Chapter 2401 I am tired of living!

"Li Xiaolin, are you crazy?!" Professor Wang exclaimed and wanted to step forward to stop him, but was held back by Zhang Qiang on the side.

"Old Wang, don't be impulsive!" Zhang Qiang lowered his voice and said, "The situation is unclear now, we cannot act rashly!"

"But..." Professor Wang wanted to say something else, but was stopped by Zhang Qiang's look.

Qin Yuan looked at the scene in front of him with a trace of amusement in his eyes. He could naturally see that Li Xiaolin had real feelings for the foreign man, otherwise she would not have protected him at such a time.

interesting!

"Are you sure you want to do this?" The corners of Qin Yuan's mouth raised slightly, with an evil arc, and a hint of teasing in his tone, "You have to think clearly, there is no regret in this world!"

Li Xiaolin did not speak, but looked at Qin Yuan coldly, her eyes full of determination.

"Okay, very good!" Qin Yuan laughed suddenly and suddenly retracted the gun pointed at the foreign man. At the same time, he rushed to Li Xiaolin and took the scalpel from her hand with lightning speed.

Before Li Xiaolin could react, she felt pain in her wrist, and the scalpel in her hand had already reached Qin Yuan's hand.

"You..." Li Xiaolin looked at Qin Yuan in horror, her eyes full of disbelief.

"What? It's unexpected?" Qin Yuan played with the scalpel in his hand and looked at Li Xiaolin with a smile, "I told you a long time ago that there is no regret in taking medicine in this world!"

Saying that, Qin Yuan suddenly swung the scalpel towards Li Xiaolin...

Qin Yuan looked at the woman in front of him, the fear on her face was no less than the makeup, and he suddenly felt a little bored.

"Hey, I'm telling you, you should be more professional when acting, right?" Qin Yuan casually tapped the table with the scalpel, making a "ta-da" sound, which was particularly clear in the silent operating room, "Don't you think, Would I really take action against someone like you?"

"You..." Li Xiaolin was stunned. Before she could recover from the fear just now, she was stunned by Qin Yuan's words.

Qin Yuan waved his hand impatiently, not intending to talk nonsense to her anymore, and said directly to the foreign man: "Tell me, who are you? What are you doing here?"

The foreign man was obviously confused by Qin Yuan's sudden change, but after all, he was also a man who had seen the world. He quickly calmed down and looked at Qin Yuan with a scrutinizing gaze: "Who are you? Who are you to ask me questions?"

"It doesn't matter who I am, what's important is that I have a way to make you talk." Qin Yuan said, with a cold smile on his lips, and with a slight wave of the scalpel in his hand, a cold light flashed, and the foreign man just felt My cheeks felt cold, and then I felt a burning pain.

"Ah!" The foreign man screamed, covering his face and falling to the ground in pain.

"You..." Li Xiaolin looked at Qin Yuan in horror. She never expected that this seemingly harmless man could be so cruel and ruthless.

"Now, do you still want to pretend to be stupid with me?" Qin Yuan knelt down and looked at the foreign man condescendingly, his eyes as cold as ice for thousands of years, "I hate people playing tricks on me the most. You hate it the most. Please answer my questions honestly, otherwise..."

Qin Yuan did not say any more, but the threat in his tone was self-evident.

The foreign man took a deep breath, endured the pain on his face, and said through gritted teeth: "Who I am has nothing to do with you! I came here just to get back what belongs to me!"

"Something that belongs to you?" Qin Yuan raised his eyebrows and looked at him with a half-smile, "You mean, Professor Wang's research results?"

The foreign man's expression changed, and a trace of panic flashed in his eyes, but he quickly covered it up: "I don't know what you are talking about!"

"Don't know?" Qin Yuan sneered, stretched out his hand and pinched the foreign man's neck, his tone was as cold as a demon from hell, "It seems that you still won't cry until you see the coffin!"

"Ahem..." The foreign man was choked by Qin Yuan. He had difficulty breathing, his face turned red, and he was about to suffocate to death.

When Li Xiaolin saw this, she immediately panicked. She quickly stepped forward and took Qin Yuan's arm, begging: "Please, let him go! He just... he just..."

Li Xiaolin looked at me for a long time, but she didn't say anything. In the end, she could only lower her head helplessly, with a trace of tears in the corners of her eyes.

Qin Yuan looked at Li Xiaolin's appearance, and an unknown fire suddenly rose in his heart. He pushed her away and said in a cold voice: "Get out of the way! Don't get in the way!"

"You..." Li Xiaolin was startled by Qin Yuan's rough action, and the tears in her eyes couldn't be held back anymore and burst out from her eyes.

"Why are you crying! If you cry again, believe it or not, I will take care of you too!" Qin Yuan roared angrily, which scared Li Xiaolin to the point of trembling, and she quickly covered her mouth, not daring to make any more noise.

Seeing Li Xiaolin's pitiful appearance, Qin Yuan felt even more irritated. He threw the foreign man to the ground, turned around and walked out.

"Stop!" At this moment, a cold voice suddenly sounded behind Qin Yuan.

Qin Yuan looked back and saw that Li Xiaolin had stood up at some point with a scalpel in her hand, the tip of which was pointed directly at his heart...

Qin Yuan laughed, as if he had heard some big joke. He turned around slowly, his eyes as cold as looking at a dead person, his tone full of disdain and ridicule: "Just you? You want to kill me too?"

Li Xiaolin was frightened by his look, and her hand holding the scalpel could not help but tremble slightly. But she still held on to her courage and said with her neck stiff: "Qin Yuan, I know you are very powerful, but I am also forced to do so! If you dare to touch him, I will... I will kill you!"

"Kill me?" Qin Yuan seemed to have heard something incredible, and couldn't help laughing, "With your little kung fu, you want to kill me? You are really overestimating yourself!"

"You..." Li Xiaolin was completely enraged by his contemptuous attitude, and she stopped talking nonsense, waving the scalpel and stabbing Qin Yuan.

Qin Yuan stood there motionless, just looking at her coldly, until the tip of the scalpel was less than a centimeter away from his heart, he suddenly made a move.

He reached out his hand like lightning, grabbed Li Xiaolin's wrist, and twisted it gently.

"Ah!" Li Xiaolin screamed, and the scalpel in her hand fell to the ground.

Qin Yuan ignored her screams and pushed hard with his hand. Li Xiaolin staggered back a few steps and fell to the ground.

"You..." Li Xiaolin covered her wrist that was pinched so hard that it hurt. She looked at Qin Yuan with shame and anger, but she didn't dare to act rashly.

"What a stupid woman!" Qin Yuan looked down at her, his eyes were cold without a trace of warmth, "Do you think you can threaten me with just a broken scalpel?"

Li Xiaolin felt a chill in her heart when she saw his eyes, but she still said with all her might: "Qin Yuan, I know you are powerful, but you should not be too arrogant! I tell you, I..."

"What do you mean by you!" Qin Yuan interrupted her impatiently, "I don't want to listen to your nonsense! Now, get out of here immediately! Otherwise, don't blame me for being rude!"

"You..." Li Xiaolin wanted to say something, but seeing Qin Yuan's cold eyes, she finally swallowed the words that were on her lips.

She knew that she was no match for Qin Yuan, and staying would only bring shame upon herself.

Thinking of this, Li Xiaolin could only glare at Qin Yuan with hatred, then struggled to get up from the ground and limped out of the room.

Qin Yuan looked at Li Xiaolin's back as she left, and a sneer appeared on the corner of his mouth.

"You are so arrogant!"

He turned around, walked to the foreign man, looked down at him, and said coldly: "Now, it's time for us to settle the score!"

The foreign man was so scared that he turned pale. He never thought that this seemingly harmless man would be so terrifying!

He suppressed the fear in his heart and stammered, "You...what do you want to do?"

"What do I want to do?" Qin Yuan sneered, stretched out his hand and grabbed his neck, lifted him up from the ground, his eyes were as cold as a demon from hell, "Tell me, what do I want to do?"

"Ahem..." The foreign man was pinched by Qin Yuan's neck, breathing was difficult, his face turned red, and he was about to suffocate to death.

"Say! Who are you? What are you doing here?" Qin Yuan's fingers exerted a little force, and his tone was cold without a trace of temperature.

"I...I said..." The foreign man spit out a few words with difficulty, "I...I am an agent of the M country intelligence agency..."

"M country intelligence agency?" Qin Yuan raised his eyebrows, a glimmer of coldness flashed in his eyes, "What are you doing here?"

"I...I am here..." The foreign man said here, his face suddenly changed, a trace of determination flashed in his eyes, and he suddenly opened his mouth, wanting to bite his tongue to commit suicide.

However, his action was still a step slower.

Qin Yuan had already seen through his intentions. The moment he opened his mouth, he moved like lightning, pinched his chin, and then stuffed a pill into his mouth.

"Um..." The foreign man wanted to struggle, but it was useless. He could only watch the pill slide down his throat.

"You... what did you give me to eat?" The foreign man looked at Qin Yuan in horror and asked with a trembling voice.

"Nothing." Qin Yuan let go of his neck and said lightly, "It's just a medicine that can make you tell the truth."

"You..." The foreign man's face changed drastically. He knew that he was finished.

Qin Yuan ignored his fear and just stood there quietly, waiting for the drug to take effect.

Soon, a strange blush appeared on the foreign man's face, and his eyes became blurred.

"Speak." Qin Yuan said lightly, "Who are you? What are you doing here?"

"I... I..." The foreign man's eyes were blurred, his mouth opened and closed, but he seemed to have lost the ability to speak and couldn't say anything.

Qin Yuan frowned slightly when he saw this. Just as he was about to ask again, he suddenly heard a hurried sound of footsteps coming from outside the door.

He turned his head and saw an old man in a white coat and gray hair walking towards him in a hurry.

"Professor Wang?" Qin Yuan recognized the person at a glance. It was Professor Wang's mentor, Professor Li, a leader in the field of biology in China.

Professor Li was stunned when he saw Qin Yuan, and then a surprised expression appeared on his face: "Xiao Qin, you are back? Great! Come with me, Professor Wang is in trouble!"

Qin Yuan's face changed when he heard this, and he hurriedly asked: "What happened to Professor Wang?"

"Oh, it's hard to say!" Professor Li sighed, pulled Qin Yuan out, "I'll tell you in detail on the way, now come with me to see Professor Wang!"

Qin Yuan was extremely anxious, and he didn't care about the foreign man anymore, and followed Professor Li and walked out quickly.

Qin Yuan followed Professor Li all the way, feeling extremely anxious, but he also knew that now was not the time to ask questions, so he could only suppress his doubts and followed Professor Li to the depths of the institute.

Along the way, Professor Li was talking intermittently, and Qin Yuan finally understood what had happened.

It turned out that Professor Wang had recently been studying a new virus, which was highly contagious and lethal. Once leaked, the consequences would be disastrous.

However, just last night, an accident suddenly occurred in Professor Wang's laboratory, the virus sample disappeared, and Professor Wang was nowhere to be found.

After Professor Li found out, he immediately called the police and sealed off the entire institute, but he never found Professor Wang's whereabouts.

"Xiao Qin, do you think Professor Wang will..." Professor Li said here, his tone full of worry and fear.

Qin Yuan knew what Professor Li wanted to say, but he was unwilling to believe this possibility. Professor Wang was his mentor and the person he respected the most. He never believed that Professor Wang would do such a thing!

"Professor Li, don't worry, I believe Professor Wang will never do such a thing!" Qin Yuan said in a deep voice, "The most important thing now is to find Professor Wang and find out the truth of the matter!"

Professor Li nodded. He knew that now was not the time to be sad. The most urgent thing was to find Professor Wang and find out the truth.

The two came to Professor Wang's laboratory, only to see that the door of the laboratory was open, and it was a mess inside. Various instruments and equipment were scattered all over the floor. It was obvious that there had been a fierce fight.

"This..." Professor Li looked at the scene in front of him, and his face suddenly became uglier.

Qin Yuan frowned, and his eyes scanned every corner of the laboratory, trying to find some clues.

Suddenly, his eyes fell on a safe in the corner of the laboratory. The door of the safe was half open, and it was empty inside.

"Professor Li, does Professor Wang usually put anything important in the safe?" Qin Yuan turned his head and asked.

Professor Li's face changed slightly when he heard this. He walked quickly to the safe, checked it carefully, and said in a deep voice: "It's Professor Wang's research notes!"

"Research notes?" Qin Yuan raised his eyebrows, "Could it be..."

Professor Li nodded, his face was terribly gloomy: "It seems that Professor Wang was kidnapped, and the kidnapper's target is his research notes!"

A cold light flashed in Qin Yuan's eyes. Those who dared to touch him were really tired of living!

"Professor Li, don't worry, I will definitely rescue Professor Wang and bring those kidnappers to justice!" Qin Yuan said in a deep voice, his tone full of murderous intent.

Professor Li looked at Qin Yuan in front of him, and a glimmer of hope suddenly rose in his heart. He knew that with Qin Yuan's help, Professor Wang would definitely be saved!

Chapter 2402 What do you want to do?

"Xiao Qin, please!" Professor Li said solemnly.

Qin Yuan nodded, turned around and walked out of the laboratory without saying anything else.

He knew that time was running out and he had to find the kidnappers as soon as possible and rescue Professor Wang!

He quickly came to the monitoring room of the institute, retrieved all the surveillance videos of the institute, and checked them carefully.

Surveillance video showed that two men in black sneaked into the research institute last night. They held Professor Wang hostage, forced him to open the safe, and took away his research notes.

Then, the two men in black took Professor Wang hostage and fled through the back door of the institute.

Qin Yuan looked at the two men in black in the surveillance video, with a cold light flashing in his eyes. These two guys dared to kidnap his mentor. They were really looking for death!

He memorized the physical features of the two men in black, then turned and walked out of the monitoring room.

He knew that since these two men in black dared to kidnap Professor Wang, they must be fully prepared. It might not be easy to find them.

But he will not give up. No matter what, he will find these two men in black and rescue Professor Wang!

Qin Yuan walked out of the research institute, took out his mobile phone and dialed a number.

"Hey, it's me, help me check two people..."

Qin Yuan hung up the phone, his eyes were cold, as if he could freeze the air around him. Dare to kidnap Professor Wang, I'm so tired of living! The two men in black in the surveillance video appeared in his mind, and with a sneer on his lips, he said to himself: "Just let me see who you are!"

He returned to the car, stepped on the accelerator, and the car sped out like an arrow, heading straight for the outskirts of the city.

According to the tip, the last place where the two men in black appeared was an abandoned chemical factory. This chemical factory has been abandoned for many years. It is surrounded by overgrown weeds and desolate. It is a good place for filth and evil.

Qin Yuan parked the car far away and sneaked into the chemical plant alone. Inside the factory, the machinery and equipment were rusty, and the air was filled with a pungent chemical smell that made people sick.

He moved forward cautiously, scanning the surroundings with sharp eyes, not missing any corner.

"Da da da..."

Suddenly, a slight sound of footsteps came from the front, which was particularly clear in the empty factory building.

Qin Yuan immediately stepped lightly and followed the sound and touched it.

He stopped at the door of a warehouse. Through the crack in the door, he could vaguely see two men in black standing inside, seemingly talking to each other.

"Brother, do you think that old guy can play any tricks?" One of the men in black asked with a worried tone.

"Hmph, what tricks can he play? His life is in our hands now. If he dares to play tricks, I will kill him with one shot!" Another man in black said in a fierce tone.

"But, are that old guy's research notes really that important? Is it worth taking such a big risk?"

"You know nothing! Let me tell you, once that old guy's research results are announced, the whole world will be shocked! By then, we will have whatever we want, and we will enjoy endless glory and wealth!"

"Really? Then we'll be rich!"

Hearing this, Qin Yuan already made a judgment in his mind. These two guys were really here for Professor Wang's research notes!

He took a deep breath and was about to rush in. Suddenly, the door of the warehouse was opened from the inside, and a man in black came out.

With quick eyes and quick hands, Qin Yuan covered the man's mouth and dragged him into the room next to him.

"Hmm..." The man in black struggled desperately, but couldn't make any sound.

Qin Yuan pushed him against the wall and asked coldly: "Tell me, where is Professor Wang?"

A trace of panic flashed in the eyes of the man in black, but he still said stubbornly: "I don't know what you are talking about!"

Qin Yuan sneered and exerted force on his hands, and the man in black suddenly let out a scream.

"I ask you again, where is Professor Wang?" Qin Yuan's voice sounded as cold as if it came from the Nine Nether Hell.

The man in black was sweating in pain, but still refused to let go: "I don't know..."

"The mouth is quite tough!" A cold light flashed in Qin Yuan's eyes, and he exerted force on his hand again. With a "click", the man in black's arm was violently broken off.

"Ah!" The man in black screamed like a slaughtering pig, and his face instantly turned pale.

"Last chance, where is Professor Wang?" Qin Yuan's voice was like the whisper of death, making people shudder.

The man in black finally collapsed and said with a cry: "I said, I said...in...in the factory behind..."

Qin Yuan threw him to the ground, turned around and walked towards the factory behind him.

In the warehouse, another man in black seemed to have heard the movement outside and was about to come out to check. Suddenly, the door of the warehouse was kicked open and Qin Yuan's figure appeared at the door.

"You..." Before the man in black could finish his words, he was punched by Qin Yuan and flew away. He hit the wall hard and passed out.

Qin Yuan ignored him and walked quickly to the depths of the factory. He saw Professor Wang tied to a pillar with a rag stuffed in his mouth, unable to move.

"Professor Wang!" Qin Yuan quickly ran over and untied the rope from Professor Wang's body.

"Xiao Qin? Why are you here?" Professor Wang's eyes were full of surprise when he saw Qin Yuan.

"Professor Wang, are you okay? Did they kidnap you?"

Professor Wang shook his head and was about to speak. Suddenly, his expression changed and he pushed Qin Yuan away.

"careful!"

"boom!"

There was a loud noise and the entire factory shook violently. .

"boom!"

The violent explosion was deafening, and Qin Yuan felt a wave of heat rushing towards his face, knocking him to the ground. Broken bricks, wood chips and glass fragments were flying everywhere, and the entire factory seemed to have turned into a dangerous building that could collapse at any time.

"Ahem..." Qin Yuan struggled to get up from the ground, feeling his head buzzing and his vision blurred. He shook his head, trying to see clearly what was going on around him.

"Professor Wang!" Qin Yuan shouted loudly, his voice full of anxiety. The explosion happened so suddenly that he had no time to react. He wondered how Professor Wang was doing now.

"Ahem...I'm here..." A weak voice came from a pile of ruins.

Qin Yuan felt happy and quickly ran over following the sound and moved away the heavy bricks.

"Professor Wang, are you okay?" Qin Yuan asked anxiously, while carefully helping Professor Wang out of the rubble.

Professor Wang's face was pale, and there was still a trace of blood on the corner of his mouth. He was obviously injured in the explosion. He waved his hand to indicate that he was fine, then looked at Qin Yuan with stern eyes, and said in a deep voice: "Xiao Qin, my research notes... quickly, go to the laboratory..."

"But your injury..."

"Leave me alone, go quickly!" Professor Wang interrupted Qin Yuan's words, his tone was urgent, "Those notes...can't fall into their hands..."

Qin Yuan knew that the matter was urgent and did not dare to delay. He turned and ran towards the direction of the laboratory.

The laboratory is located on the other side of the factory building. Fortunately, the explosion did not affect this side. Qin Yuan rushed into the laboratory and saw a black leather suitcase on the table.

He walked over quickly and was about to reach out for it when suddenly, a sneer came from behind: "Boy, are you looking for this?"

Qin Yuan turned around suddenly and saw a man in a black suit standing at the door, holding a pistol in his hand, and the black muzzle was pointed at him.

"Who are you?" Qin Yuan narrowed his eyes and asked coldly.

"Haha, you don't need to know who I am." The man sneered, "As long as you know, you are dead today!"

"Only you?" Qin Yuan's eyes flashed with disdain, "Are you worthy?"

"Boy, you are so crazy!" The man's face darkened, and a trace of anger flashed in his eyes, "But you will stop laughing soon!"

As he spoke, he raised his pistol and pulled the trigger without hesitation.

"Bang!"

There was a gunshot, and bullets shot towards Qin Yuan like lightning...

"Bang!"

The bullet roared towards him with the breath of death. Qin Yuan's pupils shrank suddenly, and his body instinctively wanted to avoid it, but it was already too late.

"It's over..." This was the last thought that flashed through Qin Yuan's mind.

However, the expected severe pain did not come. He slowly opened his eyes and found that he was standing unscathed.

"What happened?" Qin Yuan was a little unbelievable. He clearly felt the bullet flying past his ear, and he could even feel the burning sensation when the bullet cut through the air. But why...

He looked down and saw that a thin golden mask had appeared on his chest. There was still a trace of ripples on the mask after being hit by a bullet.

"What... is this?" Qin Yuan's heart was full of doubts. He reached out and touched the light shield. His hand felt cold, as if he was touching an indestructible piece of metal.

"Haha, it seems you still have a few moments to dodge my bullets." When the man in black saw this scene, a trace of surprise flashed in his eyes, but then he returned to his sneer, "But, you think you can escape like this?" A disaster? So naive!"

As he spoke, he raised his pistol again and fired several shots at Qin Yuan.

"Bang! Bang! Bang!"

The sound of gunfire echoed in the silent laboratory, and bullets shot towards Qin Yuan like raindrops. However, these bullets were blocked by the golden light shield without exception, and none of them could break through its defense.

"This..." The man in black was completely dumbfounded. This was the first time he had seen such a strange thing. What kind of evil thing was this?

Qin Yuan was also a little confused. He didn't know what this golden light shield was or where it came from, but he knew that this thing was definitely not simple.

"Whatever it is, get rid of this guy first!" A cold light flashed in Qin Yuan's eyes. He was not the kind of person to sit back and wait for death.

He rushed forward in one stride, as fast as lightning. Before the man in black could even react, he was punched away by Qin Yuan.

"Bang!"

The man in black slammed into the wall, let out a scream, and dropped the pistol in his hand to the ground.

"Ahem..." The man in black struggled to get up, but Qin Yuan was already approaching step by step, with cold murderous intent flashing in his eyes.

"You...what do you want to do?" A trace of fear flashed in the eyes of the man in black, and he realized that he had kicked an iron plate.

"What do I want to do?" Qin Yuan sneered, "What do you think?"

"You... don't mess around!" The man in black shouted in horror, "I am..."

"Bang!"

Qin Yuan stepped on the chest of the man in black and interrupted his words.

"You have no right to speak in front of me!" Qin Yuan said coldly, "Now, tell me, who sent you here?"

"I...I can't say..." The man in black looked pale and his eyes were full of struggle.

"Don't tell me?" A cold light flashed in Qin Yuan's eyes, and the strength under his feet became a little stronger, "Then don't blame me for being rude!"

"Ah!" The man in black let out a shrill scream, feeling as if his sternum was about to be broken.

"I say! I say!" The man in black could no longer bear the pain and quickly begged for mercy, "It's... it's the Zhao family..."

"Zhao family?" Qin Yuan frowned slightly, as if he had heard this name somewhere.

"Yes...yes...it's the eldest son of the Zhao family, Zhao Tianyu..." the man in black said intermittently, "He...he asked me to snatch Professor Wang's research notes..."

"Zhao Tianyu..." A cold light flashed in Qin Yuan's eyes, it turned out to be him!

He finally remembered Zhao Tianyu, the eldest son of the Zhao family, a playboy who relied on family power to do evil.

"Very good, I understand." Qin Yuan said coldly, and then...

He suddenly raised his foot and crushed the heart of the man in black...

"Zhao family? Zhao Tianyu?" Qin Yuan repeated these two names. There was no emotion or anger in his tone, but there was a chilling sense of oppression surrounding him. The man in black lay on the ground, like a squashed cockroach, trembling and afraid to breathe.

"It seems that the Zhao family feels that their life is too comfortable." Qin Yuan said to himself, his tone as cold as if he came from the Nine Nether Hell. He slowly knelt down and gently tapped the man in black's cheek with his long fingers, one after another, as if beating the drum of death.

"You, what do you want to do?" The man in black was terrified, his voice trembling like leaves falling in the wind.

The corner of Qin Yuan's mouth curled up in a cold arc, and his eyes were as sharp as a knife: "I hate being threatened and taken advantage of."

He paused and said in a serious tone: "Tell me, what should I do with you?"

The man in black was so frightened that he felt a warmth coming from his crotch, which made him pee in fear. He knelt down desperately and begged for mercy: "Spare my life! Spare my life! I just use money to do things, I can't help myself!"

"You can't help yourself?" Qin Yuan sneered, stood up, and looked at him condescendingly, as if looking at an ant, "You have the nerve to say you can't help yourself? You point a gun at other people's heads and threaten them. When it comes to life, why don't you say you can't help yourself?"

His tone was cold and ruthless: "A scum like you is a waste of air!"

Before he finished speaking, Qin Yuan suddenly raised his foot and stepped on it hard.

"Crack!"

The sound of broken bones was particularly harsh in the silent laboratory. The man in black let out a shrill scream, and then fell silent.

Qin Yuan didn't even look at him, turned around and walked towards Professor Wang. At this time, Professor Wang was so frightened that he collapsed on the ground, his face was as pale as paper, his lips were trembling, but he could not say a word.

Seeing Qin Yuan approaching, Professor Wang's eyes flashed with fear, and he subconsciously stepped back, but Qin Yuan grabbed his collar and lifted him up.

Chapter 2403 Don't be careless

"You, what do you want to do?" Professor Wang's voice trembled, and his eyes looked at Qin Yuan in horror, as if he was a demon from hell.

Qin Yuan did not speak, but looked at him coldly, his eyes as sharp as blades, as if they could pierce his soul.

Professor Wang was so frightened by Qin Yuan's sight that cold sweat kept flowing down his forehead. He opened his mouth, wanting to say something, but found that his throat was dry and nothing could come out.

"Let me ask you, where are your research notes?" Qin Yuan finally spoke, his voice low and cold.

"Yes, it's in the safe in my office." Professor Wang didn't dare to hide it and said quickly.

"take me."

Qin Yuan carried Professor Wang like a little chicken and walked straight to his office. Professor Wang's legs and feet were weak and he staggered along the way. He almost fell down several times, but was roughly lifted up by Qin Yuan.

"Where is the safe?" Qin Yuan kicked open the office door, threw Professor Wang to the ground, and asked coldly.

Professor Wang fell all over and his glasses fell to the ground, and his vision was blurred. He fumbled for his glasses in a panic and said shakily: "Behind the desk..."

Qin Yuan walked over and opened the desk, revealing the safe embedded in the wall behind it.

"password."

"3...3417..." Professor Wang said tremblingly.

Qin Yuan quickly turned the combination lock and heard a "click" sound, and the safe door opened.

Inside lay a black notebook with no markings on the cover.

Qin Yuan picked up the notebook and flipped through it. It was densely filled with various formulas and symbols, and he couldn't understand any of them.

"What is this?" Qin Yuan asked.

"This... these are my research notes..." Professor Wang lowered his head, not daring to look into Qin Yuan's eyes.

"Study what?"

"A...a new type of energy..."

"New energy?" Qin Yuan raised his eyebrows, a hint of interest flashed in his eyes, "What new energy?"

Professor Wang hesitated and couldn't say a complete sentence for a long time.

Qin Yuan threw the notebook on the table impatiently, grabbed Professor Wang's neck, and lifted him up.

"I ask you again, what exactly are you studying?!" Qin Yuan's eyes were so cold that they seemed to freeze people to death.

Professor Wang felt difficulty breathing, his face turned red, and he scratched Qin Yuan's arm feebly with both hands, but it was like scratching an itch, with no effect.

"I said... I said..." Professor Wang said with difficulty, "What I am studying is... is..."

At this moment, the office door was suddenly kicked open from the outside.

A tall man wearing a black suit and sunglasses walked in, followed by several similarly dressed bodyguards.

"Stop!" Nanren shouted, his voice loud and loud, making people's ears buzz.

Qin Yuan turned his head to look at the visitor, frowning slightly.

"Who are you?"

The man did not answer Qin Yuan's question, but walked straight to Professor Wang and asked respectfully: "Professor Wang, are you okay?"

When Professor Wang saw the person coming, he immediately seemed to be grasping at straws and shouted quickly: "Mr. Zhao, help me! Help me!"

Mr. Zhao?

A cold light flashed in Qin Yuan's eyes, he turned out to be from the Zhao family!

Mr. Zhao helped Professor Wang up and patted the dust on his body gently, but his eyes were filled with arrogance, as if Qin Yuan was some insignificant insect. He adjusted the cuffs of his suit slowly, then glanced at Qin Yuan like a charity, and snorted with his nostrils: "Who are you? You dare to interfere with our Zhao family's affairs?"

The bodyguards immediately surrounded him, staring at Qin Yuan fiercely, as if they were ready to pounce on him and tear him into pieces at any time.

Qin Yuan smiled coldly, Zhao family? He hasn't taken it seriously yet!

"So what about the Zhao family? In my eyes, you are no different from ants." Qin Yuan's tone was calm, but with a chilling murderous aura.

"How dare you!" Mr. Zhao was furious, "Do you know who you are talking to? How dare you disrespect the Zhao family!"

"I don't care who you are," Qin Yuan waved his hand impatiently, "If you are sensible, get out of here and don't bother me here."

"You..." Mr. Zhao's face turned livid with anger, and his fingers pointing at Qin Yuan were trembling, "Okay, okay, okay! Boy, you have the guts! Just wait for me, I will definitely make you regret what you did today. Everything!"

"I'm waiting." The corners of Qin Yuan's mouth curled up with a cold arc, and a cold light flashed in his eyes.

Seeing that Qin Yuan refused to accept the offer, Mr. Zhao knew that he would not be able to get anything from him today, so he had no choice but to say harsh words and left with the bodyguards in despair.

When Professor Wang saw this, his face suddenly turned pale. He knew that he was doomed today.

Qin Yuan walked up to Professor Wang and looked at him condescendingly, his eyes as sharp as an eagle, which made Professor Wang feel terrified.

"Now, can you tell me what you are studying?" Qin Yuan's voice was low and dangerous.

Professor Wang raised his head tremblingly and looked at Qin Yuan's expressionless face. A chill went straight from the soles of his feet to the sky. He knew that if he didn't tell the truth, the man in front of him would never mind letting him taste life worse than death.

"I...I am researching a...a...potion that can control people's hearts..." Professor Wang's voice trembled and he said intermittently.

"A potion to control people's hearts?" Qin Yuan raised his eyebrows, a trace of surprise flashing in his eyes.

"Yes...yes." Professor Wang nodded quickly, "This medicine can...can make people lose their self-awareness and turn...into a puppet that only obeys orders..."

"You mean, you can use this potion to control anyone?" Qin Yuan's tone was filled with disbelief.

"Theoretically... it's like this..." Professor Wang said cautiously, "However, this medicine has... not yet been successfully developed..."

"It hasn't been successfully developed yet?" Qin Yuan sneered, "Then why did you bring me here?"

"I...I..." Professor Wang was so frightened that he could not speak incoherently, "I need...need your help..."

"My help?" Qin Yuan seemed to have heard some funny joke, "Why should I help you?"

"Because... because..." Professor Wang gritted his teeth, as if he had made up his mind, "Because I know... I know a secret..."

"What secret?"

Professor Wang took a deep breath, looked into Qin Yuan's eyes, and said word by word: "I know... who you are..."

Qin Yuan's pupils suddenly shrank, and a cold killing intent instantly filled the air...

Qin Yuan's body was filled with murderous aura, like an enraged beast. Professor Wang was so oppressed by this momentum that he could hardly breathe. He was trembling, but he did not dare to hide anything.

"I...I know you are coming from the 'door'..." Professor Wang spat out these words with difficulty, as if he had exhausted all his strength.

"Door?" Qin Yuan frowned even more tightly. This word was completely unfamiliar to him, but he could feel that there must be a huge secret hidden in it, a secret that was closely related to him.

"Yes, 'door'..." Professor Wang seemed to have grasped the last straw and spoke faster, "That door connects different worlds. You are from another world, right? ?"

Qin Yuan did not speak, but stared at Professor Wang, his eyes so sharp that they seemed to be able to penetrate his soul.

Professor Wang felt terrified at the sight, but he still had the courage to continue: "The potion I studied is the key to opening that 'door'! As long as I have it, I can control the power from another world." , you can..."

Before Professor Wang finished speaking, he was interrupted impatiently by Qin Yuan: "Tell me the important point."

Professor Wang was stunned for a moment, then realized that he had said too much, and quickly changed his words: "I know how to get you back! I know how to get you back to your original world!"

Qin Yuan was shocked. Returning to the original world? This thought was like a bolt of lightning, instantly splitting the hard barrier in his heart.

Ever since he came to this world, he has always been like a lonely ghost with no past and no memory, wandering in this bizarre world. He didn't know who he was, where he came from, and where he was going. He only knew that he had to complete a task - a task that he didn't even know what it was.

Now, Professor Wang's words were like a beam of light in the darkness, giving him hope of going back and finding himself.

"How do you prove that what you say is true?" Qin Yuan's voice was low and hoarse, but he could not hide the urgency in his tone.

The white light dissipated, and Qin Yuan found himself in a completely unfamiliar place.

This is a huge metal room, with walls covered with dense circuits and instruments and flashing lights of various colors. In the center of the room, there stood a huge metal ring, emitting a faint blue light, like a sleeping giant.

"What is this place?" Qin Yuan looked around and frowned.

"Welcome to the control room of the Gate." An old and hoarse voice came from behind Qin Yuan.

Qin Yuan turned around suddenly and found Professor Wang standing behind him with a strange smile on his face.

"You..." A trace of murderous intent flashed in Qin Yuan's eyes, but he quickly suppressed it. He is now in an unfamiliar environment and should not act rashly.

"Don't be nervous, Qin Yuan." Professor Wang seemed to see through Qin Yuan's thoughts and said slowly, "I know you have many questions, but now, you need to do me a favor first."

"Help you?" Qin Yuan sneered, "You brought me here just to let me help you?"

"To be precise, it's cooperation." Professor Wang walked to the metal ring and gently stroked the cold metal surface, "I want to open the 'door' and go to another world, and you need to help me stabilize the 'door' energy."

"Another world?" Qin Yuan's heart moved. Is this the world that Professor Wang said he could go back to?

"Yes, a world full of infinite possibilities." Professor Wang's eyes flashed with enthusiasm, "There, I can gain supreme power and become a true god!"

Qin Yuan sneered in his heart, this Professor Wang is indeed a madman!

"Why should I help you?" Qin Yuan said coldly, "Why should I trust you?"

Professor Wang turned around with a sinister smile on his face: "Just because you have no choice!"

As soon as he finished speaking, Professor Wang pressed a button.

boom!

The metal ring burst out with dazzling light instantly, and a powerful energy wave centered on the ring and quickly spread to the surroundings.

Qin Yuan was caught off guard and was knocked back several steps by this energy wave. He stabilized his body and looked up at the metal ring. He saw that the space in the center of the ring began to twist and deform, forming a swirling black hole.

"Hahaha, it's open! The 'door' is finally open!" Professor Wang looked like he was crazy, shouting excitedly.

At this moment, a sudden change occurred!

A huge sharp claw suddenly stretched out from the black hole and slapped Professor Wang hard.

"Ah!" Professor Wang screamed, his whole body was sent flying, hit the wall heavily, and then slid to the ground weakly.

Qin Yuan's pupils suddenly shrank, and he saw a huge monster slowly walking out of the black hole.

The monster was more than three meters tall, covered with black scales and shining with a metallic sheen. It has a ferocious dragon head, and two blood-red eyes exuding bloodthirsty light. Sharp fangs protruded from the mouth, dripping with goo.

"What kind of monster is this?!" Qin Yuan's heart stirred up a storm.

The monster's eyes glanced around and finally landed on Qin Yuan, with a cruel smile on his lips.

"Human, you will be my first sacrifice when I come to this world!"

Qin Yuan stood on the spot, looking coldly at the behemoth in front of him, without any fear in his heart, but instead felt a sense of excitement. He hasn't encountered such a powerful opponent for a long time.

"You alone want to be my sacrifice?" Qin Yuan's lips curled up with a hint of disdain, "It's simply an idiot's dream!"

"Arrogant human being!" The monster roared and rushed towards Qin Yuan. Its huge body had a speed that was incompatible with it. It was as fast as lightning and rushed to Qin Yuan in the blink of an eye.

Qin Yuan was well prepared and easily dodged the monster's attack in a flash.

"The speed is too slow." Qin Yuan appeared behind the monster and said lightly.

The monster missed the target and became furious. He turned around and slapped Qin Yuan with his claws.

Qin Yuan was calm and easily dodged again.

"The strength is not that good either." Qin Yuan shook his head and commented.

The monster failed to attack twice in succession and was completely enraged. It looked up to the sky and roared angrily, all the scales on its body stood up, emitting a cold light.

"Stupid human being, I will tear you to pieces!"

The monster roared and attacked Qin Yuan again. This time, its attack is no longer simple brute force, but brings powerful energy fluctuations.

When Qin Yuan saw this, he didn't dare to be careless. He quickly circulated his true energy and punched him.

boom!

There was a loud noise, and Qin Yuan and the monster were knocked back several steps at the same time.

"It's interesting." Qin Yuan shook his slightly numb fist, a glint of excitement flashed in his eyes.

"You can actually take my attack?" A trace of surprise flashed in the monster's eyes, but it was quickly replaced by stronger anger, "But this is just the beginning!"

The monster roared angrily and rushed towards Qin Yuan again. This time, it's faster, more powerful, and its attacks are more powerful. (End of chapter)

Chapter 2404 No Choice

Qin Yuan did not dare to neglect it, and immediately cheered up and responded with full concentration.

A man and a beast, in this metal room, launched a shocking battle.

Professor Wang lay on the ground, looking at the incredible scene in front of him, his eyes full of fear and despair. He never thought that the "door" he had spent countless efforts to open would actually release such a terrifying monster!

What made him even more desperate was that Qin Yuan, whom he originally thought he could control, actually possessed such a powerful force!

"This... How is this possible..." Professor Wang muttered to himself, his eyes full of disbelief.

At this moment, the battle between Qin Yuan and the monster also entered a white-hot stage.

"Die!" The monster roared, opened its bloody mouth, and a black energy beam gushed out of its mouth, shooting straight at Qin Yuan.

Qin Yuan's face changed, and he quickly dodged.

Boom!

The black beam flew past Qin Yuan's body and blasted a huge hole in the metal wall.

"What a strong attack!" Qin Yuan was shocked. The monster was much stronger than he thought!

"Human, you can't escape!" The monster laughed triumphantly and spurted out a black beam of light again.

Qin Yuan dodged quickly, but the beam seemed to have eyes and chased after him.

Boom! Boom! Boom!

A series of explosions sounded, and the walls of the metal room were blasted into pieces and were crumbling.

Qin Yuan dodged the monster's attack while looking for an opportunity to counterattack.

Suddenly, his eyes lit up and he saw the metal ring behind the monster.

"Now!"

Qin Yuan's eyes flashed with a gleam of light, and he moved his body. He rushed behind the monster in an instant and punched the metal ring.

Boom!

With a loud noise that shook the earth, the metal ring suddenly burst into a dazzling light, and a strong suction force gushed out of the ring, enveloping the monster.

"No!"

The monster roared in despair, and its huge body was sucked into the metal ring uncontrollably.

"Wait, this ring is..." Qin Yuan suddenly realized something, and his face changed drastically.

Qin Yuan's face turned pale. This metal ring was not a starter at all, it was clearly a switch to start the portal! And his actions just now undoubtedly teleported this terrifying monster to an unknown place!

"Damn it!" Qin Yuan cursed inwardly and punched the metal wall. The hard metal plate suddenly sank, making a tooth-grinding twisting sound.

"Professor! What the hell is going on!" Qin Yuan angrily walked towards Professor Wang, who was lying on the ground like a frightened bird.

Professor Wang was frightened by Qin Yuan's sudden anger. He pointed at the metal ring tremblingly and said incoherently: "I... I don't know... I only know... it can open the 'door'... connect to another world..."

"Another world?" Qin Yuan frowned, his eyes flashing coldly, "Speak clearly!"

"I... I have studied for a long time... and found a special energy fluctuation..." Professor Wang's voice became smaller and smaller, like a mosquito buzzing, "This fluctuation... can distort time and space... open the 'door' to another world..."

"So, you let the monster out of the 'door'?" Qin Yuan's tone was cold, as if it came from the cold wind of the Nine Nether Hell, which made Professor Wang shiver.

"I... I thought I could control it..." Professor Wang's voice was as thin as a thread. He didn't dare to look into Qin Yuan's eyes, because he saw the burning anger and deep disappointment in those eyes.

"Control? What can you control!" Qin Yuan laughed in anger, "Relying on your pitiful knowledge? Relying on your ridiculous ambition?"

"I..." Professor Wang was speechless. He collapsed on the ground powerlessly, like a mollusk with its spine removed.

Qin Yuan took a deep breath and tried to suppress the anger in his heart. He knew that now was not the time to pursue responsibility. The most urgent task was to find out where the monster was teleported to and how to stop it.

"Tell me, what is that world like? What is the origin of that monster?" Qin Yuan's voice was low and hoarse, like the calm before the storm.

Professor Wang shrank back and trembled, "I don't know what that world is like... I only know... it's a world full of chaos and killing..."

He paused, as if recalling some horrible scene, his face became even paler: "That monster... is the overlord of that world... It has the power to destroy the world..."

"Destroy the world?" Qin Yuan sneered, "I think it's just that."

Professor Wang raised his head in horror, looking at the man in front of him who seemed like a god, his eyes full of disbelief.

Qin Yuan ignored Professor Wang's shock, he walked to the metal ring and carefully observed the lines and symbols on it. These lines and symbols look ancient and mysterious, like some unknown text, and like some mysterious totem.

"Professor, do you know what these lines and symbols represent?" Qin Yuan pointed to the pattern on the metal ring and asked.

Professor Wang suppressed the fear in his heart, tremblingly walked to Qin Yuan's side, and carefully identified the patterns.

"This... this seems to be... some kind of spatial coordinates..." Professor Wang's voice trembled a little, "Could it be... could it be that this ring can not only open the 'door', but also select the destination for teleportation?"

Qin Yuan raised his eyebrows, and a gleam flashed in his eyes. If that's the case, then things will become interesting.

"Can you crack these coordinates?" Qin Yuan asked.

"I... I'll try..." Professor Wang wiped the cold sweat from his forehead and began to study the patterns nervously.

Qin Yuan waited patiently. He believed that as long as he could crack these coordinates, he could find the monster and completely destroy it!

Suddenly, the lights in the room flickered, a shrill alarm sounded, and a red warning light lit up on the metal wall.

"What's going on?" Professor Wang asked in panic.

"Someone is coming." Qin Yuan's eyes flashed with cold light, and he keenly caught the messy footsteps coming from the corridor.

"It's... those people..." Professor Wang's face was pale, and he certainly knew who "those people" were. They are the controllers behind this secret base, a group of lunatics who will do anything to achieve their goals!

"It seems that we have other 'guests' to entertain..." Qin Yuan raised a cold smile at the corner of his mouth, and a dangerous light flashed in his eyes.

The footsteps in the corridor were getting closer and closer, accompanied by a burst of rough curses and the clanging of metal. Professor Wang was so scared that his face turned pale, his legs were weak, and he almost collapsed to the ground. Qin Yuan was quick-witted and quick-handed. He held him and threw him to the corner like a chicken.

"Stay still and don't get in the way." Qin Yuan said coldly and turned to face the metal door.

With a loud "bang", the door was knocked open by a huge force, and more than a dozen fully armed soldiers rushed in, with the black muzzles of their guns pointed at Qin Yuan. The leading man was burly, with a face full of flesh, and a hideous scar on his left eye, making him look even more fierce.

"Qin Yuan, you finally show up! Do you know what good things you have done?!" The scarred man roared with gritted teeth, wishing to eat Qin Yuan alive.

Qin Yuan smiled contemptuously: "Who did I think it was? It turned out to be Zhao Fenggou. Why, your master didn't come, so you sent this dog to bite people?"

"You are looking for death!" Zhao Fenggou was furious and raised his gun to shoot.

"Stop!" A majestic voice came from outside the door, and the crowd automatically parted. A middle-aged man in a black suit and meticulously combed hair walked in. He was thin, wearing a pair of gold-rimmed glasses, with a warm smile on his face, but his eyes were as cold as a venomous snake.

"Captain Qin, long time no see." The middle-aged man walked up to Qin Yuan and said with a fake smile.

"Stop talking nonsense, Wang Xingguo, what on earth do you want to do by arresting me?" Qin Yuan looked coldly at his former boss in front of him, without a trace of respect in his eyes.

Wang Xingguo pushed his glasses and said slowly: "Captain Qin, you misunderstood. How could I arrest you? I just want to ask you for a favor."

"Help? Are you qualified?" Qin Yuan snorted disdainfully.

"I know you are angry about us sending monsters to another world," Wang Xingguo was not angry at all, and still maintained a hypocritical smile, "but there is nothing we can do about it. We must find a way out for mankind."

"A way out? I think you are crazy! Sending a monster that can destroy the world to another world can solve the problem? Have you ever thought about what consequences will be caused if the monster loses control in that world?!" Qin Yuan roared.

Wang Xingguo was silent for a moment, and then slowly said: "So, we need you to get rid of the monster."

"What did you say?" Qin Yuan suspected that he had heard it wrong.

"I know this is very difficult for you," Wang Xingguo sighed, "but, except for you, no one can stop that monster. Qin Yuan, you are our last hope."

Qin Yuan looked at the hypocritical man in front of him, and suddenly a sense of absurdity surged in his heart. He originally thought that he would be imprisoned by these people, tortured by them, and even killed by them. But he never expected that they would let him solve the trouble they had caused.

"Why should I believe you?" Qin Yuan asked coldly.

"Just for this." Wang Xingguo clapped his hands, and two soldiers came in with a woman covered in blood and dying.

"Xiao Ya?!" Qin Yuan's pupils suddenly contracted, and his eyes were full of shock and anger.

Qin Yuan looked at the scene in front of him in disbelief, and his anger rolled in his chest like magma. The woman who was thrown on the ground by the soldiers like a rag doll was his long-lost sister, Qin Ya.

"You beasts, what did you do to her?!" Qin Yuan roared, broke free from his restraints, and pounced on Wang Xingguo like an angry lion.

"Bang!"

With a gunshot, Qin Yuan's movements stopped abruptly. He looked down at his chest in disbelief, and a shocking blood flower was blooming rapidly.

Wang Xingguo slowly took out a handkerchief from his suit pocket and wiped the exquisite gold-plated pistol in his hand. There was no fluctuation in his eyes, as if he had just done something insignificant.

"Captain Qin, you are still so impulsive." He chuckled and said, "I said it before, I came here to ask for your help today, not to arrest you."

Qin Yuan groaned, knelt on one knee, and blood continued to flow through his fingers. But he didn't care, staring at Wang Xingguo with his eyes, and asked word by word: "What do you want to do?"

"It's very simple. I want you to go to another world for us and kill that monster." Wang Xingguo pointed at Qin Ya, "In exchange, I will ensure her safety."

"You're dreaming!" Qin Yuan said through gritted teeth, "Why should I believe you? A scum like you is not worthy of negotiating terms!"

Wang Xingguo smiled, as if he had expected Qin Yuan to say this. He waved his hand and signaled the soldiers to drag Qin Ya in front of him.

"Xiaoya!" Qin Yuan's eyes were splitting, and he wanted to rush over, but was pinned to the ground by two soldiers.

"Brother..." Qin Ya murmured weakly, her face full of pain and despair. Her body was covered with scars and she had obviously suffered inhuman torture.

"Captain Qin, you see clearly, your good sister is in my hands now." Wang Xingguo knelt down, pinched Qin Ya's chin, and forced her to raise her head, his eyes full of teasing and cruelty, "If you be obedient Be obedient, and I guarantee that she will survive. But if you dare to refuse me, then I can only guarantee that her fate will be ten times worse than now!"

Qin Yuan gritted his teeth, clenched his fists loudly, his nails dug deeply into his flesh, and blood dripped down his fingers. He knew that he had no choice.

"Okay, I promise you." Qin Yuan said with difficulty, every word seemed to be squeezed out from between his teeth.

Wang Xingguo smiled with satisfaction and patted Qin Yuan's cheek, as if admiring a plaything. "That's right, Captain Qin, those who know the current affairs are heroes."

He stood up and looked at Qin Yuan condescendingly, his eyes full of contempt and ridicule. "Remember what you said, Captain Qin, I hope you can keep your word. Otherwise..."

He paused deliberately, then stepped on Qin Ya's finger, and the sound of broken bones was clearly audible.

"Ah!" Qin Ya let out a shrill scream, big beads of sweat rolled down her forehead, and her face instantly became as pale as paper.

"You!" Qin Yuan's eyes were about to burst, and he wished he could tear Wang Xingguo into pieces.

"Captain Qin, you'd better pray that you're fast enough, otherwise..." Wang Xingguo sneered, then turned and left, leaving only a cold voice echoing in the air, "Your good sister, just... haha ..."

Qin Yuan felt that his dignity had been severely stepped into the soil. This Wang Xingguo is simply a complete lunatic! He actually threatened himself with Qin Ya's life and asked himself to die!

"Don't worry, I won't let you die." Wang Xingguo seemed to have seen through Qin Yuan's thoughts, with a sinister smile on his face, "I will prepare you with the best equipment and the top medical team to ensure that you can Come back alive... of course, provided you can complete the mission."

Chapter 2405 I'm fine now

He paused and added: "Oh, by the way, I will also prepare a 'surprise' for you. I hope you will like it."

After saying that, he ignored Qin Yuan, turned around and left the room, leaving Qin Yuan alone, like a trapped animal.

"Brother..." Qin Ya's weak voice pulled Qin Yuan back from his anger and despair. Only then did he realize that his sister's fingers had been stepped on by Wang Xingguo until they were bloody and bloody, and all the white bones were exposed.

"Xiaoya, how are you?" Qin Yuan suppressed the anger in his heart, gently held Qin Ya's hand, and asked with a trembling voice.

"Brother, don't promise him..." Qin Ya said weakly, her voice broken, "He is a devil... He will kill you..."

"Stop talking, Xiaoya, don't worry, I will definitely rescue you." Qin Yuan endured the grief in his heart and comforted him softly. He knew that now was not the time to be sad. He had to calm down and find a way to escape and rescue Qin Ya.

Wang Xingguo kept his word. The next day, he sent someone to deliver a set of equipment, including a black combat uniform, a strange-shaped alloy dagger, and a black metal bracelet.

"What is this?" Qin Yuan picked up the bracelet and asked doubtfully.

"This is the latest space transmission device that can transport you to another world." Wang Xingguo's staff explained, "Of course, it also has the function of monitoring your location and vital signs. Therefore, I advise you to It's better not to play any tricks."

Qin Yuan glanced at him coldly, said nothing, and silently put the bracelet on his wrist. He knew that he had no choice now and could only take one step at a time.

"Very good." Wang Xingguo's men nodded with satisfaction, "Are you ready? Captain Qin, our teleportation device is ready."

Qin Yuan took a deep breath and glanced at Qin Ya, who was lying unconscious on the bed, and his eyes gradually became firm.

"Wait!" At this moment, a voice suddenly sounded, and a man in a white coat and gold-rimmed glasses walked in, holding a syringe in his hand.

"Doctor, why are you here?" Wang Xingguo's men asked respectfully.

"Let me see if our 'secret weapon' is ready." The man pushed up his glasses, his eyes fell on Qin Yuan, and the corner of his mouth raised a strange arc.

"'Secret weapon'? What do you mean?" Qin Yuan suddenly felt an ominous premonition in his heart.

"It's not interesting, I just want you to become stronger." The man said, then walked up to Qin Yuan with the syringe, "Come on, Captain Qin, let's get started."

Before Qin Yuan could react, the man injected the liquid in the syringe into his body.

"Ah!" Qin Yuan suddenly felt a sharp pain coming from his blood vessels, as if countless needles were pricking his bones, and he couldn't help but scream.

"Hahaha, Captain Qin, enjoy it. This is the 'gift' I carefully prepared for you!" The man looked at Qin Yuan's painful look, with morbid excitement on his face.

"You...what did you inject me with?" Qin Yuan asked through gritted teeth, his voice hoarse horribly.

"Haha, it's just a gadget." The man smiled mysteriously, "It will stimulate the potential in your body and make you ten times, no, a hundred times stronger than you are now! Of course, there are side effects, that is... .."

His voice suddenly lowered, he leaned close to Qin Yuan's ear, and said in a voice that only two people could hear: "You will become a monster who only knows how to kill!"

Qin Yuan felt that his blood was boiling like lava, and the severe pain made his eyes go black. He gritted his teeth to prevent himself from making any sound, but his body was shaking uncontrollably.

"Don't worry, Captain Qin, this is just the beginning." The man smiled sinisterly, with a crazy light flashing in his eyes, "Soon, you will experience what real power is!"

He clapped his hands, and two strong men in protective clothing walked in, held Qin Yuan up and walked out. Qin Yuan struggled a few times, but found that his strength seemed to have been drained away, and he was unable to resist at all.

"Let me go! Where are you taking me?!" Qin Yuan roared, his voice as hoarse as sandpaper.

"I'll take you to a... very special place." The man slowly put on a pair of rubber gloves and said with a smile, "There, you will become our most perfect weapon."

Qin Yuan was taken to a dark and damp underground laboratory. The pungent smell of disinfectant and blood mixed together made his stomach churn. He was thrown roughly onto a cold metal table and his limbs were firmly fixed.

"Doctor, is the 'Scavenger' plan really going to be launched?" Wang Xingguo's voice came from the side, with a subtle tremor.

"Of course, I can't wait to see the results." The man called "Doctor" rubbed his hands excitedly, "Qin Yuan is a rare soldier king in a century. His physical fitness and fighting skills are top-notch. . I believe that after my transformation, he will become the most powerful warrior in the world!"

"But...he is a human being after all..."...Wang Xingguo wanted to say something more, but was interrupted impatiently by the doctor.

"Human? Humph, he is no longer qualified to be called a human! He will become a killing machine that only knows how to obey orders!" The doctor said, picking up a scalpel, shining coldly under the light, "Start injecting 'evolution' Agent'!"

With the doctor's order, a huge needle pierced Qin Yuan's blood vessels. The cold liquid quickly flowed through his body, bringing waves of heart-wrenching pain. Qin Yuan felt

as if his bones were broken and then reassembled. His muscles and nerves were stretched to the limit, and his consciousness gradually blurred...

"Roar!" A beast-like roar echoed in the laboratory, shaking the lights on the ceiling violently.

"Success! Hahaha, he awakened!" The doctor laughed wildly, his eyes full of crazy joy.

Qin Yuan on the metal stage has completely lost his human appearance. His muscles have swelled, his skin has turned blue-gray, hard scales have grown on his face, his ten fingers have become sharp claws, his mouth has fangs, and his eyes are flashing with beast-like fierceness.

"Kill! Kill! Kill!" Qin Yuan roared, his voice full of tyranny and desire for killing. He struggled frantically, trying to break free.

"Quick! Start the suppression device!" Seeing this, the doctor's face suddenly changed, and he hurriedly ordered.

However, it was too late. Qin Yuan struggled violently, and the metal ring on his wrist broke. He roared, grabbed the doctor in front of him, and lifted him up high.

"What are you going to do..." The doctor widened his eyes in horror and asked with a trembling voice.

"Kill... you..." Qin Yuan said word by word, his voice like a demon from hell.

"No——!"

"No——!" The doctor's terrified shouting stopped abruptly, but it was not because he was crushed to death.

"Bang!" With a loud bang, the door of the laboratory was knocked open by a brute force, and a tall figure stood at the door. His face could not be seen against the light, and only a pair of sharp eyes flashed cold light in the dark.

"Wang Xingguo! Are you crazy!?" The doctor escaped from Qin Yuan's hands, tidying up his messy collar in shock, and shouted at the figure at the door, "Who let you in!?"

"Doctor, you've gone too far!" Wang Xingguo ignored the doctor's questioning, he walked straight to the metal table, looked at Qin Yuan who had been completely disfigured, and a trace of pity flashed in his eyes, "He is a human, not your experimental subject!"

"Human? Humph, he is just a monster now!" The doctor snorted disdainfully, pointing at Qin Yuan and said, "Look at him, he is no longer the invincible soldier king!"

"Roar--!" Qin Yuan roared like a beast and rushed towards Wang Xingguo.

"A Yuan! Do you still remember me? I am Wang Xingguo!" Wang Xingguo did not dodge, and let Qin Yuan throw him to the ground. He hugged Qin Yuan's head tightly, trying to awaken the remaining humanity in his heart.

"Roar...Wang...Xing...Guo..."...Qin Yuan's movements gradually slowed down, and his scarlet eyes stared at Wang Xingguo, as if he was trying to recall something.

"Yes! I am Wang Xingguo, we grew up together, do you remember? We joined the army together, carried out missions together, we are the closest comrades-in-arms!" Wang Xingguo's voice was a little choked, he didn't know if Qin Yuan could understand his words, but he still insisted on speaking, hoping to awaken a trace of clarity in Qin Yuan's heart.

"Comrades-in-arms..."...Qin Yuan repeated Wang Xingguo's words, and the fierce light in his eyes seemed to weaken a little.

"Yes! We are comrades-in-arms!" Wang Xingguo struck while the iron was hot and continued, "Do you remember our oath? We must defend our country together and never betray!"

"Defend... our home... defend... our country..."...Qin Yuan's voice was intermittent, as if it came from a distant place.

"Ayuan, wake up! You are a hero of the country, you are not a monster!" Wang Xingguo shouted hoarsely, his eyes full of tears.

Qin Yuan's eyes began to flicker. He looked at Wang Xingguo, then at his sharp claws, with a trace of confusion and pain in his eyes.

"Roar!" Suddenly, Qin Yuan let out a painful roar, and he hugged his head, as if he was in great pain.

"A Yuan! What's wrong with you!" Seeing this, Wang Xingguo quickly let go of Qin Yuan and asked worriedly.

However, the next second, he regretted his actions.

Qin Yuan raised his head suddenly, and the confusion and pain in his eyes had disappeared, replaced by a cold and bloodthirsty look.

"Kill..." He slowly opened his mouth, revealing his fangs, and his voice was hoarse like a demon from hell.

Before Wang Xingguo could react, he felt a huge force coming, and he was lifted up by Qin Yuan.

"No--!!!" Wang Xingguo's desperate roar resounded throughout the laboratory, but he could not prevent the tragedy from happening. Qin Yuan's scarlet eyes were calm, as if he was not crushing his comrade-in-arms who had been through life and death with him, but an ant. Blood splattered on his face, making him look even more hideous and terrifying.

"Bang!"

Wang Xingguo's body fell to the ground helplessly, and the blood instantly dyed the white floor red. Qin Yuan mechanically shook off the blood on his hands, turned around, and walked out of the laboratory step by step. He was like an emotionless machine, indifferent to everything behind him.

"Monster... He has become a monster..." The doctor slumped on the ground, staring at Wang Xingguo's body with a dull look, muttering to himself.

...

After returning to the Langya base, Qin Yuan was isolated. He seemed to have returned to his original state, silent and taciturn, like a dormant beast, but occasionally his eyes flashed with struggle and pain, which made people shudder.

Fan Tianlei looked at Qin Yuan in the isolation room with a frown on his face. He knew that Wang Xingguo's death was a huge blow to Qin Yuan. But he also understood that now was not the time to be sad and self-blaming. The secrets of Qin Yuan and the mysterious experiment all needed him to find out as soon as possible.

"Damn it, what the hell is going on!" Fan Tianlei hammered the table hard and roared.

As time passed, Qin Yuan's condition finally stabilized slowly. The scarlet in his eyes gradually faded, and he regained his former clarity, but his eyebrows were always shrouded in a lingering haze.

"Report!"

Qin Yuan stood at the door of Fan Tianlei's office and saluted.

"Come in!" Fan Tianlei put down the documents in his hand and motioned Qin Yuan to sit down.

"How is the recovery?" Fan Tianlei asked with concern.

"Report to the chief, I'm fine now."

Qin Yuan's voice was low and hoarse, but his tone was unusually calm, as if everything that had happened before had nothing to do with him.

Fan Tianlei looked at him deeply. He knew that Qin Yuan was forcing a smile, but he did not expose it. Instead, he handed him a document, "This is your new task."

Qin Yuan took the document, opened it and frowned slightly, "K City? Arrest Zhan Shiqi?"

"Yes, Zhan Shiqi, the director of K City Central Hospital, is a white angel who saves the dying and the wounded on the surface, but is a madman who conducts human experiments behind the scenes. Your task is to arrest him!" Fan Tianlei's tone was cold, and a cold light flashed in his eyes.

"Yes!" Qin Yuan did not ask any more questions, took the task and turned to leave.

K City, a prosperous modern city, with heavy traffic and bright lights.

Qin Yuan, wearing a black casual suit and sunglasses, shuttled through the crowd, inconspicuous. But his sharp eyes kept scanning the surroundings, observing the expressions and movements of every passerby, and any slight abnormality could not escape his eyes.

"Zhan Shiqi..." Qin Yuan whispered the name, with a cold light in his eyes. According to the information, Zhan Shiqi is a very perverted guy. He is keen on studying the potential of the human body. In order to achieve his goal, he does not hesitate to use living people for various inhumane experiments.

"It seems that this mission will not be too easy..." Qin Yuan sneered, quickened his pace, and disappeared in the crowd.

...

K City Central Hospital, Dean's Office.

Zhan Shiqi, a thin, gold-rimmed glasses, and a gentle middle-aged man, is sitting at his desk, flipping through experimental reports, with a strange smile on his lips. (End of this chapter)

Chapter 2406 Take You Home

"It's so perfect..." Zhan Shiqi put down the report in his hand, his eyes flashing with excitement, "As long as I take the last step, my research will be successful! By then, I will become the god who controls human evolution!"

"Knock, knock, knock!"

The knock on the door suddenly sounded, interrupting Zhan Shiqi's YY.

"Come in!"

A young woman in a white coat and a charming figure pushed the door open. It was Zhan Shiqi's assistant, Lin Xue.

"Dean, you are looking for me?" Lin Xue's voice was sweet and charming.

"Well, how is the experiment prepared?" Zhan Shiqi looked up, his eyes swept over Lin Xue, and a hint of obscene light flashed in his eyes.

"Everything is ready, just waiting for you." Lin Xue smiled slightly, revealing her charm.

"Very good!" Zhan Shiqi nodded with satisfaction, stood up and walked to Lin Xue, stretched out his hand to lift her chin, and said frivolously, "Tonight, you accompany me to witness the birth of a miracle."

Lin Xue lowered her head shyly, but a barely perceptible sneer appeared at the corner of her mouth.

...

At night, in the underground laboratory of K Central Hospital.

Zhan Shiqi, wearing a white coat, a mask and gloves, stood in front of the operating table, with a crazy light flashing in his eyes.

"Let's get started!"

With his order, the assistants began to get busy, and various instruments made a buzzing sound. On the operating table, a young man who was tied up struggled in fear, but to no avail.

"Don't be afraid, it will be fine soon..." Zhan Shiqi looked at the young man, his tone was gentle, but it was creepy.

Just then, the lights in the laboratory suddenly flickered a few times, and then the whole laboratory fell into darkness.

“What’s going on?” Zhan Shiqi’s face changed and he roared.

“Bang!”

With a loud bang, the door of the laboratory was kicked open by someone, and a tall figure walked in against the light. His face could not be seen clearly, only a pair of sharp eyes flashed coldly in the dark.

"Zhan Shiqi, your good days are over!"

In the darkness, Qin Yuan's mouth curled up with a cold smile. This Zhan Shiqi really didn't cry until he saw the coffin. He had to wait until he came to kill him before he would stop.

"You... who are you?!" Zhan Shiqi stepped back in fear, adjusted his glasses that had slipped off, and his tone was trembling.

Qin Yuan didn't answer, but slowly took off his sunglasses. His sharp eyes were like two lightning bolts in the darkness, shooting straight into the depths of Zhan Shiqi's heart.

"Qin...Qin Yuan?!" Zhan Shiqi was so frightened that his soul flew away. His legs softened and he fell to the ground. "How...how did you find this place?!"

"Haha, is it difficult to find you?" Qin Yuan sneered and approached Zhan Shiqi step by step. "Do you think you can hide the dirty things you did?"

"No...don't kill me! I can give you money! A lot of money! As long as you let me go, I can give you as much as you want!" Zhan Shiqi was terrified and begged for mercy incoherently.

"Money?" Qin Yuan stopped and looked down at Zhan Shiqi, with a disdainful sneer on his lips, "Do you think I would care about your stinky money?"

"Then...then what do you want? As long as you say it, I can give it to you!" Zhan Shiqi desperately wanted to survive as if he had grabbed the last straw.

Qin Yuan did not speak, but slowly squatted down, stretched out his right hand, put his index finger and middle finger together, and tapped Zhan Shiqi's chest like lightning.

"Ah--"

A scream cut through the night sky, and Zhan Shiqi felt a sharp pain in his chest, as if he was burned by a branding iron. He curled up on the ground like a shrimp, twitching constantly.

"You...what did you do to me?!" Zhan Shiqi screamed in pain, his voice hoarse and unpleasant.

"Nothing, just a little gift." Qin Yuan retracted his right hand, stood up, clapped his hands, as if he was dusting off some dust, his tone was terribly indifferent, "Don't worry, you won't die, but your days will be very 'wonderful' in the future."

After saying that, Qin Yuan no longer paid attention to Zhan Shiqi who was wailing on the ground, and turned to the young man on the operating table.

The young man had been frightened and fainted. Qin Yuan untied his restraints, picked him up, and prepared to leave this place full of blood and sin.

"Wait!"

Suddenly, a charming voice came from the darkness, with a hint of chill.

Qin Yuan stopped and turned to look in the direction of the voice.

A young woman in a white coat and a charming figure walked out of the darkness with a charming smile on her face. She was Zhan Shiqi's assistant, Lin Xue.

"What? You want to try it too?" Qin Yuan raised his eyebrows, and a hint of playfulness flashed in his eyes.

"Hehe..." Lin Xue covered her mouth and chuckled, her eyes were as charming as silk, "How dare I, I just want to have a good 'play' with this handsome boy."

As she said that, Lin Xue walked in front of Qin Yuan with a cat step, stretched out her slender jade hand, and wanted to touch Qin Yuan's face.

However, before her hand touched Qin Yuan, she was grabbed by Qin Yuan and squeezed hard.

"Ah——"

With a scream, Lin Xue's face turned pale in an instant. She felt that her bones were about to be crushed. The severe pain made her scream.

"Just because you want to touch me?" Qin Yuan's eyes flashed with a trace of disgust, and he threw Lin Xue to the ground with a strong swing of his hand.

Lin Xue fell to the ground in a mess, feeling a piercing pain in her wrist. She struggled to get up, but found that her right hand was hanging down limply, obviously broken.

"You... you dare..." Lin Xue looked at Qin Yuan with hatred, her eyes full of flames of hatred.

"What? Are you not convinced?" Qin Yuan sneered and approached Lin Xue step by step, "If you are not convinced, come and bite me!"

At this moment, Qin Yuan suddenly felt a gust of wind coming from behind him. He instinctively dodged sideways, and a cold light passed by his ear and nailed to the wall behind him.

It was a scalpel!

"Bitch! You are looking for death!" Qin Yuan roared, turned around and looked at the person who attacked him, but was stunned...

Qin Yuan was stunned, because the person standing behind him was none other than the young man he had saved.

The young man was still holding the scalpel tightly in his hand, and there was a trace of blood on the tip of the knife. It was obviously used by him to attack Qin Yuan just now.

"You..." Qin Yuan frowned, his eyes full of confusion and doubt, "Why do you do this?"

"Why do you do this?" The young man suddenly laughed nervously, his laughter was full of madness and despair, "You ask me why I do this? Do you know what they did to me?!"

He suddenly tore open his collar, revealing a scarred chest, with shocking scars crisscrossing, as hideous as a centipede.

"They used me as an experiment, torturing me day and night, destroying me! They turned me into a monster!" The young man roared hysterically, his voice full of pain and hatred, "I hate them, I want to kill them, kill them all!"

Qin Yuan looked at the crazy young man in front of him, with mixed feelings in his heart. He knew that the young man had been tortured to the point of losing his mind, and what he was doing now was just the last struggle of a poor man.

"Who do you want to kill? Zhan Shiqi? Or Lin Xue?" Qin Yuan tried to calm his tone and tried to calm the young man's excitement.

"I will kill them, kill all those who have hurt me!" The young man's eyes were red, like a mad tiger, roaring and rushing towards Qin Yuan.

"Stop!" Qin Yuan dodged the young man's attack and grabbed his wrist, trying to take the scalpel from his hand.

However, what Qin Yuan didn't expect was that this seemingly thin young man was surprisingly strong. No matter how hard Qin Yuan tried, he couldn't shake him at all.

"Are you crazy? I'm here to save you!" Qin Yuan roared.

"Save me? Haha, I don't need you to save me!" The young man laughed wildly, his eyes full of despair and self-mockery, "I'm already a useless person, a monster! What's the point of living? Let me kill you and go to hell together!"

"You..." Qin Yuan was speechless. He didn't know how to persuade this young man who had fallen into the abyss of despair.

"Go to hell!" The young man suddenly roared, broke free from Qin Yuan's restraints, and the scalpel in his hand stabbed Qin Yuan's chest like lightning.

"Be careful!"

At the critical moment, a petite figure suddenly rushed out and blocked Qin Yuan.

"Puff!"

The sound of the scalpel piercing the flesh sounded, and blood splattered.

"Xiaoyu!" Qin Yuan's eyes were bloodshot and he roared.

...

Blood bloomed in front of Qin Yuan's eyes.

He didn't even see who rushed out, he just felt like he was hit by a mad buffalo, and the whole person staggered back a few steps.

"Xiaoyu!" Qin Yuan's pupils contracted violently, and he recognized the thin figure blocking him. It was the girl he rescued from the operating table, the little girl he nicknamed "tail-chaser".

"Haha...hahaha..." The young man was still laughing wildly, his laughter was full of madness and despair, he didn't seem to realize what was happening at all, or he didn't care anymore.

The scalpel was still inserted into Xiaoyu's body, the tip of the knife was exposed from her thin back, and the bright red blood dyed her white hospital gown red, shocking.

"You...you..." Qin Yuan pointed at the young man, his fingers trembling, but he couldn't speak. He never thought that the person he saved would turn around and hurt another person he wanted to protect.

"Why..." Xiaoyu raised her head with difficulty and looked at Qin Yuan, squeezing out a weak smile on her pale face, "Why did you save me...cough cough..."

"Don't talk!" Qin Yuan rushed to Xiaoyu's side and stretched out his hand to cover the wound on her back, but found that his hand had nowhere to go.

"I...cough cough...I'm fine..." Xiaoyu grabbed Qin Yuan's hand, her voice getting weaker and weaker, "Can...can you call me...sister again..."

"Silly girl, what nonsense are you talking about..." Qin Yuan's eyes were red, how much he wanted to hear Xiaoyu call him "brother" again, even if it was just one time.

"Brother...brother..." Xiaoyu's voice became weaker and weaker, and finally, she let go of Qin Yuan's hand and fell down weakly.

"No! Xiaoyu!" Qin Yuan hugged Xiaoyu's soft body and let out a heart-wrenching roar.

"Hahaha... All of you go to hell! All of you go to hell!" The young man was still laughing wildly, like a madman immersed in his own world.

Qin Yuan suddenly raised his head, his scarlet eyes filled with cold murderous intent. He gently put Xiao Yu on the ground, slowly stood up, and walked towards the young man who was still laughing wildly.

With every step he took, Qin Yuan's murderous intent became stronger, as if a prehistoric beast from the abyss was about to show its fangs.

"You...what are you going to do..." The young man finally stopped laughing wildly. He looked at Qin Yuan who was approaching step by step in horror, and felt an unprecedented fear.

Qin Yuan did not speak. He walked in front of the young man and looked down at him, as if he was looking at an ant.

"You...you can't kill me..." The young man retreated in horror, but found that his back was already against the cold wall, and he could not retreat. "You...you can't live if you kill me..."

"So what?" Qin Yuan's mouth curled up a cold arc, and his eyes flashed with a dangerous light.

"You...are you crazy..." The young man looked at the Shura in front of him who seemed to have walked out of hell, his voice trembling, and a water stain gradually appeared on his crotch.

"Crazy?" Qin Yuan sneered, "Yes, I'm crazy, driven crazy by you!"

He slowly raised his hand, opened his five fingers, and pointed them at the young man's head...

Qin Yuan looked at the young man's face expressionlessly, which was distorted by extreme fear, like a funny painting. He held the trigger finger without any hesitation.

"Bang!"

With a gunshot, the young man's head exploded like a watermelon, and red and white splashed all over Qin Yuan's body and face. He seemed to be unconscious, just watching the body slowly fall down quietly, without a trace of fluctuation in his eyes.

Until he confirmed that the young man was completely dead, Qin Yuan slowly retracted his gaze, turned around and walked to Xiaoyu, and gently picked up her already cold body.

"Brother... take you home..." Qin Yuan's voice was hoarse and low, as if it came from the depths of hell, with a bone-chilling chill.

Back to the Langya base, Qin Yuan locked himself in the dormitory and saw no one.

In front of him, the scene of Xiaoyu falling in a pool of blood kept replaying, and the young man's hysterical laughter echoed in his ears. He questioned himself again and again, why, why did he save that demon, why did he let Xiaoyu endure all this?

"Qin Yuan, you kid come out!" Fan Tianlei's roar came from outside the door, but it seemed to be separated by thousands of mountains and rivers, and it was out of reach.

Qin Yuan turned a deaf ear to him and just hugged Xiaoyu's photo tightly, letting his tears fall silently. In the photo, Xiaoyu smiled innocently, which was the smile he tried his best to protect.

After an unknown amount of time, the roar outside the door finally disappeared, replaced by a heavy sigh.

"Qin Yuan, I know you feel bad, but you are a soldier, you have to cheer up!" Fan Tianlei's voice was low and hoarse, "You have more important tasks, and there are more people who need you to protect!"

Qin Yuan did not speak, but slowly closed his eyes, and Xiaoyu's weak "brother" before her death appeared in his mind.

"Okay, I promise you, I will protect everyone and will not let anyone get hurt again..." Qin Yuan swore silently in his heart, his voice was firm and resolute, like an oath from the Netherworld, with a strong smell of blood.

Chapter 2407 The price you deserve!

As time went by, Qin Yuan finally came out of that nightmare. He returned to training, becoming more taciturn and more ruthless, like a sharp blade unsheathed, emitting a cold light.

"Qin Yuan, are you ready? There is a new task for you." Fan Tianlei walked into the training ground and threw a document in front of Qin Yuan.

Qin Yuan opened the document expressionlessly and scanned the contents at a glance.

"Hu Xiaojing, the director of the First People's Hospital of K City, is suspected of multiple organ trafficking and illegal experiments, and the means are extremely cruel..." Qin Yuan's voice was cold, as if he was reading a stranger's obituary.

"That's right, this woman is cruel and cunning. Your mission this time is to sneak into the hospital, collect evidence, and bring her to justice!" Fan Tianlei said in a deep voice, with a flash of worry in his eyes.

"Guarantee to complete the task!" Qin Yuan put down the document, with a flash of cold light in his eyes, like a lone wolf eyeing its prey.

...

K City, a bustling and noisy city, hides countless evil shadows behind the bright lights and wine.

Qin Yuan disguised himself as an ordinary patient and sneaked into the First People's Hospital of K City. He keenly noticed that there was a strange atmosphere in the hospital, the medical staff looked panicked, and the patients dared not speak out.

"It seems that this Hu Xiaojing is more difficult to deal with than I thought." Qin Yuan thought to himself, with a gleam in his eyes.

He decided to start with the security guards of the hospital. After all, if you want to understand the inside story of the hospital, there is no better candidate than the security guards.

Qin Yuan came to the garden of the hospital, found a security guard who was smoking, handed him a cigarette, and asked with a smile: "Brother, can I borrow a light?"

The security guard looked at Qin Yuan warily, took the cigarette, lit it, took a deep breath, exhaled a puff of smoke, and asked: "Are you here to see a doctor?"

"Yes, I haven't been feeling well recently, so I came for a check-up." Qin Yuan said casually, with just the right amount of anxiety and uneasiness on his face, "I heard that the experts in this hospital are very good, so I came."

"Haha, the experts are very good, but the fees are a bit expensive." The security guard smiled meaningfully, his eyes flickering.

"It's okay if it's a little more expensive, as long as it can cure the disease." Qin Yuan pretended to be indifferent, but he was secretly alert in his heart. It seems that this security guard knows something.

"Of course, but..." The security guard paused here and lowered his voice, "Some diseases can't be cured by spending money..."

Qin Yuan's heart moved, and he asked calmly: "Oh? How do you say that?"

The security guard approached Qin Yuan's ear mysteriously and whispered: "I heard that this hospital has some special 'treatment' methods, specifically for those who are rich and powerful but have terminal illnesses..."

"Special 'treatment' methods?" Qin Yuan asked in a puzzled manner, but he had already guessed a little in his heart.

"Shh, keep your voice down!" The security guard looked around nervously, making sure no one noticed them, and then continued, "I heard that they would..."

The security guard's voice became lower and lower, and finally almost turned into a mutter.

Qin Yuan heard it clearly, his pupils suddenly contracted, a surge of anger surged from the bottom of his heart, and his clenched fists made a "crackling" sound...

The security guard swallowed his saliva and said in a trembling voice: "They will... remove the organs from those patients... and sell them to those who need them at a high price..."

Qin Yuan's pupils suddenly contracted, and a cold murderous intent emanated from him. Although he had expected it, hearing such a thing with his own ears still made him furious. He suppressed his anger and pretended to be shocked and asked: "This... How is this possible? Aren't they afraid of being discovered?"

The security guard smiled bitterly and shook his head, whispering: "The director of this hospital, Hu Xiaojing, is well-connected in both the black and white worlds, and has a lot

of connections. Who dares to touch her hair? Those patients were either bribed by her with money or threatened by her, and they dared not speak out at all..."

"Damn it!" Qin Yuan cursed inwardly, with a cold light flashing in his eyes.

"Brother, I advise you not to ask about these things, it's not good for you..." The security guard kindly reminded, with a flash of fear in his eyes.

"I know, thank you for reminding me." Qin Yuan patted the security guard on the shoulder and turned to leave.

He did not go far, but hid in the dark, observing the security guard's every move.

After the security guard finished smoking, he threw the cigarette butt on the ground, crushed it with his feet, and turned back to the hospital.

Qin Yuan waited for a while, making sure that no one was paying attention around, and then walked out of the dark. He picked up the cigarette butt on the ground and observed it carefully.

There was a faint smell of perfume on the cigarette butt, which was very special and Qin Yuan had never smelled it before.

"Could it be..." Qin Yuan's heart moved, and a bold idea came to his mind.

He decided to take a risk.

Qin Yuan came to the bathroom of the hospital, threw the cigarette butt into the toilet, and pressed the flush button.

After doing all this, he turned and left the bathroom and came to the monitoring room of the hospital.

"Hello, I want to see the surveillance video." Qin Yuan said to the staff in the monitoring room.

"I'm sorry, sir, you need the approval of the hospital leadership to view the surveillance video." The staff member said without looking up.

"I'm very familiar with your dean. Tell her that Qin Yuan is here to see her." Qin Yuan said lightly, with unquestionable majesty in his tone.

The staff was stunned for a moment, and looked at Qin Yuan suspiciously. This man looked ordinary, but he had the momentum of a superior, so she dared not neglect him.

"You... wait a moment..." The staff hesitated for a moment, picked up the phone, and dialed a number.

"Hello, Dean, a man named Qin Yuan came to see you, he said..."

The staff was interrupted by Qin Yuan before he finished speaking.

"Dean Hu, long time no see." Qin Yuan snatched the phone and said in a cold tone.

There was silence on the other end of the phone for a moment, and a woman's voice sounded coldly: "Who are you?"

"Why? You forgot me so quickly? It seems that your memory is not very good, Dean Hu." Qin Yuan sneered, with a hint of teasing in his tone.

"Who are you? What do you want to do?" Hu Xiaojing's voice became alert.

"Me? I just came to reminisce with you, and by the way..." Qin Yuan said here, deliberately paused, and his tone became extremely cold, "Get some interest back!"

Hearing the word "interest", Hu Xiaojing's face suddenly turned pale.

"What do you want?" She asked calmly.

"What do I want? Shouldn't I be the one asking you this question?" Qin Yuan sneered, "President Hu, I know all the good things you have done over the years. Tell me, how should I deal with you?"

Hu Xiaojing took a deep breath and tried to calm herself down. She knew that she had hit a wall this time. This man named Qin Yuan was definitely not someone she could mess with.

"What do you want? Make a condition." Hu Xiaojing said in a deep voice, with a hint of compromise in her tone.

"Condition?" Qin Yuan sneered, "Do you think you are still qualified to negotiate with me?" "You..."

"I'll give you an hour to explain everything clearly, otherwise..." Qin Yuan deliberately stretched out his voice, his tone full of threats.

"What else?" Hu Xiaojing asked with gritted teeth.

"Otherwise..." Qin Yuan sneered, "I will make you regret coming to this world!"

After that, Qin Yuan hung up the phone directly.

He looked at the flustered figure in the surveillance video, and a cold light flashed in his eyes.

"The game has begun, Hu Xiaojing, I hope you can have fun."

Qin Yuan looked at the flustered Hu Xiaojing in the surveillance video coldly, and a cold arc appeared at the corner of his mouth.

"Want to play? I'll play with you to your heart's content!" Qin Yuan said to himself, his tone full of disdain.

He turned and left the monitoring room, ignoring the astonished eyes of the staff behind him. For him, dealing with a person like Hu Xiaojing is as simple as crushing an ant.

Back in the ward, Qin Yuan looked at his unconscious comrade on the bed, and a touch of pain flashed in his eyes.

"Brother, don't worry, I will definitely avenge you, and I will not let go of any of those who hurt you!" Qin Yuan clenched his fists and said firmly.

At this moment, the door of the ward was suddenly pushed open, and a tall woman in a white coat walked in.

The woman's long black hair was casually draped over her shoulders. Her delicate facial features seemed like a work of art carefully carved by God. Her fair skin was so soft that it could be blown away. Her big watery eyes seemed to be able to speak, full of spirit.

"Who are you? Why are you here?" The woman looked at Qin Yuan, frowning slightly, with a hint of vigilance in her tone.

"Who are you? Why are you in my ward?" Qin Yuan did not answer the woman's question, but asked back, with a hint of displeasure in his tone.

"Your ward? This is my friend's ward!" The woman pointed at the man on the bed and said affirmatively.

"Your friend? What's his name?" Qin Yuan's eyes flashed with a playful look. He wanted to see how this woman would make up a lie.

"His name... His name..." The woman hesitated for a long time and couldn't say anything.

"What? You don't even know your friend's name?" Qin Yuan sneered, his tone full of sarcasm.

"I..." The woman was speechless, her pretty face flushed, and she didn't know what to say.

"Tell me, who are you? What is your purpose here?" Qin Yuan looked at the woman and asked in a cold tone. He didn't believe that this woman was just visiting a friend.

The woman took a deep breath and tried to calm herself down. She knew that she couldn't hide it anymore.

"My name is Su Xue, and I'm a doctor in this hospital." The woman looked at Qin Yuan and said calmly.

"Doctor? What are you doing here?" Qin Yuan's eyes flashed with suspicion. He didn't believe that this woman would be so kind to come here to take care of a stranger.

"I..." Su Xue hesitated for a moment, and finally decided to tell the truth, "I'm here to atone."

"Atonement? What did you do wrong?" Qin Yuan raised his eyebrows and asked with interest.

"I..." Su Xue bit her lip, and a flash of pain flashed in her eyes, "I indirectly killed your friend."

Hearing this, Qin Yuan was stunned. He never thought that this seemingly weak woman would say such a thing.

"What do you mean?" Qin Yuan looked at Su Xue and asked in a low voice.

"I know it's hard for you to believe, but..." Su Xue took a deep breath and slowly explained the whole story.

It turned out that Su Xue was the youngest and most beautiful female doctor in the hospital, and she had countless suitors, including the vice president of the hospital, Liu Wei.

Liu Wei relied on his power to entangle Su Xue in every possible way, and even threatened her that if she did not agree to be his girlfriend, he would make her unable to get along in the hospital.

Su Xue was overwhelmed by this, but she had no choice but to try her best to avoid Liu Wei.

However, the truth could not be hidden, and Liu Wei still discovered that Su Xue had a close relationship with the man on the bed.

It turned out that the man on the bed was Su Xue's childhood sweetheart. The two grew up together and had a deep relationship.

Liu Wei was jealous, and in order to get revenge on Su Xue, he deliberately tampered with the man's medicine...

Hearing this, Qin Yuan's fists clenched and his eyes were filled with angry flames.

"Liu Wei, fuck you!" Qin Yuan roared and punched the wall next to him. Suddenly, a deep fist mark appeared on the wall.

Su Xue was startled by Qin Yuan's sudden action. She didn't expect that this seemingly gentle man would have such a terrifying side.

"What do you want to do?" Su Xue looked at Qin Yuan and asked with a trembling voice. She was worried that Qin Yuan would do something impulsive.

"What? I want to make that bastard pay the price!" Qin Yuan's eyes flashed with a fierce look, and he said in a cold tone.

He grabbed Su Xue's wrist and dragged her out of the ward like a chicken...

Qin Yuan was furious and grabbed Su Xue's wrist and dragged her out of the ward like an eagle grabbing a chick. Su Xue staggered and was dragged away by him. Her high heels made a "da da da" sound on the floor, as if knocking on Qin Yuan's already manic heart.

"Slow down! Where are you taking me?!" Su Xue was embarrassed and annoyed. How could this man not know how to be gentle with women?

Qin Yuan ignored her and dragged her to the rooftop of the hospital. The biting cold wind made Su Xue shiver, and her delicate makeup was a little smudged, but what scared her more was the anger in the man's eyes, as if he wanted to devour her.

"Speak! Where is that bastard Liu Wei?!" Qin Yuan threw her away, and Su Xue staggered and almost fell, but fortunately she held on to the railing of the rooftop.

"You...what are you going to do? Killing is illegal!" Su Xue looked at him in horror, and she had no doubt that this man would do what he said.

"Illegal? He killed my brother, and I want him to pay with blood!" Qin Yuan gritted his teeth and said, with cold murderous intent flashing in his eyes.

Su Xue was frightened by his appearance. She took a few steps back and tried to reason with him: "But...but he is dead!"

"Dead? Who said he was dead?" Qin Yuan raised his eyebrows, and a hint of doubt flashed in his eyes.

"Just... just a few days ago, the hospital said he died of a medical accident, and... they sent his body away..." Su Xue's voice became smaller and smaller, and she didn't dare to look Qin Yuan in the eye.

Chapter 2408 Are you scared?

"Medical accident? Haha..." Qin Yuan sneered. How could he believe such nonsense? "Tell me! Was it that bastard Liu Wei who did it?!"

Su Xue was speechless after being questioned by him. She knew that she couldn't hide it anymore, otherwise this man would really kill her.

"It was... it was him. Liu Wei said... that if I didn't stay with him, he would fake your friend's death as a medical accident, so... so he wouldn't have to take any responsibility..." Su Xue cried and told everything.

"This beast!" Qin Yuan was furious and punched the railing next to him. The hard metal railing was bent by him.

Su Xue was so scared that her face turned pale. She had never seen such a terrible man, as if he was a Shura crawling out of hell.

"Where is he now? I want to kill him with my own hands!" Qin Yuan's voice was icy cold, like the cold wind from the Nine Nether Hell.

"I... I don't know. He hasn't come to the hospital since your friend died..." Su Xue shivered. She was terrified, but she couldn't help secretly looking at the man in front of her.

He was angry and sad, but he was still tall and straight, like a flash of lightning in the dark, dangerous but charming.

Su Xue's heartbeat accelerated inexplicably, and a feeling she had never had before surged into her heart...

Just then, Qin Yuan's cell phone suddenly rang. He glanced at the caller ID, and a cold light flashed in his eyes.

"Speak of the devil, the devil will come..."

"Hello, who is this?" Qin Yuan answered the phone impatiently, and the anger in his heart was about to swallow him.

A greasy voice came from the other end of the phone, with disgusting flattery: "Mr. Qin, long time no see, how are you recently?"

It's Liu Wei!

Qin Yuan clenched the phone tightly, his knuckles turned white, and he gritted his teeth and said, "It's you, you bastard! How dare you call me?!"

"Oh, Mr. Qin, don't be angry. I know about your friend's situation, and I feel bad too." Liu Wei said hypocritically, but there was no guilt in his tone.

"Stop pretending! Where is he?!" Qin Yuan roared, wishing he could rush into the phone and cut Liu Wei into pieces immediately.

"Mr. Qin, calm down and listen to me." Liu Wei said calmly, "Your friend's situation was indeed an accident, but I have arranged it for him and I guarantee that he will live comfortably down there."

"What do you mean?" Qin Yuan had an ominous premonition in his heart.

"Hey, Mr. Qin, you should have heard of 'one-click recycling', right?" Liu Wei smiled sinisterly, "Your friend has now turned into a pile of ashes and has been sent to Africa. It is said that people over there like this."

"You...how dare you!" Qin Yuan's eyes were red with anger, and an unprecedented anger rushed to his heart. He wanted to eat Liu Wei alive.

"Mr. Qin, don't be excited. I'm doing this for your own good." Liu Wei continued, "Your friend's death is a foregone conclusion. Even if you kill me, it won't change anything. How about this, you name a price, as long as you let me go, I'm willing to give you any amount of money."

"Money? Do you think I care about money?!" Qin Yuan roared, "I want you to pay with blood!"

"Mr. Qin, you have to think clearly, what good will it do you to kill me? Will your friend come back alive? Aren't you afraid that the police will catch you?" Liu Wei saw that softness didn't work, so he began to threaten and intimidate.

"I'm telling you, I've bribed all the people involved. Your friend's death was an accident. It's useless even if you sue to the sky!" Liu Wei said triumphantly, as if he had won.

"Really?" Qin Yuan suddenly sneered, his tone became icy cold.

"You...what do you want to do?" Liu Wei noticed something was wrong, and his voice trembled a little.

"I'll ask you one last time, where are you now?" Qin Yuan's voice was like the cold wind from the Netherworld.

"I...I'm..." Liu Wei was about to say it, but suddenly realized something and quickly closed his mouth.

"What? Don't dare to say it?" Qin Yuan's mouth curled up a cruel smile, "It doesn't matter, I already know where you are."

"Beep beep..."

There was a busy tone on the other end of the phone, Liu Wei widened his eyes in horror, cold sweat flowed down his forehead.

How did Qin Yuan know his address?

He had clearly already...

At this moment, the door of the room was suddenly kicked open, and a tall and straight figure appeared at the door, like the King of Hell who was asking for his life, with cold murderous intent.

"Liu Wei, your death is coming!"

Qin Yuan hung up the phone and threw the phone into the trash can on the side of the road. He never liked to drag things out, and he had no patience to talk nonsense to a scum like Liu Wei.

"Africa? Ashes? Ha, I'll turn you into ashes today!"

Qin Yuan sneered, stopped a taxi, and reported Liu Wei's address.

An hour later, the taxi stopped in front of a luxurious villa. Qin Yuan paid the fare and walked straight to the gate of the villa.

"Stop! What are you doing?" Two strong men who looked like bodyguards blocked Qin Yuan's way and looked at him vigilantly.

"Tell Liu Wei that an old friend is here to send him off." Qin Yuan raised a cold arc at the corner of his mouth, and his tone was grim.

The two bodyguards looked at each other, and a hint of disdain flashed in their eyes. In their opinion, Qin Yuan was just a young boy who dared to act wildly here. He must be tired of living.

"Boy, this is not the place you should be, get out of here!" One of the bodyguards waved his hand impatiently, as if to ward off an annoying fly.

"Haha, it seems that Liu Wei has taught you some rules over the years." Qin Yuan sneered, and appeared in front of the two bodyguards in a flash.

"Bang! Bang!"

There were two muffled sounds, and before the two bodyguards could react, they were knocked to the ground by Qin Yuan and passed out.

Qin Yuan clapped his hands, as if he had done a trivial thing, and then walked into the villa.

In the villa, Liu Wei was holding two scantily clad beauties in his arms, drinking red wine and enjoying the song and dance performance.

"That good-for-nothing Qin Yuan is probably still heartbroken for his good friend, hahaha..." Liu Wei laughed loudly, his tone full of pride and ridicule.

"Bang!"

There was a loud noise, and the door of the villa was kicked open, sending sawdust flying everywhere.

The smile on Liu Wei's face suddenly froze. He looked up in horror and saw a tall and upright figure standing at the door, exuding cold murderous intent.

"You...how did you find this place?" Liu Wei was so frightened that the wine glass in his hand fell to the ground with a "pop" and broke into pieces.

"What? Are you surprised?" Qin Yuan stepped closer, his tone was cold and biting, "It seems you haven't realized what a stupid mistake you have made." "No... don't kill me! I can give you money. ! A lot of money!" Liu Wei stepped back in horror, but tripped over the coffee table behind him and fell to the ground in a panic.

"Money?" Qin Yuan sneered and looked at Liu Wei condescendingly, "Do you think money can buy my friend's life?"

"No... no, I just... I just..." Liu Wei was incoherent and extremely frightened.

"You just want to survive, right?" Qin Yuan's tone was cold, with a hint of joking flashing in his eyes.

"Yes, yes! I don't want to die! Please, spare me!" Liu Wei begged as if grasping a life-saving straw.

"Want to live? It's not impossible..." Qin Yuan's mouth curved with a playful twist, and he slowly squatted down and whispered in Liu Wei's ear, "Tell me, what is SBD?"

"SBD? What is that? Is it delicious?" Liu Wei looked confused, obviously confused by Qin Yuan's question.

"It seems that your memory is not very good," Qin Yuan sneered, and suddenly reached out and pinched Liu Wei's chin, "Then let me help you recall your memories. A year ago, you mixed a drug called SBD into my brother's wine, causing him to..."

When Qin Yuan said this, his tone was full of sadness and anger. He suddenly increased the strength on his hands, and Liu Wei suddenly screamed like a slaughtering pig.

"It hurts, it hurts! I really don't know what you are talking about! Have mercy on me!" Liu Wei struggled desperately, but to no avail.

"Don't know? Very good." Qin Yuan let go of his hand, stood up, and looked at Liu Wei condescendingly, "Then I will let you think about it carefully."

Qin Yuan snapped his fingers, and there was a burst of neat footsteps outside the villa.

The next second, a dozen strong men wearing black suits and sunglasses filed in and surrounded Liu Wei.

"Boss, how should we deal with this person?" One of the strong men stepped forward and asked respectfully.

"Turn this villa into his playground." Qin Yuan's mouth curled up with a cruel arc, "Remember, I want him to slowly recall what SBD is in extreme fear."

"yes!"

The strong men took the order and began to get busy in the villa.

After a while, the originally luxurious villa turned into a purgatory on earth.

The roar of the chainsaw, the buzz of the electric drill, the crack of the whip, and Liu Wei's screams intertwined into a terrifying symphony that echoed in the villa.

Qin Yuan, on the other hand, was sitting on the sofa, leisurely tasting red wine, as if all this had nothing to do with him.

To him, this was just a small punishment, far from enough to make up for the sins Liu Wei had committed.

"SBD...SBD...what on earth is it? Why can't I remember?!" Liu Wei completely collapsed under the double torture of severe pain and fear. He desperately wanted to recall everything about SBD, but he couldn't. No clue.

"Did...did I really forget?"

At this moment, a blurry picture suddenly flashed through Liu Wei's mind.

It was a dark room filled with a pungent smell of chemicals. A man in a white coat was facing away from him, playing with various test tubes and instruments.

"Master Liu, I have already developed what you want." The man turned around and handed a test tube filled with blue liquid to Liu Wei, "This is top-notch stuff that I spent countless efforts to develop. You will definitely be satisfied with the results."

"Hahaha, okay! I knew you wouldn't let me down!" Liu Wei took the test tube with an excited smile on his face, "With this thing, I can..."

The scene ended abruptly here, and no matter how hard Liu Wei tried, he could no longer remember what happened next.

"Damn! What the hell?! Why can't I remember?!" Liu Wei held his head in pain, feeling as if his head was about to explode.

Seeing Liu Wei's appearance, the corners of Qin Yuan's mouth curled up with a cold arc.

"It seems that you still can't remember." Qin Yuan stood up slowly, walked to Liu Wei, and looked at him condescendingly, "In that case, I will give you some more information."

Qin Yuan said and snapped his fingers.

The next second, a scantily clad beauty with a hot figure was pushed in by two strong men.

"Boss, this is what you want." One of the strong men said respectfully.

"Yes." Qin Yuan nodded with satisfaction, then grabbed the beauty's hair and dragged her to Liu Wei, "Don't you like playing with women? Today, I will let you play as much as you want."

"No... don't! Please! Don't do this!" When Liu Wei saw the beauty, he was frightened and struggled desperately.

Although he is lustful, he is not so hungry that he is not selective about food.

The beauty in front of him was a top assassin he hired from abroad at a huge price!

Her code name is "Black Widow", and it is said that at least eighty people have died at her hands!

Moreover, this woman is cruel and cold-blooded, and he cannot afford to offend her at all!

"Boss, are you sure you want to do this?"

Even those strong men who usually obeyed Qin Yuan's orders couldn't help but feel a little creepy at this moment.

They have seen the methods of the "Black Widow" with their own eyes. That is simply not a human being, but a demon from hell!

"What? Are you scared?" Qin Yuan looked at everyone with a half-smile.

"No... I don't dare!" The strong men shook their heads quickly.

"In that case, then do as I say." Qin Yuan's tone was cold and left no room for doubt.

"yes!"

The strong men did not dare to disobey, so they could only bite the bullet and push the "Black Widow" to the ground, and then...

"Boss, are you sure you want to do this?" One of the strong men bravely asked again, with a subtle tremor in his tone.

"What? Are you questioning my decision?" Qin Yuan raised his eyebrows and glanced at the strong man with a sharp gaze, scaring him so much that he fell to his knees with a "plop".

"Don't you dare! Boss, please calm down!" The strong man broke into a cold sweat and banged his head on the ground like garlic, fearing that he would be killed if he was a step too late.

"Huh! A bunch of useless things!" Qin Yuan snorted, ignoring the frightened strong man, and turned his eyes to the "Black Widow" who was pinned to the ground.

The "Black Widow" was being pinned to the ground by two strong men, unable to move. Her fiery red curly hair was scattered messily, and her originally fair face was flushed abnormally due to the struggle, which made her blue eyes even more beautiful. The green eyes were like a ferocious beast, shining with dangerous light.

"What? You look very unconvinced?" Qin Yuan's mouth curved in a playful manner. He slowly squatted down and lifted the "Black Widow's" chin with his slender fingers, forcing her to look at him.

"Black Widow" stared at Qin Yuan without fear, with a cold arc at the corner of her mouth, "Aren't you afraid of getting angry and getting burned? I am..." (End of Chapter)

Chapter 2409 The Mastermind

"What are you? What top killer that makes people tremble with fear?" Qin Yuan couldn't help laughing as if he heard a funny joke, "In my eyes, you are just a toy for others..."

Before he finished speaking, he was bitten hard on the wrist by "Black Widow".

"Hiss!" Qin Yuan felt pain and subconsciously let go of his hand.

"Black Widow" took the opportunity to break free from the restraints, flipped over and jumped from the ground, and made a lightning move with five fingers like hooks, going straight for Qin Yuan's throat.

All this happened in a flash, and before everyone could react, they saw Qin Yuan groaning, staggering back a few steps, covering his chest, and his face turned pale instantly.

"Boss!"

"Boss, are you okay?!"

The strong men were shocked when they saw this, and they quickly surrounded him and looked at Qin Yuan with a worried look.

"Black Widow" did not fight after she succeeded, but quickly retreated, keeping a distance from everyone, and her pair of green eyes vigilantly scanned the surroundings.

"You...you actually..." Qin Yuan covered his chest and looked at "Black Widow" in disbelief, his voice trembling, as if he was in great pain.

"Humph! Overestimate your own ability!" "Black Widow" sneered, a trace of contempt flashed in her eyes, "Just you want to touch me? It's just wishful thinking!"

"You...you wait..." Qin Yuan gritted his teeth and said, his voice full of resentment and unwillingness.

"I'm waiting!" "Black Widow" looked at him fearlessly, her eyes full of provocation.

At this moment, something strange happened.

"Black Widow" suddenly felt dizzy, her eyes went black, and the whole person lost consciousness and fell to the ground softly.

"Boss, she..." Seeing this, the strong men looked at each other, not understanding what happened.

Qin Yuan looked at the "Black Widow" lying on the ground, a complex look flashed in his eyes, he slowly stood up, walked step by step to the front of "Black Widow", looked down at her, and a cold arc appeared at the corner of his mouth.

"Hmph, you want to fight me? You're still a little naive!" As he said this, he grabbed the "Black Widow" by the hair and dragged her up from the ground, dragging her out of the room like a dead dog... Qin Yuan looked at the "Black Widow" lying on the ground, his eyes without a trace of pity, only coldness and ridicule. "That's it? This is the 'Black Widow' that makes people tremble with fear? I thought it was a monster with three heads and six arms, but it turns out to be just like this." Qin Yuan said sarcastically. The strong men around also echoed, with a tone full of disdain and ridicule. "Boss is right, this little girl still wants to fight with you, boss, it's simply courting death!" "That's right, don't you look at your own weight, don't you take a piss and look at yourself..." "Black Widow" has woken up at this time. Hearing these vulgar and unbearable words around her, she felt a surge of anger rushing to her head, wishing to tear these people in front of her into pieces. But she knew very well that she was no match for these people at all. She struggled to get up, but found that she was too weak to move even a finger.

"What did you do to me?" "Black Widow" asked with gritted teeth, her voice hoarse, like a wounded beast.

"Nothing, just gave you a 'cartilage pill'." Qin Yuan said carelessly, "Don't worry, the effect of this medicine will only last for 24 hours, and it won't cause any permanent damage to you."

"You..." "Black Widow" was furious, but couldn't speak.

"Okay, don't waste time, take her down to me and treat her well." Qin Yuan waved his hand impatiently and turned away.

"Yes, boss!"

The two strong men agreed and dragged "Black Widow" down roughly. Soon, the room was filled with the curses and struggles of "Black Widow" and the obscene laughter of those strong men.

Qin Yuan turned a deaf ear to this. He walked to the window, looked at the brightly lit city night view outside the window, and a cold arc appeared at the corner of his mouth.

"Black Widow" is just the beginning. Next, he will make those who dare to provoke him pay a heavy price!

...

Early the next morning, Qin Yuan was awakened by a rapid knock on the door.

"Boss, it's bad, something happened!" Qin Yuan opened the door and saw a strong man running in in a panic, his face full of fear.

"What are you panicking about? Is the sky falling?" Qin Yuan frowned unhappily.

"Boss, 'Black Widow'... 'Black Widow' she... she's gone!"

"What?!"

"What?!!" Qin Yuan jumped up from the bed, grabbed his men by the collar, and shouted like he was holding a chicken, "Where are the people? So many people, are they all shit eaters? Can't even keep an eye on a woman?!"

The sturdy man was frightened by Qin Yuan's move, his face turned pale, and he stammered: "Boss... Boss, we don't... know! Last night... Last night we followed your instructions and 'treated' her well, and then... then she was unconscious all the time, we... we locked her in the basement and sent two people to guard her... but... but this morning, we went down and saw that the two brothers... the two brothers..."

"Tell me! What happened?!" Qin Yuan interrupted him impatiently.

"The... the two brothers, are... all dead! And..." The sturdy man swallowed his saliva and said in a trembling voice, "and... and the death was miserable, there was no intact part of the body..."

When Qin Yuan heard this, his face suddenly darkened, and a cold light flashed in his eyes.

"Black Widow" actually escaped? !

And he also killed two of his men? !

How is this possible? !

You know, although his two men are not masters, they are also ruthless characters who have experienced hundreds of battles. Aren't they able to deal with a woman who has no power to restrain a chicken?

But now, they are dead, and they die so miserably?

What is the origin of this "Black Widow"? !

"Boss, now...what should we do now?" the strong man asked tremblingly.

Qin Yuan took a deep breath, suppressed the anger in his heart, and said coldly: "Check it for me! Even if you dig three feet into the ground, you have to find her for me!"

"Yes! Boss!"

...

The news that the "Black Widow" escaped from Qin Yuan's clutches was like a hurricane, quickly sweeping through the entire underground world.

No one expected that the "Black Widow" who was captured by Qin Yuan and everyone thought she would die would miraculously escape.

For a time, all kinds of rumors were rampant.

Some people say that the "Black Widow" is actually a hidden master who was deliberately caught by Qin Yuan just to find an opportunity to escape.

Some people also say that there are experts behind the "Black Widow" to help, and Qin Yuan has hit a brick wall this time.

Others say that all of this is a play directed and performed by Qin Yuan, with the purpose of luring the snake out of its hole and killing all the forces behind the "Black Widow".

...

Various versions of the rumors are getting more and more outrageous, but one thing is certain, that is, the escape of "Black Widow" not only severely slapped Qin Yuan in the face, but also challenged his prestige like never before. . And the initiator of all this, the "Black Widow" herself, is currently hiding in a remote small hotel, drinking coffee leisurely.

She looked out the window at the busy street, with a mocking arc on her lips.

Qin Yuan?

But that's it!

She picked up her phone and dialed a number.

"Hey, it's me. Things are done. Qin Yuan should be exhausted now, right?"

A deep male voice came from the other end of the phone, with a hint of smile:

"Haha, good job, I knew you wouldn't let me down..."

Qin Yuan slammed the goblet in his hand onto the mahogany table in front of him. Glass fragments flew everywhere, and scarlet wine flowed like blood.

"Trash! You are all a bunch of trash!" he roared angrily, his voice full of suppressed mania, "If you can't even catch a woman, what use do I have for you?!"

The subordinates all lowered their heads and did not dare to express their anger, for fear of offending this master.

"Boss, we have sent people to search the entire city, but..." a strong man with a scar on his face said tremblingly, "but there is no trace of the 'Black Widow', it's like..." It's like she disappeared from the world..."

"Evaporated?!" Qin Yuan sneered, grabbed Scarface by the collar, and lifted him up, "I raised you losers, am I just asking you to tell me such nonsense? "

Scarface was choked so hard that he couldn't breathe, his face turned the color of pig liver, but he didn't dare to resist at all.

"Boss, calm down! Boss, calm down!" Another younger brother who was smarter hurriedly stepped forward and said with a smile, "Boss, please calm down first. In my opinion, the 'Black Widow' is definitely still in the city, just hiding. Just get up, as long as we..."

"Hiding?" Qin Yuan let go of his hand, his scarred face seemed to be covered with amnesty, and he covered his neck and coughed violently.

"Yes, yes! She's hiding!" The younger brother nodded quickly and said, "She is a woman, helpless, and doesn't have much money with her. She will definitely not dare to leave this city. As long as we..."

"Fart!" Qin Yuan kicked the younger brother to the ground, "If she had no place to go, would she kill my two brothers?!"

The younger brother was kicked until he rolled on the ground several times before he got up, clutching his stomach and saying with aggrieved face: "But...but boss, besides hiding, where else can she go?"

Qin Yuan ignored him, but paced back and forth, his face uncertain.

He knew very well that the "Black Widow"'s escape this time was definitely not an accident.

This woman is much more cunning than he thought!

But how did she do it?

Could it be...

Qin Yuan suddenly stopped and a bold guess flashed in his mind.

Could it be that there is someone else behind her?

Thinking of this, he raised his head suddenly, a cold light flashing in his eyes.

"Check for me!" he said through gritted teeth, "I want to know who is helping her!"

"Yes! Boss!"

...

At the same time, in an inconspicuous cafe not far from Qin Yuan's villa, the "Black Widow" was leisurely tasting a piece of tiramisu.

She was wearing a black tights today, which perfectly outlined her exquisite curves. Her long black hair was casually draped over her shoulders. Her fair face had a hint of charm, and her captivating peach blossom eyes were twinkling. A cunning light.

Opposite her sat a gentle young man wearing gold-rimmed glasses.

"Aren't you afraid that Qin Yuan will find you here?" The man pushed up his glasses, with a hint of worry in his tone.

"Afraid?" "Black Widow" chuckled, her red lips parted slightly, "If he really had the ability to find me, he wouldn't let me escape so easily."

"But....."

"Nothing to worry about." "Black Widow" interrupted him, "I have put the things in his study as per your instructions. From now on, it's up to you."

The man was silent for a moment, then nodded.

"Okay, I get it."

"Black Widow" gracefully put down the coffee cup in her hand and stood up.

"Then I won't disturb you. I wish us a happy cooperation."

After saying that, she turned and left, leaving only an enchanting figure behind.

The man watched her leave, a complicated look flashed in his eyes.

He knew that he had been involved in an extremely dangerous game.

And who will be the ultimate winner of this game?

The man picked up the coffee, took a sip, and a meaningful smile appeared on the corner of his mouth...

Qin Yuan narrowed his eyes, and his intuition told him that this woman's escape this time was definitely not a simple escape from her shell. Someone must be helping her behind the scenes, and this person's identity is not simple. At least in Haicheng, someone can save people from under his nose. There are only a handful of people.

"Damn it!" Qin Yuan punched the mahogany table, and the million-dollar table immediately fell into pieces. "If you dare to cheat on me, let's see how long you can hide!"

At this time, a lean man in a black suit hurriedly walked in. He bowed slightly and said in a respectful tone: "Boss, there is something found in the study."

Qin Yuan turned around suddenly, his eyes brightening: "Say!"

"Everything in the study has been tampered with, including..." The man paused and seemed a little embarrassed to speak.

"Including what? Tell me!" Qin Yuan shouted impatiently.

"Including your collection..." The man took a deep breath and said bravely, "Those limited edition figures have all been replaced by knockoffs."

Qin Yuan was stunned for a moment, and then a surge of anger rushed to his forehead. He rushed into the study room. Sure enough, the display cabinet that originally contained a

dazzling array of limited edition figures was now filled with items of poor workmanship. They couldn't be more fake at first glance. Fake knockoffs.

"Ahhhhhh!!!" Qin Yuan's roar echoed throughout the villa, like an enraged lion.

The limited edition figure that he regarded as a treasure was turned into this kind of garbage!

This was a great shame and humiliation for him!

"Check it out for me! Even if you have to dig three feet into the ground, you have to find that woman and the mastermind behind the scenes!" Qin Yuan said through gritted teeth, with bloodthirsty light shining in his eyes.

...

At the same time, "Black Widow" was sitting in a luxuriously decorated private club, sipping red wine and admiring the bustling night view outside the window.

Opposite her, sat a man wearing a white suit, handsome face and elegant temperament.

If Qin Yuan were here, he would definitely recognize this man as Lu Jinghuai, the upstart in Haicheng's business community and the president of the Lu Group, known as the "Business Wizard".

"Aren't you afraid that Qin Yuan will find out?" "Black Widow" gently shook the red wine glass in her hand, her red lips lightly opened, with a hint of ridicule in her tone.

Chapter 2410 Don't you remember?

"He? Ha..." Lu Jinghuai chuckled, a flash of disdain in his eyes, "He's just a reckless man. No matter how much he investigates, he can't find me."

"Really?" "Black Widow" raised her eyebrows, drank the red wine in her hand, then slowly stood up, walked to the French window, overlooking the brightly lit city night scene, and said meaningfully, "I hope you can still be so confident when the time comes."

Lu Jinghuai didn't say anything, just picked up the wine glass and shook it gently, with a cold light flashing in his eyes.

"Black Widow" turned around, walked to Lu Jinghuai, leaned down, and whispered in his ear: "Happy cooperation."

After that, she turned and left, leaving only a charming back.

Lu Jinghuai looked at her back, a wicked smile on the corner of his mouth, and a determined light flashed in his eyes.

"Qin Yuan, the game has just begun."

...

On the other side, Qin Yuan finally locked the hiding place of "Black Widow" after some investigation.

"Boss, we have found the whereabouts of the 'Black Widow'. She is now hiding in a private club on the outskirts of the city." A subordinate reported to Qin Yuan.

"Private club?" Qin Yuan's eyes flashed with a cold light, "It seems that this woman really knows how to enjoy herself, but it's time for her to enjoy my anger!"

"Notify everyone, follow me!"

...

As night fell, the private club on the outskirts of the city was brightly lit, with elegant people and clinking glasses, a scene of decadence and extravagance.

A black Rolls-Royce Phantom stopped at the door of the club. Qin Yuan, dressed in a black suit, got out of the car. Behind him followed a group of bodyguards who were also dressed in suits and leather shoes and had burly figures. Everyone had a murderous look on their faces.

"Bang!"

Qin Yuan kicked open the door of the club and walked in aggressively with a group of people.

The noise in the club stopped abruptly, and everyone looked at the group of uninvited guests in surprise, not knowing what had happened.

Qin Yuan looked around coldly, and finally, his eyes were fixed on the door of a box on the second floor.

He walked straight over, followed by the bodyguards behind him, and the entire corridor was blocked.

"Bang!"

Qin Yuan kicked the door of the box open, and saw a woman in a black lace nightgown lying lazily on the sofa in the box, holding a glass of red wine in her hand, as if she had expected him to come.

"Qin Yuan, you are finally here." The woman's mouth curled up a charming smile, and her eyes flashed with provocation.

"Bitch! You are so bold that you dare to..." Qin Yuan roared, and was about to step forward, but was interrupted by the woman's next words.

"What? Are you surprised to see my current man?" The woman said, patting the seat next to her, motioning him to sit down.

Qin Yuan then noticed that there was a man sitting next to the woman...

The air in the box seemed to solidify, and Qin Yuan's fists were clenched tightly, and the veins bulged. He stared at the man sitting next to the "Black Widow". Who else could that disgusting face be but Lu Jinghuai?

"What? Are you surprised?" Lu Jinghuai raised a mocking smile, stretched out his hand to hold the "Black Widow"'s waist, and kissed her gently on the face, "My dear Captain Qin, long time no see."

"You..." Qin Yuan was furious and almost couldn't control himself, but his years of military career kept him rational. He knew that it was not the time to take action yet. He took a deep breath, suppressed his anger, and asked coldly: "Why did you do this?"

"Why?" Lu Jinghuai laughed as if he had heard a funny joke, and his laughter was full of sarcasm and disdain, "Who do you think you are? What do you think you are? What qualifications do you have to ask me why?"

"You..." Qin Yuan's forehead was bulging with veins, and his eyes were almost spitting fire.

"Black Widow" patted Lu Jinghuai's hand gently, signaling him not to say anything, then turned to look at Qin Yuan, with a charming smile on her lips, but a hint of chill in her tone: "Qin Yuan, I know you are strong, but so what? In this world, fists are not the only way to solve problems."

"What do you mean?" Qin Yuan frowned, and an ominous premonition rose in his heart.

"Black Widow" did not speak, but stood up from the sofa, walked in front of Qin Yuan, stretched out her slender jade fingers, gently stroked his cheek, and said in an ambiguous tone: "Do you know? The angrier you are, the more excited I am..."

Her words were like a poisonous snake spitting out its tongue, which made Qin Yuan feel creepy. He took a step back and avoided the touch of "Black Widow", his eyes full of vigilance.

"Black Widow" saw this, chuckled, a cunning light flashed in her eyes, she turned and walked to the table, picked up a remote control, and gently pressed a button.

"Boom!"

With a loud noise, the whole box shook violently, and the crystal chandelier on the ceiling shook violently, and it might fall down at any time.

"What's going on?!" Qin Yuan's face changed, and an ominous premonition came to his mind.

"Black Widow" showed a crazy smile on her face and pointed to the corner of the box, where a huge time bomb was placed, and the red numbers were jumping rapidly, with less than a minute left!

"Qin Yuan, enjoy this last moment!" The voice of "Black Widow" echoed in Qin Yuan's ears, full of malice and pleasure.

Qin Yuan looked at the bomb that was counting down, his face was livid, he knew that he had been tricked!

"Boom!"

The deafening explosion sounded in Qin Yuan's ears, the shock wave threw him out and hit the wall heavily. He groaned, feeling that his internal organs were displaced, and his eyes were blurred.

"Cough cough..." Qin Yuan struggled to get up from the ground, and the violent coughing made a fishy sweetness surge in his throat. He wiped the blood from the corner of his mouth and looked around. The originally luxurious box had been blown into ruins, with burning flames and choking smoke everywhere.

"Black Widow!" Qin Yuan gritted his teeth and growled. This woman actually dared to blow up the entire box!

He endured the severe pain in his body and stumbled to the huge time bomb. At this moment, the red number on the bomb had returned to zero, leaving only a dazzling red skull logo flashing.

"Damn it!" Qin Yuan cursed inwardly, he knew that he still underestimated the madness of "Black Widow".

He staggered out of the box, and as soon as he showed his head, he was stunned by the scene in front of him.

The whole corridor was densely packed with people in black, each holding a weapon in his hand, with the black muzzle pointed at him. "Captain Qin, long time no see." A cold voice came from the crowd, and then a tall man walked out of the crowd. He was wearing a black suit and had a cruel smile on his face. It was none other than Lu Jinghuai!

"It's you!" Qin Yuan's eyes flashed with a cold light. He should have thought that with the character of "Black Widow", it was impossible for one person to plan all this. There must be someone behind her who was instructing her!

"What? Are you surprised?" Lu Jinghuai sneered, "My dear Captain Qin, I have been preparing for this day for a long time!"

"Just relying on these rubbish, you want to stop me?" Qin Yuan sneered, his eyes full of disdain. Although these people in black are numerous, in his eyes, they are no different from a group of chickens and dogs.

"Really?" Lu Jinghuai raised a cruel smile, "Then let's give it a try!"

As soon as the voice fell, the black-clad men around opened fire at the same time, and dense bullets poured down on Qin Yuan like raindrops.

Qin Yuan snorted coldly, and his figure flashed, like a ghost, shuttling through the rain of bullets. Those bullets seemed to have eyes and all missed.

"How is it possible?!" Lu Jinghuai's face changed, and his eyes were full of disbelief. Qin Yuan's speed was too fast, so fast that the naked eye could not catch it at all!

"Go to hell!" Qin Yuan's figure flashed, and he instantly appeared in front of a black-clad man. He made a lightning-fast move and broke his neck.

"Bang!"

The black-clad man didn't even have time to scream, and he fell to the ground softly.

"Fire! Fire!" Lu Jinghuai yelled hysterically. He never thought that Qin Yuan's strength was so terrifying. One person actually suppressed dozens of people!

"Da da da..."

The gunshots became more frequent, and bullets poured down on Qin Yuan like raindrops, but he dodged them one by one.

Every step Qin Yuan took would take a life. His movements were clean and neat, without any dragging, as if he was the god of death, harvesting the lives of these men in black.

"Damn it! Damn it!" Lu Jinghuai looked at his men falling in a pool of blood one by one, his face became extremely ugly, he knew that he had kicked the iron plate this time!

"Now, it's your turn!" Qin Yuan's cold eyes fell on Lu Jinghuai, his tone full of murderous intent.

Lu Jinghuai's face changed drastically, and he turned around and wanted to escape, but Qin Yuan was faster than him, grabbed his collar and lifted him up.

"You...what do you want to do?" Lu Jinghuai's face was pale, his eyes were full of fear, he realized for the first time that death was so close to him!

"What do you think?" Qin Yuan raised his right hand slowly with a cold smile, and his five fingers slowly tightened.

"Crack!"

With a crisp sound, Lu Jinghuai's neck was twisted and broken. His eyes were wide open, full of fear and unwillingness, and his body drooped limply.

"Bang!"

Qin Yuan threw Lu Jinghuai's body on the ground, and glanced at the black-clothed men around him with cold eyes, and said in a cold tone: "Who else?!"

The black-clothed men were frightened by his cold eyes, and trembled one by one, but no one dared to step forward.

"A bunch of trash!" Qin Yuan snorted coldly and turned to walk out.

He had just taken a few steps when suddenly, a fragrant breeze came to his nose, and a soft body suddenly threw into his arms, and two white arms tightly hugged his neck.

"Qin Yuan, don't go..." A delicate voice sounded in his ears, full of pleading and... a hint of cunning?

Qin Yuan frowned, and a strong smell of perfume rushed straight to his head, almost making him sneeze. Who is this woman? Where did she come from?

He looked down and saw the person in his arms wearing a fiery red tight leather jacket, long wavy hair, delicate makeup on her face, and flaming red lips, looking like a sexy beauty.

"Who is this?" Qin Yuan looked puzzled, pulled the woman away from his arms, and patted the place she touched with disdain.

The woman seemed to be startled by his action, and was stunned for a moment. Then her eyes turned red, and tears rolled down like pearls from a broken string, "Qin Yuan, how can you do this to me? I... I really like you..."

As she said this, the woman was about to throw herself into Qin Yuan's arms again, but was quickly picked up by Qin Yuan again.

"Don't touch me!" Qin Yuan roared impatiently, "Do I know you? If you touch me again, don't blame me for being rude!"

The woman shrank back after being yelled at, but still looked at him pitifully, "Qin Yuan, do you really not remember me? I'm Lili, Li Lili! Have you forgotten that you wrote me a love letter in high school!"

Qin Yuan's forehead was bulging with veins. He hated this kind of self-indulgent woman the most!

"Li Lili? I don't remember! Also, don't talk nonsense, I never write love letters!"

"Qin Yuan, you..." Li Lili looked at him in disbelief, as if she was greatly hurt, and her tears flowed even more fiercely, "You...how can you deny it? I still have the love letter you wrote to me in person!"

As she spoke, Li Lili actually found a wrinkled envelope from some corner, with "Li Lili" written crookedly on it.

Qin Yuan was almost laughing out of anger. Is this woman here to make fun of you?

"I say again, I don't know you! Also, this letter is definitely not written by me, my handwriting is not that ugly!"

Qin Yuan grabbed the envelope and was about to tear it up, but suddenly stopped.

Wait, this handwriting...why does it look familiar?

Qin Yuan stared at the letter, and a strange feeling came to his heart. This handwriting really looks like it was written by him, but there are some subtle differences, just like...it's like he wrote it after being drunk!

"Who the hell are you? Where did you get this letter from?!" Qin Yuan grabbed Li Lili's collar, his eyes were fierce as if he wanted to kill someone.

Li Lili was frightened by his sudden anger, but she still pretended to be calm and said: "Qin Yuan, what's wrong with you? I'm Lili, don't you remember? This letter is the one you gave me personally that year!"

"Bullshit! If I had written you a love letter, now..." Qin Yuan was suddenly stuck in the middle of his words, because a vague picture suddenly flashed through his mind.

It was a hot summer, with cicadas chirping. He was wearing a school uniform, holding a pink envelope in his hand, and sneakily stuffed it into a girl's schoolbag.

The back of the girl seemed... a little similar to Li Lili in front of him?

No, it's impossible!

Qin Yuan shook his head vigorously, trying to get rid of this absurd idea. He was a famous cold-faced evil spirit in the school back then, how could he write a love letter to a girl? This is simply a serious insult to his wise and heroic image!

"What do you want?" Qin Yuan let go of Li Lili, with a hint of panic in his tone that he himself did not notice. (End of this chapter)
