

Special Soldier 291

Chapter 291: smart people

"But she has passed out now. If there is no emergency treatment, she will die!"

Tian Guo yelled at He Chenguang, this person who passed out has a good relationship with her.

But it was He Chenguang's extremely cold eyes that greeted him:

"If on the battlefield, your teammate is injured and you still need to continue to complete the task, then do you stay to treat your comrades or continue to complete the task?"

"Me! Can this be the same?"

"I said the same thing is the same. If you feel that what I said is wrong, then please put down your helmet after running and go from where to go!"

Tian Guo's lungs were about to explode when he heard this, but she could only drop this person and move on!

But fortunately, he saw that there was a male soldier behind and threw the female soldier directly onto the car behind, which was a sigh of relief!

As time goes by, more and more female soldiers fainted, and the people in the car piled up more. They all passed Qin Yuan's treatment and passed out temporarily. It's just that they are piled together and look a little ugly, just like piles of corpses!

Those people who ran down like this are under even greater psychological pressure. After all, they don't know that their teammates above have been treated, and they think they really fell asleep like this!

These people run less and less, and finally there are only 3 people left!

These three people are Ye Cunxin, Shen Lanni and He Lu!

But even so, these three people were completely exhausted, and they couldn't continue to stand up after they finished running. The whole person sat limp on the ground.

At this time, Qin Yuan walked over, gently squeezed the necks of these people, and then shouldered them one by one. He directly carried all the three people on his shoulders, and then threw them into the car.

Everyone in the entire Fire Phoenix training camp was wiped out!

After I don't know how long, Ye Cunxin suddenly wakes up!

She recalled the feelings before, and she couldn't stop the cold sweat falling down!

The kind of horror that the whole person is plunged into the darkness, feeling that his life is going to be three-dimensional at any time, makes Ye Cunxin's whole body feel a little cold.

She looked around and found that it was actually a dormitory, and the surrounding beds were full of people.

At this time, the male soldiers were standing around, and everyone held a thin needle in their hands, and then gave these female soldiers an injection.

This looks like a human experiment, it is extremely scary!

At this time, seeing that Ye Cunxin was awake, Li Erniu, who was standing on the side, smiled:

"You wake up, your recovery ability is quite good, you are the first to wake up."

"Okay, since some have already woken up for the first time, then it proves that they have almost recovered, and wake everyone up!"

At this time, Ye Cunxin heard a man's voice, and then he heard a fierce siren!

hum—————

Hearing the sound of the alarm, these female soldiers who had fallen asleep woke up in an instant, and hurriedly gathered outside.

And at this time outside, Qin Yuan looked at the stopwatch in his hand, and when everyone had assembled, he turned off the alarm in his hand and said to these people in front of him:

"For 40 seconds, you don't even need to wear clothes, as long as you run out of your bed directly, but it took such a long time. I am very disappointed with you!"

Hearing this at this time, there were indeed no female soldiers rebutting Qin Yuan. After all, they had just woke up from a coma, and everyone's head was dumbfounded. At this time, who has the strength to refute Qin Yuan?

There was a smile on Qin Yuan's face, and he said to the female soldiers in front of him

"Do you feel very uncomfortable now, your head is like an explosion, do you feel that your legs and feet are weak, and your limbs are weak? Do you feel that even breathing is a difficulty now?"

At this time, Qin Yuan'er even added some hypnotism to her own words intentionally or unconsciously, and hearing Qin Yuan's words, these female soldiers suddenly felt a little nauseous and vomiting, and the sequelae of the long-distance running were fully revealed. Out!

"Do you still remember your experience just now, to be honest, I guess this is the closest you will die to death, how did it feel to experience death? Does it feel like a big hand is completely holding your heart?"

Qin Yuan looked at the female soldiers in front of him with a hint of playfulness, then handed out benches to everyone, and asked them to sit down:

"Now I give you one last chance. The next thing you are going to sign is the death disclaimer, which means that if I train you to death, I still have no responsibility. This also shows that my next The training is stronger and scarier than today."

When Qin Yuan'er said this, his words were extremely calm, as if he was talking about what to eat tonight, but such a voice, in the ears of these female soldiers is like There was a thunderstorm.

If it were before, they would not have felt this way, but they have just experienced the feeling of death now, and they are now asking them to sign this death statement, which is simply murderous!

"Give up, give up, you people are completely unqualified to be special forces. There is a good saying, war makes women go away. If you just want a title and want to train yourself, then you have experienced this enough. , No one will look down on you when you go back. You are still heroes, because you can still enjoy the favor of others. Why do you need to endure such hardship under my perverted man?"

At this time, Qin Yuan's words were like the whispers of the devil, lingering in the ears of these female soldiers.

Finally someone couldn't stand the torture, so he directly raised his hand:

"I'm sorry! I, I can't stand it anymore, I am willing to give up."

"Okay, very good! Not bad! Now you return the paper in your hand to me, that's it, you can now return to your original company and live your previous life again!"

The female soldier covered her face, and directly handed the piece of paper in her hand to He Chengguang who was standing aside, and then fled back to her original place.

And Qin Yuan looked at these remaining people, the smile on the corners of his mouth became more exuberant, and said lightly:.

"Did you see it? There are still smart people. I don't know who of you wants to be the next smart person?"

Now that there is the first person, the second person will naturally appear very quickly. These one, two or three, many female soldiers stood up and put the death consent letter in their hands to the front.

Chapter 292: So handsome

And Qin Yuan looked at these people, as if he had completed a bet, he was extremely proud.

But at this time, Shen Lanni directly signed her name, and then handed the death consent form to Qin Yuan's hand!

"I came here, and I already have such a plan. I was very disappointed before. Now with you, I think I might become stronger."

Qin Yuan raised his brows, glanced at Shen Lanni, then directly put the death consent form signed by Shen Lanni on the table, and said lightly:

"The first fool is born."

At this time, Ye Cunxin also directly handed over the death consent form to Qin Yuan's hands, and said with a smile:

"Master, I'm still waiting for you to teach me how to shoot. I am leaving now, and I will definitely regret it in the future."

Qin Yuan smiled blackly and shook his head. Just like that, some people left and others stayed. In the end, more than 20 people were left behind.

After the people who wanted to leave left, Qin Yuan directly lined up these 20 people, looked at these people and said:

"Sure enough, none of you are smart people. Of course, smart people in this world have never been bad soldiers. After all, smart people always think about cheating, and always

think about solving things with smartness, but he hasn't overcome difficulties. His courage, once there is no way to solve it, he will fail completely."

"I said before that you women are not important, and that war should make women go away. These words are serious, but when you stand here, you have already transcended your gender. I will make you the best special forces in the world. Let you truly stand on the top of the world and see how the mountain scenery is, and welcome your arrival!"

At this time, hearing Qin Yuan's words, He Chenguang and others clapped directly, and the female soldiers in the audience were also full of joy.

"Well, now people can go back and have a rest. From tomorrow on, there will be more rigorous training. Although I will let you receive the best training in the world, it depends on you whether you can persist."

Qin Yuan looked at these people, but there was a smile on his mouth, and then let these people disband, he returned to the headquarters and began to make a training plan.

At this time, He Chenguang and others also followed Qin Yuan to the office and asked Qin Yuan:

"Captain, the things you just did scared me. If you force them in this way, aren't you afraid that everyone will give up?"

"Give up and give up. If you give up, I will find another group of people. To be honest, if everyone gives up, then I would rather disband this so-called Fire Phoenix team than let these people come to make up the count."

Qin Yuan kept moving his hands at this time, but at this moment he raised his head and smiled and said:

"But these people obviously did not live up to my expectations. There are more than 20 people who are staying. Everyone is a manufacturable. I used to be a bit too feminine for your training. Now I can treat them a little more seriously. . Alright, you can go out."

At this time, when they heard what Qin Yuan said, Wang Yanbing and the others also shuddered. Obviously, they remembered the tragedy of Qin Yuan's training.

In that case, Qin Yuan still said that it was the benevolence of women, so how much does Qin Yuan want to attack these female soldiers?

Li Erniu couldn't help being a bit stunned, feeling that these people were going to die.

At this time, the group of people went directly out of the office, but at this time, they saw Ye Cunxin rushing over. Just about to go in, He Chenguang said:

"The captain is making a training plan for you. If you have anything, you can tell me."

and Ye Cunxin said with a smile:

"Actually, I came to you. I just wanted to ask, is Captain Qin Yuan's training really difficult?"

Hearing this, Xu Tianlong standing aside said:

"It's not difficult, but it's painful. Then you don't think of yourself as human beings."

Hearing this, the smile on Ye Cunxin's face instantly solidified. He knew how powerful Xu Tianlong and the others were. As a result, even these people said it was so difficult, so wouldn't they be even worse?

With this kind of news, Ye Cunxin returned to her room, and several people around immediately gathered around:

"Hey, Ye Cunxin, didn't you go to find information? How is the situation now?"

"Hey, anyway, those male soldiers said, don't think of yourself as a person, you just think of the most rigorous training, just put it on you directly."

"Wow, is it too late for me to quit now? I want to go back and cook."

At this time, Tian Guo screamed, but Ouyang Qian, who was standing on the side, gave Tian Guo a glance. He knew that this Nizi was just saying this. If she really left, she would have already left.

The people who stay here want to become real special forces, and all the messengers are gone.

But at this moment, Tian Guo's nose suddenly shook, and his eyes suddenly widened and said loudly:

"Do you smell anything?"

"What does it taste like? It's almost time nowIt is probably the scent from the cafeteria."

Ye Cunxin said casually at this time, but Tian Guo did say:

"No, how could the canteen make such a taste of food? What kind of taste is this? It's too fragrant, my saliva is about to drip out!"

At this time, as the fragrance spreads, everyone smelled the strong fragrance, their eyes lit up, and a group of people headed directly toward the cafeteria.

After they arrived in the canteen, they did find that the table was already full of all kinds of exquisite food, braving the attractive aroma!

"Wow, doesn't this mean that the training is very strict? How can there be such a treatment? If I have this kind of food every day, I would rather train here for a lifetime!"

At this time, Tian Guo's eyes gleamed, her eyes ticking down, staring at the various foods in the dining hall, but she could only stare, because the dining hall has not yet opened. It's not time for dinner.

And when Qin Yuan saw these people, he also came out of the kitchen directly and said directly to the female soldiers outside:

"Your consumption is very high today, so this time I personally cook some delicious food for you, but don't take it lightly, your training will officially begin after the meal!"

"Wow, trainer Saigo, I love you so much!".

"Instructor, you are so handsome!"

At this time, many female soldiers praised Qin Yuan for a while, but it was a pity that they did not see the pity of the male soldiers on the side.

Chapter 293: Special food

"Sit down, get ready for dinner!"

At this time, Qin Yuan gave an order, these people immediately sat down, and then looked at Qin Yuan expectantly, wanting Qin Yuan to order food quickly.

At this time, looking at these people's extremely expectant eyes, Li Erniu and others were all amused, but they soon distributed these dishes.

After training, these girls are already very hungry, not to mention that these foods are made by Qin Yuan, which is delicious and delicious, and it makes their index fingers move, and they eat them!

"Wow, this thing is too delicious. What is it made of? I have been a chef in the cooking class for a year, and I never thought that big pot dishes could be so delicious!"

At this time, Tian Guo was about to put his head in the rice bowl, and looked at a long-shaped object, and said with happiness.

"That's right, I have never eaten this meat. What is the standard of food here? I won't be able to get any uneaten seafood from the trainer!"

At this time, Ye Cunxin's eyes were also glowing, and hearing this, these female soldiers looked at Qin Yuan's eyes and suddenly became more admired. After all, they knew that Ye Cunxin's family was very rich and there was no good food Eaten?

As a result, even Ye Cunxin can't even eat what the ingredients are. It must be a very good thing.

At this time, Qin Yuan and others were also sitting and eating. Li Erniu and the others ate the same as these female soldiers, but the eyes of these female soldiers were really strange.

"Captain, this thing is really delicious, your craft seems to be better, I thought you only have barbecue to taste."

At this time, He Chenguang picked up a piece of meat and stuffed it directly into his mouth.

"That's right, Brother Yuan, although the ingredients are not good, it is really delicious. It is estimated that Brother Yuan will be able to get a first-level chef certificate if he goes to the chef test!"

Li Erniu also said, Qin Yuan smiled when he heard this, can this be bad? For this meal, Qin Yuan directly spent a grid and directly received a shovel into his grid.

"Ding Dong, congratulations to the host for his successful selection and world-class cooking skills!"

And when Qin Yuan chose the culinary art, he was already at the pinnacle of world chefs. To be honest, even if it is a piece of wood, as long as it is cooked properly, Qin Yuan can make these cheesy happy.

But no matter how delicious the food is, it still cannot change the nature of the ingredients. At this time, Xu Tianlong looked at the girls and said with a smile:

"Delicious is delicious, but we are already familiar with eating these things, but we don't know if those girls know what they are made of, they can still eat them so fragrant."

"Then I need to say, I must vomit, but I don't know what these beautiful women vomit."

At this time, Wang Yanbing also said gloating.

Qin Yuan heard this and knocked on the plate:

"Don't you know if you can't eat or sleep or sleep? Eat quickly! But I don't think they can finish this meal."

"Why, Captain, the food you cook is really delicious. To be honest, if the ingredients are not a bit irritating, it will definitely get full marks."

Song Kaifei asked Qin Yuan, and Qin Yuan smirked and said directly:

"That's because I have added a raw material that has not been used in knife skills in every dish. Now let's see whose luck is better!"

When they heard this, Wang Yanbing and the others stared at each other, but the look in the eyes of these female soldiers became even more strange!

Sure enough, Qin Yuan's rice is not so delicious!

At this time, Qin Yuan smiled slightly, suddenly noticed something, and said directly to his players:

"it has started."

And at this moment, a female soldier sitting in the corner suddenly yelled!

"What happened?"

Hearing the girl's scream at this time, the people around immediately surrounded her, wanting to see what the girl was going to do.

"I... there is a mouse in my dish!"

What?

At this time, when she heard this, Shen Lanni almost vomited it out directly. She looked at the female soldier's dish and found that it was her favorite dish, and there was a mouse!

Although this mouse seems to have been dealt with, the mouse is a mouse, and it looks disgusting!

"what!"

At this time, the other side also screamed, everyone looked over again, and the female soldier said:

"There is an earthworm in my dish!"

"Mine is a bug!"

At this time, more and more female soldiers began to search for their own dishes, and they all found bad things in them.

At this time, everyone panicked and swallowed nervously. Although these dishes still smelled, no one dared to eat them.

Even some people who are addicted to cleanliness have already begun to retching, wanting to vomit what they have eaten.

Tan Xiaolin, who was sitting aside at this time, was completely shocked after seeing this situation . To be honest, since Qin Yuan and others came, her situation has been even more difficult.

Although Tan Xiaolin could not control these female soldiers in the past, at least these female soldiers still have the most basic respect for her, but now since Qin Yuan and others came, all the female soldiers are very unwelcome to her, just like It's just that she doesn't exist. She just wanted to care about the female soldiers, but she returned soon. After all, the attitude of these female soldiers really made Tan Xiaolin a little sad.

But this time, Tan Xiaolin could be regarded as a chance. She did not expect that Qin Yuan's ingredients would have such a serious hygiene problem, and she had eaten a lot just now, and she felt a little nauseous, so in this matter, she Qin Yuan must give an explanation!

"Comrades, this time the food is provided by Major Qin Yuan. Let's go, let's go and ask him what is going on!"

At this time, Tan Xiaolin gave an order, and as expected, many female soldiers followed her towards the small corner where Qin Yuan was. Although these female soldiers were somewhat unwelcome to Tan Xiaolin, but at this time Tan Xiaolin dared to take They seek welfare, these female soldiers are naturally still willing.

After all, no one wants these things in their food.

"Come on, come on, Captain, see what you do!"

At this time, Song Kaifei saw the female soldiers running over aggressively, and said with a smile, but Qin Yuan was calm and relaxed, and ate all the food in front of him. .

"Instructor, these things appear in our dishes, do you need an explanation?"

At this time, Tan Xiaolin frowned and faced Qin Yuan directly

Chapter 294: Bad feeling

And Qin Yuan rinsed his mouth with the soup at this time, and said lightly:

"What is there to explain? The food you eat is not made of these things."

"what?"

Hearing this at this time, all the female soldiers were extremely shocked. Some even looked at the food they had eaten carefully and found that what Qin Yuan said was indeed true.

Qin Yuan didn't say before, they wouldn't think about it, but now look at it, aren't they what they eat?

"You! How can you eat these things? Isn't it too much! If you abuse us like this, aren't you afraid that we will go to the leader to sue you?"

Hearing this, Wang Yanbing and the others frowned. Tan Xiaolin is indeed qualified to report to her superiors. Although this matter is not very big, if Tan Xiaolin stabbed it, then Qin Yuan's face would be better. Not pretty.

"Oh? How did I go too far, how to abuse you, this is just a level of training, don't you feel sick, don't you train?"

At this time, Qin Yuan sneered, and then directly said to Tan Xiaolin and others:

"Since you stepped into this door, you have been caught by me! No matter how I train you, it is my own business. What I am doing now is in compliance with the rules. If you feel acceptable No, then you can put down your helmets and leave here quickly!"

What Qin Yuan said is correct. After all, although Qin Yuan put in some unprocessed ingredients this time, his overall mentality is still good. After all, special forces need to eat these things during difficult times. These things have been cooked once, and they are already merciful!

According to the normal level, these people should have the courage to eat raw.

Tan Xiaolin was completely embarrassed this time. She didn't expect that this was actually Qin Yuan's training program. This time, Tan Xiaolin couldn't get better, and even lost her prestige!

At this time, Tan Xiaolin looked at Qin Yuan, gritted her teeth, and said to Qin Yuan:

"I'm sorry, although I don't think these things are necessary for training, if it is a critical moment, I believe we will not have any hesitation. When it is time to eat, we will eat. There is no need to make these things to make them sick. we."

After hearing this, Qin Yuan looked at Tan Xiaolin with interest and said lightly:

"This sentence can only represent yourself, not even yourself, instructor, I think you are still honest, let these recruits be more careful, and do your psychological counseling with peace of mind, so that both you and me it is good."

At this time, Tan Xiaolin's face was green and white. She originally wanted to take this opportunity to improve her status in the hearts of these students, but now she has completely failed. Instead, Qin Yuan gave her a lesson!

But listening to Qin Yuan's words, a trace of firmness flashed across Tan Xiaolin's face:

"Why not? I have also received training before, since you think I can't do it, then that's fine, I will train with these students! The death consent form, I signed it!"

But when they heard this, Wang Yanbing and others dealt with Tan Xiaolin with all their heart:

"Instructor, why should you suffer this sin? How hard our training is. I believe you can also see that if something really happens then we can't afford it!"

But Tan Xiaolin sneered and said, "Don't use this simple method of activating. I know what I am doing, and don't say anything you can't afford. I think your captain seems to be quite able to bear it."

Hearing these words, Qin Yuan's brows were slightly raised. It seems that this woman still owes a lot!

"Well, instructor, since you are willing to be our students to train together, it is up to you, but I will say yes first. In this way, you will be my soldier. No matter what training I do for you, you cannot have Any complaints!"

Tan Xiaolin looked at Qin Yuan and said directly:

"This is the way it is, isn't it?"

"Well, if the instructor can't accept it, he can put down his helmet and leave. At that time, I only hope that you can remember what you are saying so that you won't go to the leader to complain!"

This is like saying that Tan Xiaolin is a little girl who has just entered school, but Tan Xiaolin is too lazy to continue to argue with Qin Yuan. After all, no matter what you say, it is better to try it!

Soon, Qin Yuan found out a death consent form and asked Tan Xiaolin to sign it, but after Tan Xiaolin took it, she didn't even look at it and signed her name directly!

"Oh, comrade instructor, you signed your name without even looking at it. Are you not afraid of any unequal treaties on it?"

Qin Yuan said to Tan Xiaolin with a grin.

and Tan Xiaolin just stared at Qin Yuan with an ugly expression, and said directly:

"This is originally an unequal treaty. is useful, just come on!"

After saying this, Tan Xiaolin directly gave Qin Yuan the signed consent form, but Qin Yuan looked at Tan Xiaolin's appearance, but he laughed, and said directly to everyone:

"Everyone, are you full? If you are full, then we have to start the next training."

"Yes, I'm full!"

At this time, even if these female soldiers are full, they dare not eat anymore. After all, there are all these messy things in it. Even if the food is delicious, they are reluctant to eat.

But at this moment, Qin Yuan heard a voice:

"I...I haven't finished eating yet, wait for me!"

At this time, Qin Yuan looked back and found that the person who was speaking was Tian Guo. He was suddenly surprised:

"Why, find out those things, can you still eat?"

And Tian Guo worked hard to swallow the food in her mouth, this is what he said with a smile:

"My grandfather is from Guangdong and Guangxi. People over there eat everything. He took me to eat these things since he was a child. So I am not afraid at all. Hey, instructor, the food you cook is so delicious. When can you teach Teach me?"

Hearing this at this time, the members of the Red Blood Cell Team were speechless for a while. It turned out that there was such a natural increase.

But Qin Yuan laughed when he heard this.

"If you want to learn cooking, if you don't vomit in a while, then I will teach you."

Seeing Qin Yuan's appearance at this time, everyone had a very bad premonition.

Chapter 295: select

"Let's go, next we train, the handling and eating of wild food."

Hearing what Qin Yuan said at this time, some people didn't know what the project was, and the faces of those who knew were green!

At this time, Qin Yuan took these female soldiers directly into the field, and the people in the red blood cell team prepared some things, but they were covered by canvas. At this time, Qin Yuan directly raised these things, revealing all the things below. Kind of stuff!

In the glass tank and cage underneath between , there are snakes, insects, mice, earthworms and the like. At this time, these things are all alive, and they are even squirming!

At this time, looking at these things, many female soldiers suddenly vomited. They saw the raw materials in the food just now. They were all cooked. Now they saw the raw materials, and they were still so disgusting. I couldn't hold on anymore, and vomited out.

"No vomiting, you know, when you live in the wild, vomiting will take away a lot of your physical strength. What's more, what you vomit is all food, which can provide you with more energy. If you vomit, what will happen? provide energy?"

At this time, Qin Yuan sneered and said loudly to these female soldiers. At this time, Ye Cunxin, Tan Xiaolin and others, also had a tumbling in their stomachs, but they resisted and did not vomit.

Qin Yuan looked at these people with a smile at this time, and said lightly:

"Next, I will teach you how to deal with these foods. Where can these things be eaten, where can't be eaten, and where is better. Of course, it's as delicious as before. It's not good. Eat raw. Right."

what? Eaten raw?

At this time, when Qin Yuan heard what Qin Yuan said, all the female soldiers had their eyes widened. They were nauseous looking at these things, but Qin Yuan let them eat them raw?

Even Tian Guo, the most resistant person, is stunned. Although she usually catches a snake, a grasshopper or something, it's not a problem, but she just finished eating those things and now comes to eat this again. She is an iron man, too. Can't bear it!

At this time, Qin Yuan said hello to Li Erniu, Li Erniu smiled, and then walked up directly, grabbed a grasshopper, tore off the grasshopper's leg, and threw it directly into the mouth, crunching. With the sound, the grasshopper has disappeared. Looking at the green water at the corner of Li Erniu's mouth, Ouyang Qian, who just loved to eat grasshoppers, couldn't hold on anymore, she just vomited out!

"Grasshopper is the most common protein supplement, but he has parasites in his body, so be careful when eating. Okay, who wants to try it?"

At this time Qin Yuan yelled, and these female soldiers looked at each other, no one dared to come up.

"Why, it's all scared? Wasn't it still very powerful before, but now it's not good? I tell you, the so-called special forces, this is the king of soldiers who can survive no matter what special circumstances, if you go deep behind the enemy. When you are short of clothes and food, do you seize this opportunity to supplement protein? Just because it is disgusting to abandon this thing, do you not eat it?"

He only heard what Qin Yuan said, but Ye Cunxin frowned and said:

"Didn't we have compressed biscuits when we were on mission? Why do we eat these things?"

"Compressed biscuits, compressed biscuits are of course good, but compressed biscuits can only add a certain amount of carbon water, as well as necessary trace elements and salt, and there is no protein in them. Compressed biscuits are life-saving things, not until the last moment. It must not be eaten easily!"

At this time, Qin Yuan also smiled, and said lightly:

"Come on, you all come over and taste what these things are like, if you don't have the courage to taste it, go back and put down your helmets immediately!"

At this time, Tan Xiaolin saw this situation, but directly raised her hand, and Qin Yuan said to Tan Xiaolin:

"Instructor, this training program is in compliance with the rules. Even if you protest, it is useless."

At this time, Tan Xiaolin calmly walked to Qin Yuan's front and said to Qin Yuan:

"I don't want to protest. Since I have signed the agreement, then I am a student. I am here to eat these things."

Having said this, Tan Xiaolin directly took the dagger in Qin Yuan's hand, stole a mouse from it, and then madly killed the mouse, then picked a piece of meat from it, and placed it on her with trembling hands and feet. In the mouth.

Although Tan Xiaolin vomited crazy after eating this piece of meat, throwing up everything in her stomach, but Qin Yuan applauded very satisfied and said to the many female soldiers:

"Have you seen? This is your role model, come and come, don't be picky eaters, everyone has to try at least two!"

Seeing the tragedy of Tan Xiaolin, the calves of the female soldiers were trembling, and they felt their stomachs were pinched by something, twitching constantly!

But at this time, Ye Cunxin gritted her teeth abruptly, and rushed forward, grabbing a grasshopper and stuffing it into her mouth, and Shen Lanni saw that Ye Cunxin was so courageous, she also caught a snake. Then he took out the gall of this snake and ate the snake meat!

Without exception, these girls vomited up all of these things. After all, they ate a lot just now, and now they have encountered so many disgusting things, how could they not vomit.

At this time, Qin Yuan stood by and said lightly:

"Spit it, spit it, just get used to it The people with red blood cells standing aside at this time also remembered the tofu brain they ate when they saw the murder for the first time. , But even sour water came out of vomiting, and now looking at the miserable condition of these people, they couldn't help but gloat.

At this time, Qin Yuan looked at these insects, but suddenly he had an idea in his mind. He didn't know if there would be any gain in receiving these insects in the grid.

Qin Yuan chose, and finally directly chose an earthworm, taking advantage of this kind of person not paying attention, directly received an earthworm into his grid.

"Ding Dong~ Please start choosing the host!"

With the prompt sound of the system, three options suddenly appeared in front of Qin Yuan!

"1, get a world-class limb rebirth!"

"2, get a world-class earthmoving technique!"

"3, get world-class humidity exploration!"

At this time, looking at these three options, Qin Yuan's eyes were the same. He didn't expect Earthworm to be able to give these skills.

This soil walking technique is obviously a technology that can move in the soil like earthworms, but Qin Yuan does not need it for the time being, and this humidity exploration is to feel the humidity of the air through the skin and use it to find the most water source. Appropriate, Qin Yuan didn't need it either, and what Qin Yuan was focusing on at this time was the rebirth of the first limb.

Earthworms are very famous for their powerful ability to regenerate their limbs. If you cut off the earthworms in the right place, you can even turn one earthworm into two! !

This kind of ability naturally made Qin Yuan very greedy, so Qin Yuan directly chose the first item

"System, I choose the first item!"

Chapter 296: 1 condition

"Ding Dong, the host chose to succeed, and was reborn with a world-class severed limb. Losing a small amount of limbs can stimulate the ability to regenerate and restore it in a short time.

Hearing this at this time, Qin Yuan checked it carefully and found that if he broke a finger, the repair would be completed in about ten hours.

But the injuries that Qin Yuan can suffer now are, at most, injuries such as breaking a skin or injuring a muscle. If such an injury stimulates the power of rebirth, I am afraid it can be repaired in less than two hours!

And this is just a world-class rebirth from a severed limb. If Qin Yuan raises this ability to the universe-class, then I don't know what it will be like!

Do as you say, Qin Yuan directly absorbed all the earthworms in the grid at this time, and directly raised the ability to regenerate the severed limbs to the universe level!

"Ding Dong, the host chose to succeed and was reborn with a cosmic severed limb. Losing a small amount of limbs can stimulate the ability to regenerate and restore it in a short time."

Hearing this sound, Qin Yuan pierced his finger gently, and then felt that there was an intermittent force in his body, heading directly towards the location of the wound, just for a short time. In a few seconds, the wound has completely healed!

Damn! Isn't it because you are not afraid of getting hurt?

Qin Yuan felt the consumption in his body. Although he knew that this ability was not used arbitrarily, it needed to consume a lot of energy, but Qin Yuan could also recover the Red Bull to obtain the energy liquid. Wouldn't it be amazing?

Cool! Unexpectedly, feeding these people a bug would have such a reward!

Qin Yuan gained this ability, naturally, he was in a good mood. Seeing these people vomiting while eating, he also shook his head and smiled.

Just like the people of the red blood cell team said, I get used to it.

"Well, today's training is over. If anyone hasn't eaten two kinds of insects, let's quit this training."

At this time Qin Yuan said directly, and after hearing Qin Yuan's words, the female soldiers who had not come to eat the bugs suddenly looked ugly.

But there is no other way. The training is so cruel. If it doesn't reach Qin Yuan's standard, it can only be eliminated.

After , Qin Yuan conducted more perverted training on these female soldiers, and eliminated one person after another. At the end, there were only eight people left.

These eight people are the same as in the original book, they are Tan Xiaolin, Shen Lanni, Ye Cunxin, Ouyang Qian, Tang Xiaoxiao, Qubi Azhuo, He Lu and Tian Guo!

It is estimated that with the addition of Enron and Anfisa who have gone to perform the task, this is a ten-man team!

The number of people has reached the required limit, so Qin Yuan also knows that he will not eliminate people anymore. These people are barely qualified here.

At this time, Qin Yuan directly summoned these people to speak!

This period of training has made the eyes of the remaining people a lot more determined, and they no longer have the greenness before, and they all look heroic, looking at least as if there is already a soldier!

And Qin Yuan looked at these people with a smile, and said directly to them:

"Well, novices, congratulations, you have completed the most basic elimination training. Now, you have changed from novices to rookie special forces. Next, I need to give you something really useful!"

Hearing such words, the people of the Fire Phoenix team looked at each other. During this period of training, they felt that they had made great progress. In Qin Yuan's eyes, how could they be the most basic rookies?

"Instructor, we are not convinced. I think we have become qualified special soldiers. We have accepted all kinds of training. Why do we still say that we are rookies!"

At this time, Shen Lanni said to Qin Yuan, and Qin Yuan also smiled directly. Sure enough, in the eyes of these people, she couldn't see herself. For example, an ordinary otaku, after a period of exercise, I feel that I have become so powerful that I can kill a cow with one punch.

But in fact, if you really face a cow, you don't know what it will look like when you are topped by a cow. Maybe you can't even beat a goose.

With such an arrogant mentality, it is naturally very detrimental to their training, so Qin Yuan understands that he must find an opportunity to beat them well.

"Ok, since you said that you are already qualified, then I will give you a chance. Can't remember what I said at the beginning, no matter what aspect, if you can beat the player in my hand, I Just admit that you are official members of the Phoenix Team."

"Although you have all become official members of the Fire Phoenix team, this sentence has always been effective. As long as you can beat these people in my hand, then I admit that you are not rookies!"

At this moment, Shen Lanni and others' eyes widened in anger. If they really could not beat Li Erniu and others before experiencing Qin Yuan's training, they have been training for such a long time now Is it still not the opponent of Li Erniu and others in any one?

"What? Are you dissatisfied? If you feel dissatisfied? You can choose anyone to challenge. Anyway, everyone is familiar, and you don't need to be shy."

Qin Yuan chuckled at this time, and when he heard Qin Yuan's words, Li Erniu and the others also showed a smile on their faces.

During this period of time, they have been supervising the training of these fire phoenixes and others. They know about what these people are capable of, and they have not relaxed during this period of time. They have also improved their training a lot. , So the people of the Fire Phoenix team want to defeat them, I am afraid it is a bit difficult.

But seeing the appearance of the people in the red blood cell team, Ye Cunxin was completely unconvinced, and directly said loudly:

"Master, you are too exaggerated. We have seen what kind of training you have undergone. Everyone is trained in the same way. It's just that you are a period of time ahead of us. How can you not have that big There is a gap, so this time I propose that our two teams conduct a real combat exercise to test our comprehensive strength and see who can kill the other party.".

Hearing this, Qin Yuan's brows suddenly raised, and he clapped his palms directly, and said to Ye Cunxin:

"Not bad, very ambitious, but do you think too much of yourself? How about this, I will challenge your team alone, as long as you can hold on to me for an hour, I will admit you, and How about giving all of my current skills, or promising you any conditions that I can do?"

Chapter 297: Eight to one!

Hearing such words at this time, the people of the Fire Phoenix team immediately trembled in their hearts. After all, after this period of training, they already knew how powerful Qin Yuan really is. Qin Yuan is like a treasure. He has a lot of skills, only you can't think of, and he can't do it without him.

But these are not the most important ones. The most important thing is that the people of these Fire Phoenix squads have a sigh of relief in their hearts. If they can take advantage of this opportunity to defeat Qin Yuan, then they can be completely in front of Qin Yuan. Raise your head and exhale!

Moreover, Qin Yuan's conditions were not very harsh, and he did not require the people of the Phoenix Team to directly defeat him. Instead, they asked the people of the Phoenix Team to hold on to him for an hour. It was just an hour. They The actual combat at the Fire Phoenix Base is on the mountain, with a large area, and the environment is extremely complicated. In such an environment, even if you find a place to hide, you can drag it for an hour.

So at this moment, Ye Cunxin said to Qin Yuan with a smirk:

"Master, this is what you said, if we win, then you will teach me the sniper skills honestly."

"Yes, if we win, then you have to teach us Guwu!"

"Also, you have to cook for us every day!"

"I want to go home on holiday!"

At this time, these players all unanimously stated their requirements, but Qin Yuan heard these words, but a line of black lines appeared on his brow, and said to these people in front of him:

"I said if you guys are a little too optimistic, you haven't beaten me, you've already thought about such a good thing, maybe none of your wishes can be achieved, honestly follow me to train, rookies! "

At this time, He Chenguang and the others who were standing behind shook their heads unanimously when they heard the words of these girls. They have been with Qin Yuan for such a long time, and they have more of Qin Yuan's abilities. I understand, these girls in front of them are probably Poon Choi in Qin Yuan's hands!

But at this moment, Qin Yuan suddenly remembered a voice in his mind:

"Ding Dong, the system releases tasks, does not use active skills, defeats the Fire Phoenix team in training! Reward a grid!"

Hearing this sound, Qin Yuan's eyes suddenly brightened. He didn't expect that he would release the mission. However, he took a closer look at the mission requirements, but his brows wrinkled slightly and he was not allowed to use skills!

For Qin Yuan, this is a little bit challenging. After all, Qin Yuan's radar capabilities, thermal imaging capabilities, and eagle eye capabilities... all need to be activated actively, and once the use of active skills is not allowed, Qin The rest of Yuan is probably almost the same as ordinary special forces.

But it's enough to deal with these people!

Qin Yuan smiled at this time, this task is slightly more challenging!

"Well, since you have agreed, then we will officially start this game now. You are a team, and I am a team personally. See who can completely eliminate the other party! As your trainer, so I give You take the first opportunity. You have half an hour to arrive on the battlefield early to discuss strategies. I will leave in half an hour. I hope you can hold on to the end."

Hearing Qin Yuan's words, the people in the Fire Phoenix team were moved in their hearts. After all, in normal times, Qin Yuan used extremely harsh conditions to demand them. Who knew that this training was given them half an hour in advance. Preparation time, this is rare!

This also shows Qin Yuan's confidence.

Ye Cunxin wanted to say something after hearing this, but Tan Xiaolin quickly stopped Ye Cunxin and said to Ye Cunxin:

"Okay, let's not say more. We will take advantage of him for the last time. When he loses to us, he will definitely never dare to say such things again."

Hearing this, Ye Cunxin nodded, then quickly arranged the equipment and left here directly.

But before leaving, Tan Xiaolin smiled and said:

"Instructor, can we use all the equipment in our base?"

"Of course."

Qin Yuan smiled, almost able to guess what these girls are thinking.

"Well, sisters, let's go!"

At this time, Tan Xiaolin yelled. This group of Yingying and Yanyan would actually walk directly in the direction of the car, obviously wanting to drive away.

And these guys are very thief taking away all the small vehicles. In this way, if Qin Yuan wants to pass, he can only drive large vehicles. In the jungle, driving such a big car, it's not What a good thing!

Seeing such a situation at this time, Wang Yanbing and others who stood watching and laughed suddenly:

"Captain, you have to be careful, these female hades are not easy to provoke, don't capsize in the gutter!"

"That's right, if we lose, we won't have a face We can only let the number five substitute directly!"

Hearing this, Qin Yuan cursed with a smile:

"Fuck off, I don't want me to order one by one! Go go, what should I do!"

Hearing this, the people from the Red Blood Cell Squad went to the monitoring room happily.

It is not the first time that they have engaged in this kind of actual combat exercise, so they are already very familiar with the process, such as this kind of game, need a third party to

monitor, and they have a lot of cameras in the training field. It happened to be able to see what strategy these female soldiers were using.

Of course, Qin Yuan wouldn't cheat. He stayed here for half an hour, then he laughed and said lightly:

"Novices, let you taste the power of old birds!"

Saying this, Qin Yuan headed straight towards the back mountain!

And in the back mountain at this time, the people of the Fire Phoenix team, a team of two, are hidden in various places.

This time the confrontation was able to hold Qin Yuan's hands for an hour. For the people of Fire Phoenix, the winning rate was still quite high.

After all, they have already prepared half an hour in advance, and they have a full eight people, Qin Yuan has only one person, and even more unintentional, he can definitely win! !

At this time, Tan Xiaolin glanced at the time and said lightly to the intercom:

"The time is up, everyone pay attention. It is estimated that Qin Yuan has already come towards us, everyone pays attention, he may be lurking in, so be sure not to reveal where you are! Once you find Qin Yuan's location, don't act rashly , We will definitely not be his opponents!"

Chapter 298: Run fast

But when he heard Tan Xiaolin's words at this time, Shen Lanni didn't understand it and said:

"Tan Xiaolin, we are not Qin Yuan's opponents, but we have guns in our hands, and there are a full eight people. As long as we find Qin Yuan and shoot directly at him, he alone can belong to the eight of us. opponent?"

But Ye Cunxin said disdainfully:

"Shen Lanni, it is true that your muscles have been drilled into your head. Do you know that Qin Yuan is He Chenguang's master, my master, and a top sniper!"

"What's the matter with the sniper, the sniper is no longer a human being, why can the sniper be invulnerable!"

Hearing Ye Cunxin's mockery at this time, Shen Lanni couldn't sit still and said directly to Ye Cunxin.

"Okay, don't quarrel, what you two said makes sense, but we must choose conditions that are more favorable to us! Qin Yuan must be very difficult to deal with. Once we take the initiative to attack him, if we fail, I'm afraid we'll be completely annihilated, and there will be no chance at all, but if we avoid him, as long as we survive this hour, we will win!"

At this time, Tan Xiaolin gave two people a word of comfort.

To say who among these people wants to win Qin Yuan most, it must be Tan Xiaolin. After all, in Tan Xiaolin's view, this is an opportunity to regain her dignity, and to let Qin Yuan know that she is not a simple vase. , But a real fighter!

At this moment, everyone suddenly heard the sound of heavy metal music, and they suddenly felt like a bell in their hearts, knowing that Qin Yuan had arrived!

"Alert!"

At this time, following Tan Xiaolin's order, everyone became nervous. As an observer, Shen Lanni watched a car driving in directly from the outside of the deep forest, and it was also playing heavy metal music, and she said angrily:

"This guy didn't put us in the eyes at all, and he dared to do such a thing. Isn't he looking for death? Ye Cunxin, just look for a chance to shoot and kill him!"

At this time, Ye Cunxin also used the scope of his sniper rifle, staring at Qin Yuan closely, looking at Qin Yuan in the scope, because of the ruggedness of the vehicle, his body was trembling.

Such a tremor was completely in Ye Cunxin's expectation. As long as she gently pulled the trigger, Qin Yuan could be directly eliminated by her.

But even so, Ye Cunxin didn't dare to start at all. There was always a faint feeling in her heart, as long as she fired the shot, it would be completely finished!

"Wait a second, this is not a good opportunity..."

At this time, there was a slight cold sweat on Ye Cunxin's forehead, adjusted his breathing, and continued to stare at Qin Yuan.

And Shen Lanni watched Ye Cunxin still not moving, and violently punched her thigh, but they didn't have any ownership now, nor could Shen Lanni directly order Ye Cunxin.

And since everyone is unwilling to take the initiative to deal with Qin Yuan, Shen Lanni can only come by herself.

Looking at the direction of Qin Yuan's car, Shen Lanni slowly lurked in the past, planning to directly attack Qin Yuan when Qin Yuan got off the car, and these teammates would definitely seize the opportunity to attack Qin Yuan!

Sacrifice her in a big deal, but the final result is that the game can be ended in an instant!

But at this moment, the voices of Tian Guo and Ouyang Qian came from the walkie-talkie:

"Don't get excited, everyone, I have already buried mines on his way forward. As long as Qin Yuan dares to come over, the mines will explode in an instant. Then we can win this victory without a **** sword!"

Hearing Tian Guo's words, everyone was shocked, and then said to Tian Guo with surprise on his face:

"Tian Guo, how can you still use this kind of technology, landmines or something, we haven't learned it yet?"

"Hey, don't forget, I came from the chemical defense group. I have a teacher there. He just likes to play landmines, so I learned it from him!"

Tian Guo heard the compliments from the crowd, a little embarrassed, and told her all her experiences.

When they heard Tian Guo's words, everyone was even more delighted. At this moment, they all stared at Qin Yuan's position closely. Once they heard the sound of a landmine detonating, the electronic signal would instantly spread everywhere. Qin Yuan will be eliminated instantly.

You need to know that this electrical signal is different from a bullet. It just can't be avoided, and it doesn't care about Qin Yuan's physical fitness. All are the same!

Even if Qin Yuan has great abilities, he will still not be able to show it!

At this time, the members of the Fire Phoenix team are staring at the direction Qin Yuan is currently in, looking forward to that sound!

At this time, Tan Xiaolin was also very nervous looking at Qin Yuan's car with a binoculars, but Qin Yuan drove like this, and was about to reach the place where the mine was, Qin Yuan stopped directly!

At this time, everyone's hearts were completely pulled, and Tian Guo was extremely nervous!

is almost! Almost!

As long as Qin Yuan walks three or four meters ahead, will be included in the scope of the explosion!

At this time, the cold sweat on Tian Guo's forehead was coming out, staring closely at Qin Yuan's location, ready to directly detonate this mine.

And Qin Yuan also noticed something strange at this time, got out of the car and looked at the land in front of him, but there was a smile on his mouth.

Landmines, I didn't expect these nizes to have such an ability, but unfortunately you met experts who buried landmines!

At this time Qin Yuan walked forward slowly, holding her breath, and Tian Guo was even more nervous, staring at Qin Yuan's footsteps, as long as she stepped into the explosion zone of the mine, she would directly pull the string and pull Qin Yuan eliminated!

And Ye Cunxin also aimed directly at Qin Yuan's head. She is now only 500 meters away from Qin Yuan. At such a distance, hitting Qin Yuan's head is simply a tenacious thing!

But the more this happened, the less Ye Cunxin dared to do it. She planned to wait until the mine exploded before catching Qin Yuan's flaws. At that time, Qin Yuan would be a little flustered in order to avoid the bombardment of the mine. Then she would shoot The best time!

But just when everyone was staring at Qin Yuan closely, seeing that Qin Yuan was about to step into the minefield, at this moment, he shook his mind, but was extremely horrified to find that Qin Yuan had disappeared before their eyes!

"Where are people?"

At this time, Tian Guo stared at his big eyes and looked at the position just now with disbelief. As long as Qin Yuan walked two steps forward, Tian Guo would directly detonate the landmine, but this is the case, Qin Yuan disappeared!

"Not good, Tian Guo, run quickly!"

Chapter 299: shot

At this time, Tan Xiaolin screamed into the walkie-talkie, and when Tian Guo heard this, she also directly hit a joke. He and Ouyang Qian wanted to run, but they had not had time to

stand up, but suddenly Feeling that someone appeared behind them, two big hands pinched their necks instantly, and a ghostly voice sounded above their heads:

"Hey, the first and second little mice!"

Tian Guo and Ouyang Qian were surprised. This was Qin Yuan's voice. They just wanted to fight back against Qin Yuan, but at this moment, they suddenly felt the sinking of their hands on their necks. The eyes of Tian Guo and Ouyang Qian were suddenly black, and their consciousness disappeared!

At this time, Tian Guo and Ouyang Qian could not be heard at all. Tan Xiaolin's heart was extremely shocked, but she reacted very quickly and said directly to the walkie-talkie:

"Ye Cunxin, aimed directly at the location where Tian Guo and Ouyang Qian were just now, Qin Yuan is there!"

"Boom! Boom! Boom!"

At this time, a series of gunshots sounded, and the people of the Fire Phoenix team instantly shot a series of saturated shots at the location of Tian Guo and Ouyang Qian!

But even so, there is no sound there, even Tian Guo and Ouyang Qian have disappeared!

All the members of the Fire Phoenix team suddenly cast a shadow in their hearts. Are they hell? Why are such a big person just disappearing in front of them?

At this moment, Tang Xiaoxiao was hiding in a tree, watching her surroundings very vigilantly. She was the most flexible, so she directly blocked her body completely by the tree trunk. Although she fired a shot just now, she used one. Think carefully, after firing the shot, it instantly changed to another position!

What's more, there is a silencer on her gun, and the sound is not very loud. Qin Yuan will definitely not come to her!

But at this moment, Tang Xiaoxiao suddenly saw a dark figure, like a gecko, and came up towards the tree in an instant. Then Tang Xiaoxiao just wanted to do something, carrying his branch, suddenly broke into two sections. , Tang Xiaoxiao screamed, and instantly fell towards the tree!

Hearing Tang Xiaoxiao's screams, Tan Xiaolin was even more panicked, and directly asked the walkie-talkie: "Tang Xiaoxiao, what's wrong with you?"

But from the walkie-talkie, there was a deep man's voice:

"Hey, the third one!"

Hearing this voice, everyone is like falling into the ice cave. Now they are completely aware that in this game, they are not hunters, but Qin Yuan's prey, even if there are so many. First of all, they had fallen into Qin Yuan's trap and completely changed their form!

At this time, everyone was extremely nervous, looking at their surroundings in horror, as if Qin Yuan would suddenly rush in front of them and directly eliminate them!

"Attention everyone, we shouldn't think about how to eliminate Qin Yuan, but should notice that our chance of victory is delayed for an hour, and now 20 minutes have passed, everyone is completely hidden, and we should not send any The voice of Qin Yuan caught us!"

At this time, Tan Xiaolin whispered to the walkie-talkie, and then turned off the walkie-talkie without waiting for the answers from the players. In this situation, they can only rely on themselves. After all, once they get together, they will only be eliminated more people. !

All the people have ugly faces. They really didn't expect that Qin Yuan's strength is so much higher than them. Is this still a human?

At this time, Qubie Azhuo was also hiding in a bush, looking at her surroundings. In this half an hour of preparation time, she did the most preparation activities, and directly placed a large circle of traps around her. Traps are used by old hunters to catch tigers and bears and other large beasts. I believe they are equally effective for Qin Yuan!

And at this moment, Qubi Azhuo suddenly heard his own, and there was a sound behind him. This was the sound of the trap being activated. This time Qubi Azhuo suddenly turned his head and just wanted to face the trap. He took a shot, but saw a dark figure rushing towards him!

Qubi Azhuo gritted his teeth abruptly, and in an instant he took out his pistol and kept firing at the shadow, but Qubi Azhuo only had time to shoot two bullets! But just saw that this dark figure is not Qin Yuan, but the sturdy Tang Xiaoxiao who has been bound!

Tang Xiaoxiao's mouth was tied with a cloth strip. Two bullets from Qubi Azhuo directly hit her body. Tang Xiaoxiao's eyes were tearful with pain, but her mouth was screaming to remind Qubia. Zhuo!

Qubi Azhuo suddenly felt that he was clever, and when he heard that another trap was triggered behind him, he quickly turned his head and raised his hand with a shot!

However, this bullet failed to leave Qubie Azhuo's barrel. Qubie Azhuo's pistol was grabbed by one person in an instant Twisted bit by bit, Qubie Azhuo's pistol turned out to be. It was taken directly by this person!

over!

Qu Bi Azhuo's heart is extremely desperate, she looked at the oiled man in front of her, knowing that she would definitely not be the man's opponent!

"Qubi Azhuo, I'll help you!"

At this moment, a voice suddenly came from above, and Shen Lanni jumped directly from the tree here, and suddenly kicked the man!

Hearing this voice, Qubi Azhuo's heart was shocked. Shen Lanni was the best of their kind. Together, even if they couldn't beat Qin Yuan, they could at least delay Qin Yuan's time. When other people heard the sound here, they would definitely shoot here, and then they could drag Qin Yuan to death together!

At this moment, Shen Lanni looked at the man in front of her with red eyes. She wanted to fight Qin Yuan for a long time, but Qin Yuan always thought that she was a pediatrician, and she refused to fight her at all. With this opportunity, Shen Lanni naturally wanted to grasp it!

And the surrounding He Lu and Tan Xiaolin heard that the gunshot from Qubie Azhuo's pistol just moved quickly toward Qubie Azhuo's location!

The distance between them was not far, and soon I was able to see where Qubi Azhuo was, and it happened to see Qin Yuan! !

This is the second time they have seen Qin Yuan's face in the time this exercise started!

Now I saw Qubi Azhuo and Shen Lanni smile approvingly, and then instantly took out his pistol and shot Shen Lanni directly!

Chapter 300: search for

Shen Lanni couldn't think that Qin Yuan was so despicable. She had already planned to fight Qin Yuan head-to-head, but Qin Yuan actually took out a pistol!

A bullet passed through Shen Lanni's hair in an instant, and hit the person behind. He Lu was incredibly unbelievable. Seeing the green smoke on her body, she could only helplessly put down her hand. The gun, she has been eliminated!

On Tan Xiaolin's side, I also felt that the instrument on her body trembled, which proved that she was eliminated!

Tan Xiaolin's eyes widened. She hadn't done anything yet, how could she have been eliminated? Just about to say something, she saw a sound around, an electronic mine directly exploded, and she was actually blown up by this mine. died!

At this time, Qin Yuan, left and right, directly kicked Qubi Azhuo and Shen Lanni with two feet, Qubi Azhuo and Shen Lanni were kicked out by Qin Yuan abruptly. This was quite serious. He didn't get up on the ground for a long time.

said that it was late or fast, from Qin Yuan rushing over, to directly knocking out Shen Lanni with a pistol, and then to Qin Yuan shooting Qubi Azhuo and Shen Lanni down, it took less than ten seconds!

"Four, five, six, seven! Not bad, not bad!"

At this time, Qin Yuan looked at these people with a smile on his face, and gently patted his hand!

Seeing Qin Yuan's appearance, Qubi Azhuo and the others were immediately stunned.

Although they know that Qin Yuan is very strong, they have never seen Qin Yuan take a shot, nor have they seen Qin Yuan participate in training, and they have no idea how strong Qin Yuan is.

In this actual combat drill, they finally saw the power of Qin Yuan, and they understood why there are so many masters in the red blood cell team, but Qin Yuan is the leader of the red blood cell!

Although twenty-five minutes have passed since one hour, it took Qin Yuan another twenty minutes to get from the base of the red blood cell to this jungle. This means that after Qin Yuan entered the forest, only five minutes had passed!

In 5 minutes, all 7 of them were eliminated. Is this really something that one person can do?

"I didn't realize that you have so many unexpected abilities before. It seems that you need to cultivate it. It's not bad. I moved a little bit with you, and felt that your muscles and bones were also relaxed. Are you convinced that you lose this time? "

At this time, Qin Yuan said to these seven people with a smile on his face, but after hearing what Qin Yuan said, Shen Lanni clutched her belly and said to Qin Yuan:

"What are you proud of? You haven't eliminated all of us yet, Ye Cunxin is still there!"

Although Shen Lanni and Ye Cunxin don't deal with each other normally, she can only put all her hopes on Ye Cunxin's body in the current situation.

"That's right, Ye Cunxin is our sniper. If you say this in front of us so swaggeringly now, aren't you afraid that Ye Cunxin will head you directly?"

He Lu also said directly to Qin Yuan, but Qin Yuan showed a mysterious smile when he heard such words.

The reason why he would say such nonsense in front of these people is not only to mock them, but also to attract Ye Cunxin's shot!

Don't look at Qin Yuan's now relaxed look, but his entire body is tight. As long as Ye Cunxin dares to shoot, he can rely on his own danger perception ability to directly avoid Ye Cunxin's shooting, and then lock Ye Cunxin. The position of Cunxin leaves Ye Cunxin completely in nowhere to escape!

Danger perception ability belongs to Qin Yuan's passive ability, just like Qin Yuan's powerful physical quality, it is not an active skill.

What made Qin Yuan feel surprised was that he waited for a full minute and did not hear Ye Cunxin's gunshots.

Even Qin Yuan revealed more flaws. Such flaws are an irresistible temptation for any sniper, but Ye Cunxin actually resisted such temptation forcibly, silently, without any movement!

As time went by bit by bit, Qin Yuan was a little untenable. There are still 20 minutes left. If Ye Cunxin keeps hiding from himself like this, then Qin Yuan really doesn't know what to do. .

After all, Qin Yuan cannot use any search skills now. These search skills are active skills. Once Qin Yuan uses these skills, it will prove that the task of the Fire Phoenix team that Qin Yuan defeated before has failed.

That's a grid, Qin Yuan didn't want to let the task that had to be obtained with difficulty, so he failed hastily.

What's more, Qin Yuan wanted to teach Ye Cunxin a lesson, letting Ye Cunxin know who is the strong person.

Qin Yuan couldn't stand up anymore, so he started to move quickly and looked around, but after searching for most of the day, Qin Yuan still couldn't find Ye Cunxin's trace. Seeing that there were 5 minutes left, Qin Yuan's heart Also a little worried.

Where did this Nizi hide? Why are there no traces?

At this time, I saw Qin Yuan's appearance and waited for someone to mock Qin Yuan at first, but later was extremely surprised, wondering where Ye Cunxin was hiding, even though they all They were already dead bodies, but Qin Yuan didn't restrict their actions. They just followed Qin Yuan, observing wherever Ye Cunxin could hide.

But Qin Yuan has found all these places they can think of, but there is still no trace of Ye Cunxin!

"Where did Ye Cunxin hide? Could something unexpected happen?"

Qubi Azhuo said a little nervously at this time, and Shen Lanni quickly covered Qubi Azhuo's mouth:

"Bah, what are you talking about? Although we are not considered safe here, it is not that easy to accident."

Qin Yuan frowned slightly, carefully observed the surrounding area, and finally saw a place, Qin Yuan showed a smile.

Although most of the back mountain they are in is jungle, there is also a relatively low-lying place. When it rains, it will be a small river ditch, but this small river ditch has no water. After all, a lot of fallen leaves are accumulated here. In the small river ditch, the small river ditch directly formed a swamp! !

Even during normal training, people like Qubi Azhuo would avoid this small river ditch. After all, this place doesn't know if there will be any other animal corpses. With the smell of fallen leaves, the smell here is really good. It's unbearable.

Qin Yuan has searched all the places, so he has determined that Ye Cunxin must be hiding under this swamp!
