

Special Soldier 31

Chapter 31: Shocked Thunder Fight [2/4]

Fan Tianlei gave a wry smile.

Hang up the news that I just got, very helpless!

no way!

This exercise!

If Qin Yuan hadn't appeared!

The Blue Army will end the battle perfectly with a very low casualty ratio!

But now--

Because of Qin Yuan's appearance!

The battle damage ratio of the Blues is already very high and very scary!

The main thing is!

Fan Tianlei never dreamed of it!

Qin Yuan alone, single-handedly killed his wild wolf team!

This is for Fan Tianlei!

is simply a nightmare result!

Because, every special warfare team has devoted countless hard work and high price to the training!

Every loss of one person is unacceptable!

Let alone an entire squad is wiped out!

Chen Shanming took a record book, walked over from the rear, and smiled calmly, "Chief of Staff, if you strictly follow the exercise procedures and require actual combat, you are now talking to the wild wolf team leader Wang Qiang and the six soldiers. The exercise regulations! Because during the exercise, the dead are forbidden to speak."

Fan Tianlei smiled when he heard the words and didn't care. "Shanming, you are revealing my scars! The wolf squad was wiped out. If I can't ask about such a big thing, then this exercise has not gone on Necessary."

To know who killed the wolf squad!

Fan Tianlei learned the truth after asking actively!

When he heard that it was a guy named Qin Yuan who eliminated them, Fan Tianlei was indeed mixed with joy.

What is depressing is that the Wolf Squad was killed!

The happy thing is that he never dreamed that this newcomer Qin Yuan would be so tough!

is much stronger than he thought!

"Shanming, if you can unearth a few seedlings through this military exercise, it is understandable to violate the rules in such small details."

Fan Tianlei smiled, cleared up his mood, and then said, "Shanming, you go and call Thor for me."

"Yes, the chief of staff!"

Chen Shanming smiled, nodded, then turned and left.

a moment.

A heavily armed thunder war, from outside the command post, came in arrogantly, "Chief of Staff, what's the matter? Got a mission?"

For this exercise?

Lei Zhan didn't care at all.

According to his words, in this exercise, there is no one who can fight!

There is no guy worthy of him!

Even until the end!

I'm afraid they don't need the Raiden Commando to take action.

and so.....

He didn't even put in much energy.

"Not bad! There is a task! And, it is a very challenging task!"

Fan Tianlei smiled, a pair of tiger eyes gleaming.

"Oh? A challenging task?"

When I heard the thunder war, a strong spirit suddenly came.

"Chief of Staff, this very challenging task, won't let us kill Kang Lei?"

Lei Zhan raised his eyebrows, expressing his disdain for this task.

"Kill Kang Lei?"

Fan Tianlei smiled and said, "Thor, if it's such a low-end task, I won't call you!"

"Before telling you about this mission, I want to ask you a question first. If you are asked to single-handedly single-handedly challenge the entire wolf squad in this exercise, are you sure of winning?"

Fan Tianlei smiled mysteriously on purpose.

"The Wild Wolves Squad is the second-rate special team of our Southeast Military Region! The combat effectiveness is very strong!" Lei Zhan's head swiftly moved. "Ordinary troops would not have much chance of winning even a platoon! When the commando met them, I am sure that I can wipe them out at the expense of one member!"

"But, if I stand against them alone! I am afraid, I can kill at most five of them? If you want to win, kill them all? Very difficult!"

Lei Zhan thought about it seriously, and said truthfully!

Raiden Commando as the special warfare trump card of the Southeast Military Region!

Its strength is definitely a superb existence!

Even if you look at the special forces across the country, they are among the best!

belongs to the best level!

But...

This is comprehensive strength!

Although Lei Zhan is arrogant, he does not have much chance of winning when he faces the wolf squad alone.

"Yes! In the Southeast Military Region, although the Wild Wolf squad is second-rate, it is because there are thunder and lightning, lone wolf, and war wolf in the Southeast Military Region. These three super-class special teams exist!"

"The strength of the wolf squad is actually very powerful!"

"But today!" Fan Tianlei suddenly changed. "The Wild Wolf team was eliminated during the exercise!"

"What? Wang Qiang, the whole army is annihilated?" Lei Zhan raised his eyebrows, his face was surprised!

"Not bad!" Fan Tianlei smiled when he saw the effect of what he said.

"Did they get eliminated in a fight with the Red Army?" Lei Zhan asked deliberately.

no way!

This news!

is really shocking!

Wolf team is not strong enough!

But that is also compared to their super special team like Raiden Commando!

If compared with the current red soldiers, it is definitely a crushing game. They have a group of 7 people, even if they meet twenty or thirty people and arrange their tactics, they can easily kill all the opponents.

but now.....

They were eliminated?

Fan Tianlei smiled calmly and shook his head.

He knew that the big fish Lei Zhan had already taken the bait!

"Could it be that they encountered the Red Army ambush?" Lei Zhan was surprised to death!

"Wrong! I'll tell you directly!" Fan Tianlei smiled cheerfully and said: "They, was killed by one person during the exercise!"

"Anyone?" When Raytheon heard this, he shook his head quickly, with a face of disbelief: "Chief of Staff, are you kidding? How can one kill the Wolf Squad?"

In the eyes of Thor, this is simply a fantasy!

Things that can never happen!

"In fact, when I first got the news, I didn't believe it! But that's the truth!"

Fan Tianlei saw that Thor's emotions were completely mobilized, and he gave another heavy hammer!

"My God!" Raytheon received Fan Tianlei's confirmation again, and he couldn't help but sighed with emotion, "Chief of Staff, could it be said that there are such terrifying existence among the Red Soldiers in this exercise? Opponent! Even I can't help but want to challenge it!"

"Yes! This opponent is indeed very strong! Unbelievably powerful!" Fan Tianlei smiled and said, "And Thor, do you know? This person, you actually know it too!"

"He is... Qin Yuan!"

Fan Tianlei said with a smile.

"What? Qin... Qin Yuan?"

Lei Zhan blinked his eyes, his face looked incredible!

"It turned out to be him?"

"Not bad!" Fan Tianlei nodded cherishedly, "Thunder God, I now order you to lead all the Thunder and Lightning Commandos to arrest Qin Yuan, can you do it?"

"Don't worry, Chief of Staff! Guarantee to complete the mission! This Qin Yuan, I've got it!" At this moment, Thor seemed to see a lion prey, and finally awakened!

"Haha, good! Then I look forward to your triumphant victory!" Fan Tianlei said with a smile.

"Waiting for my good news, Chief of Staff!" A sneer appeared from the corner of Thor's mouth, and he quickly left and entered the battlefield!
