

## **Special Soldier 34**

Chapter 34: Discover the Raiden Commando, fight!

was suddenly attacked!

Qin Yuan's horrible shot and Li Erniu's messy sweep killed 9 people in an instant.

"Er Niu! Quick! Transfer location!"

After the first wave of battle is over!

Qin Yuan took Li Erniu to move the location immediately.

The original 23 people, now only 14 people are left!

14 people deserve to be well-trained blue soldiers, they immediately dispersed and crawled, looking for cover!

However——

Under Qin Yuan's terrifying night vision ability and thermal imaging!

No one can escape!

Move quickly!

Qin Yuan took Li Erniu for a large circle, and then walked straight across the road in front!

arrived on the other side of the road!

Da da da!

DaDaDaDaDaDa!

DaDaDaDaDaDa!

Crazy blasting sounded again!

14 people were killed again in an instant!

moment!

The battle is over!

Qin Yuan and Li Erniu completely killed all 23 people!

Qin Yuan killed 12 people again!

"Ding Dong~ Congratulations to the host for successfully killing 14/12 people! Unlock a new grid!"

The crisp system reminder sounds!

"Haha, another new grid is available!"

Now, Qin Yuan has 3 grids in total!

And Qin Yuan's elimination number has also become 34!

As for Li Erniu?

Several battles down!

also killed nearly 10 people!

This record!

is very powerful!

because--

The blue soldiers are not ordinary troops!

They are well-trained elites from the special forces!

Ordinary troops encounter them, almost none of them are opponents!

but now--

Under the leadership of Qin Yuan!

With his current strength, Li Erniu can not only kill them, but also ensure that he is not damaged at all!

Li Erniu doesn't even know!

With his powerful record!

has qualified to enter the primary election of special forces!

has 3 new grids!

Qin Yuan feels extremely relaxed!

Unprecedented comfort!

The traces of anxiety and urgency in my heart are gone!

3 grids are more satisfying than the ten billion!

"Er Niu, how many bullets do you have?"

Qin Yuan smiled lightly and asked.

"Not much, Brother Yuan."

Li Erniu smiled honestly and replied.

"Not much, that's good! Let's replenish the ammunition!"

Then.

Under the extremely depressed eyes of 23 people!

Qin Yuan and Li Erniu appeared directly!

"Fuck! Are you the only one who killed us? Come on, how many people have you come this time? Why do you want to ambush in this wilderness?"

"Baoan, you are not a recruit! Can't you tell from the shooting, they really only had two people in the battle just now?"

"Why don't I know! It's just...it's too horrible! 2 to 23! And also killed us all! These two guys, are they special forces?"

Everyone listened!

is a spirit in my heart!

If it is a special force!

That still said!

But--

The opponent is just a red soldier!

Where did the special forces come from?

All the special forces of the Southeast Military Region are now in the Blue Army, OK?

an instant!

Everyone is shocked!

"Oh my God! Not from a special force, but a special soldier!"

"It is not a special force, but it is better than a special force! No! It is far better than a special force!"

"Horrible! It's too powerful!"

"The real special forces are not so scary, right?"

"Actually I doubt it! Why can this guy see us in such a dark environment?"

.....

A group of people are shocked!

was shocked!

But--

The facts are here!

They can't help it!

They are also very helpless!

Under all eyes, Qin Yuan and Li Erniu picked up a large number of magazines!

of course.

These bullets were prepared for Li Erniu!

A bullet shot by Qin Yuan means the fall of a human life!

He can't use many bullets at all!

A magazine can kill 20 or 30 people!

Li Erniu is different!

When he shoots, he shoots crazy!

is often only one or two after scanning a magazine!

So the magazine is very important to him!

Replenish ammunition!

Qin Yuan took Li Erniu away with a frantic laugh!

no way!

I was so happy and satisfied to hear those people talking!

"Brother Yuan! The group said that we were special forces! Haha, I never dreamed that Li Erniu, a cooking soldier, would be regarded as a special force!"

Li Erniu laughed.

"Special Forces?" A smile appeared at the corner of Qin Yuan's mouth, and he didn't feel much about these four words!

what he needs to do!

is to become the strongest soldier in the world!

A person is a special force!

Moreover, it is the most powerful special force in the world!

instead of just being a special soldier!

"Er Niu, after this exercise, you will definitely become a special soldier!" Qin Yuan smiled and promised Li Er Niu!

"Hmm, good Brother Yuan! Then I'll wait!" Li Erniu smiled and nodded quickly.

East, the night is getting brighter!

The sky is almost bright!

"Huh? This is... Thor? And his teammates?"

suddenly!

in the jungle more than nine hundred meters away!

Qin Yuan found a group of pretenders lurking precisely!

Lei Zhan and the old fox who disguised themselves completely and blended into the jungle!

Several people are distributed in a special formation!

Whenever there is a goal to enter the jungle, they will become their prey!

And the distance between a few people is only forty to fifty meters!

in the jungle!

Once someone is attacked!

They can also support in time!

"What are these guys doing here?"

Qin Yuan raised his eyebrows, not knowing why, "Could it be that this is waiting for the rabbit? Waiting for the prey?"

"It's just... they do it! It doesn't fit their special forces style at all, right?"

Qin Yuan is really puzzled!

Who is Thor?

That is the heart is higher than the sky, is a powerful one!

want to kill!

Those guys who need to drive all over the world to find their goals!

Why are you so honest like a quail now?

Qin Yuan didn't even know!

They are waiting for Qin Yuan!

After careful consideration!

Thor, who was driving around the world looking for Qin Yuan, gave up that immature idea!

after all!

They are the famous Raiden Commando!

This is the super ace special team of the Spikes!

In case it falls in the hands of a recruit!

Wouldn't it smash the sign?

By the time--

Lone Wolf Group B and War Wolf, I am afraid they will laugh out loud!

and so--

For the sake of safety!

Even if you can't kill Qin Yuan!

They can't smash their signs!

after all.

After analysis, they have long known that Qin Yuan is a super god!

If you can--

If you don't meet him, you won't meet him!

After all, in the future, there will be time to fight him!

However——

They think so!

Qin Yuan doesn't think so!

"Huh, do you think you can survive if you put a break?"

Qin Yuan smiled indifferently, kicked the accelerator, and drove Li Erniu towards Thor's location, "Sorry! It doesn't exist! It's impossible!"

"Three grids, I'm coming!"
