Chapter 2341: Escape becomes a habit

He Chenguang said that Qin Yuan was too soft-hearted, but he also agreed with him in his heart.

"Qin Yuan, you did the right thing. Regardless of Huang Mao's identity, as long as he has not done anything illegal or disciplinary, we should protect him. What's more, Huang Mao is innocent in this incident."

After He Chenguang said this, Qin Yuan felt it and was very pleased.

"It's good if you can understand me. I'm afraid you can't understand my feelings. Besides, I think I need your father's help in this matter."

"he?"

He Chenguang originally agreed with Qin Yuan, but he hesitated a little after hearing these words.

"Why do you suddenly mention him when you are so good?"

He Chenguang has always had the best temper among the people. He never gets angry easily. Chen Jixiang suddenly felt a little scared when he saw him hugging his face.

"What's wrong?"

"It's nothing, this is a matter between the two of us, you kid, don't interrupt here.

Qin Yuan, I can help Huang Mao arrange his future affairs, and even let him join the army, but why do you have to find my father?

You know we don't have a good relationship, and I don't want to need him for this matter.

After all, Huang Mao is also your own thing. You have to bear it alone. I can do anything for you, but I don't want to ask my father for help for you. "

He Chenguang's father is He Weidong. Everyone says that the relationship between father and son is like enemies. This situation may exist in every family, but the situation in their family is more serious.

"He Chenguang, don't say that. Your father has done nothing wrong. What you are doing now is nothing more than making things difficult for him."

"So what?"

Chen Jixiang saw that their expressions were not very good, and he did not dare to speak. He knew very well that at this time, the more he spoke, the more mistakes he would make, so it was better to remain silent.

Silence is golden!

Qin Yuan was originally relatively tolerant of this matter, but when he saw He Chenguang's attitude, it made him very unbearable.

"He Chenguang, what I am telling you now is the tasks to be performed by our troops, and also the main tasks performed by our special operations!

As the leader of the special operations team, you should listen to me instead of contradicting me all the time.

Also, don't get involved in work when it comes to personal grievances at home. Work is work, and family is family. I hope you can avoid it perfectly.

If you can't even do this, I think you are not suitable to be a member of the special forces, let alone continue to be in the Wolf Fang Special Forces Brigade. "

He Chenguang had never seen Qin Yuan so angry, but this also touched his bottom line.

The disposable paper cup he was holding in his hand suddenly fell to the ground.

"Brother Chen Guang, please don't do this, please don't do this. This is just a disposable paper cup. It's not fun for you to throw it. People from the embassy saw it and thought there was some internal conflict among us."

"We have internal conflicts to begin with, but Qin Yuan has been hiding them to prevent others from seeing them."

"He Chenguang, you stubborn guy, how did I offend you? I am the command captain of the special task force for you to say such harsh words.

You should listen to my yellow hair and go back. You must ask your father for help. Only he can do it. Since he is in this position now, it is useful for us to ask him for help.

Besides, he just wants you, his son, to speak to him in person. What's so difficult about that?

After all, you have a father-son relationship. Don't you understand that blood is thicker than water?

Every parent must hope that their children will be successful and do well. Can they still be afraid of you becoming good?

The relationship between you father and son is simply pathological. Do you know why?

That's because of the lack of communication. A traditional father-son relationship like ours lacks communication. As long as you communicate in time, all conflicts can be easily resolved.

Don't keep all the problems in your heart. This will be bad for you, and sooner or later it will lead to catastrophe. "

He Chenguang dropped the cup on the ground, and Qin Yuan became angry for a moment.

"You have been in the army for so long, and you still can't change your temper? Do you think this is at home, where everyone treats you like a young master? Pick up the cup for me quickly, this is an order!"

"Qin Yuan, let's be fair and honest, is it possible that in your heart, I am just a member of the army who can be commanded by you at will, or do you regard me as a good brother?"

He Chenguang was really sad this time...

The fact that he can say such words is enough to prove that he is very sad. He regards Qin Yuan as a good brother, but the words Qin Yuan said to him clearly meant that he was treated as a subordinate. Anyone else would feel this in their heart. It's a little cool.

"He Chenguang, let's discuss the matter now. Don't play any emotional cards with me. As I said just now, I am ordering you as the team leader to report this matter to your father!

What emotional cards are you still trying to pull on me here?

Do you want me to become soft-hearted after listening to these words of yours, and then reverse the decision I just made? You should know me very well, but anything I decide will never be canceled due to any accident. "

When He Chenguang heard what Qin Yuan said, he burst into tears, but this was also expected. He had already expected that Qin Yuan would say this.

"Okay, you are really my good brother and you really did not disappoint me.

Qin Yuan, I risked my life to accompany you all the way to carry out this cross-border mission. Not only are you not grateful, you also treat me as a brat who can be ordered around at will. "

When Chen Jixiang saw the two people in such a state, he was really anxious, but he didn't dare to say anything casually. He couldn't afford to offend anyone.

Wang Xin and An Ran were hiding on the other side of the door, eavesdropping on their conversation in the room. An Ran felt that something was wrong.

"It's over. The relationship between the two of them should have reached a freezing point now."

There was something Wang Xin couldn't understand.

This is obviously something that two people can communicate clearly by just saying a few words. As for those who give them such a high-level outline, they often say so much here.

"An Ran, what is the conflict between He Chenguang and his father? Why does it seem like he is mentioning an enemy when he mentions his father?"

The two of them were close comrades and partners a second ago. As soon as his father was mentioned, the two of them were like a powder keg being lit, and they immediately became blushing and thick-necked.

Let alone Chen Jixiang, even if I were around, I wouldn't dare to say a word of advice.

It's really terrible. Is his father someone who cannot be mentioned? Or are you talking about a sensitive topic?

You have to talk to me first. If I say the wrong thing again later and make the relationship between them even more tense, then I will be guilty of a big sin. "

An Ran sighed helplessly.

"Wang Xin, I always thought you were a relatively calm person, but I didn't expect you to have a gossipy heart."

"Oh, I can't say that. I'm not a gossip. I'm just curious about the relationship between father and son. It should be one of the few close relationships in the world.

Many people are very happy and heartwarming when they mention their relatives. Why does he seem to want to eat people when he mentions his father? This really makes me have some doubts, and I have to ask. "

"He Chenguang's father was once a comrade-in-arms with Fan Tianlei, and he was Fan Tianlei's sniper."

"No wonder Thor is so kind to a few of them. It turns out there is such a relationship."

"This relationship is just one-sided."

What is really important is that Lei Shen appreciates Qin Yuan. In addition to this, there is another very important issue, which is that his father was very busy when he was young.

Therefore, he neglected his family and put all his focus on the army. Because of this, his father was promoted, even to a higher status than Thor. "

"Wait a minute, An Ran, why do I think this is a good thing the more you talk about it?"

"It is indeed a good thing, but it is only for ordinary people. To us outsiders, it is certainly a good thing to have a relative in a high position in the family."

But only their own family members know how much pain and trials they endured to reach this point.

He grew up with his grandmother since he was a child. His mother died of illness very early. In fact, there is not much difference between him and a single-parent family.

He just grew up relying on his grandma, and his grandma was the most important person around him.

That's why He Chenguang had a very bad relationship with his father, because he felt that his father was the cause of all this, and his father was the culprit.

Therefore, he was particularly angry and unwilling to face his father.

Even though his father has a high status now, he still has a particularly bad relationship with his son. "

"I see."

When Wang Xin heard these words, although he sympathized with the other party, it was still difficult to understand this feeling. After all, he lived in a scholarly family, and his family were all intellectuals.

His father is a university professor and his mother is the dean of a scientific research institute. He has received this kind of education since he was a child.

His family could discuss everything in a gentle manner, but he couldn't understand the feeling of giving all his bad temper to his family, so it was difficult for him to understand He Chenguang on the one hand.

"Wang Xin, I know some of your family's background, and your status is very unusual. Even if I tell you this, you still can't understand his mood, but it's okay if you can empathize. If you don't understand, just say it again,"

"An Ran, I..."

"It's okay, Wang Xin, you really don't need to explain so much. We are all people who have experienced everything, and we can see many things more clearly.

Whether it's me, Qin Yuan or He Chenguang, we are all relatively emotionally stable people.

We will not embarrass our companions at this time, because we know what we should do and what we should not do, and after experiencing these hardships, I think they should also grow some.

You can't always limit your vision to the past, you should also look up and take a good look at the future.

I am not surprised that the two of them quarreled over this matter. Everyone has painful pasts that they don't want to talk about. This is understandable. "

Chen Jixiang stood outside and heard the two of them quarreling. He was already very helpless.

In his heart, he kept shouting to Sister An Ran to come and save me. Don't let me stay here alone. It was too embarrassing. He didn't even know what to say.

Chen Jixiang was thinking about this when An Ran came out of the door. He saw that Qin Yuan and He Chenguang both had livid faces, and their faces were so ugly.

An Ran looked down at the paper cup on the ground. He walked over slowly to pick it up and said to Chen Jixiang.

"You guys are used to staying in the army. When you are training outside, you always like to throw these garbage around. But don't forget that this is not your field training base.

This is the embassy. It still needs to be kept basically clean and tidy. You just threw the paper cups around and finally gave the instructions of the cleaning staff. "

After An Ran picked up the paper cup, he did not say anything else.

Instead, he prepared to pull the two people apart first.

He Chenguang was also angry for a while. He did not want to listen to any explanations, nor did he want to talk to anyone.

He turned around and left, went back to the room to rest. He did not say anything, nor did he say hello to Qin Yuan and anyone present.

Wang Xin saw Qin Yuan's angry look now, he felt sympathy and a little funny.

Originally, he was thinking about how to persuade Qin Yuan, but he did not expect Qin Yuan to speak first at this time.

"Wang Xin, I'm sorry."

"Qin Yuan, you obviously completed the task successfully and came back. This is such a rare opportunity. I should congratulate you before you say sorry to me?"

"He Chenguang's attitude just now is indeed problematic. He saw you and did not say hello to you. He just left. I also understand that this is very impolite behavior, but please forgive him."

"Oh, it turns out to be because of this little thing. Am I such a petty person in your eyes?"

Everyone has bad moods. We are ordinary people, not AI robots. It is normal to have emotions. It is okay to vent them.

But I can be your garbage station for venting emotions. What are you dissatisfied with? You can tell me anyway. I will not let you down. This is what I can guarantee. "

"Whenever He Chenguang mentions his father, his face will be very ugly. I am sure I have been used to it.

But I didn't expect that after so long, he still has grudges and is unwilling to face these things. He seems to have made escape a habit." (End of this chapter)

One-click Recovery Since I was a Special Soldier

Chapter 2342 It seems that Gao Shiwei needs to take action personally

After An Ran explained this, he felt uncomfortable. This was a sensitive topic that none of them wanted to bring up.

Wang Xin sighed and said.

"He Chenguang, I used to think that this guy was very stubborn, and I never thought that he had gone through so many things.

It seems that he is quite pitiful. His grandma is his only relative. If he goes out on a cross-border mission like this, then his grandma..."

"His grandma should be well protected in her hometown. The same thing must never happen again. Fan Tianlei's son was kidnapped by a criminal gang and he lost his son because of it."

"Wait a minute, An Ran, who are you talking about? Are you talking about Thor?"

"You shouldn't even know about this."

"Isn't Fan Tianlei never married? Where did he have a son? He was even kidnapped by a criminal gang.

Where is my God? Suddenly the amount of information seemed a bit too much for me to take in.

I have never heard of this before. I was wondering why he was so old and not married. It turns out that he was already married and had children? "

"Thor has been married a long time ago, and that was more than ten years ago.

If his son is still alive, he may be about the same age as Qin Yuan. In a sense, he likes Qin Yuan so much and the boys around him are also making up for his debt to his son. .

This is just my analysis. He feels like a father to Qin Yuan. What He Chenguang lacks is precisely his father's love. There is a process of making up for each other in this close relationship between them.

It is precisely because of this that we can get along better together. This is one of the reasons that cannot be ignored. "

When Qin Yuan heard what An Ran said, he nodded.

"Thunder God is indeed extremely kind to a few of us. He treats us as his own sons. I have never doubted this.

I am also willing to regard Thor as my father and teacher, and an elder worthy of respect.

His tolerance and understanding for us is something that even his biological father cannot give. Sometimes the relationship between He Chenguang and Thor is closer than his father.

Can you spot it? As long as his biological father is mentioned, he will lose his temper everywhere like a dynamite keg being ignited, but when the God of Thunder is mentioned, the softest place in his heart seems to be touched. "

When Wang Xin heard what Qin Yuan said, he nodded in agreement.

"That's true. I have already heard about how kind Thor is to you. In the past, I just thought it was just ordinary kindness, but I didn't expect that he is really very interesting to you.

Rather, it was because you lost the position of chief of staff, he never complained at all. "

"Yes, like Thor, he has no family at all, and he spends all his energy on the army and his own career.

The army was everything to him. Losing the position of chief of staff left him with nothing, but he had no complaints. "

When Qin Yuan heard this, he clenched his fists and said decisively.

"Yes, this is the origin of the relationship between us. I also want to believe that this is our fate, so no matter what we do, Thor is very supportive, and we also respect Thor very much. .

It is in establishing this intimate relationship that we also appreciate each other, and these are reasons that cannot be ignored.

When I came out this time, I also implicated Thor and lost my position as chief of staff. However, I will try my best to make up for the position of chief of staff of the Langya Special Forces Brigade, which can only belong to Thor. "

Wang Xin could understand Qin Yuan's mood, but what Qin Yuan said was indeed a bit exaggerated.

"Qin Yuan, please don't get excited. I can understand your mood, but the position of chief of staff of the Langya Special Forces Brigade is not yours."

"This matter, because if I hadn't invaded the system and Thor had shouldered it for me, I should be the one being punished now."

"Don't be impulsive. The reason why Thor will take this matter for you is because he treats you as his own son.

He also hopes that you can complete your mission here with peace of mind. If your superiors find out that this matter has anything to do with you, no matter how successful your mission is, they will transfer you back without hesitation.

This will also affect your deployment for a period of time. Thor is doing this entirely for the sake of the overall situation. You must not do anything to disappoint him at this time.
"

"That's not true. The relationship between Thor and I is very close. He knows me very well, and I know him very well."

"Then you have to find a way to go back quickly. Your successful completion of the mission may also be a guarantee for Thor.

Besides, this matter is not a big deal.

Thor has only been temporarily suspended from his position, and he has not been directly removed from his position. After you return, you will also have to accept the investigation from your superiors. By the way, if this matter is investigated clearly, Thor can resume his position. "

"I think so too. The most important thing now is to quickly find a helicopter to send us back."

Chen Jixiang said slightly worriedly.

"But we have contacted Deputy Chief of Staff Du Bingbing many times, and he can't help. It is obvious that someone in our superiors is deliberately targeting you.

Brother Qin Yuan, I don't know who you have offended secretly. They deliberately blocked the process and didn't let you go back.

Because they should know that if you continue to delay for a while, even if you can go back, it will be meaningless for Professor Fang De's two disciples to go back. They just want to wait for Professor Fang De's illness to flare up."

Just when Qin Yuan was about to answer them, Liu Mei walked out slowly.

"I said, why are you guys still staying here? Go back and rest quickly. After so many things, you can be regarded as surviving a disaster. You are still scared."

"Thank you for your concern. I am not that fragile, even if I encountered the mercenary scorpion at the dock.

I have never been vague or afraid. I even had a momentary impulse to catch him, or shoot him directly, just as revenge for the Thunder God."

When Chen Jixiang heard Qin Yuan say this, he was sweating all over and immediately said to Qin Yuan.

"Brother Qin Yuan, I didn't expect you to have such a scary idea, but I still want to thank you for not doing such an impulsive thing today. Fortunately, you showed mercy, otherwise I am not sure what would happen.

The main reason is that I didn't know that there were so many conflicts between Thor and the mercenary Scorpion. It is normal for you to have such thoughts, at least I can understand."

"It is precisely because you don't know these that you are not afraid. If you knew the conflict between Thor and the mercenary Scorpion, wouldn't you be scared to pee at the dock today?"

"Brother Qin Yuan, there are so many people here, why don't you give me any face? Even if I am scared, I won't be scared to pee my pants. You are really too humiliating to me."

An Ran smiled and patted Chen Jixiang's shoulder gently.

"We are discussing how to go back. He Chenguang is alone in the room. I am a little worried. You go outside and listen to see if he has any movements."

"Do you need me to go in and comfort him?"

Qin Yuan shook his head.

"Don't go in and comfort him for now. He needs some time and space to calm down.

I didn't mean to provoke him when I said these words to him just now. I think the relationship between him and his father must be resolved sooner or later."

"Yes, no matter what? They are biological father and son, and this blood relationship cannot be erased."

"He Chenguang's father He Weidong is an old comrade-in-arms with Lei Shen. If they want to break the ice in their relationship, they can't do without Lei Shen's support.

At the beginning, Lei Shen took the initiative to find the national martial arts champion He Chenguang and join his Langya Special Operations Brigade. They also joined the army together. , this feeling cannot be replaced.

I also believe that the feelings between them are still very deep. If you want to ease the relationship between their father and son, you have to find Lei Shen.

And I believe Lei Shen is willing to help. After all, they completed so many tasks together. Lei Shen witnessed the lack of family of the other party. Lei Shen also witnessed it with his own eyes. "

"I think so too."

"By the way, now that the superiors don't know which department deliberately blocked our process, what do you think should be done next?"

Qin Yuan, at this moment, has a bold idea, that is, to find the person who speaks the most.

"If we can find the chief, he will issue us a certificate, and I believe there will be no more procedures that can stop us from going back."

"Gao Shiwei?"

"That's right."

Chen Jixiang was completely stunned when he heard this name.

This name is simply a legend. First of all, it is their chief. Secondly, it is not something that ordinary soldiers can see.

Qin Yuan actually wants to find the chief for help. What is his relationship?

"Brother Qin Yuan, I have suspected you of being a relative more than once before, and you always deny it. Now it seems that you are about to be exposed."

"What do you mean by saying this, you little brat?"

"You actually want to ask the chief for help, but I heard that he never easily meets ordinary soldiers like us, and he may not even know who you are."

Qin Yuan smiled.

"It was he who asked Thor to find me to join the Wolf Fang Special Operations Brigade. How could he not know who I am?

I am very casual in front of SZ. As long as I find him for help, he will help. Otherwise, I will just quit the team.

Will he have the heart to see the loss of an excellent special forces member like me?"

An Ran felt a little worried for Qin Yuan.

"Commander Gao Shiwei is not someone we can meet whenever we want. I heard that he is holding a military seminar abroad recently, and you have no way to find him."

"That's easy. Just give him a call and you will find him."

"People of his level don't save their own phone numbers, or even any contact information. If you want to find him, you can only go through his assistant."

"Then find his assistant!"

Chen Jixiang felt that Qin Yuan was just bragging. Even though he had seen many incredible abilities of Qin Yuan, he still couldn't believe that Qin Yuan could be so relaxed in front of the chief.

"Brother Qin Yuan, don't joke here. You don't want to hack into the system to find the chief's contact information. You can be regarded as digging the dirt on the head of the tiger and pulling teeth from the tiger's mouth."

Qin Yuan thought to himself that there was already a one-key recovery system with a cheat, so why did he need to hack into the system? If he wanted to find the chief, wouldn't it be a matter of moving his fingers?

It's just that he couldn't tell anyone these words, he could only keep them in his heart.

And Qin Yuan had already thought about it. He couldn't take the initiative to contact the chief. It seemed that he couldn't hold on and asked for help from the other party. This was related to the problem of face.

Even if he wanted to ask for help, he couldn't go to the chief in person for help. He still had to rely on the power of others. The most suitable person was Du Bingbing.

The reason why Du Bingbing has such a great relationship is that his family is very familiar with the leader, and only Qin Yuan knows this.

If Du Bingbing can find the leader to use his family's relationship to solve the problem in the process, they can return to China in minutes.

This was just a guess by Qin Yuan before. Now he has a better candidate to help, that is Tang Xinyi.

"An Ran, I have found a very suitable person who can help."

"Tang Xinyi?"

"We both thought of the same thing."

"Wouldn't that mean we would have to trouble He Chenguang? And it seems that they have broken up for a long time. Since Tang Xinyi was transferred, they haven't had much contact. Now we need to ask his ex-girlfriend for help. Do you think he will help?"

"Tang Xinyi has indeed been transferred. Besides, with the current communication methods being so advanced, how do you know that the two of them are secretly not in contact?"

"Are you saying that they are still in contact privately?"

"It is possible. After all, He Chenguang has always been thinking about Tang Xinyi. If he can find the chief, it would be easy for him to help us with this little favor."

"Did you know that Tang Xinyi and Du Bingbing were high school classmates?"

An Ran suddenly revealed the relationship between the two of them. Even Qin Yuan didn't know that he was very shocked and surprised.

"You mean these two amazing girls are actually high school classmates?"

They know each other too? Oh my God! Are they attending some kind of special training high school for girls? None of them look like girls at all, and they are even more amazing than the boys!"

One-click Recovery Since I was a Special Soldier

Chapter 2343 The person with the golden medal turned out to be Chen Shanming

While Qin Yuan was surprised, he was also wondering whether to contact Tang Xinyi proactively.

An Ran had already seen Qin Yuan's hesitation, and he knew that at this critical moment, he had to go and push, so that the whole incident could proceed smoothly.

"Qin Yuan, you also saw He Chenguang's attitude just now.

There is a serious conflict between him and his father. If this matter is not resolved, it will really be a huge challenge for you.

How about this? Let's find a way to go back first and then talk about it.

After returning to the army and the Wolf Fang Special Forces Brigade, we can finally find our superior. We can explain everything to him clearly and he will not make things difficult for us.

Now that we are in the embassy, we will only create problems for others.

Now that Mr. Norman Karim has sent the mercenary Scorpion, I think he will still contact other mercenaries, including Polar Bear. Have you not heard this person's name for a long time? "

Qin Yuan suddenly realized when he heard the name polar bear.

"Yes, An Ran, if you didn't tell me, I really haven't heard this person's name for a long time.

He is the leader of a criminal gang, and he specializes in collecting many powerful and potential people to become mercenaries in his group. Some people in our army have also suffered greatly from this. "

"Yes, if he can find the scorpion, it means he has found the polar bear. The two of them are likely to work together, or they may have known each other for a long time.

This matter is becoming more and more complicated. Now I have a strong hunch. Of course, it may be a persecution delusion, but no matter what the reason is, we must be cautious.

What this guy is saying now is a bit ugly.

In this case, do you think he might send some killers to get rid of Professor Fangde's two students? Let us completely stop thinking about this aspect.

Even if we successfully rescue them, he will not allow us to bring them back home smoothly.

I think it's possible for them to do something like this, so don't take them too seriously.

These criminal leaders will do whatever they can to get benefits they cannot get. Even if they try their best, they will not let anyone get the benefits that harm others and benefit themselves. This is what they are best at. "

An Ran's reminder also made Qin Yuan wake up for a moment.

"You're right, we really need to take this into consideration."

Wang Xin saw the two of them discussing for such a long time, and there was no definite result and she had no way to participate, so she was also anxious.

"Qin Yuan, since you have always been at my place and our relationship is so close, if you tell me a way I can help you, I will do it without hesitation."

"Wang Xin, as the consul of the embassy, you have already helped me a lot. I can't make any more unreasonable requests to you at this time, and I can't do that."

However, there is one thing you can do to help. I just need to prepare some food for us. I am really hungry and about to faint. "

Wang Xin smiled helplessly when she heard this.

"If this is the case, I can only blame myself for not thinking about it. You have always been here with me, and I haven't even bothered to take care of your food. It's really inappropriate."

Don't worry, I will tell the kitchen to make some food that you like. Have you not eaten food from your hometown for a long time? What would you like to eat? "

"The food in their country is very monotonous. I no longer dare to expect to eat anything delicious, but anything that can fill my stomach is fine. But by the way, I don't want to eat bread anymore."

"You don't have to worry about this. I dare to say this, and I will definitely ensure that you have delicious food. I brought the chef of our embassy from China."

It is impossible for our embassy to hire anyone locally, not even a cleaning lady or even a chef in the kitchen, in order to ensure absolute safety and confidentiality.

The team from start to finish are all brought from China, and they are also very good at making various local dishes from China. "

"It seems that your place is not useless, at least you can eat some food from your hometown."

I don't have any special requirements. I want it to be fast, filling my stomach and delicious."

Well, why don't you just make me a bowl of braised beef noodles? I've never had it once in such a long time since I've been here. I really miss this taste. "

Chen Jixiang, a boy who has already reached this stage, still has the intention to joke. When he heard that Qin Yuan wanted to eat braised beef noodles, he said next to him.

"Brother Qin Yuan, if you want to eat braised beef noodles, you should tell me earlier. The shelves in the supermarket are full of braised beef noodles of various brands. I will buy a bag of them for you."

"I'm talking about real braised beef noodles, not instant noodles, thank you!"

"Hehe, I'm just joking with you. Seeing how nervous you all are, the atmosphere is about to drop to freezing point. I can only use my brain to make you laugh. Please don't hit me."

"It's good to have an optimistic attitude. When everyone is nervous, you are not nervous. You can be happy or unhappy all day long. Why do you have to make yourself sad? There is no problem in this world that cannot be solved."

"You are more optimistic."

After Wang Xin finished speaking, he turned around and prepared to leave Qin Yuan. Seeing that he was about to leave, he immediately stepped forward and asked.

"Don't you have an intercom? Do you need to tell the kitchen and you, the head of the embassy, need to go and tell it in person?"

"No, He Chenguang is worried that you haven't eaten all day. I want to go to his room and ask if he wants to have a bowl of braised beef noodles."

"It's better not to ask him. He should be in a terrible mood now. He doesn't want anyone to disturb him. Let him be alone in the room and calm down."

"How can a person not eat?"

According to Qin Yuan's understanding of He Chenguang, he should be angry at this time, but this is the embassy after all, not his private territory. Even if he loses his temper, he can't make too much noise.

While they were talking, the guy actually walked out of the room with a cell phone in his hand.

Wang Xin knew the atmosphere was not good when he saw the other party's serious expression, so he could only say with a smile on his face.

"He Chenguang, you haven't eaten for a day, you must be hungry. We just said we were going to prepare some braised beef noodles. What flavor do you want to eat? Do you want some chili?"

"No, just make me a bowl of original flavor."

Qin Yuan looked back and saw that it was indeed this guy who said it himself. According to his understanding of him, he didn't seem like someone who could lose his temper so quickly.

"He Chenguang, it seems that you have changed a little since you came here. If I provoke you normally, it is impossible for you to return to normal in such a short time."

"I just went back to my room to calm down and think about it. I have done something wrong. Just like you said, the relationship between my father and I will have to be directly faced and resolved sooner or later.

It is not a solution to always avoid it, but I don't think it is now.

Now when I mention him, I will only get angry, and I have no intention of completing any tasks when I am angry.

Just now I went back to the room not to reflect on what I did wrong, but to tell you that I thought of someone who can help."

"Tang Xinyi?"

He Chenguang smiled slightly.

Qin Yuan knew that the relationship between the two of them had eased now.

"I said you are a bad boy who values women over friendship. You were very angry just now, but now that he is mentioned, you have a little smile on your face."

"Tang Xinyi can help us, but he has been transferred for a long time.

I don't know if his connections are still there, and helping us is a big risk. I can't guarantee that my charm can always make him do anything for me."

"The relationship between Tang Xinyi and you is naturally needless to say. Even if you two have broken up and are not together anymore, you can still be considered friends.

Besides, I haven't broken up with him. We are still normal friends. Even if he doesn't want to help you, he should consider helping me."

"Of course, if you think you have enough face, you can try to contact him. I have found the contact information for you."

"I thought you went back to the house just now. Come to help us, you just go back to find his contact information.

I also have his phone number, his network communication equipment contact information, and I can even use other connections. "

"Qin Yuan, I think you are getting more and more greedy. You don't want me to help you contact him? We haven't contacted each other for a long time, and we don't even like each other's Moments."

"That's because he never posts on Moments. Do you think I can't see it?"

I thought that even if you two broke up, you would still have some contact and have confidence in you. It seems that this is not necessarily the case.

Maybe he already has a new boyfriend and has thrown you out of the sky. If you ask him for help now, he will just say one sentence and turn you into a clown. "

Qin Yuan deliberately said these words to stimulate the other party, wanting him to take the initiative to contact Tang Xinyi.

"The relationship between him and Du Bingbing is very unusual. I have known this for a long time."

"It turns out that the relationship between Du Bingbing and him is now an open secret. We all know it but pretend to be ignorant."

"There is no way. After all, we can't say anything before the superiors make their relationship public. But now is an extraordinary period and we must use extraordinary means.

Since we all know the relationship between Tang Xinyi's family and the commander, Du Bingbing must know it. I guess he should have taken the initiative to contact the other party.

Maybe, they are discussing how to save us at this moment."

"You have said everything. It is not convenient for me to say anything. So we should just wait here?"

Chen Jixiang was very relieved to see that the relationship between the two of them was eased so quickly.

"Brother Qin Yuan, the relationship between you two can finally be eased a little. This made me anxious."

"It's okay, you don't have to worry about it. Anyway, we are already like this, what can we do?"

It doesn't matter if we wait one day longer or one day less, let's wait for Du Bingbing's news. After all, he is the deputy chief of staff and his position is higher than ours.

And many things can be regarded as legitimate. We are now carrying out a highly confidential mission.

If we contact anyone in the country casually, without the permission of our superiors, we can't afford to accuse us of anything."

"It shouldn't be like this. Besides, Qin Yuan, don't you have other friends in the country? The Li Erniu you mentioned should be quite reliable. Hearing this name makes me feel that he is very reliable."

"Your name is not that good either. Don't laugh at other people's names. He has helped us a lot and secretly called Chen Shanming."

Chen Jixiang was very excited when he heard this name.

"Chen Shanming? Is it the Chen Shanming from the Langya Special Operations Brigade?"

"The probability of having the same name as him is not very high. Of course it's him, the leader of the Red Cell Special Operations Group of the Langya Special Operations Brigade."

"He is also a soldier I have heard of. He has appeared on the honor roll more than once. He is also a role model for many new recruits."

"Look at you, like a little fanboy. You have already met him today."

"I have met him. Who is he? In addition to meeting Efit, I also met a mercenary Scorpion today. You don't want to tell me that he disguised himself as a mercenary Scorpion to help us."

"You are just talking nonsense all day long. The people you met today are not only the two of them, but also the guy with the golden medal on the ship."

Chen Jixiang's eyes were about to pop out of his sockets.

"What did you say? Brother Qin Yuan, you said that the guy with the golden medal today is Chen Shanming, the leader of the Red Cell Special Operations Group of the Wolf Fang Special Operations Brigade?"

"Of course."

He Chenguang simply thought that Qin Yuan was joking with the brat in front of him, but he didn't expect that what he said was actually true.

"You really got him here. After all, he is the leader of the Red Cell Special Operations Group. His status and position are very special. Except for Thor, no one can let him do these things.

And with such a special status, how can he easily participate in a cross-border mission? You can't be telling the truth, right? In this way, more and more people will be involved by us."

"He Chenguang, what I said is indeed true. He came here today because of Li Erniu's matchmaking. He and Li Erniu are fellow villagers, and they are also very good friends who came to help us."

One-click Recovery Since I was a Special Soldier

Chapter 2344 A person runs into the muzzle of a gun?

"Really? Brother Qin Yuan, you didn't lie to me, did you? That's Chen Shanming! How could he come to such a place? And he disguised himself as a mercenary?!" Chen Jixiang's eyes widened, as if he had heard some Arabian Nights fairy tale, and his mouth was so wide that an egg could fit in it.

He Chenguang helplessly supported his forehead, feeling a little embarrassed by Chen Jixiang's inexperienced look. He explained helplessly: "Can you be a little more promising, don't be so surprised. What Qin Yuan said is true, Captain Chen is indeed here, but he is here to complete the mission, just like us."

"Mission? What mission? Can you tell me more specifically?" Chen Jixiang's curiosity was completely aroused, and he wanted to cut open the stomachs of He Chenguang and Qin Yuan to see what secrets were hidden inside.

"I can't tell you now, when the time is right, you will naturally know." Qin Yuan smiled mysteriously and did not directly answer Chen Jixiang's question.

Chen Jixiang wanted to ask more, but was stopped by He Chenguang. "Okay, don't ask anymore. Qin Yuan has his reasons for not saying anything. The most important thing for us now is to recover from our injuries and wait for the news from Deputy Chief of Staff Du."

"Okay." Although Chen Jixiang was unwilling, he still shut up obediently.

At this moment, the door of the room was suddenly kicked open by someone, and a burly man with a face full of flesh walked in. Behind him were several ferocious mercenaries, all holding shining weapons in their hands.

"Who are you? What do you want to do?!" Seeing this, He Chenguang and Qin Yuan immediately stood up alertly and protected Chen Jixiang behind them.

"Hehe, who we are is not important. What's important is that your lives are now in our hands!" The sturdy man said with a grin, his eyes flashing with greed, "If you know what's good for you, hand over everything on your body, and I can consider leaving you a whole body!"

"Just relying on you, a mob, dare to speak wildly?!" Qin Yuan sneered, a cold light flashed in his eyes.

"Boy, you are crazy! But I like it!" The strong man said, waving his hand, and the mercenaries behind him immediately rushed towards Qin Yuan and others.

"Looking for death!" Qin Yuan roared, and his body was like lightning, and he rushed into the crowd in an instant.

"Bang! Bang! Bang!"

A series of dull collisions sounded, and several mercenaries were knocked to the ground by Qin Yuan before they could react, wailing in pain.

"Damn, this kid is weird! Let's go together and kill him!" Seeing this, the strong man was shocked and hurriedly called the remaining mercenaries to besiege Qin Yuan together.

For a while, the small room was in chaos, and the shouts of killing were deafening.

However, although these mercenaries were numerous, they were as vulnerable as chickens and pottery dogs in front of Qin Yuan. He saw his fists and feet flying, and each move was fatal. Every blow could knock a mercenary out and hit him heavily on the wall, making a creepy bone-breaking sound.

"Bang!"

As the last mercenary fell to the ground, the room finally quieted down.

Qin Yuan clapped his hands, walked to the strong man with a calm face, looked down at him, and raised a cold arc at the corner of his mouth. "Now, do you still think you can kill me?"

The strong man was so scared that he trembled all over, his face was as pale as paper, and he couldn't say a word. He never thought that this seemingly thin young man in front of him actually had such terrifying strength!

"I'll give you one last chance. Tell me, who sent you?" Qin Yuan's voice was icy and piercing, as if it came from the Nine Nether Hell.

"Yes... yes..." The strong man was about to speak, but suddenly his eyes widened, with an unbelievable expression on his face.

"Puff!"

A stream of blood gushed out of his chest, and the strong man's body slowly fell down, his eyes wide open, and he died with his eyes wide open.

Qin Yuan frowned and looked down, only to see a thin silver needle inserted in the heart of the strong man, almost completely immersed in his body.

"Who is it?!" Qin Yuan raised his head suddenly, and scanned the surroundings with cold eyes, but found nothing.

The atmosphere in the room suddenly became weird.

Qin Yuan's cold eyes swept through every corner of the room like a blade, trying to find the enemy hiding in the dark. He was sure that the opponent's strength should not be underestimated, as he could approach him silently and kill him with one blow.

"Damn it, I said how dare these mercenaries come to provoke us, it turns out that someone is behind them!" He Chenguang cursed angrily, while observing the surroundings vigilantly.

Chen Jixiang also recovered from the shock. He was pale and asked in a trembling voice: "Brother Yuan, what should we do now? We seem to be targeted."

Qin Yuan did not answer. He walked to the body of the strong man and carefully examined the deadly silver needle. The silver needle is very ordinary, without any special features, but it is this kind of ordinariness that makes it even more weird.

"Since these people dare to come, it means they are not afraid of exposing their identities." Qin Yuan said lightly, "It seems that we have stirred up a hornet's nest this time."

"A hornet's nest?" He Chenguang was stunned for a moment, "Do you mean that there is a bigger force behind it?"

Qin Yuan did not speak, but just put away the silver needle, his eyes were deep, and I don't know what he was thinking.

At this time, a burst of hurried footsteps came, and Deputy Chief of Staff Du walked in quickly with several guards. Seeing the situation in the room, Deputy Chief of Staff Du's face suddenly changed.

"What's going on? These people are..."

"They were silenced." Qin Yuan said expressionlessly.

"Quiet?" Deputy Chief of Staff Du's pupils shrank, "It seems that we all underestimated our opponent's determination."

He walked to Qin Yuan and lowered his voice and said: "I have found some clues. This incident is probably related to a mysterious organization outside the country. This organization is powerful, cruel, and has connections with some high-level officials. There are so many connections, it's very tricky."

"Mysterious organization? High-level officials?" A cold light flashed in Qin Yuan's eyes, "It seems that this mission is more complicated than I imagined."

Deputy Chief of Staff Du patted Qin Yuan on the shoulder and said in a deep voice: "I know you are very strong, but this enemy is no small matter. You must be careful and protect yourself and your comrades."

"Don't worry, I won't let them down." Qin Yuan spoke firmly, with blazing anger in his eyes.

He knew that this mission was not only to fulfill the orders of his superiors, but also to avenge those dead comrades!

"By the way, there's one more thing." Deputy Chief of Staff Du suddenly remembered something and took out a metal box from his pocket and handed it to Qin Yuan, "This is what I was asked to give to you by the higher-ups. It's for your mission." key."

Qin Yuan took the box and felt it was cold in his hands. He slowly opened the box and saw a black chip lying quietly inside. Some strange symbols were engraved on the surface of the chip, exuding a mysterious atmosphere.

"What is this?" Qin Yuan frowned slightly, a trace of doubt flashing in his eyes.

"I don't know. The order from above just asked me to give this to you. It didn't say anything else." Deputy Chief of Staff Du shook his head and said solemnly, "But I think this chip should be related to this mission. , and that mysterious organization, there is some kind of ulterior secret..."

Qin Yuan weighed the metal box in his hand, and a chill spread directly from his fingertips to the bottom of his heart. The coldness of the box seems to imply that there is a huge danger hidden behind this chip, which is even enough to change the pattern of the world.

"What bullshit? It's mysterious." He Chenguang curled his lips at the side, "Brother Yuan, do you think there is some kind of virus in this chip? Or is it a design drawing of some high-tech weapon?"

"Virus? Weapon?" Chen Jixiang shuddered and turned even paler, "No way, what exactly is our mission this time? Why does it feel more and more evil?"

Qin Yuan ignored the two people's speculations. He put the metal box into his pocket and glanced at everyone in the room, including Deputy Chief of Staff Du, with cold eyes.

"Uncle Du, there are some things I want to talk to you alone."

Deputy Chief of Staff Du was stunned for a moment, then nodded and motioned for the others to go out first. There were only two of them left in the room, and the atmosphere suddenly became solemn.

"Tell me, what's going on?" Qin Yuan asked straight to the point, "What is this chip? And what is the origin of that mysterious organization?"

Deputy Chief of Staff Du sighed deeply. He knew that some things could no longer be hidden.

"Qin Yuan, do you believe that there is power beyond human cognition in this world?"

Qin Yuan frowned. He knew that what Deputy Chief of Staff Du was going to say next was definitely not trivial.

"The chip contains a top-secret project codenamed 'Hand of God'. This project is to study and control a...an energy from the universe."

"Cosmic energy?" Qin Yuan's pupils shrank, and he realized that he seemed to be involved in an unimaginable whirlpool.

"Yes, this energy has the power to destroy the world. Once it is mastered, it will completely change the world structure. And that mysterious organization will do whatever it takes to get this power!"

Deputy Chief of Staff Du paused and lowered his voice and said: "Qin Yuan, your mission is to stop them! Protect the chip, find the mastermind behind the 'Hand of God' plan, and destroy them!"

Qin Yuan remained silent. He knew that this mission was more dangerous and complicated than he imagined. But he didn't hesitate at all, because he was a soldier and obeying orders was his bounden duty!

"I understand." Qin Yuan spoke firmly, with perseverance shining in his eyes, "I will complete the task."

"Okay! I believe you!" Deputy Chief of Staff Du patted Qin Yuan on the shoulder, his eyes full of trust and expectation.

Qin Yuan turned and left the room. He needed time to digest this astonishing information, and even more time to formulate the next plan.

However, what he didn't know was that a greater crisis was quietly approaching...

That night, the military camp where Qin Yuan was located was suddenly attacked by unknown armed men. Gunshots and explosions resounded through the night sky, and flames shot into the sky. The entire military camp fell into chaos.

Qin Yuan woke up from his sleep. He was keenly aware that this attack was not accidental, but was aimed at himself and the chip!

He grabbed his clothes and rushed out of the room, just in time to see He Chenguang and Chen Jixiang fighting fiercely with a group of men in black.

"Damn it, where did these guys come from?!" He Chenguang fired back and cursed.

"Stop talking nonsense, stick out first!" Chen Jixiang leaned against the wall and nervously changed the magazine.

Qin Yuan's eyes were cold. He discovered that these men in black were well-trained and well-equipped. They were obviously not ordinary mercenaries.

"Their target is me. You retreat first, and I will break up the rear!"

"What? No, we have to go together!"

"This is an order!"

Qin Yuan roared angrily, and the gun in his hand spurted out angry flames, instantly knocking down several men in black. He rushed into the enemy camp like a tiger descending a mountain, using both fists and kicks. Every time he struck, there was fierce murderous intent. The men in black fell at his feet one after another, but they still moved forward.

Qin Yuan roared angrily, and the gun in his hand spurted out angry flames, instantly knocking down several men in black. He rushed into the enemy camp like a tiger descending a mountain, using both fists and feet. Every time he struck, there was fierce murderous intent. The men in black fell at his feet one after another, but they still rushed forward, as if they didn't know what fear was.

"Damn, are these grandsons robots? Why can't they be killed?!" He Chenguang cursed while shooting, beads of sweat dripping from his forehead.

"Stop talking nonsense, the bullets are running out!" Chen Jixiang leaned against the wall and nervously changed the magazine.

"I'll rush out first, you guys cover me!" Qin Yuan pulled He Chenguang over and pushed him to Chen Jixiang, "The chip is on me, their target is me!"

"Are you crazy? Are you going to hit a gun by yourself?" He Chenguang asked anxiously.

"Execute the order!" Qin Yuan shouted sharply, leaving no room for doubt.

He took a deep breath, sprang out of the bunker like a cheetah, and flexibly moved through the hail of bullets. The bullets almost flew past his body, but they were never able to hit him. He was agile and every dodge was just right, as if he was dancing on the edge of death.

"This guy is really a monster..." Chen Jixiang muttered to himself as he looked at Qin Yuan's figure.

Qin Yuan rushed to a jeep, smashed the window with one punch, opened the door, started the engine, and stepped on the accelerator. The jeep roared through the door and drove away.

"Chase! Don't let him run away!" Upon seeing this, the leader of the man in black roared and ordered.

Several black cars followed closely behind, chasing each other wildly in the night. The sound of gunshots, engine sounds, and tire friction intertwined to form a thrilling symphony of death.

Qin Yuan drove the jeep on the road, looking back from time to time to observe the movements of the pursuers. He knew that this was not the way to go and he had to find a way to get rid of them.

There was a fork in the road ahead. Qin Yuan turned the steering wheel without hesitation. The jeep made a screeching sound of tires and turned into the small road on the right.

This is a rugged mountain road with complicated road conditions, and it is even more difficult to identify in the night. However, Qin Yuan did not slow down at all. Instead, he pressed the accelerator to the bottom. The jeep was speeding on the mountain road like a wild horse running wild.

"Is this kid going to die? I can't even drive fast on this road!" He Chenguang looked at the positioning on the screen and couldn't help but exclaimed.

One-click Recovery Since I was a Special Soldier

Chapter 2345 It's all right now

"Don't worry about him, let's follow him!" Chen Jixiang made a prompt decision.

Two military off-road vehicles followed closely behind and drove into the dark and rugged mountain road.

Qin Yuan drove the car, but his thoughts went back to a few days ago. That day, he received a secret mission from his superiors to go to the border to perform a top-secret mission. The target was a mysterious organization code-named "Hand of God".

According to intelligence, the "Hand of God" organization has been secretly studying a powerful energy from the universe, attempting to use this energy to control the world. And Qin Yuan's mission is to sneak into the organization, destroy their plans, and seize their research results.

Qin Yuan sneaked into the enemy's rear alone, and with his strong strength and extraordinary wisdom, he successfully broke into the "Hand of God" organization. He found that the members of this organization came from all over the world with complex identities, including some crazy scientists and desperate people. In order to achieve their goals, they will do whatever it takes, even at the expense of innocent lives.

During an operation, Qin Yuan accidentally obtained a chip, which stored all the secrets of the "Hand of God" organization, including the secrets of cosmic energy they studied.

Qin Yuan realized the importance of this chip and decided to bring it back to his motherland at all costs. However, his whereabouts were soon discovered by the "Hand of God" organization, and a hunt began...

"Squeak--"

The jeep braked suddenly and stopped on the side of the road. Qin Yuan opened the door and walked down. In front of him was a dense forest, and the moonlight fell through the gaps in the leaves, forming mottled light and shadows on the ground.

He looked back and saw several beams of car lights approaching quickly from a distance.

"Are you here?"

Qin Yuan raised a sneer at the corner of his mouth, raised the chip in his hand high, and whispered to the moonlight: "The game has begun..."

Qin Yuan walked into the forest, and the tall trees blocked the sky, and the moonlight could only sprinkle a few spots of light sporadically. The sound of the engine behind him was getting closer and closer, and he knew that those people would catch up soon.

"A bunch of bastards, do you really think you can keep me?" Qin Yuan sneered, with a hint of ruthlessness in his eyes.

He pulled out a military dagger from his waist and carved a few symbols on the tree trunk. This was a contact code that only their troops had. If there were people nearby, they would naturally understand it after seeing it.

After doing all this, Qin Yuan did not stop, but continued to walk deep into the forest. He knew that since those people dared to chase here, they must have been prepared. Instead of waiting to die, it would be better to take the initiative and catch them off guard.

In the dense woods, there was silence, only the light footsteps of Qin Yuan were echoing. He was like a ghost, shuttling in the dark, keenly capturing all the movements around him.

Suddenly, Qin Yuan's ears moved slightly, and he heard slight footsteps and the sound of branches breaking. Someone was approaching!

He raised a sneer at the corner of his mouth, flashed, and quickly hid behind a thick tree, holding his breath, quietly waiting for the arrival of the prey.

"Damn, where did this guy run off to? There's not even a ghost in this damn place!" A rough voice broke the tranquility of the forest.

"Don't talk nonsense, search carefully! This kid has important things on him, and he must not run away!" Another voice said coldly, with an unquestionable order.

Qin Yuan poked his head out from behind the tree and saw the people clearly in the faint moonlight.

There were five people in total, wearing black combat uniforms, with oil paint on their faces, holding guns in their hands, and carefully searching forward. They were the people who chased him before.

"Heh, five people dare to chase me? They really don't know how to live or die!" Qin Yuan's eyes flashed with disdain, and he decided to teach this group of ignorant guys a lesson.

He flashed, like a cheetah, quietly approaching one of the men in black.

"Who?!" The man in black seemed to have noticed something, turned around suddenly, but only saw a black shadow flashing by.

Before he could react, Qin Yuan had already made a lightning move, and the dagger flashed with cold light, piercing his throat accurately.

"Ugh..." The man in black covered his neck, uttered a painful groan, and then fell straight down, without any sound.

"Old Three!"

"What's going on?!"

The other men in black heard the noise and turned around, but they only saw a corpse lying on the ground, and they were immediately shocked.

"Enemy attack! He's there!"

One of the men in black found Qin Yuan hiding behind the tree, and immediately shouted a warning, while holding up the gun and shooting wildly in the direction of Qin Yuan.

"Da Da Da..."

The bullets shot like raindrops, and the branches were hit and sawdust flew everywhere, but Qin Yuan easily dodged them.

"A trick!"

Qin Yuan snorted coldly, and his figure disappeared again.

"Damn! Where is he?!"

The men in black panicked and looked for Qin Yuan everywhere, but they could not find his trace, as if he had disappeared out of thin air.

At this moment, a cold voice sounded in their ears:

"Are you looking for me?"

Before the voice fell, a black shadow flashed by, and a man in black had his neck twisted before he could react, and fell to the ground.

"Old Five!"

The remaining men in black were terrified. They realized that they were facing an extremely terrifying opponent, but now it was too late!

"Bang!"

Another man in black fell in a pool of blood. Qin Yuan didn't even look at him, as if he was pinching an ant to death. He was like a lone wolf hunting, wandering in the dark forest, and every move was deadly.

"Damn, is this guy a monster?!" The only two remaining men in black stood back to back, looking around in horror, with cold sweat dripping down their foreheads. They had never seen such a terrible opponent, who was simply not a human, but a cold-blooded killing machine!

"Don't be afraid, we still have two people, he only has one person, I don't believe he won't get tired!" One of them cheered himself up, and at the same time raised the gun in his hand, trying to lock Qin Yuan's figure.

"Really?"

The cold voice came from behind them, and the two of them were immediately horrified. Before they could turn around, they felt a chill on their necks, and then lost consciousness.

Qin Yuan slowly retracted the dagger, which still had warm blood on it. Without even looking at the corpse on the ground, he turned and walked towards the depths of the forest, leaving only one sentence echoing in the night sky:

"This is just a warning. If you dare to come again, you will be killed without mercy!"

...

Three days later, a piece of news spread throughout the underground world, shocking countless people.

The "Black Snake" mercenary group, a notorious armed force with hundreds of people, was destroyed overnight!

What's even more shocking is that according to the traces at the scene, the murderer was only one person!

For a time, all kinds of speculations and rumors were rampant, and people were speculating who had such terrifying strength that they could destroy the "Black Snake" mercenary group single-handedly.

As the initiator of all this, Qin Yuan was in a prosperous city at the moment. He changed out of his combat uniform, wearing a black windbreaker, a black peaked cap, and a pair of sunglasses on his face, hiding himself in the crowd, looking inconspicuous.

He had only one purpose for this trip, which was to find the murderer who killed his family that year and avenge him!

"I won't let anyone who participated in this incident go!" Qin Yuan's eyes flashed with a cold light, and he clenched his fists.

He walked into a bar, ordered a glass of wine, and slowly tasted it while observing the surrounding environment with his peripheral vision.

This bar is a mixed bag of people, where all kinds of people gather, and it is also the best place to get information.

"Hey, brother, it's boring to drink alone, do you want to join us?" A greasy voice sounded in Qin Yuan's ears.

Qin Yuan turned his head and saw a fat man with a face full of flesh and a gold chain around his neck looking at him with a greedy light in his eyes.

"Get lost!" Qin Yuan spit out a word coldly, and a trace of disgust flashed in his eyes.

"Oh, kid is quite arrogant? Do you know who I am?" Seeing that Qin Yuan didn't know how to show respect, the fat man was immediately angry and reached out to grab Qin Yuan's collar.

However, before his hand touched Qin Yuan, he felt a chill on his wrist, and then a sharp pain came, making him scream.

"Ah!"

Looking down, he saw a chopstick stuck in his wrist, and blood was slowly flowing down the chopstick.

"You..." The fat man looked at Qin Yuan in horror, his eyes full of fear. He never thought that this seemingly thin young man would have such a cruel method.

"If you dare to bother me again, it will not be as simple as a chopstick." Qin Yuan said coldly, with an unquestionable killing intent in his tone.

The fat man trembled with fear, covered his wrist and ran away.

When the people around saw this scene, they all avoided Qin Yuan's eyes, fearing that they would get into trouble.

Qin Yuan ignored the eyes around him and continued to taste the wine in his hand, as if nothing had happened.

Just then, a news suddenly played on the TV in the bar, which attracted Qin Yuan's attention.

"Recently, a vicious kidnapping case occurred in this city. The victim was a young woman, and her whereabouts are currently unknown..."

A photo appeared on the news screen. The girl in the photo looked sweet, with a hint of fear on her face.

Seeing this photo, Qin Yuan's pupils shrank and a surge of anger surged from the bottom of his heart.

He knew this girl!

The photo of the girl in the news deeply hurt Qin Yuan's heart. The girl's name is Lin Wan. She is his childhood sweetheart who grew up together. The two are as close as brothers. In the disaster that year, Lin Wan escaped by chance, but lost all her relatives and was sent to an orphanage. Qin Yuan has been looking for Lin Wan's whereabouts for these years, but there has been no news. He didn't expect to get news about her in this way.

"Damn it!" Qin Yuan punched the table, the cups and plates shook, and the surrounding customers cast surprised eyes. He didn't care about these, grabbed his coat, and rushed out of the bar.

According to the clues provided by the news, Qin Yuan tracked all the way and finally found suspicious traces outside an abandoned factory. He sneaked into the factory and, with his super perception, avoided the sentries and sentries, and soon found the place where Lin Wan was imprisoned.

It was a dilapidated warehouse, and the air was filled with dampness and mold. In the center of the warehouse, Lin Wan was tied to a chair, her mouth sealed with tape, her body covered with scars, and she was obviously tortured. Seeing this scene, Qin Yuan's eyes were bloodshot, and an unprecedented anger burned in his chest.

"Wan'er, don't be afraid, I'm here to save you!" Qin Yuan comforted softly, and quickly stepped forward to untie the rope on Lin Wan.

"Don't move!"

A rough voice suddenly sounded, and the door of the warehouse was kicked open. A dozen armed strong men rushed in and surrounded Qin Yuan. The leader was a bald strong man with a face full of flesh, holding a shining machete in his hand. The scar extended from his left eyebrow to the corner of his mouth, making him look ferocious.

"Boy, who are you? Dare to break into our territory, are you tired of living?" The scarred man said viciously, his tone full of threats.

Qin Yuan ignored the scarred man's threats, his eyes always stayed on Lin Wan, his eyes were full of worry and heartache. Seeing Qin Yuan's eyes, Lin Wan shook her head desperately, signaling him to leave quickly.

"I'll say it again for the last time, if you don't want to die, get out!" The scarred man saw Qin Yuan ignoring his words, and he was furious, waving the machete and slashing at Qin Yuan.

"Looking for death!" Qin Yuan's eyes flashed with a cold light, and his body slightly turned to avoid the scarred man's attack easily. He made a lightning-fast move, grabbed the scarred man's wrist and squeezed it hard.

"Crack!"

The sound of bones breaking echoed clearly in the warehouse, and the scarred man screamed like a pig being slaughtered, and the machete in his hand fell to the ground. Qin Yuan had no mercy at all, and kicked the scarred man in the chest and kicked him out.

"Bang!"

The scarred man hit the wall heavily, and then slid down like a puddle of mud, and his life or death was unknown. The younger brothers around saw this scene, and they were so scared that their livers and gallbladders broke, and they retreated one after another, not daring to move forward.

"If you don't want to die, get out!" Qin Yuan glanced at everyone coldly, his tone was icy and piercing.

Those younger brothers looked at each other, and finally chose to save their lives, one by one throwing away their armor and fleeing in embarrassment.

In a blink of an eye, only Qin Yuan and Lin Wan were left in the warehouse. Qin Yuan walked quickly to Lin Wan and carefully untied the ropes and tape on her body.

"Wan'er, how are you? Did they do anything to you?" Qin Yuan looked at the scars on Lin Wan's body and asked distressedly.

"I'm fine, Brother Qin Yuan, why are you here? They are all bad guys, go away!" Lin Wan said weakly, struggling to get up.

"Don't be afraid, Wan'er, it's okay now, I won't let anyone hurt you again!" Qin Yuan hugged Lin Wan tightly in his arms, his tone gentle and firm.

"Brother Qin Yuan..." Lin Wan tightly grasped the corner of Qin Yuan's clothes, tears burst out, all these years, she missed Qin Yuan all the time, now finally saw him again, the grievance and fear in her heart could no longer be suppressed.

At this moment, there was a sudden sound of chaotic footsteps outside the warehouse door, accompanied by a burst of crazy laughter:

"Hahaha, what a pair of unfortunate mandarin ducks, today I will let you become a pair of desperate mandarin ducks!"

Qin Yuan's face changed, and he looked up, only to see a tall middle-aged man in a black suit slowly walking in at the door of the warehouse. He had a sinister smile on his face, holding a pistol in his hand, and the black muzzle of the gun was pointed at Qin Yuan and Lin Wan.

Chapter 2346: Settle the score with Zhao Tianlong!

"Who are you?" Qin Yuan narrowed his eyes and asked coldly, an ominous premonition welling up in his heart.

"Haha, you are Qin Yuan, right? It doesn't matter who I am, what's important is that someone paid a big price to buy your lives!" The middle-aged man said, a cold light flashed in his eyes, and his index finger slowly pulled the trigger...

The smile on the middle-aged man's lips grew wider, and he gently pulled the trigger with his index finger. The deafening gunshot he imagined did not sound. He looked at the muzzle of the gun in confusion and saw a black shadow flashing past. The pistol had changed hands.

Qin Yuan played with the pistol casually, and the black muzzle of the gun dangled in front of the middle-aged man's eyes, which made him feel terrified.

"Are you fucking kidding me?!" the middle-aged man yelled sternly, as if he wanted to cover up his fear in this way.

Qin Yuan ignored his clamor and just asked lightly: "Who sent you here?"

The middle-aged man frowned and said harshly: "I never leave my name behind when I do things!"

"A tough talk? Haha, I want to see if your bones are that hard too!" Qin Yuan sneered and hit the middle-aged man's knee hard with the butt of the gun in his hand.

"Crack!"

The sound of broken bones echoed in the warehouse along with the screams of a slaughtered pig. The middle-aged man fell to his knees in pain, his clothes instantly soaked in cold sweat.

"I said! I said!" The middle-aged man finally collapsed, wailing and begging for mercy, "It's...it's the Zhao family..."

"Zhao family?" Qin Yuan's eyes flashed coldly, "Which Zhao family?"

"It's... that's the Zhao family in the north of the city. The head of the Zhao family... Zhao Tianlong, he... he gave me five million and asked me... to kill you..." the middle-aged man said intermittently, his voice trembling with fear.

"Zhao Tianlong..." Qin Yuan repeated the name in a low voice, with murderous intent in his eyes, "Very good, very good. It seems that it is time to settle some accounts!"

He turned to look at Lin Wan, his eyes instantly became gentle, "Wan'er, don't be afraid, I will take you out of here right now."

With that said, he bent down and picked up Lin Wan, turned around and walked out of the warehouse.

"Wait!" Lin Wan suddenly grabbed the corner of Qin Yuan's clothes, her eyes a little complicated, "Brother Qin Yuan, can you...can you not kill him first?"

Qin Yuan was slightly stunned and asked in confusion: "Why? He wants to kill us!"

"I know, but...but he also has a daughter, who is only five years old..." Lin Wan bit her lip, a trace of unbearable flashing in her eyes, "I...I promised him that I would take good care of his daughter..."

Qin Yuan was silent. He did not expect that Lin Wan would still want to take care of his enemy's daughter in this situation. He looked at Lin Wan's clear eyes, and felt an indescribable tenderness in his heart.

"Okay, I promise you." Qin Yuan finally nodded. He knew that he could never refuse Lin Wan's request.

He knocked the middle-aged man unconscious and then left the warehouse with Lin Wan.

The night was dark, and the moonlight poured down like water, illuminating the backs of the two people as they left.

However, shortly after they left, a pair of cold eyes slowly opened in the shadow of the warehouse...

Qin Yuan held Lin Wan's slender waist with one hand, and played with the pistol casually with the other hand, as if it was not a deadly weapon but an exquisite toy. The wailing sound of the middle-aged man gradually faded away behind him. The night wind was mixed with the smell of blood and fear, but this did not affect Qin Yuan's mood at all.

"Wan'er, don't worry. Whatever Zhao Tianlong owes you and your family, I will make him repay it ten times and a hundred times!" Qin Yuan looked down at Lin Wan in his arms, his tone gentle but with unquestionable firmness.

Lin Wan nodded gently and leaned her head on Qin Yuan's chest. Listening to his strong heartbeat, a ripple appeared in her heart. She knew that Qin Yuan would do what he said, and he would seek all justice for her and himself.

The two of them returned to Lin Wan's rented cabin in silence. When I opened the door, a musty smell hit my face. Under the dim light, there was only a shabby wooden bed and a table in the small room, which were piled with messy clothes and books.

Qin Yuan frowned slightly, a trace of distress flashed in his eyes. He gently placed Lin Wan on the bed, then looked around and said coldly: "Is this where you live?"

Lin Wan lowered her head and hummed softly, her voice as thin as a mosquito.

"Damn Zhao Tianlong!" Qin Yuan slammed his fist on the table, and the wooden table immediately fell into pieces and let out a moan. He vowed to make Zhao Tianlong pay a heavy price for what he had done!

"Brother Qin Yuan, don't be angry. I'm fine." Lin Wan pulled Qin Yuan's clothes and comforted her softly.

Qin Yuan took a deep breath and suppressed the anger in his heart. He turned around and gently hugged Lin Wan into his arms, "Wan'er, I'm sorry for making you feel wronged."

"Brother Qin Yuan, don't say that. It's me who's dragging you down." Lin Wan's eyes turned slightly red, "If it weren't for me, you wouldn't..."

"Fool, what are you talking about?" Qin Yuan gently interrupted her, "You are my woman, and protecting you is a matter of course! What's more," a cold light flashed in his eyes, "That Zhao Tianlong Old man, I was going to settle the score with him!"

Lin Wan stopped talking and just buried her head in Qin Yuan's arms, feeling his warm embrace and reassuring breath. At this moment, she felt extremely happy and at ease, as if all the suffering and grievances had disappeared.

Suddenly, Qin Yuan frowned, and he keenly sensed that a dangerous breath was approaching. He gently pushed Lin Wan away and whispered, "Wan'er, stay here and don't move. I'll go and take a look."

Before he finished speaking, a black shadow broke through the window and rushed straight towards Qin Yuan.

"Looking for death!" Qin Yuan snorted coldly, and his figure flashed, easily dodging the attack of the black shadow. He looked closely and saw a short man in black holding a dagger, staring at him viciously.

"Who are you? Did Zhao Tianlong send you?" Qin Yuan asked coldly, with murderous intent in his eyes.

The man in black did not speak, but sneered, and waved the dagger at Qin Yuan again. However, his speed was like a turtle's speed in Qin Yuan's eyes. Qin Yuan easily dodged his attack, and then made a lightning-fast move, grabbed his wrist, and twisted it hard...

"Crack!"

The sound of broken bones was particularly harsh in the silent room.

"Ah!"

The man in black screamed, and the dagger in his hand fell to the ground.

"Tell me, who sent you?" Qin Yuan emphasized his tone, and the cold light in his eyes became even colder.

"Hmph, you want to know? Go to hell and ask the King of Hell!" The man in black gritted his teeth and said, with a flash of determination in his eyes.

"Want to die? It's not that easy!" Qin Yuan sneered and was about to force the mastermind behind the scenes. Suddenly, a strange fragrance emanated from the man in black, and Qin Yuan felt dizzy...

Qin Yuan frowned, this strange fragrance... is the soul-stirring fragrance! He should have thought of it earlier, why would Zhao Tianlong, the old fox, send such a vulnerable guy to die. It seems that the real killer is still to come.

Qin Yuan resisted the dizziness in his mind and grabbed the collar of the man in black, asking coldly, "Where is the antidote?"

The man in black saw that the incense had no effect on Qin Yuan, and a trace of fear flashed in his eyes, but he soon regained his previous arrogance. He spat out a mouthful of blood and grinned, "You wish! Even if I die, I will drag you down with me!"

"You're looking for death!" Qin Yuan's eyes flashed with cold light, and he was about to take action, but suddenly heard a chaotic sound of footsteps outside the door, accompanied by a few rough shouts: "Search for me! That kid must be hiding here!"

Not good! It's Zhao Tianlong's people! Qin Yuan secretly said in his heart that it was not good. It seemed that Zhao Tianlong had been prepared and was planning to catch him and Lin Wan in one fell swoop!

"Wan'er, go!" Qin Yuan pulled Lin Wan up and pushed her to the window, "Jump from here, quickly!"

Lin Wan's face was pale, her eyes were full of fear, she shook her head, tightly grasped Qin Yuan's arm, and trembled: "No, I won't go! I want to be with you!"

"Don't be silly, now is not the time to be willful!" Qin Yuan said sternly, "Be obedient, go quickly! Only when you are safe, I can let go!"

"But..."

"No buts! This is an order!" Qin Yuan's tone was unquestionable. He broke Lin Wan's hands apart, and then pushed her out of the window with a sudden push.

"Brother Qin Yuan!" Lin Wan exclaimed, and her figure disappeared into the night.

Qin Yuan took a deep breath, suppressed the worry and reluctance in his heart, turned around and looked at the thugs who had broken into the door, with a cold smile on his lips.

"You're just in time! I'll make sure you never come back today!"

...

With a loud "bang!", the door of the rental house was violently opened, and more than a dozen thugs holding steel pipes filed in, led by Zhao Tianlong's personal bodyguard, Scarface.

"Search carefully! That guy is quite skilled, be careful!" Scarface said viciously, and he scanned the room fiercely, but found that the room was empty.

"Strange, where is the person?" Scarface frowned, could it be that he got the news and ran away in advance? Impossible, his own people have been guarding outside, it is impossible for someone to tip off.

"Boss, there seems to be a tunnel here!" A sharp-eyed thug suddenly pointed under the bed and shouted.

Scarface walked over and saw that there was a dark hole under the bed, and a cold and damp breath emanated from the hole.

"Damn, this kid is quite playful!" Scarface sneered, "Chase him! I want to see where he can run to!"

...

Qin Yuan held Lin Wan and quickly passed through the narrow and humid sewer. The filthy air was filled with a disgusting smell. From time to time, the squeaking of mice came from above her head, making Lin Wan feel sick.

"Brother Qin Yuan, where are we going?" Lin Wan hugged Qin Yuan's neck tightly, with a tremor in her voice.

"Don't be afraid, Wan'er, we will be safe soon." Qin Yuan comforted softly, but he had no idea in his heart. This sewer was complicated and complicated. It was his first time here and he didn't know where the exit was.

"Damn it, I should have solved that old thing Zhao Tianlong first!" Qin Yuan cursed in his heart. It was all his fault that he was too careless and fell into Zhao Tianlong's trap.

At this moment, a burst of light suddenly came from the front, accompanied by a noisy sound.

Qin Yuan was happy in his heart. Could it be the exit?

Qin Yuan felt Lin Wan's cold fingers, tightly grasping his arm, as if grasping the last straw to save his life. His heart softened, and he whispered to comfort her: "Don't be afraid, I'm here."

"Hmm..." Lin Wan's voice was weak and tinny. After all, she was just a weak girl. Faced with this situation, fear was inevitable.

With the faint light, Qin Yuan discovered that the so-called "exit" was just a sewage outlet, exuding a stench. He frowned, but now he had no choice but to bite the bullet and get out.

"Ahem..." As soon as he came out of the cave, a strong putrid smell hit his face, choking Qin Yuan and almost breathed his last. He quickly covered Lin Wan's mouth and nose and pulled her aside.

"Ugh..." Lin Wan finally couldn't help it, bent down and retched.

Qin Yuan patted her back gently, and after she calmed down, he asked in a low voice: "Are you okay?"

"Well..." Lin Wan nodded weakly, "Where are we now?"

Qin Yuan looked up and looked around, and found that they were next to a garbage dump. There were several dim street lights flickering not far away, and he could vaguely make out that this was a remote alley.

"It seems we are safe for now." Qin Yuan breathed a sigh of relief and helped Lin Wan stand up.

"Brother Qin Yuan..." Lin Wan suddenly grabbed the corner of his clothes, her voice trembling, "I... I'm afraid..."

Qin Yuan looked down at her and saw that her face was pale and her eyes were full of fear. She was obviously frightened by what she had just experienced. He felt a pain in his heart, took her into his arms, and comforted her softly: "Don't be afraid, Wan'er, everything is over."

Lin Wan snuggled into his arms, feeling his warm body temperature, and the fear in her heart gradually dissipated. She closed her eyes and breathed in his breath greedily, as if she could forget all her uneasiness.

"Brother Qin Yuan, what should we do next?" After a long time, Lin Wan raised her head and asked softly.

"I will take you out of here and go to a safe place." Qin Yuan said firmly, with a cold light flashing in his eyes, "When you are settled, I will go to Zhao Tianlong to settle the score!"

"Yes!" Lin Wan nodded vigorously. She believed in Qin Yuan just like she believed that the sun would rise from the east.

At this moment, a burst of rapid footsteps came from the alley, accompanied by several rough shouts: "Search for me! That kid must be hiding around here!"

Qin Yuan's expression changed, Zhao Tianlong's people were chasing him! He pulled Lin Wan and hid behind a trash can, sticking his head out to observe the situation.

I saw Scarface rushing into the alley with a dozen thugs, holding machetes and steel pipes in their hands, as if they were going to cut Qin Yuan into pieces.

"Damn, this kid runs pretty fast!" Scarface spat and said viciously, "Search carefully for me, even if you dig three feet into the ground, you have to find him!"

"Yes!" The thugs agreed loudly and began to rummage through the alleys, even leaving the trash cans unattended.

Qin Yuan hid behind the trash can, listening to the footsteps getting closer and closer, feeling extremely anxious. He glanced at Lin Wan beside him and found that she was biting her lips tightly, trying not to make a sound.

Chapter 2347 Seeking Death!

"It seems that there is no escape this time..." Qin Yuan sighed in his heart and clenched his fists.

At this moment, his eyes suddenly fell on a motorcycle not far away.

Qin Yuan's mind turned rapidly, and a bold idea emerged in his mind. He pressed Lin Wan behind the trash can and whispered: "Wan'er, wait for me here, don't go anywhere."

"What are you going to do? Brother Qin Yuan!" Lin Wan had a bad premonition in her heart and reached out to grab him.

"Don't worry, I will be fine." Qin Yuan gently patted the back of her hand, and a playful arc appeared at the corner of his mouth, "Just watch here, how I play Zhao Tianlong and his group of trash around!"

After saying that, he no longer hesitated, rushed out in one step, and went straight to the motorcycle.

"There! Catch him!" Scarface's eyes were sharp, and he saw Qin Yuan at a glance, and he immediately shouted excitedly.

A dozen thugs pounced on Qin Yuan like hungry wolves, with machetes and steel pipes in their hands, as if they were going to tear him into pieces.

Qin Yuan sneered. Facing this mob, he didn't take it seriously at all. His figure flashed like a ghost, easily dodging all attacks, and at the same time, his fists fell like raindrops, accurately hitting the vital points of each thug.

"Bang! Bang! Bang!"

A series of dull collisions sounded, accompanied by a few screams, and those thugs fell to the ground and wailed like wheat being cut down.

Scarface couldn't help but take a breath of cold air when he saw this. He never thought that this seemingly thin young man actually had such terrifying skills!

"Damn it, come on! Come on! Whoever dares to retreat, I will chop him!" Scarface roared fiercely, waving the machete in his hand to give himself courage.

However, his threat did not work at all. Those thugs were already scared by Qin Yuan, and they were afraid to move forward, fearing that they would become the next unlucky person.

Qin Yuan approached Scarface step by step, and the smile on his mouth became colder and colder, as if the god of death was approaching, which made Scarface feel creepy.

"You...what do you want to do?" Scarface's voice trembled a little, and he said calmly, "I tell you, I am Zhao Tianlong's man. If you dare to touch a hair of mine, he will never let you go!"

"Zhao Tianlong?" Qin Yuan sneered disdainfully as if he had heard a funny joke, "A waste who can only hide behind a woman, is worthy of my attention?"

"You..." Scarface was speechless. Although he was Zhao Tianlong's subordinate, he also knew the details of his boss, that is, a second-generation ancestor who relied on the family power to bully others. In terms of ruthlessness and means, compared with the killing god in front of him, it was simply a world of difference.

"You... don't come over here!" Scarface retreated in fear, but accidentally tripped over the garbage on the ground and sat on the ground, looking miserable.

Qin Yuan looked down at him, his eyes full of ridicule and disdain. He slowly squatted down, stretched out his hand to pinch Scarface's chin, and said in a stern tone: "Go back and tell Zhao Tianlong to clean his neck and wait, I will go to him soon to settle accounts!"

After that, he suddenly threw his hand and threw Scarface aside like garbage. Then, he ignored the people wailing on the ground, walked straight to the motorcycle, rode on it,

stepped on the accelerator, and the motorcycle made a roar, rushed out like an arrow from a string, and disappeared into the night.

Only Scarface and others were left lying on the ground, looking at Qin Yuan's back in shock, and couldn't come back for a long time...

Qin Yuan rode a motorcycle, like a black lightning, shuttling through the night. The wind whistled in his ears, and the light and shadow of the street lamp quickly passed over his face, reflecting a coldness. He knew that Zhao Tianlong would not give up, and what happened tonight was just the beginning.

Returning to the downstairs of Lin Wan's house, Qin Yuan turned off the engine, and the heavy motorcycle made a reluctant roar. He looked up and saw the warm light from the windows on the third floor, which was particularly conspicuous in the night.

"Are you back?" Lin Wan opened the door and saw Qin Yuan, who was safe and sound, and was obviously relieved, but then frowned again, "Why did you come back on someone else's motorcycle? Where is your own car?"

"A little trouble, solved." Qin Yuan smiled faintly and handed her the helmet, "Put it up for me."

Lin Wan took the helmet and did not ask any more questions, but whispered: "Come in first."

Inside the house, the warm yellow light dispelled the chill of the night, and the faint aroma of food filled the air, making Qin Yuan feel a long-lost warmth.

"Why are you cooking? Didn't I say I'll do all these things?" Qin Yuan looked at the steaming food on the table, his heart warmed, but his tone remained calm.

"Wait for you to come back to cook? I don't know how long you'll be hungry." Lin Wan rolled her eyes at him, with a hint of anger in her tone, "Go wash your hands and eat."

It was a simple meal, but the two of them ate in silence. Qin Yuan's mind kept flashing past fragments, and the flames of hatred burned in his heart, making him unable to calm down. Lin Wan carefully observed his expression, her heart full of worry and uneasiness.

"Are you... okay?" Lin Wan hesitated for a moment, but couldn't help asking.

Qin Yuan raised his head, met her concerned eyes, and a faint smile appeared at the corner of his mouth: "I'm fine, don't worry."

"But..." Lin Wan wanted to say something else, but was interrupted by Qin Yuan.

"Lin Wan," Qin Yuan put down his chopsticks and looked at her deeply, "There are some things I have to do. Don't worry, I will definitely do what I promised you."

"I know." Lin Wan lowered her head, her voice choked, "I'm just... worried about you."

"Silly." Qin Yuan reached out and gently stroked her hair, "I'll be fine. When I finish these things, we will..."

His words stopped abruptly, his eyes suddenly became sharp, and he turned his head to look out the window.

"What's wrong?" Lin Wan was startled by his sudden change. She followed his gaze and saw only a dark night sky.

"There is murderous intent." Qin Yuan spit out three words coldly, with a cold light flashing in his eyes.

Almost at the same time, a loud noise came, and the whole building shook violently. Lin Wan screamed, and before she could react, she was pulled up by Qin Yuan and protected behind him.

"Boom!"

Another loud noise, the living room window exploded instantly, countless glass fragments flew out, reflecting a frightening cold light under the light.

A black shadow broke through the window, carrying a chilling murderous aura, and rushed straight to Qin Yuan.

"Looking for death!" Qin Yuan's eyes were filled with murderous intent, and he pushed Lin Wan away, and at the same time, his figure flashed and rushed towards the black shadow.

The fists and palms collided, making a dull explosion.

"It's you?!" Seeing the face of the person who came, Qin Yuan's eyes flashed with a hint of surprise.

The person who came was none other than the scarred face he had taught a lesson before!

"Boy, you dare to embarrass my boss, today I will let you die without a burial place!" Scarred face was hideous, his eyes were full of resentment and madness.

"Just you?" Qin Yuan sneered, his eyes full of disdain, "Isn't the lesson I taught you last time enough?"

"Stop talking nonsense! I'll kill you!" Scarface roared, and rushed forward again, with a shining dagger in his hand, stabbing Qin Yuan's chest.

Qin Yuan did not dodge, and a cold arc appeared at the corner of his mouth. At the moment when the tip of the knife was about to touch his clothes, he turned his body to the side, dodging the attack of Scarface by a millimeter, and at the same time, he made a lightning move and grabbed his wrist.

"Crack!"

With a crisp sound, Scarface's wrist was twisted by Qin Yuan, and the dagger in his hand fell to the ground.

"Ah!" Scarface screamed miserably, cold sweat broke out on his forehead, and his eyes were full of fear.

"With this little ability, you dare to come and die?" Qin Yuan looked at him coldly, without any mercy in his eyes.

"You... don't be so proud!" Scarface gritted his teeth while enduring the severe pain, "My boss's men will be here soon, and you'll just have to wait for death!"

"Really?" Qin Yuan raised a playful arc at the corner of his mouth, "I want to see who dies first!"

As soon as he finished speaking, a burst of hurried footsteps suddenly came from outside the door, and then a dozen big men in black entered one after another, surrounding Qin Yuan and Lin Wan.

The leader was tall, dressed in a suit and leather shoes, with a pair of gold-rimmed glasses on his face. He was gentle, but gave people a sense of majesty without anger.

"Zhao Tianlong!"

Seeing the person coming, Qin Yuan's eyes flashed with cold light, and the murderous intent on his body instantly reached its peak.

Zhao Tianlong pushed his gold-rimmed glasses and raised a cold smile, "Qin Yuan, we meet again. It seems that the lesson I taught you last time was not deep enough."

"Deep?" Qin Yuan sneered disdainfully, "Those useless subordinates of yours are not even qualified to tickle me, how can they be qualified to talk about lessons?"

"Boy, you are stubborn!" A big man in black standing behind Zhao Tianlong shouted angrily, "I'll let you know what it means to live a life worse than death!"

"Shut up!" Zhao Tianlong glanced at the subordinate coldly, then turned his gaze to Qin Yuan again, with a hint of viciousness in his eyes, "Qin Yuan, I admit that you have some skills, but two fists can't beat four hands. Do you really think you can walk out of here alive?"

"Can you walk out alive? You will know if you try it?" Qin Yuan's eyes flashed with cold light, and a powerful momentum burst out from him, oppressing the air around him as if it were solidified.

Zhao Tianlong was shocked, this kid's strength seemed to have improved a lot!

However, the people he brought with him were not comparable to those drunkards before. Each of them was a tough guy who had experienced hundreds of battles. Today, Qin Yuan must be kept here no matter what!

"Go! Kill him!" Zhao Tianlong's face darkened and he shouted sternly.

A dozen black-clothed men received the order and rushed towards Qin Yuan like a tiger descending from the mountain, waving their machetes and iron rods.

Facing this group of ferocious enemies, Qin Yuan did not show any fear on his face, but instead showed a bloodthirsty sneer.

"Looking for death!"

He roared, his figure flashed like a ghost, and he rushed into the crowd in an instant.

"Bang! Bang! Bang!"

Fists and feet collided, making a series of dull sounds.

Although those black-clothed men were numerous, they were as vulnerable as chickens and dogs in front of Qin Yuan. In almost a blink of an eye, seven or eight people fell to the ground, wailing.

"Waste! All of them are a bunch of waste!" Zhao Tianlong's face suddenly turned pale when he saw this, and he pointed at his men and cursed.

"Come on together! I don't believe we can't kill him!"

The remaining men in black looked at each other, and fear flashed in their eyes, but under the pressure of Zhao Tianlong's power, they still rushed forward.

However, their results were no different from those of the previous ones. In front of Qin Yuan's absolute strength, their so-called "power in numbers" was simply a joke.

In less than a minute, all the black-clothed men were lying on the ground, with bruised faces and swollen noses, wailing, as if it was hell on earth.

"That's it?" Qin Yuan clapped his hands and looked at Zhao Tianlong with disdain, "Is this what you call reliance?"

Zhao Tianlong's face was pale, and cold sweat broke out on his forehead. He never thought that Qin Yuan would be so terrifying, just like a killing god crawling out of hell.

"You... what do you want to do?" Zhao Tianlong suppressed the fear in his heart and asked fiercely.

"What?" Qin Yuan raised a cold arc at the corner of his mouth and slowly walked towards Zhao Tianlong, "What do you think?"

Looking at Qin Yuan's cold eyes, Zhao Tianlong suddenly felt a strong sense of uneasiness in his heart. He subconsciously wanted to retreat, but found that his legs were out of control, as if they were filled with lead and could not move at all.

"You... don't come over!" Zhao Tianlong said in a trembling voice, "I... I am from the Zhao family. If you dare to touch me, my eldest brother will not let you go!"

"Zhao family?" Qin Yuan's eyes flashed with a cold light, "Do you think you can scare me by moving out of the Zhao family?"

He grabbed Zhao Tianlong's collar, lifted him up, and said coldly: "I don't care who you are, you must die today!"

"No! Don't kill me! I... I was wrong! Please, spare me!" Zhao Tianlong completely collapsed. He never thought that he would end up in such a situation.

Looking at Zhao Tianlong begging desperately, Qin Yuan's eyes had no mercy. He slowly raised his right hand, put his five fingers together into a claw, and grabbed Zhao Tianlong's neck.

At this moment, a black shadow suddenly shot out from outside the door and rushed straight to Qin Yuan's face.

Qin Yuan frowned slightly and had to give up killing Zhao Tianlong. He flashed and barely avoided the attack of the black shadow.

"Who is it?!" Qin Yuan turned his head and looked at the door, with a cold light flashing in his eyes.

He saw a tall and beautiful woman in black clothes standing at the door, holding a strange dagger in her hand, looking at him coldly.

"Who are you?" Qin Yuan asked in a deep voice.

"The one who killed you." The woman spit out four words coldly, then her figure flashed and attacked Qin Yuan again.

"Looking for death!" Qin Yuan's eyes burst with murderous intent, and he also rushed forward.

For a moment, the living room was filled with swords and shadows, and a life-and-death fight began. (End of this chapter)

One-click Recovery Since I was a Special Soldier

Chapter 2348 Overestimating one's own capabilities!

The woman in black had a ghostly figure, her moves were fierce, and the dagger in her hand was like a poisonous snake spitting a message, going straight for Qin Yuan's vitals. Qin Yuan did not dare to be careless and concentrated on dealing with it. The two of them were evenly matched for a while.

"It's interesting." Qin Yuan exchanged palms with the woman in black, and used the strength to move back, with a bloodthirsty curve at the corner of his mouth, "You haven't asked the girl for her name yet?"

"The person who wants your life!" The woman in black obviously didn't want to talk nonsense. With a flick of her wrist, the dagger turned into a cold light and went straight to Qin Yuan's throat.

"You're quite tough." Qin Yuan sneered and floated to one side like a ghost, easily dodging the attack. At the same time, his right hand reached out like lightning and grabbed the wrist of the woman in black.

The woman in black reacted very quickly. She flipped her wrist and stabbed Qin Yuan's palm with the dagger.

"Little trick!" Qin Yuan snorted coldly, without dodging or dodging, he suddenly closed his fingers and actually clamped the sharp dagger directly with his flesh palm!

"How is that possible!" The woman in black was shocked. Her dagger was made of special materials and cut iron like clay. Qin Yuan actually clamped it with his bare hands. This physical strength was simply unheard of!

"Now, it's my turn!" A cold light flashed in Qin Yuan's eyes, he clenched his fist with his left hand and struck the chest of the woman in black with thunderous force.

The woman in black was shocked and wanted to pull back, but found that her wrist was clamped tightly by Qin Yuan like an iron pliers, unable to move at all.

"Bang!"

With a muffled sound, Qin Yuan's fist hit the woman in black's chest hard, and the terrifying power exploded instantly, sending the woman in black flying directly.

"Poof!" The woman in black was in the air, a mouthful of blood spurted out, and she fell heavily to the ground a few meters away, her face as pale as paper.

"Ahem..." The woman in black struggled to stand up, but her injuries were affected. She coughed violently again, and blood kept pouring out of the corner of her mouth.

"Who are you?" The woman in black covered her chest and looked at Qin Yuan in horror. She had traveled around the world for many years and had never seen such a terrifying existence.

"The person who killed you." Qin Yuan smiled coldly and walked towards the woman in black step by step.

Looking at Qin Yuan approaching step by step, a flash of despair flashed in the eyes of the woman in black. She knew that she might be doomed today.

"Wait!" At this moment, Zhao Tianlong, who had been slumped on the ground, suddenly said, "You can't kill her!"

"Oh?" Qin Yuan stopped and turned to look at Zhao Tianlong, "Are you ordering me?"

"No...I don't dare." Zhao Tianlong trembled with fear and said quickly, "I just want to say...she belongs to my eldest brother. If you kill her, my eldest brother will never let you go!"

"Your elder brother? Haha, I want to see how capable he is!" A trace of disdain flashed in Qin Yuan's eyes, and he didn't care about Zhao Tianlong's threat.

"You..." Zhao Tianlong was at a loss for words. He knew that Qin Yuan was very powerful and did not take the Zhao family seriously at all, but he still wanted to make a final struggle. "My eldest brother is the head of the Zhao family. If you dare to touch me, the Zhao family will definitely make your life worse than death!"

"Head of the Zhao family?" Qin Yuan suddenly laughed, his laughter full of disdain and ridicule, "I didn't plan to go find him, but I didn't expect him to come to my door by himself."

Qin Yuan said, slowly squatting down, looking at Zhao Tianlong with cold eyes, and said word by word: "Go back and tell everyone in the Zhao family to wash your neck and wait for me. I will come to the door in person and ask for what belongs to me." everything!"

After saying that, Qin Yuan ignored Zhao Tianlong and turned around and walked towards the woman in black.

"You...you can't kill me! I..." The woman in black wanted to say something else, but Qin Yuan had already come to her. His cold gaze made her feel like she had fallen into an ice cave, and all her words were stuck in her throat. inside.

"In the next life, remember to keep your eyes open and don't provoke people you shouldn't provoke." Qin Yuan smiled coldly and slowly closed his fingers...

The woman in black looked at Qin Yuan in horror. The shadow of death enveloped her, making her almost breathless. She still wanted to struggle and beg for mercy, but Qin Yuan's cold eyes made her understand that everything was in vain.

"stop!"

Just when Qin Yuan was about to close his fingers, a roar came from the distance.

Qin Yuan frowned slightly and turned to look in the direction of the sound. He saw a dozen black cars roaring towards him, kicking up dust all over the sky.

The car stopped, and a group of burly men wearing black suits and sunglasses quickly got out of the car and surrounded Qin Yuan.

The leader was tall and dignified. He was clearly the head of the Zhao family, Zhao Tianlong's eldest brother, Zhao Tianba!

"Qin Yuan, you are so brave, you dare to touch members of my Zhao family!" Zhao Tianba glared at Qin Yuan, his low voice sounded like muffled thunder in everyone's ears.

"What, you want to avenge them?" A disdainful sneer appeared at the corner of Qin Yuan's mouth, his eyes full of provocation.

"Revenge?" Zhao Tianba looked up to the sky and laughed, as if he had heard some big joke, "Only you? Are you worthy of letting my Zhao family take revenge?"

He looked at Qin Yuan coldly and said word by word: "I'm not here today to talk nonsense with you. If you know what's going on, just let it go. I can consider leaving a whole body for you!"

"Just these people, you want me to catch them without mercy?" Qin Yuan looked around, his eyes full of contempt, "You overestimate yourself too much and underestimate me too much!"

"Seeking death!" Zhao Tianba's face darkened, a murderous intent flashed in his eyes, and he shouted sternly, "Fuck me, life or death!"

As soon as he finished speaking, the big men in black clothes around him rushed towards Qin Yuan like tigers descending the mountain.

"You don't overestimate your capabilities!" Qin Yuan sneered, and flashed through the crowd like a ghost.

"Bang bang bang!"

There were dull crashing sounds, and the big men in black didn't even see Qin Yuan's movements clearly, so they flew out one by one and fell heavily to the ground a few meters away, wailing.

In the blink of an eye, a dozen big men in black were all lying on the ground, wailing, and no one could get close to Qin Yuan!

"This..." Zhao Tianba's face changed drastically, and his eyes were full of disbelief. These people he brought were all elites carefully trained by the Zhao family. Each one of them was a master against ten. Even Qin Yuan Can't stop even one move?

An ominous premonition suddenly surged in his heart. This Qin Yuan was even scarier than he imagined!

"Now, it's your turn!" Qin Yuan clapped his hands and turned to look at Zhao Tianba, his eyes flashing with cold light, as if he were looking at a dead person.

Zhao Tianba's heart trembled, and a chill rushed from the soles of his feet to Tianling Gai. He suppressed the fear in his heart and said sternly: "Qin Yuan, I advise you not to mess around. I am the head of the Zhao family. If you dare to touch me, , our Zhao family will never let you go!"

"Noisy!" A flash of impatience flashed in Qin Yuan's eyes, and he came to Zhao Tianba in a flash. With five fingers like hooks, he grabbed his neck and lifted him up.

"Ahem..." Zhao Tianba lifted his feet off the ground and struggled desperately. His face turned red, he had difficulty breathing, and his eyes were full of panic and despair.

"Master!" When the big men in black around him saw this, they were shocked and got up from the ground, trying to rush up to save Zhao Tianba.

"Get out of here!" Qin Yuan snorted coldly, and an invisible wave of air burst out from his body, knocking all the big men in black away.

"You...you..." Zhao Tianba felt like he was suffocating and tried desperately to speak, but couldn't say a word.

Qin Yuan looked at him coldly, without the slightest pity in his eyes, and slowly closed his fingers...

At this moment, a clear voice suddenly sounded: "Stop, you can't kill him!"

Qin Yuan frowned slightly and turned to look in the direction of the sound. He saw a tall, beautiful woman wearing a white dress slowly walking from a distance. It was none other than Zhao Tianba's baby. Daughter, Zhao Lingxuan!

Zhao Lingxuan walked up to Qin Yuan with tears in her beautiful eyes. She looked at him pitifully and begged: "Please, let my father go. I will promise you anything you want!"

Qin Yuan looked at Zhao Lingxuan in front of him, a complicated look flashed in his eyes. This woman was so similar to the girl in his memory.

Qin Yuan looked at Zhao Lingxuan with pear blossoms and rain in front of him, and his heart was completely unmoved. Five years ago, for the benefit of the family, this woman personally sent him into the dragon's pond and tiger's den, causing his family to be destroyed. Now she is acting coquettishly in front of her. It is really ridiculous.

"Qin Yuan, I beg you, let my father go. I will promise you anything you want, as long as you let him go!" Zhao Lingxuan cried so hard, her voice was hoarse, and I felt pity for her pitiful appearance.

"Let him go? What qualifications do you have to negotiate terms with me?" Qin Yuan's mouth curled up with a cold arc, his eyes full of ridicule and disdain.

"I..." Zhao Lingxuan was speechless. Yes, what qualifications does she have to negotiate terms with Qin Yuan?

"Qin Yuan, I know I've been sorry to you before, but my father is innocent. If you let him go, I will do anything for you!" Zhao Lingxuan bit her lips, a flash of determination flashed in her eyes.

"Anything?" Qin Yuan raised his eyebrows and looked at her with interest.

"Yes...yes, anything!" Zhao Lingxuan's face instantly turned red, but she still gritted her teeth and agreed.

Qin Yuan looked at the woman in front of him and sneered in his heart, did this woman really regard him as a piece of cake? He slowly lowered his head, leaned into Zhao Lingxuan's ear, and said in a voice that only the two of them could hear: "Okay, I will give you a chance to be my woman, and I will let your father go."

Zhao Lingxuan was stunned as if she had been struck by lightning. She had thought that Qin Yuan would make all kinds of excessive demands, but she never expected that Qin Yuan would make such demands!

"What? Not willing?" Qin Yuan looked at her with a hint of amusement in his eyes.

"I..." Zhao Lingxuan's face was pale, and her heart was filled with humiliation and anger, but when she thought of her father's life, she could only grit her teeth and nodded with difficulty.

"Very good." Qin Yuan smiled with satisfaction and released his grip on Zhao Tianba's neck. Zhao Tianba suddenly collapsed to the ground, breathing heavily.

Qin Yuan pulled Zhao Lingxuan into his arms, lowered his head and kissed her red lips. Zhao Lingxuan struggled desperately, but her strength was as useless as a mayfly shaking a tree in front of Qin Yuan.

"Well..." Zhao Lingxuan's tears burst into tears again. She felt like a lamb waiting to be slaughtered, being slaughtered without any resistance.

When the big men in black around them saw this scene, they were all shocked. They had never seen such an erotic scene, and for a moment they even forgot to step forward to stop it.

At this moment, a black Rolls-Royce Phantom drove up like a ghost and stopped steadily in front of everyone. The door opened, and a tall and majestic middle-aged man wearing a black suit stepped out of the car. Walking down, it was none other than the head of the Zhao family, Zhao Tianba's father, Zhao Shanhe!

As soon as Zhao Shanhe got out of the car, he saw the unsightly scene in front of him. He suddenly became furious and shouted sternly: "Stop!"

The appearance of Zhao Shanhe suddenly solidified the tense atmosphere.

When the big men in black saw Zhao Shanhe, it was as if they had seen a savior. They all bowed their heads and said hello: "Master!"

When Zhao Lingxuan saw her father, she seemed to have grasped a life-saving straw, pushed Qin Yuan away with all her strength, and cried: "Dad, save me! Save me!"

Qin Yuan smiled contemptuously, let go of his hand, and let Zhao Lingxuan fall to the ground. His eyes were fixed on Zhao Shanhe, and the corner of his mouth curled up with a cold arc: "Who do I think it is? It turns out to be the head of the Zhao family. Why? You also want to taste my fist?"

Zhao Shanhe was furious when he saw his daughter's disheveled clothes and pear blossoms covered with rain. But after all, he was a man who had seen strong winds and waves. He took a deep breath, suppressed his anger, and said in a deep voice: "Qin Yuan, I know what's in your heart. There are grievances, but every injustice has its own owner. You have already killed Zhao Tianba, so how about letting this matter go?"

"Give up?" Qin Yuan seemed to have heard some funny joke, and laughed up to the sky. The laughter was full of ridicule and disdain, "Five years ago, when your Zhao family sent me to the dragon's den, did you ever think that today would happen? ? When you were enjoying the glory and wealth, did you ever think about the tragic death of my family? "

He approached Zhao Shanhe step by step, and every step seemed to step on his heart, making his heart tremble, "Zhao Shanhe, do you really think that a light 'give up' can erase everything? Let me tell you, today, No one in your Zhao family can leave alive!"

Zhao Shanhe's face was ashen. He didn't expect Qin Yuan to be so tough and not give him any face. Seeing this, the bodyguards behind him took a step forward, protecting Zhao Shanhe behind them, and stared at Qin Yuan eagerly.

"What? Do you want to take action?" Qin Yuan looked around, with a bloodthirsty sneer on his lips, "Do you think you are worthy enough?"

Before he finished speaking, Qin Yuan flashed and pounced on the crowd like a tiger, as fast as lightning.

"Bang!"

There was a muffled sound, and before one of the bodyguards could react, he was punched out by Qin Yuan and fell heavily to the ground, vomiting blood and not knowing whether to live or die.

"Shoot! Shoot quickly!"

When the remaining bodyguards saw this, they were shocked. They all took out their pistols and pulled the triggers on Qin Yuan.

"Bang bang bang!"

Gunfire rang out and flames flew everywhere.

However, facing the dense bullets, Qin Yuan seemed to be taking a leisurely stroll, his figure moving freely through the hail of bullets, and not a single bullet could touch him at all.

"This...how is this possible?!"

Seeing this scene, Zhao Shanhe and Zhao Lingxuan were both shocked. They had never seen such terrifying skills before, they were like ghosts!

"die!"

Qin Yuan roared, and his figure appeared in front of a bodyguard like a ghost. With five fingers like hooks, he grabbed his neck and lifted him high.

Chapter 2349 The intensity of the fight between the two

"Crack!"

There was a crisp sound, and the bodyguard's neck was crushed violently, his eyes widened, and he refused to rest in silence.

"Who else?!"

Qin Yuan threw the body aside casually, standing proudly like a demon. His cold gaze swept across the remaining bodyguards, scaring them to the point of splitting their livers and gallbladders. They retreated one after another, not daring to look at him.

"Trash! They are all a bunch of trash!"

Zhao Shanhe roared angrily. He never thought that the bodyguard he had carefully trained would be so vulnerable in front of Qin Yuan!

"Now, it's your turn!"

Qin Yuan walked towards Zhao Shanhe step by step, and every step seemed to step on his heart, making it difficult for him to breathe.

"You...what do you want to do?" Zhao Shanhe forced himself to calm down and asked in a sullen tone.

"What are you doing?" A cruel sneer appeared at the corner of Qin Yuan's lips, "Of course I'm sending you down to accompany your precious son!"

After saying that, Qin Yuan's five fingers formed into claws and grabbed Zhao Shanhe's throat...

Zhao Shanhe looked at Qin Yuan who was grabbing his neck and grinning like a demon. A deep fear surged out of his heart. He opened his mouth with difficulty and wanted to say something, but no sound came out.

"Qin Yuan! You can't kill me! I am you..." Zhao Shanhe suddenly realized something and his voice stopped abruptly.

"Your father?" A hint of sarcasm flashed in Qin Yuan's eyes, "Zhao Shanhe, you are not so naive as to think that I will recognize you as my father, right?"

Zhao Shanhe's face turned pale, and then he remembered that five years ago, he was the one who personally sent Qin Yuan to that dark place. In order to please the big shot, he even announced that Qin Yuan was secretly executed for treason.

"Qin Yuan, I was wrong! I was really wrong! For Lingxuan's sake, please spare my life!" Zhao Shanhe still has no trace of the momentum of the family leader at this moment. He is as miserable as a bereaved dog. begged.

"Spare you?" Qin Yuan's eyes flashed with fierceness, "Five years ago, when your Zhao family wiped out my family, did you ever think of sparing them?"

"I...I..." Zhao Shanhe was speechless. He didn't know how to answer, because he knew that no matter what he said, he could not change Qin Yuan's determination to kill him.

"Brother Qin Yuan, please, let my father go! I beg you!" Seeing that Zhao Shanhe's life was hanging by a thread, Zhao Lingxuan ignored the pain in her body and struggled to kneel in front of Qin Yuan, begging bitterly. road.

She knew that Qin Yuan liked her since he was a child, but this love was buried deep in his heart and was never revealed.

"Lingxuan, why are you doing this?" Qin Yuan looked at Zhao Lingxuan with pear blossoms and rain, and felt mixed emotions in his heart, but he knew that there were some things that once done, there was no turning back.

"Brother Qin Yuan, as long as you let my father go, I...I will promise you anything!" Zhao Lingxuan gritted her teeth and made a bold decision when she saw that her pleas were in vain.

She stood up slowly, stretched out her hands tremblingly, and began to unbutton her clothes.

"Lingxuan, you..." Upon seeing this, Zhao Shanhe's eyes suddenly burst into tears. He wanted to stop him, but was powerless.

Qin Yuan looked at Zhao Lingxuan's movements, a complicated look flashed in his eyes, but he did not stop him, he just watched coldly, as if he was watching a drama that had nothing to do with him.

Soon, Zhao Lingxuan took off all the coverings on her body, revealing her flawless body, fair skin, and proud curves, which looked particularly attractive in the dim light.

She bit her lip, suppressing the shame in her heart, and walked towards Qin Yuan step by step. With every step she took, her heart was bleeding, but she knew that this was her only chance. In order to save her father, she had left. No choice.

Just when Zhao Lingxuan was about to walk in front of Qin Yuan, Qin Yuan suddenly stretched out his hand and grabbed her wrist.

A glimmer of hope flashed in Zhao Lingxuan's eyes. Has he changed his mind?

However, the next second, her hope was dashed.

"Do you think you can change anything by doing this?" Qin Yuan looked at her coldly, with no pity in his eyes, but endless coldness and ridicule.

"Brother Qin Yuan, I..." Zhao Lingxuan wanted to say something more, but was pushed away by Qin Yuan.

"Get out!" Qin Yuan roared, like a wounded beast, venting the anger and pain in his heart.

Zhao Lingxuan was pushed to the ground and looked at Qin Yuan desperately, her eyes filled with disbelief and deep fear.

"Are you really... going to kill them all?" Zhao Shanhe's voice trembled, and he had already had a premonition of what fate was waiting for him.

"Zhao Shanhe, remember, your Zhao family is responsible for all this!" Qin Yuan said coldly.

"Lingxuan, you really disappoint me." There was no joy or anger in Qin Yuan's tone, but Zhao Lingxuan felt a chill. This chill was more biting than the cold wind in winter, and she couldn't bear it. I shivered.

"Brother Qin Yuan, I... I just want to save my father..." Zhao Lingxuan's voice trembled. She didn't know how to explain it. She just didn't want to see her father die in front of her, no matter what the cost.

"Save him?" Qin Yuan suddenly laughed, his laughter full of ridicule and disdain, "Do you think you can save him by doing this? Do you think I will let him go because of your body? You That's too naive!"

Zhao Lingxuan closed her eyes in despair, and two lines of clear tears fell down the corners of her eyes. She knew that Qin Yuan was right. She was too naive. She thought she could still impress Qin Yuan with the same tricks as before. She She thought she could still use her body in exchange for her father's life, but she was wrong, so wrong!

Qin Yuan is no longer the young boy he was five years ago. Five years is enough to change a person, let alone someone like him who has experienced hellish torture.

"Lingxuan, go away. I don't want to see you again." Qin Yuan's voice became cold and ruthless, as if he was talking about something that had nothing to do with him.

"No! Brother Qin Yuan, I beg you, I beg you to let my father go. As long as you let him go, I will agree to anything you want. I..." Zhao Lingxuan shook her head desperately. She couldn't just give up. She couldn't watch her father die.

"Enough!" Qin Yuan roared and interrupted Zhao Lingxuan's words, "Who do you think you are? Do you think you are qualified to negotiate with me?"

Zhao Lingxuan was frightened by Qin Yuan's roar. She had never seen Qin Yuan so angry, as if he was an enraged beast who might pounce on her and tear her to pieces at any time.

"Brother Qin Yuan, I..." Zhao Lingxuan wanted to say something, but was kicked to the ground by Qin Yuan.

"Get out! Don't let me see you again!" Qin Yuan looked at Zhao Lingxuan with disgust, turned around and walked towards Zhao Shanhe, his eyes flashing with cold murderous intent.

"No! Qin Yuan, you can't kill me! I am the head of the Zhao family. If you kill me, the Zhao family will not let you go!" Zhao Shanhe was frightened when he saw Qin Yuan coming over. He struggled to retreat while threatening loudly.

"Zhao family? Humph, in my eyes, the Zhao family is just a bunch of chickens and dogs!" Qin Yuan sneered, his eyes full of disdain and ridicule.

As soon as the voice fell, Qin Yuan's figure disappeared on the spot. The next second, he appeared in front of Zhao Shanhe, his right hand stretched out like lightning, grabbed Zhao Shanhe's neck, and lifted him up.

"Ahem... Qin Yuan... You... You can't kill me... I... I..." Zhao Shanhe was pinched by Qin Yuan's neck, his face flushed, breathing was difficult, and his speech began to be intermittent.

"Can't kill you?" Qin Yuan's eyes flashed with a hint of teasing, "Tell me, why can't I kill you?"

"I... I am the head of the Zhao family... You... If you kill me... The Zhao family will not let you go..." Zhao Shanhe said with difficulty. He felt that his vitality was fading quickly, and the shadow of death loomed in his heart.

"Hahaha..." Qin Yuan suddenly laughed, and his laughter was full of disdain and ridicule, "Zhao Shanhe, Zhao Shanhe, it's already this time, you dare to threaten me with the Zhao family? You really won't cry until you see the coffin!"

"Zhao Shanhe, Zhao Shanhe, it's already this time, you dare to threaten me with the Zhao family? You really won't cry until you see the coffin!" Qin Yuan said, adding a little more strength in his hand. Zhao Shanhe's face became paler and his eyeballs bulged. He was about to die on the spot.

"Qin Yuan! You can't kill my dad!" Zhao Lingxuan struggled to get up from the ground and rushed to Qin Yuan desperately, trying to stop him.

"Lingxuan, get out of here!" Zhao Shanhe was so frightened when he saw his daughter rushing over desperately. He would rather die than see his daughter get hurt.

"Qin Yuan, I beg you, please let my dad go, I beg you!" Zhao Lingxuan cried, her voice hoarse. She rushed to Qin Yuan desperately, opened her arms, and tried to stop him.

Qin Yuan looked at Zhao Lingxuan coldly, without a trace of pity in his eyes. Five years ago, it was this woman who sent him to hell for the benefit of the family. Five years later, she wanted to do the same thing again and impress him in the same way. It was ridiculous!

"Get out of here!" Qin Yuan swung his palm and knocked Zhao Lingxuan out. Zhao Lingxuan screamed and fell heavily to the ground, with a trace of blood flowing from the corner of her mouth.

"Lingxuan!" Zhao Shanhe's eyes were bloodshot and he roared. He struggled desperately to break free from Qin Yuan's restraints, but Qin Yuan's hands were like iron clamps, firmly locking his throat and making him unable to move.

"Qin Yuan, you beast! You will die!" Zhao Shanhe roared, his eyes full of hatred and resentment. He knew that he was doomed today, but he would not let Qin Yuan go even if he became a ghost!

Qin Yuan smiled coldly and said, "Zhao Shanhe, who do you think you are? Are you worthy of shouting in front of me? Today I will let you see with your own eyes how I turned your precious daughter into a whore that anyone can fuck..."

Before Qin Yuan finished speaking, suddenly, a black shadow fell from the sky, carrying a huge force, and smashed Qin Yuan fiercely.

"Boom!"

With a loud noise, the ground shook, smoke and dust rose everywhere. Qin Yuan was caught off guard and was shaken back several steps by this powerful force, and Zhao Shanhe also took the opportunity to break free from his hands and crawled to the side.

The smoke and dust cleared, and a tall and burly figure appeared in front of everyone. He was wearing a black suit, with a stern face and sharp eyes. He exuded a cold murderous aura all over his body, as if he had walked out of hell.

"Who are you?" Qin Yuan stabilized his body and stared at the newcomer with a cold look, his eyes full of vigilance. The attack just now was very powerful. This person is definitely a master, and may even be better than him!

"You, don't deserve to know my name!" The newcomer's tone was cold, with a hint of disdain and ridicule. He walked towards Qin Yuan step by step. With every step he took, his momentum became stronger, like a volcano about to erupt, which was palpating.

"What a loud tone! I want to see what you are capable of!" Qin Yuan laughed angrily, with a ruthless look flashing in his eyes. Although he didn't know the identity of the person coming, he could tell from the other's momentum and Judging from the power of the blow just now, this person is definitely a strong enemy, but Qin Yuan is not a soft persimmon who can be manipulated by others!

"Seeking death!" A hint of murderous intent flashed in the visitor's eyes. He flashed and was in front of Qin Yuan in an instant. He punched out directly in front of Qin Yuan's face.

Qin Yuan was on guard for a long time. He turned sideways to avoid the punch, and at the same time he punched out, aiming directly at the attacker's chest. The fists and palms of the two people met, making a dull sound, and a powerful wave of air centered on the two of them. Spreading around, the surrounding trees were shaken by the air wave, causing their branches and leaves to tremble and sand and rocks to fly.

"It's interesting!" A look of surprise flashed in the visitor's eyes. Obviously, he didn't expect Qin Yuan to be so powerful. However, he did not shrink from it. Instead, it aroused

his fighting spirit and he roared. , attacked Qin Yuan again, and the two of them instantly fought together.

For a moment, the shadows of fists were flying and the wind was howling in the legs. The two of them were going back and forth, fighting inextricably. The surrounding trees were shaken by the strength of the two, and huge deep pits appeared on the ground. , which shows the intensity of the fight between the two.

Zhao Shanhe and Zhao Lingxuan were hiding aside, looking at the scene in front of them that was like a fight between gods. They were so frightened that they didn't dare to say a word.

The visitor ignored Qin Yuan's provocation and just smiled coldly and said: "Qin Yuan, do you really think you are invincible? Today, I will let you see what real power is!"

Before he finished speaking, the figure suddenly grew in size, and in the blink of an eye he transformed into a giant with a height of dozens of feet, with muscles all over his body and veins popping out, like a demon god from ancient times, exuding suffocating pressure. .

"What the hell is this?!" Qin Yuan was shocked. This was the first time he had seen such a weird technique. It could actually make people become so huge in an instant. This was simply beyond his knowledge.

"Qin Yuan, accept your life!" The giant roared angrily, and punched Qin Yuan on the head. The punch was so powerful and heavy that it seemed to smash the entire earth. Qin Yuan did not dare to take it hard, and his body was in a hurry. Retreat, barely dodge this blow.

"boom!"

The giant fist fell into the air and hit the ground hard. The earth shook suddenly, smoke and dust flew everywhere, and a huge pit appeared on the ground. The surrounding trees were uprooted by this powerful force and turned into sawdust all over the sky.

One-click Recovery Since I was a Special Soldier

Chapter 2350 Exquisite Small Bottle

"What a powerful force!" Qin Yuan was secretly shocked. The power of this giant was too terrifying. Just one punch caused such a terrifying destructive force. If he was hit by him, he would be seriously injured if not dead.

"Qin Yuan, you can only dodge and evade? Like a mouse!" Seeing that he missed the attack, the giant was furious. He waved his huge fist and kept bombarding Qin Yuan. For a time, the ground shook, sand and rocks flew, and the whole valley was shrouded in a terrifying atmosphere.

Qin Yuan dodged the giant's attack while looking for the opponent's flaws. However, although the giant was huge, his movements were not clumsy at all. Instead, he was extremely flexible. Qin Yuan couldn't find any opportunity to attack for a while.

"Hahaha, Qin Yuan, aren't you very arrogant? Why are you like a stray dog now, dodging and evading?" Zhao Shanhe hid in the distance, looking at the embarrassed Qin Yuan, and suddenly laughed out loud, his heart full of pleasure.

"Qin Yuan, you have come to this day!" Zhao Lingxuan also looked at Qin Yuan with resentment, wishing to tear him into pieces.

Qin Yuan listened to the ridicule of Zhao Shanhe and his daughter, his face was terribly gloomy, he clenched his fists, his eyes flashed with cold murderous intent, and his heart was burning with anger.

"Damn things, you all deserve to die!" Qin Yuan roared, his body suddenly jumped up, dodged the giant's punch, and then kicked the giant's knee.

"Bang!"

With a muffled sound, the giant's knee suddenly sank, and his huge body staggered and almost fell to the ground.

"Roar!"

The giant roared in pain, he covered his knee, his eyes were full of anger and disbelief, he never thought that he would be hurt by this ant.

"Now!" Qin Yuan's eyes flashed with a gleam of light, he seized this opportunity, his body flashed, and he came to the giant in an instant, and then punched out, aiming directly at the giant's heart.

"Not good!" The giant was horrified and wanted to dodge, but it was too late. Qin Yuan's punch was too fast, as fast as lightning, and he couldn't react at all.

"Bang!"

Qin Yuan's fist hit the giant's chest fiercely, making a dull sound, and a terrifying force burst out instantly. The giant's chest suddenly sank, and he let out a shrill scream. His huge body flew out like a kite with a broken string, and fell heavily to the ground.

"Puff!"

The giant opened his mouth and spurted out a large mouthful of blood. His breath was weak, and he was obviously seriously injured.

"Father!" Seeing this, Zhao Lingxuan immediately exclaimed, and hurried to the giant's side, and asked anxiously: "Father, how are you?"

The giant ignored Zhao Lingxuan. He struggled to stand up, but Qin Yuan's punch had broken his heart veins. His current physical condition could no longer support him to continue fighting.

"Qin Yuan, you... you dare to hurt me?!" The giant pointed at Qin Yuan and said in a trembling voice, his eyes full of resentment and unwillingness.

"Humph, what if I hurt you?" Qin Yuan smiled coldly and walked towards the giant step by step. With every step, the murderous intent on his body became stronger.

"Qin Yuan, you... what do you want to do?" The giant looked at Qin Yuan who was approaching step by step, and a trace of fear flashed in his eyes. He saw a cold murderous intent in Qin Yuan's eyes, which made him feel an ominous premonition.

"What? Of course, I will send you to hell!" Qin Yuan smiled grimly, slowly raised his right hand, opened his five fingers, and then clenched them fiercely.

"No... don't..." The giant's eyes were full of fear and despair. He wanted to beg for mercy, but Qin Yuan did not give him this opportunity.

"Crack!"

With a crisp sound, the giant's neck was twisted by Qin Yuan. He widened his eyes, and the spirit in his eyes quickly dissipated. In the end, his eyes were fixed in endless fear.

Giant, die!

Zhao Lingxuan let out a shrill scream, her voice full of sadness and despair. She threw herself on the giant's body regardless of everything, and stroked the giant's lifeless face with trembling hands. Tears flowed from her eyes like pearls that had broken off the string.

"Father! Father! Wake up! Don't leave me alone! Woo woo woo..." Zhao Lingxuan cried heartbreakingly, her voice full of helplessness and despair.

Qin Yuan looked at the scene in front of him coldly, without any mercy or sympathy in his eyes. He would never be soft-hearted to his enemies, not to mention that Zhao Shanhe and his daughter had a blood feud with him!

"Zhao Lingxuan, your good father has gone down to accompany you, you don't have to be too sad, soon, I will send you down to reunite with them!" Qin Yuan said in a cold tone, his voice full of murderous intent.

Zhao Lingxuan stopped crying when she heard Qin Yuan's words. She raised her head, and her clear and beautiful eyes had turned blood red, filled with malice and hatred.

"Qin Yuan! You devil! I'm going to kill you! I want you to be buried with my father!" Zhao Lingxuan screamed, her voice full of deep hatred.

She stood up suddenly, pulled out a whip from her waist, and rushed towards Qin Yuan. The whip in her hand was like a poisonous snake spitting out its tongue, with a sharp sound of breaking through the air, attacking Qin Yuan's vitals.

Qin Yuan stood still, with a disdainful sneer on his lips. With Zhao Lingxuan's mediocre skills, she wanted to kill him? It was just wishful thinking!

"Don't overestimate your abilities!" Qin Yuan snorted coldly, and his figure flashed, easily dodging Zhao Lingxuan's attack, and then he made a lightning move and grabbed Zhao Lingxuan's wrist.

"Ah!" Zhao Lingxuan screamed in pain, feeling as if her wrist was clamped by a clamp, and the severe pain almost made her faint.

"With this little ability, you dare to shout in front of me?" Qin Yuan looked at Zhao Lingxuan coldly, his eyes full of ridicule and disdain, "Tell me, who sent you? What is your purpose?"

"Humph, want to know? Dream on!" Zhao Lingxuan endured the severe pain from her wrist and said with gritted teeth, "I won't tell you!"

"Don't tell? Then don't blame me for being rude!" Qin Yuan's eyes flashed with a cold light, and he exerted a little force on his hand.

"Crack!"

With a crisp sound, Zhao Lingxuan's wrist bone broke, she screamed miserably, and the whole person collapsed on the ground, her face as pale as paper, and beads of sweat kept rolling down her forehead.

"Can you tell me now?" Qin Yuan looked down at Zhao Lingxuan and asked in a cold tone.

Zhao Lingxuan was trembling with pain, but she still clenched her teeth and refused to say a word.

"You are still stubborn. I want to see how long you can hold on!" Qin Yuan said, and attacked again. This time, his target was Zhao Lingxuan's other hand.

"Stop!" At this moment, a roar suddenly came from a distance.

Qin Yuan frowned slightly and turned his head to see an old man in a black robe, who was walking towards this side with a group of people.

The old man's hair and beard were all white, but there was no wrinkle on his face. Instead, he looked rosy and shiny. His eyes were bright and shining, flashing with a terrifying cold light. He exuded a strong pressure all over his body. He was obviously a powerful man with unfathomable strength.

"Master!" Zhao Lingxuan saw the old man, as if she had grabbed the last straw, and immediately shouted in surprise.

The old man walked quickly to Zhao Lingxuan and helped her up. Seeing her swollen right hand, he frowned and a trace of heartache flashed in his eyes.

"Xuan'er, how are you? Who hurt you like this?" The old man asked with concern, his voice full of anger.

"Master, it's... it's him!" Zhao Lingxuan pointed at Qin Yuan and said with gritted teeth, "He killed my father and... also hurt me!"

"What?!" The old man was furious when he heard it. He turned his head and looked at Qin Yuan with murderous intent in his eyes, "Boy, you are so brave that you dare to hurt my disciple and kill my beloved disciple. Today, I will cut you into pieces!"

As soon as the old man finished speaking, his figure flashed and he came to Qin Yuan in an instant, slapping Qin Yuan's chest with one palm.

This palm seemed ordinary, but it contained extremely terrifying power. The palm wind whistled, and the surrounding air seemed to be sucked out by this palm, making bursts of explosions.

Qin Yuan saw this, his face changed slightly, he did not dare to neglect, he quickly circulated the true energy in his body, and punched forward.

"Bang!"

With a loud bang, the two powerful forces collided fiercely, bursting out a terrifying energy wave, sweeping around.

Qin Yuan only felt a tidal wave of power coming from the old man's palm, shaking his blood and qi, and couldn't help but step back a few steps before he stabilized his body.

"What a strong strength!" Qin Yuan was secretly shocked in his heart. The strength of this old man was several times stronger than Zhao Shanhe. It seems that he has met a tough guy today!

The old man succeeded in one blow, but he did not stop there. He flashed again, like a ghost, and instantly came behind Qin Yuan, with five fingers forming claws, grabbing Qin Yuan's back.

"Boy, come and die!" The old man roared, and the murderous intent in his eyes surged.

Qin Yuan was startled and dodged sideways, but the old man was too fast and he was still a step late. The old man's five fingers left five deep blood marks on his shoulder.

"Hiss!"

Qin Yuan took a breath of cold air. The severe pain from his shoulder made him groan, but he had no time to care about the injury because the old man had attacked again...

The old man was as fast as a ghost, and his palm wind was fierce, and every move was aimed at Qin Yuan's vitals. Qin Yuan was shocked but not panicked. With his strong physical strength and keen fighting instinct, he avoided the old man's attack again and again.

"Boy, you have some skills!" The old man sneered, but his attack became more fierce, "But you killed my beloved disciple and hurt my daughter. Today, I will make you pay for your blood debt with blood no matter what!"

"Old thing, which eye of yours saw me kill someone?" Qin Yuan parried and refuted. This old man put such a big hat on himself as soon as he appeared, and he didn't want to take the blame.

"You still dare to quibble!" The old man shouted angrily, "How can what Xuan'er said be false?"

"Humph, you believe what that girl said? Don't you know what kind of person her father is?" Qin Yuan sneered, "I think you are living like a dog at your age!"

"How dare you!" The old man was furious, and the palm wind mixed with a trace of sharp true energy went straight to Qin Yuan's face.

Qin Yuan felt a strong wind blowing in his face, his eyes were almost blown shut, and a sharp whistle came from his ears. He didn't dare to take it hard, so he could only dodge sideways and punch the old man's ribs at the same time.

The old man didn't expect Qin Yuan to be able to fight back in such a critical situation. He could only withdraw his offensive in a hurry and dodge Qin Yuan's fist sideways.

The two people staggered and each took a few steps back.

"Good boy, you have a chance!" The old man stabilized his figure, and a trace of surprise flashed in his eyes. This boy's strength far exceeded his imagination, and he was able to survive so many moves under his hands for the first time.

"You're nothing more than that!" Qin Yuan snorted coldly and shook his numb fist. Although this old guy is powerful, his moves are a bit rigid and full of flaws. If he uses all his strength, he may not be unable to fight with him!

"Arrogant!" The old man roared angrily, and his figure turned into an afterimage again, attacking Qin Yuan.

For a moment, the two of them were fighting together, with their fists and kicks intertwined, and their energy was overwhelming. The surrounding trees were trembling with the energy of the two, and their leaves were falling.

Zhao Lingxuan stood aside, watching the fierce battle in front of her, her heart filled with worry and resentment. What worries her is the safety of her master. After all, Qin Yuan's strength is there, and she is afraid that his master will suffer a loss; the one who is resentful is naturally Qin Yuan, who not only killed her father, but also made her so embarrassed in front of her sweetheart, she doesn't care about this tone. I can't swallow it no matter what!

Thinking of this, a trace of resentment flashed in Zhao Lingxuan's eyes. She quietly took out a delicate vial from her arms, opened the cap, and a strange fragrance suddenly filled the air.

"What is this smell?" Qin Yuan, who was in the middle of a fierce battle, suddenly smelled a strange fragrance, and his heart suddenly sounded alarm. This fragrance...

However, before he could react, he felt dizzy and the energy in his body began to flow uncontrollably.

not good!

Qin Yuan thought to himself, "Oh no, this smell is weird!"

"Hahaha, kid, if you get hit by my 'Ruanjin Powder', just wait for death!"

The old man's proud laughter could be heard in his ears. Qin Yuan felt his vision go dark, and his body could no longer hold up. With a "bang", he fell heavily to the ground...

Qin Yuan's vision went dark, his body fell to the ground weakly, and his consciousness gradually blurred. His heart was full of unwillingness and anger, but he was unable to stop it from happening.

"Hahaha! Boy, this is what you get for offending me!" The old man's arrogant laughter echoed in his ears, "Just accept your death!"

Zhao Lingxuan looked at Qin Yuan who fell on the ground, a complicated look flashed in her eyes. She originally wanted to use her master's hand to teach Qin Yuan a lesson, but she didn't expect her master to be so cruel. This "Ruanjin Powder" is so poisonous that even innate masters can't withstand it! (End of chapter)
