

Special Soldier 39

Chapter 39: World-class neural response speed!

"Huh? Put the kitten in the grid, is there a choice?"

Hear the system prompt!

Qin Yuan couldn't help being taken aback!

But follow along!

is a thick surprise!

"I forgot about it! The system grid collects things, and you can get the relevant attributes!"

Qin Yuan laughed at himself and began to examine the three options in front of him!

"1, get world-class neural response speed!"

"2, get a world-class high-altitude jump!"

"3, get world-class balance!"

"Fuck! These three options! Isn't it too awesome?"

Qin Yuan stared!

He stared at three options!

can't help but exclaim!

"Nerve response speed, jumping, balance? These three abilities are still world-class???"

Qin Yuan glanced again, and when he was sure he was not dazzled, he couldn't help but marvel at it again!

no way!

have these three abilities!

Qin Yuan's overall physical fitness will become even more terrifying!

"It's said that cats have 7 times the neural response speed of humans! Faster than snakes! If I get this world-class neural response speed, wouldn't it mean that in the future, watching human movements become slow motion like cats? ?"

I thought of this!

Qin Yuan couldn't restrain his excitement!

"I choose 1!"

without hesitation!

Qin Yuan made the choice directly!

"Ding Dong~ Congratulations to the host for your successful selection! Get world-class neural response speed!"

"World-class neural response speed: Provides the host with 3 times the neural response speed of humans! Ordinary human actions become slow motion in the eyes of the host!"

The crisp system reminder sounds!

an instant!

Qin Yuan only felt that countless warm currents appeared in his mind, constantly moisturizing and washing his nerve cells!

In a moment!

The renovation is over!

Qin Yuan opened his eyes, looked around, and was surprised to find that the rhythm of everything around seemed to have slowed down!

On the ground, the crawling ants are moving very slowly!

The sparrow, which used to fly extremely fast, now seems to have not eaten enough! The flying speed is slow!

Qin Yuan can even see the rhythm of each sparrow flapping its wings!

"My God! Isn't it amazing?"

Qin Yuan only feels refreshing!

In the jungle, the speed of worms and birds does not slow down!

is just their movements, slowed down!

This is a very magical feeling that has never been experienced before!

Qin Yuan knows!

It's not that the opponent's movements slow down!

But his nerve reaction speed has become faster!

The corresponding speed, in his eyes, relatively speaking, naturally becomes slower!

"In other words! It's not that they are slower! It's that I become faster!"

Qin Yuan scanned the surroundings and couldn't help but smile!

This time I accidentally inserted the willow into the shade!

I didn't expect to save a little stray cat, and I would get such a huge benefit!

This surprised Qin Yuan!

"This is an unexpected surprise haha!"

Qin Yuan is very happy!

"It's just... a kitten is not enough! It seems that after the exercise is over, I will go to find more cats and retrieve them! After all, the world-class neural response speed is only three times that of humans!"

"And the top neural response speed! But 7 times!"

"And, not only that! As the saying goes, cats have 9 lives! It can be said that cats have almost all advantages! Perhaps the second and third options will get more powerful abilities?"

Experienced the powerful neural response speed!

Qin Yuan felt that his thoughts seemed to become faster and clearer!

Things that I couldn't figure out!

Now I only need to spend a little energy and mind to think about it, and I can sort my thoughts in an instant!

"Tsk tusk, make a profit, make a lot of money, haha!"

The corner of Qin Yuan's mouth smiled even more.

"Brother Yuan, look, what good stuff I brought back!"

At this moment, Li Erniu's honest voice sounded!

Qin Yuan's eyes lit up when he saw it!

good fellow!

I saw Li Erniu holding two pheasants in his left hand and a hare in his right hand!

can be said to be quite rewarding!

"Er Niu, your hunting ability is so powerful! You can get so many delicious things in such a short time?"

Qin Yuan almost drools when he sees it!

pheasant hare!

This can be said to be the most tempting food for soldiers!

Especially the game that I get in this environment!

The temptation is even more straight up!

"Hey, Brother Yuan! I can't do anything else! But I still have the ability to catch these delicacies! When I was young, I often went to the mountain fields with my friends to catch pheasants and rabbits. I have a lot of experience in capturing these things!" Li Er Niu smiled and threw the pheasant and hare on the ground, "And not only that, Brother Yuan! My way of roasting pheasant is also good! I will treat you well later!"

"Oh? Then I can just wait and see!"

Qin Yuan's eyes lit up when he heard it!

Grilled pheasant?

He just heard of it!

Haven't eaten yet!

Don't know how it tastes?

My heart moved!

Qin Yuan turns on thermal imaging capabilities!

Everything within a radius of 1000 meters has a panoramic view!

"Huh? At 80 degrees, there are three hapless guys?"

Originally, there were no blue soldiers in this area!

But unfortunately!

This time Qin Yuan unexpectedly discovered that there were 3 people more than 700 meters away in the direction of 80 degrees!

"Hmph, you are not too unlucky! You didn't get close here! I will let you go for the time being! But if you get closer, don't blame Lao Tzu for being ruthless!"

Qin Yuan snorted, not caring about the three of them!

It would be nice if they didn't find it here!

Once found!

I'm so sorry...

Their career in this exercise, is the end!

"By the way, Brother Yuan!" Li Erniu suddenly remembered something, he stood up suddenly, "Brother Yuan! I'm making a fire and roasting pheasants here! Will I attract the enemy?"

After realizing it, Li Erniu suddenly remembered that this was a military exercise!

To know!

Thick smoke can be seen from far away!

Wouldn't it be bad if it was discovered because of a fire?

The last time he made grilled fish, he didn't notice this problem!

But this time, he noticed it!

"Er Niu, don't worry! With me, the enemy comes, let's kill!" Qin Yuan smiled lightly, not caring, he cares more about the taste of roasted pheasant now!

"One enemy comes, let's kill one! Come two, let's kill one pair! You just need to grill the pheasant! Leave the rest to me!" Qin Yuan smiled confidently and patted his chest to make sure!

"Good Lieyuan brother! Then I'm starting!" With Qin Yuan's assurance, Li Erniu's eyes lit up, and there were no more worries or worries!

Because, Qin Yuan's words are guarantee!

Say it!

Li Erniu slaughtered a pheasant!

Then light a fire on the spot, set up a fire, and start roasting pheasants!

After a while~~

A plump, delicious and steaming roasted pheasant is out!

Qin Yuan rushed up immediately, tore off a chicken leg and stuffed it into his mouth, feeling the fragrant roasted pheasant in his mouth, Qin Yuan couldn't help smiling, "This is a drill, it is the most enjoyable picnic in the world!"
