"Just because he's better than you!" Fan Tianlei glanced at Wang Yanbing coldly, "Why, do you have any objection?"

"I..." Wang Yanbing wanted to say something else, but was stopped by He Chenguang.

"Yanbing, obey orders!" He Chenguang said in a low voice.

Wang Yanbing gritted his teeth, but ultimately said nothing more.

"Qin Yuan, this mission is up to you." Fan Tianlei patted Qin Yuan on the shoulder and said in a deep voice, "Be careful!"

"Yes!" Qin Yuan nodded, a hint of determination flashing in his eyes.

The helicopter took off and flew towards the target location.

At that time, he was just a rookie recruit, and "Canying" was his instructor.

Although "Can Ying" is strict, he is a rare good instructor. He taught Qin Yuan many things, including shooting, fighting, blasting and so on.

Qin Yuan has always respected "Can Ying" and regarded him as his brother.

However, all this changed during one mission.

During that mission, they encountered an enemy ambush, and "Can Eagle" went alone to cover his comrades' retreat.

Qin Yuan saw with his own eyes that the "Crippled Eagle" was surrounded by the enemy, shot several times, and fell in a pool of blood.

At that moment, Qin Yuan's heart seemed to be torn apart and he was in great pain.

He swore to avenge the "Crippled Eagle"!

However, when he arrived, the body of the "broken eagle" had disappeared.

Since then, Qin Yuan has never seen the "broken eagle" again.

He never expected that the "Crippled Eagle" was still alive and had become an internationally wanted criminal!

"'Canying', why are you doing this?" Qin Yuan clenched his fists, his eyes filled with anger and confusion.

He swore that he would catch the "Crippled Eagle" with his own hands and get to the bottom of it!

The helicopter was flying in the night sky, and the atmosphere in the cabin was extremely depressing.

Suddenly, Qin Yuan opened his eyes abruptly, and a cold light flashed in his eyes.

“Prepare for battle!”

As soon as he finished speaking, the helicopter shook violently.

"What's going on?"

"Enemy attack!"

...

The dense gunfire rang in his ears, and the helicopter shook violently, as if it would disintegrate at any time. Qin Yuan grabbed the handrail in the cabin, and a cold light flashed in his eyes: "Damn it, we've been locked!"

"What's going on?!" Wang Yanbing yelled. The violent shaking almost made him lose control of the gun in his hand.

"It's an RPG!" He Chenguang's face darkened. Through the porthole, he saw a rocket with a long tail flame whistling towards them.

"Get down!" Qin Yuan roared, and at the same time, he threw Li Erniu to the ground.

boom--!

A deafening explosion resounded through the sky, and the helicopter was overturned by the blast, rolling in the air and falling.

"Ah--!" There was chaos in the cabin. The intense feeling of weightlessness made everyone lose their balance.

Qin Yuan held Li Erniu tightly in his arms and glanced around with cold eyes.

"Don't panic! Prepare for an emergency landing!" he shouted, trying to calm everyone down.

However, it was too late.

The helicopter lost control, spun toward the ground, and finally crashed heavily into a dense forest.

...

"Ahem..."

Qin Yuan crawled out of the ruins, his body aching and his head buzzing. He stood up shakily and looked around, only to see the surroundings in a mess, and the helicopter had turned into a pile of burning wreckage.

"Yanbing! Chenguang! Erniu!" He shouted the names of his comrades loudly, his voice full of anxiety and worry.

"Ahem... I'm here..." Wang Yanbing's voice came from not far away, his tone weak.

Qin Yuan hurriedly looked in the direction of the sound and saw Wang Yanbing leaning against a tree, his face pale with a trace of blood at the corner of his mouth.

"How are you?" Qin Yuan walked quickly to Wang Yanbing and asked with concern.

"I won't die..." Wang Yanbing waved his hands. "It was this damn helicopter that almost broke me apart..."

"Let's not talk about this anymore, let's see how the others are doing first." Qin Yuan said, turning his eyes around, looking for the figures of He Chenguang and Li Erniu.

"I'm here..." He Chenguang's voice came from not far away.

Qin Yuan turned his head and saw He Chenguang crawling out from under a pile of twisted metal plates. Apart from some damage to his clothes, he didn't seem to be injured.

"Are you okay?" Qin Yuan asked.

"It's okay." He Chenguang shook his head, "Where's Erniu?"

"I'm here..." Li Erniu's voice came from a distance, with a hint of panic in his tone.

Qin Yuan and the other two looked in the direction of the sound, only to see Li Erniu standing in an open space, looking around with a look of horror on his face, muttering non-stop: "It's over, it's over... It's all over now..."

"Erniu, what's wrong with you?" Wang Yanbing walked up and patted Li Erniu on the shoulder.

"Yanbing...look quickly..." Li Erniu pointed to a place not far away, his voice trembling.

Qin Yuan and the other two looked in the direction of Li Erniu's finger, and their faces suddenly changed.

Not far from them, there stood a group of fully armed men in black, each with a grim face and murderous intent.

At the very front of these men in black stood a tall figure wearing a black top hat and a pair of sunglasses, so his features could not be seen clearly.

"'Crippled Eagle'..." Qin Yuan's eyes fixed and he said with gritted teeth.

"Long time no see, Qin Yuan." 'Crippled Eagle' slowly took off his sunglasses, revealing a pair of sharp eyes like a hawk. "I didn't expect that we would meet under such circumstances."

"Why did you do this?!" Qin Yuan roared, "Why did you betray your country?! Why did you become an international wanted criminal?!"

"Betrayal?" The Broken Eagle sneered, "I have never betrayed my beliefs! I just chose another path, a path that can change the world and create a new order!"

"You're crazy!" Wang Yanbing roared, "Your so-called 'new order' is built on the suffering and sacrifice of countless people?!"

"Those who achieve great things do not care about small details." The Broken Eagle said coldly, "For the ultimate goal, sacrifice is necessary."

"Fuck your 'necessary'!" Wang Yanbing was furious and raised his gun to shoot.

"Stop!" Qin Yuan grabbed Wang Yanbing and stared at the 'Crippled Eagle'. "What do you want?"

"It's simple. I want you to join me." 'Crippled Eagle' slowly raised his right hand and pointed at Qin Yuan and the others. "Come with me and create a brand new world!"

"Don't even think about it!" Qin Yuan refused without a second thought, "We are soldiers and will never betray our motherland!"

"Then don't blame me for being rude!" A cold light flashed in the eyes of 'Crippled Eagle', and he swung his right hand violently.

"Fire!"

Following the order from 'Canying', the surrounding men in black raised their guns at the same time and shot at Qin Yuan and others.

Da da da—!

Intensive gunfire rang out again, and bullets poured down like raindrops, instantly surrounding Qin Yuan and others.

"Find cover!" Qin Yuan yelled, pulling Wang Yanbing and He Chenguang to hide behind a big tree.

Li Erniu was so frightened that his face turned pale and he stood there at a loss as to what to do.

"Erniu! Lie down!" Qin Yuan shouted immediately upon seeing this.

Li Erniu finally reacted and fell to the ground in panic.

Bullets whizzed past their heads, hitting tree trunks and splashing wood chips.

The latest novel is published first on Liugshuba!

"Damn! Their firepower is too strong!" Wang Yanbing shouted while shooting.

"We can't go on like this, we will be suppressed by them!" He Chenguang said with a serious face.

"We must find a way to break out!" Qin Yuan's eyes flashed with determination, "Chen Guang, you cover me, I'll go and destroy their firepower points!"

"No! It's too dangerous!" He Chenguang said quickly, "Their firepower is too strong. If you rush out alone, you will die!"

"It's too late!" Qin Yuan said as he rushed out from behind the tree, the assault rifle in his hand spewing angry flames.

"Qin Yuan!" He Chenguang and Wang Yanbing were shocked when they saw this.

However, the moment Qin Yuan rushed out, the figure of the "Crippled Eagle" suddenly moved.

He flashed and appeared in front of Qin Yuan in an instant. The dagger in his hand turned into a cold light and pierced Qin Yuan's throat.

Qin Yuan's pupils suddenly shrank and he quickly raised his gun to block.

clang!

With a crisp sound, the dagger collided with the gun, splashing sparks.

The power of the 'Crippled Eagle' was astonishingly great. Qin Yuan only felt a huge force coming, and the assault rifle in his hand almost slipped out of his hand.

"You..." Before Qin Yuan could say anything, the 'Crippled Eagle' attacked again.

He appeared like a ghost, and instantly went behind Qin Yuan. He stabbed out with the dagger in his hand again, aiming directly at Qin Yuan's back!

"careful!"

At this critical moment, a figure suddenly appeared behind Qin Yuan.

Phew!

With a dull thud, the dagger pierced into the flesh.

"Chen Guang!" Qin Yuan turned around suddenly and saw He Chen Guang's face was pale, with a trace of blood flowing from the corner of his mouth, and a dagger was stuck in his chest...

"Chen Guang!" Qin Yuan's eyes were bloodshot as he watched He Chen Guang fall into a pool of blood. He never thought that He Chen Guang would actually block this fatal blow for him.

"Hahaha! Qin Yuan, did you see that? This is your good brother. He's willing to sacrifice his life for you!" Canying laughed wildly, the dagger in his hand still dripping with blood. "Now, do you still want to go against me?"

Qin Yuan didn't say anything, but stared at the 'Crippled Eagle', his eyes full of anger and sadness. He slowly held He Chenguang in his arms, feeling his body temperature slowly fading away.

"Chen Guang, wake up! You can't die! What will I do if you die?" Qin Yuan's voice trembled. He wished so much that all this was just a nightmare, and as long as he woke up, everything would be over.

However, the reality was cruel. He Chenguang's body became colder and colder, and his breathing became weaker and weaker.

"Qin Yuan... don't be sad... I'm fine..." He Chenguang opened his mouth with difficulty, but blood kept flowing out of the corners of his mouth, "Promise me... you must... come back alive..."

"No! I don't want you to die! I want you to live! Come back with me!" Qin Yuan finally couldn't hold back his tears. He hugged He Chenguang tightly, as if he wanted to merge him into his body.

"Ahem... stop wasting time... hurry up..." He Chenguang pushed Qin Yuan away with his last bit of strength, "Take the brothers... and live..."

After saying this, He Chenguang's eyes slowly closed and his hands dropped weakly.

"Morning light! Morning light—!" Qin Yuan roared in grief, his voice echoing in the valley.

"Hahaha! How touching!" 'Crippled Eagle' sneered, "But do you think you can still escape?"

Qin Yuan ignored the 'Crippled Eagle'. He gently put down He Chenguang's body, then slowly stood up, his eyes filled with flames of hatred.

"I want you to die!" Qin Yuan's voice was icy cold, as if it came from the Netherworld.

"Just you?" 'Crippled Eagle' sneered, "You are already at the end of your strength, and you still want to fight me?"

"Killing you is enough!" Qin Yuan said, suddenly pulling out a dagger from his waist and rushing towards the 'Crippled Eagle'.

"Looking for death!" 'Canying' sneered and drew out his dagger to meet the attack.

The two men immediately engaged in combat, and the sound of daggers clashing echoed in the valley.

Qin Yuan's attack was like a violent storm, each move was deadly. He completely gave up on defense and only wanted to die together with the 'Crippled Eagle'.

'Can Ying' didn't expect Qin Yuan to be so crazy. He was caught off guard and had several wounds on his body.

"Damn it!" The 'Crippled Eagle' roared and started to fight desperately.

Both of them were top masters, and the battle was extremely fierce, with swords flashing and blood splattering.

Wang Yanbing and Li Erniu hid behind the bunker, their hearts in their throats as they watched the thrilling scene before them.

"Sergeant, what should we do?" Li Erniu asked anxiously.

Wang Yanbing didn't say anything, but just stared at the battlefield. He knew that now was not the time to act impulsively. They had to wait for the opportunity to create a chance for Qin Yuan.

At this moment, Qin Yuan seized a flaw of "Crippled Eagle" and stabbed the dagger into his chest.

"Ah!" 'Crippled Eagle' screamed and looked at Qin Yuan in disbelief, "You...you actually..."

"Go to hell!" Qin Yuan roared, pulled out the dagger, and stabbed it into the heart of the 'Crippled Eagle' again.

The body of the 'Crippled Eagle' slowly fell down, its eyes wide open, as it died with its eyes open.

"Chen Guang, I have avenged you!" Qin Yuan muttered to himself as he looked at the corpse of the 'Crippled Eagle'.

However, at this moment, Qin Yuan suddenly felt a sharp pain. He looked down and saw a dagger stuck in his abdomen.

"Qin Yuan!" Wang Yanbing and Li Erniu were shocked when they saw this and rushed over immediately.

"Cough cough..." Qin Yuan spat out a mouthful of blood and fell to the ground weakly.

"Who is it?! Who did it?!" Wang Yanbing roared and looked around, but saw no one.

"It's me..." A cold voice suddenly sounded behind them.

Wang Yanbing and Li Erniu turned around suddenly and saw a man in black clothes and a black mask standing behind them, holding a bloody dagger in his hand.

"You... who are you?!" Wang Yanbing asked in shock and anger.

"Kill your people!" said the man in black, raising the dagger and stabbing at Wang Yanbing and Li Erniu.

"Not good!" Wang Yanbing and Li Erniu's faces changed drastically and they dodged quickly.

Fan Tianlei frowned, his eyes flashing with coldness, "I don't know either, but one thing is certain, these people are definitely not ordinary terrorists, they are well-trained, well-equipped, and they know everything about our Langya. They are very likely special forces from foreign forces!"

"Foreign forces? What are their goals?" Wang Yanbing asked.

"What else could it be? Of course it's the secret of our Langya!" Fan Tianlei said in a cold tone, "This time the arsenal was robbed and the losses were heavy. If those weapons and equipment fall into the hands of the enemy, the consequences will be disastrous!"

"Damn it, these bastards, I'm going to skin them alive!" Li Erniu was furious and wanted to rush out and fight the enemy to the death.

Qin Yuan calmly analyzed the current situation. He knew that now was not the time to act impulsively. "Lao Fan, what should we do now?"

"The most urgent thing is to get in touch with the headquarters and report the situation here." Fan Tianlei said as he took out the satellite phone from his tactical vest, only to find that the signal had been blocked.

"Damn it!" Fan Tianlei cursed and threw the satellite phone to the ground.

"What should we do now? We are trapped here!" Li Erniu said anxiously.

"Why are you panicking? If the sky falls, there are tall people to hold it up!" Wang Yanbing glared at Li Erniu, "What kind of team are we, the Red Blood Cells? Are we afraid of these bastards?"

Qin Yuan didn't say anything, but he knew that this time the opponent should not be underestimated. Not only did they have powerful firepower, but they were also very familiar with the terrain and environment. This dense forest was more like a natural hunting ground for them.

"Old Fan, we have to find a way to break out. We can't just sit there and wait to die!" Qin Yuan said in a deep voice.

Fan Tianlei nodded, "You are right, we cannot passively defend, we must take the initiative to attack and disrupt their deployment!"

"How do we fight? Just give the orders!" Wang Yanbing was ready to try.

Fan Tianlei looked around and pointed to a mountain not far away and said, "Do you see that mountain? It is the commanding height of this area. As long as we can seize it, we can take the initiative!"

"Okay, then what are we waiting for? Charge!" Wang Yanbing said, and was about to rush forward with his gun raised.

Qin Yuan sneered, "Since they want to play hide-and-seek with us, then we will play with them!"

...

Thick smoke filled the woods, choking people so that they couldn't open their eyes. Qin Yuan and his four companions took advantage of the smoke to quietly move towards the mountain.

"Cough cough cough...Damn, this smoke bomb is too choking!" Wang Yanbing complained while coughing.

"Shut up! Do you want to attract the enemy here?" Fan Tianlei scolded in a low voice.

Wang Yanbing quickly covered his mouth and dared not speak anymore.

The four of them moved forward cautiously. Suddenly, Qin Yuan felt as if he stepped on something soft and a little elastic.

He bent down and gently pushed aside the fallen leaves on the ground. In the dim light, a creepy thing came into view...

Qin Yuan bent down and in the dim light saw a pale arm exposed under the fallen leaves, with its fingers stiffly bent as if trying to grab something.

"What the hell!" Wang Yanbing exclaimed, almost jumping up, "What the hell is this!"

"Don't make a sound!" Qin Yuan shouted, signaling others to be alert. He carefully pulled away more fallen leaves, and a long-rotten corpse appeared in front of everyone.

The corpse was wearing camouflage uniforms and had the same equipment as them, and was obviously a warrior of their Langya.

"It's Lao Zhang!" Fan Tianlei recognized the body at a glance, "The platoon leader of the 3rd Battalion, he drank with me during the last exercise..." His voice was a little choked, and his eyes were full of grief.

"Damn, these beasts!" Li Erniu said with red eyes and gritted teeth, "I'm going to fight them!"

"Calm down!" Qin Yuan said in a deep voice, "Now is not the time to act on impulse. We must find out what happened."

Qin Yuan carefully examined the body and found that there were no gunshot wounds on Lao Zhang's body. The fatal wound was on the neck, with a deep mark that was shocking.

"He was attacked from behind and strangled to death." Qin Yuan stood up with a gloomy face, "It seems that there are experts among the enemies. We must be more careful!"

"Expert? How good can he be? I'll kill him with one shot!" Wang Yanbing said as he was about to pull the bolt.

"Can you calm down?" Fan Tianlei held down Wang Yanbing's gun. "Have you forgotten how Lao Zhang died? Be careful not to get into trouble!"

Wang Yanbing reluctantly put down the gun, but his eyes were still full of anger.

Qin Yuan ignored them and looked up towards the mountain with a gleam in his eyes. "Old Fan, let's keep going. I want to see what tricks these guys are playing!"

...

After several hours of arduous trekking, Qin Yuan and his four companions finally reached the top of the mountain.

Standing on the top of the mountain, one can overlook the entire forest with a broad view. However, Qin Yuan had no intention of appreciating the scenery. His eyes scanned the surroundings sharply, looking for traces of the enemy.

"Strange, why is there no one here?" Wang Yanbing asked doubtfully, "Did they retreat?"

"Impossible!" Fan Tianlei denied Wang Yanbing's guess. "This forest is our training base. They can't be more familiar with the terrain than we are. Moreover, they took great pains to lead us here. They must have their own purpose."

"Then what exactly do they want to do?" Li Erniu scratched his head, looking puzzled.

Qin Yuan didn't say anything. He walked to a rock and gently stroked the surface of the rock with his hand, as if he was feeling something.

"This rock..." Qin Yuan frowned slightly, and a hint of doubt flashed in his eyes.

"What's wrong?" Fan Tianlei asked.

Qin Yuan did not answer, but took out a military dagger from his tactical vest and slashed it hard towards the rock surface.

“clang!”

There was a sharp sound of metal friction and sparks flew, but the rock surface remained intact.

"This..." Wang Yanbing's eyes widened in disbelief. "What the hell is this? It's so hard!"

Qin Yuan ignored Wang Yanbing and continued to cut the rock with force. As time passed, a crack finally appeared on the surface of the rock.

The cracks grew bigger and bigger, and finally, a huge piece of rock was cut off by Qin Yuan, revealing the scene inside the rock.

“What...what is this?”

When they saw what was inside the rock, Fan Tianlei and the others were stunned, their faces turned extremely ugly...

The inside of the rock cut by Qin Yuan was actually inlaid with densely packed electronic components, flashing a faint blue light, like a cold electronic eye, staring at the sky.

"What the hell is this?!" Wang Yanbing exclaimed. This weird scene was so eerie that even though he was a tough guy, he still felt a chill down his spine.

"It looks like some kind of signal transmitter..." He Chenguang frowned, his eyes flashing with sharp light behind the lenses, "Could it be that our every move is under the enemy's surveillance?"

Fan Tianlei's face turned pale, and he punched the rock with a muffled sound. "Damn it, I knew these guys had bad intentions! What on earth do they want to do?!"

Qin Yuan didn't say anything. He reached out and touched the cold electronic component. A strange energy wave instantly spread throughout his body. It was as if a thunder exploded in his mind, and countless fragmented information poured in frantically.

"Qin Yuan! What's wrong with you?!"

The latest novel is published first on Liu9shuba!

Qin Yuan heard the anxious cries of his comrades, but he seemed to be out of the matter. His consciousness was struggling in chaos, and the fragmented information gradually pieced together to form an incredible memory.

...

"Report! All indicators of subject 001 are normal. Request to proceed to the next step of the experiment!"

"Approved to proceed to the next experiment! Remember, the integrity of the experimental data must be ensured!"

In the cold laboratory, a man with tubes inserted all over his body was fixed on the operating table. His eyes were closed and his chest rose and fell rhythmically with the instruments, like a body without a soul.

"Begin the consciousness connection experiment! Target - Wolf Fang Special Operations Brigade, Qin Yuan!"

As the cold mechanical sound rang out, the man suddenly opened his eyes. A strange red light flashed in his eyes. The corners of his mouth raised a strange arc, and he murmured in a voice that only he could hear: "Finally... I found you..."

...

"Qin Yuan! Qin Yuan!"

The violent shaking pulled Qin Yuan back from the chaos. He opened his eyes and saw the anxious and worried expressions of his comrades.

"I'm fine..." Qin Yuan took a deep breath and suppressed the fragments of memory surging in his mind. Those memories were too chaotic and too unbelievable for him to fully digest for a while.

"What's wrong with you? You look so ugly!" Fan Tianlei asked worriedly.

Qin Yuan shook his head without explaining. He stood up, walked to the rock inlaid with electronic components, and said in a deep voice: "It seems that our opponent this time is far more difficult than we thought..."

"What on earth is this?" Li Erniu pointed at the rock, his face full of confusion, "Could it be the work of aliens?"

"Aliens?" Wang Yanbing sneered, "You've watched too many movies, kid! There are no aliens in this world!"

Qin Yuan ignored their quarrel. He closed his eyes and mobilized the chaotic memory fragments in his mind, trying to find the answer.

After a long while, he slowly opened his eyes, a gleam of light flashed in his eyes, and he said in a deep voice: "If I'm not mistaken... this should be some kind of consciousness invasion device..."

"Consciousness invasion?!" Everyone was shocked when they heard this.

"That's right." Qin Yuan nodded and explained, "To put it simply, it is to use some special device to invade a person's consciousness into another person's brain, so as to achieve the purpose of controlling the other person's thoughts and behaviors..."

"This... How is this possible?!" Wang Yanbing's eyes widened, his face full of disbelief, "This is too mysterious!"

"Nothing is impossible." Qin Yuan said calmly, "There are still many things in this world that we cannot understand..."

"Then...what should we do now?" He Chenguang asked. Although he was always calm, he felt a little uneasy at this moment.

Qin Yuan pondered for a moment and said in a deep voice: "The most urgent thing is to get rid of this thing first. We can't let it continue to send signals out!"

After saying that, he was about to destroy the rock, but at this moment, a burst of hurried footsteps were heard, followed by a familiar voice sounded behind everyone.

"Stop! What are you doing?!"

When everyone looked back, they saw a tall, sharp-faced man in camouflage uniform striding towards them, followed by a team of fully armed soldiers.

"Chen Feng?!" Fan Tianlei and others were all stunned when they saw the person coming.

Chen Feng, another chief of staff of the Langya Special Operations Brigade, is at the same level as Fan Tianlei. He is insidious, cunning, cruel and ruthless. He has always regarded Fan Tianlei as a thorn in his side. The two have been fighting openly and secretly for many years and have long been at odds with each other.

"How come you are here?" Chen Feng's eyes swept across Qin Yuan and others with a cold look, and finally fell on the cut rock. When he saw the electronic components inside the rock, his pupils suddenly shrank, and a trace of panic that was difficult to conceal flashed in his eyes.

"It seems that you seem to know this thing?" Qin Yuan's mouth curled up with a playful arc. He had long noticed that Chen Feng's appearance was not accidental. It seemed that there was a deeper secret behind this...

Chen Feng's appearance instantly made the atmosphere on the scene tense. Fan Tianlei and others stared at Chen Feng and the soldiers behind him vigilantly, with their guns slightly raised, ready to respond to any emergency.

"Chen Feng, what do you want to do?!" Fan Tianlei stepped forward, stood in front of Qin Yuan, and asked in a bad tone.

Chen Feng sneered, and glanced at Fan Tianlei with disdain, and said in a cold voice: "Fan Tianlei, stop pretending here! Do you think I don't know what you are planning? You want to keep this thing for yourself, no way!"

"What nonsense are you talking about?!" Fan Tianlei shouted angrily, "I don't know what you are talking about!"

"Humph! Are you still pretending to be stupid?!" Chen Feng snorted coldly, pointed at the cut rock, and said sternly, "This thing is the control terminal of the 'Eye of God', right?!"

"Eye of God?!" Upon hearing this name, Fan Tianlei and others' faces changed.

"God's Eye" is a mysterious international terrorist organization. It is said to possess extremely powerful technological capabilities. It has committed many terrorist attacks that shocked the world and is the number one target of intelligence agencies in various countries.

"You...how do you know about 'Eye of God'?!" Fan Tianlei suppressed the shock in his heart and asked in a deep voice.

Chen Feng raised a cold arc at the corner of his mouth and said slowly: "Fan Tianlei, do you think you can hide what you did from me? I have known for a long time that you have been secretly investigating the 'Eye of God', and you have also found their lair, right?!"

One-click Recovery Since I was a Special Soldier

Gunshots rang out again, and dense bullets poured down like raindrops, pinning Qin Yuan and Wang Yanbing in the corner.

"Fuck! It's Jack's gang!" Wang Yanbing also pulled out his pistol and fought back from behind the cover.

"Don't fight too long! Find a chance to break out!" Qin Yuan shouted loudly while shooting.

The two stood back to back, covering each other and struggling to resist the enemy's attack.

"Damn, these bastards have quite a strong firepower!" Wang Yanbing cursed. He had used up all his bullets and was about to change the magazine when he suddenly felt someone hit his shoulder hard.

"Bang!"

Another gunshot was heard, Wang Yanbing groaned, and his body fell backwards uncontrollably.

"Yanbing!" Qin Yuan was shocked and rushed over to support Wang Yanbing.

"I... I'm fine..." Wang Yanbing's face was pale, with cold sweat on his forehead. He looked down at his shoulder and saw a bloody bullet hole on his shoulder, with blood oozing out.

"Fuck! You were shot!" Qin Yuan's face turned pale and a hint of murderous intent flashed in his eyes.

"I... I'm fine... I won't die..." Wang Yanbing endured the severe pain and forced out a smile that was uglier than crying.

"Shut up! Save your energy!" Qin Yuan roared, tore off his clothes, and simply bandaged Wang Yanbing's wound.

"Da da da!"

The enemy's offensive became more and more fierce. Qin Yuan knew that if this continued, they would be exhausted sooner or later.

"Yanbing, I have a plan, but it's very risky..." Qin Yuan lowered his voice and whispered into Wang Yanbing's ear.

"Say! I'll do whatever it takes to kill these bastards!" Wang Yanbing gritted his teeth and said while enduring the severe pain.

Qin Yuan nodded, took a deep breath, and said in a deep voice: "I will attract the firepower later, and you find a chance to run to the jeep..."

"What do you want to do?" Wang Yanbing was stunned.

"Don't talk nonsense, just do as I say!" Qin Yuan shouted sternly, "This is our only way to survive!"

Wang Yanbing wanted to ask more, but seeing Qin Yuan's unquestionable look, he had to nod.

"Three, two, one, move!"

Qin Yuan roared, stood up suddenly, and fired wildly in the direction of the enemy.

“Da da da!”

Dense bullets poured out like a rainstorm, instantly suppressing the enemy's firepower.

"superior!"

Qin Yuan roared, and taking advantage of the gap when the enemy's firepower was suppressed, he pulled Wang Yanbing up, and the two of them crouched and ran quickly towards the jeep.

“Da da da!”

The enemy reacted quickly and immediately discovered Qin Yuan and his men's intentions. Dense bullets flew after them.

"Hold!"

Wang Yanbing staggered and almost fell to the ground. Qin Yuan was quick to catch him and continued to sprint forward.

"Quick! Get in the car!"

Qin Yuan pushed Wang Yanbing onto the driver's seat, and then he rolled over and got into the co-pilot's seat.

"Hold on tight!"

Wang Yanbing yelled and suddenly turned the steering wheel. The jeep roared and rushed out like an arrow.

“Da da da!”

The enemy was chasing us relentlessly, and bullets hit the back of the jeep, sending sparks flying.

"Damn, these bastards are so fucking difficult to deal with!" Wang Yanbing cursed while driving.

"Stop talking nonsense and concentrate on driving!" Qin Yuan said in a deep voice, "Get rid of them!"

Wang Yanbing gritted his teeth and stepped on the accelerator to the bottom. The jeep roared, accelerated again, and rushed across the rugged mountain road.

"boom!"

A rocket whizzed in and exploded next to the jeep, and the huge blast wave overturned the jeep to the ground.

"Hold!"

Qin Yuan and Wang Yanbing were both stunned by the huge impact force, and stars appeared in front of their eyes.

"Ahem..."

Qin Yuan struggled to climb out of the deformed carriage. He shook his head, trying to wake himself up, then turned to look at Wang Yanbing.

"Yan Bing, how are you?"

"I... I'm fine..." Wang Yanbing's face was pale, with a trace of blood flowing from the corner of his mouth, "Ahem... I just... have a little... shortness of breath..."

Qin Yuan's heart tightened and he quickly checked Wang Yanbing's injuries. He found that there was a deep bloody mark on his chest caused by the seat belt, and his breathing was rapid. The situation was not optimistic.

"Hold on, I'll call for help right away!" Qin Yuan said, taking out a satellite phone and preparing to contact Fan Tianlei.

"It's... it's useless..." Wang Yanbing grabbed Qin Yuan's hand and said weakly, "We... have been surrounded..."

Upon hearing this, Qin Yuan suddenly looked up and saw dozens of mercenaries armed with weapons who had surrounded them, with the muzzles of their guns pointed at them.

The leader was a tall man with a hideous scar on his face. He was the boss of Blackwater, Jack!

"Qin Yuan, we meet again." Jack looked at Qin Yuan with a cruel smile on his face, "This time, you can't escape even if you have wings!"

Qin Yuan took a deep breath, a cold light flashed in his eyes. He slowly stood up, protected Wang Yanbing behind him, and said coldly: "Really? I want to see how you can make it impossible for me to escape!"

"Humph! You're about to die, yet you still dare to be stubborn!" Jack snorted coldly and waved his hand, "Kill them all! Don't spare any of them!"

As soon as the words fell, the mercenaries around him pulled the trigger one after another, and dense bullets poured down towards Qin Yuan and Wang Yanbing like raindrops...

Dense bullets whizzed past, stirring up clouds of dust around Qin Yuan and Wang Yanbing. Qin Yuan's eyes were sharp as torches, calmly observing the enemy's movements. The bullets seemed to have eyes, grazing his body without even touching the corners of his clothes.

"Damn it, are these bastards like flies? No matter how hard we try, we can't kill them!" Wang Yanbing hid behind the wreckage of the jeep and cursed. Although he cursed, his hands did not slow down at all. The assault rifle in his hand spewed out flames, harvesting the lives of the enemies accurately.

"Save your energy. Your firepower is just a tickle to them." Qin Yuan said coldly, "It seems that it won't work if we don't take it seriously."

As soon as he finished speaking, Qin Yuan moved. He flashed and shuttled through the hail of bullets like a ghost, so fast that it was almost impossible to catch with the naked eye. Every flash was accompanied by a scream, and the mercenaries fell in a pool of blood before they could even react to what happened.

"Fuck! Boss, you're cheating!" Wang Yanbing was stunned and couldn't help but swear. He boasted of his extraordinary skills, but in front of Qin Yuan, he seemed like a toddler.

Qin Yuan ignored Wang Yanbing's surprise. He was like a ferocious cheetah, roaming freely among the enemies. Wherever he passed, he left only corpses and terrified wails on the ground.

Jack looked at his men falling down like wheat being cut, his face turned livid. He never expected that this seemingly insignificant guy could possess such terrifying strength!

"Damn it! Come on! Everyone, come on! Kill him! Kill him!" Jack roared hysterically, firing wildly with the submachine gun in his hand, trying to stop Qin Yuan.

However, everything was in vain. Qin Yuan was so fast that even bullets couldn't catch up with him. He was like a death god from hell, reaping every life that dared to stand in his way.

In a blink of an eye, the encirclement was torn open, and Qin Yuan grabbed Wang Yanbing's arm and pulled him up like a chicken.

"Don't just stand there, it's time to go!"

The latest novel is published first on Liugshuba!

Before Wang Yanbing could come to his senses, he was dragged forward by Qin Yuan.

"Hey, hey, hey! Boss, wait for me! My gun, I haven't got my gun yet!" Wang Yanbing then remembered his treasure and struggled to go back to pick up the gun.

"It's already this late, and you're still thinking about your broken gun!" Qin Yuan cursed angrily, but his pace didn't slow down at all. "I'll build you a warehouse of those broken copper and iron later!"

When Wang Yanbing heard this, his eyes suddenly lit up. He no longer worried about his gun and happily followed Qin Yuan and ran forward.

The two ran wildly all the way, and soon broke out of the encirclement and disappeared into the night.

Jack looked at the backs of Qin Yuan and Wang Yanbing going away, gritting his teeth in anger, but he could do nothing. He never thought that his carefully planned plan would be completely destroyed by an unknown little person!

"Qin Yuan! Just wait for me! I will make you pay the price!" Jack roared unwillingly at the night sky.

...

At the same time, thousands of miles away at the Langya Special Operations Base, Fan Tianlei was sitting in his office, anxiously waiting for news from Qin Yuan.

"Report!"

The communicator's voice suddenly sounded.

"Come in!"

"Report to the Chief of Staff, Qin Yuan sent a message saying that the mission has been completed and they are on their way back now."

Upon hearing this, Fan Tianlei immediately breathed a sigh of relief and a relieved smile appeared on his face.

"This kid finally didn't disappoint me."

He picked up the satellite phone on the table and dialed Qin Yuan's number.

"You did a great job, little brat! I'll give you credit for your work when you come back this time!"

On the other end of the phone, Qin Yuan's voice sounded a little tired, but he could not hide his excitement.

"Hey, Chief of Staff, this is what I should do. But I have done a great deed this time, you can't break your promise!"

"Stop talking nonsense! When have I ever broken my promise? Tell me, what reward do you want?"

"You said it, so I won't be polite..."

Qin Yuan paused, a sly smile on his face.

"I want..."

"I want..." Qin Yuan deliberately stretched out his voice, his tone full of teasing, "I want a tank!"

Fan Tianlei on the other end of the phone was obviously stunned for a moment, and then burst into a thunderous roar: "You are crazy! Tank! I will tear your head off and kick it like a ball!"

"Don't get excited, Chief of Staff, I was just joking." Qin Yuan said with a smile, "Seriously, how did I complete my mission this time? Am I eligible to apply for some special rewards?"

"Don't try that on me!" Fan Tianlei said unhappily, "Just tell me, what do you want? As long as it's not too much, I'll agree to it!"

"That's what you said!" Qin Yuan's tone suddenly became serious, "I want to... join 'Dragon Soul'!"

There was a strange silence on the other end of the phone.

"Dragon Soul"? That is the most mysterious special forces in China. Only those who have experienced the baptism of blood and fire and possess extraordinary strength and firm will are qualified to join. Although Qin Yuan is outstanding in strength, he is still inexperienced after all, so Fan Tianlei did not dare to agree rashly.

"You kid... do you know where 'Dragon Soul' is?" Fan Tianlei's voice became much lower.

"Of course I know. That is the ultimate dream of all special forces soldiers. He is a true legend in the army!" Qin Yuan's tone was full of yearning. "I have always dreamed of becoming a member of 'Dragon Soul', fighting for the country and for honor!"

"You kid..." Fan Tianlei sighed, "You can't just enter 'Dragon Soul' if you want to. It gathers the best special forces in China. Each of them is an elite selected from thousands of people. Are you sure you have the strength?"

"You won't know whether you have the ability until you try!" Qin Yuan's voice was firm. "Chief of Staff, please give me a chance! I will definitely prove my strength and will never let you down!"

Fan Tianlei was silent for a moment. He knew Qin Yuan's character. Once he made a decision, he would never change it easily. Moreover, Qin Yuan's strength was indeed outstanding. If he could enter the "Dragon Soul" for further study, he would definitely become a sharp sword for the country in the future!

"Okay! I promise you!" Fan Tianlei finally gave in. "I will apply to my superiors to get you a chance to participate in the Dragon Soul selection! But I have to say this in advance. The Dragon Soul selection is extremely cruel and there is a high risk of death. If you don't have the ability, get back here as soon as possible!"

"Yes! I guarantee to complete the mission!" Qin Yuan saluted excitedly. He knew that he was one step closer to his dream!

After hanging up the phone, Qin Yuan took a deep breath, with a determined light flashing in his eyes. He knew that the road to the "Dragon Soul" was full of thorns and challenges, but he was fearless!

At the same time, in a secret base far away in the Golden Triangle, Jack was sitting on the sofa with a terribly gloomy face.

"Waste! All of you are a bunch of waste!" He angrily smashed the wine glass in his hand to the ground, and the glass fragments flew everywhere, but no one dared to step forward to clean it up.

"Qin Yuan..." Jack gritted his teeth and said the name, his eyes full of resentment, "I will make you pay the price!"

He picked up the satellite phone on the table and dialed a mysterious number.

"Hello, it's me..." Jack's voice was low and cold, "I need your help, I want to kill Qin Yuan!"

There was silence on the other end of the phone for a moment, and then a hoarse voice came: "Okay, but my price is very high."

"As long as you can kill Qin Yuan, I'm willing to pay any amount of money!" Jack said without hesitation.

"Very good." The hoarse voice was tinged with a hint of teasing, "I will send someone to China, and you just wait to collect the bodies!"

After hanging up the phone, Jack showed a ferocious smile on his face. He believed that this time, Qin Yuan would definitely die! (End of this chapter)

#2523 - Get to the bottom of this!

"Now that you're here, take a seat." Fan Tianlei took a deep puff of cigarette and said slowly, "Have you heard about Qin Yuan's incident?"

"Report! I heard it!" the three answered in unison.

"Old Fan, you can't blame Brother Qin for this!" Wang Yanbing was impatient and was the first to jump out. "Those two bastards colluded with foreign forces and sought glory for themselves. They deserve to die!"

"Shut up! Is it your turn to speak here?" Fan Tianlei glared at him, "Things are not as simple as you think! Chen Feng's father is..."

"We can't just stand by and watch Brother Qin get bullied!" Wang Yanbing stiffened his neck, "He was trying to complete his mission! If they really investigate, I'll be the first to disagree!"

"That's right! That's right!" Li Erniu also echoed, speaking in a muffled voice.

Although He Chenguang didn't say anything, Fan Tianlei knew from his clenched fists and determined eyes that this guy had the same idea as Wang Yanbing.

Fan Tianlei sighed. These guys were all very loyal, but in this society, problems could not be solved just by loyalty. He had to think of a way to save Qin Yuan and calm the storm.

"Okay, I understand your intentions." Fan Tianlei waved his hand, "I will take care of this matter, don't worry about it."

"But..." Wang Yanbing wanted to say something, but was stopped by He Chenguang.

"Report! We believe you!" He Chenguang saluted, and the three turned and left the office.

After seeing off the three people, Fan Tianlei had an even bigger headache. He picked up the phone and dialed a number.

"Hello, old leader, it's me, Xiao Fan... Oh, don't mention it, something happened..."

"Bang!"

The dormitory door was pushed open suddenly, and Wang Yanbing rushed in and pulled Qin Yuan up.

"Brother Qin, let's go! Let's have a drink!"

"No." Qin Yuan closed his eyes and said lazily.

"No, Brother Qin, I know you feel bad. Come on, your brothers will accompany you!" Wang Yanbing pulled Qin Yuan out without saying anything.

"Go away, I don't have to feel bad for anything." Qin Yuan didn't know whether to laugh or cry, and could only let Wang Yanbing drag him away.

When they arrived at the cafeteria, He Chenguang and Li Erniu had already prepared the food and wine and were waiting for them.

"Come on, Brother Qin, we brothers haven't had a drink together for a long time!" Wang Yanbing said, filling Qin Yuan's glass with wine.

"That's right, Brother Qin, don't think too much, just drink up!" Li Erniu also raised his glass.

Qin Yuan looked at the three brothers in front of him, and his heart warmed. He picked up the wine glass and drank it all.

"You can drink a lot!" Wang Yanbing cheered and poured another glass for Qin Yuan.

"Brother Qin, don't worry. No matter what happens, we are on your side!"

"Yes! Whoever dares to touch you must first ask the gun in my hand if it agrees!" Wang Yanbing slammed the table and said indignantly.

"With your limited shooting skills, you'd better practice first!" He Chenguang joked with a smile.

"You..." Wang Yanbing was choked and said unconvincedly, "If you can do it, go ahead!"

"Come on, who's afraid of who!" He Chenguang was not willing to be outdone, and the two started arguing again.

"Alright, alright, stop arguing." Qin Yuan interrupted them, "Drink, drink!"

The four of them clinked glasses and after three rounds of drinks, the atmosphere became lively.

"Hey, what do you think? Where should we go to have fun after this mission is over?" Wang Yanbing asked.

"I want to go to the beach." Li Erniu said honestly, "I haven't seen the sea yet!"

"The beach? Great!" Wang Yanbing was interested. "Let's go to Sanya. I heard the girls there are so pretty..."

"What are you thinking about!" He Chenguang knocked him on the head, "You know, girls, be serious!"

"Ouch!" Wang Yanbing covered his head and said aggrievedly, "Just tell me what happened, but you didn't say you were really going..."

"Okay, stop making trouble." Qin Yuan interrupted them and looked at He Chenguang, "Where do you want to go?"

"I..." He Chenguang hesitated, "I want to go..."

Before he could finish his words, the door of the cafeteria was suddenly pushed open, and a tall woman in military uniform walked in.

"Qin Yuan, come with me." The woman's tone was cold and left no room for questioning.

Qin Yuan looked at the woman in front of him, frowning slightly. He knew that trouble was coming.

The cafeteria suddenly became quiet, and everyone's eyes were focused on the woman at the door. The woman was dressed in a straight military uniform, looking heroic, with a black beret pulled down so that people couldn't see her face clearly, but from her cold temperament and sharp eyes, one could feel a strong sense of oppression.

"Hey, isn't this the cold-faced devil of the Thunder Commando? What brings you here?" Wang Yanbing smiled nonchalantly, with a hint of provocation in his tone.

The woman glanced at Wang Yanbing coldly, her eyes scraping across him like a knife, making Wang Yanbing feel goosebumps in his heart and shrink his neck unconsciously.

"I'm looking for Qin Yuan. Does it have anything to do with you?" The woman's tone was cold, without a trace of warmth.

Wang Yanbing was choked by her and was speechless. He could only shut his mouth awkwardly.

Qin Yuan put down his wine glass, stood up, and looked at the woman calmly, "What do you want from me?"

The woman walked up to Qin Yuan and said, "My superiors order you to come with me now."

"What order? On what basis?" Wang Yanbing couldn't help but jump out again. He hated it most when others showed off in front of him, especially when the target was Qin Yuan.

The woman ignored Wang Yanbing and repeated coldly: "The superior ordered that you be taken back for investigation."

"Investigation? Investigate what?" He Chenguang also stood up. "What did Brother Qin do to be investigated?"

"This is confidential," the woman said expressionlessly, "You have no right to ask."

"Bullshit!" Wang Yanbing finally couldn't help cursing, "Who do you think we are? Can you just take people away when I say so?"

A hint of impatience flashed in the woman's eyes. She reached out to grab Qin Yuan's arm, but Qin Yuan dodged her hand easily.

"I will leave by myself." Qin Yuan said calmly, "But I hope you can give me a reasonable explanation."

The woman looked at Qin Yuan deeply and said, "You will know." Then she turned and walked out of the cafeteria.

Qin Yuan patted Wang Yanbing on the shoulder, signaling him to stay calm, and then followed the woman out of the cafeteria.

"Brother Qin!" Wang Yanbing wanted to say something, but was stopped by He Chenguang. "Don't be impulsive. Let's go ask Chief of Staff Fan what's going on."

Li Erniu was so anxious that he scratched his head and said, "What on earth is going on? Why was Brother Qin taken away just like that?"

He Chenguang frowned, "It seems that this matter is not simple, we have to find a solution quickly."

On the other side, Qin Yuan followed the woman to a heavily guarded secret base. The woman took him into an interrogation room, which had only a table and two chairs, dim lighting, and a depressing atmosphere.

Qin Yuan was forced to sit on a chair, his hands cuffed to the table. He raised his head and looked at the woman standing in front of him, "Can you tell me now? Why did you arrest me?"

The woman took off her hat, revealing a delicate and cold face. She had neat short hair, eyes as sharp as a hawk, and a cold aura all over her body. "Qin Yuan, my name is..."

Before she could finish her words, the door of the interrogation room was suddenly kicked open and a figure rushed in angrily.

"Who the hell dares to kick my door?!"

With a roar, the lights in the interrogation room flickered. Fan Tianlei rushed in like an angry lion, followed by anxious He Chenguang, Wang Yanbing and Li Erniu.

The latest novel is published first on Liugshuba!

"Chief of Staff Fan!" When the woman saw the person coming, a hint of surprise flashed in her eyes, but she quickly returned to her cold look.

"You bitch, who gave you the guts to touch my people?!" Fan Tianlei grabbed the woman by the collar and lifted her up like a chicken.

"Fan Tianlei, watch your words and actions!" the woman shouted sternly, not afraid of the anger in Fan Tianlei's eyes at all, "I am following orders from my superiors!"

"An order from the superior? Bullshit! I want to see who is so bold as to touch my people!" Fan Tianlei threw the woman aside, walked to Qin Yuan, checked him carefully, and was relieved to see that he was not injured.

"Qin Yuan, are you okay?"

Qin Yuan shook his head, stood up, moved his wrists which were numb from being handcuffed, and stared at the woman fiercely, "You haven't told me yet, why did you arrest me?"

"This is the highest level of military secrets, you have no right to ask about it!" The woman said with a cold face, straightened her collar that was messed up by Fan Tianlei, and a trace of disgust flashed in her eyes.

"The highest level of military secrets?" Wang Yanbing sneered, "What kind of bullshit secrets are we not allowed to know? I think you are just too guilty to tell us!"

"Wang Yanbing!" He Chenguang pulled him and signaled him not to be impulsive.

"Shut the fuck up!" Fan Tianlei roared, and the entire interrogation room suddenly became quiet. "Tell me! What's going on?"

The woman took a deep breath and suppressed her anger. "Three days ago, a secret military research institute was attacked by unknown armed elements. A large amount of important information and research results were stolen. Qin Yuan is the biggest suspect!"

"What?!" Wang Yanbing was the first to jump up. "This is impossible! How could Brother Qin..."

"Bullshit! I know the soldiers I trained better than anyone else!" Fan Tianlei slammed his fist on the table, causing the documents on the table to jump up. "Don't you know who Qin Yuan is? Is he someone who can do such a thing?!"

The woman looked at Fan Tianlei coldly, "The order I received is to take Qin Yuan away for investigation. If you have any objections, you can appeal to your superiors."

"Appeal? I'm taking him away now, and I'll see who dares to stop me!" Fan Tianlei grabbed Qin Yuan's arm and prepared to leave.

"Let's see who dares!" The woman stood at the door, with a pistol in her hand, the black muzzle pointing directly at Fan Tianlei.

The atmosphere suddenly became tense.

"How dare you point a gun at me?!" Fan Tianlei's eyes were as big as copper bells, and he was furious.

"Chief of Staff Fan, I advise you to calm down," He Chenguang walked to Fan Tianlei and whispered, "Things haven't been figured out yet, don't be impulsive."

Fan Tianlei took a deep breath and suppressed the anger in his heart. He knew that now was not the time to act on impulse. He let go of Qin Yuan's arm and stared at the woman with a gloomy look, "Okay, I'll give you face today, but I'll make this clear. If Qin Yuan loses a hair, I'll tear down this shabby place of yours!"

"Hmph!" The woman snorted coldly, put away her pistol, and stepped aside to make way. "Go ahead!"

Fan Tianlei led Qin Yuan and others out of the interrogation room. Before leaving, Qin Yuan looked at the woman deeply. That look seemed to be able to see through all disguises.

The woman felt a little uneasy when he looked at her, and she unconsciously avoided his gaze.

In the corridor, He Chenguang walked up to Qin Yuan and asked in a low voice: "Brother Qin, what's going on? Are you really..."

"I'm fine," Qin Yuan patted his shoulder and said calmly, "The innocent will be innocent, believe me."

"But..." He Chenguang wanted to say something, but was interrupted by Qin Yuan.

"Let's go back first."

...

Back in the dormitory, Fan Tianlei sat on the chair with a gloomy face, not saying a word.

"Damn it! What the hell is going on?" Wang Yanbing slammed his fist on the table, causing the water cup on the table to jump up. "Who is framing Brother Qin?"

"We don't know yet," He Chenguang frowned, "It seems that this matter is not simple. We have to find a way to find out."

"Investigate! We must get to the bottom of this!" Li Erniu said indignantly.

Qin Yuan sat on the bed, saying nothing, and kept thinking about what the woman had said: "Secret military research institute...unknown armed elements...important information and research results..."

These key words made him vaguely feel that this matter might not be as simple as it seemed on the surface.

Fan Tianlei took a gulp of strong tea, which dripped down his stubble and spread a dark color on his camouflage uniform. "Damn it! How dare these bastards touch my people?!" He slammed the teacup on the table, causing the documents on the table to jump up.

Wang Yanbing was so anxious that he kept scratching his head. "Thunder God, what should we do now? We can't let Brother Qin take the blame for no reason, right?"

He Chenguang was always calm, but he frowned at this moment. "This matter is very strange. The woman's origin is unknown, and she insisted that she was Brother Qin. I'm worried..."

"Don't worry about it!" Fan Tianlei interrupted him rudely, "I still don't believe it. In this open and clear world, can anyone bully me?!" He stood up suddenly, "I'm going to find the old leader right now. I don't believe he won't give me an explanation!"

Just then, there was a knock on the dormitory door.

"Report!" A clear female voice came from outside the door.

Fan Tianlei shouted impatiently: "Come in!"

The door was pushed open, and a heroic female officer in military uniform walked in. She was tall, with delicate features, and a neat short hair that made her look more capable.

"Thor, long time no see. You're still as hot-tempered as ever." The female officer had a smile on her lips, but her eyes were as sharp as an eagle.

When Fan Tianlei saw the person coming, he was stunned at first, then his brows frowned even more tightly, "It's you? What are you doing here?"

"Why, you don't welcome me?" The female officer walked to the table, pulled over a chair and sat down gracefully. "I'm here to take you to see someone."

"Who?" Wang Yanbing couldn't help but ask.

The female officer did not answer, but turned her gaze to Qin Yuan, with a playful smile on her lips, "Qin Yuan, do you still remember me?"

Qin Yuan looked at her calmly, without a trace of emotion in his deep eyes. "Tan Xiaolin, codenamed 'Nightingale', S-class agent. We carried out a joint mission five years ago."

Tan Xiaolin chuckled. "Not bad, you still remember me. It seems that the mission five years ago left a deep impression on you."

The mission five years ago...

Wang Yanbing and Li Erniu looked at each other and saw the flames of gossip in each other's eyes. Even He Chenguang, who was always calm, couldn't help but prick up his ears at this moment.

"Who?" Fan Tianlei and Qin Yuan asked in unison.

"Follow me and you'll find out." Tan Xiaolin said, turning around and walking out. "I warn you, the place we're going to this time is top secret. No one can reveal a single word, otherwise..."

She didn't say anything else, but the chill in her tone made everyone shudder.

The group followed Tan Xiaolin to a hidden underground base. The base was heavily guarded, with soldiers armed with live ammunition at every checkpoint, and the atmosphere was so oppressive that it was suffocating.

After passing through many checkpoints, they finally arrived at a secret room. Tan Xiaolin opened the door of the secret room and motioned for them to go in.

Qin Yuan and Fan Tianlei looked at each other and walked in first.

The room was dimly lit, with only a dim yellow light bulb emitting a weak glow. In the middle of the room sat a man wearing a black robe and a hood, but his face could not be seen clearly.

"Who are you?" Fan Tianlei asked vigilantly.

The man in black robe slowly raised his head, revealing an old and majestic face. His face was covered with wrinkles, but his eyes were bright and seemed to be able to see through everything.

"I am codenamed 'Tianji' and I am the last guardian of this country."

The atmosphere in the secret room was so oppressive that it seemed frozen. Qin Yuan and Fan Tianlei stared closely at the black-robed man who called himself "Tianji", waiting for his next words.

Tianji's hoarse voice echoed in the empty chamber. "You must have a lot of questions, but time is running out, so I can only make it short." He paused, as if he was organizing his words, "Qin Yuan, you've been framed."

"I know." Qin Yuan answered expressionlessly, as if he was talking about something that had nothing to do with him.

"You know?" Fan Tianlei turned his head suddenly and looked at Qin Yuan in disbelief, "Do you know who did it?!"

Qin Yuan did not answer, but just looked at "Tian Ji" quietly.

Tianji sighed, "The people who framed you are from a secret organization called 'Abyss'. This organization hides in the darkness, and its purpose is to subvert the country and create chaos."

"'Abyss'?" Fan Tianlei frowned, "Why have I never heard of this organization?"

"That's because the Abyss is hiding too deeply. Even we only got news about them recently." Tianji's voice was low and solemn. "They act in secret, with cruel methods, and possess power that ordinary people can hardly imagine."

"What power?" Wang Yanbing couldn't help but ask.

"Tianji" did not answer, but stretched out a dry finger and pointed at Qin Yuan, "They want to get the secret of you, Qin Yuan."

"What secret do I have?" Qin Yuan's eyes flashed with doubt, but he quickly regained his composure. "What secret do I have?"

"The biggest secret about you is..." "Tianji" suddenly stopped talking here. He turned his head to look at the door of the secret room, and a cold light flashed in his eyes.

"Who?!" Fan Tianlei noticed something was wrong, turned around abruptly, pulled out his pistol and pointed it at the door.

The door of the secret room opened silently, and a man in black combat uniform and a black mask stood at the door, holding a black pistol in his hand.

"People from the 'Abyss'?" Qin Yuan's eyes narrowed, and a cold murderous intent emanated from him.

"I didn't expect you to discover our presence." The man in black said in a low voice with a hint of teasing, "But it's too late."

As soon as he finished speaking, a tongue of fire spurted out from the pistol in his hand, and the bullet, carrying the breath of death, shot towards Qin Yuan.

"Be careful!" Fan Tianlei yelled and pulled the trigger at the same time.

"Bang! Bang! Bang!"

The sound of gunfire echoed in the secret room, sparks flew, and bullets whizzed past, but strangely no one was hurt.

"What's going on?!" Wang Yanbing widened his eyes. He clearly saw that Fan Tianlei and Qin Yuan both fired their guns, but the bullets seemed to be blocked by something and could not get close to the man in black at all.

"It's useless. Your attacks have no effect on me." The man in black sneered, "Today, none of you will leave here alive!"

After he finished speaking, his figure flashed and turned into a shadow, rushing towards Qin Yuan. The speed was so fast that even Qin Yuan had no time to react.

"Bang!"

With a dull thud, Qin Yuan's body was knocked flying by the black-clothed man's punch and hit the wall heavily.

"Qin Yuan!" Fan Tianlei's eyes were bloodshot and he pulled the trigger frantically, but the bullet still couldn't hurt the man in black at all.

"Hahaha, is this your strength?" The man in black laughed wildly and approached Qin Yuan step by step. "I am so disappointed."

He raised his hand and pointed the black pistol at Qin Yuan's head. "Goodbye, Qin Yuan."

At this moment, a figure suddenly appeared in front of Qin Yuan and blocked the bullet from the man in black.

"Tan Xiaolin?!"

"Xiaolin?!"

Everyone was stunned. No one expected that at this critical moment of life and death, Tan Xiaolin would suddenly appear and use her body to block the fatal blow.

The man in black obviously hadn't expected this to happen. He frowned and cursed, "Damn it!"

The bullet penetrated Tan Xiaolin's left shoulder, and blood instantly stained her combat uniform red. She groaned in pain, but she gritted her teeth and held on, not falling down.

"How are you?!" Qin Yuan hurriedly supported Tan Xiaolin and asked anxiously.

"I'm fine..." Tan Xiaolin's face was pale, but her eyes were still firm, "Hurry... hurry up..."

"Leave? No one of you can leave today!" The man in black sneered and raised his pistol again.

"If you want to hurt my comrades, ask my fist first!" Wang Yanbing roared, rushed forward, swung his fist as big as a casserole, and smashed it hard on the head of the man in black.

"You overestimate your abilities!" The man in black curled his lips in disdain, dodged Wang Yanbing's attack with ease, and kicked him in the chest, sending him flying.

"Yan Bing!" Li Erniu rushed over to catch Wang Yan Bing and asked with concern, "Are you okay?"

"I'm fine, this guy is so evil, bullets can't hit him!" Wang Yanbing struggled to stand up, spit out a mouthful of blood foam, and said viciously.

"He should have some special equipment on him that can resist bullets." He Chenguang analyzed calmly, "We have to find his weakness before we can defeat him."

"Weakness? I don't care what weakness he has, just do it!" Fan Tianlei roared, rushed forward and fought with the man in black.

Although Fan Tianlei is over fifty years old, he is still agile, his punches and kicks are sharp and fierce, and he fights with the man in black to a standstill.

However, the man in black was young and strong after all, and seemed to have received some special training. His reaction speed and strength were far beyond that of ordinary people.

"Bang!"

The man in black punched Fan Tianlei in the chest, knocking him back a few steps. Fan Tianlei groaned, and a trace of blood flowed from the corner of his mouth.

"Old Fan!"

"chief of staff!"

When everyone saw this, they were shocked and wanted to rush over to help.

"Don't come over here!" Fan Tianlei wiped the blood from the corner of his mouth and shouted, "You are no match for him, leave!"

"Want to leave? Too late!" The man in black sneered, flashed again, appeared in front of Qin Yuan, and punched him in the chest.

Qin Yuan was prepared and dodged the punch by leaning sideways, while at the same time kicking the black-clothed man in the waist with a whip-like kick.

The man in black reacted very quickly and stepped back quickly to avoid Qin Yuan's attack.

The latest novel is published first on Liugshuba!

The two men fought back and forth, punching and kicking each other, at lightning speed, which dazzled everyone.

"Bang!"

Qin Yuan punched the man in black in the chest, knocking him back several steps.

"You...you actually..." The man in black covered his chest and looked at Qin Yuan in disbelief.

He didn't expect that he would be hit by an ordinary person!

"Who are you?!" the man in black asked with gritted teeth.

"You are not qualified to know who I am." Qin Yuan said coldly, "Tell me your purpose, and I can consider giving you a quick death."

"Humph, you want to trick me? You're dreaming!" The man in black snorted coldly, "Today, all of you will die here!"

After he finished speaking, he suddenly took out a black spherical object from his arms and threw it hard on the ground.

"Oh no, it's a bomb! Get out of the way!" Seeing this, He Chenguang's face changed drastically and he warned loudly.

Before everyone could react, they heard a deafening explosion...

The shock wave of the explosion knocked everyone to the ground, and dust and gravel flew everywhere. Qin Yuan struggled to get up from the ground, his eyes were blurry and his ears were buzzing.

"Cough cough... cough cough..."

A violent coughing sound came from the side. Qin Yuan looked in the direction of the sound and saw Tan Xiaolin, He Chenguang, Wang Yanbing, Li Erniu and Fan Tianlei all lying on the ground, their life or death unknown.

"Damn, these bastards!" Qin Yuan cursed inwardly, enduring the severe pain in his body and struggling to crawl towards them.

"Ding ding ding..."

At this moment, a rapid alarm suddenly sounded in Qin Yuan's mind.

"Alarm? What's going on?" Qin Yuan was shocked and quickly concentrated his mind, trying to figure out the situation.

"Abnormal host vital signs detected, emergency repair procedure initiated..." A cold mechanical voice sounded in Qin Yuan's mind.

"Emergency repair program? What is this?" Before Qin Yuan could react, he felt a warm current gushing out of his body and quickly flowing through his body. His injuries healed at a speed visible to the naked eye, and the severe pain disappeared.

"Fuck, so awesome?!" Qin Yuan looked at his hands in disbelief, as if he had been reborn.

"The emergency repair procedure is complete, and the system is restarting..." The cold mechanical voice sounded again, "The one-key recovery system is online and is at your service."

"One-click recycling system? What the hell is this thing?" Before Qin Yuan could figure out what was going on, he saw a virtual panel appear in front of him, displaying all kinds of information.

"Host: Qin Yuan"

"Level: Level 1"

"Experience value: 0/100"

"Skills: None"

"Item: None"

"Recycle Bin: Empty"

...

"Why does this system feel a bit low-end?" Qin Yuan looked at the simple system interface in front of him and couldn't help but complain, "Can't it be made more upscale?"

"System prompt: This system is committed to simplicity and efficiency, and rejects frills." The cold mechanical voice seemed to understand Qin Yuan's thoughts and responded immediately.

"Well, it's simple and efficient, so be it." Qin Yuan shook his head helplessly, "Then tell me, what is the use of this system?"

"System prompt: This system can recycle all items and convert them into energy points to upgrade the host level and unlock more functions."

"Recycle everything? Really?" Qin Yuan asked doubtfully, "Then how can I recycle?"

"System prompt: The host only needs to touch the target object and silently say 'recycle' in his mind to complete the recycling operation."

"So simple?" Qin Yuan immediately became interested, his eyes fell on a piece of gravel not far away. He walked over, stretched out his hand to touch the gravel, and silently said in his heart: "Recycle!"

The next second, the piece of rubble disappeared out of thin air, and at the same time, a system prompt sounded in Qin Yuan's mind:

"Ding! Recovery successful! Energy points gained: 1 point."

"Haha, it really works!" Qin Yuan suddenly became excited, and hurried to the other team members, collecting their weapons and equipment one by one, even their clothes and shoes.

"Ding! Recovery successful! Energy points gained: 10 points."

"Ding! Recovery successful! Energy points gained: 5 points."

"Ding! Recovery successful! Energy points gained: 2 points."

...

A series of system prompts sounded in Qin Yuan's mind, and his experience value was also increasing rapidly.

"Haha, I'm rich, I'm rich!" Qin Yuan looked at his energy points that were constantly soaring and almost jumped up with excitement.

"Ahem..."

At this moment, a faint cough interrupted Qin Yuan's ecstasy. He turned his head and saw that Fan Tianlei had woken up and was struggling to stand up.

"Old Fan, are you okay?" Qin Yuan hurried over, supported Fan Tianlei, and asked with concern.

"You little bastard, are you still alive?!" Fan Tianlei was stunned when he saw Qin Yuan, and then he cursed, "I thought you were blown to death!"

"Hehe, Lao Fan, I'm sorry to disappoint you. I'm lucky and I won't die." Qin Yuan smiled and said, "But you don't have to worry. I've found a way to deal with those bastards."

One-click Recovery Since I was a Special Soldier

"What method?" Fan Tianlei asked puzzledly.

"Just watch!" Qin Yuan said, with a cunning light flashing in his eyes.

Qin Yuan smiled mysteriously, pointed at his head and said, "Here's the solution! Lao Fan, have you heard of 'One-click recycling, turning waste into treasure'?"

"Recycle!" Qin Yuan walked to a pile of twisted metal and waved his hand violently, as if he was performing magic.

Before Fan Tianlei could react, he saw that the pile of scrap copper and iron had disappeared out of thin air! He rubbed his eyes, suspecting that he was hallucinating, but the empty ground in front of him clearly showed that everything that had just happened was real!

"This...this..." Fan Tianlei pointed to the place where the helicopter wreckage was originally placed, and he stuttered while speaking.

"How's it going? Old Fan, isn't it awesome?" Qin Yuan clapped his hands proudly and explained, "I can recycle anything and convert it into energy to improve myself!"

"Improve yourself? Improve what? You kid, you don't want to..." Fan Tianlei suddenly thought of something, his eyes widened, pointing at Qin Yuan, unable to utter a word for a long time.

Qin Yuan knew that Fan Tianlei had misunderstood, but he chose not to say it out loud, deliberately keeping Fan Tianlei in suspense: "Hey, Old Fan, guess what?"

"You kid...you kid..." Fan Tianlei was so angry at Qin Yuan that he rolled his eyes. This kid is becoming more and more lawless!

"Stop talking nonsense, quickly collect all the other things, we have to leave here quickly!" Fan Tianlei kicked Qin Yuan unhappily and urged.

Qin Yuan stopped teasing him and started to collect other things. Guns, ammunition, and even the equipment on the enemy's corpses were not spared, and they were all collected at once!

"Ding! Recovery successful! Energy points gained: 100 points."

"Ding! Recovery successful! Energy points gained: 50 points."

"Ding! Recovery successful! Energy points gained: 20 points."

...

A series of system prompts sounded in Qin Yuan's mind, and his experience value soared wildly!

"Haha, I'm rich, I'm rich!" Qin Yuan looked at the growing numbers on the system panel and almost jumped up with excitement.

Fan Tianlei couldn't help rolling his eyes at Qin Yuan's money-obsessed look. This guy is really obsessed with money! However, this ability is really amazing. If it can be used in the army... Fan Tianlei suddenly had a bold idea in his mind.

"Brat, come here!" Fan Tianlei waved towards Qin Yuan with a mysterious smile on his face.

Qin Yuan's heart skipped a beat. He knew that the old fox was going to plot against him again...

...

In the next few days, a series of jaw-dropping scenes appeared on the training ground of the Langya Special Operations Brigade.

"Bang! Bang! Bang!"

At the shooting range, the sound of gunfire rang out like thunder. Qin Yuan's figure turned into a phantom, shuttling quickly between the targets. Every shot was extremely accurate and every bullet hit the target!

"Oh my God! Is this kid cheating?!" Wang Yanbing couldn't help but exclaimed as he looked at Qin Yuan's amazing marksmanship.

"This speed, this accuracy, is simply unheard of!" He Chenguang was also shocked. He prided himself on his outstanding marksmanship, but compared with Qin Yuan, he was nothing!

"This kid...what kind of monster is he?!" Li Erniu was stunned, his mouth opened so wide that an egg could fit in it.

Only Fan Tianlei, watching Qin Yuan's performance, showed a satisfied smile on his face. He knew that his plan was successful!

After several days of "recycling" training, Qin Yuan's level has been raised to level 10, and his various abilities have made a qualitative leap!

Strength, speed, reaction, perception... everything about him is far beyond that of ordinary people. Even he himself doesn't know how strong he is now!

"How is it? Old Fan, I didn't disappoint you, did I?" Qin Yuan put away his gun, walked up to Fan Tianlei and asked proudly.

"Well, not bad. There is still a lot of room for improvement." Fan Tianlei nodded and praised Qin Yuan for a rare moment, but his tone was still so annoying.

"Hehe, of course, don't you see who I am!" Qin Yuan was not humble at all, but became even more arrogant.

"Okay, stop being so conceited. I have a more important task for you next!" Fan Tianlei said, handing Qin Yuan a document, "This is the information about the 'Eye of God' project. Study it carefully."

"'Eye of God' Project?" Qin Yuan took the document and frowned slightly, "What is this?"

"This is an extremely dangerous mission, and it even concerns the safety of the country..." Fan Tianlei's face turned serious, "Are you sure you want to take it?"

Qin Yuan looked at Fan Tianlei's serious expression. He knew that this matter was of great importance, but he had never been a coward!

"Afraid? Are you kidding me? There is no such word as 'afraid' in my Qin Yuan's dictionary!" Qin Yuan raised a confident smile, "Tell me, Lao Fan, what do you want me to do?"

"Good! You are worthy of being my soldiers!" Fan Tianlei slammed the table and said loudly, "This time the mission is..."

"The mission this time is..." Fan Tianlei deliberately prolonged his voice, his eyes swept across Qin Yuan's face sharply, "Sneak into Country M and destroy their 'Eye of God' plan!"

"Country M? Infiltrate?" Qin Yuan raised his eyebrows. This old man really thinks highly of him. He started with such an exciting mission! "What on earth is the 'Eye of God' project? Is it worth mobilizing so many troops?"

Fan Tianlei took a deep breath and said in a low voice: "'Eye of God' is a super weapon that Country M is secretly developing. It is said that it can use satellites and artificial intelligence technology to monitor the world without blind spots, and can even control the climate and cause earthquakes..."

"Fuck! So awesome?!" Qin Yuan couldn't help but swear. If they could really accomplish this, wouldn't the whole world have to obey them?

"Therefore, this mission is extremely important. You must be careful and cautious and never reveal your identity!" Fan Tianlei said solemnly.

"Don't worry, Lao Fan. Don't you trust me to do the job?" Qin Yuan patted his chest and assured, with a cynical smile on his face.

"You kid..." Fan Tianlei shook his head helplessly. This kid is always so unruly!

...

Country M, New York.

As night falls, the bustling city is ablaze with lights, bustling with traffic, and a scene of decadence and extravagance.

In a bar called "Paradise Night", deafening music resounded throughout the entire hall, and men and women on the dance floor twisted their bodies wildly, releasing their inner wildness.

Qin Yuan was wearing a black casual suit, sitting at the bar, holding a glass of whiskey in his hand, and his eyes casually scanned the surrounding environment.

His mission this time is to sneak into the basement of the "Paradise Night" bar, find the person in charge of the "God's Eye" project of Country M - a hacker master code-named "Ghost", and obtain the core data of the "God's Eye" project.

"Sir, are you alone?" A charming voice sounded in Qin Yuan's ears.

Qin Yuan turned his head and saw a hot blonde beauty leaning beside him, her blue eyes flashing with seductive light.

"What, do you want to spend the night with me?" Qin Yuan smiled evilly, put his arms around the blonde beauty's slender waist and pulled her closer to him.

"Hehehe...Sir, you are really good at joking. I am very expensive..." The blonde beauty giggled, but her body moved closer to Qin Yuan, and her plump breasts rubbed his arm intentionally or unintentionally.

"Oh? Really? I love challenges the most..." Qin Yuan's fingers gently stroked the blonde beauty's cheek and said in an ambiguous tone.

At this moment, Qin Yuan suddenly caught a glimpse of a familiar figure appearing at the door of the bar.

"Wang Yanbing? Why is this guy here?" Qin Yuan said in his heart, and pushed the blonde beauty away calmly, "Sorry, I'm going to the bathroom."

Qin Yuan stood up, left the bar, and walked towards the bathroom.

"Damn it! Why did this guy follow me?" Wang Yanbing hid behind a pillar at the door of the bar, looked at Qin Yuan's back, and cursed in a low voice.

It turned out that after Wang Yanbing learned that Qin Yuan was going to carry out this dangerous mission, he secretly followed him to Country M, wanting to help him.

"No! I have to follow him and see for myself. It's too dangerous for this kid to go alone!" Wang Yanbing gritted his teeth and followed him into the bar.

...

Qin Yuan came to the bathroom and after making sure that there was no one around, he slipped into a cubicle.

"Hey, Lao Fan, I saw Wang Yanbing. Why did this guy follow me?" Qin Yuan took out a micro communicator and said in a low voice.

"What?! Why is this kid so impulsive!" Fan Tianlei's roar came from the communicator, "Hurry up and get him back to me! This mission is very important. One more person means more danger!"

"I know, but..."

"No buts! This is an order!" Fan Tianlei interrupted Qin Yuan mercilessly, "If you fail to complete the task, I will peel off your skin!"

"Fuck! You just know how to threaten me with this!" Qin Yuan rolled his eyes helplessly, "Okay, I get it."

The latest novel is published first on Liu9shuba!

Qin Yuan put away the communicator and was about to go out when he heard a slight sound of footsteps coming from outside the cubicle.

"Who?!" Qin Yuan asked vigilantly.

"It's me." A familiar voice sounded.

Qin Yuan opened the cubicle door and saw Wang Yanbing standing outside, looking at him anxiously.

"How did you find me?" Qin Yuan asked.

"Stop talking nonsense and come back with me!" Wang Yanbing said, and was about to pull Qin Yuan away.

"You're crazy! I'm on a mission now!" Qin Yuan shook off Wang Yanbing's hand and roared in a low voice, "Do you know what the consequences of acting on your own will be?!"

"I don't care! I can't watch you take risks alone!" Wang Yanbing also raised his voice, his eyes slightly reddened, "We are brothers! Let's die together!"

Qin Yuan looked into Wang Yanbing's eyes, and suddenly a warm feeling surged in his heart. He knew that Wang Yanbing was worried about him, but...

"You..." Qin Yuan was about to speak when suddenly, the bathroom door was pushed open and a blond and blue-eyed burly man walked in with a shining dagger in his hand.

"Who are you?!" the burly man asked loudly in English, staring at Qin Yuan and Wang Yanbing fiercely.

Qin Yuan and Wang Yanbing looked at each other and said in their hearts, "Oh no!" It seems that they have been exposed!

...

The blond and blue-eyed muscular man was named Jack, a small leader of a local gang. He came to the bar today to hang out and happened to see Qin Yuan and Wang Yanbing's "intimate behavior".

"Damn it, you dare to ruin my good thing!" Jack spat on the ground, waved the dagger and stabbed Qin Yuan.

Qin Yuan dodged sideways, grabbed Jack's wrist and twisted it hard.

"Crack!"

The sound of broken bones was particularly harsh in the quiet bathroom. Jack screamed and the dagger fell to the ground.

"You dare to come out and mess around with just this little ability?" Qin Yuan kicked Jack in the stomach and kicked him out.

"You...you just wait!" Jack covered his stomach, struggled to get up from the ground, uttered a vicious word, and limped out of the bathroom.

"Damn, this is so unlucky!" Wang Yanbing looked at Jack's embarrassed escape and cursed, "This old M, why are there these bastards everywhere?"

"Stop talking nonsense and let's go!" Qin Yuan grabbed Wang Yanbing and whispered, "We can't stay here for long, let's leave first!"

The two walked quickly out of the bar and came to a secluded alley.

"What's wrong with you, kid? Why did you follow me?" Qin Yuan lowered his voice and asked in a serious tone.

"I..." Wang Yanbing opened his mouth, but didn't know how to explain.

"Do you know how dangerous this mission is? If you act on your own, you will kill me!" Qin Yuan's tone was filled with anger.

"I know, but I can't let you take the risk alone!" Wang Yanbing stiffened his neck and said with red eyes, "We are brothers! If we die, we die together!"

Qin Yuan looked at Wang Yanbing's stubborn expression, feeling mixed emotions. He knew Wang Yanbing was worried about him, but...

"Do you think this is a joke?" Qin Yuan took a deep breath and tried to calm himself down. "This is a battlefield! Either you die or I die! Do you think you can survive with just your passion?"

"I..."

"You don't understand anything!" Qin Yuan interrupted Wang Yanbing rudely, "Get back here right now! Do you hear me?!"

Wang Yanbing was frightened by Qin Yuan's sudden anger. He looked at him blankly, not knowing what to say for a moment.

"you..."

"What do you mean by 'me'?!" Qin Yuan pointed at Wang Yanbing's nose and shouted angrily, "Look at what you look like now. What do you look like? Are you worthy of your father and Langya?!"

Wang Yanbing's eyes became even redder. He bit his lips and said nothing.

"you..."

Qin Yuan wanted to curse again, but suddenly, his face changed and he threw Wang Yanbing to the ground.

"Bang!"

With a gunshot, a bullet flew past Qin Yuan's scalp and hit the wall behind him.

"Get down!" Qin Yuan growled, quickly pulled out his pistol, and looked around vigilantly.

"Da Da Da!" (End of this chapter)

One-click Recovery Since I was a Special Soldier

#2527 - As powerless as an ant

"Stop talking nonsense and deal with it quickly!" Qin Yuan growled, drew out his saber, and rushed towards the wild boar.

The wild boar let out a deafening roar and rushed towards Qin Yuan, its huge fangs seeming to tear him into pieces.

Qin Yuan's eyes flashed with a cold light. Instead of retreating, he advanced in front of the wild boar and stabbed out with the saber in his hand like lightning, hitting the wild boar's neck.

"Puff!"

The sharp saber pierced through the wild boar's thick fur, and blood gushed out, splashing all over Qin Yuan's body and face.

The wild boar let out a shrill scream, and its huge body fell to the ground with a bang. It twitched a few times and then became motionless.

"Good job, boss!" Wang Yanbing shouted excitedly upon seeing this.

Qin Yuan did not relax his vigilance. He walked to the wild boar corpse, observed it carefully, and frowned slightly.

"What's wrong, boss?" Wang Yanbing asked.

"This wild boar's tusk..." Qin Yuan pointed at the wild boar's tusk and said in a deep voice, "It looks like someone has tampered with it."

Upon hearing this, Wang Yanbing hurried over to take a look, only to see that a layer of sharp blades had been artificially tied to the wild boar's fangs. No wonder the wild boar's attack power was so amazing just now.

"Damn it! This is too insidious!" Wang Yanbing couldn't help but curse, "Who is so wicked as to use such a despicable method!"

Qin Yuan didn't say anything. He had a vague feeling in his heart that this "Dragon Soul" selection might be much more dangerous than he had imagined.

Qin Yuan looked at the blade tied to the boar's tusks, frowning. This area was already at the edge of the "Dragon Soul" selection range, so it shouldn't have such obvious human traces. Could it be that in addition to them, there were other teams that entered this area?

"Boss, this blade... why does it look familiar?" Wang Yanbing took a closer look and suddenly exclaimed, "Isn't this the one used by Lao Ma in our kitchen? I remember using it last time when I helped him chop firewood!"

Qin Yuan's heart skipped a beat. Old Ma from the kitchen was a simple and honest man who didn't even dare to kill a chicken. How could he do such a thing? Moreover, Old Ma didn't participate in the selection at all, so how could he be here?

"Yanbing, are you sure you didn't see it wrong?" Qin Yuan asked in a deep voice.

"Absolutely right! The shape of this blade is exactly the same as the one used by Lao Ma. How could I make a mistake?" Wang Yanbing said confidently.

Qin Yuan was full of doubts. It seemed that this matter was not simple. He looked around, trying to find more clues. Suddenly, his eyes fell on a tree not far away.

There was a strange symbol carved on the trunk of the tree, which looked like the paw print of some animal, but it was much larger than the average animal paw print, and the lines were more complicated, exuding a weird aura.

"What is this?" Wang Yanbing also noticed the symbol and asked curiously.

Qin Yuan shook his head, indicating that he didn't know either. He walked to the tree and carefully observed the symbol, trying to find some clues from it.

Just then, a burst of hurried footsteps came from a distance, accompanied by a few heavy gasps.

"Boss, something's happening!" Wang Yanbing raised his gun vigilantly and aimed in the direction where the sound came from.

Qin Yuan also tightened his grip on the saber in his hand and glanced around sharply.

Soon, several figures emerged from the woods and stumbled towards them.

"It's He Chenguang and the others!" Wang Yanbing recognized them at a glance and shouted in surprise.

The people who came were He Chenguang, Li Erniu and two other members of the Red Cell Team. They were all covered in dirt, with wounds on their bodies and their clothes were torn by branches, looking very embarrassed.

"Chen Guang, what happened to you?" Wang Yanbing hurriedly went up to him and asked with concern.

"Don't mention it, we met a group of crazy people!" He Chenguang said while panting, his face looking extremely ugly.

"Mad man? What mad man?" Wang Yanbing was confused.

Not afraid of bullets? Qin Yuan's pupils shrank slightly. Could it be...

"Boss, look!" At this time, a member of the Red Cell team pointed at Li Erniu's arm and exclaimed, "His wound... seems to be turning black!"

Everyone quickly looked at Li Erniu's arm, only to see that a strange black color had begun to appear around the originally bright red wound, and was still spreading around.

"This...what is going on?" Wang Yanbing widened his eyes in horror.

"Oh no! He is poisoned!" Qin Yuan's face changed drastically. He grabbed Li Erniu's arm and examined it carefully.

The skin on Li Erniu's wound had begun to fester, emitting a disgusting stench. His face became paler and paler, and his breathing became rapid. It was obvious that he had been severely poisoned!

"Boss, am I... am I going to die?" Li Erniu's voice trembled and his eyes were full of fear.

"Shut up! Nothing will happen!" Qin Yuan roared, but there was a hint of panic in his tone that he couldn't hide.

He had never seen this kind of toxin before and had no idea how to deal with it!

Qin Yuan frowned. Li Erniu's condition was worse than he had imagined. This strange toxin was unheard of and unseen. He made a prompt decision and ordered, "Wang Yanbing, hurry up! Contact Staff Officer Fan immediately and ask for support! Just say we encountered an unknown creature with a highly toxic substance!"

"Yes!" Wang Yanbing did not dare to delay and immediately took out the communicator, but found that the signal was completely blocked.

"Damn it! This is a damn place!" Wang Yanbing hammered the tree trunk hard and said anxiously, "Boss, the signal is blocked and we can't get in touch!"

Qin Yuan's heart sank, and a feeling of uneasiness spread. Their mission this time was to go deep into the primitive forest on the border to investigate a mysterious energy fluctuation. They originally thought it was just an ordinary reconnaissance mission, but they did not expect to encounter such a strange incident.

"Boss, am I... am I going to die?" Li Erniu's voice became weaker and weaker. The black poison had spread to half of his body. His originally strong muscles seemed to be corroded, revealing his white bones.

"Shut up! Hold on!" Qin Yuan roared, but his eyes were full of powerlessness. He had never seen such a powerful poison, and he couldn't even delay time.

"Boss... I... I haven't married yet..." Li Erniu said intermittently, his turbid eyes full of unwillingness and fear.

"Don't worry, if you die, I will marry ten for you!" Wang Yanbing shouted with red eyes. He knew that Li Erniu was probably doomed this time.

He Chenguang and several other team members were also silent. They had all crawled out of a pile of dead bodies, so they naturally understood what this meant.

At this moment, Li Erniu's body suddenly twitched violently and he roared in pain. His voice was shrill, as if he was a demon from hell.

"ah!--"

Qin Yuan and others rushed forward and held him down to prevent him from struggling.

"Quick! Hold him down!"

"Boss, he...he seems to be mutating!" Wang Yanbing shouted in horror.

Li Erniu's body was undergoing terrible changes. His muscles began to swell, his bones twisted, and his skin turned a disgusting dark green. His originally honest face was now filled with beast-like cruelty and brutality.

"roar!--"

Li Erniu let out a wild roar and suddenly broke free from the crowd's restraints. His blood-red eyes stared at Qin Yuan, full of bloodthirsty desire.

"No! Get out of the way!"

Qin Yuan's pupils suddenly shrank, and he pushed Wang Yanbing away, then jumped back and barely avoided Li Erniu's fatal blow.

"Bang!"

Li Erniu's fist slammed heavily on the ground, making a loud noise, and he actually smashed a deep dent in the hard rock ground.

"What the hell is this monster?!" Wang Yanbing widened his eyes in horror. He had never seen such a terrifying power.

"Don't just stand there, get ready for battle!" Qin Yuan shouted in a deep voice. He knew that there was no way out at this moment.

He drew out his saber and stared coldly at the completely mutated Li Erniu, his heart filled with grief and anger.

He could never have imagined that the brother who had fought side by side with him in the past would become such a half-human, half-ghost appearance!

"roar!--"

Li Erniu roared again and pounced towards Qin Yuan. His speed and strength were far beyond that of an ordinary person.

Qin Yuan did not dare to delay. He dodged Li Erniu's attack and the saber in his hand turned into a cold light and slashed towards his neck.

The latest novel is published first on Liugshuba!

"laugh!"

The saber cut Li Erniu's skin, but only left a shallow wound. Black blood gushed out, emitting a disgusting stench.

"This... this defensive power?!" Qin Yuan was shocked. His saber was a sharp blade that could cut through iron like mud, but it couldn't even break Li Erniu's defense?

"roar!--"

Li Erniu roared again, ignoring the wound on his neck, and swung his fist as big as a casserole, smashing towards Qin Yuan frantically.

Qin Yuan didn't dare to take it head-on and could only keep dodging, but Li Erniu's speed was too fast and his strength was too terrifying, and he gradually became unable to cope.

"Bang!"

Li Erniu punched Qin Yuan in the chest, knocking him flying.

"puff!"

Qin Yuan spat out a mouthful of blood and fell heavily to the ground. He felt a sharp pain in his chest, as if his bones were about to break.

“Boss!”

"team leader!"

Wang Yanbing and others were furious when they saw this and opened fire at Li Erniu, but they could not stop him at all.

"roar!--"

Li Erniu let out a deafening roar and walked towards Qin Yuan who was lying on the ground, with a cruel and murderous light flashing in his eyes.

"Boss! Get out of the way!"

Wang Yanbing and others shouted in despair, but they were all entangled by Li Erniu and could not be rescued at all.

Qin Yuan struggled to get up, but found that his body was completely out of control.

"Am I going to die here?"

He closed his eyes in despair, waiting for death to come.

At this moment, a black shadow suddenly fell from the sky and kicked Li Erniu on the head.

"Bang!"

Li Erniu's huge body was kicked away and fell heavily to the ground with a loud noise.

“Who is it?!”

Wang Yanbing and others shouted in surprise, and saw a tall woman in black combat uniform slowly falling from the air.

The woman's long black hair fluttered in the wind. There was no expression on her delicate face. Her cold eyes swept across everyone present and finally fell on Qin Yuan.

"Who... who are you?"

Qin Yuan asked with difficulty. He felt that this woman exuded an extremely dangerous aura, but also an inexplicable sense of familiarity.

The woman did not answer, but walked slowly to Qin Yuan, stretched out her slender hand, and gently stroked his cheek.

"You...you..."

Qin Yuan felt his heartbeat suddenly speed up, and a strange emotion surged in his heart.

"Long time no see...my...toy."

The woman suddenly leaned over and whispered in Qin Yuan's ear, her tone gentle yet full of evil charm.

Qin Yuan's eyes widened immediately, a flash of lightning flashed through his mind, and a long-forgotten memory fragment suddenly became clear...

Qin Yuan's heart suddenly shrank. The amount of information revealed in the woman's words was too much for him to digest for a while. Toys? Did he have sex with her before...

Before Qin Yuan could think about it, the woman suddenly made a move. She moved as fast as lightning, grabbed Qin Yuan's throat and lifted him up from the ground.

"Cough cough..." Qin Yuan felt difficulty breathing, and his vision went dark. The strong feeling of suffocation made him want to struggle instinctively, but he found himself as powerless as an ant in front of the woman.

"Your life is mine now." The woman's cold voice sounded in Qin Yuan's ears, without a trace of emotion, "Be obedient, and I can make you suffer less."

Qin Yuan opened his mouth with difficulty, but no sound came out. He was horrified to find that the strength and speed he was proud of were useless in front of this woman.

"Boss!" Wang Yanbing and others were furious when they saw this. They raised their guns and aimed at the woman, but were frightened by her cold eyes and dared not shoot.

"If you don't want to die, just get away from me." The woman said coldly. Although her voice was not loud, it carried an irresistible majesty.

Wang Yanbing and others looked at each other in bewilderment. They were all experienced special forces soldiers, but they had never seen such a terrifying woman.

"roar!--"

Li Erniu, who was knocked to the ground, roared again and struggled to get up, but the woman stepped on his chest and he could not move.

"You beast, be quiet too!" The woman glanced at Li Erniu coldly, her tone full of disdain.

Li Erniu felt the terrifying aura emanating from the woman and actually calmed down. The fierce light in his eyes gradually faded, replaced by deep fear.

"You... who are you?" Qin Yuan asked with difficulty. He felt his consciousness beginning to blur and everything in front of him became blurry.

One-click Recovery Since I was a Special Soldier

#2528 - A shocking scene

"You will soon know who I am." The woman raised an evil smile and loosened her hand that was pinching Qin Yuan's neck.

Qin Yuan collapsed weakly on the ground, breathing in the fresh air in big gulps, feeling as if he had been to the gates of hell.

"From today on, you are my dog." The woman looked down at Qin Yuan with a cold tone, "Remember your identity, otherwise, I will make you live a life worse than death."

Qin Yuan gritted his teeth and said nothing. His heart was filled with humiliation and anger, but he also knew that in his current state, he could not resist at all.

"Very good." The woman seemed very satisfied with Qin Yuan's attitude. She turned and walked away, "Follow me."

Qin Yuan struggled to stand up, but found that his body was extremely heavy, as if he was being pressed down by a thousand-pound rock.

"Don't waste your energy." The woman said without turning her head, "You are mine now, be obedient, and I will not treat you unfairly."

Qin Yuan was burning with rage, but he could only watch the woman leave. He secretly swore in his heart that one day, he would make this woman pay the price!

"Boss, are you okay?" Seeing the woman walking away, Wang Yanbing and others hurried to Qin Yuan and asked with concern.

"I'm fine." Qin Yuan shook his head, took a deep breath, endured the severe pain in his body, and slowly stood up.

"Boss, who is that woman? Why is she so powerful?" Wang Yanbing asked with lingering fear. He had never seen such a terrifying woman. Just a glance from her made these battle-hardened special forces soldiers dare not act rashly.

"I don't know either." Qin Yuan shook his head, replaying the woman's words and eyes in his mind, his heart filled with confusion and uneasiness.

"Boss, what should we do now?" He Chenguang asked.

"Let's leave here first." Qin Yuan looked around and said in a deep voice.

"What about Li Erniu?" Wang Yanbing asked. Li Erniu was still lying on the ground, motionless, and it was unknown whether he was dead or alive.

"Take him with you first." Qin Yuan said, "Let's go back to the base first."

Wang Yanbing and He Chenguang nodded, lifted Li Erniu up together, and followed Qin Yuan towards the distance.

...

At the same time, on a high-rise building not far from Qin Yuan and others, a man in a black windbreaker was holding a telescope, observing every move of Qin Yuan and others.

"Interesting, really interesting." The man put down the telescope and raised a playful smile, "Qin Yuan, we meet again."

If Qin Yuan were here, he would definitely recognize that this man was his former mortal enemy - "Death"!

"It seems that the good show has just begun." The Grim Reaper muttered to himself, with a dangerous light flashing in his eyes.

...

Qin Yuan endured the severe pain in his body and staggered to the front of the team. He didn't know where he was going, nor what was waiting for him, but he knew that he had to survive, for the sake of his dead comrades and for the obsession in his heart.

"Boss, shall we go in?" Wang Yanbing asked.

"Go in." Qin Yuan said without hesitation. He knew that in the wild, although the forest was full of dangers, it was also easier to hide one's whereabouts.

The four of them entered the forest cautiously, observing their surroundings vigilantly.

"Boss, I feel something is wrong." Wang Yanbing said in a low voice, "It's too quiet here, so quiet that it's a little scary."

"Yeah, I felt it too." Qin Yuan nodded, "Everyone, be alert and pay attention to safety."

As soon as he finished speaking, a sound of breaking through the air was suddenly heard, and several sharp arrows shot out from the darkness, heading straight for Qin Yuan and others.

"Be careful!" Qin Yuan yelled and instinctively dodged to the side, barely avoiding several sharp arrows.

Wang Yanbing and He Chenguang also reacted very quickly, rolling to both sides and avoiding the attack of the sharp arrows.

"Damn it, who is it? Get out here!" Li Erniu roared, picked up the assault rifle in his hand, and fired a volley of bullets in the direction where the arrow came from.

“Da da da...”

The gunshots sounded particularly harsh in the silent forest, startling a flock of birds.

"Don't shoot, it's a trap!" Qin Yuan yelled, but it was too late.

As Li Erniu's gunshot rang out, countless pairs of green eyes suddenly lit up in the surrounding woods. Then, dozens of huge wild wolves rushed out of the woods and pounced on Qin Yuan and others.

"Fuck! Why are there so many wolves?" Wang Yanbing screamed, raised the machine gun in his hand and fired wildly at the wolves.

“Da da da...”

“Ouch...”

The sound of gunfire and wolf howls intertwined and echoed in the silent forest, which was creepy.

Qin Yuan and others stood back to back, forming a defensive circle. The weapons in their hands continuously spewed flames, killing the wild wolves that pounced on them one by one.

However, there were so many wolves in the pack that they kept killing one wave after another, as if there were no end.

"No, if we go on like this we will be exhausted sooner or later!" He Chenguang shouted while shooting.

"Boss, what should we do now?" Sweat was already oozing out of Wang Yanbing's forehead. After shooting for a long time, his arms were sore.

"Erniu, cover us, we will retreat!" Qin Yuan made a prompt decision and issued the order to retreat.

"Yes!" Li Erniu roared, and the machine gun in his hand sprayed out even more intense flames, temporarily suppressing the wolves' attack.

Qin Yuan and the other two took the opportunity to retreat. However, before they ran far, they heard Li Erniu's screams behind them.

"Erniu!"

Qin Yuan and others were shocked and looked back quickly, only to see that Li Erniu had been surrounded by a group of wild wolves, with blood all over his body, and was obviously seriously injured.

"Damn it, let's fight them!" Wang Yanbing's eyes were red, and he was about to rush back to save Li Erniu.

"Come back!" Qin Yuan grabbed Wang Yanbing and shouted, "If you rush back like this, you will only die in vain!"

"But, Erniu..."

"I know, but we can't just watch him die!" Qin Yuan interrupted Wang Yanbing, a look of determination flashed in his eyes, "Chen Guang, you cover me, I'll go save Erniu!"

"Boss, you're crazy! In your current state, it's impossible..."

"No buts! This is an order!" Qin Yuan said without question, and without waiting for He Chenguang to react, he turned and rushed towards Li Erniu.

"Boss!"

"Brother Yuan!"

He Chenguang and Wang Yanbing shouted anxiously, but were unable to stop Qin Yuan's actions.

Qin Yuan seemed not to hear the two people's shouts, and rushed into the wolf pack without hesitation. The dagger in his hand turned into cold light, reaping the lives of wild wolves.

However, his physical condition was so poor that before long he was knocked to the ground by a huge wild wolf, whose sharp fangs were about to tear his throat.

"Boss!"

"Brother Yuan!"

In the distance, He Chenguang and Wang Yanbing closed their eyes in despair, unable to bear to see this scene.

The latest novel is published first on Liu9shuba!

At this critical moment, a black shadow suddenly fell from the sky and kicked the huge wolf away.

"Bang!"

With a loud bang, the wild wolf fell heavily to the ground, twitched a few times, and then stopped moving.

Qin Yuan struggled to get up from the ground and looked up, only to see a man in a black windbreaker standing in front of him with an evil smile on his face.

"Is it you?"

Qin Yuan recognized the man at a glance. He was his former mortal enemy - "Death"!

"Long time no see, Qin Yuan." The voice of the god of death was low and hoarse, like the devil's voice coming from hell, which made people shudder.

"What are you doing here?" Qin Yuan asked coldly, his eyes full of vigilance.

"I'm here to help you." Death said, squatting down, and patting Qin Yuan's cheek with his hand, "Why, don't you welcome me?"

Qin Yuan slapped the hand of the Grim Reaper away and sneered, "I don't need your 'help'."

"Really? But your current situation doesn't seem very good." Death said, his eyes swept around. Those wild wolves that were originally extremely ferocious were now all crawling on the ground with their tails between their legs, trembling as if they were afraid of something.

"What did you do to them?" Qin Yuan was shocked and asked.

"It's nothing, I just said hello to them." Death said lightly, as if he was talking about a trivial matter.

"you....."

Qin Yuan wanted to say something, but suddenly he felt a black screen in front of his eyes and his body fell down weakly.

"Boss!"

In the distance, He Chenguang and Wang Yanbing saw this scene, their eyes were bloodshot, and they rushed towards Qin Yuan frantically.

"Want to save him? Then come on!"

A cruel smile appeared on the corner of the Grim Reaper's mouth. His figure flashed and disappeared from the spot, leaving only the desperate roars of He Chenguang and Wang Yanbing echoing in the forest.

He Chenguang and Wang Yanbing rushed towards Qin Yuan like crazy, but the god of death just smiled contemptuously, and his figure turned into a residual image and disappeared into the depths of the dense forest in an instant.

"Damn it!" Wang Yanbing pounded the ground fiercely, his eyes red, "You bastard! Don't run away if you dare!"

He Chenguang's face was livid, and he said nothing, but he held the gun tightly in his hand, and his knuckles turned white because of excessive force. They all understood that in their current state, they could not be the opponent of the god of death.

"Don't worry about that bastard for now, let's see how the boss is doing!" He Chenguang took a deep breath, forced himself to calm down, and quickly ran to Qin Yuan.

Qin Yuan had fallen into a coma at this time, his face was frighteningly pale, and his clothes were stained with blood, which was shocking.

"Brother Yuan! Brother Yuan, wake up!" Wang Yanbing rushed to Qin Yuan and shouted in a trembling voice.

He Chenguang quickly checked Qin Yuan's injuries, and his face looked even uglier. Although most of Qin Yuan's wounds were superficial, the excessive blood loss and previous overdrawn physical strength had already caused him to fall into a deep coma.

"Damn it! Where can I find a doctor in this remote place?" Wang Yanbing was so anxious that he was like an ant on a hot pan, running around in circles.

He Chenguang frowned and looked around. Suddenly, his eyes fell on a cave not far away, and a glimmer of hope rose in his heart.

"Yanbing, carry the boss into the cave first!"

The two of them worked together to carry Qin Yuan into the cave. He Chenguang took out a first aid kit from his backpack, simply treated Qin Yuan's wounds, and then fed him some water.

After doing all this, both of them were so tired that they collapsed on the ground, looking at the unconscious Qin Yuan, their eyes full of worry.

"Chen Guang, do you think the boss will..." Wang Yanbing hesitated, his voice choked with sobs.

He Chenguang patted his shoulder and said in a deep voice: "Don't talk nonsense, Boss is blessed with a good life, nothing will happen to him."

Although he said so, He Chenguang was unsure in his heart. Who is the Grim Reaper? He is a world-renowned top killer. There are at least 80 people who have died in his hands. Can Qin Yuan come back alive after falling into his hands this time?

"No, I have to find someone to help!" Wang Yanbing stood up suddenly and was about to rush out.

"Where are you going to look?" He Chenguang grabbed him and said, "We don't know where we are right now, and there's no signal on our cell phones. You'll just be wasting time running around like this!"

Wang Yanbing immediately lost his temper, sat down on the ground dejectedly, holding his head and said in pain: "Are we just going to watch the boss..."

"No, there must be another way!" He Chenguang said firmly, his eyes sweeping across the cave, and suddenly, his eyes fell on a pile of debris in the corner.

He walked over quickly and started rummaging around, and soon he found a rusty iron box inside.

"What is this?" Wang Yanbing came over curiously.

He Chenguang didn't say anything. He carefully opened the iron box and saw a black ring lying quietly inside.

The shape of the ring is very simple and it is carved with some strange patterns, exuding a mysterious atmosphere.

"This... isn't this the boss's ring?" Wang Yanbing recognized it at a glance and said in surprise, "How could this thing be in..."

He Chenguang ignored him and picked up the ring and examined it carefully.

Qin Yuan obtained this ring by chance during a mission. It is said to come from an ancient oriental country and possesses mysterious power.

"Let's give it our all!"

He Chenguang took a deep breath and put the ring on Qin Yuan's finger.

The next moment, a shocking scene happened!
