

Special Soldier 331

Chapter 331: Howl

And this fat boss also looked a little ugly, but there was no way he could only follow him to the front of the red Ferrari.

He looked at Qin Yuan a little enviously. Although Ye Cunxin and An Ran's clothes were casual clothes, they could clearly show how perfect Ye Cunxin and An Ran's figures are. This is too much, less than one. The figure that is too small is already more beautiful than the beauty on one poster!

Although the woman next to her is beautiful, she always seems less aura than these two women, and she feels like a vulgar fan.

Besides, Qin Yuan actually has two more!

"My husband, let's go!"

The vulgar woman took a handful of the fat boss and pulled the guy away.

Seeing these two people go, Ye Cunxin and An Ran gave Qin Yuan a thumbs up, then walked up and got in the car.

"Hey, I finally got up!"

At this time, Ye Cunxin got into the car directly, and An Ran sat in the co-pilot, also feeling the advanced experience brought by this luxury car.

"It's not bad, it feels great! Master, would you like to come up and sit down?"

Ye Cunxin put on his sunglasses directly at this time, and then said to Qin Yuan with a hehe smile.

"No, a man like your master still needs to use a sports car to pick up girls? Isn't the girls picking up me by themselves? Are they?"

Hearing Qin Yuan's narcissistic words, Ye Cunxin and An Ran also laughed, and said to Qin Yuan together:

"Bah, shameless! Haha!"

And the service staff who followed Qin Yuan and others just now saw that Ye Cunxin seemed to have chosen it, so he ran over and said to the two people:

"Two, this is a customized Maybach, worth twelve million, you really want to choose..."

Ye Cunxin heard this and nodded, just about to take out the bank card to pay the bill, but at this moment, an unbelievable voice came from one side:

"What, twelve million! No, of course I want that one!"

At this time, the three of Qin Yuan looked back and found that it was the woman who was talking!

This woman was staring with wide eyes at this time, her heart full of regret. This is a 12 million car, which is three times worse than this 4 million Ferrari. Is this a level?

No matter what it is for, this car must be bought!

Hearing this at this time, Ye Cunxin and An Ran both looked at Qin Yuan with playful expressions, and Qin Yuan directly slapped his forehead.

Alas, I overestimated the IQ of this woman!

After hearing this woman's words, the salesperson who was with this woman suddenly looked happy, and said quickly:

"Have you chosen? This Maybach is indeed better than this Ferrari. Alas, guest, you are really discerning!"

Hearing what the salesperson said, the woman was immediately more proud and contented, and the chubby boss was also satisfied. He wanted to buy this Maybach, but it was only because of this woman that he came to see this Ferrari. , Now that he is back in this car, he is naturally satisfied.

But the price of 12 million yuan is a little bit higher, so the fat boss said directly to the salesperson:

"Are there any discounts on this car?"

"Uh, of course there is, we will give you..."

And this woman heard that her husband had already begun to negotiate the price, and she walked up to the Maybach with a proud face, and said directly to Ye Cunxin and An Ran:

"Okay, let you poor people enjoy the addiction, get out of my car quickly!"

But after hearing this, Ye Cunxin sneered:

"Who said this is your car, salesperson, what are you doing in a daze, pay the bill!"

Ga?

The service staff who was still looking envious just now was stunned, and said to Ye Cunxin:

"Guest, you, you said you want this car?"

"Of course, just swipe your card directly!"

At this time, Ye Cunxin looked at the vulgar woman and said straightforwardly, but when she saw this, the woman suddenly screamed:

"No, this is my car, you can't buy it!"

"Hmph, whoever pays first, who owns it, don't you understand this truth?"

Ye Cunxin said this at this time, and then said to the service staff on one side:

"Help me wash the car! Last temporary license, I want to drive away."

And this service staff immediately helped Ye Cunxin handle the business!

"Husband, take a look, our car has been snatched away! You little bitch, my mother is endless with you!"

At this time, the woman yelled, and when she heard this, Ye Cunxin's expression suddenly changed. One grab was to press the woman onto the car:

"Clean your mouth."

And seeing that his woman was beaten, the fat boss also rushed over. He saw that his woman had been pressed to the car, and his face was ugly, so he rushed forward, just to shoot at Ye Cunxin!

At this time, the fat boss has a hint of joy in his heart, can he take this opportunity to touch Ye Cunxin's body?

But when the fat man moved, Qin Yuan directly stood in front of Ye Cunxin, saw Qin Yuan's smiling face, felt Qin Yuan's gaze, and the fat boss compared it. Realizing that I might not be able to beat Qin Yuan, so he said with a majestic expression:

"What's the matter, how do you beat people? I want to complain to you!"

Seeing that the situation here is not right, the service staff just took out a cell phone and called his manager!

And the manager had already discovered the situation here, and immediately ran over with a group of people!

"Two, two, don't do it, you have something to say!"

The manager rushed out and stopped in front of the two people, and Qin Yuan also laughed. He really didn't expect that he would encounter such a thing when buying a car.

When I saw the manager at this time, the fat boss said directly:

"Oh, Manager Dou, I didn't expect to meet you here, so you are the manager of this exhibition!"

"Help! It's murdered!"

The woman who was pressed by Ye Cunxin on the car at this time saw a group of people coming, and also took advantage of this opportunity to howl. Ye Cun was irritable when she heard it, and she wanted to continue her action immediately. .

However, Qin Yuan stopped Ye Cunxin. After all, this was not in the army. Ye Cunxin's slap would definitely knock this woman out, but at that time things became a big deal. Now Ye Cunxin's review is important. At the moment, I still don't need trouble!

Ye Cunxin saw Qin Yuan shaking his head towards him, and he also gave a cold snort and directly released the woman.

Chapter 333: Need now

And this woman ran to the side in a hurry, but the pain was terribly painful just now, she didn't dare to continue to mess around, just said to the fat man:

"Husband, look, she made my hands red!"

At this time, the fat man looked at his face and his face was drooped. When he saw that the fat man's face was wrong, the manager named Dou quickly said:

"Oh, guest, if you have something to say, you can't do it."

"Huh, who made her mouth like shit?"

Ye Cunxin snorted coldly, and upon hearing this, the vulgar woman was angry again, but when she saw Ye Cunxin's appearance, she didn't dare to say anything. After all, she knew how powerful Ye Cunxin was. Dare to talk nonsense, maybe this savage woman will rush over and beat her again!

Manager Dou also has an ugly face, knowing that this is probably not someone to provoke, and the fat man on the other side is also a boss in the industry. Now, it's hard to say which one he prefers.

"Two people, what on earth are you arguing about? Can you talk about it?"

At this time, Manager Dou asked helplessly, and upon hearing this, the fat man standing there said directly:

"Manager Dou, we are already optimistic about this car, but this woman just wanted to take it from us. My woman couldn't bear it, so she said one thing. As a result, this woman came up and started, Manager Dou, such a guest. , You have to screen it out."

When they heard this, Ye Cunxin and An Ran frowned. It was obvious that this car was not good for them. Two talented people got in. When the price was quoted, the woman heard that this car was more expensive. That's why I want it. If you count it, these two people should have snatched their car, but the fat man was forced to turn black and white!

"I'll go to you!"

Ye Cunxin has a violent temper, and he just wanted to do it, but before Ye Cunxin could say it, he was directly stopped by Qin Yuan, and An Ran also stopped Ye Cunxin.

After all, for Ye Cunxin now, but in a special period, it is better not to cause trouble.

"What are you stopping me for? I'll blow up this **** bastard!"

Ye Cun was unhappy, but An Ran stopped Ye Cunxin, and then glanced at Qin Yuan who was on the side.

At this time, Qin Yuan smiled slightly and said to Manager Dou:

"Manager Dou, right? Although it was indeed the car they looked at first, they did not tell the receptionist that they had already selected it. We have already selected this car, and we are planning to pay for it. How come we have selected this car first, why can't we buy this car?"

"Oh? Already planning to pay?"

At this time, Manager Dou heard this, and looked at the clothes on Qin Yuan's trio with a little surprise. He didn't look like any wealthy people, who could afford the car?

"Huh, I don't want to make a draft. This car is 12 million yuan. Can you take it out directly? Manager Dou, don't listen to these people bragging. This time this car, I plan to take it down, of course, in installments. , But you have to keep up with the follow-up service."

The fat boss said disdainfully, this is not one thousand two hundred yuan, but twelve million, even if it is the fat boss himself, he has to grit his teeth for the money. Just the few green onions in front of you can get it. Pay this money?

When he heard this, Manager Dou also brightened his eyes. Although they are a showroom for high-end vehicles, these high-end cars may not be sold much in a month. They usually live on ordinary models.

And the fat boss in front of him actually took the car directly, which is too rare!

"Oh, Mr. Zhou, you are so majestic. Come on, Xiao Wu, quickly take Mr. Zhou to go through the formalities. Three people, I'm really sorry. Look, Mr. Zhou paid in installments, so ah, your car I'm afraid I can only give it to Mr. Zhou."

This manager Dou is preconceived and has already determined that Qin Yuan and the others will not be able to afford this car, so he simply doesn't want to talk to the three of them.

Ye Cunxin heard this and just wanted to say something, but Qin Yuan shook his head.

But at this moment, a service staff suddenly rushed over from one side, and directly returned Ye Cunxin's card to Ye Cunxin, and said respectfully to Ye Cunxin:

"Miss, this is a car purchase contract, I have prepared everything for you!"

"Xiao Du, why are your hands so fast? This car is going to be sold to Mr. Zhou!"

At this time, Manager Dou heard the words of the salesperson who had just served Qin Yuan and the others, and he immediately blew his beard and stared, but when he listened carefully to what the person was saying, he was directly stunned.

"What's the matter, you said you have completed the procedures and the money has been paid?"

At this time, Manager Dou said to Xiao Du with a look of confusion, and this Xiao Du said directly:

"Yes, the manager, and this lady paid the full amount!"

Full amount!

The manager of Xia Dou couldn't help but grow up his mouth and buy this luxury car with full money. How rich is this?

After all, this is not a small amount of money is 12 million, which is more than money, even if it is put in the bank to generate interest, it is a lot of money!

"What's wrong, Manager Dou, can we drive away now?"

At this time, Ye Cunxin took his bank card from the clerk's hand, and upon hearing this, Manager Dou's face suddenly became a little ugly.

After all, although he is a manager, he is also a part-time worker. The sale of this car is a big achievement!

"Oh, guest, it's really not good looking, I didn't expect you to get the full amount!"

At this time, Manager Dou's expression was very strange, a little happy, but it hurts a little bit, as if he had picked up a piece of one hundred yuan for nothing, but watched a thousand yuan fly away!

"What, Manager Dou, didn't you just say that you want to leave this car to me?"

When I heard Manager Dou's words, the fat boss suddenly yelled!

But Manager Dou said to the fat man:

"I'm really sorry, Mr. Zhou, since my staff has completed the contract and this lady has paid in full, this proves that this car belongs to this lady. If you still want this Maybach, We can only wait for a while. Of course, we will give you a preferential price for new customized models when that time comes!"

"How about that, I just want this car! I want it now!"

The exposed woman also yelled, and then she lay on the car and couldn't get off!

And this fat man's face is ugly, he seems to be a bit hard to get off.

Chapter 334: Can't afford

And Qin Yuan looked like an idiot, looked at the exposed woman in front of him, and said directly to the exposed woman:

"I did not do what you said, I have other ways to prove it."

With these words, Qin Yuan went straight back to the car showroom, and after a few minutes, he drove out an extended Cadillac again!

Suddenly, the exposed girl was stunned, because when she was with the fat guy just now, she had heard of the offer for this car, which was worth 15 million, which was the most expensive in the entire exhibition hall. Of a car!

At the beginning, they thought this car was very good, but because this car was too expensive and too big to be very practical, they chose the Maybach. As a result, the Maybach was also taken away by Ye Cunxin. .

And now Qin Yuan drove the car directly out, doesn't this prove that Qin Yuan has bought the car?

The girl who had been exposed to the accident was completely stunned. At this time, she thought of another possibility, that is, the three people in front of her are not a relationship at all, and these three people are the rich second generation.

Seeing Qin Yuan driving away in the car, the exposed girl is full of tears. This is a better opportunity than the fat guy. Why didn't I seize the opportunity?

But Ye Cunxin and An Ran, who were waiting for Qin Yuan outside, saw Qin Yuan drove out in an extended Cadillac, and they were stunned. They really didn't expect Qin Yuan to drive such a car. Come!

"Wow, master, why did you drive such a car? If you like this car, why didn't you let me buy one? And how did you drive it, is it a test drive? Then why serve it? Didn't the people follow?"

Ye Cunxin also knows the process of these test drives. When the test drive is carried out, there is usually a service staff following the co-pilot to prevent the test drive from breaking the car or driving the car away.

"I have already bought this car. Of course they won't come. An Ran. I just saw that you like this car very much. So you should drive this car. I will continue to drive mine. Jeep."

At this time, when Qin Yuan said this, it was like saying that he had bought a celery, and he said to two people, and when they heard such words, the two of them were stunned.

How is this going? Qin Yuan actually bought a luxury car worth 15 million.

"Master, are you crazy?"

Ye Cunxin's eyes widened at this time, and An Ran's face was also full of incredible.

Seeing the appearance of these two people, Qin Yuan scratched his head, and directly told them the whole story, but after hearing Qin Yuan's reasons, Ye Cunxin and An Ran still looked like a neuropathy. To Qin Yuan.

"Did you just buy this car because of a ridicule from that woman? Where did you get so much money?"

At this time, Ye Cunxin said helplessly, but when he heard such words, Qin Yuan smiled and said to these two people: "Oh, I didn't seem to tell you, in fact, I am also a rich man."

"what?"

Ye Cunxin and An Ran yelled at this time. They really didn't know how much Qin Yuan had assets.

Although Ye Cunxin is a rich second-generation richer, she only dared to show off to her mother at this time and buy a good car. How could she not get to the point of Qin Yuan, just because she was angry with others, she just went straight How much does this guy have when he bought a sports car.

Now Qin Yuan's account is indeed very rich. In addition to the money Qin Yuan won in the casino before, it is more of the silver triangle.

After all, Qin Yuan belongs to the person behind the Uncrowned King of the Silver Triangle. After Jialou Luo became the boss, he did not forget Qin Yuan, so he opened an account for Qin Yuan, and he would deposit some funds into it every month.

So Qin Yuan doesn't even know how much money he has.

Anyway, Qin Yuan thinks that for a sports car like this, there is no problem with 10 cars and 8 cars.

At this time, Ye Cunxin and An Ran looked at each other, and then gave Qin Yuan a thumbs up together.

"Master, I'm completely convinced now. I think I've been a prodigal enough before. Now that I see you, I know what a prodigal is. At this point, I am willing to bow down. It seems that I can learn from you. a bit."

When Qin Yuan heard this, he shook his head and said directly to these two people:

"Okay, don't hurt me, I bought this car, but it makes sense, you think, your car is so small, you can't fit many people, and I bought this car, It's more than enough to be able to sit 8 people. With three cars, we can take all the members of the Phoenix Phoenix. I, I plan to go to each of you's homes and take a stroll. It's something for you. I got a deeper understanding of and heard this, An Ran's eyes flowed, and Qin Yuan's smile became brighter.

This is the plan An Ran said to Qin Yuan before. I didn't expect Qin Yuan to remember it so seriously. He even bought a sports car with a lot of space for this plan.

After hearing such words, Ye Cunxin's eyes also lit up and said directly to Qin Yuan:

"Yeah, I didn't expect it to be like this. Oh, it's so great. I can't wait any longer. I know where other people live. You just need to follow me. Now we'll find Shen Lanni, she lives recently."

But seeing Ye Cunxin so happy, Qin Yuan shook his head and said directly to Ye Cunxin:

"I don't use it for now. I plan to come one by one in order. Since you are the first one, then I will go to your house to play. After we leave your house, we will go to other people's house."

Ye Cunxin was even more excited when he heard these words, and the three of them began to move towards Ye Cunxin's home.

Of course, Qin Yuan is not interested in Ye Cunxin's family, he is more interested in the person in Ye Cunxin's family.

This person is Ye Cunxin's mother, Zhang Haiyan. .

At this time, Ye Cunxin and An Ran will each drive these two luxury cars on the road, while Qin Yuan is still driving his own broken Jeep.

After that, there was a very strange phenomenon on the road. Behind the **** of two good cars, followed by a broken Jeep, the other cars hurriedly avoided the two sports cars. After all, they were like super sports cars like this. Ordinary people can't afford to lose even a few pieces of patent leather.

Chapter 335: Better than before

There is only one person who is different from them, and that is this broken Jeep. This broken Jeep is still very arrogant. From time to time, he honks the two good cars in front, as if he still disliked the two sports cars in front. It was too slow, and the two luxury cars in front also gave this Puget up vigor, the speed continued to soar, and finally the three parties even drove the process of the car.

But this is very inconvenient for the broken Jeep behind. After all, he is just a jeep, and its performance is not as good as a sports car.

But what surprised everyone was that this jeep, no matter how the two luxury cars in front of them crashed and drifted, still followed them steadily, and even seemed to be at ease!

In the end, he even overtakes the car in a bend, making a direct turn and squeezing in front of two luxury cars.

The last three drove directly into the parking lot of Ye Cunxin's community.

"Wow, sir, how much skill do you have, shooting so good, I didn't expect to even drive so fast!"

Ye Cunxin is really convinced this time. After all, in the complicated road conditions of the city, they are already getting a big deal by driving a luxury car. Who knows that this is not Qin Yuan's opponent!

"Okay, your master has a lot of skills, look good, learn hard!"

Qin Yuan said casually, and then said to Ye Cunxin:

"By the way, is your mother back? Did you prepare meals for us?"

"Of course I am back. I have already told her that she specially asked her aunt to cook a big meal today, so she can go back and wait to eat!"

Ye Cunxin was obviously very happy when he talked about his mother, and seeing Ye Cunxin's brilliant smiling face, Qin Yuan's eyes flashed, and he felt that his actions were correct.

The group got out of the car, and Ye Cunxin's nanny was cooking.

"Oh, Xiao Ye Zi is back, come here, sit down quickly, the food will be ready immediately, and Mr. Zhang will be back in a while, you can just sit down and make it!"

Ye Cunxin's nanny is a very gentle middle-aged woman, and she seems to treat Ye Cunxin as her own granddaughter, very affectionate.

"Aunt Zeng, you have made so many delicious foods, but I miss of your cooking!"

Ye Cunxin hugged this Aunt Zeng, and Qin Yuan also smiled at the corner of his mouth. He took a closer look at this Aunt Zeng and found that this person should be an ordinary person without any traces of training on his body.

After hearing Ye Cunxin's words, Aunt Zeng was also a little relieved to touch Ye Cunxin's head:

"Oh, it's good to be a soldier. Look at you. It's dark and thin, but the whole person's spirit is much better. By the way, how many days are you staying at home this time?"

"Not long, I will leave tomorrow. I have made an appointment with my comrades-in-arms, and I want to go out together! Oh, yes, let me introduce to you. These are my two comrades-in-arms, don't think they are younger, but They are all my superiors!"

"Oh, two people, please come in. Little Ye Zi, a skin monkey, must have caused you a lot of trouble. Come on, sit down and I will serve you a cup of tea!"

Aunt Zeng was very polite when she heard about the identity of the two Qin Yuan, and Qin Yuan and An Ran naturally exchanged greetings with this aunt Zeng.

After that, the three people entered the house and saw that Aunt Zeng was busy, and the three went to the kitchen to help again. Aunt Zeng was once again amazed and praised for the troops. Even a leather monkey like Xiao Ye Zi could learn. Cooking, this is really amazing.

And Ye Cunxin blushed a little, and groaned.

It was just that Zhang Haiyan waited until the meal was ready, but did not come back, and the phone could not be reached. Finally, Aunt Zeng had no choice but to let Ye Cunxin and others eat first.

And halfway through the meal, Zhang Haiyan returned, but his face was exhausted.

Zhang Haiyan smiled happily when she saw that Ye Cunxin had arrived home, but when she saw Qin Yuan and An Ran, her eyes flashed insignificantly.

After Qin Yuan saw Zhang Haiyan, he also smiled at Zhang Haiyan. This smile was a little flustered in Zhang Haiyan's heart.

Aunt Zeng also saw that Zhang Haiyan seemed to be something wrong, but it didn't mean anything. Ye Cunxin was the only one who enjoyed eating.

After eating, Ye Cunxin took An Ran upstairs to play games, while Aunt Zeng went to clean the tableware, but Zhang Haiyan followed Qin Yuan to the study.

"Mr. Qin is really young and promising. I didn't expect that he had already become a major at this young age, and I heard Ye Cunxin say that you are still her captain. Ye Cunxin is more mischievous, which makes you bother."

When Zhang Haiyan said these things, he was like all parents, and Qin Yuan smiled when he heard such words and said directly to Zhang Haiyan:

"Okay, Mole, I know exactly what your situation is. We don't need to say more about

Hearing Qin Yuan's answer, Zhang Haiyan's eyes instantly became the staring boss. She turned over from the table and hit Qin Yuan's throat with a straight fist, but she hadn't reached Qin Yuan's side. People have stopped weakly.

After all, the badge on Qin Yuan's body cannot be fake, and the identity of the officer cannot be fake.

Zhang Haiyan looked at Qin Yuan incredulously, and said to Qin Yuan:

"How is this possible? Are you also a black cat's spy? No, it is impossible for the black cat to insert a spy into the army. That's what those people above told you. Why don't these people speak credibility? Tell me, definitely Will conceal my identity and let me explain it slowly and with heart. How did you know in the end!"

The reason why Zhang Haiyan came back so late today is because she went to do this matter. After all, she knew that this matter should be done sooner or later, and the suspicion would be cleared if it was done earlier. This is also greater for Ye Cunxin. benefit.

Zhang Haiyan didn't plan to come back today. After all, once she confessed to the people above, then she was just a piece of meat on the stick. No matter how the people above deal with her, she didn't have any room for resistance. .

And at the beginning, the reaction of those people was also very fierce. They immediately wanted to get her up, but afterwards, for some reason, they agreed to her suggestion and released her.

Although she has to pay some very painful price, at least she is still free now, and her safety can be guaranteed. Even the spies around her have been cleared out, which is basically better than before.

Chapter 336: very good!

Originally, Zhang Haiyan was thinking about how to lay the groundwork for Ye Cunxin, and then gradually explain her identity, but today she saw Qin Yuan and directly said her code name, completely collapsed.

Qin Yuan saw Zhang Haiyan's appearance, but smiled slightly and said directly to Zhang Haiyan:

"Okay, you don't need to be so nervous. I discovered all the plans of the black cat, and I intercepted his information. Do I know what is strange about your identity? So you don't have to worry about what they promised you. Can't do it, at this point they will not lie to you a woman, oh yes, I'm a little curious, besides my advice, what price did you pay?"

When she heard Qin Yuan's words, Zhang Haiyan was also a little surprised. She didn't expect that Qin Yuan did all of this. No wonder the black cat left so hastily before. It seemed that the person in front of her had directly undermined the black cat's plan. .

After hearing Qin Yuan's explanation, Zhang Haiyan was also relieved. After all, her current small fortune teller is held in the hands of others, and she has no ability to resist. Now that the people above plan to abide by the agreement, then it proves this. One thing is not wrong.

"I intend to dedicate all my company. This should be regarded as a ransom."

Zhang Haiyan smiled bitterly and shook her head. Although this company was handled only with the financial support of the black cat, Zhang Haiyan still put in countless efforts on this, and as a result, all these years of hard work are gone. , The generous life does not exist, Zhang Haiyan is really complicated.

Qin Yuan doesn't have much to say about this. After all, it's very good for those people above to accept their suggestions. It is absolutely impossible for Zhang Haiyan to continue to manage such an important company. After all, Haixin Company is considered to be a good company in the entire Donghai City. It is famous. If it falls down casually, it will be very detrimental to the economic development of the entire Donghai City.

After saying these words, Zhang Haiyan sighed, then she raised her head, looked at Qin Yuan, and said to Qin Yuan:

"What the **** did you ask me for?"

"Nothing, I just want to tell you that your matter will not involve Ye Cunxin. I have already protected her, so you don't need to worry about Ye Cunxin now. She is not a spy for the black cat. Then she can continue to be her special forces member. Although it may not be appropriate to say this, I think that since you have been the president for so many years, even if you are not young now, the chance of a comeback is still great. So you are not considered to have suffered too much."

Qin Yuan said with a smile on his face, and Zhang Haiyan's eyes suddenly lit up when she heard such words. In fact, what worries her the most is not the company's affairs, but Ye Cunxin. After all, she understands that what she is doing is too real Big, if Ye Cunxin were involved, it would make Zhang Haiyan extremely sad.

After all, everything she did was to make Ye Cunxin better, and Zhang Haiyan knew her daughter. If Ye Cunxin knew about it, it would surely make Ye Cunxin feel helpless.

But Zhang Haiyan couldn't do anything about it. After all, even if she lost her daughter, she could still save her daughter's life. If the black cat really caught her, it would not be the future, but the life that was lost.

And Zhang Haiyan glanced at Qin Yuan hesitantly, and asked Qin Yuan:

"Why did you do this?"

"Because Ye Cunxin is my apprentice and my team member, I must protect her well, not to mention that she has done nothing wrong at all. It is only you and the black cat who did wrong. I am here only But I just want to ventilate with you. You can temporarily stop telling Ye Cunxin about you. She is my optimistic person. I don't want this matter to affect her, whether it is her father or mother!"

Qin Yuan said a little coldly, but Zhang Haiyan's eyes lit up when she heard such words, and she didn't care about Qin Yuan's cold words. In her eyes, as long as she was able to treat Ye Cun well, no matter what he asked him to do. worth it.

"I see, I'm still a little confident in this aspect, but when can I hide it from her?"

Zhang Haiyan asked Qin Yuan directly at this time, but Qin Yuan glanced at Zhang Haiyan and said:

"Wait when the black cat is caught, and when you tell her, believe me this day will not be long, I don't think you will do anything against your daughter for your ***** husband."

"I don't have the ability. It is estimated that from today, my every move will be monitored."

Having said this, Zhang Haiyan smiled bitterly and shook the necklace she was wearing. There must be a very concealed monitor on the necklace. No matter what Zhang Haiyan did, he could see it. Once Zhang Haiyan did any suspicious behavior. , An alarm will be issued.

"If this is the case, then I can rest assured, I think you are a more reasonable person, I believe you will make the right choice."

Even after speaking these words, Qin Yuan smiled at Zhang Haiyan and left the study directly, while Zhang Haiyan looked at Qin Yuan's back, but his eyes flashed constantly, not knowing what he was thinking.

That night, after Qin Yuan went to rest, Zhang Haiyan and Ye Cunxin were mother and daughter, but they slept on the same bed.

"Hey, Mr. Zhang, why do you look so tired, do you want your daughter to give you a massage?"

Ye Cunxin saw her mother's deep eyes and said to Zhang Haiyan.

"Oh You little monkey has even learned this hand, okay, then I'll try your massage technique?"

Then Zhang Haiyan lay directly on the bed, Ye Cunxin began to massage Zhang Haiyan, but Ye Cunxin hadn't started yet, Zhang Haiyan asked Ye Cunxin directly:

"By the way, what is the relationship between your captain named Qin Yuan today and you? How do I feel that the look in his eyes seems a little wrong?"

"Can...what's the relationship? He is my teacher and my instructor. The two of us are pure students and teachers."

Ye Cunxin was still a little nervous when she heard this at first, but as she said it, it became smoother, and there was a slight depression in her eyes.

Zhang Haiyan naturally understood her daughter, smiled directly at Ye Cunxin, touched Ye Cunxin's hair lightly, and then said to Ye Cunxin:

"Mom is not the kind of unhappy person. If you really like him, you should rest assured to pursue him boldly. I think he seems to be a very good person."

Chapter 337: Who to look for

"Oh, mom, what are you talking about? Does someone have a girlfriend? And even if they line up, they can't queue me. There are so many people who like him. Don't you know, he is a hero in the army. The kind announced by the whole army is not only good, but also very capable of training soldiers. I don't know how many army commanders and division commanders treat him as a treasure."

After saying this, Ye Cunxin couldn't stop her brows, and Zhang Haiyan also smiled slightly when she saw Ye Cunxin in front of her.

The girl in front of me is almost the same as when I was in college, but it's a pity that I recognized the wrong person and took the wrong path, and ended up at this point, but my daughter's luck is very good, although I don't know Qin Yuan. However, Zhang Haiyan understands that people who can be respected by so many people will not go down the wrong path.

It seems that if you leave your daughter to Qin Yuan's care, it is a very good choice.

Having said this, he said directly to Ye Cunxin:

"Daughter, if my company goes down in the future and cannot provide such a generous life, what should you do then?"

When Ye Cunxin heard such words, he smiled directly at Zhang Haiyan:

"What can I do? Then I won't buy a car, don't buy a mobile phone, don't buy those messy things, anyway, with my allowance, it's still enough to feed you, mother, did you encounter it again in the company recently? What's the matter?"

Don't have too much psychological pressure. Take it easy, my mother is invincible in the world, and it will definitely be able to solve it easily, even if it's really bad, it's a big deal that your daughter can support you, your daughter is a student of Wudaokou University, and we won't be able to get up again at that time. Young, your daughter is so good, can't she help you? "

After hearing her daughter's words, Zhang Haiyan burst into laughter immediately, patted Ye Cunxin's thigh and said:

"Okay, since I can hear what you say, then I can rest assured, if my company really goes bankrupt, then you have to support me!"

"Hey, it's okay to have such an idea. By the way, Mom, I have to work harder, you have to bear with me!"

After saying this, Ye Cunxin immediately dropped his hand, and Zhang Haiyan's eyes immediately followed Ye Cunxin's movements, and the boss immediately stared, and then let out a depressed cry...

At this time, in the corridor, Qin Yuan smiled slightly when he heard this voice. He used super hearing ability directly just now, just to confirm what Zhang Haiyan would say to Ye Cunxin. Now that he has finished listening, then Go back to sleep.

But Qin Yuan hadn't reached his room yet, but he was standing at the door of the room when he saw An Ran, looking at himself with a smile on his face.

"If you don't go to rest this night, what are you doing here?"

Qin Yuan directly spoke to An Ran irritably, but An Ran directly extended a thumb to Qin Yuan:

"You did a good job, and I knew you came here for a purpose."

"What's the purpose? What did I do?"

Qin Yuan shook his head and smiled, but An Ran directly leaned to Qin Yuan's ear and whispered to Qin Yuan:

"What you said to Zhang Haiyan, although I don't know, but I can feel it belongs to a woman's intuition, so don't quibble, but you did a good job, I am very satisfied personally, so I will give it to you Add 10 points."

And hearing such words, Qin Yuan also suddenly heard a systematic voice in his mind:

"Ding Dong, the current progress of the task: 20%, score 20"

Qin Yuan didn't expect that he would be able to promote this task after doing these things, but this is a good thing after all, so Qin Yuan directly smiled at An Ran:

"Okay, I'll go to bed first, and I will find someone else tomorrow to take a good rest. This is one of the few vacation time."

And looking at Qin Yuan's back, An Ran also smiled slightly, adding a point to Qin Yuan's notebook in his heart.

There was no word for a night, and early the next morning, Qin Yuan, An Ran and Ye Cunxin left Ye Cunxin's home together.

Before leaving, Qin Yuan looked at Zhang Haiyan, who seemed to be much better, and smiled.

"Mom, we are leaving!"

Ye Cunxin also waved at Zhang Haiyan.

Seeing the daughter who was going away, Zhang Haiyan also took a deep breath.

"Mr. Zhang, are you going to the company today?"

"Sister Zeng, don't call me Mr. Zhang in the future, I, take a break for a while, and then move on. I really didn't expect my daughter to grow up so soon!"

"Yes, my daughter has grown up, but now that she has grown up, let her not worry about her. Okay, let's go back. I may learn to cook some good dishes with you!"

With Qin Yuan's assurance, Zhang Haiyan breathed a sigh of relief in her heart. Now, no matter what she does, she won't be under much psychological pressure!

...

After that, Qin Yuan and An Ran Ye Cunxin received Shen Lanni together. Shen Lanni was shocked when she saw the Maybach bought by Ye Cunxin. She really didn't expect that this girl who was fighting with herself was really a girl. The real rich second generation!

Of course, the bigger surprise is seeing An Ran, for them, An Ran is their veritable captain!

After that, Ye Cunxin took Shen Lanni and dragged the car together. Naturally Qin Yuan would not participate this time. He just watched the two girls mess around, showing the same smile as an old father.

That's how Ye Cunxin really has friends, family, and a bright future.

Qin Yuan looked at Ye Cunxin and Shen Lanni who were messing around in front of him, and the corners of his mouth also rose.

After that, Qin Yuan slowly drove the extended Cadillac with An Ran, while Shen Lanni and Ye Cunxin walked in front.

But at this moment, An Ran saw a thief in front of him who was grabbing a bag, and he was immediately interested, and said directly to Qin Yuan:

"Hurry up This is the third class of walking!"

Qin Yuan was full of helplessness:

"Please, this car is so big, you can't let me drive this drift, right? Let Ye Cunxin and Shen Lanni give this third-class skill!"

Sure enough, Qin Yuan saw Ye Cunxin's Maybach rush out!

It didn't take long before Qin Yuan saw that the car had returned, and it seemed that the matter had been finished!

Qin Yuan directly called Ye Cunxin:

"How about it, do you get the third-class skill of walking?"

"Hey, that's of course, but our People's Liberation Army does good deeds, how can we keep our name? I guess these third-class skills won't be available!"

Ye Cunxin was obviously very happy for helping people.

Hearing this, Qin Yuan also shook his head and smiled, and then asked the three women: "Who are we going to find next?"

Chapter 338: No shoes

After hearing this, Shen Lanni made a direct suggestion:

"Let's go find Tang Xiaoxiao. I heard that Tang Xiaoxiao came from a family of actors. Let's go find her and play at her house to see what's different in her house."

Shen Lanni's proposal quickly won the agreement of the remaining two women, and as for Qin Yuan, he naturally didn't care, so the group had already made a decision, and then went directly to Tang Xiaoxiao's home.

Before arriving, Shen Lanni first called Tang Xiaoxiao, but unexpectedly learned that Tang Xiaoxiao was not at home, but in a crew.

Hearing this news, Qin Yuan's brows frowned slightly. Tang Xiaoxiao is now an active soldier. How could he go to the crew to film?

But Qin Yuan didn't say too much, after all, he had to look at it before he could decide.

Some people in Qin Yuan quickly reached the place where Tang Xiaoxiao was, and looking at the people around, Qin Yuan was also a little surprised, because these people were wearing all kinds of clothes and running around in the various crews. There are everything to wear, whether it is from the early Han costumes, the middle Tang costumes, and the current costumes, all of them are mixed together, and the people who see it are a little dazzled.

At this time, Tang Xiaoxiao was sitting in an actor's dressing room, and there were two people standing in front of her. One was a little fat, the other was tall and thin, with a pale face. They were touching their nails. Some sissy.

"Oh, Tang Xiao laughed at my sister-in-law and grandma, please. The temperament of the heroine of this show is really in line with you. Just stay and do me this favor. Be the first female of this show. Say that we are also family friends, please!"

The fat man at this time couldn't help but show his hospitality to Tang Xiao, but Tang Xiaoxiao gave the fat man a blank look and said directly:

"Please! I've told you many times. I'm not a literary soldier anymore. I'm now an official special force. I belong to a professional official soldier. I promise to help you make a faceless cameo. You have violated the rules, and you still want me to help you become the heroine. This is a dream!"

Of course, Tang Xiaoxiao knew about the military secrets regulations. If a soldier like her hadn't received an order from her superiors, she wouldn't be able to show her identity to the public. After all, in this way, she would lose all concealment.

The reason why Tang Xiaoxiao came to the filming of this crew was to perform some faceless characters, and the voices in the later stage were also reconfigured, so she did not worry about revealing her identity, but she had a better relationship with this fat man. Just do this fat man a favor.

When the fat man heard this, he shook his head in disappointment, then sighed and left here.

It's just that the fat man left, but the thin, tall young man stayed behind, and then helped Tang Xiaoxiao pour a glass of water with a smile on his face, and then said:

"Smile, how come you look so beautiful now, it feels better than before. I have only heard that universities are beauty salons. Is the military barracks also beauty salons? If that's the case, maybe I can join the army. !"

Hearing this, Tang Xiaoxiao's eyes rolled to the sky, she felt that the person in front of her was extremely annoying, even more annoying than the fat man.

Tang Xiaoxiao said directly to the man:

"Du Changfeng, I'm begging you, you go quickly, I've told you many times, it's impossible for me to be your girlfriend, not to mention that I'm an active soldier. It is a dream to come out of the troops."

But after hearing Tang Xiaoxiao's words, this man named Du Changfeng smiled very gently and touched Tang Xiaoxiao's hand, and then said:

"Oh, what are you doing so fiercely? The union between the two of us, but parents are optimistic about it, I am considered a small celebrity now. I have become a leading actor in a TV series, and maybe I can soar into the sky and become a star. Now, your foundation is better than mine. What kind of soldier are you still playing? Wouldn't it be better to come directly and become a star!"

At this moment, Tang Xiaoxiao felt that his hand was touched, and a trace of blue veins appeared on his forehead. However, the person in front of him was indeed his own hair, and it was not easy to beat him directly. He sighed and said directly to this man named Du Changfeng:

"You don't want to go, so I can't do it? I've really lost the mold for eight lifetimes, and finally let it go home, but I also met you this brown candy!"

After saying this, Tang Xiaoxiao just wanted to leave, and Du Changfeng saw this situation, and was immediately very anxious to follow Tang Xiaoxiao, but Tang Xiaoxiao suddenly kicked to the side and kicked out on a stool. , Hit Du Changfeng's toe!

Suddenly Du Changfeng let out a scream!

This scream shocked Tang Xiaoxiao. Although she just wanted to teach Du Changfeng a lesson, she didn't use any strength. With such intensity, could it still hurt Du Changfeng?

At this time, Du Changfeng lay on the ground holding his feet.

Seeing Du Changfeng's appearance, Tang Xiaoxiao frowned, but this was caused by his own reason after all, so there was no other way. He walked over and took off Du Changfeng's shoes directly, but Tang Xiaoxiao looked carefully. After a while, it was an extremely disgusting discovery:

"What are you tmd howling ghost There is no injury at all, OK, not even red!"

When Du Changfeng saw such a situation, he was extremely wronged and said to Tang Xiaoxiao:

"You are simply too much, don't you know that we, as idols, must protect our bodies? Our bodies are very expensive, and there can be no scars at all. Besides, you don't like it. Handsome person? I'm so handsome, why don't you like me?"

There is one thing to say, Du Changfeng in front of him is indeed handsome and delicate, but no matter how he looks, he looks like a girl, lacking a man-like temperament.

If it were before, Tang Xiaoxiao might still look at such a boy differently, but after being baptized by the army and seeing what a real man is, Tang Xiaoxiao is not interested in such a person at all.

"That's because I have seen what is really handsome, just like you, you don't even deserve to carry shoes in front of him!"

After saying this, Tang Xiaoxiao stood up directly and glanced at Du Changfeng disdainfully.

Chapter 339: set off

But at this moment, she suddenly felt her mobile phone vibrate, a smile suddenly appeared on her face, and she connected the phone directly:

"Hey, you are already here, OK, then I will pick you up at the door!"

Hearing Tang Xiaoxiao's words, Du Changfeng's brows instantly frowned. He really didn't understand what he had done wrong, but he looked at the smile on Tang Xiao's face thoughtfully.

This call was of course made by Qin Yuan and others. They had already reached the door of Tang Xiaoxiao's crew, and Tang Xiaoxiao went to pick them up directly.

But after arriving at the door, Tang Xiaoxiao was surprised to find that there were a few people at the door, their masks and sunglasses wrapped tightly, just like those big-name stars!

"Hahaha, what are you doing!"

And seeing Tang Xiaoxiao, Shen Lanni and others quickly took off their sunglasses, and then said to Tang Xiaoxiao:

"Then need to say, since we are here to find you, a big star, don't we have to dress up in the same fashion?"

"Hahaha, but this kind of dress is only used when picking up the plane at the airport. When the stars come, they drive in directly!"

Tang Xiaoxiao looked at Shen Lanni and the others laughing at this time, but Ye Cunxin's face suddenly collapsed when she heard this.

But at this moment, Qin Yuan walked directly in front of Tang Xiaoxiao and whispered:

"Soldier Tang Xiaoxiao!"

"Yes!"

Tang Xiaoxiao immediately reflexed and stood at attention.

"Have you violated the regulations!"

At this time Qin Yuan's face was full of seriousness, but when he heard this, Tang Xiaoxiao breathed a sigh of relief, and then said to Qin Yuan:

"No report. The role I played in is a faceless supporting actor who will not reveal his identity!"

At this time, Qin Yuan was speechless when he heard this. He thought that Tang Xiaoxiao had forgotten the rules and was nostalgic for the life of the crew. He wanted to go back and planned to punish Tang Xiaoxiao first.

But I didn't expect to hear Tang Xiaoxiao say that, it's not that Tang Xiaoxiao wanted to be this actor, but that the fat director really couldn't find anyone, so he pulled Tang Xiaoxiao into the tank, but this group of people helped. right now.

"Hey, do you have any thoughts about acting? If so, I can ask that fat guy to add some tricks to you. If nothing else, two lines are still OK."

At this time, Tang Xiaoxiao said to everyone, and hearing these words, the eyes of these girls suddenly lit up.

Although they are now well-trained and mentally strong female warriors, it is like every girl loves to watch beautiful girls when they are young, and boys love to watch Ultraman. This is a youth's longing.

It is estimated that these people are the same. Watching the appearance of the celebrity watches on TV, they also imagined what kind of performance they would have if they stood in the position of the other party!

And now there is a chance to realize your dreams, how can you not be excited?

Seeing this situation, Qin Yuan's brows frowned slightly. He just wanted to stop this behavior, but An Ran gently shook his head at Qin Yuan and said in a low voice:

"After all, it is on vacation now. As long as it does not violate the regulations, let them have fun."

When Qin Yuan heard this, he was a little helpless. He was not very interested in becoming an actor.

But at this moment, Qin Yuan suddenly heard a voice in his mind:

"Ding dong! The system releases the task, and the host becomes a supporting role in a TV series, and leaves a deep impression on people, rewarding a grid!"

"Ding Dong, the host opens the prestige system, and every time you get 1,000 prestige points, you can redeem a grid!"

At this time, Qin Yuan was completely speechless when he heard such a voice. He really did not expect that the system would assign him such a task.

And looking at the newly emerging prestige system, Qin Yuan was also a little curious.

How does this thing play?

Qin Yuan took a closer look and found that as long as he can gain recognition and admiration from others, he can gain prestige. Only when one person admires himself from the bottom of his heart can he gain a little prestige, and 1000 prestige , Is to let 1,000 people have complete admiration for themselves!

This is not an easy thing to accomplish. After all, people nowadays are full of doubts. It is very difficult to make others admire you thoroughly.

However, this prestige system is also good, that is, as long as you can obtain new prestige points, you can directly redeem it out of the grid without any restrictions.

If Qin Yuan could seize the opportunity and become completely famous, wouldn't it mean that there would be tens of thousands of more grids in an instant?

However, Qin Yuan carefully checked again, but was full of helpless discoveries. In order to obtain this reputation value, he could not do anything that would affect his identity. In other words, Qin Yuan could be famous, and You can be an actor, but you can't show your face and reveal your identity!

Because this is a violation of the rules of special forces, not only won't get rewards, but will be deducted!

This Nima makes people scratch their heads. After all, if an actor does not show his face, no matter how good his acting skills are, it is difficult to get the approval of others.

However, Qin Yuan is completely unable to show his face because of his identity. What should people do?

But in the end, Qin Yuan took a sigh of relief and put this question aside. The top priority now is to complete the first task first. As for this prestige system, if he has time in the future, he will be better. have a look.

At this moment, seeing Qin Yuan look a little dazed, Tang Xiaoxiao was a little nervous, and asked Qin Yuan:

"Instructor, if you don't want to, I can just give up this shooting mission now!"

And hearing such words, Qin Yuan came back to his senses, and then said to Tang Xiaoxiao:

"Oh, it doesn't matter, if you do, I want to try it too!"

Upon hearing this, everyone cheered!

Qin Yuan wanted to participate too, and they naturally had confidence in this!

"Hey, it's easy to talk, come and come, you guys will be with me, I will take you to the director!"

Tang Xiaoxiao at this time looked like a big deal, but this matter was really not difficult for Tang Xiaoxiao. After all, she knew a lot of people, and it was very easy to find a few roles!

"Okay, let's go!"

At this moment, the girls cheered suddenly, and then walked directly inside.

And Qin Yuan, who was surrounded by this group of beauties, was even more eye-catching, especially with a look in his eyes that became extremely resentful and hateful!

Chapter 340: Come on

Tang Xiaoxiao led the group to find the fat man, and said to the fat director:

"Old Deng, I found a group of beautiful beauties for you, see if there are any characters?"

When the fat director saw Tang Xiaoxiao and the group of people around Tang Xiaoxiao, his eyes suddenly brightened. This very healthy long legs and a bumpy figure attracted the attention of others.

"Oh, my grandma, where did you find this group of peerless treasures? It's easy to say, but my crew is relatively small, and the actors I need are limited, so I can't give you all famous names. Location, I don't know, do you think it will work?"

The fat director said something to Tang Xiaoxiao in embarrassment. After all, he also understood that some people just want to take this opportunity to perform. These people are all Tang Xiaoxiao's friends, and they are so beautiful, if you let them Going to play some unnamed dragon sets is obviously not respecting them.

But when he heard this, Tang Xiaoxiao grabbed the director and said directly to him:

"Lao Deng, of course there is nothing wrong with the dragon set, but I have one thing that I did not say clearly to you. These people are my friends, and their identities are the same as me. They can't make any showy characters, so you Look at the arrangement?"

"What the hell? You can't show your face? Oh! My aunt! Are you embarrassing me? In your position, I only changed it after discussing it with the screenwriter for a long time. After all, it was more reasonable. You brought a group of people over now, without showing their faces! How are you making me live? No, no!"

At this time, Director Fat was a little bit fraught when he heard this, and he couldn't help but shook his head at Tang Xiao.

After hearing this, Tang Xiaoxiao was also a little helpless. After all, she also understood that such behavior might be a little difficult for the director, so she could only stand up and say to Qin Yuan and others:

"Oh, I thought we could be in the same crew. It seems that it won't work. In this way, we can only be separated temporarily, but rest assured, I will definitely help you find a suitable role."

At this time, Tang Xiaoxiao said confidently, after all, she had already said what she had said, no matter how difficult it was, she would help her comrades do it.

And An Ran and the others also looked at each other a bit. They just watched TV shows and didn't know much about these things. They didn't expect filming to be so cumbersome.

"Tang Xiaoxiao, otherwise we'll forget it, it looks quite troublesome."

Shen Lanni said something to Tang Xiaoxiao. Hearing this, Tang Xiaoxiao was unwilling, and said directly to Shen Lanni:

"How can I do that? I have already said what I have said. I must arrange all of you. This is my place. If I can't entertain you, wouldn't I be able to raise my head in the future? Don't worry, as long as I act. , This matter is not very difficult, wait for me for a while, I will be able to help you solve it soon!"

After saying this, Tang Xiaoxiao walked out again, obviously looking for someone else again.

But Qin Yuan grabbed Tang Xiaoxiao and said to Tang Xiaoxiao:

"In fact, it doesn't need to be so troublesome, we just have fun, just go directly!"

Qin Yuan was still thinking about completing his task. If he proceeded in such a rigid manner, wouldn't he have to wait until the year of the monkey?

"Oh?"

But when he heard this, Tang Xiaoxiao looked at Qin Yuan with a suspicious look, and then An Ran frowned and said to Qin Yuan:

"Qin Yuan, this won't work. Wouldn't it be a violation of the military regulations? We will all be punished."

When Qin Yuan heard this, he was taken aback, then smiled and said to the crowd:

"What are you talking about? Of course it's impossible to use our own way. Don't forget, why do we paint camouflage when we perform tasks, isn't it just to hide our identity? Although it is filming now, it is not the same. ?"

Upon hearing this, everyone suddenly realized, and then said:

"Captain, you mean, let each of us put on makeup?"

And Qin Yuan also showed a smile and said directly to everyone:

"Yes, this time it is for you to conduct a disguise training. Each of you must hide your appearance and then make up to meet the director's requirements. More importantly, you must not expose your own identity."

Hearing Qin Yuan's words, these female soldiers suddenly showed an excited smile. If they are simply acting actors, it's really meaningless. It's just an experience. But if you add training content, then they will I can't stop comparing each other to see who can get better results.

However, Ye Cunxin showed a smirk at this time, and said directly to Qin Yuan:

"Master, if that's the case, then you have to participate?"

"Yes, I am participating, is there any problem?"

Qin Yuan said casually, but he saw Ye Cunxin's fingers and pointed at the top of his head, but Qin Yuan suddenly widened his eyes!

Because what Ye Cunxin was referring to was the signature of the crew, with four characters "Spicy Actress"!

At this time, Qin Yuan almost didn't catch his breath, and co-authored for a long time. This crew is a crew shooting this kind of stuff!

He had been immersed in the system just now, he didn't care about his surroundings, he simply didn't see it!

At this time, Tang Xiaoxiao couldn't stop snickering. She walked directly in front of Qin Yuan and said to Qin Yuan:

"The instructor is really sorry. Our crew only needs female actors. Originally, I was thinking, if you are interested and want to be an actor, do you want to find another crew for you? I didn't expect you to agree. It saves me the effort to get to the legend of my crew. Come on!"

Hearing such words at this time, the surrounding female soldiers burst into laughter, which caused the surrounding eyes to scowl.

Qin Yuan straightened his eyes when he heard such words. He couldn't think that this crew was actually filming such things!

However, the words have already been said, and Qin Yuan is not reluctant to regret it. He also sighed for a long time, then said to the crowd:

"Okay, I've been fooled by you this time, but our time is urgent, so let's do it like this, Tang Xiaoxiao, you go ask the director to see what we are going to dress up, and give it to everyone. Prepare some cosmetics, put on your makeup well, and see who has the best results in the end. If anyone can't complete the disguise, then he will run home from here!"
