

Special Soldier 271

Chapter 271: where

This is equivalent to using money to kill them!

For people like them, ice is a refreshing thing! You can save on the usual use, but now you don't need to save!

But they did forget the ice surface, if the ice surface absorbs too much, it will die!

At this time, the poisonous rice in the room was extremely excited, and he took a sip from the mist. Soon, the whole person became soft, and there were obviously different meanings in his eyes.

Du Cha also breathed a sigh of relief, but at this moment, a bodyguard's nose shed two blood, but this guy didn't mean to stop at all, still sucking hard, finally, He twitched and fell to the ground, completely motionless!

Seeing such a situation at this time, Du Cha's eyes suddenly stared at the boss. Only then did he react. If these things are used too much, they are real poisonous gas!

Ducha League just ran to the vent, and directly plunged all his nose and mouth into the vent!

But he was not the only one who woke up, and the bodyguards behind also slowly woke up. At this moment, a large group of people squeezed towards the wind vent, but the vent was only one person wide in total. , And the fan stopped, and there was not much air coming in at all. Naturally, there was not enough space for them to squeeze together!

"Ahem!"

"Cough cough cough!"

"Haha, I am invincible in the world!"

"I am the king of the silver triangle!"

At this time, there was a rush of breathing directly in the room, as well as coughing and unconscious nonsense!

"Gas mask!"

At this time, Du Cha directly pointed to the position of the desk at his subordinates, so these people hurriedly took the gas masks, it is best to get one for him first, and this group of people immediately scrambled!

These people usually have a little more or less contradiction, but they are not clear about their current consciousness, rushing to rush is to completely start the fire, take out the gun in their hands, and click directly to the opposite person. Companion opened a hole!

The shot was suddenly out of control. These people took out their pistols and began to shoot randomly!

At this time, Du Chao was still thinking about letting his bodyguards grab the gas masks. He could monopolize this vent. Who knew that these people would shoot and fight, and the inspector did not dare to stand in place, hiding directly in a corner. stand up!

But he understood that he couldn't hold on to this situation for long. Looking at the tube that was still spraying white mist, Du Cha gritted his teeth directly, or directly pressed a button on the table!

He couldn't hold on anymore, knowing that continuing like this would definitely be a dead end, so he could only surrender to Qin Yuan first and see if he could negotiate terms!

At this time, the inspector staggered to the door, exhausted the last bit of energy on his body, opened the door, and then ran directly to the outside of the door, breathing the fresh air, and the inspector gulped directly. Panting, finally lay on the ground feebly!

At this time, Qin Yuan saw that the inspector had come out, with a sneer at the corner of his mouth, so he ignited a trace of flame directly into the tube!

boom!

Dust explosion!

There was a violent noise in the entire safe house, and there was no bodyguard in time to come out, and he was immediately bombed to death!

At this moment, when he heard the sound inside, Ducha suddenly panicked. He was struggling to escape, but he heard a gunshot from behind him, and a bullet hit his knee directly. Ducha Suddenly hugged his knees and wailed!

He watched as a figure walked directly in front of him, it looked extremely tall, and a lot of sweat came out on his forehead.

It's been a long time since I felt this kind of pain, and it's been a long time since nobody gave him such a powerful pressure!

"Please! Leave me alone, I know I was wrong!"

At this time, Du Cha was lying on the ground and wailing, Qin Yuan looked at this guy, but there was a sneer at the corner of his mouth:

"It's not impossible to let you go, but you have to give me some enough reasons!"

Hearing Qin Yuan's words, a glimmer of hope suddenly ignited in the heart of the inspector, and he quickly said to Qin Yuan:

"I have money, I have saved a lot of money over the years, and all of this money can be given to you!"

But Qin Yuan shook his head. There is no use for him to ask for money. After all, as long as money reaches a certain level, it is just a number and has no meaning.

Seeing Qin Yuan shaking his head, Du Cha also reflected that if Qin Yuan really loves money, he would not use these ice surfaces to attack them!

"I can be the boss of your back. I have a lot of channels. I have a lot of younger brothers. These are all important connections that turn these ice surfaces into money. And the factory below me, you also I see, I can give this building to the boss behind you!"

Hearing this, Qin Yuan still shook his head. These things may have some meaning for Jialouluo, but for Qin Yuan, it is money. He only needs to establish Jialouluo's position here. As for Qin Yuan didn't have the need to help her to which stage Garuda could develop!

Seeing that Qin Yuan was still shaking his head, Du Cha was completely panicked, and quickly said loudly:

"I know a lot of high-ranking officials, these people are the forces behind me, as long as there are these people, you will not be attacked by the authorities!"

At this time, Qin Yuan was a little bored when he heard these words. He directly squatted down, took out a photo from his pocket, and said to Du Cha:

"What does this person have to do with you?"

It's just that Du looked at the photo in Qin Yuan's hands The boss was staring, he didn't expect Qin Yuan to come to him for this reason!

"I know him, I know him, I can tell you all his information!"

"This guy is called Minden. He is the big boss behind me. Everything I have now is made by him for me, and he seems to control all the strength of the entire Silver Triangle. If you want to make you behind To become a poison king, you must get the consent of this guy!"

Hearing such words, Qin Yuan raised his brows:

"You mean, this guy has a good power in the Silver Triangle, where is his power now?"

Since Qin Yuan wanted Garuda to become the Silver Triangle, he had to clear all obstacles. He really did not expect that Minden was in the Silver Triangle, and he had such a powerful force!

Hearing this, Du Cha said with a wry smile:

"You are all killed!"

Chapter 272: Completely stunned

Only after hearing Du Cha's words, Qin Yuan looked blank and was killed by himself?

"Minden drew a lot of masters from us some time ago and went directly to the Philippines, but these people seem to have died there. For a while, Minden has always been outside to contact each other's forces, my These subordinates are already the last strength that Minden can use at the grassroots level..."

Qin Yuan was completely speechless when he heard this. He thought that Minden would still hide a lot of thugs, but who would have thought that the poisonous rice in front of him was already Minden's strength.

In fact, after thinking about it carefully, Qin Yuan also understood that, no matter what Minden was, he was just an international broker. He controlled these poisonous rice, at most, he used profit and ice!

What's more, Minden had already suffered heavy losses during his trip to the Philippines. He has been thinking about how to expand his power and supplement his lost strength for a while, so he has already taken away the backbone, and the rest are mobs.

Who knew that even these mobs were all packed by Qin Yuan!

After Qin Yuan wanted to understand this, he could only helplessly shook his head, and then said to Du Cha:

"Then do you know where he is now?"

"Sir, I really don't know that Minden is my boss. I am a part-time worker. How can I know the position of the boss? And he has always been traveling between countries. There is an extremely strong network behind him. It seems that you can get help anywhere, as long as he hides intentionally, no one can find him, sir, you save my life, I will help you find him!"

Du Cha said to Qin Yuan eagerly at this time, but when Qin Yuan heard this, he put his hand on Du Cha's head, twisted slightly, and broke Du Cha's neck directly!

"Sorry, I don't need the information you provided, and I don't need you to be my informant, I simply can't trust you!"

Of course Qin Yuan was worried about Du Cha. The poisonous rice in front of him could not gain Qin Yuan's trust, so they had no meaning to survive.

What's more, he has a better choice. If he takes Garuda as the poison king of the Silver Triangle, with Minden's mind, he will definitely contact Garuda, and then Qin Yuan will truly take the initiative!

Just seeing Qin Yuan, he broke Du Cha's neck directly, and the mad dog lying on the side suddenly let out a roar that didn't sound like a human voice, and climbed directly towards Qin Yuan.

Seeing the mad dog, Qin Yuan shook his head in disdain, and said to the mad dog:

"Look at what I said is right, your master doesn't take you seriously at all!"

"I'm going to kill you, you kill my master!"

The mad dog yelled at Qin Yuan, but Qin Yuan waved his hand:

"With your strength, I am afraid it will take a long time to kill me. Give you a chance. I may leave here after a while. If you really want to find me revenge, you must survive. "

"I will introduce you to someone who works well under her. Every year I may come back to see her every other time. Then you can challenge me."

Qin Yuan deliberately gave the mad dog to Garuda. After all, the strength of Garuda's subordinates is really poor. With the mad dog, at least Garuda has some initiative when expanding his power!

The mad dog looked at Qin Yuan with an extremely crazy look, without saying a word!

Of course Qin Yuan wouldn't care about this guy's resentment, anyway, after a while, he would return home, this guy couldn't do it even if he wanted to sneak attack.

Qin Yuan took the gas mask and entered the room at this time, and Qin Yuan heard a voice in his mind:

"Ding Dong, when the host completes the task, it is a man who goes up to the top floor, enters Ducha's building, climbs to the top floor from the first floor, and rewards two squares!"

"Ding Dong, the host completely dismantled the poisonous rice Ducha, ranked fifth in the Silver Triangle, and rewarded a grid!"

Upon hearing this voice, Qin Yuan's face suddenly showed a smile.

Now that everything is done finally, it's time to go!

Qin Yuan returned to the corridor and knocked the mad dog unconscious with a slap. This was how he left here with the mad dog.

At this time, a police siren sounded in the distance. Obviously, the police in the Silver Triangle had arrived. Qin Yuan smiled, jumped directly from a window, and completely disappeared into the night.

When the police saw the corpses along the way, they really realized that Ducha, the fifth force in the Silver Triangle, was completely finished!

It was still that small shop. When Jialou Luo saw Qin Yuan, he was completely relieved:

"I'm still worried that you won't be able to come back, how? What's the situation? Did you see Ducha?"

There was a trace of joking in Jialou Luo's eyes. Qin Yuan came back so soon, obviously not fulfilling his goal, maybe he didn't even see Du Cha's face!

At this time, Qin Yuan directly threw the mad dog wrapped in the sack on the ground, and then said to Garuda:

"The matter has been completed, and there is still a fourth-ranking power left. This requires you to solve it yourself. By the way, I also brought you a gift. Whether you have the ability to surrender or not depends on your ability."

Having said this, Qin Yuan directly opened a bottle of water on the table, and drank it, but Jialou Luo heard Qin Yuan's words, but was a little curious, she knelt down and opened the sack directly, revealing a mad dog That face!

"Mad dog!"

Only Garuda screamed. As Ducha's top horse, she also knew the name of the mad dog. This was a truly powerful master, Ducha's last barrier and personally protected personnel.

But Qin Yuan actually tied the mad dog over. Doesn't this mean that Qin Yuan and Du Cha have completely avenged him?

Jialouluo still didn't believe that Qin Yuan had already killed Du Cha, so she said to Qin Yuan anxiously:

"We must now prepare for Ducha's counterattack. You brought the mad dog. Ducha will definitely be anxious."

"It's okay, Du Cha doesn't really value the horse under him, he still values his life even more!"

Qin Yuan explained casually, but now Jialouluo understood Qin Yuan's words, but frowned and said to Qin Yuan:

"That's the boss of a party. Of course, the issue of face is more important. We are still ready for his counterattack."

"He is dead, how can he fight back?"

Qin Yuan said lightly, and Jialouluo was thinking about whether he would act first and find someone to blow up the building, but after hearing what Qin Yuan said, he was completely stunned. Up.

Chapter 273: College student?

"Impossible! There are at least a few hundred people in Ducha's building. How can you kill Ducha by yourself?"

At this time Jialou Luo yelled frantically, Qin Yuan dug his ears, and said helplessly:

"Do I mean to lie to you on this kind of thing? You can just check it out. By the way, I'm probably going to leave soon. Please keep this photo. Remember, this guy belongs to me. Enemy, if this person comes to you, you can hold him back for the time being, and drag him to come from the country. That's all right, you are more professional than me for the rest, and you can contact me later."

After saying this, Qin Yuan left the shop directly.

But at this moment, when he heard Qin Yuan's words, Ye Cunxin had a blank face. He could only watch Qin Yuan's back go away and the mad dog who was still in a coma with a dazed expression!

When Qin Yuan woke up the next day, they had received the news that they were going back to China!

But at this time Song Kaifei said mysteriously:

"Captain, tell you something, something big happened last night."

"What can happen?"

Qin Yuan said at this moment the old god, while Li Erniu said:

"I've also heard that the official with the nose and eyes at the press conference yesterday died, and there was a big fire in the villa!"

Standing aside at this time, Xu Tianlong also said a little gossip:

"More than that, didn't we get rid of Nuoja, and as a result, the poisonous rice under Nuoja also began to suffer. One named Du Cha was directly killed by a female poisonous rice named Jialou Luo. , This Nuoka had just fallen, and the people had not had time to be shot. As a result, these people started fighting."

"It is said that this woman named Jialouluo looks beautiful. Alas, you said, this looks so beautiful. What can't you do? I really can't think of it if I have to be a poison rice."

Song Kaifei shook his head at this time, obviously not understanding this matter.

And Qin Yuan watched quietly on the side. Naturally, he wouldn't talk to these players about what he took. After all, it was a violation of discipline. He told these guys, maybe what these guys were thinking.

"Okay, I've been outside for so long, I'm homesick, eating rice here is about to vomit, I really want to go home and eat steamed buns!"

"Mantou! Oil splashed noodles! Sliced noodles! Hanamaki! Oil cakes..."

When they heard this, everyone couldn't stop drooling, but Qin Yuan, who was standing aside at this time, laughed and said:

"I want to eat pasta, okay, when we go back, I invite you to eat dumplings! Everyone, we are going home!"

"Oh!"

Everyone could not stop cheering on this matter!

Soon, everyone lined up and left the Silver Triangle, which had been staying for a long time.

At the airport, when Qin Yuan got on the plane, he saw Garuda standing in the crowd and the mad dog standing aside. It seems that Garuda has calmed the mad dog, so Qin Yuan Can also relax a little.

Soon, the anti-narcotics special police soldiers got off the plane directly, and they were greeted by countless flowers and glory!

But on a helicopter outside the airport, the people from the Red Blood Cell Team stayed here and looked at the situation in the airport, with a trace of envy in their hearts:

"Oh, this came out in the Silver Triangle, but came back again, envy!"

"It is estimated that Gao Heizi will be promoted!"

"Okay, are you working so hard together to get a promotion? You left and went home!"

Qin Yuan said with a smile, and then the helicopter headed directly towards the red blood cell base!

Song Kaifei also sat down quietly at this time, and smiled:

"We've been out this trip for almost a month, do we have to remember a second-class merit for us when we go back?"

"The second-class merit is not important, it's that we haven't been able to see our country's grand ceremony. If you don't see it this time, it's estimated that the next time it won't be that big."

At this time Xu Tianlong said a little disappointed. If he heard this, He Chenguang sitting on the side said:

"What's the matter? I can't watch the live broadcast and watch the rebroadcast. Anyway, the Internet is so developed now that I can watch it anywhere!"

"Hey, my grandfather took me to see when I was a kid. At that time, I thought those people in military uniforms were so handsome. Who knows that after more than ten years, I can wear this one too. Alas, if I were If you can't get red blood cells, maybe you can join a guard of honor."

"Pull it down, just like you, brother is so handsome, and he didn't choose me. Can you do it?"

"Moreover, a lot of new weapons have been announced this time. It seems to be installed on a large scale for us!"

"Oh? Are there any good guns?"

"I'm telling you, there is..."

Hearing the nonsense of the players at this time, Qin Yuan also showed a smile. To be honest, if they didn't have this task, they would apply for it, and they would definitely be able to get in the queue.

But now naturally there is no chance.

Qin Yuan saw this situation and said directly:

"Okay, we have to report to the military area. Let's rest. I think you have been out in the field for so long, and you seem to be a little slack. Go back and train for a while. Let's talk about something later!"

Hearing Qin Yuan's words, everyone was silent for a moment. Only then did they realize that their bodybuilding skills hadn't been fully developed yet!

Thinking of the torture of bodybuilding techniques, the faces of these people suddenly turned green.

After flying the helicopter for a while, Qin Yuan didn't let these people continue to fly. Instead, he found a place and landed directly!

"Now we are 50 kilometers away from our red blood cell camp, come on, fifty kilometers off-road! It's a warm-up!"

At this moment, everyone was speechless when they heard this, but they naturally did not dare to have any objections. They quickly formed the team, allocated their equipment, and ran quickly!

A few hours later, the red blood cell team led by Qin Yuan finally saw the gate of the training camp!

At this time, Qin Yuan glanced at the time and said to everyone:

"Yes, everyone has passed. It takes at least eight hours for a normal soldier to be armed for 50 kilometers cross-country, but you only spent three hours, which is considered qualified. Everyone rests in place!"

Hearing this, the people with red blood cells immediately began to relax and massage each other. Running 50 kilometers in such a short period of time is not a small burden for them!

But at this moment, there was a group of people who came out of the training camp. These people were men and women, and they looked like college students on an outing!

Chapter 274: For what?

The faces of these people are full of youth, and they are obviously very curious about here. These people are obviously not recruits, but more like students who came here to visit from the outside.

These people couldn't help looking around, naturally they soon discovered the people of the red blood cell team:

"Hey, look, there are soldiers resting over there!"

At this time, a boy yelled, and immediately attracted everyone's attention. These people looked directly in the direction of the red blood cell team.

"Wow, see if their outfits are special forces!"

At this time, a girl saw Qin Yuan's appearance, but she uttered a scream, and then said to her companion:

"Look! Look! The officer at the head is so handsome! You said I used to ask for his letter, he wouldn't give it to me?"

Hearing this, the girls around immediately fry the pot:

"Yes, he is really handsome, and he is so manly to see him now!"

"Are they really special forces? No wonder someone on the Internet said that all the good-looking boys have been handed over to the country, and now that it is true!"

"No way, no way, I'm going to be stunned by the hormones on them!"

Only after hearing what these girls said, the boys around couldn't see it. The boy who spoke just now said:

"What do you all know? Although these people are indeed special forces, and they seem to have come back from the outside after completing their missions, do you know that our country's special forces are basically like this, they have no real skills! "

This boy is called Gao Lin. He usually hangs around in various forums of the military area. He thinks he knows the combat capabilities of the special forces of various countries, so he looks down on these special soldiers from the Yan country.

But after hearing such words, the girls frowned and said to the boy:

"Golin, isn't what you said is baseless? Anyway, I think they are pretty good!"

"Just look at the captain. It's not going to be a movie on the battlefield. What's the use of looking good? What's more, if you look at them, they are definitely not elite troops!"

"That's, you can see that they are not tall or strong. They must be embroidered pillows. Maybe they can't even beat me. How can they fold the quilt and run each of them?"

This is what other boys followed.

Hearing this, the members of the Red Blood Cell Team frowned.

They are very understanding of such boys, and they are eloquent, as if they have a very good understanding of military operations, and even look down on them, the special forces of Yan Nation, which are not ranked internationally.

But in fact, it is a keyboard man who talks all day about knowing what type of gun and what model, but they have not even touched a real gun.

People like this, if they don't change their mentality, if they are on the battlefield, they will probably die the fastest.

Qin Yuan looked at this guy at this time. If he meets such a person before joining the army, he will have to beat him up for a week or two in the courtyard.

But now it's different. After so many things, the verbal attacks on these people are like sprinkling water casually. If you have more real skills with them, it is better to quickly relieve your muscle soreness.

It's just that He Chenguang, Wang Yanbing and others who were on the side looked at these people with a hint of coldness in their eyes.

To be honest, they fought ***** battles outside, but they came back to greet them with such a person. How could it make these people feel a little bit of unrest in their hearts!

"Okay, what do you care about with such a person, if you really rushed over and knocked him away, this time it would be a waste of hard work."

Qin Yuan shook his head and said lightly, but when he heard this, Wang Yanbing frowned:

"Captain, they insulted us Yanren so much, should we just look at it like this?"

"You have to understand that there is a very strange creature in this world. He just likes to drill into the stinky shit. He doesn't want to think about it. No matter how powerful foreign soldiers are, they are here to invade them. To protect them, such a person is broken from the inside. If you and such a person are true, wouldn't you be mad at yourself? It is too difficult to change the nature of this shit-eating person forcibly. "

Hearing Qin Yuan's words, everyone burst into laughter. It is indeed the case when I think about it. Some people just like to eat this kind of food, so why bother with this kind of people?

"Okay, it is estimated that we will not have any intersection with these people in the future. Have you rested? We will continue to go back after we rest!"

Following Qin Yuan's words, the members of the red blood cell team immediately lined up and quickly lined up in a row, directly showing their most energetic side in front of these people, and striding forward!

But there were only 6 people, and in the end they stepped out of the aura that can only be achieved by thousands of troops, and the sound of stepping, like stepping directly in the hearts of these people, shocked their hearts.

When these people saw Qin Yuan walking past, they even let out a scream like an idiot:

"My god, it's so handsome now when I walk!"

"You see the weapons on them seem to be real!"

"I wanted to see it casually, but I wonder if I can continue to join the army at my age. It's so pretty!"

But after hearing such words, Gao Lin and several men who had just spoken curled their lips with disdain:

"You have long hair and short knowledgeWhat is this?"

"Huh, Gao Lin, why don't you go to the barracks with Ye Cunxin? Ye Cunxin is a girl who has the courage to join the army directly, why don't you join the army directly?"

"Yes! No wonder Ye Cunxin looks down on you, who can look down on a man like you?"

At this time, what these girls said, Gao Lin's face was green and white, but he was not good at arguing directly with these women under the crowd, so he could only hold back forcibly!

It's a pity that these people have nothing to do with Qin Yuan and the others. At this time, Qin Yuan himself stood in front of a sentry and passed his officer to the sentry!

After seeing Qin Yuan's military card, the sentry directly saluted a military salute and let them in.

At this time Qin Yuan glanced at the group of men and women behind him, and whispered to the sentry:

"Comrade, what are these people here for?"

Chapter 275: More beautiful!

Upon hearing Qin Yuan's polite words, the sentry also answered directly:

"They all come to our military area to visit and recruit, and they will have an interview later, so now they will visit here first."

Hearing such words, Qin Yuan nodded immediately and understood.

With the continuous reform of the modernization of science and technology in the country of Yan, more and more highly educated and highly qualified soldiers and officers are needed.

And it takes too much time to cultivate soldiers in a non-critical department. So since the first two years, social recruitment has been carried out.

Once these people are recruited, they will become specialized staff, but these people do not need to go to the battlefield and do not have access to weapons. They are basically similar to the art troupe.

Upon hearing this, Wang Yanbing couldn't help but spit out:

"Let such a person be our comrade, I always feel a bit chilly behind?"

When the sentry heard this, he also smiled and said directly to Wang Yanbing: "Of course, our military area will conduct strict selection and examinations. Certain people will definitely not come to our team."

Hearing such words, Wang Yanbing immediately smiled with satisfaction. As for who he and the sentry were talking about, it was self-evident.

And at this moment, a jeep suddenly stopped in front of Qin Yuan and the others. The person who got off the car saw Qin Yuan, his eyes lit up and he walked directly towards Qin Yuan:

"master!"

Qin Yuan was also slightly taken aback. He didn't expect that this person was Ye Cunxin before, and he hadn't seen Ye Cunxin for a long time.

"Ye Cunxin? Why did you come here if you weren't training in Fire Phoenix? Also, if you don't call me master, why did I become your master?"

"Hey, our captain asked me to call you like this. She said that if I want to become the world's top sniper, the best way is to worship you as a teacher. Anyway, it's not the first day we met. We all have such a deep friendship, you just look at the face of our captain and be my teacher directly!"

Qin Yuan was speechless when he heard such words. He didn't expect An Ran to find himself a little apprentice!

"You haven't said what are you doing here?"

"Oh, most of the people recruited in the society are classmates of my school, so the leader sent me directly to meet them and take them around in our military area, so as to reduce the tension in their hearts. ."

When Qin Yuan heard this, he glanced at the group of people in surprise. After all, he knew that Ye Cunxin was from Wudaokou University, a real schoolmaster. He didn't expect this group of people in front of him to be from the same school as Ye Cunxin. .

"Okay, then you can complete your mission well. As for sniper training, if I have time, I will point you a little bit, but you have to pick when I don't have a mission."

Hearing Qin Yuan's words, Ye Cunxin was immediately full of joy. She had seen with her own eyes how powerful Qin Yuan really is, and was even saved a life by Qin Yuan, so she didn't report much for worshipping Qin Yuan as a teacher. hope. Qin Yuan was willing to teach him, it was already very lucky!

"Well, sir, when I have time, I can go directly to the red blood cell team to ask you, then I will go first!"

After saying this, Ye Cunxin saluted Qin Yuan directly, and then continued to walk towards the group of people. At this time, looking at Ye Cunxin, the members of the red blood cell team looked at Qin with a strange look. deep.

"Captain, I didn't expect you to know such a beautiful girl?"

"That's right, and I have to worship you as a teacher, Captain, what is the level of this little girl? Can I be his teacher?"

"You can't let Mu Qingmei know this. If you let it know, Captain, you must have no good fruit!"

Seeing these people's faces full of excitement, Qin Yuan flicked his hair:

"Huh, do you think I am afraid of her?"

"Hey, that's what I said, but, Captain, I see your legs are shaking a bit!"

"Damn, bastard, I was tired of running 50 kilometers!"

With these words, Qin Yuan and others slowly moved towards the base of the red blood cells.

At this time, Ye Cunxin, who had just received Qin Yuan's certification, was naturally very happy. Now that he can see his former classmates, he is naturally even more happy.

Although Ye Cunxin's personality is relatively withdrawn, among these classmates, there are still a few people who get along well.

At this time, an officer-like person took these people directly to the door, and then said with a smile on his face:

"Welcome everyone to visit our scenic spot. I hope that each of you can stay and contribute to the construction of our troops. Of course, I won't say much about such high-sounding words. This one, Comrade Ye Cunxin, I believe you We all know each other. Now it is not only your classmates, but also a member of our army. In order to relieve the barrier between you and the army, we specially arranged Ye Cunxin to be your tour guide! You can directly ask Ye Cunxin if you have anything to do! "

Seeing Ye Cunxin at this time, these people's eyes suddenly lighted up. Soon, the officer said okay to the sentry and let these people directly enter the gate of the military area.

The next thing is these young people's own business.

Sure enough, when the door opened, several men and women rushed towards Ye Cunxin very excited!

"Ye Cunxin, I really want to kill you!"

This is a round-faced little beauty who rushed directly into Ye Cunxin's arms, and this Ye Cunxin was also tightly hugging this girl!

"Doudou, come here, it's fun in the army!"

This is what Ye Cunxin said with a smile, and this little beauty named Doudou looked at Ye Cunxin's short hair and said with envy:

"Wow I haven't seen you for a month. How come you have changed so much, and you have cut short hair. Can I cut my hair so beautifully?"

"Of course! I tell you, the fun is not short hair, we can still shoot, and even become a special fighter like those boys!"

"En, I'm even more interested when I hear you say that. Oh, yes, this time I am not the only one who misses you, there are others who miss you very much!"

Saying this, Doudou directly let go of his figure, revealing the man standing behind him, and this man is Gao Lin!

But looking at this Gao Lin, Ye Cunxin's brows wrinkled slightly, and he stretched out his hand very politely, and said to Gao Lin:

"Hello, Gao Lin!"

At this time, Gao Lin looked at Ye Cunxin with affection, and said gently to Ye Cunxin:

"Ye Cunxin, we haven't seen you for so long and you have become beautiful again!"

Chapter 276: Lieutenant General!

"Hehe, for a soldier, praise her for bravery is more pleasing than praise her for being beautiful. Okay, I almost know the purpose of your coming. I will tell you very straightforwardly now, it is impossible!"

After speaking, Ye Cunxin turned her head directly and started to introduce to other students.

But when he heard Ye Cunxin's words, Gao Lin was like a lightning strike. He couldn't believe that he had chased here so hard, but Ye Cunxin didn't even give the last chance. Could it be that something went wrong?

Thinking of this Gao Lin, he suddenly remembered the way Ye Cunxin was talking with the soldier captain just now, but he clearly remembered that Ye Cunxin would never show such a happy expression when talking with others!

There must be a lot of tricks between the two of them!

"Ye Cunxin, what is the relationship between that person and you?"

When Gao Lin directly grabbed Ye Cunxin, he asked questioningly on his face, but Ye Cunxin turned his head back with disdain, staring at Gao Lin with straight eyes:

"Do I need to answer you this? Classmate, I hope you can show respect to me. If you are in the crowd, I will just throw you on the ground, it will be bad for you and me!"

Hearing this, Gao Lin reacted and quickly took his hand back, but Doudou, who was on the other side, asked Ye Cunxin curiously:

"Ye Cunxin, but we are also a little curious about what is the relationship between you and that person?"

"What can it be? He is my teacher and we are comrades in arms!"

But Gao Lin heard this. But with a look of irritation, he said to Ye Cunxin:

"How is it possible? I can see the two of you just now, and you wouldn't smile like that to others!"

At this time, Gao Lin's face was full of resentment, and he almost carved the adulterer directly on Ye Cunxin's body!

When Ye Cunxin heard such words, his brows suddenly frowned:

"Golin! What are you doing here? Are you here to question me, or to find fault?"

"I just feel a little bit chilly. Ye Cunxin, you are a student of Wudaokou University. Even if you want to find a boyfriend, you shouldn't find someone like that. That guy said he was the captain of a special force, but in fact, our country special What is the situation of the army, you must know very well in the army!"

Hearing this, Ye Cunxin's expression suddenly changed, and she immediately wanted to punch Gao Lin in the face!

However, Ye Cunxin's temper has been reduced a lot now, so he said calmly:

"I definitely don't allow you to degrade my master, degrade Yan Ren!"

Seeing Ye Cunxin's appearance, Gao Lin was even more angry and said to Ye Cunxin:

"Am I wrong? The strength of our Yan team is indeed inferior to foreign countries. No matter which unit is in the sea, land, or air, it is much worse than those outside. The top 10 special teams in the world The troops don't even have a member of Yan Nation. If those people are really powerful, why don't I even know the names of their troops?"

Hearing such words, Ye Cunxin was immediately ridiculed. She used to think that this ranking could represent a lot of things, but only later discovered that the truly elite troops are hidden under the shady scene and will not be exposed at all.

This guy felt that after reading a few military books, posting a few papers, and pouring a few buckets of water on the forum, he felt that he was invincible in the world. Why did he not even know the names of these troops? He is considered an old man. What, why do you have to let him know the names of these troops?

At this time, Ye Cunxin looked at Gao Lin with pity, and said to Gao Lin:

"Although I don't know why our Yan Nation troops are not ranked in the world, I tell you clearly that even the worst special forces are 10,000 times stronger than you. If nothing else, I can directly Crush you!"

Hearing this, Golin was even more dissatisfied. Just about to say something, Ye Cunxin directly stopped the opponent:

"Don't be so anxious to refute my words. I'll ask you. Do you know how high the flame of the 95-type rifle is when it is fired? Do you know the shocking feeling when a sniper rifle is fired? I advise you to be the best Read more books, take more paths and gain insights. Don't always think that you are already omnipotent on the Internet. Tell you that the Internet is not a place outside the law. If this continues, you may only pass through if you see you next time. An iron fence is watching you!"

Hearing these words, Golin was immediately at a loss, but after thinking about it carefully, he understood that what Ye Cunxin said was that he might have entered directly!

"Okay, I'll take you around in the military area, take a good look, let you see how powerful our country really is, instead of opening your mouth and shutting your mouth and spraying manure!"

Seeing Ye Cunxin's appearance at this time, the girls around began to look at Ye Cunxin with glamour.

But Gao Lin looked at Ye Cunxin, still wanting to save him, and said directly to Ye Cunxin:

"Ye Cunxin, I know I said something wrong, but you still can't be with someone like that. You are the daughter of a boss of a big company. If you let those people know your identity, you will definitely try to cheat you. A talent like me is right against you, he is just a poor soldier, he must be a Phoenix man!"

But at this moment, when Ye Cunxin heard this sentence, before Ye Cunxin had time to say anything, an officer on the side stood up directly:

"This little comrade, do you know that the one you just mentioned has already made great military exploits, and the medal of military merit is already full?"

"Do you know that he won the title of the strongest soldier in the army and even developed a training method that can improve the physical fitness of all soldiers in our entire military area?"

"Did you know that he assisted in researching a vaccine for a terrible virus and almost won the highest award in the medical world?"

"Comrades, do you think such talents can be measured by money? I can only tell you that if a billionaire with a wealth of wealth suffers from the same disease as him, even if the rich All the family properties are donated, and the country will still save this talent without hesitation! Does money still make sense to him?"

At this time Gao Lin heard this and just wanted to say something, but when he turned his head and saw the person standing behind him, he was completely dumb!

Because he saw the rank of the man behind him!

This is a...Lieutenant General!

Even if Gao Lin is not sensible, he still understands this level of people, not he can provoke!

At this time, Ye Cunxin also shouted in surprise: "Lieutenant General Gao Shiwei..."

Chapter 277: Gao Shiwei's difficulties

Lieutenant General?

At this time, Gao Lin looked at Gao Shiwei and was completely speechless. Although he thought it was nothing at all when he was talking on the Internet, he thought it was nothing at all, but when Gao Lin saw a real old soldier, he still felt Dry mouth for a while!

Especially this soldier, just caught his own words!

"Young man, although the mouth is on your body, you still have to understand what you can say and what you can't. People, always take responsibility for their actions!"

At this time, Gao Shiwei glanced at Gao Lin with a deep meaning, sighed, and then left directly!

After hearing Gao Shiwei's words, Gao Lin felt that his whole person was light and uncomfortable. Although he knew that Gao Shiwei would not do such boring things, Gao Lin felt that this time, he might be nothing. coming.

Ye Cunxin, who was standing aside, saw Gao Lin's appearance, and sneered:

"I really don't know where you are from. The lion never cared about the ant roaring. Just scream if you want to. The more you scream, the more you will be a clown! The bonus he gets is enough for you to earn a lifetime. Nothing is as good as the keyboard in your hand? There is a saying that you are right. I guess the captain really can't experience your idiotic thoughts!"

Nothing is as good as a keyboard? Can't feel like an idiot?

When Gao Lin heard this, he immediately wanted to refute, but looking at the eyes of the students around him, Gao Lin understood. In this situation, the more he speaks, the more he will be laughed at!

At this time, Ye Cunxin saw that Gao Lin stopped talking, and didn't bother to pay attention to this guy, and said directly to everyone:

"Well, classmates, I'll take you to take a tour..."

At this time, on Qin Yuan's side, he had just arrived at the red blood cell base with his team members, and Fan Tianlei had already been waiting here!

At this moment, seeing the arrival of Qin Yuan and others, Fan Tianlei's eyes flashed with joy, and then directly said to everyone:

"You have worked hard!"

"Don't work hard, serve the people!"

At this time Qin Yuan said with a hippy smile, and seeing Qin Yuan's appearance, Fan Tianlei didn't know why, but felt a little headache. He glanced at Li Erniu and others and said:

"What you did in the Silver Triangle, the comrades in the anti-drug team have already told me. To be honest, it is beyond my imagination. You are the pillars of the country and the pillars of the army. I hope you can have a better future. Performance!"

Qin Yuan heard these words, but said a little impatiently:

"Wow, for all that, are there any actual rewards? Chief of Staff, what's the point of you always making such a fake?"

Hearing Qin Yuan's words at this time, Fan Tianlei took a look at Qin Yuan, and then said to everyone:

"Your merits need to be reviewed and calculated above, but you can rest assured that it should be yours. It will definitely not be less. I guess, if you say less, you will have to have a collective first-class merit, an individual second-class merit, etc. You don't need to worry, just wait a moment."

Hearing this, Li Erniu and the others all looked happy. Although they were serving as soldiers, it was not for these medals, but since it was their merit, it was also exciting to be able to get it!

"Well, you guys have been fighting for a long time, now go take a good rest, by the way, Qin Yuan, you follow me in."

After saying this, Fan Tianlei directly announced that He Chenguang and others had dissolved, and then directly took Qin Yuan to his office.

Qin Yuan looked at Fan Tianlei at this time, but said helplessly:

"Hey, Chief of Staff, is there something that I can't tell you directly in front of everyone? Why do I have to go to your office? I also just got off the plane, and now I have a sore back and I want to take a good rest."

When Fan Tianlei heard this, he glared at Qin Yuan and said to Qin Yuan:

"You still need a good rest? I heard that you just ran a 50-kilometer cross-country. With this physical strength, it is definitely not bad for my office. Okay, I am not going to criticize you. You are so What are you afraid of?"

Qin Yuan couldn't stop laughing when he heard this. This Fan Dahuyou's name was like thunder, who knows what this guy wants to do by himself?

"This time it's not that I'm looking for you, but someone else, so you can't run away, come here!"

When Fan Tianlei looked at Qin Yuan, he also had a direct showdown with Qin Yuan.

And when he heard this, Qin Yuan was sure that he couldn't escape at all, so he could only lower his head and follow Fan Tianlei's eyebrows pleasingly, working hard to be a good baby, moving towards Fan Tianlei walked to his office.

However, after Qin Yuan arrived at Fan Tianlei's office, he found that there was already a person in the office. Looking at this familiar figure from the back, Qin Yuan immediately saluted him:

"High school will be good!"

And this person is Gao Shiwei. At this time, Gao Shiwei looked at Qin Yuan with a trace of excitement on his face, then glanced at Fan Tianlei, wondering if this matter should be known to Fan Tianlei.

Fan Tianlei is also a human being. Of course he can see the hesitation in Gao Shiwei's eyes, so he said directly:

"Old Chief, if there is anything you can't tell me, then I will go now, but if you think this secret can be known to a third person, then I will wait here. I have a very strict mouth. You know this about

Hearing this, Gao Shiwei immediately said with a wry smile:

"Okay, you, you, you are just too curious. It's better not to know some things than to know."

Hearing Gao Shiwei's words, Fan Tianlei smiled suddenly, and then honestly prepared to listen to the secret.

At this time, Gao Shiwei turned his gaze to Qin Yuan, looked at Qin Yuan and said helplessly:

"Qin Yuan, Qin Yuan, you can be regarded as stabbing a big basket for me this time!"

Hearing this, Fan Tianlei's heart suddenly became a little curious. Qin Yuan hadn't just returned from the Silver Triangle this time, and hadn't done anything in the country. How could he poke a big cage?

However, Gao Shiwei continued irritably: "You did a good job in the Silver Triangle this time, but is it a bit too much? You bombed the prison and killed Kun Sha. This is fair enough, but You killed an official who faced the country, and you killed no less than two hundred drug dealers. With such a record, I almost didn't help you!"

Chapter 278: Complete kill

Hearing this, Fan Tianlei's eyes were about to stare out. He just heard that Qin Yuan's mission in the Silver Triangle was done well, but he didn't expect to have such a brilliant record now.

And Qin Yuan also smiled, he didn't intend to hide from Gao Shiwei, after all, people with brains can know that these things must be done by Qin Yuan after a calculation. It is the so-called concealment, the real person above. Naturally, Qin Yuan would not admit it, but Qin Yuan would still say to Gao Shiwei. He also counted on Gao Shiwei to help him out:

"Hey, high school general, when you sent me out, you told me that no matter what I do, you will help me take care of it. Now I have done it, and I have fulfilled your request. , Now you can't speak for nothing, right?"

When Gao Shiwei heard this, he hushed and said to Qin Yuan:

"Okay, you don't have to tell me this kind of radical method, you kid, I will do what I promise you, although I think the most extraordinary thing you did is just trying to get rid of Kunsha. Who knows that you have made so many things. I know what kind of person you are?"

Hearing Gao Shiwei's words, Fan Tianlei suddenly remembered, as if before Qin Yuan left, Gao Shiwei seemed to have said that no matter how big Qin Yuan stabbed, Gao Shiwei would give it to Qin Yuan. Now it seems that Qin Yuan It seemed that Gao Shiwei couldn't bear this loophole.

When Qin Yuan heard this, he just chuckled, his eyes flashed with pride, but Gao Shiwei saw Qin Yuan's appearance, but he said helplessly:

"But fortunately, what you did this time was really good. Even if I helped you top it, it was worth it. To be honest, you did something that the anti-drug team could not do this time. It is to clear the obstacles for the future."

At this time, Fan Tianlei, who was standing on the side, said in a deep voice when he heard Gao Shiwei's words:

"The last time I defeated the poison king Kunsha, but in just two years, another person took the place of Kunsha and continued to provide ice on a large scale, causing many deaths and injuries to our police and soldiers. , And what Qin Yuan did this time is estimated to be able to postpone this time to about five years."

At this time, Gao Shiwei and Fan Tianlei's heart is a little heavy. After all, human greed can't stop it. No matter how many people they kill, there will always be those greedy guys, like mushrooms after a rain, and they will keep going out!

And once these people appear, they will inevitably conflict with the official power of Yan Country, and once a conflict occurs, it represents bloodshed and sacrifice!

But Qin Yuan saw the appearance of the two people, but said indifferently:

"This time, if you are lucky, the time may be longer. It will last for 10 years and 20 years. I am afraid that the problem is not big."

Qin Yuan is not talking big words. After all, the previous Nuoka, if it hadn't been for this time to lose his mind and kill so many citizens of the Yan country, it is estimated that he could still be his own emperor now, and Jialou Luo has With Qin Yuan's support, it is only natural to live longer than Nuoka.

Hearing Qin Yuan's words, Gao Shiwei and Fan Tianlei were shocked, and quickly looked towards Qin Yuan!

They all knew that Qin Yuan was not a person who said nothing, and since Qin Yuan could say this, there must be arrangements!

"Qin Yuan! Did you do something? Hurry up and give us a good talk!"

"Yeah, why are you so confident?"

At this time, Gao Shiwei and Fan Tianlei were very curious. They knew that Yan Fang had spent a lot of effort and could not completely stop those people, but Qin Yuan said that he could control the time for 10 years and 20 years. Gao Shiwei and Fan Tianlei seem to be simply impossible!

When Qin Yuan saw the appearance of the two people, a smile flashed in his eyes, and said to them, "You really want to know?"

"Oh, don't sell it anymore, I will make you anxious!"

At this time, Gao Shiwei was extremely anxious, and it seemed that he was almost rushing up and grabbing Qin Yuan by the neck. Qin Yuan thought that Gao Shiwei was already so old, and he couldn't do it directly with him, so too Speak directly:

"That's fine! I can talk about it, but I don't recognize it when I get out of this room. You have to keep it secret to me!"

Gao Shiwei and Fan Tianlei heard what they said, and couldn't help but roll their eyes. What they said in this room, which one can be transmitted, really think that the officials of the country are not important, right, really think that the silver triangle The dead are dead for nothing, right?

Seeing the expressions of the two, Qin Yuan also shrugged, and then directly told the story of Garuda!

"As the saying goes, blocking is not as good as sparse, so I will simply support one of my own people to become the poison king! If this guy loses control, we might as well eliminate it immediately!"

Hearing Qin Yuan's description at this time, Gao Shiwei and Fan Tianlei took a breath of air-conditioning, and said to Qin Yuan in horror:

"You said you actually supported a real poison king?"

Seeing Gao Shiwei and Fan Tianlei so surprised, Qin Yuan also asked hesitantly:

"Yeah, what's the problem? The reason why I killed Kunsha, the country officials, and even the big and small forces in the Silver Triangle was to make way for Garuda!"

Gao Shiwei and Fan Tianlei looked at each other. This was a long sigh and said to Qin Yuan:

"We have not never had such an idea before, but the result was very tragic. Either we completely played off and brought up a pet that could only bite people, or we failed completely and did not give up the bottom line. It is impossible to rush out of those murderous drug dealers, let alone become a real poison king!"

Naturally, it would not be easy to do this. They had already suffered a lot before, and they were afraid that Qin Yuan would follow in their footsteps.

At this moment, Qin Yuan smiled when he heard this, and then said to these two people:

"You don't need to worry about this. I guess that the person you chose did not rush out of the drug dealers because he was not shameless enough. If you want to deal with these people, you must be more than them. Cunning is good, so I directly chose one of their local forces.

And you don't have to worry about playing off. I have already remembered this person's information. As long as she wants to betray us or do anything to betray us, I have full confidence to find her position directly and completely. She killed! "

Chapter 279: Good thing?

Of course Qin Yuan is three-point wary of Garuda. Although Garuda is a woman, this guy is also a woman who grew up in the Silver Triangle. If Garuda can really become the poison

king, then it proves Regardless of whether it is a means of influence or force, Garuda is strong enough, of course Qin Yuan will leave the last hole card to counter Garuda!

Qin Yuan has already recorded the taste of Garuda. As long as he reaches the Silver Triangle, Qin Yuan will use his olfactory abilities to find the location of Garuda. With Garuda's method, I'm afraid they are in charge. Adding up all the masters on the game, they may not be able to beat Qin Yuan!

So if Garuda dares to betray, he is dead!

Garuda herself is very clear about this. Although she doesn't understand what restrictions Qin Yuan has placed on her body, she knows that with a smart person like Qin Yuan, she will inevitably leave one by her side. Things that can really threaten you!

And this thing is also a condition for two people to be in peace.

Garuda believes that this counter-condition is a mad dog!

Qin Yuan didn't expect that Garuda would actually treat the mad dog as a counter-condition prepared by Qin Yuan, but this is not important to Qin Yuan.

Hearing Qin Yuan's explanation at this time, Gao Shiwei's eyes were full of shock, and finally he let out a sigh of relief and said to Qin Yuan:

"Why didn't you tell me the news?"

"Didn't I tell you? This news is too secret. Once exposed, it won't be good for anyone, and I don't recognize it after going out. Of course I won't leave any substantial evidence. Now this secret It's yours. It has nothing to do with me. How you plan to use Garuda has nothing to do with me. Just make sure this guy can survive."

Qin Yuan said indifferently at this time. To be honest, the reason why he did these things was just a whim. He wouldn't put all his thoughts on this. Really professional things should be given to professionals. The staff do it.

The reason why Qin Yuan saved Jialouluo's life was because Qin Yuan didn't want to look at the people he knew, so he just died.

Gao Shiwei and Fan Tianlei were full of excitement. They thought that Qin Yuan was just cultivating an informant, but who would have thought that this newcomer would actually want to become the next poison king in the Silver Triangle.

This is all right, even the boss of others is his own. If you still can't win this game, you can just hang yourself!

"Qin Yuan, you did a very good job this time. I have to say thank you to the anti-narcotics police first!"

Fan Tianlei said with excitement at this time. To be honest, many of Fan Tianlei's comrades and students died in the investigation of the ice surface. Qin Yuan's move, I don't know how many people will be saved!

And Gao Shiwei's eyes were constantly shining, he said to Qin Yuan:

"Qin Yuan, don't intervene in this matter. I will directly transfer your inside line to it. There will naturally be arrangements. However, although you have done a good job with this matter, you may not be able to give it now. You applied for merit!"

Upon hearing this, Qin Yuan waved his hand and said to Gao Shiwei:

"I've already said that after I leave this room, I don't recognize it. As for what is not credited, it is not important. You can give me a vacation and it would be nice!"

Hearing Qin Yuan's words, Gao Shiwei glanced at Fan Tianlei, a smile suddenly appeared at the corner of his mouth, and then said:

"This is what you said, so good, then I will swear to announce the arrangement of the superior for you!"

When Qin Yuan heard this, he was a little more serious. He wanted to see what task he would arrange for himself.

"Major Qin Yuan, in view of your multiple violations in this action, your merits and demerits have offset. This time your personal merits will not be issued for the time being, and now we have formed a special team composed of all women. Squad-Fire Phoenix Squad, lacks an instructor, now arrange for Major Qin Yuan to become the instructor of Fire Phoenix Squad!"

Hearing what Fan Tianlei said at this time, Qin Yuan's eyes suddenly widened. He didn't expect that this time he had arranged himself to Fire Phoenix. Although Qin Yuan had a good impression of the people of Fire Phoenix, if Let Qin Yuan become the instructor of the Fire Phoenix specialty, then Qin Yuan is still unwilling!

A girl is relatively cute, but a group of girls are not so cute!

"I protest, I am now the captain of the red blood cell team, how could I also be the trainer of the Phoenix? And the Phoenix already has a trainer named An Ran? Shouldn't she arrange this matter?"

At this time Qin Yuan asked in a puzzled manner. After all, he and An Ran are old acquaintances, and they know An Ran's abilities very well. Before, An Ran wanted to ask himself how to find some training methods. Become the instructor of Fire Phoenix?

Hearing what Qin Yuan said, Fan Tianlei's face darkened slightly, and he said directly to Qin Yuan:

"Comrade Anran has already gone out to perform tasks, so there is no way to serve as the instructor of the Fire Phoenix for the time being. As for the red blood cell team, you can use them as your assistant instructors to train the red blood cells together."

Hearing this, Qin Yuan raised his brows a bit and asked Fan Tianlei:

"An Ran went out on the mission? What did she do? Isn't she going to be an undercover again?"

Fan Tianlei's face was even more ugly at this time Seeing Qin Yuan's nervous eyes, he finally nodded helplessly.

Seeing Fan Tianlei's appearance, Qin Yuan's brow furrowed deeper, but he clearly remembered that An Ran was killed by the enemy during an undercover activity!

Originally, Qin Yuan thought that if Fatty Liu was killed, An Ran would be able to escape the catastrophe, but now it seems that all this is just Qin Yuan's wishful thinking!

At this moment, Qin Yuan's mind suddenly thought of a voice:

"Ding Dong, the system releases missions to train members of the Fire Phoenix Squad. Every time a member of the Fire Phoenix Squad is trained, the host gets a grid!"

Hearing this sound at this time, Qin Yuan's eyes couldn't help but brighten. He really did not expect that the reward for training the Phoenix Team would be so rich!

He trained five members of the red blood cell team to get a grid! But when you reach the Fire Phoenix, you will become a Fire Phoenix and you will get a grid!

Is there such a good thing?

Chapter 280: 5th generation communication!

Qin Yuan asked the system in his heart:

"System, why is this?"

"Ding Dong, answer the host, training a successful female special forces team member, in addition to the original super fighter foundation, but also need to cultivate these people to sneak, make-up, manners... etc. After completing these, it can be considered as the completion of training."

Looking at so many items at this time, Qin Yuan was completely stupid, swallowed, and was dumbfounded.

He knew that the system would not let himself take advantage of this for no reason, but Qin Yuan carefully looked at these conditions, and it was not completely impossible to achieve, so Qin Yuan gritted his teeth and agreed.

No matter how the Fire Phoenix was the hard work of An Ran, Qin Yuan's help in training is also something that should be done.

"Okay, I promised Fire Phoenix's trainer, but I promised in advance that since it falls into my hands, there will be no waste. In case my method is a bit too much and these people come to complain, you can't Do whatever you want."

When they heard this, Gao Shiwei and Fan Tianlei's eyes widened. Although they also knew that a woman can hold up half of the sky, there is not much difference between a real female soldier and a male soldier, but listening to Qin Yuan's words, why is it so scary? ?

"No, they are also some girls, and they were all selected from various places before. It is estimated that they are a treasure in the team in their place of origin. Is it to be done gradually?"

At this time, Gao Shiwei said to Qin Yuan, but when he heard this, Qin Yuan smiled and said to Gao Shiwei:

"I have my own measures, and I promise that I won't kill anyone! Okay, I've finished talking to you. If you can't accept it, then you should quickly let the top transfer me away. I still prefer to execute outside. task!"

After saying this, Qin Yuan left the office directly, while looking at Qin Yuan's back at this time, Gao Shiwei said to Fan Tianlei:

"Is it a bit too expensive for us to keep him here? What if the people of the Phoenix Team really can't bear it, and complain to him?"

"But we have no way to release him. What Fusang will do in Europe this time is really sensational. Qin Yuan and Fusang will have such a big grudge. If we let him know the news, I'm afraid he will say nothing. Can't stay."

Fan Tianlei also sighed for a long time, but they knew that Qin Yuan and the Fusang Society's hatred, now Qin Yuan, has shown superb value, and now even Gao Shiwei dare not let Qin Yuan out easily!

"The most important weapon of the country is not shown to others. Now Qin Yuan is already too famous. It is not good for us. Qin Yuan must be silent for a while, and I can only temporarily aggravate those members of the Fire Phoenix team!"

Gao Shiwei sighed. He had heard of Qin Yuan's training methods, and it was difficult for male soldiers to bear it, let alone those girls!

However, the Fire Phoenix Squad itself is an attempt by the military region. It is successful or not, and the damage is not great. If Qin Yuan can train the people of the Fire Phoenix Squad, it will be an unexpected joy, and if the people of the Fire Phoenix Squad bear it. Anyway, Gao Shiwei can only express regret.

"Recently, it's been a troubled time, and this can only be done!"

Gao Shiwei let out a long sigh, in a special period, special treatment, this can only be arranged like this.

...

At this time, Qin Yuan returned to his residence directly. Before the orders from his superiors came down, he still had some time to rest for a while. Qin Yuan planned to find a chance to visit Mu Qingmei at the Wolf Base. I haven't seen each other for a long time.

Qin Yuan had been running outside all this time, but he could take a good rest.

But Qin Yuan just lay down and wanted to play with his mobile phone and read the news, but he saw Li Erniu and the others crowded in.

"Damn, what are you doing here?"

"Hey, Captain, you have better WiFi here, come and Cengwang!"

At this time, these people said with a smile on their faces, and Qin Yuan shook his head helplessly. He has a router here, and the signal is indeed better.

Seeing that Qin Yuan had no objection, these few people suddenly started to play with their mobile phones. When it was like this leisurely time, there were not many, and it must be cherished.

However, these people were playing, but they let out a scream:

"Wow, what's going on? Captain, have you read the news?"

When Qin Yuan heard this, he said angrily:

"I haven't had time to watch, you guys have already come in, what's the matter? Has something serious happened?"

Song Kaifei, who was standing aside at this time, said:

"No, I just saw Gao Heizi on the news!"

Song Kaifei found a picture for Qin Yuan directly, and Qin Yuan glanced at it and shook his head:

"What's so strange about this? People are doing meritorious service. What happened to the last news?"

"No, Captain, look, this is not for you to watch this, I mean, Gao Heizi has done such a great work, it is not a headline!"

"It's okay if it's not headlines?"

At this time, Wang Yanbing, who was playing the game, said, but Qin Yuan found the news directly, and Gao Heizi's incident was a shock to the whole country, even the headlines of the day could not be caught?

After Qin Yuan glanced at the headline, he was excited:

"Fuck, awesome!"

When they heard Qin Yuan's voice, everyone was interested, but they knew that it would be a big deal to make Qin Yuan show such an expression!

"Look, my country's chrysanthemum factory has developed the fifth generation of communication technology!"

At this time, Qin Yuan pointed to the news, and seeing the news, Li Erniu said with a blank face:

"What is this? Why can't I understand?"

But Qin Yuan smiled and said directly to Li Erniu:

"This is the new generation of communication technology. Before, we could only follow others. Now we have come to the front. With this thing, you don't have to worry about your network being bad! Download anything, it's fast !"

But Li Erniu and others looked at each other, but still couldn't understand what was so powerful about it, and they murmured:

"This, I still don't think how powerful it is!"

Qin Yuan was completely speechless now. It seems that the cultural level of his own players needs to be improved:

"Is this good? For example, foreign troops often use drones, but the limitation of drone technology is that they need signals. Once the signals are delayed, there will be big problems. And as long as there is this new generation of Communication technology, all such problems can be solved easily!"

Upon hearing this, the expressions of these people slowly became serious.

After all, when they were in the Silver Triangle, they had seen the power of the drone with their own eyes, and they were a little envious at the time.
