

Special Soldier 341

Chapter 341: Bright light

Hearing such words, everyone was shocked. Tang Xiaoxiao's home is relatively close to here, but it is also several kilometers away. The most important thing is to watch other companions sit in the luxury car, but you are alone. Isn't it too shameful to run back?

However, at this time, An Ran said:

"Okay, that's what you said, in case you didn't pretend to succeed, but you have to run back alone!"

At this moment, the eyes of this group of female soldiers suddenly brightened. They have been with Qin Yuan for so long and have never seen Qin Yuan embarrassed. If they could take this opportunity to laugh at Qin Yuan, even if they were later caught by Qin Yuan. It's worth it for Yuan E to rectify it!

And Qin Yuan also understood what these women were thinking, but he smiled confidently and said to these people:

"If you want to see me making a fool of yourself, wait for the next life, and see who runs home later."

cut!

Ye Cunxin and the others immediately showed contempt for Qin Yuan, and Tang Xiaoxiao quickly got the image of each of them from the fat director's hands, and also found some cosmetics to distribute to them.

Qin Yuan glanced at the desk book he was holding, and found that the person he was playing was a cold ascetic woman. He was immediately relieved. Such a dress is good. If Qin Yuan is a passionate woman. , It was too difficult for him.

"Hehe, you guys, you guys, think that if I pretend to be a woman, it's hard to beat me, let you know what it means to be someone outside a person, there is a heaven outside the sky!"

At this time, watching Ye Cunxin and others who had entered the dressing room, Qin Yuan smiled.

After that, Qin Yuan went directly into a separate activity room, and then began to concentrate on putting on makeup for himself.

Since he has made up his mind to teach Ye Cunxin and others a lesson, then Qin Yuan will do something very seriously. In less than a few minutes, he will wear all the clothes he sent over, and then She wrapped her hair again and quickly put on a shoulder-length wig for herself.

And next is the moment to witness the miracle,

A large number of bottles and cans were placed in front of Qin Yuan. Tang Xiaoxiao was obviously full of bad taste. She was sure that Qin Yuan would not know how to make up, so Qin Yuan would prepare all the cosmetics. In order to prevent Qin Yuan from making excuses.

This makes it easier for Qin Yuan to play. He quickly opened these things, and then began to apply makeup on himself in a certain order.

"Universe makeup technique!"

Qin Yuan has already acquired the most advanced makeup skills. When he was in the Philippines, he even completely disguised himself as an old man!

Now it's just becoming a woman. Although it looks more difficult, it's actually different, because you can play it on your own without having to move your face, or some other places. For Qin Yuan, it's simply It's drizzling!

At this time, Qin Yuan's hand lifted up an afterimage. The cosmic makeup technique made Qin Yuan's every movement extremely accurate, which made Qin Yuan's makeup speed beyond imagination!

too fast!

More importantly, it is fast and good. At this speed, maybe he will not be a soldier, but a makeup artist, it may be better, and he will definitely be the best makeup artist in the world!

At this time, after Qin Yuan finished applying makeup, he glanced in the mirror and couldn't help but breathe in a cold breath.

Fuck, who is this peerless beauty?

Qin Yuan's cosmic makeup technique was only used two or three times. Most of them were in disguise and had no special makeup, so Qin Yuan himself didn't know how far he could make up.

However, Qin Yuan never expected that he would be able to achieve this level after finishing his makeup!

Fortunately, Qin Yuan's sexual orientation is firm, otherwise, he would almost be bent by himself!

However, Qin Yuan quickly reacted and nodded with great satisfaction.

"Hey, a bunch of kids, watch me scare your heads off!"

Qin Yuan smiled, then tidied up his clothes again, and walked out directly!

As for the female soldiers, they are also doing makeup. Although they are not any girls who particularly love makeup, they are always better than men in this respect, and they also have a professional-level instructor. That is Tang Xiaoxiao.

Tang Xiaoxiao is an old man with many years of makeup experience, even if other people can't, but with Tang Xiaoxiao's help, Qin Yuan can be suppressed by a man.

After everyone had put on their makeup, they looked at each other, and suddenly laughed.

After all, they have a lot of choices, and with Tang Xiaoxiao's exquisite makeup, it is not a difficult task to turn them into another character. If they are not seen by acquaintances, they will definitely not be recognized.

"Haha, this time I want to make Qin Yuan look good. Let's go out and see what he would paint himself like."

"Already have a hunch, must have very spicy eyes, this guy just waits to run back."

But after saying these things, An Ran said to Tang Xiaoxiao:

"But the joke is a joke, have you prepared a position for Qin Yuan?"

"Don't worry about this. I have already found another director. He just lacks a male actor, and his personality is exactly the same as that of Qin Yuan. When that happens, he only needs to act out himself. I will give it to him later. He puts on makeup and he will definitely not be exposed."

Tang Xiaoxiao also thought of this, so she had already arranged it. After a while after they laughed at Qin Yuan, they would help Qin Yuan put on makeup, and then let Qin Yuan go to catch up with another crew.

But after this group of people got out of the dressing room, did find that there seemed to be no one else outside.

"No, why is this guy so slow? Is it because he thinks his paintings are too ugly, so he doesn't dare to let us come out and have a look?"

At this time, Shen Lanni said something, and when she heard what Shen Lanni said, everyone laughed again.

"Maybe, let's wait outside first."

Several women sat here to rest, but at this moment, Ye Cunxin poked An Ran on one side, and pointed to the woman who was sitting on the chair!

And An Ran turned his head and saw a light flashed in his eyes!

This is a beauty in a black windbreaker. This beauty is wearing sunglasses on her face and a pink silk scarf around her neck. The upper body is straight, and the black boots on the upper and lower body look bursting!

Turning through an original English book in his hand, fully reveal the elegance and aura of a woman!

Chapter 342: This is impossible!

And Tang Xiaoxiao and others all saw the woman Ye Cunxin was referring to, and Shen Lanni quickly poked Tang Xiaoxiao, and then whispered to Tang Xiaoxiao:

"Hello, do you know this woman? This woman looks so aura, is it a big star?"

Tang Xiaoxiao was also a little nervous when she saw a woman, and was obviously shocked by this attitude, but she looked at the woman's face carefully, but shook her head, and said to Shen Lanni:

"It doesn't look like that much. If it were a star, that kind of temperament would have been so popular for a long time. It's impossible to be unknown, and have you seen it? She doesn't even have an agent around her, so it's definitely not a star. "

Tang Xiaoxiao knew that not all beautiful beauties are stars, and that a woman with such a temperament is more like an investor in the crew.

At this moment, seeing the appearance of this beautiful woman, Tang Xiaoxiao was also a little excited, just planning to go over and say hello to this beautiful woman, but when the corner of his eyes lifted, he saw another person walking over!

At this moment, Tang Xiaoxiao's expression was a little gloomy. When Shen Lanni saw Tang Xiaoxiao's expression change, she also directly asked Tang Xiaoxiao:

"What's wrong? What's wrong?"

"A nasty follower is here."

Tang Xiaoxiao said coldly, and everyone looked in the direction of the door, and found that there was indeed a man walking towards this side.

This person is Du Changfeng. Although he was rejected by Tang Xiaoxiao, he would not give up so easily.

But when Du Changfeng entered the room and looked around, he found Tang Xiaoxiao. Although Tang Xiaoxiao had put on makeup, after all, Du Changfeng and Tang Xiaoxiao had known each other for a long time, and of course he could recognize it.

It's just that when Du Changfeng just wanted to walk towards Tang Xiaoxiao, the corner of his eyes was turned away from the beauty who was on the side, and his eyes suddenly became the boss!

He really didn't expect to meet a beauty of this quality here, such an aura, such a dress, just like a sharp sword, directly penetrating Du Changfeng's heart.

So Du Changfeng walked directly towards this beauty, and seeing that Du Changfeng didn't even walk towards herself, Tang Xiaoxiao's heart was immediately relieved, but she saw this guy walk towards that beauty, But couldn't help but be a little worried for this beauty.

After all, she knew how clingy Du Changfeng was.

Moreover, Du Changfeng has now become the leading actor of a play, and he is considered a small well-known actor. If there is any conflict between the two people, it will be no good.

So Tang Xiaoxiao also rushed over, and said to the beauty first:

"Hi, pretty."

"Hello there."

At this time, the beauty also raised her head and smiled directly at Tang Xiao, and this woman's voice was like the ice in summer. Although cold, she didn't have a sense of indifference that could not be far away. On the contrary, it brings a coolness!

Du Changfeng saw Tang Xiaoxiao being with the beauty, his eyes flashed light, but when the two women stood together, he could better compare the advantages and disadvantages of the two.

After thinking about it again and again, Du Changfeng's eyes were firm, and he walked directly in front of the beauty, and then said to the beauty:

"Hello beauty, my name is Du Changfeng, I am glad to meet you."

Having said this, Du Changfeng directly stretched out his hand, trying to shake hands with this beauty, but the beauty looked up at Du Changfeng, but did not stretch out her hand.

Du Changfeng was slightly embarrassed, and Tang Xiaoxiao also directly said to Du Changfeng:

"Okay, people don't want to take care of you, where do you come from?"

"How do you know that people don't want to talk to me, beauty, to be honest, since seeing you, I feel like seeing my destiny. I don't know if you have a boyfriend, can we two? Exchange phone numbers."

At this time, Du Changfeng looked at this beauty and said very affectionately, but after hearing Du Changfeng's words, there was a trace of panic flashing in her eyes, and then she directly reported a foul language:

"Fuck?"

Yep?

Hearing the voice of this beautiful woman, Tang Xiaoxiao and Du Changfeng were completely shocked, because the woman in front of them turned out to be a man's voice!

The beauty in front of him is Qin Yuan. The reason why he exploded a foul language just now was because he heard a voice in his system, prompting his reputation to increase a little!

For these people in front of them, who can increase Qin Yuan's reputation, I am afraid that only Du Changfeng is left!

Qin Yuan didn't think that his first point of prestige was provided by a man, and he was still a man who was obsessed with his beauty!

"Teach... instructor?"

At this moment, Tang Xiaoxiao's eyes were the staring boss, looking at Qin Yuan incredulously, and Qin Yuan also stood up directly, still speaking to Tang Xiaoxiao in that cold voice:

"What's the matter? You don't recognize me. Didn't you praise me as a beauty just now!"

At this moment, hearing what Qin Yuan said, Tang Xiaoxiao and Ye Cunxin and others standing in the distance suddenly made an uproar. They squeezed to Qin Yuan's side and looked closely at Qin Yuan. The outfits on their bodies were extremely horrified to discover that if Qin Yuan did not take the initiative to expose them, they had not discovered any flaws in Qin Yuan's body at all!

Although Qin Yuan's figure looks taller, but because he is sitting in a chair, he can't tell how tall Qin Yuan's height is, and the apple knot on Qin Yuan's neck is wrapped in a silk scarf. They didn't notice this feature either. Although there are some flaws in the feet, normal people are attracted by Qin Yuan's long, impactful legs, and they don't even care that Qin Yuan's feet are bigger than normal women. some!

"Really! Instructor, you are so amazing, you can dress up like this, you are even more feminine than a real woman."

"My goodness, sir, is there anything you can't do? You can teach me even in makeup."

At this time, several female soldiers were unceasingly amazed at Qin Yuan, and Qin Yuan also took off his wig, revealing his shortness.

But at this moment, Qin Yuan heard an extremely desperate voice from around:

"It's impossible, it must be fake."

Chapter 343: Sieve

At this time, Qin Yuan looked back and found that Du Changfeng was kneeling on the ground as if his worldview was broken.

The shock just now was too serious for Du Changfeng. He finally found a better woman than Tang Xiaoxiao, and even made up his mind to get rid of Tang Xiaoxiao and pursue this woman again, but now it is unexpectedly Tell him that the woman is a man! And it was Tang Xiaoxiao's instructor pretending to be? !

At this time, Qin Yuan saw Du Changfeng's appearance, walked over, patted Du Changfeng's shoulder lightly, and then said to him:

"Young man, when looking for a girlfriend in the future, it is best to wipe bright eyes."

Du Changfeng looked up at Qin Yuan's delicate face at this time, and saw Qin Yuan's short hair that had already been exposed. He couldn't accept it anymore, screamed crazy and rushed out instantly.

Qin Yuan looked at Du Changfeng who had already rushed out, and asked Tang Xiaoxiao with some worry:

"Nothing will happen to this guy, right?"

"It's okay, don't worry, I know him, he will definitely be fine!"

Tang Xiaoxiao also looked at Qin Yuan with surprise. She really did not expect that she would be able to get rid of Du Changfeng directly.

"Instructor! Your makeup skills are so good, you must teach me if you find time!"

At this moment Tang Xiaoxiao said to Qin Yuan with joy.

"Good talk!"

Naturally, Qin Yuan agreed in one fell swoop, but how much this Tang Xiaoxiao can learn is not certain.

Needless to say, the result of this competition is naturally that Qin Yuan won completely, and the person who painted the worst this time is naturally Shen Lanni. The makeup on Shen Lanni's face is not bad, but her character is too much. It's bad, it can't be hidden at all, and Shen Lanni is willing to bet and lose, planning to run back directly after today's affairs are over.

But when it came time to film, she was a little embarrassed, because Tang Xiaoxiao didn't prepare a position for Qin Yuan in their crew. The role she prepared for Qin Yuan was in another crew.

Qin Yuan had no objection to this. After all, he was not interested in the shooting of this subject. Then Tang Xiaoxiao took Qin Yuan directly to another crew and found the director of this crew.

And this crew is bigger than the one just now, and the director's status will naturally be higher. After seeing Tang Xiaoxiao, he first checked Qin Yuan's physical fitness, and then he nodded and said directly to Tang Xiaoxiao:

"The actor you got is very good, I just need an actor who is so strong!"

And Tang Xiaoxiao also introduced Qin Yuan:

"Instructor, the director's surname is Bai. You can call him director Bai. It's a more famous actor in our industry. The script he shot this time happened to belong to the special forces. You just need to show that you come by yourself."

And Qin Yuan also nodded to this director Bai. To be honest, he has a natural goodwill for these directors who shoot this theme.

Director Bai also smiled slightly at Qin Yuan, then gave Qin Yuan a script and began to tell Qin Yuan the drama, but listening to these plots, Qin Yuan's brows wrinkled slightly, and he said directly to Director Bai :

"Director, these plots of yours are a bit wrong? Who wrote this script?"

Upon hearing this, Director Bai's face suddenly turned black, and then he said to Qin Yuan:

"Why, is there something wrong?"

"No? There are many wrong places. Take a look at your script. I won't say much about the previous training content. Look at the part of the plot. It is foreign organizations entering the country to carry out sabotage activities, and What's even more outrageous is that this guy came as a plane, and the police also knew that this guy was a prisoner, and he was arrested when he was not at the airport. Instead, he asked this guy to summon his men?"

Hearing Qin Yuan's words, Director Bai swallowed, as if he had noticed something wrong.

What about visas?

"Forget it, let's not talk about these things. Why do we perform the task properly and start to fall in love? Please, although we don't allow comrades to fall in love, we just give up the task for our love. Director, if you really do this, you will go to a military court!"

Director Bai at this time was also a black line, watching Qin Yuan breathlessly, then said to Qin Yuan:

"Enough, are you the director or I am the director, I just shoot a romance drama casually, and then put on a soldier's shell, why did you follow me on the line like this, do you want to act? If I don't want to, I'll just change."

At this moment, Qin Yuan was also speechless, but he couldn't directly turn his face with this director Bai. After all, this was also due to Tang Xiaoxiao's face.

"Well, then I won't say anything, start acting!"

Qin Yuan had to close his mouth, and then began to prepare for makeup.

This time Qin Yuan prepared a normal make-up for himself, turning his face into a square shape, looking loyal and honest.

Qin Yuan didn't have much to do. He played as a special fighter. In the final mission, he made a heroic sacrifice. When Pig's feet saw that he was dead, his heart was shaken and he showed great power and directly took all the people opposite wipe out.

Seeing this plot, the corners of Qin Yuan's mouth couldn't stop twitching, but since he has agreed, then do it well.

Soon, the shooting began.

Although he was filming, Qin Yuan was still serious. A series of military actions were made very smoothly. The executive director was pleasing to the eye.

But at this time the director called out directly:

"Crack!"

Qin Yuan frowned, then stopped, and the director said:

"No, your movements are too fast, we can't keep up, we must slow down!"

Hearing this, Qin Yuan's forehead was covered with black lines. He glanced back and found that the few runners behind him were all panting. They simply forgot any tactical moves. Just ran over with Qin Yuan.

Then began the second game, this time Qin Yuan directly slowed down his actions, and finally after the few runners were able to follow up, then Qin Yuan made a series of actions to knock down the opponent playing the enemy. !

The next is an extremely important scene. Qin Yuan was shot and fell directly. However, the protagonist suddenly appeared, saw Qin Yuan shot and fell, and then cried bitterly in his arms.

In this scene, Qin Yuan's eyes were about to turn up. If this were on the real battlefield, the actions of the protagonist would have long been sifted by others!

Chapter 344: why you are not feeling happy?

Next, the protagonist held Qin Yuan and cried for a long time, and finally he took up Qin Yuan's weapon and killed all the opponents.

In the end, Qin Yuan left a sentence of "revenge me", and then he belched.

"Okay, it's over!"

The director called, Qin Yuan also stood up directly.

But when this scene ended, the starring Xiao Xianrou knelt on the ground and couldn't stand up anymore. Qin Yuan heard a sentence and realized that he was actually pressing on the little Xianrou's leg. This guy's My legs are numb.

This also made Qin Yuan even more speechless. This scene only lasted half a minute, and his legs were numb for a while. Could this guy be weaker?

But the next thing has nothing to do with Qin Yuan. At this time Qin Yuan put on his own clothes, and the director Bai said directly to Qin Yuan:

"Not bad, you performed very well. By the way, if you are interested in continuing to develop in our business in the future, we can cooperate for a long time."

And seeing the director Bai in front of him, Qin Yuan's eyes were full of complexity, and finally he said:

"No, I don't think I'm fit to do this job by nature, I'm leaving now."

Seeing Qin Yuan like this, Director Bai frowned, and directly grabbed Qin Yuan:

"Wait for a while, I want to talk to you about something."

Then Director Bai went straight to that side, as if discussing something with others, but Qin Yuan heard a voice in his mind at this moment.

"Ding Dong! The host completes the task, becomes a supporting role in a TV series, and makes a deep impression, and rewards a grid!"

Qin Yuan didn't expect that this task could be completed so easily, but his actions just now really made a very deep impression on people. After all, this is the taller one from the dwarf, Qin Yuan is a normal person, and everyone else is the same. Like waste, of course it will impress others very deeply!

What's more, Qin Yuan really felt awkward when watching these people put on a layer of money in a leather ring. He had heard that those girls liked to chase something like little dogs with fresh meat,

but he didn't care. But now it seems that it is not only because of the girls, but also because of these boring directors.

They don't want to make a good film, but instead they think of using the face of small fresh meat to make money, which will naturally deepen the reputation of these small meats, thereby further distorting the social atmosphere!

At this time, director Bai saw Qin Yuan's appearance, and directly led Qin Yuan into a room. Then he took out some snacks from the cabinet on one side, and two bottles of wine, and said directly to Qin Yuan:

"Although I don't know who you are, depending on your appearance, you should be a retired soldier, right?"

And Qin Yuan hasn't answered yet, he just glanced at Director Bai, and seeing what Qin Yuan looked like, Director Bai took a drink and said directly to Qin Yuan:

"Actually, I was also a soldier before, but I retired earlier, and later became a director. Do you think I did something very wrong?"

"Since you are a soldier, why do you want to photograph a soldier like this? Do you know that all you have done is an insult to the soldier!"

At this time, Qin Yuan Chen Sheng said, but when he heard such words, Director Bai shook his head, and then explained to Qin Yuan:

"Because the market is like this, those people like this kind of thing, so we have to shoot this kind of thing."

"Nonsense, you obviously don't want to use your heart, and you are too lazy to shoot a truly wonderful thing. I know that the market is full of fresh meat, but that's because they don't have a work that can really stand up. The screens are all small fresh meat. You told me that this is to adapt to the market, but you told me that this is not working without even trying. It seems that you are indeed not suitable for the army, and you don't even have the courage to face difficulties! "

At this time, Qin Yuan said with a hint of sarcasm, he also saw it, the person in front of him seemed to want to keep him, although Qin Yuan could not stay, but he had to talk to this person well. What is right!

When Director Bai heard this, his brows wrinkled tightly, and he said directly to Qin Yuan:

"You said it is light and handy. Now who dares not to use small fresh meat, after all, a drama has an investment of tens of millions, or even more. If it gets rid of water, it is not that one person will go bankrupt.

Qin Yuan heard this, but there was a sneer at the corner of his mouth, and then said to Director Bai:

"If that's the case, then why do you want to put on a soldier's shell and shoot those urban sitcoms that would not be better and corrupt the reputation of soldiers. If those young people see soldiers like this, who else is there? Are you willing to defend your home and country? Okay, I don't want to be speculative, and I don't want to talk more with you!"

After finishing this sentence, Qin Yuan left the room directly, while Director Bai looked at Qin Yuan's back, but fell into a period of thought.

And Qin Yuan has already made up his mind. Although there is no chance now, if he meets the right person, he must let the other party shoot a movie that belongs to the real special forces. At least he must shock the full screen. Small fresh meat.

Looking at the special soldiers played by the little fresh meat, Qin Yuan felt a little nauseous. If the real special soldiers had such qualities as his mother, I am afraid the country would be over long ago!

Then Qin Yuan went to wait for An Ran and others to finish the filming. The girls were all laughing and talking, talking and laughing, but An Ran found out that Qin Yuan was wrong, and directly asked Qin Yuan:

"What's wrong? Could it be that something went wrong while filming? Why are you unhappy?"

After hearing such words, Qin Yuan sighed, and then told An Ran all of his experience today and the thoughts in his heart.

After hearing Qin Yuan's voice, An Ran frowned slightly, and said to Qin Yuan with comfort:.

"Actually, I don't know how to solve this matter, but I think your idea is quite good. If we have some free time later, we can also directly shoot a real military film, or we can be superior Please, see if we can make these people pay more attention to this aspect of publicity."

Qin Yuan's eyes lit up when he heard this. Qin Yuan clearly remembered that there were many works supported by the military in his previous life, and the quality of the shots was pretty good.

Chapter 345: Tell you why first!

And maybe Qin Yuan can still help, so that his reputation system might be useful.

The way Qin Yuan can think of to increase his reputation is to do meritorious service, and then report it to the army as before, so that he can gain a certain amount of prestige.

It's just that there are too few such things, and as Qin Yuan's position gradually strengthens in the future, it is estimated that there will be fewer and fewer reports to Qin Yuan, so this road can only be based on luck.

But if Qin Yuan really makes a very good film and television work, then Qin Yuan will either become an actor or a screenwriter, so that more people can see Qin Yuan's ability.

After all, the number of people in the entertainment industry is mainly more than the number of people in the military!

Since he wanted to understand this, Qin Yuan naturally showed a smile, and then happily returned to her home with Tang Xiaoxiao and had dinner.

That night, Qin Yuan lay directly on his bed and looked at the system in his mind.

Now Qin Yuan has these three grids. He carefully checked the previous progress and found that the progress had reached 40%.

Qin Yuan didn't know how this task was carried out, and he didn't do anything.

But Qin Yuan also understands that as long as this matter is left to its flow, it will do.

Early in the morning of the second day, Qin Yuan and his party left directly from Tang Xiaoxiao's home. Next, they were going to look for Tian Guo, Tan Xiaolin, He Lu, and Qu Bi Azhuo.

Just looking at where these two people are, Qin Yuan frowned, and then said to the group of female players:

"Let's split the troops in two ways. I'll go to the countryside to find Tian Guo. Tan Xiaolin and Qu Bi Azhuo are together, and He Lu is also nearby. So you just find all three of them. I'll go to the countryside to give Tian Guo. After that, we can do other things."

After hearing what Qin Yuan said, everyone naturally had no objection, but An Ran said to Qin Yuan:

"I and Ye Cunxin, come with me and you."

When he heard this, Qin Yuan's eyes flickered, and he nodded.

And this time, Qin Yuan didn't drive the car and parked here, but went to take the high-speed train with An Ran and Ye Cunxin.

Now the domestic high-speed rail is very fast, much faster than driving by yourself, and Qin Yuan and others are naturally not bad for money, go and return quickly, and it is better to complete the task earlier.

But Qin Yuan was on the spur of the moment and wanted to take the high-speed rail. In this way, there was no much sense in booking tickets online, so Qin Yuan and others went directly to the high-speed rail station to line up to buy tickets.

Although the Internet is now developed, not everyone buys tickets online, so there are still many people lining up to buy tickets. Qin Yuan looked at the long dragon in front of him and regretted a little bit. He should have booked tickets online just now. Up.

But now it's here, so let's wait here for a while.

But at this moment, Qin Yuan suddenly saw a young man with an anxious expression on his face. He glanced at the time on the phone, then gritted his teeth, and went straight from the back of the line to the front row. .

Then the young man directly took out his ID, walked to the front, and said to the conductor inside:

"Hello, I am a soldier. I have an emergency now. Can I buy tickets first?"

At this time, I heard that this young man turned out to be a soldier, and the people in the line at the back immediately swallowed all the words they just wanted to scold.

And the conductor took the ID from the young man, and after taking a look, he nodded at him with a smile on his face.

But at this moment, a voice rang:

"Soldiers? What's wrong with the soldiers? Do they have to have priority? Look at who is not in a hurry here. You are a soldier, shouldn't you let us more?"

At this sound, everyone immediately looked in the direction of the sound, and found a person with a big golden chain and a face full of flesh, and said in disgust.

Hearing this, the young man didn't know how to refute it. To be honest, if he wasn't in a hurry, he would line up honestly at the back, but in the current situation, if you don't get a ticket quickly If that happens, then he will not be able to catch up with the car.

And seeing the young man squeaking, the guy with the full face was even more proud, and said directly to him:

"Look at your bear, you don't have half meat on your body. You say you are a soldier who raises pigs in the army? There are no good people in the army now. Everyone goes to the army for money. , Now why our country dare not do anything outside, isn't it because there are too many people like you..."

At this time this guy is chattering endlessly, and when he heard this man's words, the young man's face suddenly went red!

This young man is indeed thinner ~7 meters, and it seems to be more than 100 kilograms, and this strong man who speaks has to weigh 200 kilograms no matter how you look at it. If you really start, He really may not be able to beat the opponent.

But at this moment, the full-faced person felt that his neck was slapped by a person. Turning his head, he found that there was a person standing beside him, and this person was Qin Yuan!

At this time, Qin Yuan sneered, looked at this guy, and said directly to him:

"I will tell you why the military should be given priority."

When he said this, Qin Yuan's hand firmly pinched this guy's neck, and this guy felt like his neck was clamped by an iron clamp. There was no resistance at all. Can't say a word.

The expression in his eyes was full of horror. He felt that Qin Yuan's life had been held in his hands. As long as Qin Yuan was willing, it would not be too easy to break his neck.

Qin Yuan dragged the strong man out of the crowd like this abruptly, dragged him directly, walked in front of the young man, threw the strong man on the ground after lying down, and then said to him :

"Grow up your dog eyes and see why he is a soldier!".

At this time, Qin Yuan directly grabbed the young man's hand and showed it to everyone, but everyone was extremely surprised to find that the young man's fingernails were not straight, but reversed like a spoon!

This is a common phenomenon of officers and soldiers stationed on the plateau. Because of the altitude, their bodies will have such changes!

Chapter 346: Sigh

At this time, Qin Yuan looked straight at the strong man, and said coldly:

"Did you see it? This is a real soldier. You are not too young anymore. You are fat-headed and full of food all day long and doing nothing. If you were his age, you might still be playing games in Internet cafes. A person like you is also qualified to speak of him? Do you know, if there is no such person to protect your safety, what the **** do you have to fart here!"

At this time Qin Yuan said this, the murderous intent in his eyes soared, scared that brawny man couldn't help but back!

Everyone knows that the frontier guards have been extremely hard, but only soldiers like Qin Yuan can feel the same.

And the people around also showed an expression of incomparable contempt. Looking at the strong man, the strong man saw the eyes of those around him, and he slapped a sigh of relief, and got up directly from the ground. .

He is not a messy person either, looking at Qin Yuan, he shouted directly:

"It seems that you are also a soldier, huh, you dare to directly attack me, the soldier beat, the soldier attacked the masses!"

At this time, the brawny man yelled directly, which attracted the attention of many people around him.

Seeing that this guy dared to mess around, the eyes of Ye Cunxin who stood on the side suddenly got a slap, and she just wanted to rush over, but at this moment, she suddenly felt that there was a breathtaking breath by her side!

Ye Cunxin turned his head and saw that Qin Yuan's eyes were red and he looked like he was really murderous.

Now Qin Yuan's hands have been stained with a lot of human lives, and the murderous aura can almost form a substance. Wherever such an ordinary punk can bear, this strong man can't help backing up suddenly and sends out a killing pig. The same wailing sound, if ordinary people heard it, I really thought that Qin Yuan had beaten him!

The brawny man looked at Qin Yuan, and his whole body was trembling with fright. It was so terrible and terrifying. The man in front of him was like a fierce beast walking out of a sea of blood from a mountain of dead bodies. The brawny man was so scared that he almost stopped breathing .

At this time, the people around him stopped breathing in fright. They all looked at Qin Yuan in amazement. They didn't expect that the person in front of him could have such a momentum.

An Ran looked at Qin Yuan with some worry, she was really a little scared, if Qin Yuan really couldn't restrain her murderous aura, and shot this person in full view, what should I do?

But at this moment, a voice suddenly came from one side, and the policeman in the station rushed over:

"What's the matter? What's the matter? What are you doing here?"

In the state at this time, after seeing the policeman, it was like seeing his own mother. In an instant, he rushed over, grabbed the policeman's hand, looked very panicked, and faced the policeman. Said:

"Oh, Comrade Police Inspector, you want to help me, look at this guy, he is about to kill me."

Hearing this, the policeman also frowned, but the people around him looked at the strong man with an expression of incomparable contempt. They were still mocking the soldier, but now he is in trouble. Is a pug praying for help from the police?

At this time, the police officer said directly to Qin Yuan:

"Comrade, can you show me your ID?"

Although the police officer looked a little unpleasant to this strong man, after all, this strong man really did not look like a good person, and Qin Yuan and Ye Cun were taller and more generous, but they did not rely on Personal impression, but rely on evidence.

At this time, seeing this police officer coming, Qin Yuan also restrained his aura, and then took out his own certificate from his pocket. After seeing Qin Yuan's certificate, the police officer's eyes suddenly brightened, and he faced him directly. Qin Yuan paid a military salute:

"Good leader!"

"I am on vacation outside now, and I am not a chief, as long as you handle it impartially."

At this time, Qin Yuan said directly to the police officer, and when the police officer heard this, he also nodded, and then began to investigate the matter.

But in fact, there is no investigation into this matter. Qin Yuan just picked up the strong man and threw it on the ground. It did not cause any substantial damage to the strong man. Instead, the strong man yelled. Disrupted the order, so soon this guy was taken away.

When he was taken away, the strong man looked at Qin Yuan with fear in his eyes. It is estimated that once such a time, he would no longer dare to be disrespectful to soldiers.

And the young man saw Qin Yuan just now, and he also walked over and paid a military salute to Qin Yuan directly:

"Thank you so much, Chief!"

The young man looked at Qin Yuan's eyes with admiration He could see that Qin Yuan was a real strong man, able to grab a strong man of more than 200 jin with one hand, ordinary people can No such ability.

And Qin Yuan also smiled slightly, patted this guy on the shoulder lightly, and said to him:

"Okay, now that the matter has been settled, you should hurry up and buy a ticket. If you encounter something like this in the future, you must be more resolute and your right, just like our border, is not allowed to step back! Now, what's the matter? Why are you so anxious?"

At this time, Qin Yuan was also a little curious about this person's situation. After all, to prevent a soldier from queuing, it must be something very urgent.

"My father is ill and is currently undergoing an operation. If I miss this bus, I am afraid I can only go back tomorrow. At that time, I may not see his old man for the last time."

The young man said with red eyes, and Qin Yuan looked at the young man's lifelike appearance, it was obvious that he was coming by car all the way from the border, and just transferred back from here.

"It's okay, if you can't get in the car, then you just take a taxi back."

"My dad has not passed the dangerous period yet, and the family is in a hurry to spend money..."

At this time, the young man was talking, lowering his hair, and seeing the appearance of this young man, Qin Yuan also sighed.

This young man seems to have been stationed at the border for a long time, otherwise his nails would never be like this, but even his family has no money for treatment, and the brawny man just ate his brains and intestines. Face questioning why there are military priorities!

Chapter 347: Tian Guo's parents

Qin Yuan knew that someone like the one just now was not the first and definitely not the last. Qin Yuan thought, the person he sacrificed to protect was like this, and he felt a little powerless in his heart!

But at this moment, a voice came from one side!

"If there is no money, then I will send you back. I have money."

At this moment, Ye Cunxin, who was standing next to Qin Yuan, said directly, and when he heard such words, the people around him also reacted, and they were all very enthusiastic. They all took out their wallets and mobile phones and faced this. The young man said:

"We also have money, how much do you want? We will donate to you."

"Give me a QR code, I don't have cash!"

"Yes, we can't let our hero shed blood and tears."

"What are you doing here in a daze? Go ahead and buy a ticket. If it's late, you can send it away."

And at this time, the conductor inside also took advantage of this moment and said directly to the young man:

"Come here quickly, I have already called, and the train departs 5 minutes late. Give me your credentials quickly. Even if you don't have a ticket, we can arrange you to go to the flight attendant car!"

At this time, hearing the words of those around him, the young man's eyes widened suddenly, his eyes were full of disbelief.

Just now that the brawny man made things difficult, his heart was naturally extremely sad, but now looking at the sincere eyes around him, his heart seemed to be filled with something, and he didn't lose his anxiety just now. Tears came down, but now, the tears can't stop falling!

And Qin Yuan also walked over, lightly patted the young man on the shoulder, and said to him, "Don't hurry up!"

"Yes! Chief!"

The young man paid another military salute to Qin Yuan, then quickly ran to the front desk, completed the formalities, and flew towards the platform.

Then, Qin Yuan and Ye Cunxin lined up to buy tickets together, but the person in front of them just stepped aside!

Even An Ran was a little surprised at this moment, and at this time an old man said:

"Lady, what are you still doing? Buy tickets quickly, we are still in a hurry!"

"That's right, the soldiers have priority, you buy them quickly, and we can buy tickets sooner!"

Hearing this, Qin Yuan and the three people were full of unspeakable feelings. The three of them did not hesitate to buy the tickets and got on the bus directly.

At this time, Qin Yuan looked around at the people around him, and a smile appeared at the corner of his mouth.

While seeing Qin Yuan's appearance, An Ran, who stood aside and watched all this, also showed a smile.

"Sure enough, most people are still cute, right?"

An Ran whispered to Qin Yuan, and when Qin Yuan heard this, a light flashed in his eyes:

"Yes, if it is to protect these people, I think I was born to death, it seems more meaningful."

Qin Yuan has always been a soldier, but in fact, he was pushed away by the system.

If it weren't for the grid, Qin Yuan would never do his best to complete those tasks.

But now, it seems that there are more things that make him worth the effort.

.....

Soon, the three of Qin Yuan went directly to Tian Guo's home.

At this time, Tian Guo was just called by his mother, and wanted to introduce her to someone.

Tian Guo is naturally unwilling, but this is what his second grandfather said, but it is not good to listen.

At this time, Tian Guo scratched his ears and cheeks, like a monkey, completely unable to sit still, but the man on the opposite side, called Er Tao, seemed to be very interested in Tian Guo.

After all, Tian Guo is also a person who has practiced the physical exercise to the second style. There is no trace of fat on her body. Her big eyes are even more piercing, with a spirit that is different from ordinary girls. Will be attracted.

"Guoguo, this is the nephew of your fourth grandfather's cousin, called Er Tao, you two, close and close?"

At this time, Grandpa Second, who was wearing an old-fashioned army green shirt, said to the two people with a smile on his face.

Grandpa Er is very satisfied with his granddaughter. Although he could not see his granddaughter coming back in military uniform, he is also a veteran who has been on the battlefield. Naturally, he can see that his granddaughter is not messing around in the army.

Such a spirited soldier, even a man, is rare, not to mention that Tian Guo is still a baby girl.

Tian Guo looked at the opposite, combing her head and wearing two suits of suits. She looked awkward. It wasn't that she looked down on rural people, but the person in front of her was obviously not suitable for such a dress. If she was dressed in a decent rural country It will be more pleasing to wear. But now it makes it so nondescript, it makes people feel uncomfortable.

Tian Guo was sitting on pins and needles at this time, but Grandpa Second looked at her and she couldn't walk away directly. She could only show an awkward smile at the second set opposite.

But the second set said to Tian Guo:

"I know that you are a soldier Usually there is no time, but I also know that you must not be a soldier for long. When you are demobilized, I will give you the pig farm under my hand, absolutely not Make you poor!"

"That's right, Guoguo, the second set of family is rich and has hundreds of pigs. You don't know. The price of pork is going up like crazy now. If you follow the second set, there will be something better in the future. day."

At this time Tian Guo's mother was also following, and when she heard this, Tian Guo looked helpless. If she was really an ordinary rural girl, she would be quite good if she could meet the second set. But now she has seen how vast the world is, how can she return to the countryside so easily?

"Mom, I don't want to get married now, I haven't been demobilized yet!"

At this time, Tian Guo said directly to her mother, but when her mother heard this, she said to Tian Guo:

"You kid, why are you so stubborn? It is because you have not been demobilized that you are allowed to meet each other. If it looks suitable, you can talk about a partner together. When you are demobilized, you can get married directly. Up!"

"That's right, protecting your home and the country will not delay you from thinking about your personal issues."

At this time, the second grandpa also followed. .

Hearing these people's words, Tian Guo was even more helpless. She knew that by herself, there might be no way to fight these people!

But at this moment, Tian Guo suddenly heard a bird call from outside. At this moment, his eyes lit up, and he ran out directly!

Chapter 348: The instructor is very good

When I saw Tian Guo running away, Grandpa Second and Tian Guo's mother immediately chased them out together, and they happened to see a few people at the door. These three people were Qin Yuan and others!

"Captain, Ye Cunxin, instructor, why are you here!"

At this time, Tian Guo was very excited and hugged Ye Cunxin. The bird call just now was a signal that they had nothing to do in their usual time. When he heard it just now, Tian Guo knew that his comrade-in-arms had arrived!

"Hey, of course I came to you, look, our captain is back, we have an appointment, let's go play together! Is it enough to stay at home?"

At this time, Ye Cunxin whispered directly to Tian Guo, and when Tian Guo heard this, he breathed out and replied in a low voice:

"You can be regarded as saving my life, my second grandfather is giving me a blind date!"

"what?"

At this time, Ye Cunxin's mouth suddenly grew. Tian Guo is just twenty years old, is he already on a blind date?

But at this moment, Tian Guo's mother and second grandfather had already walked out, looked at Qin Yuan and others standing outside, and asked directly:

"Guoguo, who is this?"

"Oh, mom, second grandfather, these are my comrades in arms, this one is my captain, this is my instructor!"

Tian Guo explained at this time, but the second grandfather saw Qin Yuan, but his eyes lit up. Such a good offspring, but rare!

Even when the second grandfather was young, only the most elite scouts had such a temperament!

"Oh, I thought my life is going well now. The army can't send troops anymore, and the girls are going to get on. But now it seems that there are still good seedlings? What is your name?"

At this time, Grandpa Second said directly to Qin Yuan, and Qin Yuan looked at Grandpa Second, also showing a smile, and directly saluted Grandpa Second:

"Hello old man! You can call me Xiao Qin."

Qin Yuan knew that this was a veteran who had really been on the battlefield. Although his murderous aura had been restrained, and he was still lame, but even so, if he fights his life with an untrained young man, he will only survive. It's this old soldier.

Soon, a group of people went directly into the house, but Grandpa Second saw that the guests had arrived, so he drove away the second set.

After all, after seeing Qin Yuan, the second grandfather also understood why Tian Guo didn't want to find a target. If he faced an elite like Qin Yuan every day, he would have no idea when he saw ordinary people.

"Guoguo mother, hurry up, get ready to order, I want to have a drink with Xiao Qin!"

Tian Guo's mother immediately agreed, and soon prepared a table of good dishes.

It's just that they were divided into two tables, one table was for Qin Yuan and Grandpa Second, and women like them went to the other table.

This is their custom. There is a table for men who drink, and a table for women and children who don't drink. Only Qin Yuan and Grandpa Second are men. They will naturally not join in the fun, let alone Tian Guo's mother wants to ask. Ask yourself how your daughter is in the army. This group of women is naturally easy to ask some self-explanatory comments.

At this time, Qin Yuan and Grandpa Second were sitting in the main room and eating together.

Before the dishes were ready, Qin Yuan saw a portrait on a table on one side of the living room.

Grandpa Er saw Qin Yuan's somewhat curious look, and said directly:

"This is Guo Guo's father. He died while on the border drug enforcement."

When he heard this, Qin Yuan immediately stood in awe, and then saluted the portrait.

"Hey, all right, let's sit down, to be honest, I haven't seen a soldier seriously for more than ten years. How is the army now?"

At this time, there was a gleam of light in the second grandfather's eyes, and Qin Yuan was a little bit sad when he saw it, but he also directly said to the second grandfather:

"Of course it's okay. Now that the army has developed weapons, aircraft and artillery, and missiles can directly hit people's hometown, so the soldiers in the army are in transition, or they are directly transferred to warships and airplanes. On the artillery, either we have become a small elite unit like us. After all, the days are different now. The big battles cannot be fought, but the small battles are continuous."

Hearing what Qin Yuan said, the second grandfather also sighed, a light flashed in his eyes, and a smile appeared on his face:

"It's great. Now that the country is strong, we don't have to be beaten, and we don't have to rush up directly against other people's planes and cannons as we did in the past."

And Qin Yuan also took a sip of wine and smiled slightly:

"This is all made by people of your generation bit by bit."

"How can it be, it still depends on the efforts of you descendants."

At this time, the two people flattered each other, drank a few glasses of wine, but looked at the second grandpa's crutches aside, Qin Yuan raised his brows slightly and asked the second grandpa:

"Senior, your leg..."

"Hey, went to the Yalu River to fight the White Devils and it was so cold, you said so. The White Devils didn't kill a few, but instead frozen their legs into this virtue. It's really useless!"

Hearing this, Qin Yuan's eyes were even more respectful, and said to Grandpa Second:

"How can it be, when we were doing the white devil back then, but when we had the longest face, one country suppressed 18 countries to fight, it can be regarded as revenge for the eight-nation coalition army! Second grandpa, I am not only a soldier. , First-hand medical skills are okay, otherwise, let me show you your legs after dinner?"

"Oh, don't try to pull your baby. The old military doctor in the army showed me that my leg was frozen. I won't get better in this life. I will eat and eat well. Take two sips, the old man has a good life in his life, living day by day."

Although the second grandfather believed in Qin Yuan, he didn't think that Qin Yuan could heal his leg. After all, this leg had been injured for decades. After seeing countless doctors, he said that he could not cure it. All right.

Although Qin Yuan is a good soldier, he is already young after all. Even if he knows a little medical skills, he probably doesn't have a deep training.

What's more, Grandpa Second has completely lost hope for this leg. Now that Qin Yuan has heard that Qin Yuan may have a cure for this leg, he has no idea to treat it. .

But after hearing such words, Tian Guo in the room rushed out, looked at Grandpa Second, and said directly:

"Second grandfather, let my instructor show it to you, you don't know, my instructor is a very powerful person, if he shows it to you, he might really heal your leg!"

Chapter 349: thank?

Seeing Tian Guo rushing in front of him, crying bitterly while holding his leg, the second grandfather was also a little excited, touched Tian Guo's face, and directly pulled Tian Guo up:

"How come you cry so easily? Just like you, you can still be a good soldier, but you can't cry as a good soldier. Isn't it just for your instructor to show your legs? It's okay, the second grandpa agreed. Up."

Hearing that the second grandfather finally agreed, Tian Guo quickly turned her head and looked at Qin Yuan with an imploring look. To be honest, she already has a certain understanding of Qin Yuan's magic, although she It is unclear whether Qin Yuan's medical skills can cure the second grandfather's illness, but Tian Guo knows that Qin Yuan never tells lies!

Since Qin Yuan said he was sure of the condition, he was really sure!

When Qin Yuan saw this situation, he also smiled slightly, and then didn't say anything, but directly sent the second grandfather to the bedroom and began to treat the second grandfather.

Qin Yuan first checked the second grandfather, and then discovered that the second grandfather was indeed an old frostbite. Such frostbite was very difficult to cure, not to mention that the second grandfather was already old, and the recovery became very slow. According to normal There is no hope of treatment at all.

is now meeting Qin Yuan, otherwise this leg might really be the second grandfather's death.

Qin Yuan's treatment is completely different from ordinary treatment methods. The products produced by the system must be excellent products. Qin Yuan's eight needles against the sky can cure even cancer, let alone this small frostbite?

At this time, Tian Guo looked at Qin Yuan nervously, and cautiously asked Qin Yuan: "Instructor, do you really have a solution for my second grandfather's legs?"

"Remove your "what", I'll fix this leg!"

Qin Yuan smiled slightly, then drove everyone out, and began to inject the second grandfather. In fact, although the second grandfather's frostbite was serious, he didn't need the third needle of the eighth formation, only the second needle. Is enough.

Qin Yuan slowly pierced the needle, but at this time, Qin Yuan was a little surprised to find that after such a long time, it seemed that his physique had undergone some changes. When he put the needle, it seemed that it was not as good as before. It's difficult.

This is a surprise that Qin Yuan can't stop. After all, these eight needles against the sky are a life-saving method. It can be used several times a day. Uncertainty can save more people's lives, and this can also verify Qin Yuan's current period of time. improvement.

In this way, Qin Yuan started to treat the second grandfather with stitches one by one. The second grandfather felt that his cold leg, which had no sensation before, became numb and hot, and he really slowly regained consciousness!

At this moment, the eyes of Grandpa Second's eyes suddenly went wide! He really did not expect that he could be cured at this age!

He had already made plans, thinking that he would bring this moving leg into the coffin, but who would have thought that Qin Yuan would cure it.

With this excitement, the second grandfather wanted to sit up, but before he sat up, he felt his head faint and fainted!

At this time, Qin Yuan saw that Grandpa Second's reaction seemed to be a bit big, and he frowned slightly, then stopped the needle, and gently pulled out all his silver needles.

It's not that Qin Yuan is unwilling to cure his second grandfather's illness, but that the old man is old after all. Although the eight needles against the sky are incredibly miraculous, they actually consume the patient's own vitality, in case it is excessively consumed. , It may even die suddenly.

So Qin Yuan intends to let Grandpa II rest for a while, and then heal his legs completely.

Grandpa Er had been lying on the bed, sleeping drowsy, but Qin Yuan slowly covered him with a quilt, and then slowly backed out.

At this time, Tian Guo and others, who were standing at the door, saw Qin Yuan walking out, and hurriedly greeted him directly, and asked Qin Yuan:

"Instructor, how is my second master's situation?"

Qin Yuan saw Tian Guo so nervous, smiled slightly, and said directly to Tian Guo:

"You can rest assured that he is asleep now. As long as two hours later, I will give him another injection, and he will be able to completely return to normal."

Hearing such words, Tian Guo immediately jumped three feet tall with excitement. Although Grandpa Second is old and a bit pedantic, Grandpa Second is really good to her and treat her as a granddaughter. , What is delicious and fun, the first time I think of her!

So, even if Grandpa Second wants her to serve as a soldier and want her to go on a blind date, Tian Guo has a headache about these things, but his feelings for Grandpa Second will not change in any way.

Now that she heard that Grandpa Second's legs were healed, she was naturally extremely happy!

And when Tian Guo's mother heard such words, her eyes lit up and she said directly to Tian Guo:

"This is really good news I'm going to tell everyone!"

The second grandfather is a prestigious elder in their entire village. The people in the village also tried their best to heal the second grandfather's leg injury, but they tried a lot of remedies, but they were of no use. The slowness also fades this mind.

And now Qin Yuan said that he had cured his second grandfather in half, which naturally made Tian Guo's mother extremely excited, and wanted to tell the village people the good news quickly, so that everyone would be happy.

Qin Yuan smiled slightly when he saw this, and he was a little relieved.

Seeing that Qin Yuan seemed to be a little tired, Tian Guo hurriedly brought the delicious food to Qin Yuan and gave Qin Yuan a massage. Obviously, as long as Qin Yuan can cure the second grandfather, even now Let her do a few more training camps, and she has nothing to say!

Qin Yuan looked at Tian Guo with a smile, and said directly to Tian Guo:

"Okay, I don't have to give me so much diligence. This is because the old man is a hero himself, and I also have the idea of curing him. Naturally, such old soldiers can't let them spend their old age in a miserable way. If you I really want to repay me well, then finish your land mine refinement earlier."

Tian Guo and Ouyang Qian are a good pair of friends, and their talents can be regarded as complementary to each other. Ouyang Qian is a person from a family of chemists, so the various mines she developed are extremely delicate.

And Tian Guo grew up with a hunter, and has a natural sensitivity to burying traps. With all kinds of psychological knowledge at his fingertips, the traps laid out, even He Chenguang and others will be recruited out of the box.

Chapter 350: I see who dares [top]

If Qin Yuan hadn't cheated by the system, his talent would really be inferior to Tian Guo.

It's just that Qin Yuan is now a master of landmines. There is probably no one in the world who knows landmines better than Qin Yuan. Tian Guo may still have a long way to go if he wants to surpass Qin Yuan.

In order to train Tian Guo and Ouyang Qian, Qin Yuan also woven a textbook for the two, hoping that the two of them can better exert their talents.

It's just that this knowledge is not achieved overnight. Tian Guo didn't really like to read. Now that she saw the textbook Qin Yuan gave her, she felt that her head was big. Now she has only studied half of that textbook. That's it.

Hearing what Qin Yuan said, Tian Guo also smiled embarrassedly, and then directly said to Qin Yuan:

"I see. I will review the textbook you gave me when I look back. I believe I will be able to pass your assessment."

"Then I will wait for you."

Qin Yuan raised the corners of his mouth, looking at Tian Guo with a playful look.

Tian Guo smiled sullenly. After all, she was not sure about this matter. An Ran also saw the portrait of the main room at this time and asked Tian Guo:

"Guoguo, I didn't expect that you are still a child of a martyr's family."

"Hey, don't talk about it, my dad died when I was very young. I, I rely on the help of Grandpa Second to live so well, so, Grandpa Second is the closest person to me."

Speaking of his father, Tian Guo didn't feel much sadness, but when he looked at the portrait, he seemed a little bit regretful.

If my father is still alive, I guess the relationship with Qin Yuan would be better.

A group of people were talking together, waiting for Grandpa Second's recovery, but at this moment, Qin Yuan's brows frowned slightly, and he heard a noise outside.

Qin Yuan just wanted to say something, but at this time, the door of Tian Guo's house had been suddenly opened from the outside!

At this time, a group of tall and sturdy men walked in aggressively. Tian Guo's mother desperately intercepted them, but it is a pity that she is a womanly family, how could she stop these men?

At this time, seeing the group of men rushing into his own home, Tian Guo frowned and went straight to meet him, and said to the headed person:

"Tian Da Zhuang, what are you doing?"

"What are you doing? Of course it is to stop you idiots for money and death, my dad, what have you done to my dad?"

Hearing such words, Tian Guo was naturally furious, and said directly to this man named Tian Dazhuang:

"What nonsense are you talking about? We are seeing the second grandfather, how do you say we are seeking money and killing?"

In fact, Qin Yuan understood that the man named Tian Da Zhuang in front of him seemed to be the son of Grandpa Second. He heard that he had come to treat Grandpa Second, and he came straight to the door!

Qin Yuan's guess was not bad. The Tian Dazhuang in front of him is the ***** of their Tianjia Village. If he doesn't do business, he relied on his second grandfather's reputation to bludgeon and deceive him, and the second grandfather did not tire of it. , It's just that there are a few of the same bastards, and playing with this guy is naturally the group of strong men in front of you.

Otherwise, this Tian Da Zhuang can be regarded as Tian Guo's uncle, how could Tian Guo be so rude.

At this time, Tian Dazhuang stared at Tian Guo viciously, and said with a sneer:

"Do you think I don't know what you're thinking, don't you just want to please my dad, and then let my dad leave his pension to you? I tell you, it's impossible! In any case, it's my father. His share must be reserved for me!"

Hearing this sound, Tian Guo's eyes were about to stare out, and he said directly to Tian Dazhuang:

"You are thinking about money, don't you think that we are really seeing the second grandfather?"

"The more you talk, the more nonsense. Of course, I know my father's illness. I have used so many old Chinese doctors, and they all said they couldn't be cured. But you just find someone and say it

can be cured. This is a fool. I thought you would be able to stay away from my dad if you became a soldier. Now it seems that we have even found a group of people to fool us. It's crazy, why are there people like you in the army!"

When Tian Dazhuang said this, he digs his nostrils, his eyes are incomparably mocking, and he eloquently tells all Tian Guo's plans. If people who don't know hear this, he would really think that something is going on. !

At this moment, Tian Guo was so angry that she was almost speechless. She rushed forward and hit Tian Dazhuang's stomach with a punch. Tian Dazhuang couldn't think of it. There was a woman who was a head smaller than him. With so much strength, this punch hit his stomach, and he was about to beat his overnight meal!

And the group of brawny men around were shocked when they saw that Tian Guo was so ferocious.

To be honest, although they are all bastards, they are not embarrassed to deal with a woman in a village. Originally thought, Tian Dazhuang could solve Tian Guo by himself. but Now it seems that Tian Dazhuang seems to have no power to fight back in Tian Guo's hands!

At this time, Tian Guo directly stepped Tian Dazhuang on the ground, and said viciously:

"You think that we are all like you, just staring at the little money in the hands of the second grandfather, idle all day long, not doing business, not doing any business, every day you know to trouble the second grandfather, of course the second grandfather is not willing to keep all this money Give you!"

Tian Da Zhuang lay on the ground, breathing heavily, watching Tian Guo a little dissatisfied, and directly said to Tian Guo:

"What you said sounds nice, if something really happens to my dad, can you be responsible?"

"Of course I can be responsible, my instructor will definitely be able to heal Grandpa Second's leg injury!"

Tian Guo said straightforwardly, but Tian Dazhuang was still dissatisfied, and directly replied:

"You are responsible for the fart, if something happens, what can you do as a little girl? Hurry up, I want to take my father away!"

Hearing Tian Dazhuang's words at this time, the few people around also persuaded Tian Guo:

"Guozi, this is someone's father after all. It's not a problem that you keep stopping like this!"

"That's right, Tian Guo, even if he wants to take the old man away, you can't just step on him like this!"

"Fruit, this is a family affair after all, can't fights be resolved?".

Hearing such words at this time, Tian Guo immediately gritted his teeth, and at this time An Ran also walked over, slowly pulled Tian Guo away, and shook his head at Tian Guo.

Tian Guo has no choice but to take her feet away bitterly and stand aside.
