country, but he also mixes in the Silver Triangle. I guess you two will have a common language. Now, if you want to do it, do it, if you don't want to, just keep waiting. Damn, if I don't have money, you are willing to work in this vent!

Zhang Da'an's voice came from the phone, and upon hearing these words, the policeman standing opposite Zhang Da'an also wanted to laugh a little.

This Zhang Daan seems to have some acting skills, and he pretends to be alike!

Chapter 235: collision

At this time, when Peel heard Zhang Daan's words, he also felt worried. He used to spend a lot of money when making money, so he said that there was no deposit at all. As a result, now encountering the cold winter of the industry, it is so miserable.

So Peel heard what Zhang Daan said, and finally gritted his teeth and said directly to Zhang Daan: "Well, then I will try to trade with your friend, then you can find someone who is more responsible, I If you get caught, you will suffer a lot."

"Don't worry, what kind of person do you still know?"

Soon the two exchanged a few words, and finally hung up his phone directly. Others looked at the phone and thought about pushing themselves out, the woman's face, spitting fiercely, and I came again when I was rich. Now, I will wrap you up and see how I play with you.

At this time, on Qin Yuan's side, he had just listened to the dialogue between Zhang Daan and Peel, and Gao Gang said to Fang Xinwu:

"The identity has been prepared for you above, so you can feel free to contact this Pier and see if you can get useful information."

"Don't worry, I've seen this guy before, and I have heard of this person, so he will definitely not see through."

Fang Xinwu also agreed, then Gao Gang nodded, and then said to everyone:

"That's OK, then I will start formally deploying this combat plan now.

Gao Gang paused: "This time my role is a mainland merchant. There is a lot of money, the boss of the money, and the person named, the only poor in this life are left with money."

Hearing this, everyone burst into laughter, and Guo Bing said to Gao Gang:

"Hey, captain, this is your lifelong wish, this time you can get a good taste of what it's like to be rich."

When Gao Gang heard this, his eyes widened and he said to Guo Bing:

"Fine, close your mouth, always love people so much, when can you get married?"

Hearing the three words marry out, Guo Bing glanced towards Qin Yuan, but it was a pity that Qin Yuan was traveling deep into the sky, and he did not feel Guo Bing looking at him.

Gao Gang continued to distribute: "This time Nezha, you play a rich second generation, and you lose money specifically for me, Xiaobing, you will play my mistress, when Erlang will be my subordinate, you have seen the kind of local tyrant and bully movie. , Must have that kind of temperament. Others stay behind temporarily to provide us with support!"

"Yes! Guarantee to complete the task!"

At this time, the personnel of the special police squad were deployed. Qin Yuan heard this voice, and he recovered and began to complete the deployment to his team members.

Qin Yuan cleared his throat, then glanced at his red blood cell players, and said to them:

"Our task is much simpler. Basically, the characters we play are similar to Gao Gang, but they will dislike Gao Gang a bit."

"So, this local tyrant has to highlight a local character. I think Erniu you are very capable of this role!"

At this moment, Li Erniu heard this, but he was taken aback and said with wide eyes:

"Captain, are you trying to make me the boss?"

"What? Let you be the boss, you still don't want to?"

"Yes! I am willing! Why not! I have never been a boss before, I just don't know if I can be a good one."

Li Erniu smirked, a little unstoppable joy.

"It's okay, just show your true qualities. If you think about what it is like that your village has acquired millions of explosive households through demolition and relocation, you can just follow the instructions."

Hearing this, Li Erniu was also trying hard to imagine what the Erzhezi in his village was like.

After speaking, Qin Yuan looked around for a week and said to He Chenguang:

"He Chenguang, don't go, your baby face, it doesn't seem to be any deterrent, Wang Yanbing, you, Longlong pilots, and me, will be the bodyguards of the Erniu together, otherwise your face is not true It's a waste of acting."

When Wang Yanbing heard this, he was unwilling:

"Why do I act in my true colors? I have been a gangster for many years. I am a serious person now."

When Qin Yuan heard this, he shook his head: "I can be sure that it is a human being. I don't know if it is serious."

After hearing Qin Yuan's words, everyone laughed again, and Wang Yanbing's face did not look like a good person.

And Xiaotian was also whimpering at this time, as if asking if there was any role in it this time.

Gao Gang touched Xiaotian's head and said formally to everyone:

"Well, now the combat plan is here for the time being. I hope everything goes well tomorrow."

After Qin Yuan heard it, he also followed with a smile. There are already some differences between the current situation and the original work. He can only pray as much as possible, and there will be no surprises.

...

In the afternoon of the second day, in the box of a high-end restaurant in the middle of the Silver Triangle, two people were sitting on their backs and sipping drinks.

"Oh, brother Chiff, Daan said that the two of us will definitely get along. I was still doubting you at the time, but seeing you now is like seeing my long-lost brother. Come and come for our brother. One more cup of love."

At this time, Peel raised his glass against No. 1 who had already put on makeup, and No. 1 also slapped Peir's shoulder hard and laughed.

"In your Yan national dialect, what do we call this? We met very late, right?"

"Hey, you have a big tongue. It's called "Let's meet and hate the night". Is it that you can't tell if you drink too much?"

"You don't understand Yan Guohua very well. All in all, this is what it means If only the two of us could meet earlier, hahahahaha,"

The two people raised their glasses again and drank them directly.

At this time, a waiter came over with the bill. Seeing this, Pilton pretended to be bold and took the bill.

But Fang Xinwu grabbed the bill directly and said to Peel:

"How can this work? I have to invite me for this meal. Before I come, my uncle told me to make me smarter. You have to take the lead in all this. Why can't you be allowed to treat me?"

Having said this, Fang Xinwu directly signed the bill, and Peel had no money in the first place, and he was just doing it just now, so he just agreed with a smile on his face.

After the checkout, the two walked out together with their shoulders on their backs. Obviously Fang Xinwu was going to take Peel to the next venue for a special celebration.

But at this moment, a large group of people suddenly walked in from outside, and Fang Xinwu accidentally ran into someone directly.

Chapter 236: design

"Damn! Don't have eyes! If the eyeballs are decorations, don't put them on your head, just pick them off and throw them on the ground!"

At this time, a very wealthy person walked in from outside wearing a mink coat and carrying several bodyguards.

Hearing this, Peel's face changed and he wanted to help Keiff out. After all, this is in his turf. This person is obviously the future guy on his turf. If Keiff is bullied Now, he has to help Qifu get ahead.

But at this moment, Qifu looked at the boss in the mink coat, but his eyes lit up, and he greeted him quickly, telling him not to act rashly, and then he walked in front of the boss and faced him. The boss said:

"Oh, isn't this Boss Niu? I'm Xiaoqi, do you remember me?"

"What kind of shit, I don't know you, do you think this kind of approach is close, can I forgive you? It's not a good thing to hit me in a few sentences."

The boss didn't seem to know Qifu at all, which made Qifu a little embarrassed, but at this moment, someone behind the boss suddenly stood up and whispered to the boss:

"Boss, this is the man we met in the casino before. His uncle lost a lot of money to you."

"Oh? Really? Well, since I am an acquaintance, then I will spare him, let's go, the boss is waiting for me to gamble."

After saying this, the group of people went straight upstairs.

Seeing the appearance of these people at this time, Peel gently said to Keef:

"Why, look at how scared you are. Are these people so backed? How can I say that this is also on my turf. If these people are really unreasonable, there are people behind us."

Although Peel is a small broker, he is a soldier of Nuoka after all. If he raises the banner of Nuoka, others will give him a little bit of face.

But Keef patted Peel on the shoulder lightly, and said to Peel:

"Hey, you don't know about that. Do you know who that person was? That guy is Niu Dafu. Don't look at him stupidly. In fact, he is very capable. His family belongs to Dongsan Province. , I often do business with Lao Maozi, and almost all of the three provinces of winter belong to their family. It is not easy to mess with the money and the people on hand.

"And did you see the person who talked to me just now? I know that person, his surname is Qin, and his name is Qin Sanshou. He has a superb gambling technique. I won a sum of money here, and I don't know if it's true or not. And the big guy named Qian who gambled with them is also a rich man, alas, when do you think our brothers can get to their level? ?"

Pilton was a little shocked when he heard this. He didn't expect that the person just now had such a big background.

"It's okay, as long as we do business well, sooner or later we will get through."

Peel patted Chiff's shoulder lightly, Chiff smiled happily, and then the two of them just wanted to go out, but at this moment, Chiff suddenly thought of something, his eyes lit up, and he turned. He said to Peel over his head:

"Brother, do you want to make some extra money?"

Earn extra money?

When Peel heard this, he looked at a loss. Of course he wanted to make extra money. After all, he is now exhausted and he can't afford to eat. Just now he needs Qifu's help to treat guests. If he can make money. Of course, he didn't want to let go of the chance of extra money.

"How to earn?"

"Walk around, I'll take you there."

Hearing that Peel was interested, Keef didn't go out, and directly pulled Peel up to the box upstairs, and then said to Peel:

"When I go in a while, you don't have to say anything. We just need to support those big bosses well, mother, these big bosses just throw out some soup, it's enough for our brothers to work hard for a month. ."

Peel was ignorant at this time, and followed Keiff upstairs in a daze.

After arriving upstairs, Peel saw several bodyguards standing in the doorway. One of them saw Chiff, but his eyes lit up and said to Chiff:

"Ouch, I met you here, Xiaoqi"

"Isn't this Guo Kun? Why are you here? Why, have you done anything tonight?"

It's just that Qifu hugged the bodyguard directly, and the bodyguard chuckled and said:

"Of course, Boss Qian is lucky tonight. You will definitely get dividends in the past."

"That's fine, thank you brother, then I will go in first."

Keef also beamed his eyes, turned his head and hooked his finger at Peel, and then went straight into the room.

After entering the room, Peel's eyes lit up, because he saw four or five people playing cards around a table, and the table was filled with dozens of banknotes, which looked like nothing. Hundreds of thousands.

The man named Niu Dafu was also here just now. He was sitting at the table with playing cards in his hand: "Hey, I have a good card. Double it, add 500,000!"

"You think your card is good, my card is better, double it! 1 million!"

A middle-aged man in a suit smoking a cigar in his hand said directly, but he saw Peel and Keef come in and said to them:

"Oh, Xiaoqi, why are you here? You wait a moment, and wait until I finish hitting this one before entertaining you."

At this moment, Qifu's face showed a dog-leg smile, and said to Boss Qian:

"Oh, Boss Qian, I haven't seen you for such a long time I want to kill you."

"Keep it down, do you miss me, or do you miss my money? What kind of nose is yours, it's like a dog, wherever you have money, go wherever you are."

At this moment, Boss Qian shook his head and looked at Xiaoqi coldly, but Xiaoqi smiled and said to Boss Qian:

"Where there is money, go wherever you are. Don't you just follow Boss Qian? Doesn't your boss mean money? As long as there is money, there will definitely be money boss you!"

"Hahahaha, that's pretty good."

Boss Qian seemed to be happily slapped by Qifu's ass, so he laughed directly, but Boss Niu who was sitting on the side was unhappy and patted the table:

"Hey, hey, what are you doing? I'm playing cards, can I just say something after playing? Right three!"

"Damn, you are looking for death! Are you in a hurry to lose money?"

Soon Boss Qian just sat down and continued to play cards with the cow boss.

Chapter 237: Do not understand the rules

The money boss seemed to have good luck, and he won the money soon, and he took all the money on the table in his arms.

"Haha, you just can't do it, play with me and die!"

At this moment, Peel, who was silent on the side, saw that Boss Qian had won millions, and his eyes couldn't help but shine.

Are these people too rich? How come they play cards so big?

"Ouch, Boss Qian, your luck is really good, this card is too awesome!"

At this time, Xiaoqi, who was standing on the side, couldn't stop, boasting about the fart to Boss Qian, and the other people in the room also applauded Boss Qian!

And Qian Lao Tian was very happy, the banknote in his hand was put directly into Xiaoqi's arms, and he said to Qifu:

"Okay, your kid is very lucky today. This is a dividend for you. This is because I won this big old fortune and the rich second generation. I will give you a little bit."

Peel took a look at this time and found that the face of the boss who lost the money did not change at all, as if he lost not 500,000 yuan at all, but 50 yuan, but the rich second generation over there is indeed a little faceless. Bai, it is obvious that the strength of this rich second generation is fundamentally different from that of the money boss and Niu Boss.

Holding a large pile of banknotes at this time, Qifu was immediately very happy, and said to the boss:

"Oh, thank you, Boss Qian, and Boss Qian, Boss Qian is so grand."

"Thank you, if you really feel like thanking me, then give me two dog barks, and make me feel lucky?"

At this time, Boss Qian sat directly on his sofa and lit a cigar.

Hearing these words, Peel looked at Keiff's envious eyes and suddenly changed.

Learning to bark a dog, isn't this just playing with others?

But Qifu didn't care at all, and said proudly:

"Isn't it just learning how to bark? As long as you are lucky with Boss Qian, you can just let me learn how to bark."

At the moment, Qifu barked twice directly, the voice was so vivid, and not only learned how to bark, he even poked his \*\*\*\*\* to imitate the dog's tail biting.

There was a roar of laughter in the box, and the boss at this time also laughed, and said to Qifu:

"This person is kind of interesting, OK! OK! Not bad! I am also very happy, I will give you this bunch."

Having said this, Qin Sanshou, who was standing on the side, threw the pile of banknotes in front of Boss Niu directly onto Qifu. This Qifu couldn't hold him at all, and he quickly used one to Peel on the side. Winking, asked Peel to put all the money quickly.

And Qifu still smiled and said, "Wang Wangwang, the boss of the cow, the boss of Qian, is making a fortune."

At this time, the whole box was filled with laughter.

And Peel, who was on the side, saw Qifu's face, and he was clever, and rushed over to help put the money that Qifu couldn't fit into his pocket.

At this time, everyone noticed Peel and said to Peel:

"Who is this? All right, you have a share, and give this brother something too."

After Boss Qian said this, he immediately had a dozen of Peel's bills thrown directly by his subordinates, and Pilton was delighted. The uncomfortable feeling in my heart was instantly turned away.

After all, for a person like him, the face is a shit, as long as you can make money, let alone learning to bark, even learning to crawl is fine.

At this time, Qifu saw that Boss Qian was talking about Peel, and he quickly pulled Peel up and introduced to Boss Qian:

"Oh, this is my brother Peel, come, Peel, let me introduce to you, this boss of money, boss of a lot of money."

Seeing Boss Qian, Peel hurried up to shake hands and said in a lame Yan Guohua:

"Boss Qian, howl you howl!"

But Boss Qian saw Peel with a look of disgust:

"Come on, I don't even know how to speak the national dialect of Stomatology, it's OK."

Hearing this, Pilton was a little embarrassed, and then stopped talking and just stood aside.

Afterwards, Keefu and Peel watched Boss Qian and Boss Niu playing cards together. This is really a huge sum of money. The Boss Niu lost more than 3 million tonight, but he didn't even blink his eyes. , And although the money boss won the money, most of them were distributed to the younger brothers around him. Only the rich second generation was really sad. To be honest, he seemed to be really unable to play.

And Qifu followed in cheers and received a lot of rewards.

Peel looked envious. After all, he couldn't speak Chinese at all. Even if he wanted to go up and ask for money, he was boring.

Seeing these people making a lot of money like this, Peel could only look at it from one side. Naturally, he felt very uncomfortable in his heart, so he took the opportunity to ask Qifu in a low voice:

"Are these two big bosses very rich? Maybe we can work with them."

"Oh, brother, haven't I told you before? One of these two people is from Mao Ziguo, and the entire three provinces of the East are in his hands. The other is a casino. The two of them used to work against each other. This time, I want to go to the country to open a casino. They make a lot of money. Businesses like this kind of small come and go, they don't look at it at all. They are just here to play. Let's get some money. Just leave, don't provoke them."

Keiff seemed unwilling to deal with these big bosses. whispered to Peel, but Peel smiled. If he really makes a lot of money, then he has a way. Yes, although he is a small person, behind him is the number one force of the Silver Triangle Nuoka.

And Peel knows very well that as long as the business is negotiated, he will get a share. How much money can he earn by buying this ephedrine from China? If he can sell the ice noodles in his hands directly to such a company. Boss, then he just divides it every year, which is enough for him to spend his time and drink.

So Peel disregarded Qifu's obstruction at all, and said directly in English loudly:

"Two bosses, I have a big business and I want to talk to you, I don't know if you want to."

Hearing Peel's words, the sound of the whole room suddenly stopped.

And Keef quickly grabbed Peel and said to Peel:

"Peel what are you doing?"

Then Qifu quickly apologized: "Oh, I'm sorry, the two bosses, my little brother is new here. I don't understand the rules on our side, so the two bosses are so worried."

Chapter 239: Next step plan

But at this time, Boss Qian heard that Qifu was caught aside, and then said:

"Alright, let him say, what big business is there, it won't be for us to sell ephedra."

Peel saw that Boss Qian could understand what he was saying, his face was even more excited, and he quickly said to Boss Qian:

"Boss money, you don't like small businesses, if you can earn hundreds of millions of dollars a year, are you interested?"

Hearing this, Boss Qian suddenly frowned:

"A few hundred million worth of sales? Just you? Can it work?"

But at this time Peel said with a smile on his face:

"Of course I can't, but I can indeed find a way for Boss Qian. This is the Silver Triangle. I have lived here for decades. Of course I know a lot of people."

Hearing this, Boss Qian's expression became completely serious, and Boss Niu sitting on the side, a bodyguard behind him also hurriedly said a few words in a low voice, it was obvious that he was giving all of Peel's words to the Boss Niu Translated it again.

When Boss Niu heard this, he slammed the table:

"You don't bring me in your business? I don't think I understand your bird language? Is it bullying? I tell you that today you must bring me to your big business."

"By the surname Niu! What the \*\*\*\* are you humming on my site!"

As soon as Boss Qian heard this, the bodyguards behind him immediately took out their guns and pointed them directly at the opposite side. The Boss Bull's bodyguard also took out the guns instantly and pointed them directly at Boss Qian's men. .

Peel was terribly scared at this time. He was just a small person who came here to talk about business. How could it seem that this was going to be a fight? He said to the two bosses quickly:

"Two! Two! Don't be angry, don't be angry. The business is negotiated, not typed. If you want both of you, I can connect you both."

After hearing Peel's words, Boss Qian calmed down his anger and said to Peel:

"All right, then what business are you talking about?"

"Ice."

Peel smiled at this moment and made a gesture to the two.

Hearing Peel's words, both bosses showed an expression like that, but they both became even more excited.

Boss Qian said on this side:

"Of course I know that there is ice in the Silver Triangle, but just a small person like you, how much can you provide me."

After hearing his translator, Boss Niu also said directly to Peel:

"It's the same with me, you have to give me as much as you give him!"

At this time, Peel was caught in the middle and was in a dilemma. He quickly said to the two bosses:

"Two, two, I'm just a small person. I don't count this matter. So I have to report this matter to our boss. Let our boss come and talk to you in person. What do you think? "

When Boss Qian heard this, he suddenly lost interest:

"It turned out to be a little boy, okay, let's talk about it after you call your boss."

Boss Niu said to Peel:

"It's the same for me, your boss has to talk to me if you want to talk to him."

At this time, Peel was caught in the middle, squeezing a smile, and said to the boss Qian and the boss:

"Two, we can contact you one more time and let my boss talk to you in person."

"Well, then, hurry up, Xiaoqi, I'll leave this to you, so I won't have you good fruit."

After saying this, Peel also understood that he couldn't stay here today. He must now report the news quickly.

After that, Peel pulled Keef out of the private room directly.

After leaving the room at this time, Keef suddenly said to Peel bitterly:

"Oh, brother, you are killing me. I tell you that these two bosses have status and status. You promised that if they can't do it, the two of us will have to be thrown directly into the river. Isn't it okay to be an ephedra business? I'm still waiting to go back and buy wine for my uncle."

At this time, Peel's face showed a triumphant smile, and said to Keiff:

"Brother, didn't you say when will we be able to get to such a big boss level? This is an opportunity. As long as we can negotiate this business, we have the capital to become bigger and stronger."

"But if something goes wrong, both of us might be dead."

Qifu complained to Peel with a bitter face, but Peel patted Qifu on the shoulder:

"It's okay. Leave this to me. It will definitely be done. It's OK. Don't be so frowning. Go, I'll take you to a good place. Let's relax tonight."

Peel's eyes were full of excitement, as if he was thinking of happy times in the future, and although Keefu's face was frowning, there was a smile on his mouth.

...

At this time, in the private room just now, after Keiff and Peel had completely walked away, a roar of laughter broke out in the room!

"Oh, but I'm so hot, why is this big mink dressed so hot!"

At this time, Li Erniu, who played Niu Dafu, hurriedly took off the big mink he was wearing, and drank the water.

"Damn, Li Erniu, you are so awesome, those words just now really seem like the boss of the winter three provinces."

Seeing Li Erniu's movements, Xu Tianlong, who was acting as a bodyguard behind Li Erniu, immediately said with a ridiculous expression.

"That's the same thing for me, but it frightened me. Thanks to Peel who didn't know the emoji, otherwise he would show it."

At this time, Wang Yanbing was also laughing Who would have thought that Li Erniu would make me the same.

"Er Niu, since you are afraid of heat, why do you wear a big mink?"

At this time Qin Yuan quickly poured a glass of water for Li Erniu, and Li Erniu said with a bitter expression:

"Isn't this to respond to my character's temperament image and make him believe it."

Hearing what Li Erniu said, there was another burst of laughter in the box.

At this time, Gao Gang, the boss of Qian, said to everyone:

"Okay, okay, we just said a joke, now we continue to deploy our next plan."

At this time, everyone saw that the boss had already talked about business, and they all sat down. Gao Gang said to Qin Yuan:

"Qin Yuan, it seems that we have almost gained Peel's trust, and then we can only wait for Peel to report this matter, and then wait for him to take the initiative to contact us."

Chapter 240: negotiation

But after hearing this, Qin Yuan shook his head and said to Gao Gang:

"That's not the case. Although our performance tonight was very successful, these poisonous rice will not determine our strength because of one-sided fate. If they were fooled so easily, they would have been arrested long ago."

Hearing Qin Yuan's explanation, everyone nodded, and the excitement of the success of the plan slowly settled down.

Then Gao Gang asked Qin Yuan: "Then what do we need to do next?"

"doing what?"

Qin Yuan smiled when he heard this:

"Of course it is to do something to make him trust us. I believe that we are really the big wealth of the winter provinces, the big boss of the casino, so we have only one thing next, and that is spending money!

what? Spend money?

Hearing such words at this time, everyone present was a little surprised, and then there was an excited smile on their faces.

This one was ordered to spend money, that would be great!

Only seeing the faces of the people, Qin Yuan shook his head and smiled, and said to them:

"Spending money is the best way to show our strength, but looking at the excitement on your faces, do you think you can spend money and buy whatever you want?"

Guo Bing, who was on the side, asked Qin Yuan:

"Isn't it? Didn't you just say that you want to show our strength?"

"That's right, is there anyone who can't spend money? Just buy things."

At this time, the master on the side also followed suit.

But Qin Yuan shook his head and said to everyone:

"Of course it's not like that. Spend money, but it's a very important subject. Let me ask, if you have money, how can you spend it?"

"I'm going to buy a newest drone and change my Sky Eye to the highest-definition camera!"

This is what Jiro, who loves to play with drones, said.

"Just go buy bags, buy lipsticks, buy some luxury goods." Guo Bing's eyes were also bright.

"I think it would be nice to have a sports car!"

This is Wang Yanbing.

But Qin Yuan'er shook his head and said to everyone:

"You spend money like this, just from your personal perspective. If you are a discerning person, you will clearly understand that you are a nouveau riche."

"Now we must let those poisonous rice, believe that we are the big domestic merchants, big golden pigs who can eat goods, just like what you call buying drones, buying bags to buy sports cars, this is for the rich of this level. Does it count as spending money? It doesn't count at all. These things should have been bought long ago."

Hearing these words of Qin Yuan, everyone in the box suddenly became silent, thinking carefully.

At this time, Gao Gang took a deep breath and said to Qin Yuan:

"It is true. If we spend money casually, it does appear that our status does not match. If we say that, then it costs money. I really don't know where to spend it."

At this time everyone frowned and began to think about how to spend money.

"Going to a massage and sauna shouldn't be regarded as a means of spending money. This is generally done by a little money."

"I'm more suitable to buy a bag, but if the money boss buys a bag, it's not suitable."

"Sports cars are not good at this place."

At this time, everyone was talking, but they suddenly turned their eyes to Qin Yuan. Qin Yuan felt the eyes of the people, but was a little surprised:

"What are you all looking at me doing?"

"I was thinking, since you have such an insight into spending money, let you arrange how we spend it."

"Yes, whoever raised the problem will solve the problem."

Hearing such words at this time, Qin Yuan suddenly rolled his eyes. How to make a suggestion on his own became his own responsibility.

"Hey, you don't know how to spend money, I understand again?"

Qin Yuan really didn't have much research on spending money. Although Qin Yuan was rich when he was in Xiangjiang, he was just eating, drinking and playing, doing a lot of money, and these things were all people in the casino. It was arranged for him. If Qin Yuan arranged it himself, he really didn't know what to do.

"Then we can't notify the people above and let them arrange for us?"

At this time, Gao Gang said helplessly, although it is not impossible to do so, but this makes people arrange how to spend money, how they think about it, it is so strange...

But at this moment, Qin Yuan suddenly saw a book on one side. After thinking about it for a while, his eyes lit up and he said to everyone:

"Think about it now, I'll go to the bathroom!"

Having said this, Qin Yuan took a book in his hand and went directly to the bathroom.

Of course Qin Yuan didn't really want to go to the toilet at this time, but wanted to try it and see if this magazine would bring him what he wanted.

So after going to the toilet, Qin Yuan directly received this luxury magazine into the grid!

"Ding Dong~ Please start to choose the host!"

With this very pleasing sound of the system, three options suddenly appeared in front of Qin Yuan!

"1. Get world-class luxury appreciation!"

"2, get world-class noble etiquette!"

"3. Get a world-class rich second-generation experience!"

Yep?

Seeing these three options at this time, Qin Yuan suddenly looked confused.

On his book, there are famous watch magazines, the first two Qin Yuan can still understand, but what the \*\*\*\* is this third option?

If this skill were to fall out of someone else's ID card, Qin Yuan wouldn't be surprised, but it would be outrageous if it came out of this book!

But existence is reasonable, don't ask, ask is the blessing of the system!

Although this so-called rich second-generation experience is not as useful as the first two skills, this is what Qin Yuan needs most at the moment!

So Qin Yuan called out directly:

"System I choose the third item!"

"Ding Dong, congratulations to the host for your successful choice!"

With the sound of the system, Qin Yuan suddenly felt some knowledge in his mind.

Qin Yuan didn't pay attention to this knowledge at first, it must be some fun activities, Qin Yuan hadn't seen it before.

But when Qin Yuan first accepted this knowledge, he was shocked!

"Fuck, how come there are so many?"

Qin Yuan looked at the items in this knowledge at this time, and a horse ran past in his heart.

This knowledge, as Qin Yuan thought, is indeed for eating, drinking and having fun.

However, this is too comprehensive!

Qin Yuan took a closer look and found the items in it, ranging from fighting crickets and birds to the most advanced research spacecraft!
