Chapter 2391 Coming back?

"Who... who are you? What do you want to do?" the man asked vigilantly, while protecting the beauty behind him, and his other hand secretly reached for the pistol at his waist.

"Me? I'm here to send you off." Qin Yuan said, slowly raising his right hand, the black ring on his index finger flashing a strange light.

"Playing tricks! Go to hell!" Seeing that Qin Yuan was not a good person, the man no longer hesitated, suddenly pulled out his pistol, and fired several shots at Qin Yuan.

"Bang bang bang!"

The bullets shot at Qin Yuan with fire, but a strange scene happened. The bullets disappeared out of thin air at the moment they were about to hit Qin Yuan, as if they were swallowed by something.

"What?!" The man's pupils shrank suddenly, and his face was full of disbelief. How could this be possible?

"You dare to show off your skills in front of an expert." Qin Yuan sneered, his figure flashed, and he instantly appeared in front of the man, his right hand stretched out like lightning, and grabbed his neck.

"Uh..." The man suddenly felt difficulty breathing, his face flushed, and the gun in his hand fell to the ground weakly.

"Who... who are you? What do you want to do?" The beauty was frightened and asked with a trembling voice.

"Me? I'm just a debt collector." Qin Yuan said, a cold light flashed in his eyes, "You should ask him what debt he owed that he shouldn't owe."

"I... I don't know what you are talking about!" The beauty shook her head in panic. She didn't know the man in front of her at all, let alone any debt.

"Don't know? It doesn't matter, I'll help you recall it." Qin Yuan said, snapping his fingers, and some unfamiliar pictures suddenly appeared in the beauty's mind.

It was a hot summer, a ragged little girl knelt on the side of the road, begging her for a sip of water. Not only did she not give her alms, she also asked the bodyguard to beat the little girl severely. In the end, the little girl died of thirst on the side of the road because of heatstroke.

And that little girl was Qin Yuan's sister!

"Ah! It's you!" The beauty looked at Qin Yuan in horror. She finally remembered that the little girl who died of thirst was his sister!

"Yes, it was me." Qin Yuan's voice was icy cold, like a death warrant from hell, "Now, do you still feel wronged?"

"I...I..." The beauty was so scared that her face turned pale. She knew that she was doomed this time. She knelt on the ground and kept begging for mercy, "I'm sorry! I was wrong! Please let me go! I am willing to give you all my property!"

"Your property? Do you think I want it?" Qin Yuan sneered, "What I want is your life!"

As soon as the voice fell, the black ring in Qin Yuan's hand flashed a strange light again. Before the beauty had time to react, she was swallowed by the light. Like the man before, she disappeared without a trace, leaving only a set of sexy pajamas and a pool of foul-smelling liquid to prove that she had existed.

"One-click recycling, no deception." Qin Yuan put away the ring and looked at the mess in front of him. There was no fluctuation in his eyes, as if he had just done something insignificant.

He turned and left, leaving only a chic back.

...

At the same time, on the other side of the city, in a magnificent bar, deafening music and the noise of the crowd mixed together, the air was filled with the smell of alcohol and perfume, and a group of scantily clad young men and women were twisting their bodies wildly on the dance floor, releasing the hormones of youth to their heart's content.

In the VIP box on the second floor, a fat middle-aged man with a beer belly was hugging two heavily made-up beauties, pouring their expensive drinks while touching them, with a lewd smile on his face.

"Come on, baby, have another drink!" the man said, pouring a glass of red wine into the mouth of one of the beauties, and then reaching out his hands to wander around her body, causing the beauty to laugh.

"Mr. Wang, you are so bad!" Seeing this, another beauty slapped the man's chest coquettishly, but a cunning light flashed in her eyes.

"Haha, if a man is not bad, women will not love him!" The man laughed triumphantly, he was already a little drunk, and his speech began to be incoherent.

At this moment, the door of the box was kicked open, and a young man in a black windbreaker walked in. He had a cold smile on his face, like the god of death walking out of the Nine Nether Hell.

"Who is it? How dare you disturb my good deeds!" The man was startled by the sudden change, and suddenly looked up at the door. When he saw the person clearly, he was half sober, and a look of horror flashed in his eyes.

"You... you are..."

"Qin Yuan."

"Qin Yuan!" The fat man spit out these two words with difficulty, and the fat on his face trembled slightly because of fear. These two words seemed to have some kind of magic, making his original arrogance disappear instantly, and replaced by endless fear.

The air in the box seemed to solidify, and the two heavily made-up beauties stopped twisting. They looked at each other, not understanding what happened to make this man who was so powerful in City A so scared.

"Who the hell are you? You dare to disturb Mr. Wang's fun. Are you tired of living?" One of the red-haired girls with revealing clothes and hot bodies was the first to react, pointing at Qin Yuan's nose and cursing.

"That's right, don't you look at where you are? Don't you take a piss and look at yourself..." Another blonde girl also shouted, but before she finished her words, she was frightened by Qin Yuan's cold eyes and closed her mouth.

Qin Yuan ignored the two women. His eyes were always fixed on the shivering fat man, and a cold arc appeared at the corner of his mouth.

"Boss Wang, long time no see." Qin Yuan's voice was very calm, but it was like a death warrant, making the fat man feel like he was falling into an ice cave.

"Qin... Master Qin, why are you here? I don't know what a great man is. Please spare my life!" The fat man knelt on the ground with a "thump". His fat body collapsed on the ground like a puddle of mud. He kept kowtowing and begging for mercy. The cold sweat on his forehead mixed with the smell of inferior perfume gave off a disgusting smell.

"Forgive you? When you forced my sister to death, why didn't you think of forgiving her?" Qin Yuan's voice was icy and piercing, as if it came from the cold wind of the Nether Hell, which made people shudder.

"Sister? What sister?" The two women with heavy makeup looked at each other, obviously not knowing what had happened.

Qin Yuan ignored them. A strong murderous intent flashed in his eyes. He approached the fat man who was kneeling on the ground and trembling.

"No... No! You can't kill me! I'm the chairman of Wang Group. If you kill me, you won't survive!" The fat man screamed in fear, trying to threaten Qin Yuan with his identity.

"Wang Group? Is it great?" Qin Yuan sneered, his eyes full of disdain. He bent down, grabbed the fat man's hair, and lifted him up like a dead dog.

"In my eyes, you are just an ant. I can pinch you to death if I want to. No one can save you!"

As soon as the voice fell, Qin Yuan's eyes flashed with cold light, and his right hand stretched out like lightning, pinching the fat man's neck and lifting him high.

"Uh... Uh..." The fat man desperately pried Qin Yuan's hands with both hands, but it was like an ant trying to shake a tree, and it was useless. His face flushed, his eyeballs bulged, and he struggled desperately, but he could only make a "ho ho" sound.

"Stop! You can't kill him!" At this moment, a clear and pleasant voice suddenly came from the door of the box.

Qin Yuan frowned slightly, turned his head and looked at the door, only to see a tall and beautiful woman standing there. She was wearing a white dress, like a lotus flower that was unstained by mud, pure and moving.

"Who are you?" Qin Yuan's eyes flashed with doubt, he didn't remember knowing this woman.

"My name is Su Yuqing, I am..."

"Yuqing, why are you here?" Before Su Yuqing finished speaking, the fat man couldn't wait to interrupt her, with a glimmer of hope in his eyes.

"Shut up!" Su Yuqing glared at him fiercely, then turned to look at Qin Yuan, took a deep breath, and said slowly: "I know you hate him, but please give me a face and let him go."

Qin Yuan looked at the beautiful woman in front of him, and a playful look flashed in his eyes. He knew that this woman must have a close relationship with this fat man, but he

didn't care. He just wanted to know what qualifications this woman had to let him let go of this man who was already dead.

"Give me a reason." Qin Yuan's tone was cold, without any emotion.

"I..." Su Yuqing bit her lip, and a look of struggle flashed in her eyes. She knew that what she said next might make her regret for the rest of her life, but in order to save him, she couldn't care so much.

"I... am willing to be your woman!"

As soon as Su Yuqing said this, the whole box became quiet, and you could hear a pin drop.

The two women with heavy makeup looked at Su Yuqing like a monster. They couldn't believe that this Su family's eldest lady, who was usually aloof and proud, was willing to say such words for a man!

A flash of ecstasy flashed in the fat man's eyes. He hugged Su Yuqing's legs as if he had grabbed a life-saving straw, and shouted at the top of his lungs: "Yuqing! I know you are the best to me! Don't worry, as long as you help me this time, I will listen to you in the future!"

Su Yuqing frowned in disgust and tried hard to pull her legs out of the fat man's greasy hands, but he hugged her tighter. She suppressed her nausea, raised her head, and looked at Qin Yuan pitifully, with pleading eyes.

Qin Yuan looked at Su Yuqing, and a playful arc appeared at the corner of his mouth. This woman is interesting. She obviously hates this fat pig to the extreme, but she can still pretend to be so affectionate. It seems that in order to achieve her goal, she is really willing to spend a lot of money.

"Be my woman?" Qin Yuan stretched out his voice, with a hint of teasing in his tone, "Do you know what being my woman means?"

Su Yuqing bit her lip, a flash of humiliation flashed in her eyes, but she still forced herself to look directly into Qin Yuan's eyes and said word by word: "I know, I am willing to do anything for you."

"Anything?" Qin Yuan's eyes flashed with a cold light, he grabbed Su Yuqing's wrist and pulled her in front of him, the distance between the two was so close that they could feel each other's breath.

"Even if you are asked to kill him now, immediately, right away, are you willing?"

Qin Yuan's voice was like the whisper of a devil, with the power to bewitch people. Su Yuqing looked at Qin Yuan who was close at hand, feeling the dangerous breath emanating from him, and suddenly an inexplicable fear rose in her heart.

She shook her head without thinking, subconsciously wanting to retreat, but was firmly held in his arms.

"No, I can't..."

"Heh," Qin Yuan sneered and pushed her away, "Since you don't want to, then why do you think I will let him go?"

"I..." Su Yuqing collapsed on the ground powerlessly, tears sliding down her eyes. She didn't know what to do. She couldn't save him, but she didn't want to kill him with her own hands.

"Qin Yuan, what do you want?" Su Yuqing asked desperately, with a hint of crying in her voice.

"What do I want?" Qin Yuan sneered, turned his head and looked at the fat man who was limp on the ground, with a cruel light flashing in his eyes.

"I changed my mind. I don't want you to die so easily."

"What do you want to do?!" The fat man widened his eyes in horror, and an ominous premonition surged into his heart.

"I want you..." Qin Yuan bent down, leaned close to the fat man's ear, and said slowly in a voice that only the two of them could hear, "It's worse than death."

"No! Don't!" The fat man struggled in horror, but to no avail.

Qin Yuan stood up straight, looked down at the fat man, and raised a cold arc at the corner of his mouth, as if he was looking at an ant. He slowly raised his right hand, and his slender fingers gently grabbed in the air, and a ball of blue light gathered in his palm.

"No! Spare me! I won't dare to do it again!" The fat man wailed in fear, and his fat body twisted on the ground like a fish thrown ashore.

The air in the box seemed to solidify, and the two heavily made-up women covered their mouths in fear, not daring to make a sound. Su Yuqing stared at the scene in front of her blankly, her mind was blank, she didn't understand what happened, she just felt a chill running straight from the soles of her feet to the top of her head.

"Noisy." Qin Yuan spit out two words coldly, and the blue light gathered more and more in his hand, and finally turned into a dagger flashing with cold light.

"Goodbye." Qin Yuan said softly, with a cruel arc at the corner of his mouth.

The next second, the dagger in his hand turned into a blue lightning, instantly piercing the fat man's heart.

"Ah--" The two women couldn't help it anymore and screamed.

Qin Yuan didn't even look at the gradually cold body on the ground, turned around and left without stopping.

"Wait for me!" Su Yuqing came to her senses and hurriedly chased after him.

...

Three days later, the Wolf Fang Special Operations Brigade.

"Back?" A rough voice sounded.

Qin Yuan looked up and saw a tall, dark-skinned man in camouflage uniforms standing in front of him with a hearty smile on his face.

"Chief of Staff." Qin Yuan saluted.

One-click Recovery Since I was a Special Soldier

Chapter 2392 We are all here to accompany you

The man in front of him is Fan Tianlei, the chief of staff of the Langya Special Forces Brigade.

"What a good boy, I'm finally willing to come back! You're really good, you ran away for three years without saying a word. Do you know how I got here in the past three years?" Fan Tianlei scolded with a smile, but his tone was full of kindness.

"Sorry, Chief of Staff, this mission is quite special." Qin Yuan said lightly.

"Okay, don't explain. I've heard it all. Your boy has made a great contribution this time!" Fan Tianlei patted Qin Yuan on the shoulder, his eyes full of appreciation.

"It's all what I should do." Qin Yuan said calmly.

"Okay, don't stand here, come with me, I've prepared something good for you!" Fan Tianlei said, pulling Qin Yuan towards the training ground.

...

On the training ground, a heavily armed special forces unit was undergoing high-intensity training.

"Have you seen them?" Fan Tianlei pointed at the soldiers on the training ground and said to Qin Yuan, "They are all the elites of the Langya Special Forces Brigade, the kings of soldiers selected from all over the country!"

Qin Yuan's eyes swept across the soldiers on the training ground, and a glimmer of light flashed in his eyes. These soldiers' physical fitness and combat skills were all excellent, but there was something missing in their eyes, something that could only be achieved after experiencing the test of life and death. something to own.

"How about it? Are you interested in taking them to train for a while?" Fan Tianlei looked at Qin Yuan, his eyes full of expectation.

"Me?" Qin Yuan pointed at himself, a little surprised.

"That's right, it's you! Your boy is the legend of our Langya. We all see your strength. If you lead them to train for a period of time, their strength will definitely be improved to the next level!" Fan Tianlei patted his chest and said, "How about it? Promise me!"

Qin Yuan looked at Fan Tianlei's expectant eyes, was silent for a moment, and finally nodded.

"Okay! I promise you that I will take them to train for a while."

"Haha, I knew you wouldn't refuse!" Fan Tianlei laughed excitedly.

...

In the next few days, Qin Yuan began to lead this special force in hell-like training.

Qin Yuan's training methods were very cruel. He didn't treat them as human beings at all. The amount of training every day was their limit, or even exceeded their limit.

"Hurry up! You bunch of losers! With this little ability, you still want to become the military king of Langya?"

"Tell me! Where is your limit?!"

"Remember! On the battlefield, no one will sympathize with the weak! Only the strong can survive!"

Under Qin Yuan's devilish training, the soldiers of this special force complained endlessly, but their strength was also improving rapidly.

"Report! There should be 120 people from the Langya Special Forces Brigade, but there are actually 120 people! Please give instructions!" A loud voice boomed over the training ground, making people's eardrums buzz.

"Let's begin." Qin Yuan stood in front of the team, his eyes like a torch, scanning the group of rookies who claimed to be the kings of soldiers in front of him.

In the past few days, he has learned all about these guys. All of them are high-minded and self-righteous, but have little practical experience. Calling them flowers in the greenhouse is just a compliment.

"Today, we are conducting a real combat drill!" Qin Yuan's mouth curved with a cold arc, "Remember, this is not a drill, it is actual combat! I will treat you as a real enemy, so take out all of you. You are really capable, don't cry for father and mother when the time comes!"

As soon as he finished speaking, the soldiers immediately started talking about it.

"Actual combat? Did I hear you correctly?"

"What is this instructor's background that makes him so ruthless when he comes here?"

"That's right, we are the elite of Langya, who does he think he is!"

...

Facing the soldiers' doubts, Qin Yuan just sneered, with a flash of disdain in his eyes. A bunch of frogs in a well, really think they are invincible?

"What, are you scared?" Qin Yuan's voice was like ice, instantly freezing the surrounding air, "Get out of here if you're scared, Langya doesn't need a coward!"

"Who is afraid!" A harsh voice sounded, and a burly soldier stood up and stared at Qin Yuan with an unconvinced face, "Isn't this just an actual confrontation? Who is afraid of whom!"

"Very good!" A cruel smile appeared at the corner of Qin Yuan's mouth, "I hope you can still be so tough-talking later!"

...

As night falls, deep in the jungle, a war without smoke begins quietly.

Qin Yuan divided the soldiers into two teams, one to attack and the other to defend. He himself hid in the dark and observed all this.

The attackers carefully lurked in the jungle, their target being a flag of the defenders.

"Captain, when will we take action?" a soldier asked in a low voice.

"Don't worry," the captain made a silent gesture, "observe the terrain first, and wait until you find an opportunity before taking action."

Suddenly, a breeze blew by, bringing with it a faint smell of blood.

"No! There's a situation!" The captain's expression changed and he shouted in a low voice, "Be alert!"

As soon as he finished speaking, a black shadow flashed across the screen. The captain's eyes blurred, his neck went cold, and he lost consciousness.

"team leader!"

"Enemy attack!"

...

The jungle suddenly became chaotic, with gunshots and explosions happening one after another. The originally quiet night instantly turned into a purgatory on earth.

Qin Yuan, who was hiding in the dark, couldn't help but sneer as he looked at the scene in front of him. These rookies are simply vulnerable!

"It seems it's time to add some spice to them!" A cold light flashed in Qin Yuan's eyes, and he disappeared in a flash.

...

"Ta-ta-ta!"

Amidst the fierce gunfire, a soldier hid behind a big tree and kept shooting at the enemy.

"Damn it! Where did these guys come from?" The soldier cursed while shooting. "Why do they feel like ghosts, elusive and invisible!"

At this moment, he suddenly felt a chill coming from behind, and before he could react, a cold hand covered his mouth.

"Shh!" A cold voice sounded in his ear, "If you don't want to die, don't say anything!"

The soldier was immediately frightened out of his mind. He wanted to struggle, but found that his body could not move.

"You...who are you?" the soldier asked with a trembling voice.

"I'm here to send you to hell!"

As soon as he finished speaking, the soldier felt a pain in his neck, his vision went dark, and he lost consciousness.

After getting rid of the soldier, Qin Yuan did not stop, but continued to sneak, looking for the next target.

...

"Report to the instructor, the Blue Team has been wiped out!" A soldier ran to Qin Yuan and reported with a look of horror on his face.

"What?" Qin Yuan frowned, "How is that possible? There are 60 people in the blue team, and there is heavy fire support. How can the entire army be wiped out so quickly?"

"We...we don't know what's going on," the soldier stammered. "The other side is like a demon crawling out of hell. We are no match for them at all!"

Qin Yuan looked at the frightened eyes of the soldiers, and suddenly a bad feeling arose in his heart.

Could it be...

"Quick! Take me to see it!"

...

When Qin Yuan rushed to the battlefield, the sight in front of him suddenly stunned him.

The battlefield that should have been littered with corpses was now deserted. There were only bullet casings and unextinguished flames on the ground, indicating that a tragic battle had taken place here.

What shocked him even more was that in the center of the battlefield, there was a wooden sign with several shocking characters written in blood:

"Langya, nothing more than that!"

These words were like sharp blades, deeply hurting Qin Yuan's eyes.

An unprecedented sense of humiliation surged into his heart. Qin Yuan's face instantly turned livid, and he clenched his fists, making a crackling sound.

"Okay! Very good!" Qin Yuan gritted his teeth and said, "I want to see who dared to challenge the wolf's teeth like this!"

"Langya, nothing more than that!"

These words were like a heavy hammer, hitting Qin Yuan's heart hard. He has never been so humiliated, let alone so despised!

"Pass my order!" Qin Yuan's voice sounded as cold as if it came from the Nine Nether Hell, "Pull everyone else to the training ground!"

Under the night, the training ground was brightly lit, illuminating the soldiers' pale faces even more ugly. They had never seen Qin Yuan with such a terrifying expression, as if he was an enraged ferocious beast that might choose someone to devour him at any time.

"Everyone, move! Like a group of soft-footed shrimps, do you deserve the title of 'Wolf Fang'?!"

Qin Yuan's roar resounded throughout the training ground. The soldiers did not dare to neglect and immediately began more brutal training. Cross-country with heavy loads, combat fighting, firearms dismantling... Qin Yuan pushed each event to the limit, even beyond human endurance.

"Report to the instructor! Zhang Qiang from Class Three was exhausted and fainted!"

"Pull it down, wake it up, continue!" Qin Yuan spat out a few words coldly without even looking at it.

"Report to the instructor! Li Yong from Class 5 has a broken hand. Please ask for medical treatment!"

"Broken bones? This little injury is nothing! Tie him up with a board and continue training!"

...

The soldiers fell down one by one, and were forcibly pulled up one by one to continue the inhuman training. Their bodies were already exhausted and their spirits were on the verge of collapse, but Qin Yuan's eyes were always as cold as iron, without any wavering.

"You trash! Is this how you behave when facing the enemy? If you can't even endure this little hardship, what qualifications do you have to stand here?!"

Qin Yuan's words were like sharp knives, piercing the hearts of the soldiers. They knew that Qin Yuan was forcing them in this way to make them remember this shame and make them stronger!

"Come again! No one is allowed to sleep tonight! Until you defeat me!"

Qin Yuan took off his coat, revealing his strong muscles, like a cheetah ready to attack. He randomly selected ten soldiers and started a new round of fighting training.

These ten soldiers are all the best in each class, but in front of Qin Yuan, they are as vulnerable as children. Qin Yuan's movements were as fast as lightning and his strength was astonishing. Every move he made was precise and ruthless, hitting his vital points directly.

"Bang!"

A soldier was kicked away by Qin Yuan and hit a big tree heavily. He vomited blood and fell unconscious.

"Next!"

Qin Yuan's face was expressionless, as if he had done something insignificant.

The soldiers looked at the murderous man in front of them, their hearts filled with fear and awe. They know that if they don't fight hard, they may be the next one to fall!

The training lasted all night, and it was not until the white fish belly appeared in the east that Qin Yuan stopped what he was doing. He looked at the group of scarred but determined soldiers in front of him, and finally a satisfied smile appeared on his lips.

"This is like the soldiers of 'Lang Fang'!"

Qin Yuan's voice was still cold, but there was a little more appreciation in his tone, "Remember this shame. From today on, I want you to wash away this shame with the blood of the enemy!"

"Yes!"

The soldiers roared in unison, the sound was earth-shaking, as if to tear the night sky apart.

In the following days, Qin Yuan formulated a more cruel and more actual combat training plan for them. He divided the soldiers into groups and put them into various complex environments to train subjects such as field survival, reconnaissance, lurking, and raids.

Under Qin Yuan's devil training, the soldiers' physical fitness, skills, and willpower have been greatly improved. They gradually transformed themselves, becoming stronger, colder, and more ruthless, and became a group of real killing machines!

A month later, the atmosphere at the "Wolf Fang" secret base deep in the desert was not as solemn as usual, but was filled with a strange restlessness.

"Hey, have you heard? It seems that there are new people coming today!"

"New people? Are you kidding? How many years have we not had new people come to this damn place?"

"Really! I saw the instructor driving to pick her up with my own eyes, and it seemed to be a woman!"

"Woman?! No way... Could it be..."

The soldiers whispered, looking at the entrance of the base with curiosity and expectation. You know, since the establishment of "Wolf Fang", there has never been a female member joining. Who is coming this time?

A camouflage jeep sped through the wind and sand, and finally stopped at the side of the training ground. Qin Yuan opened the car door, glanced coldly at the soldiers in front of him, and said in a deep voice: "Be energetic! This is the new psychological counselor, Su Qingxue. From today on, she will train and live with you!"

The soldiers heard this and immediately exploded.

"Psychological counselor?!"

"No way, instructor, are you sure you're right? We are 'Wolf Fang', why do we need a psychological counselor?!"

"That's right, is our training too hard, and the higher-ups are afraid that we will become mentally abnormal, so they sent a beauty to comfort us?"

"Hahaha, this beauty is really attractive, but I don't know if she can withstand the devilish training of our instructor!"

The soldiers talked unscrupulously, looking at Su Qingxue with a look full of jokes and ridicule.

Su Qingxue was dressed in a capable black combat uniform, outlining her curvy curves. There was no fear on her delicate face, but a hint of playfulness. She took off her sunglasses and casually pinned them on her collar. Her clear and bright eyes seemed to be able to see through people's hearts.

"Why, are you all dissatisfied with me?" Su Qingxue's voice was cold and pleasant, but with an unquestionable majesty.

"Don't dare, beautiful lady, whatever you want to do, we'll play with you!" A brave soldier approached with a playful smile, but was kicked to the ground by Qin Yuan.

"Who allowed you to talk to her like that?!" Qin Yuan shouted angrily, "Get out of here and go to training! Whoever fails to complete the task today, don't even think about eating!"

The soldiers saw the instructor was angry, and they immediately scattered like birds and beasts, running back to the training ground.

"Instructor Qin, it seems that your soldiers don't welcome me very much." Su Qingxue looked at Qin Yuan, with a playful arc at the corner of her mouth.

"A bunch of bumpkins who have never seen a woman, don't pay attention to them." Qin Yuan said expressionlessly, "You don't have to take their words to heart, just do your job well."

"Oh? My job? Then what do you think my job should be, Instructor Qin?" Su Qingxue pressed on step by step, with a cunning light flashing in her eyes.

One-click Recovery Since I was a Special Soldier

Chapter 2393 The Gate to Hell!

Qin Yuan's temples were throbbing. Did this woman get kicked in the head by a donkey?

Ran to "Wolf Fang" to play role-playing? And a girlfriend? He wanted to twist Su Qingxue's head off to see what was inside!

Su Qingxue laughed so hard that her body shook with laughter. She completely ignored Qin Yuan's murderous gaze and continued to flirt with a group of stunned soldiers: "Why, don't you like beautiful sisters?"

"I like it!" A brave soldier blushed and answered stutteringly.

"If you like my sister, just say it out loud!" Su Qingxue laughed like a fox that stole the fish, her voice sweet and greasy.

"I like Sister Su!" The other soldiers also followed suit, only Qin Yuan had a dark face, like a volcano about to erupt.

"Okay! Since everyone likes me, I will be your 'battlefield goddess' from now on! You must train well and strive to become a man as powerful as Instructor Qin as soon as possible. Then..." Su Qingxue deliberately prolonged her voice, her eyes rolling, and her tone ambiguous, "Then I will 'reward' you well!"

"Ahhh!" The soldiers were immediately excited as if they had been injected with chicken blood. Their enthusiasm for training was unprecedentedly high, and their eyes looking at Qin Yuan were full of sympathy.

Poor instructor, being entangled by this goblin, there will be some suffering in the future!

The veins on Qin Yuan's forehead jumped more happily. He grabbed Su Qingxue's wrist and said with gritted teeth: "Su Qingxue, what do you want to do?"

"What?" Su Qingxue asked with a smile, "Of course I am here to fulfill my duties. Did Instructor Qin forget that I am here to give you psychological counseling?"

"Does psychological counseling need to be done in this way?" Qin Yuan asked coldly, his eyes scraping across Su Qingxue's face like a blade.

"Of course not," Su Qingxue suddenly restrained her smile and said lightly, "But if this method is not used, will Instructor Qin let me get close to your precious soldiers and you?"

Qin Yuan's heart was shocked, as if he was hit by something. He looked at Su Qingxue's eyes. At this moment, those clear eyes were full of seriousness and... a trace of imperceptible sadness.

What does this woman want to do?

"What do you want to say?" Qin Yuan's voice unconsciously became a little.

Su Qingxue did not answer, but just looked at him deeply, then turned and walked towards the training ground.

"Let's start training, all 'boyfriends'!" Her crisp voice echoed over the training ground, like a stone thrown into a calm lake, stirring up layers of ripples.

Qin Yuan stood there, looking at Su Qingxue's back, frowning.

He had a hunch that this woman would bring him unexpected troubles, and would also bring earth-shaking changes to his originally peaceful life...

After the training, Su Qingxue pulled Qin Yuan aside.

"What the hell are you doing?" Qin Yuan asked in a bad tone.

Su Qingxue ignored his anger, but took out a delicate little box from her pocket and handed it to him.

"For you." She said.

Qin Yuan took the box suspiciously, opened it and saw a simple ring inside.

"What is this?" he asked.

"This is..." Su Qingxue paused, her eyes became a little blurry, "This is something passed down from my ancestors. It is said that it can..."

Before she finished her words, she was interrupted by a shrill alarm.

"Not good! Something is happening!" Qin Yuan's face changed, he grabbed Su Qingxue's wrist, turned around and ran.

"What happened?" Su Qingxue was pulled by him and asked while panting.

"The border was attacked by unknown armed forces!" Qin Yuan said hurriedly, "I must go back immediately!"

Su Qingxue's face changed, she looked at Qin Yuan's resolute profile, and suddenly had a bad premonition.

"Qin Yuan..." She couldn't help but call him.

"What's wrong?" Qin Yuan stopped and turned to look at her.

Su Qingxue opened her mouth, but didn't know what to say.

In the end, she just shook her head and whispered, "Be careful."

Qin Yuan looked at her deeply, then turned around and rushed into the night without looking back.

Su Qingxue stood there, watching his back disappear into the night, her heart seemed to be tightly grasped by an invisible big hand, an indescribable sense of fear.

The alarm tore through the night sky, red lights flashed wildly in the base, and the air was filled with a tense atmosphere.

"Damn, come at this time!" Qin Yuan cursed in a low voice, he looked back at Su Qingxue, his eyes were complicated and difficult to discern.

Su Qingxue's heart was beating like a drum, she grabbed Qin Yuan's arm and said hurriedly: "Be careful! Promise me!"

Qin Yuan held her hand with his backhand, with amazing force, as if he wanted to crush her. "Wait for me to come back!" He growled, then left without hesitation, rushing into the night like a cheetah.

Su Qingxue stared blankly at the direction where he disappeared, his warmth still remaining in her palms, but an inexplicable fear quickly wrapped around her heart like a vine.

When Qin Yuan rushed to the command center, the atmosphere was already extremely tense. On the huge screen, a real-time picture of the border line was displayed. A group of well-equipped black-clad men were launching a fierce attack on the BF outpost, and the sound of gunfire and explosions was deafening.

"Report! The other side's firepower is very strong, and we have already suffered losses..." A communications soldier was frightened into silence by Qin Yuan's sharp eyes before he finished speaking.

"Waste!" Qin Yuan pushed him away and walked to the screen, scanning every detail on the battlefield like a hawk.

"Who are the other side?" he asked in a deep voice.

"Report! It's not clear yet. Their equipment is very advanced, and..." Another officer hesitated, as if it was difficult to speak.

"And what? Say it!" Qin Yuan roared impatiently.

"And their individual combat capabilities are very strong, almost... almost superhuman!" The officer said with a stiff face.

Qin Yuan frowned, superhuman? Could it be...

"Captain Qin, we must reinforce immediately, otherwise..." A young officer said anxiously, but was interrupted by Qin Yuan raising his hand.

"No, it's not the time yet." Qin Yuan analyzed calmly, "The other side chose to launch an attack at this time and place, obviously they are well prepared. If we send people over now, it will be like a sheep walking into a tiger's mouth."

"What should we do then? We can't just watch our brothers..." The young officer's eyes turned red with anxiety.

"Why are you panicking!" Qin Yuan glanced at him coldly, "Pass my order to start the 'Heavenly Punishment' plan!"

"What? The 'Heavenly Punishment' plan?!" Everyone present was stunned, that was...

"Why, my words are no longer effective?" Qin Yuan glanced around fiercely, and everyone was immediately silent.

"Yes!"

The "Heavenly Punishment" plan is the country's top secret weapons plan, specially used to deal with large-scale wars and terrorist attacks. Its power is strong enough to destroy a small country!

However, the price of starting the "Heavenly Punishment" plan is also extremely heavy...

"Report! The 'Heavenly Punishment' plan has been launched and is expected to reach the target area in ten minutes!"

Qin Yuan nodded, with a flash of determination in his eyes.

Sorry, brothers, this is the only way...

Ten minutes later, a huge black vortex suddenly appeared in the sky, accompanied by a deafening roar, and a thick and strong energy beam fell from the sky, instantly engulfing the entire border line...

In the command center, everyone stared at the doomsday-like scene on the screen in amazement, and a chill ran straight from the soles of their feet to the top of their heads.

Is this the power of "Heavenly Punishment"?

Suddenly, a hurried voice came from Qin Yuan's communicator: "Captain Qin, it's bad, the target area of 'Heavenly Punishment'... has an abnormal situation!"

"What abnormal situation?!"

"The target area... the target area... has disappeared!"

"What?!" Qin Yuan's pupils suddenly contracted, and a terrible thought came to his mind.

Could it be...

"Quick! Contact Su Qingxue immediately!" Qin Yuan roared, his voice full of fear and panic that was difficult to conceal.

However, there was only a cold busy tone coming from the communicator...

The busy tone from the communicator was like a death warrant, Qin Yuan crushed it with one hand, and the remaining "Heavenly Punishment" light column on the screen seemed to still be shaking in front of his eyes.

"Disappeared? What do you mean disappeared!?" The voice of the young officer changed, and the others in the command center were talking like a pot boiling.

Qin Yuan turned around suddenly and punched the table, and he actually smashed a dent on the alloy table. "Shut up!" He roared, his voice full of uncontrollable fear.

That terrible thought was like a maggot attached to his bones, lingering in his mind: Could it be that "Heavenly Punishment" sent the border line and those invaders together to...another world?

And that world was exactly what Su Qingxue tried her best to hide...

"Su Qingxue! You better pray that they are okay!" Qin Yuan gritted his teeth and growled, kicking over the tactical analysis table next to him.

The command center was in a mess. Everyone was silent and didn't dare to breathe. They had never seen Captain Qin lose his composure like this. This fearless man was filled with fear and helplessness at this moment.

"Captain Qin..." A communications soldier trembled and stepped forward, "Dr. Su's communication... still can't be connected."

"Damn it!" Qin Yuan was furious and punched the wall. Blood flowed down his fingers, but he seemed to feel nothing.

"Prepare for battle! Prepare to break out!" He ordered, his voice as cold as from the Netherworld.

"Break out? But... but the 'heavenly punishment' has already..." The officer obviously hadn't reacted yet.

"I said break out, so I break out! Why are you talking so much nonsense!" Qin Yuan grabbed his collar fiercely, staring at him with scarlet eyes, "If you don't want to die, fucking move for me!"

"Yes... yes!" The officer was so scared that he rolled and crawled to convey the order.

Qin Yuan took a deep breath and tried to calm himself down. He knew that now was not the time to panic.

"Contact headquarters and ask for instructions." He said in a deep voice.

"Report! Headquarters... headquarters communication is interrupted!"

"What about the backup communication?"

"Also... interrupted!"

Qin Yuan's heart sank, and an ominous premonition came to his mind.

"It seems that we have been completely abandoned." He smiled self-deprecatingly, with a hint of ruthlessness in his eyes, "In this case, let's fight our way out!"

"Everyone! Target: Border line! Kill!"

With Qin Yuan's order, the soldiers who had been ready for a long time rushed out like a tiger descending from the mountain.

Outside the command center, gunshots, explosions, and shouts of killing mixed together, playing a tragic war song.

Qin Yuan took the lead, and the alloy sword in his hand was like the sickle of death, harvesting the lives of his enemies. He was covered in blood, like a murderous god coming to the world, and corpses were everywhere where he passed.

However, the enemies seemed to be endless, one after another, rushing forward without fear of death.

"Report! Insufficient ammunition!"

"Report! Brothers can't stand it any longer!"

"Team Qin, we..."

Listening to the voice coming from the communicator, Qin Yuan's heart became heavier and heavier. He knew that this was not the way to go, and sooner or later they would be consumed here.

At this moment, a huge black vortex suddenly appeared in the distant sky, which was exactly the same as the scene when "Heavenly Punishment" came before.

"What's that?"

“Could it be that ‘God’s Punishment’ has come again?”

"Are we all going to die?"

The soldiers were terrified and their morale dropped to freezing point.

Qin Yuan looked up at the growing black vortex, a trace of determination flashed in his eyes.

"Everyone, follow me!" He yelled and rushed towards the black vortex.

He knew that there might be the only way to survive, but it might also be...

The door to hell!

The black vortex is getting bigger and bigger, and the strong wind is howling, as if it is going to swallow up everything in the world. Qin Yuan braved the strong wind and walked forward step by step. Every step was like stepping on the tip of a knife.

"Captain Qin, do we really want to go in?" A soldier asked with a trembling voice, his eyes full of fear.

"Are you afraid?" Qin Yuan stopped and looked back at him.

"No... not afraid!" The soldier puffed up his chest, but the hand holding the gun betrayed his heart.

Qin Yuan didn't speak, just patted him on the shoulder and continued to walk forward.

He knew that the soldiers were afraid, and so was he too. However, they have no way out.

The suction force of the black vortex became stronger and stronger, and Qin Yuan felt as if his body was about to be torn apart. He gritted his teeth and resisted desperately.

At this moment, he suddenly felt his hand being held by a warm and soft little hand.

"Don't be afraid, I will protect you."

A gentle voice sounded in his ear.

Qin Yuan turned around suddenly and saw Su Qingxue standing behind him at some point, looking at him firmly.

"Why are you here?" Qin Yuan was surprised and happy, and hugged her into his arms, "I thought..."

"Think I abandoned you?" Su Qingxue interrupted him with a smile, "Why would I leave you here alone?"

"But, 'Heavenly Punishment'..."

"I have found a way to stop the 'Heavenly Punishment'." Su Qingxue said confidently, "Believe me!"

One-click Recovery Since I was a Special Soldier

Chapter 2394 Just open it and you will know, right?

Qin Yuan looked at the familiar yet strange woman in front of him, his heart full of doubts. He knew that Su Qingxue had many secrets hidden in her, but he never thought of going into it because he believed in her.

"Okay, I believe you!" Qin Yuan nodded, held Su Qingxue's hand tightly, and the two walked into the black vortex together.

After a dizzy spell, Qin Yuan felt like he was thrown into a huge washing machine, rolling non-stop. He held Su Qingxue tightly, fearing that he would lose her forever if he let go.

After an unknown amount of time, the rolling finally stopped. Qin Yuan opened his eyes and found himself lying on a soft bed, while Su Qingxue was lying on him, sleeping soundly.

He gently pushed Su Qingxue away, sat up, and looked around.

This was a strange room, luxuriously decorated and full of technology. There was only a bed, a table and a chair in the room, and nothing else.

"Where is this?" Qin Yuan frowned and asked softly.

Qin Yuan looked around. This was clearly a hotel room, but the decoration style was too exaggerated, and there was a sense of nouveau riche everywhere.

"What the hell is this place?" Qin Yuan cursed in a low voice, reaching out to push Su Qingxue, "Hey, wake up, don't sleep!"

Su Qingxue opened her eyes dazedly, rubbed her sleepy eyes, and saw Qin Yuan's impatient look, and said coquettishly: "What are you doing, I haven't woken up yet."

"You still have the mind to sleep? Why are we here? What on earth is this place?" Qin Yuan threw a series of questions, making Su Qingxue a little confused.

"I don't know either," Su Qingxue sat up and looked around. "I remember we were sucked into the black vortex. How did we suddenly get here?"

As soon as she finished speaking, the door of the room was suddenly kicked open from the outside. A fat man wearing a flowered shirt, a big gold chain around his neck, and a face full of flesh walked in, followed by two strong men in black suits and sunglasses.

"Oh, beauty is awake?" The fat man stared at Su Qingxue with lustful eyes, drooling, "Did you sleep well last night?"

"Who are you? What do you want to do?" Qin Yuan stood up, protecting Su Qingxue behind him, staring at the fat man coldly.

"Oh, you're so arrogant?" The fat man smiled disdainfully, "I won't change my name, I'm Gao Qiqiang from Jinghai City! If you know what's good for you, just leave this girl here, and I can spare your life!"

"Gao Qiqiang?" Qin Yuan was stunned for a moment. Why does this name sound familiar?

"What, are you scared?" Seeing that Qin Yuan didn't say anything, Gao Qiqiang thought that he was scared, and became even more arrogant, "If you are scared, get out of here quickly, don't delay me and the beauty's intimacy!"

"Pah!"

Qin Yuan rushed forward without saying a word, and slapped Gao Qiqiang in the face.

Gao Qiqiang was beaten and turned three times on the spot, and hit his head against the wall, and his nose bleed immediately.

"You... you dare to hit me?!" Gao Qiqiang covered his nose and looked at Qin Yuan in disbelief, "Do you know who I am? You dare to hit me?!"

"I don't care who you are!" Qin Yuan said coldly, "If you dare to hit my woman, I will beat you even if the king of heaven comes!"

"Go! Kill him for me!" Gao Qiqiang roared, and the two strong men behind him immediately took out their pistols and pointed them at Qin Yuan.

"Bang! Bang!"

After two gunshots, Qin Yuan stood there unscathed, while the two strong men collapsed to the ground like two puddles of mud.

Gao Qiqiang stared at the scene in amazement, and was so frightened that he turned around and wanted to run away.

"Want to run?" Qin Yuan sneered, stretched out his hand to grab Gao Qiqiang's collar, and lifted him up like a chicken.

"Brother, spare my life! I was wrong, I won't dare to do it again!" Gao Qiqiang was so scared that he was pissing his ass and begging bitterly.

"Do you know you are wrong now?" Qin Yuan snorted coldly, "It's too late!"

After saying that, he punched Gao Qiqiang in the stomach, and Gao Qiqiang's eyes rolled back and he fainted.

...

Three days later, Qin Yuan returned to the Langya Special Forces Base.

"Good boy, you are finally back! I thought you were bewitched by some vixen and didn't want to leave!" Fan Tianlei saw Qin Yuan, laughed and gave him a bear hug.

"Go to hell, you are bewitched by the vixen!" Qin Yuan laughed and scolded, and the two walked into the office arm in arm.

"Tell me, what great merit did you make this time? The higher-ups have issued a death order, and you must be 'invited' back to me!" Fan Tianlei poured a cup of tea for Qin Yuan and said with a smile.

"It's nothing serious, I just solved a small problem." Qin Yuan said lightly.

"Small problem?" Fan Tianlei glanced at him, "Don't try to trick me! Tell me, what happened?"

Qin Yuan had no choice but to simply tell the story.

"What?! You said you beat Gao Qiqiang?!" Fan Tianlei jumped up after hearing this, "Do you know who he is? He is the biggest gangster boss in Jinghai City! You are too bold!"

"What are you afraid of? He is just a gangster boss?" Qin Yuan said disapprovingly, "Besides, he was the one who provoked me first."

"You...you..." Fan Tianlei was so angry that he couldn't speak, "You are really..."

He pointed at Qin Yuan and didn't say anything for a long time. Finally, he could only sigh helplessly, "Forget it, this incident will be a lesson for you! But don't be complacent, the higher-ups have decided to send you to Jinghai City to perform a mission!"

"What mission?" Qin Yuan asked.

"Capture Gao Qiqiang!" Fan Tianlei said word by word.

Qin Yuan: "..."

"Capture Gao Qiqiang?!" Qin Yuan almost spit out a mouthful of tea, "I say, Lao Fan, are you mistaken? Capturing criminals is the job of the police. What does it have to do with our Wolf Fang Special Forces?"

Fan Tianlei rolled his eyes at him unhappily, "What do you know? Gao Qiqiang is not an ordinary gangster boss. He has a well-trained armed force under his command, and he is in collusion with foreign forces. I don't know how many lives he has in his hands! The higher-ups have listed him as a Class A wanted criminal. Ordinary police can't deal with him at all, so they have to send your Wolf Fang Special Forces out! "

"A-level wanted criminal? Him?" Qin Yuan looked Fan Tianlei up and down, as if he was talking about a harmless kitten on the street, "Old Fan, are you sure you are not kidding me? With his small body, I can knock him down with just one finger!"

"Don't be so frivolous!" Fan Tianlei slammed the table, shaking the teacup up, "I tell you, this mission is very important, the higher-ups take it very seriously, you kid, be serious!"

"Okay, okay, I'm serious, isn't it okay if I'm serious?" Qin Yuan said perfunctorily, but he didn't take it seriously in his heart.

Isn't he just a gangster boss? What's there to be afraid of?

He is a battle-hardened wolf tooth special forces soldier, what storms and waves has he not seen?

"You better not take it lightly!" Fan Tianlei glared at him, "This mission is codenamed 'Thunder'. You will act with your old partner He Chenguang. Remember, you must capture Gao Qiqiang alive!"

"Capture alive?" Qin Yuan raised his eyebrows, "Why do you have to capture him alive? Wouldn't it be easier to just shoot him?"

"What do you know?!" Fan Tianlei cursed angrily, "Gao Qiqiang is involved in a lot of things behind him. The higher-ups want to pry more information out of him, so he must be captured alive!"

"Okay, okay, capture him alive." Qin Yuan shrugged helplessly. It was the same for him anyway, it was all easy to capture.

"Okay, go down and prepare first, and set off early tomorrow morning!" Fan Tianlei waved his hand, indicating that he could get out.

Qin Yuan stood up and walked to the door when he suddenly stopped and turned back to ask: "By the way, Lao Fan, is there any reward for this mission?"

Fan Tianlei laughed and scolded unhappily: "You kid only know rewards! Don't worry, as long as you can successfully complete the mission, you will definitely get some benefits!"

"Hehe, that's good, that's good." Qin Yuan smiled and turned to leave the office.

...

Early the next morning, Qin Yuan and He Chenguang took an elite team and took a military transport plane to Jinghai City.

"Crazy, do you think this mission is too simple?" On the plane, He Chenguang approached Qin Yuan and asked in a low voice.

Qin Yuan glanced at him and said lightly: "What? Are you scared?"

"Tsk, I'm afraid?" He Chenguang was immediately furious, "I'm afraid that the mission is too simple and can't reflect my strength!"

"Then shut up your crow mouth and have a good rest!" Qin Yuan closed his eyes and ignored him.

He Chenguang wanted to say something else, but was interrupted by the old man beside him: "Okay, both of you, be quiet! Regain your energy and prepare for battle!"

...

A few hours later, the transport plane landed at a secret military base on the outskirts of Jinghai City.

When Qin Yuan, He Chenguang and others got off the plane, they saw a tall and heroic female officer standing there, seemingly waiting for them.

"Report! Qin Yuan, the captain of the Wolf Fang Special Forces Commando, reports in!"
Qin Yuan stepped forward and saluted in a standard military salute.

The female officer returned the salute, looking Qin Yuan up and down with a pair of sharp eyes, and a playful smile appeared at the corner of her mouth: "Are you Qin Yuan? I have heard of your name for a long time."

Qin Yuan frowned slightly, and instinctively felt a hint of danger.

The playful smile at the corner of the female officer's mouth made Qin Yuan very uncomfortable, as if he was stared at by a poisonous snake, and he felt uncomfortable all over. But he was a battle-hardened special forces king after all, his face remained calm, but his tone was a little cold: "What? Is there something on my face?"

"No, I just didn't expect that the famous 'Wolf Fang' would look so... pretty." The female officer looked Qin Yuan up and down, with a hint of undisguised frivolity in her eyes.

"You!" He Chenguang was immediately angry, what did this woman mean? Dare to look down on them, Wolf Fang?

Qin Yuan stopped He Chenguang who was about to get angry, turned to the female officer and said: "Who is this?"

"Let me introduce myself, my name is Li Wei, the commander-in-chief of this operation." The female officer said, extending her right hand to them.

"Commander-in-chief?" Qin Yuan and He Chenguang looked at each other, and saw a hint of surprise in each other's eyes. Wasn't this mission very urgent? Why did they send a woman to be the commander-in-chief? And looking at her military rank, it seems a bit outrageous, right?

Qin Yuan suppressed the doubts in his heart, stretched out his hand and shook hands with Li Wei. The touch was soft and delicate, yet with an amazing power that made him feel a chill in his heart. It seemed that this woman was not simple.

Li Wei seemed very satisfied with Qin Yuan's reaction. She took back her hand and said with a smile, "What? You don't welcome me?"

"Of course not." Qin Yuan shook his head, "I just didn't expect that the commander-in-chief of this operation would be such a young and beautiful female officer."

"Beautiful?" Li Wei laughed as if she had heard a funny joke, "Boy, let me tell you, on the battlefield, no one cares whether you are beautiful or not. Only strength is the only pass!"

"Yes, Commander Li taught you that." Qin Yuan smiled without comment, but he secretly raised his vigilance in his heart. This woman is more difficult to deal with than he thought.

"Okay, stop talking nonsense, come with me." Li Wei said, turning around and walking into the base. Her tall figure looked heroic under the camouflage uniform, but also with a hint of fatal temptation.

Qin Yuan and He Chenguang looked at each other and saw a trace of helplessness in each other's eyes. It seems that this mission will not be easy...

Li Wei brought Qin Yuan and others to a conference room, pointed to a photo on the wall and said: "This is your target this time, Gao Qiqiang, the biggest gangster boss in Jinghai City, ruthless and evil."

The man in the photo had a big back hair, wore a black suit, had a sinister look in his eyes, and had a sneer on his lips. He was not a good guy at first glance.

"Intelligence shows that Gao Qiqiang has a well-trained private armed force equipped with a large number of heavy weapons, and he also colluded with foreign forces to try to create chaos in the country. The superiors attach great importance to this matter, so they sent you Langya to carry out this mission."

"What is our mission? Kill him?" He Chenguang asked.

"No, capture him alive." Li Wei shook her head. "The higher-ups want to pry more intelligence out of him, so they must capture him alive."

"Capture him alive?" He Chenguang frowned. "This is not easy."

"I know." Li Wei nodded. "So, I prepared a gift for you."

As she spoke, she clapped her hands, and two soldiers pushed something covered with black cloth in.

"What is this?" Qin Yuan asked.

"You'll know if you open it and take a look?" Li Wei said with a smile.

Qin Yuan walked forward and lifted the black cloth. The next second, his pupils shrank suddenly, and an expression of disbelief appeared on his face...

The black cloth was lifted, but underneath was not a high-tech weapon or a secret equipment, but a huge thing that looked like a game console.

This thing was two meters high and more than one meter wide. It was pitch black and smooth like a mirror. There was only a huge red button on the front, and below the button was an electronic screen. At this moment, the screen was flashing a faint blue light, and a line of words was displayed on it:

"One-key recovery system, starting..."

One-click Recovery Since I was a Special Soldier

Chapter 2395 What Li Xinghuan wants

"What the hell is this?" He Chenguang looked confused. Why does this thing look so unreliable?

"This is a secret weapon specially developed for this mission." Li Wei explained, "It can recycle all items, including but not limited to weapons and ammunition, vehicles and buildings, and even..."

She paused deliberately, and in the eyes of everyone's curious eyes, she said word by word: "Even a living person!"

"A living person?!" Qin Yuan's pupils shrank, this thing can actually recover a living person? Isn't this too incredible?

"Yes, it's a living person." Li Wei nodded, "As long as you press this button, the system will automatically scan the target and recover the target to a different space. The whole process is safe and painless and will not cause any harm to the target. "

"So magical?" He Chenguang was still a little unbelievable, "Could this thing be fake?"

"Whether it's fake or not, you'll know if you try it?" Li Wei said, taking out a remote control from his pocket and pressing a button on it.

The next second, the door of the conference room was suddenly violently knocked open from the outside, and a group of men in black armed with weapons rushed in. The leader was Gao Qiqiang in the photo!

"Li Wei! How dare you set up a trap to harm me?!" Gao Qiqiang roared angrily, holding a pistol in his hand and pointing it at Li Wei's head.

"It seems that you have guessed it." Li Wei did not panic at all, but showed a sneer, "Unfortunately, you have no chance."

"Really?" Gao Qiqiang sneered and pulled the trigger.

"Bang!"

There was a gunshot, but Li Wei stood unscathed, while there was a bullet hole in the wall behind Gao Qiqiang.

"What's going on?!" Gao Qiqiang's expression changed. Before he could react, his vision went dark and he instantly lost consciousness.

"Recycling successful." A line of words was displayed on the electronic screen.

"This..." He Chenguang stared at this scene dumbfounded. Isn't this too fantasy?

Qin Yuan was also a little surprised, but he quickly calmed down and asked: "What happens after they are recovered? Where will they be sent?"

"Well..." Li Wei smiled mysteriously, "Of course they were sent to a place where they can never come back."

She walked to the "one-click recycling system", pointed to a button on the screen and said, "Did you see this button? As long as you press it, you can choose the destination of the recycling target. The current default destination of the system is... .."

She paused deliberately, and then said word by word: "Yes, the prehistoric Jurassic era!"

"Prehistoric Jurassic era?!" He Chenguang and Qin Yuan were both shocked. Isn't this too cruel? Sending people to an era when dinosaurs were everywhere, isn't this simply sending people to die?

"That's right, it's the prehistoric Jurassic era." Li Wei nodded, with a cruel smile on his face, "I want Gao Qiqiang to pay the price for what he did!"

After saying that, she pressed the button without hesitation...

"Prehistoric Jurassic era?!" He Chenguang screamed strangely, his eyes widening like a cat whose tail had been stepped on. He grabbed Li Wei's arm and asked hurriedly: "Sister Wei, are you right? Send these guys to the dinosaur den? This is too easy for them!"

Qin Yuan also frowned. He didn't feel cruel, but just thought it was a bit hasty. He asked in a deep voice: "Li Wei, are you sure this system is really safe and reliable? What if something unexpected happens?"

"Okay, okay, don't worry!" Li Wei shook off He Chenguang's hand and said with a smile, "This is a black technology that has been developed with a lot of money. It is absolutely

safe and reliable, and it will not deceive anyone! Besides, Well, even if there is an accident, they deserve it. Who wants them to commit suicide? "

As she spoke, she glanced at the "Recycling Progress: 99%" displayed on the screen, and smiled even brighter: "Okay, the recycling is complete! From now on, there will be no Gao Qiqiang in this world!" "

As soon as he finished speaking, a piercing alarm suddenly sounded in the conference room, and the picture on the electronic screen began to flash violently, and finally turned into a snowflake.

"What's going on?!" Li Wei's expression changed, and she hurriedly ran to the system and operated like a tiger, but the system showed no response.

"Warning! Warning! An unknown error has occurred in the system! The spatial coordinates have shifted! Emergency correction is in progress..."

"What?!" Li Wei exclaimed. Before she could react, her vision went dark and her whole body was sucked into the system by a strong suction force...

...

"roar--"

Deafening roars echoed in the primeval forest. The towering ferns were knocked around by the huge body. A huge Tyrannosaurus rex was taking heavy steps, chasing a group of panicked herbivorous dinosaurs.

"Fuck! What the hell is this place?!"

Gao Qiqiang woke up from a coma and found himself in a strange jungle. He struggled to get up, feeling sore all over and his head was even dizzy.

"Brother Qiang, are you okay?"

"Brother Qiang, where is this?"

Several familiar shouts came from the side. Gao Qiqiang turned around and saw that it was several of his men lying on the ground in confusion.

"I don't know where this is!" Gao Qiqiang cursed angrily. He looked around and found that the jungle was eerie and terrifying. There was a rotten smell in the air, and various strange sounds came from time to time. The sounds of animals made his heart tremble.

"This...could this be..." One of the men seemed to have thought of something, and his face suddenly turned pale, "Is it the prehistoric era?!"

"Prehistoric era?!" Gao Qiqiang was shocked, and an ominous premonition came to his mind.

At this moment, a rustling sound suddenly came from not far away, as if something was approaching.

Gao Qiqiang and others suddenly became alert, took out their pistols and stared nervously at the direction of the sound.

The next second, a huge creature slowly walked out of the bushes.

It has a long neck, a small head, a fat body, and four thick short legs. It looks like an enlarged version of... a tortoise? !

"Holy shit! What kind of monster is this?!" Gao Qiqiang and others were immediately frightened out of their wits and pulled the trigger one after another.

"Bang bang bang!"

The bullet hit the monster, but it was like scratching an itch and could not cause any harm to it at all.

The monster seemed to be enraged. It opened its bloody mouth and let out a deafening roar...

The monster let out a deafening roar, and sprayed Gao Qiqiang's face with fishy saliva. Only then did he see clearly what kind of bastard this monster was. It was clearly a Triceratops enlarged countless times!

"Am I knocking you! What the hell is this?!" Gao Qiqiang screamed, turned around and ran away, not forgetting to greet his younger brother as he ran, "Why are you standing there! Run quickly!"

However, in front of the huge Triceratops, their speed was as ridiculous as a snail. The triceratops suddenly lowered its head and pointed towards Gao Qiqiang.

"Brother Qiang, be careful!"

"Bang bang bang!"

The men's voices and gunshots rang out at the same time, but they failed to prevent the tragedy from happening. The Triceratops' strong head pressed against Gao Qiqiang's belly, sending him flying out.

"ah--"

Gao Qiqiang let out a scream, his body drew a perfect parabola in the air, and finally fell heavily to the ground a few meters away, not knowing whether he was alive or dead.

"Brother Qiang!"

"Fuck! Fight with it!"

When the remaining boys saw this, their eyes suddenly turned red and they shot at the Triceratops desperately.

However, their bullets hitting the thick skin of the Triceratops were like raindrops hitting a stone, unable to cause any damage to it at all. Instead, it angered the prehistoric beast even more.

The Triceratops let out a deafening roar, took heavy steps, and rushed towards the remaining people...

...

"Come on, come on, drink this!"

In the modern cafeteria, Fan Tianlei's face was glowing. He held up a wine glass and said to Qin Yuan and He Chenguang, "The mission was completed beautifully! I have said before that you two are the treasures of Langya and the sharp blades of the country. ! Come on, I'll give you a drink!"

Qin Yuan and He Chenguang looked at each other, smiled helplessly, raised their glasses and drank down the wine in one gulp.

"Hey, Lao Fan, please stop praising them, these two guys are going to have their tails raised to the sky!" Chen Shanming on the side smiled and joked, "Let's get down to business quickly, don't delay the brothers' dinner. "

"Yes, yes, yes, business matters, business matters!" Fan Tianlei laughed loudly, put down his wine glass, and straightened his face, "I asked you to come back this time because the higher ups have assigned you a new task."

"New mission?" He Chenguang raised his eyebrows, "What mission?"

Fan Tianlei opened the folder in front of him and said in a serious tone: "A gang leader named Li Xinghuan recently appeared in H City. He is powerful and does all kinds of evil. He has seriously endangered the local social security. The higher-ups have decided to send you to arrest him and those behind him. The forces are uprooted!"

"Li Xinghuan?" When Qin Yuan heard this name, a flash of light suddenly flashed in his mind, as if he had heard it somewhere.

"What? Do you know him?" Fan Tianlei asked.

"I don't know him, I just think the name sounds familiar." Qin Yuan shook his head, "However, no matter who it is, as long as it dares to endanger the safety of the country and the people, our Wolf Fang Special Forces will never let him go!"

"Well said!" Fan Tianlei patted Qin Yuan's shoulder with appreciation, "This mission will be left to you. Remember, you must ensure your own safety and bring Li Xinghuan to justice!"

"yes!"

...

In City H, in a luxurious nightclub, deafening music and colorful lights were intertwined. Men and women were twisting their bodies wildly on the dance floor, and the air was filled with a strong smell of perfume and alcohol.

In the luxury box on the second floor, Li Xinghuan was sitting on the leather sofa, holding a glass of red wine in his hand and staring at the people in front of him with evil eyes.

"Trash! They are all a bunch of trash!" Li Xinghuan smashed the wine glass in his hand on the ground, causing glass shards to scatter. "I spent so much money to raise trash like you, but what's the result? Even a few little gangsters... Not sure?"

"A bunch of trash! Why do we feed you!" Li Xinghuan slammed the wine glass on his little brother's head. Scarlet liquid flowed down his forehead, but he didn't even dare to wipe it away. He just knelt on the ground and shivered.

"Brother Qiang has been killed. You are a bunch of trash. You can't even deal with a few gangsters. What use are you?" Li Xinghuan was furious. He originally expected Gao Qiqiang to deal with those few who came out of nowhere to cause trouble. Guy, but the news of Gao Qiqiang's tragic death came.

"Brother, Brother Qiang... He seems to have been given by a dinosaur..." A younger brother said tremblingly, but he didn't dare to say anything in the middle of the sentence.

"Dinosaurs? You must have watched Jurassic Park and got stupid!" Li Xinghuan kicked over the coffee table in front of him and yelled, "I spent so much money to raise a bunch of rubbish, and I can't even handle a few hooligans, and now you're making up a lie about dinosaurs to deceive me?!"

"Brother, it's true! We saw it with our own eyes, it was really a Triceratops, exactly the same as in the movie!" Another little brother said with a sad face.

"Triangle your mother! I think your brain was caught by the door!" Li Xinghuan cursed, "You dare to lie to me? Come on! Drag these rubbish out, chop them up and feed them to the dogs!"

Several burly black-clad bodyguards rushed in from outside the box and dragged the little brothers out without saying a word.

"Brother, spare me! What we said is true!"

"Brother, it's really a dinosaur! We didn't lie to you!"

...

The screams of the younger brothers gradually disappeared, and Li Xinghuan calmed down. He walked to the French window, overlooking the brightly lit city night scene, frowning.

"Are there really dinosaurs? How is this possible..." Li Xinghuan muttered to himself.

"Mr. Li, what are you looking at?" A charming voice came from behind, and a sexy woman walked over with a slender waist twisting. It was Li Xinghuan's mistress, the leading actress of H City TV Station, Liu Meier.

Liu Meier walked to Li Xinghuan, gently hugged his arm, pressed her plump chest against his body, and said delicately: "Mr. Li, I turned down several notices today and came to accompany you, please don't be angry."

Li Xinghuan looked down at Liu Meier, a lewd light flashed in his eyes, stretched out his hand and pinched her perky buttocks hard, and said: "Meier, don't worry, I, Li Xinghuan, have not gotten what I want. Even if it is a dinosaur, I will catch it for you as a pet!"

...

At the same time, Qin Yuan and He Chenguang had arrived in H City. They did not rush to find trouble with Li Xinghuan, but found a hotel to stay first, preparing to find out the details of Li Xinghuan first.

"Boss, do you think that Li Xinghuan really raised a dinosaur?" He Chenguang asked while flipping through Li Xinghuan's information.

Qin Yuan sat on the sofa, holding a newspaper in his hand, and said without raising his head: "It's almost certain. Although those little hooligans are not powerful, they are not so bad that they can't even distinguish between dinosaurs and lizards."

"What should we do next? Just go in and kill them?" He Chenguang said eagerly.

"No hurry, let's see first." Qin Yuan put down the newspaper, and a cold light flashed in his eyes, "I want to see who this Li Xinghuan is. How dare he make trouble under my nose."

.....

Chapter 2396 Antidote

The next day, Li Xinghuan took Liu Meir to the golf course to play golf. Qin Yuan and He Chenguang also disguised themselves and sneaked into the golf course.

"Boss, look, isn't that Li Xinghuan?" He Chenguang pointed to a fat man wearing a flowered shirt, sunglasses, and hugging a charming woman not far away.

Qin Yuan looked in the direction of He Chenguang's finger and saw Li Xinghuan hugging Liu Meir. The two were talking and laughing, and their behavior was intimate, just like a couple in love.

"Humph, you are still so happy when you are about to die." Qin Yuan sneered, and a murderous look flashed in his eyes.

Qin Yuan casually threw a club to He Chenguang, who hurriedly caught it and almost lost his grip.

"Boss, we want to play golf? I really don't know how to do this. How about we just rush over and tie him up?" He Chenguang looked at the club in his hand, with a blank face.

Qin Yuan ignored him and walked straight to a recliner and sat down. He picked up a glass of champagne on the table and shook it gently. The golden liquid sparkled in the sun.

"Why are you in a hurry? Kidnapping is such a rough job. Why do you need me to do it myself?" Qin Yuan sneered, "Just wait and see the show."

He Chenguang scratched his head, looking puzzled. He could only stand behind Qin Yuan obediently, like a wooden stake.

On the court, Li Xinghuan hugged Liu Meir and taught her how to play. Liu Meier was wearing a tight sportswear, which outlined her exquisite curves. She pretended to be clumsy and said in a tender voice: "Oh, Mr. Li, I don't know how to do it. Can you teach me~"

Li Xinghuan was distracted and stared at Liu Meier with lustful eyes. His big hands wandered around her waist dishonestly, "Mei'er, why do you call me Mr. Li? Call me husband~"

"Oh, that's annoying~" Liu Meier said coquettishly, but her body deliberately rubbed against Li Xinghuan's arms.

The two flirted as if no one was around, and they didn't notice that a pair of sharp eyes were staring at them coldly not far away.

"Boss, this Li Xinghuan is too arrogant. He dared to do it in broad daylight..." He Chenguang said indignantly, but before he finished speaking, he was stopped by Qin Yuan's eyes.

Qin Yuan put down the wine glass, stood up, and walked towards the court.

He Chenguang saw this and hurriedly followed, thinking to himself, the boss is finally going to take action!

Qin Yuan walked to a place not far behind Li Xinghuan and deliberately coughed loudly.

Li Xinghuan turned his head impatiently and was about to curse, but the moment he saw Qin Yuan, his face suddenly changed.

"Who... who are you?" Li Xinghuan asked stutteringly, with an ominous premonition in his heart.

Qin Yuan did not speak, but just looked at him coldly, his eyes as sharp as a hawk, as if he could see through everything.

Li Xinghuan was frightened by Qin Yuan's look, and shouted fiercely: "What are you looking at! If you look again, I will dig out your eyes!"

Qin Yuan's mouth raised a trace of sarcasm, and slowly said: "Are you Li Xinghuan?"

"So what! You tmd..."

Before Li Xinghuan finished speaking, Qin Yuan suddenly made a lightning move, grabbed his neck, and lifted him up.

"Uh..." Li Xinghuan's face flushed, and his hands struggled weakly, but he couldn't shake Qin Yuan at all.

"You...you..." Li Xinghuan looked at Qin Yuan in horror, his eyes full of fear. He finally realized that he had offended someone he shouldn't have offended.

"I don't like nonsense." Qin Yuan said coldly, and he exerted a little force on his hands. Li Xinghuan suddenly felt difficulty breathing and his eyes went black.

"Ahem...you...what do you want to do..." Li Xinghuan squeezed out a few words with difficulty, his voice trembling, and he no longer had the arrogance before.

Li Xinghuan spit out a few words with difficulty, his face turned from red to white, and then from white to blue, like a duck with its neck pinched. He tried desperately to pry Qin Yuan's fingers apart, but it was like an ant trying to shake a tree, and it was useless.

Liu Mei'er was frightened by this sudden change. She screamed, hid aside, pointed at Qin Yuan and shouted: "What are you doing! Let go of Mr. Li! Do you know who he is? He is..."

"I don't care who he is!" Qin Yuan interrupted her coldly, "The king of heaven is here, you have to lie down today!"

Qin Yuan exerted force on his hand again, and Li Xinghuan suddenly felt black in front of his eyes and almost fainted.

"Ahem... Spare... Spare my life..." Li Xinghuan was finally scared. He had never seen such a cruel character. It seemed that he was just an ant that could be crushed to death at any time in his eyes.

Qin Yuan ignored Li Xinghuan's plea for mercy, but turned to look at He Chenguang and said lightly: "Go, bring the club."

"Okay!" He Chenguang had been unhappy with Li Xinghuan for a long time. When he heard Qin Yuan's words, he immediately ran over, picked up the club on the ground, and handed it to Qin Yuan.

Qin Yuan took the club, weighed it in his hand for a few times, and a playful smile appeared on the corner of his mouth.

"Don't you like playing ball? Today, I will play with you."

As soon as the voice fell, Qin Yuan swung the club violently and hit Li Xinghuan's stomach hard.

"Bang!"

With a muffled sound, Li Xinghuan's body flew out like a cannonball, and hit heavily in the artificial lake in the distance, splashing huge water.

"Ah!" Liu Meir screamed again, her face pale, she never thought that Qin Yuan would be so cruel, and beat people up for a disagreement, and the attack was so cruel!

Qin Yuan didn't even look at Liu Mei'er, as if he had just done something insignificant. He threw his club on the ground, clapped his hands, and turned to walk out of the court.

Seeing this, He Chenguang hurriedly followed him, and before leaving, he did not forget to spit in the direction of Liu Mei'er and cursed: "Bah! What the hell!"

Liu Mei'er stood there, her face turning pale and blue, ashamed and angry, but she didn't dare to get angry, and could only watch Qin Yuan and He Chenguang walk away.

...

"Boss, are we leaving like this? What about that woman?" He Chenguang asked while driving.

Qin Yuan leaned back in his chair, closed his eyes and rested. Hearing what He Chenguang said, he said lightly: "Why, do you still want to be a hero and save the beauty?"

"Hehe, that's not the case." He Chenguang scratched his head, "I just think that woman is pretty, and it's a pity that she is so cheap to Li Xinghuan, that bastard."

"Hehe," Qin Yuan opened his eyes and looked at He Chenguang with a smile, "Why, do you have any feelings for her?"

"No...no!" He Chenguang denied it quickly, "I just said it casually, don't misunderstand me, boss!"

Qin Yuan retracted his gaze, closed his eyes again, and said lightly: "You can't afford to play with that kind of woman, and you can't play with it. It's better not to provoke her."

"Yes, yes, yes, boss, I'm right." He Chenguang nodded quickly and didn't dare to mention Liu Mei'er again.

...

When Li Xinghuan climbed out of the artificial lake, he was soaked and in a mess. He coughed and spit out lake water, and his hatred for Qin Yuan had reached its peak.

"Qin Yuan! Wait for me! I, Li Xinghuan, will not be a human being if I don't take revenge!"

When Li Xinghuan climbed out of the artificial lake, he looked like a drowned chicken. His expensive suit pants stuck to his legs, making him feel very uncomfortable. He spat out the lake water in embarrassment and cursed viciously: "Qin Yuan! You damn wait for me! Sooner or later, I will chop you into pieces and feed you to the dogs!"

Liu Meir didn't care about being afraid anymore. She ran to Li Xinghuan with her skirt lifted up, shouting as she ran: "Xinghuan baby, are you okay? It's all that damn Qin Yuan. He was too cruel. Wait, I'll call someone..."

"Get out of here!" Li Xinghuan pushed Liu Meir away, his eyes full of viciousness, "A bunch of trash! You can't even stop a trash soldier, what's the use of you!"

Liu Meir was pushed to the ground, her delicate makeup was ruined, and she looked a little embarrassed, but she didn't dare to complain. She could only bite her lips and look at Li Xinghuan pitifully.

Li Xinghuan didn't even look at her, he took out his cell phone and dialed a number: "Hello, Brother Hu? I was beaten, yes, at XX Golf Course..."

After hanging up the phone, Li Xinghuan showed a cruel smile on his face: "Qin Yuan, aren't you a good fighter? I want to see if you can beat dozens of brothers under my eldest brother!"

...

On the other side, Qin Yuan and He Chenguang had returned to the hotel room.

While wiping his hair with a towel, He Chenguang said excitedly: "Boss, today is so cool! That Li Xinghuan, who usually shows off in front of us, didn't expect to have this day!"

Qin Yuan smiled faintly and didn't speak.

He picked up the phone, looked through the address book, and finally stopped at a name- "Lin Xuewei".

His finger stayed on the screen for a long time, but he didn't dial it out in the end.

"Boss, what are you thinking about?" He Chenguang noticed Qin Yuan's strangeness and asked curiously.

Qin Yuan put away his phone and said lightly: "Nothing, just remembered something."

"What is it?" He Chenguang asked.

"It has nothing to do with you." Qin Yuan said coldly.

He Chenguang curled his lips and closed his mouth tactfully. He knew that although Qin Yuan looked approachable on the surface, he was actually a very principled person. Once his bottom line was touched, the consequences would be disastrous.

Just then, the door of the room was suddenly knocked.

"Who?" He Chenguang asked vigilantly.

"Waiter, serve the food." A sweet voice came from outside the door.

He Chenguang walked to the door and looked out through the cat's eye. He saw a tall waitress in hotel uniform standing outside the door, pushing a dining cart in her hand.

"Boss, it's the food delivery." He Chenguang turned around and said.

"Yeah." Qin Yuan nodded, "Open the door."

He Chenguang opened the door, and the waitress came in with a dining cart and placed a plate of exquisite dishes on the table.

"Sir, this is your dinner, please enjoy." The waitress said with a smile, her eyes intentionally or unintentionally glancing at Qin Yuan.

"Thank you." Qin Yuan replied lightly, ignoring the waitress's hint.

A trace of disappointment flashed across the waitress's eyes, but she still maintained a professional smile: "Excuse me, do you need me to do anything else for you?"

Before Qin Yuan spoke, He Chenguang rushed to say: "No, you go down."

The waitress's face changed slightly, but she still nodded and turned to leave the room.

After the waitress left, He Chenguang immediately came to Qin Yuan and winked and said: "Boss, this girl is not bad, with a good figure and a beautiful face, do you want..."

Before he finished speaking, he saw Qin Yuan's face sank, and a trace of coldness flashed in his eyes.

"Boss... Boss, what's wrong?" He Chenguang was startled and asked stutteringly.

Qin Yuan did not speak, but stared at the dishes on the table, with a dangerous light flashing in his eyes.

"Is there something wrong with this dish?" He Chenguang also realized something was wrong and asked nervously.

Qin Yuan sneered, picked up the chopsticks, picked up a piece of braised pork, put it under his nose and smelled it.

"Boss, how are you?" He Chenguang asked while holding his breath.

Qin Yuan put down his chopsticks and said coldly: "This braised pork has added ingredients."

"Added ingredients?" He Chenguang was stunned, "What ingredients?"

Qin Yuan did not answer, but slowly uttered two words:

"aphrodisiac....."

He Chenguang was stunned. He looked at Qin Yuan's serious expression, then looked at the delicious braised pork, and swallowed: "Spring, spring, aphrodisiac? Boss, how did you know? This thing can still be used Smell it?"

Qin Yuan ignored He Chenguang's question. He frowned and the coldness in his eyes became even worse. This is no longer a simple prank, someone is clearly trying to attack them!

He glanced around the room, and finally his eyes fell on the air conditioner in the corner, and an imperceptible sneer flashed across the corner of his mouth.

"Boss, what should we do now?" He Chenguang felt a little scared when he saw Qin Yuan didn't speak, "How about we call the police?"

"Call the police?" Qin Yuan sneered, "What do you think we can find out with this little trick?"

He Chenguang scratched his head, thinking about it, if he called the police, the policeman would probably laugh out loud. How could two big men be knocked down by a few pieces of braised pork?

"Then let's..." He Chenguang was about to ask what to do. Suddenly, he felt his stomach churn, and an evil fire shot up from his lower abdomen and went straight to his forehead.

"Boss, I, I seem to..." He Chenguang's face turned red and he began to stutter when he spoke.

Qin Yuan glanced at him coldly: "Don't panic, you can't control this small scene, how can you mess with me in the future?"

As he spoke, he took out a small delicate medicine bottle from his pocket, poured out a black pill, and handed it to He Chenguang: "Take it."

He Chenguang didn't care so much at this time, so he grabbed the pill and swallowed it.

"Here, what kind of medicine is this?" The pill melted in the mouth, and a cool feeling spread throughout his body instantly. He Chenguang felt that the heat in his body had subsided a lot.

"Antidote." Qin Yuan said calmly, "However, this medicine can only temporarily suppress the effect. If you want to completely detoxify, you have to..."

He paused deliberately, and his eyes fell on He Chenguang with a hint of teasing.

"What else?" He Chenguang asked eagerly.

Qin Yuan's lips curved into an evil smile: "I still need to find a woman."

He Chenguang was dumbfounded. He looked at Qin Yuan, then at the delicious and delicious dishes on the table, and swallowed: "Boss, you, you don't want to..."

One-click Recovery Since I was a Special Soldier

Chapter 2397 Generous Bonus

Qin Yuan didn't speak, just picked up the chopsticks and started eating slowly, as if nothing had happened.

"Boss, you're talking!" He Chenguang was as anxious as an ant on a hot pot.

"Eat." Qin Yuan pointed to the dishes on the table, "Let's talk after eating."

"Still eating?!" He Chenguang's eyes widened, "Well, nothing will happen if you eat this thing, right?"

"Don't worry, what I eat is absolutely safe." Qin Yuan said calmly, with a cunning light flashing in his eyes.

He Chenguang picked up the chopsticks doubtfully and was about to pick up the food. Suddenly, the door to the room was kicked open!

"Bang!"

Two uniformed police officers rushed in with guns in their hands, pointing at Qin Yuan and He Chenguang with serious faces.

"Don't move! Police!"

One of the policemen shouted loudly, "You are suspected of..."

Before he finished speaking, he saw Qin Yuan put down his chopsticks slowly, raised his head, and looked at them with a half-smile.

"Suspected of what?"

Qin Yuan slowly put down his chopsticks, glanced at the two policemen in front of him, and said with a playful smile: "Suspected? Two police officers, rushed in during the meal, did you make a mistake?"

"Stop talking nonsense!" One of the young and energetic policemen shouted sternly, pointing at the food on the table, "Someone reported that you are hiding illegal drugs here with the intention of conducting illegal transactions!"

When He Chenguang heard this, he immediately became anxious: "Comrade police, this is all a misunderstanding! We just ordered takeout, who knew..."

"Shut up!" the young policeman yelled impatiently, "If there is any problem, just come back with us and investigate!"

As he spoke, he reached out to grab Qin Yuan's arm, but Qin Yuan dodged it lightly.

"Officer, you can eat randomly, but you can't talk nonsense." Qin Yuan's eyes stern, with a hint of chill in his tone, "Who are we? It's not your turn to tell us what to do."

"Oh, you're so arrogant?!" The young policeman was irritated by Qin Yuan's attitude. He took out his handcuffs, pointed at Qin Yuan's nose and cursed, "I think you're giving me a toast instead of a fine! Cuff me." !"

Another older policeman frowned slightly when he saw this. He pulled the young policeman and whispered: "Xiao Li, don't be impulsive. Ask about the situation first."

"Old Zhang, do you still need to ask? There is something wrong with the things on the table!" The young policeman pointed at the food on the table and said indignantly, "These days, drug dealers are getting more and more rampant. The drugs were hidden..."

He suddenly paused because he saw Qin Yuan looking at him with a half-smile, his eyes full of teasing.

"What's hidden?" Qin Yuan asked slowly, with a hint of amusement in his tone.

The young policeman felt frightened by Qin Yuan's eyes. He swallowed and stammered: "Hide, hide..."

He suddenly realized that he seemed to have been tricked.

The food on this table is full of color, flavor and taste. How does it look like some kind of drug?

He blushed and stared at Qin Yuan angrily, but didn't know what to say.

"Officer, if nothing happens, we will eat first." Qin Yuan said, picked up the chopsticks again, picked up a piece of braised pork, put it into his mouth, and tasted it carefully.

"Wait!" The young policeman saw that Qin Yuan wanted to eat again, and he immediately became anxious, "There is something wrong with this dish, you can't eat it!"

"Oh? What's the problem?" Qin Yuan looked at him with a half-smile.

"This..." The young policeman was speechless. He couldn't say that he suspected that the food was poisonous, right?

"Xiao Li, calm down." The older policeman pulled his arm and motioned him to stop talking.

"Old Zhang, why are you..."

"Shut up!" the old policeman scolded in a low voice, "Look at yourself, what do you look like!"

Only then did the young policeman realize his gaffe. He took a deep breath and tried to calm down.

"Sir, I'm sorry for disturbing your meal." The old policeman nodded slightly and apologized to Qin Yuan. "We also received a report and conducted a routine inspection. Please forgive me."

"Understood, understood." Qin Yuan smiled and nodded, "However, next time we receive such a boring report, I hope the two police officers can investigate it first and not disturb the normal lives of us law-abiding citizens."

"Definitely, definitely." The old policeman smiled awkwardly and pulled the young policeman out of the room.

After the door to the room was closed, He Chenguang breathed a long sigh of relief. He patted his chest with lingering fear: "Boss, it was so dangerous just now! Fortunately, you are smart, otherwise we would have to go back to the police station with them to drink tea. "

"Just them?" Qin Yuan smiled disdainfully, "You want to arrest me too?"

As he spoke, he put the last piece of braised pork into his mouth. Then, as if he remembered something, he raised his head and looked at He Chenguang, with an evil smile on his lips: "By the way, you just said that you want to completely detoxify." , but also..."

"You still have to..." Qin Yuan protracted his tone, his eyes scanning He Chenguang's body playfully.

He Chenguang was so frightened by what he saw that he couldn't help but shrink his neck: "You still have to..."

"What else?" Qin Yuan deliberately teased him, his tone full of joking.

He Chenguang gritted his teeth and said as if he was risking his life: "Boss, you have to go into battle in person and help me... help me..."

"What can I help you with?" Qin Yuan raised his eyebrows with a smirk on his face.

"Help me...detoxify..." He Chenguang's face turned red and his voice was as low as a mosquito's hum.

"Hahaha..." Qin Yuan finally couldn't help laughing. He patted He Chenguang's shoulder hard and laughed until tears came out. "What are you thinking about, kid?"

He Chenguang was puzzled by his laughter: "Boss, what are you laughing at? Did I say something wrong? Didn't the old Chinese doctor say that if you want to completely detoxify, you have to..."

"Okay, okay, stop laughing!" Qin Yuan waved his hand and stopped laughing. "I know what you want to say."

He put away his smile and his face gradually became serious: "I will find a way to deal with this matter."

"Really? Boss!" He Chenguang suddenly got excited and grabbed Qin Yuan's arm. "I knew you were the best!"

"Okay, don't get excited." Qin Yuan calmly pulled back his arm and said lightly, "Let's eat first, the food is cold."

"Oh, right, right, eat, eat!" He Chenguang remembered the business and quickly picked up the chopsticks and ate voraciously.

Qin Yuan looked at his starving appearance and couldn't help shaking his head and laughing. This kid is really heartless!

However, it's good this way.

At least, he doesn't have to carry so many heavy secrets like him and live so tired.

...

After dinner, Qin Yuan left the room on the pretext of going out for fresh air.

He walked to the window at the end of the hotel corridor, lit a cigarette, and took a deep breath.

The curling smoke slowly rose in front of his eyes, blurring his vision.

In his mind, the scenes at the dinner table just now emerged.

Although the young policeman was reckless and impulsive, he at least had a passion and wanted to uphold justice.

And what about him?

He used to be a passionate young man full of ideals and wanted to defend his country.

However, reality slapped him hard and crushed all his dreams and hopes into slag.

He witnessed the sacrifice of his comrades, buried his brothers' bodies with his own hands, and experienced the cruelty of war and the ugliness of human nature.

Since then, there has been only endless darkness and coldness in his heart.

He no longer believed in justice, nor in light.

He only believed that power was the only truth in the world.

Only with great power can he protect himself, protect the people he cares about, and take revenge on those who have hurt him!

Thinking of this, Qin Yuan's eyes gradually became sharp, like a sharp blade out of its sheath, emitting a cold light.

"Buzz buzz buzz..."

Suddenly, a rapid ring of the mobile phone interrupted his thoughts.

Qin Yuan took out his mobile phone, glanced at the caller ID, and frowned slightly.

It was from "above".

"Hello?"

"Qin Yuan, where are you now?" A low voice came from the other end of the phone.

"Execute the mission." Qin Yuan said lightly.

"The mission is cancelled, come back and report immediately!"

"Why?"

"No reason! This is an order!"

"What if I say no?"

There was silence on the other end of the phone for a moment, and then a sneer came:
"Qin Yuan, don't forget your identity! You are just a dog! You have to bite whoever I tell you to bite! You have to bite whenever I tell you to bite!"

"Dog?" Qin Yuan's eyes instantly became extremely cold, "Say it again!"

"What? Do you still want to bite your master?"

"You are looking for death!"

Qin Yuan roared, hung up the phone directly, and then threw the phone to the ground fiercely.

"Bang!"

The phone broke into pieces, and a name was clearly displayed on the screen——

"Wang Xingzhi!"

Wang Xingzhi!

Qin Yuan's heart seemed to be tightly grasped by an invisible big hand, making him almost breathless.

Rage, like a volcanic eruption, surged from his heart and instantly swept his whole body.

He wished he could rush to Wang Xingzhi right now and tear this traitor apart with his own hands!

But Qin Yuan is Qin Yuan after all. His years of military career have honed his iron will and calm mind.

He knew that it was not the time to be impulsive.

He wanted to find out why Wang Xingzhi betrayed?

He wanted to know what conspiracy was hidden behind this?

Taking a deep breath, Qin Yuan forced himself to calm down, and then dialed a mysterious number.

"Hello?" A hoarse voice came from the other end of the phone, with a trace of fatigue that was difficult to conceal.

"It's me." Qin Yuan said coldly, "Help me check someone."

"Who?"

"Wang Xingzhi."

There was silence for a moment on the other end of the phone, and it seemed a little surprised, "Why did you suddenly think of checking him?"

"There are some things I need to figure out." Qin Yuan's voice did not have any emotional fluctuations.

"Okay, I know. Give me some time, I will send you the information as soon as possible."

"Yeah."

After hanging up the phone, Qin Yuan lit another cigarette and smoked it silently.

The curling smoke slowly rose in front of his eyes, blurring his vision and the expression on his face.

...

Three days later, Qin Yuan received an encrypted email.

The content of the email was very simple, with only a detailed profile of Wang Xingzhi.

It turned out that Wang Xingzhi was captured in a secret operation.

In order to survive and for wealth and glory, he chose to betray.

"Damn it!"

After reading this information, Qin Yuan's fist hit the table hard with a loud noise.

He never expected that Wang Xingzhi's betrayal would be so complete and so heartbreaking!

"Wang Xingzhi, just wait!" Qin Yuan said through gritted teeth, "I will definitely personally bring you to justice and make you pay for what you have done!"

...

At this moment, in a luxurious villa on the other side of the ocean, Wang Xingzhi was sitting by the swimming pool, drinking red wine and admiring the graceful figures of the beauties in the swimming pool.

"cheers!"

Wang Xingzhi raised his wine glass and said to a blond man next to him, "Wish us a happy cooperation!"

"Happy cooperation!" The blond man also raised his wine glass and touched it lightly with Wang Xingzhi.

This blond man, named Jack, is a senior official in the intelligence agency of the United States and Wang Xingzhi's direct contact.

"Wang, the information you provided this time is very important." Jack said with a smile, "The superiors are very satisfied with your performance and have decided to give you an additional generous bonus."

"Thank you." Wang Xingzhi smiled lightly, with a greedy look in his eyes.

"By the way, there is one more thing." Jack suddenly stopped smiling and his expression became serious, "The higher-ups asked me to tell you that your whereabouts may have been exposed recently, so that you should leave China as soon as possible and return to the beautiful country."

"What?" Wang Xingzhi's expression changed, "How could my whereabouts be exposed? Who leaked the news?"

"I don't know about that." Jack shook his head, "But don't worry, I have arranged an escape route for you. Tonight, I will send someone to take you to the dock. There is a cargo ship there that will take you directly Leave China."

"Okay, I understand." Wang Xingzhi nodded, a sinister look flashed in his eyes, "When I arrive safely in Beautiful Country, I must find out who betrayed me!"

...

As night falls, the lanterns come on.

Haicheng Pier is brightly lit with people coming and going, making it a busy scene.

A black car slowly drove into the dock and parked next to a cargo ship.

The car door opened and Wang Xingzhi got out of the car.

He looked around, eyes full of vigilance.

"Mr. Wang, please get on the boat." A burly foreign man came over and said to Wang Xingzhi.

"Who are you?"

"I am the person sent by Mr. Jack to pick you up." (End of Chapter)

One-click Recovery Since I was a Special Soldier

Chapter 2398 How many diving suits? !

Wang Xingzhi nodded, said nothing more, and followed the foreign man onto the freighter.

The freighter slowly left the dock and headed towards the sea in the distance.

Standing on the deck, Wang Xingzhi looked at the receding coastline, his eyes full of reluctance and resentment.

"Goodbye, Qin Yuan." Wang Xingzhi murmured to himself, "I hope you are still alive when we meet next time!"

At this moment, Wang Xingzhi suddenly felt a strong wind coming from behind him.

He was startled and turned around suddenly, only to see a familiar figure standing not far behind him.

"Qin...Qin Yuan?!"

"Qin...Qin Yuan?!" Wang Xingzhi took a few steps back in horror and almost sat down on the deck.

Why did Qin Yuan appear here? !

Shouldn't he be in the country? !

Wang Xingzhi was puzzled, and cold sweat instantly soaked his back.

Qin Yuan put his hands in his pockets and walked towards Wang Xingzhi step by step. There was no expression on his face, but Wang Xingzhi felt an inexplicable chill.

"You...what do you want to do?" Wang Xingzhi forced himself to calm down and asked in a stern voice, "I'm warning you, this is the high seas, you...you can't mess around!"

"Are you messing around?" Qin Yuan's mouth curled up with a cold arc, "When you sold your pot to seek glory and acted as a talisman, why didn't you expect that you would end up like this?"

"You...what are you talking about?!" Wang Xingzhi retorted guiltily, "I...I don't understand what you are talking about!"

"Don't you understand?" Qin Yuan walked up to Wang Xingzhi and looked at him condescendingly, his eyes as sharp as a hawk, "Do you think you can hide the things you do from everyone?"

Wang Xingzhi's face was pale, his eyes flickering, and he did not dare to look at Qin Yuan.

"Let me ask you one last time," Qin Yuan's tone was cold and emotionless, "Do you have any last words to say?"

"I..." Wang Xingzhi opened his mouth, but found that he couldn't say anything.

He knew that he was finished.

"Since you have nothing to say," Qin Yuan said lightly, "then go to hell."

After saying that, Qin Yuan suddenly raised his right leg and kicked Wang Xingzhi on the chest.

"Bang!"

With a muffled sound, Wang Xingzhi's body flew out like a cannonball and hit the guardrail of the deck heavily, making a crisp "click" sound.

The guardrail broke, and Wang Xingzhi's body lost balance and rolled into the cold sea water.

"thump!"

There was a sound of falling water, and Wang Xingzhi's figure disappeared into the vast night.

Qin Yuan stood on the deck and looked coldly at the place where Wang Xingzhi fell into the water, without a trace of pity in his eyes.

He will never be merciful towards traitors.

"Team Qin!"

At this time, a voice came from behind Qin Yuan.

Qin Yuan turned around and saw a young man wearing a black combat uniform walking quickly towards him.

"What's up?"

"We have taken control of the entire cargo ship," the young man reported. "All the crew members on the ship have been controlled by us."

"Well," Qin Yuan nodded, "well done."

"By the way, Captain Qin," the young man suddenly remembered something and asked, "Wang Xingzhi, do we want to send someone to search for him?"

Hearing this, Qin Yuan curled up into a sneer: "No need, let him fend for himself."

"But..." The young man wanted to say something more, but was interrupted by Qin Yuan with a wave of his hand.

"Execute the order!"

"yes!"

The young man did not dare to say any more and turned around to carry out Qin Yuan's order.

Qin Yuan stood on the deck, looking at the magnificent sea, with a complicated look in his eyes.

Wang Xingzhi's betrayal made him feel angry and chilled.

But he knew this was just the beginning.

There are many enemies hiding in the dark.

He must find the mastermind as soon as possible and bring him to justice in order to comfort the spirits of those fallen comrades in heaven.

...

At the same time, in a luxurious villa thousands of miles away.

"Crack!"

A tall, blond man with blue eyes angrily smashed the wine glass in his hand to the ground, and the scarlet wine splashed onto the wool carpet, like coquettish blood flowers.

"Damn it!"

"Trash! They are all a bunch of trash!"

The blond man roared, his eyes filled with anger and murderous intent.

"Mr. Jack, please calm down," a voluptuous blond girl wearing scantily clad clothes came forward, nestled in the blond man's arms, and comforted her softly, "Wang Xingzhi is just a chess piece. If he dies, he will die. No big deal."

"You speak lightly!" The blond man pushed the blond girl away and said angrily, "Wang Xingzhi is dead, who will provide us with information?!"

The blonde was pushed to the ground, but she didn't dare to get angry at all. She just looked at the blonde man pitifully and said softly: "Mr. Jack, don't forget, we still have a backup plan..."

Hearing the word "backhand", the blond man's expression softened a little. He narrowed his eyes, and a cold light flashed in his eyes: "You are right, we still have a backhand..."

"Qin Yuan, just wait for me!" The blond man said through gritted teeth, "I will definitely make you pay the price!"

Qin Yuan stood on the deck, the sea breeze blowing his black combat uniform like a hunting flag. He looked into the distance with his deep eyes, and the dark sea seemed to merge with his pupils, and it was bottomless.

"Captain Qin, are we just going to let those bastards go?" A rough voice sounded behind him, with a bit of resentment and confusion. The speaker was Qin Yuan's deputy, Zhang Qiang, nicknamed "Iron Tower", who was more than two meters tall and stood next to Qin Yuan like a small mountain.

Qin Yuan did not look back, but just uttered two words lightly: "Go down."

"Ah?" Zhang Qiang was stunned for a moment, thinking he had heard it wrong, "Go down? Where to go? Feed the turtles in the sea?"

"There are still goods below." Qin Yuan's tone was steady, as if he was talking about something very ordinary.

"There are still goods?" Zhang Qiang widened his eyes, then suddenly realized and grinned, "Hehe, I said, when has Captain Qin ever suffered a loss? Let's go!"

This freighter is far from as simple as it seems. Wang Xingzhi is just a small role, and the real mastermind and what they want to hide are still on this ship.

At the bottom of the freighter is a complex cargo hold. Under the dim light, the containers piled up like a mountain, like silent giants, hiding unknown secrets.

"Captain Qin, when will we find it? Otherwise, let's just blow up this broken ship and put an end to it!" Zhang Qiang complained while kicking the empty wine bottle at his feet impatiently.

"Shut up and work." Qin Yuan glanced at him coldly, and Zhang Qiang immediately fell silent and followed Qin Yuan to continue searching.

Suddenly, Qin Yuan stopped and locked his eyes on an inconspicuous container in front of him. Unlike other containers, the surface of this container is clean and tidy, without any logos and numbers, which looks particularly abrupt.

"That's it." Qin Yuan said firmly, motioning Zhang Qiang to open it.

Zhang Qiang rubbed his hands and smiled: "Let me do it! These grandsons are hiding very deep, I'll pull you out..."

Before he finished speaking, the door of the container suddenly opened from the inside, and a black gun pointed at Zhang Qiang's head.

"Don't move! If you move again, I will shoot!" A shrill voice came from inside, with some trembling and fear.

Zhang Qiang was stunned. He didn't expect that there was someone inside, and he took the initiative. He was in a dilemma for a while.

Qin Yuan didn't change his expression, but just said lightly: "Are you sure you want to shoot?"

"I..." The man with the gun obviously hesitated, and there was a trace of panic in his tone.

"Do you know who I am?" Qin Yuan took a step forward, and a strong sense of oppression came over him.

"You... you are..."

"I'm here to send you to hell." Qin Yuan's mouth curled up a cold arc, and the next second, he moved.

As fast as lightning, as powerful as a bamboo.

"Bang!"

A gunshot sounded, but it didn't come from the black muzzle.

"Bang!"

The gunshot echoed in the silent warehouse. Before Zhang Qiang could even react to what happened, he saw the guy with the gun on the opposite side flying out like a rag doll, hitting the container wall heavily, and then sliding to the ground, his life or death unknown.

"Fuck! Captain Qin, you are too fast! I haven't even seen how you shot!" Zhang Qiang came to his senses and couldn't help but burst out a swear word, looking at Qin Yuan with admiration.

Qin Yuan put away his pistol, didn't even look at the unlucky guy on the ground, and walked straight to the depths of the container.

"Hey, Captain Qin, wait for me!" Zhang Qiang hurriedly followed.

The space in the container was small and filled with various goods. The air was filled with a musty and bloody smell. Qin Yuan shone a flashlight and found that there was an iron door inside with a heavy lock on it.

"Captain Qin, how do I open this door? Do you want me to blast it open?" Zhang Qiang rubbed his hands, eager to try.

"No, I'll do it." Qin Yuan said, taking out a dagger from his waist, fiddling with the keyhole for a few times, and with a "click", the lock opened.

"Fuck! Captain Qin, you can also open the lock? You are too versatile!" Zhang Qiang was stunned, feeling that he was just a waste compared to Qin Yuan.

Qin Yuan ignored Zhang Qiang's exclamation and pushed the door open and walked in.

This was an even smaller space, with only a table and a few chairs, a laptop on the table, and a black suitcase.

Qin Yuan walked over and opened the laptop. A map was displayed on the screen, with several red dots marked on the map.

"What is this?" Zhang Qiang came over and took a look, confused.

"Target." Qin Yuan said concisely.

"Target? What target?" Zhang Qiang.

Qin Yuan did not explain, but picked up the black suitcase, opened it, and saw that it was full of...

"Fuck! What is this?!" Zhang Qiang's eyes widened, his mouth opened so wide that an egg could fit in.

The suitcase was not filled with weapons or drugs, but a bunch of... plush toys?!

All kinds of plush toys, big and small, all kinds of animals, all kinds of colors, everything, filling the entire suitcase.

This style of painting is incompatible with this bloody and violent freighter, and it is extremely weird.

At this moment, the laptop suddenly sounded a shrill alarm, and a red countdown popped up on the screen: 60:00...59:59...

Qin Yuan's face changed, he suddenly closed the computer, grabbed the suitcase, and rushed out with Zhang Qiang, who was confused:

"Damn it! We fell into a trap! Let's go!"

Qin Yuan frowned, the siren beating on his nerves like a drumbeat. He grabbed Zhang Qiang and rushed out of the small room. He didn't bother to explain, and just growled: "If you don't leave, it will be too late!"

They ran all the way, and the iron walls of the container shook slightly at the sound of alarms, as if they would collapse at any time.

"What's going on, Captain Qin? Are we trying to escape with our lives?" Zhang Qiang was dragged by Qin Yuan and stumbled, and he asked while breathing heavily.

"Bomb! There's a bomb on this damn ship!" Qin Yuan shouted without looking back, with a hint of unprecedented panic in his tone.

"What?!" Zhang Qiang exclaimed, almost choking on his own saliva, "What are these lunatics going to do? Even if they blow up this ship, they will have to finish it!"

"Who knows what these lunatics are thinking in their minds! We have to find an escape boat quickly!" Qin Yuan said, suddenly pushing open an iron door, but in front of him was a cold wall.

"Damn! Dead end!" Zhang Qiang couldn't help but curse.

Time passed by minute by second, the countdown beat mercilessly, and the siren became more and more harsh, as if the death bell was ringing in my ears.

Fine beads of sweat broke out on Qin Yuan's forehead, but he forced himself to calm down and quickly scanned the surroundings, trying to find a glimmer of hope of escape.

Suddenly, his eyes narrowed and fell on an inconspicuous iron box in the corner.

"Zhang Qiang! Come and help!"

Qin Yuan shouted, rushed over and pried open the iron box, and there was something lying inside...

...how many wetsuits? !

"Holy crap! Captain Qin, are you thinking..." Zhang Qiang's eyes widened and he looked at Qin Yuan in disbelief.

"It's too late to explain! Put it on!" Qin Yuan interrupted him decisively and quickly started to put on the diving suit.

"But...but I can't dive!" Zhang Qiang's voice began to tremble.

"You have to be able to do it even if you don't! Do you want to be blown to pieces?!" Qin Yuan threw the diving suit to Zhang Qiang, his tone undeniable.

Zhang Qiang looked at the diving suit, then at Qin Yuan's determined eyes, gritted his teeth, and started to put it on hurriedly.

Time was running out, so both of them tried their best and finally finished dressing with only ten seconds left in the countdown.

"Walk!"

Qin Yuan grabbed Zhang Qiang, jumped into the cold sea water...

The cold seawater instantly enveloped his whole body. Qin Yuan felt as if he had been hit hard by a giant hammer, and his internal organs were all displaced. He endured the discomfort and struggled desperately to surface.

"Cough cough... cough cough..."

As soon as he stood up, he heard Zhang Qiang's violent coughing from beside him. When he turned around, he saw that this guy was flopping on his hands and feet, looking as embarrassed as a drowned dog.

"Damn you! Do you know how to dive?! Don't move!" Qin Yuan grabbed Zhang Qiang and cursed angrily.

"I...this isn't my first time...cough cough...gulu..." Zhang Qiang was given several mouthfuls of sea water, and his speech was slurred.

"Shut up! Save your energy! Follow me!"

Qin Yuan was too lazy to talk nonsense, took a deep breath, and plunged into the sea.

This sea area is not calm, the current is turbulent, and the visibility is extremely low. Qin Yuan can only rely on the weak light and feeling to swim forward with difficulty.

"Captain Qin...where are we going..." Zhang Qiang followed closely, with a hint of crying in his voice.

"Stop talking nonsense! Just follow me!"

Qin Yuan didn't have time to explain to him, and he didn't know where he was going. He just relied on his intuition and swam away from the death ship that was about to explode.

I don't know how long it took, but just when Qin Yuan felt that his physical strength was about to be exhausted, a faint light suddenly appeared in front of him.

"Look! Captain Qin! What is that?!" Zhang Qiang also saw the light, and immediately became energetic and swam forward as hard as a chicken blood.

A glimmer of hope ignited in Qin Yuan's heart and he speeded up.

As they got closer and closer, the light became clearer and clearer, gradually revealing a huge circular outline.

One-click Recovery Since I was a Special Soldier

Chapter 2399: Great Contribution

"Fuck! What the hell is this?!" Zhang Qiang exclaimed, "How can it glow underwater?!"

Qin Yuan did not answer. He concentrated on observing the scene in front of him, and suddenly an indescribable sense of weirdness surged in his heart.

The light became more and more dazzling, as dazzling as the sun, reflecting the surrounding seawater into a strange green.

At this moment, the circular outline suddenly began to vibrate violently, and the surrounding seawater also rolled and boiled, forming a huge vortex, sucking Qin Yuan and Zhang Qiang in...

"Ahhhhhhh!!!"

...

"Um..."

Qin Yuan felt dizzy, as if something was pressing heavily on him, and he had difficulty breathing. He tried to open his eyes, but found that he was in front of him in darkness and couldn't see anything clearly.

"Where am I...?"

He struggled to sit up, but felt that his whole body was like falling apart, and he was extremely sore.

"Don't move! You're finally awake!"

A familiar voice sounded in his ears, and Qin Yuan suddenly shuddered and turned his head to look in the direction of the voice.

"Zhang Qiang?! Is that you?!"

"Nonsense! Who else but me!"

With the weak light, Qin Yuan finally saw the scene in front of him and was stunned.

"What the hell is this place?!"

They were in a small space, surrounded by cold metal walls, and there was only a dim light above their heads, barely illuminating the surrounding environment.

What shocked him even more was that in this small space, there were all kinds of strange instruments and equipment, flashing colorful lights, making buzzing operating sounds, and looked very technological.

And Zhang Qiang, who was tied up on a metal chair, looked at him with resentment.

"How dare you say that! If you hadn't dragged me down, I'd still be enjoying the good life on the boat!"

"Fuck! What the hell is this place?!"

Zhang Qiang's voice echoed in the empty metal space, with a bit of fear and disbelief.

Qin Yuan ignored him, but narrowed his eyes and carefully observed the surrounding environment. He could feel that there was a strange energy fluctuation in this space, which made him very uncomfortable.

"Hey! Don't pretend to be dumb, kid! Speak!" Zhang Qiang became more anxious when he saw Qin Yuan ignoring him, "Are we being captured by aliens?! I've heard that those aliens like to capture earthlings for experiments the most! When the time comes, I'll cut you up..."

"Shut up!" Qin Yuan interrupted him coldly, "If you keep talking nonsense, I'll shut your mouth!"

Zhang Qiang immediately shut his mouth obediently like a duck with its neck pinched.

Qin Yuan then retracted his gaze and looked down at his clothes, which were already tattered and dripping with water. He tried to move his body and found that there was nothing serious except some soreness.

"It seems that we are lucky enough to not be killed by the explosion." Zhang Qiang saw Qin Yuan move, and he also moved his muscles and bones, muttering softly, "But what kind of place is this? Why does it feel more weird than that broken ship?"

Qin Yuan did not answer. He walked to the metal wall and touched it. It was cold to the touch and the material was unknown. He tried to push it hard, but it didn't move at all.

"Don't waste your energy." Zhang Qiang walked over and said helplessly, "This thing looks very high-tech. How can we open it with our mortal bodies?"

Qin Yuan ignored him, but focused his attention on the wall, released his mental power, and tried to explore the structure and material of the wall.

"What are you doing? Don't tell me you want to penetrate the wall with your mind?!" Zhang Qiang looked at Qin Yuan with an expression of looking at a fool.

However, the next second, his chin almost fell to the ground.

Qin Yuan's palm seemed to melt, and slowly sank into the metal wall. Then, the whole wall began to twist and deform, making a tooth-grinding metal friction sound.

"Damn it! You can walk through walls?!!" Zhang Qiang stared at the scene in amazement and exclaimed.

Qin Yuan ignored his shock, but continued to control his mental power, tearing a hole in the metal wall that was large enough for two people to pass through.

"Let's go." He said lightly and walked out first.

Zhang Qiang was stunned for a moment, and hurriedly followed him. He couldn't help looking back while walking, as if he was worried that the hole would suddenly close and trap him in this ghost place.

After walking out of the metal room, the view in front of them suddenly became clear, but Qin Yuan and Zhang Qiang took a breath of cold air at the same time.

What appeared in front of them was a vast... garbage dump? !

Yes, you read it right, it's a garbage dump!

All kinds of garbage piled up like a mountain, emitting a disgusting stench, flies and mosquitoes buzzing around, and a few vultures hovering in the sky, making unpleasant noises.

"What the hell is going on here?!" Zhang Qiang couldn't help but swear, "Have we arrived at a garbage planet?!"

Qin Yuan didn't say anything, but frowned, scanning the surrounding environment with sharp eyes.

"Wait..." He suddenly seemed to have discovered something, and walked quickly to a pile of garbage not far away.

Zhang Qiang saw this and hurriedly followed him.

"What did you find? Can you find treasures in this garbage dump?!"

Qin Yuan ignored him, but bent down and picked up something from the garbage.

It was a... metal ball?

No, it should be said that it was a flattened metal ball with some strange symbols printed on it.

Qin Yuan's pupils suddenly contracted, because he recognized that this symbol was exactly the same as the symbol on the instrument he saw in the metal room before!

"Could it be..."

Just then, a cold voice suddenly sounded from behind them:

"Who are you? Why are you here?"

Qin Yuan and Zhang Qiang turned around suddenly, only to see a tall black shadow standing not far away, holding a weapon emitting cold light in his hand, staring at them coldly!

Qin Yuan looked at the black shadow in front of him expressionlessly, and threw the flattened metal ball into the garbage. "Who are you? Where is this hell?"

Zhang Qiang stared at the weapon in the black shadow's hand with a vigilant look. That thing didn't look like a toy. If he got hit by it, he would probably be skinned alive if he didn't die. He quietly moved behind Qin Yuan and whispered, "Boss, this guy doesn't look easy to mess with..."

The black shadow seemed very dissatisfied with Qin Yuan's disregard. He took a step forward and said in a colder tone, "I'll ask again, who are you? Why are you here?"

Qin Yuan chuckled and asked, "Who are you? You interrogate us without telling us who you are. Is this garbage dump owned by your family?"

"How dare you!" The black shadow was obviously angered by Qin Yuan's attitude. The weapon in his hand shone brightly, and a powerful energy wave spread around. "This is a forbidden area! Trespassers will die!"

Zhang Qiang was frightened and screamed. He hid behind Qin Yuan and trembled, "Boss, this guy is going to get serious! What should we do?"

Qin Yuan rolled his eyes at him impatiently, "Shut up! If you make a fuss again, I'll throw you out to feed the vultures!"

Zhang Qiang covered his mouth immediately after hearing this, and didn't dare to breathe.

Seeing that Qin Yuan ignored his attack, the black shadow was furious. He roared and rushed towards Qin Yuan with his weapon in hand!

"Boss, be careful!" Zhang Qiang exclaimed, closed his eyes, and prepared for the impact.

However, the expected severe pain did not come. He opened his eyes carefully, only to see Qin Yuan still standing there, unharmed. And the aggressive black shadow was like a squashed fly, being stepped on by Qin Yuan.

"That's it?" Qin Yuan looked down at the black shadow, his tone full of disdain, "I thought you were so powerful, but you only have this mediocre kung fu?"

The black shadow struggled to get up, but found that he could not move at all. Qin Yuan's feet were like a mountain, pressing him to the ground.

"Who... who are you?" The black shadow looked at Qin Yuan in horror, his tone full of disbelief, "Why... why are you so strong?!"

"It doesn't matter who I am." Qin Yuan squatted down, looked into the black shadow's eyes, and said coldly, "What's important is that you are in my hands now."

"What do you want?" The black shadow's voice trembled a little.

"Tell me," Qin Yuan's fingers gently tapped the black shadow's cheek, "What is this garbage dump?"

The black shadow clenched his teeth and said nothing.

"Don't say it?" Qin Yuan sneered, "It doesn't matter, I have a lot of ways to make you speak."

Qin Yuan's toes exerted force lightly, and the black shadow's cheek was crushed into the mud full of garbage, choking him and coughing repeatedly.

"Cough cough... I say, I say..." The black shadow spoke with difficulty, "This is... cough cough... It's the Interstellar Alliance's... garbage disposal station..."

"Interstellar Alliance?" Qin Yuan raised his eyebrows. He seemed to have heard this name somewhere, but he couldn't remember it for a while.

"Boss, the Interstellar Alliance... Isn't that something that only exists in science fiction movies?" Zhang Qiang reminded weakly.

Qin Yuan waved his hand impatiently, "Stop talking nonsense and continue asking."

"Garbage disposal station of the Interstellar Alliance?" Qin Yuan loosened his feet and let the black shadow struggle to sit up. He patted the dust on his hands and said in a playful tone, "So, you are responsible for handling garbage from various planets?"

The black shadow covered his chest and nodded in shock.

"Then why did you catch us here? Could it be that you plan to treat us as garbage and dispose of us as garbage?" Qin Yuan took a step forward, his eyes sharp.

"No... I dare not..." The black shadow waved his hands in fear, "We are just... just following orders..."

"Following orders? Whose orders?" Qin Yuan asked.

"It's... the stationmaster..." The black shadow stammered.

"Who is the stationmaster? Let him come out to see me." Qin Yuan's tone was unquestionable.

"This..." The black shadow was embarrassed, "The stationmaster... He is very busy, he doesn't see any visitors..."

"Not seeing any visitors?" Qin Yuan sneered, grabbed the black shadow's collar and lifted him up, "I think he is not here at all?"

The black shadow's face changed, his eyes flickered, and it was obvious that Qin Yuan was right.

"Boss, look!" Zhang Qiang suddenly pointed to a pile of garbage not far away and shouted.

Qin Yuan looked in the direction of his finger, and saw a corner of a metal box vaguely exposed in the pile of garbage, with a familiar symbol engraved on it - it was the symbol he saw in the metal room before!

Qin Yuan's heart moved, and he threw the black shadow aside and strode towards the metal box.

"Don't... don't touch it!" Seeing this, the black shadow panicked and struggled to stop Qin Yuan, but was kicked to the ground by Qin Yuan.

Qin Yuan ignored the black shadow's shouting and reached out to open the metal box.

Inside the box, there was a round ball emitting a faint blue light.

"What is this?" Zhang Qiang came over curiously and reached out to touch the round ball.

"Don't move!" Qin Yuan grabbed Zhang Qiang's hand and pulled him behind him, "This thing looks dangerous."

Qin Yuan narrowed his eyes and looked at the round ball carefully. The blue light emanated from the inside of the sphere, and it was vaguely seen that some kind of liquid was flowing inside, as deep and mysterious as the starry sky.

"Boss, this thing is not going to explode, right?" Zhang Qiang asked nervously, staring at the round ball with his round eyes, as if it would become a bomb in the next second.

"Shut up your crow mouth!" Qin Yuan glared at him unhappily, "If it was a bomb, we would have been blown up long ago."

He carefully took the ball out of the box, and felt a cold touch, as if holding a piece of thousand-year-old ice.

"This thing looks quite advanced..." Qin Yuan observed it over and over again, but couldn't figure it out, "Take it back first."

Back at the special operations brigade, this ball of unknown origin immediately caused a sensation. After being reported to the top level, it was finally sent to the country's top scientific research institutions for research.

Fan Tianlei looked at the commendation document in his hand and smiled.

"Good boy, Qin Yuan, you have made a great contribution this time!" Fan Tianlei patted Qin Yuan's shoulder vigorously, his tone full of praise, "The country has decided to commend you and your team members!"

Zhang Qiang rubbed his hands excitedly, wishing he could rush up and grab the commendation document to take a good look at it.

"This mission was very dangerous. You were able to return safely and bring back such an important thing. You deserve credit!" Fan Tianlei continued, "However, this is just the beginning. Next, there are more difficult tasks waiting for you!"

Sure enough, a few days later, Fan Tianlei summoned Qin Yuan and his team members to the office again.

"This mission is about a person." Fan Tianlei's expression became serious and his tone became solemn. "This person's name is Wang Fengpu. He is a physics professor at a well-known domestic university and specializes in quantum mechanics and cosmology."

"Quantum mechanics? Cosmology?" Zhang Qiang scratched his head, "What does this have to do with us?"

"Don't talk, listen to the chief of staff." Qin Yuan scolded in a low voice. (End of this chapter)

One-click Recovery Since I was a Special Soldier

Chapter 2400 How could she forget?

"Professor Wang has been behaving very abnormally recently." Fan Tianlei continued, "He often goes to some remote places alone, and also buys a lot of materials that are completely unrelated to his research field, such as high-energy batteries, signal transmitters, etc..."

"Could it be that Professor Wang is conducting some secret research?" Qin Yuan asked.

"It's possible." Fan Tianlei nodded, "But we can't rule out other possibilities, such as... he may have been subverted by foreign forces and is providing them with intelligence."

Hearing this, Zhang Qiang couldn't help but take a breath.

"So, your mission is..." Fan Tianlei paused, "Find Professor Wang and find out what he has been doing recently. If you find that he has really been subverted, arrest him on the spot!"

"Yes!" Qin Yuan and the team members responded in unison.

"This mission is very important and full of unknown dangers." Fan Tianlei looked at them with expectations and trust in his eyes, "I believe you will be able to complete the mission excellently!"

After receiving the mission, Qin Yuan immediately began to investigate Wang Fengpu's whereabouts.

By retrieving Wang Fengpu's mobile phone location records and bank statements, Qin Yuan discovered that he had been going to a place called "Starry Sky Observatory" recently.

"Starry Sky Observatory?" Qin Yuan frowned, "Why does this name sound so familiar..."

He vaguely remembered that he seemed to have heard of this name somewhere, but he couldn't remember it for a while.

"Boss, I found it!" At this time, Li Ergou, who was responsible for the online search, suddenly shouted excitedly, "Starry Sky Observatory, it's on a mountain on the outskirts of the city, it's the largest private astronomical observatory in the country!"

"Private astronomical observatory?" Qin Yuan frowned even more tightly, "A professor who studies quantum mechanics, why would he go to an astronomical observatory for nothing?"

He suddenly had a bad premonition in his heart, feeling that this mission might not be as simple as he imagined...

Qin Yuan lit a cigarette, and the thick smoke spread in front of his eyes, blurring his knife-like firm face. Starry Sky Observatory, this name is like a thorn, piercing his mind, making him vaguely uneasy.

"A professor who studies quantum mechanics goes to an astronomical observatory... Is he studying time travel?" Zhang Qiang touched his chin, looking incredulous, "This is too much!"

Li Ergou rolled his eyes at the side: "Do you think you are making a movie? Time travel! I think this Professor Wang is probably crazy about his research and thinks he is an alien!"

"Shut up!" Qin Yuan blew out a smoke ring coldly, "Stop talking nonsense and hurry up!"

The Starry Sky Observatory is located on a sparsely populated mountain on the outskirts of the city, with only a rugged mountain road leading to the top of the mountain. Qin Yuan and his group drove a military off-road vehicle and meandered up the mountain road in the night.

"Boss, do you think Professor Wang has really been turned?" Wang Yanbing, who was driving, suddenly asked, "If this country's number is really leaked, it will be a big trouble!"

"No, Professor Wang is an internationally renowned physicist, how could he do such a thing?" He Chenguang, who was sitting in the co-pilot, retorted, "I think there must be some misunderstanding!"

"Whether there is a misunderstanding or not, we will know when we find Professor Wang." Qin Yuan said coldly, "Everyone, cheer up and be vigilant!"

As the altitude increases, the mountain road becomes more and more difficult to walk, and the off-road vehicle moves slowly in the bumps. The beams of light from the headlights penetrate the dense woods and project two strange beams of light in the dark.

"Stop!" Qin Yuan suddenly shouted.

Wang Yanbing slammed the brakes, and the off-road vehicle shook violently and stopped on the side of the road.

"What's wrong, boss?" Wang Yanbing asked in confusion.

Qin Yuan did not answer, he opened the car door and walked down.

"Hush!" Qin Yuan signaled everyone to keep quiet. He squatted down and carefully observed the ground.

Under the illumination of the car lights, a row of clear tire tracks appeared on the ground. These tire tracks were very new and were obviously left in the past few days.

"Someone has been here." Qin Yuan stood up with a cold look, "and there was more than one car."

"It seems that our Professor Wang is really 'welcome'." Zhang Qiang sneered, "I just don't know if these 'guests' are here to visit, or..."

Before he finished speaking, he heard a shrill alarm from the direction of the top of the mountain, breaking the silent night sky.

"No! We've been tricked!" Qin Yuan's face changed, "Quick, go up the mountain!"

The alarm sounded louder and louder, echoing in the empty mountains and forests, like a spell to urge death, making people tremble with fear.

"Damn it, I told you this mission is not that easy!" Zhang Qiang cursed as he jumped out of the car and skillfully checked his equipment. "What on earth is Professor Wang doing? Why is he running to this desolate mountain? He made me follow him and be scared in the middle of the night!"

"Stop talking nonsense and hurry up!" Qin Yuan growled, like a vigilant cheetah, and rushed into the dark woods first.

They ran quickly towards the observatory on the top of the mountain in the faint moonlight. The mountain road was rugged and difficult to walk, with thorns and gravel everywhere. From time to time, the strange cries of nocturnal animals were heard, adding a bit of weird atmosphere.

"Boss, look!" He Chenguang, who was running in front, suddenly stopped and pointed to an open space not far ahead and said, "What is that?"

Qin Yuan looked in the direction of He Chenguang's finger and saw several black SUVs parked in the open space, which looked particularly awkward in the night. The car door was wide open, and several corpses were lying on the ground. The ground was stained red with blood, which looked particularly shocking under the pale moonlight.

"They're all dead..." Wang Yanbing took a breath, and cold sweat broke out in the palm of his hand holding the gun. "Look at this technique, it's so clean and neat, it doesn't look like it was done by ordinary people."

"They are mercenaries." Qin Yuan squatted down and carefully checked the bullet casings on the ground. His tone was cold, "And he is a well-trained professional killer."

"Damn, these guys are so audacious, they even dare to touch our scientists!" Zhang Qiang was furious and wanted to pull these guys out and cut them into pieces immediately.

"It seems that Professor Wang is in danger." Qin Yuan stood up, a cold light flashed in his eyes, "We must find him as soon as possible, otherwise the consequences will be disastrous!"

They approached the vehicles cautiously, alert to the surrounding movements. Suddenly, Qin Yuan's ears twitched, and he seemed to hear something. He turned back suddenly and roared: "Who?!"

Before he finished speaking, a black shadow sprang out from the woods like lightning and rushed towards Qin Yuan's door. Qin Yuan was on guard for a long time. He turned sideways to avoid the black shadow's attack, and at the same time swept his whip leg towards the opponent's waist.

With a muffled sound of "Bang!", the black shadow was kicked away by Qin Yuan and hit a big tree heavily, letting out a painful groan.

Qin Yuan took a closer look and saw a tall foreign man struggling to get up from the ground. He wore a black mask on his face, revealing only a pair of murderous blue eyes.

"Who are you?" Qin Yuan asked coldly, the gun in his hand already pointed at the opponent.

"The person who wants your life!" The foreign man laughed ferociously, suddenly pulled out a dagger from his waist, and rushed towards Qin Yuan...

Before the foreign man finished speaking, the dagger in his hand pierced Qin Yuan's throat with a cold light. Qin Yuan remained calm and tilted his head slightly, narrowly avoiding the fatal blow. The dagger slashed across his ear, and the sharp blade even cut off a few of his hairs.

"It's quite fast!" Qin Yuan sneered, flipped his wrist, and the gun in his hand wound up like a snake, tightly clasping the foreign man's wrist.

The foreign man's expression changed, obviously he didn't expect Qin Yuan to react so quickly. He exerted force on his wrist, trying to break away from Qin Yuan's grasp, but found that the other party's hands were like iron pliers, motionless.

"With this little strength, you still want to kill me?" A trace of disdain flashed in Qin Yuan's eyes, and his fingers suddenly exerted force.

"Crack!"

The sound of broken bones was particularly harsh in the silent night. The foreign man let out a scream, and the dagger in his hand fell to the ground.

"Tell me, who sent you here?" Qin Yuan pulled off his mask and put the muzzle of the gun on the foreign man's forehead, his tone as cold as if he came from the Nine Nether Hell.

"Want to know? Go to hell and ask the King of Hell!" the foreign man said through gritted teeth, his eyes full of resentment.

"You're quite tough!" Qin Yuan sneered, tilting his gun slightly, "Don't tell me? Then I'll beat you until you tell me!"

"Wait!" At this moment, a woman's voice suddenly came from the woods, with a hint of panic in her tone, "Stop, don't hurt him!"

Qin Yuan frowned, turned around and saw a woman in a white coat walking out of the woods. The woman was tall, wearing a pair of gold-rimmed glasses, and had an anxious look on her face. She was exactly the target of their trip—Professor Wang's assistant, Li Xiaolin.

"Miss Li, are you okay?" Seeing Li Xiaolin appear, Wang Yanbing and others quickly gathered around and asked with concern.

"I'm fine." Li Xiaolin shook her head, her eyes fell on the foreign man who was subdued by Qin Yuan, a complicated look flashed in her eyes, "He is my friend, don't hurt him."

"Friend?" Zhang Qiang laughed out loud as if he heard some joke, "Miss Li, are you sure you're not mistaken? This guy is here to kill people. Do you call this a friend?"

"He's not a bad person, he's just..." Li Xiaolin opened her mouth, as if she wanted to explain something, but didn't know what to say.

"Just what?" Qin Yuan asked coldly, staring at Li Xiaolin sharply, "Miss Li, I hope you understand the current situation. We are performing a mission, not playing house. If you knew something What, it's better to say it now, otherwise..."

"Otherwise, what?" Li Xiaolin took a deep breath and seemed to have made some decision. She met Qin Yuan's eyes and said word by word, "Otherwise, I will die with him!"

Before she finished speaking, Li Xiaolin suddenly took out a scalpel from her waist and put it against her neck. The sharp blade instantly cut her fair skin, and blood slowly flowed down the blade, which looked particularly dazzling under the pale moonlight...

Qin Yuan narrowed his eyes, the muzzle of the gun was still pointing steadily at the foreign man's head, as if he had not seen Li Xiaolin's movements, and his tone was so cold that there was no warmth: "Miss Li, it seems that you haven't figured out the situation yet, not now." When you are willful."

Li Xiaolin's fingers trembled slightly, and blood dripped down the blade of the scalpel, glowing with a strange red light in the moonlight. She bit her lip, looked at Qin Yuan stubbornly, and said word for word: "I don't care who you are or what you want to do. I only know that he is my friend. I can't just watch." You hurt him!"

"Friend?" Wang Yanbing, who had been silent, suddenly laughed, with a hint of sarcasm in his tone, "Ms. Li, your friend is really special. He stayed up late at night and ran to this wilderness with a knife, just to reminisce with you?"

Li Xiaolin's face turned pale, but she was powerless to refute. She couldn't say that this foreign man was a mercenary she hired at a high price, and his purpose was to snatch the research results from Professor Wang, right?

"Ms. Li, you'd better put down the knife and talk it over." Professor Wang, who had been silent, suddenly spoke with a hint of fatigue in his tone, "You should know that you can't solve the problem by doing this."

Li Xiaolin turned her head to look at Professor Wang, with a trace of struggle in her eyes. Of course, she knew that doing this would not solve the problem, but what could she do? She was desperate!

"Put down the knife?" The foreign man who had been pointed at his head by Qin Yuan suddenly spoke in poor Chinese with a hint of disdain in his tone, "Li Xiaolin, what are you still hesitating about? Have you forgotten the agreement between us? As long as you help me get the things, I promise..."

"Shut up!" Li Xiaolin turned her head suddenly and interrupted the foreign man's words harshly. She never thought that this foreign man who was always polite in front of her would say such words at this time!

"What? Am I wrong?" The foreign man sneered with a hint of sarcasm in his tone, "Li Xiaolin, don't think I don't know what you are thinking. Do you think they will let you go if you do this? Don't be naive! What they want is Professor Wang's research results. Once they succeed, you and I will have only one way to go!"

Li Xiaolin's body trembled violently, and her face turned pale in an instant. The words of the foreign man, like a thunder, exploded in her ears, making her feel like she was falling into an ice cave.

Yes, how could she forget it?

These people are not good people at all!

What they want is Professor Wang's research results, and she is just a chess piece, a chess piece that can be sacrificed at any time!

"Li Xiaolin, don't listen to his nonsense!" Professor Wang's face changed, and he hurriedly opened his mouth to stop Li Xiaolin, but it was too late.

Li Xiaolin took a deep breath, and a trace of determination flashed in her eyes. She suddenly put the scalpel against her neck, and her tone was cold without a trace of warmth: "You go, let him go, I promise not to tell anyone about what happened today!"
