

## Special Soldier 351

Chapter 351: I see who dares [2]

Tian Da Zhuang saw Tian Guo's departure. This was when he got up from the ground. He glanced at the people in the room, and finally put his gaze on Qin Yuan's body and said directly to Qin Yuan:

"You are the one who treated my dad to a doctor, cheating an old man's money, do you have any conscience?"

Qin Yuan couldn't help being speechless when he heard these words. He just wanted to help Grandpa Second to see a doctor, so he couldn't think that there would be so many moths.

But Qin Yuan looked at this Tian Dazhuang's eyes with a hint of cunning, and almost understood what this guy was thinking.

Obviously, the second grandfather and Tian Guo had a better relationship. This guy was worried that after the second grandfather died, he would leave the savings he left with Tian Guo, so after hearing this, he rushed over and wanted to use this One thing completely separates Grandpa Second from Tian Guo.

In this way, he, as the second grandfather's own son, can naturally get the second grandfather's deposit.

But if they did this, didn't they think about one thing, if they angered Grandpa Second, how would they end up?

Qin Yuan saw Tian Dazhuang's appearance, shook his head directly, and said to Tian Dazhuang:

"The second grandfather is lying in the house now, resting. As long as he is well rested, I will complete the next step of treatment for him. Then you can take him away. Of course, he It's not up to you to decide whether to go or not."

But when he heard such words, Tian Dazhuang screamed:

"What? My father has fallen, no way! I have to go in and take a look!"

After finishing this sentence, Tian Dazhuang rushed directly to Tian Guo's bedroom. At this moment, he saw the second master closed his eyes and lay on the bed weakly. Tian Dazhuang suddenly wailed and said loudly:

"Father, what's the matter with you? Did they kill you?"

Hearing Tian Dazhuang's cry, the brawny men were also shocked. They rushed into the house and saw that Grandpa Er was really lying on the bed at this time. Everyone's eyes changed.

They all came to support Tian Dazhuang at the beginning. They knew that this matter was not good-looking, so they were a little bit twisted in their hearts. They just came over because of Tian Dazhuang's request.

But now that I see Grandpa II really fell down, it's different!

After all, although the second grandfather usually has bad legs and feet, his body is very good. He pays attention to exercise and doesn't even have a cold or fever!

As a result, he lay directly on the bed this time, saying that it was not Qin Yuan who caused the harm. No one believed it!

Seeing the appearance of the second grandfather, everyone's eyes looking at Qin Yuan changed. Obviously, if Qin Yuan couldn't give them an explanation, they might really want to attack Qin Yuan!

Seeing this situation, Tian Guo's heart was extremely anxious. Originally, Qin Yuan came to treat the second grandfather for free, but now this group of people is so persecuting Qin Yuan, in case Qin Yuan is angry, no What should I do if I treat Grandpa Second?

It was so hard for her to ask Qin Yuan to help Grandpa Second to see the illness. This kind of once-in-a-lifetime opportunity is hard to find!

I missed this time, and I don't know what chance there is in the future!

Thinking of this, Tian Guo also had no scruples. He rushed forward and stopped Tian Dazhuang and others in front of him, and said to Tian Dazhuang:

"What are you doing? Do you know that the instructor is our guest?"

"Guest? Is there such a guest? Look at my dad like this, you still say he is your guest? Tian Guo, I was not serious just now, now my dad has become like this, you You are still protecting him, are you from our Tianjiazhuang!"

At this time, Tian Dazhuang yelled, and the eyes of the strong men around looking at Tian Guo were a bit wrong.

Seeing that the two sides are about to clashed, Qin Yuan shook his head and smiled and said directly to everyone:

"What are you doing in such a hurry? Isn't it that Grandpa Second is unconscious now? As long as Grandpa Second wakes up, that's fine."

Hearing this at this time, everyone's heart was shocked. Tian Dazhuang saw that Qin Yuan was walking towards the second grandfather, and he called out:

"No, who knows what you want to do, I won't let you get close to my dad again!"

After saying this, Tian Dazhuang directly gestured to the strong men around him, and these strong men suddenly lined up in a row of people, directly blocking Qin Yuan's front, and completely blocked Qin. Yuan and Grandpa Er separated.

And Qin Yuan saw the movements of this group of people, but their figures moved, and the eyes of the brawny men suddenly became a flower, and he found that Qin Yuan in front of him had lost his trace!

Everyone was shocked at this moment, and when they were wondering where Qin Yuan was going, they heard the hehe sound from behind them, turned their heads and saw that Qin Yuan was already standing. Next to Grandpa Second, one hand was placed on Grandpa Second's lap, and the other hand was placed on Tian Dazhuang's chest!

Tian Da Zhuang's face was flushed, obviously there is no way to breathe!

Seeing such a situation These strong guys suddenly showed a fierce look, they really did not expect it. Qin Yuan, a foreigner, dare to hurt people in front of them!

So they picked up their fist sticks, just wanting to smash them towards Qin Yuan's back!

It's a pity that they haven't made a move yet, and there is another flower in front of them. They found that there are three people standing in front of them, and these three women are naturally An Ran, Tian Guo, and Ye Cunxin!

Tian Guo naturally needless to say, Ye Cunxin and An Ran have long been unable to understand this group of stupid people. Seeing this group of people actually want to do it, they naturally guarded Qin Yuan's back.

This group of brawny men are all hesitant. After all, it is not their temper to shoot at women. But seeing the painful appearance of Tian Dazhuang at this time, one of the brawny men also called out:

"Everyone, let's go together, it's going to be impossible, and then I will apologize to these lesbians!"

Hearing this, these strong men suddenly felt certain in their hearts, and then rushed towards the three women!

But at this moment, they suddenly heard a voice:

"I see who of you dare!"

Hearing this sound, all the strong guys were stunned. They took a closer look and found that the second grandfather, who was originally lying on the bed with a pale face, was now sober! !

At this time, the second grandfather saw the group of people in front of him, his chest was constantly up and down, and he picked up the crutches in his hand, facing the group of people in front of him:

"A group of idiots who don't point to anything, they know how to make trouble if they can't do things one by one, how can I have you idiot juniors!"

Chapter 352: Cool

At this time, this group of people was beaten by Grandpa Second with their heads in arms. Even if they had the courage, they would not dare to fight back Grandpa Second.

Even when they do not dare to hide too fast, if Grandpa Two empties and accidentally dangles, it is also a responsibility they cannot bear at all!

But at this moment, they were surprised to find that the second grandfather's leg was able to stand up!

At this moment, everyone's eyes widened. You know, Grandpa No. 2 has both legs no longer good. Those two crutches have never left the body. Now that they are older, they must have someone watching them. Lifting the crutches, it was very easy to fall, but now the second master hit them so many times with the crutches, he didn't even mean to fall!

Seeing everyone's surprised eyes at this time, Grandpa Second also stood directly on the spot, and said angrily to these people:

"Did you see it? You idiots, now my legs are half healed, because of Qin Yuan, you turned out to treat my benefactor as bad guys and beat you \*\*\*\* to death!"

At this time, Tian Dazhuang also widened his eyes. Seeing that Grandpa Second was just about to say something, Grandpa Second smashed Tian Dazhuang's mouth with a crutches. This was not easy, he smashed Tian Dazhuang's mouth directly. With blood, the teeth are almost broken!

At this time, the second grandfather said to Tian Dazhuang with a fierce face:

"You unfilial thing, I can hear clearly what you said just now. Although I was in a coma just now, but in fact I can hear you clearly, and I still want to ask for my future. Inheritance, let me tell you!

Next life! Even if I donate all this money to the country! I won't leave it to you, \*\*\*\*\* stuff, get out of here!"

At this time, Tian Dazhuang knew that Grandpa Second was really angry, so naturally he didn't dare to stay here any longer, so he ran out quickly.

And the group of strong men naturally followed Tian Dazhuang to leave. After seeing this group of people gone, the second grandfather hated iron and steel and said to Qin Yuan and others:

"What a bunch of bastards!"

At this time, Qin Yuan saw this situation, and shook his head slightly, and said directly to Grandpa Second:

"Second grandpa, you can't do their education."

The second grandfather sighed after hearing this, and said to Qin Yuan a little embarrassed:

"This is really my negligence. I lost my legs before, so I was depressed for a while. At that time, I didn't care about them. As a result, all of them have grown into bastards. Among so many children, Tian Guo is the only one. Understand my heart, Xiao Qin, but you have to take care of the fruit for me!"

After hearing these words, Qin Yuan also smiled slightly and nodded, but Houtian Guo was a little embarrassed.

Now that the second grandfather is awake, Qin Yuan will naturally not delay, and directly complete the remaining treatment.

Then, the second grandfather dropped the crutches and stood up directly!

Grandpa Er threw away the crutches himself, and stood up tremblingly, his heart was full of shock, feeling the feeling that he hadn't in the past few decades, and his eyes were full of tears!

Although I said that I don't care about it, it's a disability after all. Who doesn't want to walk on two legs like a normal person, so that people don't need to worry about going to the toilet now.

"Xiao Qin, thank you so much, you saved my old man's life!"

At this time, the second grandfather said to Qin Yuan with a trembling voice, and Qin Yuan also showed a slight smile when he saw this situation, and said directly to the second grandfather:

"Senior, you don't need to say anything more. It's all I should do. You have made such an outstanding contribution to the country. I have done this for you. It is just a small reward."

And Tian Guo also looked at Qin Yuan with tears in her eyes, her heart was extremely grateful to Qin Yuan, the second grandfather's leg had been injured for so long, and now it was really cured by Qin Yuan!

So Tian Guo also directly said to Qin Yuan: "Instructor, I will definitely thoroughly research the textbooks you gave me, otherwise I would be sorry for my second master!"

Hearing this, Qin Yuan laughed loudly, and said directly to Tian Guo:

"You know that you have worked hard now, do you know the textbook I gave you. It took me so hard, you are sorry for your second master, then you are worthy of me?"

Hearing this, Tian Guo suddenly smiled embarrassedly.

But at this moment, Qin Yuan suddenly heard a sound in his mind:

"Ding Dong, congratulations to the host for completing the task, the test of loyalty. The current progress of the task: 100%, the host has scored 80 points in this review, and rewards three squares!"

At this time, Qin Yuan was shocked when he heard such a sound. He looked at An Ran, who was standing aside, and found that An Ran was looking at him with a smile at the corner of his mouth.

Qin Yuan really didn't expect that this task was so simple that it had been completed, the task of three grids he thought how difficult it was!

In fact, this task is naturally not difficult for an enlightened person, but if Qin Yuan is really a selfish person, he will not do anything that is not good, I am afraid it will not be so easy to complete this task!

In the end, Qin Yuan exchanged greetings for a while. They planned to leave that day, but they couldn't match the hospitality of the second grandfather and forced them to stay here for one night. Qin Yuan had no choice but to do it again tomorrow. go.

That night, Qin Yuan ate dinner and lay directly on the bed. After a glance at the system, Qin Yuan found that he already had six grids, and felt a little satisfied.

So many grids are enough, at least it won't be the same as last time, but I can't respond to any emergency.

But at this moment, Qin Yuan heard a knock on the door. At this moment, Qin Yuan's heart was shocked. He directly turned on the thermal imaging ability and found that the one outside was Enron.

What does An Ran want to do this night?

Qin Yuan muttered a little in his heart, suddenly he thought of something, and the only thing he couldn't stop was a little fever.

When he was in Centipede Mountain before, Qin Yuan clearly remembered the words An Ran said. He thought that An Ran had no response. Is it because he can't hold it anymore?

But in any case, it is not good not to open the door, so Qin Yuan walked over and opened the door. .

Sure enough, Qin Yuan's thermal image looks good, and the person standing at the door is An Ran.

At this time, An Ran smiled like a Yan Qiao, wearing a Tian Guo pajamas and slippers on his feet, looking a little cool.

Chapter 353: hesitate

Seeing such An Ran, the corners of Qin Yuan's mouth twitched a little, and his heart felt a little itchy.

"Uh, you...what are you doing here?"

I don't know why, Qin Yuan always feels a little embarrassed, but An Ran smiled directly and said to Qin Yuan:

"Why, no matter what I'm here for, do you let me stand at the door?"

"Oh, then come in quickly."

At this time, Qin Yuan directly gave the place and walked in safely.

The bedroom is a bit small, so there are no extra stools. Both of them sat on the bed.

At this time, being illuminated by the dim light of the bedside lamp, An Ran in front of him was covered with a warm yellow light. Qin Yuan's heart was a little itchy as he watched, and he asked An Ran carefully:

"Um, what did you come to do for me?"

"I'm here to ask your girlfriend a question, can you tell me something?"

At this time, An Ran stared at Qin Yuan's eyes and said directly.

"what?"

Qin Yuan heard this, and his heart was suddenly excited, and he didn't know what to say.

When I saw Qin Yuan's appearance, An Ran didn't know why, and suddenly laughed. He was leaning forward and back together, and his stomach hurts.

Seeing An Ran smile like this, Qin Yuan's forehead was full of black lines, he understood it, and the question An Ran had just made was obviously teasing himself.

"Hey, don't you sleep this night, are you here to tease me?"

At this time Qin Yuan said a little depressed, and seeing Qin Yuan's appearance, An Ran quickly stopped smiling, touched the tears from the corner of his eyes, and said to Qin Yuan:

"Okay, okay, I'm wrong, I don't want to tease you anymore, let's do business, yes, I'm here to tell you that your review is over and the result is good, and I will continue to work harder in the future."

After hearing this, Qin Yuan let out a sigh of relief. Naturally he already knew the news, but looking at An Ran, Qin Yuan asked a little bit incomprehensibly:

"Why did it end so easily?"

"Of course it's not so easy. To be honest, you are really an extremely mysterious person. You can always give people different surprises, but you are a soldier. To be honest, you are such an unexpected surprise. In the eyes of those above, it is also a little uneasy."

Qin Yuan's expression suddenly became serious when he heard this.

He understood that it must be the existence of the system that made the people above notice him. After all, some things are really incomprehensible.

And these people, it is estimated that it is difficult to think of the existence of the system. In their cognition, it is estimated that Qin Yuan is a rigorously trained master agent.

When I thought of this, Qin Yuan's heart sank slightly. Should I be more careful in the future and try not to expose the existence of my system?

Qin Yuan knows that the system is his biggest secret, and the grid is where he stands, I am afraid that he cannot let others know.

Seeing Qin Yuan's appearance at this time, An Ran smiled suddenly and said to Qin Yuan:

"Don't worry, this review is for this question."

An Ran looked at Qin Yuan and said directly:

"Although we don't know what method you used to learn these knowledge and skills, but I have reviewed it. We have recorded everything that happened to you in the past. To be honest, you are really a problem. nothing."

At this point, An Ran's eyes were a little bright, staring at Qin Yuan and continued:

"So this review was arranged above. They couldn't find the physical reason for you, so they wanted to test whether you are a loyal person or not, and along the way, you have passed the test."

"I have seen your concern, your anger, and your desolation. It has been determined that you completely regard this country as your own treasure. With this, it is enough! The people above are already Sure, starting today, you will no longer be pursued for the magical aspects of your body. You have used your merits to prove your loyalty. Later you will have more confidential tasks and you will be relieved of your position. Restrictions, in a nutshell, young man, you have a great future, work hard!"

Hearing such words at this time, Qin Yuan's eyes suddenly sparkled.

He can naturally feel the hesitation of those above. According to Qin Yuan's merits, how could he be just a major, and his personal power would not be so small.

It turns out that all this is based on this reason.

For this, Qin Yuan can understand that a person with such a high ability suddenly appeared. If you think about it, Qin Yuan will also play a drum in his heart.

Such a person really has no other purpose?

If this makes Qin Yuan truly in a position of power, if he can't rely on key things, it won't be a little loss!

Fortunately, Qin Yuan has always been very firm, although sometimes the means may not be bright, but his position is extremely firm, and finally the suspicion is removed.

Since today, Qin Yuan will be able to obtain more resources in his hands, and will be able to act more unscrupulously.

Starting from today, he can be regarded as the treasure of the real army!

Seeing the smile on Qin Yuan's face, An Ran breathed a sigh of relief and smiled at Qin Yuan:

"Sure enough, I knew that you would not take this matter to heart. Before Chief of Staff Fan was still worried. If you know this matter, your heart will resist the people above it."

"What's contradictory to this, limited power is the power that is trustworthy. Anyway, you have gained your trust. What happened before will be over. By the way, how much is my level of confidentiality? ?"

Qin Yuan spread his hands and said, after all, he is just an orphan with no background, and it is very difficult to be able to enter the real high-level of the army. As long as you change someone, it is estimated that the three generations of the ancestors will have to be colored.

"I have reached the highest s-level, and now I have no way to check your information. Only general-level officers can see all your information."

At this time, An Ran explained, after all, if Qin Yuan eliminates the issue of trust, it is a total treasure. People like Qin Yuan will naturally be protected by the military.

An Ran, an undercover person from time to time, has just reached the b-level confidentiality level. Qin Yuan abruptly is two levels higher than An Ran, which is evident.

Hearing this, Qin Yuan also nodded slightly, not surprisingly at this point, but looking at An Ran, Qin Yuan frowned slightly and said in a low voice.

"But..."

At this time, Qin Yuan stared at An Ran, with a trace of hesitation on his face.

Chapter 354: Cicada Singing

"But what?"

At this time, An Ran was a little nervous. Now that he had trusted Qin Yuan, Qin Yuan's status had risen sharply. They naturally worried that Qin Yuan would complain about this matter.

But Qin Yuan moved his body and directly pressed his whole person onto An Ran's body, and said to An Ran's ear:

"However, if I do something illegal in the future, what should I do?"

At this moment, feeling the heat on the edge of her ears, An Ran's heart was pounding, and she said to Qin Yuan:

"It depends on what you are doing. Now that you are in the circle, you have certain privileges. As long as you don't do anything too excessive, you can all be discussed. This...this is organized, Then... then you can take a look..."

Qin Yuan looked straight at An Ran, and whispered:

"Then if there are several girlfriends, what kind of punishment will be imposed?"

"You...what do you want to do?"

At this time, An Ran's face was red and she was able to fry eggs. She could clearly feel Qin Yuan's body temperature. Thinking back to Qin Yuan's posture before, An Ran's body also became a little hot.

Qin Yuan looked at An Ran's appearance and found it very interesting, and smiled slightly:

"Of course... I want to molest you! Hahaha!"

At this time Qin Yuan stood up suddenly, and An Ran was also taken aback, and immediately hit Qin Yuan with one kick, but Qin Yuan directly caught An Ran's foot, and then said to An Ran:

"Don't be so excited, it's just a joke, OK, let's go back to sleep, but I guess we can't sleep for the time being."

An Ran didn't understand when he heard this, but at this moment, there was another knock at the door:

"Instructor, let's go out together to catch you. We will leave tomorrow. Tonight, I will take you out to play."

Hearing this at this time, Qin Yuan directly agreed, then looked at An Ran and blinked his eyes.

And An Ran was also angrily, and walked out directly. Tian Guo and Ye Cunxin, who were standing at the door, saw that An Ran had come out of Qin Yuan's room, and their eyes widened in fright:

"Wow, Captain, I was wrong, I don't know anything, don't kill me!"

"Okay, it's not what you think, I'm leaving, I'll go back and change my clothes, so I can catch it!"

At this time, An Ran said directly to the two girls, and then went straight back to his room.

It's just that An Ran's heart can't stop a trace of doubt.

Did Qin Yuan stop on his own initiative, or did he stop after hearing the footsteps of Tian Guo?

If Tian Guo didn't knock on the door today, what would happen?

Thinking of this, An Ran's face flushed again, and her ears felt a little hot.

shook his head fiercely, An Ran went to his room, soon changed his clothes, and then walked out.

Since things haven't happened, don't think about it anymore. Emotional management is the most basic quality of a soldier and undercover personnel!

Soon, the group changed their clothes and started to move towards the forest.

Tianjia Village is densely forested and I know a lot. This is the place where Tianjia Village breeds Zhizhi, so as long as you walk a few steps, you can see a Zhizhi who is climbing up the tree.

So Tian Guo brought Qin Yuan and others over, more for fun.

I don't have the shell, but it's a good dish when fried, and it's also a medicinal material.

Actually, there are wild zombies in the training base of Fire Phoenix, but no one has ever caught them.

When the place is different, the mood is naturally different.

Qin Yuan looked at the group of girls holding flashlights and bamboo poles, laughing and catching, and smiled slightly.

If he wants to catch the knowledge, he doesn't need a hand lamp at all. As long as he turns on the thermal imaging system, he can easily catch a lot of knowledge.

But this way, I lost a lot of fun.

Qin Yuan didn't look up, just looking at the position he could reach, but he caught a lot.

Seeing that he was struggling with his hands, Qin Yuan moved in his heart, wondering what the effect would be if he received this treatment in the grid.

Do as he thinks of it, Qin Yuan took advantage of the girls not paying attention, and directly received one of them into the grid.

"Ding Dong~ Please start choosing the host!"

With the prompt sound of the system, three options suddenly appeared in front of Qin Yuan!

"1, get a world-class shell!"

"2, get world-class cicada art!"

"3, get a world-class speculation technique!"

Seeing these three options at this time, Qin Yuan's eyes became straight.

These first two options are enough, what the \*\*\*\* is the third option?

Qin Yuan took a close look at the first two options. The first one is to remove the shell, which allows Qin Yuan to spend a certain amount of time and energy to remove a shell and become a brand new character when he suffers non-fatal damage .

This is a bit like the skills of the characters in the comics, but the time for dissolving the shell is too long, not to mention Qin Yuan has a severed limb rebirth and quick recovery, although this ability is easy to use But it overlapped with the skills Qin Yuan already possessed.

If there are two-digit grids, Qin Yuan is naturally willing to choose to try. Now Qin Yuan only has six grids, so it's better to be cautious.

And this second skill, Singing Cicada Art seems to be more useful.

This is a kind of sonic martial arts similar to Lion Roar, except that Lion Roar is directly destroyed from the outside by a powerful force, while Cicada Singing uses sound resonance to influence from the inside.

When most people hear it, it may even cause hallucinations.

Qin Yuan thought for a while, and directly decided to get this skill. It happened to be complementary to the lion roar technique and hypnotism. In this way, it would also be able to have an additional secret method.

As for the third option, Qin Yuan did not see it.

"System, I choose the second item."

"Ding Dong, the host chooses successfully and obtains the world-class cicada art."

With the sound of the system, Qin Yuan's mind suddenly developed a new vocal technique.

This technique of singing cicadas does not produce a substantial sound, but like an infrasound wave, it emits a low-frequency sound wave through the shaking of the throat.

And Qin Yuan discovered that this seems to be a bit of Buddhist meditation.

Although it can produce hallucinations, it has some Zen abilities.

Qin Yuan was a little speechless at once, this cicada art, even has the meaning of a great compassion curse? ?

This one made Qin Yuan a little bit dumbfounded, but Qin Yuan still wanted to experiment.

Looking at the three girls in front of him at this time, Qin Yuan showed an evil smile, and then directly used the Cicada Singing Technique at the three people.

#### Chapter 355: Scorpion

When Singing Cicada Art was first used, it didn't hurt much, but instead made people enter an illusion.

Qin Yuan will control it well and will not harm these three people. He wants to see what kind of illusion these three people will fall into.

The first recruit was Tian Guo. At this time Tian Guo was walking, she suddenly realized that she seemed to be in a kitchen. There were all kinds of precious ingredients everywhere in the kitchen. Tian Guo was immediately excited. , Just pick up these foods and start cooking.

Seeing such a situation, Qin Yuan couldn't stop laughing at once. He really didn't expect that Tian Guo had this idea in his heart.

Next is Ye Cunxin. At this time, Ye Cunxin has returned to the Phoenix Training Base, but now Ye Cunxin's strength is extremely strong. First, he defeated Shen Lanni, then Xu Tianlong, and finally even a little bit wanted. The meaning of challenging Qin Yuan!

It's just that Ye Cunxin still has a certain understanding of his own strength, so when he challenged Qin Yuan, he fell into a bitter fight. In the end, he drew a tie, and Qin Yuan also recognized Ye Cunxin's strength and said Ye Cun Xin has been completely out of the field, and he can give up the position of Captain Fire Phoenix to Ye Cunxin!

But Ye Cunxin gave in modestly, and in the end he directly trained a new team, let Shen Lanni be her deputy and dominate the party.

Seeing such a situation, Qin Yuan couldn't stop shaking his head. It would take a long time for her to realize the idea of Ye Cunxin.

The last one was An Ran. Qin Yuan carefully observed An Ran, but was surprised to find that An Ran actually fell into an illusion and became the queen of a country. This country was extremely prosperous, and An Ran led the country in battle. Invincible.

Seeing such a scene, Qin Yuan's forehead suddenly had a few more layers of black lines. He really did not expect that An Ran looked so serious, but it turned out to be like this in the deepest fantasy.

After , An Ran's class teacher returned to the court. The ministers and the like thought that An Ran should have a child, so An Ran selected the whole country and wanted to have a man!

And Qin Yuan was shocked to find that An Ran was secretly in love with a man, and that man's face was exactly the same as himself!

Now Qin Yuan is completely speechless. This woman, An Ran, seems to have thick eyebrows and big eyes, but actually wants Qin Yuan to be her face?

Seeing this, Qin Yuan couldn't stand it anymore, and snapped his fingers directly to wake the three of them.

After the three people were sober at this time, looking at the dark woods in front of them, they all felt a little lost.

"Did you feel a little strange just now? This place is a bit wicked, so why don't you go back soon."

At this time, An Ran said directly to the two, but the two of them also nodded like a chicken pecking at rice.

After entering the illusion, you can wake up and know that this is an illusion, but just like a dream, if you don't remember it carefully, you will soon forget this matter.

It's just that the three of them were very impressed with their dreams. At this time, seeing the people around them, they felt a little embarrassed.

Although they didn't know why they fell into the illusion suddenly, they also noticed something wrong here, so they quickly left the forest.

When seeing the appearance of the three people, Qin Yuan couldn't stop laughing.

But he still pretended to be confused, and didn't understand why the three of them had caught up well, why they left here.

The three women were naturally not good at telling Qin Yuan about this, and then went back to sleep.

After experimenting, Qin Yuan was quite satisfied with the power of this cicada art. To be honest, this kind of thing seemed to be more interesting for his teammates to use.

But Qin Yuan also understands that you must be careful when doing this kind of thing. If it is exposed, even Qin Yuan's martial arts will definitely be beaten by these people!

Early in the morning of the second day, the four left Tianjia Village together and returned to Donghai City.

Qin Yuan had already called Tang Xiaoxiao, and Tang Xiaoxiao had already summoned all the other members of the Phoenix Phoenix team. The group planned to meet at the airport. Now everyone in Phoenix has finally assembled.

After arriving at the airport, a group of people would get along, but to Ye Cunxin and others' surprise, Tang Xiaoxiao turned out to be wearing a wig and long hair, looking very elegant and beautiful!

"Wow, it's actually a wig, this one is too pretty!"

"I want it too. I haven't had long hair for a long time. I don't know what it feels like."

"Short hair is too heroic, I also want to be a gentle and gentle girl!"

Seeing the wailing of these people at this time, Tang Xiaoxiao immediately took out a suitcase of wigs and clothes and said to everyone:

"I was ready for you a long time ago! Sisters!"

"Wow!"

And Ye Cunxin also said proudly:

"Okay, since everyone is here, then I will make arrangements for you. I have already notified the hotel and will take you to a big meal in a while, and the beach and sunny vacation will start! So the sisters now hurry in and change clothes. Really 'S vacation is coming."

At this time, they heard the voices of Ye Cunxin and Tang Xiaoxiao. Everyone exclaimed and then went to change clothes in a turbulent manner.

And Qin Yuan also showed a slight chuckle when he saw this group of people fooling around. These people are also girls.

But Qin Yuan glanced at the people next to him, and then directly said to An Ran who was standing aside:

"What? Why don't you change your clothes and have long hair? You haven't done this for a long time, right?"

But An Ran gently shook his head, and said directly to Qin Yuan:

"Although I haven't had my long hair for a long time, I am performing tasks outside after all, and various behaviors are more free than them, so I still don't go."

Qin Yuan smiled slightly when he heard this.

But at this moment, An Ran's cell phone suddenly rang. After connecting to the phone, An Ran's expression suddenly changed, and he said to Qin Yuan very seriously:

"Qin Yuan, something went wrong!"

Qin Yuan's expression also changed when he heard this.

Fifteen minutes later, Qin Yuan and An Ran drove a motorcycle together and headed directly in the other direction!

While in a command room at this time, Fan Tianlei was looking at the information in his hand with a serious face.

It is the Thor team that stands in front of him! !

"Everyone, this time is a joint operation between us and the police. The goal is to catch this internationally notorious wanted criminal, Scorpion!"

When he said this, Fan Tianlei couldn't help but gritted his teeth and threw the picture in his hand on the table. The man on the table was the scorpion who had escaped from Qin Yuan's hands before!

Chapter 356: Recycle motorcycle

Seeing Fan Tianlei's angry look at this time, Lei Shen asked his companion in a low voice:

"Is this scorpion the enemy in the rumored golden eagle?"

"More than that, I heard last time that this guy came to us to step on, and he wants to rob the magic field."

At this time, the old fox also said in a low voice. Seeing this situation, Fan Tianlei said directly:

"What are you talking about, everyone is ready, this time I will shoot with you!"

"No, Golden Eagle, you have hatred with this person, not to mention the emotional excitement right now, absolutely not suitable for shooting!"

Lei Shen directly rejected Fan Tianlei's proposal, and Wen Guoqiang also looked at Fan Tianlei and said directly:

"Old Fan, you are also a veteran, don't make it difficult for us."

Hearing such words, Fan Tianlei was full of helplessness. According to the regulations, he was indeed not qualified to participate in this operation.

But the enemy is right in front of him. How can this be done if he looks at him like this?

At this time, Lei Shen said to Fan Tianlei:

"Golden Eagle, don't worry, you know our strength, please give us more trust, we will definitely help you get this person!"

Hearing this, Fan Tianlei could only sigh for a long time, and then said:

"Well, you guys, be careful, this scorpion is very cunning. Last time, even Qin Yuan didn't catch him!"

"What? Even Qin Yuan is not his opponent?"

Hearing this at this time, Lei Shen suddenly widened his eyes. After all, they had fought Qin Yuan. They knew how powerful Qin Yuan was. If even Qin Yuan is not the opponent of this scorpion, I am afraid this time the mission. It's really dangerous!

"That's not the case, it's just that this person is more cunning, and Qin Yuan didn't catch him."

Fan Tianlei said this, and then told everyone the news that the scorpion tried to rob the magic field but finally escaped.

Hearing that the scorpion only escaped with the golden cicada's shell, Thor was relieved immediately. To be honest, if the scorpion's strength is already strong enough to take advantage of Qin Yuan, then they went up, really in their hearts. Drumming.

But if this scorpion only used some tricks, then they would have more confidence.

"Don't worry, we will be careful, hey, if we can catch the scorpion this time, the next time I see Qin Yuan, there will be something to say."

At this time, the little bee on one side whispered, after all, they are Qin Yuan's predecessors. As a result, seeing Qin Yuan's red blood cell team make many shots and quickly become a team comparable to them, naturally, they are a little bit fierce.

If they could catch a scorpion that Qin Yuan didn't catch this time, they would naturally have something to say in front of Qin Yuan!

"Shut up, don't underestimate the enemy."

At this time, Lei Shen said directly, and when he heard this, Fan Tianlei also said directly:

"This time the parties have joined forces. If we still can't catch the scorpion, then we will really be ashamed!"

Wen Guoqiang also directly said:

"We have been monitoring that person for a long time, and taking this opportunity to uproot all these people, well, the time is up, act!"

Thor and the others agreed, and then began to act.

Raytheon and others were fully armed, and some plainclothes were monitored near Wang Yadong's shop.

Once the scorpions appeared, they immediately arrested people!

At this time, on Qin Yuan's side, he was rushing over here with An Ran.

Although he is a member of the Thor team, Fan Tianlei is still a little uneasy, so he will send a message to An Ran, wanting Qin Yuan to come over, so that he can be sure of nothing!

At this time, An Ran was riding a motorcycle, and Qin Yuan was sitting behind her. They bought this car directly in the store. After all, it was urgent, they had to go there quickly!

The only thing that made An Ran feel hot was that Qin Yuan held his waist tightly at this time, making An Ran a little uncomfortable.

"Qin... Qin Yuan, be careful!"

At this time, Qin Yuan did not realize this at all, but directly said to An Ran:

"Quickly, quicker, they are not dealing with an easy person this time. If they are not careful, they can easily capsize in the gutter!"

Qin Yuan had already become excited when he heard of the appearance of the scorpion. After all, he let the scorpion run away last time.

Don't forget, Qin Yuan also has a mission to kill the scorpion and get two grids!

What's more, Xiezi is a vicious and vicious person. Since he has the courage to see Wang Yadong, he must be prepared for other means of getting out!

"What's the matter, the golden eagle let you pass, but I want to be safe. Will we affect them if we go so anxiously?"

At this time, An Ran said to Qin Yuan, after all, they are still a little away from Wang Yadong's shop, and actions will definitely not wait for them.

"It's better to hurry up, if something happens, it will be bad! Otherwise, I will take you with me?"

Qin Yuan said to An Ran, and An Ran glanced at the oil meter and said directly:

"Well, there is a gas station in front. Let's refuel, and then you can take me with you."

Although An Ran didn't know if Qin Yuan would ride a motorcycle, since Qin Yuan dared to say this, he was obviously more skilled.

Soon, the two filled up the gas at the gas station, but Qin Yuan found a motorcycle user guide in the back seat of the motorcycle, and then received it directly into the grid.

Qin Yuan is just an orphan, and he has never played this motorcycle before. It would be okay if Qin Yuan rides a bicycle, motorcycle? Especially this high-speed motorcycle? Forget it.

But the grid is precious after all, if Qin Yuan can learn it by himself then the grid is unnecessary.

After all, since the last time I felt the difficulty of not having a grid, Qin Yuan has saved a lot of the grid in his hand!

Soon, the two were on the road again, Qin Yuan directly throttled, and the motorcycle almost flew out, making An Ran hug Qin Yuan tightly in fright.

Qin Yuan was also taken aback, and stopped quickly.

"Qin Yuan, can you do it? If it doesn't work, I'll take you with me. If so, I'm afraid I will have no life to complete the task!"

At this time, An Ran said to Qin Yuan with a smile on his face, and Qin Yuan's old face blushed too.

It seems that this grid cannot be saved!

Thinking of this, Qin Yuan's heart moved and said to the system:

"System, recycling!"

With Qin Yuan's words, the motorcycle instructions placed in the system were instantly recovered by the system!

Chapter 357: Exposed!

"Ding Dong~ Please start to choose the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Acquire world-class motorcycle driving skills!"

"2, get world-class motorcycle manufacturing!"

"3, get a world-class motorcycle design!"

Seeing these three options at this time, Qin Yuan chose the first option without hesitation.

"System, I choose the first item!"

"Ding Dong, the host chooses to succeed and obtain world-class motorcycle driving skills!"

With this prompt from the system, Qin Yuan suddenly felt that the motorcycle under him had become a lot more familiar, and the instruments in front of him could also see what they meant!

Then he smiled at the corner of his mouth and suddenly started the motorcycle.

At this time, An Ran was also taken aback. She seemed to feel that the motorcycle had become a lot more stable.

But before An Ran had time to say anything, he heard Qin Yuan yell "Hold on to me", and then An Ran felt that the motorcycle under her feet suddenly roared, and it rushed out instantly!

This time is different from just now. At this time, Qin Yuan is at ease, just like a senior rider driving a fierce horse. Although it is extremely bumpy, there is a rhythm in the dark, as long as it is driving. Keeping balance with this rhythm, they won't have any problems!

An Ran was even more surprised. This time is the time when there are most people and vehicles, but facing the huge traffic flow in front of him, Qin Yuan didn't slow down any more, he just arched in!

At this time, Qin Yuan was still stepping on the accelerator in the crowd. An Ran saw the situation, and his eyes were so scared that he was about to hit a car, but Xu Chuan beat him fiercely. , Just hide away!

After that, the pedestrians on the road were very surprised to see that a black motorcycle, like an aphrodisiac, was rushing forward like crazy, and the owner's technology was extremely superb, although there were many vehicles on the road , But this motorcycle turned left and right, and it passed through the crowd abruptly!

At this time, An Ran seemed to be dreaming. The whole person hugged Qin Yuan tightly, and put the whole body on Qin Yuan's body, and Qin Yuan could clearly feel that there were two things behind him. A soft flesh, and a warm body.

Although he was walking through the crowd, Qin Yuan felt the warmth behind him, and his heart was itchy. He coughed softly and said to An Ran:

"Then what, you have to be careful, don't throw yourself off, we have to get there soon, you bear it."

At this time, An Ran couldn't even say a word, and felt like her heart was touching her throat, completely blocking all the words, and at this time she slammed Qin Yuan to express herself. Already heard.

And Qin Yuan smiled slightly, increased the accelerator, and moved toward the destination faster!

It's a pity that although Qin Yuan over there hurried to catch up, he did not catch up with the start of the action!

At this time in Wang Yadong's shop, Wang Yadong was looking at a military magazine leisurely.

But at this moment, he suddenly heard a rhythm of footsteps, and when he heard such footsteps, Wang Yadong frowned slightly, and suddenly raised his head, only to find that he was standing in front of him. With a man!

"Why are you! Are you going to die?"

At this time, Wang Yadong hurriedly pulled the man into his shop, and then silently closed his shop. This was a sigh of relief and said to the man in front of him:

"Scorpion, why are you here? Do you know it is dangerous for you to do this? There are many people who want your life."

Yes, the man in front of him is Scorpion, and Scorpion smiled when he heard Wang Yadong's words and said directly:

"What's wrong, I just came to see my students and subordinates. Is there any problem with this?"

"I'm not your student, I'm just following you for training for a while. I have now left your hands and are no longer your subordinates. I just want to live a good life. If you come to me for a drink, Then I have a lot of good wine here, but if you ask me to do other things, then please go back."

At this time, Wang Yadong said to Scorpion indifferently, but when he heard such words, the smile on Scorpion's face became even more exuberant. Looking at Wang Yadong was like looking at a peerless treasure.

"Do you know? This time I came here. I originally wanted you to help me out. I did something wrong last time. I was dismissed by the company. Now I am going to protect a small boss. It is to leave from my side. I urgently need to re-establish a team now. It is too slow to be alone, so I want to take you together."

When Wang Yadong heard this, his face was even more ugly, and he said directly to Scorpion:

"I have finished talking about my choices. I now have a girlfriend, who treats me well and is not willing to do this kind of blood licking. Go find someone else."

Wang Yadong said this, although his tone was extremely cold, but his heart still trembled. After all, he was really a Scorpion's subordinate, and he knew very well about Scorpion. If something happened to Scorpion, he knew that Scorpion was certain. Will do something.

But he has already made up his mind to break with the past completely, is definitely not a mere words of Scorpion, it can be easily persuaded!

Hearing this, Scorpion smiled slightly and said directly to Wang Yadong:

"I know what kind of person you are, don't worry, we have a long time, just talk slowly."

But at this moment, Wang Yadong suddenly saw a light flashing at the door, and he was shocked. He said directly to Scorpion:

"You bastard, you are exposed, someone is chasing you."

At this time, Wang Yadong was extremely anxious. He knew that Scorpion was a well-known wanted criminal. Countless people wanted his head, and it was in China. If caught by a large number of police, even Scorpion would not be able to get his whole body. And retreat.

However, after hearing what Wang Yadong said, the scorpion did not panic on his face. Instead, he said to Wang Yadong:

"Just see if you are not my brother anymore. Now you have two choices. One is to kill me, then surrender to the crime. Presumably, they won't do anything to someone like you."

Chapter 358: Dry well

But at this time, Wang Yadong heard this, but there was no wave on his face. Instead, he directly opened a table behind him. Behind the table, there was a small door. He turned his head and said to Scorpion:

"What are you talking nonsense there, come and help me quickly!"

Scorpion saw this little door, smiled brighter, and patted Wang Yadong on the shoulder:

"I knew you would make an escape route, this is the first one I gave you!"

"Let's go, they can't catch people, and they won't do anything to me. There is a bomb under here. After you go in, just blow it up directly through the passage."

At this time, Wang Yadong just slapped Scorpion's hand to the side, but Scorpion didn't care and said directly to Wang Yadong:

"If you don't stay with me, even if they won't do anything to you, I'm afraid they will arrest you. Let's go with me. Let's start a new career!"

The scorpion was very calm at this time, completely unlike the appearance of someone outside trying to catch him.

"Never! Hurry up, if you don't leave, I will open the door!"

At this time, Wang Yadong was extremely firm, and Scorpion sighed when he saw Wang Yadong's expression, and then moved quickly into the small door!

Seeing that the scorpion had entered the secret path, Wang Yadong also took a sigh of relief, and his eyes became a lot colder.

At this time there was a voice from the door:

"3, 2, 1, burst!"

When Wang Yadong heard this sound, his eyes changed suddenly, and he rushed towards the surroundings. There was a dull sound from the door of Wang Yadong's shop, and the whole door slammed directly down. If it weren't for Wang Yadong's dodge fast, I'm afraid Smashed below!

At this time, Lei Shen and the others rushed in quickly, watching only one Wang Yadong squatting on the ground with his hands raised in the entire room, but a trace of anxiety flashed in his eyes.

"What about others!"

At this time, the little bee grabbed Wang Yadong by the collar, but Wang Yadong looked at the little bee at this time, but said nothing.

"He can't run far, everyone search!"

At this time, Thor gave an order, and then began to search the entire store. Soon the old fox found the little door hidden under the counter. When he saw the little door, the old fox's eyes lit up, and he was about to face. Go in here!

But Thor grabbed the old fox and said with a serious expression: "Be careful, there must be traps in this!"

"Thor, we absolutely can't let this guy run away, otherwise, we can't explain to the people above."

The old fox said anxiously, and when he heard this, Thor's face was also uncertain, and finally he whispered:

"Then we must be careful."

Thor also understands that there is only one person in the scorpion. This time it is a once-in-a-lifetime opportunity. If they can't catch the scorpion this time, it will be more difficult for them to capture the scorpion in the future.

What's more, Scorpion is still Fan Tianlei's enemy. Thor vowed to Fan Tianlei and promised that Scorpion would be caught. As a result, this happened now. How should Thor face Fan Tianlei!

So no matter what kind of threat there is, Thor must catch up.

At this time, seeing Thor really seemed to be catching up, Wang Yadong, who was on the side, changed his eyes and said directly to Thor:

"If I were you, I would never catch up. I planted a bomb in the secret road!"

"Hehe, if he didn't blow up the entrance in the first time, he could only wait until he escaped and ascended to heaven, and then blow up the entire passage, otherwise he would not be able to escape himself. Your tunnel is a secret construction. It won't be so strong at all!"

Thor sneered, and then swiftly drilled into this tunnel. Wang Yadong's expression was also very ugly. What Thor said was indeed right. His own passage was dug out bit by bit, and it was a personal construction. Not so strong!

If it really explodes in advance, it is even possible that the entire passage will be buried. At that time, Thor and others will be rescued, but the scorpion has no way to go to the ground, and it is completely finished!

Now I can only bet on whether Thor is fast or Scorpion is fast!

At this time, the scorpion was madly running forward. The passage that Wang Yadong dug could only bend forward by himself. The Thor and others behind, besides a small pistol, also took off their other equipment. , Now they are fighting for time and spirit. As long as they see someone, they will be shot immediately, and they can knock them down or kill them instantly.

Both of them have already bet on what they have, so let's see who has the better luck.

The air in the tunnel is thin, and the scorpions running in the front are okay. The Thor team running in the back is more difficult to breathe because of the larger number of people.

At this time, Raytheon saw this situation and understood that he could not chase down like this. He directly said to his players:

"You guys exit to see if you can deduce this tunnel exit, stop the other side directly from the exit, and I will chase it alone!"

"Thor, I'm with you, and everyone else just quits."

At this time, the old fox said in a deep voice, and when he heard this, Thor also nodded. After that, the Thor team quickly divided into two routes and moved on.

At this time, with the passage of time, the sweat on the old fox's forehead kept falling, and the air became thinner. He glanced at the chart in his hand and gritted his teeth and said:

"We have walked a full 1 kilometer now, how far is this tunnel?"

At this time, the old fox already had a trace of regret in his heart. Just now he should interrogate Wang Yadong carefully, first know the basic information of this tunnel, and then come down to chase.

And Thor also understood what the old fox was thinking, so he shook his head and said:

"Don't think about it. Just now that Wang Yadong was able to completely expose his passage and give up his final escape to Scorpion. Then he will definitely not betray the Scorpion, and once we don't catch the Scorpion, neither will we. Other evidence can prove that he and Scorpion have other intersections, and maybe he will be released!".

At this time, the old fox gritted his teeth when he heard this. He understood that it would be useless to say more now. The most urgent thing is to catch the scorpion!

At this time, the scorpion ran madly forward, but in one passage, there were two forks in the road. The scorpion did not hesitate at all, and instantly rushed in toward the fork on the left, and the fork in the road At the end is a dry well!

Chapter 359: happy

Scorpion quickly crawled out, this passage was exactly what Scorpion had someone dig out in advance!

After all, Scorpion knows his position. Although he came to Wang Yadong and had enough trust in Wang Yadong, he had to guard against it!

So before coming to find Wang Yadong, Scorpion had observed Wang Yadong for a long time, guessed the location of Wang Yadong tunnel, and directly derived the topographic map of the tunnel, and finally dug a fork in the tunnel.

The exit of this fork in the road is more secretive, and he also placed more bombs in the tunnel, so that the entire passage will directly collapse!

Scorpion had already made plans. If Wang Yadong betrayed himself, he would kill Wang Yadong directly, and then ran out along this passage. If Wang Yadong had not betrayed himself, then he would also escape through this secret road, even Run away with Wang Yadong.

It's a pity that Scorpion was not right this time. Wang Yadong actually had a woman. Although he did not betray him, he was unwilling to leave with him. However, Scorpion was not too lost. After all, although Wang Yadong was a talent, his Not only Wang Yadong has a hole card in his hand.

Scorpion glanced at his back, showing a sneer. He had heard it just now, there was a sound in this passage, and he knew that someone must be chasing him.

suddenly pressed a button, the whole passage collapsed!

Since Wang Yadong is not willing to come back with him, it is better to destroy him directly!

Scorpion's eyes flashed a cold light, he understood that once the people in the passage were killed, the military would not easily let Wang Yadong go.

At this time, on Thor's side, he heard the explosion in front of him, and he was shocked, yelled carefully, and quickly hid on the side. Unfortunately, the dust above his head still fell and completely knocked the two people down. Buried!

At the entrance of the secret passage of Wang Yadong's shop, there was also a sudden spray of dust, and it directly sank. The people outside were immediately panicked. They understood that Thor must have failed and let Scorpion blow up the passage!

At this time, Fan Tianlei had already arrived here. Seeing such a situation, he immediately widened his eyes and said directly to the people around him:

"Quickly, quickly! Excavate the entire tunnel! We must quickly save Thor!"

At this time, Wang Yadong was also pale. He really didn't expect that Scorpion would be so hot. I don't know if they hurt people, would these people die?

Seeing Wang Yadong's appearance at this time, Fan Tianlei also gritted his teeth and walked directly to Wang Yadong's side, and said to Wang Yadong:

"You have seen it too. He has regarded you as an abandoned son. Are you still willing to protect him now?"

Wang Yadong's face was uncertain, and seeing Wang Yadong's appearance, Fan Tianlei said directly:

"Tell me! Where is the authentic exit!"

"Here is a small garden 3 kilometers away!"

Wang Yadong's face was extremely ugly, but in the end he also said this sentence!

Hearing this, Mr. Wen also gave an order:

"Quickly, send a team to surround the garden!"

Fan Tianlei's face looked ugly after hearing Mr. Wen's order.

There was such a mistake in this matter, and all of them were to blame, but the most urgent thing is to see if Thor can be completely rescued!

And at this moment, a person suddenly came in. After seeing this person, Fan Tianlei hurriedly greeted him, and said to him in surprise:

"Qin Yuan, you are here!"

At this time, Qin Yuan saw the expressions of everyone, and understood that an accident must have happened, and asked in a deep voice:

"What exactly is going on?"

When he heard Qin Yuan's question, Fan Tianlei's expression was ugly, but he was also one-to-one, and he told the whole story.

After listening to Fan Tianlei's description, Qin Yuan's mind suddenly made a sound:

"Ding Dong, the system releases the mission! Save Thor and the old fox, reward a grid!"

Hearing this voice at this time, Qin Yuan's face was not very pretty. Now that Thor and the old fox are buried under the passage, how easy is it to save the two of them?

But Qin Yuan is still willing to give it a try. He directly said to Fan Tianlei:

"Wait for me here, let me see if I can rescue the two of them."

Saying this, Qin Yuan was about to drill into the tunnel. Although this tunnel was destroyed by bombing, there was still a section of it intact. Qin Yuan wanted to go down and see the situation first.

But seeing Qin Yuan's movements, Fan Tianlei quickly stopped Qin Yuan:

"What do you want to do? Do you know that this tunnel has been bombed once, and it may collapse at any time. Wouldn't you go on like this to seek death?"

But Qin Yuan patted Fan Tianlei's hand and said to Fan Tianlei:

"Trust me, I have a way!"

Looking at Qin Yuan's eyes at this time, Fan Tianlei had no choice but to grit his teeth and let Qin Yuan go directly. After all, Qin Yuan had given him a lot of surprises before, and this time it was only Can you expect Qin Yuan to give him more surprises!

At this time, Qin Yuan was like an ape, swiftly drilling into this tunnel, and then ran for a while. His speed is very fast, his physical fitness is strong, and he is not affected by the lack of oxygen and dust, so he is naturally much faster. !

Soon, Qin Yuan had already reached the place where the passage was bombed. Looking at the floating soil in front of him, Qin Yuan's hands were like electricity, and he began to dig!

At this time, Qin Yuan also opened up all his perception abilities, and began to perceive the location of Thunder God and others, but unfortunately there are a lot of clods on the ground now, Qin Yuan is very difficult to perceive!

However, it succeeded in the end. Qin Yuan could not perceive it, but he could smell the traces of Thor and the old fox!

It's just that the taste is slightly weaker, Qin Yuan calculates that these two people are probably hundreds of meters away from him!

It is appropriate for Qin Yuan to dig a few meters, but how can it be impossible for Qin Yuan to pass quickly over these several hundred meters!

And now, the most important thing is time. Qin Yuan knows that Thor and the old fox must not be able to hold on for much time, and must speed up!

Qin Yuan gritted his teeth and started digging. Now, he can only use this stupid way! !

But at this moment, Qin Yuan suddenly saw a cave. At this moment, Qin Yuan was shocked, and then quickly hit the thermal imaging ability, and recently discovered that this turned out to be a pangolin!

Although Qin Yuan didn't know why this pangolin lived here, there was a glimmer of joy in Qin Yuan's eyes!

Chapter 360: Recycled pangolin

With this pangolin, Thor and the old fox can be saved!

At this time, Qin Yuan quickly dug towards this pangolin!

And this pangolin was shocked when he saw Qin Yuan. He never expected that he would stay here honestly, and someone would come to arrest him.

So this pangolin immediately gave up its lair, quickly digging into the soil and fleeing deeper, but Qin Yuan finally encountered this little thing, how could he easily let it go?

Cicada Art!

start!

At this time, Qin Yuan's mouth couldn't help but tremble, making sounds that people couldn't hear, but this sound was passed on to this pangolin intact!

This hapless pangolin suddenly felt his head dizzy, but when he woke up, he found that he seemed to have fallen into a paradise, surrounded by all kinds of food!

This pangolin naturally didn't move anymore. The whole pangolin was absorbed in the illusion, unable to extricate itself!

And Qin Yuan took it out leisurely, grabbed the pangolin, and received it in his own grid!

"Ding Dong~ Please start choosing the host!"

With the prompt sound of the system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class digging skills!"

"2, get a world-class heavy body!"

"3, get world-class head-holding and squatting defense!"

At this time, Qin Yuan looked at these three options, his eyes lit up, and sure enough, this pangolin was able to obtain the most needed earth-digging skills.

The second skill, the heavy body shell, is also good. It can give Qin Yuan an extra layer of defensive scales on his body. Such scales make Qin Yuan look like wearing a hidden armor, which greatly enhances his defensive power. It does not affect the flexibility of body movement.

As for the third skill, Qin Yuan couldn't understand it a bit, and then he asked the system carefully:

"System, what is the function of this third skill?"

"Answer the host, as long as the host possesses this skill, the lucky ability will be greatly improved. As long as the host squats down with his head, the host will become extremely lucky. Unless it is an unavoidable attack, the host can rely on it. Lucky to hide."

Seeing this explanation at this time, Qin Yuan was speechless for a while. He seemed to have seen this ability. It seemed like this in a movie. There is a woman who is extremely lucky. No matter what she does, it seems that God is helping her. The same, except that the luck of others has always been there, and Qin Yuan only has it when he squats on the ground with his head.

Once this is changed to another position, this kind of fortune will disappear. Does this have the effect of a fart?

Therefore, this ability is only useful when avoiding other people's attacks, but for Qin Yuan, does he need to use this method to avoid other people's attacks?

Only attack is the best defense!

But the current priority is to rescue Thor and the old fox quickly, so Qin Yuan did not hesitate to choose the first item.

"The system I choose item 1!"

"Ding Dong~ Congratulations to the host for choosing successfully and gaining world-class digging ability!"

At this time, with the sound of the system, Qin Yuan suddenly felt that his hands seemed to have undergone some changes. Both hands seemed to have become two shovel. Even Qin Yuan felt that his breathing was much smoother. Has adapted to the dim and humid environment underground.

Then Qin Yuan moved his palm and suddenly digged towards the mound beside him. The block of earth that had taken a lot of effort to dig out before, now looks like a tofu in front of Qin Yuan. It's like it doesn't exist!

Qin Yuan was immediately excited, following the smell he smelled, and quickly digging in the direction of Thor and the old fox!

At this time, on the side of Thor and the old fox, both of them were tightly pressed by the falling clod of soil above, and they could not move, leaving only a few gaps.

The two people huddled together to vacate a triangle. Fortunately, this time they had a wooden stick pillar, leaving a little bit of air, but now the air is becoming less and less, and the time they can breathe has become less. Up.

The old fox looked at Thor with an apologetic expression:

"Thor, it's all my fault, if I hadn't forced you to chase the scorpion, we wouldn't have fallen to this end!"

At this time, Thor was hit by a rock above his ribs. At this time, he felt pain all over his body when he was breathing. He heard the old fox's words and forced a smile, and said to the old fox:

"How can you blame you? You just made a suggestion. The person who really makes the decision is still me. Okay, let's stop talking. Try to save air. I believe the people above must be thinking about how to save us. , We must try our best to persist for long enough!"

At this time, the Thor said something like this , but in his heart he knew very well that their chances of living were pretty slim.

Because Thor understands that it is like such a heavy block of soil, even if it is a hands-on rescue, it does not know how long it will take, and they can still last for five or six minutes at most. After five or six minutes, both people will be suffocated. And die!

The old fox smiled wryly at Thor at this time, and then said:

"You still don't lie to me. We have gone through a training. We are very clear about what the situation is now. Five or six minutes is not enough for either of us. So now we have only one choice, and that is direct Kill the other person, save the air as much as possible, and let the other person last longer. This is the best way to survive.

Hearing the old fox's answer at this time, Thor also showed an extremely ugly smile, which is indeed the case. The old fox is right. The best choice is two people and one person stop breathing, ten minutes, if fast. , Is enough for others to discover here.

But now the two people looked at each other, but they both showed an ugly smile, because they both understood that even if it doubled the time, their rescue might not be possible, instead of killing at the last moment of this life. Your teammates might as well take advantage of this time to think about your life. .

"Okay, the two of us should stop talking and slow down our breathing completely, and try to hold on for a longer time."

At this time, Thor said to the old fox, who also struggled to agree.
