

Special Soldier 381

Chapter 381: Her brain is not good

After that, Qin Yuan seized the opportunity and directly raised all his language skills to the universe level. After all, the opportunity was rare. If Qin Yuan didn't reach the top level this time, he might forget it later.

But just after Qin Yuan recovered the last Mao Zi book and then raised Mao Ziyu to the cosmic level, Qin Yuan suddenly heard the system make another noise:

"Ding Dong, it is detected that the host has acquired six language abilities and seven language abilities, and the title will be unlocked, Junior Language Master!"

At this moment, Qin Yuan's eyes brightened when he heard this voice. Qin Yuan hadn't seen this title ability for a long time, and he was missing a language. Naturally, Qin Yuan wanted to get this title!

Qin Yuan looked up and found that there was a stick language in front of him. Although Qin Yuan didn't like sticks, there was nothing wrong with language. After all, knowledge has no good and evil, so Qin Yuan planned to take this last One language is selected as stick language.

However, when Qin Yuan wanted the book of Bangziyu, he suddenly heard a voice from one side:

"Hey, this is not a big deal. I read a lot of books. I don't have a fart culture, so I know how to buy a book. Do you understand this book? There is one. I guess you can only put the book in the study after you buy it. Just pretend, idiot!"

Hearing this voice, Qin Yuan's brows wrinkled tightly, and he glanced directly at the person over there.

Qin Yuan discovered that a man who was like a beautiful man with a stick, was looking at Qin Yuan, speaking a series of French.

Obviously, this person thought that Qin Yuan didn't know French at all, and thought that Qin Yuan bought so many books to go back, just to pretend, that's why he mocked Qin Yuan for a while.

And beside this beautiful man, there was a girl with glasses standing next to this beautiful man. The girl frowned slightly when looking at the beautiful man, obviously she couldn't understand what the beautiful man said.

But she glanced at Qin Yuan and didn't say anything.

But the beautiful man was even more unscrupulous and spoke to the girl, but the meaning in the words was a mockery of Qin Yuan.

After all, it was determined that Qin Yuan could not speak French, so no matter what he said, Qin Yuan couldn't understand it.

It's a pity that Qin Yuan has just acquired cosmic French ability. If this is true, even the Celtic and Gaul languages that have been abandoned can be spoken by Qin Yuan!

However, Qin Yuan glanced back at his table and found that the table was already full of books. If this was seen by ordinary people, he would definitely think that Qin Yuan was buying books and pretending to be a cultural man.

Seeing this, Qin Yuan naturally knew that he had done something wrong. Although this person didn't speak well, it was considered that he had done something wrong, and Qin Yuan didn't bother to blame this man.

In this way, Qin Yuan directly took a few books from the country of Bangzi and returned to the table, and then took advantage of the two people not paying attention, and directly received these books from the country of Bangzi into the grid.

After that, Qin Yuan gained the cosmic level stick language ability, and more importantly, the title of Qin Yuan's junior language master has also been successfully unlocked!

"Ding Dong, it is detected that the host has acquired seven language abilities, unlock the title, junior language master!"

"A junior language master, when the host faces any language, he can acquire the primary language ability of that language. (Advanced intelligent creatures

Seeing this explanation at this time, Qin Yuan's eyes suddenly brightened!

This skill means that Qin Yuan will be able to communicate with each other no matter how uncommon language he encounters in the future. Although some advanced vocabulary is definitely not good, general expression and communication are definitely not a problem!

You know, there are hundreds of languages in this world, and now, Qin Yuan is equivalent to learning the primary use of these hundreds of languages!

And Qin Yuan looked at this elementary ability, and his heart moved even more. If there is an elementary level, does it mean that there are intermediate and advanced levels?

So Qin Yuan directly asked the system:

"System, how many language skills are needed to get an intermediate language master?"

"Ding Dong, answer the host, to obtain the title of Intermediate Language Master, 14 languages are needed, and to obtain the title of Advanced Language Master, 21 languages are needed!"

At this moment, Qin Yuan couldn't help but feel excited. Although twenty-one grids are too many, they are not too far away.

And when Qin Yuan got the title of this advanced language master, does it mean that Qin Yuan has learned all the languages in the world?

Thinking of it, Qin Yuan couldn't help but feel happy, as if thinking of the time when he had already won the title.

But when Qin Yuan was happy, he suddenly heard a voice in front of him. Upon closer inspection, he found that the beautiful man had come directly in front of him!

At this moment, this beautiful man held a book in his hand and said to Qin Yuan:

"Brother, if you want to buy a book, this one I have is pretty good. Would you like to take a look?"

When Qin Yuan saw this book, his eyes condensed, because the book contained "Postpartum Care of Sows" written in French!

Qin Yuan didn't know what the brains of those publishing people were. The book's packaging was like an epic, and it seemed quite compelling. It's just that the huge French words on it were all The compelling case was ruined completely.

If someone who doesn't understand French might really bring this book back to decorate his study room, of course, it will make a big joke in the eyes of those who know how to do it!

At this moment, the beautiful man in front of him with a trace of joking in his eyes, he directly stuffed the book into Qin Yuan's hands.

Qin Yuan was unhappy at this moment. Qin Yuan didn't care about the **** that this guy said just now, but who knew that this guy actually slapped his nose on his face and used this book to tease himself!

But before Qin Yuan had time to say anything, the literary girl wearing glasses just frowned and said directly to this beautiful man:

"Zhou Fang, what are you doing?"

But the person in front of him named Zhou Fang glanced at the literary girl with a hint of playfulness, and said with a smile:

"Dou Xingxing, I'm not willing to help people, can I help this gentleman pick some good-looking books? Is there anything wrong?"

And this girl named Dou Xingxing, her face even more ugly when she heard this, she just wanted to remind Qin Yuan, but she was pulled aside by Zhou Fang, and Zhou Fang smiled at Qin. Yuan said:

"Sir, don't pay attention to my sister, her brain is not very good, you should read my book."

Chapter 382: Gao Shiwei's investigation!

At this time, Qin Yuan narrowed his eyes slightly, and a smile appeared at the corner of his mouth. Then he put the book away, patted this Zhou Fang on the shoulder, and said to Zhou Fang:

"Boy, you can't do anything wrong, I'm rare!"

Hearing this, and feeling Qin Yuan's big hand slapped on him, Zhou Fang's body couldn't stop trembling, and there was a hint of surprise in his eyes. Is the strength of this guy in front of him a little too strong? Big?

However, Zhou Fang thought that when Qin Yuan discovered the embarrassment of the name of this book, he suppressed the pain in his shoulder and showed a smile.

Then Qin Yuan said something to Zhou Fang with such a smile on his face:

"*0%.....#¥.....*"

At this time, Zhou Fang frowned when he heard Qin Yuan's words. He didn't know which dialect Qin Yuan was talking about. He didn't understand it after listening to it for a long time, but he There was a trace of mockery in his eyes, even with a mud-leg like Qin Yuan, it was absolutely impossible to become an educator even if he got a little money.

The Dou Xingxing who was standing on the side heard what Qin Yuan said. He was a little anxious at first, but as he listened, he was full of surprise. Then a small face was flushed, and finally he covered his mouth. , Forcibly resisted not letting myself laugh.

At this time, the person on the side also suddenly laughed. Zhou Fang turned his head and found that it was a blond crooked nut.

Seeing that everyone around him was laughing, Zhou Fang also felt that something was wrong, but now he wanted to ask those people what they were laughing at, but it was totally impossible. After all, Qin Yuan pinched his shoulder and made him move completely. No!

However, when he heard Qin Yuan's last sentence, Zhou Fang's eyes suddenly widened, because he clearly heard a round French from Qin Yuan's mouth, calling him a fool!

This next week Fang is completely stunned!

He just reacted, the person in front of him was playing him!

The person in front of him knew French at all, and he could recognize the French in this book!

This next week Fang suddenly looked like a prawn falling into a pot, his face turned red, but when he remembered what Qin Yuan had said to him just now, he was a little bit ashamed and angry, and said to Qin Yuan:

"What did you just say about me?"

"Oh? I just found out now, I just used seven languages mixed together and scolded you for nearly a minute, but you only found out now? Don't you pretend to be an elite? Didn't you say that I am a mud-legged man? The mud leg said this, but you can't understand it?"

At this time, Qin Yuan's face was narrowed, and when he heard what Qin Yuan said, the people around burst into laughter, and Zhou Fang, who was laughing, hid his face and fled!

The girl also blushed with a smile, and then said to Qin Yuan:

"Hello, my name is Dou Xingxing, you are such an interesting person, goodbye!"

After saying this, Dou Xingxing stuffed a small note directly into Qin Yuan's hand, and then left the library.

And seeing this, Qin Yuan was also a little surprised, what's going on, is his domineering spirit already so strong?

Sure enough, girls in the literature department are more cheating.

Qin Yuan looked at the small note in his hand, shook his head and thought.

However, such a little girl is not worthy of Qin Yuan's action. Qin Yuan did not open this little note, but threw it into the trash can on the side.

At this moment, An Ran, who was waiting outside for Qin Yuan to come out, saw Qin Yuan's smile on his face, and immediately knew that Qin Yuan must be a pitfall again, and directly asked Qin Yuan:

"what happened?"

"Hey, it's okay. I just taught a guy who doesn't have long eyes. Isn't this a foreign language? So I bought some books and let's go."

At this time, Qin Yuan answered casually, but An Ran saw that Qin Yuan was unwilling to say it, and shook his head, without asking, directly took Qin Yuan to the military area.

Soon, the two of them were in the military area. At this time, looking at the regular lawn, watching the two soldiers in a row, Qin Yuan could not help but let out a sigh.

Although the vacation time is not long these few days, Qin Yuan always feels that after a long time, now that he is finally back here, Qin Yuan also feels a lot more comfortable.

To be honest, Qin Yuan could not leave the barracks imperceptibly.

And not long after Qin Yuan got off the car, he saw Gao Shiwei's guards running over and said directly to Qin Yuan:

"Let's go, the high school general has been waiting for you for a while."

Hearing this, Qin Yuan and An Ran looked at each other, a little confused.

Although this special forces military competition is very important, it does not seem to be so important, right?

A trace of doubt flashed through An Ran's eyes, but after thinking about it carefully, he said to Qin Yuan:

"You go by yourself first. I have something to do. I'll go there later."

Qin Yuan nodded, and then followed the guard to Gao Shiwei's office.

After entering the office at this time, the guard closed the door directly, while Gao Shiwei was on a desk, looking at some materials with glasses. Qin Yuan could not help but slow down his breathing slightly when he saw this situation.

Take a closer look, Gao Shiwei's age is not too young, and both temples are a little pale.

Qin Yuan knew that Gao Shiwei was a person who had really fought, and he was the backbone of the Yan Kingdom. A character like this was still so conscientious. I have to say that it always felt a bit unpleasant.

After a while, Gao Shiwei was able to read the information in his hand, and then said to Qin Yuan:

"Here? Are you happy on vacation?"

Then Gao Shiwei touched the tea box in front of him and said to Qin Yuan:

"The tea is here, pour it yourself."

Qin Yuan smiled slightly when he heard this, found a cup and made a cup of tea, and sat directly opposite Gao Shiwei:

"It's okay to take a vacation, but not to be free."

And seeing Qin Yuan's appearance, Gao Shiwei was also relieved, and then said to Qin Yuan:

"Are you a little angry knowing that I'm investigating you?"

Hearing this, Qin Yuan directly took a sip of tea, and then directly answered Gao Shiwei:

"What's so angry about this? I know that this is basically a routine in the military. Only after I have passed this test can I truly enter the army. What's more, you let An Ran investigate me. It saves me a lot."

But at this moment, seeing Qin Yuan, he didn't seem to take this matter to heart, Gao Shiwei was also relieved, and then said to Qin Yuan:

"If you are not angry, that's fine. I know that young people like you are all proud and arrogant. This is not tolerant of others' doubt. I didn't expect you to be able to figure it out."

Chapter 383: courage

Qin Yuan raised his eyebrows when he heard this, and then continued to drink the tea in the cup without saying anything.

At this time, Gao Shiwei stood up, walked to the window, and continued with Qin Yuan's back:

"Do you know? My age is relatively old. It can be regarded as a step-by-step testimony of how this unit has changed. To be honest, our money has become more and more recently, but our philosophy is gradually declining. It's a bit like the kind of combat plan of the Lighthouse Nation. If you don't agree with it, you will call for support. Although this is a manifestation of the wealth of your family, you can't abandon all the hardship and simplicity of the past."

"The Raiden Commando all adhere to the concept of foreign troops, but I think that if we look at the cat and draw the tiger, we will only learn four different things. We do not have the international situation of foreign troops, so we cannot blindly implement foreign military methods."

As for the newly established red blood cell team, at first Gong Jian was appointed to be the leader of the red blood cell team. Gong Jian was Fan Tianlei's disciple, and Fan Tianlei was carved out of the same model. Such a person can at best make no mistakes, but can't give it. People are pleasantly surprised.

And I am quite disappointed with this team, because just by looking at the configuration, you can see that this is just a sniper team. If the special team can only hide behind and shoot, what kind of special team is it?

But when I was a little disappointed, I suddenly found you. To be honest, you are really amazing. At that time, I always felt that this could not touch you, and I don't know how much you can cause influences. "

At this time, Gao Shiwei said this with a smile on his face, and Qin Yuan's originally gloomy expression showed a hint of embarrassment, and then said to Gao Shiwei: "How can you praise me so much? , I'm going to blush!"

Gao Shiwei heard Qin Yuan's words, but shook his head. As for the cheeky Qin Yuan, how can he blush?

Then Gao Shiwei continued: "In fact, at the beginning, the senior personnel in the army were selected from among the children. Such people have much less chance of defecting. You know, as the country becomes richer The concept in people's hearts has also changed. Most people yearn for the rich, and they may do something irrational for money. The reason why we have such a system is to contain this. A trend

However, it was discovered later that the rate of erosion of the red children was not worse than that of outsiders, so later this restriction was slowly opened up, allowing some of the better people to actually reach the decision-making level.

Speaking of this, Gao Shiwei looked straight at Qin Yuan again, and then said to Qin Yuan:

"I have always liked you very much, so when I first saw you, I have investigated all aspects of you and found that you are indeed a pure person, so I can rest assured that An Ran will check you, otherwise I don't have the guts to do so."

Hearing such words at this time, Qin Yuan felt a little helpless in his heart. He never thought that his orphan status would have such benefits. It is estimated that if he could not pass the review, he would be like thunder at best. To become the captain of a special force, I'm afraid it's hard to have other rights.

Qin Yuan said directly to Gao Shiwei:

"I know your difficulties, so I understand, but I don't know exactly what you want to do."

To be honest, although Qin Yuan has a system such as a plug-in, Qin Yuan does not think that in the big machine of the army, without him, he will not turn. After all, this is a country with more than 3 million soldiers. Qin Yuan's power was not something that Qin Yuan could stop alone.

And Qin Yuan knew that before he appeared, there would be some real backbone forces standing in front of him, but Qin Yuan had never heard of these people before, so Qin Yuan couldn't help but wonder. ,

When he heard Qin Yuan's words, Gao Shiwei's face sank slightly, and then he walked to the side of the desk, opened the drawer, took out a letter from it, handed it directly to Qin Yuan, and faced it. Qin Yuan said:

"Look carefully at the content on this."

At this time, Qin Yuan looked over and found that there were a few large English characters on it, which read Hell Lightning Training School.

Qin Yuan couldn't read and laugh at all when he saw this name with a slightly killing Matt aura, because he saw the pictures above, all of them were soldiers, and all of them had murderous in their eyes.

Qin Yuan knew that only soldiers who had really experienced the battlefield would possess such a tolerance. It is absolutely impossible to have such a look in ordinary small special missions.

Even Qin Yuan's red blood cell team had experienced situations like the Philippine Island and the Silver Triangle, and it was only a slight sign of it. It is estimated that it is still far from these people.

Qin Yuan frowned slightly, and directly asked Gao Shiwei:

"What the **** is this?"

"An Ran has already told you before, this is the special forces training competition I want you to participate in!"

Qin Yuan was surprised when he heard this.

Qin Yuan initially thought that the special forces training competition was something like the Blue Shield Military School or the International Hunter Warrior School, but now looking at the letter of introduction that Gao Shiwei gave him, Qin Yuan's heart is born. A slight change and seeing Qin Yuan's appearance, Gao Shiwei also said straightforwardly:

"Things like the International Hunter Warrior School are just a toy. This Hell Lightning Training School is completely different. Although it is also open to the public, its mortality rate even reached 50% at the highest level. This kind of battle damage rate has exceeded the average battlefield."

Qin Yuan was also a little surprised when he heard this, because he knew that the battle damage rate on a general battlefield can reach 30%, which is already quite remarkable. Although military exercises will only end with the annihilation of one party, But on the real battlefield, watching one-third of his teammates die is enough to have a decisive impact on the military's morale.

Not to mention that the casualty rate has reached 50%, which is an extremely severe test for everyone's psychology.

Gao Shiwei took a long breath, then continued to say to Qin Yuan:

"Only in this place, each country will send the real top powers. There is no kindness in other places, only the weak and the strong. If you can get out of here, then you have the qualifications that no one else can have. Without this courage?"

Chapter 384: Boring?

Hearing such words, Qin Yuan showed a smile and said lightly:

"If you think I don't have such courage, you probably won't call me over."

Sure enough, with Qin Yuan's answer at this time, Qin Yuan suddenly heard a voice in his mind:

"Ding Dong, the system releases the task, and the host participates in the Hell Lightning Training School and rewards a grid."

Hearing this voice at this time, Qin Yuan was sincerely surprised. He didn't expect that just by participating in this training, he would have obtained a grid. It seems that this event is really not simple, and it is probably also a continuous task.

And Qin Yuan has already enjoyed the sweetness of continuous missions. For a continuous mission, he didn't get seven or eight grids. This is a big deal!

Hearing this, Cosway's eyes flashed with appreciation, but he reminded Qin Yuan again:

"I'm telling you, this time is indeed very dangerous, you know? This 50% injury rate is calculated on the basis of all members, which means that if you go there, the entire team may even be wiped out. And the people of our Yan country will be targeted by the special forces there. It is even more difficult if you want to win a real victory here!"

Qin Yuan didn't have any surprises at this point. After all, the country of Yan was targeted by countries all over the world. It's not a day or two. He usually knows that Tiger's buttocks can't be touched. It was a sneaky cruel hand.

However, Qin Yuan didn't have any fear, but directly said to Gao Shiwei:

"On that riverside, the Allied Forces of the Sixteen Nations all fought past. Don't we have the aura of those old men today?"

"Okay! If that's the case, then I have nothing to say. This time, including you, you can bring a total of seven people to participate. I have won three places for you. You can also bring two people, and the rest The four people were selected from other military districts, and although you have been appointed as the captain this time, the actual situation depends on you."

Qin Yuan also nodded directly, and said to Gao Shiwei:

"Okay, I accept, but when does this start? What kind of preparations do I need to do in advance?"

But Gao Shiwei said to Qin Yuan:

"There are still forty days, and you still have plenty of time to prepare."

After hearing that there were still forty days, Qin Yuan couldn't help but widened his eyes. Looking at Gao Shiwei's seriousness, he thought that the game would start tomorrow, but it would take so long?

However, Qin Yuan thought about it carefully, but wanted to understand. After all, to participate in this training school is not a spring vacation. You must choose a team leader who can truly be alone.

After all, it is the so-called raging soldiers and a raging nest. If you can't pick a suitable captain, then I am afraid that what you lose is not just winning or losing, but also the dignity of the country.

Therefore, the selection of the captain must be extremely cautious and allow a certain amount of time.

Then Qin Yuan said directly to Gao Shiwei:

"Okay, I know, but I have another request, I hope you can agree to it."

At this time, Gao Shiwei heard Qin Yuan's promise, naturally he was relieved, and this small request would naturally be agreed, so he directly said to Qin Yuan:

"What task, as long as it is not excessive, I will definitely promise you."

But Qin Yuan's eyes flashed with a light, and said lightly:

"I hope to get more missions, and it's best to be able to see blood missions. Although my red blood cell team has been trained, they are still steel with rust. I need to use the actual combat handle. Hammer hard, hit them well."

Qin Yuan just saw the appearance of the people in the training school photos, and he felt a little sense of urgency in his heart. No matter how great Qin Yuan was, he could only care for himself, not everyone.

Therefore, the most urgent task now is to arm everyone, from all aspects, including weapons and personal physical fitness!

Moreover, Qin Yuan thought that with these tasks, he would definitely be able to obtain some grids, which is a good thing with two birds with one stone.

When Gao Shiwei heard Qin Yuan's words, he was silent for a moment, and then he nodded and agreed.

"Well, I will help you pay attention."

After saying this, Gao Shiwei told Qin Yuan some other things. After a long time, Qin Yuan came out of Gao Shiwei's office.

At this time An Ran was also standing at the door, and seeing Qin Yuan coming out, An Ran said with a smile on his face:

"Is there something very important for you?"

And Qin Yuan also nodded, and replied slightly heavy:

"It's indeed a more important thing, but don't worry about it now."

And when An Ran heard this, it only meant that he had heard it, and did not ask Qin Yuan what mission was, but seeing what An Ran looked like, Qin Yuan was a little curious and asked An Ran:

"Why didn't you come with me just now?"

But An Ran glanced at Qin Yuan in a somewhat complicated manner, and said to Qin Yuan:

"Since you have passed the test, your status will actually be higher than mine, and most of these tasks are relatively confidential. I don't know it well."

When Qin Yuan heard this, he glanced at An Ran a little weirdly. He finally understood who had sent the undercover mission of An Ran before, and it was obvious that there was Gao Shiwei's shadow in it.

Obviously, Gao Shiwei's staff has another set of execution systems, , this system is highly confidential, has great authority, and can guarantee loyalty.

And Qin Yuan could barely enter this class now.

Seeing An Ran's reluctance to say more about this matter, Qin Yuan naturally wouldn't force it, and said directly to An Ran:

"Okay, then I'm going to make preparations, oh yes, I may perform some other tasks later, do you want to follow me?"

"No, I still have my own business, not to mention whether you want to spend this time with your girlfriend, I guess you will be busy next."

Hearing this, Qin Yuan's heart was already a little guilty. He glanced at An Ran, but nodded.

"Well, then I wish you all have fun."

An Ran waved his hand directly at Qin Yuan, turned and left, but Qin Yuan looked at An Ran's back at this time, but was completely puzzled. What was going on? Why is An Ran able to be so calm when talking about her girlfriend? Did she guess wrong? An Ran didn't mean to herself?

Chapter 385: Be sure to complete the task

However, Qin Yuan thought for a long time, and did not figure out what was the reason, so he could only leave with his head.

Seeing Qin Yuan leaving behind, An Ran showed a slight smile. Of course he wanted to stay with Qin Yuan, but before being with Qin Yuan, she was a soldier first, and she had to do it herself. task,

And these tasks are very dangerous. If one day she unfortunately died, what should Qin Yuan do?

For Qin Yuan, I am afraid that Mu Qingmei is a better choice, and as long as I can see him in the free time, it is enough.

Thinking of this, An Ran's footsteps suddenly became more determined. In fact, she didn't plan to marry anyone at the beginning, but now she met a Qin Yuan, which gave her an exceptional idea.

Of course Qin Yuan didn't know what An Ran was thinking, but his current idea is to quickly train the red blood cell team on his hand. He only has two places in his hand. Who should choose between these two people? Qin Yuan is also a little entangled. In this situation, only one training can be held, and then a serious screening.

After that, Qin Yuan not only went to see Mu Qingmei from time to time, but the other time was to start frantically training people with red blood cells, causing He Chenguang and others to complain, but when he revealed his true purpose After that, everyone was stunned.

"Captain, do you mean that we can only enter two people with our skills?"

At this time, Li Erniu touched his head and asked, Qin Yuan shook his head directly when he heard this.

"It's not that we only have two people who can go, but I have two places in my hand. What you have to do is to convince me with your performance and let me see what kind of ability you have. This time we will meet Yes, people from all over the world. If one fails to deal with it, not only our own lives will be lost, but also the honor of the country, so I will choose the best!"

"Captain, we are the best!"

At this time, He Chenguang yelled directly, and Qin Yuan nodded with satisfaction. To be honest, so long training and many ***** battles have trained the red blood cell team's murderous aura and confidence. What Qin Yuan has to do is to hone this murderous aura and confidence to the peak!

"Just have this confidence!"

Qin Yuan comforted the team members, and these people were also full of energy and began to train physical exercises.

But at this moment, a jeep suddenly drove into the training base of the red blood cell team, and soon one person got out of the car.

Is this a task?

Only seeing this person, Qin Yuan's eyes were puzzled, because this person was not the familiar Fan Tianlei, it turned out to be He Zhijun.

Although Qin Yuan and He Zhijun have met many times, Fan Tianlei usually informs them of things. Why is He Zhijun here this time?

However, Qin Yuan's reaction was still very fast. He immediately gathered the team members and ran to He Zhijun to salute and greet him.

But He Zhijun's expression was a bit ugly, and he said directly to Qin Yuan:

"These fake gifts are unnecessary. There is now an urgent task that needs your red blood cell team to complete, and you must!"

Hearing this, Qin Yuan frowned, and asked He Zhijun:

"No. 1, why are there so many special operations teams in the military area? Why is it that we are indispensable? You also know that we are currently undergoing selective training and cannot perform tasks that have been away for too long."

Qin Yuan knew that He Zhijun would inevitably know about the Hell Lightning Training School, so he didn't hide it, and directly pointed out the matter. Although there is still a month to go, if it is a long-term mission, this month is basically not enough.

So even if Gao Shiwei agreed to pick out tasks for Qin Yuan, there are still not many tasks Qin Yuan can do now.

But when He Zhijun heard this, he took out a photo from his pocket and said to Qin Yuan:

"Because this time is your old opponent."

Qin Yuan took the photo directly, and when he took a closer look, his eyes suddenly narrowed, because the person on it was a scorpion!

"It turned out to be him again. This grandson didn't die last time, so he dared to come back."

Qin Yuan said with a sullen face, this scorpion had already escaped from his hands twice, although this guy had not seen Qin Yuan, but Qin Yuan was already very impressed with this person.

He Zhijun looked at Qin Yuan and said in a deep voice to Qin Yuan:

"This person must be very familiar to you, but I still want to give you a systematic introduction. Scorpion is a Saigon from southern Xinjiang, and is a sniper of the southern Xinjiang special task force, one of the best special forces in southern Xinjiang. He has joined Alpha. The team has gained countless exploits."

Hearing this, Qin Yuan frowned, and he immediately wrinkled tightly. Naturally, he had heard of the name of the Alpha team. This team is one of the most famous teams in the world, and the SEAL team. It's half a catty eight taels, on the same level.

If the Scorpion is really a retired member of the Alpha team, then this person really should not be underestimated.

At this time, He Zhijun continued to introduce:

"After Scorpion retired, he took off his military uniform and turned to join a military resources company, which is a mercenary. In a short time he became the director of this company. We have dealt with him a lot over the years. And he still has a lot of blood debts from us."

Speaking of this, He Zhijun glanced at He Chenguang who was standing on the side, and said directly to Qin Yuan:

"I guess you also know Lao Fan's son died because of the scorpion. Now Lao Fan's wife is scattered, and the father of your team member He Chenguang also died in the hands of this man. Fan's leg was broken during this battle."

Hearing He Zhijun's words at this time, the members of the red blood cell team all looked at He Chenguang together, and He Chenguang also suddenly clenched his teeth and clenched his fists.

Seeing what He Chenguang looked like, He Zhijun continued:

"This time we finally found the trace of the scorpion. We have let him run away twice. This time, we must not let him live anymore. Therefore, I plan to send you directly to kill the opponent!"

Speaking of this, He Zhijun whispered again:

"You can be regarded as Lao Fan's old subordinate. To be honest, I have always been very worried, worried that Lao Fan will not be able to hold on. As long as he received news from Scorpion before, he always wanted to rush to the first line. , But you also understand that Lao Fan's body is no longer good. He was not the opponent of Scorpion before, and now it is even more impossible. Therefore, he puts all his hopes on you. This time, he must complete the task. !"

Chapter 386: Tit for tat

When Qin Yuan heard this, a slight smile appeared at the corner of his mouth, and then he said every word:

"Those who dare to provoke the might of our fangs are bound to die!"

Hearing this, He Zhijun naturally nodded with satisfaction, and then suddenly punched Qin Yuan on the chest, and said in a deep voice:

"Then this matter is up to you!"

A trace of evil spirit flashed in Qin Yuan's eyes. He had already wanted to kill Scorpion. This time he was finally able to fight Scorpion face to face, so he would never allow Scorpion to run away!

"Scorpion, just wash your neck and wait for me to kill you!"

Then He Zhijun nodded, then said to Qin Yuan:

"Well, it should not be too late, then you can quickly fix it and get ready to go!"

After all, He Zhijun left directly.

After watching He Zhijun leave, Qin Yuan looked at He Chenguang, who was standing on the side.

The muscles on He Chenguang's face couldn't stop twitching, and he said to Qin Yuan in a deep voice:

"Captain, I know the rules of the army, I...I withdrew from this battle..."

At this time, He Chenguang didn't know how much courage he had put in his heart before he could say this. The surrounding Li Erniu and others all looked at He Chenguang with ugly expressions.

Now everyone knows that He Chenguang's father was killed by a scorpion. If this is in accordance with the military regulations, He Chenguang is indeed not eligible to participate in this operation, because He Chenguang is the main sniper, and this time In addition to the scorpion, there must be others. In case He Chenguang, because of the scorpion, can't hold back the murderous in his heart, make a move in advance, it may cause serious consequences.

"Captain, or give Chenguang a chance! He...he can do it!"

"Yeah, Captain, Chenguang is our live sniper, this...if we didn't have him in this action, we would have no bottom!"

"Yes, Captain, Chenguang will definitely be able to do this thing well."

At this time, Li Erniu and others all opened their mouths to intercede with He Chenguang. After all, this was the vengeance of killing his father, and finally had this opportunity to avenge, but in the end there was no way to go. This... even they were uncomfortable!

And Qin Yuan just glanced at these players and said lightly:

"Well, what, did I say not to let him go, hurry up, clean up, we are going to set off!"

At this moment, everyone's eyes lit up when they heard Qin Yuan's words, and then they didn't dare to say anything anymore, they just ran to change their clothes!

And He Chenguang looked at Qin Yuan with gratitude at this time, and just wanted to say something, but Qin Yuan stopped him:

"Remember, this time is not only a preferential treatment for you, but also a test for you. Don't forget, this time I have to select two personnel to attend the training school. I will take a good look at the action this time. of!"

"Yes!"

At this time, He Chenguang suddenly saluted a military salute, and then quickly went to change his clothes.

Soon, the red blood cell team directly boarded a helicopter, and then the helicopter's propeller accelerated and the helicopter began to take off.

In the command center below, He Zhijun and a soldier looked at the helicopter and patted the soldier on the shoulder:

"Don't worry, they will help you complete your revenge!"

And this soldier also nodded, his eyes full of complexity!

This person is naturally Fan Tianlei.

Fan Tianlei looked at the helicopter that was going away, and slowly but firmly paid a military salute! Even if the helicopter has disappeared, it has not been put down for a long time.

...

Soon, the helicopter landed, Qin Yuan and others got off the plane, and the person who came to greet them was Wen Guoqiang!

"Haha, Qin Yuan, I didn't expect us to meet so soon!"

Wen Guoqiang first stretched out his hand, trying to shake hands with Qin Yuan, and Qin Yuan also smiled slightly:

"Well, time is urgent, let's hurry up and see the mission."

"Okay, follow me!"

Then Wen Guoqiang took the people from the red blood cell team directly into a conference room. At this time, there was a large screen in front of the conference room. There were many photos on the screen, all of which were connected by thin lines. Very complicated.

And Wen Guoqiang started to introduce it to everyone:

"Scorpion's information, naturally I don't need to say more, your military's information is probably more complete than ours. I will mainly tell you the purpose of Scorpion's coming here."

While speaking, Wen Guoqiang directly clicked on one of the photos, which instantly zoomed in. The photo showed a middle-aged man with a face full of flesh. His eyes flashed fiercely, and he was not a good person.

"This person is Liu Haisheng. He is the head of a criminal group that we have been tracking for a long time. This guy was originally a native gangster, but he has a little skill and money. He is not afraid of death. He soon became famous and has a lot of people. People are working for him, and in the recent period, he actually got in touch with external forces and started to touch arms and ice business, and even human trafficking!"

Hearing this, Qin Yuan frowned slightly:

"What is the connection between this person and Scorpion?"

But Wen Guoqiang shook his head and said directly:

"As far as we know, although Scorpion's actions here were all escaped by him, all of these actions failed. Therefore, Scorpion's position in the military resources company has declined. This time, Liu Haisheng was picked up. One is cheap and invited Scorpion to protect his safety. Although it also spent 10 million, this is already a relatively favorable price for Scorpion ."

Hearing this, Qin Yuan's eyes also narrowed:

"This guy is just looking for death, looking for a killer to be a bodyguard, hum! I don't know what he thinks in his mind."

"We really don't know what he thinks, but we originally wanted to get rid of him. Who knows that now he and Scorpion are on the road, so we can't directly attack him. Come here, just want you to deal with the scorpion."

Wen Guoqiang Chen Shensheng said, after all, the last time he had seen the Scorpion's power, even the Thor team members were not the Scorpion's opponent, and the armed police force in his hand might not be enough for the Scorpion.

Even if these people are defeated by the tactics of the crowd, the sacrifice will inevitably be great. This is something Wen Guoqiang cannot bear.

And when he heard this, Qin Yuan also gave a sneer. That's right, a master like Scorpion, if ordinary people go, I am afraid it will be difficult to cause him harm.

Because only special forces can deal with special forces!

Chapter 387: Informant

Seeing Qin Yuan's smile, Wen Guoqiang also nodded. After all, he called Qin Yuan's team this time to deal with Scorpion!

Then Wen Guoqiang continued to introduce:

"Of course, since you are invited to take action, then you have to deal with not only the scorpion, but also this Liu Haisheng. According to our news report, more than a dozen people have died in the hands of this guy, including two of us. Undercover, it can be said that there is an indelible blood feud between us!"

And a voice rang in Qin Yuan's mind:

"Ding Dong, the system will issue a task to defeat Liu Haisheng and his criminals and reward a grid."

Hearing this voice, Qin Yuan frowned slightly. He didn't expect that this Liu Haisheng had only one grid, which was not half as good as a scorpion.

The systematic explanation was enough to confirm the strength gap between the two sides. Qin Yuan also nodded directly, and then said to Wen Guoqiang:

"Our main purpose is still to deal with scorpions. For people with Liu Haisheng, as long as there are no scorpions, that is the meat on the sticky board. I believe that even your armed police can easily deal with it. Do you have other more detailed information about scorpions?"

"Have."

With this said, Wen Guoqiang directly converted the photos on the screen into scorpions, and these photos are still from different angles, even the photos of the scorpions while they are sleeping.

And these photos are extremely clear, it is clear that these photos were taken by the so-called insider.

At this time, He Chenguang, who was standing on the side, stared at the scorpion on the big screen, and clenched his fists tightly. He looked at the photo of the man in front of him, and he couldn't stop thinking of his childhood.

Wen Guoqiang also noticed He Chenguang's strangeness at this time, and asked him in a low voice:

"Have you seen a scorpion?"

"Yes, I did see Scorpion when I was little."

At this time, He Chenguang spoke in a low voice. At that time, his father He Weidong fought hard and sacrificed heroically in order to protect the national satellite from foreign powers. At that time, He Chenguang did not know the news of his father's sacrifice. At school.

On the way to school, he met a strange man.

This strange man is naturally a scorpion. After seeing He Chenguang, the scorpion said that he was He Weidong's comrade-in-arms. He took He Chenguang to play for a day. He saw that He Chenguang liked to play balloons and his marksmanship was very accurate. He also asked him at the time. Why does Chenguang like guns so much.

At that time, He Chenguang replied, because his father is a top sniper, he will grow up to be like him.

He Chenguang still remembered Scorpion's answer at the time:

"My child, your father is indeed a very good sniper, but I advise you that it is better not to be a soldier."

He Chenguang, who was still in the ignorant period, did not notice the murderous expression in Scorpion's eyes at all, and asked curiously: "Why?"

"That's because once we become soldiers, the two of us may become opponents. When we meet each other, it won't be easy to deal with."

And He Chenguang directly replied: "What does that matter, I will definitely defeat you."

When I was a child, He Chenguang stared at the picture of the scorpion on the screen and muttered: "Unexpectedly, it's finally time to face you face to face!"

Hearing He Chenguang's answer at this time, those around him were silent. After Qin Yuan glanced at He Chenguang, he also retracted his gaze and said directly to Wen Guoqiang:

"President Wen, I want to know who your insider is and how we should get in touch with him then."

And Wen Guoqiang faintly replied: "This won't work. The identity of the insider is absolutely confidential. You can't get in touch with her in advance. Only when you act, I will tell you her characteristics."

But when he heard this, Qin Yuan frowned fiercely, and said to Wen Guoqiang:

"This won't work, we have to know all the information first, otherwise things will inevitably have a lot of changes, which does not meet our guidelines for action."

Qin Yuan didn't completely trust Wen Guoqiang either, after all, the person in front of him, just like Fan Tianlei before him, was a pitfall.

Although Qin Yuan has a lot of abilities, he has no eyes at all. This matter involves the safety of the red blood cell team, and Qin Yuan will certainly not give in.

And seeing Qin Yuan's serious look, Wen Guoqiang also took a sigh of relief, and then said to Qin Yuan:

"Well, then, I will tell you the code name of this informant. Her code name is Saigon Rose."

And hearing this code name, Qin Yuan's brows frowned tightly. He thought that this matter might have changed because of his arrival, but now it seems that things are still going forward as they were. .

"You mean, this informant is a woman?"

"Yes, she is indeed a woman, and she is not yet a native of Yan Country. Her name is A Hong. She was tied to us by Liu Haisheng two years ago."

Even the members of the Red Blood Cell Team couldn't listen anymore, frowning and asked Wen Guoqiang:

"No, Chief, you let us trust a foreigner."

But Wen Guoqiang said in a low voice, "Yes, although she is a foreigner, she is already close to our inside line. She can be trusted She stayed by Liu Haisheng's side and experienced the cruel inhumanity. Violence, and our last undercover officer discovered her and turned her into our undercover agent."

Having said this, Wen Guoqiang's face was slightly ugly, as if he was recalling something bad:

"At that time, our undercover officer was discovered by Liu Haisheng, and unfortunately sacrificed. Originally, we felt that there was no way to get news from Liu Haisheng's team, but who knew that this A Hong contacted us on the initiative and passed the undercover agent. Contact information and proactively became our informant."

But after hearing Wen Guoqiang's words, Qin Yuan's brows became deeper. Although he doesn't remember many details of the original plot now, he still remembers very clearly that this A Hong seems to be somewhat unclear with Scorpion. Relationship.

After all, people always change, especially a woman. This woman has always lived in the enemy's lair and has been abused by Liu Haisheng and others. If someone is suddenly nice to her, she will naturally treat this person. I was very impressed, whether the last undercover officer or Scorpion was the same.

Since this woman can become a new informant for the undercover person, it is also possible for the scorpion to directly expose their plan.

Chapter 388: Shocked A Hong

Like this, putting the safety of all the players on a woman's body, Qin Yuan couldn't accept it.

So Qin Yuan spoke directly to Wen Guoqiang:

"Mr. Wen, I have known you for a long time, so I don't know if I should say something inappropriate."

"You just say it straight."

At this time, Wen Guoqiang saw Qin Yuan's serious look, and understood that the other party was not joking.

And Qin Yuan whispered at this moment:

"Although this person named A Hong has been an informant for a long time, how can we completely trust her? How do you know that she is not a ***** that Liu Haisheng deliberately placed on our side and wants to use us in turn? "

"Furthermore, since the last undercover comrade has revealed his identity, he will inevitably be severely tortured by Liu Haisheng. How can we be sure that this undercover comrade has not revealed A Hong's identity?"

Both of these issues are extremely sharp. Qin Yuan is looking straight at Wen Guoqiang at this time. If Wen Guoqiang can't give him a powerful explanation, even if this is a great opportunity, Qin Yuan will not take it easily.

The people around also looked at Wen Guoqiang. After all, this issue is very important. The person they deal with is a scorpion, and Liu Haisheng also has a lot of firepower in his hands, in case A Hong gives them the wrong information. , Leading them to a Jedi, their action this time even if the entire army is wiped out is not impossible.

However, Wen Guoqiang's face became extremely ugly, his lips were a little pale, he took off his hat, his hands trembled, and he whispered to Qin Yuan:

"Because that sacrificial undercover is my son."

When they heard Wen Guoqiang's words, everyone's eyes widened. They really didn't expect that the undercover officer was Wen Guoqiang's son.

At this time, Qin Yuan also looked a little ugly, glanced at Wen Guoqiang apologetically, and then bowed a military salute to him. This is not Qin Yuan's recognition of Wen Guoqiang's philosophy, but for a father and an older generation. The respect of the people's guard.

Now if you doubt the loyalty of the undercover agent anymore, it is to sprinkle salt on Wen Guoqiang's wound, so Qin Yuan was silent, and after a while, he said to Wen Guoqiang, "Okay, I understand the situation. Please continue to deploy."

Wen Guoqiang also condensed his mind and began to explain the actions below.

At this time, in a mountain on the outskirts of Donghai City, a woman was making tea.

It's just that although she was mechanically adding firewood to the water, her eyes were dumbfounded, obviously thinking something in her heart.

She turned her head and looked at a man outside along the window, her eyes confused.

She still clearly remembered what it was like when this man first arrived here.

At that time, A Hong, hiding in the corner, saw Liu Haisheng's men and got a person here, not only blindfolding this person, but also tied his hands.

At that time, she thought that the **** had caught another poor man, but only later discovered that the thin man in front of her was actually a bodyguard hired by Liu Haisheng, and it had spent a full 10 million.

For A Hong, 10 million is simply an astronomical figure, even if she can't make so much money in her lifetime, but for the thin man before her, it is just a reward for a task.

At that time, Ahong saw the man tied to a chair, and those people still threatened him constantly. Even the demon named Liu Haisheng came in front of him and sneered constantly at him:

"The famous scorpion has this virtue, and I wonder if my 10 million is not worth spending."

A Hong hid in the corner and heard Boss Liu's voice. She also knew for the first time that the man in front of her was called Scorpion.

Scorpion also answered directly:

"Thanks to Boss Liu for his appreciation. The value of these 10 million flowers is not worth it. I will tell you that I am a mercenary and a killer. I am even better at assassinations. Protecting others is not my strong point. ."

At that time, Ahong swallowed nervously when he heard Scorpion's answer. But she saw how cruel Liu Haisheng was, and the man in front of him dared to confront Liu Haisheng, and he would definitely be beaten by Liu Haisheng. .

Sure enough, after hearing Scorpion's answer, Liu Haisheng and the boys around laughed loudly. At this moment, Liu Haisheng patted Scorpion's face directly and said mockingly:

"Assassination is your strong point. Anyone can be killed. I, you can also kill? Scorpion, don't forget. Although you are the one I invited, you have also become the meat on my chopping board. Now You have been tied up, can you still kill me?"

And Scorpion sitting on the chair, looking at Liu Haisheng in front of him, said lightly:

"If the person I am going to kill is you, then you are dead now."

Hearing this, the group of boys around suddenly became angry:

"Damn, are you going to die? Dare to threaten my boss!"

"I think you are tired and crooked. You can still pretend to be so coerced if you are tied up. Believe it or not, I have always shot you down!"

At this time, the little brothers around were cursing at the scorpion, and hiding outside, A Hong is also a little nervous. Although she doesn't know what she is nervous about, looking at the man in front of her, A Hong does have a touch of intimacy.

However, the scorpion sitting on the chair did not change his eyes. He just stared at Boss Liu and sighed slightly. Then the scorpion suddenly moved. The rope in his hand seemed to be non-existent. Lightning flashed in front of Boss Liu in an instant. A knife in his hand was directly inserted into Boss Liu's collar, and in an instant he cut off a button on Boss Liu's neck.

At this moment, Boss Liu's eyes were staring at Boss, and the group of boys around him quickly pointed their guns at Scorpion, but now that Scorpion's knife was pointed at Boss Liu's neck, they did not dare to act rashly.

Seeing the nervousness of the people around him, Scorpion smiled slightly, and directly moved the knife in his hand away from Boss Liu's neck, and swayed the button he cut off just now in front of Boss Liu. Your sincerity.

At this time, A Hong's eyes were about to stare out. She really didn't expect the man in front of her to be so powerful. He was able to turn away from the guest for a moment when he was tied up. She almost killed Boss Liu, knowing that since it can be cut off The button of Boss Liu can also cut Boss Liu's neck directly.

Chapter 389: Sleep on the sofa?

Moreover, relying on the speed of Scorpion just now, at the moment when Boss Liu was killed, he took out Boss Liu's gun and killed all the boys around him. It was not a particularly embarrassing thing.

At this time, A Hong understood that the person she was worried about was not the weak in her imagination, but a fierce tiger who had just descended from the mountain.

At this time, Boss Liu could be considered to have reacted. He looked at the buttons of the scorpion hand in a daze, and finally waved his hand directly, letting all his little brothers put down their pistols, and then said with admiration:

"Not bad, worthy of being a legendary character. It seems that my 10 million flowers are very worthwhile!"

Boss Liu is also a character, and he will not blame Scorpion for this little thing, but he is looking at Scorpion now, still wanting to save a bit of face, so he directly said to Scorpion:

"But since I invited you to be a bodyguard, if I switch positions with you and become a prisoner of these people, how can you save me?"

Hearing this, Scorpion's face showed a sneer, and then lightly snapped his fingers. Suddenly, four or five blond mercenaries emerged from the ceiling of the surrounding windows. These people directly pointed the gun in his hand at everyone in the house!

Obviously, as long as this group of people pulled the trigger with their fingers, everyone in the house, except for Scorpion and Liu Haisheng, might not survive!

At this time, Liu Haisheng was also completely stunned. What happened?

Could it be that the police came over to make a surprise attack to kill him?

But Scorpion walked slowly in front of Liu Haisheng and said lightly:

"Boss Liu, you don't need to be so nervous. These people are my subordinates, all of them have experienced battles. I may not be able to protect your comprehensiveness as a killer, but with my subordinates, it will be enough Kill all those who attack you!"

At this time, following the words of the scorpion, the blonde mercenaries also turned directly into the house from various places, put away their weapons, but the smile on his face could not be hidden.

Liu Haisheng heard what Scorpion said, and the cold sweat on his forehead couldn't help falling down. He now knows that what the Scorpion said is true. If Scorpion is here to kill him, then he is already lying on the ground. A dead body!

And when his little brother brought Scorpion over, he covered Scorpion's eyes and took a lot of effort to hide here, but now it seems that these mercenaries have always been behind Scorpion. , But the people under him didn't notice anything, which is enough to prove the strength of these people!

Liu Haisheng finally resisted the shock in his heart, stood up, his eyes filled with excitement, watching Scorpion clapping his hands:

"It is indeed very powerful. The name of Scorpion is well-deserved. How about this, I will add 5 million to you, and you will follow me from now on!"

"Boss Liu, you will never regret hiring me, tell you, no one has ever expressed dissatisfaction with my service!"

At this time, Scorpion also showed a smile, and then gently tapped a little finger, a mercenary, immediately rushed out of the door, and pushed a woman in, and this woman was A Hong!

A Hong's eyes were full of fear at this time. She shrank and shrank into a ball. She did not expect that she was hiding so tightly that she was still discovered.

At this moment, Liu Haisheng saw A Hong, his eyes moved, and then he showed a sneer and said to Scorpion:

"Haha, Brother Scorpion is here to introduce you. This is my woman. Think about it, our group of people staying here is naturally to relax. Since Brother Scorpion, you are here for the first time, then I will give this woman to you. is you."

At this time, Ahong's body trembled when he heard this, and Scorpion also glanced at the woman, understood what status this woman was, and shook his head directly:

"It's not necessary."

"Hey, Brother Scorpion, everyone is a man. It's kind of normal to have this kind of needs. You don't need to be shy! Hahahaha! Go, let Brother Scorpion clean up today!"

At this time, Boss Liu laughed, and then left with a group of younger brothers.

And A Hong looked at Scorpion, his eyes were also full of fear and a touch of incomprehensibility, and he whispered to Scorpion:

"You still want me, or else Boss Liu doesn't know how he will abuse me."

Hearing this, Scorpion's eyes curled slightly, which was regarded as a sentence: "You come to me that night."

At this time, A Hong heard Scorpion's answer. He thought that Scorpion was indistinguishable from other men, and the light in his heart was a little dim.

But who knew that at night, when A Hong went to Scorpion's room, he found that Scorpion was already lying on the sofa.

A Hong sighed long, and then planned to take off her clothes and serve the scorpion, but the scorpion lying on the bed snorted coldly:

"Get out!"

But A Hong was expressionless and said directly:

"I can't go out. If I go out, Boss Liu doesn't know what to do to me."

Hearing what A Hong said, Scorpion said with a slight disgust:

"Are you a few girls?"

"No! I was tied by Boss Liu, I want to escape from his hands in my dreams!"

A Hong suddenly yelled at Scorpion, but when he finished speaking, he realized that Scorpion was speaking in Southern Xinjiang!

"You... are you from Southern Xinjiang too?"

At this time, the scorpion looked at A Hong, and his face was a little strange. He looked at A Hong a bit familiar before, so he tried it out in Southern Xinjiang. Now it seems that they are indeed fellows, all from Saigon in Southern Xinjiang. The accent is the same.

"Yes, I am also from southern Xinjiang..."

Having said these words, Ahong was also shocked, a little excited in his heart, but soon calmed down.

She knew exactly what this group of people was like, even if it was a fellow countryman.

"Can I stay here now?"

A Hong asked Scorpion in a low voice, and Scorpion glanced at A Hong and said directly: "Well, you can stay here. Go to bed."

A Hong's eyes darkened when he heard Scorpion's answer, and then she began to walk towards the bed silently, but halfway through, A Hong turned around and asked Scorpion: "Should I take a bath first?"

"Whatever you, I will sleep on the sofa tonight."

After saying this, Scorpion just wrapped his clothes tightly and curled up on the sofa.

Hearing this, A Hong couldn't stop his eyes widening!

He even let himself go to bed, he sleeps on the sofa?

Chapter 390: committed to

At this time, A Hong's face was unbelievable, but after thinking about it, he said to Scorpion:

"Do you dislike me as dirty?"

"Dirty? What right do I have to dislike you? I don't know how many people's blood is stained on my hands. If I turn around, it will be much dirtier than you. It's just that I am a lonely scorpion. People are too close."

After saying this, Scorpion turned over, then covered his face, and said faintly:

"But you don't have to worry. If you sleep here tonight, you can just let it go tomorrow. You are my scorpion woman, so no one else will move you, but if someone dared to do something to you, Then you tell me, I will kill him for you."

After saying this, Scorpion's breathing slowly became stable, and he fell asleep directly.

But after hearing Scorpion's words, A Hong was completely stunned!

After A Hong was caught here, she met many men who didn't know. Which of those men didn't want to bully her or abuse her. If they didn't agree to someone, how would they fall into one if they didn't want to watch this group of bastards? The end! A Hong has long been unable to persist and committed suicide!

A Hong still remembered that after arriving here, there was only one person who would treat her kindly, comfort her, protect her, and even tell her some nice stories!

But later, that person died. He was not the one with Liu Haisheng at all, he was a spy!

A Hong looked at how this spy was killed by Boss Liu, that person died in front of her in this way, so she would never forget it in her life!

And just before the spy was dying, A Hong was watching, and the spy looked at A Hong's eyes, filled with prayers, and A Hong also understood what this prayer meant, it was insignificant. Nodded to the spy.

Then this spy continued to resist, but how could his scarred body escape from the hands of these dozens of people?

So this spy was directly beaten into a sieve by more than a dozen guns, and before he died, his eyes were still looking at A Hong!

And without this person, the abuse A Hong was subjected to became worse, but A Hong no longer resisted, and slowly endured it!

It's not that Ahong is desperate and numb, but that Ahong has found the communication device left by the spy!

A Hong uses this communication device to report Liu Haisheng's information, just for someone to remove Liu Haisheng completely one day!

At that time, A Hong didn't even want his own life, she just wanted to die with Liu Haisheng, so that she could pursue the spy!

However, now Ahong is a bit hesitant, because she saw Scorpion!

She knew that Scorpion was not a good person, but Scorpion protected her like the spy.

At this time, the scream of the teapot made Ahong wake up from the memory. She was startled, and then hurriedly went to get the teapot, but was scalded by the steam!

Ah Hong couldn't help but let out a scream.

"Are you okay, why are you so careless!"

At this time, the scorpion who was training heard the sound of A Hong's exclamation and walked over directly, looking at A Hong's hand that had been scalded by the steam, frowned, and then took out a little from his pocket. 'S medicine bottle, then whispered to A Hong:

"This is a wound medicine, apply it yourself."

After saying this, Scorpion will go back and continue training.

The few blonde mercenaries who followed Scorpion showed a playful smile when they saw Scorpion's appearance:

"Hey, boss, I have never seen you treat anyone so kindly."

"Fuck off!"

Scorpion yelled directly, but it made the group laugh even more.

And A Hong looked at the medicine bottle in his hand, and at the back of Scorpion, a flash of firmness suddenly flashed in his eyes.

...

On Qin Yuan's side, Wen Guoqiang's deployment was completed, and Qin Yuan and the others immediately began to act without delay.

A camouflage helicopter headed directly towards the border. At this time, Qin Yuan was sitting on the helicopter. The other members of the red cell squad were sitting on both sides. Qin Yuan held a map in his hand and said directly to everyone:

"The place where Liu Haisheng hides is a jungle in the depths of the Golden Sea. There are many mines, the terrain is complicated, and there is only one road in and out. Our goal is to remove the scorpion and his team at a fixed point. The mountain traffic is inconvenient, in order to be safe Evacuate, we sneak in secretly, after we kill the scorpion, we will talk about other things!"

After saying this, Qin Yuan narrowed his eyes and said murderously to these people under his hands:

"If you count it, the scorpion has escaped from our hands twice. This is our shame, and this time is when we take revenge."

Hearing Qin Yuan's words, the members of the red blood cell team clenched their fists and shouted in unison:

"Vengeance!"

"Vengeance!"

"Vengeance!"

Seeing how angry the players were, Qin Yuan also nodded, and then said to He Chenguang who was on the side:

"I know that Scorpion is your enemy of killing your father, and this time, I intend to give you the task of dealing with Scorpion. This is my trust in you and a test for you. Remember, don't let me down."

At this moment, He Chenguang heard Qin Yuan's words, and a gleam of light flashed in his eyes, but he looked at Qin Yuan, but in the end he was full of hesitation, and said to Qin Yuan:

"Captain, otherwise you will come this time. After all, it's a big deal. I'm afraid I..."

Although He Chenguang wanted to kill the scorpion personally very much, he also understood that the mission this time was very important. If it fails, their team will have no face and Qin Yuan heard it. With these words, he closed his eyes, and then asked He Chenguang seriously:

"Falcon, this is your code name, do you know why you call this code name?"

At this time, He Chenguang heard Qin Yuan's question and raised his head directly. Before He Chenguang could answer, Qin Yuan said it first:

"This is because your father's code name is Falcon. The reason you are called by this code name is to inherit your father's will! And if you really want to be like your father, you must kill the scorpion for He takes revenge!"

At this time, Qin Yuan's voice was loud and loud, and the other members of the red blood cell team all looked at He Chenguang. They knew for the first time that the original code name Falcon had this meaning.

When He Chenguang heard Qin Yuan's words, he took a deep breath, and the whole person calmed down completely, a ray of revenge flashed in his eyes, and he nodded fiercely:

"Captain, I know, I will do my best in this matter!"
