

## Special Soldier 441

### Chapter 441: Young man

But at this moment, a video message suddenly came from the tablet in Yang Rui's hand. This was actually a message posted on the public screen. Yang Rui looked at this video and found that the publisher of the video was Zhaka. The recipient named Yan Guo's navy by name. This clearly shows that it is a video provoking Yan Guo's navy!

And seeing this thing, Yang Rui suddenly felt a very bad feeling in his heart, but he still clicked on the video slowly, and as soon as he opened it, at this moment, the video was Suddenly there was a scream of a woman!

Hearing this sound, Xia Nan who was on the side also rushed over immediately. Looking at the picture in the video, Xia Nan's eyes were staring at the boss, and finally he screamed. The whole person seemed to be lost. Like a soul, he ran towards the outside crazy, and finally hit a stone pillar with a punch, blurring the flesh of his hand!

The other team members around also saw this situation, and they all hurriedly gathered around.

At this time they saw that the location of the video was a dimly lit hut. Three people were blindfolded and let in by the surrounding resistance army. Although a foreigner with curly hair could not see his eyes, he took a closer look. , Naturally it can be seen that this guy is Xia Nan's assistant Abu!

The other two people were Deng Mei and Xiao Hua who were arrested!

These are a few fierce terrorists standing aside with guns, creating an extremely tense atmosphere, and just as Yang Rui thought, they are going to use these people to threaten the military of Yan Nation. Let them release Mohadi's family!

At this time, a terrorist held a manuscript in his hand, pointed it at the camera, and declared solemnly:

"Yan State Navy, you are protecting Mohadi, which means that you are the enemy of the Ivia people and betrayed our friendship, so we want you to see that standing with Mohadi is one What kind of end?

These two women are from your Yan country. If you still don't release Mohadi's family, then they will be next! "

After saying this, the terrorist on one side directly grabbed Abu's head, holding a sharp knife in his hand, and suddenly slashed Abu's throat!

The blood spurted out after a brush, Abu was just like a chicken, struggling a few times, and then he stopped moving!

"Fuck!"

"This \*\*\*\* group of people have no humanity at all!"

"A bunch of beasts!"

At this time, seeing Abu died just like that, the members of the Dragon Squad standing at the back also yelled!

Now they all know that this Abu is Xia Nan's assistant, and they have experienced life and death together with Xia Nan, and this situation is unbearable in their hearts.

When they saw a big living person, they were killed right in front of them. Deng Mei and Xiao Hua also let out a scream. Although they saw a lot of corpses along the way, they saw people being shot. Death, and seeing people being killed with a knife, are two completely different experiences. What's more, these people are so frantic and cut off Abu's head directly!

And the terrorist standing on the side, holding the manuscript in his hand, heard the screams of Deng Mei and Xiaohua, and laughed and said:

"You see, people of Yan Country, if you don't hand over Mohadi's family to us, then your two beautiful women, I am afraid they will end up like this!"

After saying this, the video immediately ended, and the people of the Dragon Squad were also filled with indignation, and they wished to rush over and kill all these people!

They really couldn't believe that this group of guys actually threatened Yan Nation with the life of an innocent person and made them retreat. This is simply frantic!

At this time the stone yelled:

"Captain, when will we start to act? I can't wait to get rid of this group of bitches!"

"That's right, it's just a bunch of beasts!"

At this time, Tong Li also shouted angrily.

As a soldier, it is a very unbearable experience to see a civilian being killed in front of them, but they are powerless.

What's more, if they still don't act, then the next person to be treated like this is a citizen of their Yan country!

At this time, Qin Yuan, who was on the side, had just heard a girl's scream. He could hear that it was Xiaohua's call, so he ran over and said to Yang Rui:

"What's the matter? Hurry up and show me the video in your hand!"

And Yang Rui also looked at Qin Yuan with some worry. He knew that the woman named Xiaohua was Qin Yuan's sister. He was a little worried whether Qin Yuan would not be able to accept it, so he comforted Qin Yuan. :

"Qin Yuan, we still have time now. We must calm down. They are just threatening us, and they will definitely delay for a while. We still have a chance."

At this time, Qin Yuan directly took the tablet. Before opening it, Qin Yuan had already guessed the content of the video. He was extremely angry, and directly slammed a punch on one side of the pillar:

"This group of \*\*\*\*\* bastards! It's just looking for death! They know we won't compromise like them, they just want to demonstrate in this way!"

Hearing Qin Yuan's extremely angry look, Yang Rui also felt heavy, and wanted to comfort Qin Yuan.

But as soon as he turned his head, saw Qin Yuan's face clearly, but suddenly opened his eyes, and instantly raised the gun in his hand:

"who are you!"

At this time, seeing Yang Rui's movements, the people around the Flood Dragon team were also stunned, but they saw the person standing there, who turned out to be a face that looked like an Ivia, and was shocked. He also raised the gun in his hand directly!

Seeing the strangeness of these people at this time, Qin Yuan said with a calm face:

"Okay, I'm Qin Yuan, look carefully!"

At this time, Qin Yuan had replaced 80% of his face with the look of Zhaka, only his left face had not changed. He turned his head, and then showed it to everyone.

At this time, the people from the Jiaolong team couldn't help but take a breath, because they saw that this old man's left face was actually hiding the face of a young man, and they immediately understood that this was what Qin Yuan was pretending to be. Zhaka!

Chapter 442: Bait

Yang Rui's eyes widened too. He blocked Qin Yuan's left face with the photo, and found that the rest of the place was exactly the same as Zhaka in the photo! It's almost like carved out of a mold!

"This! How did this happen!"

At this moment, Yang Rui asked Qin Yuan in shock, but Qin Yuan's eyes flashed with a cold light, and he said directly:

"Okay, now is not the time to entangle this, prepare for it, we have to act! Yang Rui, you can comfort Xia Nan, don't let her become an obstacle to our action this time."

Seeing Qin Yuan's expression at this time, Yang Rui also nodded silently, and walked out directly.

Qin Yuan looked at the tablet, a dangerous cold light flashed in his eyes, and said directly to the person under his hand:

"Calm down for fifteen minutes, wait a while and let's go straight!"

The people in the Dragon Team all trembled when they heard Qin Yuan's words. Sure enough, those who succeeded are not lucky. Being able to suppress the anger in their hearts at this time is enough to prove how powerful Qin Yuan's character is!

After that, Qin Yuan didn't say anything more, but returned to the room, patched the last piece of skin on his left face, and then sat aside, closing his eyes and rested.

Soon, fifteen minutes came, and Qin Yuan opened his eyes directly and said to everyone:

"Okay, get ready, let's go in one minute!"

Then the Flood Dragon team quickly prepared their own outfits. Except for the snipers and observers, everyone was dressed in Ivian clothes and looked at Qin Yuan with determination.

Qin Yuan looked at these people and directly stretched out his hand:

"If you meet on a narrow road, the brave wins! I am invincible!"

"I am invincible!"

"set off!"

At this time, following Qin Yuan's order, the entire Dragon Squad began to slowly infiltrate this small town of Bassem!

...

Half an hour ago, in a room around the central square of the town of Bassem, there was a man standing in a camouflage uniform, a black beret on his head, and sunglasses on his face. Look It is different from the surrounding rebels, and it seems a little out of place.

And beside this person, standing by an old man wearing black clothes, glasses, and gray hair, and if Qin Yuan is here, he must be able to recognize that this person is the boss behind the terrorist, Zhaka!

At this time, Zhaka had just walked up, holding two wine bottles in his hand, and handed a bottle directly to the man with sunglasses. This was the man who spoke to the man in fluent English:

"Mr. White Bear, what do you think of the scenery here?"

"It's not very good. The land is wide and sparsely populated. There are windy sand and rocks everywhere. Except for lizards, there are probably only people like you who are willing to live here, much worse than the area occupied by government forces.

Hearing such words at this time, Zhaka's face suddenly changed. After all, whoever heard such an answer would feel that the man in front of him was provoking.

Therefore, Zhaka's face also sank. He just wanted to say something to the man in front of him, but suddenly saw the man laugh out loud, then turned his head and patted Zhaka's shoulder:

"Just kidding, Mr. Zhaka doesn't need to be so serious. Although the scenery here is not good, but it has the most precious things in the world. With these things, we can go to all the good things in the world. Get it here, and have to be delivered by them personally. That's why I didn't go to the government army, but found you."

Hearing such words at this time, Zhaka's expression was pretty good, and then he said to the man named Bai Xiong:

"Mr. Bai Xiong, according to the agreement between us, we have captured the people of Yan Country and proved our position. Is it time for you to give me what you promised me before?"

The white bear also smiled slightly, and answered directly to Zhaka:

"We are all friends. The agreed upon things are naturally done, but I have not got the half of the yellow cake you promised me. Mr. Zhaka, William is in your hands, but I don't have any. Thoughts, but I still hope Mr. Zhaka can you hurry up and ask William from William's mouth to find out where the yellow cakes are, and then hand over the goods to me, so that everyone can feel at ease.

Of course, although there is no way to directly give you the things prepared in advance, I have also prepared real gifts for you. I believe that with this gift, Mr. Zhaka will be a lot happy. "

Having said this, Bai Xiong directly picked up a mobile phone in his hand, and then found a photo on it, looked at Zhaka, and after seeing the photo on it, Zhaka's eyes suddenly lit up. Then he laughed, patted the white bear on the shoulder, and said with excitement:

"Sure! Sure enough! It is refreshing to cooperate with you. Since you are so sincere, then I have to speed it up. If this is the case, then I won't bother you to enjoy the scenery. I'll see if William wakes up. ."

After saying this, Zhaka drank the wine in the bottle, and finally patted the white bear on the shoulder, and left with satisfaction.

At this time, the white bear also smiled, took a sip of the wine in the bottle, but vomited it all at once, threw the bottle of wine aside, and said angrily:

"This \*\*\*\* trash I don't want to give it to me for nothing."

And at this moment, a man wearing the same clothes as the white bear also walked up, and said to the white bear very respectfully:

"Boss, we just handed over all those people so easily. Isn't it a bit inappropriate? After all, we found these people and spent a lot of effort. Several brothers died. What is this old guy? He didn't give it to us, in case he changes his mind..."

But at this time, Bai Xiong heard the question of his subordinate, but shook his head gently, and then said to this person:

"Those people have no value in our hands, but if they are in the hands of the other party, they are completely different. Moreover, we cannot occupy this kind of place. We always need to rely on the indigenous people here. Since the government forces have already Relying on the Yan Guo military, then it is impossible for them to cooperate with us.

And we can only help this group of terrorists achieve their goals. Besides, I haven't given them the really important things. Relax. If you want to go fishing, you have to be willing to get some bait.

Chapter 443: necklace

Hearing Bai Xiong's answer at this time, this subordinate nodded suddenly, showing incomparable respect, while Bai Xiong looked at the mountain in the distance and said directly to this subordinate:

"Don't worry, I will help your brother take revenge. After all, wild dogs are also important personnel of our K2. I won't let him die in vain!"

"Yes!"

When this subordinate heard this, he bowed sharply, and finally left directly!

Looking at the back of his subordinate, the white bear shook his head slightly, "They are all stupid, wild dogs are stupid, and black cats are stupid too! This person named Ye Xiao is probably the same. Such a person wants to be defeated. Yan Guo is simply dreaming!"

Bai Xiong finished the words gently at this time, then took out a silver-white jug from his arms, took a sip, and sighed comfortably:

"This is good wine, this is the day I should live, huh, finish things here sooner, and go back to drink early."

After saying this, a light flashed in the white bear's eyes, and he directly exited the small balcony.

...

At this time, in the hostage camp, there was a vague cry. Deng Mei glanced at each other a little dumb and found that it was the little girl opposite who was crying. Deng Mei sighed. She knew this. The little girl must be hungry, but the person opposite has no intention of giving them food for these hostages.

Deng Mei gently took the little girl over, touched her pocket, found a bottle of mint in the pocket, and said to the little girl:

"Although this is a medicine for asthma, normal people will have a bad appetite if you take it. If it is normal, it should not be given to you, but we don't know how long we can live now, and we can't take care of so much."

After saying this, Deng Mei opened the bottle and gave the mint-flavored medicine to the little girl.

It's a pity that Deng Mei spoke in Chinese. The little girl didn't understand at all. After she got the candy, she hurriedly stuffed it into her mouth. Her mood suddenly improved a lot, she stopped crying, and finally she lay down directly. Deng Mei fell asleep next to her.

At this time, Xiao Hua also squeezed to Deng Mei's side at this time, and then whispered to Deng Mei:

"Sister Mei, there seems to be a dungeon over there. Just now I saw those people deliver food there. I don't know who is in that dungeon?"

Hearing such words at this time, Deng Mei shook her head slightly and said directly to Xiao Hua:

"We are in this situation now. What is the use of caring about what's in the dungeon over there? Xiaohua, I'm really sorry for you this time, I shouldn't bring you here, you If you stay at the embassy honestly, maybe you will be back on our ship now and be able to go home happily.

But when she heard this, Xiao Hua smiled slightly and said directly to Deng Mei:

"Sister Mei, how can this be your fault? I chose it myself. I don't blame you. What's more, I think someone should come to save us. We must have confidence."

But when he heard this, Deng Mei's face was extremely low, and she said directly to Xiao Hua:

"I also think someone will come to rescue us, but whether we can hold on to that time, it is not certain. After all, you know that these people grab us and want us to force the Navy to release Mohadi's family. , They really dare to do something to us, but they have not only us in their hands, but also William!

William has a lot of yellow cakes in his hands. If they can get this batch of yellow cakes from William's hands, and they can get dirty bomb manufacturing technology from him, then they don't need to be afraid of government forces. Then our value will naturally plummet, and then they may despise our troubles and execute us directly. "

Speaking of this, Deng Mei seemed to have thought of something, her face became even more ugly, and she said directly to Xiao Hua:

"Hua, we have to prepare something for ourselves now. If they want to do something to me, then we have to have the courage to make a desperate move and force them to kill us directly. If we survive in this kind of place, that is the real thing. The hell."

Deng Mei has seen how miserable the women in this small town have been. Now that Deng Mei is an important hostage, these people will not shoot at the two of them, but if you make Deng Mei like those women, Deng Mei would rather commit suicide directly!

But after hearing Deng Mei's words, Xiao Hua showed a sly smile and said directly:

"Sister Mei, I think they might not get the technology to make dirty bombs from William."

"Well, why are you so sure?"

Deng Mei said with a strange expression when she saw the expression on Xiao Hua. At this time, Xiao Hua poked Deng Mei's hand carefully, and then opened her pocket. Deng Mei was surprised to see. There was a necklace inlaid with precious stones in the pocket of the little flower!

"this is....."

Deng Mei screamed when she saw this thing, but when she heard it, Xiao Hua covered Deng Mei's mouth for an instant, and then whispered:

"You guessed it, this is William's necklace. I snatched it from William when we were in a car accident. He fell into a coma and didn't even know who took this necklace. So, Xhaka will definitely not get the technology to make dirty bombs from William. We still have a chance, Sister Mei, come on, hold on!"

Hearing this, Deng Mei's face changed again and again. Then, taking advantage of the people around him not paying attention, she put her hand in Xiaohua's pocket, and then directly opened the necklace. Sure enough, it was from this necklace. Among them, a small U disk was found.

Deng Mei knew that this was the complete dirty bomb-making technology. If this thing falls into Xhaka's hands, he still doesn't know what kind of trouble it will cause!

Thinking of this, Deng Mei took this thing out nervously, then found a rock and smashed the USB flash drive directly, and then saw a fire around him, and threw this fragment into the fire. Seeing that the USB flash drive was burned, he was relieved and said directly to Xiaohua:

"It's a curse to keep this thing, little flower, don't keep the gem, find an opportunity to throw it away, don't let people see this thing on your body! If it is identified by the company, we will be finished. "

Xiao Hua also nodded, and directly stuffed the necklace into a gap in a corner, and tried to bury the necklace with some mud.

Chapter 444: Must be careful

However, Xiaohua and Deng Mei are unfounded and worried. After all, the people who belonged to Green Valley Energy Company were arrested here. Only the two of them still have William, and William is still in a coma. Of course, he will not know about this. .

So both of them were worried and panicked.

As soon as Xiao Hua threw the necklace away, she suddenly saw an old man wearing a black robe and glasses coming in from the outside, and this person was Xhaka!

Xhaka entered the room at this time and glanced at Xiaohua and Deng Mei on one side. He didn't say anything, but asked the assistant on one side:

"How is William's situation?"

"Boss, he was injured, but he is already sober."

Hearing this, Zhaka nodded, then turned around and entered a small room.

And in this small room, lies a man with hands on his body, and this man is the boss of Green Valley Energy Company, William!

At this time, William had just woke up, and when he saw Zhaka who had come in, he was immediately scared. He knew that this person was coming, there is no good!

At this time, William tremblingly said: "I don't know, I don't know anything!"

However, he ignored William's words at all. He just sat next to William like a doctor, stretched out his hand, opened the gauze on William's wound, and said to William:

"Your wound was not treated well. I may need to treat it again for you."

Then he picked up the scissors on one side and instantly cut the stitched wound on William's body!

William suddenly let out a scream, begging to Xhaka loudly, but Xhaka didn't care and said softly to William:

"Did you hide something?"

At this time, William was trembling with pain, but he understood that he couldn't speak out. He knew that the reason why he was alive now that these people in front of him were willing to heal himself was because of the secret in his mind.

And if this secret is let them know, then there is only one bullet waiting for him!

"I don't know, I don't know, please, don't embarrass me anymore!"

Zhaka saw that William was so stiff-mouthed, so he stretched his hand directly onto William's wound and opened his wound bit by bit, and William suddenly let out a scream, he knew, if If you don't say it, you will definitely be subjected to more severe torture!

The last thing is to tell the location, it is better to say it earlier and die earlier.

"In the Aluka Desert! In the Aluka Desert! The yellow cake is hidden there!"

Hearing such words, Zaka immediately smiled with satisfaction, then took out his bloodied hand, looked at William and said:

"Yes, I already know one thing, then there is another thing waiting for your answer. I heard that you already have a complete technology for making dirty bombs. I also know that you can't use this technology. Put it somewhere else, you will carry it with you, tell me where you hide this technology?"

William was in incomparable pain at this time. With his only good hand, he grabbed his neck and wanted to give the necklace directly to Xhaka. He knew that he would definitely not be able to survive, and he was unwilling to suffer more.

But at this moment, he felt empty, and William suddenly panicked. He looked at Xhaka's somewhat ugly face and said to Xhaka:

"The materials are all in my necklace, but my necklace is indeed lost. It must have been accidentally lost when you chased me!"

what?

At this moment, Zhaka frowned tightly when he heard such words. He looked at William and knew that the other party should not be able to speak.

"Asshole asshole, why did you lose the necklace? Where are the hostages of Green Valley Energy? Hurry up and send a message to see if I can get it back!"

At this time, Xhaka was really angry, and he was scolded at the men next to him, and these men hurriedly implemented Xhaka's orders, but the news that came back made Xhaka even more angry!

The team they sent to take the hostages could not be reached!

"Asshole! Asshole!"

At this time, Zhaka was extremely angry, and he screamed at his subordinates, but he also knew that they were at war with the government army, and it was normal for them to lose a squad when they encountered government army members.

It's just that the original situation was severe, and now that group of people have disappeared. Where can they find that necklace?

But soon, Zhaka calmed down and drew out a pistol directly, hitting William's heart with a snap, and then said in a deep voice to one of his men:

"Go find a necklace, and then disguise it as William's necklace, and then say that we have acquired the technology to make dirty bombs. Also, immediately send someone to the desert to find the trace of the yellow cake, and notify me when we find it, no , Forget it, I'll go there myself!"

Hearing such words at this time, one of his men immediately followed suit, but he still asked Zhaka somewhat curiously:

"Chief, didn't those people have agreed to give us the technology to make dirty bombs? Why are you still so angry?"

Zhaka said with a sullen face: "God has told us that there is no free lunch in this world. They cooperate with us only to get more yellow cakes. We will not cooperate with each other for a long time. After all, we The purpose of jihad is for the jihad, but these people just want to master more force, and cooperation with them is just a temporary choice, and in the end we still have to separate from each other.

So we must let the other party know that we have a second way to obtain technology, so that we can lower the price of the technology in the other party's hands. You don't want the yellow cake that we finally got. Just give it to the other half for nothing, right? "

Hearing Xhaka's words, this subordinate nodded, but he said to Xhaka:

"But the other party is still sincere, and helped us arrest those few people. How do we deal with these people?"

When Zhaka heard the voices of these people, he also showed a hint of joy, and said directly to his hands:

"These people are naturally of great use. At critical moments, once the road is on the road, they can instantly dissolve the fighting spirit against the government forces. They must be strictly guarded. This is the most important trump card in our hands, even if it is not the yellow cake. Comparable, understand?"

"understood."

After saying this, Zhaka just walked out. He now has to see the yellow cakes found in the desert with his own eyes, so that he can feel at ease.

After all, there is a hungry wolf next to him, staring at the batch of yellow cakes, he must be very careful!

Chapter 445: Small fleet!

At this time, on Qin Yuan's side, the group of people had already dressed up, and before setting off, Qin Yuan said to Zhuang Yu who was staying here:

"Zhuang Yu, please remember that the most important thing here is you. You must ensure communication. Once we are exposed, those people are very likely to touch it directly. If you can protect it, then protect it. Protect the communication first, you know?"

"Yes, Captain Qin Yuan!"

Hearing this, Qin Yuan nodded, then said to Xu Hong and Lu Chen on one side:

"After a while, we will go in together, find the opponent's arsenal, and various important buildings, and plant the bombs. Although we don't have a direct confrontation plan with the opponent, the battlefield is changing rapidly. We must make a good plan. Understand?"

"understand!"

At this time, Xu Hong and Lu Chen both agreed, and then Qin Yuan directly handed his bomb to them:

"These bombs, as well as the bombs on drones, have been modified, and their power has reached more than three times that of ordinary bombs. Use them carefully."

The two also nodded their heads and agreed. Xu Hong looked at the bomb in his hand with some expectation in his heart as to what kind of power the bomb had.

After assigning the task, Qin Yuan directly brought his disguise back, and then said to everyone:

"Okay, we start to act, remember, our first purpose is to rescue the hostages. This is the first priority, and you don't need to be responsible for me. If I'm found out, you don't need to save me. Still complete the first task, understand?"

But when he heard this, Yang Rui widened his eyes and frowned and said:

"Can this work?"

"Why not, this is an order, remember, if it wasn't for me to ask you to turn around, you must not come back and save me!"

In fact, it is more convenient for Qin Yuan to act alone. If you follow these dragon squads, you still have some scruples, but if Qin Yuan himself, it is not only that he can use all his skills, but also in the ammunition space. All kinds of weapons can also be smashed directly at these people's foreheads.

It's just that after hearing such words, the members of the Dragon Team all looked at Qin Yuan with respect. Obviously, they thought Qin Yuan was more sacrificial.

After speaking these words at this time, Qin Yuan immediately put away his usual frivolousness, and then took a deep breath, and the attitude of a terrorist organization boss suddenly appeared from Qin Yuan!

"#¥#¥ ¥@"

At this time, Qin Yuan said to everyone in Ivia's language, and watching Qin Yuan become like this, everyone was shocked. To be honest, if they didn't see it with their own eyes Yes, they really don't believe that this is Qin Yuan, it's just too alike!

However, Qin Yuan saw that these people around him were still motionless, and he suddenly said something, and at this time Xia Nan said directly to Yang Rui:

"He asked you to act, hurry up!"

"Oh!"

Hearing this, Yang Rui and the others reacted and followed directly.

The small town of Bassem, this small town is actually just an ordinary town. It's a pity that the life that used to live and work in peace is now directly destroyed by the war. The men in this town have been killed, as are the children. She was sent to Zhaka's base camp for brainwashing and training, while the remaining women became slaves to the remaining two hundred people.

Qin Yuan and the people from Jiaolong Team looked at the two cars and slowly approached an entrance of the town. At the entrance, there were a few terrorists with their heads and faces patrolling at the entrance.

This is a very common dress in the Ivia region. After all, Ivia is located in a desert area and is often prone to sandstorms, so this dress can just block the invasion of wind and sand. It is not purely a national characteristic.

These people are holding a handful of Akka 47 in their hands, carefully observing the surroundings.

Although the Zhaka organization has cooperated with the Slavic generals, their military strength is actually not comparable to the real Ivia government forces.

However, once the war started, they received a lot of supplements. After all, the country of Ivia does not seem to be rich, but the oil and uranium ore here are what all countries want, so, Whether it is behind the government army or the resistance army, they are inextricably linked with some big people and the country.

However, their favorite is Akka 47 in their hands.

Before entering the town, Qin Yuan seemed to make a gesture to one side. Soon, the soldier standing on a pillar patrolling was directly hit by a silencer bullet, and the corpse fell directly from the pillar. However, he was caught by the heavy rock, and then let out a voice into the walkie-talkie:

"Point A arrives!"

Seeing that the two sentries on his head had been killed, Qin Yuan winked at Tong Li, who was driving next to him. Tong Li immediately drove close to the door.

"Chief! Didn't you just go out? Why are you back again?"

At this time, the patrolman standing at the door asked in surprise. After all, he had just watched Zhaka and a large group of people leave directly, why is he back now, and not only changed the car, even changed clothes?

"Hush, what do you know, I put a smoke bomb on purpose to deal with those people, do you understand?"

At this time, Qin Yuan directly reprimanded the soldier at the door, but when he heard this, one of the team leaders' eyes lit up:

"I see, boss, what you mean is to hide your whereabouts, don't let the location of the yellow cake let those k2 people know So that is the case, the leader, you are really smart!"

When they heard this, Yang Rui and Tong Li sitting behind Qin Yuan were a little dumbfounded. They couldn't think of it. Qin Yuan said something in the clouds. Why did this little soldier think so much?

But Qin Yuan said calmly:

"It's good if you know, remember, be careful of those people, they are not the same as us!"

"I see, boss!"

Hearing Qin Yuan's words at this time, this little soldier was extremely excited, as if he had learned some incredible news.

Then Qin Yuan nodded, and drove the car in.

After entering the small town at this time, the town was bustling with people, and now it was during the meal, it seemed extremely lively, and soon, this small caravan of Qin Yuan passed directly through the square. Then proceed directly in the direction of the hostage camp along the way.

Chapter 447: Don't hurry up?

Seeing "Zhaka" and his two subordinates, they actually killed these people! Both Deng Mei and Xiao Hua's eyes widened, and the screams disappeared. Qin Yuan rushed over, untied the rope on Xiao Hua's body, and said to her:

"Hua, are you okay?"

When Xiao Hua heard the Yan Guo dialect in Qin Yuan's mouth, her eyes widened and she said incredulously:

"Qin... Brother Qin Yuan?"

"Hehe, hear my voice!"

Qin Yuan smiled at Xiao Hua, but Xiao Hua looked at the "Zhaka" who smiled so brightly at her, and felt that her three views were about to explode!

"Brother Qin Yuan, you... aren't you an army? And, aren't you in China? Why are you here?"

At this time, Xiao Hua had a dream, and it was Qin Yuan who would rescue her!

"Well, if it's unnecessary, we're going back and talking, save you all now!"

And Deng Mei was shocked when he heard "Zhaka", and said to Xiao Hua:

"Little Flower, he is..."

"He is what I told you before, the soldier, sister Mei, the country really sent someone to save us!"

Deng Mei also looked at Qin Yuan with an unbelievable look. She naturally understood that Qin Yuan must be disfigured, but she looked at Qin Yuan's face exactly like Zhaka. It was really hard to believe that their country was actually There really is the same technology as Mission Impossible!

Qin Yuan looked at the two people with a smile in his heart, but at this moment, Yang Rui's voice came from Qin Yuan's headset:

"Qin Yuan, the people outside are gathering!"

After hearing this, Qin Yuan also glanced at the people outside and said calmly:

"We haven't been discovered yet. It should be because of Zhuang Yu outside. Let Zhuang Yu drive away. We are going out too. Pay attention!"

"Yes!"

After hearing the answer, Qin Yuan said directly to Xiaohua and Deng Mei:

"You two will follow me quietly for a while, how to struggle and how to struggle, Tong Li, Shishi, you two take them out, as long as you have deceived the hall, we will take the car when we get out. ?"

"understood!"

Xiaohua and Deng Mei also nodded heavily.

"Okay, take action, everyone must not panic. Be more natural. We still have a chance!"

Qin Yuan said in a deep voice to everyone, and then said to the walkie-talkie:

"Yang Rui, find a car, we are going out!"

"Roger that!"

At this time, Yang Rui also hurried to find the car, and after all the orders were given, Qin Yuan directly took Deng Mei and Xiao Hua to the outside.

On the way, the two women were constantly struggling and screaming, and although the people in the hall were a little curious about why Qin Yuan brought the two women out, they saw Qin Yuan's cold face. But no one dared to ask at all!

After all, this time their leader took the initiative to take the hostages. How could they dare to stop them?

After leaving the house, Yang Rui drove a car directly and received Qin Yuan and others, and then everyone got in the car directly!

And watching Qin Yuan's operation, there are even people who are saying hello to Qin Yuan. Until now, no one has discovered that Qin Yuan is a fake leader!

Things are still going smoothly so far. Yang Rui drove Qin Yuan and others directly toward the gate of the square at this moment. As long as they could pass through this small square, they would be able to leave here quickly.

Then call Gu Shun, Li Tang, or Zhuang Yu to seal the road with heavy weapons, even if their mission has been completed!

At this time, everyone's hearts are also full of tension, the more this time, the more moths will appear!

At this moment, when Yang Rui was passing an arch, he suddenly saw a large truck full of goods driving in directly, and this large truck had entered the arch halfway, so Yang Rui had no choice but to hide away. , Give way to this big truck first.

But the driver of this bus seems to have poor driving skills, and he can't get in here for a long time. The Tong Li and others in the bus are extremely nervous. They are now in a crowd of terrorists. If this is true When they were discovered, the people around them shot at them, and it only took a second before they were beaten into hornet's nests!

At this moment, Yang Rui's forehead was sweating anxiously, but Qin Yuan said indifferently:

"calm."

Hearing such words, Yang Rui took a deep breath and tried his best to calm himself down, and seeing that this big truck seemed to be showing signs, Yang Rui directly put up a reverse gear and drove back to the big truck. Continue to give way.

But what they didn't expect was that when their car was backing up, it accidentally pierced an iron nail on the ground, which instantly punctured their tires.

When Yang Rui saw this situation in the rearview mirror, he was immediately caught in his heart, and said to Qin Yuan:

"We have to go out now. If we don't go out again, the car will be out of breath in a while. Even if we go out by then, we won't be able to escape with this car."

"Don't worry, wait."

Qin Yuan said coldly at this time, and continued to wait here.

At this time, the big truck was swaying, a sharp turn was finally regarded as driving into the square, and a member of the terrorist screamed at the truck driver:

"Can you be more careful, do you know what's on it?"

But when he heard such words, Qin Yuan's brows wrinkled, and he looked directly at the truck.

And the person commanding at this door felt a little excited when he saw Qin Yuan looking over. Especially when he saw that Qin Yuan's car had a tire punctured, he immediately rushed over and said to Qin Yuan:

"Chief, this tire of your car is broken, I'll change it for you?"

And hearing this, , Yang Rui and others were extremely nervous, but Qin Yuan said to this person with a smile on his face:

"Oh, if you don't tell me, I haven't found it OK, then you can drive another car, remember to fill up the gas. God will bless you!"

"Yes Yes!"

Hearing Qin Yuan's blessing at this time, this person was naturally extremely happy, and soon drove a car over.

And Qin Yuan and others also changed cars smoothly. Yang Rui looked at Qin Yuan with an incredible look. He really did not expect that Qin Yuan could still remain calm in this situation. He just thought this If people want to discover them, they are ready to do it!

Qin Yuan glanced at Yang Rui at this time, and said lightly:

"What are you doing in a daze? Don't you leave?"

Yang Rui smiled when he heard this. He started the car and wanted to pass through this small door.

Chapter 448: Hands-on

At this moment, there was indeed a voice from the team leader's intercom:

"Rabu, has the goods arrived?"

But just hearing this, the person named Rabu really opened his eyes, because it was Zhaka's voice coming out of the walkie-talkie!

At this time, Xhaka in the walkie-talkie, hearing the opposite did not answer, also asked seriously:

"Rab, I'm asking you something."

It was at this time that Rab reacted and said to Zhaka quickly:

"Chief, the goods have arrived, but... but haven't you seen it? Why do you come to ask me?"

"what?"

At this time, the real Zhaka was still in the desert dozens of kilometers away. Hearing this, he couldn't help frowning directly!

what is the problem?

"Chief, what I said is true, didn't you just sit in the car?"

At this time, Rabu said incredulously to Xhaka, but when Xhaka heard this, he shouted angrily at Rabu:

"I am still tens of kilometers away from the desert. How can I sit in a car? If I were to take a car in the city, would I ask you this stupid question?"

"what?"

Hearing this, Rab was completely stunned. He really couldn't understand. If the person speaking with him is the leader, who is the person sitting in the car just now?

Seeing such a situation at this time, Qin Yuan also noticed something wrong, and directly stretched out his head and said to this Rab:

"Quickly get out of the way, we have to go over, I have important things to do."

At this moment, when he saw Qin Yuan's face, Rabu was even more completely confused. He really didn't know who was the real one.

But at this moment, Rabu suddenly thought of a good way, and directly asked Qin Yuan:

"Chief, # ¥ % # ¥ %?"

Hearing this, Qin Yuan suddenly stared his eyes, completely stunned, he simply couldn't understand it, because this was the dialect of Ivia!

The reason why Qin Yuan knows the language of Ivia is because he has obtained the title of junior language master. Even if he does not consume the grid, he can use the elementary language of this place, but the ability of this junior language master can only be possessed. The primary language can only speak the Mandarin of Ivia. If you want to understand these dialects, you must upgrade your language ability to the universe level!

And seeing Qin Yuan stunned for a while, Rabu understood something in an instant. He took a close look at Yang Rui and the others who were sitting on the side. He immediately noticed that these people seemed to be a little different from his compatriots. Touched the gun in his hand!

Qin Yuan had already noticed something wrong in the morning. When he saw that Rab had touched the gun, he knew that he had been exposed. He suddenly threw out a playing card and said to Yang Rui:

"Rush over and go!"

Yang Rui was also very vigilant. Hearing Qin Yuan's words, he slammed on the steering wheel. He really didn't expect that he hadn't been spotted when he was changing cars, but now he was discovered because of this incident!

"Hold it!!"

Yang Rui yelled directly, stepped on the accelerator with one foot, and buzzed, the car smashed out immediately, smashing the barbed wire at the door!

But seeing this, the other guards standing at the door were full of shock. They didn't know why their leader was so excited!

However, Xhaka on the other side of the walkie-talkie heard the commotion and quickly understood that there was a problem. After hearing other people's reports, Xhaka cursed directly:

"You fools, the person sitting in the car must be a fake. Get rid of him quickly."

At this time, after hearing Zhaka's order, these people quickly reacted and passed the news directly to the headquarters. The people at the headquarters used big speakers again and began to deliver the news!

"Quickly, the people of Yan Country have already touched in, and he wants to save the two Yan Country women!"

"Be sure to stop that car and kill them together!"

After hearing this order, a large group of terrorists suddenly emerged from the houses in all directions. These people were holding all kinds of weapons in their hands, and then they went crazy and blocked the car. come!

At this time, Yang Rui pushed the speed of the car to the limit, and the accelerator was stepped to the bottom. The car rushed out like a mad cow.

When Qin Yuan saw someone chasing from behind, he shouted directly:

"You all bow your heads, I'll open the way, Yang Rui, you rush out!"

And following Qin Yuan's words, the car was hit by bullets with a crackle. They heard the sound of bullets whizzing past their ears, and the whole person was extremely nervous!

At this time, Tong Li and Shishi also took off their disguise, took out their weapons, and helped Yang Rui clear the way. Qin Yuan was also sending out the cards in a row. The playing cards in his hand were like no money. I can't help flying out!

As long as a poker card flew out, it meant that a life was taken by Qin Yuan!

But at this moment, the car swayed suddenly, and Yang Rui said to Qin Yuan in horror:

"No, the tire was hit, we can't go!"

After hearing this, Qin Yuan kicked the car door open and said directly to everyone:

"Get out of the car and hide first. We will kill all these chasers directly, then we will kill them?"

And hearing this, Yang Rui's expression couldn't help but change, and now it was finally in the worst situation, but since they had already encountered such a situation, there was no way. They gritted their teeth and rushed out!

Qin Yuan is right, as long as they can kill all the chasers here then they can complete the task!

At this time, Qin Yuan said to the walkie-talkie: "Lu Chen, Xu Hong, do it directly, let them taste the awesomeness!"

"Roger that!"

Lu Chen and Xu Hong, who had already been waiting for this, suddenly pressed the bomb remote control button on their hands!

Boom!

A violent explosion sounded directly in this square, and those unprepared terrorists were instantly blown up by the charged bomb!

Moreover, the bomb has directly detonated the weapon arsenal, causing the ammunition to explode. The sound of explosions continued, and even their tanks were directly broken off their tracks. In just this moment, the combat capability of the entire town was directly cut by 40%!

And seeing this situation, Xu Hong and Lu Chen also widened their eyes. They just heard that Qin Yuan's bomb is more powerful, but is this Nima too big? The tanks are all blown up?

Chapter 449: much better!

At this time, it was not only Lu Chen and Xu Hong who were shocked, but the terrorists were also taken aback, but in the end they rushed towards Qin Yuan and the others crazily. They really did not expect that Qin Yuan would send someone to Their ammunition depot was blown up!

However, these people just lost some heavy weapons. Usually their favorite Akka 47 is still in their hands, so they still have the capital to chase Qin Yuan!

At this time, the white bear who was drinking also heard the sound from outside, and his brows instantly frowned. At this time, he cautiously stood by the window, saw the outside scene, and asked the walkie-talkie:

"What's the situation outside?"

"Team leader, the ammunition depot of those people was blown up, it seems that they were touched in, and the two hostages of that country of Yan were also rescued! Team leader, shall we help?"

Hearing such words, Bai Xiong's eyes widened, and he couldn't stop his fear for a while.

How did this group of people get in? Weihata's subordinates didn't notice it either. Fortunately, these people weren't here to deal with them. Otherwise, wouldn't he be finished now?

Thinking of this, a trace of panic flashed in Bai Xiong's eyes, and he shouted directly:

"Ye Xiao, come and protect me!"

"Wait a minute!"

Hearing Bai Xiong's call at this time, Ye Xiao also rushed over quickly, and then directly reported the news he knew to Bai Xiong, and then said to Bai Xiong:

"Group leader, do we want to help?"

"Do you a fart, save your strength, our goal is that batch of yellow cakes, and now Zhaka is not there, even if we work hard, Zhaka can't see it, let's not do it!"

At this time, Bai Xiong mumbled, and when he heard this, Ye Xiao's brow furrowed, but he also nodded, but at this moment, there was a chuckle from one side:

"White Bear, do you want Ye Xiao to protect you because there is no benefit? As a team leader, you are so courageous, which is really shocking!"

Hearing this voice, Bai Xiong said in an angry tone:

"Sable, am I wrong? What good is this for us? If you want to make a move, then you will chase it by yourself, don't take me, don't forget, I'm here to make a fortune! So, are you not?"

After Bai Xiong finished saying this, he looked directly to one side, and in this place, it was this woman with short blond hair, and this woman was the one who had seen Qin Yuan before!

"Hee hee, I don't think it's cost-effective. The one who can do this step must be a master. If you can't handle it and die in the hands of the other party, then there is no way to make money!"

The woman codenamed Sable turned around and left directly, but before leaving, she turned her head and said to the white bear:

"However, I still maintain my opinion, you really are a person who will make me despise!"

After saying this, Sable shook his waist, let out a laugh like a silver bell, and left directly.

After hearing this, the white bear also snorted, as if he didn't care about Sable's mockery.

...

At this time, on Qin Yuan's side, the battle is still in full swing! Qin Yuan took Yang Rui and others directly into a junkyard at this time:

"Protect Deng Mei and Xiaohua, see if there are any vehicles available, hold this place, and I will kill the person opposite!"

After saying these words at this time, Qin Yuan wanted to rush out, and seeing this, Yang Rui also said loudly:

"I will go out with you!"

"No, you just keep it here!"

After saying this, Qin Yuan rushed out directly, but Xiao Hua just yelled out in time to be careful, and Qin Yuan was completely gone!

"Brother Qin Yuan!"

At this time, Xiao Hua was extremely urgent. She really couldn't think of how Qin Yuan would fight back alone.

But Yang Rui pulled Xiao Hua back, took off his body armor, and said to Xiao Hua:

"Put it on, your brother is amazing, you don't need to worry about it!"

When Xiaohua heard this, she touched her tears and said loudly to Yang Rui:

"No, we have no fighting capacity, you need it more than us!"

When Yang Rui heard this, his heart was lightened, and then he fired a few more shots to directly kill the terrorists who were catching up outside!

But at this moment, they heard a scream of horror from outside, and finally a gunshot mixed with screams, and finally there was no sound outside!

Seeing such a situation, Yang Rui frowned, and quickly detected the side carefully, and took a look outside!

But this look shocked Yang Rui. The terrorists outside in between were all dead!

These people either had a poker in their throat or a bullet in their eyebrows, and what made Yang Rui's scalp numb was that these people didn't even have a second wound on their bodies, all were killed by one blow!

What was even more frightening was that he heard an explosion sounded in the distance, and then the gunshot went in another direction!

"No, is it because Qin Yuan guessed that they led those people away?"

At this time, Yang Rui said with an ugly face, you know, if Qin Yuan really led these people away, their pressure would naturally be much less, but Qin Yuan was completely dangerous!

After all, no matter how powerful Qin Yuan is, he is also a human being. Two fists are hard to beat four hands. As long as there is any mistake, the consequences will be unimaginable!

"Damn! Qin Yuan, you're a \*\*\*\* lunatic!"

At this time, Yang Rui hit the table with a fist, but at this moment, he suddenly heard a voice from behind him:

"No, Yang Rui, I have just walked for a few minutes, so you are talking bad about me behind your back?"

When he heard this, Yang Rui's eyes widened suddenly, and looking back at Qin Yuan, he found that Qin Yuan was not only not injured, but was carrying a large package!

But Yang Rui still said angrily to Qin Yuan:

"You tmd are so embarrassed to say, what happened just now? Are you in a hurry?"

At this moment, Qin Yuan smiled slightly and said directly to everyone:

"I just set up a plan to lead them to the other side. We are now repairing a car, and I also found the other side's arsenal on the road. With these weapons, everyone will definitely be able to escape!"

When they heard what Qin Yuan said, everyone's eyes widened. How long has it just been before Qin Yuan has done so many things?

And the stone on one side opened the package Qin Yuan had brought back, and there was a burst of joy:

"With so many weapons and equipment, we must be better off!"

Chapter 450: What do you see?

And seeing these equipment, Yang Rui was also extremely happy, but looking at the models of these equipment, Yang Rui was a little shocked:

"Let me go, these people are quite rich, why did they buy so many European and American equipment?"

"That is, you think people are poor, no matter whether they are oil or uranium mines, which one can't make a lot of money? What's more, they have overseas funding. They must be rich people!"

At this time, Qin Yuan was a little embarrassed. Of course, he did not take these equipment from the rebel arsenal, but from his own ammunition space, but he did not expect that Yang Rui was so keen and found that these weapons were wrong. .

"Captain, take care of so many things, it's not better to have these weapons!"

At this time, Tong Li said to Yang Rui, and Yang Rui nodded in agreement. Tong Li was right. As long as they don't use these equipment, it's fine.

Soon, several people were thoroughly equipped, and with these weapons, they also had more confidence in being able to break through.

At this time, Xiao Hua saw that there were no enemies around, and she also secretly grabbed Qin Yuan's hand. Her whole body was trembling. Although Xiao Hua was more courageous, she still felt scared at this time. of.

Qin Yuan smiled slightly, touched Xiao Hua's head, and then comforted Xiao Hua:

"It's okay, sister, I will definitely be able to take you back safely."

"brother!"

Xiao Hua finally couldn't help it, and started crying.

But Qin Yuan knew that this was not a place to stay for a long time, and said to Yang Rui on one side:

"Is there any good way to break through now?"

"Yes, I just received the news from the warship saying that they will send a drone to help us. We will have gunfire support at that time. But we must seize the right time. There will be a sandstorm soon. There is no way to use drones."

Yang Rui spoke to Qin Yuan earnestly, and when he heard this, Qin Yuan took a deep breath, thinking carefully about what way to break through safely.

Calm down, calm down.

If Qin Yuan were to escape alone, it would be nothing at all, and if Qin Yuan was to take the Dragon Team to escape, although the difficulty was higher, it was not impossible, but now he still carries two oil bottles. This caused Qin Yuan to scratch his head.

After all, bullets on the battlefield don't have eyes long, and all Qin Yuan must follow these two people closely. Otherwise, if Xiaohua and Deng Mei are seriously injured, their action this time will be even more finished!

And carefully recalling the information he had at the beginning, although Qin Yuan arranged for Xu Hong and Lu Chen to blow up Zakkar's tank and weapon arsenal, it was not all of them. After all, Zakkar's people were not stupid, they wouldn't Put all the weapons in one place.

In terms of vehicles, which waste car yard is, it is estimated that some usable vehicles will be repaired soon.

But what worries Qin Yuan even more is that the people of k2 haven't made a move yet!

When Qin Yuan was at the entrance of the small square just now, he had already seen that Zhaka had already got the yellow cake, so now Qin Yuan and others have become Zhaka's thorns!

In order to force the navy to release people, it is estimated that Zhaka and others will never let them go easily!

"Now everyone has started a brainstorming to see how we can leave?"

Hearing this at this time, everyone also expressed their opinions.

"I think we can break through first, and then Zhuang Yu will drive our vehicle over to meet us."

At this time, Tong Li said, but Yang Rui rejected it directly after hearing this:

"No, we only have one car. Even if we remove all the weapons, it won't fit twelve people! We must find a vehicle that can escape."

"This is easy to handle, wait a while for me to go out and see if I can get a car."

Qin Yuan nodded at this moment, and then Qin Yuan said again:

"This can only be regarded as a backup plan, is there any other good way?"

"Actually, we can encircle Wei and save Zhao. Don't we still have the task of Huangbing? We can let drones attack the personnel of Huangbing. Our importance is definitely not as important as Huangbing. Zhaka will inevitably divide the army by then. A large number of vehicles will be taken away, and there will be a lot less people who will add us, and there will not be a sandstorm in a while, we can take advantage of that opportunity to escape by using the sandstorm."

At this time, Yang Rui nodded and said, and when he heard this, Qin Yuan suddenly thought of something and asked Deng Mei and Xiao Hua:

"By the way, do you know the news about William?"

"William is probably dead, but don't worry, I stole William's necklace out of the mess. Zhaka definitely won't have the technology to make dirty bullets!"

At this time, Xiao Hua said a little inviting credit, and when she heard this, Qin Yuan's eyes suddenly brightened. As a result, Qin Yuan's worry was immediately reduced by half!

In fact, Yang Rui's plan just now is very good, but Qin Yuan has been worried about one thing, that is the trick of k2. When k2 comes here, he must also take aim at the batch of yellow cakes, and the operation of k2, but it is necessary to wait for the operation of k2. People are much more refined. If you get this yellow cake, you don't know what moths will be produced.

And if Zaka and others have dirty bomb technology in their hands, then the cooperation between him and k2 must not be so strong, and the people of k2 will inevitably help Zaka and others in order to strengthen this connection. People, otherwise, Zhaka might not give these yellow cakes to the k2 people.

But if Xhaka doesn't have the technology to make dirty bombs, then the K2 players will have an important bargaining chip in their hands, and they also have the capital to do nothing.

What they have to deal with may only be enough for Xhaka and others.

However, this is only Qin Yuan's conjecture, and there may be many mistakes, which cannot be carried out casually.

"By the way Have you found any other doubts?"

Qin Yuan asked everyone that he needed more information to prove the feasibility of this plan.

And everyone looked at each other, and slowly told Qin Yuan what they had observed.

These messages are very complicated, and Qin Yuan worked hard to find some useful information from them.

But at this moment, Qin Yuan heard a message from Xiao Hua, but he was taken aback and asked Xiao Hua:

"Little flower, what did you say you saw?"

And seeing Qin Yuan seemed interested, Xiao Hua whispered:

"When I was in the hostage camp, it seemed that there was a dungeon, and there were people guarding the dungeon door. I went to take a peek and saw the people inside. It seemed a bit like Ivia's Prime Minister, Basandu!"
