

Special Soldier 241

Chapter 241: still have a chance!

Hearing this, Peel's face suddenly changed. If he changed someone to deal with them, wouldn't this business be in vain, and if a new character appeared, wouldn't his status be affected?

So Peel stood up and said to Mr. Sha with an ugly expression:

"Mr. Sha, I'm very loyal to you. You just replaced me, isn't it a bit..."

Seeing that Peel's reaction was so great, Mr. Sha shook his head gently, and said to Peel with a smile:

"Oh, my dear Peel, you don't have to be so nervous, I didn't mean to let that person replace you, but he needs to do this business."

But Peel still looked ugly, but there was no way, and seeing Peel's appearance, Mr. Sha said directly:

"How about this? I asked him to give you 30% of the commission for this order."

Get a 30% commission?

When Peel heard this, his face immediately looked much better. If he could get 30% of the commission for no reason, then this matter is not bad.

After all, the truly dangerous things have not yet started, and 30% of the commissions don't need to be done, and they are indeed earning.

After all, in Peel's eyes, only money is the most important thing. Since there is money to take, it doesn't matter who does this thing.

At this moment, there was a knock on the door, and a man in military uniform said to Mr. Sha flatly:

"Mr. Sha, your guest has arrived."

While saying this, the prison guard opened the door of the prison and let a middle-aged man in jeans and a cowboy hat walk in directly.

And Mr. Sha also smiled, greeted him directly, and said to this person:

"Oh, Champhong, you are finally here. I have been waiting for you for a long time."

Saying these words, Mr. Sha also nodded to the warning, then took out a banknote from his body and handed it directly to the prison guard.

And this prison guard waved his hand to Mr. Sha as usual, then put the bill away, closed the door again, and walked outside.

Obviously, it is not the first time that he has helped Mr. Sha to do such a thing, but has formed a special relationship chain.

In the eyes of others, Mr. Sha is like a vacation here, but Mr. Sha is indeed a prisoner here.

However, as the king of the previous generation, Mr. Sha did not die in the Great Purge. Instead, he became the only speaker of Nuoka's staff. This has to be said that Mr. Sha's methods are extremely powerful.

Nuoka hid in the jungle and dared not show up in secret all day long, even worse than Mr. Sha in this prison.

Although I can't go out, but at least what I need can be delivered in time.

In comparison, Mr. Sha is even better than Nuoka's living environment.

In the entire Silver Triangle, there are only two people who can act on behalf of the glutinous card business. One is Mr. Sha and the other is the boss. And the so-called boss, Shenlong

sees the head and ends, and he doesn't even know who it is, so on the bright side, The biggest ice surface agent is Mr. Sha!

At this moment, Mr. Sha directly took the census that appeared just now, got to the edge of the sofa, and said to Peel:

"Peel will introduce to you. This is Champhong, who just returned from the lighthouse country."

When this Zhanpong saw Peel, he immediately put his hands together and saluted Peel:

"Hello, Mr. Peel."

Peel could only helplessly, and gave a casual reply. After all, this guy came to grab his job no matter what. At this time, Mr. Sha saw this situation, and smiled indifferently, and went straight to the subject, facing Zhanpong said:

"This time I called you over because Peel knew a Yan Chinese citizen. They wanted to do business with me. I understand that you know these Yan Chinese people better, so this time I plan to let you go to the joint, and see these people. Whether they have the qualifications, if they can, we will let Ida pass."

"By the way, this time there are two orders. You can raise the price slightly. Although I am in a hurry to ship the goods, I can still earn the money delivered to the door."

Hearing such words, Zhanpeng smiled suddenly and agreed:

"Don't worry, Mr. Sha, I will do business with these Yan Chinese people, and I will definitely help you get a good price!"

"Very good, come, open a bottle of red wine and wish us success!"

At this moment, Mr. Sha directly opened a bottle of red wine, and Peel's face became even more ugly when he heard this.

In the evening, Peel called Fang Xinwu directly to explain the matter.

At this time, Fang Xinwu, who was eating, was taken aback, and said to Peel:

"Peel, I thought you were the only one of Mr. Sha's, why did a Zampong suddenly appear?"

"Fak, brother, I don't want to be like this either, but there is no way. Now Mr. Sha has given him this matter. This guy is from the lighthouse country. He is highly regarded by Mr. Sha. This can only be done tomorrow. I will take him to meet you, and then I will get out of this matter, brother, I'm so sorry!"

Fang Xinwu heard this and expressed his dissatisfaction, then hung up the phone.

Fang Xinwu directly called Gao Gang to report the news, only to find that Gao Gang came back with a group of people.

"Mother, this is really irrational. I just came out of the top hotel and ended up having to sleep in the barn when I came back. I lived through this day..."

At this moment, even Gao Gang was a bit speechless, but Qin Yuan who stood on the side said:

"Who made you unwilling to stay in a hotel, saying that you want to spend the money on the blade, this is the money we earned back, OK?"

Gao Gang said:

"It's alright, for the money you earn, it is more suitable for you to enjoy yourself, we can't do it, we must always pay attention to ideology!"

The two were joking, but they saw Fang Xinwu's serious face:

"what happened?"

And Fang Xinwu whispered at this moment:

"The opposite is about to change people, and I found another person to talk to us."

After hearing this, Qin Yuan and Gao Gang both frowned. To tell the truth, they still know Peel. After all, such a person, as long as the money is enough, the eight generations of ancestors can sell it, very good. understanding.

But if they change another person, they must start again.

"Then we can only act by chance, but since the other party is willing to talk to us, it means that we have not yet exposed, and there is still a chance!"

Gao Gang comforted the two of them, then went to change their clothes, always wearing a suit, he was also uncomfortable.

Chapter 242: discuss

Gao Gang finally changed his clothes at this time, and said to the two people:

"Okay, let's start working. Since we have changed people, then we will investigate him. By the way, is there any information about this person?"

"Except for knowing that this person is called Zhanpeng, from the lighthouse country, there is no other information."

Fang Xinwu shook his head and said:

"Furthermore, I think this name should also be a pseudonym. Since Mr. Sha asked Zhanpeng to come to negotiate business with us, it means that this is not the first time that Zhanpeng has done business with people from Yan. Check it out."

"I know, I'll report it."

Gao Gang agreed and wanted to report this news to the person above to check the person's name.

Qin Yuan glanced at Boss Qian strangely at this time. Although he only read the original work once, so he didn't remember many details in it, but Qin Yuan knew about this person.

This Zhanpeng is the murderer who killed Fang Xinwu's girlfriend!

"What's the matter? Why are your eyes so strange when you look at me?"

Fang Xinwu looked at Qin Yuan with a smile, but Qin Yuan suddenly said:

"Tomorrow's action, otherwise you don't want to participate?"

"why?"

Fang Xinwu's expression was full of weirdness when he heard this. If things were done now, he was just on track, so why didn't he let him go.

"This is for your own good, listen to my advice."

Qin Yuan patted Fang Xinwu on the shoulder, but Fang Xinwu said:

"This is definitely not possible. Although it has already been replaced, Peel will pass tomorrow. He will doubt it when he sees that I am not there."

Qin Yuan's face was full of helplessness. What Fang Xinwu said was true. Now that Fang Xinwu is not allowed to participate is indeed a bit abnormal, so Qin Yuan can only say to Fang Xinwu:

"Well, I hope you can be more careful tomorrow."

After saying this, Qin Yuan left directly, but Fang Xinwu frowned slightly while looking at Qin Yuan's back.

The next night, the biggest nightclub in the Silver Triangle, Boss Qian and Zhanpong met!

"Oh, Boss Qian, you guys are betting. It's really a golden age. Now everyone in mainland China is rich. Boss Qian is also very grand. Don't say anything else, you have to pay seven for this nightclub. Eight hundred thousand."

At this time, Zhanpeng was full of flattery and said to Boss Qian, but Boss Qian shook his head and said to Zhanpeng:

"It's okay. After all, when the economy is developing at a high speed, everyone can make money. Who hates money? I am rich enough, but if I open a casino, I still have to share with the local snake. No, below. That's the local snake. He and I have a business in the northeast, but this kid wants to be in a casino now, so you can ask him a little bit more when you ask for a price later."

When Zhanpeng heard the words of Boss Qian, he smiled consciously, and then helped Boss Qian light a cigar. Boss Niu just walked up the stairs below and said with a grin:

"What are you talking about? I'm so happy that I don't want me to cheer up together?"

"Oh, Boss Niu, I'm not discussing how to get rich. This is a new reporter named Zhanpeng. The three of us will discuss together how to get rich."

At this time, boss Qian took Boss Niu and sat down together, and began to discuss details.

At this time, Fang Xinwu, who was sitting downstairs, saw the Zhan Peng who was discussing business upstairs, but he couldn't help clenching his fists. Thinking back to the various scenes when his girlfriend was killed, his teeth almost snapped!

The reason why he is undercover here for so long is to make up for his previous mistakes.

If it weren't for his slowness, if he could find out the poisonous meal tempted his girlfriend to **** ice earlier, the girlfriend would not shoot himself!

So Fang Xinwu determined on that day to get rid of all the poisonous rice!

But today he met Zhanpeng again, how could he not feel angry?

But as an undercover perseverance, he also understood that now is not the time to do it. If they do it now, everything they have prepared before will fall short.

At this moment, Fang Xinwu gritted his teeth and was seen by Peel on one side. Peel said to Fang Xinwu:

"Hey, brother, what's wrong with you?"

"It's nothing, just thinking that he actually robbed us of our commission, it seems that he is a bit unpleasant."

Fang Xinwu casually used an excuse, and Peel lightly patted Xinwu's shoulder:

"It's okay, brother, Mr. Qian should not reduce your commission, but my commission will be a bit less."

"Oh, sorry, I misunderstood, but I still think that doing business with my brother is smoother. It's a bit unpleasant to see that guy."

Fang Xinwu asked Peel at this time, and then said to Peel:

"Peel, are you just watching this guy take your place? If I were you, I can't stand such a thing."

Hearing Fang Xinwu's words, Peel's eyes also flashed a ray of light, and said to Fang Xinwu:

"Of course I have thought about this kind of thing, but now is the time to make a fortune. Let's talk about it when it passes."

"Well, if you need help then, say hello to me."

Fang Xinwu also agreed, a murderous look flashed in his eyes, and after Peel saw it, he nodded in satisfaction. Sure enough, this Qifu is a good friend!

But just as the two people were talking, a voice suddenly broke out:

"Drafting mom Lao Tzu is rich, but Lao Tzu is not a good man. I have to blame Lao Tzu before telling you those heart-wrenching things, you can get me such a price!"

Boss Qian yelled angrily, while Boss Niu was also watching coldly and didn't speak.

But a person standing next to Boss Niu said to Zhanpeng:

"Mr. Zhanpeng, we are not satisfied with the price you raised and the quantity you supply. We must pay attention to honesty in doing business. In this situation, there are not many people who can eat goods and can provide ice noodles. It's a coincidence that it's not just you, it's a coincidence to find you, and it's not too much trouble to find someone else. I hope you can consider it carefully."

Hearing this, Zhanpeng's heart squatted. It's over. He can see it. Although the boss of Qian and the boss of Niu are not dealing with each other, the two of them still have friendship. The price just proposed is too high. , On the contrary, it made two people feel the same hatred!

"Two bosses, we can still discuss..."

Chapter 243: Hesitate

"Also discuss something, I said, if you really want to do business for us, then you can call the supplier behind you directly, talk together, and always rely on you to pass in the middle. , Are not afraid to split this word?"

"But, but..."

At this time, Zhanpeng was also sweating on his forehead. Seeing this, Boss Qian directly said to Boss Niu:

"Okay, let's not tell him more. Let's go. Without such a big bowl, I still want to eat such a big meal. He simply can't provide the goods we want."

"Grass mud girl, play for nothing, fuck!"

It's just that Boss Niu also followed Boss Qian to leave with a curse. Seeing these two people's back, Zhanpeng rushed up and said to them:

"Two bosses, two bosses, have something to say."

"What a shit, what we are talking about is a business of 2 billion a year. I have a casino and a market under my hand. The boss has a gun in his hand. Some people have the strength. Do you know that the way to sell goods is the most important? The cargo dealer is a shit, and it's impossible to find someone else to supply it."

"That's right, I want to make some achievements in front of my university. It's just yours. It's a fart result. If you play like this, then I might as well go find someone else! Finally with you Say it again, talk to me with someone who can really do things. If you can't talk, get out."

At this time, Zhanpeng was extremely nervous when he heard the words of these two bosses. He could also see that these two people are really capable, and this is his first order back to the Silver Triangle. If he fails, he will definitely do it. In the eyes of Mr. Sha, his status has declined, and it will be difficult for him to think about it.

"That's good, that's good, then I'll go back and discuss it, how about this price? As for when it will be shipped, how about giving you an answer later?"

At this time, Zhanpeng gritted his teeth and agreed. Seeing the price that Zhanpeng was comparing, the boss Qian and Niu looked better, but he still said:

"Hmph, if you can't make it, let's try it out first. I doubt you have much strength."

"Okay, Boss Qian, you are right, otherwise we will make an order first, and I will contact you for the next thing."

After saying this, Boss Qian just glanced at Zhanpeng and said coldly:

"Today you made me very unhappy, forget it, go have fun!"

"Go! You can play here by yourself!"

The boss of Qian and the owner of Niu greeted directly, took his own people, and left the nightclub.

And Peel also looked at Zhanpeng with a mocking look, and walked out together.

Zhanpeng was so devastated at this time that he hadn't noticed at all. Someone was staring at him with extremely hateful eyes.

Fang Xinwu looked at that face in Zhanpeng, thinking of his girlfriend, and his heart surged in anger. At this moment, a hand suddenly hit Fang Xinwu's shoulder. Fang Xinwu felt that his head cleared, and it was an instant. Woke up.

He looked back and found that it was Qin Yuan. Qin Yuan looked at Fang Xinwu with a hint of deep meaning in his eyes at this time:

"Brother Chiff, let's go, and have some fun with our boss."

Fang Xinwu was sober now and walked out together.

That night, after returning to their base, Fang Xinwu looked at Qin Yuan angrily:

"Did you know it for a long time? Why didn't you tell me?"

"Tell you, tell you what?"

Hearing what Qin Yuan said at this time, Fang Xinwu slammed a fist against the wall.

Yes, tell him something, tell him that Zhanpeng is the one who tempts his girlfriend to **** the ice, even if he knows it, can he go and kill Zhanpeng directly?

At this time, seeing Fang Xinwu's painful look, Qin Yuangang wanted to say something, but suddenly heard a voice in his mind:

"Ding Dong, the system will release a task to help Fang Xinwu complete his revenge and unlock a grid!"

Hearing this voice at this time, Qin Yuan's mouth was filled with a smile. In fact, without this task, Qin Yuan would also help Fang Xinwu.

However, there is also a way to help, so Qin Yuan directly said to Fang Xinwu:

"I told you yesterday. You'd better not participate in today's affairs. You are an undercover agent and an anti-drug police officer. No matter which status you are, you can't get revenge. You are a human, and you cannot make mistakes."

Sure enough, Fang Xinwu was extremely angry after hearing this.

According to the regulations, even if Zhanpeng is caught, at most he will be extradited to return to China. Although this guy will die, Fang Xinwu definitely doesn't want this person to die so happy!

He wanted to yell directly, Laozi is not a policeman, but when he turned around, he saw Qin Yuan's face full of smiles.

"You, you are..."

Fang Xinwu looked at Qin Yuan at this time, actually kicking the dog while watching Xiaotian staring straight at him, Fang Xinwu looked blank.

"People can't make mistakes, but other things are okay. You'd better not show up in the future tasks. When the matter is over, you will have a pleasant surprise."

Qin Yuan patted Fang Xinwu's shoulder lightly, and slowly left here.

At this moment, Gao Gang came over in a hurry, saw Qin Yuan and Fang Xinwu, gritted his teeth, and said embarrassedly:

"Fang Xinwu, the superior has ordered, you must avoid suspicion for this mission."

At this time, Gao Gang's heart was extremely uncomfortable. After all, he knew the relationship between Fang Xinwu and Zhanpeng from the information, and he also knew that the reason why Fang Xinwu had been an informant in this place for such a long time was for Zhanpeng.

As a result, I found Zhanpeng, but because of the mission, Fang Xinwu directly withdrew. Such a decision was almost like shooting Fang Xinwu!

But Gao Gang was also helpless. After all, what they were dealing with this time was an international anti-drug case, not an ordinary small case, so even if he felt helpless, he could only execute the orders of his superiors and let Fang Xinwu withdraw first.

But at this moment, Fang Xinwu turned his head and said to Gao Gang:

"I accept the above suggestions and withdraw from this mission. Unless Peel finds me, I will try my best not to come forward."

Hearing this, many people in were taken aback. He originally thought about what he would use to persuade Fang Xinwu, but he didn't expect Fang Xinwu to agree as soon as he came up. This made Gao Gang The embarrassment all turned into helplessness, as if he had hit the cotton with a heavy punch.

"How....."

"Okay, people's ideological consciousness is high, why are you hesitating here?"

Qin Yuan also patted Gao Gang's shoulder gently, making Gao Gang even more confused.

At this time in the prison, Zhanpeng directly told Mr. Sha what had happened today:

"Mr. Sha, I have gone through the investigation. These two people are indeed rich, but they are not simply competing with each other. It is even possible that the two of them will come together to deal with us."

Zhanpeng gritted his teeth at this time. To be honest, he just received Peel's wrong message, thinking that the two parties are immortal enemies, so the price is not very appropriate, but the two men scolded him. It took such a long time to almost lose this list.

Chapter 244: Do it!

But at this time, Mr. Sha, when he heard Zhanpeng's words, he smiled with satisfaction and said to Zhanpeng:

"It turned out to be like this. I always feel that there is something wrong with this matter. Now, when I look at it, it's just that the two of them want to unite to reduce the price of the goods. As long as it is a matter of money, it is easy to discuss. , Zhanpeng, you continue to observe them, I want to declare to the top to see how to make this list."

At this time, Mr. Sha safely turned off the phone. After all, the cost of their ice surface is not much. As long as the site is still in their hands, the ice surface can be produced continuously, as long as it can be sold, according to A normal price is a profit, and a small price is not harmless.

Mr. Sha made a direct call, and soon the call was connected directly.

"The card head, the people under my staff have already checked it out. These two people are indeed very rich, and they don't look like the Yanguo police. After all, the Yanguo police can't get so much money. But they really demand the transaction amount. It's bigger, so I want to talk directly with our people."

Hearing what Mr. Sha said, a hoarse voice was heard on the other end of the phone, saying:

"Well, let's make 5 million first. As long as the money is real, we can meet with them, Fack, my loss is not small during this period of time. It just happens to be more than money, so the previous things can be closed. ."

The person on this call is the poison king of the entire Silver Triangle-Nuoka!

At this time, in the jungle of the Silver Triangle, pieces of wooden houses appeared here.

This is the base camp of Nuoka!

There are a group of the most ferocious poisonous rice, and there are various weapons in the arsenal on one side.

But the most striking thing is a group of half-year-old children.

The faces of these children are all covered with poisonous sores, and they look incredibly hideous!

The oldest is fifteen or six years old, and the youngest, even six or seven years old!

At this time, these children, their faces were full of madness, surrounded by a small table, frantically placing the money in the middle.

"Shoot! Shoot! Shoot!"

"Warrior! Warrior!"

These are two teenagers who look like they are sitting on this small table, looking at each other holding a revolver in their hands, directly opening the revolver and stuffing a bullet in it, crazy Turned.

They are playing the Russian turntable game. The rules are very simple. The revolver can hold 6 rounds in total, but they only have one round now.

The two of them would take turns shooting their own heads with revolvers. If they hit the empty position, they would survive, and if they hit a bullet, the bullet would kill them directly.

It depends on whose luck is good!

At this time, Nuojia hung up the phone with satisfaction. He was a little happy when he heard that he could finally sell the goods again. Seeing the game between the two dolls, he

suddenly got out of his pocket. A golden pistol was pulled out and threw it directly in the middle.

"Oh!!!!"

This golden pistol was worth more than three or four hundred thousand dollars. The eyes of these dolls were straight, and they pulled the trigger crazily. Finally, with a bang, a child was blown out of his head!

The people around were first taken aback, but finally cheered directly!

Seeing this situation, Nuoka showed a dark smile. With such a baby soldier as his subordinate, what kind of enemy is his opponent?

...

Now that Mr. Sha has agreed, Zhanpeng directly notified Boss Qian, and when everyone received the news, they were all shocked and they were finally hooked!

The next morning, in the most central area of the Silver Triangle Special Zone, there is a Black Rumba Mall.

This mall is extremely luxurious, and the location agreed upon by Qian Boss and Zhanpong is here!

At this time, the members of the Red Blood Cell Squad and the Anti-drug Squad had gathered here. Waiting for instructions.

This time Fang Xinwu did not come, so Qin Yuan and Gao Gang directly gave orders to their men:

"Before the meeting, the other party will ask for a transaction, and the amount is determined to be 5 million. After the other party confirms that our money is real, they will send someone to meet with us."

"After the transaction is completed by Nezha and Jupiter, we will support you in tracking the money later, Erlang, you go with me, and when the time comes Bingbing Autotoll, you will follow me to the mall as soon as possible. There are 4 exits in the mall. You are responsible for tracking the target outside. The place where the other party chooses to meet is crowded. I don't know how many people the other party will be in the crowd, so be careful!"

At this time, after hearing Gao Gang's instructions, everyone nodded, and Qin Yuan at this time also whispered:

"This time, our red blood cells can directly help you replenish manpower. The main reason is to rely on you. When we fight, we will directly take action!"

"Okay, the back-up depends on you!"

Gao Gang didn't care about Qin Yuan's arrangements. After all, the purpose of the Red Blood Cell Team was to assist them.

Gao Gang concluded at this time: "This time we still try not to hurt people as much as possible. After all, our place is the largest square in the entire Silver Triangle. Once there is a disturbance, the police force in the Silver Triangle will definitely be there soon. Once these people appear, our situation will be extremely passive, and we must grasp the time."

"Yes!"

"Okay, let's go!"

Soon, it was the appointed time, and everyone went to the mall together!

As the largest shopping mall in the entire Silver Triangle, the flow of people here is naturally extremely large. As soon as the door is opened, there is an incomparable flow of people surging inside.

The place where they met was in an open-air cafe on the second floor. At this time, the boss Qian, the boss Niu, and Zhanpeng had arrived first, and Qin Yuan was on the side. Waiting for the transaction to complete.

Not long after, Nezha came the news:

"Captain, the transaction was successful. Our money has been checked by the other party, and there is no problem. Moreover, one of the Big Three, Sanji, was found. We are following each other."

Qin Yuan shook his head slightly when he heard this. All they used were real money, of course, there was no problem, and ordinary currency detectors could not detect it. They had the tiny tracker hidden in the banknote.

Since Sanji manages money laundering, he will naturally come to get the money!

Gao Gang was also overjoyed. He didn't expect that this time two people would fall out!

The opposite Zhanpeng also received the news, then smiled at the two bosses, and then dialed a call.

Then, the Big Three under Nuoka, Ida, who specializes in controlling ice trading, finally appeared in front of them!

Chapter 245: Why are you here!

This Ida is wearing a famous-brand suit, but the whole person is an incomparable yin dove. At first glance, he is not a good person!

"Hello, hello, the two bosses, finally met."

At this time Ida smiled, and then shook hands with the boss of Qian and the boss of Niu, and Zhanpeng also quickly introduced:

"The two bosses, this is our supplier, Mr. Yida, and Mr. Yida can take full control of the transaction between us."

Upon hearing this, Boss Qian had a slight doubt:

"Oh, full control, can he do it?"

"Of course, behind me is Mr. Nuoka, the largest force in the Silver Triangle. No matter how much you want, I can provide you with it. Of course, at this price and the way of cooperation, we can talk about it."

At this moment, Ida said with a smile on his face, but Boss Niu who sat aside heard this, but said:

"If you don't say anything else, just tell you, what price you give the old money, what price you give me, how much you give me, how much do you understand?"

Hearing this, the smile on Ida's face became even brighter, and said to the two bosses: "Of course, you two, since everyone is willing to cooperate, then let's talk about it."

At this time, the boss of Qian didn't talk nonsense, and said directly to this Ida:

"I need 6 tons a year, can you provide it? If you add the old cow together, it will be 12 tons. Are you sure you can provide this output?"

Ida smiled and said: "Twelve tons is indeed a bit too much, but I think that since the two forces are distributed in the south and the other in the north, then we can reduce a little bit. How about 5 tons per person? Of course, the price is required. Mention 5 points."

Hearing this, Boss Qian's face changed, and he said directly to Ida: "No, 5 points is too high, two points at most."

At this time, Gao Gang seemed to be really buying ice noodles, and he was very serious about bargaining with Ida.

On the other side, there was something wrong with Nezha. He followed the person who took the money before and found Sanji, and then followed Sanji and entered a room in the hotel.

And there was another person in this room. After seeing this person, Nezha's eyes suddenly widened, because this person was not a poisoned ricer, but an army officer from Myanmar named Song Ge.

At this moment, Nezha's heartbeat suddenly accelerated. They have always suspected that the poisonous rice in the Silver Triangle is so rampant that it will have contact with the high-level officials of these countries. If they can seize the evidence of the connection between the poisonous rice and the high-level, then These evidences can be used to prosecute internationally, and the real murderers hiding behind these poisonous foods can directly put the law. When the time comes, the silver triangle can restore real peace.

When he thought of this, Nezha's heart was also a little excited, sweating constantly on his forehead, but the more excited he was, the easier it was to reveal his flaws, and he didn't even see a person staring at him at this time.

This person was under Brother Song. When he saw Nezha's appearance, he immediately understood that Nezha must have been following Brother Song, so he sent a message to Brother Song directly with his mobile phone, and Song Ge who was walking in front was excited. Then go directly to the fire exit.

Of course Nezha wouldn't let Song Ge run away like this, so he chased him directly, and just opened the door, only to find that Song Ge was nowhere to be seen!

Ne Zha just wanted to take out his tracker to check Song Ge's traces, but suddenly felt that there was someone behind him, and before Ne Zha could turn around, he felt that his neck was being strangled.

This person who restrained Nezha was under Brother Song. This guy was also murderous, a cross buckled like fire, and Nezha's eyes were wide open, feeling the feeling of suffocation, but there was something in his heart. fear.

But at this moment, a person suddenly appeared and punched the thugs directly on the back of the head, knocking the thugs to the ground, then took a look, squatted down, and gently twisted the thugs. neck.

He helped Nezha who was about to suffocate from the ground. Nezha opened his eyes and saw that this man turned out to be Wang Yanbing. He said in shock, "You... why are you here?"

Wang Yanbing smiled and said to Nezha:

"This is our boss's arrangement. Since we are going to support you, we naturally have to protect your safety at all times. Go after it, you can't catch it when it's too late."

And Nezha also understood the importance of this matter, so he took out his tracker and swiftly walked towards Song Ge, but Wang Yanbing took out his mobile phone while chasing, and said to the mobile phone: "Captain, Nezha seems to have been discovered by the other party, so be careful."

Although he had already killed this thug, Song Ge became suspicious after all, if Song Ge explained to the other side, it would definitely affect Qin Yuan's progress.

At this time, on Qin Yuan's side, Boss Qian and Ida were arguing about each other's rights and prices. At this time, Qin Yuan found that it was okay at the beginning, but now Yi Da Da, every time you speak, you have to pause.

And the bluetooth headset on this guy's ears is also constantly flickering, it is obvious that someone is behind it!

Looking at this guy, Qin Yuan suddenly opened up his hearing ability to maximize it, and finally heard the voice of another person in the Ida headset!

Sure enough, as Qin Yuan had expected, there was another voice that was constantly delivering news to Ida, and Ida was just a microphone, transmitting all the words of that person.

The distance that the Bluetooth headset can pass will not be too long That person must be on site.

At this time, Qin Yuan heard the voice of this and that person, and there was a sound of piano mixed in, and he looked around and found that there was a piano playing on the third floor!

Qin Yuan suddenly showed a sneer, put his hand in his pocket, and used his cell phone to text others.

"The host behind the scenes is near the piano on the 3rd floor, look for it."

Qin Yuan's message was passed directly to Erlang, who was the main correspondent, and then to everyone. Bingbing and Master moved quickly and walked directly towards the third floor. They soon found one in front of a piano. The more important person is Natu, Nuoka's son.

At this time the master said very excitedly:

"Attention! Found a new target, Nuoka's eldest son Natu!"

Hearing this, everyone was agitated. If Ida of the Big Three might be the same as Weng Sha before, and I don't know the location of Nuoka, then as Nuoka's eldest son, Nuoka's next heir, Natu, Will definitely know the specific location of Nuoka!

Chapter 246: punishment

But at this moment, Wang Yanbing's news was sent directly, and everyone's hearts were suddenly shocked. At this moment, Ida, who was sitting opposite, suddenly the phone rang, and I saw the news on the opposite side. A change.

Gao Gang realized that something was wrong, and yelled: "Do it!"

Following Gao Gang's order, Qin Yuan and Li Erniu quickly took out their guns. Li Erniu slapped Ida's thigh directly, while Qin Yuan directly took the few sitting behind them. The thugs were killed instantly!

Qin Yuan maximized his ability to perceive spider dangers, shooting like electricity, shooting one after another.

And hearing this gunshot, everyone in the mall screamed and quickly found a place to hide. Only those Ida's subordinates would quickly take out their pistols and shoot at Qin Yuan and others.

So now as long as it is someone who has the intent to kill Qin Yuan, Qin Yuan will shoot it over, and he doesn't worry about making a mistake. These people must be Ida's men!

At this time, Zhanpeng did not expect that people like Qin Yuan would shoot suddenly, and he was shocked, and he overturned the table, turning around to escape!

The poisonous rice on the 3rd floor also saw the situation, and quickly shot at this side. Gao Gang and the others hurriedly avoided. Taking advantage of this opportunity, Zhanpeng fled directly.

Li Erniu instantly picked up the pistol and aimed at Zhanpeng's back, but Qin Yuan gently grabbed Li Erniu's hand and cast a look at Li Erniu.

Although Li Erniu didn't understand why Qin Yuan wanted to do this, he knew that Qin Yuan must have his own ideas, so instead of chasing Zhanpeng, he chased and killed other gunmen.

At this time, Qin Yuan looked at Zhanpeng's back, with a sneer at the corner of his mouth. If Li Erniu were to kill Zhanpeng with just one shot, it would be really cheap for this guy.

So Qin Yuan has made a backup plan, and he will definitely be able to catch this guy!

At least, he wants Fang Xinwu to completely relieve the pain in his heart.

Even if you want to kill this guy, you should let Fang Xinwu do it himself!

At this time, the master Bingbing and Xu Tianlong on the third floor, hearing Gao Gang's voice, also acted directly, rushing towards Natu!

Although Natu was young, he had been a poisonous fan for a long time, and he had already found out what was wrong. Seeing these people rushing towards him, he fled wildly!

At this time, the surrounding people were frightened to avoid due to the gunshots, which caused a lot of trouble to the three masters, but Natu had no such scruples. He instantly took out a pistol from his pocket. , It was a burst of fire at the three!

Xu Tianlong saw that a child was about to be hit by a bullet, and suddenly rushed over with a sliding shovel, and threw the child aside, then he stood up and continued to rush towards Natu.

Guo Bing was almost shot by a gun at this time. The master glanced at him, and just about to turn his head, Guo Bing shouted: "Brother, I'm fine, you hurry up and chase him, don't let him run away."

At this time, Master Guo gritted his teeth and rushed towards Natsu. Natsu had already lighted all the bullets in his hand just now. Seeing Master Guo rushing over, he immediately threw the gun away and concentrated on running away!

He has also understood that these people are definitely not other poisonous rice, and they will not directly kill themselves!

And the master looked at Natsu who was running away, indeed a little embarrassed. After all, his marksmanship was not very good. If Natsu were to be killed directly in the chaos, they would be finished this time.

But at this moment, Xu Tianlong, who was on the side, fired directly, hitting the glass next to Natsu!

The glass burst instantly! The fragments pierced directly towards Natsu!

At this moment, Natsu's face was pierced by glass shards, and he screamed and fell directly to the ground.

Master Guo looked back at Xu Tianlong, tied a big finger in satisfaction, and then rushed towards Natsu, took out the handcuffs from his waist, and wanted to handcuff Natsu.

But at this moment, the master suddenly saw a little boy appear directly in front of him. He was taken aback for a moment and said to the child:

"Kid, get out of here!"

But when the little boy heard the master's words, he didn't pay any attention to it. Instead, he took something out of his pocket.

Standing at the back, Xu Tianlong saw the kid's movements, and suddenly thought of something, he shouted, "Danger!"

When the master heard Xu Tianlong's words, he was taken aback.

Danger? What can be dangerous?

Now, hasn't Natsu been caught?

He looked around and found no other gunmen.

But when the master saw the kid, he discovered that the kid had actually pulled out a uzi submachine gun from his pocket!

The master's eyes widened in an instant, and the name of a terrorist unit was remembered in his mind, but he just wanted to dodge, but he couldn't dodge it!

A grim smile appeared on the child's face. Seeing that the master was about to be hit by the submachine gun, a bullet came up from downstairs and directly penetrated the glass, instantly piercing the boy's arm. The submachine gun turned directly and shot at one side of the glass, but luckily it didn't hit anyone!

However, Natsu took advantage of this opportunity to instantly break free from the master's ***** and rushed towards another place.

At this time Qin Yuan suddenly rushed to the 3rd floor, watching Xu Tianlong scolded loudly: "What are you doing?"

Xu Tianlong also had a cold sweat on his face at this time, just had a chance to shoot, but looking at the kid, he hesitated!

Because the child looked six or seven years old, about the same age as Xu Tianlong's brother, it was impossible for Xu Tianlong to shoot such a child.

Qin Yuan saw Xu Tianlong's appearance, kicked Xu Tianlong out with one kick, and said to Xu Tianlong:

"Do you know! If it wasn't for me to shoot, the master would already be lying in blood, telling you, as long as the enemy is holding a gun at you, no matter what his status is, whether he is a child, an old man or a woman, he It's your enemy! How did the previous training?"

Hearing such words, Xu Tianlong gritted his teeth fiercely and said to Qin Yuan, "I know I was wrong!"

Qin Yuan looked at Xu Tianlong, sighed, and said to him:

"Go back to 2000 push-ups."

Qin Yuan also understood that it was really cruel to let these people who were shouting at home and defending the country suddenly shoot at children and women, and this was also the purpose of Nuoka's formation of baby soldiers.

Chapter 247: Dead period

But as a soldier, as long as the opponent is the enemy, there is no difference between gender and age, and they can only adapt well.

At the very least, like Qin Yuan just now, hit the child in the arm to disarm.

At this time, Bingbing rushed up and said to the two of them:

"What are you doing here in a daze? Natsu is going to run away."

And Xu Long rushed over and found that Natsu had robbed a car driven by a car and was about to run out. Just about to catch up, Qin Yuan stopped him, smiled coldly, and talked directly to the intercom. With a cry:

"Falcon?"

As soon as Qin Yuan's words were over, everyone suddenly heard a gunshot sounded upstairs, with a bang, and directly hit the tire of the car that Natsu opened. Natsu couldn't grasp the direction, and the car hit directly. On a pillar!

Crackling!

The indoor pillars are naturally not very strong, and all kinds of fragments are falling down.

Natu also slammed into the driver's seat and passed out. Gao Gang quickly ran over and pulled Natu out of it, and made a gesture to the crowd to signal them to retreat!

After all, they have caught people now, and it is estimated that those policemen are coming soon too!

When Qin Yuan saw Yida, he was arrested, and he whistled directly to signal everyone to retreat.

And when they evacuated, the local police also arrived at the mall, but unfortunately, only a mess was left for them.

After Gao Gang left the mall, he said with excitement:

"This time we have gained a lot. We not only caught Ida, but Natu, but unfortunately let Zhanpeng run away. Qin Yuan, do you know where Zhanpeng went?"

When Qin Yuan heard this, he just shook his head, saying that he didn't know.

But Qin Yuan really doesn't know?

Ten minutes later, Qin Yuan drove directly to a suburb.

This is an abandoned playground. Although it is by the sea, there are usually no people coming.

Qin Yuan did not come by himself, and there was also a lively army dog, it was Xiao.

Qin Yuan blew a whistle, and soon he stood up by himself. Isn't this Fang Xinwu?

"What are you asking me to do here?"

This time the mission was excluded, Fang Xinwu was naturally a little disappointed, and this time the action was exposed, he originally wanted to take this opportunity to kill Zhanpeng, who knew that Zhanpeng ran away!

Seeing Fang Xinwu's appearance at this time, Qin Yuan smiled, and faced Fang Xinwu Dao:

"Sure enough, there will be some changes when people stay outside for a long time."

When Fang Xinwu heard this, he glanced at Qin Yuan with a strange look: "Isn't this normal? There is no change in life."

"That's right, but I want to ask if your heart has changed. Find the best informant. You have been lurking here for 10 years. Do you want the country to give you any reward."

"I don't need any rewards. I just need to catch that guy and avenge my girlfriend. Also, if you let me come, just give me such nonsense, then I will go back first."

Qin Yuan didn't get angry when he heard Fang Xinwu's words. After all, he also understood that Fang Xinwu was the most angry time now. If he asked him to do such indifferent things, then Fang Xinwu would be angry.

So Qin Yuan directly clicked on the remote control in his hand, facing Fang Xin Wudao:

"The gift I prepared for you in the trunk of the car, I don't know you are happy.

gift?

Upon hearing this, Fang Xinwu's face was suddenly full of doubts, but he walked over and opened the trunk of the car directly.

Then, Fang Xinwu discovered that it turned out to be a sack inside, and the sack arched one after another, as if there was a person inside!

Fang Xinwu suddenly thought of something, and quickly untied the sack, and found that there was a man inside with blood and bruises!

However, Fang Xinwu can still clearly recognize that this guy is Zhanpeng!

Seeing this guy, Fang Xinwu's eyes were bloodshot, and he pulled Zhanpeng out of the car, then turned his head and said to Qin Yuan:

"You beat him like this?"

When Qin Yuan heard these words, he immediately shrugged and faced Fang Xin Wudao:

"Could you not slander the prisoners casually, but it doesn't comply with the regulations. This matter was done by Xiao, not by me."

With these words, Qin Yuan directly blew a whistle, and Xiao suddenly circled Qin Yuan's circle.

Seeing this situation, Fang Xinwu breathed a sigh of relief, but he was a little curious and asked Qin Yuan:

"How can you use this dog, isn't it Gao Gang's dog?"

"Don't ask about this. Alright, there are so many words. Would you like this gift?"

At this time, Qin Yuan showed a mysterious smile on his face. He could never tell Fang Xinwu's existence of the system. In fact, as early as last night, Qin Yuan had already quietly received Xiao Zheng from his grid.

At that time Qin Yuan saw a row of familiar skills.

"1, get a perfect sense of smell!"

"2, get world-class military dog affinity!"

"3, get world-class military dog domestication!"

Qin Yuan had already made plans to let Xiao do this, so Qin Yuan directly chose the second item.

"Dingdong~ Congratulations to the host for the successful selection, and gaining a world-class military dog affinity and a hundred military dog favorability points."

Qin Yuan simply checked and found that these 100 military dog favorability points can directly increase the favorability of a military dog to 100 points, which is exactly what Qin Yuan needs, so Qin Yuan did not hesitate to directly increase this 100 points. All the points were added to Xiao's body, and in an instant Xiao became Qin Yuan's faithful licking dog!

And when Zhanpeng ran away Qin Yuan directly asked Xiao to track it, and Qin Yuan had already placed a tracker on Xiao's body, so after the matter was over, Qin Yuan followed the tracker to find Xiao, naturally. I found Champhong!

Naturally, there was no need to do much for the next thing. Qin Yuan directly interrupted Zhanpeng's two hands, and then asked Xiao to attack Zhanpeng. This was what brought Zhanpeng here.

Fang Xinwu was also sober now, no matter how Qin Yuan got it, he thanked Qin Yuan very much.

Fang Xinwu directly dragged Zhanpeng off the car, took out a pistol from his waist, and directly against Zhanpeng's head.

Fang Xinwu was thinking about his girlfriend and his life over the past ten years. The gun in his hand started to tremble.

Fang Xinwu's life was almost ruined by this guy!

"Evil thief, now is your death date!"

Chapter 248: good news

At this time, Zhanpeng slowly came to his senses because of the shock. At this time, he was shocked when he saw a man pointing a gun to his head.

And he took a closer look and found that this person was Fang Xinwu. He stared at Fang Xinwu with wide eyes, and said in a panic:

"Since I met you for the first time, I have found that you are a bit familiar. You are Fang Xinwu, right?"

Fang Xinwu saw a sneer at the corners of Zhanpeng's mouth when he had sobered up, and then tore off the disguise on his face. This was what Zhanpeng said:

"Very well, it seems that you at least know who killed you on Huangquan Road."

With this, Fang Xinwu was about to shoot, and Zhanpeng quickly said:

"Fang Xinwu, Fang Xinwu, calm down. You are a policeman. If you kill me, you will be punished. What's more, even if you kill me, your girlfriend will not come back!"

Hearing Zhanpeng's words, Fang Xinwu seemed to have been hit by something. He slowly separated Fang Xinwu and muttered:

"Your right, even if I kill you, my girlfriend can't come back."

When Zhanpeng heard this, he quickly squeezed a smile. Although he knew that he would not end well if he fell into the hands of these men, the fear of death, even if he could live a little longer, would be good.

However, while Zhanpeng was still laughing, he suddenly saw Fang Xinwu in front of him, reinstalled him directly, and threw it into the trunk of the car.

Zhanpeng couldn't help struggling, but Fang Xinwu looked at this guy with a sneer at the corner of his mouth, and said to Zhanpeng:

"Even though I killed you, my girlfriend won't be able to come back, but seeing you in pain makes me happy and happy!"

After finishing these words, Fang Xinwu suddenly grabbed Zhanpeng's hand, took out a dagger from his waist, and directly cut the veins of Zhanpeng.

Then Fang Xin's military commander Zhanpeng's hand directly placed on Zhanpeng's head. Zhanpeng watched his blood slowly, and it slowly flowed to his face, and because Zhanpeng's hand was interrupted Even if you want to move, there is absolutely no way.

At this time, Qin Yuan, who was on the side, saw this situation, and a smile appeared at the corner of his mouth. He thought that Fang Xinwu really had the kindness of a woman and planned to let Zhanpeng go.

But now it seems that he just didn't want to make Zhanpong die so easily.

At this time, Fang Xinwu also glanced at Qin Yuan and said to Qin Yuan:

"Let's go."

Fang Xinwu felt extremely calm at this time, and he finally avenged his girlfriend.

But Qin Yuan'er saw Fang Xinwu's appearance at this time, but he was facing Fang Xinwu Dao:

"You are not insured like this."

With this, Qin Yuan walked directly to the car, started the car, straightened the direction, supported the accelerator with a wooden stick, and then suddenly released the handbrake.

And Qin Yuan himself got out of the car, and just like that, the car started slowly moving forward, and in front of it was the deserted swimming pool.

It happened to rain in the first two, and there was dirty water everywhere in the swimming pool, just enough to pass the car.

Seeing the car fell into the swimming pool, Qin Yuan clapped his hands and said to Fang Xin Wudao: "Let's go, now there is no worries."

Fang Xinwu looked at Qin Yuan with gratitude in his eyes, but he just patted Qin Yuan on the shoulder, there was nothing, but when both of them looked back, they suddenly remembered something.

Just now, Fang Xinwu came by taking a taxi, while Qin Yuan got an old car from another place, but now the car has fallen into the swimming pool, and they have no transportation to go back.

The two people looked at each other, speechless, but the last two laughed together.

"It is estimated that this time the matter is almost over. We can definitely know the location of Nuoka from Natu's mouth. Qin Yuan, although you have not known you for a long time, you are a very worthy friend."

Qin Yuan looked at Fang Xinwu, also facing Fang Xinwu Dao:

"The hardest part is over, and the rest is very simple. By the way, after this is done, I believe you won't stay here anymore. Where are you going?"

Fang Xinwu heard what Qin Yuan said, but looked up at the distance, and said to Qin Yuan:

"I have been stuck in this place for the past 10 years. Next, I want to go to various countries and see what the world is like. My girlfriend was tempted by these poisonous rice because of me, so I It is necessary to avenge my girlfriend. Now that I finally get rid of the culprit, I can be regarded as making up for my regrets for my girlfriend. It is time to turn over this article and move on."

Qin Yuan gently patted Fang Xinwu on the shoulder, facing Fang Xinwudao:

"It is naturally good if you can think about it this way, but I personally recommend that you take care when you go outside. After all, the outside world is not as beautiful as you imagined. If you have any ideas, you can call me again."

After these words, the two people directly touched their fists, but the Xiao who was walking in the front turned his head, and yelled at them prosperously, as if whether you two could go faster or slower. .

Seeing Xiao's appearance, the two laughed even more.

And at this moment, Qin Yuan suddenly heard a voice in his mind:

"Dingdong~ Congratulations to the host for completing the task, helping Fang Xinwu complete his revenge, and rewarding a grid."

Qin Yuan understands that this also means that the guy in Zhanpeng has completely died, and the smile on the corner of his mouth is even brighter.

But at this moment, Gao Gang suddenly called Qin Yuan'er:

"Where have you both gone Come back quickly, there is already news, let's discuss what to do next."

Qin Yuan heard this voice and glanced at Fang Xinwu. This was to speed up the pace and head towards their headquarters.

The two quickly found a car and then returned to the command post. However, after arriving at the command post, they saw Gao Gang's face. It was not as good-looking as they had imagined. It looked like a mixed blessing.

At this time, Gao Gang saw the two people together, but there was no accident. He just said angrily:

"How come you can't find the two of you at a critical time, now there are two news, one good news and one bad news, which one do you want to hear first?"

Fang Xinwu was in a good mood after he had reported his grievances, so he was naturally facing Gao Gangdao. Then you have good news first. "

Chapter 249: Don't think so much

Gao Gang heard this and directly addressed the two human beings:

"The good news, that is, from Natsu's mouth, we already know where Nuoka's base camp is and how he deploys defenses."

Qin Yuan and Fang Xinwu have already guessed this good news, and Qin Yuan heard this good news: "This is good news, so what about bad news?"

"Let Nezha come with the bad news."

Gao Gang glanced at Nezha on one side and said helplessly.

At this time Nezha and Wang Yanbing were both on one side, and the two of them were a little depressed:

"When I was tracking Sanchi before, I suddenly lost it. Although I saw a Burmese official named Song Ge, he still let him run away."

When Qin Yuan heard this, he comforted the two of them:

"If he ran away, he ran away. Anyway, that guy is an official in Myanmar. Even if we caught him doing business with those poisonous rice, unless there is real evidence, there is still no way to deal with him, let alone even if it is. If you catch him, you will have to wait until the Four Nations Federation will judge him together. At that time, I don't know how many monster moths can be produced."

After all, Qin Yuan understands that there must be other people behind Song Ge. Song Ge is just another person. By then, the Four Nations Federation will have to be a long time talking about it, in case it is delayed. Isn't that because of the loss?

However, Gao Gang, who was on the side, shook his head and said to Qin Yuan:

"In this way, we may be stunned. I'm afraid Nuoka will run away after learning this news."

Qin Yuan laughed directly, and said to Gao Gang:

"You can pull it down. Now, we have grabbed two of his three major generals, and also grabbed his son. If Nuo Ka is really a courageous guy, don't be stunned, and now we are about to earthquake. ."

"If he really had such a heart, he would have escaped a long time ago. He will have to wait until this time, not to mention that the borders of the four countries are now strictly blocked. He can only rely on a pair of legs to get out of this silver triangle. What kind of stuff is a glutinous card that has no power, no money, and nothing?"

And Fang Xinwu on the side also followed: "It's a sweet steamed bun. You must know that Nuoka's hands must have accumulated a lot of money over the years. Someone will be interested in him and will hunt Nuoka. Until the money in his mouth is drained, but at that time he will be as lucky as the last poison king Kunsha, whether he can save his life, then I don't know."

Gao Gang on one side heard this, but he sighed:

"I'm not thinking, if he escapes, we will be in trouble."

Qin Yuan directly faced Gao Gang and said:

"Okay, don't think about it so much. You can only do it with a real sword. You should first make a plan for what to do next. As for the war, leave it to us professionals. ."

Hearing Qin Yuan's words, the members of the red blood cell team all smiled.

At this time, Gao Gang's people also nodded in peace of mind. After all, they had already seen the strength of red blood cells. Putting this last action on them, Gao Gang and others were naturally very relieved.

"Well, you'd better make some preparations first, and when we have done research, we will launch the final blow to Nuoka!"

At this time everyone heard Gao Gang's words, and they all agreed in unison.

But when Qin Yuan heard this, his eyes were blurred. If Nuoka were to be caught or killed now, then his main task had been completed, could he do some private work that belonged to him?

...

At this time, in a jungle, Song Ge, who had already escaped, was meeting with Nuoka.

"Nuoka, we have already figured out the matter of the shopping mall. It is the people of Yan country who are doing it. This time, the trouble is really too big. So according to the boss, he wants you to temporarily leave the Silver Triangle and escape for a while. !"

But when he heard this, Nuoka was extremely angry and directly yelled:

"Let me go, those people are worthy, don't be them, even if the boss is the same, how long have I been here, how long has the boss been here? He is not just a passer-by, I am the real master!"

When Song Ge heard this, he looked at Nuoka with a little playfulness, and said to Nuoka:

"Nuoka, don't forget, who helped you become the boss of the Silver Triangle 10 years ago? Your boss has contributed to this achievement. But if you are like this now, don't you want to live? Yet?"

When Nuoka heard this, her face suddenly changed, and she drew her pistol from her waist, raising her hand to hit Brother Song in the head!

Brother Song didn't expect Nuoka to be so impulsive. He just threatened Nuoka and planned to kill himself.

And just when Nuoka was about to shoot directly, Sangji on the other side quickly grabbed the gun in Nuoka's hand and couldn't help but persuade Nuoka:

"Chuck, you can't be impulsive now, our situation is more critical, it's not suitable to turn your face with the boss at this time!"

Hearing this, Nuoka suppressed the killing intent in her heart, glanced mockingly at Song Ge, and said to Song Ge:

"I will let you know who is the king of the Silver Triangle. Go back and tell the boss to let him collect the money."

After that, Nuoka turned around and left.

Seeing Nuoka's back at this time, Song Ge's eyes were also full of an unclear meaning, and Sangji, who was standing on the side, said to Song Ge:

"Okay, I will send you out now. But you have to help us get a couple of good words in front of the boss. Of course this thing is not done in vain, the card will inevitably be returned to you when the time comes. ."

But when he heard this, Song Ge didn't say a word. Until after a certain distance, Song Ge said to Sangji:

"Sanji, how long have you been following Nuoka?"

"It's been seven or eight years, look at my eye, it was the mountain that followed the card's head."

At this time, Sangji pointed to his own eyes that looked a little scornful, slightly mocking.

"Then you must know exactly how Nuojia came up from a younger brother step by step. He has made a lot of money and enjoyed a lot over the years. Don't you have any ideas, Sanji?"

Ok?

After hearing this, Sangji's footsteps were certain, and he looked back at Song Ge, not understanding what Song Ge meant.

Chapter 250: The mission of a soldier

Brother Song saw the hesitation in Sangji's eyes at this time, but sneered, and said to him:

"This time Nuoka really made a mistake. He shouldn't provoke those Yan people. Now that things are so big, the boss may decide to give up Nuoka. Sanji, Nuoka was just Kunsha 10 years ago. To be honest, the boss often reminds you in front of me that he still has a good impression of you, so once you take any action, the boss will open one eye and close another. After all, this silver triangle, No one is a permanent overlord, only money is!"

Sangji heard Song Ge's words, and a sharp light suddenly appeared in the remaining eye.

To be honest, although Sangji is now Nuoka's confidant, Nuoka gave all the money in his hands to Sangji, so that Sangji was washed white.

But money laundering is not a good job. You have to keep your accounts clear. It's okay if you want to get a little money, but it's completely impossible to get a lot of money, and you will be suspicious of Nuoka. Did you embezzle your money? So Sanji is not doing well under Nuoka now.

More importantly, seeing so much money, but not one cent is one's own, this is a kind of suffering in the heart for greedy people!

What's more, what Nuoka could do 10 years ago, why can't I do it today, Sanji?

Sanji just glanced at Song Ge and said lightly:

"It's not the time yet. Let's wait for a while. At the very least, we need to find out where Nuoka's gold is buried."

When Brother Song heard this, a smug smile finally appeared at the corner of his mouth.

At this time Nuoka returned to the gathering place, the more she wanted to get angry, and as a person who sucked ice noodles, it was very difficult for Nuoka to give birth to children. All the children were deformed, and only Natsu was the only one. normal.

Originally, Nuoka was thinking of letting Natsu take over her position, and now she is gradually cultivating Natsu, but who would have thought that Natsu was directly caught in this action.

Now Natsu fell into the hands of the people of Yan Country, and if he wanted to **** someone from those people, Nuoka understood the difficulties, and his son was gone!

At this moment, there was a loud noise from the baby soldiers outside. At this moment, when he saw the baby soldiers outside, Nuoka's mouth showed a cruel and indifferent smile.

After a while, Nuoka took one child, one child, and one child into a room, and said to the two children in a bewitching voice:

"Children, these Yan people dare to despise us, and he has captured your big brother Natsu. We must let him see how we are, and avenge your big brother Natsu!"

While saying this, Nuoka sitting on the throne gently wiped the heads of the two people, and the two dolls immediately looked at Nuoka full of admiration.

Nuoka directly pinched a little ice surface from one side and sprinkled it on the faces of the two people. The two dolls suddenly took a bite intoxicated, and then fell directly to the ground and convulsed uncontrollably.

Seeing the appearance of these two baby soldiers, Nuoka waited quietly. After a while, these two talents recovered, and the look in Nuoka's eyes became more admired.

Then Nuoka whispered directly to the two of them, and worked out their plan this time.

Finally, Nuoka said to the two children:

"You will be our eternal heroes here, and I will take good care of your family, younger brothers and sisters. Okay, my dear warrior, let the people of Yan country tremble!"

After saying this, Nuoka's suddenly burst into laughter.

...

At this time, outside the four-nation union building, there are full of joint inspections from four countries. This is the base camp of the entire four-nation federation. Only when they are here, they can use real guns and live ammunition. The right to kill the molecule directly.

And the security situation here is also very strict. There are various explosion-proof devices, and if you want to enter the entire federation, you have to pass a metal detector at the door to prevent people outside from carrying guns.

After all, these poisonous rice are all evil, and it is not impossible to directly attack the members of these federations.

At this time, Gao Gang, Qin Yuan and others were also staying here. They were in the meeting room upstairs, narrating the planned tasks posted above.

Gao Gang looked at the schedule and said to Qin Yuan:

"Although we have figured out where Nuoka is located, the place is inaccessible and the geographical environment is very complicated, not to mention the fact that the other party still has heavy weapons, and the arrest operation may be very difficult.

Qin Yuan glanced at the above terms at this time, but frowned slightly, and said to Gao Gang:

"Danger is not a problem, and arrest is not a problem. After all, these jobs are what we should do, but I have one thing. Does Nuoka have to live?

At this time, Gao Gang heard this, but he paused a bit embarrassed, and then this was a supplement to Qin Yuan:

"The other party has heavy weapons, so we will use live ammunition directly this time, but the above requirements are still to be able to catch Nuoka alive. After all, Nuoka has been at large for more than ten years. He is the culprit in many cases. , Once we can live out the glutinous card, we will not only be able to draw a perfect node for this Mekong River operation, but also will be able to uncover all the many old cases before. , A one-time completion, which is indispensable for increasing our power internationally."

Hearing such words, Qin Yuan also nodded, and said to Gao Gang:

"I can try to keep him alive, but I can't guarantee that if there is any unavoidable damage to my player, I will shoot him directly without hesitation. I will not use my player's life in exchange for this kind of face. Honour."

Gao Gang heard this, but said to Qin Yuan with some embarrassment:

"This is a matter of the above three orders..."

But Qin Yuan shook his head and said to Gao Gang:

"I'm a soldier, not a policeman. The mission of a soldier is to destroy the enemy. Since the upper ranks sent us, I must already have this mental plan. The big deal is that I will try my best to make Nuoka ensure the integrity of the body. Then you can shoot it again. Up."

Hearing Qin Yuan's words, everyone was speechless. Those who were already dead would be shot again, so what's the point.
