

Special Soldier 421

Chapter 421: 1 go!

Hearing his father's words at this time, the little boy felt relieved, and then fell asleep deeply.

At this time, He Qingliu, who was on the side, came over and asked the father:

"Doctor Lu, have you called Deng Mei? When can she come?"

But at this moment, when He Qingliu's words were heard, Dr. Lu looked very ugly, and said to He Qingliu:

"I walked in a hurry when I went out, I don't know where I dropped my phone."

"Give you my call, call her quickly, make sure it's safe, don't worry her."

At this time, He Qingliu handed the phone directly to Dr. Lu. Dr. Lu was suddenly surprised. He immediately connected the phone and talked with his wife:

"Deng Mei, are you okay?"

"Oh, I'm almost dying, why don't you answer the phone? I'm still in the company. After a while, we will evacuate with the company's people towards the distance point, and finally arrive at the warship. I am with Xiao Rui. Do not worry."

At this time, Deng Mei, who was on the other end of the phone, also hurriedly reported to her husband that he was safe. He Qingliu and Dr. Lu both felt relieved when they heard these words. After that, they agreed to see you on the warship.

The people around also began to call their friends and relatives to report safety, but listening to the continuous sound of cannons outside, everyone's heart was under great pressure.

...

At this time, the Linyi ship finally stopped at Ojafa Port in Ivia!

At this time, Gao Yun, who was standing in the captain's room, looked at the port in front of him, and urged his secretary to one side:

"Contact the Iwea government and ask them to open the port."

And soon, Gao Yun heard the report:

"Report, the government of Ivia has approved us to enter the port of Ojafa!"

When he heard this, Gao Yun also nodded fiercely, and said directly and loudly: "The entire ship has entered the second-level combat deployment!"

With Gao Yun's words, the entire warship was full of alarm bells. The navy soldiers quickly entered the battle preparation with guns, and countless ship-borne artillery control machine guns and missile systems were also aimed at the port. Although they all know that Ojafa Port is still in the hands of the government forces, no one of them can be sure whether a missile will suddenly fly directly from the direction of the port!

At this time, at the port of Ojafa, a group of Yan nationality citizens protected by the Ivia government army heard the voice of the warship and stood up directly, and saw a giant slowly docking ashore. Shouted excitedly:

"Our warship is here! Our warship is here!"

"Finally it's time to wait!"

At this moment, seeing the arrival of the warship, the Yan Guo nationals in the port suddenly cheered and waved the red flag in their hands.

Seeing how excited these people are, the soldiers of the Ivia government army have a trace of envy in their eyes.

After all, these people have been able to evacuate, but they have no way to escape, because this is their country, and their war must be faced by them!

Soon the warship was docked, and the naval soldiers rushed directly to the port, quickly set up various protective belts and security gates, and began to welcome the citizens of the Yan country to return home. After that, a safe area was set up to remove all Others who do not belong to Yan Country are isolated!

And looking at the warship on the sea full of various gun barrels, the surrounding young people trembled in their hearts and slowly retracted their tentacles.

After all, this is a real threat!

Seeing these diaspora slowly entered the warship according to the specifications, Gao Yun was also a little relieved. Then, as long as all the personnel arrived, they could leave here directly.

But at this moment, political commissar Wang Qiang rushed directly to Gao Yun and said to Gao Yun with a serious face:

"I just received the news that the current President Ivia is missing, and Secretary-General Mohadi asked for help from our army, praying for the safety of his family. We have agreed, and we have designated ours to meet Mohadi's family."

Hearing such words, Gao Yun's expression was also a little ugly, nodded, and then said to Wang Qiang:

"If this is the case, we must strengthen our defenses. After all, the opposing rebel army is irrational. If we really protect Mohadi's family, then the other party is likely to take action against our diaspora and force us to hand over Moha. Di's family, so you have to prepare in advance now! The Dragon Team set off immediately, ready to pick up the embassy's citizens!"

But Gao Yun hadn't finished saying these words. Suddenly a secretary rushed over from one side, and said to Gao Yun in panic:

"Report, we just received a call from Embassy Ambassador He Qingliu. The embassy's convoy took the last batch of overseas Chinese. Just after leaving the consulate, they were attacked by a group of

unknown facts. Now they have been forced to enter the war zone. It's extremely critical, so I request our assistance."

Hearing such words, Gao Yun's eyes suddenly went wide. He didn't expect it to be fulfilled as soon as he finished speaking!

He knows what this means. If outside the theater, the security of the embassy and foreign nationals is still protected by the laws of war, but once they enter the theater, they will be treated as combat troops, even if they are shot and killed. , Then they have no way to get justice for them, they will only be judged as manslaughter.

Gao Yun understood that this must be the counterattack of those terrorists, and immediately gave an order:

"Immediately contact the Ivia government and let them allow us to enter to assist our expatriates!"

At this time, Qin Yuan, who was chatting with the people from Jiaolong Team, suddenly saw that the emergency communication phone on the wall rang, Yang Rui immediately rushed over, picked up the phone, and heard it. The voice inside, with a serious face, said directly to the members under his hands:

"Our nationals have been attacked. We must enter the war zone to rescue them and set off!"

Hearing this, the Dragon Squad, which had been prepared for a long time, moved quickly towards the armored vehicle, while Yang Rui asked Qin Yuan:

"Qin Yuan, are you going with us this time?"

Although Qin Yuan had already agreed to be under Yang Rui's command, Yang Rui understood that Qin Yuan was not his own soldier after all, so he asked.

But Qin Yuan thought for a while, and suddenly it occurred to him that there was a woman named Deng Mei in the last wave of expatriates, and Xiao Hua belonged to the same company. If now, he might be able to find Xiao Hua in advance!

"Okay, I will go with you!"

Chapter 422: Annoying!

But at this moment, a voice suddenly rang in Qin Yuan's mind:

"Ding Dong, the system issues self-care tasks to help the Ivia government army guard the defense line and reward the grid!"

"Ding Dong, the system will issue a task, bring Xiaohua back safely, and reward a grid!"

"Ding Dong, the system will issue a task to bring Deng Mei back safely and reward a grid!"

Hearing such a voice at this moment, Qin Yuan's eyes suddenly moved. He really did not expect that he would come on a mission at this time!

However, in the current situation, it is clear that the system has regarded the rebels as enemies, and Qin Yuan's eyes suddenly became sharp, and he said directly to Yang Rui:

"lets go!"

Soon, Qin Yuan entered the war zone with him, the gunshots got closer and closer, and the mutilated bodies could be seen from time to time on the ground.

At this time, Yang Rui directly commanded Qin Yuan and his team members:

"The intersection ahead is controlled by those armed groups. We have to enter from the top of the building on one side. The consulate is hiding in a factory. We are entering and exiting from the side. You two are going to occupy the commanding heights! The second team guards the convoy! Understood ?"

"understand!"

At this time, everyone in the Jiaolong team agreed in unison, and Qin Yuan glanced at the map, but directly whispered to Yang Rui:

"You can rush directly into the past from upstairs, but you can't bring the expatriates back from this place. You still have to open up the ground channel. I will help the Ivia government forces in a while to repel the attacks of the rebels. Some, you take this opportunity to bring the overseas Chinese quickly!"

At this moment, Yang Rui's eyes widened when he heard such words, and said in disbelief:

"We don't have enough staff. We didn't deploy the guards downstairs. You are the only one, okay?"

"Of course it is possible, this is not the government army of Ivia!"

Qin Yuan smiled happily, showing a confident smile, then glanced at the equipment in his hand, and motioned to relieve Yang Rui.

But Yang Rui couldn't feel relieved at all. After all, they had seen it all along the way. The government army's equipment and weapons were very simple, and they did not have the mentality of being fearless against death, and the fighting ability was very suspicious!

"Well, you can stay here for a while. After we have rescued the overseas Chinese, we will support you immediately!"

But in this situation, Yang Rui could only choose to believe in Qin Yuan, and then whispered directly into the headset:

"Everyone said to make a headset now, please answer if you hear it!"

"Machine gunner Zhang Tiande received!"

"Machine gunner Tong Li received it!"

"Blaster Xu Hong received it!"

"Observer Li understands it!"

"Sniper Gu Shun received it!"

"Medical soldier Lu Chen received it!"

"Communicator Zhuang Yu received!"

"Free man Qin Yuan received!"

At this time, hearing the answer from his team member, Yang Rui also said suddenly:

"Okay, Zhuang Yu guarantees that the communication is normal, everyone starts to act!"

Then Yang Rui took the person into action, and finally said to Qin Yuan:

"Be careful that the opponent has too many people and the firepower is fierce, pay attention to safety!"

And Qin Yuan just made an OK gesture, and then rushed out instantly.

In the end, the people from the Jiaolong Commando were also cat waisted, swiftly stepped forward, and directly rushed into the building on one side in the rain of bullets.

At this time, Qin Yuan smelled the smell of gunpowder in the air, and looked at the various limbs around him, his whole body became extremely cold.

Returning to the battlefield again, this changed Qin Yuan's entire mood!

"Hey, come on!"

Randomly greeted the people of the Ivia government army, and Qin Yuan shot directly, and with one shot, a headshot of the rebel army was headshot!

Moreover, Qin Yuan kept on shooting one after another with the rifle in his hand, and never stopped, and the rebels on the opposite side, as long as they dared to show their heads, were almost hit in the head by Qin Yuan.

After all, Qin Yuan is not only superb marksmanship, he possesses cosmic rifle marksmanship, and has 7 times the reaction time. It is not a piece of cake to deal with these people who have not received serious military training!

Thirty rounds of bullets, each of which took away the opponent's life. The guns and guns headshot, scared the opponent's rebels hardly dared to show their heads, and the government army's downturn was immediately pulled back!

While Qin Yuan was changing the magazine, one of the other terrorists directly moved out of the rocket launcher, and instantly pulled the trigger towards Qin Yuan, but Qin Yuan did not rush to change the magazine. Then he raised his hand with a shot, and a bullet hit this rocket directly!

Because the flying speed of the rocket is much slower than the bullet, Qin Yuan still has room to change the bullet. After replacing the bullet, Qin Yuan directly launched seven times the nerve response speed, and one bullet hit the rocket. On the fuse of the bomb, the rocket did not fly far, and exploded directly!

In an instant, the terrorists around were blown up to death!

This group of terrorists was immediately terrified, and even the rockets weren't Qin Yuan's opponent. They really couldn't think of any other way to deal with Qin Yuan!

And the captain of the government army just now saw that these people from Yan Guo only sent one person, but he was still a little dissatisfied, but now he saw that Qin Yuan was so brave, almost one shot at a time, and even a rocket launcher could deal with it. It was immediately understood that these people did not stop sending more people here, but that one person was enough!

The bearded captain patted Qin Yuan on the shoulder and raised a thumb to Qin Yuan:

"People of Yan Country, great!"

But Qin Yuan just chuckled and ignored it. At this time, he shot and looked at his task list.

He now has a task that can be completed. is to help these government forces guard the defense line, but what makes Qin Yuan a little confused is, how can this task be completed?

After all, if you want Qin Yuan to just guard a line of defense, wouldn't this task be too easy?

This makes Qin Yuan really puzzled, and the description of this task is also a bit strange. Qin Yuan carefully read the description of the system task:

The system releases self-care tasks to help the Ivia government forces guard the line of defense and reward grids!

Self-care tasks?

Qin Yuan looked at this word, completely confused!

This quest was different from other quests. Not only did it fail to explain where it should be, but it didn't even say how many grids it would be rewarded, which made Qin Yuan really confused.

Take care of yourself, you can't make Qin Yuan feel like eating a buffet, can you take it yourself?

Chapter 423: The terrifying Qin Yuan!

But when Qin Yuan felt confused, Qin Yuan suddenly felt a sense of crisis from his spider induction. Upon closer inspection, there happened to be a car rushing towards this side in front of him. Captain Bearded also yelled:

"Car bombs, be careful! Get out of the way, everyone!"

Hearing the sound of the car bomb, Qin Yuan's eyes suddenly narrowed into a line. He naturally knew the power of this car bomb!

This so-called car bomb is that terrorists are forcing innocent civilians to attach explosives to their bodies and their cars, and then their families are used as threats, forcing them to drive into them directly.

When the time comes, the terrorists will directly detonate the bomb with remote control, and then let this car and the government forces die together!

At this time, Qin Yuan could clearly see that in a tattered car, a middle-aged man was so scared that he burst into tears, yelled frantically, and then slammed on the accelerator and ran into them. .

Here, Qin Yuan could even see the fuse of the bomb on the middle man's neck and the chain that was locked on the steering wheel!

Qin Yuan knew that this was an ordinary Ivia civilian, but when he drove into this car and hit it, it was a moving bomb!

And for a moment's surprise, the man was halfway through. Qin Yuan saw this situation and knew that he could no longer save the civilian, so he could only raise his hand and hit the civilian's neck directly. bomb!

With a bang, the bomb was immediately detonated, and countless steel ***** and iron fragments burst into the surroundings!

And Qin Yuan directly lowered his head, hid behind the bunker, and escaped the bomb's 2 damage!

Although this car bomb did not directly rush to this position, it also directly suppressed the government's design. The rebellious judgment over there realized that it was a military training battle, and then more car bombs were sent toward this position. He drove over.

At this time, Qin Yuan discovered that the other party had a person who could detonate the bomb, and after Qin Yuan shot a shot, he found that his bullet could not hit the other party at all, and he immediately aimed at the bazooka on one side!

But before Qin Yuan had time to pick up the rocket launcher, he saw a soldier from Ivia and also found the person's location, and hit it directly with a rocket!

It's a pity that guy's position is too far, and the rockets simply can't hit!

This time Qin Yuan also hammered his thigh suddenly, knowing that this trick would not work, so he could only aim at the opponent's location, and hit three bullets directly!

But this distance is too far, Qin Yuan's bullets can't penetrate the wall at all, there is still nothing he can do!

But at this moment, Qin Yuan looked at the rocket launcher set aside, but his eyes lit up. Suddenly he thought of a way, and then he took the rocket launcher directly, and then took advantage of the fact that everyone was not paying attention. In, and then took it out instantly!

At this time, Qin Yuan heard the system prompt for a while!

"Ding Dong~ The system was successfully recovered, please start the selection!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get world-class rocket control technology!"

"2, get world-class rocket manufacturing technology!"

"3. Get world-class rocket improvement technology!"

Looking at these three options at this time, Qin Yuan did not hesitate at all, and directly chose the first item!

"System, I choose item 1!"

"Ding Dong, congratulations to the host for his successful selection and obtaining world-class rocket control technology!"

At this moment, when he heard this sound, Qin Yuan felt that the bazooka in his hand became familiar, as if it were an extended part of his body!

Hey, enough!

Qin Yuan's eyes were also cold at this time, he directly turned on the radar ability, and quickly locked a person holding the remote control in the rear, directly picked up the bazooka on the side, and instantly pulled the trigger!

And at this moment, Gu Shun, who had just reached the commanding height, set up his gun instantly, found the person holding the remote control in his hand, and aimed at the opponent's heart!

He heard a violent explosion just now, and knew it was the sound of a car bomb, so he quickly locked on the person holding the remote control.

After all, the person holding the remote control is in a relatively off-site position. The rebel army below can't hit it with weapons at all. Only those standing on the commanding heights can kill the person holding the remote control.

But just when Gu Shun just wanted to shoot, he suddenly saw an explosion. A rocket shot instantly hit the resistance army holding the remote control in his hand, and directly exploded this guy into a pile of fragments. Gu Shun's bullet was immediately empty!

Not only was Gu Shun stunned at this moment, even observer Li Tang was completely surprised, and said in disbelief:

"How is this possible? They have no way to hit each other at the lower position. How did this happen?"

At this time, Qin Yuan sneered when he heard Dong Li's question on the intercom:

"Easy to handle, as long as the rocket is shot out and a parabolic attack is enough!"

parabola?

Hearing this, Gu Shun and Li Dao both widened their eyes, playing parabola with rockets? And so accurate? What kind of computing power is this?

As observers of snipers and snipers, Gu Shun and Li Dao have naturally heard the term parabolic shooting. However, most parabolic shootings are usually such powerful sniper rifles. After all The

power of these guns is strong, the bullet weight is small, even if it is affected, the amplitude will not be very large.

But Qin Yuan used a rocket this time. Although the rocket is propelled by external power, this rocket is very heavy and very susceptible to external influences!

But Qin Yuan directly used the technique of parabolic shooting just now to blow up the resistance army hiding behind, which is enough to prove how advanced Qin Yuan's methods are!

"Who is this guy, how can he be so powerful, he can perform such operations with rockets, which means that he can perform such operations with a sniper rifle, this guy is definitely a sniper master!"

At this time, Gu Shun said lightly, and when he heard this, Li Guo couldn't help nodding.

And now that he had obtained this skill, Qin Yuan naturally wanted to use it to the end, and said to the Ivia soldier on one side, "Help me reload!", and then exploded one after another!

Chapter 424: rescue!

Boom boom boom!

One rocket after another exploded directly, and these rebels cried and cried!

They found that the rocket in the opponent's hand was almost like a Sidewinder missile. No matter where they were hiding, they could blow up to them. Even if they were hiding at an angle that was completely impossible to catch, the rocket still looked like Like the **** of death, he jumped directly on top of their heads!

Although these rebels were brainwashed, facing such a Qin Yuan, they really couldn't stand up to the idea of resisting, so they could only completely abandon this level and retreat directly!

At this time, Yang Rui, who was rescuing the expatriates inside, heard the gunshots outside and seemed to gradually thin out, and said directly to the headset:

"I have found the diaspora now. I need to clear the ground channel and send them to our car. People outside will help me suppress the rebels on the opposite side! So that the diaspora can pass quickly!"

But as soon as Yang Rui finished speaking, a voice suddenly came to mind in the headset:

"No, you can just come out directly, the person opposite has been beaten back by me!"

"what?"

Yang Rui's eyes widened when he heard this. How could this be possible?

There are dozens or hundreds of people on the other side, and their base is behind them, so this group of people has a steady stream of assistance. With this Qin Yuan and these dozens of government troops, how could it be possible to repel the people on the other side? ?

But at this time, the observer Li Dao above also said to Yang Rui:

"Captain, what he said is true, the rebels really retreated!"

After hearing what Li Tang said, Yang Rui rushed out cautiously, only to find that the gunfire outside really stopped. Only the people from the Ivia government army were cleaning the battlefield!

Yang Rui was really dumbfounded at this moment. He looked directly at Qin Yuan and found that Qin Yuan was talking with a bearded soldier at this time. This bearded soldier seemed to be very happy.

At this time, Yang Rui leaned forward, and this big beard also gave Yang Rui a thumbs up, and said in a very slurred Chinese:

"People of Yan Country~ Cows!"

After saying this, he went to command the other soldiers, but Yang Rui actually glanced at Qin Yuan curiously, and asked Qin Yuan:

"What did he tell you just now!"

However, Qin Yuan shook his head and answered directly to Yang Rui:

"This guy said he wanted to hire me as a mercenary and let me help clean up the rebels in their country. I didn't agree. They paid too little."

When Yang Rui heard this, he frowned and asked curiously:

"How much are they willing to pay?"

"One million a month."

Hearing this, Yang Rui almost choked out the water he was drinking:

"One million, are you talking about Yan Guo's currency or their currency here?"

"Dollar."

"puff!"

Hearing Qin Yuan's words, Yang Rui directly sprayed the water out of his mouth.

One million dollars, that's six or seven million. Their monthly allowance is just a few thousand dollars! How long will it take them to save this million dollars?

At this time, seeing Yang Rui's appearance, Qin Yuan just smiled and said directly to Yang Rui:

"What's the matter? My heart is moved? If you want to help them here, I can tell them, like you, it costs tens of thousands."

Hearing these words, Yang Rui immediately shook his head anger:

"Let's pull it down, you don't come here to help millions of you, I'll go back honestly if I have tens of thousands. Oh, by the way, why are you not willing to come for a million?"

"Too little..."

Yang Rui rolled his eyes and left directly.

What Qin Yuan said is true. After all, in one month, with Qin Yuan's ability, I don't know how many rebels here can be killed. The most important thing is that it can thoroughly inspire the will of these government troops. Completely suppress this resistance.

If so, one million dollars would be too little.

But Yang Rui probably doesn't believe it...

After saying these jokes, Yang Rui immediately began to arrange the overseas Chinese to go to the direction of the fleet, and Qin Yuan saw a man wearing glasses and holding a child in the car, and he immediately greeted him. The man asked:

"Hello, are you Deng Mei's husband?"

At this time, Doctor Lu looked at Qin Yuan with a grateful smile, and then replied:

"That's right, I am, do you have anything to do with my wife?"

"Oh, it's okay, I just want to ask, Xiaohua also withdrew to the warship, right?"

Qin Yuan's goal this time was Xiao Hua. Now that he saw someone he might know Xiao Hua, he naturally wanted to ask.

But after hearing such words, Dr. Lu was a bit at a loss:

"Um, who is Xiaohua?"

Seeing Doctor Lu's appearance, Qin Yuan felt something was wrong, and frowned and asked:

"Xiaohua, that's Xiaohua, who worked with your wife Deng Mei at the William Energy Company. You are all from Yan Guo, do you not know each other?"

Hearing this, the little boy in Doctor Lu's arms directly yelled:

"I know I know, it's sister Xiao Rui?"

"Oh? It turned out to be Xiaorui. Her name is Chen Qingrui. And it's not William Energy, but Green Valley Energy. You said Xiaohua I don't know! If you say Xiaorui, then I will know."

At this time, Doctor Lu also reacted, but he said:

"Now Xiao Rui is with my wife, they are finishing the last thing, and they will come back when they are done..."

"what?"

At this time, Qin Yuan's eyes suddenly widened, and he grabbed Doctor Lu by the neck:

"Why do you want them to go there Don't you know they are dangerous?"

"what?"

At this moment, Dr. Lu was also blank when he heard this. At this moment, Zhang Rui on one side suddenly received a message, and said to Qin Yuan with an ugly expression:

"There's news from above..."

At this time, Gao Yun's deep voice came from Qin Yuan's headset:

"Yang Rui, Qin Yuan, listen carefully. There is a reporter named Xia Nan who called our warship just now and said that she had seen the terrorists in Zhaka and had directly rushed into the Green Valley Energy Company and murdered!"

"And among the Green Valley Energy Company, there are citizens of our two countries and important personnel. Let us rescue them! We have already negotiated with the Ivia government. They will provide some armored vehicles and a team of armed personnel. The task is to immediately go to Green Valley Energy Company to rescue these two expatriates!"

Chapter 425: I'm coming

And when he heard this news, Qin Yuan's expression was also extremely ugly. He understood that the two overseas Chinese must be Xiaohua and Deng Mei!

At this time, Qin Yuan gritted his teeth, took out his mobile phone, and made a call:

"Didn't you say that you have taken care of it for me?"

On the other end of the phone, it was the same person sitting at the desk. At this moment, he heard Qin Yuan's call, with a serious face, and said to Qin Yuan in a low voice:

"This time I did make a mistake. I just notified the embassy and asked her to stay in the embassy as much as possible, but she did not expect that she would run out. However, Qin Yuan, let me tell you that this sister in your mouth is not only It is a researcher of Green Valley Company, and even a secret person in our country. This time, she is not only for herself, but also for other tasks!"

"Enough, I know, hang up!"

At this moment, Qin Yuan hung up the phone suddenly, as if there was a fire lion roaring in his heart, no matter what the reason, the similarity this time was a mistake!

But soon, Qin Yuan calmed down. Now that Xiao Hua hasn't been caught, he still has a chance, and even if Xiao Hua is caught, those people will not kill Xiao Hua directly, but want to use Xiao Hua and Deng Mei, come to threaten Yan Guo's navy and let them release the family of Secretary-General Mohadi, thereby threatening Mohadi!

And all this is because of this resistance army!

"Zhaka, you really annoyed me!"

At this moment, a fierce light flashed in Qin Yuan's eyes, and Yang Rui, who was watching on the side, was frightened.

To be honest, he has never seen such a strong murderousness!

Although he was a little nervous, Yang Rui still asked Qin Yuan:

"Qin Yuan, I can understand your feelings, but you'd better not participate in this action!"

According to military regulations, it is true that Qin Yuan has no way to participate in this kind of involvement of his relatives. After all, this will make people more impulsive, and sometimes, impulsiveness is the worst thing!

"No, you can ask your superiors for instructions. I can participate in this task."

Qin Yuan said coldly at this time, and then Qin Yuan directly sent a text message to Lei Tong:

"Principal Lei, next, I may use my own means to save people, don't you want to see my skills, then you just keep your eyes open and take a good look!"

After the text message was sent, Qin Yuan directly turned off the phone, and then walked directly to the bearded officer, and then spoke to the other party in a very fluent Ivian language, and the bearded officer suddenly became a His face nodded in excitement, patted Qin Yuan on the shoulder, then rushed to the side and started calling!

When Yang Rui saw Qin Yuan's actions, he had a very bad premonition in his heart, and asked Qin Yuan:

"You... what did you say to him?"

"I said, I will help them kill the terrorist boss Zhaka and let him give me some support."

At this moment, a cold light flashed in Qin Yuan's eyes, but when he heard this, Yang Rui looked ugly, and whispered to Qin Yuan:

"Are you crazy? We are soldiers. If we do such a thing, we will go to a military court!"

However, Qin Yuan smiled slightly at this time and said to Yang Rui:

"Do you know why I am called a special agent?"

Hearing this, Yang Rui suddenly remembered the scene of Qin Yuan directly falling from a J-20, and he couldn't help but think of an extremely absurd idea, what Qin Yuan said is true?

Is this Qin Yuan's real goal?

After all, after abandoning such a big battle, only the reason to kill this Zhaka can give Qin Yuan such great privileges, and Yang Rui also sees Qin Yuan's ability, if there is enough opportunity, Qin Yuan can really do it. To!

And looking at Yang Rui's appearance, Qin Yuan chuckled lightly:

"Are you going to follow me?"

"Uh, no, I have to execute the orders of my superiors!"

At this time, Yang Rui looked at Qin Yuan with complicated eyes. After all, he was not Qin Yuan, and he had to have orders from his superiors to perform the task!

At this time, Yang Rui received news from Gao Yun:

"Yang Rui, we have received news from our superiors that the government of Ivia cannot provide us with helicopters, but can only provide convoys. They let us follow the convoy escorting civilians and set off together. The position pointed by Xia Nan means that the government provides The message from is that a small town called Bassem was occupied by a terrorist organization a week

ago. Now you go to the interim government army assembly point 70 kilometers away and follow the convoy escorting the civilians on the road. Their special forces will cooperate with you!"

Upon hearing this news, Yang Rui also directly accepted the order, then glanced at Qin Yuan and told Gao Yun of Qin Yuan's choice.

However, the same movements seemed to be very fast, Gao Yun didn't say much about Qin Yuan, just let Qin Yuan move freely.

At this time, Yang Rui looked at Qin Yuan's expression even more strange, and what made Yang Rui collapse even more was that the Ivia government forces that claimed to be unable to take out a helicopter actually made a helicopter for Qin Yuan!

Qin Yuan glanced at Yang Rui and said directly:

"This time, you must be careful. Those people are crazy, I hope you can come back safely!"

"You too!"

Yang Rui looked at Qin Yuan very solemnly, and the two directly touched their fists, and then they parted ways!

Then Qin Yuan got into an armored vehicle of the Ivia government army and headed directly to the position of the helicopter, while Qin Yuan listened to the fire outside, but he was thinking:

"Little Flower, wait for me, I'm here..."

...

At this time, on Xiaohua's side, looking at the terrorists outside, Xiaohua shuddered, even though she was a more pungent girl, But facing these people, she would still be afraid.

And there were two other women staying beside Xiao Hua, these two people were Xia Nan and Deng Mei!

At this time they hid in a ventilation duct, and carefully looked at the masked rebels outside by the faint light in the ventilation duct.

"Sister Nan, have you called?"

At this time, Xiao Hua asked Xia Nan cautiously, and Xia Nan also nodded directly, and said to Xiao Hua:

"I have contacted your navy and they said they will give us some assistance. We will just wait here."

Originally, Xia Nan received news that William, the owner of the Green Valley Energy Company, had a yellow cake (nuclear source material) in his hand, and that this guy had also acquired the technology to make dirty bombs.

This William is not a good person. He is willing to do everything for the sake of money, and he is even ready to sell this yellow cake directly!

Chapter 426: 2 is enough

And this Ivia is now undergoing a military coup. Once this technology falls into the hands of terrorists, the consequences are simply disastrous!

So Xia Nan secretly wanted to take a picture of William this time to see if he could catch some of this William's handle. In this way, he might be able to directly report to the United Nations and allow this William to receive the punishment he deserves!

It is even possible to steal William's necklace with dirty bullet technology directly!

After Xia Nan arrived here, she was a little worried about how to get in, but who would have thought that when she first arrived here, she just met Xiao Hua!

Xiao Hua is a school girl from her university. When Xia Nan was back to school, she met Xiao Hua and knew that Xiao Hua is a trustworthy person!

After learning about Xia Nan's purpose, Xiao Hua also explained to Xia Nan. She also knew that William was not a good person. The reason why she came here was to see if she could know the location of this yellow cake. See if you can get this yellow cake!

Yellow pie is an excellent strategic resource, and it is very important to any country, and Deng Mei is here to talk to William about the whereabouts of this yellow pie!

This is why Deng Mei and Xiao Hua are still here!

After knowing the news, the three women immediately hit it off. Although they could buy the yellow cake from William, Deng Mei had already made plans. As long as the yellow cake was obtained, he had to find a way. Eliminate this William directly. After all, this guy is only profitable. If he sells it to other people, it is also a serious threat.

But the three women hadn't started any action against William. Xia Nan's assistant Abu, who was repairing the car outside, had already discovered that someone had killed him. Then he quickly notified Xia Nan and told them to hide!

Seeing that the masked rebels directly killed the bodyguards outside, Xia Nan and Xiaohua Deng Mei both realized that something was wrong, and they were hiding in this ventilation duct!

Hearing the continuous gunshots outside, the three women knew that this matter was going to be over. With the three of them, there was no way to defend against the rebels outside. They could only watch William being killed. Take it away!

And now they don't know where William hid the batch of yellow cakes!

To make matters worse, the incident was urgent. Of the three women, Xia Nan was the only one carrying the phone! And Xia Nan contacted the warship and applied for support.

However, after these people caught William, they did not leave directly.

But continue to search.

"Have you found that woman?"

At this time, a bearded man asked his subordinates beside him, and these people all shook their heads. The bearded man became angry immediately, and he directly cursed a swear word, and then said loudly:

"We didn't catch the other's consul on Afaye Avenue. If we haven't caught the woman on this side, we won't be able to threaten Yan Guo and let them release Mohadi's family. This is for us. Jihad is a big disadvantage!"

Hearing such words at this time, Deng Mei's heart suddenly became tense. After all, her husband and son were in He Qingliu's motorcade. Although this person said that he did not catch the opponent's consul, he would inevitably attack the team. , She doesn't know whether the son and husband are safe now!

And Xiaohua felt Deng Mei's nervousness, and slightly held Deng Mei's hand. Now they can't do anything, they can only wait for rescue here.

"Sister Mei, don't worry, the navy will definitely send someone to rescue us,"

At this time, when Xiao Hua comforted Deng Mei, she couldn't help but think of Qin Yuan in her heart, but Xiao Hua shook her head abruptly. This is impossible. After all, Qin Yuan is an army and will not come. Take part in this task.

"That's right, Sister Mei, we just have to wait here!"

At this time, Xia Nan also gave Deng Mei a consolation. Although William has been caught by these people, the batch of yellow cakes will also fall into the hands of these people, but at least they have not been caught yet.

Moreover, Deng Mei has a lot of William's black material in his hands. As long as it is reported, not to mention that William will be finished, the entire Green Valley New Energy Company will be finished.

And Deng Mei can only hold back her own mood at this time, after all, she now knows that she is powerless at all.

But when the three women made up their minds to hide here, they heard the bearded captain outside say:

"That woman must have not run away yet, maybe she is still hiding here. We look for it together. If we can't find it, we will kill, one by one, until this woman comes out. If we can't find it, we will kill the people here. Killed them and burned here, I don't believe she won't come out!"

Hearing this, the three women were shocked, let alone whether they could be cruel and watch the employees die outside, even if they were cruel, the place they were in was a breezy Once the pipe is on fire, they don't even have a place to hide, they will only be roasted directly into dried meat by the hot air!

Deng Mei is relatively old after all. Hearing this, she immediately wanted to stand out, but was stopped by Xiaohua and Xia Nan:

"Sister Mei, if you go out, the people below will probably die! They are inhumane!"

"Yes, Sister Mei, this won't work!"

But seeing the appearance of the two people Deng Mei's expression flashed with determination, and said to the two girls:

"Of course I know that they might kill all the people below, but I can't just watch these people die in front of me. When I go out soon, I will try to negotiate with the other party and let the other party release. After passing these people, after all, this is what I am really good at doing, better than doing nothing now!

Moreover, as long as I go out and they catch me, they won't come to you again. You will contact the warship directly and ask the navy to rescue me. Maybe I will have a chance to survive. "

At this time, hearing such words, both Xia Nan and Xiaohua's faces were full of shock, knowing that Deng Mei was obviously going to sacrifice herself and wanted them to survive!

"I'm going to find an exit, it's enough for you two to stay here!"

Deng Mei finished saying this, and then slowly followed the ventilation ducts to a room, tidied up her clothes, and walked out with determination.

Chapter 427: let's go!

At this time, Xia Nan watched Deng Mei walk out, with mixed feelings in her heart. She really couldn't imagine why Deng Mei had such a tenacious mentality. However, at this moment, she looked back and found Xiao Hua this Shi turned out to be sorting out his manners!

At this moment, Xiao Hua looked at Xia Nan and said carefully:

"You stay here well, I will go out with Deng Mei."

After Xia Nan listened, she quickly pulled Xiao Hua and said to Xiao Hua:

"What are you doing?"

Xiao Hua took a deep breath, gently pulled out her hand, and then said to Xia Nan:

"I can't hide. Everyone in the company knows that I am sister Mei's secretary. If I don't come out, if someone tells the news outside, they will never trust Deng Mei again, and they will burn this place. , Then you won't be able to hide, and no one else has seen you before, so even if you don't come out, no one else will know."

Speaking of this, Xiao Hua spit out the breath in her heart for a long time, as if she was cheering for herself, turned her head, and said to Xia Nan with a hint of pleading:

"If you can survive, can you go to Yan Country for me? Or make a call for me. I want to find someone called Qin Yuan. You tell him for me. He is the most unforgettable thing in my life. Brother! His phone number is XXX..."

After saying these words, Xiao Hua went straight on, but before Xiao Hua left, Xia Nan suddenly put her mobile phone in Xiao Hua's hand and said to Xiao Hua:

"There is a locator on my phone, don't let those people find it!"

And Xiao Hua nodded suddenly, and then walked out.

And Deng Mei, who was outside, heard the voice behind her, turned her head quickly, saw Xiao Hua, originally wanted to say something, but in the end she smiled relievedly, and then the two went out together.

Through the ventilation ducts, Xia Nan saw the people outside and caught Deng Mei and Xiao Hua directly. The bitterness in her heart did not know how to describe it. Now she really wanted to go out with Deng Mei and Xiao Hua. It's better to be caught by the other party than it is now.

Xia Nan glanced at his mobile phone, and slowly settled his attention. He wanted to tell all the news about Xiaohua to Abu, the assistant outside, and then went out with Deng Mei and Xiaohua.

But at this moment, she suddenly saw someone from outside pushing in and bringing in a person. This person was the stop Abu Xia Nan wanted to contact!

At this time, Xia Nan suddenly lost the thought of going out. Now everyone was the only one who was not caught, and she had to save her strength.

Therefore, she looked at the people from the rebel army and took Xiaohua, Deng Mei, Abu, and the group of people from Green Valley Company, and she could only watch with tears.

After all those people were gone, Xia Nan cautiously crawled out of the ventilation ducts, looking at the empty company hall, the whole person was a little broken.

However, Xia Nan quickly came out of this helplessness. She knew that she had other things to do. Now she has to contact the Navy and tell them to track the signal of her mobile phone and find a way to get them All rescued.

But at this moment, Xia Nan saw the number he remembered in his hand.

This is the number Xiaohua told herself just now. It should be someone who is very important to Xiaohua. Xia Nan searched for the bodies of those killed by the rebels and found a mobile phone. Then, he called this number directly. !

Soon, the call was connected, and Xia Nan heard an extremely low voice rang:

"Hey, who are you?"

"Hey, is it Qin Yuan? My name is Xia Nan, Xiao Hua's friend, Xiao Hua she..."

Xia Nan couldn't open her mouth at this time, she didn't know what to say, but at this moment, the other party's voice came from the phone:

"Okay, you don't need to say anything, let's talk later when we meet."

"Ah? No! You listen to me!"

When Xia Nan saw that the other party was about to hang up, she wanted to say something quickly, but at this moment, a voice came from outside:

"Put your hands up!"

At this time Xia Nan turned his head and took a look. In fact, he was shocked to find that there were two gangsters with guns outside. The two gangsters saw Xia Nan with their eyes shining. One of them said:

"Our boss knew a long time ago that there must be other people. Let us stay here. Now it turns out that it is true."

"This woman looks pretty good, anyway, we are not in a hurry, do you want to play?"

Xia Nan thought that he didn't expect the other party to leave someone here, and turned around to want to run, but the two people shot a few shots in front of Xia Nan in an instant, and directly forced Xia Nan to stop.

Seeing Xia Nan's incomparably horrified look, one of the terrorists suddenly showed a sneer, and found that Xia Nan was holding a mobile phone in his hand, and he snatched the mobile phone.

The terrorist found that the phone was still on the phone, and a gleam of coldness flashed in his eyes for the time being. Although he didn't know who Xia Nan was in contact with, he would definitely not be with them. So he wanted to lure this person over and said directly to the person on the phone,

"where are you?"

"The top of your head!"

what?

Hearing such words at this time, the terrorist involuntarily raised his head, and then found that there was something like a **** bat on top of his head, gliding incessantly!

"Whatthe* what is this?"

"This is a winged flying deviceIdiot! Hurry up and knock it down!"

The two terrorists hurriedly fired at the big bat in the sky, but the speed of this thing was too fast, with the guns in their hands, there was no way to hit them.

At this moment, both of them were panicked, but one of them seemed to have thought of something and said directly to his companion:

"I've seen this thing before. When this thing finally hits the ground, it still needs to be parachuted. Let's follow it directly to see where he landed, and then wait until he opens the parachute before we can kill it! "

"Good idea, let's go!"

After that sentence, the two terrorists immediately made up their minds. One aimed at Xia Nan with a gun, and the other wanted to rush out to find a car.

But at this moment, the two of them did not notice that the big bat in the air did not fly away, but kept circling here. The whole person shrank into a ball and hit the ground forcibly. !

Chapter 428: World-class wingsuit flying

The two terrorists didn't see it, but Xia Nan did. He saw the ***** ball slamming towards him, Xia Nan couldn't help but let out a scream!

After all, she knew that if this winged flight failed to land properly, it would be equivalent to falling directly from the air, and then it would directly smash the people inside into a ball of meat sauce!

After the two terrorists heard Xia Nan's cry, they also noticed that this man did not seem to have a parachute and did not slow down, and suddenly laughed ridiculously.

They thought that someone who could get down in this way would be a master, but who would have thought that this person would not even be able to open a parachute!

But the two men hadn't finished their laughter. Suddenly they heard two gunshots in the air. The two bullets instantly hit the two men's heads, directly interrupting their laughter.

Xia Nan screamed in fright at this time, but at this moment, she suddenly felt that there was a person standing in front of her. When she looked up, she found that there was indeed a person wearing a wing suit flying equipment. , Is looking at himself with a smile on his face.

"You, who are you?"

At this time, Xia Nan stared at the person in front of him, but this person gently held up his phone, and then said to Xia Nan:

"You called me just now, why don't you know me now?"

This person is Qin Yuan!

Although Qin Yuan came here by helicopter, the government troops were unwilling to move forward after they arrived nearby, because they knew that further forward would be the territory of the rebels, and if they went down further, it might be necessary. A stinger missile was fired from unknown place, and directly exploded their helicopter to pieces.

Qin Yuan couldn't refute this reason. He had no choice but to prepare to go down. Originally, he wanted to parachute off directly, but just before he got down, he saw that the plane was equipped with wingsuit flying equipment!

Qin Yuan immediately became interested, and then took advantage of those few people not paying attention, and instantly received the wingsuit flying equipment into the grid.

And following Qin Yuan's actions, a voice suddenly rang in his mind:

"Ding Dong~ The system was successfully recovered, please start choosing the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get world-class wingsuit flight equipment improvement capabilities!"

"2. Obtain world-class wingsuit flying manufacturing capabilities!"

"3, get world-class wingsuit flying skills!"

Qin Yuan looked at these three options, and understood that the first and second were probably the improved skills for manufacturing wing suit flying, and since he had this equipment now, he naturally did not need it, so he directly chose the third. item.

"The system I choose item 3,"

"Ding Dong, the host chooses to succeed and obtains world-class wingsuit flying skills."

At this moment, as Qin Yuan heard this voice, there were some more ways to use this wing-mounted flying equipment in his mind, and then Qin Yuan easily put on this set of wing-mounted flying suit and went directly from the plane. Jump up and down!

But Qin Yuan hadn't reached the place yet, he just received a call from Xia Nan, and then Qin Yuan directly turned on the radar capability, and directly detected that there were people in this hall, so he didn't hesitate in the end and jumped down!

Although Qin Yuan still needs to open the parachute as the winged flying technique that Qin Yuan learned, don't forget that Qin Yuan also has a 500-meter high-altitude jump ability. This small height has no effect on Qin Yuan!

At this moment, Qin Yuan saw the corpse in the hall, and his face became unusually ugly. Although he hurriedly hurried, he still seemed to be late. He looked at Xia Nan with an incredulous face in front of him and asked directly to the other party. Road:

"You're Xia Nan, right? I'm Qin Yuan, where did Xiao Hua go?"

Xia Nan heard what Qin Yuan said, her eyes were full of stars. She was completely at a loss at this time. Whether Qin Yuan said he was Qin Yuan or the scene where Qin Yuan jumped directly from the air, this was completely beyond. The cognition of Xia Nan.

When Qin Yuan saw this situation, he frowned, snapped his fingers directly to Xia Nan, and instantly hypnotized the woman, and then asked the previous question again, and Xia Nan was stunned. He told Qin Yuan everything he had experienced.

But Qin Yuan heard that Xiaohua and Deng Mei had all been taken away at this time, and his face suddenly became even more ugly.

But when Qin Yuan heard that Xiaohua and Deng Mei didn't go far, the whole person rushed out instantly. Since he didn't go far, then he still had a chance. With Qin Yuan's driving skills, if he followed the traces, It is not impossible to catch up with the opponent directly!

And Xia Nan was also awake at this time. Seeing Qin Yuan wanted to leave, he hurried to catch up and shouted at Qin Yuan:

"Take me! Take me! I know where Xiaohua is. I have a location on my phone."

Hearing such words, Qin Yuan turned his head, and threw Xia Nan on his shoulder, then grabbed a computer from the side and rushed directly to a jeep.

Since Xia Nan had a positioning system on her mobile phone, she quickly figured out the location of Xiao Hua, and at this time Qin Yuan saw that Xiao Hua was still moving, and knew that he still had time!

"Sit down!"

Qin Yuan said to Xia Nan, and Xia Nan hadn't had time to answer. I just felt that the jeep he was sitting in was like a stimulant, and suddenly it rushed out!

"Om!"

This jeep let out a roar of excitement, as if the same BMW meets a good owner, its performance has reached its limit!

But Xia Nan only had time to fasten his seat belt, and this was when he looked at Qin Yuan with horror.

At this time, Qin Yuan looked at Xiaohua's signal and chased after him frantically, then took out his mobile phone and said to Xia Nan, who was frightened on one side:

"Help me look at this signal. If the signal changes, just tell me. Also, this is my mobile phone. Contact Zhang Rui above and tell them that the target is no longer in Green Valley Energy. They, let them change lanes!"

Although Qin Yuan's first task is to save Xiao Hua, now that Xiao Hua and Deng Mei are together, Qin Yuan will naturally rescue Deng Mei easily, but Qin Yuan alone cannot protect the two women. This may be because he needs a dragon. The team's help!

Chapter 429: Old opponent

Soon, Xia Nan finished the call, and Qin Yuan's radar ability also sensed the vehicle in front of him at this time!

At this moment, sensing the presence of so many people in the car, Qin Yuan's face suddenly showed a sneer, and then suddenly turned the jeep, the jeep rushed directly to one side!

Qin Yuan hid the car, and then said to Xia Nan, "Don't come out", and then the whole person suddenly rushed towards the convoy!

Qin Yuan directly turned on the instantaneous burst speed and the long-distance running speed. These two skills added to each other, and Qin Yuan was even faster than the team in front!

And Qin Yuan took a shortcut from one side of the hillside, and soon, he went straight to the front of this convoy, then hid on the side, suddenly took out a playing card, and threw it directly!

This playing card circulated and flew over, without killing anyone, but with the tire of the front car, marking a gap!

Soon, the rebel army who opened the road in front discovered that his car was broken, and then sent a message to the car behind to stop the entire convoy temporarily and he wanted to change the tires.

These insurgents were also very careful. They came down directly to a group of people and observed the surroundings first. This was for the driver to change tires quickly.

But they didn't notice that there was a ***** of death who had approached their convoy!

There are a dozen vehicles in the entire convoy, and there are more than four people in the resistance. At this time, Qin Yuan, like a ghost hidden in the shadows, first checked the car and found that there was a hostage in front of him. There was no rebel army in the car, which was a little relieved.

Then Qin Yuan suddenly rushed out, rushed directly to the back of a rebel army, and crushed the guy's neck! After that, three cards flew out of his hand, cutting the throats of the three rebels who had just turned around, and then gently placed these four people on the ground without making any sound!

After that, Qin Yuan slowly crawled over from the bottom of the car, just like a ghost, eating all these rebels one by one!

When Qin Yuan had killed half of the people and reached the vehicle where the hostages were located, those talents finally found out that there was something wrong, and no one answered the calls sent to the rear, so they shouted directly:

"Be careful, something happened!"

Everyone became vigilant at this time, and then grabbed the weapon in their hands, but there were several cars in the convoy behind, but no one got off, which made these people nervous.

At this time, a person with the appearance of a leader made a gesture directly to his subordinates, and suddenly there were five or six people, and they went directly to the rear convoy. These six people were extremely nervous and stared carefully at the front.

But along the way, they saw nothing except the corpse!

"Under the car!"

Finally, a wise man came to his senses and yelled directly. All six of them aimed at the bottom of the car!

However, the bottom of the car was also empty, and the hearts of these six people suddenly became loose, just thinking about reporting to the captain behind.

But as soon as they turned their heads, the rebel army at the end yelled, and saw that the captain behind them had fallen in a pool of blood, and what made them panic was a country of Yan. The person who looked like, with a gun in his hand, shot directly here!

Boom!

Akka 47 spit out a few bullets, hitting the fuel tank of the last car, and then detonated the whole car instantly. The explosion killed all six people!

It turned out that Qin Yuan had already got under the car long ago, and then solved all the people behind!

After killing dozens of rebels, Qin Yuan walked directly to the two hostage cars and said to them:

"Sister, brother is here to save you!"

At this time, the people inside finally figured out what was going on, and rushed out of the car, and then shouted thanks to Qin Yuan:

"thank you!"

"God, this is a miracle of the gods!"

"This is a native of Yan Country, did Yan Country specially send someone to save us?"

But at this time, Qin Yuan heard the gratitude of these people, but his face became even more ugly, because he did not see any person with the face of Yan country coming out of the car!

Xiaohua and Deng Mei are not here at all!

Seeing this situation, Qin Yuan directly grabbed a person, pressed him to the car, and asked with a grim look:

"Where are the two Yan Country women?"

Seeing Qin Yuan's eyes, the man jumped down immediately, stuttering:

"The two women you mentioned, and our boss, they were taken elsewhere from the start!"

Hearing such words, Qin Yuan's eyes suddenly shrank, and then he asked this person again:

"What about the cell phone? Why is the cell phone in your fleet?"

"Mobile phones...Mobile phones are all collected by these people, so when they were put on our fleet, they didn't dare to let us hold the mobile phones. The girl hid the mobile phone and was discovered by those people. Those people gave a beating!"

"Fuck!"

Qin Yuan suddenly cursed when he heard this person's words, and hit the side of the car door with a punch, and the car door was suddenly sunken.

At the beginning, he chased the wrong one, Xiaohua was not in this car at all!

And seeing the extremely angry look of Qin Yuan, the person he caught was also a little trembling, and asked Qin Yuan tremblingly:

"I... can I go now?"

"Do you know where they went?"

Qin Yuan asked this person with red eyes at this time, and this person saw Qin Yuan's eyes that wanted to kill, and said tremblingly:

"I...I don't know, but they said before that they seem to be going to Bassem."

Bassem Town?

When Qin Yuan heard the name at this time, he immediately remembered, isn't this town the same town in the movie?

It seems to go around, but in the end I still have to go to that small town!

Qin Yuan's expression was extremely ugly. He thought he had changed the plot, but now it seems that he is still advancing in accordance with the original situation!

At this time, Qin Yuan's cell phone rang again, and when he glanced at the number on it, Qin Yuan frowned, but in the end he directly connected the phone:

"Hey, what can I do for you?"

"Qin Yuan, we have received an important piece of news. You have to be careful this time. The terrorist Zhaka has received assistance from the outside world this time, and the person who assisted them is still your old opponent, k2!"

Chapter 430: Report!

Hearing such words, Qin Yuan's face became very ugly, it turned out to be k2!

Qin Yuan had met two people from k2 before, one was a wild dog and the other was a black cat. Both of them were extremely crazy!

The purpose of both of them is genetic weapons, and this kind of weapon damages Yan Nation even more than a terrorist attack!

What's more frightening is that the high-end combat power and high-level talents originally lacking in Zhaka can be directly filled by k2, and if K2 can get so many manpower in Zhaka's hands, it will be even more powerful!

The raw materials for this batch of yellow cakes are even more important. After all, k2 has already formed dirty bomb technology!

If this allows Zhaka and k2 to get it, it would be unimaginable!

At this time, the similarity said directly to Qin Yuan:

"Qin Yuan, the task this time is going to be a lot more difficult. Not only do you need to save people from the other party, but you also need to destroy or bring back this batch of yellow cakes. If possible, you need to directly Kill the opponent's leader Zhaka and the leader of k2!"

Hearing such words, Qin Yuan suddenly thought of a voice in his mind:

"Ding Dong, the system issues a task to take the yellow cake back. Two grids are awarded."

"Ding Dong, the system will issue a task to kill the leader of k2, the white bear! Two grids are awarded,"

"Ding Dong, the system will issue a task to kill the terrorist Zhaka! Two grids are awarded!"

Qin Yuan heard a series of voices in his mind, and his face became firm. This time it was obvious that no matter who it was, he wanted him to fight these terrorists.

And Qin Yuan originally saw the people of Zhaka and K2 not pleasing to the eye. Since this time, with the above guarantee, he will make a big fuss here.

Qin Yuan said directly to the phone:

"Okay, I accept this task."

When the same person on the phone heard that Qin Yuan had agreed, his expression became better, and he said directly to Qin Yuan.

"I know that your mission this time is very difficult, so I have already sent a notice to the Navy to let the Dragon Team fully cooperate with you in this operation, and we are also airdropping personnel to that place to help you complete the mission. The warship has also been upgraded to the first level of authority, but after all, warships cannot be used lightly, and the help they can provide is not a lot. The main thing is to rely on yourself, Qin Yuan, to complete the task and to come back alive!"

And hearing such words, Qin Yuan also let out a long sigh at this time, and then said to the same thing:

"Okay, leave this to me. After I go back, prepare two bottles of good wine for me, otherwise I can't help but smash my fist in your face."

When Lei Tong heard this, he also laughed, and then said to Qin Yuan:

"Well, I'll wait for you to hit my face with your fist, and then bury you with dozens of bottles of good wine."

"A word is settled!"

"A word is settled!"

At this time, Qin Yuan agreed, and then hung up the phone. He was not very impulsive either, but directly sent a message to the Flood Dragon Team to let the Flood Dragon Team come over.

After all, the task this time is probably more arduous than the movie. Now the people of k2 have been mingled with the people of Zhaka, and Qin Yuan has not many cards in his hand, at most only Jiaolong The squad, there are these government forces, and the government forces are hardly worth much of a role.

Qin Yuan took a look at the mission, and found that he had two grids left, and his heart was suddenly tight. Then there was a battle. These two grids were really not enough.

At this time, Qin Yuan suddenly saw a complete option in the task bar. At this moment, Qin Yuan was stunned. Upon closer inspection, he found that this task was the one that was strange to Qin Yuan before!

"The system issues self-care tasks to help the Ivia government forces guard the line of defense and reward grids!"

At this time, Qin Yuan saw behind this task, there was already a complete option, and the reward was just a grid!

This time Qin Yuan was a bit surprised. After all, when the system completes tasks, it is always done automatically. There is no need for Qin Yuan to manually collect rewards. This time it is different. This is what makes Qin Yuan completely incomprehensible. .

However, when Qin Yuan saw the word self-care on it, he instantly understood it.

I'm afraid this mission is different from other missions!

Obviously, this time the reward for the mission was the reward given by Qin Yuan for helping the government army to keep the streets, but Qin Yuan found that this mission can be done without receiving the reward, and this time Qin Yuan is here for interest, just pure If Qin Yuan helps the government army to do more things, will there be more grids?

Even if Qin Yuan helped the government forces to completely reverse the situation, directly kill Zhaka, and completely quell the civil strife this time, how many grids would there be?

Anyway, Qin Yuan's mission goal this time has already included Zhaka. If he receives the rewards of this mission at that time, he will surely have more benefits!

Qin Yuan would still count this!

Although Qin Yuan has only two pigeons left and he needs the pigeons to help him urgently, it is not a very urgent time. When it is an emergency, Qin Yuan can still complete this task anytime and anywhere, so Qin Yuan also puts this task on now. Put aside!

Seeing that Qin Yuan's face was ugly, the people around didn't dare to approach or say to Qin Yuan to let Qin Yuan protect them and leave directly.

But in this barren mountain, if they don't have a car, they will probably have to walk a long time to get to the safe zone. What's more, there are fighting everywhere now, and they don't know where to go, they can only stay. Here is waiting for Qin Yuan's arrangement.

At this time, Xia Nan in the car heard that there were no gunshots outside, and rushed out, drove the car directly to this side. After clarifying the situation, she felt cold, but soon began to help Qin Yuan. Organize people.

Soon, the Dragon Squad personnel also arrived here, along with them, there was also an Ivia government army escorting refugees.

After all, Xia Nan has already explained the situation to the people in the Jiaolong team, knowing that there are a group of refugees here, and these people are members of the Green Valley Company, and all of them are rich people. Naturally, the Ivia government will not treat these people. Just throw it away.

After seeing Qin Yuan at this time, Yang Rui's face was also a little ugly. Obviously he had received an order from his superiors:

"Lieutenant Colonel Qin Yuan, Jiaolong Team reports to you!"
