

## Special Soldier 361

### Chapter 361: Fan Tianlei's obsession

It's just that with the passage of time, the air in this small corner becomes less and less, and the breathing of the two people also becomes rapid, and there is a layer of cold sweat on their bodies, which makes the air here become slimy. More filthy.

They all know that there is only one minute left. If the two of them are not rescued, I am afraid that both of them will die here!

I actually thought that the dignified Thor would come to such an end. At this time, Thor laughed at himself. He originally thought that he might die in the rain of bullets. How could he be a hero, but he did not expect that he turned out to be like a mouse, dying in a damp ground hole. This is really a bit sorry for his name!

And the old fox also sighed tremblingly, struggling to take out his dagger at this moment, hesitating whether to take advantage of the time when he was finally awake, and directly give himself a good time.

After all, it was too painful to die from suffocation.

Seeing the look of the old fox, Thor originally wanted to stop him, but in the end he shook his head. After all, the old fox did not do it well.

If he can reduce the pain a little, he is willing to do the same, but his hand is suppressed and his body is injured. I am afraid there is no way to be as straightforward as the old fox.

And just when the two of them were completely desperate and wanted to solve themselves by themselves, Thor suddenly heard a screaming sound around him.

This sound sounded like something was digging the soil, and Thor immediately called the old fox to stop the old fox from cutting his sword.

At this time, Thor said to the old fox:

"Don't, don't move, you listen."

At this time, the old fox carefully opened his ears, but because of lack of oxygen, he had some tinnitus, and he couldn't hear any sounds around him.

At this time, the old fox thought Thor had a hallucination, smiled in despair, and then took out his dagger again and stretched it towards the neck with difficulty.

He knew that as long as he put this sharp skin on his neck, as long as it was a light stroke, he didn't need to endure such pain.

But at this moment, the old fox suddenly felt a piece of dust falling on his face. He was shocked at this moment. Could it be that there was a cave-in before he could commit suicide?

did not succeed in suicide, but was crushed to death, or suffocated to death? Alas, forget it, this may be my fate.

At this time, the old fox had some pessimistic thoughts, but at this moment, a bright light suddenly appeared in front of him, and a face suddenly appeared in front of him.

"Oh, the two are still chatting here.."

At this time, Qin Yuan looked at the old fox and Thor with a smile on his face.

With the arrival of Qin Yuan, the old fox and Thunder God suddenly felt a burst of fresh air flooding this small gap.

Both of them are like fish losing the water, panting with big mouths, and finally they come back to their senses, and their spirits are also refreshed a lot!

At this time, they looked at Qin Yuan's muddy face, how cute they looked, they almost rushed to kiss him.

With the air, Thor and the old fox naturally regained their confidence. At this time, they like a series of actions to make their place a little wider. This is the grasp of the hands of the two people, and finally the two people are restored. Pull it out!

It's just that the two of them were indeed suffocated just now, so when they first came to this safe environment, all the exhaustion in the body broke out in an instant, and when their head sank, they fainted instantly.

And Qin Yuan smiled when he looked at the two people who had passed out into a coma. He was still thinking about how to explain to these two people why he dug so fast. As a result, the two people are now in a coma. It's much easier if it's over!

Qin Yuan dragged the two people like this, abruptly returning to the original place, and it took less than a few minutes in total.

The people above had just begun to dig. At this moment, they saw Qin Yuan dragging two people out, and they were naturally surprised, and sent all three people out.

finally reached the ground, Qin Yuan breathed a sigh of relief. Even if he had this ability, he still felt a little bored underground.

But just as he was washing his face, he suddenly heard a sound in his mind. Hearing the system prompt that the mission was completed, Qin Yuan couldn't help but smile.

Thunder God and the old fox's injuries are not very serious, but because they almost suffocated, they have some hidden injuries. These are not important things, as long as Qin Yuan turns around and helps them take a look, it can be resolved.

At this time, Fan Tianlei saw that Qin Yuan had been cleaned up, and then he rushed over, patted Qin Yuan on the shoulder, and said in embarrassment:

"Qin Yuan, thanks to you this time, if it weren't for you I'm afraid we don't know how long it will take to rescue the two of them. If they both died, then I can't sleep anymore."

It was an accident to say it this time. Although Fan Tianlei wanted to catch the scorpion, he would not sacrifice his subordinates.

If it is not too dead under his own order this time, Thunder God and others will not rush into this tunnel directly, and naturally they will not encounter such an accident. If Thor and Old Fox really sacrificed then Fan Tianlei's responsibility must be less!

And the other members of the Thor team all looked at Qin Yuan gratefully. To be honest, this is not the first time Qin Yuan has rescued their captain.

Qin Yuan smiled when he saw the grateful eyes of the people around him, and then directly asked Fan Tianlei: "Right, did the scorpion catch it?"

When he heard these words, Fan Tianlei's eyes were suddenly dark, and this was a bit heavy:

"Let him run away. Mr. Wen just sent someone to the small garden at the exit of the tunnel, but he was not found. According to the army dog search traces, it seems that he has never come out of that place."

Qin Yuan sighed when he heard these words. This scorpion is really cunning. He doesn't compete with other people's real swords and guns at all. Instead, he relies on various conspiracies and tricks.

Fan Tianlei looked at Qin Yuan, feeling extremely uncomfortable in his heart. After looking at it for a while, as if he had let go of some obsession, he said directly to Qin Yuan.

"Qin Yuan, I have something to tell you!"

At this time, Qin Yuan heard this, his eyes moved, and then followed Fan Tianlei directly.

Chapter 362: Not good to refuse

Fan Tianlei took Qin Yuan to a deserted place, and then said to Qin Yuan with a heavy face:

"Qin Yuan, I am afraid that this scorpion can only be solved by you. I find that every time I fight with the scorpion, I can't take advantage of it. Such a thoughtful master, large-scale operations, it is easier to reveal myself. Direction, if possible, I want to hand it directly to you."

A ray of light flashed in Fan Tianlei's eyes at this time. He understood that such a super expert should be dealt with by someone like Qin Yuan. If Qin Yuan was here just now, I am afraid that Scorpion would not run away. Fall, and Thor and the old fox will not be buried under the dust.

If it weren't for Qin Yuan's arrival in time, I'm afraid that even if Fan Tianlei was able to rescue these two people, they would suffer some irreparable damage, and they might even die directly under the mud.

Fan Tianlei couldn't bear such a loss, so he gave up the obsession in his heart, gave up the opportunity to kill the scorpion himself, and wanted to give this task to Qin Yuan.

"Qin Yuan, the grudge between me and Scorpion, I guess you know it. When I was a special fighter, I met Scorpion, and the sniper at the time, He Chenguang's father, Save me, I was intercepted directly by the scorpion, and I also broke a leg."

"Later, my son also died in the hands of Scorpion. My wife divorced me directly because of his son. It can be said that Scorpion is the biggest enemy in my life!"

"Originally, you helped me heal my leg. I planned to shoot myself and kill the scorpion directly, but you have also seen it. After so many years, I don't seem to have made much progress, and I can't compare to the scorpion. There is another general in my hand, I really can't afford to lose!"

Speaking of this at this time, there was a trace of tears in Fan Tianlei's eyes.

And Qin Yuan was also a little silent. Although Fan Tianlei was a bit pitted, it was really miserable. He was ruined by the scorpion all his life. Fortunately, he can still stay in the army now. Scorpions have no meaning.

At this time, Fan Tianlei sorted out his emotions, and then said solemnly to Qin Yuan:

"Qin Yuan, I also know what Enron tested you before, but this is an order from a superior, and you seem to have done a good job. You are now a comrade we can truly trust, and your future achievements are limitless, but As an old squad leader, I solemnly beg you to bring Scorpion's head back to me!"

At this time, following Fan Tianlei's words, a voice suddenly rang in Qin Yuan's mind:

"Ding Dong, the system releases the task, completes Fan Tianlei's commission, kills the scorpion, and rewards two grids!"

Hearing this sound at this time, Qin Yuan's eyes suddenly lit up. The system had already issued a mission before, and it was two grids to kill the scorpion!

And now with this task, as long as Qin Yuan can kill the scorpion, it will directly reward 4 grids!

Thinking of this, a trace of murderous aura flashed through Qin Yuan's eyes.

Scorpion, it looks like he must die!

"Okay, I promised. Next time you find news about Scorpion, you must tell me as soon as possible!"

"Okay, that's it. Next time I know the news about Scorpion, I will definitely wait for you to act before you arrive!"

Qin Yuan nodded, but Qin Yuan also understood that such an opportunity could not be met. After all, Qin Yuan would not stay at the base honestly, waiting for the scorpion, sometimes the opportunity was fleeting. I can only find an opportunity to track the scorpion by myself, and then completely remove the scorpion tumor.

But at this moment, Wen Guoqiang also went outside. He saw Qin Yuan and Fan Tianlei talking, and walked over here directly.

At this time, Wen Guoqiang looked at Fan Tianlei and Qin Yuan's expressions a little heavy, and said directly to the two of them: "You two are really here."

And when Fan Tianlei saw his old friend coming over, he wiped his eyes quickly, then squeezed out a smile and said to Wen Guoqiang:

"Old man, we are dead today."

Hearing these words, Wen Guoqiang also looked serious, and then directly said to the two of them:

"I'm sorry, it was really my mistake this time. If I had known that there was a tunnel here earlier, so much would not have happened."

Seeing Wen Guoqiang's appearance, Fan Tianlei and Qin Yuan looked at each other, and then comforted Wen Guoqiang. After all, this incident is not Wen Guoqiang's fault. Who would have thought that Wang Yadong would prepare such a long secret path.

Wen Guoqiang's eyes are also a little red. is obviously afraid of this action. After all, this time the scorpion exploded this passage, but if this time the scorpion is going to do something , But they didn't find any abnormalities in it at all, so a big problem would happen!

"But this time I understand my shortcomings. The players under me can deal with ordinary people, but if dealing with these elite specialties, these people in my hands are not enough, Qin Yuan, I hope you can come. help me."

Hearing Wen Guoqiang's words at this time, Qin Yuan's expression was also a bit hesitant. He pondered for a moment, and then directly said to Wen Guoqiang:

"I still refuse, but I can lend you my red blood cell team temporarily. After my training, their strength is quite amazing. They can help you deal with some ordinary things without any problem, just like someone like Wang Yadong. It will definitely not be the opponent of these people under me."

Qin Yuan is out on vacation, but the people in the red blood cell team are still idle, and Qin Yuan's red blood cell team has a total of 5 teams. These people need to see blood to be able to become real fighters. Since Wen Guoqiang has With this idea, Qin Yuan naturally pulled out the power in his hand and hone it. .

Hearing such words, Wen Guoqiang was unavoidably disappointed. After all, he had seen Qin Yuan's greatness, and originally wanted to pull Qin Yuan to his side.

But since Qin Yuan refused, then there is nothing to say. It would be a gain to bring those people under Qin Yuan to his side. Besides, since the members of the red blood cell team are already here, I will invite Qin Yuan to help next time. At the time, Qin Yuan probably wouldn't refuse it very well.

Chapter 363: Wang Yadong's sneer

Wen Guoqiang knows that Qin Yuan's status is special and he has a high degree of autonomy. Wen Guoqiang wants to transfer Qin Yuan to his side, I am afraid he is going to find the highest commander of the military area.

But now the military region has finally completed the investigation of Qin Yuan. It was when Qin Yuan was a treasure, how could he easily be transferred to another place?

So being able to ask Qin Yuan to help him is already a good result.

After discussing this, Qin Yuan and the others are considered to have returned to the room. At this time, An Ran saw Qin Yuan, but he held Qin Yuan's hand nervously:

"I just didn't see you at a glance, and you rushed down. Do you know how dangerous this is?"

At this time Qin Yuan heard these words, smiled at An Ran, and said lightly:

"It's okay, the matter was urgent just now, so I went down first, don't you know, if I was a little late just now, the two of them would be finished!"

When he heard this, a doctor on the side also said to Qin Yuan:

"This is true. Both of them are considered to be severely hypoxic. If they persist until now they have not fainted, they are already strong-willed. If it is later, maybe the brains of the two people will be hypoxic. It is fortunate to cause irreparable damage to the brain tissue. By the way, I am a little curious. According to common sense, the two of them have been down for so long, and they should have gone far. Why are you in such a short time? Time to get them back?"

Hearing this doctor's question at this time, the people around all looked at Qin Yuan. At this time, they thought of this.

Qin Yuan originally wanted to fool the past, but he was discovered by others. At this time, Qin Yuan scratched his head a bit, but seeing Qin Yuan's expression, An Ran directly said to the person:

"This is a new research in our army. It allows people to move quickly in the mound. There are high confidentiality regulations. Don't ask the question."

Hearing this, everyone suddenly realized it, and then the look in Qin Yuan's eyes became more admired.

The person in front of him can get such important research from the military, so his status in the military must be very high.

But Qin Yuan was stunned. He really didn't expect An Ran to help him say such things.

An Ran also took a look, she had already discovered many anomalies in Qin Yuan, but since Qin Yuan was reluctant to say, she was naturally willing to help Qin Yuan continue to hide.

At this time, the members of the Thunder God team saw Qin Yuan, and directly saluted Qin Yuan, and said with great gratitude:

"Qin Yuan, you have saved our captain several times. We really don't know how to thank you."

But Qin Yuan smiled slightly and said lightly:

"It doesn't matter, everyone is a comrade-in-arms. Shouldn't these things be done?"

At this time, the little bee gritted his teeth and said, "The scorpion is to blame for all this. I didn't expect him to run away this time. Next time I want to catch him, I don't know when."

The members of the Thor team were silent. After all, they had only heard of the reputation of the Scorpion before, and now they have truly seen the strength of the Scorpion. It can only be said that there is no illusion under the reputation. This famous Scorpion really is Well-deserved reputation!

"It doesn't matter, this scorpion will be dealt with by me. I will help your captain get an acupuncture in a while. Don't worry, he will get better soon."

Hearing this, the people of the Thunder God team brightened their eyes and looked at Qin Yuan gratefully. They all knew that Qin Yuan's strength was much stronger than them. If it was Qin Yuan this time, that scorpion would definitely Can't escape Qin Yuan's palm.

"Then Qin Yuan, Scorpion will ask you. As long as you do it, Scorpion will definitely not be a problem."

"We are completely planted this time. After we go back, we must train well. We are really slack in this period of time."

Hearing what the Thor team said, Qin Yuan also nodded, but at this time, there was a chuckle from one side.

Hearing this sneer, the Thunder God team was furious, and Qin Yuan also turned his head and found that the laughter was Wang Yadong.

At this time, the little bee immediately walked over, kicked Wang Yadong's body, and said angrily: "What are you laughing at?"

And Wang Yadong glanced at the little bee with contempt, and said lightly:

"You defeated generals, dare to say that you can catch a scorpion, and you can't even see the scorpion's ass."

After all, Wang Yadong was trained by Scorpion. Although he has now left Scorpion's hands, he still can't see it when he hears these people say scorpion's bad things. Anyway, if he didn't leave at the time, he knew that he had been planted. Certainly, as long as the scorpion can escape, he is not very disadvantaged.

And seeing Wang Yadong's arrogant face, the little bee was even more angry and wanted to hit this guy, but the people on the side stopped the little bee. After all, now that Wang Yadong has surrendered, they will attack Wang Yadong again. Attack, that is to abuse the prisoners, although Wang Yadong is not a good person, but they always have to be a little persistent.

At this time, Qin Yuan walked directly in front of Wang Yadong, and said to Wang Yadong with a sneer:

"What's so arrogant about you, you are not just a \*\*\*\*\* under Scorpion's hands. I have heard what happened. Scorpion didn't hesitate to blow up the entire passage, if it weren't for me. , I am afraid that Thor and the old fox will be seriously injured and die. Do you know what your ending will be like this?"

Hearing these words, Wang Yadong's face suddenly sank. Of course, he knew what the result was. If someone really died, Wang Yadong's result would definitely not be good, even if the military was willing. Deal with it impartially, and his crime will also increase by three points!

"What does it matter? The strong always need to abandon something, and only the weak like you can get together"

Wang Yadong said this, but obviously he had no confidence. Qin Yuan looked at Wang Yadong and sneered, and said to Wang Yadong.

"What kind of strong is someone like a scorpion. The real strong is to protect the weak, not to humiliate the weak. If he is really strong, why throw you here?"

Wang Yadong snorted coldly, and said no more.

Chapter 364: No one!

While looking at Wang Yadong at this time, Qin Yuan said lightly:

"You are waiting in the prison. I will send the scorpion to you as a companion. Of course, the scorpion's head may also be sent. You must be mentally prepared for this."

After Qin Yuan finished speaking, he left. He is now going to the hospital to help Thunder God and the old fox to treat their injuries.

Soon, Qin Yuan arrived at the hospital, and with the previous events, Qin Yuan quickly helped two people complete the treatment.

Thunder God and the old fox were not seriously injured, so Qin Yuan simply helped them with acupuncture.

After all, eight needles against the sky still consume vitality.

This time, it was already in the afternoon. Qin Yuan had been with Lei Shen. Although he had helped Lei Shen with acupuncture and moxibustion, the damage caused by Lei Shen was the brain after all, so I should observe it for a while.

After Thunder God woke up, he knew what had happened, and was full of disappointment, even a little afraid to face Qin Yuan.

To be honest, he still wanted to catch the scorpion earlier and show it off in front of Qin Yuan, but who would have thought that this time it was not just stealing a chicken, but breaking a handful of rice, almost touching himself All his old fate has been caught!

"Hey, Qin Yuan, do you think I am a bit too embarrassed!"

At this time, the Thunder God was lying on the hospital bed and said helplessly, but when he heard this, Qin Yuan smiled slightly and said directly to the Thunder God:

"The people from the construction team have dug through the passage. They found that Scorpion didn't leave from the end of that passage at all, but escaped from a well. Obviously, he had already guessed Wang Yadong's escape. Route, but halfway through, I was looking for another escape point. We were all tricked by him. He didn't trust Wang Yadong as much as he imagined, and he had already prepared himself for the future!"

Hearing this, Thor was even more helpless. He was a bit too impulsive this time, and he didn't even think of other traps behind this.

With a long breath, Lei Shen said directly to Qin Yuan:

"Qin Yuan, I would like to ask you to train my Thor team well. Before, I thought that our team is adhering to the training concept of foreign troops. It is considered to be the most powerful combat force among all special operations teams, but through this period , I found that we are probably not the best."

After all, during this period of time, Thor has been injured quite a lot. The last time he faced Minden, he was overcast.

During the previous exercise, he couldn't fight against Qin Yuan, and this time he was even tricked by Scorpion.

always fails, which makes the Thor team lose their confidence!

Seeing the appearance of the Thor team, Qin Yuan was also a little bit dumbfounded. He really did not expect that this series of encounters would have caused a shadow in Thor's heart.

Sure enough, the team that has been invincible is based on successful training. The Thor team in front of you has always encountered \*\*\*\* mode, and now I don't know how to go!

Qin Yuan said directly to Thunder God: "You want me to train, but if you want to reach my level through training, it is impossible. You are also a veteran, knowing that the real master is not a training ground. Those who can be trained must go through actual combat.

I heard that you were very busy some time ago. I will copy my training manual to you when I come back. Then you can train in this way, but I think you better not put this Things are too deified, and if you want to become stronger, you have to go between life and death. "

Hearing this, Lei Shen nodded solemnly. Of course he understood that life and death is the fastest time to improve strength, but he heard what Qin Yuan said, but he was a little curious:

"No, what else have you been doing lately? I remember you were not on vacation? Why didn't you come to train us yourself? Don't we people deserve your training?"

At this time, the Thunder God said a little depressed. After all, they are considered to be a veteran special force. Now that Qin Yuan is invited to train, Qin Yuan is unwilling. This is a bit of a feeling of throwing their old faces on the ground.

Although Thor knew that his face didn't have much left, but he always felt a little uncomfortable in his heart.

Qin Yuan heard the words of Thunder God, but shook his head:

"I still have my own business to do. You can't finish it in a short while."

What Qin Yuan said was of course Ye Cunxin. After all, Ye Cunxin's review has not passed. Now Qin Yuan must stabilize Ye Cunxin and let Ye Cunxin perform well.

After all, if Ye Cunxin's review fails, it will affect Ye Cunxin's life, and Thor's training, a little postponement, there is no problem.

and finished saying this Qin Yuan winked at An Ran, and An Ran also smiled slightly.

At this time, Thor looked at An Ran with a strange look in his eyes. Of course, it was not that he had a good impression of An Ran. Although An Ran did look good, when Thor first saw An Ran, he was by Qin Yuan's side. Qin Yuan may not be able to feel what Qin Yuan is like, but others can see clearly.

It's just that he finds it strange that An Ran's status is not low. This is a colonel, and his military rank is even higher than Qin Yuan's. Only seeing the relationship between An Ran and Qin Yuan now, it seems that the two people are subordinates. Qin Yuan is the superior, and An Ran is the inferior.

But after thinking about it carefully, there seems to be nothing wrong with it. After all, I am still a colonel, and I don't have to bow my head when I see Qin Yuan.

"Okay, if there is nothing wrong, I will leave first. Please cultivate well, and then I will send someone to guide you in training."

After saying this, Qin Yuan left the hospital directly.

In fact, what makes Qin Yuan a little depressed is that no matter whether he is a male or female soldier, he seems to be unqualified. At least he is not qualified in the system. Only He Chenguang and others led by Qin Yuan himself are qualified. , Qin Yuan had obtained a grid before. .

But this is not good. After all, Qin Yuan wants all the 30-odd members of the red blood cell team to be qualified. If this is only qualified for He Chenguang and others, this can get a grid, not as good as the women's team!

Qin Yuan knew that there must be something wrong with this. After all, the members of the Red Blood Cell Brigade had also seen him. Although there was a gap with He Chenguang and others, the gap was not very big, and there was not even a successful one. .

Chapter 365: Black cat

Qin Yuan felt that he had to study it carefully. After all, if all the members of the Red Blood Cell Brigade and the Fire Phoenix Squad were trained, that would be fourteen squares!

Fourteen grids, that's really a rich man, you can drink soy milk from one bowl to another!

But Qin Yuan also knew that this was not the time to think about this, and said directly to An Ran:

"Okay, let's go back,"

An Ran also nodded, and then the two of them rode the small car directly towards the hotel.

"Oh, the two of us are exhausted, but those girls are having fun, no, after I go back, I will let these girls practice exercise twice while sleeping."

Qin Yuan said bitterly, and when he heard this, An Ran was speechless for a while, but only shook his head and said nothing.

Qin Yuan had nothing to do this time, so he was naturally unwilling to ride too fast. After all, Qin Yuan flew very fast just now, but it was a great damage to the traffic order. If it weren't for Qin Yuan's mission, I guess Qin Yuan's car Don't want the little black you just bought!

And An Ran sat behind Qin Yuan, her heart filled with peace of mind, the two of them walked towards the hotel slowly, looking like a small couple.

Qin Yuan felt the warmth behind him at this time, and a smile appeared on the corner of his mouth.

But at this moment, An Ran suddenly received a call.

"Captain, instructor, when can you come back? Me and Mie Hailing are playing a game. Are you hurrying to come and join us?"

The call was made by Ye Cunxin, but Qin Yuan frowned when he heard the voice inside, and yelled directly at the phone behind him:

"You wait, see if I will abuse you!"

Qin Yuan hasn't taken a vacation for a long time. Although there is no mission, he has always been training the Fire Phoenix, but it can be considered a hard work. If there is time to relax, then Qin Yuan will naturally not let it go. Over,

After hearing Qin Yuan's words, Ye Cunxin said directly:

"Okay, Master, I'm waiting for you, I don't believe it anymore, I'm not as good as you, is it not as good as you in playing games? Humph!"

An Ran glanced at Qin Yuan with an annoyed look. She really did not expect that Qin Yuan was already Ye Cunxin and others' instructors, and he was still so childish, but after thinking about it carefully, it seems that Qin Yuan is not very old, and Ye Cunxin It's not far off, and it seems normal to have the same interests as them.

An Ran said directly to the phone:

"Okay, you play, we will go back in a while, but we must pay attention to safety and try not to reveal our identity."

Although the leave of Ye Cunxin and others was allowed by Qin Yuan, Ye Cunxin and others belonged to special forces. Can they not attract the attention of others, and try not to attract others' attention. However, this view seems to be nothing for Ye Cunxin. What deterrent.

"ok, ok, I got it."

At this moment, Ye Cunxin was playing a game with Shen Lanni and just wanted to hang up, but at this moment, a person suddenly rushed in, it was Tian Guo. At this time, Tian Guo and Ouyang Qian faced each other with surprise. Ye Cunxin and Shen Lanni said:

"Ye Cunxin, Shen Lanni, do you know what I encountered outside?"

At this time, Ye Cunxin had not had time to hang up. Seeing Tian Guo's surprised look, she frowned slightly and asked directly:

"Who?"

"It's our deputy captain Anfisa!"

At this time, Tian Guo was full of incredible. She really did not expect that she would be able to meet Anfisa in this place, and when she heard this voice, both Ye Cunxin and Shen Lanni's brows wrinkled.

But they knew that Anfisa was on a mission, how could he appear here?

Qin Yuan and An Ran heard the voice, and they were moved in their hearts. Qin Yuan asked An Ran in a low voice:

"Do you know what mission Anfisa is going to perform?"

An Ran also shook his head directly, and then said to the phone:

"Although I don't know where did she go to perform the mission? But I know she is a hidden mission like me. Now the mission has not been completed, we must not disturb him, and if we see her, we must not pretend to know her. ."

Hearing An Ran's voice, Ye Cunxin naturally knew this, and hurriedly asked Tian Guo:

"You won't say hello to the deputy captain just now!"

"Am I that stupid? I definitely won't. And when I saw the deputy captain just now, she didn't see me, but went directly into a room with a man. Do you remember? It's the strange group? Weird men, their luggage seems to be very heavy, and they don't know what mess they put in."

At this time, Tian Guo said with a gossiping face. Although they knew this was the task, they still couldn't stop thinking.

At this time, Qin Yuan heard this description, but his heart suddenly moved, as if he had grasped something in the dark.

After all, Qin Yuan's time here is not short, and his memories of the past have also begun to blur. Ye Cunxin is a living existence to Qin Yuan's people, and the direction of things and his memory has also changed. They were different, so Qin Yuan couldn't remember some details.

But Qin Yuan thought about it carefully, but suddenly he thought of something, and asked Ye Cunxin:

"Ye Cunxin What is the name of the island you are on?"

"It's Lover Island. This is our small island overseas. Because of the beautiful scenery, many people come to this place to visit!"

Ye Cunxin said casually, but when Qin Yuan heard this, a voice suddenly rang in Qin Yuan's mind:

"Ding Dong, the system releases tasks to guard Lover Island. The host will wipe out all criminals on Lover Island, guard the safety of more than 80% of the hostages, and get three grids!"

Hearing this sound at this time, Qin Yuan's eyes were staring at the boss. He finally remembered that this Lover Island is where the wild dogs under the black cat are located.

The purpose of the wild dog coming to this small island was to kidnap a senior technician named Zhao Yunming. They took advantage of this Zhao Yunming's vacation here, directly captured this person, and then took full control of the entire island!

is to delay time, and want to pull out the password of the data and internal information from the hands of Zhao Yunming.

If this code can be obtained, wild dogs and others will be able to obtain radiation bombs and genetic weapons manufacturing methods!

Qin Yuan knew that if these people got this, Yan Country would be really dangerous! !

Qin Yuan gritted his teeth abruptly at this time. He remembered that this incident happened before the Black Cat action, but he had intercepted the Black Cat action. He thought that the incident had disappeared, but he did not expect that this wild dog was just It's just a passing time!

Grandma's, it seems that the wild dog and the black cat belong to the same level, otherwise, the black cat's mission has failed, and the wild dog will never do it easily!

Chapter 366: Next Minden?

Thinking of this, Qin Yuan's heart tightened, and he stopped the car quickly, grabbed the phone, and said directly to Ye Cunxin:

"Ye Cunxin, you must be careful, that group of people are all criminals! They are a group of black cats!"

Hearing this at this time, An Ran also reacted. Since Anfisa was performing an undercover mission, it must not be accidental to appear here!

Ye Cunxin and others were shocked when they heard Qin Yuan's voice. Although they are all well-trained, they have never killed anyone. Now let them fight the enemy directly with real swords and guns. This... Is this a bit too fast?

But at this moment, there was a muffled noise outside.

At this time, everyone in the room was completely silent!

They are too familiar with this sound, this is the mp5 micro-impact with a silencer!

This kind of firearms, when they are shooting daily, one person breaks an average of two!

Then the phone suddenly lost its signal, and Ye Cunxin called the phone several times, but it didn't have any effect at all.

"It's a signal blocker. They must have blocked the signal, so we definitely can't communicate with the outside world!"

At this time, Shen Lanni said with an ugly face, and Tian Guo was even more panicked with her head:

"What to do? What to do? What to do? Are we going to die?"

But at this time, Ouyang Qian hit the head with a single blow and directly hit Tian Guo's head:

"What are you talking about? Don't forget, our identities, we are no longer people who need to be protected as before, but fighters who want to protect others!"

"Ouyang Qian is right, get ready, get together, it's time to fight! Everyone pays attention, but don't die!"

At this time, Ye Cunxin also said in a deep voice!

After saying this, all four people in the room nodded, and then Ye Cunxin said directly to several people:

"In fact, we don't have much to do. The instructors already know our news and will definitely organize rescues. What we have to do is to protect the safety of the masses and us as much as possible, as well as to figure out the other party's purpose. The most important point is deputy. Captain Anfisa is still in the opponent's hands, and I don't know if her identity is exposed. If her identity is exposed, we must try our best to organize rescues for her!"

Hearing this, the faces of several people were heavy, and then nodded.

Ye Cunxin saw that his teammates had agreed to what he said, and continued:

"Well, I'll start assigning the task now, Tian Guo, you and Ouyang Qian will look for the remaining team members. If you find someone, you will find out the enemy's power distribution."

"Shen Lanni, you and me, go to the manager's room and the monitoring room to see if there are any hotel personnel. There must be an emergency satellite phone in the hotel. This thing cannot be shielded by ordinary signal blockers!"

"Well, the task has been assigned, everyone, bring the weapons that you can bring, and start to act!"

At this moment, as Ye Cunxin finished saying these words, these girls immediately started to act.

The four of them just wanted to go out, but they hadn't opened the door yet, but they heard a strange noise at the door. All of them were shocked at this time and quickly became concealed!

The doors of the hotel are all electronic locks. They are all indoors, and no one can open them outside. The managers of the hotel must be able to open them.

However, if these people want to control this hotel, the most basic operation is to control important exits. They are the managers of the hotel!

Not to mention, they had conflicts with this group of people before, so this group of people may have come to retaliate against them, want to take hostages, and negotiate with the armed men sent above!

As expected, it was two criminals who came in from outside at this time!

At this moment, in their hearts, they might still be able to take advantage of this opportunity to get a good dip, but as soon as they entered the door, they felt an irresistible force and pulled them in, just about to shoot. But I found that the gun in my hand couldn't be fired, and I couldn't even shout. I only felt a pain in my throat and eyes, and I couldn't breathe anymore!

The four girls had mental arithmetic and unintentional, and they shot together, so that the two of them didn't even make a resisting action, and they killed them!

Moreover, the dead man saw the appearance of these two \*\*\*\*\* fully armed, and the red blood on their bodies, and he understood that these two must have killed other hostages, so they had already determined that they were criminals, so he took action. When I didn't have any doubts, I just killed them both,

Just looking at the bodies of these two people, Tian Guo couldn't stop being a little afraid:

"My god, I seemed to have killed someone just now."

Hearing Tian Guo's voice at this time, Ye Cunxin rolled his eyes and said directly to Tian Guo:

"Of course you want to kill. You wouldn't be a soldier for shooting targets."

After that, Ye Cunxin greeted directly, took the weapons from the two corpses, and said to Tian Guo and Ouyang Qian:

"There are two scars here, two Colt pistols. We have two sets of one and two pistols. Okay. Now that we have weapons, please be careful and act separately. Remember, when you can't shoot, never shoot. There are few people here. If we really provoke a large army from the other side to encircle and suppress, we will definitely not be able to hold it! Action!"

At this moment, after Ye Cunxin picked up the weapon, he rushed out!

On Qin Yuan's side, as soon as he saw the phone hang up, he knew that this was wrong, so he said to An Ran:

"An Ran, , you should contact the person from the Golden Eagle and ask him to bring the large group. I will go over and see the situation!"

Of course Qin Yuan could hear the gunshots on the opposite side. Obviously, the opposite side had already begun to act.

Now that the phone has no signal, it also shows that the other party has planned to control the hotel so that the hotel cannot send out messages!

At this time, An Ran was also a little worried about Qin Yuan when she heard this, but she also understood that it was time for Qin Yuan to make a move, so she nodded and started to call quickly.

Qin Yuan knew that time is life now, and if he goes one step too late, one more person may lose his life!

What's more, Qin Yuan knew that the Fire Phoenix people were there. Although they trained them, in actual combat, no one could say that they were safe!

Qin Yuan has been pitted, who can guarantee that the people of Fire Phoenix will not meet the next Minden?

Thinking of this, Qin Yuan slammed the accelerator, and the motorcycle roared, and it went out in an instant!

Chapter 367: world record?

At this time, seeing Qin Yuan's sturdy car skills, An Ran realized that when Qin Yuan took her with herself just now, she did have reservations. She had never seen a motorcycle that can get past such a small place. !

And the traffic personnel who saw Qin Yuan drag racing just now saw that Qin Yuan had passed so quickly, and suddenly they couldn't bear it.

After all, there was a mission just now, so it's fine for you to drive so thrilling, but you have already come back, do you still have a mission? Is it a bit too much to open like this?

Although the status of their transportation personnel is not comparable to that of the troops, they also have dignity!

But before they had time to get in the car, they saw that An Ran had walked in front of them, and then showed his military ID and said directly to them:

"Comrade, there is an urgent task this time, please help me contact the people above!"

And these traffic personnel saw this situation, knowing that this matter must be big, and hurriedly followed An Ran on the phone, where is there any idea of chasing people?

At this time, Qin Yuan quickly arrived at the port closest to Lover Island. This Lover Island is a small island, which is not connected to the shore by land, so there are only two ways to get on the island, one is by yacht and the other is by helicopter!

But after Qin Yuan arrived at the port, he found that the ship to Lover Island had left, and the other speedboats had malfunctioned!

After hearing this, Qin Yuan immediately understood it. Obviously, this was done by the stray dogs. They must have a certain amount of time before they can achieve their goals, so they directly damaged these vehicles. In order to delay time!

Qin Yuan glanced at it. How could it take half an hour for the speedboat to be repaired, and half an hour, it is estimated that the other party can already knock down the entire hotel!

Seeing this, Qin Yuan directly asked the port personnel:

"Brother, how far is this Lover Island from our port?"

"It's not very far at all, that is, it looks like a dozen nautical miles. If there is a yacht, it is estimated that it will not take 15 minutes. This guest, don't worry, nothing will happen to you later."

When Qin Yuan heard this, he smiled and said directly to this person:

"Hurry up, get this speedboat repaired, someone will requisition it later."

After finishing speaking, Qin Yuan did not hesitate, and jumped into the sea with a fierce man!

At this time, this person frowned slightly when he heard Qin Yuan's words, just about to ask Qin Yuan, how did you know, but in the end he saw that Qin Yuan had disappeared, looking at the waves on the sea, This person was a little surprised to think:

"I'm going, this guy is thinking about swimming directly to Lover's Island, right?"

This person's eyes suddenly widened. Even though the distance between Lover Island and here is relatively close, it is a very scary thing for a person to swim directly by swimming skills.

After all, this is equivalent to more than 10,000 meters!

This person's guess was right. Qin Yuan wanted to swim directly to Lover's Island. After all, Qin Yuan encountered pirates when he was going to the Philippines. At that time, Qin Yuan directly received the sea water into the grid and obtained directly. World-class swimming speed!

"The world-class swimming speed allows the host to swim at the same speed underwater and on land!"

This is already a terrible addition, and it is still a world-class swimming speed. What would it be like if it reached the cosmic level?

As soon as he thought of it, Qin Yuan directly pointed his hand at the sea water, and with a thought, he directly received the sea water into the grid!

"System, recycling!"

"Ding Dong~ The system was successfully recovered, please start the selection!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class resistance scales!"

"2, get world-class diving ability!"

"3, get world-class underwater breathing!"

Seeing these three options at this time, Qin Yuan was stunned. What's the matter, he just put away a grid of sea water and wants to raise his swimming ability to the cosmic level. How can I reclaim it now? After I did, I don't have the skill of swimming anymore?

But Qin Yuan took a closer look and found that when he was recovering the seawater, he accidentally collected a small fish. The system would take the lead in absorbing new things, so the system thought that Qin Yuan wanted It was this little fish that absorbed it.

Qin Yuan suddenly became a little speechless. He didn't know what species of this little fish was. Originally, he wanted to only be able to raise his swimming skills to the cosmic level. That would be enough, but now it seems that he has acquired it. Has a relatively good skill.

Just looking at these three options, Qin Yuan's eyes couldn't stop brightening, his luck seemed to be good, and these three skills seemed to be what he needed.

At this time, Qin Yuan looked at these three options without any doubt, and took the lead in selecting the second option.

"System I choose item 2!"

"Ding Dong, the host is selected successfully, and he has obtained world-class diving ability! It can make the host continue to dive underwater for 30 minutes."

Hearing this explanation at this time, Qin Yuan couldn't stop making a sound!

30 minutes?

You know, even the best diving record now is only 22 minutes, and that is the right time, the right place and the right people, all conditions have reached the best, to achieve 22 minutes.

And if Qin Yuan obtains this diving ability, as long as he takes a casual breath, he will be able to get half an hour of diving time!

Doesn't this mean that Qin Yuan can break the world record casually ?

And more importantly, this is only a world-class diving ability. What would it be like if this skill were also upgraded to the cosmic level?

Thinking of this, Qin Yuan couldn't stop smiling from the corner of his mouth.

After that, Qin Yuan received the seawater into the grid again, and then directly raised this swimming speed ability to the universe level!

"Universal swimming speed allows the host to obtain 140% of the swimming speed on land, and reduce physical exertion by 50%"

Seeing this news, Qin Yuan nodded in satisfaction.

After all, being underwater is completely different from being on land. Now that he can obtain such a bonus, Qin Yuan is already very satisfied!

A distance of ten kilometers, with Qin Yuan's current swimming skills, is estimated to be able to reach in ten minutes, such a speed is not even much slower than a speedboat!

Then, Qin Yuan began to swim directly in the direction of Lover Island!

Chapter 368: password

At this time, on Lover Island, the lobby of the resort hotel was full of people. A square-faced man in a suit, holding a rose in his hand, looked at these people below with cold eyes.

And this person is a wild dog!

Don't look at the person who the wild dog is wearing at this time, but his style of behavior is completely worthy of his name.

At this time, he glanced at the hostages in the hall, and then said to his hand:

"Be optimistic about them, don't let them run, and don't kill too many people, otherwise, we will not be able to negotiate with those people."

At this moment, the subordinate standing aside heard this and nodded, and the wild dog patted the subordinate's shoulder directly, and said faintly:

"Although we don't want to go out alive, we must complete the task before we die. As long as this matter is completed, our organization will be able to have enough visibility, and more people will join us. ."

Hearing this at this time, this subordinate also nodded very firmly, but as the wild dog was about to leave, he asked a little hesitantly:

"Chief, I heard that the black cats also invaded here before, and wanted to use the sports meeting to increase our visibility, but he failed. Should we be more careful this time?"

Hearing such words, the wild dog also took a step, and then directly slapped the face of this subordinate, and said directly to him:

"What kind of thing is he, just because he is worthy to sit on an equal footing with me, and give all the information to a spy, he can only use his hands and feet behind his back, waste! As a result, his information is now exposed, making the entire plan complete. All lose!"

At this time, the wild dog was very angry, as if he could not tolerate the failure of the black cat. After all, their code names were similar, and their status was not much different. Originally, the wild dog thought, this time he and the black cat both proceed simultaneously. Can thoroughly start their organization's name.

But who would have thought that this fellow Black Cat would have failed before the action started!

Now that it hurts soldiers and loses generals, even the inside line that has been developing for many years has been exposed. At this time, all the arrangements of the black cat here are completely invalid, and they can only completely shrink their tentacles!

What makes the wild dogs even more unbearable is that because of the failure of the black cats, the international forces have a linear decline in their perceptions of them, and it is also because of the black cats that the wild dogs will quickly execute this action. I have made plans to make this matter a little bit bigger!

At this time, the wild dog's face was somber as if it could drip water, and he said directly to the next man:

"Don't tell me about him again, do it well. As for his failure, I will personally make him pay the price!"

And the subordinate did not dare to say anything, the wild dog walked directly into a side hall of the hotel. At this time, there was a sound of fist beating in the side hall, and that sound was extremely miserable. Screams.

When he came closer, he found that a man was tied to a chair, and a man with a beard was punching and kicking the man in the chair, as if he was forcing the man to say something.

At this moment, seeing the wild dog walking in, the bearded man suddenly bowed his head respectfully at the wild dog:

"Chief."

"How's it going?"

At this time, the wild dog asked in a deep voice, but this bearded face was ugly, and he said to the wild dog in a hesitant manner:

"We've been beating him for half an hour, but we really didn't expect his mouth to be so hard that we would not say a word."

"Useless waste, Sea Lion, you really disappoint me."

At this time, the wild dog pushed the beard aside, and then sat down directly in front of the man tied to the chair.

At this time, the wild dog showed a very gentle smile, just like a pianist playing. He pulled a chair closer to the man in front of him, and then whispered to him:

"Hello, Mr. Zhao Yunming!"

At this time, Zhao Yunming, who had already been beaten in front of him with a \*\*\*\*\* face, said to the wild dog with a trace of pleading:

"Please, let me go. I'm just a scientist. I don't have what you want. I will give everything you want to the people above. Even if you beat me to death, I can't give you those things!"

At this time, the wild dog smiled again when he heard this, and then took out a cigar cutter specially used to cut cigars from his pocket.

Looking at this cigar cutter at this time, Zhao Yunming suddenly had a very bad premonition in his heart. As expected, the wild dog in front of him said to Zhao Yunming:

"Mr. Zhao, you said that you are a scientist. I really envy you, do you know? I have wanted to be an artist since I was a kid. I play the piano. It's a pity. You don't have a finger, you know. Why don't I have this finger? It's because when I was young, I accidentally cut off a finger of this kind of thing. It called a pain at the time, and it made me roll all over, you know? I countless times. He woke up from the night, and never forgot that finger, it was cut off and painful, I can't play the piano anymore."

Speaking of this, the wild dog directly raised his right hand and placed it in front of Zhao Yunming, as if to show Zhao Yunming, his lost finger, even tears in his tears. Fell down.

At this time, Zhao Yunming swallowed nervously, and he could clearly see that the wild dog was just bending his finger down. He looked at the wild dog and didn't understand why the other party did such a thing!

What is the meaning of this awkward performance to him?

But at this moment, Zhao Yunming's heart is already in his mind. Although he is studying biotechnology, he also has a certain degree of psychology. He understands that this person in front of him has a mental illness. Such illness is called performance. The type of personality means that he feels that he is acting all the time.

However, the general acting personality is at best a little more sophisticated, but the person in front of him is a criminal. If he really thinks that he has a finger cut off, then probably what he wants to do is cut off. Zhao Yunming's fingers!

Sure enough, the wild dog at this moment directly leaned in front of Zhao Yunming, with a gleam in his eyes, and said to Zhao Yunming:

"Hurry up and tell me the password!"

Chapter 369: hide

Just hearing such words, Zhao Yunming's eyes suddenly widened. He now knows what the people on the other side want. These people don't want the research results he has at all, but want him for so many years. Various genetic data collected!

"I...I don't know what you are talking about!"

Hearing this, the wild dog shook his head in disappointment, and then said to Zhao Yunming: "You answered a wrong answer."

After saying this, it was not a direct look, but the few men standing around immediately pressed Zhao Yunming's hand and forcibly grabbed Zhao Yunming's hand! I broke a finger!

"What are you going to do? What are you going to do?"

At this time, Zhao Yunming screamed, but his screams did not change the result. With a click, a burst of blood suddenly jumped onto the wild dog's face, mixed with the tears on the wild dog's face, and slowly flowed down. , Now funny and scary!

Seeing that Zhao Yunming had fainted, the wild dog also showed a relaxed smile on his face. He threw the \*\*\*\* cigar cutter on the sea lion's hand and said lightly:

"Well, after playing, I woke him up, asked him for the password, and without telling it for a minute, he cut off one of his fingers, cut the toes after the fingers were cut, and cut the life after the toes, I I don't believe it, this guy can really have such a tough guy!"

At this time, hearing the wild dog's understatement, the surrounding men shuddered uncontrollably and then lowered their heads.

But at this moment, a person came in from outside, and this person looked a little ugly and said to the wild dog:

"Chief, the people we sent to Area C have lost contact now! There seems to be a group of people resisting."

"Trash! Who is it? I won't be touched by those people. Remember, if they dare to do it, we will do it and kill everyone in the hall!"

The wild dog didn't expect that he hadn't asked what he wanted, but someone touched it.

"No... No, it doesn't seem to be an intrusion, but it was here. Do you remember the group of women we met before? It seems that these are the people!"

At this time, this subordinate also felt a little unspeakable.

"What, woman, that's not even more embarrassing, remember, this time our purpose! Let's go and take a look! By the way, the defense of the hall must not be slack, understand? Just set up the bomb, if People on the opposite side dare to raid the hall, then everyone will die together!"

At this point, having finished speaking, the wild dog headed directly towards the position of the c area.

Now the time is too short, he must clear the obstacles, otherwise, they may have been intercepted without sending the password out!

At this time, in the port closest to Lover Island, a group of people were rushing here.

Now that the time has passed fifteen minutes, Anran has already contacted all the people who can be reached!

This time there is such a big thing, the maritime, surveillance, special forces, military regions, all have sent people over!

At this time, Fan Tianlei, Wen Guoqiang, and An Ran directly stepped into the headquarters and asked in a low voice to the people on the scene:

"How's it going?"

There were already many people at the scene. Fan Tianlei represented the military, Wen Guoqiang represented the Donghai police, and Hong Feng represented the special police, Zhao Cheng, the director of the counter-terrorism team, and Mao as the commander-in-chief of the mission. Director!

At this time, as soon as Fan Tianlei and Wen Guoqiang came in, Director Mao directly greeted him, and whispered to him:

"This time I really want to thank you. If it weren't for your reminder, I guess we still don't know what happened."

"Lao Mao, don't say any more polite remarks. I'm here to help this time. If there is anything we can do, just speak up. All my soldiers are ready!"

Fan Tianlei said in a deep voice at this time, and Wen Guoqiang nodded constantly.

Hearing this, Director Mao immediately felt sure, and then began to roll the call:

"Zhao Cheng, tell us what we know."

At this time, Zhao Cheng of the Counter-Terrorism Department stood up and said in a low voice:

"It's not clear for the time being, but we have found that these people are called the Black Special Operations Group. We have heard of this organization before. It is composed of many retired soldiers from abroad. I don't know what their purpose is. Many, I thought they were not interested in us, who knows, they did such a thing this time!"

At this time, Zhao Cheng said with an ugly face, and when he heard this, Fan Tianlei and Wen Guoqiang both had ugly faces, while Wen Guoqiang who was standing aside whispered:

"According to our informant, this person was codenamed Wild Dog, and he was with the black cat. What kind of black operations team is probably a cover, but the other party's purpose has not been figured out yet."

Although Anfisa stayed in the hotel, no news came out yet.

And Fan Tianlei also sighed and said directly:

"I just learned that we are inside, there is a female spy, and there is also a female special forces team on vacation. However, this group of female soldiers has not experienced actual combat, so...I don't know their actual combat. How powerful is..."

After hearing this, everyone's expressions became even more ugly. After all, if these female soldiers who were on vacation were also eliminated, the form would be even more ugly. If the people on the other side knew that, they would definitely be wanting Propaganda, saying that they have completely wiped out a team of the military!

Although this is just a small team, the actual meaning of the representation is completely different!

At this time, Director Mao's eyebrows were twisted into a pimple. He can naturally imagine what this will happen, and said in a deep voice:

"If you can get in touch, then directly issue an order to keep these female soldiers lurking temporarily. Since their strength is not enough to trust, let them go."

"Yes, these people are not only recruits, but also female soldiers. If they resist and get caught, our situation will become even more passive."

At this time, Hong Feng of the SWAT team also said something. After all, they all understand that soldiers without weapons are in a more dangerous situation than ordinary civilians, because ordinary civilians don't want to resist, but soldiers will fight back.

But these people opposite them are all well-trained, how can they easily counterattack successfully?

But at this time, hearing such words, An Ran who stood aside suddenly said something.

"This is estimated to be impossible. Now 15 minutes have passed. I am afraid their counterattack has begun and their identities have almost been exposed, so it is absolutely impossible for us to hide them."

Chapter 370: head shot

Although An Ran has been away from Fire Phoenix for a long time, she is also the captain of these people. She has a very clear understanding of the psychology of these people. It is absolutely impossible for these girls to stay honestly. !

Hearing this, everyone's expressions were even more ugly. After all, the other party now has a large number of hostages in their hands, and they can't directly penetrate in.

"If this is the case, then they will have to resign to their fate, and I cannot provide them with any assistance at the moment."

Afterwards, Zhao Cheng directly guessed the purpose of the other party's action this time, and already guessed that the other party's goal was Zhao Yunming. Soon their meeting was over, but there was no better way other than negotiating with the other party. .

"I can only negotiate for a while, and then see if there is any way to transport our personnel directly to the island, but I just think that the other party has done these things brazenly, I am afraid they also have certain air defense equipment. "

At this time, everyone's expressions were a little ugly. After all, the opponent had so many hostages in his hands, and they were all gathered on such a small island. Even if they wanted to send troops to it, it seemed a little difficult.

Only after hearing such words, Fan Tianlei suddenly thought of something, and then directly said to the violet on one side:

"Violet, where is that guy Qin Yuan?"

Only after hearing this, An Ran looked a little ugly, and said directly to Fan Tianlei: "I don't know. After he received the news, he rode away on a motorcycle, and then I couldn't contact him anymore."

Hearing this, Director Mao frowned and directly asked An Ran, "What, you mean, are there any other personnel?"

"Yes, we also have an elite special warfighter who learned the news in advance. It is estimated that he has already arrived here, but why didn't we see him?"

Fan Tianlei was also a little confused at this time, where did Qin Yuan go?

But he remembered Qin Yuan's courage as big as the sky, his eyes moved suddenly, and he said directly to the guard on one side:

"No, could he go directly to the island?"

"What? Isn't this a nonsense? What can he do by himself, and we already know that the island has been completely blocked and all the yachts have been destroyed. How did he go up alone?"

At this time, Hong Feng also frowned tightly, obviously because of natural distrust of Qin Yuan.

And a guard on one side said:

"It should be true. We learned from a port staff just now that someone seemed to swim in the direction of Qingdao!"

what?

At this time, people who hadn't seen Qin Yuan's eyes immediately stared at the boss. How could they say that they were 10 kilometers away from this port before swimming over?

"This is just nonsense, Chief of Staff Fan, is this person yours? Do you have his contact information? Call him back quickly!"

Director Mao frowned and said, but he saw that Fan Tianlei and Wen Guoqiang had ugly faces, but their brows were relaxed.

Fan Tianlei saw Director Mao's panic, he let out a sigh of relief and comforted him:

"Lao Mao, if he really goes to the island, maybe there will be a breakthrough in our situation."

"How is this possible? The current situation is extremely severe. The opponent is dozens of well-trained criminals, and there are nearly two hundred hostages. He is alone. How can he break the situation?"

Director Mao said angrily at this time, but Wen Guoqiang also gently patted Director Mao on the shoulder:

"Lao Mao, I used to have the same ideas as you, but this person is really very reassuring to use. That's good. Let's implement it according to our existing methods. I think he can't let him Our situation is getting better, and it won't make it worse."

Hearing this, Director Mao, Hong Feng, and Zhao Cheng all looked incredulous. What kind of ability does this person have, and the form is so severe that they can still get the trust of these two people?

When An Ran heard this, his eyes also looked outside, Qin Yuan, where are you?

At this time, Qin Yuan had just climbed into a room, then found a piece of clothing and changed his damp clothes.

Qin Yuan glanced at the time and found that it had only been twenty minutes since receiving Ye Cunxin's call, and he showed a smile.

He glanced at the task list and found that there were 90% of the remaining personnel, and let out a little breath.

It seems that some casualties have occurred, but now that he has arrived, things are completely different!

However, now he was going to find his lovely apprentices, Qin Yuan alone, it would be difficult to protect so many hostages.

Qin Yuan knew that in this hotel, not only the people with the Phoenix Team, but also Anfisa!

And these people are all women!

This is much easier!

Qin Yuan directly turned on the thermal imaging system and radar system, and directly had a panoramic view of the entire Valentine's Island!

All the hostages and criminals in the entire hotel appeared in their minds!

At this moment, looking at the slightly slender girls in his mind, Qin Yuan smiled slightly and said lightly:

"Hey, wait for me, I am coming!"

Qin Yuan directly opened the door and walked directly toward the corridor!

At this time, in the corridor of the monitoring room, Ye Cunxin and Shen Lanni cautiously hid in the corner. Ye Cunxin glanced at the two people standing at the door of the monitoring room and found that there was an m249!

At this moment, both of them were panicked. With such a big killer guarding the goal, they were only two of them. How could they have been able to fight?

However, this monitoring room must be obtained. They have already gone to the manager's room and found that there is nothing in it. Next, they can only use the equipment in the monitoring room to see if a new communication zone can be established!

Ye Cunxin gritted his teeth and made a gesture to Shen Lanni behind him.

Then Shen Lanni saw this and also understood Ye Cunxin's thoughts, then her face sank, and then she rushed over!

And the two masked men standing at the door, seeing someone running past, they didn't hesitate at all, and they shot instantly!

But they didn't see it. Just under the corner where the man ran past, another beautiful woman appeared, holding a pistol in her hand, slapped two shots, and directly shot the two men headshot!
