

Special Soldier 41

Chapter 41: Weak He Chenguang!

With the help of world-class thermal imaging!

Qin Yuan took Li Erniu all the way!

and--

Specially encountered small units of the Blue Army!

usually no more than 20 people!

It's getting dark!

Qin Yuan got two new grids!

has used 3 grids during the day, and once again has 5 grids!

As for Li Erniu?

shot hundreds more rounds!

Sit firmly on the soldier who hit the most bullets in this exercise!

no way!

Because even Qin Yuan!

I haven't shot many bullets!

Qin Yuan is the most efficient soldier!

Just shoot!

There are no false cases!

Each bullet shot represents the fall of an enemy!

Unbeatable!

If Li Erniu is the soldier who hits the most bullets, then Qin Yuan has the highest hit rate!

Kill the enemy without a second bullet!

has been busy all day!

Unconsciously!

It's late at night!

Qin Yuan's belly has already groaned!

selected a place where no one can pass by temporarily!

Qin Yuan personally caught 4 pheasants and 3 hares with Li Erniu!

There is not much else in this jungle!

But there are so many wild pheasants and hares!

Qin Yuan didn't spend much time at all!

soon!

Set up a fire and cook a barbecue!

In a moment!

On the fire is a strong and attractive meat fragrance.

Li Erniu's greedy drool, his eyes are bright!

no way!

This barbecue tastes so delicious!

have eaten a few times!

The second time I just need to smell this familiar smell, I can't help drooling!

"Er Niu, don't worry! It will be done soon!"

Qin Yuan smiled, very satisfied with his craft!

This time, he roasted two pheasants at the same time, one in each hand!

of course--

With his world-class flame control ability!

can't make two roast chickens at the same time!

But at the beginning of the barbecue!

Qin Yuan recovered four flames into the system space again!

directly upgraded his world-class flame control ability to the universe level!

The system's description of the most peak cosmic flame control: do whatever you want, perfectly control all flames!

This represents!

Whether it is a single spark, or a flame produced by firewood or coal!

Qin Yuan can be perfectly controlled!

of course--

is just control, and then use it!

There is no way to resist resistance!

"Nowadays the grid is very abundant! I am idle and I am idle! It is better to get the fire resistance ability!"

Human skin has almost no resistance to flames!

A slightly higher temperature can cause burns to human skin!

Although Qin Yuan is physically strong, he has almost no defense in this area!

is no different from ordinary people!

With a thought, Qin Yuan directly recovered 5 flames and occupied a new grid!

"Ding Dong! Please choose!"

The crisp system prompt sounded suddenly!

Three familiar options are in front of you!

"1, get cosmic flame control ability!"

"2, get a world-class drill for fire!"

"3, get world-class fire resistance!"

"I choose 3!"

without hesitation!

Qin Yuan made the choice directly!

"Ding Dong~ Congratulations to the host for gaining world-class fire resistance, which can withstand high temperatures below 300 degrees!"

The crisp system prompt sounded suddenly!

an instant!

Qin Yuan only felt that his body surface had undergone some cold changes!

There seems to be some special liquid covering his body surface! Protect your skin!

Qin Yuan just feels extremely comfortable all over his body!

of course--

This is just the beginning!

Qin Yuan's goal!

But resist all fire damage!

"I choose 3!"

Qin Yuan keep choosing!

four times in a row!

I choose the third one every time!

Then.

Perfect level!

Universe!

Complete!

Universe!

Qin Yuan's flame resistance!

changed from 300 degrees to 1000 degrees, then 2000 degrees! 3000 degrees! 4000 degrees!

Universe-level flame resistance!

can make Qin Yuan easily resist the burning of 4000 degree flame!

4000 temperature

What concept?

This represents!

Qin Yuan can even use his body surface to touch flames with super high temperature such as magma!

did not suffer the slightest harm!

"Fuck! It's terrible, isn't it? 4000 degrees! It's almost close to the surface temperature of the sun!"

Even Qin Yuan himself felt an agitated spirit, and his mood trembled!

The more contact with the system!

, the more terrifying and powerful the system is!

Inadvertently!

The system can give Qin Yuan a big surprise!

Just like now, Qin Yuan can resist 4000 degree flame burn!

If this is placed in the real world, it is simply a fantasy, okay?

If Qin Yuan personally performed the ability to resist fire on the street!

I'm afraid I will be arrested as a liar!

In a while!

Two roasted pheasants are ready!

The wind rolls the cloud!

There is no stay!

Even if it is very hot!

But still can't restrain the temptation of delicious food!

Qin Yuan and Li Erniu are like crazy dogs who have been hungry for several days!

swallowed a large roasted pheasant in his belly in just a few minutes!

Li Erniu's mouth was full of cattle, and he was content to eat. He wiped his mouth and smiled honestly, "Finally feel comfortable! Brother Yuan, if I can taste your barbecue every day, it would be great! If this is true, then even now I die. It's worth it!"

Qin Yuan glared when he heard it!

Do you still eat homemade barbecue every day?

Is this trying to exhaust yourself?

"Er Niu, I dare not give you barbecue every day, listen to your tone, then am I a sinner?"

Qin Yuan smiled and continued to cook barbecue!

half an hour!

Qin Yuan made all the pheasants and rabbits and sent them to his belly!

This is a satisfied ending!

sit comfortably in the cab!

Qin Yuan couldn't help but loosen his waistband!

no way!

He ate three roasted pheasants alone!

plus a hare!

If it were an average person, I'm afraid my stomach would burst!

Fortunately it is Qin Yuan!

Strong physical fitness!

The ability to digest is even tougher!

Only then can I eat so much!

But even so!

Qin Yuan's stomach is also supported!

"Huh? Who?"

suddenly!

Qin Yuan only felt an inexplicable sense of crisis!

just patronized the barbecue!

Qin Yuan only cared about eating meat, even forgot to turn on thermal imaging capability investigation!

an instant!

Qin Yuan turns on thermal imaging capabilities!

A familiar figure suddenly becomes a clear influence, which comes into my mind!

"Huh? He Chenguang? This guy... why did he get here?"

Qin Yuan's unexpected discovery!

is more than 30 meters ahead!

He Chenguang, who was all dirty, ran feebly all the way, his feet were vacant and he staggered!

"Er Niu, take you to meet an old acquaintance of yours!"

Qin Yuan smiled, and drove the accelerator directly and shot it!

"Huh? Old acquaintances? Who? Is it the squad leader?"

Li Erniu's eyes lit up when he heard it!

is full of expectations for those who come!

Click!

He Chenguang seems to be unable to hold it anymore!

The body staggered!

fell to the ground!

At the same time, Qin Yuan also drove Li Erniu to him!

"Morning, morning light?"

When I saw that the person here turned out to be He Chenguang!

Li Erniu was shocked at once!

Both surprise and surprise!

Even the whole person is a little messy!

He Chenguang what's wrong? ?

Isn't he fighting with the big army?

How did you fall into this field?
