

Special Soldier 27

Chapter 27: 1 great achievement!

because--

only to the point where they are!

was able to realize how terrifying the marksmanship of the newcomer was!

"For the calculation of space, the prediction of speed, the prediction of our thoughts!"

"This person is so amazing!"

Wang Qiang is also sighing!

made his own sigh!

Because they are three people!

and so--

The movements of the three people are not very synchronized!

And the consciousness of three people!

Logically speaking, it would escape in three directions!

The truth is also true!

Although the three of them are running towards the grass!

but not in the same direction!

is called divergence!

But even so--

The three of them still got their heads blown!

"Captain, can you do this kind of marksmanship?"

a member asked with lingering fear, a look of helplessness and sorrow.

no way!

They died terribly!

He couldn't help but ask!

can't help but wonder, how terrifying the marksmanship is!

Because of this marksmanship, he thinks he can't do it!

Wang Qiang smiled bitterly and shook his head. "Fart! This horrible marksmanship may only be seen on TV series! Ordinary people like us can't do it at all! In that case, I'm afraid I will hit one person at most!"

"Fuck! Then this man's marksmanship is too cruel?" The other couldn't help but wonder again.

"Cruel, indeed cruel!" Wang Qiang shook his head helplessly again, "Brothers, clean up your mood and prepare... to meet the failure."

Failed?

The two words are like a heavy hammer that strikes everyone's heart. Everyone feels a tremor in their body!

How long hasn't it been such a tragic failure?

The whole army is annihilated!

This represents!

They have already died once!

and...

is not a team member left!

Exercise is war!

If it is a real battlefield.

This means that they are really dead and the whole army is wiped out!

Wang Qiang stood up and walked up from the side of the road, however—

When he saw people coming from behind Qin clearly!

an instant!

can't help but stare again!

"Fuck! Is it you?"

Wang Qiang saw two very familiar figures!

As a special team member!

Especially the captain of the special team!

Wang Qiang's memory is also amazing!

He still has an impression of Qin Yuan and Li Erniu who just appeared suddenly!

"Fuck! Captain, this, this is the two stunned people just now?"

A member could not help but exclaim.

"Oh my God! This...this is incredible, isn't it? We were killed by two stunned boys?"

The other team member also felt his scalp numb, his face was incredible!

The two stunned greens they didn't even see!

Two silly boys!

The guy who can be eliminated by flipping!

actually eliminated them? ? ?

an instant!

The members of the Wild Wolf squad are all dumbfounded!

"Dear brothers, I'm sorry, please hand over your trophies, we need to select some supplies."

Qin Yuan smiled lightly and came to the crowd.

Wild Wolf Team?

is just an appetizer!

what he wants!

is the victory of this whole war!

meet the gods and kill the gods!

Meet the Buddha and kill the Buddha!

As for now?

He needs to choose a few more guns to further improve his marksmanship!

felt the power of perfect marksmanship!

At the moment when Qin Yuan eliminated everyone, he was determined to upgrade his marksmanship to the most powerful universe level!

"What? Are you kidding picking our supplies? Dreaming about you? Our equipment is not your stalls, each one is extremely expensive! Can you afford it if you break it?"

Hearing this, one of the team members suddenly sneered, with a look of disdain!

Provide supplies to an ordinary soldier?

This is simply a greater shame!

"Oh? It seems that you... are planning to violate the military regulations and want me to do it myself?"

Qin Yuan smiled lightly, not caring about that player's sneer.

has more than 20,000 catties in his body!

seriously!

Qin Yuan really wants to do something with others!

Check, how powerful is your own lethality!

"Li Feng! Quick, apologize to this little brother!"

Seeing that the situation was wrong, Wang Qiang quickly stopped his teammates!

"What? Captain, you want me to apologize to this kid?"

Li Feng suddenly exclaimed!

Their anger of being eliminated hasn't vented yet!

did not expect.....

even want to apologize?

"Apologize! Hurry up!"

Wang Qiang is pressing step by step, with a strong attitude!

"Yes! Captain!"

Li Feng is extremely reluctant, but he understands that the captain has the greatest command!

"Little brother, I'm sorry! I was a bit bad in words because of my anger. Now, I sincerely apologize to you! I'm sorry!"

Li Feng had to calm down his dissatisfaction and sincerely apologize.

after all.

This incident is his fault!

Because in accordance with the military exercise regulations!

They are now dead!

Living people want to get their supplies easily!

If he resists...

This is a violation of the drill regulations!

Qin Yuan smiled, "This is the right thing to do, Captain Wang, your soldiers are very qualified. Let's say hello to the group leader. After returning, I hope to see 7 guns and all the supplies thrown here! Hope the king team cooperates."

"Okay!" Wang Qiang heard the words and squeezed out a few words between his teeth.

immediately.

Qin Yuan brought Li Erniu to Kang Lei's military vehicle!

"Report to the leader!"

"Recruit Qin Yuan! Cooking soldier Li Erniu, come and report!"

Two neat and loud voices sounded!

This moment!

Wang Qiang and others are once again confused!

Kill them...

turned out to be a "what? A cooking class?"

this moment!

Everyone in the Wild Wolf squad, the whole guard class, Kang Lei's bodyguard, and Kang Lei himself were completely shocked!

Kang Lei couldn't help but blinked his eyes and took a deep breath!

Zai carefully looked at the two immature recruits who appeared before him!

These two guys who saved themselves from fire and water!

The two masters who helped them escape!

actually...

are just two guys from the cooking class?

"Are you... Qin Yuan?"

suddenly!

Kang Lei's eyes lit up!

because he found out.

Among the two guys in front of , has a very familiar face!

Qin Yuan!

last night!

He is still drinking with Fan Tianlei!

Kang Lei was very impressed with Qin Yuan, a soldier with outstanding appearance conditions!

The main thing is!

This soldier, Fan Tianlei made it clear!

came to study in Tekken!

A recruit who can be so valued by Fan Tianlei!

must have its advantages!

See you today!

is really extraordinary!

"Huh? Brother Yuan, how did the team leader know you?"

Li Erniu looked confused!

Isn't Qin Yuan a recruit?

It stands to reason.

I don't know anyone!

Why now...

The head of seems to know Qin Yuan?

Qin Yuan smiled, "Oh, that's it. I had a drink with the group leader yesterday."

"Fuck! Brother Yuan, you... are you too awesome? Have you ever had a drink with the captain?" Li Erniu immediately stared at the words and looked shocked.

no way!

Ordinary recruits!

How can you be eligible to drink with the group leader?

It turns out that my own brother Yuan has a great background!

Although Li Erniu looks honest!

But he is not stupid!

is just a little slow to react!

Otherwise--

will not break through layers of screening!

Become a special elite!

"Qin Yuan, great! This time, thanks to you, my old life will be kept temporarily!"

Kang Lei smiled, strode high, came to the two of them, smiled and praised: "It's a great achievement to eliminate the wild wolf team! I'll remember it for you!"
