Chapter 2351 You're at it again!

"Master, you..." Zhao Lingxuan suddenly felt uneasy and wanted to say something, but was interrupted by the old man impatiently.

"Xuan'er, don't worry, this kid deserves to die!" The old man said coldly, "Let's go!"

After that, the old man took Zhao Lingxuan away, leaving Qin Yuan lying alone on the ground.

...

I don't know how long it took, Qin Yuan woke up in a daze. He felt sore and weak all over, and the true energy in his body was even more chaotic, like a mess, and he couldn't mobilize it at all.

"Damn it, this poison is really powerful!" Qin Yuan cursed in his heart, struggling to stand up, but found that he didn't even have the strength to move a finger.

He knew that his current situation was very dangerous and he had to find an antidote as soon as possible. But where can he find an antidote in his current state?

"Oh, right, Langya!" Qin Yuan suddenly had an idea. There were many experts in the Langya base, and there were also many military doctors with excellent medical skills. Maybe they could help him detoxify!

Thinking of this, Qin Yuan suddenly ignited a glimmer of hope. He endured the severe pain in his body, struggled to get up from the ground, and stumbled towards the direction of the Langya base.

...

"What? You are going to participate in the International Special Forces Competition?" A cry came from Fan Tianlei's office in the Langya base.

"That's right, Chief, I have decided!" Qin Yuan stood in front of Fan Tianlei and said firmly.

"Are you crazy? You still want to participate in the competition in this ghostly state? I think you think you are too old!" Fan Tianlei said angrily with his eyes wide open.

He never thought that this kid just came back from outside and yelled that he wanted to participate in some international special forces competition. Isn't this nonsense!

"Commander, I'm fine. I know my body well." Qin Yuan said calmly, his tone full of confidence.

"You know nothing! Do you know who the opponents are in this competition? They are special elites from all over the world! With your current half-dead state, you will be a waste if you go!" Fan Tianlei said with regret.

"Commander, don't worry, since I dare to go, I will win!" Qin Yuan raised a confident arc at the corner of his mouth.

"You..." Fan Tianlei was so angry at Qin Yuan's stubborn look that he couldn't speak. He pointed at Qin Yuan and said you for a long time, and finally could only sigh helplessly, "You kid, you really want to piss me off to death!"

"Okay, Commander, don't be angry, I'm fine." Qin Yuan said with a smile, "Besides, I have promised them, I can't break my promise, right?"

"Promised them? Who did you promise?" Fan Tianlei frowned and asked.

"Sergey, the commander of the Alpha Special Forces in the Bear Country." Qin Yuan said lightly.

"What? When did you get involved with the Bear Country?" Fan Tianlei looked at Qin Yuan in surprise.

"It's a long story..." Qin Yuan sighed and simply told Fan Tianlei what happened during his time outside.

Of course, he would not tell the secret of the "one-key recycling" system.

After listening to Qin Yuan's story, Fan Tianlei's face became solemn. He didn't expect that Qin Yuan would encounter so many dangers when he went out this time, and he was also involved with the special forces of the Bear Country.

"Chief, this competition is very important to us, I must go!" Qin Yuan looked at Fan Tianlei and said seriously, "Besides, I also want to take this opportunity to meet those so-called international special elites!"

Fan Tianlei looked at Qin Yuan's firm eyes, was silent for a moment, and finally nodded and said: "Okay, since you have made up your mind, I won't stop you. But you remember to come back alive!"

"Yes! Chief!" Qin Yuan saluted and turned to leave the office.

Looking at Qin Yuan's departing back, Fan Tianlei's eyes flashed with a trace of worry, and muttered to himself: "I hope this kid can really create a miracle..."

...

A few days later, Qin Yuan and the members of the Red Cell Team embarked on a journey to the Bear Country.

This time, they will face special elites from all over the world, and a battle between dragons and tigers is about to begin...

In the winter of the Bear Country, the wind is cold and the snowflakes are flying.

The venue of the International Special Forces Competition was set up in a remote military base. It was originally a deserted snowfield, but now it was particularly lively because of the gathering of special forces elites from all over the world.

"Boss, look, those are the guys from the US Delta Force. I heard that they sent the strongest lineup this time. It seems that they are here for the championship!"

Wang Yanbing, a member of the Red Cell Team, pointed to a team not far away and said to Qin Yuan.

The members of that team were all burly, fully armed, with camouflage paint on their faces and sharp eyes. They were not easy to mess with at first glance.

"Americans? Humph, they are just defeated. What's there to worry about?"

Another member of the team, He Chenguang, curled his lips in disdain, his tone full of contempt for the Americans.

"Don't be careless. Although the Americans are annoying, their strength is indeed not to be underestimated."

Qin Yuan said lightly, but there was no ripple in his eyes, as if those so-called special elites were nothing but chickens and dogs in his eyes.

"The boss is right. We should be careful."

Wang Yanbing and He Chenguang looked at each other, and both saw a hint of solemnity in each other's eyes.

"Okay, stop talking nonsense and get ready to compete!"

After Qin Yuan gave the order, the members of the red blood cell team immediately stopped chatting, and each of them checked their equipment with serious expressions and made final preparations.

Soon, the game started.

The first competition is a cross-country obstacle course. The participating teams need to climb over various obstacles and cross various terrains within the specified time to finally reach the finish line.

"Bang!"

With a gunshot, the game officially begins.

The elite special forces from various countries are like arrows leaving the string, rushing towards the finish line.

Not to be outdone, the red blood cell team followed suit.

"Boss, let's go this way!"

He Chenguang pointed to a rugged mountain road and said to Qin Yuan.

"Walk!"

Without any hesitation, Qin Yuan led the members of the red blood cell team and plunged into the mountain road.

Although this mountain road is difficult to walk, it is better because it is inaccessible and can avoid most competitors.

"Da da da..."

At this moment, a burst of intense gunfire suddenly came from the front.

"No, there's an ambush!"

Qin Yuan's expression changed and he immediately realized that they had been ambushed.

"Lie down!"

Qin Yuan roared, rolled over at the same time, and hid behind a boulder.

Other members of the red blood cell team also took cover to avoid bullets.

"Da da da..."

Bullets poured down like raindrops, hitting the boulders and causing sparks to fly.

"It's Americans! They're actually ambushing here!"

Wang Yanbing stuck his head out and took a look, and suddenly became angry.

"Don't be impulsive, find out their location first!"

Qin Yuan calmly analyzed the situation in front of him. Since the American guy chose to ambush here, he must have been fully prepared. If he rushes out rashly, he will only die in vain.

"Boss, look there!"

He Chenguang pointed to a forest not far away and said, "They should be hiding in there!"

Qin Yuan looked in the direction of He Chenguang's finger, and sure enough he found a figure moving in the woods.

"Okay, I'll do it to you!"

Qin Yuan's lips curled up into a sneer, and a cold light flashed in his eyes.

"You guys, follow me!"

Qin Yuan winked at He Chenguang and others, then leaned forward and walked toward the woods.

"Da da da..."

Gunshots rang out again, and the Americans apparently discovered the traces of Qin Yuan and others and started shooting at them.

"Bang! Bang! Bang!"

Qin Yuan and others shot back while dodging bullets.

Although the Americans occupied favorable terrain, the marksmanship of Qin Yuan and others was not outstanding. Every shot was extremely accurate and they quickly killed several Americans.

"Fake! Why are these Chinese people so powerful?"

An American man couldn't help but curse, his tone full of horror and anger.

"Shut up, everyone! Hit me!"

The American captain roared angrily and tried to stabilize his position.

However, Qin Yuan and others were already furious and did not give them any chance to breathe.

"Bang! Bang! Bang!"

Gunfire continued, and the Americans fell one after another.

"Fake! Withdraw! Withdraw quickly!"

Seeing his team members fall one by one, the captain of the American team finally realized that something was wrong and ordered a retreat.

"Want to leave? It's too late!"

Qin Yuan sneered, pointed his gun at the head of the American captain, and pulled the trigger without hesitation.

"Bang!"

With a gunshot, the American captain's head suddenly exploded like a watermelon.

"team leader!"

The few remaining Americans suddenly panicked, dropped their weapons and ran away with their heads in their hands.

"Leave no one behind!"

Qin Yuan ordered coldly.

"Da da da..."

Gunfire rang out again, and the remaining Americans were shot dead by members of the red blood cell team.

"Bah! What a bullshit American guy, that's all!"

Wang Yanbing spat at the corpse of Mi Guoguo and said disdainfully.

"Okay, stop talking nonsense, clean the battlefield quickly and prepare for the next competition!"

Qin Yuan said calmly, as if he had just done a trivial thing.

The members of the red blood cell team immediately took action, plundered all the weapons and equipment of the American man, and then quickly left this land of right and wrong.

The smoke dissipated, and the air was filled with the smell of blood and gunpowder. Qin Yuan put away his pistol expressionlessly, as if he had just trampled an ant to death.

"Boss, these Americans are too arrogant. They really think we are weak persimmons!" Wang Yanbing kicked the corpse on the ground and said angrily.

"That's right, if we hadn't been prepared, we might have ended up here this time." He Chenguang also echoed, with a hint of fear in his tone.

Qin Yuan did not speak, but glanced at everyone coldly, which made them feel terrified.

"Shut up! We are here to compete, not to kill!" Qin Yuan's voice was bone-chilling, as if it came from the Nine Nether Hell.

Everyone was immediately as silent as a cicada, not daring to say anything anymore. They knew that although Qin Yuan usually seemed taciturn, he would not be recognized by his relatives when he got angry.

"Dispose of these corpses and leave here quickly!" After Qin Yuan finished speaking, he turned and walked deeper into the woods.

The others looked at each other with confusion in their eyes.

"What happened to the boss? Why does it feel more terrible than when he killed someone just now?" Wang Yanbing asked in a low voice.

"Who knows? Maybe he remembered something unhappy again." He Chenguang shook his head, indicating that he didn't know.

"Okay, stop guessing and get to work!" Li Erniu said in a muffled voice.

Everyone stopped talking and began to deal with the bodies on the ground silently.

...

At the same time, in a hidden cave not far from Qin Yuan and others, several men in camouflage uniforms and fully armed were sitting in front of a computer screen, staring at the screen.

"Captain, the people in the Red Cell Group seem to have wiped out all the Americans." A thin man pointed at the screen and said.

"Humph, a bunch of trash! They can't even deal with a few Chinese people, what's the use of them!" Sitting in the middle, a burly man with a face full of flesh roared, his voice full of anger and disdain.

"Captain, do you want..." The thin man made a gesture of wiping his neck.

"Don't worry, the game has just started, there will be plenty of opportunities to deal with them later." A cold light flashed in the eyes of the burly man, and he said coldly, "I want to let them know that they can't afford the consequences of offending our Langya!"

...

Qin Yuan and others didn't know that they had been targeted by the Langya people. They were now traveling through the dense jungle and moving quickly towards their destination.

"Boss, what do you think is the ultimate goal of this game?" Wang Yanbing asked while vigilantly observing the surrounding environment.

"I don't know." Qin Yuan's answer was as concise and clear as ever.

"Damn! You're doing this again!" Wang Yanbing couldn't help rolling his eyes, "Can't you say a few more words?"

"Waste of time." Qin Yuan said lightly.

"You..." Wang Yanbing wanted to say something, but was stopped by He Chenguang.

"Okay, Lao Wang, don't embarrass the boss. When has he ever talked to you more?" He Chenguang said with a smile.

Wang Yanbing sighed helplessly. He knew that He Chenguang was right. Qin Yuan had such a personality. You should never know what he was thinking.

Just then, a strange sound suddenly came from the front, like the roar of some animal, and also like the scream of human beings.

"What sound?" Everyone was alerted, raised their guns, and walked towards the direction of the sound.

"Be careful, I feel something is wrong." Qin Yuan said in a low voice, with a hint of solemnity in his tone.

The strange sound was getting closer and closer. Qin Yuan signaled the team to stop. The four people spread out in a tactical formation and hid behind the dense bushes. Wang

Yanbing crouched down, lowered his voice, and complained: "What is this ghost place? It won't be haunted, right?"

"Shut up and be alert." He Chenguang scolded in a low voice, his eyes fixed on the direction of the sound.

There was a strange sweet fragrance in the air, like the smell of some animal in heat. Qin Yuan frowned, he seemed to have smelled this smell before, but he couldn't remember where he had smelled it before.

"Roar!"

Chapter 2352: Plans cannot keep up with changes

A deafening roar sounded again, and a huge monster covered with black scales rushed out of the woods. It had a huge lizard head, a bloody mouth full of sharp fangs, and strong limbs. Every step it took made the ground tremble slightly.

"Fuck! What is this thing?" Wang Yanbing couldn't help but exclaimed. This monster was bigger and more ferocious than any creature he had ever seen.

"Don't make a sound!" Qin Yuan shouted in a low voice, while aiming his gun at the monster.

The monster seemed to feel threatened, and its blood-red eyes stared at Qin Yuan and others, and it let out a low roar. The smelly saliva dripped from its fangs to the ground, corroding black marks.

"Boss, are you going to shoot?" He Chenguang asked nervously, holding the gun in his hand tightly.

"Wait a minute and see what it wants to do." Qin Yuan calmly judged the situation. He had an intuition that the appearance of this monster was definitely not accidental, and it might be related to the target they were looking for.

The monster did not rush to attack, but slowly paced around Qin Yuan and others, as if observing their strength and looking for an opportunity to attack.

"Damn, this beast is too arrogant!" Wang Yanbing couldn't help cursing. He felt that his patience was almost worn out, and he wanted to shoot its head immediately.

At this moment, the monster suddenly moved! It pounced on Li Erniu at an astonishing speed, and its huge claws brought a sharp wind, as if to tear him into pieces.

"Erniu, be careful!" He Chenguang exclaimed, wanting to step forward to help, but was pulled by Qin Yuan.

"Don't go over, it's testing us."

Although Li Erniu looked honest, his reaction was not slow at all. He had been prepared when the monster launched an attack. He evaded the monster's attack with a flexible side roll, and then quickly stood up and fired at the monster with the machine gun in his hand.

"Da da da da da..."

The bullets poured out like raindrops, hitting the monster's body, splashing bursts of sparks. However, what shocked everyone was that these bullets could not penetrate the monster's hard scales, and could only leave some shallow white marks on them.

"What kind of monster is this, with thick skin and flesh!" Li Erniu cursed while shooting, his heart full of shock and powerlessness.

The monster seemed to be enraged, roared to the sky, opened its bloody mouth, and a black flame gushed out of its mouth, heading straight for Li Erniu.

"Not good!" Qin Yuan's face changed drastically. He knew that this flame was definitely extraordinary. If Li Erniu was hit, he would probably lose a layer of skin if he didn't die.

At the critical moment, a figure suddenly appeared in front of Li Erniu, so fast that people couldn't even see his movements clearly.

"Boom!"

The black flames bombarded the figure, making a deafening explosion, and a heat wave swept across. The surrounding trees were instantly ignited and turned into a sea of fire.

"Boss!"

"Captain!"

He Chenguang and Wang Yanbing exclaimed, their eyes full of worry and fear.

The smoke dissipated, and a tall figure stood proudly in the sea of fire, unscathed. He slowly turned around, his cold eyes shot at the monster like a sharp sword, and a cold arc appeared at the corner of his mouth.

"Beast, you are looking for death!"

The flames dissipated, revealing Qin Yuan's unharmed figure. He just patted the corner of his clothes that was burned by the flames with contempt, as if nothing had happened.

"Fuck! Captain is awesome!" Wang Yanbing couldn't help but burst out a swear word. The flames spewed by this monster were so hot that even the surrounding trees were instantly ignited. The captain actually resisted it like this, he was simply not a human!

He Chenguang and Li Erniu were also dumbfounded. They knew that Qin Yuan was extraordinary, but they didn't expect him to be so strong.

The monster seemed to be shocked by Qin Yuan's strength. It took a few steps back, and a trace of fear flashed in its blood-red eyes.

"Beast, are you afraid now?" Qin Yuan sneered and slowly raised the gun in his hand.

"Bang!"

With a gunshot, the bullet turned into a stream of light and accurately shot the monster's head. However, something unexpected happened to everyone. The bullet was actually deflected by the monster's hard skull!

"What?!" Qin Yuan's pupils shrank slightly. The defense of this monster is too strong. Even the special armor-piercing bullets can't hurt it at all?

The monster let out a deafening roar, obviously completely enraged. It no longer tried, and exerted force on its limbs, rushing towards Qin Yuan!

"Captain, be careful!" He Chenguang and others were shocked. The speed and strength of this monster were far beyond their imagination. Once hit, the consequences would be disastrous!

Qin Yuan was not in a hurry. He dodged the monster's attack sideways, and at the same time, he made a lightning-fast move, grabbed the monster's fangs, and twisted them hard!

"Crack!"

With a crisp sound, the monster's fangs were actually broken off!

"Roar!" The monster howled in pain, and smelly blood gushed out of its mouth, splashing all over Qin Yuan.

Qin Yuan, however, was like nothing had happened. He loosened his hand and let the monster's blood drip onto the ground.

"Is that all you can do?" Qin Yuan sneered, with a hint of disdain in his eyes.

The monster was completely enraged. It struggled frantically, trying to get rid of Qin Yuan's control, but Qin Yuan's strength was far beyond its imagination. No matter how it struggled, it could not shake Qin Yuan at all.

"Roar—!" The monster roared unwillingly. It seemed to realize that it was no match for Qin Yuan and wanted to escape.

"Want to leave? It's too late!" A cold light flashed in Qin Yuan's eyes. He suddenly raised his right leg and kicked the monster hard in the abdomen!

"Bang!"

With a muffled sound, the monster's huge body flew out like a cannonball and hit a towering tree hard, breaking several tree trunks!

The monster struggled to get up, but found that his internal organs had been shattered by Qin Yuan's kick, and he could only lie on the ground helplessly, letting out intermittent whines.

"It's over." Qin Yuan slowly walked to the monster and raised the gun in his hand.

"Bang!"

There was a gunshot, and the bullet accurately penetrated the monster's head, ending its pain.

Qin Yuan put away his gun, turned around and looked at the stunned He Chenguang and others, and said calmly: "What are you doing standing still? The mission has not been completed yet."

He Chenguang and others just woke up from a dream. They looked at the monster lying in a pool of blood, and then at the expressionless Qin Yuan, their hearts filled with awe and fear.

Captain, is he really a human?

At this moment, Qin Yuan's expression suddenly changed. He turned around suddenly and looked deep into the dense forest behind him, with a trace of solemnity flashing in his eyes.

"What's wrong? Captain?" He Chenguang noticed Qin Yuan's abnormality and asked quickly.

"Something is coming, and it's... very strong!" Qin Yuan said in a deep voice, with a rare hint of solemnity in his tone.

As soon as he finished speaking, a biting cold wind blew from the depths of the dense forest. The temperature around him dropped sharply, as if he had entered the twelfth lunar month of winter in an instant!

"Shashasha..."

A soft sound of footsteps came from the depths of the jungle, from far to near, as if death was approaching!

Everyone involuntarily clenched the weapons in their hands and stared nervously at the direction of the sound, an inexplicable feeling of fear welling up in their hearts.

I saw a tall figure slowly walking out of the dense forest. His steps were light and elegant, but they gave people an extremely dangerous feeling.

He was wearing a black robe and a strange silver mask on his face. His face could not be seen clearly. All he could see was a pair of cold and piercing red eyes, like a demon from hell!

"Who are you?" Qin Yuan narrowed his eyes and asked in a deep voice, his tone full of vigilance.

The man in black robe did not speak. He slowly raised his head, his red eyes staring at Qin Yuan, and the corner of his mouth suddenly raised a strange arc.

"Hehehe... finally found you..."

His voice was hoarse and low, as if coming from the depths of hell, making people shudder.

The man in black robe ignored Qin Yuan's question. He slowly raised his right hand, and a black mist condensed in his palm, emitting heart-stopping energy fluctuations.

"This guy... is not easy to deal with!" He Chenguang and others looked solemn. They could feel the powerful pressure emanating from the man in black robes, which was far beyond the monsters they had encountered before.

"Captain, what should I do?" Wang Yanbing asked in a low voice, the palm of his hand holding the gun already covered with sweat.

Qin Yuan didn't speak. He just stared at the man in black robe with a solemn look in his eyes. This was the first time he encountered such a powerful enemy, and it even made him feel a hint of danger.

"Hehehe... Qin Yuan, you are very strong, stronger than I expected, but..." The man in black robe suddenly paused, and he slowly took off the silver mask on his face, revealing a

handsome and charming face. His face, but his eyes were still cold and biting, as if there was no emotion at all.

"So what? Today, you are destined to die in my hands!" The man in black robe said in a serious tone, his eyes filled with crazy killing intent.

"Are you... Qin Feng?!" Seeing the face of the man in black robe clearly, Qin Yuan's pupils suddenly shrank, and his face was full of disbelief.

The man standing in front of him was his best brother in the military academy and the person he once trusted the most - Qin Feng!

However, Qin Feng at this time was completely different from the sunny and cheerful young man in his memory. His face was full of coldness and resentment, as if he was an evil ghost crawling out of hell!

"Hehehe... What? Are you surprised? My good brother." Qin Feng looked at Qin Yuan's shocked expression, with a trace of morbid pleasure on his face.

"Why... why did you become like this?" Qin Yuan took a deep breath, tried to calm down, and asked in a deep voice.

"Why?" Qin Feng seemed to have heard some funny joke. He suddenly looked up to the sky and laughed, his laughter full of sadness and resentment.

"Qin Yuan, Qin Yuan, you are so noble and forgetful! Have you forgotten who pushed me into the abyss three years ago, who ruined my family, and who made me become the inhuman ghost I am now? Don't you look like a ghost?"

Qin Feng said through gritted teeth, his tone full of unforgettable hatred, his scarlet eyes staring at Qin Yuan, as if he wanted to eat him alive!

"Three years ago... could it be..." When Qin Yuan heard this, a flash of lightning suddenly flashed in his mind. He finally remembered the identity of the "Qin Feng" in front of him and the tragedy three years ago...

"Three years ago...could it be..." Qin Yuan's pupils trembled, and the floodgates of memory were instantly opened, and turbulent memories came in like a tide, pulling him back to that night full of smoke and blood.

Three years ago, he and Qin Feng were close comrades fighting side by side, performing a top-secret mission together. The goal of the mission is to destroy a secret base hidden on the border of the enemy country.

Before the operation began, Qin Feng suddenly found him, looking anxious, saying that he had received news that his family was held hostage by terrorists, and threatened him to betray the country and blow up their own arsenal.

"Qin Yuan, what should I do? I can't watch them being killed!" Qin Feng's voice trembled, his eyes full of pain and despair.

"Calm down, Qin Feng! Tell me the details, and we'll find a way together!" Qin Yuan tried to stay calm, knowing that in this situation, panic would only make things worse.

In the end, they made a bold and risky plan - pretending to agree to the terrorists' request, taking advantage of the opportunity to blow up the arsenal, and catching them all in one fell swoop.

However, plans can't keep up with changes. Just as they were about to complete the mission, an accident happened...

"No! This is not true!" Qin Yuan held his head in pain, trying to stop those terrible memories from continuing to emerge, but everything was in vain.

"Hehehe... What? Do you remember? My good brother." Qin Feng's voice was full of resentment and ridicule, like the letter of a venomous snake, it hurt Qin Yuan's heart fiercely.

"Qin Yuan, you won't forget who shot and killed my family, right? You won't forget who pushed me into hell with your own hands, right?" Qin Feng approached step by step, and every step he took seemed to step on Qin Yuan's heart, making him almost unable to breathe.

"No... It's not me... I didn't..." Qin Yuan shook his head weakly. He wanted to explain and defend himself, but all the words were stuck in his throat and he couldn't say a word.

"Hahaha... At this point, do you still want to continue pretending? Qin Yuan, you are so hypocritical!" Qin Feng suddenly laughed, and his laughter was full of sadness and despair.

"I didn't! I didn't kill your family! I didn't betray you!" Qin Yuan finally couldn't help it. He raised his head suddenly, staring at Qin Feng with scarlet eyes, and roared.

"Then tell me, why were you the only one who survived the explosion three years ago? Why did all my family members die? Why did I become what I am now?" Qin Feng roared hysterically, like a wounded beast, wanting to tear the enemy in front of him into pieces.

"I..." Qin Yuan opened his mouth, but found that he couldn't answer Qin Feng's question at all.

Yes, why was he the only one who survived?

Why did all his family members die?

Why did he become like this?

Could it be... was he really wrong?

No!

impossible!

He never believed that he would do such a thing!

"Qin Feng, calm down! Things are not what you think!" Qin Yuan tried hard to suppress the anger in his heart. He knew that now was not the time for internal strife.

"Hahaha... It's not what I thought? Then tell me, what's going on?" Qin Feng sneered, his eyes full of ridicule and disbelief.

"I..." Qin Yuan wanted to explain, but he suddenly realized that he could not find any evidence to prove his innocence.

"What? Can't you tell me?" Qin Feng pressed forward step by step, his tone full of teasing and cruelty.

"Qin Yuan, do you think you can escape? Today, I will make you pay with blood!" Qin Feng roared, and the black mist instantly enveloped him, turning into a black lightning and heading towards Qin Yuan Attack.

"No!" Qin Yuan was shocked, knowing that he had no way out.

"boom!"

There was a loud noise, and the black mist and golden light suddenly collided, erupting into earth-shattering energy fluctuations.

"ah!"

Qin Yuan groaned, and like a kite with its string broken, he flew out upside down and fell heavily to the ground, blood spurting out from his mouth.

"Qin Yuan!" When He Chenguang and others saw this, their expressions changed drastically, and they rushed towards Qin Yuan.

"Hahaha... Qin Yuan, this is what you will get for betraying me!" Qin Feng stood there, looking at Qin Yuan who was lying in a pool of blood, with a crazy and sick smile on his face.

"You...don't even think about it..." Qin Yuan struggled to stand up, but the injuries on his body were too severe and he couldn't move at all.

"Hahaha... Qin Yuan, you have no chance. Today, I will send you down to be with my family!" Qin Feng said, slowly raising his right hand, black mist condensed in his palm, forming a black The long sword was pointed directly at Qin Yuan's throat.

"Stop!" At this moment, a cold voice suddenly sounded.

"Who?!" Qin Feng frowned, turned around suddenly, and saw a beautiful woman in a white dress slowly walking out of the dense forest.

"Who are you?" Qin Feng looked at the woman who suddenly appeared in front of him, with a hint of vigilance flashing in his eyes.

"You don't deserve to know my name." The woman glanced at Qin Feng coldly, her tone full of disdain and contempt.

"You..." Qin Feng suddenly became furious. Who is he? He is...

"Shut up!" The woman suddenly shouted coldly, and an invisible pressure instantly enveloped Qin Feng, making him unable to move.

"You...who are you?" Qin Feng's face was pale and his eyes were filled with fear. He actually felt the breath of death in this woman!

"I'm here to take him away." The woman ignored Qin Feng's fear. She slowly walked to Qin Yuan and gently picked him up.

"You...where are you taking him?" Qin Feng asked struggling.

"Go to a place you will never find." The woman gave Qin Feng a cold look, then hugged Qin Yuan, turned and walked towards the depths of the dense forest.

"No! You can't take him away!" Qin Feng roared unwillingly.

"You are not qualified to order me." The woman said without looking back, and her figure gradually disappeared deep into the dense forest.

"Ah!!!" Qin Feng looked up to the sky and roared, but to no avail.

He could only watch Qin Yuan being taken away, but there was nothing he could do.

"Qin Yuan, I will definitely find you! When the time comes, I will make you pay for what you have done!" Qin Feng said through gritted teeth, his eyes full of resentment and hatred.

Qin Feng looked in disbelief at the direction in which the woman disappeared with Qin Yuan. He clenched his fists and dug his nails deeply into his flesh.

"Qin Yuan! I will definitely find you and cut you into pieces!"

Angry roars echoed in the empty forest, but there was no response. Only He Chenguang and others watched all this silently with complicated eyes.

"Chenguang, let's go too." After an unknown amount of time, a burly soldier patted He Chenguang on the shoulder with a low tone.

He Chenguang did not speak, but took a deep look at the direction where Qin Yuan disappeared, then turned and left.

...

Deep in the dense forest, in a hidden valley, with birds singing and flowers fragrant, it feels like a paradise.

The woman gently placed Qin Yuan on the grass covered with petals. Looking at his pale face and blood-stained clothes, a trace of distress flashed in her eyes.

"Fool, why bother..."

She stretched out her slender jade fingers and gently stroked Qin Yuan's cheek, as if she were stroking a rare treasure.

A warm and mysterious energy slowly flowed into Qin Yuan's body from her fingertips, nourishing his broken body.

Qin Yuan slowly opened his eyes, and in his blurred vision, a face that would captivate the country appeared.

"You...who are you?"

He struggled to get up, but found that his whole body was weak and seemed to fall apart.

"Don't move, you're seriously injured." The woman held his shoulders and said softly, "This is a safe place. Just rest and recover."

"I....."

Qin Yuan wanted to ask again, but the woman gently touched his lips with her finger.

"Don't ask any questions and have a good rest."

Her voice was as beautiful as the sound of nature, but it also carried an unquestionable majesty.

Qin Yuan felt a wave of sleepiness coming over him, his eyelids became heavier and heavier, and he finally fell into coma again.

The woman looked at Qin Yuan who had fallen asleep, her eyes full of pity and love.

"I will help you protect your secrets."

She gently leaned down and pressed a kiss on Qin Yuan's forehead.

...

I don't know how long it took before Qin Yuan woke up again.

He found himself lying on a soft, comfortable bed with a warm blanket covering him.

The room is simply decorated, but full of warmth.

"Are you awake?"

A clear and sweet voice came, Qin Yuan turned around and saw the woman walking towards him carrying a bowl of steaming soup.

"How do you feel? Is there anything else uncomfortable?"

The woman placed the decoction on the bedside, reached out to touch Qin Yuan's forehead, and asked with concern.

"I...I'm fine."

Qin Yuan struggled to sit up, but was held down gently by the woman.

"Your injuries haven't healed yet, so don't move around yet."

As she spoke, she lifted Qin Yuan up and let him lean against the head of the bed. Then she picked up the soup, scooped up a spoonful of it, blew it gently to cool it, and brought it to Qin Yuan's mouth.

"Here, drink the medicine."

Qin Yuan looked at the gentle and considerate woman in front of him, and his heart was full of doubts.

who is she? Why save yourself?

"You...who are you?"

He finally couldn't help but ask.

The woman smiled slightly, a cunning light flashing in her eyes.

"My name is Su Yue."

She paused, then leaned into Qin Yuan's ear and said in an extremely seductive voice:

"It's your... woman."

Qin Yuan only felt a bitter taste in his mouth. The taste of this soup was really hard to describe.

"Why, my man, you don't even want to drink my medicine?" Su Yue's charming eyes were as silk as silk, with a hint of resentment in her tone, and her slender jade fingers gently touched Qin Yuan's lips, as if a dragonfly was touching water. A tingling sensation.

Qin Yuan smiled bitterly in his heart, this woman is really a fairy! The words that were clearly threatening came from her mouth, but they sounded like whispers between lovers.

He took the medicine bowl and drank it in one gulp, but did not dare to look into Su Yue's eyes. This woman was too dangerous, and he was afraid that he would be trapped in it and unable to extricate himself.

"Be good." Su Yue covered her mouth and smiled softly, as if admiring an interesting toy, "The poison on your body is not an ordinary poison. If it weren't for me, you would have..."

She didn't say any more, but looked at Qin Yuan meaningfully.

Qin Yuan's heart trembled. He knew that Su Yue had not lied to him. He knew the injuries on his body. If he hadn't met Su Yue, he would have been a cold corpse.

"Who are you? Why do you want to save me?" Qin Yuan suppressed the doubts in his heart and asked in a deep voice.

Su Yue did not answer his question, but just said to herself: "You have so many secrets, even I can't help but want to explore them."

As she spoke, she reached out and stroked Qin Yuan's cheek, her eyes blurred, as if looking at her prey.

Alarm bells rang in Qin Yuan's heart. This woman is indeed not simple!

He grabbed Su Yue's wrist and asked coldly: "What exactly do you want to do?"

Su Yue's smile gradually disappeared, replaced by a cold look, "Qin Yuan, you'd better understand your situation. You are my prisoner now and you are not qualified to negotiate terms with me!"

She shook Qin Yuan's hand away with force, a trace of disgust flashed in her eyes, "Don't think that just because I saved you, you can point your fingers at me, you're not worthy!"

Qin Yuan was startled by Su Yue's sudden change, and then he realized that the seemingly weak woman in front of him was not a kind person.

"you....."

"What's wrong with me?" Su Yue sneered, "Don't forget, only I can cure the poison on your body!"

She leaned down to Qin Yuan's ear and said in an extremely dangerous tone: "You'd better be obedient, otherwise..."

A cold light flashed in Su Yue's eyes, which made Qin Yuan shudder.

He was silent, knowing that he had no choice now.

"Very good." Su Yue smiled with satisfaction, "Remember, you are mine and only mine!"

After she finished speaking, she turned around and left, leaving only an enchanting figure behind.

Qin Yuan looked at the direction Su Yue was leaving, with a complicated light flashing in his eyes. Who is this woman?

He didn't know, but he knew that he had been involved in a huge whirlpool, and the center of this whirlpool was the woman named Su Yue in front of him.

Suddenly, a sharp pain came from Qin Yuan's chest. He groaned and a mouthful of blood spurted out.

"Damn it!" Qin Yuan cursed secretly, this body is really too weak!

He struggled to get up, but found that he couldn't move at all, and could only watch Su Yue's figure disappear outside the door.

At this moment, the door was pushed open again, and a tall figure walked in.

"Qin Yuan, are you okay?" The visitor was He Chenguang. He looked at Qin Yuan anxiously, "I heard you were awake, so I came over quickly to take a look."

Qin Yuan looked at He Chenguang with mixed feelings in his heart. He didn't know how to explain all this to He Chenguang.

"Morning light, I..."

"Stop talking and have a good rest first." He Chenguang interrupted Qin Yuan, "I have heard about what happened here. Don't worry, I will avenge you!"

Qin Yuan looked at the anger in He Chenguang's eyes and his heart sank. He knew that He Chenguang had misunderstood, but he couldn't explain it now.

"Morning light, listen to me..."

"There's nothing to say. I won't let any of those bastards go!" He Chenguang gritted his teeth and said, his eyes full of murderous intent.

Qin Yuan looked at He Chenguang, his heart full of bitterness. He knew that he could no longer stop He Chenguang.

And all this was because of that woman named Su Yue!

Qin Yuan only felt a fishy sweetness in his throat, and the severe pain was like a venomous snake running around in his body, making his eyes black. He supported the edge of the bed and tried hard to sit up, but found that he didn't even have the strength to raise his hand.

"Damn, this body... what has it been through..." He gritted his teeth and cursed in a low voice.

Seeing this, He Chenguang hurried forward to support him, and said anxiously: "How are you? Is it serious? I'll go call a doctor!"

Qin Yuan grabbed his wrist and shook his head and said: "Don't go... I'm fine..."

"But..." He Chenguang wanted to say something, but was stopped by Qin Yuan's eyes.

"Su Yue..." Qin Yuan weakly uttered these two words, his eyes full of complex emotions, "Who is she?"

He Chenguang was stunned for a moment, then angrily said: "That woman, don't mention her! If it weren't for her, how could you be so seriously injured! When I catch her, I will make her pay the price!"

Qin Yuan smiled bitterly, He Chenguang was still as impulsive as before, he didn't know at all that Su Yue was not an ordinary person.

"Chenguang, listen to me..."

"Don't say it!" He Chenguang interrupted him, his eyes full of worry and self-blame, "You need to rest now, other things, wait until you get better."

As he said, he forced Qin Yuan back to the bed and tucked in the quilt. The careful action was like taking care of a fragile porcelain doll.

Qin Yuan had no choice but to temporarily suppress the doubts in his heart, close his eyes, and pretend to rest.

He Chenguang stayed by his bed, looking at him quietly, his eyes full of guilt and heartache. He clenched his fists and swore in his heart that he must avenge Qin Yuan and bring all those who hurt him to justice!

The room was silent, with only the breathing sounds of the two people intertwined, and the atmosphere was depressing and heavy.

Suddenly, Qin Yuan opened his eyes abruptly, grabbed He Chenguang's arm, and said hurriedly: "Not good! Go! It's dangerous here!"

He Chenguang was startled by his sudden action. Before he could react, he saw Qin Yuan suddenly turn over and get out of bed, pulling him out.

"What's wrong? What happened?" He Chenguang asked anxiously while struggling to follow him.

"It's too late to explain!" Qin Yuan's face was solemn, and his speed did not slow down at all. "It's too late if you don't leave now!"

The two ran all the way and rushed out of the room. There was no one in the corridor, only the dim light, reflecting two panicked figures.

At this moment, a loud noise came from behind, and the whole corridor shook violently, and the lime blocks on the ceiling fell down, raising a choking dust.

He Chenguang was startled by this sudden turn of events. He stumbled and almost fell down.

Qin Yuan, with quick eyes and quick hands, grabbed him and led him to continue running forward.

"What's going on? Who is behind?" He Chenguang asked in shock.

"It's Su Yue!" Qin Yuan said through gritted teeth, "She wants to kill someone and silence her!"

"What?!" He Chenguang's face changed drastically, "Why did she do this?"

"Because..." Qin Yuan paused, a complex emotion flashed in his eyes, "because she is afraid that my identity will be exposed!"

"Your identity?" He Chenguang became even more confused, "What is your identity?"

Qin Yuan did not answer, but just pulled him and continued to run forward, faster and faster, as if there was some savage beast chasing them behind them.

The two ran wildly and finally reached the end of the corridor, where a closed iron door appeared in front of them.

"Damn it! It's a dead end!" He Chenguang said desperately.

Qin Yuan didn't speak, but pushed the iron door hard, but it didn't move at all. It was obviously locked from the outside.

"It's useless!" He Chenguang gasped, "We are trapped!"

Qin Yuan did not give up. He took a few steps back, sprinted hard, and slammed into the iron door.

"boom!"

There was a loud noise, and the iron door groaned under the weight, but it still did not open.

"It's useless..." He Chenguang slumped on the ground helplessly, "We can't escape..."

At this moment, a rush of footsteps came from behind, accompanied by Su Yue's cold voice:

"Qin Yuan, you can't run away! Just surrender and capture him!"

Qin Yuan turned around and looked at Su Yue, who was slowly approaching, with determination in his eyes:

"Even if I die, I won't let you succeed!"

Qin Yuan's eyes were burning with rage, but the corners of his mouth curved into a cold arc. He pulled He Chenguang behind him, blocked him with his body, looked coldly at Su Yue, who was approaching step by step, and said word by word: "If you want to touch him, get through me first!"

Su Yue stopped, her delicate face full of sarcasm. She glanced at Qin Yuan contemptuously and sneered: "Just you? How dare a waste controlled by drugs dare to speak arrogant words?"

"I decide my own life!" A fierce look flashed in Qin Yuan's eyes. He no longer concealed it, and the aura around him suddenly changed, like an awakened beast, exuding a heart-stopping dangerous aura.

"Hmph, you are so stubborn when you are about to die!" A trace of fear flashed in Su Yue's eyes, but she quickly calmed down and sneered, "Since you are looking for death, then I will help you!"

As soon as she finished speaking, several black shadows suddenly appeared behind her, each holding a sharp blade and surrounding Qin Yuan and He Chenguang with murderous intent.

"Qin Yuan, I advise you to just go ahead and capture him, so as not to suffer physical pain." A burly man with a fleshy face said with a ferocious smile. The machete in his hand reflected the cold light under the dim light, making people shudder.

"You idiots, you want to stop me?" A trace of disdain flashed in Qin Yuan's eyes. He slowly moved his muscles and made a crackling sound, as if he was warming up for the upcoming battle.

"Seeking death!" the burly man roared angrily, waving his machete and slashing at Qin Yuan's head and face.

Qin Yuan did not dodge, with a sneer at the corner of his mouth. Just when the machete was about to fall on him, he dodged the attack with incredible speed. At the same time, his right hand reached out like lightning and buckled Caught the burly man's wrist.

"Crack!"

With a crisp sound, the burly man's wrist was crushed by Qin Yuan, and the machete in his hand fell to the ground.

"ah!"

The screams of killing pigs echoed in the empty corridor, which was terrifying.

"Third brother!"

When the other people saw this, their expressions suddenly changed, and they all roared and rushed towards Qin Yuan.

Facing the siege of several people, Qin Yuan remained calm. He shuttled through the crowd like a ghost, and every move he made was accurate, cruel and deadly.

"Bang!"

"ah!"

"Crack!"

...

The screams and the sounds of broken bones intertwined together and echoed in the corridor, making people feel numb.

In the blink of an eye, all the big men fell to the ground, each one wailing and losing their fighting ability.

"Trash! They are all a bunch of trash!" Su Yue looked at this scene, her face turned livid, and she roared angrily.

She never expected that Qin Yuan could be so powerful. He could defeat many enemies with one person, but he was still unscathed. On the other hand, several well-trained thugs on her side couldn't even block a single move from him!

"Now, it's your turn." Qin Yuan's cold eyes fell on Su Yue, his tone was cold, like a life-killing spell from hell.

Su Yue's heart trembled, she subconsciously took a step back, and said inwardly: "What do you want to do? I'm warning you, if you dare to touch a hair on my head, I guarantee you will regret it!"

"Regret?" Qin Yuan's lips curved into a cruel smile, "I, Qin Yuan, never do anything I regret!"

He approached Su Yue step by step, his eyes filled with cold murderous intent.

"You... don't come here!" Su Yue looked at Qin Yuan approaching in horror, and said in a trembling voice, "You... what do you want to do?"

"What are you doing?" Qin Yuan stopped, looked at Su Yue condescendingly, and said word by word, "Of course, I will let you pay with blood!"

As soon as he finished speaking, he suddenly stretched out his hand, grabbed Su Yue's neck, and lifted her up.

"Ahem..."

Su Yue desperately pulled Qin Yuan's hand with both hands, trying to break away from his control, but her strength was like a fly shaking a tree in front of Qin Yuan, and it was of no use at all.

"You...you won't feel better if you kill me..." Su Yue said with difficulty, her eyes full of resentment and unwillingness.

"Then I will drag you to hell with me!" A trace of madness flashed in Qin Yuan's eyes, and the strength in his hands gradually increased.

"stop!"

At this moment, a majestic voice suddenly sounded, and a middle-aged man wearing a military uniform and carrying a star on his shoulders appeared at the end of the corridor.

"dad!"

When Su Yue saw the person coming, she seemed to be grasping at straws, and her eyes suddenly burst into light of hope.

The middle-aged man's name is Su Jianguo. He is Su Yue's father and a powerful figure in the city. As soon as he appeared, the tense atmosphere suddenly solidified. The thugs who originally fell to the ground and wailed like ducks whose necks were strangled, fell silent for a moment, endured the pain one by one, struggled to get up from the ground, and stood aside with low eyebrows, as if they had just had their bones broken. People are not the same as them.

When Su Yue saw her father, she was like a drowning person grabbing a life-saving straw. A flush suddenly appeared on her pale face, and she cried intermittently: "Dad...Dad, save me...he Want to kill me..."

Su Jianguo's sharp eyes swept across the audience, and finally landed on Qin Yuan's face that showed no fear. He frowned slightly and asked in a deep voice: "Who are you? Why do you want to hurt my daughter?"

"Your daughter?" Qin Yuan seemed to have heard some funny joke. The corners of his mouth curled up in a cold arc, but the strength of his hands did not relax at all. "Ask her, what has she done?"

Su Yue had difficulty breathing and her face turned red, but she stubbornly turned her head and said nothing.

When Su Jianguo saw this, an ominous premonition suddenly arose in his heart. He knows his daughter too well. She has been spoiled and unreasonable since she was a child. She has caused so much trouble behind her back all these years.

"This little brother," Su Jianguo suppressed the anger in his heart and said in a calm tone, "I don't care what my daughter does, but she will always be my daughter. If you have any grievances, we can sit down and have a good time Talk, why use force?"

"Grievances?" Qin Yuan suddenly laughed, and the laughter was full of ridicule and disdain, "Ask her, those people who were killed by her, those whose lives were trampled by her, those families who were destroyed by her, their grievances, who will listen?"

Su Jianguo's face suddenly turned ugly. He had a vague feeling that things might be more complicated than he imagined.

"Who are you?" Su Jianguo asked in a deep voice, with a hint of threat in his tone.

Qin Yuan didn't answer. He let go of Su Yue and let her collapse on the ground like a puddle of mud. Then he took out a photo from his pocket and threw it in front of Su Jianguo.

"Take a good look. This face should be familiar to you, right?"

Su Jianguo looked down. The picture showed a young girl with a sweet smile, pure and lovely, but... her eyes were covered with a black cloth, and the empty eye sockets seemed to be flowing with endless sadness and despair...

Su Jianguo's pupils shrank suddenly. The girl in the photo was his wife who had been missing for many years!

Su Jianguo's hands trembled, and the photo slipped from his fingers and fell to the ground, making a slight sound, but hitting his heart like a heavy hammer.

"You...how do you have this photo?" Su Jianguo's voice was hoarse, like sandpaper rubbing against a rough wooden board, making it harsh and unpleasant.

"Why, Commander Su has spent his whole life in the army and doesn't even recognize his own wife?" Qin Yuan's tone was full of sarcasm, and his eyes were as cold as looking at a dead person.

Su Jianguo's lips moved, but he couldn't speak. Of course he recognized it, this was his beloved wife, the pain that he could never let go of in his life! At that time, his wife disappeared, and no one was found alive or dead. He used all his efforts, but he never found her whereabouts.

"Tell me, who are you? What do you want to do?" Su Jianguo tried hard to control the anger in his heart. He had a hunch that the young man in front of him knew the truth of everything.

"Who am I? Haha..." Qin Yuan sneered, "I'm here to do justice for heaven and make you who have done all kinds of evil pay the price!"

Su Jianguo's heart sank suddenly, and an ominous premonition came to his mind. He looked at Su Yue, who was lying limply on the ground, and roared: "Yue'er, what on earth is going on? What did you do?"

Su Yue's face was pale, her eyes were evasive, and she did not dare to look directly into her father's eyes. She opened her mouth to defend herself, but found that she had nothing to say.

"Commander Su, it seems that your good daughter is hiding many things from you." Qin Yuan said slowly, his tone full of joking, "But it doesn't matter, I will let you know the truth one by one."

He bent down, picked up the photo on the ground, and gently brushed the dust off, his eyes gentle, as if looking at his lover.

"You know, before she died, she was most worried about you and your daughter..." Qin Yuan's voice was low, as if coming from the abyss of hell, "She asked me to tell you that she loved you very much. She has never regretted marrying you..."

Su Jianguo's body trembled violently, and tears filled his eyes. How much he hoped that all this was false, how much he hoped that his wife could come back to him.

"You're talking nonsense! My mom...she's dead!" Su Yue suddenly screamed hysterically, "She's dead a long time ago! It's you, you killed her!"

"Shut up!" Su Jianguo roared and slapped Su Yue in the face.

Su Yue was stunned, covering her face, looking at her father in disbelief. From childhood to adulthood, her father had never beaten her. Today, he beat her for an outsider?

"Evil creature! What on earth did you do?" Su Jianguo's eyes were bloodshot, like a wounded beast that could go berserk at any time.

"I..." Su Yue opened her mouth, but didn't know what to say. She never thought that things would develop to this point.

"Commander Su, don't worry, your good daughter will tell you everything soon." Qin Yuan raised a cold arc at the corner of his mouth, and a dangerous light flashed in his eyes, "I promise."

He walked in front of Su Yue, looked down at her, slowly squatted down, stretched out his hand, and gently stroked her cheek.

"You know, I like to see people's despair before they die the most..." Qin Yuan's voice was like a poisonous snake, cold and terrifying, "Don't worry, I will let you enjoy this process..."

Su Yue widened her eyes in horror and wanted to struggle, but found that she could not move. Qin Yuan's hands were like iron clamps, firmly imprisoning her body, making her unable to move at all.

"You...what do you want to do? My dad...my dad is Su Jianguo! You...you can't touch me!" Su Yue screamed in horror, her voice trembling and incoherent.

"Su Jianguo?" Qin Yuan seemed to have heard some funny jokes. He laughed out loud, and his laughter was full of ridicule and disdain. "Do you think he can still save you?"

He stood up suddenly, his eyes were cold, and his tone was grim: "You are wrong. Today, even if the king of heaven comes, he can't save you!"

After that, he no longer paid attention to Su Yue who was lying on the ground, turned around and walked towards Su Jianguo. Every step seemed to step on Su Jianguo's heart, making him breathless.

"Now, we can have a good talk." Qin Yuan's voice was cold and emotionless, "About the death of your wife, about the sins of your daughter, about... your retribution..."

Qin Yuan's eyes were as cold as a venomous snake, and a cruel smile appeared at the corner of his mouth. He approached Su Jianguo step by step, and every step seemed to step on Su Jianguo's soul, making him feel suffocated.

"You...what do you want to do?!" Su Jianguo roared fiercely, but his voice couldn't stop trembling, showing his inner fear.

"What do I want to do?" Qin Yuan stopped and looked down at Su Jianguo, his tone cold, "Commander Su, you won't really forget things and forget what you did back then?"

"You...who are you? I warn you, I am..." Su Jianguo wanted to bring out his identity in fear, but was interrupted by Qin Yuan mercilessly. (End of this chapter)

Chapter 2355 What do you want to do?

"You are from the Su family. The Su family has overwhelming power in the imperial capital. How can I, a small person, dare to touch you?" Qin Yuan's tone was full of ridicule, as if he was watching a clown.

"It's good that you know! If you are sensible, let Yue'er go as soon as possible. I can pretend that nothing happened!" Su Jianguo pretended to be calm, but his trembling voice betrayed the fear in his heart.

"As if nothing happened?" Qin Yuan suddenly laughed loudly, his laughter full of endless sadness and anger, "Su Jianguo, you killed the woman I love most, and now you just say 'As if nothing happened' It happened, so you want to expose it? Are you dreaming?"

Su Jianguo's face turned pale. Only then did he realize that the man in front of him was not a small character who could be manipulated at will, but someone with bad intentions who came to seek revenge from him!

"You...what do you want?" Su Jianguo's voice trembled, and his eyes were full of fear.

"What do I want?" Qin Yuan sneered, slowly squatted down, looked at Su Jianguo's level, his tone was as cold as a knife, "I want you to taste the feeling of losing everything! I want you to watch helplessly, you The things you cherish the most are being destroyed bit by bit, and there is nothing you can do!"

Su Jianguo's eyes widened in horror. He finally understood that the man in front of him was here to destroy everything about him!

Qin Yuan ignored Su Jianguo. He stood up, turned around and walked towards Su Yue, who was lying limply on the ground. His eyes were cold, as if looking at a dead person.

"You...what do you want to do? I...I'm your sister-in-law..." Su Yue wanted to retreat in horror, but found that she couldn't move at all.

"Sister-in-law?" Qin Yuan sneered, grabbed Su Yue's chin, and forced her to look at him, "Are you worthy?"

Su Yue felt as if her jaw was about to be crushed. The severe pain made her shed tears uncontrollably, but she did not dare to make a sound and could only look at the demon-like man in front of her in horror.

"Do you know? What I hate most is trash like you who bullies others and does evil!" Qin Yuan's voice was like the cold wind from hell, bone-chilling, "You and your damn mother deserve to die!"

"No...don't kill me...please...I...I don't dare anymore..." Su Yue begged in horror. It was the first time she felt that death was so close to her.

"It's too late!" Qin Yuan's eyes flashed with fierceness. He slowly raised his hand, put his five fingers together to form a hand knife, and slashed hard at Su Yue's neck!

"Stop!" At this moment, a roar came from outside the door, and then, a tall figure rushed in, pushed Qin Yuan away, and protected Su Yue behind him.

"Dad! Save me...he...he wants to kill me..." When Su Yue saw the person, she seemed to have grabbed a life-saving straw, crying and threw herself into the man's arms.

The person who came was Su Haoran, the eldest son of Su Jianguo and the eldest son of the Su family.

Su Haoran looked at his sister who was slumped in his arms and shivering, then looked at the photos scattered on the ground, and Qin Yuan's eyes full of murderous intent, and suddenly understood something.

He gently placed Su Yue on the ground, stood up slowly, looked at Qin Yuan with cold eyes, and said in a serious tone: "Who are you? Why do you want to hurt my sister?"

"Who are you?" Qin Yuan smiled contemptuously and brushed his shoulder that was pushed by Su Haoran indifferently, "What does it have to do with you if I teach my enemy a lesson?"

"Enemy?" Su Haoran frowned, obviously not believing Qin Yuan's words, "My Su family has no enmity with you, why do you want to spit on me?"

"No injustice?" Qin Yuan laughed loudly as if he had heard some funny joke. The laughter was full of endless ridicule and sadness, "Su Haoran, you'd better ask your good sister, and Your good mother, what good things have they done!"

Su Haoran's face darkened. He realized that the matter was not simple, so he turned to look at Su Yue and asked in a deep voice: "Yue'er, what on earth is going on?"

Su Yue's face was pale, her eyes were evasive, and she did not dare to look directly into Su Haoran's eyes. She opened her mouth and wanted to defend, but found that she had nothing to say.

"What? You can't tell me?" Qin Yuan sneered, his eyes full of teasing, "Su Haoran, it seems that your good sister, like your good mother, only hides behind men and dare not take responsibility. What a waste of responsibility!"

"You..." Su Haoran suddenly burst into anger. He clenched his fists and was about to teach the ignorant guy in front of him a lesson, but was interrupted by Su Jianguo's roar.

"That's enough!" Su Jianguo's face turned livid. He stood up suddenly, pointed at Qin Yuan's nose, and roared, "Boy, I don't care who you are or what grudges you have with our Su family. Today, you must Pay the price for what you did!"

"Oh? Really?" Qin Yuan smiled instead of being angry. He approached Su Jianguo step by step, his eyes were cold, as if he were looking at a dead person, "Su Jianguo, do you think you are still the head of the Su family who made everything possible in the imperial capital? "

Su Jianguo's expression changed. He saw something in Qin Yuan's eyes that frightened him. It was a kind of indifference, a kind of indifference to life, a kind of indifference to everything!

"You...who are you?" Su Jianguo's voice trembled. He felt that he was not facing a person, but a demon from the abyss!

"Who am I?" A cruel smile appeared at the corner of Qin Yuan's mouth. He slowly stretched out his hand and gently took off the mask on his face, revealing a face with sharp edges and corners, as cold as a knife, and said every word , "I'm here to demand my life from your Su family!"

Su Jianguo's voice was trembling, and Qin Yuan's words were like sharp blades, piercing his strong dignity and tearing into pieces the illusion he had worked so hard for all these years. He looked at the young man in front of him in horror, and the memories of the past came flooding back, drowning his last shred of sanity.

"You...you are...Qin Yuan?" Su Haoran exclaimed in disbelief. He looked up and down at the man in front of him, trying to find any trace of familiarity on that unfamiliar face.

"Haha, what? The young and noble young man of the Su family forgets things so much that he forgets me so quickly?" Qin Yuan sneered, his eyes were cold and biting, "That's

right, the mourner who was driven out by your Su family like a dog back then Dog, who cares?"

"You...you are still alive?" Su Yue's face instantly turned pale, and she looked at Qin Yuan in horror, as if she saw an evil ghost crawling out of hell. The fire that year was clearly...obviously...

"What? Are you disappointed?" Qin Yuan approached Su Yue step by step and said in a serious tone, "It's a pity that God has no eyesight and allowed me to survive like this, and gave me a chance to come back for revenge!"

"You...what do you want to do?" Su Yue stepped back in horror, but Qin Yuan grabbed her hair, forcing her to raise her head and look directly into his eyes full of hatred.

"What do I want to do?" Qin Yuan sneered and tightened his fingers slowly, "Su Yue, you should know very well why I came today!"

"No... don't..." Su Yue struggled desperately, but to no avail. She could only watch as Qin Yuan's palms pinched her neck like iron pliers.

"Stop!" Seeing this, Su Haoran rushed forward, grabbed Qin Yuan's arm, and roared, "Let go of my sister!"

"Go away!" Qin Yuan slapped Su Haoran back with a backhand, and the murderous intent in his eyes became more intense, "No one can save her today!"

"Qin Yuan, that's enough!" Su Jianguo roared angrily. He struggled to stand up, pointed at Qin Yuan's nose, and shouted at the top of his lungs, "That incident back then was our fault. We are sorry for you and your parents. , but Yue'er is innocent, you can't hurt her!"

"Innocent?" Qin Yuan laughed loudly as if he had heard some big joke. The laughter was full of endless ridicule and sadness, "Su Jianguo, do you still have the nerve to mention innocence to me? Back then, my parents In order to save your Su family, I ended up with no bones left. What did you do to me? You kicked me out of the Su family and left me to fend for myself. Is this what you call innocence? "

Qin Yuan violently threw Su Yue aside, pointed at Su Jianguo and roared: "What the Su family owes me and my parents, I want you to pay back a hundred times!"

Su Yue fell to the ground in embarrassment and looked at the scene in front of her in horror. She opened her mouth and wanted to say something, but found that she had nothing to say at all.

"Qin Yuan, calm down, we can have a good talk!" Seeing this, Su Haoran quickly stepped forward to persuade him.

"Talk?" Qin Yuan sneered, "What else is there to talk about? What qualifications do you, the Su family, have to talk to me?"

"Qin Yuan, I know you hate us, but when will we retaliate? If you kill us, will your parents be resurrected?" Su Jianguo said in a deep voice.

"Resurrection?" Qin Yuan seemed to have heard something extremely ridiculous. He laughed to the sky, his laughter was sad and desperate, "Yes, they will never come back, and you can't even think about it!"

Qin Yuan turned around suddenly, grabbed Su Yue's neck, lifted her up, and said in a serious tone: "Su Yue, don't you like playing with fire very much? Today, I will let you taste being burned alive by fire. taste!"

Su Jianguo burst into tears. He never imagined that the thin boy back then would become so terrifying now. He knew that what Qin Yuan said was true. The Su family owed Qin Yuan so much that they were unable to repay it.

"Qin Yuan, you... you want to kill or behead him, please do whatever you want. I just ask you to let Yue'er go, she doesn't know anything!" As Su Jianguo said, he actually struggled to kneel down to Qin Yuan.

"Dad!" Su Haoran quickly supported Su Jianguo and turned to glare at Qin Yuan, "Qin Yuan, don't bully others too much! My sister has no enmity with you. If you dare to touch a hair of hers, I, Su Haoran Even if I risk my life, I will die with you!"

"Hahaha..." Qin Yuan suddenly looked up to the sky and laughed, his laughter full of endless sadness and ridicule, "Su Haoran, who do you think you are? Are you worthy of dying with me?"

Qin Yuan tightened his fingers suddenly, and Su Yue felt it was difficult to breathe, and her vision went black. Her survival instinct made her struggle desperately, and she slapped Qin Yuan's arm randomly with both hands, trying to get him to let go of her.

"Brother...save me...save..." Su Yue struggled to say a few words, her voice hoarse, like a broken bellows.

Su Haoran's eyes were about to burst. He rushed towards Qin Yuan, but was kicked out by Qin Yuan and fell heavily on the coffee table. He grinned in pain.

"Trash!" Qin Yuan uttered two words coldly, looking down at Su Haoran, his eyes full of disdain and contempt, "You dare to scream in front of me with someone like you?"

"Qin Yuan, what do you want?" Su Jianguo struggled to stand up and glared at Qin Yuan, "You have killed so many of us, isn't it enough?"

"Kill you?" Qin Yuan sneered, "No, that would be too cheap for you! I want you to watch helplessly as your most precious things are destroyed by me bit by bit. I want you to live in pain and despair. Medium, slowly rotting!"

As Qin Yuan spoke, he suddenly released his grip on Su Yue's neck. Su Yue immediately collapsed to the ground, breathing in fresh air, her face as pale as paper.

"You...what do you want to do?" Su Yue looked at Qin Yuan in horror, her body couldn't help but tremble.

Qin Yuan ignored Su Yue, but turned to look at Su Haoran, with a cruel curve on his lips: "Su Haoran, don't you want to die with me? I'll give you this chance!"

As Qin Yuan spoke, he suddenly took out a bright dagger from his pocket and threw it towards Su Haoran...

The dagger flashed a cold light in the air and stuck straight into the floor beside Su Haoran, the blade buzzing. Su Haoran was in shock, and beads of sweat broke out on his forehead. Only then did he realize that Qin Yuan had no intention of actually killing him, at least not yet.

"What? Are you scared?" A teasing smile appeared on Qin Yuan's lips, "Aren't you going to die with me? Get up and fight me like a man!"

Su Haoran gritted his teeth tightly and struggled to stand up, but took a breath because of the pain. He knew in his heart that he was no match for Qin Yuan. He couldn't even catch one of his moves, let alone die together.

"Qin Yuan, what are you going to do to let us go?" Su Jianguo asked in a trembling voice. He knew that now he could only hope that Qin Yuan would be merciful and let his family go.

Qin Yuan did not speak, but walked slowly to Su Yue and looked at her condescendingly. Su Yue was so frightened by what he saw that her body instinctively shrank back, only to find that she had been forced into a corner and had no way to retreat.

"You...what do you want to do?" Su Yue's voice trembled, her eyes full of fear and helplessness.

Qin Yuan looked at Su Yue, with a trace of disgust flashing in his eyes. This woman was once his fiancée, the person he swore to protect for the rest of his life. However, she betrayed him together with her brother and pushed him into the world. The abyss of eternal destruction.

"Su Yue, do you still remember the necklace I gave you?" Qin Yuan's voice was bone-chilling, as if coming from the Nine Nether Hell.

Chapter 2356 This necklace represents my heart

When Su Yue heard this, her face suddenly turned as pale as paper. That necklace was a birthday gift that she and Su Haoran personally gave to Qin Yuan. It was also the beginning of their betrayal of Qin Yuan.

"No...I don't remember..." Su Yue shook her head in panic, trying to cover up her guilty conscience.

"Don't remember?" Qin Yuan sneered, suddenly stretched out his hand, grabbed Su Yue's hair, and forced her to raise her head, "It doesn't matter, I will help you recall your memories now!"

Su Yue was in pain and couldn't help but scream out in surprise, tears bursting out of her eyes instantly.

"Qin Yuan, please, let my sister go..." Seeing this, Su Haoran struggled to get up, but Qin Yuan stepped on his chest, unable to move.

"Su Haoran, shut up!" Qin Yuan said coldly, "You have no right to speak here!"

After saying that, Qin Yuan no longer paid attention to Su Haoran, but pulled Su Yue's hair and dragged her to the center of the living room.

"Today, I want to let you have a taste of what it means to live worse than death!" Qin Yuan said, a crazy look flashed in his eyes, and he reached out and took out a delicate small box from his pocket...

The delicate small box shone faintly under the dim light. After Su Yue saw the patterns carved on the box clearly, her pupils suddenly shrank and she screamed in horror: "No! No! Qin Yuan, I beg you, don't want....."

That necklace was a 20th birthday gift that she personally gave to Qin Yuan. At that time, Qin Yuan was still the most unpopular illegitimate son of the Su family. Everyone looked down upon him. Only Su Yue shone into his eyes like a ray of light. in life.

"This necklace represents my heart. From now on, you will be the person I, Su Yue, recognize!" Su Yue put the necklace on Qin Yuan's neck in front of everyone, and shyly kissed his lips. .

That was the happiest moment in Qin Yuan's life. He vowed to protect Su Yue for the rest of his life. However, he was severely pushed into hell by the person he loved most.

"This necklace is the most annoying thing in my life! It always reminds me how stupid I have been!" Qin Yuan suddenly opened the box, and the familiar necklace lay quietly inside, but the originally bright necklace The diamond was now stained with dark red blood and exuded a disgusting stench.

The moment Su Yue saw the necklace, her stomach turned. She remembered how she and her brother tied up the drugged Qin Yuan that night, and how they tore off the necklace with their own hands and let it fall. On the floor covered in blood...

"Ugh..." Su Yue finally couldn't help but vomited out, but Qin Yuan pinched her chin tightly, forcing her to raise her head and look directly at the necklace.

"Su Yue, I put this necklace on for you with my own hands. Now, I have to take it back with my own hands!" Qin Yuan said, suddenly taking the necklace out of the box and tearing it off roughly. The gold chain around Su Yue's neck, and then the blood-stained diamond necklace was tightly put around her neck.

The cold touch made Su Yue feel like she was falling into an ice cave. She struggled desperately, trying to tear off the necklace around her neck, but Qin Yuan's big hands were like iron pliers, preventing her from moving.

"Qin Yuan, you are crazy! What do you want to do?!" Su Haoran yelled at the top of his lungs with his eyes split open, but what greeted him was a cold and piercing look from Qin Yuan.

"Su Haoran, you are not qualified to order me!" Qin Yuan said coldly, "I don't want to kill anyone today, I just want Su Yue to enjoy it. What is life worse than death!"

Qin Yuan said, throwing Su Yue to the ground, then took out a mobile phone from his pocket and threw it in front of her.

"Call your brother and tell him that you miss him..." Qin Yuan's voice, like a devil's whisper, sounded in Su Yue's ears...

Su Yue collapsed to the ground, her stomach churning, fear wrapped around her throat like a cold snake, making it almost impossible to breathe. She reached for the phone with trembling hands, but her fingertips bounced back like an electric shock. The dim light from the mobile phone screen reflected her pale face and also illuminated the shocking blood stains on the necklace.

"Why, are you scared?" Qin Yuan looked at her condescendingly, with a cruel sneer on his lips, "When you designed me, weren't you very proud? Why do you look like a lost dog now?"

"I didn't...I didn't design you..." Su Yue defended weakly, but her voice was as thin as a mosquito. She didn't dare to look into Qin Yuan's eyes. The anger burning in them seemed to swallow her up.

"You dare to quibble!" Qin Yuan squatted down suddenly, pinched her chin, and forced her to look at him, "Su Yue, you really don't shed tears until you see the coffin!"

He took out a folded square handkerchief from his pocket, embroidered with a delicate rose. It was embroidered by Su Yue herself. She once innocently said to him: "When I marry you, I will I'll embroider a whole room of handkerchiefs for you!"

How ridiculous, what was once a sweet vow has now turned into the sharpest blade, piercing his heart so hard that it made him miserable.

"Look what this is?" Qin Yuan unfolded the handkerchief and waved it in front of Su Yue, his voice was so cold that there was no warmth at all.

Su Yue only glanced at it, then her face changed drastically. There was a line of small words embroidered on the handkerchief: "When the moon falls and the stars sink, the Yuan alliance will be remembered forever." This was the love poem she wrote to Qin Yuan back then. The handwriting was tender but full of love. .

"This... this is not my handkerchief..." Su Yue shook her head in horror, wanting to deny it, but seeing the icy coldness in Qin Yuan's eyes, all her lies were choked in her throat.

"Su Yue, you are so cruel!" Qin Yuan said through gritted teeth, "Do you think the things you did can be hidden from the public? Do you think you can sleep with Su Haoran without any worries just because you hurt me like this? Flying together?"

"I'm telling you, you're dreaming!" Qin Yuan stood up suddenly and crushed the mobile phone on the ground with his foot. "From today on, I will make you pay for what you have done!"

Su Yue looked at Qin Yuan in horror. His eyes were cold and unfamiliar, as if he had changed. The gentle and considerate Qin Yuan had completely disappeared.

"You...what do you want to do?" Su Yue asked with a trembling voice. She had a premonition that what awaited her next would be torture more terrifying than death.

"What?" Qin Yuan sneered, bent down to Su Yue's ear, and said in a voice that only the two of them could hear, "I want you to see with your own eyes how Su Haoran was stepped on by me step by step. Under your feet, I want you to have a taste of what it means to be truly worse than death!"

After saying that, Qin Yuan pulled Su Yue up from the ground and dragged her into the bedroom like a chicken...

In the bedroom, under the dim light, Su Yue was thrown on the soft wool carpet by Qin Yuan like a rag doll. She looked at him in horror, the once familiar face now cast a frightening shadow.

"Qin Yuan... you... calm down... there must be some misunderstanding between us..." Su Yue's voice trembled, trying to awaken the remaining tenderness in the heart of the man in front of her.

However, what greeted her was Qin Yuan's cold and biting sarcasm: "Misunderstanding? You made me look like a human and a ghost now, and you want to explain the misunderstanding?"

He ripped open the buttons of his shirt, revealing the hideous scar on his muscular chest. It was the mark left when Su Yue and Su Haoran conspired to push him off the cliff, and it was engraved on his body forever. , also engraved in his heart.

"You should be familiar with this scar, right? It always reminds me of your betrayal to me!" Qin Yuan said through gritted teeth, every word seemed to be squeezed out from between the teeth, with unforgettable hatred. .

Su Yue's eyes widened in horror. She had never seen such a terrifying Qin Yuan, as if he was an enraged beast that could tear her into pieces at any time.

"No...it's not me...it's really not me..." Su Yue shook her head desperately, wanting to deny it, but in the face of the irrefutable facts, any sophistry pales in comparison.

"Are you still pretending to be innocent now?" Qin Yuan sneered, pinched her chin, and forced her to look at him, "Su Yue, you are really the best acting woman I have ever seen!"

"I didn't...ah!" Before Su Yue could finish her words, she was rudely interrupted by Qin Yuan. He tore her clothes to pieces as if they were a worthless item.

"What are you doing? Let me go! Help!" Su Yue struggled in fear and tried desperately to escape, but her resistance seemed so weak in the face of Qin Yuan's powerful power.

"Help? Do you think someone will come to save you?" Qin Yuan sneered, a cruel light flashed in his eyes, "Su Yue, from the moment you betrayed me, you should have thought that today would happen!"

After saying that, he no longer paid attention to Su Yue's struggle and pleading, lowered his head and kissed her lips, biting them punitively, as if he wanted to devour her completely...

Su Yue closed her eyes in despair, and two lines of clear tears fell from the corners of her eyes. At this moment, she regretted what she had done, but there was no regret medicine in this world.

Suddenly, a rapid knock on the door broke the weird atmosphere in the bedroom.

"Brother Qin, something happened! Su Haoran has brought someone here!" An anxious voice came from outside the door.

"Brother Qin, something happened! Su Haoran is here with someone!" The boy outside the door had a vibrato in his voice. It was obvious that the matter was urgent.

Qin Yuan made a move, and a cold light flashed in his eyes, "Su Haoran? He came so fast." He chuckled, but his tone was full of murderous intent.

Su Yue shrank under him, her cheeks wet with tears. When she heard Su Haoran's name, a glimmer of hope flashed in her eyes, but it was covered up by deep fear.

"What? Are you expecting him to come and save you?" Qin Yuan noticed her change, pinched her chin with his fingers harder, and spoke in a solemn tone.

Su Yue was in pain, but she didn't dare to cry out. She could only shake her head desperately, "No... don't..."

"It's too late!" Qin Yuan stood up suddenly and looked at her condescendingly, "Just wait and see how I make his life worse than death!"

He casually grabbed the silk nightgown on the side and put it on slowly, with unquestionable domineering in every movement.

"Bang!" The bedroom door was kicked open, and Su Haoran stormed in aggressively with a dozen bodyguards in black.

"Qin Yuan! You beast! Let go of my sister!" Su Haoran saw Su Yue being thrown to the ground at a glance, his eyes were splitting, and he rushed up with a roar.

"Just you?" Qin Yuan sneered, and punched him directly without dodging.

"Bang!" The two fists collided with a muffled sound. Su Haoran felt a huge force coming, and he flew backwards, knocking over the coffee table behind him, and fell to the ground in a panic.

"Haoran!" Su Yue exclaimed, struggling to get up, but Qin Yuan grabbed him and pushed him back to the bed.

"Want to leave? Have you asked for my opinion?" Qin Yuan sneered, one hand easily clamped Su Yue's hands, and the other hand slowly unbuttoned his shirt, revealing a strong chest and a shocking scar.

"You...what do you want to do?" Su Haoran struggled to get up from the ground, watching this scene, his eyes were bloodshot, but he didn't dare to act rashly.

He knew Qin Yuan's skills, and he knew he was not his opponent, not to mention that Su Yue was still in his hands.

"What do I want to do?" Qin Yuan sneered, his eyes swept over Su Haoran and Su Yue, and his tone was grim, "I will make you pay for your blood debt with blood!"

As he said, he lowered his head and whispered in Su Yue's ear, "Don't you always want to know why I fell off the cliff and came back alive?"

Su Yue widened her eyes in horror, and an ominous premonition surged into her heart.

"That's because..." Qin Yuan paused, with a wicked smile on his lips, "I found a way to let me be reborn from the ashes..."

Before he finished speaking, the lights in the room suddenly went out and fell into darkness.

"Ah—" Su Yue's scream cut through the night sky, but was quickly swallowed by the darkness...

In the darkness, Su Yue could not see anything, only Qin Yuan's cold words echoed in her ears, like the devil's voice from hell, making her shudder.

"You...what kind of monster are you..." Su Yue's voice trembled, and fear tightly wrapped around her heart like a vine.

"Monster?" Qin Yuan chuckled, with a hint of self-mockery in his tone, "Yes, I'm not a human anymore..."

As he said, he tore off Su Yue's nightgown and pressed her down roughly.

"I fell off the cliff that year and should have been shattered to pieces, but I met a mysterious man who gave me the opportunity to be reborn, but also turned me into a monster..."

Qin Yuan's voice was low and hoarse, as if he was telling an ancient and terrifying legend.

Su Yue struggled in fear, but it was useless. She could only let him do whatever he wanted in the dark.

"You... you let me go... my brother won't let you go..." Su Yue cried desperately, but it aroused Qin Yuan's beastly nature even more.

"Su Haoran? He can't save himself now, and you still expect him to save you?" Qin Yuan sneered, his tone full of disdain.

"You... what did you do to Haoran?" Su Yue's heart sank suddenly, and an ominous premonition came to her mind.

"Want to know? Beg me..." Qin Yuan smiled evilly, clamped Su Yue's hands with one hand, and the other hand wandered along her body, leaving a hot spot wherever he went.

"You... you devil..." Su Yue was ashamed and angry, but she was powerless to resist. She could only close her eyes in despair and let the darkness and fear swallow her.

Chapter 2357 You actually dared to kill Brother Long!

On the other side, after being punched away by Qin Yuan, Su Haoran struggled to get up, but was pinned to the ground by two black-clad bodyguards.

"Let me go! You lackeys! I'm going to kill you!" Su Haoran roared and struggled desperately, but to no avail.

Qin Yuan stood in front of him, looking at him condescendingly, with a cruel smile on his lips.

"Su Haoran, aren't you very arrogant? Why are you acting like a lost dog now?" Qin Yuan said, raised his foot and stepped hard on Su Haoran's face.

"Well..." Su Haoran was in pain, but still refused to give in, glaring at Qin Yuan, "Qin Yuan! You have to die a good death! I will never let you go even if I'm a ghost!"

"A ghost?" Qin Yuan sneered, "Do you think I will give you this chance?"

As he spoke, he took out a small, delicate bottle from his pocket, uncorked it, and a strange fragrance suddenly filled the air.

"What is this?" Su Haoran smelled the fragrance and suddenly felt dizzy, and everything in front of him began to become blurry.

"This is a gift I specially prepared for you," Qin Yuan smiled evilly and poured the liquid in the bottle onto Su Haoran, "Don't worry, you won't die, but your life will be worse than death..."

When the liquid came into contact with Su Haoran's skin, it immediately made a "sizzling" sound, and a puff of white smoke rose up. Su Haoran let out a scream like a slaughtering pig, and rolled on the ground in pain.

"Ah - my face! My face!" Su Haoran wailed in pain, scratching his face randomly with both hands, but the more he scratched, the more painful it became. Blood flowed down between his fingers, staining his face. Shocking red.

"This is just the beginning," Qin Yuan sneered, his eyes full of the pleasure of revenge, "I want you to watch helplessly, everything you care about is destroyed in my hands..."

As he spoke, he turned and walked towards the bedroom, leaving behind a frightened Su Haoran, struggling in pain and despair...

Qin Yuan threw the limp Su Haoran at the door of the Su family villa like garbage. Scarlet blood was flowing on the precious marble floor, like a shocking abstract painting. He clapped his hands, turned around and left without caring, leaving only a cold and biting sentence echoing in the air:

"In three days, I will personally visit you. I hope you are ready to receive my gift."

Back at the Langya base, Qin Yuan enjoyed a rare period of leisure. There are no tasks, no killings, and time seems to slow down. He occasionally went to the training ground to stretch his muscles, compete with his former comrades, and feel the raw pleasure of the collision of steel and flesh.

On this day, Qin Yuan had nothing to do, so he strolled to the recruit training ground. Under the scorching sun, a group of new recruits were crawling and rolling in the mud. The sweat and mud mixed together, outlines of gray and black marks on their young faces.

"Move! Are you here for vacation?" A burly, dark-skinned instructor stood aside, roaring at the top of his lungs. The pointer in his hand was like a poisonous snake spitting messages, and from time to time he would hit those who moved a little slower. On the new recruits.

Qin Yuan stood in the distance, watching this scene with interest, with a playful smile on his lips. These recruits, just like him back then, were full of vision for the future and desire for strength. However, time will teach them what cruelty is and what despair is.

"Hey, isn't this Captain Qin? Why do you have time to come to our little place?" A slightly teasing voice came from behind.

Qin Yuan turned around and saw a thin young officer wearing glasses looking at him with a smile.

"Old Li, you are still so glib." Qin Yuan smiled and punched the opponent, "Why, did you lead the new soldiers to torture you into this kind of virtue?"

"Forget it, this batch of recruits is more difficult than the last. I feel like my hair is about to fall out." Instructor Li complained with a grimace.

"Haha, as a young man, it's a good thing to have some personality. Just train him slowly." Qin Yuan comforted him with a smile.

"By the way, do you have any mission when you come back this time?" Instructor Li asked curiously.

"I don't have any tasks, so I'll just come back and take a vacation." Qin Yuan said calmly.

"A vacation? Your kid also takes a vacation?" Instructor Li looked in disbelief, "I thought a war machine like you wouldn't get tired."

Qin Yuan smiled and said nothing. He walked up to the recruits and glanced at their faces one by one, finally settling on a young man who was thin but had firm eyes.

"What's your name?" Qin Yuan asked.

"Report! My name is Zhang Qiang!" The young man stood at attention, saluted, and replied loudly.

"Zhang Qiang? What a good name!" Qin Yuan nodded, "Why do you want to be a soldier?"

"Report! I want to become a strong man like you and protect my family and country!" Zhang Qiang's voice was full of power.

A complicated look flashed in Qin Yuan's eyes. He patted Zhang Qiang's shoulder and said earnestly: "Remember what you said, but you have to know that true strength does not rely on brute force, but on this. "

With that said, Qin Yuan pointed to his head.

Zhang Qiang nodded in understanding, his eyes full of admiration and desire.

"Report! I want to become a strong man like you and protect my family and my country!" Zhang Qiang's voice was full of power and echoed on the training ground.

Qin Yuan looked at the young man with firm eyes, but there was no wave in his heart. A strong man like him? Defend the country? What a naive idea. He sneered and was about to say something, but was interrupted by a rush of footsteps.

"Captain Qin! Captain Qin! Something happened!" A signalman ran over in a panic, sweating and terrified.

"What are you panicking about! Is the sky falling?" Instructor Li whipped him and scolded him angrily, "Look at you! Captain Qin is here, what can't be solved?"

The signalman was whipped, but he didn't dare to dodge, just said with a sad face: "The Su family... The Su family sent someone..."

Before he finished speaking, Qin Yuan turned around suddenly, with a cold light in his eyes. The Su family? Can't help but come to seek death so soon?

"Let's go and take a look." Qin Yuan raised a bloodthirsty smile at the corner of his mouth, took a step, and walked towards the gate of the base.

Outside the gate of the base, more than a dozen black-clad bodyguards stood there menacingly, each of them was ferocious, holding a bright machete in their hands, and it was obvious that they were not good people.

The leader was a bloated middle-aged man in a white suit, with a beer belly, a thick gold chain around his neck, and a face full of fat. He looked like a second-generation rich man who was used to being arrogant.

"Are you Qin Yuan?" The middle-aged man looked at Qin Yuan with his eyes slanted, and his tone was extremely arrogant, "Do you know who I am? Dare to touch my Su family, I think you are tired of living!"

"Su family, Su Dalong?" Qin Yuan looked at the arrogant man in front of him as if he was looking at a dead person, and his tone was so cold that there was no warmth.

Su Dalong? The soldiers around couldn't help but take a breath when they heard this name. The younger brother of Su Tianlong, the head of the Su family, and the most arrogant and domineering mad dog in the Su family!

"It's good to know! If you know what's good for you, kneel down and kowtow to me to admit your mistake, and then cut off one of your arms, I can consider sparing your dog life!" Su Dalong laughed arrogantly, as if he had seen the scene of Qin Yuan kneeling down and begging for mercy.

"You are worthy enough?" Qin Yuan sneered, with a flash of disdain in his eyes.

"Looking for death!" Su Dalong was furious and waved his hand fiercely, "Go! Kill him!"

A dozen black-clad bodyguards received the order and rushed forward like a group of hungry wolves, waving their machetes and calling out to Qin Yuan.

"Captain Qin, be careful!" Instructor Li saw this and his face changed drastically. He wanted to rush up to help, but was stopped by Qin Yuan.

"This kind of stuff is worthy of my attack?" Qin Yuan curled his lips in disdain, slightly turned his body, and easily dodged the oncoming machetes.

"Looking for death!" Qin Yuan's eyes flashed with a cold light, and his figure was like a ghost. He instantly appeared in front of a black-clad bodyguard, and made a lightning-fast move, grabbing his neck.

"Crack!" With a crisp sound, the black-clad bodyguard's neck was directly crushed by Qin Yuan, and he fell softly to the ground.

"What?!" Seeing this, the other black-clad bodyguards were immediately horrified, stopped in their tracks, and looked at Qin Yuan in horror.

"With this little strength, you dare to come and die?" Qin Yuan sneered, threw the corpse in his hand aside, and swept his eyes coldly over the remaining black-clad bodyguards, "Who else wants to come and die?"

"You... don't come over!" The remaining black-clad bodyguards were frightened by Qin Yuan's ruthless means, and retreated one after another, their eyes full of fear.

Su Dalong was also frightened pale by this sudden change. He never thought that this ordinary-looking soldier would be so terrifying!

"You... you can't kill me! My brother is Su Tianlong! If you dare to touch me, my brother will not let you go!" Su Dalong roared fiercely, trying to scare Qin Yuan away with Su Tianlong's name.

"Su Tianlong?" Qin Yuan raised a cruel smile, "Do you think I'm afraid of him?"

"Su Tianlong? Haha..." Qin Yuan laughed, his laughter was full of disdain and ridicule, "I'll say it again, hand over the antidote, and then commit suicide."

Su Dalong was so scared that he collapsed to the ground when he saw that Qin Yuan didn't take his brother seriously at all, and a foul smell came from his crotch.

"Qin... Captain Qin," a black-clad bodyguard stood up bravely and said in a trembling voice, "We... We really don't have the antidote! We are just following orders, please, spare us!"

"Spare you?" The smile on Qin Yuan's face gradually disappeared, replaced by endless coldness and murderous intent, "Why didn't you think of sparing my brother when you poisoned him?"

"You... your brother?!" Su Dalong said hurriedly as if he had grabbed a life-saving straw, "Who is your brother? As long as you tell me, I will send someone to catch him and give you the antidote!"

"You, are worthy?" Qin Yuan's eyes were filled with murderous intent, and he walked towards Su Dalong step by step. Every step seemed to be stepping on his heart, making him feel suffocated.

"You... don't come over! I... I am from the Su family, you... you can't kill me!" Su Dalong screamed in horror, trying to retreat, but found that his legs were no longer under his control.

"Su family?" Qin Yuan sneered, "In my eyes, the Su family is nothing!"

As soon as he finished speaking, Qin Yuan made a lightning move, grabbed Su Dalong's neck, and lifted him up.

"Ahem... Let... Let me go..." Su Dalong desperately pried Qin Yuan's hands with both hands, but it was like an ant trying to shake a tree, and it was completely useless.

"Tell me, where is the antidote?" Qin Yuan's voice was as cold as hell.

"I... I really don't know... Ahem..." Su Dalong said with difficulty, his face flushed to the color of liver.

"It seems that you are not willing to drink the wine." Qin Yuan's eyes flashed with a trace of ruthlessness, and the strength of his hands suddenly increased.

"Crack!" With a crisp sound, Su Dalong's neck was broken by Qin Yuan. He stared with a pair of unwilling eyes and died.

"Brother Long!"

"You... you dared to kill Brother Long! You are dead!"

The remaining black-clad bodyguards saw this and immediately burst into tears. They roared and rushed towards Qin Yuan.

"A group of ants dare to be presumptuous in front of me!" Qin Yuan's eyes flashed with disdain. His figure was like a ghost, shuttling through the crowd. Every time he made a move, one person would fall.

In less than a minute, more than a dozen black-clad bodyguards fell to the ground, one by one, and there was no one alive.

Qin Yuan didn't even look at the corpse on the ground, and turned to walk towards the gate of the base.

"Wait, you can't leave!"

At this moment, a delicate voice suddenly sounded, and then a beautiful figure rushed out from the gate of the base and blocked Qin Yuan.

It was a tall and beautiful young woman wearing a camouflage uniform, heroic and charming. It was another captain of the Dragon Group, Lin Ruoxue, codenamed "Rose".

"You want to stop me?" Qin Yuan looked at the beautiful woman in front of him, and a trace of surprise flashed in his eyes.

Qin Yuan looked at the beautiful woman in front of him, without any fluctuation in his eyes, only endless coldness. He slightly turned sideways, as if Lin Ruoxue was just an insignificant stone, and his tone was as indifferent as ice in the cold winter: "Get out of the way."

"Qin Yuan, I know you are strong, but you can't leave!" Lin Ruoxue did not retreat because of Qin Yuan's attitude, but took a step forward and blocked his way, "Su Dalong's death, the Dragon Group will definitely investigate it thoroughly. If you leave now, you will dig your own grave!"

"Investigate it thoroughly?" Qin Yuan suddenly laughed, and his laughter was full of ridicule and disdain, "How to investigate? Who to investigate? Investigate why I want to kill him, or investigate whether he should die?"

"You..." Lin Ruoxue was choked by Qin Yuan's words and couldn't speak. She knew that Su Dalong deserved to die, but he was a member of the Su family. His death would inevitably cause an uproar, and then the Dragon Group would not be able to protect Qin Yuan.

"I'll say it one last time, get out of the way." Qin Yuan's patience was almost exhausted. He didn't want to waste any more time, and his tone became cold. (End of this chapter)

Chapter 2358: Call to action?

"Qin Yuan, please calm down, things are not irreversible yet!" Lin Ruoxue said anxiously, "As long as you cooperate with our investigation, Team Dragon will definitely give you an explanation!"

"Explain? Do I need you to explain to me?" A cold light flashed in Qin Yuan's eyes, and his tone was full of ridicule, "I will take back my brother's life myself!"

As soon as he finished speaking, Qin Yuan ignored Lin Ruoxue and walked straight towards the base gate.

"Stop!" Upon seeing this, Lin Ruoxue's face changed, she shouted, and she stepped in front of Qin Yuan, "Qin Yuan, don't force me!"

"Forcing you? Who do you think you are?" Qin Yuan stopped and looked at Lin Ruoxue coldly, his eyes full of disdain.

"I am the captain of the Dragon Team, Lin Ruoxue!" Lin Ruoxue said word by word, her tone full of unquestionable majesty, "If you dare to step out of the base gate today, I will kill you even if I risk my life. Take it!"

"It's just you?" Qin Yuan seemed to have heard some funny joke, with a mocking arc on his lips, "You're not worthy yet!"

As soon as he finished speaking, Qin Yuan took action like lightning, grabbed Lin Ruoxue's neck and lifted her up.

"Ahem..." Lin Ruoxue was choked by Qin Yuan. She had difficulty breathing and her face turned red. However, she did not struggle. She just stared at Qin Yuan with her beautiful eyes, full of stubbornness and unwillingness to admit defeat.

"Do you think I don't dare to kill you?" Qin Yuan looked at the stubborn woman in front of him with a flash of surprise in his eyes, but the strength in his hand did not weaken at all, but became a little stronger.

"Ahem...you...kill me...you...can't leave..." Lin Ruoxue said with difficulty, her tone was broken, but her eyes were still firm.

Qin Yuan looked into Lin Ruoxue's eyes, and a strange feeling suddenly arose in his heart. He felt as if he had seen himself back then, just as stubborn and fearless.

"Qin Yuan, let her go!" At this moment, an old and majestic voice suddenly sounded, and then, an old man wearing a military uniform and carrying a star on his shoulders walked over.

"Chief!" Lin Ruoxue's eyes flashed with joy when she saw the person coming, and she shouted quickly.

"Old chief." Qin Yuan also let go of his hand and nodded slightly to the old man, with a hint of respect in his tone.

The old man ignored Qin Yuan, but walked quickly to Lin Ruoxue and asked with concern: "Xiaoxue, are you okay?"

"I'm fine, chief." Lin Ruoxue shook her head, indicating that she was fine.

The old man felt relieved, turned to look at Qin Yuan, and said seriously: "Qin Yuan, do you know how much trouble you have caused today?"

"I know." Qin Yuan replied calmly, his tone terrifyingly calm.

"You know?" The old man frowned and asked in a deep voice, "Then you still dare to kill Su Dalong?"

"He deserves to die." Qin Yuan's tone was cold, without any emotion.

"Presumptuous!" the old man shouted angrily, and a powerful pressure emanated from him, so oppressive that the surrounding air seemed to freeze, "No matter how much Su Dalong deserves to die, it is not your turn to take action! There is still something in your eyes. Without royal law, is there any discipline?"

"King's law? Discipline?" Qin Yuan suddenly laughed, and the laughter was full of sadness and ridicule, "When my brother was tortured to death by them, where was your so-called king's law and discipline? In my family, everyone was destroyed, and my wife and children were separated. Where are your so-called royal laws and disciplines when we are separated?"

By the end of the sentence, Qin Yuan's voice had become hoarse, and his eyes were bloodshot, like a wounded beast that might go berserk at any time.

"This..." The old man looked at Qin Yuan's appearance and was shocked. He knew that what Qin Yuan said was true. He also knew that Qin Yuan had suffered a lot of grievances over the years, but he couldn't just watch Qin Yuan ruin his life. himself.

"Qin Yuan, I know you are feeling bitter, but you must also be considerate of the country's difficulties!" The old man sighed and said seriously, "The Su family is powerful and deeply rooted, and we cannot act rashly!"

"So, are you going to sacrifice me to quell the Su family's anger?" Qin Yuan looked at the old man coldly, his eyes full of disappointment and anger.

"That's not what I meant..." The old man wanted to explain, but was interrupted by Qin Yuan.

"Enough!" Qin Yuan roared angrily, "I, Qin Yuan, stand upright and have a clear conscience! If you want to sacrifice me for the so-called interests, then go ahead!"

"You..." The old man was so angry that he was trembling with anger at Qin Yuan's words. He pointed at Qin Yuan and was speechless for a long time.

"What? Old chief, are you going to attack me?" Qin Yuan looked at the old man, a trace of determination flashed in his eyes, and a powerful aura erupted from him, like a volcano about to erupt, which was heart-stopping.

At this moment, there was a sudden roar of car engines outside the base gate, and then, a dozen black cars roared into the base and stopped in front of everyone.

The car door opened, and a group of men in black got out of the car, surrounding Qin Yuan and others.

The leader was a short, fat, middle-aged man wearing a Tang suit with a sinewy face. He looked at Qin Yuan, his eyes full of resentment and murderous intent.

"Qin Yuan, you killed my son, and I want you to pay with your blood today!"

"Qin Yuan! Are you crazy?!" The old leader was so angry that his beard stood up, pointing at Qin Yuan's nose and yelling, "Do you know who he is? He is the head of the Su family, Su Dalong's biological father! You killed his son and now you want to kill him in front of him?"

"So what?" Qin Yuan smiled coldly, without a trace of fear in his eyes, "It is only right to kill someone to pay for their life! I killed his son because his son deserved to die! Today, I want to kill him because he deserves to die too!"

"You...you..." The old chief was so angry that he couldn't speak. His finger pointing at Qin Yuan kept trembling.

"Okay! Okay! Okay!" Su Zhenhai, the head of the Su family, laughed angrily, staring at Qin Yuan with his eyes, "It's only right that a man kills to pay for his life! I want to see who kills whom today!"

After saying that, Su Zhenhai waved his hand, and the group of men in black behind him immediately rushed toward Qin Yuan like tigers descending a mountain.

"How dare a bunch of chickens and dogs dare to act in front of me!" A disdainful sneer appeared at the corner of Qin Yuan's mouth, and he disappeared in a flash.

The next moment, Qin Yuan appeared in the middle of the group of men in black, like a tiger entering a flock of sheep, with fists and kicks coming out. Every punch and every

kick contained terrifying power. Those men in black were not his at all. The enemy he had joined together was defeated by him in the blink of an eye.

"This... how is this possible?!" Su Zhenhai looked at this scene, his eyes widened, and his face was full of disbelief.

He never expected that Qin Yuan's strength would be so terrifying. Those men in black were all elite thugs carefully selected by his Su family. Each of them had experienced hundreds of battles and had considerable strength, but in front of Qin Yuan, turned out to be as vulnerable as a chicken or a dog!

"Master, we...we are no match for him!"

"Run!"

...

The men in black were frightened by the beating, abandoned their helmets and armor, and fled in all directions.

"Want to run? It's too late!" Qin Yuan sneered, dodged again, and caught up with a man in black. He punched out and blew the man's head open, causing red and white to splash out. One place.

"ah!"

"Devil! He is the devil!"

...

Seeing this scene, the men in black were so frightened that they fled desperately.

"Qin Yuan, stop!" Upon seeing this, the old chief shouted quickly.

However, Qin Yuan seemed not to hear it and was still chasing and killing those men in black. Wherever he passed, rivers of blood flowed, like a purgatory on earth.

"Qin Yuan! If you don't stop, I'll shoot!" Seeing that Qin Yuan didn't listen to him, the old chief became anxious. He quickly took out his pistol, pointed it at Qin Yuan's head, and shouted loudly.

After hearing the old chief's words, Qin Yuan paused slightly, turned around slowly, and looked at the old chief, his eyes full of disappointment and sadness.

"Old chief, do you really want to shoot me for these people?" Qin Yuan asked in a calm tone, but his eyes were as sharp as a blade, which made the old chief feel chilled in his heart.

"I..." The old chief's heart trembled when he saw Qin Yuan's eyes, and the hand holding the gun couldn't help but tremble slightly.

"Alas!" Seeing the old chief's appearance, Qin Yuan sighed secretly in his heart. He knew that the old chief would not shoot him.

"Well, if that's the case, then I'll let them go." Qin Yuan shook his head, turned around and walked outside the base.

"Stop!" Seeing this, Su Zhenhai shouted loudly, "Qin Yuan, you killed my son, this matter is not over yet!"

"What? Do you still want to take revenge?" Qin Yuan stopped, turned around, and looked at Su Zhenhai, with a playful smile on his lips.

"You..." Su Zhenhai felt chilled by Qin Yuan's eyes, but when he thought of his dead son, the anger in his heart burned again, "Qin Yuan, just wait, my Su family and yours are at odds with each other. !"

"I'll be with you anytime!" Qin Yuan replied lightly, then ignored Su Zhenhai and left the base in stride.

...

"Alas!" Looking at Qin Yuan's leaving back, the old chief couldn't help but sigh, his face full of helplessness and bitterness.

He knew that what happened today was just the beginning. The Su family would never give up, and Qin Yuan would also face endless revenge from the Su family.

"Old chief, what should we do now?" Lin Ruoxue walked to the old chief and asked in a low voice.

"What else can we do?" The old chief smiled bitterly and shook his head, "Let's deal with the things here first. As for Qin Yuan's side, we can't control that much."

...

After Qin Yuan left the base, he was not in a hurry to leave, but found a hotel nearby to stay.

He knew that the people of the Su family would definitely not let him go, so he had to recharge his batteries and be fully prepared to face the next challenge.

Early the next morning, Qin Yuan checked out of the room, then took a taxi to a remote suburb.

This is an abandoned factory, surrounded by overgrown weeds and desolate.

The reason why Qin Yuan came here was because he received a call from his former comrade-in-arms.

On the phone, his comrades told him that there was something very important to tell him and that he must get to this place before noon today.

Qin Yuan didn't know what his comrades were going to tell him, but he knew that this matter must be of great importance, otherwise his comrades would not have allowed him to come here so solemnly.

Just when Qin Yuan came to the door of the factory, suddenly, there was a sudden sound of brakes, and then, a black van suddenly braked and stopped in front of him.

The car door opened, and several burly men in camouflage uniforms got out of the car and surrounded Qin Yuan.

"Who are you?" Qin Yuan looked at the group of people, frowned slightly, and asked coldly.

"We are ordered to pick you up." One of the men looked at Qin Yuan and said in a deep voice.

"Ordered? Whose order?" Qin Yuan asked.

"Iron Fist Group!"

"Iron Fist Group!" The man's tone was a little proud, as if he was saying an extremely glorious title.

Qin Yuan frowned. He knew the Iron Fist Group. It was one of the top special forces in China, known as the "King of Land Warfare", and its strength was evident.

But the problem was that he had never had any intersection with the Iron Fist Group. Why did they send someone to find him?

"I have nothing to do with the Iron Fist Group. Are you mistaken?" Qin Yuan looked at the people in front of him and asked coldly.

"We are not mistaken, you are Qin Yuan," one of them said, handing over an envelope, "This is your conscription order, take a look for yourself."

Qin Yuan took the envelope and opened it. Inside was an A4 paper with a bright red seal and the words "top secret" written on it.

"You are conscripted to join the Iron Fist Group. Set off immediately. No mistakes!"

The signature is: Chinese Military.

Qin Yuan was stunned. Conscription order? How could he, a retired soldier, receive a conscription order?

"What is going on?" Qin Yuan frowned, full of doubts.

"We don't know the specific situation," the man said, "We are only responsible for executing orders. You should pack up and follow us."

Qin Yuan looked at the people in front of him, then looked at the conscription order in his hand, and finally nodded.

He knew that this matter must be unusual, but since it was an order from the military, he had to obey.

...

A few hours later, Qin Yuan was taken to a secret military base located in the deep mountains and old forests.

As soon as he got off the car, Qin Yuan felt a murderous atmosphere coming towards him.

Looking around, the base was full of soldiers with live ammunition, each with a stern expression and a lightning-like gaze, as if ready to fight at any time.

"Where is this place?" Qin Yuan looked at the scene in front of him and was secretly surprised.

"Iron Fist Regiment Recruit Training Camp," the man said, "From now on, you are a recruit."

"Recruit?" Qin Yuan was stunned. He had been retired for many years, how could he become a recruit again?

"That's right," the man nodded, "According to the instructions from above, you have to undergo recruit training here again, and then based on your performance, we will decide whether to let you officially join the Iron Fist Regiment."

Chapter 2359 A sudden change occurs!

"Re-accept recruit training?" Qin Yuan was at a loss for words. He was once a soldier king, but now he had to train with a group of young boys. How could he feel?

However, military orders were as strict as a mountain, and Qin Yuan also knew that now was not the time to worry about these things.

He took a deep breath and walked into the training camp.

...

The life in the recruit training camp was more boring than Qin Yuan had imagined.

Every day before dawn, he was awakened by a shrill whistle, and then began endless physical training, queue training, shooting training...

Although Qin Yuan's strength was far beyond that of ordinary people, in order not to attract attention, he chose to hide his strength and honestly followed the instructor's rhythm to train.

However, even so, he still attracted the attention of many people.

"Hey, look at that guy, why is he always absent-minded during training?"

"That's right, and why does his movements look so skillful, as if he is more skilled than the instructor."

"No way? He is a new recruit just like us!"

"Who knows, maybe he is an old soldier from some unit, and he was kicked here."

Listening to the discussions around him, Qin Yuan just smiled faintly and didn't care.

He knew that with his strength, if he really wanted to show off, he could crush these new recruits in minutes.

But he didn't come here to show off, but to find out why the military recruited him here.

...

The days of new recruit training passed day by day, and Qin Yuan gradually adapted to life here.

Although the training was hard, he enjoyed it.

Because he found that although these new recruits were average in strength, they were all full of enthusiasm, vigor and vitality.

With them, Qin Yuan seemed to have returned to the glorious days in the army.

However, the peaceful days did not last long, as they were broken by a sudden news.

"What? Actual combat exercise?"

All the recruits were stunned when they heard the news announced by the instructor, and their faces were full of shock.

Actual combat exercise, as the name suggests, is to simulate the real battlefield environment and conduct actual combat confrontation training.

This kind of training is usually aimed at experienced veterans. New recruits like them usually have no chance to participate.

"Instructor, we have just started training for a short time, and we have to participate in actual combat exercises. Isn't it too early?" A recruit couldn't help asking.

"Yes, instructor, actual combat exercises are not a joke. If you are not careful, it will cost lives!" Another recruit also said.

"What are you afraid of? Soldiers of our Iron Fist Regiment have never been afraid of death!" The instructor looked at everyone and shouted loudly, "This actual combat exercise was specially arranged by the higher-ups to test your training results. Cheer up and don't embarrass the Iron Fist Regiment!"

After hearing the instructor's words, the recruits were a little nervous, but they didn't say anything.

After all, they are all strong men. Since they have chosen this path, there is no reason to retreat!

...

The location of the actual combat exercise is in a primeval forest hundreds of kilometers away from the training camp.

The terrain here is complex and the environment is harsh. It is an excellent place for actual combat training.

The content of the exercise is very simple, that is, the red and blue sides confront each other, the red side is responsible for defense, and the blue side is responsible for attack. In the end, whichever side first captures the other side's command center wins.

Qin Yuan and other recruits in the recruit company were assigned to the blue side, responsible for the task of attacking.

"Brothers, this actual combat exercise is a good opportunity for us to prove ourselves," the company commander of the recruit company said to everyone before departure, "Show your courage and strength to show those old birds that we recruits are not easy to mess with!"

"Yes!" The recruits roared in unison, the sound was deafening.

Under the leadership of the company commander, Qin Yuan and other recruits of the recruit company rushed towards the red side's position like a tiger descending from the mountain.

However, what they didn't know was that a conspiracy against them was quietly unfolding...

The primeval forest was hot and humid, and the air was filled with the smell of rotten leaves and soil. Qin Yuan held an automatic rifle in his hand and observed the surroundings vigilantly. The dense tree canopy blocked the sky, and only a few rays of sunlight fell through the gaps between the branches and leaves, casting mottled light and shadows on the ground.

"I say, we have been walking for almost an hour, how come we haven't seen a single ghost?" A short and fat recruit in the team complained in a low voice. He wiped the sweat off his face and rubbed his muddy camouflage uniform even dirtier. "Did the red team hide and slack off?"

"Shut up, monkey! Do you want everyone to hear it?" A tall recruit next to him whispered, "If the instructor hears it, you can wait to be punished!"

The short and fat recruit called "monkey" shrank his neck and dared not say anything. He just muttered in a low voice, "The actual combat exercise is just like the real thing, so what..."

Qin Yuan ignored their conversation. He was keenly aware of the abnormality of the surrounding environment. In addition to the damp smell in the air, there was also a faint smell of blood.

"Be alert!" Qin Yuan lowered his voice and said to the recruits behind him, "Something is wrong here!"

Although the recruits complained, they were still very convinced of Qin Yuan in their hearts. Hearing his warning, everyone stopped talking immediately, clenched their weapons, and looked around nervously.

"Da da da!"

Suddenly, a burst of dense gunfire broke the tranquility of the forest. Bullets whizzed over their heads and hit the tree trunks, and wood chips flew.

"Enemy attack! Hide!" The company commander roared and led the recruits to lie down on the spot and look for cover.

Qin Yuan reacted quickly and rolled behind a thick tree trunk. He stuck his head out and quickly observed the surrounding situation.

Not far ahead, a group of soldiers in red camouflage uniforms rushed out of the woods. They held all kinds of weapons in their hands and shot wildly at Qin Yuan and others.

"Damn, it's an ambush by the red side!" The company commander roared, "Hit hard!"

The blue side's recruits opened fire in response. For a while, gunshots rang out, and deafening explosions and screams echoed in the forest.

Qin Yuan calmly observed the battlefield situation. He found that although the firepower of the Red Army was fierce, the attack lacked rules and was obviously a new recruit who lacked practical experience.

"A bunch of rabble." Qin Yuan showed a sneer at the corner of his mouth. He picked up the automatic rifle in his hand and aimed at a Red Army soldier who was shooting wildly.

"Bang!"

With a gunshot, the Red Army soldier fell to the ground, and the blood stained the camouflage uniform red.

Qin Yuan's movements were like flowing water, and he was done in one go. His accurate shooting skills stunned the new recruits around him.

"This... this is too amazing!" Monkey widened his eyes, his face full of disbelief, "Is he really a new recruit? Why do I feel that he is more powerful than the instructor!"

"Stop talking nonsense, fire quickly!" The tall new recruit pulled Monkey and pressed him behind the bunker.

Qin Yuan ignored the exclamations around him. He continued to pull the trigger calmly. Every bullet hit the target accurately, and one Red Army soldier after another was knocked to the ground by him.

However, at this moment, Qin Yuan suddenly felt a chilling sense of crisis. He subconsciously raised his head and saw a black shadow falling rapidly from the treetops above his head...

The black shadow fell with a whistling sound, and Qin Yuan instinctively rolled to the side and barely avoided the attack. Looking closely, it turned out to be a huge monster!

It has brown fur, strong limbs, and a bloody mouth with sharp fangs flashing cold light. After the monster landed, it let out a deafening roar, shaking the leaves.

"Fuck! What is this?!" The monkey was so scared that he sat on the ground and rolled and crawled to hide behind a tree.

"Like... a bear? No, it's much bigger than a bear!" The tall recruit was also scared and stammered.

"It's a bear, a rare giant bear with amazing strength and strong aggressiveness!" Qin Yuan recognized the origin of the monster at a glance. His face was solemn and he clenched the rifle in his hand.

Bear? What the hell is that? ! The recruits looked at each other in bewilderment. They had only seen bears on TV and had never heard of bears.

"Roar!" The bear roared again, it stood up, and its two front paws slammed its chest, making a muffled "bang bang" sound, as if it was sniping at the enemy.

Qin Yuan knew that the monster in front of him was not something that ordinary recruits could deal with. He stood up decisively and shouted to the recruits behind him: "You retreat first! I'll hold it back!"

"What?! How can this be!"

"Yes, squad leader, it's too dangerous for you to be alone!"

The recruits shouted one after another. Although they were afraid, they didn't want to leave their comrades behind and escape alone.

"This is an order! Obey the order!" Qin Yuan roared, and his unquestionable tone made the recruits quiet down immediately.

He knew that now was not the time to be a hero. Only by saving the lives of these recruits could they have a chance to complete the mission.

"Go!" Qin Yuan urged again.

The recruits gritted their teeth and finally chose to obey the order. They supported each other and stumbled back.

"Roar!"

Seeing the prey trying to escape, the bear roared, stretched out his limbs and chased after it.

"Beast, your opponent is me!" Qin Yuan shouted angrily, raised the rifle in his hand, and shot the bear in the head.

"Bang!"

The bullet hit the target accurately, but what shocked Qin Yuan was that the bullet did not penetrate the thick fur of the bear, but only left a shallow white mark on it.

The bear roared in pain, turned around suddenly, and stared at Qin Yuan with scarlet eyes, as if to tear him to pieces.

Qin Yuan's heart sank. He knew that he had met a tough opponent!

"Bang!" Another gunshot sounded, and the bullet hit the chest of the bear, but it seemed to hit a thick wall, leaving only a little charred mark.

"Damn, is this beast made of iron?!" Qin Yuan couldn't help but burst out a swear word.

Seeing the bear approaching step by step, Qin Yuan could only fight and retreat. While he fired to attract the bear's attention, he looked for terrain that could be used.

Suddenly, he caught a glimpse of a huge rock not far away, and immediately had an idea in his mind.

"Beast, come on!" Qin Yuan deliberately slowed down his pace and shouted provocatively at the bear.

The bear was indeed enraged. It let out a deafening roar and rushed towards Qin Yuan like a heavy tank.

At this moment, Qin Yuan suddenly rolled to the side and barely avoided the bear's attack.

"Bang!" The bear hit the huge rock with its head, making a loud noise.

Qin Yuan took the opportunity to get up, picked up the rifle, and shot the bear in the head again.

"Bang!"

Qin Yuan used all his strength in this shot, and the bullet shot into the bear's right eye accurately with a burning flame.

"Ah--!"

The bear let out a shrill scream, and its huge body fell to the ground with a bang, twitching a few times and then stopped moving.

Qin Yuan did not dare to be careless. He kept a vigilant posture and slowly walked to the body of the bear. After confirming that it was completely dead, he breathed a sigh of relief.

"Squad leader, are you okay?"

At this time, the new recruits also ran back cautiously, looking at Qin Yuan one by one, their eyes full of awe and admiration.

They just witnessed how Qin Yuan killed a ferocious beast with his own strength. This powerful strength made them admire Qin Yuan with all their hearts.

"I'm fine." Qin Yuan shook his head. He glanced at the dead bear on the ground and frowned slightly. "How did this thing appear here?"

"Who knows? Maybe it ran out of the zoo." A recruit guessed.

"Impossible, there is no zoo nearby." Another recruit retorted.

"Okay, stop guessing." Qin Yuan interrupted their discussion. "First, get rid of the dead beast, and then hurry up to complete the task."

"Yes!"

The recruits responded in unison, and they began to move the dead bear in a hurry.

However, at this moment, something strange happened!

The dead bear suddenly opened its eyes again!

Its originally brown-black eyes turned into a strange blood red, emitting a creepy murderous light!

"Roar!"

The bear roared again, stood up suddenly, opened its bloody mouth, and rushed towards the nearest recruit...

Blood splattered, and the recruit didn't even have time to scream before the bear bit off his neck. Warm blood gushed out, dyeing his gray hair red.

"Damn it!" Qin Yuan's pupils shrank suddenly. This sudden change was completely beyond his expectations. This bear was obviously dead, why would it be resurrected? Moreover, its strength and speed seemed to be more terrifying than before!

"Run!" Qin Yuan roared, and at the same time raised the rifle in his hand and shot wildly at the bear.

"Bang! Bang! Bang!"

The bullets poured down on the bear like raindrops, but it was like tickling, and it couldn't stop its pace at all.

"Roar!"

The bear let out a deafening roar, its blood-red eyes staring at Qin Yuan, full of hatred and brutality.

"What the hell is this monster?!" Qin Yuan was horrified, he had never seen such a terrifying creature. (End of this chapter)

Chapter 2360 It will be too late if you don't leave now!

"Squad leader, what should we do?" The recruits were already scared out of their wits, and asked in panic.

"What else can we do? Fight it!" Qin Yuan gritted his teeth. He knew that if he wanted to leave here alive today, he could only fight this monster to the death!

"Kill!" Qin Yuan roared and rushed forward first.

"Bang! Bang! Bang!"

Qin Yuan fired while looking for the bear's weakness. However, the monster was covered with thick fur, and the bullets could not penetrate its defense at all.

"Damn, is this beast invincible?" Qin Yuan cursed in his heart. For the first time, he felt deeply powerless.

At this moment, the bear suddenly opened its bloody mouth and pounced on Qin Yuan.

"Be careful!"

At the critical moment, a figure suddenly rushed out and blocked Qin Yuan.

"Squad leader, go!" The recruit roared, and then was bitten by the bear and dragged to the back.

"Xiao Li!" Qin Yuan's eyes were bloodshot. He wanted to rush up to save people, but was held back by other recruits.

"Squad leader, don't be impulsive. We are not its opponents!"

"Yes, squad leader, let's go quickly. It will be too late if we don't leave now!"

The recruits cried one by one. They were scared. They didn't want to die here.

"Let me go! Let me go!" Qin Yuan struggled frantically, but how could he, alone, defeat so many people?

"Roar!"

The bear roared triumphantly, then bit the recruit's head to pieces, blood and brains splattered, staining the surrounding grass and trees red.

"Xiao Li!" Qin Yuan was extremely angry, his eyes were red, and he looked like a madman.

"Roar!"

The bear pounced on Qin Yuan again, and its bloody mouth seemed to swallow Qin Yuan whole.

"Beast, I want you to die!" Qin Yuan roared angrily, he gave up resistance, and let the recruits drag him away.

"Squad leader, stop looking, let's go!"

"Yes, squad leader, it will be too late if we don't leave now!"

The recruits urged Qin Yuan while dragging him.

Qin Yuan didn't say anything, he just looked in that direction quietly, looking at the monster, with cold murderous intent flashing in his eyes...

The strong smell of blood filled the air, Qin Yuan was dragged by the recruits, and his feet left two deep marks in the mud. He watched the monster wreak havoc, listened to the desperate cries of his comrades, and a cold anger ignited in his heart.

"Damn it, I'm going to fight you!"

Qin Yuan suddenly shook off the hands that were pulling him, turned around and ran towards the weapon box. The recruits were all startled by his sudden move and looked at him blankly.

"Squad leader, you are crazy! That's a monster, we can't beat it at all!"

"Yes, squad leader, don't be impulsive!"

Qin Yuan turned a deaf ear to it, he opened the weapon box and grabbed a rocket launcher.

"Shut up, all of you!" Qin Yuan roared, picked up the rocket launcher, and aimed at the monster that was gnawing at the corpse.

"Boom!"

With a loud bang, the flames shot up into the sky, and the monster was blown into a ball of minced meat before it even had time to let out a wail.

The smoke dissipated, and a burnt smell filled the air. Qin Yuan threw away the rocket launcher in his hand, walked to the pool of minced meat, and after confirming that the monster was completely dead, he breathed a sigh of relief.

"Squad leader, you..." The recruits looked at Qin Yuan in amazement, their eyes full of awe and fear.

Qin Yuan ignored them, he walked to the recruit whose head was bitten by the monster, and silently helped him close his eyes.

"Brother, rest in peace."

Back to the Iron Fist Group, this incident caused an uproar. The superiors attached great importance to this incident and sent a special investigation team to investigate. And Qin Yuan, because of his outstanding performance in this incident, was promoted to an instructor and continued to lead the training of recruits.

"All of you, please get your shit together! Look at what you are like now, what kind of words are you talking about!" On the training ground, Qin Yuan stood on the high platform and yelled at a group of recruits below.

The recruits lowered their heads one by one, not daring to say a word. They all knew that the new instructor Qin was a killer who could kill even that kind of monster. In his eyes, these recruits were probably not even as good as ants.

"Do you think that you can become a real soldier by wearing this military uniform? Wrong! A real soldier must be tempered in the test of blood and fire!"

Qin Yuan's voice echoed over the training ground like thunder.

"From today on, I'm going to give you devil training! Whoever can't hold on, fucking get out of here!"

The days that followed were simply a nightmare for the recruits. The training plan formulated by Qin Yuan was simply not something that humans could complete. The high-intensity training every day made them exhausted, and they didn't even have time to eat or sleep.

"Instructor Qin, isn't the intensity of this training too high? Look, many people are injured." A thin recruit found Qin Yuan and complained in a low voice.

Qin Yuan looked at him coldly and said, "If you are injured, go to the infirmary! This is the army, not a kindergarten! If you want to be a real soldier, you must pay more sweat and blood than ordinary people!"

"But..."

"No buts! Go back to training!"

The recruit was frightened by Qin Yuan and dared not say anything. He ran back to the team in shame.

Looking at the new recruits gritting their teeth and persisting, Qin Yuan showed a barely perceptible smile at the corner of his mouth. He knew that these new recruits would become pillars of the country in the future.

However, the peaceful days did not last long, and a transfer order broke the tranquility of the training ground. The superior ordered Qin Yuan to lead a special operations team to the border to perform a top-secret mission.

"This mission is very important. You all should be alert. Do you understand?" Qin Yuan said to the team members in front of him before leaving.

"Understood!" The team members shouted in unison.

"Okay! Let's go!"

Amid the roar of the helicopter propeller, Qin Yuan and his team members disappeared into the sky...

Qin Yuan's eyebrows twitched imperceptibly. This transfer order came strangely, but it was reasonable. The border has always been uneasy, and all kinds of strange events have emerged one after another. The superiors sent their special operations team there, and they obviously encountered a tough guy.

"Boss, what are we going to deal with this time? It's so mysterious, there's no definite answer." A burly man asked in a muffled voice. He is a blaster in the special forces and is nicknamed "Bomb".

"Don't ask what you shouldn't ask. Just do what the superiors tell you to do. Why are you talking so much nonsense!" Qin Yuan glanced at him coldly. These guys only acted like that on the training ground. They couldn't help but act stupidly when it came to actual combat.

"Hehe, it's just curiosity." Bomb touched his head awkwardly and dared not say anything.

The helicopter shuttled through the night. There was silence in the cabin. The team members were all resting with their eyes closed. Only Qin Yuan stared at the map in his hand with sharp eyes, and I don't know what he was thinking.

"Report! Unknown creatures were found ahead. Repeat, unknown creatures were found ahead!" The panicked voice of the pilot suddenly came from the headset.

"What's the situation?" Qin Yuan grabbed the communicator and asked sternly.

"Report! We...we encountered a flying monster, it...it is attacking us!" The pilot's voice was completely distorted, obviously frightened.

"Damn it!" Qin Yuan cursed inwardly, stood up suddenly, and yelled to the team members: "Everyone cheer up and prepare for battle!"

Before he finished speaking, the helicopter suddenly shook violently, and the lights in the cabin began to flicker.

"Boom!"

With a loud bang, the helicopter was hit hard by something, and the fuselage suddenly lost balance and began to spin and fall wildly.

"Parachute! Parachute quickly!" Qin Yuan made a prompt decision, kicked open the cabin door, and jumped down first.

The rest of the team members also reacted, opened the parachute bags, and rushed out of the cabin.

In the dark night sky, several parachute flowers slowly fell, and above their heads, a huge black shadow was circling and dancing, making a series of creepy roars...

"Bang!"

Qin Yuan fell heavily on a big tree. The huge impact made his eyes black and he almost fainted. He struggled to untie the parachute on his body and looked up. He saw a dense primeval forest around him. The towering trees blocked the sky and almost no light could be seen.

"Cough cough..."

Qin Yuan coughed violently a few times, got up from the ground, pulled out the saber from his boots, and observed the surroundings vigilantly.

"Swish..."

A slight sound came from not far away. Qin Yuan immediately became alert, held the saber tightly, and slowly moved towards the direction of the sound.

"Who?!"

Qin Yuan shouted in a low voice, and suddenly flashed out from behind the tree, with the saber pointing straight ahead.

However, when he saw the scene in front of him clearly, he couldn't help but be stunned.

I saw a girl in a white dress squatting on the ground, seeming to be fiddling with something. The girl had long black hair, white skin, and delicate features as beautiful as a porcelain doll.

"Who... who are you?" Qin Yuan frowned. The girl's appearance was too strange, so he had to doubt her identity.

The girl heard the voice and slowly raised her head. Her big watery eyes looked at Qin Yuan curiously.

"Brother, are you here to play hide-and-seek with me?" The girl's voice was sweet and crisp, as pleasant as a silver bell.

Qin Yuan was stunned for a moment. Playing hide-and-seek? In this wilderness, is this little girl mentally ill?

However, before he could ask, the girl suddenly stood up and ran towards him, with an innocent smile on her face.

"I caught you!" The girl hugged Qin Yuan and said with a happy smile.

The girl's soft body crashed into Qin Yuan's arms, bringing a sweet breath, which made his originally tense nerves relax a little. Looking down at the girl who suddenly appeared and hugged him inexplicably, Qin Yuan's mind was full of alarm bells.

This forest was full of weirdness. First, a flying monster attacked the helicopter, and now a little girl with strange behavior appeared. It was abnormal no matter how you looked at it.

"Little sister, what's your name? Why are you here?" Qin Yuan pushed the girl away calmly, trying to distance himself from her.

"My name is... my name is..." The girl tilted her head, as if trying to recall, "Big brother, I don't remember my name, I just remember that I like to play hide-and-seek, can you play with me?"

As she said that, the girl wanted to pounce on Qin Yuan again, and he was so scared that he quickly took a step back and avoided the girl's "warm hug".

"Play hide-and-seek? Who would play this game with you in this wilderness!" Qin Yuan thought to himself that the little girl might have been scared silly by the monster.

"No, no, big brother, play with me!" The girl pestered Qin Yuan relentlessly, with a gleam of expectation in her big eyes.

"Go away! Don't bother me!" Qin Yuan waved his hand impatiently to drive her away, but the girl was like a sticky candy, and he couldn't get rid of her no matter how hard he tried. Instead, she pestered him tighter and tighter.

"Big brother, play with me, just for a while, okay?" The girl shook Qin Yuan's arm, her voice was delicate, as if she was acting coquettish.

"Get out!" Qin Yuan pushed the girl away, a trace of disgust flashed in his eyes.

He didn't want to stay in this ghost place for a moment, how could he have the time to play such a boring game with a little girl!

"Wow!" The girl was pushed to the ground by Qin Yuan, and she immediately cried aggrievedly, and her tears fell like pearls with a broken string.

"Why are you crying? I'm so annoyed!" Qin Yuan yelled impatiently.

The girl cried even louder, crying and shouting: "Mom, Mom..."

Qin Yuan hated women crying the most, let alone a little girl. The cry made him upset and he wanted to slap her to shut her up.

"Stop crying! If you cry again, I'll shoot you!" Qin Yuan said viciously, trying to scare the girl in this way.

However, his threat seemed to have no effect on the girl. Instead, she cried even louder, and the sound could penetrate the eardrum and reach the sky.

"Damn it!" Qin Yuan cursed inwardly. This little girl is just a troublemaker!

At this moment, a cold wind blew, and the surrounding trees began to shake violently, and the leaves rustled, as if something terrible was approaching.

"Roar!"

A deafening roar came from the depths of the dense forest, accompanied by a slight vibration of the ground, as if some huge monster was approaching them.

Qin Yuan's face changed, he tightened his saber, looked around vigilantly, and prepared for battle.

"Hehehe..."

The girl suddenly stopped crying, looked up at Qin Yuan, and a strange smile appeared on the corner of her mouth, which was particularly creepy under the pale moonlight.

"Big brother, the game has begun!"

The girl's strange smile and the words "the game has begun" made Qin Yuan's hair stand on end. He didn't understand how such a weird thing could happen in this wilderness.

Without thinking too much, the deafening roar was getting closer and closer, accompanied by the sound of trees breaking, and it was obvious that the monster was approaching quickly.
