

Special Soldier 40

Chapter 40: World-class flame control!

The wind is rolling in the clouds, Qin Yuan's mouth is full of oil, and a roasted pheasant is quickly eaten completely! !

But the second one has just been baked!

Qin Yuan still wants to eat!

But this is only for Li Erniu!

Without any choice!

Qin Yuan had to test the hare by himself!

Hare has been slaughtered and cleaned by Li Erniu!

All Qin Yuan needs to do is roast the hare!

"Brother Yuan, don't worry! I'm here! Let me grill it!" When Li Erniu saw Qin Yuan's clumsy barbecue appearance, he wiped his mouth, put the roasted pheasant down, and then prepared to help Qin Yuan by himself. Roast the hare and eat your own pheasant!

Qin Yuan couldn't help but smiled, "Er Niu! Just eat your food first! I will bake it!"

finished!

My heart moved!

Qin Yuan collects a touch of flame with one button!

The so-called barbecue!

Doesn't it just need perfect fire throat control ability?

"Ding Dong~ Please choose!"

The crisp system reminder sounded!

Three options appeared in front of Qin Yuan!

"Success!"

Qin Yuan was overjoyed.

"1, get world-class flame control ability!"

"2, get a world-class drill for fire!"

"3, get world-class fire resistance!"

"I choose 1!"

Looking at the three options, Qin Yuan directly made a choice!

What he needs is the ability to control fire!

As for drilling wood to make fire?

Forget this ability!

right now--

is the 21st century!

There are lighters everywhere!

There is no need to drill wood for fire!

As for the fire resistance?

"This ability is pretty good! Get it too!"

Looking at the third option, Qin Yuan is ready to get the anti-fire!

after all!

Although his physical fitness is terrifying now!

But there is no defense against flames!

Once ignited by flames, it will be injured!

"Ding Dong~ Congratulations to the host for choosing successfully! Get world-class flame control ability!"

"World-class flame control: can make the host perfect control of all flames! Easily bake any food!"

"Huh? This flame control ability was born specifically for baking things?"

Qin Yuan looked at the system description and was very surprised!

He never thought that the flame control ability of the system was actually designed for barbecue!

an instant!

Qin Yuan has a lot of knowledge and skills about flame control in his mind!

These knowledges are gathered together with the world's top and most mature barbecue skills!

Today's Qin Yuan is the world's strongest barbecue master!

"Good food, let's start!"

once again looked at the flame of firewood in front of me!

Qin Yuan's eyes are different!

The current flame is like an obedient child!

Qin Yuan can see through it at a glance!

and--

How many catties a child has, Qin Yuan is also very clear!

The flame is in front of Qin Yuan, no more secrets at all!

"According to the system introduction! The temperature of this wood burning flame is about 600 degrees Celsius, the temperature is considered very low! But... it is a must for grilling game!"

Under Qin Yuan's tumbling, soon, the test hare exudes bursts of attractive fragrance!

"Wow, Brother Yuan! Did you add any special spices to this test hare? Why does it smell so good?"

Li Erniu, who was eating roasted pheasant, suddenly stopped and couldn't help but exclaimed, staring at the test hare in Qin Yuan's hand dumbfounded!

no way!

This roasted hare is so fragrant!

so much so that he feels that the roasted pheasant on his hand is tasteless!

How can he not be shocked?

"Special spices?" Qin Yuan smiled and added wool!

During a large-scale military exercise!

The average soldier only has individual rations!

Li Erniu, who came from the cooking class, got some salt and simple condiments!

Qin Yuan now only sprinkled some salt!

As for other condiments?

didn't release it!

"Er Niu, aren't all the condiments in front of you? Have you seen me move?"

Qin Yuan is very satisfied with his barbecue skills!

"Oh my God! Just put salt, there is such a delicious taste! Brother Yuan, you are the master of barbecue! You are really awesome! You are too powerful!"

Li Ernew glared suddenly, and couldn't help but exclaim again!

no way!

Qin Yuan is really awesome!

Didn't expect that the barbecue craftsmanship is so powerful?

This is an eye-opener for Li Erniu!

"Is this the bull? This is just the beginning!"

Qin Yuan smiled lightly, his eyes twinkling!

After a few days of contact with the system!

Qin Yuan has probably understood the power and horror of the system!

is like the current flame!

I need a flame for barbecue!

This system gives world-class barbecue flame control capabilities!

In other words...

If I need it in the future!

just need to find the corresponding item!

can become stronger directly? ? ?

10 minutes later!

Barbecue is over!

A roasted hare with delicious color, fragrance, and flavor is presented in front of Qin Yuan and Li Erniu!

"Fuck! It smells so good!"

this moment!

Even Qin Yuan couldn't help but sigh!

This smell...

is absolutely amazing!

Qin Yuan has never experienced such a super delicacy!

tear off two front legs, and Li Erniu one by one!

Li Erniu has long been drooling!

Tear!

swallow in one bite!

Endless fragrance and fat!

Endless luxury enjoyment!

This roasted hare is even beyond the scope of gourmet food!

"Brother Yuan! Your roasted hare made me think of a word!" Li Erniu said with a face of enjoyment, and exclaimed, "This rabbit should only be in the sky! How many times can the world hear it?"

Qin Yuan couldn't help but smile when he heard the words, "Oh, Er Niu! You can chant poems too? So wet and good poem!"

"Hey, Brother Yuan, I just sent it! Suddenly there was such a sentence in my mind! Don't laugh!" Li Erniu smiled, is full of sighs!

no way!

Qin Yuan's barbecue ability is too powerful!

He has never eaten such a delicious roast hare in his life!

I have experienced it now!

Li Erniu was even born. It feels worthwhile to die now!

"Haha, it's done! Hurry up! Eat! We stay here for so long, the enemy might have discovered it! After eating, let's change the place!"

My heart moved!

Qin Yuan urged world-class thermal imaging!

found that within a radius of 1,000 meters, there are now 9 blue soldiers!

And the original soldiers are now less than 300 meters away from them!

A firefight is inevitable!

This time, it's a real windfall!

A plump hare was completely eaten by two in less than 1 minute!

Qin Yuan and Li Erniu are still unfinished!

just now...

They must go!

To be precise, you must fight!

The two got into the car, Qin Yuan kicked the accelerator to the bottom, and the jeep roared and rushed out!

"It's cool to follow Brother Yuan, hahaha!".

Li Erniu sat in the car, comforted his stomach and laughed!

"Silly Erniu, is it enough to just eat a roasted hare?" Qin Yuan smiled lightly, feeling the strong wind and tiger roar in his ears, and then said, "The real excitement has just begun!"
