

## Special Soldier 321

Chapter 321: Computer master?

But at this moment, on Qin Yuan's side, looking at everything on his computer screen, a smile appeared on the corner of his mouth.

Jigong Mountain, biochemical weapons, sports games...

All Black Cat's plans have all appeared in front of Qin Yuan.

At this time, those people in the red blood cell team saw Qin Yuan smile, and suddenly smiled.

They all understood that as long as Qin Yuan showed such an expression, it meant that the matter was almost resolved!

And the expert next to him saw Qin Yuan's appearance at this time, and glanced here curiously, but after seeing the information on Qin Yuan's screen, his eyes widened and he called out in disbelief. :

"How could it be that you actually disarmed this controller!"

The ominous countdown on the controller has stopped at this time, and now the number on the controller has been cleared directly!

When Qin Yuan heard this voice, he dug out his ears helplessly. Just now, this person's voice was so loud that it made his ears itchy.

What's so fuss about, Qin Yuan thinks that he can unlock the password of this controller in 5 seconds, who knows that he can do it in 3 seconds. In the later time, he will pass this signal to counterattack the source of the signal. It took ten seconds.

At this time, the armed police around, hearing the expert's words, all understood, Qin Yuan, he had already disarmed the controller, and everyone could survive!

At this moment, everyone was excited and let out a cheer. This was an escape from the dead. This kind of excitement was completely irreplaceable for the other kind of excitement!

At this time, the superiors who commanded this operation were relieved when they saw this situation. If an explosion really occurred this time, hundreds of soldiers might have been sacrificed this time. This is a major one. Mistakes, I am afraid that all of them will be cleaned up from top to bottom.

This is still the most basic, and more importantly, the guilt of their commanding mistakes, I am afraid that they will stay with them for a lifetime.

At this moment, everyone looked at Qin Yuan with great gratitude. Although they didn't know the identity of the person in front of them, they knew that it was this person who saved all of their lives.

Qin Yuan heard the cheers of those people, and a smile appeared at the corners of his mouth. In fact, not only did he save so many lives this time, but more importantly, he obtained the information.

This clearly marked all the plans of the black cat, and Qin Yuan did not expect that the black cat had deployed such a powerful biological and chemical weapon in the chemical factory of Jigongshan. If it were not for Qin Yuan to get the news in advance, in case This biochemical weapon really broke out, and that would be the real unimaginable consequences.

At this time, Qin Yuan also turned on the headset again, but as soon as he turned it on, Fan Tianlei's voice came from his ears:

"You bastard, don't listen to my command at all, come back and wait for confinement!"

After Qin Yuan heard this voice, he said angrily:

"Let's pull it down, this time I made such a great contribution. It would be nice if you didn't reward me with a few small red flowers. You also closed my confinement. Hurry up, find a computer. I have some information here. You send it."

Hearing these words at this time, Fan Tianlei was also taken aback, and then said in an angry tone:

"You kid, you won't put me in your eyes after you've done a little bit of credit. I tell you, it's better to be honest in the future. I'll take your handle."

When Qin Yuan heard this, he was even more speechless. He didn't bother to pay attention to this old guy, and said directly:

"I have found the IP address near you. I will send it to you now. You can read the information and talk about other things later."

After saying this, Qin Yuan directly sent all the information he had obtained from the black cat.

Hearing Qin Yuan's words still so hard, Fan Tianlei also blew his nose and stared, but when he heard the news from an assistant and saw the information from Qin Yuan, his eyes went wide. Without any joking thoughts, his face sank instantly.

"Black cat, k2!"

Seeing these materials at this time, Fan Tianlei gritted his teeth and popped these words from between his teeth. Then he reacted and said directly to the assistant on one side:

"Attention, everyone. Let's set out now and target the Jigongshan Chemical Plant. This time we have to bring along chemical defense troops. There is a big problem."

After all, Fan Tianlei knew very well that Yan Nation had a large population. If any biochemical and viral weapons really broke out, it would be the most difficult to manage, and the damage would probably be greater than other countries.

What's more, now is the time for their country's rapid development, and it is still holding the Youth Games. If such a major crisis breaks out at this time, I am afraid I don't know how to be chased by those internationally!

Hearing what Fan Tianlei said, Mr. Wen, who was standing on the side, came over with a smile:

"Lao Fan, haven't things been resolved? Why are you still so serious?"

"Let's see for yourself, under our noses, there is such a thing!"

At this time, Fan Tianlei spoke directly to Wen Guoqiang.

When he saw the information, Mr. Wen also gave a shock in an instant, and took a breath:

"A poisonous strategy, We always thought that black cats did not pose too much of a threat to us. Who knew that the first shot was so cruel. After killing one of his minions, we did not expect that there would be such a thing later. Fortunately, it's still too late. Everyone follows the Golden Eagle's dispatch and heads to Jigong Mountain!"

After giving the order, Fan Tianlei and Wen Guoqiang looked at each other, and both breathed a sigh of relief:

"Lao Fan, this time I really want to owe you a cadre under your hand. If he hadn't cracked the bomb and intercepted such information, I am afraid we would have suffered a heavy loss this time. I don't know his name. Of course, If you can't say anything, then I won't ask."

At this time, Fan Tianlei shook his head and smiled when he heard Wen Guoqiang's words.

"You've seen it before, the captain of my red blood cell!"

Wen Guoqiang's eyes widened when he heard this:

"What? It turned out to be him. Didn't I remember he was just 20 years old? I just came back from the Silver Triangle some time ago. I haven't heard from him for more than a month. I thought he asked you to send out for other tasks. Now, is this kid not only a super soldier, but also a computer expert?"

Chapter 322: How did you climb up?

At this time, Fan Tianlei also shook his head, and said to Wen Guoqiang:

"I don't know how many skills this kid has, nor how he was trained at a young age, but I am completely relieved now, no matter what tricky things are, as long as they are handed over He, then there is nothing impossible."

Hearing this, Wen Guoqiang said with some envy:

"Oh, I didn't expect you to have such an easy-to-use talent. I wonder if you can transfer him to my hands to help me complete some tasks!"

Fan Tianlei's eyes went wide, looking at Wen Guoqiang and said:

"Okay, Old Wen, did you dig the foot of the wall? I tell you, this is impossible. This soldier is not only my fancy, even the high school general is very optimistic about him, so Yeah, don't even think about poaching him from me."

Wen Guoqiang was also a little disappointed when he heard the news, but he laughed thieflly, and said directly to Fan Tianlei:

"I know that for people like this, your military will certainly not let go easily, and I am not greedy. As long as you can send him to me and perform several tasks for me, that's fine. Anyway, we usually Sometimes you will also cooperate with your military, can't you just send him over?"

When Fan Tianlei heard this, he glanced at Wen Guoqiang with some suspicion. He always felt that this guy was a little unkind.

"Oh, Lao Fan, we have been in friendship for many years, the big deal, I will ask you a few more drinks!"

Wen Guoqiang said to Fan Tianlei somewhat flatteringly:

"Let me tell you, I have these few bottles of good wine that have been in stock for decades, don't you want to taste it?"

Fan Tianlei nodded, and said directly to Wen Guoqiang:

"Okay, okay, then I promised you. I didn't expect this kid to be able to frame the good wine you have collected for decades from your hand. It seems, I really have to give him a few red flowers. Up."

Qin Yuan didn't know that his fate was decided between two people talking, but he didn't care much if he knew it. After all, for Qin Yuan, only by performing more tasks would there be more grids. So Qin Yuan is not afraid of more things, but less of them!

Now, I just have to look towards Jigong Mountain.

But in a place tens of kilometers away from Jigong Mountain, a big event just happened.

This is the most prosperous street in Donghai City, and on this street, there is a place called Haixin Building.

And this building belongs to Ye Cunxin's mother, Zhang Haiyan.

As a well-known entrepreneur in Donghai City, Zhang Haiyan is naturally not short of money, and Ye Cunxin also grew up in such an extremely superior environment since he was a child.

Zhang Haiyan only has the daughter of Ye Cunxin, so for Ye Cunxin, she was spoiled since she was a child. This also made Ye Cunxin develop a lot of bad habits, but these bad habits have been since Ye Cunxin entered the military camp, especially after Qin Yuan's training. After that, many corrections have been made.

However, there is a saying that is easy to change, and nature is difficult to change. Now that it is hard to take a vacation, Ye Cunxin is a little free. Ye Cunxin is wearing a leather jacket and looks heroic. He went directly into this building, but he was caught. The security stopped:

"Miss, please stop, do you have an appointment?"

When Ye Cunxin heard this, she frowned. She usually wouldn't come to her mother's company, so these security guards didn't know herself, and she usually needed a badge to get in and out of this building, and Ye Cunxin Just came out of the barracks, no time to get the name badge.

"Hey, I'm going to see Mr. Zhang, do you have to make an appointment? Is this score too big?"

To be honest, Ye Cunxin usually treats her mother like her own good friend. The two are dependent on each other. Zhang Haiyan treats Ye Cunxin very well. Therefore, although Ye Cunxin and Zhang Haiyan have a deep relationship, they lack a certain degree. respect.

At this time, the security guard saw Ye Cunxin's appearance, and he became a little vigilant, and said directly to Ye Cunxin:

"Miss, otherwise you make an appointment in advance, or come over another day, after all, we have rules here."

But when Ye Cunxin heard this, Ye Cunxin was a little reluctant, glanced at the security guard, and said directly to him:

"What if I have to go in?"

But the security guard said to Ye Cunxin:

"I'm really sorry, miss, can you not make me embarrassed, I'm from the country, I don't know how much effort it took and how many relatives I asked to join this company. There are still young and old at home, You should be pitiful and pity me, don't break my job."

After hearing this, Ye Cunxin suddenly felt a little entangled. To be honest, if the security guard intends to face her head-on, Ye Cunxin really intends to put the security guard in, and then rush in after all. It's your own company, so it's a test of the security's actual combat capability.

But who would have thought that the security guard could say such a thing, this time Koyo Cunxin is not easy to turn his face, and can only helplessly say:

"Well, I'm the one who doesn't see others begging me, so let's find a way."

At this time, Ye Cunxin walked out of the building, but she looked back, but she was a little helpless. She just came out of the army, she didn't even have a mobile phone on her body, and she didn't remember her mother's number. Tell Zhang Haiyan?

But at this moment, Ye Cunxin suddenly saw a pillar leading directly to the top floor on one side, and his eyes suddenly brightened. Isn't this the time to demonstrate his training ability?

As soon as he thought of it, Ye Cunxin walked directly to the pillar, and gestured with his hands, and found that the pillar was just right for Ye Cunxin to grasp, and it was close to the window of Zhang Haiyan's office. Then, just go in and wait for her. Can also scare her!

Then Ye Cunxin calmed down, and then, like a monkey, quickly climbed up the pillar!

This building is fifteen stories high, and Zhang Haiyan's office is also on the top floor. At this time, the people around saw Ye Cunxin climbing up the pillar, and suddenly exclaimed:

"Fuck, look, that's a person! How did you climb up".

"My god, I'm still a woman! Isn't this Spider-Man!"

"Oh my God, she has climbed so high, if she falls, she will fall into meat sauce. Hurry up and call the police, I hope it's still too late."

#### Chapter 234: Own life

But these people were surprised no matter what, Ye Cunxin climbed towards the top floor very quickly, and there was no change in speed, it was like a machine.

In just a few minutes, Ye Cunxin had already climbed directly to the position he wanted, grabbed the office window, and tapped gently.

At this time, Zhang Haiyan in the office was working. She was thinking about how to take advantage of the opportunity of the Youth Games and how to expand their company's name. But at this moment, she saw that outside the window suddenly Someone appeared!

Zhang Haiyan's eyes glared with fright at this moment, but she did not have any stress reaction. Upon closer inspection, she found that her daughter Ye Cunxin was outside. Zhang Haiyan quickly pulled Ye Cunxin in:

"Oh my god, are you dying niezi you want to die? Why did you climb up from outside?"

Zhang Haiyan's eyes widened at this time. Although Ye Cunxin was willing to climb the wall when he was at home when he was a child, but their family was living on the second floor at the time. It was not very difficult for Ye Cunxin to climb up, but now he lives fully. If you want to climb up on the 15th floor, even a well-trained rock climber can hardly do it.

But Ye Cunxin didn't have any protective measures, she pulled it out with bare hands, and seeing Ye Cunxin's appearance, she didn't seem to be tired at all.

Ye Cunxin directly gave Zhang Haiyan a big hug, and said with pride:

"How about? Your daughter is great, right? This is the result of my training in the army."

Zhang Haiyan was also a little surprised at this time. She had already heard that her daughter had joined the special forces. She even thought about whether to use some relationship to transfer her daughter out, but it was stopped by Ye Cunxin.

However, in Zhang Haiyan's impression, even special forces with female soldiers would not train these female soldiers how strong, but Ye Cunxin in front of him had such physical strength, which was beyond Zhang Haiyan's expectations. ,

But Zhang Haiyan concealed her surprise, and said directly to Ye Cunxin:

"You won't walk through the door properly? Forget it, I see, you must have not brought your badge, and other things, have you?"

"Hey, it really deserves to be my mother, who knows me, when shall we eat? I'm going to starve to death, oh, by the way, mother, I have one thing to tell you, I have made an appointment with my comrade-in-arms Okay, I'm going to the Valentine's Island under your hand for a vacation. Can you arrange it for us?"

Hearing this, Zhang Haiyan said angrily:

"This kind of thing needs to be specifically told to me. It's not enough to say hello to your Uncle Zhang, okay, since you are hungry, then you can wait here for a while and wait until my work is done. Eat with you."

"Oh, mother, I'm just the holiday of these few days, so I don't want to waste time at all. Since you have something to be busy, then you should be busy. I'm leaving first. I'm going to eat snacks on the street. , You don't know how much I thought about these snacks when I was in the army, bye~"

At this time, Ye Cunxin said directly to Zhang Haiyan, and when she heard that Ye Cunxin was about to leave, Zhang Haiyan was a little bit reluctant, but the work at hand was indeed anxious, so she said directly to Ye Cunxin:

"If this is the case, I will send you down."

"Okay, oh, by the way, you must never fire your security guard. He is very responsible and should give him a raise!"

Ye Cunxin laughed, Zhang Haiyan was also very happy to watch, and then Zhang Haiyan sent Ye Cunxin directly.

Seeing that her daughter is thinner, but she seems more energetic, Zhang Haiyan is also a little relieved.

just sent Ye Cunxin away, even boasting about the security at the door.

But when Zhang Haiyan returned to the office, she frowned a little. When she left, her seat was upright, but now, it turned over, which proves that someone has entered her office!

"Who!"

At this time, Zhang Haiyan said in a deep voice, as the person in charge of a company, everything on her desk is valuable. If it is stolen by others, it may have a big impact on the company.

Therefore, Zhang Haiyan at this time is ready to call the security guard.

"Mole, your life is very good now. You look at this building and your life is prosperous. With so many employees and such a strange daughter, I look envious."

Hearing such words, Zhang Haiyan's heart was suddenly shocked, even she would never forget the voice of this man in her dreams!

"Black cat. What are you doing? Are you crazy? Do you know where this is?"

Zhang Haiyan didn't have any other thoughts at this time, because she knew that once she acted rashly I am afraid that a bullet would appear and directly penetrate her head without knowing where it came from.

At this time, the man sitting in the boss chair also turned directly around. Although he was wearing sunglasses on his face, the coldness in the man's eyes was still like lightning, and it hit Zhang Haiyan directly!

And this person is the black cat, the leader of k2!

Besides, Zhang Haiyan's husband and Ye Cunxin's father.

At this time, the black cat heard such words, but cried coldly, and said directly to Zhang Haiyan:

"Is there anything wrong? You are our K2 person, I am on our K2 site, do I still need to hide? You or you have betrayed our K2 and sold it? Sold to the army of Yan Country ?"

But with these words, the tone of the black cat has become cold, with a trace of cold murderous intent.

Zhang Haiyan was also breathing stagnant, frowned and said:

"Do you think I will betray you? Will betray my husband?".

"If this is not the case, then why do you want your daughter to participate in special forces training, and I have just seen her training effect is very good, has become a very scary female fighter!"

"That was her own decision. It was too late when I knew it, and I have been working for K2 for so long. Can't my daughter have a life of her own? I don't want her to be like us and need to remain anonymous. She lives and hides in Tibet. No matter when, she needs to hide weapons in her closest place, for fear that others will discover her true identity! I hope she can have her own life!"

## Chapter 325: Command

In the entire office, only Zhang Haiyan was left with a bewildered look, not understanding what happened.

However, Zhang Haiyan knew that she might be safe for the time being, but thinking of the black cat who had left, Zhang Haiyan's eyes flashed with determination.

After such an experience, Zhang Haiyan understood that if she did not get rid of k2, she would not be able to live a good life in her life, so she had made up her mind to surrender to the police.

"Daughter, I will let you have your own life!"

Zhang Haiyan murmured at this time.

At this time, on Qin Yuan's side, he looked at the two new grids he had obtained, and he was very happy.

After reporting the news just now, the people above quickly launched an action, and Qin Yuan was not needed at all. Qin Yuan and others were still on the way, and Jigongshan's operation was over!

After all, the black cat's manpower is also limited. What's more, the more important thing about biological weapons is concealment rather than defense. Therefore, Jigongshan does not have much resistance at all, it has been breached soon, and this biological weapon is destroyed. .

To be honest, Qin Yuan didn't exert much effort in the Jigongshan operation this time, and it was solved by other people, and he got two squares for nothing.

It would be great if such a thing could happen frequently.

Hearing the sound from the system, Qin Yuan couldn't help but laugh.

At this moment, seeing Qin Yuan's wretched look, An Ran, who was sitting opposite, had a cold face.

Seeing this situation, Li Erniu sitting next to Qin Yuan quickly pushed Qin Yuan, and Qin Yuan was able to react, looking at An Ran's appearance, he also showed a smile, and directly asked An Ran. :

"How's it, didn't you have any physical injuries just now?"

Hearing Qin Yuan's words, An Ran was not mad, and said dully:

"I was not injured, but I was scared to death by someone. You said that since you have the strength to disarm the controller earlier, why didn't you do it earlier and threw me out, taking so many people with you? Do it hard, do you know? If something really happens to you, I am afraid I will have a bad life in my life!"

At this moment, An Ran was talking, tears were about to flow out. At that time, she was looking at Qin Yuan below from the helicopter, and almost wanted to jump straight down. If it weren't for her previous trust in Qin Yuan, I'm afraid she really Will jump down.

And hearing such words, Qin Yuan also smiled bitterly. He couldn't tell An Ran directly that he had just learned this ability. What's more, if he did not happen to complete the task of An Ran, Qin Yuan would not have a grid to learn this. skill.

"Actually, I am not very sure, so I will send you away first, I'm sorry, I will pay attention to it in the future, and try not to worry you."

Hearing Qin Yuan's soft words, the qi in An Ran's heart finally disappeared, and seeing that An Ran had been relieved, Qin Yuan directly asked An Ran:

"Before you went to perform the task, I didn't ask too much. Now that the task is over, can I ask where your inseparable little friend Anfisa has gone?"

Although Anfisa was a foreigner, Anfisa took the initiative to surrender and became An Ran's deputy. The relationship with An Ran was quite good. The two people had a good relationship and even made Qin Yuan wonder if they were doing Ji.

"My task has been temporarily completed, but her task has not been completed. We are not performing the same task. Sorry, confidentiality regulations, I can't tell you."

An Ran shook his head apologetically, but Qin Yuan also understood this aspect, but now that he saw An Ran and Anfisa separated, he was a little uncomfortable.

An Ran glanced at Qin Yuan, but there was a strange flash in his eyes, but he didn't say anything.

At this time, seeing the two people didn't seem to have the intention of making a temper. The members of the red blood cells around were relieved.

"Hey, Captain Anran, what do you mean by those words you said before you got on the plane? It seems that our captain didn't hear it very clearly. Could you please say it again!"

At this time, Song Kaifei smiled and said to An Ran, in the situation like Centipede Mountain just now, everyone thought that it was going to be completely finished. At any time, it would naturally reveal the true feelings, but the careful quality, An Ran seemed to be to Qin Yuan It's a bit different!

Hearing Song Kaifei's words, several people became interested this time. The eyes of An Ran and Qin Yuan were also interesting. They all knew that Qin Yuan and Mu Qingmei had a good relationship, although the two did not choose. It's the last layer of paper, but it's obviously that kind of relationship. It's better now, and there's one more Enron between the two. It's a good show!

"Are you itchy one by one?"

Qin Yuan looked straight at these cubs at this time, but when he saw Qin Yuan's jokes, there were not many people. These people would not be intimidated by Qin Yuan's words so they still He looked at the two people with a playful look.

"Huh, what's the matter with you looking at me like this? I just treated your captain not only because of the feelings of my comrades, but also because I admired your captain very much. He also saved me several times. To be honest, I I don't know how to thank him. If I didn't know that he already has a girlfriend, I guess I would have promised him."

At this time, An Ran said directly.

Hearing this, the members of the red blood cell team were shocked and disappointed. Such behavior is only meant to be ridiculed when others feel shy. If they can admit it openly, these people have nothing to say. .

Seeing An Ran's appearance, these red blood cell soldiers are a bit helpless. This beauty's EQ is too high, and it seems that she can't play with them.

It's just that they all looked at Qin Yuan with envy. Whether it was Mu Qingmei or An Ran, they were both rare beauties. As a result, these two beauties both fell in love with Qin Yuan.

Those who have an object are okay, and those who have no object suddenly look envy and hatred.

I even want to talk to myself. Why do you talk about this? Isn't this just causing trouble for yourself? This time, not only didn't tease Qin Yuan and safety, but gave them a set. Seeing Qin Yuan's eyes, they understood that after getting off the plane, Qin Yuan would definitely give them an urgent training! !

Soon, the helicopter landed and they got off the plane directly.

It's just that what Qin Yuan waited for was not the base of the Phoenix or the RBC, but the military and police headquarters of Donghai City!

Chapter 326: Keep waiting

At this time, seeing Qin Yuan getting off the plane, two people came over immediately, it was Fan Tianlei and Wen Guoqiang!

Seeing Qin Yuan's appearance at this time, Fan Tianlei walked over directly, patted Qin Yuan on the shoulder, and said directly to Qin Yuan:

"Good boy, gave me another big surprise. I was scared to death just now. If something really happened to you, I don't know how to explain to Lieutenant General Gao Shiwei."

When Qin Yuan heard this, he rolled his eyes angrily. Although he knew that Fan Tianlei was kind, but this guy let Qin Yuan run away alone at the time, which was a bit inhumane.

To be honest, based on the feelings of people like Qin Yuan and the Red Blood Cell Team, if you really watch these people be blown to death, it is estimated that Qin Yuan will not be happy anymore in this life, maybe he will become a vengeful zombie. In that case, Qin Yuan would rather blow up with his comrades in arms!

It's just that someone else is here after all, and Qin Yuan is embarrassed to speak directly to Fan Tianlei.

And Fan Tianlei was also aware of Qin Yuan's dissatisfaction, but he smiled and did not take it to heart. After all, he also understood that if he was in Qin Yuan's position, he would be dissatisfied.

But dissatisfaction returns to dissatisfaction, at least you don't resent yourself, that's fine, after all, after a long time together, there are mistakes, so you can slowly change it.

"Come, let me introduce to you, this is Wen Guoqiang, President Wen, when you were on the execution ground, you also met Lao Wen, Lao Wen, I have already told you this before, my strongest fighter, Qin Yuan, the captain of the red blood cell team!"

Hearing this at this time, Wen Guoqiang also saluted Qin Yuan directly, and then shook hands:

"Looking up to the name for a long time, it is really unexpected. The young man who was a bit young at the beginning has now become the king of special forces. To be honest, after I saw your record, I was almost scared to death. , Your strength is so strong, have you ever thought of coming to me to do it? You can safely mention the conditions. The environment in our city is definitely much better than in the military!"

Wen Guoqiang said sincerely at this time, but when he heard this, Fan Tianlei blew his beard and stared:

"Damn, Lao Wen, you are not doing this thing authentically, I didn't agree to let him go, so you just started it?"

"Hands are fast, hands are slow, Lao Fan, a sharp knife like this must be polished from time to time to ensure combat effectiveness. Look, there are so many cases on my side, which will definitely satisfy Qin Yuan, you say Isn't it? Otherwise, it's always in the training camp, isn't that violent?"

At this time, Wen Guoqiang said with a smile, and when he heard this, Fan Tianlei became even more angry. Doesn't he want to send Qin Yuan out for a mission? Isn't it to temporarily offset Qin Yuan's previous influence in the Silver Triangle, after all, once someone else Staring, and then targeted attack, but not many people can hold it!

Seeing that the two people were about to fight, the people from the other special teams looked at Qin Yuan with envy. After all, only a master like Qin Yuan could make the two leaders perform like this.

But Qin Yuan said helplessly:

"Okay, the most important thing for me now is to train my team first. As for the next thing, I will talk about it later, President Wen, if you have something to help me, then I will naturally try my best, but you If you transfer me away, you don't have to."

If Qin Yuan is a pauper, then Wen Guoqiang's proposal is good. After all, once he is under Wen Guoqiang's hands, he probably doesn't need to care about the car and house. Even if he wants a wife, Wen Guoqiang can find it!

It's a pity that Qin Yuan is not short of money or wife now, and once under Wen Guoqiang's hand, life is indeed a lot richer, but the stage is also small, like the previous opportunity to go to the Philippines and the Silver Triangle Public School. No more.

Qin Yuan can still clear this light and heavy.

Wen Guoqiang was also a little disappointed when he heard Qin Yuan's rejection of his suggestion, but after all he was on the line with Qin Yuan. If there is any tricky task that is difficult to handle in the future, Qin Yuan may be able to figure out a way. Come, it's not bad.

Several people exchanged greetings, Fan Tianlei and Wen Guoqiang also praised the others, but at this moment, a person suddenly ran over and whispered to Wen Guoqiang, and after hearing the news, Wen Guoqiang's eyes suddenly went wide. The secretary like this said:

"What you said is true?"

"It's true!"

When he heard this, Wen Guoqiang's face suddenly sank.

Seeing Wen Guoqiang's appearance, Fan Tianlei directly asked Wen Guoqiang:

"What's wrong? What happened?"

"I received a tip. The black cat was in our Donghai City before, but after so long, he has escaped now. Damn, if it wasn't for Qin Yuan this time, we might have suffered a great loss. The \*\*\*\*\* is already on our kill list, but turned out to be so easily escaped by him."

After hearing such words, everyone looked at each other, and then Qin Yuan directly asked Wen Guoqiang:

"In what direction did he escape, if we catch up now, will it be too late?"

"It must be too late. It is a pity that he has already crossed the border now. By the way, I have an important job to do now, so I can't accompany you temporarily. Sorry, I can only go to the celebration party. I will meet you again."

At this time, Wen Guoqiang left in a hurry after finishing this sentence, and seeing Wen Guoqiang's appearance, Fan Tianlei also looked ugly. He understood that Wen Guoqiang showed this situation, and something more important must have happened.

"Okay, let's not stay here any longer, let's go back to our base, finish the work, and rely on the armed police soldiers to solve it."

Hearing Fan Tianlei's words, the members of the Red Blood Cell Team were also shocked. Although it was not difficult this time, they had also walked around the gate of the ghost gate. They also need to take a good rest and relax their spirits. .

Qin Yuan was a little helpless. He originally thought that this task might consume some time. Who would have thought that it would have been completed so quickly, and he hadn't even arrived for a long time, but he released all the Fire Phoenix team under his hand. When going out, these girls are all on vacation, so it's hard to call them all back.

It seems that his 8 grids can only continue to wait, but fortunately, now Qin Yuan has two grids to base, he is not very anxious about this matter, let the female soldiers take a good rest. Right.

#### Chapter 327: Gas explosion

The group returned to the training base of the Fire Phoenix, and An Ran also followed them. After all, she was the true captain of the Fire Phoenix team. Hearing Qin Yuan's training and arrangements for the Fire Phoenix team, An Ran was also a little curious. Said to Qin Yuan:

"It seems that they are well trained by you, but I am a little looking forward to meeting them."

Upon hearing this, Qin Yuan showed a smile on his face, but the male soldiers on the red blood cells were a little embarrassed.

"Then you can look forward to it, believe me they can definitely shock you."

Qin Yuan said with a smile, but An Ran needs to wait a little longer, after all, they are on vacation, and Qin Yuan intends to do some assault training for An Ran at this time. After all, as the captain of the Fire Phoenix, with the current situation Physical fitness is not good.

When An Ran heard this, he also guessed what Qin Yuan meant, but as a veteran, he was not resistant to these training. Although An Ran wasted some time, his confidence was still able to keep up with those inexperienced young people.

Since it was a small stove, Qin Yuan would not think it was the female soldiers. Qin Yuan could use eight needles against the sky and stretching massage to relax An Ran. As long as An Ran had enough perseverance, he wanted to catch up. It was difficult, after all, the people of the Fire Phoenix team didn't have a long training time.

But when the two people were discussing how to develop a training plan, Qin Yuan and An Ran saw Fan Tianlei enter their base directly.

"Yeah? Staff Fan Da, what's wrong with you? Are you here to ask the guilty question, are you going to put me in confinement?"

At this time, Qin Yuan said with a smile to Fan Tianlei, after all, this God of Fan Dakeng, when he was in Centipede Mountain before, did not threaten Qin Yuan and asked Qin Yuan to leave quickly, or he would shut Qin Yuan in confinement.

Although Qin Yuan would be killed if he couldn't solve this problem at the time, and he knew that this was what Fan Tianlei meant by caring about himself, Qin Yuan still wanted to say this.

But now Fan Tianlei didn't mean to joke with Qin Yuan at all, and said to the two people with a serious face:

"Okay, I have something very important to discuss with you two. You two come to the office together."

Seeing Fan Tianlei's serious look at this time, Qin Yuan and An Ran looked at each other, and realized that something might be wrong, and the two went to the office with Fan Tianlei.

After arriving at the office, Fan Tianlei said directly to Qin Yuan:

"Close the door."

Qin Yuan frowned slightly when he saw this situation, and directly asked Fan Tianlei:

"What the \*\*\*\* is going on, why is it so serious?"

"Let's take a look for yourself."

Having said this, Fan Tianlei directly handed in two documents to Qin Yuan and An Ran, and Qin Yuan and An Ran looked at each other and then directly accepted the document.

It's just the content of this document that surprised two people.

This document turned out to be a review of Ye Cunxin.

"Ye Cunxin's mother turned out to be a spy for k2. Then, I am afraid that Ye Cunxin will not be able to stay here anymore, but this is too unfair to Ye Cunxin."

At this time, An Ran looked at the contents of the file, frowned and said to Fan Tianlei, but Fan Tianlei closed his eyes directly, and replied in a somewhat blunt tone:

"It can only be this way. Although according to our investigation, Ye Cunxin has no actual connection with k2, but she is the biological daughter of the black cat after all. It is impossible to determine whether she will turn a blow at a critical moment, so this step It is very necessary. It is just a review anyway. It should not be considered very serious. I am here only to inform you..."

"I disagree."

But before Fan Tianlei's words were finished, Qin Yuan's voice sounded directly.

When he heard what Qin Yuan said, Fan Tianlei's brows instantly frowned, and he said directly to Qin Yuan:

"Qin Yuan, this is not your willful time, if Ye Cunxin is really a spy, then all our arrangements today will be leaked out by him, and the loss will be great by then!"

"You only suspect that she is a spy, but there is no substantive evidence. Her father is a bad person. It does not mean that she is also a bad person. I know very well how proud she is. Once she knows her father Being such a person, I am afraid that all her feelings will be interrupted. To be honest, I don't have many good seedlings, and there are very few outstanding soldiers who can stand alone. I originally wanted to train her into a Seed, finally reached the point of an independent army, and this time, I am afraid it will directly ruin her."

At this time, Qin Yuan was expressionless, as if he was saying something completely unrelated, and said all such words.

When he heard Qin Yuan's words, Fan Tianlei's expression became even more ugly, and he said directly to Qin Yuan:

"No matter how powerful it is, it is just a seed has not grown into a towering tree. We cannot predict her future achievements, but the harm she can cause, we have It can be expected that once she becomes a spy, our losses will be unpredictable, and no one can afford such consequences."

"I will bear it."

Qin Yuan said indifferently.

But when he heard such words, Fan Tianlei suddenly yelled:

"You bear it, do you know what you mean by this?"

"Know, it is to enable the continuous sitting system. Once he betrays or betrays our trust, I will follow him, but I trust him, so I will do this to make up for all my current merits and reputation, and compensate My value, I think this amount should be enough."

"you!"

At this time, Fan Tianlei was about to explode in anger. He had expected that Qin Yuan might resist this matter, but he did not expect Qin Yuan to resist this point.

While Qin Yuan looked at Fan Tianlei, he knew what the censorship was like. Even if some good people entered and came out, their spirits would become somewhat abnormal.

What's more, people like Ye Cunxin with great psychological shortcomings, I am afraid that once this matter is not handled properly, it will become Fan Tianlei's psychological loophole. Even after the review, Ye Cunxin's heart will become unhappy Completely, something will inevitably happen, and it will be the end of retirement. .

"Then don't we check it?"

At this time, Fan Tianlei stared at Qin Yuan. If Qin Yuan didn't have a good answer, I'm afraid he would even remember Qin Yuan!

Chapter 328: plead

But Qin Yuan is not afraid of Fan Tianlei's gaze, staring straight at the opponent, not giving way.

At this time, An Ran saw the appearance of the two people and said quickly:

"The investigation is to investigate, but we must pay attention to the method. We can't tell Ye Cunxin directly and blatantly. This is a review. Maybe we can use the name of training to review Ye Cunxin. After all, in this way, Ye Cunxin has a certain Be mentally prepared so that it will not damage her spirit."

Hearing An Ran's words, Fan Tianlei's brows loosened slightly. It seems that this method is not bad?

And Fan Tianlei looked at Qin Yuan, and found that Qin Yuan's face and eyes were a lot better, not as stubborn as just now.

"Look, don't just think about things hard. As long as everyone is willing to discuss, you can always find a solution. Now that everyone has reached a consensus, what are we going to do next?"

At this time, An Ran saw that both of them seemed to calm down, and she was also relieved. She understood how important Qin Yuan is to Fan Tianlei, and Fan Tianlei is also Qin Yuan's old boss, in case these two people are true It was a pity that it fell out.

"Now Ye Cunxin is on vacation. You must wait until Ye Cunxin comes back from vacation before reviewing it, otherwise it will reveal a big flaw."

Although Qin Yuan said coldly at this time, and Fan Tianlei frowned when he heard this, if Ye Cunxin is really a spy, I am afraid that the news has been passed on for a while.

"I know what you want to say, but if Ye Cunxin is really a spy, it is too late to find out about this incident. I have read the information. This time it was Ye Cunxin's mother who took the initiative to surrender, and she has not hurt Our personnel's records, so even if they are guilty, the guilt is not serious. The key point is to make sure that Ye Cunxin did not accept the black cat's brainwashing and became the black cat's spy. Am I right?"

At this time, Qin Yuan looked at Fan Tianlei and said, and Fan Tianlei nodded and agreed.

"But we are too late now. The black cat has already escaped from the border, so it's useless to worry about it at this time. If you don't worry, I can go and watch him. And her mother's treatment should be delayed, try to Disguised like something."

Qin Yuan knew that Ye Cunxin could never be a spy, so he was very relieved about this.

Hearing that Qin Yuan had made some concessions at this time, Fan Tianlei's expression was slightly better, and he said directly to Qin Yuan:

"Are you sure you want to do this? You have to know, in case something really goes wrong with Ye Cunxin, it will be really troublesome!"

"I know, I think my ability to look at people is pretty good. To be honest, I am no different from her. I am afraid that I will cause more trouble than her. I am afraid that I should be censored. It's me."

Qin Yuan chuckled, looking a little helpless.

After all, although it was for the task, Qin Yuan also understood that it would not conform to the rules to deal with those people mercilessly.

It was a little better when I was in Feizhou. The last time I was in the Silver Triangle, if Qin Yuan said everything he had done, maybe something happened.

But watching the situation develop like this, Qin Yuan really couldn't stop it.

After hearing this, Fan Tianlei glanced at Qin Yuan with a deep meaning, and then said to Qin Yuan:

"Well, you go out first, Ye Cunxin's matter, temporarily decided like this, I need to report to the superior, waiting for the superior's approval, An Ran, you stay, I have other things to tell you."

And when he heard such words, Qin Yuan also walked out honestly. This time Fan Tianlei gave him a lot of face. Qin Yuan understood that if it was someone else, if he said something like this, he

would have been detained long ago. He got up, and now that Fan Tianlei can still let Qin Yuan go out safely, it is already considered to be enough face.

Now that Fan Tianlei has done this, Qin Yuan will not directly use his super hearing to eavesdrop on what Fan Tianlei is saying to An Ran. After all, Qin Yuan also understands that, based on his previous achievements, since Fan Tianlei If you didn't turn yourself completely, it means that the problem is not big.

Not long after, An Ran walked out of the office, and when he walked out, An Ran had a strange expression. He saw Qin Yuan still waiting outside and smiled.

"Do you want to know what Fan Tianlei said to me?"

"No, I guess he can't let me know what he said."

Qin Yuan said directly, but An Ran laughed suddenly, and then whispered directly to Qin Yuan's ear, but Qin Yuan heard An Ran's voice, but his eyes were suddenly staring at the boss. Said confidently:

"He wants you to review me?"

"That's right, and it's not being reviewed in the army. Didn't you say that you are going to look at Ye Cunxin? So the two of us also have a 7-day vacation. We can go out with Ye Cunxin to rest."

At this time, An Ran said with a smile on his face, and Qin Yuan was really confused when he heard this.

To be honest, Fan Tianlei's review of himself, Qin Yuan can still understand After all, Qin Yuan himself does not have a strong background, although Fan Tianlei personally recruited Qin Yuan to the army, but for Qin Yuan's identity did not help much.

Qin Yuan was so partial to Ye Cunxin just now, and Fan Tianlei should be a little dissatisfied with Qin Yuan, but let An Ran be his own reviewer, this time Qin Yuan couldn't understand it.

But at this moment, a voice rang in Qin Yuan's mind:

"Ding dong, system tasks, loyalty test. Due to the outstanding performance of the host, the military jointly organized a review of the host. The host received 80 points in this review and rewarded three grids!"

"Current progress: 10%, score 10"

Seeing the task of review at this time, Qin Yuan's eyes widened.

The task of three grids?

Qin Yuan immediately knew that the task this time would be extremely difficult!

is only eighty points, not full marks, so there are already three grids?

Is this judgement that Qin Yuan can't get 100 points?

Qin Yuan couldn't stop being a little speechless, but thinking about it carefully, it is indeed not easy to get a hundred points with Qin Yuan's personality.

However, Qin Yuan looked at the progress bar, but was also a little surprised. He glanced suspiciously at Fan Tianlei's office, as if he understood something. .

When seeing Qin Yuan's appearance, An Ran also took a sigh of relief, and said directly to Qin Yuan:

"Well, you also know what the personality of Fan Tianlei is. To be honest, he does this for your own good, so don't hate him."

Chapter 329: Are you moved?

At this time, Qin Yuan heard An Ran's words, but shook his head and said directly to An Ran:

"Of course I didn't hate him, and I knew exactly what his responsibilities were. To be honest, he was able to agree to my request. It already gave me a lot of face. I am sorry for him, not for him. Wait After this matter is over, I will give him two bottles of good wine, which is regarded as an apology."

After all, Qin Yuan also understood that Fan Tianlei was only following the instructions of his superiors. If Qin Yuan really refused to cooperate with Fan Tianlei, then Fan Tianlei would also be embarrassed.

After hearing what Qin Yuan said, An Ran also showed a bright smile, and then directly said to Qin Yuan:

"Since this is the case, then I don't need to say more. Let's change our clothes and go directly to Ye Cunxin."

Qin Yuan also nodded, and then the two left the barracks together. At this moment, looking at Qin Yuan's back, Fan Tianlei hiding in the office, his eyes were full of complexity, and he was holding a mobile phone in his hand. , Is constantly describing Qin Yuan's reaction just now in the mobile phone.

After hearing Fan Tianlei's description, a sighing voice came from the phone:

"It seems that he is still unwilling to accept our orders completely, but if you count it, it is not a big deal. After all, he is for his comrades-in-arms. Well, you can directly carry out the things about Ye Cunxin. That's it. We have conducted various investigations on Ye Cunxin. The probability that Ye Cunxin has no problem accounted for 95%. The main task this time is to look at Qin Yuan's reaction and hope he can survive it. "

At this time, Fan Tianlei nodded when he heard this, and then hung up the phone. Looking at Qin Yuan's back, Fan Tianlei murmured:

"Qin Yuan, Qin Yuan, I really can't blame me for not helping you this time, but for this test, you really can only rely on yourself."

.....

Qin Yuan and An Ran soon drove a car out of the barracks and headed directly to Ye Cunxin's home.

At this time, looking at Qin Yuan's profile, An Ran didn't know why, but was always smiling.

"Hey, what are you looking at me so strangely?"

At this time, Qin Yuan made An Ran look a little hairy, but An Ran said with satisfaction:

"So you will be shy too. By the way, this review is led by me. So, I have a suggestion. Otherwise, let's go directly to our team members' houses and take a look at each other?"

Yep?

Hearing this, Qin Yuan frowned slightly and said directly to An Ran:

"Aren't we coming out this time for Ye Cunxin? The top priority now is not to go to Ye Cunxin's house and look at Ye Cunxin?"

"The two aspects are not in conflict. Ye Cunxin is also our team member anyway. We can go directly to Ye Cunxin's house and see what is going on with Ye Cunxin. Since you believe in Ye Cunxin so much, I think you have a way to judge. Is Ye Cunxin a real spy? You can go to see Ye Cunxin first, and then we will look for other people."

At this time An Ran said directly to Qin Yuan, and Qin Yuan's eyes lit up when he heard such words. Although he was more than 99% sure that Ye Cunxin would not betray, he should check the situation now. .

"Well, let's call Ye Cunxin first to see where she is, and then go directly to her."

An Ran smiled, then directly took out a cell phone and dialed Ye Cunxin's number.

After receiving the call from An Ran, Ye Cunxin was naturally extremely happy. The two chatted for a while, and finally Ye Cunxin directly told them an address, and then Qin Yuan kicked the accelerator and headed directly towards this place.

More than ten minutes later, when Qin Yuan arrived at his destination, he was a little dumbfounded, because the place Ye Cunxin was talking about turned out to be a place for selling cars!

"What the \*\*\*\*\* is this Nizi doing? What does it mean to call us here?"

Qin Yuan looked at the sign outside, a little confused.

"Okay, let's just ask her directly."

An Ran said directly, and as soon as they got out of the car, Ye Cunxin rushed over from one side, and hugged An Ran:

"Wow! Captain, you are here, don't you know, since you left, how the devil abused us? He often taught us to die. Now that's good, you are finally back. Can give us a breath too!"

At this time, An Ran looked at Ye Cunxin with a little surprise. She carefully touched Ye Cunxin's body and found that Ye Cunxin seemed to have changed a lot before leaving with herself.

Although I can't tell from the outside, I can clearly feel from the spirit that Ye Cunxin has become a different person. Not only does he get rid of the various bad habits of the past, but he can tell at a glance and have experienced it. Very professional training, just like a magic soldier who hasn't been opened yet.

At this time, An Ran couldn't help but be a little surprised. No wonder Qin Yuan said that Ye Cunxin is a very promising seed, but it is really surprising that Ye Cunxin can be trained in such a short time.

But at this time, An Ran said to Ye Cunxin with a smile on his face:

"You are expecting me to avenge you. I am afraid it is impossible. . Now I am also a soldier under Qin Yuan. I am under Qin Yuan's temperance. Therefore, you should train well and fight for yourself. Let's get out of his hands."

"what----"

Ye Cunxin heard this, and she immediately rang a long tone, which seemed a little disappointed, but she didn't think about what to do with Qin Yuan, so she pulled An Ran directly and said:

"Oh, forget it, let's talk about business, I called you over, mainly to ask you to do me a favor, and see what style I should choose?

Which style do you choose?

At this time, An Ran and Qin Yuan both looked dazed, and slowly followed Ye Cunxin into a hall.

After entering the lobby, Qin Yuan discovered that the entire lobby was filled with various luxury cars. Just now Ye Cunxin said that they should choose something, but it turned out to be a sports car!

"Hey, when I came out today, I said that I can use my mother's card to swipe a car, sir, you can't think about it?"

"What am I thinking about, it's not me buying a car."

Qin Yuan glanced at Ye Cunxin and said helplessly, but Ye Cunxin directly patted Qin Yuan on the shoulder:

"Oh, master, you don't want to think about it. Although I bought this car, can I not lend it to you as long as you speak? When you drive a sports car around outside, it's up to you. His figure and this car must have attracted the attention of countless girls. Isn't that a good time to pretend to be, how about it? Your heart is moved, think about it!"

Chapter 330: To see another car

When Qin Yuan and An Ran heard such words, they were all dumbfounded. Ye Cunxin didn't know what he was thinking.

In Yan Country, is there a super sports car that is more cool? Not! It depends on what license plate is on your car?

Even the best car Ye Cunxin drives can't run a red light, but the broken jeep that Qin Yuan drove out of the army has this ability.

Ever since Qin Yuan drove Fan Tianlei with him before, that jeep is already Qin Yuan's, and Fan Tianlei has also obtained a good license plate for Qin Yuan very intimately. Such a license plate, but Lieutenant General Level, if someone who knows sees it, they will understand the value of this car.

This is considered as Lieutenant General Gao Shiwei, giving Qin Yuan a little benefit.

Of course, Qin Yuan didn't come out very often, and he didn't drive that jeep too often. If there is a super sports car that can be driven, of course Qin Yuan will not refuse.

The three people talked and laughed directly into the exhibition hall, and soon a service person walked over and started to introduce them:

"Three, this is the latest Cadillac, beautiful in appearance..."

Unfortunately, after Ye Cunxin took a look, he shook his head and said to An Ran:

"I think it's a bit too cheesy."

"I don't think it looks pretty, too. Let's change one."

Hearing such words, the waiter's eyes suddenly became a bit straight. It was the first time she saw such a person.

"Uh, if you two feel inappropriate, you can still look here. This is a Rolls-Royce extended version of Phantom..."

"Hey, this one is even uglier..."

"It doesn't look good..."

The two turned around, then shook their heads and left.

This service person also scratched his head a bit, and seeing what this person looked like, Qin Yuan directly smiled and said:

"You don't need to introduce to us first, we can see for ourselves."

"Uh, okay...Three of you, please..."

The service staff saw Qin Yuan's face, and his eyes lit up. She has been here for such a long time, and most of the customers are potbellied, like a young and temperamental man like Qin Yuan, but you can't tell. many.

It's just that the service staff glanced at the clothes the three of them were wearing, only to show a polite smile and step aside.

Although Ye Cunxin and An Ran are both beautiful women, and Qin Yuan is also very arrogant, but based on the experience of the service staff, the more such a person, the less likely they are to buy.

After all, there are not many rich young people, such as Qin Yuan, who obviously came to meet the world.

Although the service staff can understand this behavior, but seeing Ye Cunxin and An Ran's appearance, they always feel...a bit strange.

At this time, Ye Cunxin and An Ran circled, but they still didn't care about the model.

"Hey, how do you look at this car?"

At this moment, Ye Cunxin saw a car, his eyes lit up, and he directly pulled An Ran and Qin Yuan over.

And Qin Yuan smiled when he saw this car. Sure enough, although the time was different, Ye Cunxin still chose the same thing.

This is a Maybach with silver in black.

General Maybachs are custom models, and most Maybachs do not have the same style.

"It's really good! Go, go and take a look!"

At this time, An Ran also felt good, and immediately wanted to pull Ye Cunxin over.

But Ye Cunxin and An Ran hadn't walked over, but another service staff brought a guest to the car.

"Sir, this is a customized version of our Maybach. Currently there is only this one in China..."

At this time, the salesman was guilty of pooing to the big belly, the boss-like person introduced, the person who listened to nodded, and said to a well-dressed woman next to him:

"Baby, what do you think of this car?"

"Oh, this car is dark, it's not beautiful at all. Look at the red Ferrari over there, it's so beautiful."

Hearing this, Ye Cunxin smiled furtively, and whispered to An Ran:

"Now know that I will not choose this car. The red Ferrari is a famous mistress car."

"Mistress car?"

An Ran glanced at Ye Cunxin in surprise, not knowing what Ye Cunxin meant.

"Hi, that's the kind of car that women love to drive!"

Ye Cunxin winked and pointed at the exposed woman over there, and when he heard this, An Ran suddenly understood!

At this time, the boss-like person also twitched his mouth when he heard this woman's words. He is a successful man, he can't drive a red Ferrari directly. What does this look like?

"Baby, this Maybach is better, should we try it?"

"No, I just want that red car, how beautiful, are you blindfolding me, I have checked, this red Ferrari, but it costs more than four million, do you reluctant to give it to me? Buy it."

When he heard this, the service staff on one side just wanted to say something, but Ye Cunxin laughed directlyPuff, laughed to death, you use this car to compare with Maybach, haha ! So what, you two, if you don't like this car, can you let it go? I want to try it in the car. "

Hearing this, the woman who was wearing violently was about to go crazy, but Qin Yuan directly stopped Ye Cunxin and An Ran, and said directly to these two people:

"I'm sorry you two, you choose first, we will wait a while!"

After saying this, Qin Yuan directly pulled Ye Cunxin and An Ran aside, but Ye Cunxin said reluctantly:

"Master, why did you let him? What if he really chooses this car? That woman is so stupid, I don't want this car to be bought by her."

But Qin Yuan said directly to Ye Cunxin and An Ran:

"You don't understand this, don't look at that Ferrari is worth less than this Maybach, but for that woman, this is the maximum benefit. After all, how can a big fat man drive a red Ferrari? This car must be driven by this woman normally. As the saying goes, ten birds in the forest are not as good as one bird in hand, so she will definitely not buy this car, do you understand?"

Hearing Qin Yuan's explanation at this time, Ye Cunxin and An Ran suddenly realized that, that's why they looked at the woman's eyes suddenly a bit weird. It seems that there are still two mistresses who can be such a senior mistress. The brush! !

"Huh, let's not see this car, let's go see that red Ferrari!"

Sure enough, the woman hummed angrily, and then directly pulled the fat boss towards the red Ferrari.
