Chapter 2461 Safety First!

"What is the legend?" Wang Yanbing asked.

Fan Tianlei did not answer. He walked slowly to the meat mountain, trembling his hands, and gently stroked the surface of the meat mountain, as if he was touching a rare treasure.

"Thunder God, are you crazy?!" Wang Yanbing shouted in horror, "This thing is not a good thing at first glance, why are you touching it?!"

Fan Tianlei turned a deaf ear to him, he closed his eyes, as if he was feeling something. After a moment, he suddenly opened his eyes, with a fanatical light flashing in his eyes.

"I know! I know!" Fan Tianlei shouted excitedly, "This is an ancient artifact! The legend says that it can make people immortal and gain supreme power!"

"Immortality? Supreme power?" Wang Yanbing and He Chenguang looked at each other, and saw the look of disbelief in each other's eyes.

"Thor, you... you are not mistaken?" Wang Yanbing stuttered, "How... how is this possible..."

"It's true! I'm sure!" Fan Tianlei said excitedly, "I once saw a record of it in an ancient book, and it is exactly the same as the scene in front of me!"

"Then... what should we do?" He Chenguang asked.

"What should we do?" Fan Tianlei's eyes flashed with greed, he licked his lips and grinned, "Of course... take it back!"

"Take... take it back?!" Wang Yanbing and He Chenguang were stunned. This is a moving meat mountain! How to take it back? !

"That's right! Take it back!" Fan Tianlei said firmly, "This is a once-in-a-lifetime opportunity! As long as we can get it, we can have supreme power! By then, in this world... what else can we not get?!"

Fan Tianlei said, and reached out to grab the meat mountain.

"Thor, don't!" Qin Yuan suddenly shouted, pounced on him, and pulled Fan Tianlei back.

"What are you doing?!" Fan Tianlei glared at Qin Yuan, his eyes full of madness, "Do you know what you are doing? You are blocking me from obtaining supreme power!"

"Thor, calm down!" Qin Yuan said in a deep voice, "This thing is very evil, we can't act rashly!"

"Evil? Humph! I think you are scared!" Fan Tianlei pushed Qin Yuan away, pointed at the meat mountain, and laughed wildly, "Coward! You don't dare, but I do! When I get supreme power, I will make you all kneel in front of me and tremble!"

Fan Tianlei said, and pounced on the meat mountain again...

Qin Yuan grabbed Fan Tianlei and threw him aside like a chicken. This sudden change made Wang Yanbing and He Chenguang stunned. The two looked at each other and forgot what to do next.

"I say, Lao Fan, are you possessed? This thing is obviously not a good thing at first glance, and you are still rushing to get close to it!" Qin Yuan cursed angrily, while staring at the squirming meat mountain vigilantly.

Fan Tianlei seemed to sober up a little after being thrown down by Qin Yuan, but his eyes looking at the meat mountain were still full of fanaticism. "Immortality... supreme power..." He muttered to himself, as if possessed by a demon.

"Come on, you are so small, and you still want to be immortal? I think you should think about how to get out of this damn place alive first!" Wang Yanbing couldn't help complaining.

"Yanbing is right, Thor, this thing is too weird, let's retreat first." He Chenguang also advised.

However, Fan Tianlei turned a deaf ear to him. He struggled to get up, pointed at the meat mountain, and shouted at the top of his lungs: "This is a godsend! As long as we get it, we can become the best! What do you know!"

"I know nothing about you!" Qin Yuan couldn't bear it anymore, and kicked Fan Tianlei in the ass, kicking him to the ground. "If you go crazy again, I'll tie you up and throw you here!"

Fan Tianlei finally calmed down after being frightened by Qin Yuan, but his eyes looking at the meat mountain were still full of desire and greed.

"Brother Yuan, what is this thing? Why does it look so creepy..." Wang Yanbing rubbed his arms and got goose bumps.

"How do I know? It's probably some mutant species..." Qin Yuan shook his head. He had never seen such a strange creature.

At this moment, the meat mountain suddenly shook violently, as if something was about to come out of it.

"No! It's coming out!" He Chenguang exclaimed, raised his sniper rifle, and aimed at the meat mountain.

"Everyone retreat!" Qin Yuan roared, protecting Wang Yanbing and He Chenguang behind him.

The next second, the meat mountain suddenly exploded, and countless tentacles rushed out from it like venomous snakes, sweeping towards Qin Yuan and others.

"Fuck!" Qin Yuan cursed inwardly, drew out his saber, and rushed towards the tentacles.

The tentacles were extremely fast and powerful. Qin Yuan was careless and was entangled by a tentacle around his waist and was dragged towards the meat mountain.

"Brother Yuan!"

"Captain Qin!"

Seeing this, Wang Yanbing and He Chenguang opened fire. The bullets hit the tentacles, but it was like hitting cotton, and could not cause any damage at all.

"Don't worry about me! Go!" Qin Yuan roared. He knew that if he was dragged into the meat mountain, he would really die.

However, how could Wang Yanbing and He Chenguang abandon their comrades and escape alone? The two looked at each other, their eyes full of determination...

Wang Yanbing picked up the assault rifle in his hand and fired wildly at the meat mountain, shouting while shooting: "You son of a bitch! Eat your grandfather's round!"

The dense bullets hit the tentacles, splashing waves of meat mud, but they could not stop the tentacles from moving forward.

He Chenguang calmly pulled the bolt of the gun and aimed at the center of the meat mountain. An armor-piercing bullet roared out and hit the target accurately.

"roar!"

Roshan let out a shrill roar and trembled violently. More tentacles rushed out crazily, as if feeling the threat of death, they wanted to tear everything in front of them into pieces.

Qin Yuan was entangled tighter and tighter by the tentacles and had difficulty breathing, but he still did not give up resistance. The saber in his hand turned into streaks of cold light, cutting off the approaching tentacles one by one.

"Damn it! Why can't this thing be killed?" Wang Yanbing was so anxious that he was sweating profusely. He almost ran out of bullets, but he still couldn't stop the tentacle's attack.

"This thing's vitality is so tenacious that ordinary attacks are useless against it!" He Chenguang was shooting while analyzing the situation in front of him.

"Then what should we do! We can't just watch Brother Yuan being dragged in by this thing!" Wang Yanbing shouted anxiously.

At this moment, Qin Yuan suddenly felt a looseness in his waist, and the tentacle wrapping around him loosened itself.

"Huh?" Qin Yuan was stunned. Before he could react, he was grabbed by a strong arm and pulled backwards.

"You kid! Why are you in a daze!" Fan Tianlei pulled Qin Yuan behind him. The dagger in his hand flashed with cold light and cut off several tentacles that tried to get closer.

"Old Fan? You kid..." Qin Yuan looked at Fan Tianlei in surprise. He didn't expect that at the critical moment, this guy who was usually aloof would save him.

"Stop talking nonsense! I haven't lived enough yet!" Fan Tianlei cursed angrily, and the dagger in his hand danced like flying, blocking the approaching tentacles one by one.

"Old Fan, are you okay? Just now..." Qin Yuan looked at Fan Tianlei with some worry. He remembered that Fan Tianlei was fascinated by this meat mountain before.

"Stop talking nonsense! I'm very sober now!" Fan Tianlei interrupted Qin Yuan angrily, "This thing is very evil, we must leave here first!"

"Okay!" Qin Yuan nodded. He knew that now was not the time to talk nonsense. The top priority was to get out of this ghost place first.

"Let's go!" Fan Tianlei roared, and the four of them formed a defensive formation back to back and broke out toward the entrance of the cave.

Roshan seemed to be aware of their intentions, and his tentacles surged even more crazily, as if to drag them into the abyss.

"Damn it! Why is this thing endless!" Wang Yanbing cursed while shooting.

"Stop fighting! Save your energy!" Qin Yuan roared, and the four of them moved forward with difficulty despite the tentacle attack.

At this moment, there was a sudden violent vibration at the entrance of the cave, gravel fell from the roof of the cave, and the entire cave seemed to collapse.

"No! The cave entrance is about to collapse!" He Chenguang's expression changed and he exclaimed.

"Quick! Rush out!" Qin Yuan made a decisive decision. The four of them stopped fighting and rushed towards the entrance of the cave with all their strength...

Just when they were about to rush out of the cave, a huge cannonball suddenly came down from the roof of the cave and hit them hard!

The shells roared down and were about to blow the four people into pieces. At the critical moment, Qin Yuan suddenly threw Fan Tianlei down and protected him with his own body.

"boom!"

The earth shook, rocks flew, and the entire cave seemed to collapse.

After the smoke dissipated, Qin Yuan struggled to get up from the ground. His back was hit by gravel, which caused burning pain.

"Damn it! Do these grandsons want to bury us alive here?" Wang Yanbing got up from the ground in disgrace and cursed.

"Old Fan, are you okay?" Qin Yuan ignored his injuries and quickly checked on Fan Tianlei's condition.

"Ahem...I'm fine..." Fan Tianlei was shaken to his core, and it took him a long time to recover, "You kid...you're going to die!"

"Hehe, aren't we afraid that your old man will die young?" Qin Yuan grinned, showing his white teeth.

"You kid..." Fan Tianlei glared at Qin Yuan angrily, but there was an imperceptible touch in his eyes.

"What should we do now? The entrance to the cave is blocked and we can't get out!" He Chenguang calmly analyzed the situation in front of him.

"What are you afraid of! I have a lot of ideas!" Wang Yanbing said, taking out a rocket launcher from his backpack, "Let these grandsons have a taste of my power!"

"Are you crazy! Do you want to blow us all up?" He Chenguang grabbed Wang Yanbing's arm and stopped his crazy move.

"Then what do you think we should do? Do you want us to wait here to die?" Wang Yanbing jumped in fear.

"Calm down!" Qin Yuan roared, stopping the quarrel between the two, "Let me see!"

Qin Yuan walked to the entrance of the cave and carefully observed the blocked entrance, frowning.

"What's wrong? Brother Yuan, did you find anything?" Wang Yanbing came over and asked.

"These grandsons are quite cautious, and they actually used so much explosives to block the entrance of the cave tightly." Qin Yuan said solemnly, "Moreover, the explosives are very powerful, and it is impossible for us to open them with brute force. "

"What should we do? Are we really going to be trapped and die here?" Wang Yanbing's voice was trembling. Although he was usually careless, he still couldn't help but feel fear when faced with the threat of death.

"What are you afraid of? As long as I am here, you can't die!" Fan Tianlei patted Wang Yanbing on the shoulder and said calmly.

"Old Fan, stop bragging. What can you do?" Qin Yuan said angrily.

Fan Tianlei chuckled and took out a small metal ball from his pocket, "Did you see this? This is the latest developed micro bomb. It is more powerful than Wang Yanbing's broken rocket launcher!"

"You kid! Why didn't you tell me earlier!" Wang Yanbing's eyes lit up and he grabbed the metal ball, "Let's see if I don't blast a way out!"

"Wait!" Qin Yuan grabbed Wang Yanbing, "This thing is too powerful, we must retreat to a safe distance first!"

"Yes, yes! Safety first, safety first!" Fan Tianlei quickly agreed.

The four retreated to the depths of the cave. Wang Yanbing installed the metal ball at the entrance of the cave and set the detonation time.

"Are you all ready?" Wang Yanbing pressed the detonation button and asked loudly.

"alright!"

"boom!"

There was a loud noise and the whole cave shook violently...

After the deafening explosion, there was silence in the cave, with only tiny gravels still falling. The smell of gunpowder smoke filled the air, making people cough.

"Ahem... Damn, this thing is so damn powerful!" Wang Yanbing complained while coughing. He wiped the dust off his face, revealing his white teeth.

"Okay, stop complaining and see if the road is open?" He Chenguang patted Wang Yanbing on the shoulder and walked towards the entrance of the cave first.

The blasted hole exposed the blue sky, and the sunlight poured down, dispelling the haze in the cave. The four of them filed out, greedily breathing in the fresh air.

"Finally out! I never want to come to this damn place again!" Li Erniu stretched out and sighed.

"Okay, stop talking nonsense, contact the headquarters quickly and ask them to send a helicopter to respond." Fan Tianlei took out his satellite phone and dialed the number.

In less than an hour, a military helicopter roared over and took the four people back to the Spike Special Operations Brigade.

After returning to his dormitory after a long absence, Qin Yuan felt relaxed all over. He was exhausted from the life-and-death struggle for several days, and now he just wanted to have a good sleep.

"Hey, Brother Yuan, what are you thinking about?" Wang Yanbing sat down next to Qin Yuan and asked with a wink, "Do you miss your sister-in-law?"

Qin Yuan rolled his eyes at him and said angrily: "What are you thinking about, sister-in-law? I don't have a girlfriend yet!"

"Tch, stop pretending. With your skills and looks, who would believe you if you say you don't have a girlfriend!" Wang Yanbing looked unbelieving and continued teasing, "Have you fallen in love with a female soldier? Tell your brother, brother. Help you with your advice!"

"Go, go, I want to sleep, don't bother me!" Qin Yuan laughed and scolded, pushed Wang Yanbing away, and fell asleep.

Chapter 2462 Let's go back!

Looking at Qin Yuan's back, Wang Yanbing curled his lips and murmured in a low voice: "You said you don't have a girlfriend, and you are still smiling so happily even when you are asleep. You must be dreaming about dating your girlfriend!"

In the next few days, the four of them enjoyed a rare period of free time. Their presence is missing on the training ground, but their laughter and laughter are more present in the canteen.

"Come on, Lao Fan, let me toast you!" Wang Yanbing picked up the wine glass and said to Fan Tianlei, "Thanks to you, old man, we can come back alive this time!"

"Stop flattering!" Fan Tianlei scolded with a smile, "You guys performed well this time and didn't embarrass Langya!"

"Of course!" Wang Yanbing said proudly, "You don't even know who we are, we are the kings of soldiers of the Langya Special Forces Brigade!"

"You're the only one who talks a lot!" Fan Tianlei laughed and shook his head, but his eyes were filled with relief.

After drinking for three rounds, Fan Tianlei suddenly put down his glass and said seriously: "Although this mission is completed, it does not mean that everything is over. The international situation is still grim, and the activities of terrorist organizations are becoming more and more rampant. We must always maintain Be alert and always ready for new challenges! "

"yes!"

"Report!"

The dormitory door was suddenly pushed open, and a communications soldier stood at the door, saluting a military salute, "Chief of Staff Fan, the head of the headquarters is calling urgently!"

Fan Tianlei's face froze, and an ominous premonition came to his heart...

The aftermath of the explosion gradually subsided, and the cave was filled with smoke, making people choke and unable to open their eyes. Qin Yuan waved his hand to disperse

the smoke and dust in front of him, and Wang Yanbing's excited shout came to his ears: "It's done! A road has been blasted!"

Qin Yuan walked to the entrance of the cave and checked the situation with the faint light. Sure enough, a large hole was opened in the entrance blocked by explosives. Although it was not spacious, it was enough for one person to pass through.

"Quick! Let's get out quickly!" Fan Tianlei urged, he didn't want to stay in this ghost place for another second.

The four of them got out of the hole one after another, and it felt good to see the light of day again. Wang Yanbing jumped up excitedly: "Hahaha! I know there is no way I can't blow up!"

"Okay, stop bragging!" He Chenguang said angrily, "If Brother Yuan hadn't caught you in time, we would have been blown up to the sky by you!"

Wang Yanbing chuckled and scratched his head: "Hey, isn't this an emergency? I'll pay attention next time!"

"Okay, stop saying a few words!" Fan Tianlei interrupted the bickering between the two, "Hurry up and contact the headquarters and ask them to send someone to pick us up!"

...

After returning to base, the four received a hero's welcome. Especially Qin Yuan, who was injured while protecting Fan Tianlei, became a hero in everyone's heart.

In the days that followed, the four rarely enjoyed a peaceful military life. There are no dangerous missions, no fierce battles, just day after day training and laughter and curses among comrades.

"I said, Lao Fan, when are you going to give us a holiday? Training every day is almost killing me!" Wang Yanbing lay on the training ground, panting and complaining.

Fan Tianlei sat aside, holding a military magazine in his hand, and said without raising his head: "A holiday? What a beautiful idea! How can you guys defend your home and country if you don't train well?"

"Defend the family and the country? Just the few of us?" Wang Yanbing rolled his eyes, "I think you want to train us to become supermen so that we can conquer the universe, right?"

"You kid! What are you talking about!" Fan Tianlei was about to fight, but Wang Yanbing nimbly dodged and ran behind Qin Yuan to hide.

"Okay, Lao Fan, Yan Bing is just talking about it, do you still take it seriously?" Qin Yuan smiled to smooth things over.

"Huh! This kid just needs to be dealt with!" Although Fan Tianlei said this, the expression on his face became much softer.

"Brother Yuan, when will you teach me your kung fu?" Wang Yanbing came to Qin Yuan's side and said with admiration, "Your one-click recovery move is so cool!"

"One-click recovery?" He Chenguang asked doubtfully, "What kind of skill is that?"

"It's just..." Wang Yanbing was about to explain, but Qin Yuan covered his mouth.

"Don't listen to his nonsense." Qin Yuan shook his head helplessly, "That's just a move I came up with casually, nothing special."

"Tch! If you don't say it, don't say it, you stingy guy!" Wang Yanbing curled his lips, with a look of dissatisfaction on his face.

"By the way, Chen Guang, have you improved your marksmanship recently?" Qin Yuan changed the subject and asked He Chen Guang.

"It's not bad, it's a little more stable than before." He Chenguang said modestly.

"Your marksmanship is already very good. If you keep practicing, I might not even be your opponent." Qin Yuan said with a smile.

"No way, I'm still far behind!" He Chenguang scratched his head in embarrassment.

"You two, stop complimenting each other!" Fan Tianlei put down the magazine in his hand, "Although Chen Guang's marksmanship is good, he still lacks actual combat experience and needs more practice."

"Yes, Chief of Staff!" He Chenguang saluted with a military salute.

"Report!" At this time, a communications soldier ran over, "Chief of Staff, the chief is looking for you!"

"I got it." Fan Tianlei stood up and straightened his clothes, "You guys, continue training, don't be lazy!"

"yes!"

After Fan Tianlei left, Wang Yanbing approached Qin Yuan again and said mysteriously: "Brother Yuan, what do you think the chief wants to do with Lao Fan?"

"How do I know?" Qin Yuan said angrily, "You kid, why are you so curious?"

"Hehe, isn't this boring?" Wang Yanbing chuckled, "By the way, Brother Yuan, what did you say..."

Wang Yanbing wanted to say something else, but was interrupted by a rapid siren.

"Toot! Toot! Toot!"

"Emergency gathering! All personnel, gather at the training ground immediately!"

"What happened?" Wang Yanbing's expression changed, and an ominous premonition came to his mind.

The piercing siren broke the tranquility of the training base, and the four people stood up quickly, with a trace of confusion and nervousness on their faces.

"What's going on? Why does this alarm sound sound real?" Wang Yanbing muttered while adjusting his clothes.

He Chenguang observed the surroundings calmly, frowning slightly: "It doesn't look like a drill, could something really happen?"

Qin Yuan patted the dust on his hands and said calmly: "No matter what, let's gather together first."

The four of them quickly ran to the training ground and saw that all the soldiers in the base had been assembled, and the atmosphere was serious and tense. Fan Tianlei stood at the front of the team, his face ashen, holding a document in his hand, not knowing what he was thinking.

"Everyone is welcome! Take a break!"

Fan Tianlei's voice was loud and powerful, echoing over the training ground.

"This emergency gathering is to announce something." Fan Tianlei paused and glanced at the soldiers in front of him, "The superiors have decided to give our red blood cell team a holiday!"

As soon as he finished speaking, the originally silent training ground suddenly exploded. The soldiers were talking a lot, with expressions of disbelief on their faces.

"Holiday?! Did I hear that right?!" Wang Yanbing's eyes widened with disbelief on his face.

"Has Lao Fan changed his gender? Has the sun come out in the west?" Li Erniu scratched his head and smiled honestly.

Although He Chenguang didn't speak, the corners of his mouth raised slightly, obviously in a good mood.

Qin Yuan looked normal and seemed not surprised by the news.

Fan Tianlei looked at the group of excited soldiers in front of him and shouted angrily: "Quiet! Look at how useless you guys are! Are you so happy during the holidays?!"

The soldiers immediately fell silent, but they could not hide the excited expressions on their faces.

"This holiday is for everyone to relax and adjust their body and mind." Fan Tianlei continued, "But please remember, taking a holiday does not mean relaxing your vigilance, nor does it mean forgetting to train! Give me a good rest. When you come back, , I will evaluate your training results. If anyone dares to cheat on me, don't blame me for turning against you!"

The error-free version is being read! 6=9+Book_Bar debuts this novel.

"Yes!" the soldiers responded in unison, their voices deafening.

After announcing the holiday, Fan Tianlei disbanded the team. The soldiers immediately cheered and discussed in groups where to go during the holidays. The base was filled with a cheerful atmosphere.

"Haha! It's a holiday! Brother Yuan, Chen Guang, Er Niu, where are we going to play?" Wang Yanbing excitedly hugged his comrades around him, wishing he could fly out of the base now.

"You can go anywhere, as long as it allows me to have a good sleep." Li Erniu yawned, looking tired.

"I want to go see my parents. I haven't been home for a long time." A trace of longing flashed in He Chenguang's eyes.

"Okay, let's split our troops into two groups. Chen Guang will go home to see his parents, and Er Niu and I will accompany you to relax!" Wang Yanbing waved his hand and already started planning the itinerary.

"Where to relax?" Qin Yuan asked, with a smile in his eyes.

"Hehe, of course..." Wang Yanbing leaned into Qin Yuan's ear and whispered a few words, with a smile on his face that all men understand.

Qin Yuan shook his head helplessly. What has this kid been thinking about all day long?

...

A few days later, Wang Yanbing and Li Erniu happily arrived at the busiest commercial street in S city.

"Er Niu, do you see it? This is a big city, much more lively than our small ravine!" Wang Yanbing pointed to the bustling crowd on the street and said to Li Er Niu.

Li Erniu looked at everything around him with eyes full of curiosity and excitement. The high-rise buildings, busy traffic, and dazzling array of shops dazzled him, a young man from the countryside.

"Let's go, Erniu, I'll take you to see something!" Wang Yanbing hooked Li Erniu's shoulder and walked into a luxuriously decorated bar with a proud look on his face.

The lights in the bar were dim and the deafening music made people's blood pump. In the middle of the dance floor, men and women twisted their bodies crazily to the music, and the air was filled with the ambiguous smell of alcohol and perfume.

"Yan Bing, this... what kind of place is this?" Li Erniu frowned in discomfort, feeling that everything here made him feel strange and uneasy.

"Don't you understand this? This is called a bar! It's a place for city people to relax and have fun!" Wang Yanbing looked excited and pulled Li Erniu towards the bar.

"Boss, what would you like to drink?" the bartender asked enthusiastically.

"Here are two glasses of the strongest wine!" Wang Yanbing patted the table proudly, "Brother is happy today and won't come home until he's drunk!"

Li Erniu looked at Wang Yanbing with some worry. He knew that Wang Yanbing was not a good drinker and he would easily get into trouble every time he drank. This time...

His fears soon became reality.

After several glasses of strong wine, Wang Yanbing was already drunk and confused, and his speech began to be incoherent.

"Come on, come on, drink! Today... today I want... I want to drink back all the wine... I have had in the past few years!"

Wang Yanbing stood up unsteadily, held the wine glass, and said to the adults around him, causing a burst of laughter.

At this moment, a seductively dressed woman walked up to Wang Yanbing and said, "Handsome man, drinking alone is boring, why not..."

"Go away! Don't... don't disturb me drinking!" Wang Yanbing pushed the woman away, his eyes blurred, "I... I want to... find the most beautiful girl to drink with today!"

The woman was startled by Wang Yanbing's rough movements, "You..."

"Yanbing!" Upon seeing this, Li Erniu quickly stood up and grabbed Wang Yanbing, "Stop drinking, let's... let's go back!"

"Go back? Go back...where are you going? I...I'm not going anywhere!" Wang Yanbing shook off Li Erniu's hand, "I...I want to drink! I want to find a woman!"

"You..." Li Erniu was angry and anxious, "If you keep doing this...I...I won't care about you!"

"No...don't care, just ignore it! I...I don't need you to care about me!" Wang Yanbing has completely lost his mind, "I...I need to...want to...now..."

He pointed unsteadily at a woman in sexy clothes in the center of the dance floor, "I... want her!"

Wang Yanbing's finger almost poked the face of the woman in the middle of the dance floor. The woman was wearing scantily clad clothes, heavy makeup, and twisting her waist. She was in the mood for fun when she was unexpectedly interrupted by a drunkard. She suddenly screamed, surrounded by the noise of the music and the crowd. It was as if the pause button was pressed by this scream.

The bar instantly became quiet, and everyone turned to look at Wang Yanbing and Li Erniu.

Li Erniu was embarrassed and wanted to find a crack in the ground to crawl in. He waved his hands repeatedly and wanted to explain, but was pushed away by Wang Yanbing.

"Who are you?" Wang Yanbing burped and sprayed the woman's face with the smell of alcohol, "You look... quite exciting! Come on, come on, have a drink with me!"

The woman wiped the drink from her face in disgust and was about to have a fit when she was hugged by the man next to her.

"Hey, where did this drunkard come from?" The man was dressed in tendons and had a thick gold chain hanging around his neck. He looked like he was not a good person at first glance. He patted the woman's butt frivolously, "Baby, why do everyone like you? Close by?"

The woman fell into the man's arms and said delicately: "I don't know, I'm really disgusting. I soiled my clothes..."

The man laughed "haha" and kissed her on the cheek. Then he turned to look at Wang Yanbing, his eyes became fierce, "Boy, do you know who I am?"

Wang Yanbing looked at him with drunken eyes and confusion, as if she didn't hear what he was saying at all. He just smiled stupidly and reached out to grab the woman's hand.

Chapter 2463: Eliminate the sentry at the door

"Yanbing! Come back!" Li Erniu saw that something was wrong and wanted to hold Wang Yanbing, but was pushed away by the man. He staggered a few steps and almost fell down.

"Damn! Seeking death!" Seeing that Wang Yanbing was so disrespectful, the man suddenly became angry. He grabbed Wang Yanbing's collar, raised his fist and was about to hit him.

When the people around him saw this, instead of stopping him, they all cheered, and some even whistled, as if they were watching a good show.

Li Erniu was so anxious that he was sweating profusely, but he did not dare to act rashly. He knew that in a place like this, hard fists are the way to go.

Seeing that Wang Yanbing was about to be beaten, the door of the bar was suddenly kicked open, and a cold voice sounded at the door:

"stop!"

The door of the bar was kicked open, and a tall figure walked in against the light. The person coming was Qin Yuan. He was wearing a simple black T-shirt and jeans, but he couldn't hide his fierce aura.

"Qin...Brother Qin!" When Li Erniu saw the person coming, he seemed to grab a life-saving straw, as if he had seen his biological father, and he was so excited that he almost cried.

Wang Yanbing burped from wine and looked up in confusion, "Who... who is it? It's... to spoil my mood..."

The people around him took a breath when they saw Qin Yuan. This man, just standing there, gives people a strong sense of oppression, making people want to surrender.

"Who are you?" The man hugging the woman obviously didn't recognize Qin Yuan and still asked arrogantly.

Qin Yuan ignored him, walked straight to Wang Yanbing and pulled him up.

"What are you doing?!" Wang Yanbing was a little confused by this sudden movement. He shook Qin Yuan's hand away hard and almost fell down, "Don't... don't bother me, I want... I want to drink with that girl..."

Qin Yuan frowned, this guy deserves a beating more than usual when he is drunk. He grabbed Wang Yanbing's arm and lifted him up like a chicken, "Be quiet!"

"You...let me go!" Wang Yanbing struggled, "Do you know who I am? I...I am the king..."

"I know who you are." Qin Yuan interrupted him coldly, "Wang Yanbing, a red blood cell soldier, isn't it a shame?"

Wang Yanbing was stunned for a moment and seemed to wake up a little. He looked at Qin Yuan and then at the people watching around him, his eyes gradually becoming confused.

"I...I..."

"Disgraceful!" Qin Yuan scolded mercilessly, "Look at how you look now, how can you look like a soldier?!"

Wang Yanbing was scolded and lowered his head, like a child who had done something wrong.

"Get out of here!" Qin Yuan pushed him to Li Erniu, then turned to look at the man holding the woman.

The man felt frightened by Qin Yuan's eyes, but he still pretended to be calm, "You...what do you want to do?"

"I don't want to do anything," Qin Yuan moved his wrist and made a "click" sound, "I just want you to pay the price for your actions."

Before he finished speaking, Qin Yuan's figure rushed out like lightning and punched the man in the stomach.

"Ah!" The man screamed, clutching his stomach and fell to the ground, his face instantly turning pale.

Everyone around was shocked by this sudden turn of events. No one expected that this seemingly gentle man could have such terrifying skills.

"You...you dare to hit me?!" The man lay on the ground, pointed at Qin Yuan, and said through gritted teeth, "Do you know who I am?!"

Qin Yuan looked at him coldly, "I don't care who you are."

He stepped forward, grabbed the man's hair, and lifted him up from the ground. "I'm warning you, if you let me see you bullying a woman in the future, it won't be as simple as a punch."

After saying that, he threw the man aside like trash.

"You...just wait for me!" The man clutched his stomach, got up in embarrassment, and said harshly, "I won't let you go!"

Qin Yuan sneered, "I'll wait."

There was silence in the bar. Everyone stared at Qin Yuan in stunned silence, not daring to express their anger.

Qin Yuan ignored them, turned around and walked to Li Erniu, "Take him back."

"Oh...oh!" Li Erniu finally realized what he was doing, and quickly helped Wang Yanbing up and stumbled out.

When he reached the door, Wang Yanbing suddenly stopped and turned to look at Qin Yuan with complicated eyes, "Qin...Brother Qin, thank you."

Qin Yuan glanced at him indifferently, "Next time you let me see you like this, it won't be that simple."

Wang Yanbing didn't speak, just lowered his head and followed Li Erniu out of the bar.

Qin Yuan watched them leave, his eyes gradually becoming deeper.

"Brother Qin," a deep voice came from behind, "are you okay?"

Qin Yuan turned around and saw a man in a black suit standing behind him, it was Fan Tianlei.

"It's okay." Qin Yuan shook his head, "Why are you here?"

"I just happened to be passing by," Fan Tianlei glanced at the frightened guests in the bar, "It seems that you have caused trouble again."

"They were the ones who took action first." Qin Yuan said calmly.

"I know." Fan Tianlei patted him on the shoulder, "Let's go somewhere with me."

"Where to go?"

"You'll know when we get there."

Fan Tianlei didn't say much, turned around and walked out of the bar.

Qin Yuan followed him, feeling a bad feeling in his heart...

Qin Yuan followed Fan Tianlei out of the bar. The night breeze blew and the drunkenness dissipated a little. He glanced at Fan Tianlei beside him. This guy still had the poker face and didn't know what kind of medicine was sold in the gourd.

"Chief of Staff, with your serious face, where are you going to take me?" Qin Yuan broke the silence with a hint of impatience in his tone.

Fan Tianlei did not answer directly, but simply said three words: "Langya Base."

"What?" Qin Yuan thought he heard wrongly, "It's so late at night, why are you going back? I have to train early tomorrow morning!"

"A new mission has been assigned from above, and you need to carry it out with the red blood cell team." Fan Tianlei finally was willing to say a complete sentence, "You will know the content of the mission when you arrive at the base."

Qin Yuan cursed secretly in his heart, why does Fan Tianlei always say half of the words should be kept and half of the words should be kept? He is really anxious to death. However, he couldn't refuse the tasks assigned by his superiors.

"Okay, Chief of Staff, you owe me a drink." Qin Yuan shook his head helplessly and followed Fan Tianlei into the military jeep.

The jeep arrived at the Langya Special Forces Brigade base in a very fast speed. The base was brightly lit late at night, and there was a tense atmosphere in the air.

"Hey, isn't this our soldier brother Qin? Why are you willing to go back to the base?" As soon as he entered the training ground, a strange voice came over.

Qin Yuan looked up and saw that boy Wang Yanbing, leaning on the training equipment with a look of gloating on his face.

"Why, are you happy to see me back?" Qin Yuan raised his eyebrows, walked up to him, and looked at him condescendingly.

"How dare you, Brother Qin, don't I care about you?" Wang Yanbing said he was concerned, but the expression on his face betrayed him.

"Okay, stop being poor and tell me, what happened?" Qin Yuan was too lazy to talk nonsense with him and went straight to the topic.

"The chief of staff didn't tell you?" Wang Yanbing's eyes widened in surprise, "This mission is closely related to our red blood cell team!"

"Stop being pretentious and tell me!" Li Erniu couldn't stand hearing it anymore and slapped Wang Yanbing on the back, almost knocking him to the ground.

"Ahem, it's like this..." Wang Yanbing rubbed his painful back and was about to speak when he was interrupted by Fan Tianlei.

"What time is it, and you are still chatting here!" Fan Tianlei strode over with a gloomy expression, "Everyone gather!"

The members of the red blood cell team gathered quickly. They all stood up straight, staring at Fan Tianlei with bright eyes, waiting for his instructions.

"This mission is code-named 'Falcon', and the target is..." Fan Tianlei paused, his eyes swept over everyone, and finally landed on Qin Yuan, "The international mercenary organization 'Desha Gang'!"

"The International Mercenary Organization's Disha Gang?!" Wang Yanbing screamed strangely, "Chief of Staff, did I hear you correctly? Why is it our turn to take action against this group of murderous desperadoes?"

He Chenguang frowned. He, who had always been calm, felt a little uneasy at this moment: "The 'Disha Gang' is notorious and ruthless. Even Interpol can't do anything to them. Why would the higher ups give us such a task?"

Li Erniu scratched his head and said honestly: "Whoever he is, if he dares to come to our territory and run wild, beat him up!"

Fan Tianlei glanced at everyone, and finally set his sights on Qin Yuan, with a serious tone: "This mission is no small matter. The 'Disha Gang' has sneaked into our country, trying to steal a few meters. Your red blood cell team has been named above to cooperate with Qin Yuan. Catch them all in one fell swoop!"

"What kind of bullshit secret is worth these grandsons' trouble?" Wang Yanbing curled his lips and said nonchalantly.

"Stop talking nonsense!" Fan Tianlei glared at him, "This mission is of great importance. You must be very alert and must not take it lightly!"

"Yes!" The members of the red blood cell team responded in unison, their voices full of determination.

Qin Yuan stood aside without saying a word, but his mind was racing rapidly. The name 'Desha Gang' was not unfamiliar to him. He had fought against this organization a few years ago and knew how powerful they were. This time they made a comeback, and their target turned out to be Jimmy. It seemed that there must be a bigger conspiracy behind it!

"Qin Yuan," Fan Tianlei walked up to him and patted his shoulder, "This mission will be left to you. Remember, you must ensure the safety of Jimmy, and at the same time, pay attention to your own safety."

"Yes!" Qin Yuan stood at attention and saluted, with a firm light shining in his eyes.

"Okay, time is running out. You guys go back and get ready. We'll meet at the helipad in an hour!" After Fan Tianlei finished speaking, he turned around and walked out of the training ground.

The members of the red blood cell team immediately dispersed and went to prepare their equipment.

Qin Yuan returned to the dormitory, pulled out a black suitcase from under the bed, opened it, and found various weapons and equipment neatly placed inside, including pistols, daggers, and grenades.

He picked up a black Desert Eagle, checked the magazine skillfully, and raised a cold arc at the corner of his mouth: "'Desha Gang', this time, I will make sure you never come back!"

An hour later, a military helicopter roared off from the Langya base and disappeared into the night sky.

On the helicopter, Qin Yuan and the members of the red blood cell team were fully armed and looked serious.

"In this mission, we will parachute near the target area, and then sneak into the target location to seize the few meters stolen by the 'Disha Gang'." Qin Yuan opened an electronic map, pointed to the red dot marked on it, and said in a deep voice, "According to intelligence, the base of the Disha Gang is hidden in an abandoned factory on the outskirts of City A."

"City A?" Wang Yanbing screamed strangely, "Isn't that the place where I grew up? These grandsons dare to run wild on my territory!"

Qin Yuan glanced at him and said calmly: "Stop talking nonsense, this mission, narrow escape from death, cheer me up!"

"yes!"

The helicopter flew in the night sky for more than an hour and finally reached the target area.

"Get ready for airborne!"

Following Qin Yuan's order, the cabin door slowly opened, and strong winds roared in, mixed with icy rain.

Qin Yuan was the first to jump down, followed closely by the members of the red blood cell team. The five people quickly disappeared into the vast night like five black falcons.

After landing, Qin Yuan quickly determined the location and sneaked towards the target location with the members of the red blood cell team.

"The base of the Disha Gang is ahead." Qin Yuan hid behind a big tree and whispered, "Remember, our goal is to seize a few meters, and try not to conflict with them head-on."

"clear!"

The five people quietly approached the abandoned factory under the cover of night.

The factory door was closed tightly, and there was silence all around. There were only a few dim lights, swaying in the night wind, which looked particularly strange.

"I'll get rid of the sentry at the door." Qin Yuan said, his figure flashed and disappeared into the darkness.

"Wait, Brother Qin..." Before Wang Yanbing could finish his words, he saw Qin Yuan appearing at the door of the factory. Two guards from the 'Desha Gang' had their necks broken by him before they could even react. .

"Damn it, Brother Qin's speed is too fast!" Wang Yanbing was stunned and couldn't help but uttered a curse word.

"Stop talking nonsense and hurry in!"

Qin Yuan kicked open the factory door and rushed in with the members of the red blood cell team...

Inside the factory, the lights were dim, the machines roared, and the air was filled with a pungent smell of engine oil.

"Da da da..."

Suddenly, a burst of intense gunfire rang out, breaking the tranquility of the night.

"No, there's an ambush!"

Qin Yuan's expression changed and he threw himself to the ground. Bullets whizzed past his head and hit the wall behind him, causing sparks to fly...

Intense gunshots echoed in the empty factory building, tongues of fire jumped in the darkness, and bullets poured out like raindrops. Qin Yuan reacted quickly and rolled to hide behind a huge metal pillar. The bullet hit the metal pillar and splashed with sparks.

"Damn, these grandsons are pretty ruthless!" Wang Yanbing hid behind an abandoned machine, stuck his head out, pulled the trigger at the black shadow in the distance, and cursed.

"Stop fighting, find a few meters first!" Qin Yuan calmly observed the surroundings and ordered in a deep voice. The members of the red blood cell team were all combat-experienced elites. Although they were caught off guard by the sudden ambush, they quickly stabilized their position and began to fight back in an organized manner.

Chapter 2464: Run as Much as You Can

"Da da da..." The sound of gunfire intertwined into a symphony of death in the factory.

"Brother Qin, there is an iron door at three o'clock, and there seems to be movement behind it!" Li Erniu was sharp-eyed and pointed in a direction and shouted.

Qin Yuan looked in the direction Li Erniu pointed, and indeed saw a rusty iron door with light faintly shining through the crack of the door.

"Go!" Qin Yuan shouted in a low voice, leading the members of the red cell team to move quickly towards the iron door under cover.

"Bang!" Qin Yuan kicked the iron door open and rushed in with a gun.

This is a small room with a table in the middle of the room. On the table is a laptop. A thin man wearing glasses is sitting in front of the computer, tapping the keyboard quickly with his fingers, and complex codes are flashing on the screen.

"Don't move!" Qin Yuan shouted sharply, pointing the gun directly at the man.

The man slowly turned around, pushed his glasses on the bridge of his nose, and raised a sneer of contempt: "Who are you? Do you know where this place is?"

"Stop talking nonsense, hand over the things!" Wang Yanbing stepped forward and shouted in a rough voice.

"Things?" A sly light flashed in the man's eyes, "What? I don't know what you are talking about."

"Don't play dumb!" Qin Yuan looked at him coldly, "Jimi, it's in your hands, right?"

"Jimi? What is that? I'm just an ordinary programmer." The man still played dumb.

Qin Yuan's eyes flashed coldly, and he suddenly raised his foot and kicked the table over. The laptop fell to the ground with a "snap", and the screen shattered instantly.

"You..." The man's face suddenly became ugly.

"I'll ask you one last time, Jimi, where is it?" Qin Yuan's voice was like ten thousand years of ice, which made people shudder.

The man took a deep breath and forced himself to calm down. He knew that he might not be able to end it peacefully today. He swept his eyes over Qin Yuan and others, and finally landed on He Chenguang, who was silent on the side, with a hint of viciousness in his eyes.

"If you want Ji Mi, then come and get it!" He suddenly shouted, and at the same time pressed a red button under the table...

"Boom!"

With a loud noise, the whole room was instantly enveloped by a dazzling red light. Qin Yuan and others subconsciously closed their eyes, and when the red light faded, they found that there was a huge metal sphere in the center of the room. The surface of the sphere was covered with complex patterns and emitted a faint blue light.

"What the hell is this?!" Wang Yanbing asked in doubt.

Before others could react, the metal sphere suddenly vibrated violently, the blue light was strong, and a strong suction force burst out from the center of the sphere, sucking everything in the room towards the sphere.

"Not good!" Qin Yuan's face changed drastically, and he stretched out his hand to grab something, but found that his body had already flown towards the sphere uncontrollably.

"Ah!" Wang Yanbing and Li Erniu exclaimed, and were also pulled by the suction force, flying towards the sphere involuntarily.

Only He Chenguang reacted the fastest. At the moment of the suction, he turned around and grabbed a metal pipe in the room. His arms were tense, trying to resist the strong suction.

"Chenguang!" Qin Yuan saw He Chenguang's movements from the corner of his eyes, and he was extremely anxious, but he could do nothing.

"Captain Qin!" He Chenguang gritted his teeth and tried his best to stabilize his body, but the suction was too strong. He felt that his body was being pulled towards the ball little by little.

"Let go, Chenguang! If you continue like this, you will be sucked in!" Qin Yuan shouted loudly when he saw that He Chenguang was about to lose his support.

"No! I can't leave you!" He Chenguang shook his head stubbornly, his veins popped up on his hands, and he still held the metal pipe tightly.

"You..." Qin Yuan wanted to say something else, but suddenly he felt that his eyes went black and his whole body was sucked into the metal ball.

"Captain Qin!" He Chenguang shouted desperately, watching Qin Yuan, Wang Yanbing and Li Erniu disappear into the metal sphere.

The metal sphere made a buzzing sound, the blue light gradually dimmed, and the suction force disappeared. He Chenguang let go of his hand helplessly and sat down dejectedly.

"Damn it! How could this happen?!" He pounded the ground hard, his heart full of self-blame and anger.

...

I don't know how long it took before He Chenguang slowly got up from the ground. He looked around and found himself in a completely unfamiliar place.

"What is this place?" He frowned and looked at the surrounding environment vigilantly.

This is an empty square. In the center of the square stands a towering tower. The tower is pitch black and exudes a gloomy and terrifying atmosphere.

He Chenguang had an ominous premonition in his heart. He clenched the gun in his hand and walked towards the tower carefully.

"Da Da Da..." Suddenly, a burst of hurried footsteps came from the direction of the tower. He Chenguang's heart trembled, and he immediately dodged and hid behind a huge stone pillar.

A group of people wearing black uniforms and holding weapons rushed out of the giant tower. They all had stern faces and sharp eyes, and they were not good people at first glance.

"What are they looking for?" He Chenguang was puzzled, and quietly poked his head out to see more clearly.

"Have you found it?" A tall man wearing black sunglasses asked in a deep voice.

"Report to the captain, we haven't found it yet!" A subordinate bowed and replied.

"Keep searching! We must find them out!" The man snorted coldly, and a trace of fierceness flashed in his eyes.

"Yes!" The men responded in unison, then spread out and continued to search the square.

"Who are they? Why look for them? He Chenguang was full of questions. He decided to figure out the situation first, so he quietly followed the group of men in black...

He Chenguang crouched and cautiously followed the group of men in black. The square was empty and lonely, with only his slight footsteps intertwined with the uniform steps of the man in black. He tried to slow down his breathing and hide his figure in the shadow of the huge stone pillar, like a cheetah waiting for an opportunity.

"Captain, we have searched the entire square and still haven't found the target." A man in black ran to the leading man and reported in a low voice.

"Trash!" The man kicked the man in black in the chest and roared, "Keep searching! Even if you have to dig three feet into the ground, you have to find them!"

"Yes!" The other men in black were frightened by the captain's anger, and quickly dispersed, searching even harder.

He Chenguang hid behind the stone pillar, frowning. There were countless questions swirling in his mind: Where did Team Qin and the others go after being sucked into the metal ball? Where is this place? Who are these men in black? What are they looking for?

He lowered his body and tried to find the answer from the few words of the man in black.

"Do you think they have already..." A man in black lowered his voice and said to his companion beside him.

"Hush! Don't talk nonsense!" His companion quickly interrupted him, "If the captain hears it, you will be dead!"

"But... that is a 'recycle bin' that can swallow everything! Is it possible for people who go in to come out alive?" The man in black who spoke previously had a trembling voice, obviously frightened by the picture in his mind.

"Recycle Bin"? ! He Chenguang's heart moved. Could it be that Team Qin and the others were "recycled" by that metal ball? But what will be "recycled"? Human, or...soul?

He Chenguang felt a chill running down his back, and an inexplicable feeling of fear surged into his heart. He clenched the gun in his hand, his palms filled with cold sweat.

"Shut up! If you don't want to die, search carefully!" The leading man roared, interrupting the whispers of the men in black.

He Chenguang took a deep breath and forced himself to calm down. Now is not the time to be afraid. He must figure out the situation as soon as possible and find Team Qin and the others.

He looked around and found a narrow passage on the edge of the square, which seemed to lead to the inside of the giant tower. He decided to take a chance and maybe find some clues there.

He Chenguang hunched over, like a nimble civet cat, and quietly moved towards the entrance of the passage. However, just as he was about to reach the entrance of the passage, a cold voice suddenly sounded behind him:

"Is this what you're looking for?"

The error-free version is being read! 6=9+Book_Bar debuts this novel.

He Chenguang turned around suddenly and saw a man wearing a black windbreaker and black leather gloves standing not far behind him. The man was holding a familiar metal ball in his hand. Blue light was flowing on the surface of the ball, exuding a strange aura.

It's the "recycle bin"! He Chenguang's pupils shrank suddenly and his heart sank suddenly.

"You...who are you?" He Chenguang forced himself to calm down, clenched the gun in his hand, and glared at the man.

An evil smile appeared on the corner of the man's mouth, and he slowly took off the sunglasses on his face, revealing a pair of eyes as deep as the night sky.

"You can call me..." The man paused and said in a playful tone, "Tianxiong."

Tianxiong? He Chenguang was puzzled. He had never heard of this code name.

"What did you do to Captain Qin and the others?" He Chenguang suppressed the anger in his heart and asked coldly.

He Chenguang clenched the gun in his hand, his heart seemed to be tightly grasped by an invisible hand. He forced himself to swallow, trying to suppress the chill rising from the bottom of his heart.

"Tianxiong..." He Chenguang repeated this unfamiliar code name with obvious doubts and wariness in his tone, "I have never heard of you. Who are you? Why did you capture Captain Qin and the others?"

Tianxiong chuckled, and the laughter echoed in the empty square, but it did not dispel the gloom that enveloped He Chenguang's heart at all, but made him feel even more uneasy.

"You don't need to know who I am," Tianxiong said casually, playing with the metal ball in his hand, "You just need to know that you will be reunited with your good captain soon."

"What do you want to do?!" He Chenguang's heart rang with alarm, and he subconsciously pointed his gun at Tianxiong.

Seeing this, Tianxiong smiled instead of being angry. He slowly raised his hand and pointed at the towering tower behind He Chenguang, and said in an almost bewitching tone: "Did you see that tower? There, This is your final destination."

He Chenguang followed Tianxiong's hand and saw that the huge tower was like a sleeping giant, standing quietly in the darkness, exuding a heart-stopping sense of oppression.

"What on earth do you want to say?!" He Chenguang suppressed the fear in his heart and asked sharply.

"Don't worry, you will understand soon." The smile on Tianxiong's face gradually disappeared, replaced by a cold indifference, "Now, I give you two choices: either, just surrender and follow me; Either..."

He paused deliberately, glanced at He Chenguang's hand holding the gun, and said with a hint of joking in his tone, "Let me take you in with my own hands."

"Don't even think about it!" He Chenguang refused without hesitation. He knew what would be waiting for him once he fell into Tianxiong's hands.

"It seems that you are not willing to drink the wine." Tianxiong's eyes flashed with a cold light, and he threw the metal ball in his hand into the air.

The metal ball drew a strange arc in the air, and the blue light suddenly became dazzling. A strong suction burst out from the sphere, as if to swallow everything.

He Chenguang felt that his body was pulled uncontrollably by the suction. He tried desperately to stabilize his body, but to no avail.

"Damn it!" He Chenguang cursed inwardly, he knew that he had no way to escape.

At this moment, a figure rushed to He Chenguang like lightning, grabbed his arm, and pulled him back violently.

He Chenguang staggered back a few steps, barely stabilizing his body. He looked up and saw Wang Yanbing standing in front of him, his face full of anxiety.

"Yanbing, why are you..." He Chenguang was covered by Wang Yanbing's mouth before he finished speaking.

"Hush! Don't talk, let's get out of here first!" Wang Yanbing said in a low voice, pulling He Chenguang to run to the passage at the edge of the square.

Tianxiong stood there, watching this scene with cold eyes, with a playful arc on the corner of his mouth, and had no intention of chasing after him.

"Run, run as much as you can..." Tianxiong murmured in a low voice, "Anyway, you can't escape from my palm in the end."

He Chenguang and Wang Yanbing ran to the passage in one breath, but found that the passage had been blocked by a huge metal plate.

"Damn! We are trapped!" Wang Yanbing punched the metal plate with a dull sound.

He Chenguang frowned and looked around, but couldn't find any exit to escape.

"What should we do now?" Wang Yanbing asked anxiously, "Are we just going to sit there and wait for death?"

He Chenguang didn't speak. He looked up at the towering tower, with a firm light in his eyes.

He knew that now was not the time to despair. He must do everything he can to find Qin Yuan and escape from this ghost place!

"Damn it, what is this pervert trying to do again!" Wang Yanbing kicked the metal plate hard, but it only caused a sharp pain.

He Chenguang didn't say anything. He looked around sharply, trying to find a glimmer of hope for a breakthrough. There was no one in the square, only the giant tower was like a silent giant, looking down at them.

"Are we really going to be trapped here?" Wang Yanbing's voice was filled with despair.

"No, Captain Qin will definitely come to rescue us." He Chenguang's tone was firm, but deep in his heart, he began to feel a little uneasy.

Chapter 2465 I give up

"It's already this time, you still count on that face paralysis? I think he has probably run away and sold you and me out!" Wang Yanbing said unhappily, but his tone was more anxious and fearful.

"Shut up! If you keep talking nonsense, I'll tear your mouth apart!" He Chenguang turned his head sharply, staring at Wang Yanbing fiercely.

Wang Yanbing was startled by He Chenguang's eyes. He opened his mouth, but finally chose to shut up. He knew that now was not the time for internal strife. They must unite to find hope of survival.

At this moment, the giant tower in the center of the square suddenly made a deafening roar, and then a dazzling blue light shot from the top of the tower to the sky.

"What is that?!" Wang Yanbing exclaimed, subconsciously covering his eyes with his hands.

He Chenguang squinted his eyes, staring at the blue light, and a strong sense of uneasiness surged in his heart. He knew that this was definitely not a good sign.

The blue light stayed in the air for a moment, then quickly spread out, forming a huge blue light shield that enveloped the entire square.

"No! We are trapped!" He Chenguang's face changed, and he realized that Tianxiong's purpose was not to kill them, but to trap them in this ghost place!

"Damn it! What the hell is this thing!" Wang Yanbing desperately beat the light shield, but found that he could not shake it at all.

"Don't waste your energy, this light shield should be some kind of energy barrier, which cannot be broken by our strength." He Chenguang analyzed calmly, his brain running fast, trying to find a way to crack it.

"What should we do now? Are we just waiting to die?" Wang Yanbing's voice was full of despair.

He Chenguang did not answer, his eyes fell on a row of metal boxes at the edge of the square. Those boxes looked familiar, like...

"It's a weapon box!" He Chenguang's eyes lit up, he walked quickly to the metal box and opened one of them with force.

Various firearms and ammunition were neatly placed in the box, including a sniper rifle.

"Hahaha! There is always a way out! We are saved!" Wang Yanbing shouted excitedly. He picked up a submachine gun and pulled the bolt skillfully.

He Chenguang picked up the sniper rifle, assembled it quickly, and then pointed the muzzle in the direction of the giant tower.

"Yanbing, cover me!" He Chenguang whispered, his eyes flashing with cold murderous intent.

"No problem! Just watch!" Wang Yanbing picked up the submachine gun and fired a burst of bullets at the light shield. Although it did not cause any damage, it successfully attracted the attention of the giant tower.

The blue light ball on the top of the giant tower suddenly turned, and a thick blue light column shot towards Wang Yanbing.

"Damn it!" Wang Yanbing screamed and dodged in a panic.

He Chenguang seized this opportunity, took a deep breath, and pulled the trigger...

The deafening sound of gunfire echoed in the square. He Chenguang held his breath, and the sniper rifle in his hand was as steady as a rock. He knew that this was their only chance to escape, and success or failure depended on this one move. The blue beam of light deviated at the moment of the gunshot, just brushing past Wang Yanbing's ear, leaving a burning burn mark.

"That was close! Baldy, your shooting skills are amazing!" Wang Yanbing patted his chest in shock, and did not forget to tease.

He Chenguang ignored him, but continued to aim at the giant tower, looking for the next target to attack. He knew that Tianxiong would not let them go easily, and the battle had just begun.

As he expected, the blue light ball on the top of the giant tower flickered again, and beams of light poured down like a storm, turning the entire square into a purgatory on earth. He Chenguang and Wang Yanbing shuttled through the rain of bullets, and with their super combat qualities and tacit cooperation, they miraculously avoided all attacks.

"No, Baldy, this thing is like crazy, if we continue like this, we will be exhausted sooner or later!" Wang Yanbing shouted while dodging.

He Chenguang frowned, he knew that Wang Yanbing was right, this was not a solution. He had to find a way to break the deadlock and find hope for escape.

Just then, a shadow on the edge of the square caught his attention. He squinted his eyes and took a closer look, and a glimmer of hope suddenly ignited in his heart.

"Yan Bing, cover me! I'm going over there!" He Chenguang pointed to the shadow and shouted loudly.

"Over there? What's over there?" Wang Yanbing asked puzzledly.

"You'll know when you get there!" He Chenguang didn't explain much, picked up the sniper rifle, and rushed towards the shadow.

Although Wang Yanbing didn't understand He Chenguang's intention, he still executed the order without hesitation. The submachine gun in his hand spewed angry flames, providing fire cover for He Chenguang.

He Chenguang braved the rain of bullets and finally rushed to the shadow. As he expected, there was a passage leading to the inside of the giant tower.

"Follow me!" He Chenguang didn't hesitate at all and went into the passage.

Wang Yanbing followed closely behind, and the two quickly shuttled through the dark passage, with deafening explosions and piercing alarms behind them.

...

When Qin Yuan arrived at the square, he saw only a mess. The giant tower had disappeared, leaving only a scorched earth and rubble on the ground.

"Damn it! I'm still a step too late!" Qin Yuan hit the wall hard, his eyes full of self-blame and worry.

He knew that He Chenguang and Wang Yanbing must have encountered great troubles, otherwise there would be no news until now. He must find them as soon as possible and must not let them make any mistakes!

Just then, a familiar figure ran over from a distance.

"Captain Qin! You're finally here!" Wang Yanbing was relieved when he saw Qin Yuan, and sat down on the ground, breathing heavily.

"Where's the bald man?" Qin Yuan looked around and didn't see He Chenguang, and his heart tightened.

"He..." Wang Yanbing was about to speak when he was interrupted by He Chenguang.

"I'm fine." He Chenguang walked out from behind Wang Yanbing. His face was a little pale, and his body was covered with dust and blood, but his eyes were still firm and sharp.

"Good job!" Qin Yuan patted He Chenguang on the shoulder, and everything was self-evident.

...

After returning to the Langya Special Operations Brigade, the three were welcomed like heroes. Gao Shiwei specially hosted a banquet for them and highly praised their heroic performance during this period.

"You completed this mission very well! Especially you, Qin Yuan, your ability and courage have impressed me!" Gao Shiwei raised his glass and said to Qin Yuan.

"Thank you for the compliment, Chief. This is what I should do." Qin Yuan said lightly, without any smugness on his face.

"You kid, you still have this dead face! Come, drink!" Gao Shiwei cursed with a smile, and then drank it all.

"Report!" Just then, a loud report came from outside the door.

"Come in!" Gao Shiwei put down the wine glass and said in a deep voice.

The door opened, and a tall, heroic female soldier walked in. She was wearing a neat military uniform, with two bars and three stars on her shoulders. She was a colonel!

"Report!" A tall, heroic female soldier walked in. She was wearing a neat military uniform, with two bars and three stars on her shoulders. She was a colonel!

"This is the captain of the Thunder Commando, Tan Xiaolin," Gao Shiwei introduced. "She came here this time to form a new special forces unit, codenamed 'Fire Phoenix', which is dedicated to performing some difficult and high-risk tasks."

"Fire Phoenix?" Wang Yanbing repeated in a low voice, but his eyes were fixed on Tan Xiaolin. This woman is really good-looking!

Tan Xiaolin's eyes swept across everyone and finally fell on Qin Yuan. Her sharp eyes seemed to see through everything. "I came here this time to second Comrade Qin Yuan to join the 'Fire Phoenix' special forces."

"What?!" Wang Yanbing was the first to jump up, "Why?! Captain Qin is from our Langya! Why should I go to your special forces?!"

"Yanbing! How can you talk like that!" He Chenguang scolded in a low voice, but his brows also frowned slightly, obviously dissatisfied with this decision.

Qin Yuan was expressionless, as if this matter had nothing to do with him. He just looked at Tan Xiaolin quietly, waiting for her explanation.

Tan Xiaolin ignored Wang Yanbing's rudeness, but looked directly into Qin Yuan's eyes and said in a deep voice: "The missions carried out by the 'Fire Phoenix' special forces require soldiers with super strength and special skills. Comrade Qin Yuan's ability is obvious to all, and he is the most suitable candidate."

"Bullshit!" Wang Yanbing cursed, "Captain Qin is capable, and he can shine in Langya. Why should he go to your broken place to take risks?!"

"Wang Yanbing!" Gao Shiwei slammed the table and shouted angrily, "Watch your words!"

Although Wang Yanbing was dissatisfied, he did not dare to say anything else, and could only sit back angrily.

Gao Shiwei looked at Qin Yuan, pondered for a moment, and said, "Qin Yuan, what do you think?"

Qin Yuan stood up and saluted in a standard military salute, "Obey the order!"

"Okay!" Gao Shiwei nodded with satisfaction, "I believe in your ability, and I believe that the 'Fire Phoenix' special forces will definitely create greater glory under your leadership!"

In this way, Qin Yuan was "seconded" to the "Fire Phoenix" special forces. Before leaving, Wang Yanbing, holding a bottle of wine, said to Qin Yuan drunkenly: "Bald, don't forget your brothers! When you can't get along in that bird special forces, come back! Langya will always be your home!"

He Chenguang patted Wang Yanbing on the shoulder and shook his head helplessly. He knew that with Qin Yuan's character, since he chose the "Fire Phoenix", he would not look back easily.

The training base of the "Fire Phoenix" special forces is located in the depths of a sparsely populated primeval forest. The harsh environment and changeable climate here are an excellent place to temper the will and physical fitness of special forces.

When Qin Yuan arrived at the base, the other team members had already gathered. All the female faces were heroic, full of wildness and strength.

"This is your new captain, Qin Yuan." Tan Xiaolin pointed at Qin Yuan and introduced him to everyone.

The female soldiers looked at Qin Yuan curiously, their eyes full of scrutiny and suspicion. They had heard about Qin Yuan's "heroic deeds" a long time ago, but they were full of doubts about whether a male soldier, especially such a young male soldier, could lead the "Fire Phoenix" special operations team well.

"Hello, everyone, I am Qin Yuan." Qin Yuan briefly introduced himself and then said no more.

"Okay, let's start training now!" At Tan Xiaolin's order, the female soldiers immediately entered the state and began various high-intensity training.

Qin Yuan stood aside and observed everyone silently. He found that although the strength of these female soldiers was uneven, they all had a spirit of not admitting defeat, which reminded him of himself in the Wolf Fang Special Operations Brigade.

"Report!" A petite female soldier ran to Qin Yuan and saluted with a military salute, "Captain, my name is Ye Cunxin, and I want to challenge you!"

Qin Yuan looked at the childish female soldier in front of him and raised the corners of his mouth slightly, "Challenge me? Why?"

"I want to see what you are capable of becoming our captain!" Ye Cunxin raised her head, her eyes full of provocation.

"Very good." Qin Yuan nodded, "I accept your challenge."

On the training ground, the atmosphere instantly became tense. The female soldiers gathered around and watched this special "battle" curiously.

"Start!" Tan Xiaolin gave the order, and Ye Cunxin rushed towards Qin Yuan like a nimble little leopard.

However, before she could get close to Qin Yuan, she was thrown cleanly over the shoulder by Qin Yuan and fell hard to the ground.

"Hiss—" Ye Cunxin took a breath, feeling like her whole body was about to fall apart. She struggled to get up, but found that Qin Yuan's knee was already on her back, making her unable to move.

"Are you convinced?" Qin Yuan's voice sounded in Ye Cunxin's ears, low and full of magnetism.

"I..." Ye Cunxin bit her lip and said unwillingly, "I haven't lost yet!"

Qin Yuan chuckled, "Oh? Then you got up and beat me?"

Ye Cun felt ashamed and angry, but there was nothing he could do. She knew that the strength gap between herself and Qin Yuan was like a chasm, which was impossible to bridge.

"I...I admit defeat..." Ye Cunxin finally lowered her head, her tone full of frustration.

Qin Yuan let go of his knees, stood up, and stretched out his hand to Ye Cunxin, "Get up."

Ye Cunxin hesitated for a moment, then reached out and held Qin Yuan's hand, and stood up with his strength.

"You are very good." Qin Yuan looked at Ye Cunxin, a hint of appreciation flashed in his eyes, "Keep working hard, you still have great potential."

Ye Cunxin was stunned for a moment, and then a shy smile appeared on his face.

As night fell, a bonfire was lit on the training ground. The female soldiers sat around the bonfire, eating barbecue and chatting.

"Captain, are you really as powerful as the legend says?" a female soldier asked curiously.

"What legend?" Qin Yuan raised his eyebrows and asked with interest.

"That is to say, you..." the female soldier lowered her voice and said mysteriously, "You are the God of War who crawled out of hell, murderous and ruthless..."

"Pfft-" Another female soldier couldn't help laughing, "Tian Guo, stop talking nonsense! The captain is not that kind of person!"

"That's right, the captain is obviously very gentle..." Another female soldier also said. Halfway through, she suddenly realized what she had said, her face suddenly turned red, and she wanted to find a crack in the ground to crawl into. (End of chapter)

Chapter 2466: Can't Say Anything

"Oh? Gentle?" Qin Yuan looked at the female soldier with a half-smile, a trace of amusement flashing in his eyes.

The female soldier felt uncomfortable looking at him and stammered: "I...I didn't mean that..."

"Then what do you mean?" Qin Yuan pressed forward step by step, with a hint of ridicule in his tone.

"I..." The female soldier was forced to cry by Qin Yuan, and she was about to be unable to resist. At this time, a white arm suddenly placed on Qin Yuan's shoulder.

"Ouch, my captain Qin, why did he bully this little girl right away?" A charming voice sounded in Qin Yuan's ears, with a hint of teasing and teasing.

Qin Yuan turned around and saw a female soldier with a hot body and beautiful appearance looking at him with a smile, a dangerous light flashing in her eyes.

"You are..." Qin Yuan narrowed his eyes slightly and looked at the strange female soldier in front of him.

"What? You forgot about me so quickly?" The female soldier gently traced Qin Yuan's cheek with her fingers and said in an ambiguous tone, "I think about you day and night, hoping for the stars and the moon, so I look forward to you. Here you go..."

Qin Yuan turned his head and looked up and down at the woman in front of him. She was wearing a camouflage uniform, but it couldn't hide her curves. Her wavy hair is casually

draped over her shoulders, her charming eyes are full of affection, and her red lips are slightly open, as if she is inviting people to kiss her.

"You are..." Qin Yuan frowned slightly. He did not remember that he had seen this woman.

"Oh, Captain Qin, you are so forgetful," the woman smiled coquettishly and deliberately pressed her body against Qin Yuan, "I miss you day and night and never forget you."

The surrounding female soldiers were stunned. They had never seen such a bold woman, who dared to tease their captain in public! Tian Guo's eyes widened even more, and his mouth opened into an "O" shape, as if he could fit an egg in.

Qin Yuan calmly took a step back, distanced himself from the woman, and said in a cold tone: "I'm sorry, who are you?"

Seeing that Qin Yuan was unmoved, the woman's eyes flashed with a hint of cunning. She deliberately raised her voice and said, "Oh, Captain Qin, take a closer look. He is an old friend of yours. Why haven't you seen him for a while? Did you just forget about them?"

"Old friend?" Qin Yuan was even more confused. He was sure that he had never seen this woman, let alone an old friend.

Seeing Qin Yuan's confused expression, the woman was secretly happy. She was about to reveal her identity when suddenly, a cold voice came from not far away:

"Leibao, what are you doing?"

When everyone heard the news, they saw a heroic female officer in military uniform walking towards them. Her eyes were as sharp as a knife, staring straight at the woman named "Thunder Leopard".

When Lei Bao saw the person coming, the smile on her face immediately disappeared. She stood up straight reluctantly, saluted a non-standard military salute, and said, "Tell Tan Xiaolin, I am catching up with old friends."

"Reminiscing about old times?" Tan Xiaolin sneered, "I think you want to seduce men!"

Tan Xiaolin spoke word by word, her tone full of warning.

Lei Bao curled his lips and said nothing, but the dissatisfaction in his eyes was clearly visible.

Tan Xiaolin ignored Lei Bao. She walked up to Qin Yuan, gave a standard military salute, and said: "Reporting to the leader, I am Tan Xiaolin, captain of the Fire Phoenix Women's Special Forces Team, and I have been ordered to come to conduct joint training with you."

Qin Yuan returned the military salute and said, "Thank you for your hard work, Captain Tan."

"It's not hard work," Tan Xiaolin smiled slightly, turned to look at Lei Bao, and said in a stern tone, "Lei Bao, why don't you return to the team!"

Lei Bao reluctantly responded, glared at Qin Yuan, turned around and ran back to his team.

"Sorry for making you laugh," Tan Xiaolin turned to Qin Yuan and said, "This girl Lei Bao has such a personality, don't be the same as her."

"It's okay," Qin Yuan said calmly, but he became curious about the identity of this Lei Bao.

"Okay, it's getting late, let's start training," Tan Xiaolin clapped her hands and said to the female soldiers behind her, "Everyone has a goal, the training ground, run forward!"

The female soldiers responded in unison, then lined up neatly and ran towards the training ground.

Qin Yuan and Tan Xiaolin walked side by side behind the team. Tan Xiaolin looked at Qin Yuan and said with a smile: "Chief, how are our girls from Fire Phoenix doing?"

"Very good," Qin Yuan nodded, "They are all good candidates."

"Of course," Tan Xiaolin said proudly, "We, Fire Phoenix, are elites carefully selected from all major military regions. All of them are female warriors who will not be outdone by men."

"I believe it," Qin Yuan said, "I'm looking forward to the next joint training."

"Me too," Tan Xiaolin said, "I hope we can learn from each other and make progress together."

The two looked at each other and smiled, their eyes full of fighting spirit.

However, no one noticed that behind a big tree not far away, a pair of eyes full of hatred were staring at them, the eyes were like poisonous snakes, which made people shudder.

Lei Bao hid behind the tree, clenching her hands into fists, and her nails dug deeply into her flesh, but she felt no pain at all, because her heart was burned out by the flames of jealousy and anger.

"Qin Yuan, just wait for me, I will definitely make you regret it!" Lei Bao said through gritted teeth, his tone full of deep-seated hatred.

On the training ground, the members of the Fire Phoenix were doing daily training. Their agile figures shone with sweat in the sun, and every movement was full of strength and beauty. Qin Yuan stood aside, observing them with sharp eyes, nodding from time to time, obviously very satisfied with the performance of these female soldiers.

Tan Xiaolin walked up to him and asked with a smile: "How are you? Commander, did the girls of our Fire Phoenix embarrass you?"

"Women are as good as men!" Qin Yuan praised, "Especially the one named Ye Cunxin, her shooting skills are really good, almost every shot hits ten rings."

Hearing Qin Yuan praising her team members, Tan Xiaolin was naturally happy, but she pretended to be modest and said: "Commander, you are too kind, they still have a lot to learn."

"By the way, Captain Tan," Qin Yuan suddenly remembered something and asked, "That Lei Bao guy seems to have something against me?"

Tan Xiaolin sighed helplessly and said: "Lei Bao, this girl, has been arrogant since she was a child, and she especially likes to compete with men like you. Don't look at her ignoring you on the surface, in fact, she may be secretly paying attention to you in her heart!"

Qin Yuan raised his eyebrows and did not comment. He had seen all kinds of storms, how could he not see the thoughts of a little girl.

At this time, Lei Bao suddenly came towards them with a sniper rifle, with a provocative smile on his face, and said: "Commander, I heard that your shooting skills are very good, why don't we have a competition?"

Tan Xiaolin was about to stop him, but was stopped by Qin Yuan. He looked at Lei Bao, with a playful smile on his lips, and said: "Okay, I want to see what you have to challenge me."

A hint of joy flashed in Lei Bao's eyes, and she knew that men like Qin Yuan were proud in their bones and would never refuse her challenge. She turned and walked to the shooting position, skillfully set up the sniper rifle, and aimed at the target in the distance.

"Bang!"

With a gunshot, the bullet hit the bull's eye accurately.

Lei Bao put down the gun, looked at Qin Yuan provocatively, and said: "Commander, it's your turn."

Qin Yuan didn't say anything, he walked to Lei Bao and took the sniper rifle from her hand.

"Wait!" Lei Bao suddenly stopped him, "Chief, don't you use your own gun?"

"Is there anything wrong with your gun?" Qin Yuan asked calmly.

"No...no." Lei Bao was frightened by Qin Yuan's eyes and didn't dare to say anything.

Qin Yuan ignored her, he closed one eye and started aiming.

"Bang!"

Another gunshot, the bullet hit the bull's eye again, and it happened to hit the bullet hole of Lei Bao's previous bullet.

Lei Bao's eyes widened immediately. She knew that this was not something that ordinary people could do, unless... unless he had stronger strength and more accurate judgment than herself!

Qin Yuan put down his gun, turned around and looked at Lei Bao, with a meaningful smile on his lips, and said: "How is it? Do you want to continue the competition?"

Lei Bao's face turned red and white, she bit her lips and said unwillingly: "You...you are cheating! You must have secretly practiced with my gun before!"

Qin Yuan sneered and said: "Do I need to cheat? You think too highly of yourself."

"You..." Lei Bao was so angry that she couldn't speak. She glared at Qin Yuan hatefully and turned and ran away.

Tan Xiaolin looked at Lei Bao's back, shook her head helplessly, and said to Qin Yuan: "Chief, don't argue with her. This girl is just spoiled by us."

"It's okay, young people, it's normal to have a temper." Qin Yuan said lightly, but his eyes followed Lei Bao's figure all the time, and a barely perceptible smile flashed in his eyes.

This girl is quite interesting...

At this time, Fan Tianlei suddenly appeared on the training ground. He strode to Qin Yuan, saluted, and said: "Report to the chief, I have received instructions from my superiors. There is an urgent task that requires you to go and execute it immediately!"

Qin Yuan put away the smile on his face and asked in a deep voice: "What task?"

"For the specific situation, please follow me." Fan Tianlei said, making a "please" gesture.

Qin Yuan nodded and followed Fan Tianlei into a military jeep next to him.

The car sped all the way and finally stopped in front of a hidden military base.

Qin Yuan got out of the car and looked at the heavily guarded base in front of him. He frowned slightly and asked, "What is this place?"

Fan Tianlei said in a deep voice, "Chief, a very dangerous person is imprisoned here. We need your help..."

Fan Tianlei looked solemn and said in a low voice, "Chief, the person imprisoned here is the international mercenary leader codenamed 'Falcon'. He has intelligence on many cutting-edge weapons and technologies, as well as important secrets of many countries. He is extremely dangerous!"

Qin Yuan raised his eyebrows slightly. He knew that Fan Tianlei would not come to him for no reason. The person who could make this iron-blooded chief of staff so nervous must be extraordinary. He asked in a deep voice: "What do you need me to do?"

"'Falcon' is very skilled, cunning, and has a strong psychological quality. Ordinary interrogation methods are completely ineffective against him." Fan Tianlei paused and said in a serious tone, "We need you to pry open his mouth!"

Qin Yuan did not hesitate at all, a trace of sharpness flashed in his eyes, and he said coldly: "Lead the way!"

The interrogation room where "Falcon" was imprisoned was airtight. There was only a table and two chairs in the room. Under the dim light, a thin man with sharp eyes was tied to the chair. He was "Falcon".

When "Falcon" saw Qin Yuan walk into the interrogation room, he sneered with disdain and said in fluent Chinese: "Why, send a young man like you to interrogate me? Have you run out of tricks?"

Qin Yuan ignored the provocation of "Falcon". He walked straight to "Falcon", pulled a chair and sat down. The two looked at each other, and the air seemed to be filled with an invisible smell of gunpowder.

"My name is Qin Yuan." Qin Yuan's voice was calm and powerful, but with an unquestionable pressure.

"Falcon" smiled contemptuously, did not speak, but looked at Qin Yuan with a look of watching a play.

"I heard that you are good at fighting?" Qin Yuan suddenly asked with a hint of playfulness in his tone.

"Falcon" had a flash of pride in his eyes, and sneered: "Why, do you want to try?"

"I'm not interested in fighting." Qin Yuan shook his head, his tone indifferent, "I'm only interested in the results, such as the intelligence you have."

"Then don't waste your time." "Falcon" sneered, "I won't say anything."

Qin Yuan didn't speak, he stood up, walked behind "Falcon", stretched out his hand and patted him on the shoulder.

"Ah!"

"Falcon" screamed, as if he was electrocuted, and the whole person trembled violently.

"You...what did you do to me?" "Falcon" looked at Qin Yuan in horror, his eyes full of disbelief. He felt as if his body was imprisoned by an invisible force and couldn't move.

"Nothing, just a little trick." Qin Yuan said lightly, without any emotional fluctuations in his tone.

"You..." "Falcon" wanted to say something, but was interrupted by Qin Yuan.

"I'll give you one last chance. Tell me everything you know, and I'll consider giving you a quick death." Qin Yuan's voice was icy cold, as if he was a judge from hell.

"Falcon" clenched his teeth, his eyes full of struggle and fear, but he still didn't speak.

Qin Yuan saw this, a trace of disappointment flashed in his eyes, he shook his head, turned around and prepared to leave.

"Wait!" "Falcon" suddenly spoke, with a trembling tone, "I say..."

Qin Yuan stopped, turned around and looked at "Falcon", with a cold smile on his lips.

"Falcon" took a deep breath and said slowly: "I... I can tell you the information, but you have to agree to one condition..."

Qin Yuan didn't speak, just looked at "Falcon" quietly, waiting for his next words.

"I want to see Lei Bao!" "Falcon" said word by word.

"Lei Bao?" Qin Yuan repeated the name, a hint of playfulness flashed in his eyes, "You want to see him, you have to give a reason." (End of this chapter)

Chapter 2467 How dare you play tricks on us!

"Falcon" took a deep breath, with a hint of imperceptible fear in his tone, "Thunder Leopard... He holds key information about my mission. Only by meeting him can I tell you more."

Qin Yuan didn't speak, just looked at "Falcon" quietly. The interrogation room was silent, only the sound of "Falcon"'s heavy breathing echoed in the air.

After a long while, Qin Yuan spoke slowly, with a hint of mockery in his tone, "Do you think you are still qualified to negotiate terms with me now?"

"Falcon"'s expression changed, and a trace of panic flashed in his eyes. He opened his mouth and wanted to say something, but was interrupted by Qin Yuan.

"Do you think I don't know you are stalling for time?" Qin Yuan's eyes flashed coldly, "Do you really think Lei Bao will come to save you?"

Falcon's face instantly turned pale. He gritted his teeth and said nothing, but the fear in his eyes betrayed his heart.

Qin Yuan stood up and looked down at "Falcon" with a cold and biting tone, "I'll ask you one last time, do you, say, still, yes, no, say?"

"Falcon" shuddered, knowing that he no longer had any leverage.

"I....."

Just when "Falcon" was about to speak, the door of the interrogation room was suddenly kicked open, and a tall and burly figure appeared at the door. He was wearing camouflage uniforms, with oil paint on his face, and holding a handful of The assault rifle was pointed directly at Qin Yuan.

The person who came was none other than the Thunder Leopard mentioned by "Falcon", and behind him were several fully armed mercenaries, all of whom had fierce looks on their faces.

"Let him go!" Lei Bao's tone was cold, with murderous intent in his eyes.

A sneer appeared at the corner of Qin Yuan's lips. He turned around slowly and faced the menacing Thunder Leopard. He said in an indifferent tone, "Who do you think you are? You dare to order me?"

"Seeking death!" Lei Bao roared and pulled the trigger. The bullet whizzed towards Qin Yuan with the breath of death.

Qin Yuan stood motionless, as if he hadn't seen the bullet being fired. The moment the bullet was about to hit his eyebrow, his right hand reached out like lightning, and caught the high-speed rotating bullet between his two fingers.

"This..." Lei Bao's pupils shrank suddenly, his eyes filled with disbelief. The mercenaries behind him were also stunned. They had never seen such terrifying skills.

Qin Yuan casually flicked the bullet in his hand, and the bullet flew out at a faster speed, instantly piercing the head of a mercenary next to Lei Bao. Blood and brains flew out, spraying Lei Bao's face.

"Ah!" Lei Bao roared, his eyes instantly turned blood red, he pulled the trigger crazily, and bullets poured out like raindrops, shooting at Qin Yuan.

Qin Yuan's figure flashed like a ghost, dodging all the bullets with ease. He walked towards Lei Bao step by step. With every step he took, his aura became stronger, as if he was a god of death walking out of hell.

"Fire! Fire!" Lei Bao roared hysterically. The mercenaries behind him also pulled the triggers, and Qin Yuan was enveloped in dense bullets.

However, no matter how dense the bullets were, they were still unable to touch the hem of Qin Yuan's clothes. He seemed to be strolling through the rain of bullets, and every time he took a shot, he would take away a life.

In the blink of an eye, all the mercenaries brought by Lei Bao were killed by Qin Yuan. Only Lei Bao was left standing alone, trembling all over, and there was a foul smell in his crotch. He was obviously scared to pee. .

Qin Yuan walked up to Lei Bao and looked at him condescendingly, with a cold smile on his lips, "Now, do you still think you can save him?"

Lei Bao's legs weakened and he collapsed to the ground, his eyes full of fear. He opened his mouth, but couldn't make any sound. He could only watch Qin Yuan turn around and walk towards the "Falcon" who was tied to the chair.

"You..." "Falcon" looked at Qin Yuan in horror. He never expected that so many people brought by Lei Bao could not even block Qin Yuan's move.

Qin Yuan walked up to "Falcon", squatted down slowly, and said in a cold and chilling tone, "Now, we can have a good talk."

"Falcon" swallowed hard. He knew that he had no way out. He took a deep breath and said slowly: "I can tell you whatever you want to know, but..."

"But what?" Qin Yuan's eyes flashed coldly.

"But..." "Falcon" hesitated, gritted his teeth and said, "I need you to ensure my safety, and..."

"Falcon" paused, a trace of determination flashed in his eyes, "I want you to kill me!"

"Falcon" took a deep breath, with determination in his eyes, "I know too many things, they won't let me go, it would be better to die than to be caught back by them..."

"You want me to give you a good time?" Qin Yuan took over the words, his eyes as sharp as a knife, "Do you think this will solve everything? The debt you owe cannot be repaid by death."

"I..." "Falcon" opened his mouth, but was unable to refute. He knew that Qin Yuan was right. The sins he had committed could not be solved by simply dying.

Qin Yuan stood up, looked down at the "Falcon" condescendingly, and said with a cold tone, "I can let you live, but you must pay the price for what you have done."

"You...what do you want?" A glimmer of hope ignited in Falcon's eyes. As long as he could live, he would not hesitate to pay any price.

"I want you to work for me." Qin Yuan's tone was calm, but with unquestionable majesty.

"Work for you?" "Falcon" was stunned, obviously not expecting Qin Yuan to make such a request, "But... why should I trust you?"

Qin Yuan's lips curled into a sneer, "Do you still have a choice?"

"Falcon" was silent. He knew that Qin Yuan was right. He was now a turtle in the urn and had no choice but to agree to Qin Yuan's request.

"Okay, I promise you." "Falcon" gritted his teeth and said, "But you also have to promise me that you can't hand me over to them."

"Don't worry," Qin Yuan said calmly, "As long as you are obedient, I will guarantee your safety."

Qin Yuan turned around and left the interrogation room. Lei Bao was still slumped on the ground, like a puddle of mud.

"Take him down and 'treat' him well." Qin Yuan ordered without looking back.

Two members of the Dragon Team stepped forward, set up Lei Bao, and dragged him out of the interrogation room. Thunder Leopard's screams echoed in the corridor, making people tremble with fear.

Qin Yuan returned to the command room. He Chenguang and others had been waiting for a long time.

"How is it?" He Chenguang asked, "Did you ask anything?"

"Yes." Qin Yuan nodded, "'Falcon' agreed to work for us, and he also revealed some information about the 'Hand of God'."

"Really?" Wang Yanbing said excitedly, "Great, now we can finally find the home of the 'Hand of God'!"

"It's not that simple." Qin Yuan shook his head, "'Hand of God' is very cunning. They hide very deeply. It is not easy to find them."

"Then what should we do?" Li Erniu asked.

"Let's start with the Falcon first and slowly follow the clues." Qin Yuan said, "I believe that one day, we will uproot the 'Hand of God'!"

"That's right!" He Chenguang and others said in unison, with blazing flames burning in their eyes.

"Qin Yuan, you kid, you did something behind my back again!"

A loud voice sounded, and Fan Tianlei strode into the command room. Behind him was a tall, heroic female officer.

"Chief of Staff!" Everyone quickly stood up and saluted.

"Let's all sit down." Fan Tianlei waved his hand and looked at Qin Yuan, "Tell me, what's going on this time?"

Qin Yuan briefly reported what happened.

"'Hand of God'?" Fan Tianlei frowned, "This is a troublesome guy. It seems I have to report it to my superiors."

He turned to look at the female officer behind him, "Tan Xiaolin, this mission is left to you. You must cooperate with Qin Yuan to completely eradicate the 'Hand of God'!"

"Yes!" Tan Xiaolin stood at attention and saluted, her eyes firm.

This work is compiled and uploaded by Liujiu Book Bar~~

Qin Yuan looked at Tan Xiaolin. She had smart short hair, sharp eyebrows and starry eyes, delicate facial features, and exuded a kind of heroic aura all over her body, which made people want to surrender under her pomegranate skirt.

Tan Xiaolin also noticed Qin Yuan's gaze. The corners of her mouth raised slightly, revealing a meaningful smile.

Qin Yuan's heart trembled, this woman is not simple...

"Tan Xiaolin, Langya Special Forces Brigade, codenamed 'Storm'." Tan Xiaolin stepped forward and saluted Qin Yuan with a standard military salute, with a playful smile on her lips, "I have been ordered to assist you. I hope we can have a pleasant cooperation."

"Pleasure to cooperate." Qin Yuan nodded noncommittally. This woman was aggressive from the moment she entered the door, which made him very uncomfortable.

"Okay, now that everyone is here, let's start the deployment mission!" Fan Tianlei waved his hand and pointed at the photo of "Falcon" on the screen, "'Falcon' has agreed to work for us, and he will take us Find a secret stronghold of the 'Hand of God' in Southeast Asia. This mission is codenamed 'Decapitation', and the goal is to destroy this stronghold of the 'Hand of God' and bring all participants to justice!"

"Beheading operation?!" Wang Yanbing's eyes sparkled and he rubbed his hands excitedly, "It's finally our turn to show off our skills!"

"This operation is no small matter. The forces of the 'Hand of God' are complex. We must be careful and ensure the success of the operation!" He Chenguang reminded calmly.

"Don't worry, Chen Guang," Li Erniu said angrily, "With Brother Yuan here, we will definitely complete the mission!"

Qin Yuan glanced at everyone and secretly planned the next action plan in his heart. The 'Hand of God' is not a good thing. This operation is destined to be extremely dangerous, and he must be fully prepared.

"Report!" A member of the Dragon Team quickly walked into the command room, "Falcon requested to speak to Captain Qin Yuan."

"Come in." Qin Yuan said in a deep voice.

The sinister face of "Falcon" appeared on the screen, his eyes full of malice and cunning.

"Captain Qin, long time no see." "Falcon" said with a smile, a hint of provocation in his tone.

"Stop talking nonsense," Qin Yuan said coldly, "Tell me, what do you want to do?"

"Don't be so impatient, Captain Qin." "Falcon" said slowly, "I come here with sincerity this time. I promise to lead you to find the stronghold of the 'Hand of God', but in exchange, I need your promise. I have one condition."

"Conditions?" Qin Yuan narrowed his eyes, "You are not qualified to negotiate terms with me."

"Really?" "Falcon" smiled sinisterly, "Captain Qin, you should know that I hold many secrets of the 'Hand of God', including the list of their core members and their next actions. Plan. If you don't want more innocent people to be harmed, you'd better agree to my terms."

"Are you threatening me?" A cold light flashed in Qin Yuan's eyes.

"I'm just making a deal with you, Captain Qin." "Falcon" said calmly, "I know you care about those innocent lives, so you'd better consider my proposal carefully."

"What are his conditions?" Tan Xiaolin walked to Qin Yuan and asked in a low voice.

Qin Yuan did not speak, but just repeated the words of "Falcon".

"What?!" Tan Xiaolin's face changed, "This bastard, how dare he make such an unreasonable request!"

"He is taking advantage of our weaknesses." He Chenguang said in a deep voice, "He knows that we can't watch innocent people get hurt, so he puts forward such conditions."

"Then what should we do?" Wang Yanbing asked anxiously, "Do we really have to agree to him?"

"Of course we can't agree to him!" Li Erniu roared, "This bastard, we should catch him, torture him severely, and force him to tell the secret of 'God's Hand'!"

"Erniu, calm down." He Chenguang pressed Li Erniu's shoulders, signaling him not to be impulsive.

Qin Yuan was silent, his brain was working fast. He knew that the Falcon was telling the truth. The methods of the Hand of God were extremely cruel. If they succeeded, the

consequences would be disastrous. However, he could never agree to the Falcon's conditions.

"Captain Qin, time is running out," the Falcon on the screen urged, "Are you going to agree to my conditions?"

"I agree to your conditions." At this moment, a cold voice sounded, and everyone looked in the direction of the voice, only to see Tan Xiaolin staring at the Falcon on the screen expressionlessly, "Tell me, what are your conditions?"

"You..." Qin Yuan looked at Tan Xiaolin in disbelief. He knew what the Falcon's conditions were, and what it meant to agree to these conditions. He never thought that Tan Xiaolin would agree to them for him.

"Good! Great!" A sly light flashed in the eyes of the Falcon. He knew that his plan had succeeded, "My conditions are very simple. I want you..."

Before the Falcon finished speaking, the screen suddenly went dark, and the communication was forcibly cut off.

"What's going on?!" Fan Tianlei stood up suddenly and asked angrily.

"Report!" A technician rushed in in a panic, "The signal of the Falcon has disappeared, and we can't track its location!"

"Damn it!" Fan Tianlei slammed the table hard, "This cunning guy, he actually dared to play tricks on us!"

"What should we do now?" Wang Yanbing asked anxiously, "'Falcon' ran away, how can we find the base of 'God's Hand'?"

"Don't worry, we still have 'Storm'." Qin Yuan turned his head to look at Tan Xiaolin, a complex look flashed in his eyes, "You said that you agreed to his conditions, right?"

Tan Xiaolin didn't say anything, just walked in front of Qin Yuan, stretched out her right hand, gently stroked his cheek, a charming smile appeared at the corner of her mouth, and her tone was as gentle as the whisper of lovers.

"Of course, my captain."

Tan Xiaolin's fingers slid across Qin Yuan's cheek, as if she was stroking a cherished work of art, her eyes were like the stars in the night sky, flashing mysterious and seductive light. "My captain," she repeated softly, with a hint of playful smile in her tone, "You know, for you, I can give everything."

Qin Yuan was stunned. He had never seen Tan Xiaolin so gentle, which made him feel strange, but he couldn't help but indulge in it. He wanted to avoid Tan Xiaolin's gaze, but he was firmly attracted by her and couldn't move.

"You..." Qin Yuan opened his mouth, but didn't know what to say. He suddenly realized that he didn't seem to understand the woman in front of him.

Qin Yuan knew what the conditions of "Falcon" were. It was a condition that was almost humiliating, a condition that a man, especially a soldier, could never accept. But Tan Xiaolin agreed, for him and for those innocent lives.

"Are you crazy?" He Chenguang pushed Tan Xiaolin away and roared, "Do you know what conditions he proposed? You actually agreed to him?!"

Wang Yanbing and Li Erniu also surrounded him, their faces full of disbelief. They couldn't imagine that Tan Xiaolin, who had always been strong and even a little cold, would make such a huge sacrifice for Qin Yuan.

"Of course I know." Tan Xiaolin straightened her collar that was messed up by He Chenguang, and her tone was terribly calm, "But if I don't agree to him, more innocent people will be hurt, including..." She paused, her eyes fell on Qin Yuan, "including you."

"But..." He Chenguang wanted to say something else, but was interrupted by Qin Yuan.

"Enough." Qin Yuan's voice was low and hoarse. He looked at Tan Xiaolin with complex emotions in his eyes, "This is my business, I will deal with it."

"How will you deal with it? Agree to his conditions?" He Chenguang shouted excitedly, "Qin Yuan, wake up, he is a terrorist, he is using you, you can't..."

"I said, this is my business!" Qin Yuan turned his head suddenly, staring at He Chenguang with sharp eyes, and his tone was full of unquestionable majesty.

He Chenguang was shocked by Qin Yuan's momentum. He opened his mouth, but he couldn't say anything anymore. He knew that no one could change what Qin Yuan decided.

"Storm," Qin Yuan took a deep breath, trying to suppress his inner anger, and turned to look at Tan Xiaolin, "Tell me, what does Falcon want you to do?"

Tan Xiaolin didn't say anything, but walked to the table, picked up a pen and paper, wrote a line on it, and then handed the note to Qin Yuan.

Qin Yuan took the note, took a look, and his face suddenly turned livid.

"This is impossible!" Qin Yuan slammed the note on the table and roared, "I will never agree to such a condition!"

The content on the note was very simple, with only a short sentence:

"I want 'Baofeng' to be my woman, for a month."

"Captain Qin..." Wang Yanbing said cautiously, "Now is not the time to act on impulse, we must calm down and think of a solution."

"Yes, Captain Qin," Li Erniu also echoed, "The bastard 'Falcon' must be deliberately humiliating us, we can't fall for his trick."

Qin Yuan didn't say anything, he clenched his fists, his knuckles turned white due to excessive force, and the veins on his forehead bulged, showing his extreme anger and struggle at the moment.

"Qin Yuan," Tan Xiaolin walked up to Qin Yuan, stretched out her hand to smooth his frown, and said gently and firmly, "Promise him."

"What did you say?!" Qin Yuan raised his head suddenly and looked at Tan Xiaolin in disbelief, "Do you know what you are saying?!"

"I know." Tan Xiaolin looked directly into Qin Yuan's eyes, without any hesitation or fear, only firmness and determination, "This is the only way, isn't it?"

"No, there must be other ways!" Qin Yuan couldn't accept such a result. He couldn't watch Tan Xiaolin make such a huge sacrifice for him and for those strangers.

"There is no time, Qin Yuan." Tan Xiaolin's tone became urgent, "'Falcon' will not give us too much time to consider, we must make a decision as soon as possible."

"But..."

"No buts, Qin Yuan," Tan Xiaolin interrupted Qin Yuan, she tiptoed and whispered in Qin Yuan's ear, "Trust me, I will take care of everything."

After saying that, without waiting for Qin Yuan to react, Tan Xiaolin turned to the computer and dialed the communication of "Falcon".

"I agree to your conditions." Tan Xiaolin's voice was cold and calm, without the slightest emotional fluctuation, as if talking about an insignificant matter, "But, I have a request."

The "Falcon" on the screen showed a sinister smile, he knew that his plan was successful.

"Tell me, my beauty, what do you want?"

"I want you to promise," Tan Xiaolin's tone suddenly became sharp, and a cold light flashed in her eyes, "After one month, you must keep your promise, release him, and disappear forever!"

The smile on Falcon's face froze. He narrowed his eyes and stared sharply at Tan Xiaolin on the screen, as if he wanted to see through her soul.

"Are you threatening me?"

"No," a cold smile appeared on Tan Xiaolin's lips, her tone full of confidence and domineering, "I'm just telling you my bottom line."

"Falcon" was silent. He didn't expect that this seemingly weak woman would have such a strong aura.

The air in the room seemed to be frozen, and everyone held their breath, waiting for "Falcon"'s answer.

"Falcon" suddenly laughed, his laughter full of ridicule and disdain.

"Interesting, it's so interesting!" He smiled and said, "Who do you think you are? What qualifications do you have to negotiate terms with me?"

"You will know in a month whether I am qualified or not." Tan Xiaolin said coldly, "You'd better pray that you don't break your promise, otherwise..."

Tan Xiaolin didn't say any more, but the cold light in her eyes made "Falcon" feel an inexplicable fear.

"Okay! I promise you!" "Falcon" gritted his teeth and said, "In one month, I will keep my promise, but you'd better remember what you said today!"

Communication was interrupted and the room fell into dead silence again.

Qin Yuan looked at Tan Xiaolin, his eyes full of complicated emotions. He opened his mouth and wanted to say something, but in the end nothing came out.

"One month later, I will keep my promise, but you'd better remember what you said today!" The screen went dark, but Falcon's arrogant voice seemed to still be echoing in the room.

Qin Yuan closed his eyes and took a deep breath. When he opened them again, his eyes were already cold. He walked up to Tan Xiaolin, his voice low and hoarse: "What are you going to do?"

Tan Xiaolin looked at Qin Yuan, with a flash of complicated emotions in her eyes, but it was quickly replaced by determination: "What Falcon wants is the 'God Punishment' system. One month is enough for us to find his lair. Get rid of his organization, and when the time comes, we can save everyone without him in exchange."

"'Heavenly Punishment' system?" He Chenguang frowned, "What is that?"

"The 'Heavenly Punishment' system is..." Tan Xiaolin was about to explain, but was interrupted by Qin Yuan.

"No need to explain." Qin Yuan said coldly, "I just want to know how to find the Falcon's lair in the shortest possible time."

Tan Xiaolin looked at Qin Yuan, was silent for a moment, and then slowly said: "'Falcon' is very cunning. The location and communication equipment he uses are different every time. It is very difficult to track his true location. but....."

She paused and then said, "I noticed that before the end of each communication, he would deliberately cough. This cough was very light. If you didn't listen deliberately, you would easily ignore it. I suspect that this cough 'Maybe it was a special signal to notify his men to move.'"

"You mean, Falcon's men have been monitoring us?" Wang Yanbing's eyes widened and he said in disbelief.

"It's very possible." Tan Xiaolin nodded, "'Falcon' has always been cautious in doing things. He can't put all his hopes on us. Therefore, it is very likely that he has arranged spies around us to monitor us. every move."

"Damn! I'm just telling you why I keep feeling like someone is watching me secretly these days. It turns out it's these bastards!" Wang Yanbing hammered the table angrily and said through gritted teeth, "If I catch them, I have to kill them." them....."

"Yanbing!" He Chenguang interrupted Wang Yanbing and turned to look at Tan Xiaolin, "Xiaolin, what are your plans?"

Tan Xiaolin looked around at the crowd, with a wise light shining in her eyes: "Since Falcon wants to play, let's play with him. Doesn't he want us to help him find the 'Heavenly Punishment' system? Then let's pretend Find it, and then use the trick to lure him out!"

...

In the next few days, Qin Yuan and others deliberately released some false news about the "Heavenly Punishment" system according to Tan Xiaolin's plan. In order to make "Falcon" believe it, they even arranged an "accident" so that "Falcon"'s men "accidentally" discovered the "God's Punishment" system they were "researching".

As expected, the Falcon took the bait.

On a dark and windy night, Qin Yuan and others followed the plan and took the "Heavenly Punishment" system to the transaction place agreed with "Falcon".

The transaction took place in an abandoned factory on the outskirts of the city, surrounded by grass and dead silence. Only a few crows echoed in the night sky, making it even more eerie.

Qin Yuan and others were lurking outside the factory, observing the situation inside the factory. The lights in the factory were brightly lit and people were moving around. It was obvious that the "Falcon" had already laid a dragnet and was waiting for them to fall into it.

"Damn, this 'Falcon' is really cautious. It has deployed so many people." Wang Yanbing hid behind a pile of discarded tires and cursed in a low voice, "If we force our way in, we will probably be killed before we even get close." Sieved."

"Don't worry, let's take a look at the situation first." He Chenguang said calmly, "Qin Yuan, what did you find?"

Qin Yuan did not speak. He hid behind a big tree, his sharp eyes like a hawk, scanning every corner of the factory.

"Something is wrong." After a moment, Qin Yuan said in a deep voice, "'Falcon' can't believe us so easily. There must be a trick here!"

"What should we do? Do we still need to go in?" Li Erniu asked in a muffled voice.

Qin Yuan did not answer. He carefully observed the situation in the factory again. Suddenly, his eyes fell on a high platform in the center of the factory. On the high platform, a burly figure turned his back to them and looked in the direction of the factory gate.

Although he couldn't see the man's appearance clearly, Qin Yuan was sure that the man was "Falcon"!

"Falcon"! Qin Yuan's heart moved, and a bold idea formed in his mind.

"You wait here for me, I'll go meet him!" Qin Yuan said in a low voice.

"What? You want to go in alone?" Wang Yanbing said in surprise, "This is too dangerous!"

"Don't worry, I know what to do." Qin Yuan said, and without waiting for anyone to say anything, he sneaked into the factory like a cheetah.

In the factory, "Falcon" seemed to have noticed something, turned around suddenly, and looked in the direction of Qin Yuan.

"Are you here?" "Falcon" raised a cold smile, "I want to see if you can leave here alive today!"

As soon as he finished speaking, a black shadow rushed towards him like lightning, so fast that it was almost impossible to catch with the naked eye.

"Falcon" was startled, and before he could react, he was hit in the chest by the black shadow, and the whole person flew out and fell heavily under the high platform.

"Ahem..." Falcon struggled to get up from the ground, coughing up blood, looking at Qin Yuan standing in front of him in disbelief, "You... How could you..."

"What? Are you surprised?" Qin Yuan looked at Falcon coldly, with murderous eyes, "'Falcon', your game is over!"

"Hahaha..." Falcon suddenly laughed up to the sky, his laughter was full of madness and despair, "End? Qin Yuan, do you think you won? You are too naive! Do you think I will really put the 'Heavenly Punishment' system here? Do you think I will really be stupid enough to hand my life over to you?"

"What do you mean?" Qin Yuan suddenly had a bad premonition in his heart.

"What do you mean?" Falcon showed a hideous smile on his face, "When you die, you will know! Hahaha..."

Chapter 2470 - Then give it a try!

The laughter of "Falcon" came to an abrupt end, because he suddenly found that a dagger was stuck in his chest at some point.

Blood flowed slowly along the blade of the dagger, staining the clothes of "Falcon" and Qin Yuan's hands red.

"You..." "Falcon" looked at Qin Yuan in disbelief, his eyes full of shock and anger, "You actually..."

"I said, your game is over!" Qin Yuan said coldly, pulling out the dagger, "Falcon"'s body slowly fell down, his eyes full of unwillingness and despair.

Qin Yuan looked around and found that the people in the factory had fallen to the ground, without the breath of life.

"What's going on?" Qin Yuan was shocked, and an ominous premonition came to his mind.

At this time, the door of the factory was suddenly knocked open from the outside, and He Chenguang, Wang Yanbing, Li Erniu and others rushed in.

"Qin Yuan, are you okay?" He Chenguang was relieved to see that Qin Yuan was safe and sound.

"I'm fine." Qin Yuan shook his head, pointed at the body of "Falcon" on the ground, and asked, "What's going on? Did you kill them all?"

"No." He Chenguang shook his head and said solemnly, "They were already dead when we came in."

"What?!" Qin Yuan was shocked, and a bad premonition became stronger and stronger.

"And..." He Chenguang paused, and then said, "We found that this is not the nest of "Falcon" at all, but a trap!"

"Trap?" Qin Yuan frowned, "What do you mean?"

"It means..." He Chenguang took a deep breath and said slowly, "We fell into the trap!"

"Fell into the trap? What does it mean?" Wang Yanbing asked in confusion.

At this moment, a mobile phone ring suddenly rang, breaking the strange silence in the factory.

Qin Yuan took out his mobile phone and found that it was Tan Xiaolin calling.

"Xiaolin, what's wrong?" Qin Yuan answered the phone and asked anxiously.

"Qin Yuan, go! You've fallen into a trap!" Tan Xiaolin's anxious voice came from the other end of the phone, "'Falcon' is not here at all. He led you here to..."

Tan Xiaolin's words were not finished yet, and the phone was suddenly interrupted, leaving only a busy tone.

"Xiaolin? Xiaolin?" Qin Yuan shouted into the phone, but there was no sound on the other end of the phone.

"Damn it!" Qin Yuan hung up the phone fiercely, his face terribly gloomy.

"Qin Yuan, what happened?" He Chenguang asked.

"We fell into a trap!" Qin Yuan took a deep breath and said in a deep voice, "The target of 'Falcon' is not the 'Heavenly Punishment' system at all, but..."

He paused and said word by word: "It's... us!"

Qin Yuan's face was as terribly gloomy as the sea before the storm. He knew what Tan Xiaolin's words meant-they had mistakenly fallen into the trap carefully designed by "Falcon", and now, what awaits them will be unknown dangers.

"Boss, what's going on? Speak!" Wang Yanbing was so anxious that he kept scratching his head. This sudden change made him confused.

Qin Yuan took a deep breath and forced himself to calm down. "Falcon"'s target was them, what was the purpose? "Heavenly Punishment" system? No, if it was just for "Heavenly Punishment", there was no need to go to such lengths.

"Could it be..." A terrible thought flashed through Qin Yuan's mind, making his blood seem to solidify.

"Boom!"

At this moment, a deafening explosion sounded from deep in the factory, and the whole ground trembled. The shock wave generated by the explosion knocked everyone to the ground, and the billowing smoke mixed with flames, like a roaring beast, instantly engulfed the entire factory.

"Cough cough..." He Chenguang struggled to get up from the ground, coughing with a dusty face, and his eyes were blurred. He shook his head and tried to see the scene in front of him clearly, but found that he was surrounded by thick smoke and couldn't see his fingers.

"Qin Yuan! Yan Bing! Er Niu!" He shouted the names of his comrades loudly, and his voice echoed in the empty factory, but he received no response.

"Damn it!" He Chenguang's heart sank, he knew the situation was not good. He groped the wall and stumbled forward, trying to find his comrades.

"Ahem... I'm here..." A faint voice came from not far away. He Chenguang was delighted and groped along the sound, and finally found Wang Yanbing whose legs were pressed by a boulder.

"Yan Bing, how are you?!" He Chenguang asked anxiously, trying hard to move the boulder, but found that it did not move at all.

"I'm fine..." Wang Yanbing gritted his teeth, and beads of sweat rolled down his forehead, "Ahem... Don't worry about me, go find Captain Qin and Er Niu!"

He Chenguang also knew that this was not the time to hesitate. He gritted his teeth and said with a hard heart: "Hold on, I'll come back to save you soon!" After that, he turned and rushed into the darkness filled with smoke.

On the other side of the factory, Qin Yuan instinctively threw Li Erniu to the ground at the moment of the explosion and protected him with his body.

"Ahem..." Li Erniu felt his ears buzzing and stars flashing in front of his eyes. It took him a long time to recover and found that he was tightly protected by Qin Yuan.

"Brother Qin, are you okay?!" Li Erniu asked anxiously. He wanted to get up, but found that a trace of blood was flowing from the corner of Qin Yuan's mouth, and his face was terribly pale.

"I'm fine..." Qin Yuan took a deep breath, endured the severe pain in his chest, and pushed Li Erniu away, "Go! It's dangerous here!"

"But you..." Li Erniu wanted to say something, but was stopped by Qin Yuan's sharp eyes.

"Obey orders!"

Li Erniu knew that this was not the time to argue, he gritted his teeth, turned around and ran out of the factory.

Qin Yuan looked at Li Erniu's back, and a trace of determination flashed in his eyes. He struggled to stand up, endured the severe pain in his body, and walked step by step towards the direction of the explosion. He knew that he had to find "Falcon" and ask clearly!

The thick smoke and flames shot up to the sky, and the whole factory seemed to have turned into a purgatory on earth. Qin Yuan was like a Shura from hell, with raging anger in his eyes, approaching the truth step by step.

He vaguely heard bursts of gunfire and screams in the distance, and he knew that it was the "Falcon" people!

"Falcon, get out!" Qin Yuan roared, and the sound echoed in the empty factory, like thunder.

"Haha, Qin Yuan, you are finally here..." A cold voice came from the darkness, with a hint of teasing and mockery, "I thought you would run away like a stray dog..."

"Falcon!" Qin Yuan gritted his teeth and spat out these two words, with murderous intent in his eyes, "What on earth do you want to do?!"

"What do I want to do? Haha..." The voice in the darkness seemed to be a demon from hell, "I want you to watch with your own eyes that the people around you die one by one..."

"Shut up!" Qin Yuan roared, and the dagger in his hand turned into a flash of lightning and shot in the direction of the voice.

"Ding!"

A crisp metal collision sounded in the darkness, and the dagger was blocked.

"Qin Yuan, you are still too impulsive..." The voice of "Falcon" was mocking, "Do you think you really understand me?"

As soon as the voice fell, a black shadow flashed out of the darkness and attacked Qin Yuan like lightning.

Qin Yuan's eyes were stern, and his body dodged the attack as agile as a cheetah, while swinging his fist and hitting the black shadow fiercely.

"Bang!"

With a muffled sound, the black shadow was knocked back by Qin Yuan's punch, and staggered a few steps before stabilizing his body.

With the weak light of the fire, Qin Yuan finally saw the true face of the black shadow--

It turned out to be an extremely familiar face, it was...

...It turned out to be He Chenguang!

How could he appear here? Why did he attack himself?

Qin Yuan's heart was in turmoil, and he was stunned for a while.

"Why, are you surprised?" He Chenguang raised a cold arc at the corner of his mouth, and a strange light flashed in his eyes, "Why don't you speak? Don't you always want to know the truth? I'll tell you now!"

"Who are you?" Qin Yuan stared at He Chenguang, and asked word by word, his voice full of disbelief and anger.

"Who am I? Haha..." He Chenguang laughed up to the sky, his laughter full of madness and ridicule, "I am who I am, I am the 'Falcon'!"

"Impossible!" Qin Yuan denied it flatly. He knew that He Chenguang could not be the "Falcon". They had fought side by side and fought together. He knew He Chenguang as well as he knew himself.

"Nothing is impossible!" A cold light flashed in He Chenguang's eyes, "Qin Yuan, you are too naive. Do you think you really understand me? Do you think everything you see is true?"

"What do you want to say?" Qin Yuan had an ominous premonition in his heart.

"What I want to say is..." He Chenguang approached Qin Yuan step by step, his voice like a demon from hell, "From the beginning, I was the 'Falcon', I was the undercover lurking beside you!"

"You..." Qin Yuan felt his head explode with a buzzing sound, and his eyes were blank.

He couldn't accept this fact, nor could he believe that his most trusted comrade-in-arms would actually be the "Falcon"?

"Impossible... This is impossible..." Qin Yuan shook his head and muttered to himself. He didn't believe it, nor did he want to believe it.

"Qin Yuan, stop deceiving yourself!" He Chenguang sneered, "Why do you think I want to get close to you? Why do I want to join Langya? Why do I want to be a comrade-in-arms with you? All this is for today!"

"Why did you do this?" Qin Yuan asked painfully. He couldn't understand why He Chenguang betrayed them, betrayed their friendship, and betrayed their beliefs?

"Why?" A trace of resentment flashed in He Chenguang's eyes, "Because you, because you took away everything that originally belonged to me!"

"What did I take away from you?" Qin Yuan was even more puzzled.

"You took away my glory, my status, and my woman!" He Chenguang gritted his teeth and said, every word seemed to be squeezed out from his teeth.

"Woman?" Qin Yuan was stunned for a moment, then his face suddenly became extremely ugly as if he thought of something, "You mean... An Ran?"

"Yes, it's An Ran!" He Chenguang's eyes were full of crazy possessiveness, "She is mine, she should have been mine! But you snatched her away from me!"

"You are talking nonsense!" Qin Yuan roared, "An Ran and I are truly in love, there is nothing wrong between us, when is it your turn to point fingers?"

"Pure? Haha..." He Chenguang laughed as if he heard a big joke, "Qin Yuan, you are so ridiculous! Do you think I don't know? You and An Ran have been in love for a long time, you..."

"Pah!"

Qin Yuan couldn't bear it anymore and slapped He Chenguang hard on the face.

"Shut up!" Qin Yuan roared, "You don't deserve to mention An Ran's name!"

"Haha..." He Chenguang covered his beaten face, but the corner of his mouth curled up with a cold arc, "What? Did I say something that hurt you? Are you angry from embarrassment?"

"He Chenguang, let me ask you one last time, why did you do this?" Qin Yuan asked, suppressing the anger in his heart.

"I've already said it, because you took everything from me!" A fierce light flashed in He Chenguang's eyes, "So, I will destroy you and everything you own!"

"Don't even think about it!" Qin Yuan roared angrily. He knew that only one of him and He Chenguang could walk out alive today.

"Then give it a try!" He Chenguang sneered, flashed, and attacked Qin Yuan like a ghost.

"Bang!"

A gunshot broke the silence of the night.

A bullet, carrying the breath of death, shot towards Qin Yuan's chest?

Bullets whizzed in, Qin Yuan's heart tightened, and his body instinctively rolled to the side.

"Bang!"

The bullet grazed his arm, causing a burning pain. The blood instantly dyed Qin Yuan's camouflage uniform red, but he didn't seem to notice it and turned over and hid behind a big tree.

"Damn it, seriously!" Qin Yuan cursed secretly. He knew that He Chenguang was very good at shooting and this shot was definitely not a joke. He covered the wound and glanced around with sharp eyes, trying to find where He Chenguang was hiding.

"Qin Yuan, you can't escape!" He Chenguang's voice came from all directions, with a hint of crazy pride, "I have been waiting for you for a long time, and today is the day you die!"

"Fuck your mother!" Qin Yuan roared angrily, "Why do you want to kill me? I crawled out from among the dead!"

He stood up suddenly and pulled the trigger in the direction of the sound.

"Da da da!"

The sound of gunfire was particularly harsh in the silent night, and bullets poured out like raindrops, covering all places where He Chenguang might be hiding.

However, the only response he received was the muffled sound of a few bullets hitting the tree trunks. He Chenguang was like a cunning cheetah, always hiding in the dark, waiting for opportunities.

"Damn it!" Qin Yuan cursed secretly. He knew that this was not the way to go. He had to take the initiative and find He Chenguang in order to completely resolve this crisis.

He took a deep breath, various tactical moves quickly flashed through his mind, and finally decided to use the surrounding environment to fight a guerrilla war with He Chenguang.

Qin Yuan was like an agile cheetah, zipping through the woods. He sometimes rolled and sometimes jumped, using the cover of trees and bushes to constantly change his position, making it difficult for He Chenguang to catch him.
