

## Special Soldier 251

### Chapter 251: Fear

Seeing what Gao Gang wanted to say, Qin Yuan stood up directly and said to Gao Gang:

"Okay, in this situation, we probably know how far we need to be. We have neglected to train these days. We must prepare in advance. When will you let us go, let us know directly. There is also Fang Xinwu. , You have to prepare well, not to let others shed blood, sweat and tears."

"I know this naturally, all right."

Gao Gang also sighed. He knew that what Qin Yuan said about preparing to go was an excuse, but as the saying goes, he will not be subject to orders from the foreign military. The front-line personnel is Qin Yuan. If Qin Yuan really does The card was killed, and they had no choice.

Now Gao Gang can only think about what kind of rhetoric he is using to explain it.

"Then I will go down first."

Qin Yuan smiled, and then left the meeting room with the members of the red blood cell team.

At this moment, two little boys appeared outside the headquarters of the Federation, one tall and the other short, and the tall little boy was holding a football in his hands, and the short boy , It is a package carried on the body.

This package looks swollen, I don't know what is in it.

The little boy glanced at the location of the headquarters, patted the short boy lightly, and walked directly towards the guard.

"Uncle, how can I get to the football field?"

At this moment, the guard saw the little boy asking for directions so politely, without any guard in his heart, and said directly to him:

"Football field, you walk straight down the road ahead, and then turn right again."

But when the guard was speaking, the short boy followed the blind spot of the guard and slipped in directly against the wall.

The little boy kept walking straight towards the main entrance hall of the Federation. At this time, the guard at the entrance of the hall saw a child coming in. He was taken aback and shouted at the child:

"Hey, kid, this is not where you can come!"

But the child did not seem to have heard it. Not only did he not stop, but accelerated his pace. The guard saw this situation and quickly wanted to stop the child.

But the child's movements are extremely flexible, a flashing body flashes past the guard's feet and directly rushes through the metal detector at the door!

At this time, the metal detector suddenly emitted a dazzling red light, and the guard was shocked and screamed:

"Stop him, he has dangerous items on his body!"

This suddenly caught the attention of everyone in the lobby on the first floor. Several people rushed directly towards the kid. At this time, Qin Yuan happened to be walking down from the upper floor. When this kid arrived, his pupils suddenly shrank!

He remembered that this time was when Nuoka launched an attack on them, and the child in front of him was the baby soldier who initiated the human flesh bomb!

At this time, a female commissioner in white responded quickly and rushed directly in front of the child, and grabbed the little boy. But at this moment, the little boy took it directly from the package he was carrying. Fired a pistol!

And this little boy saw a group of people rushing towards him, and threw the package directly!

At this time, everyone also saw that there was a serious bomb inside that package.

"It's a bomb."

I don't know who said a word in horror, and then everyone on the floor suddenly fell into a panic.

The explosive power of the C4 bomb is enough to razor the entire building to the ground. By then, all the people here may not be able to escape!

At this time, Qin Yuan, with a movement of his figure, instantly used his reaction ability to the limit, instant burst speed, endurance running speed, and ant power!

The whole person was like teleporting, directly in front of the bomb, and then grabbed the bomb, Qin Yuan grabbed the bomb in the package, and instantly received it in the grid!

"team leader!"

At this time Xu Tianlong yelled, and Qin Yuan just shouted not to come, and then went straight outside like a bolt of lightning!

At this time, the little boy holding the football outside felt that the time was almost up, and he also pressed the detonation button of the bomb severely outside.

If Qin Yuan's speed is too slow for a second, the bomb will instantly detonate, and the entire building will be blown to ruins. At this time, Qin Yuan has already collected the bomb. When he arrived in the grid, it would naturally not explode, but Qin Yuan was afraid of being noticed by everyone, and still kept walking, frantically heading outside.

He must dispose of this bomb!

Then Qin Yuan ran directly outside and suddenly took the bomb out of his grid. The power of the cosmic ant broke out instantly, and directly threw the bomb towards the high altitude!

This bomb withstood Qin Yuan's strength, it was almost like a cannonball, and it flew into the air extremely quickly. When it was finally tens of meters in the air, it finally received the signal, and it exploded directly with a crash. !

Only a loud noise was heard. This C4 bomb exploded in the air like an extremely huge firework, and the shock wave directly hit the ground, shattering a lot of glass on the ground.

However, fortunately, humans can resist such an impact. Although it caused some damage, no one died.

At this time, the little boy in the hall ' was shot and killed directly by Xu Tianlong. Since the last time he experienced something like that, Xu Tianlong's psychology has changed. hesitate!

At this time everyone looked at Qin Yuan's figure like a \*\*\*\*\* descending to the earth, and everyone couldn't help showing a light of incomparable worship:

"My god, if it weren't for this person, I'm afraid we would all be killed by this bomb."

"Who is he? He saved all of us."

"I don't know, he seems to be Yan Nation's special forces."

At this time, the members of the red blood cell team rushed over, saw Qin Yuan's appearance, and said to Qin Yuan'er: "Captain, are you doing anything?"

Qin Yuan just shook his head, his heart was also extremely afraid.

If this bomb really explodes here, even if Qin Yuan can survive, it will be seriously injured, and the bomb may also cause great casualties. Members of the anti-narcotics team and members of the red blood cell team are probably very difficult. Can survive.

Chapter 252: Leave it to you

Qin Yuan knew that this action was planned by Nuoka, his eyes were extremely angry, and he said to Gao Gang who had just arrived here:

"Now you are still wondering if I want to kill Nuoka?"

When Gao Gang heard what Qin Yuan said, a smile appeared on the corner of his mouth, and he said to Qin Yuan:

"Now there is no problem if you kill him. If something like this happens, it is estimated that the senior management will have no face to say that they want to catch Naka alive."

Qin Yuan also took a sigh of relief and said to Gao Gang:

"Well, you do some sorting work, I need a rest."

Gao Gang also patted Qin Yuan on the shoulder with understanding, after all, Qin Yuan could be regarded as wandering around Guimen Pass.

If it weren't for Qin Yuan's courage, he picked up the bomb directly from the ground and threw the bomb out, they would probably die.

At this time, Qin Yuan hid in a corner, but looked at the few lines in front of him with a little dumbfounding.

He received the bomb into the grid just now, and the grid unexpectedly absorbed it by default and gave his skills.

"Ding Dong~ Please start to choose the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class bomb manufacturing!"

"2, get a world-class bomb dismantling!"

"3, get a world-class bomb placement!"

Looking at these three options at this time, Qin Yuan's eyes flashed with light.

"Damn Nuoka, you dare to bomb Lao Tzu with a bomb, and Lao Tzu wants you to taste the bomb!"

Qin Yuan glanced at the interface of the system, and found that he had three grids left, and he was ruthless in his heart and chose the first choice directly!

"The system I choose item 1."

"Ding Dong, congratulations to the host for his successful choice and obtain world-class bomb manufacturing."

At this time, Qin Yuan's mind suddenly had a lot of knowledge about bomb making, but seeing this knowledge, Qin Yuan's eyes flashed with cold light.

Sure enough, the products produced by the system are exquisite products. Each of these bombs is more powerful than the existing bombs, and this power can still be controlled. Qin Yuan thought about it and stood up directly and headed towards the ammunition depot.

Now there are two grids, just to be able to select all three options.

He wants Nuoka to taste the taste of being attacked by a bomb!

After Qin Yuan arrived at the ammunition depot, he applied for some bombs and ammunition, and then dismantled all these things, added some new chemical devices, and started to prepare a new type of bomb.

After making several new types of bombs, Qin Yuan directly received the bombs into the grid.

"Ding Dong~ Congratulations to the host for choosing successfully and getting a world-class bomb dismantling!"

"Ding Dong~ Congratulations to the host for choosing successfully and getting a world-class bomb placement!"

Hearing these two voices, Qin Yuan's heart was filled with joy again, and with the bomb dismantling and bomb placement, Qin Yuan's movements were naturally faster.

Soon Qin Yuan created a series of bombs, and then recovered them again, directly raising all these three skills to the universe level!

After reaching the cosmic level, Qin Yuan's understanding of bomb technology further deepened. He looked at the bombs he had created, and suddenly removed them again, adding a lot of things again.

"Nuoka, wait for me to die!"

This time Qin Yuan is considered to have lost his blood, and he must let Nuoka know what it means to survive and die!

And when something like this happened, the above reaction was also very quick, and he directly formulated a plan to attack Nuoka.

And this time Qin Yuan also met the director Yu Ping.

"Comrades, everyone has seen Nuoka's brutality, so we must arrest this person and bring him to justice. This action was carried out by the Bison Team and our anti-narcotics team. The target was hidden in the tropical jungle of the Daye Mountains. , We are divided into 4 teams, cut in from the north and south of the deep mountains and old forests, lock our targets as soon as possible, and then initiate encirclement together."

"Remember, this time our mission is to capture Nuoka and his criminals involved in the Mekong River case. Once these people are killed, it means that our mission has failed."

"We will always arrange helicopters on standby. Each team has a high-frequency transmitter. No matter who caught the target first, he will immediately lead the target to the evacuation site, and then the helicopter will come to pick you up, understand?"

"understand!"

At this time, all the members of the combined military and police team shouted in unison.

Afterwards, these people disbanded together, but when they were disbanded, Gao Gang suddenly summoned all the people from the anti-drug squad and said that they would have another meeting.

"Captain, this time, why is there no arrangement for the red blood cell team?"

At this time, Guo Bing asked. Originally, they thought the action this time was to dispatch the red blood cell squad. Who knew that when their director released the mission, he did not mention the red blood cell squad at all.

"If you don't say it doesn't mean you don't need it, who do you think this is?"

Gao Gang gave Guo Bing a bit, and then gently knocked on the window next to the conference room.

Sure enough, behind the window was the member of the Red Blood Cell Team!

They had been hiding behind the window just now, listening to those people outside the meeting.

At this time Qin Yuan said to Gao Gang:

"Didn't it have been explained to you that it may not be able to guarantee the safety of Nuoka?"

"That's what I want to say. This is for others to see. Everyone, our action this time may not be very safe. After all, we have already caught actual evidence that the officer Song of the

country is connected with Nuoka. One of our arrests is very likely to be attacked by other countries, so we must prepare reserve forces!"

"Qin Yuan, this time the back of our combined military and police team will be handed over to you!"

When the members of the red blood cell team heard this, a smile appeared at the corner of their mouth. Qin Yuan patted Gao Gang on the shoulder:

"It should have been like this, ' is OK, don't talk nonsense, get ready to act!"

Hearing Qin Yuan's words, the members of Gao Gang's anti-drug squad were extremely relieved. With such a strong team as the red blood cell squad, they were not afraid of others coming to shoot the black gun!

After setting the time for action, everyone went back and began to prepare for this action.

At this time, Qin Yuan saw that Gao Gang was making a call, but he asked Gao Gang, "Why didn't Fang Xinwu participate in this action?"

"This is a terrible business. He has made enough contributions for us. I have enough manpower this time, so there is no need to let him go."

Gao Gang took a cigarette and then returned a message to his daughter.

"Should he not let him choose?"

Qin Yuan smiled slightly, and then gently knocked on the side of the house. Gao Gang looked back and found that Fang Xinwu was standing behind him in camouflage.

Chapter 253: Qin Yuan's new ideas

Seeing Fang Xinwu's appearance, Gao Gang also showed a slight smile:

"Then I don't need to say more, you can just join our team directly."

Fang Xinwu smiled too, then Gao Gang took out his mobile phone and said to the two people:

"We strive to finish the battle earlier and go home earlier. There are other people waiting for us!"

"Would you like to take a picture? I am afraid it will be difficult for us to meet again in the future!"

Qin Yuan said with a smile, and when he heard this, Gao Gang also nodded and said to Qin Yuan:

"Okay, my daughter was wondering what kind of handsome uncle is working with her father?"

Hearing this, the three immediately laughed.

They knew that this time the form was more severe, and the bullets on the battlefield did not have eyes, and no one was sure that they would survive 100%.

Therefore, it is not bad to be able to leave a photo.

The three people posed, and then with a click, Gao Gang directly took a group photo of the three.

"Okay, then, it depends on our luck!"

"Hehe, what else? Can you still beat these poisonous insects with mouthfuls of black teeth? Go away!"

Qin Yuan laughed loudly, then walked out directly.

Gao Gang and Fang Xinwu looked at each other, and they also showed a smile.

After Qin Yuan left, he went directly to the Silver Triangle. After entering the central area, he first called someone with his mobile phone. Then he found a cafe, opened a small private room, and entered this place. In the small room.

After a while, a person covered in black gauze walked directly into this small box. Although this person only showed a pair of eyes, just these eyes can tell that this is a beauty.

Qin Yuan looked at this person, but there was a slight smile at the corner of his mouth, and then pointed to the other person's position, motioned for the other person to sit down, and said to this person:

"I knew you would come."

This woman directly removed the black veil that was wrapped around her face, and this is revealing her face. What is surprising is that this person is the woman who gambled with Qin Yuan before, as the third silver triangle. Garuda of power!

At this moment, Jialouluo saw Qin Yuan's relaxed look, but frowned, and said to Qin Yuan:

"The shopping mall must be done by you. When I heard that someone pretended to be a rich man and wanted to do business with Nuoka, I thought of you. What's more, Nuoka suffered a heavy loss this time, and his generals were killed, even his sons. I was caught by you, why, do you still think it is not enough?"

Qin Yuan said to Jialou Luo with a relaxed expression:

"Please, have you ever figured out which side your \*\*\*\*\* should be on? We are not Interpol, so we will not suppress all your poisonous rice. We will beat anyone who provokes us. This glutinous card is unexpected. If you dare to attack our citizens, then he must be prepared to pay for his life.

Jialouluo's face is ugly, she is so sad that the rabbit is dead and the fox is sad. To be honest, her strength is much worse than Nuojia. Now that Nuojia has become like this, she is also a little scared, in case these people of Yan country plan to attack him , Then she really has no way to parry.

Aside from anything else, just the person in front of her felt that she could not control her.

Jialouluo took a long breath and tried to calm himself down. This was when he looked at Qin Yuan and said:

"Then what are you asking me to do this time? You are not afraid that I will release the news that I will kill you to Nuoka. If I tell Nuoka, they will prepare in advance and attack directly. You guys, what will you do then?"

Qin Yuan sneered, looked at Jialou Luo and said:

"Will you do this? The collapse of Nuoka is good and harmless to you. When such a large market is vacated, someone naturally needs to fill it. As the boss of Nuoka, I can no longer protect itself, and I have already killed the second child. , The only thing left is you. Don't you want to expand your power and become the new king of the Silver Triangle?"

Qin Yuan was really tired of the kind of thing that fell down in one crop and stood up in another crop. The previous poison king was Kunsha, and when Kunsha fell, it was Nuojia. When Nuojia fell, If it is not dealt with, a new Poison King will soon come forward, so their sacrifices and preparations are almost useless.

Although there is no limit to human greed, it can be guided.

Since there will always be a king in the Silver Triangle, why doesn't Qin Yuan support a new king himself!

As the so-called Dayu's water control, blocking is worse than sparse. As long as there is a suitable channel for these people to make money, they even provide some help to these people through amputations, and the price is for these people to control the ice surface of the silver triangle. Let them not send them to the interior of Yan to ensure the safety of Yan people here. Such a transaction should not be difficult for them.

After hearing Qin Yuan's words, Jialouluo's eyes were clearly illuminated with golden light. To be honest, although she claims to be only the third largest power in the Silver Triangle, she is only a glutinous card that occupies the Silver Triangle. Half of the armed forces, these people are at most just small shrimps, just mix with some food.

If they could really get the support of Qin Yuan and backed by such a powerful country, then they could really control the Silver Triangle completely and become the king of the Silver Triangle.

But after thinking about it, Jialouluo's eyes dimmed' and said to Qin Yuan: "This is probably impossible."

Qin Yuan showed a slight smile. He had already seen that Garuda's face was very obvious just now. Garuda was very interested in these things, but there were other reasons.

Then Qin Yuan directly put his foot on the table and asked Jialou Luo with a smile:

"How can it be impossible? Do you think we can't get rid of Kunsha, or do you think we can't get rid of Nuoka?"

Jialouluo saw Qin Yuan's arrogant appearance, but he said gravely:

"I don't doubt your military strength, but because Nuoka has become the number one power in the entire Silver Triangle, because behind them are military leaders such as Myanmar and the country. These people support them Only in the silver triangle can you get in the water.

"The entire Silver Triangle looks chaotic, but in fact it is firmly in the hands of these people. Who becomes the next boss? These people have the final say. To become the boss, you must get the approval of these people. Once I get your help, I will definitely do something beneficial to Yan Country, but this is probably not a pleasing reason for them.

Chapter 254: we'll talk about it then!

When Qin Yuan heard this, he smiled, looked at Jialou Luo and said calmly:

"What's the problem? Just kill them all in the same way?"

Ok?

Hearing Qin Yuan's words, Jialouluo immediately stared at the boss!

"Kill those big guys, how is this possible?"

Qin Yuan stood up slowly, walked behind Jia Lou Luo, and said to Jia Lou Luo full of mockery:

"I think those of you who are poisonous rice really have no ideals at all. Just thinking about making hard money, do you know that in those places in the Philippines, although those people are poor and can't eat, they are also for freedom and Fighting as equals and working hard, in that place, as long as you have a little strength, you want to become a country on your own. You are so rich, and you are afraid that you can't buy weapons. They are all human beings. How about the prince and general Xiangning?"

After hearing Qin Yuan's words, Jialouluo's eyes were about to stare out. What is this man talking about? This is terrible, right?

Jialouluo's hometown is the A Three Kingdoms. Although she is only 1/4 of the A Three Kingdoms ancestry, she has an understanding of the A Three Kingdoms hierarchy. For the A Three Kingdoms, whether a person is a noble or not is born.

They are not like Yan people, they have the courage to be willing to take the emperor off the horse. In their eyes, even if they do the most excessive thing, they are just fighting hard and doing some appalling things.

But once they are allowed to truly act on the class they are in, and let them act on the ideology of the entire nation, they have no such courage.

Garuda said tremblingly:

"In this way, many people will die."

"Cut, cut meat like that with a blunt knife, and fewer people die? Besides, you people in the Silver Triangle say that you are afraid of death. I almost laugh! I will give you one last chance to see the two of us. For the sake of acquaintance, if you are willing to do this, then you should settle this matter.

To be honest, I have helped you overcome so many obstacles, it is enough to give you face, if you still can't figure it out, I may give you some help, but these help is limited, three

times, after three times , I will change to another person, human being, I can't do everything by myself, this world has always had my own life! "

Hearing Qin Yuan's words, Jialouluo fell completely into silence. Although Qin Yuan hadn't said everything yet, Jialouluo understood that if he disagrees, then I am afraid that his own ending can be predicted.

The man in front of him is almost like a demon in hell. Although Nuoka is terrifying enough in Garuda's eyes, the man in front of him is 10 times more terrifying than Nuoka. Nuoka provokes this person and dies. It's just as it should be.

"Now I finally understand why your country can develop so fast. If there are 100 people like you, I am afraid I will not become the poisonous rice of the Silver Triangle!"

Qin Yuan laughed haha after hearing this:

"You are just looking up at me. With my three-legged cat strategy, let alone the top 100 in our country, the top 100,000 may not be able to rank in the top 100, but they are just not like me. Open, you don't have these resources in my hands, not to mention that if you envy someone like me, why don't you cultivate the person you have to be like me? Or make yourself like me."

Jialouluo looked at Qin Yuan, but was speechless for a long time. How confident this man was in front of him, he did not threaten himself to do this, and even said that he wanted to make himself a person like him.

It didn't even explain in case of betrayal or other circumstances.

Obviously this man is confident enough, once he betrayed or violated Yan Country's wishes, I'm afraid this man will kill himself single-handedly.

"Okay, then I promised!"

When Garuda said this, her whole body was trembling. She didn't know whether the condition promised today was to step up the stairs of heaven or into the abyss of hell, but she always understood that she used to be The peaceful life is completely over.

Hearing that Jialouluo finally agreed, Qin Yuan also let out a sigh of relief, then patted the slap gently, and said to Jialouluo:

"That's okay, since the matter has reached this point, then we don't need to talk any more nonsense. Next, I will get rid of all the people in Nuoja, how to expand, how to become the boss of the silver triangle, I think you should be more than me With experience, anyone who gets in the way will tell me directly and I will find a way to deal with it."

Hearing this, Garuda nodded immediately, and then the two of them did it again and began to discuss the difficulties that Garuda might encounter. After a full hour of discussion, Qin Yuan planned to get out of this room. go away.

Before leaving, Jialouluo looked at Qin Yuan reluctantly, and suddenly said to Qin Yuan:

"Is the alliance between us a bit too trifling, should we have some substantial exchanges?"

With these words, Garuda started to undress!

Moreover, the woman in front of her was obviously not wearing the inner inner! After taking off his outer shirt, Qin Yuan could see the two bumps below!

Qin Yuan looked at Garuda in front of him with a stunned expression. To be honest, he really did not expect Garuda to do such a thing.

However, Garuda in front of her is indeed a beauty. Although her complexion is not very fair, it is like the kind of wheat-colored from the sun, and her whole body carries a healthy breath.

The long-term intrigue ' gave this woman a trace of domineering, and the tattoo on her back gave Garuda a trace of wildness.

This is a fierce horse, a fierce horse that cannot be surrendered without a strong rider.

It's just that as long as you surrender these fierce horses, you will be able to enjoy endless tenderness.

And the fierce horse in front of him, looking at Qin Yuan's eyes, already looked like a gentle cat, as long as Qin Yuan agreed, he might get it soon.

It's a pity that Qin Yuan shook his head and directly covered Garuda with the black sand on Garuda, and said to Garuda:

"I don't have the habit of communicating in this way. From a logical point of view, we are doing deals, business partners, or we can be teammates. If you fall under my masculine charm, then I might be fine. Play with you for a while, but if you just want to add a little contact, then you don't have to."

Qin Yuan smiled slightly and said to Jialou Luo:

"Maybe we still have a chance to meet in the future, let's talk about it then."

Chapter 255: Anxiety in the heart

After saying this, Qin Yuan left directly, while Garuda slowly put on his black gauze.

Seeing Qin Yuan's back, Jialou Luo's eyes were full of complexity.

As a woman, especially a woman in the Silver Triangle, she knows how attractive her body is to men, but the man in front of her didn't even take a second look, turned around and left without any nostalgia. , This made Garuda's heart full of complicated feelings.

At this time, Qin Yuan, who was out of the room, breathed a sigh of relief. Although he didn't have any mental cleanliness, he would be sleepy together after seeing a few sides, especially because they still had troubles of interest. Yuan is really unacceptable.

Qin Yuan looked at the sky in the distance, and a ghostly white cloud was slowly drifting away, covering the sun, causing the area where Qin Yuan was to slowly become cloudy.

Qin Yuan understood that now is the darkest time, but this white cloud will always pass.

But just when Qin Yuan just wanted to go back, he suddenly heard a voice pop out of his mind:

"Ding Dong, congratulations to the host for triggering the regional mission, the uncrowned king of the silver triangle, the host himself, or fostering a force to become the true king of the silver triangle, reward five squares!"

5 grids?

When Qin Yuan heard this, his eyes suddenly widened.

He originally thought that this trip to the Silver Triangle might not get many grids. After all, even if all the tasks were completed, he could only get three grids.

But Qin Yuan did not expect to be able to trigger such a task, as long as it can be completely completed, he will be able to obtain 5 grids!

It seemed that his hard work was not wasted, Qin Yuan smiled slightly and watched a progress bar flashed out in the system, which exactly showed the progress of this task. The progress is only 10% now.

Qin Yuan thinks this is normal. After all, he has just found Jialou Luo as his spokesperson. He hasn't implemented everything yet, and even Nuoka hasn't caught his hand. He has this 10% progress. The article is already very good, but as long as Qin Yuan continues to act, I believe it will not be difficult to complete this task.

"Hey, it's really kind and rewarding."

Qin Yuan smiled slightly, and then left here directly.

Early the next morning was when the action started.

The anti-narcotics team and the Bison team entangled together, got on the helicopter, and headed directly towards Nuoka's lair.

After everyone had landed, the captain of the Bison asked Gao Gang with a strange expression:

"Did you say that there were three teams at the meeting yesterday? Where did the red blood cell team go?"

Hearing this, Gao Gang opened the gun safety in his hand and said to the captain of the Bison:

"The purpose of the people in the red blood cell team is different from those of us. Those of us are to catch the glutinous card alive. In order to catch the glutinous card alive, we can sacrifice at all costs. The people in the red blood cell team are our insurance ropes. Any mistake, these people will naturally take action."

Hearing this, the captain of the Bison suddenly understood, and said to Gao Gang:

"What you mean is that once we wait for the red blood cell team to take action, we might not be able to catch Nuoka alive?"

"It's just possible, but it's best not to use them as much as possible."

Gao Gang just replied at this time. After all, he knew Qin Yuan's stubbornness. Once Qin Yuan was asked to take action, the matter would have to be skewed elsewhere. Gao Gang sighed in his heart, and then He said to the captain of the Bison:

"We started to act."

The captain of the Bison only heard this, and he could only snorted dully. Anyway, he couldn't understand this arrangement, saying that the members of the red blood cell team were much better than them.

However, the members of the Red Blood Cell Squad are not directly affiliated with them, so they have no excuse to question the arrangement of the Red Blood Cell Squad.

"It doesn't matter, we just can't catch Nuoka directly like this, we don't need them to act!"

The captain of the bison said at this time, and then followed along into the jungle.

At this time, I was gradually approaching Nuoka's base, and everyone began to be cautious in their movements, and stopped when they dived 50 meters away from the base.

Gao Gang's eyes were like torches at this time, carefully observing the opposite person.

At this time, there was a bamboo building, and dozens of poisonous rice with guns were patrolling. Gao Gang directly placed a bomb and said to Xiaotian:

"Come on! Xiaotian, send this thing under that small building!"

Xiao Tian immediately bit the bomb obediently, and then put the poisonous rice directly into the weapon arsenal without paying attention.

And Erlang also drove the drone and began to sneak into the virus nest to watch the defense situation of the virus nest.

Land drones dropped a lot of grenades and bombs along the way, and Xiaotian also sent a bomb directly to the weapons depot of the poisonous rice. The layout of the eastern half has been completed, but so far, they have not found it. The locations of Nuoka and all personnel of Operation Meigonghe cannot activate the bomb for the time being.

After all, their purpose this time is not to kill everyone on the other side, but to catch the culprit of the Meigonghe operation alive.

At this time, Fang Xinwu and others on the other side walked around where a group of people were cooking, taking advantage of these people not paying attention, they immediately rushed on, and a strangulation technique directly threw two poisonous rice down, and this time , Nezha whispered to the channel:

"Found the target Nuoka, the location is on the main building in the middle of the camp. '

"The target Boha was found, located in Nanyi."

"The target Zhawan was found, located in North Second."

Hearing this, Gao Gang said in a deep voice:

"Try to avoid conflicts with the opponent, try to control the target first, and then fire defensively. Also, try to avoid the baby army! Each group pays attention to the target location, once the target is caught, immediately evacuate, let the target first take away!"

Their real goal this time is these target characters. If they were to be killed, or if these target characters were killed by a stray bullet during the battle, it would be their failure.

Seeing that all the characters have reached their positions, Wu Dong, the captain of the Bison team, said slightly relaxedly on the channel:

"It seems that this time there is no room for the RBC team to play."

When Gao Gang heard this, he was a little silent. Although things were going very smoothly, there was always some anxiety in his heart.

Chapter 256: Why is it so big!

Sure enough, just when the Bison Captain Wu Dong was about to order a direct attack, he suddenly heard a voice in the channel:

"Don't do it yet, the oriole is here."

At this time Qin Yuan whispered into the headset, and hearing this voice, everyone suddenly froze.

At this time, there was a cold sweat on the forehead of Wu Dong, the captain of the Bison team. He naturally knew that the speaker was Qin Yuan, but he was extremely shocked by the appearance of other people, and asked Gao Gang:

"What's going on? Why do other people appear, aren't we a secret activity this time?"

At this time, Gao Gang also touched his eyebrows with a headache, and said to Wu Dong:

"That's because the Four Nations Federation itself cannot keep secrets. This is why I conduct secret activities. Who knows that our actions are still exposed."

"What should I do now?"

Wu Dong said anxiously. After all, every second they are here, there will be one more second of danger. Once discovered by these poisonous rice, they will not be able to complete the task. What is more important is that it is difficult for them to complete the task. And retreat.

If they were all annihilated by the poisonous rice, the public opinion of Yan Nation in the world would be completely blown up!

At this time, Fang Xinwu suggested to Gao Gang:

"Now I can only let the people with red blood cells take care of it."

But Wu Dong said:

"No, we finally found an opportunity. We couldn't let it go so easily. If we really get rid of the waxy card this time, I'm afraid we won't find any evidence to clean the stain in the future. You don't know the people outside. , How can the mouth be able to say that a case must be made into an iron case before it is truly completed!"

Speaking of this, Wu Dong hesitated for a moment, and then said to everyone:

"Maybe these people are here to help us..."

But Wu Dong didn't believe this. After all, even though their channel was encrypted, it wouldn't make the other party feel undetected. The other party didn't even want to send a public signal, so it must be a ghost in his heart.

"Now we can't bet on the odds. Once the two opposing people are in the same group, then those of us will be dead. Let's withdraw now."

"You can't withdraw, the big deal is that we will attack, you take the people away first, and the Bison team will help you block the poisonous meal!"

Hearing this at this time, everyone looked at Wu Dong helplessly. They also understood Wu Dong's feelings. Once the poisonous rice was disturbed, let alone evacuate half of the people, even if all of them were there. If you stand firm here, you may not be able to stop these poisonous rice attacks.

Not to mention, there are only people from the Bison team, and they are bound to have many sacrifices!

Wu Dong also completely threw out his own life. This time he has such a great momentum in the world that he must safeguard the country's honor!

But at this moment, they did suddenly hear the voice of the channel, and a voice came:

"Wu Dong is right. You can't just give up this action so easily. You continue to carry out your mission, and we will help you block the oriole! Remember, when I shoot in a while, I will definitely be attracted. The attention of these poisonous rice, and you just started at that time, just grab the target!"

Hearing this voice, everyone was immediately shocked. The Bison team has more than 20 members, and the anti-drug team has a dozen members, while the red blood cell team has only six people, although they don't understand the opposite. How many people are there in the team, but how can it not be more than the total of their people, six people go to 40 or 50 people, how can this be done?

"Okay, it's not your obligation. You tell me where they are, and we will block these people from the past. You catch the target first and retreat directly!"

At this time Wu Dong said in the channel, and when he heard such words, Qin Yuan also showed a smile on the corners of his mouth. Although Wu Dong's way of speaking is not very pleasing, but for Wu Dong, Qin Yuan is still quite willing to make friends with him.

"No, we are your insurance line. You only need to complete your task. This is what we must do. Okay, let's start now!"

Qin Yuan smiled at this moment, and then made a gesture to He Chenguang who was above him. He Chengguang nodded his head immediately, and then whispered:

"3, 2, 1, start!"

Bang!

A bullet was shot out from the sniper rifle in He Chengguang's hand in an instant. This bullet rotated forward and directly penetrated a big tree. With a snap, the sniper hiding behind the tree headshot!

The gunshots at this time also attracted the attention of many poisonous fans, and these people suddenly became agitated.

The Bison team and the anti-narcotics team saw this situation, and instantly pressed the detonation button of the time bomb!

boom!

At this time, a group of sparks exploded directly, blowing up a group of poisonous rice on one side of the entire weapon arsenal!

Seeing such power, Wu Dong was shocked and said to Gao Gang:

"I'll go, how can your bombs be so powerful?"

"I do not know!"

Gao Gang was also confused at this time, but now is not the time to think about this. He saw that the poisonous rice in another place was about to rush out, and Erlang directly controlled the drone in his hand to shoot, breaking the legs of these people!

In fact, all these bombs are Qin Yuan's masterpieces. He has already arrived here and completed the field investigation. These bombs ' are simply Qin Yuan's use of latent ability to directly hide in those arsenals!

Nuoka used a bomb to blow up Qin Yuan once, so how could Qin Yuan come back with revenge!

Qin Yuan directly turned on the thermal imaging capabilities, radar capabilities, and eagle eye capabilities to keep the entire battlefield in view, allowing Xu Tianlong and Wang Yanbing to support the Bison team, while Qin Yuan single-handedly rushed directly to the country on the side. Brother Song and others!

At this time, Brother Song was extremely panicked. They received the news that they were thinking of the praying mantis to catch the cicadas, but the oriole was behind and wiped out Nuoka and others as well as the Yan Nation's troops!

At that time, it will be said that the people of Nuoka and these people will all die together. In this way, they will not only be able to frustrate the face of Yan Country, but also get the location of Nuoka's buried gold from Nuoka's hands!

After all, Nuoka has been in this area for so many years, and it must have deposited a lot of funds. This is a large amount of money. These people cooperated with Nuoka for money. Now Nuoka is not good, they naturally Will not miss this convenience.

But who would have thought that before Song Ge had fired his gun, all his snipers were blown off by others first. How could Song Ge feel relieved?

Chapter 257: Catch alive

At this time, Sangji, who was standing next to Song Ge, heard the gunshots from there, and immediately said to Song Ge anxiously:

"Brother Song, there has already been a fight over there. We must quickly launch an offensive. If Nuoka is caught by those people, if Nuoka confesses the relationship between you and us, I am afraid you will not be able to do well. End!"

Hearing this, Song Ge was immediately clever. Yes, he wanted to kill people this time. Although Nuoka was captured by Yan Nation and circled around, the international efficiency is not very high, but after all Is a trouble,

At this time, Brother Song said in a deep voice:

"Have you found the people who shot me just now?"

And Sanji quickly took a look through the telescope, and then said to Song Ge:

"Almost found it. There are three people on the other side, a sniper, an observer, and an assaulter who are running towards us!"

Hearing this, Song Ge suddenly cursed:

"It turns out that there are only three people, so what am I afraid of? I have brought a full 45 people this time, Sanji, I will give you 20. You go and get rid of these three people chasing us, and then the rest The people who left followed me to fight Nuoka! Remember, our goal is not to kill Nuoka, but to get the golden news from Nuoka's mouth!"

Brother Song understood that Nuoka would not be easily caught by these military and police team members. At any rate, Nuoka was also a big drug lord who had been in the Silver Triangle for 10 years, and he was alert.

Then the two groups of soldiers were divided into two groups. Sangji led over twenty people and rushed towards Qin Yuan, while Brother Song ran towards the other side along a small road!

Through the radar and eagle eye ability, Qin Yuan instantly saw a group of people surrounding him, and a smile suddenly appeared at the corner of his mouth. Seeing these people were about to enter the range, the guns in his hands were facing these people. Just a burst of fire!

Bang bang bang!

With three consecutive gunshots, the three armed men standing in front were suddenly headshot! And Sanji, who was walking in the middle, was shocked!

"How is this possible, that guy is at least 600 meters away from us, and he is still running, how can he have a headshot?"

Sanji's heart sank, knowing that they must be a master this time.

These three people don't seem to be easy to dismiss.

Sangji directly ordered everyone to hide behind the bunker. After all, facing such a master of marksmanship, it would be impossible to rush over.

Can only wait until this person closes the distance, then their marksmanship can also be greatly improved, can more than 20 of them still beat the opposite one? Even if he was piled with bullets, he would be dead!

So Sanji said to these people:

"You are decentralized attack, even if it is a grenade, you must directly kill him!"

Hearing this, these few people immediately understood, and then threw grenade toward Qin Yuan's position!

But Qin Yuan smiled coldly, you people like to play grenade, right? Then let you all have fun!

Qin Yuan burst out at a speed, and directly avoided the bombardment of these grenades. Then he directly took out the grenade from his backpack, and the power of the ant broke out and threw it directly over there!

boom!

With a loud noise, when Qin Yuan's threw the grenade, he intentionally or unintentionally used some hidden weapons, so the throwing was so precise that he threw it directly in the middle of this group of people!

At this time, within the space of more than ten meters around, it was blown to pieces in an instant, and the armed personnel were directly blown into scraps.

As for Sanji's luck, it is not bad to say that it is bad, and it is not good to say that it is good.

Although he was not killed by the bombing, he was blown off a leg!

At this time, he covered his broken leg, and kept screaming,

This grenade was modified by Qin Yuan, and it was naturally extremely powerful, and directly killed all these dozen people.

At this time, Qin Yuan walked slowly in front of Sangji, looked at Sangji's ugly face, shook his head, snapped a shot, and directly ended Sangji's pain.

When Qin Yuan wanted to ask about Gao Gang's situation, he suddenly heard a voice from the channel:

"Oh, Nuoka ran away. This kid has hidden a tunnel."

Hearing this, Qin Yuan immediately asked He Chenguang:

"He Chenguang, can you stop Nuoka?"

But He Chenguang expressed regret:

"No, even if you know the location of Nuojia, there are too many obstacles between him and the opponent, and there is no way to shoot directly!"

After all, this is a forest, there are trees everywhere, if you stand still, it's okay, the sniper rifle can penetrate the trees naturally.

But once the target moves, the effective range of the sniper rifle is not as large as in the open ground, only a short range!

And Qin Yuan immediately rushed in the direction Nuoka escaped, although Qin Yuan said that as long as he injured the lives of the players, he would kill Nuoka directly.

However, this situation is still under control. If you can catch the glutinous card alive, it will be better!

At this time, Gao Gang directly said to Wu Dong:

"Leave the rest to you first, I'll go after Nuoka!"

When Fang Xinwu heard this, he quietly followed.

At this time, three people were chasing Nuoka, Gao Gang, Fang Xinwu and Qin Yuan!

But it was Song Ge and his armed forces who were chasing after him!

At this time, Nuoka completely stimulated his potential, went directly from the cave to his own treasury, and took some money crazy' and then this was dragging his body out!

Although Nuoka is a poisonous insect and has relatively poor physical fitness, under the threat of death, he flees faster than a rabbit!

He came out of the woods, and there was a river beach outside. As long as he could walk to the river, he could get on the speedboat and escape from here!

Nuoka said to his younger brothers:

"We walk from the minefield, we will definitely be able to hinder their speed!"

At this moment, as Nuoka's guards, these people nodded when they heard this, and a group of people walked directly to a piece of grass!

This grassland looks vast, and it looks like there is nothing on it, but in fact, Nuoka is actually a landmine laid here, making it a veritable minefield of death!

These mines were buried by Nuoka and the guards themselves, in order to be useful when one day they escape, so they are very skilled in the location of these mines, even if they can't see where they are buried, they still can avoid the explosion range and detonation point of landmines.

Chapter 258: variable

The few militants behind Brother Song saw Nuoka about to run, so they raised the gun in their hands, but Brother Song slapped the man's hand and said to him:

"No, now the distance is too far, so you can't shoot casually. If you kill Nuojia with a first-class bomb, we're in vain!"

Upon hearing this, these armed men also nodded, and then directly chased Nuoka and others from behind!

But they just stepped on this minefield, but they ran into something directly. A landmine flew directly into the air and exploded with a snap, and the surrounding armed men were instantly blown into mud. , It looks extremely bloody!

At this time, Qin Yuan, who was chasing behind Brother Song, frowned slightly when he heard the sound. He knew that Brother Song must have handed in with Nuoka and others!

Although Qin Yuan had guessed that this time Brother Song wanted the money in Nuoka's hands, but if he urged Brother Song in a hurry, he would definitely kill Nuoka first.

And if Nuoka died, they would be wasting their efforts this time.

At this moment, a voice rang directly, and Qin Yuan looked back and found that this was the army dog Xiaotian!

Xiao Tian heard that Nuoka's position had arrived here, and Qin Yuan also smiled slightly and directly followed Xiao Tian to move on!

And along the way, Qin Yuan also encountered a lot of poisonous rice scattered, and Qin Yuan directly killed them all!

Qin Yuan was also afraid that Song Ge would kill Nuoka, so he directly turned on the fast movement speed, the whole person was like a lightning bolt, and finally found Nuoka's location before Song Ge could catch Nuoka!

At this time, Brother Song saw someone chasing him behind him, and he hurriedly cursed:

"Sangji, this idiot, can't even stop three people. Go and kill this person. Let's find a way to crack this minefield!"

An armed man at the rank of deputy captain nodded suddenly and rushed towards Qin Yuan!

But Qin Yuan saw someone rushing towards him, but his speed was not reduced at all. He drew his pistol directly, snapped a few snaps, and knocked down the two in front.

But at this time, Qin Yuan was a little embarrassed to find that he had no bullets!

When facing the poisonous rice just now, Qin Yuan used a gun to clean it up. Who knew there was no bullets at this time!

Seeing that Qin Yuan had no bullets, these armed men were immediately overjoyed. Although Qin Yuan's shooting methods surprised them, without bullets, it would be difficult for a clever woman to cook without rice. What if the shooting method is more powerful?

These militants were so excited that they shot at Qin Yuan in an instant, and Qin Yuan's mouth also showed a sneer. Do these people think that there is no threat without bullets? Naive!

Qin Yuan directly took out the Dragon Pecking Cone from his grid, and flew out instantly!

Meteor falls!

Qin Yuan directly used the exclusive skills of the dragon pecking cone, this dragon pecking cone instantly turned into a flash of lightning, and rushed directly toward the armed men!

At this time, the captain only saw a shadow flying towards him, and then heard a chuckle, felt a cold in his chest, and immediately lowered his head.

But what he saw was the scenery behind him.

This pecking dragon cone, like a cannonball, pierced all those who touched it!

Seeing the tragedy of his teammates, everyone was completely stunned!

But Qin Yuan didn't hesitate at all. He immediately rushed up while these people were stunned, his hands were like electricity, directly ending the pain of these people!

Brother Song, who was hiding on the side, saw such a situation, so scared that his eyes were staring!

He couldn't imagine that someone could make such an attack!

Did this guy hide a heavy crossbow machine in the dark?

Seeing his subordinates being slaughtered by Qin Yuan one after another, Song Ge really couldn't stay any longer!

He understands that this time the mission has completely failed, I am afraid that Nuoka can only fall into the hands of the people of the Yan country. The most urgent task now is to find a way to escape!

If he didn't escape, and fell into the hands of these people of Yan Country, what would happen to him?

But Song Ge just wanted to escape, but suddenly he heard a sound from behind him, and he shot directly behind him!

But when Brother Song looked back, he found that there was no one behind him. He panicked in his heart and quickly turned around again, but he only saw a sole of his foot, and then he felt a hit on his head. Fell into a coma!

The person who stunned Brother Song was naturally Qin Yuan.

To be honest, in the whole movie, the person he hates most is this Brother Song. After all, people like this exist everywhere. Comparing their hearts to their hearts, Qin Yuan naturally hates them!

But now is not the time to deal with this guy.

Qin Yuan directly stuffed this guy into the grass on one side, and then he rushed out and continued to chase Nuoka!

At this time Nuoka was about to run out of this minefield, and seeing this, Qin Yuan picked up a gun of those armed forces directly from the ground, aimed at Nuoka and others who were escaping, and fired several bullets in succession. , In an instant, all of Nuoka's guards headshot.

At this moment, Gao Gang and Fang Xinwu also rushed over and saw that Qin Yuan had aimed at Nuoka with a gun, and said quickly:

"Leave him a life."

In the current situation, Qin Yuan certainly wouldn't kill Nuoka, so after he shot out a burst', this was when he put down his gun and said to Gao Gang and Fang Xinwu:

"Don't you two need to be so nervous?"

But at this time, Nuoka saw several of his subordinates, his head burst instantly like a watermelon, and his legs became weak in fright.

He understands that the other party is threatening him, and he can't run away completely!

Nuoka turned her head to look at Qin Yuan in the distance, her face was full of fear, she could only stand still and tremble, but Gao Gang was extremely excited when he saw this situation, and just wanted to run over, but he was caught by Qin. Yuan grabbed it, pointed to the big pit that was exploded on the ground, and said to Gao Gang:

"Don't go there, this area is all landmines."

When Gao Gang heard this, he saw the traces on the ground, and he was indeed a little anxious.

However, looking at this landmine, Gao Gang's expression was slightly ugly. They came in a hurry this time and did not bring a demining team at all. The current situation is complicated, and the poisonous rice behind them has not been completely removed. Every minute of delay will produce different variables.

Chapter 259: Five!

Gao Gang's face darkened, and he was just thinking about whether he was going to rush over and detonate these mines, but Gao Gang hadn't moved yet, but he saw that Qin Yuan had already strode towards the minefield!

Gao Gang was shocked at once. What was Qin Yuan doing? It wasn't that he reminded himself that there was a minefield. Why did he step into it now?

Others are afraid of these mines, but Qin Yuan is not at all afraid. After all, he himself is a top-level figure in landmine burying and manufacturing, so as long as he just takes a few glances, he can notice the location of these geographical locations, like this. In front of Qin Yuan, the tactics were simply an axe!

Nuoka saw that Qin Yuan was walking towards him directly like this, and there was a hint of joy in his heart. He had seen Qin Yuan's strength just now and knew that he couldn't run away!

But now seeing Qin Yuan coming, Nuoka still has a fluke in his heart. If Qin Yuan is killed by the bombing, the people behind may not have that accurate marksmanship. These people are afraid of killing themselves. , Maybe you can run away in the chaos!

Although the situation is still grim, at least there is no complete despair.

Nuoka looked straight at Qin Yuan like this, with hope in his eyes, hoping that Qin Yuan'er would step on the landmine quickly and explode into a \*\*\*\*\* flower, but this minefield is only four to five hundred meters in total. Far away, Qin Yuan walked halfway through his leisurely stroll, but he didn't even detonate a piece of geography!

Suddenly, Nuoka was filled with inconceivability. How did this guy know where he buried the mine, and he looked like he was already very proficient, and he didn't panic at all when he walked, and he looked like he was on an outing. same!

Qin Yuan walked to Nuo Ka abruptly in this way, saw Nuo Ka's stunned look, smiled coldly, and then directly took out a handcuff to lean Nuo Ka:

"It's time for you to make atonement!"

Gao Gang and Fang Xinwu looked at each other, but they were a little surprised. They watched Qin Yuan pass so easily, wondering if the density of this patch of landmines was not high, could they also pass?

But when they just wanted to stand up and walk towards Qin Yuan, they saw Qin Yuan directly picking up a few stones from the ground and smashing them directly toward various positions on the grass!

And with Qin Yuan's actions, the mines on the grass were instantly excited, banging, and seeing all kinds of landmines being triggered at this time, Gao Gang and Fang Xinwu's foreheads were suddenly filled with cold sweat!

Fortunately, they hesitated for a while. They didn't really rush over like Qin Yuan. With this density of mines, they even had 10 lives, and they might not be able to run over!

At this time, Nuoka was completely desperate. The guy in front of him must know the blueprints of the mines he buried. Otherwise, how could he be so familiar with the locations of these mines?

Nuoka thought about this, and kept thinking about who betrayed him.

Of course, Qin Yuan didn't care what Nuoka was thinking, he grabbed the vicious poisonous rice, and then dragged this guy towards Gao Gang and Fang Xinwu.

"This person will leave it to you. The matter is finished, but I can breathe a sigh of relief."

At this time, looking at Nuoka who had been caught, Gao Gang and Fang Xinwu were also full of excitement. They were the uncrowned kings of the entire silver triangle.

But Gao Gang said with some worry:

"Although we caught Nuoka this time, we don't know who is next."

"No matter who is next, we finally have a period of peace. Isn't that the purpose of us people?"

At this moment Fang Xinwu said directly, and when he heard this, Gao Gang also nodded and laughed.

When Qin Yuan heard these two people's words, a smile appeared on the corners of his mouth. Of course he would not say to Gao Gang and Fang Xinwu that he had already supported a woman to be the new boss of the two silver triangles. After all, this matter is just There is a pre-plan, and the eight characters have not been written yet.

When things are almost done, report it again, and these two people will know the news by then!

At this time, I heard the gunshots in the distance slowly disappearing, and now I understand that the poisonous rice must be subdued.

Grasping Nuoka, this proves that this mighty Mekong River case is over.

So at this time, Qin Yuan suddenly heard a sound in his mind:

"Dingdong, congratulations to the host for completing the task and getting three grids!"

Hearing this voice at this time, Qin Yuan was also overjoyed. He has not many grids left, and now he has finally added something!

Then Gao Gang said:

"I'll take this guy back by plane first, how about you two?"

"I won't go now, let's finish the finishing work here!"

Fang Xinwu said murderously, after all, these poisonous rice have not been killed.

Qin Yuan also smiled slightly, agreeing with Fang Xinwu's statement.

Gao Gang nodded, and then left with Nuoka.

At this time, all the target characters have been captured, so they can naturally suppress the realm with all the firepower and wipe out all the remaining poisonous rice!

These poisonous rice is nothing more than a fierce fight. When they really met the regular army, they were naturally unable to resist, and they were all wiped out soon.

During the hunt, they also accidentally discovered Nuoka's hidden vault.

Qin Yuan looked at the bundles of gold bars, the sacks of banknotes, and he felt a little sad.

Nuoka has made so much money, But can only hide in this jungle and eat grass. What's the point?

But at this moment, Qin Yuan did see something suddenly, and his brow was suddenly raised. He walked over and said to the master who was clearing money:

"What is this?"

The master glanced at what was in Qin Yuan's hand, smiled suddenly, and said to Qin Yuan:

"These are their old coins here. They are used for decoration. They are not worth any money. Do you want it? If you want, there is a box over there. You can buy these things directly with some money."

This can be regarded as some of the benefits of their anti-drug police. After all, when they are arresting poisoned rice, they sometimes encounter some stolen money or all kinds of messy and weird things. Naturally, the stolen money must be handed in all, but these Weird gadgets, if they are not of great value, you can buy them back at will.

Qin Yuan looked familiar with these currencies, so he said to the master:

"Okay, then you can record it for me, I'll take five."

Chapter 260: Is it really over!

The master agreed casually, and then he wrote it down on the paper, and after he got the 5 coins, it was hiding in a corner. He always felt that this kind of coin was different from the old man's hand. The same as those from above!

I like to receive these coins directly into my grid, and I saw the options again.

"1, get world-class copper plate manufacturing!"

"2, get perfect hypnotism!"

"3, get world-class appreciation of ancient coins!"

Sure enough, these ancient coins are the same as those I encountered before!

Qin Yuan was full of excitement. This hypnotism is a relatively advanced technique after all. It's just that Qin Yuan only found one ancient coin at that time, and now he encountered a new ancient coin at this time, so he naturally wanted to catch it. Chances, raise this hypnotism to the top!

Qin Yuan kept making choices and directly raised this hypnotism to the cosmic level!

"Ding Dong, congratulations to the host for choosing successfully and obtaining cosmic hypnotism!"

With this voice, Qin Yuan suddenly felt that there was more information in his mind, and even Qin Yuan felt that his mind had become more sober, as if his mental power had increased a little!

Unexpectedly, this cosmic hypnotism has such benefits!

Qin Yuan understands how important the spirit is to a person, and it is also difficult to exercise.

And feeling the power of his own cosmic hypnotism, Qin Yuan's laughed suddenly, he still has a captive that hasn't solved it. With this top-level hypnotism, then some things don't need to be so troublesome.

...

After that, Gao Gang took Nuoka directly back to the Four Nations Federation, and people from other countries saw that the people of Yan Guo grabbed Nuoka, and their eyes were suddenly full of complicated meaning.

After all, Nuoka represents countless amounts of money. This guy has been entrenched in this silver triangle for 10 years. I don't know how much wealth he has earned. This is a big piece of fat. As a result, this piece of fat fell into the hands of Yan Guoren. .

There was only one official from Burma, but he was worried. He also sent a troop to the country. As a result, the Yan nation came back, but his troops didn't even have any information. How could he not be worried?

What's more, this official knew of the connection between his subordinates and this Nuoka. As a result, Nuoka had fallen into the hands of the people of Yan Guo. Needless to say, their actions must have failed.

Sure enough, it didn't take long before Gao Gang walked directly in front of this person and said with deep meaning:

"Sir, your team fought bravely against Nuoka's poisonous rice, and unfortunately all sacrificed. It is really commendable and praiseworthy."

When Gao Gang said this, his mouth was full of sneers. After all, they had no evidence to prove that this person was connected to Nuoka, so they could only talk about this kind of hidden needles in cotton, which made the official feel uncomfortable.

Sure enough, the man gave a cold snort and left angrily.

At this time, Qin Yuan looked at this person with a deep smile on his lips.

At this time, the news that Nuoka was caught was like a storm, and it spread out instantly, and within a short period of time, countless reporters swarmed like sharks that smelled blood.

After all, this glutinous card is the uncrowned king of the entire silver triangle, and the Yan Nation's army can even seize the glutinous card, proving the innocence of its citizens. This is a state-level revenge.

Soon Yan Guo held a press conference, and even invited Gao Gang and Fang Xinwu who performed brilliantly during this battle to give speeches.

And seeing those reporters who saw these poisonous rice crooked melons and cracked dates, they all clearly felt the cruelty of these poisonous rice. Numerous flashing lights kept flickering. Reporters from various TV stations and countries were reporting on the spot. .

This time, the action thoroughly demonstrated the strength of Yan Country, allowing others to have a clear understanding of Yan Country's determination. I believe that if there are other people from other countries who want to attack Yan Country, they will also weigh it in their hearts.

At this time, after the chief had finished speaking on the above, he directly said to Gao Gang with a smile on his face:

"This time we have contributed the most to Gao Gang, and now we invite Gao Gang to speak on stage!"

At this time, Gao Gang had not changed his clothes, and there was still a camouflage light on his face. Looking at the audience in front of him, he didn't know what he thought of, and said to everyone:

"There is an old saying that anyone who violates China will be punishable even if it is far away. This sentence is universally applicable to us today. The reason why our Yan country is able to prosper like this is because there are countless hidden in the darkness. The heroes behind the scenes help us. There are no years in the world that are quiet. It's just that some people are walking forward with a heavy load. But please also all the citizens of Yan country understand that behind you is a powerful country, no matter what you have suffered. Such a grievance, this country will provide you with a solid backing!"

Hearing Gao Gang's words, everyone suddenly burst into applause, but Gao Gang's eyes flashed with helplessness. To be honest, whoever has done the most in this action is probably meaningless. It was Qin Yuan, but Qin Yuan refused to give a speech, instead letting himself take the place of the greatest credit.

Seeing Gao Gang's speech above, Song Kaifei hiding aside said with a sour taste:

"Oh, when will we be able to go straight up to deliver such an inspiring speech like him, if this is broadcast, there will probably be many little girls crying and crying to marry him."

At this time, Song Kaifei sighed' obviously he was very envious of Gao Gang's treatment

In fact, not only Song Kaifei, but others also looked at Gao Gang full of envy. Unfortunately, there is no way. Their team cannot be exposed, especially in front of the public.

Because they were a shadow force at the beginning, hidden in the dark, highly confidential, standing in the dark to kill all those enemies.

It's just that Qin Yuan looked at Gao Gang with a smile on his face. In the eyes of others, Gao Gang's words might be talking about their hard-working drug counters.

But in fact, Qin Yuan understood that Gao Gang was talking about those people who did not appear in front of everyone.

Thinking carefully about the action in the Silver Triangle this time, Qin Yuan couldn't stop sighing. This time the mission was not like the previous Philippine rush where he could be hit and killed. This time, he needs to use his brain. Need to find clues, a little carelessness will cause international frustration.

It is really not easy to be able to catch the glutinous card smoothly.

Is it just that the thing is really over?
